

Divorce 1921

chapter 1921

Mentioned that name for her sake, Meng Xue took a deep breath and turned her face away:

“What you heard just now, Meng Shuang’s life experience, don’t tell me.”

Ning knew: “All At this time, are you still thinking about her? She

is the initiator of the whole thing, if it were another woman, would you still be so angry?”

She expressed her confusion.

Meng Xue was slightly taken aback.

She glanced at Ning Zhi, opened her mouth, and wanted to say something, but she still didn’t say it.

“I know she doesn’t like the Meng family, and her parents are not good to her, so I tried my best to be nice to her.

But after all this trouble, I really don’t know. Have you been pretending for so many years?”

Su Nan: “What do you think? Even if your parents treat her badly, you shouldn’t be implicated. After all, it has nothing to do with you.”

Ning Zhi nodded.

Meng Xue twitched the corners of her mouth and took a sip of water from the cup:

“Forget it, I can’t find any other way apart from getting a divorce, so I will continue to live?

I think about it and I can’t bear it anymore.”

She knew it herself, Su Nan still gave her a high look.

It just so happened that the phone rang, it was Shang Qian.

She picked it up: “Hello?”

“Not finished yet? I’m at the door...” When

Shang Qian’s voice came over, Su Nan stood up, “Okay, I’ll be leaving in a while.”

Meng Xue looked at her dissatisfied:

“Don’t go, you want to accompany me to drink all night.”

Su Nan was shocked, and she trembled:

“Miss Meng, I have to go back to see the baby. It’s not my age to do this kind of thing all night. After you think about it, there is nothing to worry about. I support you!”

Ning Zhi also stood up. , “That’s right, I support you too!”

“You guys are too mean!”

Meng Xue pouted.

Ning Zhi smiled and went over to hug her:

“I wish you good luck.”

Su Nan and Ning Zhi left.

Shang Qian’s car was parked downstairs.

Seeing Su Nan coming out, Shang Qian got out of the car, and with a dozen meters away, he smiled and opened his arms...

Su Nan jumped up and hugged.

The gloomy mood at first because of others was swept away.

Ning Zhi acted as if he didn’t see it, and went straight to the car and waited.

Shang Qian smiled and dropped a kiss on top of her head.

Just as he was about to say something, he looked at Meng Xue who was delivered out of the door, rolled his eyes and turned away.

He clicked his tongue, “That friend of yours seems to have an opinion on me?”

Why did he roll his eyes and leave?

Su Nan thought of something and smiled:

“She has just experienced a big change, and she has opinions on all those who spread dog food.”

Shang Qian raised his eyebrows and walked back with his arms around her:

“Let’s go!”

Su Nan got into the car, and when Shang Qian was about to drive, he suddenly heard Ning Zhijiao shouting from behind:

“Isn’t that Li Suizhou?”

Su Nan looked out, and it really was Li Suizhou driving past.

Shang Qian raised his eyebrows, “What’s wrong with Mr. Li?”

He still doesn’t know what happened.

Su Nan quickly recounted everything that happened today from beginning to end.

Say it.

He didn’t react, just stared straight ahead.

“Oh.”

Su Nan: “Aren’t you surprised? It’s bloody!”

Shang Qian kept his forearm on the glass of the car, one hand on the steering wheel, his whole body was smooth and wanton, and glanced at Su Nan , with a smile on his face.

“Yeah, it’s really bloody.” In the

words, always take a little bit of coping?

Su Nan sucked in a breath of cold air and turned her head away:

“I know that sharing gossip with you will never have a sense of accomplishment!”

This is the difference between a best friend and a husband.

chapter 1922

I came to admit my mistake

Shang Qian hesitated for a while.

Slowly, “Isn’t this expected?”

Su Nan and Ningzhi’s eyes widened:

“You already expected it?”

Screenwriters dare not write like this, right?

Shang Qian turned the corner unhurriedly, slowed down, and said calmly:

“From the first time Li Suizhou took Meng Shuang to a public event, there would be a day when Meng Xue would see him. Why didn’t you expect it?”

