

Divorce 1911

chapter 1911

Digging into the wall In a

blink of an eye, Meng Xue was in front of her.

Wearing a beautiful tight skirt, the whole person is full of delicacy and a bit of innocence.

“Sure enough, it’s you. I heard Jiang Yu say that you were leaving, so I came here. Isn’t it a coincidence!”

Meng Xue smiled excitedly.

Su Nan smiled, “Why are you here?”

“Of course I came to visit my sister.”

Meng Xue flipped her hair, “The two most important things in life, making money and loving my sister, I have to do it. !”

Su Nan slightly restrained his smile and glanced at Ning Zhi.

Ning Zhi’s expression was also a little stiff.

Meng Xue, who was kept in the dark, still cared for this half-sister?

I’m afraid I don’t know, my corners will be dug away, right?

Ningzhi coughed:

“Li Suizhou is here too? Is he so busy?”

Meng Xue snorted and sat across from them, picked up another fork and tasted some dessert unceremoniously:

“Where did he go with him? Is it related to me? It’s impossible to report whereabouts to me, anyway, just send me money in time every month!”

Su Nan breathed a sigh of relief, if it was such a relationship, the truth would hurt Meng Xue much less.

Ning Zhi obviously thought so too.

But in the next second, Meng Xue suddenly laughed and looked at them with squinting eyes:

“But my husband is still very kind to me, I didn’t tell him about my birthday yesterday, he didn’t know who he was asking, and he deliberately asked people to Prepared a gift for me, called me to apologize, my words were sincere, and I was not angry at all.”

Ning Zhi’s face changed slightly, and he stopped talking about what he wanted to say.

Last night, she seemed to see Li Suizhou and Meng Shuang together.

Meng Xue was immersed in self-righteous happiness.

It makes people feel pitiful, but can't bear to break it.

Su Nan paused, "Do you... like him?"

Meng Xue was stunned, blinked, and immediately concealed the blush and panic on her face.

"I like his money, because he likes what I like. When he came to talk about marriage with my father, he came to my door many times just to marry me, saying that he had a crush on me for a long time, and my father agreed... .."

The love on her face and the arrogance in her tone are her confidence in this marriage.

Don't tell her about some things.

Otherwise, how will she face it?

Su Nan lowered his eyes and smiled lightly: "That's it." Meng Xue leaned forward and said, "I told you when I played mahjong last time that there was a little fox beside Shang Qian, did

you catch it?"

thing, she hasn't forgotten?

The little sympathy I had for her just now disappeared.

Ning Zhi also held back a smile and did not speak.

Su Nan twitched the corners of his mouth: "Thank you for your concern, let's take care of your husband!"

Meng Xue shook her head innocently:

"What should my husband care about? He has all his heart on me, love I love it to the death, I just hope he likes me less, or it will suffocate me."

Su Nan: "... " For some

reason, she turned around and left.

She is the one who should suffocate!

Ning Zhi changed the topic in a timely manner, and calmly mentioned another matter related to her:

"How do you know that Meng Shuang is filming here? I heard that Li Suizhou also has investments..."

Meng Xue was stunned For a moment, his eyes narrowed.

She knew that Meng Xue was filming here because she was watching the stills posted by her circle of friends.

But she didn't know that Li Suizhou also invested in the play.

chapter 1912

Hello sister

paused.

Meng Xuecai smiled naturally:

“How many dramas he has cast in, it may not be worth mentioning!”

Su Nan gritted his teeth: “I heard that the first female lead was temporarily replaced by Meng Shuang, did Li Suizhou do it? “

She was about to remind Meng Xue clearly.

If she doesn't understand again, she's really in the water.

Meng Xue frowned slightly, then stretched out:

“Isn't this very common? Maybe my husband gave my sister a chance because of my face.”

Su Nan choked.

Suddenly do not know what to say.

Ning Zhi glanced at her and shook his head.

Can't go on.

Su Nan sighed helplessly.

The next time was when she and Ning Zhi talked about Jiang Yu, and Meng Xuebai listened boredly.

Unconsciously, listening to the noise over there gradually diminished.

The black fans have had enough trouble and left.

After a while, another wave of people came.

