

Divorce 1931

chapter 1931

The lawyer was drinking tea

Meng Qijun smiled, nodded and said nothing.

The people of the Li family didn't know who the cheating object was.

If I knew, I'm afraid I wouldn't say that.

So Mrs. Li also smiled embarrassedly:

"Yes, Suizhou used to be a bit of a jerk, but he has changed it. Since Xueer married him, Suizhou has devoted himself to family and career. I've never had two hearts."

Li Suizhou was cautious and apologetic on the side.

Looking at Meng Qijun and Liu Min, their attitude was extremely humble:

"Dad, Mom, I am really single-minded with Xueer, and I have never done anything to hurt her since I got married. This time it was really a misunderstanding, and it was all caused by the trouble before marriage. , it's also my fault, I shouldn't be in front of her."

Li's mother responded: "It's good to know, if you get married, you should have the appearance of getting married. I have already said that there is no one in our family except Xue Er. Admit it, those fox spirits outside are really daydreams, and they want to mess up your marriage?"

Li Mu looked at Liu Min's bad face, and then softened her tone:

"My mother, in fact, everyone is young, who is not a jerk. What happened?"

I won't say let Xueer forgive him for his past, you can see how he behaves in the future, if there is a little bit of sorry for Xueer, I will never let him go!"

Even if Liu Min was angry again, I also know that I can't lift my body too high.

The attitude of the Li family is low enough.

You have to follow the stairs.

"My dear family, there is no one else in our family. In the future, the entire Meng family will belong to her. We don't want any property of your Li family, and we just want Suizhou to treat her well.

But look, she has never suffered like this since she was a child . grievance."

"Yes, yes, this time it is indeed our fault. A few days ago, Lao Li and I went to Sanya for a vacation. We saw two villas and thought that it would not be Xue'er's birthday in a few days, so we just bought it and just wrote

The relationship between our two families needs to be said more? We can't be fooled by other people's provocation . The relationship between

the two young people still needs to be discussed, and we have to create opportunities.”

Liu Min listened to Li The mother’s words softened her heart, no matter how hard she was.

Just as she was about to say something, Meng Qijun smiled and said,

“Actually our attitude doesn’t matter, the key is Meng Xue. As long as she is willing to forgive, there is nothing to say. If she doesn’t want to continue, we will be the same for many villas. It’s affordable.” The four were silent.

There was an awkward atmosphere in the living room.

This meeting ended in a hurry without even having a meal.

The reason for everyone’s preparation was really hasty, so everyone found a reason to leave.

For several days, it was only the emergence of new hot spots that made the popularity of Li Suizhou gradually drop.

He didn’t need to contact Meng Xue, but Meng Xue found a lawyer to discuss divorce with him, but they were all blocked.

Just like that, Meng Xue didn’t give up. If one couldn’t, just two, and if two couldn’t, just a group.

Therefore, in Li Suizhou’s company reception room, there are often many lawyers drinking tea...

Meng Xue completely released himself.

If Li Suizhou doesn’t get divorced, he will have to continue to pay living expenses. After all, he is so generous, it is impossible to break it at this time.

So when Meng Xue took his money and went out and squandered it, he felt a sense of accomplishment.

Those who called friends and friends found several friends and planned to get drunk and rest.

Su Nan would never waste time on getting drunk, so she chose to follow Su Jin to pick up an important foreign client.

But Ning knew it.

chapter 1932

On the way to a different person, Su Nan was looking at the materials, and Ningzhi’s phone rang.

“Baby, you don’t know, I’m really blind!”

Hearing the tone, she was about to smoke.

Su Jin, who was sitting on one side, tilted his head slightly and raised his eyebrows.

Su Nan was surprised: “What’s the matter?”

“The drama I invested in that was not starring Meng Shuang, Li Suizhou may have withdrawn to avoid suspicion, but he gave the opportunity to another boss who wants to change the heroine!”

Ning The sound of knowing echoed in the car.

Su Nan thought for a few seconds, "Isn't this normal?" After changing the boss, of course people want to praise their female stars!

Ning Zhiluo chuckled:

"But the abnormal place, just now, I was drinking with Meng Xue in the bar, and I happened to run into Li Suizhou, and when I went to the bathroom, I happened to run into Meng Shuang to block it. As if Li Suizhou asked him to help.

Damn, that scene is really hot, the cold goddess on the screen, she told us about her difficulties pitifully last time, but she turned her back and dedicated herself

. They don't communicate privately, and ghosts don't believe it!"

Su Nan twitched the corners of his mouth, "Won't Meng Xue also be there?"

"Of course, she's standing with me, it's really exciting.

You can't imagine, just in The corner of the men's bathroom can be seen from the outside. Meng Shuang is pitifully undressing inside. The key is that no one is forcing her!

But Li Suizhou didn't say anything, watched her take off and left without touching her. It 's over."