Meng Xue I didn’t understand, because she was too easily deceived. Would

n’t a normal person have a sense of proportion when getting along with a little sister-in-law who is not familiar with him?”

After Shang Qian finished speaking, the car fell into silence.

The light fragrance of jasmine permeated the car, which was the fragrance that Su Nan chose for Shang Qian.

Smells comfortable and tranquil.

Su Nan and Ning Zhi glanced at each other.

So, are they making a fuss?

Meng family.

Someone hurriedly knocked on the door.

Meng Xue thought it was Su Nan and the others who went back and forth.

The servant was not there, so she could only go downstairs to open the door by herself.

As soon as the door opened, Li Suizhou was seen standing outside.

Meng Xue's expression changed immediately.

"What are you doing here?"

Li Suizhou paused and his tone slowed down:

"I'm here to admit my mistake."

Meng Qijun and Liu Min made numerous questioning calls.

He can ignore it, and he doesn't need to be responsible to anyone.

Once the marriage is dissolved, the Li family will not suffer, but the Meng family will suffer the most.

If he doesn't come, there are only two outcomes.

Either dissolve the marriage, or Meng Xue bows her head and admits her mistake.

The first is that he can't stand it.

Although the marriage at the beginning was not what he wanted, but after spending so much time together, Meng Xue was completely different from the famous ladies he knew.

She is not the kind of eldest lady in the circle who grew up as a template for rich and wealthy wives.

She is innocent and always feels that there are no bad people in this world.

I also like to write that little thought on my face, for fear that others will not know.

However, he is willing to make positive efforts for money, although it is always unreasonable, but that kind of ineffective efforts makes people laugh and cry.

Unlike Meng Shuang, she is someone who is truly doted on.

But you can never take your anger out on her.

Second, make Meng Xue bow her head and admit her mistake?

He thought it was impossible.

She dared to ask for divorce when she opened her mouth, just because she would not endure these dirty things.

The eldest lady who has been arrogant should always be on the top!

If one day she really bows her head and admits her mistake, then he will become a real jerk.

So, in the end, he still has to come in person and apologize.

Meng Xue looked at him for a few seconds, then took a step back.

Li Suizhou breathed a sigh of relief and was about to go in.

The next second, a bang.

The door is closed.

Meng Xue snorted from the door,

“Are you ill?”

She turned around and left, no matter how many knocks on the door outside it was of no use.

...

I thought this thing would last for a while before it came to fruition.

Results the next morning.

Before Su Nan got up from the bed, she received a call.

At first glance, it was Ning Zhi.

She was helpless.

Since Qin Yu went to City C, the person who wakes her up every day has been Ning Zhi.

No one ever spared her!

It rang a few times, but didn't answer, and then rang.

Seeing Shang Qian poking in from the outside, “Baby...”

She was confused and could only answer the phone:

“Got it!”

Ning Zhijiao said in shock,

“Look at the news, Meng Xue is real Suddenly enough, she found out about her cheating yesterday, announced her divorce today, and advised Li Suizhou to purify herself and leave the house, is she crazy?”

Su Nan instantly became energetic, and her heart of gossip ignited, “Really?”

chapter 1923

Quickly leave

Su Nan took the phone and searched the web.

What caught my eye was a line of eye-catching headlines:

“Miss Meng's group announced that the marriage had broken down. It seems that the man had cheated in marriage. He advised him to leave the house if he wanted to face!” The

most shocking thing was the last sentence talk.

If you want a face!

Ha ha!

It's tough!

Countless comments turn up below.

"I'm going, I just checked it out, Meng's Group is that pharmaceutical group, I grew up taking their conscience medicine, and I haven't raised the price until now. Their eldest lady must be tough!"

"I checked it out ! , no black material, support Miss Meng!"

"You've only been married for less than a year, but you've cheated on you, and you want to be embarrassed? @Li Suizhou"

"Mr. Li, come out and explain, the eldest miss is the eldest miss, so I can't be here. Rubbing the sand in her eyes!"

"The last eldest young lady was my goddess Su. She hasn't shown up for a long time. I miss her thousand and one days..."

Is it?"

...