“Meng Shuang is here... Quickly stand up, ready to shoot!”

Hearing the field manager shout, Su Nan and the others all looked over.

Sure enough, a luxurious nanny car arrived here slowly.

Meng Xue stood up excitedly, “My sister is here, and the big star Meng Shuang is here, come with me, you can get a free autographed photo, you don't have to line up, let's go...”

Su Nan and Ning I know that I don't want to go there.

But Meng Xue didn't want to let the two of them go, so she dragged Su Nan and the others away, and took away the dessert they hadn't touched just now.

“Try it to my sister, she likes to eat this since she was a child!”

Meng Xue couldn't even pretend to protect Duzi's heart.

Su Nan and Ning Zhi were dragged to the front.

Just then, Meng Shuang's nanny car stopped, and someone opened the door at the back.

Meng Shuang came out of the car wearing a foggy purple costume, and her behavior was amazing, with her seductive facial features really nothing to say.

It was too easy to intrigue, and all the people present calmed down excitedly, waiting for Meng Shuang to arrive.

Meng Xue was even more excited and kept moving forward.

But after Meng Shuang got out of the car, there was another person in the car.

The man is tall and straight, handsome and romantic, full of noble aura, and extraordinary demeanor.

Only the moment the man got out of the car, Meng Xue, who had just walked in front of him, also stopped instantly.

Looking at him in disbelief, Li Suizhou.

How could he be here?

Su Nan and Ning Zhi froze when they saw Meng Shuang and Li Suizhou.

When the two looked at each other, they felt that something was wrong.

How can it be so coincidental?

They just talked about it!

The person who saw Meng Xue first was Meng Shuang.

At first, she proudly carried her skirt and waited for the assistant to open the umbrella.

But when he raised his eyes, he saw Meng Xue standing there with a pale face, and was instantly stunned.

She took two steps forward: "Sister, you... why are you here?"

Meng Xue instantly recovered and took two steps back.

When the people around him saw this, no one spoke.

Li Suizhou naturally saw Meng Xue.

His face changed, he quickly recovered his expression, and walked over with his feet raised.

He smiled nonchalantly:

"How did you get here? I'm here to discuss something with the director, how can I still meet you?"

He walked over to grab her hand, but Meng Xue threw it away and glared fiercely at him.

Li Suizhou's eyes narrowed, he approached her, and explained in a low voice:

"I'll explain to you later that Meng Shuang and I just met on the road, and we really came to talk about things."

chapter 1913

Don't misunderstand what

Li Suizhou said, he raised his hand and wanted to brush the hair by Meng Xue's ear.

That kind of intimacy was Meng Xue's favorite.

But this time, Meng Xue did not accept it.

She turned her head and avoided his hand.

Li Suizhou's face froze, and his eyes swept behind her inadvertently.

Su Nan and Ning Zhi looked at him with a half-smile.

There was no warmth in the eyes of the two, as if they could see through his hypocrisy at a glance.

Li Suizhou lowered his eyes and smiled:

"It turns out that Miss Su is also there. No wonder my wife is in such a mood. Thank you Miss Su for spending time with her."

Su Nan thought for a while before replying:

"Meng Meng Miss came to visit her sister, and we happened to meet."

Meng Shuang quickly recovered and walked over with a smile:

"I know that my sister loves me the most, are you here to surprise me?"

She smiled and said. Before, I said hello to the director:

"Director, please delay for ten minutes, my sister is coming to visit the class..."

"Okay, no problem!"

Everyone went about their own business as if nothing had happened.

Only the few remaining people are still standing here.

Since everyone met, Meng Shuang and Li Suizhou never made any eye contact.

That kind of deliberately avoiding suspicion makes people feel surprised.

But those in the know are not surprised.

Meng Xue stood there, her face stiff and ugly, her eyes were dark and deep, with a faint glow of water, but she held back.

When I saw Meng Shuang and Li Suizhou get off the car together.

She may have realized something, or she may not want to admit it.

The mind was stunned for a moment.

Meng Xue ignored Meng Shuang, raised her eyes to look at Li Suizhou, her voice trembling a bit:

“Didn’t you say you were going on a business trip abroad?”

One sentence made the people around him froze for a moment.