Su Nan looked at the fierce comments below, feeling more lively than the entertainment circle overturned.

It's a rare situation.

Shang Qian hugged and said that the child came out from the outside, said that the child held Su Xiaohu and didn't let go, got on the bed, and sat directly on Su Nan's lap.

Talking about the child getting up early in the morning without seeing Mommy and thinking to death, but unfortunately only Daddy coaxes her.

She could only eat and drink enough and wait for Daddy to hug her over to see Mommy.

As a result, Mommy was watching with relish while holding the phone.

Talking about the child shaking his little arm dissatisfied, the other hand tightened Su Xiaohu:

"Mummy hug..."

Su Nan heard the voice, put down the phone, stretched out her hand and looked at Shang Qian with a smile:

"Morning..."

Shang Qian put down the little baby, just to free up his arms to hug Su Nan.

The two hugged for a while, and when they saw that they were about to cry, they reluctantly let go.

Su Nan hugged her and said, kissing her little cheek:

"My darling baby, how come she looks so beautiful today?"

Talking about the baby being praised, her happy tail will be raised.

She smiled and was about to kiss Su Nan's face, but Su Nan hid:

"Mommy, go wash your face..."

After saying that, she handed the little baby to Shang Qian.

As soon as Su Xiaohu was released, he took the opportunity to run out!

Su Nan washed up, Shang Qian had already prepared the meal, and the servants started to help take care of the children.

They moved out of the Su residence for a while, mainly for convenience.

Su Yifeng has limited energy, and during this time, he devoted all his energy to taking care of the children.

During the physical examination, all the indicators began to be abnormal.

Su Nan was taken aback when he saw the result, and immediately decided to move out with the talk about the children.

Although I didn't get used to it at first, fortunately, the servants I brought over were very professional.

At least Su Nan and Shang Qian were not disturbed when they got up at night, and the children were well cared for.

Talk about a child who is waving his baby bottle and saying something that others don't understand.

Su Nan walked over to sit down, kissed her, and then looked at Shang Qian:

"Meng Xue announced her divorce."

Shang Qian raised his eyebrows, "So soon? She decided it herself?"

"It's hasty and childish."

Su Nan sighed: "That's fine, if the entanglem

chapter 1924

The charm is too great.

Thinking about Meng Shuang being in the middle, no one can face it?

Can it still be regarded as nothing?

Therefore, Meng Xue's decision was the most impulsive, but also the most correct.

Seeing her chattering about other people's affairs, Shang Qian also listened with gusto.

It wasn't until she said that the child couldn't understand what she said at all, and started to make a fuss.

Su Nan was attracted and hugged her.

Suddenly a message came.

It was from Meng Xue: "I posted something on the Internet, please retweet it, ask for attention and support!"

Su Nan was taken aback for a while, and after taking a closer look, he really saw it right.

Sure enough, it was Meng Xue.

She thought that Meng Xue would be immersed in sadness and sadness.

Didn't expect to be resurrected so quickly?

Not seeing Su Nan's reply, Meng Xue simply called.

Su Nan picked it up and walked to the balcony.

"Hey, are you okay?"

Although Meng Xue's voice was hoarse, she was still very energetic.

"Of course, I was scolded all morning, and the more they scolded me, the more I felt that I was doing the right

thing. It wasn't me who did the wrong thing, and they thought I was impulsive?

I just let them see a normal person. What is your reaction to this kind of thing!"

Su Nan raised an eyebrow.

indeed.

None of her online friends told her to endure it and go on.

Otherwise, you will really be sprayed to death!

"Although I think you are indeed a little impulsive, you are doing the right thing, Meng Xue, I think you are great!"

Su Nan unabashedly praised her bravery.

If it is spread on others, maybe there is no such courage.

Meng Xue snorted arrogantly:

"I also think I'm great, so please support me with your actual actions!

Even though it's on the hot search now, it's all my money. The Li family has spent money to settle it, and I am weak, you have to help me!"

If Su Nan also forwarded his comments, it would not be something that the Meng family and the Li family could settle.

Su Nan paused, "You really want me to help you?"

“Of course, I beg you to help me!”

Su Nan smiled, “Okay, no problem.”

Since she agreed, she would not change her mind .

She logged into her social account again, and then forwarded Meng Xue’s message with a postscript:
Brave girl!

For a time, the headlines that were originally limited in flow began to become lively again.

The appearance of Su Nan is tantamount to adding a fire to it.

And it’s getting more and more boiling.

“I had an intuition early in the morning that my goddess will definitely appear today!”

“Goddess Su, I love you, do you hear that?”

“If it wasn’t for you, I wouldn’t be on the Forbes list this year!”

“Listen to the goddess and go the farthest way!”

...

In less than a minute, her comments and retweets have exceeded 10,000.

With a brief glance, Su Nan put away the phone.

“There’s a meeting this morning, I’ll go first...”

Shang Qian was taking his coat out of the cloakroom and glanced at her:

“It’s just right, you can send me...”

Su Nan “Then give me a kiss.”

Shang Qian stepped forward with a smile on his face: “

Really? Then you cancel the meeting?”

lips.

The fresh mint flavor dances on the tongue.

And there is a growing trend.

Su Nan: “...”

She was just joking!

Shang Qian whispered in her ear while he was breathing:

“It’s all your fault!”

When they finally arrived at the company, both of them were late...

chapter 1925

is not fair enough for the

Meng family.

“You still have the face? What did you do to your sister? Our family didn’t treat you badly, right? We raised you so big that your conscience was eaten by dogs!” As soon as

Meng Shuang came in, Liu Min immediately began yelling.

She generally ignores Meng Shuang and ignores her existence.

But now, Meng Shuang violated the interests of her own daughter, and she could no longer bear it.

The forbearance for so many years in the past has now all torn his face, and no one has to endure anymore.

Meng Shuang walked in calmly, pretending she didn’t hear it, and went upstairs directly.

Liu Min, who was ignored, walked over to stop her and pushed her down:

“Are you deaf when I’m talking to you? Get out, you’re not welcome here!”

Meng Qijun, who was sitting on the sofa, frowned. Holding a cigarette, it is also a look of sadness.

He didn’t want to say more about them.

Meng Shuang was pushed to a stagger and held on to the stairs before looking up at her:

“I just want to see my sister, and I will explain things to her clearly.”

Meng Shuang’s tone was lukewarm and emotionless. .

No guilt or pride.

But it was this indifference that made Liu Min even more angry.

“Explain? Isn’t it all thanks to you that she has today? Can

she be your sister? Bah!

I knew I shouldn’t have brought you here. It’s better to raise you than to raise a dog!”

Meng Shuang’s face changed. After the change, he looked up at her:

“Aunt Min, if I could choose, I don’t want to grow up in Mengjia.”

“What did you say? According to what you said, we raised you, or did we do something wrong?”

Meng Qijun, look at your good daughter, I already said she was a white-eyed wolf, but you still don’t believe it!

Now it’s alright, Ruining Xueer’s marriage, hanging out with her brother-in-law, and losing her face, how dare she shamelessly say that she doesn’t want to grow up in Mengjia?”

Liu Min blamed out of control, as if to put all the grievances he held back. The blame was on Meng Shuang.

After so many years of anger, a breakthrough was found in an instant.

Meng Shuang's face finally began to fluctuate, and she looked at Meng Qijun below.

"Dad, after so many years, I still remember when you brought me here and told me to be patient, learn to love my sister, and respect Aunt Min. I asked myself that I did it.

But how did you treat me? I don't want to. Talk more, is it fair to me?"

Meng Qijun's expression moved slightly, he put down the cigarette in his hand, stood up, and looked at her:

"Fair? Raising you so big, from childhood to adulthood, the school you went to, They are all the same as Xueer, and your Aunt Min has never worn old clothes for you, how is it unfair?"

Meng Shuang's face was shocked, her pupils shrank:

"So you are all the same, I thought you I will understand, in this family, except for my sister, are you really fair to me?"

She couldn't tell what her expression was now, she seemed to be crying and laughing.

After so many years of forbearance and grievance, she swallowed it herself.

She thought her father understood.