Su Nan and Ning Zhi gasped in a breathless breath.

The person who was supposed to be abroad turned up in his sister’s car.

No matter what reason he pulls out, it feels like he’s lying!

Li Suizhou’s face stiffened, not very good-looking.

He subconsciously wanted to perfunctory afterward, but he heard Meng Xue snort softly,

“I will definitely investigate your whereabouts later, do you dare to lie?”

Meng Xue’s face lost the relaxed smile. With a light warning.

His expression was more serious than before.

She was indeed beginning to doubt.

Not only from today’s scene, but also from what I just told Su Nanning.

Li Suizhou invested in the play, and the heroine was replaced by Meng Shuang.

Did you invest specifically for Meng Shuang?

Or just coincidence?

At first she thought that Li Suizhou might be looking at her own face.

But now, she doesn’t think so, and even feels that she was a little self-indulgent before.

Once the seeds of doubt are planted, it is difficult to explain the doubts in the heart.

The clarity in her heart gradually disappeared, and more and more doubts were planted. Looking at her sister and husband in front of her, she couldn’t calm down.

Meng Xue looked at Meng Shuang and slammed the dessert in her hand to the ground.

Meng Shuang was stunned for a moment, looking at the things on the ground, as if she understood something.

Her face seemed to be filled with guilt and pain. After struggling for a few seconds, she opened her mouth and said,

“Sister...” Meng Xue’s

eyes were red, “You said...”

Although she was not born by a mother, Meng Xue expressed her love for this sister. , I have loved it since I was a child.

She is beautiful and soft, and when others bully her, Meng Xue will beat her back with a brick!

She has protected her older sister since she was a child, so she betrayed her like this?

The kind of pain that rose from the bottom of her heart almost drowned her sanity.

chapter 1914

Don't bully people too much.

She wants to listen to Meng Shuang and explain it all!

Meng Shuang opened her mouth, her face became uneasy, she bit her lower lip, not knowing what to say.

Li Suizhou, who was on the side, took a step forward and dragged Meng Xue away:

"I'll explain to you, get in the car and say..."

Meng Xue staggered two steps and was dragged almost to the point of falling.

She suddenly became furious, and shook his hand away, her voice hard:

"Let go, what are you afraid of, afraid of being heard and affecting your career and face?"

Meng Xue turned back suddenly, looking at Ning Zhiliao and Su Nan for two seconds, with red eyes:

"Did you know this long ago? Have you been hinting at me just now?"

Ning Zhi pursed her lips and didn't say anything.

Su Nan hesitated for half a second, and said bluntly:

"I'm not afraid that you will be sad, but if you are kept in the dark like a fool, I think you will be even more sad."

She took a deep breath and glanced at it. Meng Xue:

"You better ask yourself, sometimes what you see is the truth, maybe it's not a misunderstanding?"

"Su Nan..."

Li Suizhou gritted his teeth, a bit of panic crossed his face.

Su Nan paid no attention, let alone any fear.

She shrugged, "I don't want to meddle in my own business, but one of you is her husband who she thinks loves her the most, and the other is her favorite sister, don't be too bullying..."

After that, She ignored the expressions on the faces of the two people, glanced at Ning Zhi, and the two left in tandem.

As soon as Su Nan said it, Li Suizhou and Meng Shuang changed their faces completely.

The board is nailed, and there is nothing to hide.

Meng Xue closed her eyes. She almost received a major blow. She glanced at Meng Shuang and then at Li Suizhou.

As if knowing them both for the first time, he turned around and wanted to leave.

But suddenly thought of something, she turned back again.

Meng Shuang wanted to follow, but was blocked by Li Suizhou.

“Don’t worry about it, I’ll explain to her.”

Meng Shuang squatted on the ground and picked up the smashed dessert, her eyes turning red.

Seeing this scene, the surrounding staff did not dare to come forward to comfort them.

Meng Shuang’s gaffe may have been expected long ago.

The relationship between her and Li Suizhou is known to almost everyone close to her, but they can’t tell.

Taking off the pride from her shoulders, she squatted there like a beautiful and gorgeous puppet, her eyes wet.

This sister, who she hated and liked, may have never been wary of herself.