In this family, other than Meng Xue, Meng Qijun was the same blood relationship as her.

But it turned out that they also felt that raising her so big was a gift.

Meng Qijun's face was also ugly:

"Isn't it fair? I've done everything I can, and without you, my family wouldn't have any hidden dangers!

My wife wouldn't have had a heart attack for so many years!

It's your mother who took my order in order to win my wine list. She put the medicine inside, had you without my knowledge, and then used it to threaten me.

She wanted to destroy my family and threaten me for the rest of my life!"

chapter 1926

When Meng Qijun mentioned Meng Shuang's mother, his face was full of disgust.

"So I showed up directly and didn't hide your existence.

Fortunately, God has eyes, your mother died early, if others didn't already know, do you think I want to bring you back?

I never went to test who you really are . Not my daughter, because I don't care at all.

In my heart, only Meng Xue is my own daughter. When we raised you, it was the same as raising an orphan with her.

You It shouldn't exist, if it wasn't for you at the beginning, this kind of thing would never have happened now!"

Meng Qijun's face was extremely ugly, and he had no scruples to say what he had hidden for so many years.

He knew that it might hurt an innocent child.

But the damage to their entire family was already heavy enough!

What has he done wrong?

His love for Liu Min was stained with stains that could never be washed away in a lifetime.

Meng Shuang stood there in a daze, holding the handrail of the stairs, her fingertips were white and sweaty.

She knew that she was a very strange existence in this family.

But I didn't expect that I was such an unpopular existence.

She doesn't like Liu Min because she prefers Meng Xue.

She also didn't like Meng Xue, because she got all the favors so easily.

She always thought that Meng Qijun did not dare to openly favor her because of the overall situation, but in Meng Qijun's heart, it was his daughter, should it be the same?

Now it seems that in Meng Qijun's heart, I am afraid that her existence is superfluous.

After all, when he was nice to her, there was almost no time.

He went to the company every morning and returned late, and when he came back, he would always go to see Meng Xue's homework.

Because his homework is often full marks, he just nods his head every time.

Meng Xue, the eldest young lady who has been proud of her own light since she was a child, will make her extremely bleak every time.

Even though Meng Xue's grades were not good, even though she was always mischievous.

But who in the giants cares about results?

From the moment she was born, she has already won the whole world.

She is envious, jealous.

But Meng Xue treated her unreservedly.

The good thing makes her even jealous and feel that she is despicable and shameless.

She was pale and breathing.

Meng Qijun's words made her almost unable to lift her head up.

like a sinner.

Liu Min stood there, although she didn't say a word, everyone could feel her anger.

But this time, no one stood up again, stood in front of her, and said a word for her.

Meng Xue.

Meng Shuang paused and stood up straight.

Suddenly, she smiled.

His voice also became dry and hoarse.

"I know. After so many years, I learned today that I have no right to hate anyone."

Neither Meng Qijun nor Liu Min said anything.

The whole house fell into a dead silence.

Meng Shuang took a deep breath, looked at Liu Min, and said:

"I know you don't want her to give up the marriage with the Li family easily. I will persuade her. I just want to explain clearly that I have nothing to do with Li Suizhou."

Liu Min obviously didn't believe it, Meng Shuang smiled. :

"I swear, this is the last time I enter this house. From today onwards, I am no longer from the Meng family."

Liu Min glanced at her.

In the end, she gave way.

Meng Shuang walked up silently and found Meng Xue's room with ease.

Don't knock on the door, just push the door and go in...

chapter 1927

You think too much

that the door is not locked.

Meng Xue was sitting on the rocking chair on the balcony, holding her favorite half-height big bear in her arms. There was a computer and mobile phone on the table next to her.

The stock market on the computer has been soaring all the way, which is very objective.

Meng Shuang paused, she knew Meng Xue's habits.

When I'm in a bad mood, I like to look at the stock market, at least the money is still flowing in.

It is also a coincidence that every time she is in a bad mood, the stock market must be good.

But now, the person who makes her feel bad is her dearest sister.

Meng Shuang suppressed the heavy heart and walked over step by step.