She still remembered how painful it was when she lost weight, came over to persuade her to eat, and made nutritious meals for her in person.

The person in this world who treats her best is Meng Xue.

It’s the one who has always been jealous to death.

Su Nan and Ning Zhi were talking, but Meng Xue suddenly came back.

Her eyes were red, but she tried her best not to lose control.

“I don’t believe them anymore, you tell me, tell me everything you know!”

She almost suppressed her inner collapse and hysterical gaffe.

Ning Zhi hesitated and looked at Su Nan:

“I just bumped into them a few times in and out of the hotel together. Yesterday, Li Suizhou went to the hotel where Meng Shuang was located... Also, the business manager also saw Li Suizhou bring Meng Shuang in and out during social events. “

Meng Xue’s face gradually faded from the blood.

She was almost suffocated.

It hurts to even breathe.

Li Suizhou rushed over, frowned, looked at Ning Zhiliao and Su Nan, but hesitated.

"I said, I'll tell you, this matter has nothing to do with Meng Shuang. I have been pestering her before, and she has always refused."

chapter 1915

promised

Meng Xue to stand there in a daze, her body stiff and she did not look back.

Su Nan looked at it from her own point of view, and felt that Meng Xue's expression was stunned and did not fluctuate.

Seeing that she didn't respond, Li Suizhou was a little unsure.

He looked at Su Nan and Ning Zhi:

"Can you two avoid it?"

Before Su Nan and Ning Zhi spoke, Meng Xue moved, her lips pale:

"There is nothing to avoid, Are you afraid that what they said won't match what you made up?"

Li Suizhou opened his mouth, a little surprised.

Meng Xue's reaction was somewhat unexpected.

He had thought before that if she found out, he would probably cry and make trouble out of control.

At that time, it would not be difficult to give her some pocket money to settle it.

But now...

he can't keep his mouth open.

Ning Zhiliao and Su Nan went to the next room. Although they were in front of them, the soundproofing was poor, and their conversation could be heard clearly.

"I knew Meng Shuang when she first debuted, and I held her up.

She hid her identity at the time, and she was an 18th-tier actress, and it was not easy to get along in this circle.

I didn't know you at that time either . , I'm just... just playing with her."

Li Suizhou's voice was hoarse, and when he spoke, it seemed a bit difficult.

He didn't want to mention too much of the past.

But Meng Xue chuckled:

"Oh, I heard about your romantic anecdote, you like to take care of little stars before marriage, so it's Meng Shuang?"

Once this relationship is broken, the beginning will be somewhat unbearable.

But no matter how bloody things are, they are all facts.

Just saying it, it's a bit ugly.

Li Suizhou's face was also not good-looking, and he just frowned at her words without any excuse.

After all, that was the case at the time.

Take what you need.

Meng Xue's tone was half-sarcastic:

"What happened later? When did you know she was from the Meng family? Now that you know, why didn't you marry her instead of marrying me?"

Are you trying to trick me?"

She gritted her teeth, a little out of control, squeezed his fist tightly.

Li Suizhou: "I just know that I want to marry the Meng family, I don't know who the other party is, and I don't care.

My dad showed me your photo, and I agreed.

When I knew her identity, it was in our At the wedding.

But before the wedding, I broke up with her."

Meng Xue was stunned for a while before slowly opening her mouth:

"So since the wedding, you guys have been hooking up with me again? You drink on the wedding day. It's because of her?"

Li Suizhou pursed his lips, knowing that he felt guilty, but now that he feels sorry for Meng Xue.

But the fact has already happened.

"I was just not reconciled at first, not reconciled that she deceived me, and even more reconciled..."

He hesitated for a while, then Meng Xue said, "I am

not reconciled, they are all from the Meng family, but you can marry them. It's the one you don't love, and you regret it to death, right?"

Being caught up in Meng Xue's words, Li Suizhou closed his eyes and was silent for a moment before speaking in a hoarse voice:

"I'm sorry... I was really confused for a while, but Meng Shuang didn't pay attention during that time. Me.

I hate her for lying to me, but you are so important to her, and I know you will hurt the most..."

Meng Xue's voice was full of tears:

"You know, she knows, but you still Hurt me!

If you told me from the beginning, I would never marry you, and even if I did, I would divorce you.
What is it now?"

chapter 1916

I Don't Believe You Anymore

"If I hadn't seen you guys, would you still plan to hide it from me forever and go on like this?

Every time you say it's a business trip, you always come to her, right?

Every time you work overtime at night, you go to accompany her, right?"

Meng Xue finally expressed her suspicions.

She couldn't bear it.

Maybe she believed every word of Li Suizhou before.

But now, even every time he wandered off with her, she had the opportunity to guess whether he was regretting that he was not Meng Shuang?

Li Suizhou's face was stiff and pale.

He was also very emotional: "No, never, I'm not so dirty!"

He gritted his teeth, frowned at her, and stepped forward, wanting to touch her shoulder and comfort her.

But she took a step back and ducked.

His eyes hurt, he clenched his fists, and said patiently:

"I only pestered her during the marriage, but after I explained it to her, I never met her again.

I met her during this time, just It's just a coincidence.

She had offended people before, and someone wanted to block her.

That's why I took her to social occasions just to stand up for her.

We haven't met each other in the hotel these days. I'm here. It is indeed a temporary entertainment.

I didn't tell you that I came back from a business trip because I was afraid that you would misunderstand..."

At the end.

Li Suizhou's voice was hoarse.

"I'm here today to talk to the director, not what you think..."

He stared at her, his heart tangled and complicated for a while.

The unconditional trust in Meng Xue felt easy at first.

But later, when he broke up with Meng Shuang and devoted more of his mind to his marriage, only then did he realize his despicableness little by little.

Meng Shuang stepped into the circle early, and her face and heart were full of stories. Behind the lingering words, at first contact, it was really attractive.

But Meng Xue was completely different. She was innocent and kind, thinking that everyone was good, and there was no filth in her world.

With him, he felt unworthy of him.

However, Meng Xue's indifference at the beginning did not disappoint him.

She is always so positive, with her, Li Suizhou has experienced the ease and happiness that he has never had in his life, laughing and wanton...

But.

He just lied this time and was bumped into by her.

And it's inescapable.

Those relationships that were like maggots in her eyes in the past are like the eyes she looks at herself now.

Disgusting, disgusting, and indescribable indifference.

It made him extra heavy.

Meng Xuehong stared at him silently for a while before reaching out to wipe her eyes.

Tears did not fall.

But the expression of self-restraint is enough to make people feel distressed.

She took a deep breath and pointed behind him, her hands trembling slightly:

"Get out, get out, I don't believe you anymore."

Li Suizhou froze and took a step forward, but her avoidance was too obvious.

He stood there motionless, hesitating to speak:

"I know you can't accept all this at once, but I will try my best to compensate you."

Meng Xue chuckled lightly:

"I can't bear it, I will let the Meng family's lawyer draft a divorce agreement, and the two will discuss this matter. Let's talk about it publicly or privately."

"Are you going to divorce?"

Li Suizhou's tone was a bit shocked, his eyebrows were tightly locked.

A tightness in the chest, indescribable emotion.

He squeezed his fist: "This matter is really just a misunderstanding. I will handle it well, so it won't lead to divorce, right?"

chapter 1917

I Don't Want to Divorce

Meng Xue's expression couldn't tell whether she was crying or laughing.

It's ugly anyway.

She stared at him with a cold tone:

"I thought you would be happy, Li Suizhou, she is the daughter of the Meng family anyway, who is not to marry?"

If you change to one you like, you won't have to be sneaky in the future, it's not just right for you. What do you mean?"

After Meng Xue finished speaking, Li Suizhou's face froze fiercely.

As if being slapped in public.

After she finished speaking, she raised her feet and walked away, looking back at the compartment.

I remembered that there were two other people watching the fun.

She raised her voice deliberately:

"I know you all heard it, you don't have to hide it for me. People who do it are not afraid of shame. What am I afraid of?"

After she finished speaking, she went straight across Li Suizhou and went out.

Li Suizhou wanted to grab her hand, but it was empty.

He suddenly lost his mind.

divorce.

He didn't even think about it.

"I'm not getting a divorce..."

he muttered, "I've let go of her, I want to start living a good life with you..."