Meng Xueluo turned her head to the side, and saw her:

“You don’t need to film anymore?”

Listening to the tone, it wasn’t as if such a big thing had happened.

Meng Shuang paused and replied,

“I asked for leave. I wanted to come here yesterday, but the scene was not filmed, so I couldn’t leave...”

This was also unexpected to her. matter.

Meng Shuang, who has always been one, has been unable to enter the state for a long time when filming.

Even the director was incredulous, and the people next to her were watching the fun all the time, and it was nothing more than mocking her work ethic.

It was the first time she lost her temper like this.

But she couldn’t control it.

The scene was filmed until 3:00 in the morning and barely passed.

At that time, she couldn’t come over either, so she could only squint in the nanny’s car for a while.

Early the next morning, I saw what Meng Xue posted on the Internet, and it was already in full swing.

Although she was not mentioned in a single word, Meng Shuang felt the burning sensation of slaps falling on her face.

Meng Xue never rubbed sand in her eyes.

She wouldn’t even listen to an explanation.

Perhaps, without explanation, she knew in her heart that nothing could change.

Meng Xue heard it, and just smiled softly:

“You have always been so dedicated, it seems that nothing is more important than your filming.”

Meng Shuang heard what she meant, and just walked over and sat on the opposite chair.

Paused.

She only said, “Because I have nothing but filming.”

Meng Xue glanced at her, “What do you want to say?”

“A while before I decided to become an actor, I heard my father and Aunt Min discuss, in the future Meng Xue Everything in the house is yours, and I get nothing.

You were intern at the company, and I was assigned to intern at a company of my dad’s friend.

This is the job they found for me, you know?

That uncle As soon as he went up, he touched me, and I didn’t dare to say anything.”

Meng Shuang chuckled lightly, as if bringing up a haunting but very boring thing in the past.

Meng Xue frowned slightly, “Why don’t you dare? If you say it, why would Dad be indifferent?”

Meng Shuang looked at her and smiled,

“Because even if I said it, it was just a change to another company, and I would still Being rejected has ruined the relationship between the two families.”

“Are you thinking too much?”

Meng Xue rolled her eyes speechlessly.

“So, this is your intention to take revenge on me?”

Meng Shuang paused, lowered her eyes, and said in a calm and indifferent voice:

“I have no intention of revenge on you, I just want to say that because of you, I have never hated anyone in the Meng family.

I am willing to become an actor and fight for my own career. , is to completely cut off relations with the interests of the Meng family, so as not to become a thorn in the eyes of Aunt Min.”

Meng Xue snorted lightly, obviously not saying a word about her thoughts.

“I know you have low self-esteem, but you are the one who treated yourself as an outsider first. After so many years, if you are unbalanced because of a little difference in treatment, I have nothing to say.”

chapter 1928

The Best of Both Worlds

Meng Shuang looked at her and went straight to the point:

“You’re not me, you won’t understand, I grew up here and needed more than a dozen minds.

Maybe you You’re right, it’s because I think too much, because I’m too low self-esteem, but in a situation like me, I can’t help thinking too much.”

“It’s up to you.” Meng Xue said speechlessly. people.

The balcony is surrounded by floor-to-ceiling windows, and the garden outside is unobstructed and green.

Meng Shuang glanced at her and said,

“Me and Li Suizhou ended before you got married.

Maybe he didn't think about it at first, and he felt that I lied to her, so he came to me unwillingly.

But we There was no overreaching relationship.

It was only a few months before you got married. After that, we made it clear that we didn't get in touch.

Every time I stayed in a hotel, countless paparazzi followed, and there were many staff members. Am I right? She will risk her own future.

Living in the same hotel is purely coincidental.

He...should really like you.”

Even though she loved that man to the death, she knew that he did not does not belong to oneself.

She just got something that didn't belong to her, the kind of vanity she had never been satisfied with since she was a child, and gained a huge sense of gain for a while.

Especially when he learned that Li Suizhou was going to marry the daughter of the Meng family.

The despicable vanity that only belonged to her made her forget how good Meng Xue was to her.

During that time, Meng Shuang devoted more energy to Li Suizhou.