With his words, Meng Xue, who hadn't gone far Can hear clearly.

But her footsteps didn't stop for a second.

There was a dull pain in the chest.

The feeling of being clenched tightly to the heart, as if even breathing is throbbing.

Suddenly.

Only then did he realize that he seemed to have lost something important.

Hearing that there was no movement, Su Nan and Ning Zhi came out from inside.

People have all left.

Ning Zhiliu snorted lightly:

“Dogs can’t change from eating shit, Meng Xue is very tough! Very relieved!”

Su Nan raised his eyebrows and sighed:

“Yeah, it’s really unexpected, and he kept saying that they were together for money, In the end, she had to get divorced because of this matter.

Whether it was because of money or because she liked it, I’m afraid she knows best!”

“You mean she likes Li Suizhou?”

Ning Zhi was puzzled.

Su Nan pursed her lips: “Every time she talks about Li Suizhou, she puts it lightly, but her eyes light up, didn’t you notice?”

Ning Zhi was silent for a moment.

“Then this Meng Xue is going to die of sadness now? It’s okay if it’s someone else, but she’s still my dearest sister!”

Su Nan twitched the corners of her mouth and didn’t speak.

At this moment, the door was pushed open.

Meng Shuang was helped to the front in an embarrassed manner, only to find that her knees were scratched, and the blood was mixed with the soil, and she looked really embarrassed.

There was also a lot of dust on the clothes.

I saw that Su Nan and Ning Zhi were here.

Meng Shuang’s assistant was stunned for a moment, and quickly apologized:

“I’m sorry, Miss Su, Director Ning, Meng Shuang accidentally fell over just now, so she can only take a short rest, wait for the medicine to continue filming...”

continue filming?

Looking at Meng Shuang’s state, it is obvious that she is not online, so can she continue to shoot?

She was helped like a puppet to a chair next to her and sat down, and then the assistant turned to look for the medicine box.

This room was originally a lounge, but it was reserved for a few people.

The other young actors have a special group lounge, so it is reasonable for Meng Shuang to rest here.

Ning Zhi pursed her lips, but didn't open her mouth to care. I'm afraid even acting is superfluous at this time.

She turned her head to look at Su Nan:

"Shall we go out?"

Su Nan nodded, she was not familiar with this Meng Shuang, and she was more social with Meng Xue.

Therefore, he subconsciously stood in Meng Xue's position.

In any case, Meng Shuang did hurt the person who loved her the most.

Just before the two of them left, Meng Shuang moved her eyelids and said in a hoarse voice,

"I was chasing after my sister who fell and was injured. When she was driving, she didn't even look at me. She has never been so indifferent. Will she not forgive me?"

chapter 1918

There are only four people in the room without conscience.

The assistant was looking for the medicine cabinet, and it was definitely not for her.

That leaves Ning Zhi and Su Nan.

Su Nan blinked and looked back at her.

really.

Meng Shuang raised her eyes, and her eyes were on them. To be precise, it was Su Nan.

She moved her lips and said with difficulty:

"Meng Xue said that you are good friends. I am really envious. No matter what I become, it is impossible for me to be like her and be friends with everyone without any scruples."

The assistant on the side noticed . When she was in a low mood, she hurriedly came over with a medicine box.

"Meng Shuang, don't talk about it, go back and explain..."

Meng Shuang blocked her, "You go out first, I'll talk to them." The assistant hesitated and left.

Su Nan stood there, "What do you want to say? Why don't you explain it to your sister when you have time?"

Meng Shuang lowered her head and chuckled lightly.

"I will go, but I know that you have seen pictures of me and Li Suizhou going in and out together before. I want to make it clear that it is purely coincidental."

Ning Zhi turned his head and didn't believe it at all.

Su Nan: "So many coincidences don't apply to others, it's a coincidence that you met them all."

Meng Shuang gritted her teeth and said,

"Since they got married, I've let go of this relationship. , I hated it too, and I felt unwilling. I

hated why I was Meng Shuang instead of Meng Xue?

I hated my father for always being partial.

Do you think I know nothing about their marriage?

During that time, my career was at a low point, and Li Suizhou was playing with my feelings again, and I was always frightened.

You think I have no conscience, but the entire Meng family, except Meng Xue, who has a conscience? "

Ningzhi frowned and looked at her:

"What's the use of telling us this?" If you feel wronged, you can explain it to Meng Xue. We believe what we have seen, and we will not change our position just because of your few words.

Ningzhi obviously didn't want to stand here and listen to Meng Shuang's waste of words. She thought Meng Shuang was frank and friendly at first, but it was because she didn't climb up hard in this circle.

But now, it seems that it is not much honorable . Standing on top of his sister's happiness and climbing up, wouldn't it be despicable?

Su Nan glanced at her silently, then followed Ning Zhi and left.

Meng Shuang watched them leave with red eyes.

After a while, the assistant came in

Seeing her dejected appearance seems a little unbearable. "

Everyone outside is waiting. If it is really bad, I will tell the director that you are not in good health and the filming has been temporarily canceled?" Meng Shuang shook her head ,

wiped her eyes, and stood up. She seemed to be

able to regain her energy in an instant.

"It's okay, nothing can delay the shooting. For me, I have no other way out except this bowl of rice." . "

"Meng Shuang, don't worry, didn't Li Suizhou say that he would explain it?"

Besides, you didn't feel sorry for your sister. It was you and Li Suizhou who were together now. After they got married, you have not been in touch.

It was Li Suizhou who looked for you again and again before..."

“Shut up...”

Meng Shuang interrupted her and took a deep breath:

“What’s wrong with my sister? She has to pay for our affairs?”

Whether she forgives me or not, I have to apologize in person. , I originally wanted Miss Ning and Miss Su to help persuade her, but now they don’t want to get involved in this matter.

Well, it was not honorable at first, my sister has always been arrogant, and she definitely doesn’t want to make a big fuss.”

chapter 1919

This idiot

Meng Shuang said, stood up and straightened his hair:

“Today’s filming will end before five o’clock, tell the director, I don’t care about other people’s hindrance, I will leave after filming.”

Assistant Nodding, Meng Shuang has always had this temper.

When she has a good temper, she may be willing to wait for other actors to shoot again and again.

But when he has a bad temper, he will impatiently finish filming and leave.

This time, just in time for her unhappy time.

Ning Zhiliao and Su Nan left, and Ningzhi’s face was obviously bad.

“Meng Xue, this idiot, I knew that such a day would come sooner or later!”

Su Nan glanced at her:

“Forget it, do you want to go see her?”

Ning Zhi was hesitant: “Will she feel embarrassed? Is it better to be alone?”

“Or...let’s call and ask?”

Su Nan took out her mobile phone and dialed Meng Xue’s number.

“If she hangs up, we won’t go...”

The phone was picked up without two rings.

“Uuuuu...are you coming over? I’m at home, come right now!”

Meng Xue hung up the phone.

Su Nan and Ning Zhi heard it clearly.

Ning Zhi frowned, “Why doesn’t this person play cards according to common sense?”

Su Nan sighed: "I knew that Shang Qian would recommend her a good investment project, maybe now money can bring her happiness! "The

two said, and went straight to the car.

Su Nan sent a message to Shang Qian, and said it briefly, so that he didn't need to pick it up.

Shang Qian responded quickly, and asked her to send a message to the location.

The sky passed quickly.

When the two arrived, the sky was overcast.

It seems to be a sign of rain.

As soon as you enter.

Hearing the smashing of the cup and Meng Xue's hysterical cries:

"It's all your fault, why do you have to let me marry him?

You know about them for a long time? What

am I?"

Su Nan and He Ning Zhi was taken aback.

The two looked at each other and hesitated whether to go in or not.

The servant has already come over to greet him:

"Miss Su, Miss Ning, please..."

Su Nan smiled, and it was too late to leave now.

It was just embarrassing for them to stay when they ran into the rest of the Meng family.

The servant used to say thoughtfully, "Miss is unhappy, Mr. and Mrs. come over to coax her, the two of you will wait a moment."

Ning Zhi raised her eyebrows, and when the servant was far away, she leaned over and said in a low voice:

"I've heard for a long time that Meng Qijun's favorite daughter is on par with your father."

Su Nan raised an eyebrow, "How normal!" Before the

two said a few words, a voice came from upstairs.