Even she was deliberately hooking him and he couldn't forget himself.

She deliberately wanted revenge.

Let everyone in the Meng family see that their carefully selected son-in-law is their servant under the skirt.

One was kept in the dark, the other knew it.

She watched Li Suizhou struggle between marriage and her, and she felt that she had succeeded.

But she couldn't make him give up the marriage.

Because Li Suizhou went to meet Meng Xue, and came back to tell her that their meeting was very pleasant.

Meng Xue is very stupid, she is a fool and sweet, she doesn't care much about his private life.

So, she won't find out about their relationship, she can rest assured.

Ha ha.

It turned out that Li Suizhou found the best of both worlds, that is, to let her continue to be his lover!

Meng Shuang withdrew her emotions in time, and watched him stupidly, but she was dead in her heart.

She only deserves to be a lover?

At the moment when she was looking forward to seeing Li Suizhou know the truth, Meng Xue suddenly found her and told her that her fiancée was fine and she was very satisfied.

And she depicts a lot of their married life, happy and free.

Meng Shuang couldn't get it.

From then on, Meng Shuang suddenly woke up.

She began to deal with the interests of Li Suizhou, and she began to stay away from him again and again.

A few days before he got married, she said bluntly about breaking up.

At that time, he was still dealing with the marriage, and he only regarded her as being angry, so he didn't pay much attention to it.

When they met at the wedding and watched Meng Shuang come over to toast with a glass of wine, and when Meng Xue introduced that it was her sister, he was really shocked and angry.

She smiled and shouted "brother-in-law", which made him almost lose control.

But so what?

The boat is done, nothing can change.

Meng Shuang knew about Meng Xue's character, and when she spoke, she avoided some sensitive topics.

She only described their togetherness as a transaction she wanted to be in the top position.

In this way, it seems to be more pure.

chapter 1929

The one was better than him,

but Meng Xue's face didn't change in the slightest. She looked into the distance and gently curled the corner of her lips.

"Oh, you're just talking about your love story?"

"It's alright now, when we get divorced, you can be with him aboveboard."

Meng Shuang paused and pursed her lips:

"Sister, you know I'm not That's what I mean, I'm here to persuade you not to get a divorce."

Meng Xue chuckled lightly and took a sip of the rose tea on the side:

"First, you should know that I am a person who doesn't listen to persuasion.

Second, you It's my sister, but when you got married, you hid your relationship so tightly that you thought you could be right after breaking up with him?

You were his lover, you had a deal, you didn't sleep with him Have you been?"

Meng Xue's words carried a little impatience and disgust, as if she couldn't bear it anymore.

Everything around is her favorite decoration, but now, she only feels cold.

"Or do you think this kind of thing is very common in your circle, so I don't mind?

Meng Shuang, are you disgusting?"

Meng Xue's words shocked Meng Shuang, and her face faded. Bloody, pale lips.

Meng Xue had never said such heavy words, to be precise, she had never been willing to say it to Meng Shuang!

"I know that Li Suizhou is romantic, and I can accept that he doesn't love me, but I can't stand your past. I can't stand you behind my back.

You said that after we got married, you didn't have contact, so I had so many friends before. The second time I watched you go out and go to social events together, what is this?

Do you want to tell me that it is also a coincidence?

Meng Shuang, don't think of others as fools, do you think this is acting?

Just a misunderstanding and you want to clear things up? "

Meng Xue has never said so many such harsh words.

Every word seemed to stab Meng Shuang's heart.

She thought it was not a big deal, and thought that Meng Xue would forgive her as before.

But until now Only then did she realize that there is no such thing as a cheap thing.

Meng Shuang sat there stiffly, her lips white, and she didn't know how to explain it.

Of course, Meng Xue's appearance, no matter how she explained it, she would no longer believe it. "

Sister, no matter what you think, what has happened can't be changed, but what I haven't done, I won't admit it. Meng Shuang said ,

stood up, and looked at Meng Xue

deeply. The emotions in her eyes were complicated and profound. It would be great

if Meng Xue could be the same as before and forgive her when she talked and laughed. Ah!