"You leave here, my friends are here, I don't want to see you!"

Meng Xue ran down with a crying voice, her voice getting closer.

She ran halfway, saw Su Nan and Ning Zhi shocked, and stopped crying immediately.

Come down calmly.

Behind him, Meng Qijun came down with a tall, pretty and stern woman. That woman was Mrs. Meng, Liu Min.

Many people know that before Liu Min became Mrs. Meng, the Liu family was also wealthy.

Without the Liu family, Meng Qijun would not be where he is today.

Meng Qijun frowned and looked at Meng Xue worriedly:

“Don’t cry, Xue Er...”

Liu Min followed behind, a haze shrouded his eyes, it was obvious that Meng Xue’s affairs had surpassed them. expected.

Su Nan and Ning Zhi stood up and said hello.

Meng Qijun was stunned for a moment, then quickly recovered:

“Miss Su and Ning are here to make you laugh...”

chapter 1920

Sit back and enjoy

it. Although the mall calls Mr. Su, but Su Nan is here at this time, obviously not to talk about business.

Meng Qijun smiled helplessly and glanced at Liu Min.

Liu Min nodded and extended his hand politely:

“Please sit down, since they are all friends of Xue Er, you are welcome.”

Su Nan and Ning Zhi sat down.

Meng Xue was sitting around, her eyes were red as hell, she cried a lot when she saw it.

She was embarrassed not to look at her parents:

“You hurry up, I don’t want to see you!”

“Don’t be ridiculous...”

Liu Min spoke in a low voice, seeing her daughter being wronged, she couldn’t bear it:

“Although we already knew about their affairs, Li Suizhou didn’t take it seriously. He chose to marry the daughter of the Meng family, which meant giving up Meng Shuang!

He knew this in his heart. He dared to bully you, we wouldn’t do that. Easily let him go.”

Meng Qijun nodded, “Yes, Dad will definitely call the shots for you!”

Meng Xue looked sideways: “Meng Xue is also the daughter of the Meng family, why don’t you just marry her?”

Liu Min Squinting, although there are some things that are difficult to say in front of outsiders, but now they can't care about it.

"You are so naive!"

She sneered, glancing gloomily at Meng Qijun beside her.

Meng Qijun held his head down and said nothing.

Guilty.

Liu Min said in a cold voice,

"I tell you, is she your own sister?"

In the future, everything in the Meng family will be given to you alone. She has nothing to do with her. Marriage is such a major event that concerns the interests of the two families. Is it shameful to marry an illegitimate daughter whose origins are unknown and who used to be her mistress? ?

Not everyone is eligible to come to our house and enjoy it. After Liu Min finished speaking, the living room fell into silence.

Meng Qijun sighed and looked at Meng Xue:

"It's your father's fault, Xue'er, your mother's words make sense and let you marry Li Suizhou for your own good.

It's not that our family needs the Li family, but the Li family is the most suitable. You don't need to look at his face, and he doesn't dare to bully you..."

Liu Min interrupted him: "It's still the one with no conscience. What's the use of you being so good to her since you were a child? Was she soft-hearted when she hurt you?"

Meng Xue's eyes turned red. "

Is it my fault?" We are obviously married, I shouldn't care if there is another woman outside my husband, but you can't lie to me like that, that woman is my sister!

No matter how much you hate her, I treat her as my sister!

If she liked Li Suizhou, I wouldn't have married at all, you are too much! Meng Xue 's voice was full of tears.

Liu Min wanted to say something, but Meng Qijun held him back:

"Okay, it has already happened, Xue Er, don't worry, we will definitely not let you be wronged. "

Speaking, he looked at Su Nan and Ningzhi, and smiled:

"Please persuade her well, don't get too angry, everything is up to us. Su Nan and Ning Zhi smiled , nodded slightly, and watched Meng Qijun pull his wife away.

Meng Xue sat there, covering her face, struggling for a long time before looking at them in despair:

“Isn’t it funny?”

He was silent.

Su Nan sighed and said, “Your parents are right, everything is up to them. If you can’t face it, you can hide.”

Meng Xue closed her eyes and sneered,

“Will they divorce me? No, they will only go to trouble Meng Shuang.”