But Meng Xue didn't look back, didn't even raise her head to look at her.

Meng Shuang hesitated and took a deep breath:

"I'm leaving Meng's house, I'm not welcome here anyway, so I'd better leave early. Better.

If you need me in the future, I will come anytime, sister, no matter what, I'm sorry I hurt you. She pulled the corner of

her mouth and glanced at Meng Xue with red eyes, but she turned around and left.

Meng Xue sat there indifferently, not even raising her eyelids. Meng Qijun walked in and sighed.

Come in and talk to you, but I persuaded her to go to rest, let you think about it first.

Cher, we are all for your own good, we don't have to go to the Li family.

But there are not many children of the noble family who don't care, is it better to change one? "

chapter 1930

I don't like

Meng Qijun's words that much ringing in my ears.

There was a light wind blowing the treetops outside, and the temperature and humidity inside were controlled just right.

Meng Xue said in a low voice, "Dad, because that person is Meng Shuang, I can't get over it. No matter how long it takes, I can't get over it."

She told the truth.

Meng Qijun sighed: "She won't affect you or anything, and you shouldn't think that you broke them up.

If it wasn't for the marriage with the Meng family, there would have been other women, and the Li family would not have married someone whose origin was unknown. My illegitimate daughter is because her father is not good, she should not have been brought back in the first place."

Meng Xue lowered her head and remained silent, but her eyes were quietly red.

She never felt that she didn't like Meng Shuang because she was not the same mother.

She did everything a sister could do.

But why did Meng Shuang hurt her so much?

Meng Xue closed her eyes and listened to Meng Qijun discussing her words: "Xue'er

, otherwise, we will be angry, but don't mention divorce lightly. Li Suizhou came to explain and apologize, and the parents of the Li family are already on their way. Now, the attitude of the Li family is very obvious.

Marriage is very important, don't regret it because of temporary anger.

Besides, don't you like Li Suizhou?"

When the two sides met for the first time, Meng Xue was also satisfied with Li Suizhou.

Although it can't be said that they are very affectionate after marriage, in the conversation, it is not without affection for Li Suizhou.

So everyone thought that their marriage was not bad or hopeless.

If you get divorced because of a moment of anger, what will you do in the future?

Meng Xue opened her eyes and was silent for a long time before she said indifferently:

“Dad, I don’t like it very much either.”

Meng Qijun looked at her for a long time before opening her mouth:

“Are you sure you won’t regret it?”

Meng Xue: “No, compared to Geying for a lifetime, I would rather break up.

Once the project I invested in loses money, I will not continue to invest, maybe you will all say that I have no patience and no foresight, but I am like this, Dad, I will not regret it.”

Meng Qijun reached out and touched her hair, sighing. He sighed:

“Okay, let me persuade your mother.”

He stood up and was about to go out.

When she was about to go out, Meng Xue said softly,

“Thank you, Dad.”

She could feel her parents’ preference for her and her indifference toward Meng Shuang.

But she has done her best to make up for it, but if it doesn’t work, who can blame it?

As soon as the parents of the Li family arrived here with Li Suizhou, they had their luggage taken to the hotel, and the family went to the Meng family first.

So the Meng family was quite lively.

Although Liu Min despised Li Suizhou for hurting Meng Xue, at least their family’s attitude was beyond reproach.

There is also no argument to protect Li Suizhou, except that an apology is an apology.

No matter how unpleasant Liu Min scolded, they just didn’t reply.

As soon as Li Suizhou entered the door, he saw that there was no one else in the house except the servants and the Meng family.

The parents of the Li family are businessmen in the shopping mall. Since they are coming, they must have greeted them.

The Meng family did not refuse, which shows that there is still hope for this marriage.

Meng Qijun was thoughtful everywhere, but Liu Min couldn’t really laugh.

The old man of the Li family exchanged a few words with Meng Qijun before getting to the point.

“This bastard in Suizhou hasn’t done anything serious in the past few years. After getting married, he turned up the black history when he was not married before. I said that there is something that can’t be handled in advance?

Or was he young and not flexible enough to do things before. Let some people take advantage of it.”