Su Nan frowned slightly, even if he didn't touch it, Meng Xue saw it, even if it was an explanation, it couldn't be explained clearly, right?

Before he could say anything, Su Jin couldn't help but snorted softly.

Ning Zhi fell silent.

"Is there anyone else?"

Su Nan rolled his eyes at him, "Big brother."

Ning Zhi was silent for a few seconds, then immediately got serious:

"Oh, good evening, big brother, are you busy too?"

Su Jin didn't want to disturb their gossip. I'm in a good mood, but since they've already revealed their identities, there's nothing to hide.

"Brother and sister, the Meng family's situation is complicated, and they won't easily agree to Meng Xue's divorce, so let's pay less attention to this."

Ning Zhiliao: "Okay, eldest brother, I'll go back to work overtime now, goodbye?"

"Well, goodbye. "

Su Jin said a few words, then turned around and continued to read the materials.

Su Nan sighed and saw that Ning Zhi had hung up the phone impatiently.

She couldn't help laughing: "Big brother is usually too serious, Zhi said that you are the same as the dean!"

Su Jin chuckled:

"No wonder Su Qi likes Zhi, they are so similar!"

Su Nan put it away Mobile phone:

"The third brother has been on a business trip for a long time, and he should be back in a few days, but what is the background of our client this time, why do we have to sign a contract before we meet?"

Su Jin put away the materials on his mobile phone and pinched his eyebrows. , his tone calmed down:

"There are many restrictions on our technology abroad, and the other party should have considered it. For the protection of technology, the other party insisted on hiding his identity, but he didn't ask for a deposit, which means he is sincere.

Even if he temporarily regrets it, We are not at a loss."

Su Nan frowned, always had a bad feeling, but couldn't say what was wrong.

"But how did you find us? Our price is not the highest in the industry, and the laboratory is still in the preparatory stage, so it is not very mature in all aspects."

"Perhaps it is because of immaturity that you want to be the first batch of pioneers?"

Anyway, what the other party sells is technology, people will not stay, and he should also take a fancy to our military industry foundation, and if you want to get on this platform, you will naturally need to pay a price."

chapter 1934

Fu Yechuan, who returned home in a weird way, looked away and turned to look at Su Jin with a heavy tone:

"Mr. Su, there is no rush to cooperate, think about it carefully, it will be beneficial and not harmful. The laboratory The establishment of a company is not only about the success or failure of a certain project, but also the ultimate ownership of technology.

I believe that if one day someone wants to sanction a certain company or even a part of the core of a product, it is the greatest confidence that one does not need to rely on others."

After Fu Yechuan finished speaking, he lifted his foot and followed Chen Mian away.

Su Nan and Su Jin looked at each other, Su Jin glanced deeply at the direction they left, frowning in thought.

Su Nan: "If eldest brother thinks this deal is worthwhile, there is no need to resist. It's just a normal cooperation. Our business with the Fu family has not been completely separated, so there is no need to part ways on this kind of thing."

Anyway, she wouldn't go there in person. Docking, and she won't see Fu Yechuan.

Since the domestic business has been in Chen Mian's hands, Fu Yechuan will not easily take it back.

He didn't show up a few times in the country, so it didn't affect him much.

Su Jin frowned, "Let's talk about it, I always feel that Fu Yechuan's return this time is not so simple."

Su Nan raised his eyebrows and didn't say much.

The two of them were more silent on the way back, obviously not in the good mood at the beginning.

Even the driver didn't talk much.

Fu Yechuan's car.

Chen Mian sat in the back, next to Fu Yechuan who had not seen him for a long time.

The whole person is even colder and darker than the last time I saw him, and the whole person reveals a kind of invisible breath.

Chen Mian has followed him for so many years, except for the years when he was chasing Su Nan, he has understood it very few times.

Same this time.

After a while, Chen Mian said,

"President Fu, do you still live in Jingyuan?"

Fu Yechuan responded.

Chen Mian: "It has been cleaned up in advance. I have found an hourly worker to clean it every day. If there is anything else you need to tell me. The company's business..."

"I don't care about the rest, you can do it yourself. ."

Fu Yechuan's tone was very light, with a somewhat low-pitched and deep tone.

Chen Mian was silent for a while before answering: "Yes."

"You are no longer my assistant. These things are left to others to do, and the project matters will be connected with Su's in time."

Chen Mian hesitated for a moment, then looked at his face, Only then did he speak:

"In the beginning, I signed a contract with the Su family without hiding their identity, but if they really want to break the contract..."

If the Su family breaks the contract, they can't do anything about it.

Who told Fu Yechuan to hide his identity from the beginning?

He spent a lot of money to buy the core technology from a foreign research laboratory, just for Baba to give it to the Su Group?

Fu Yechuan shouldn't have made such a loss-making business!

Or, he still hasn't given up on Su Nan?

Really big head!

Fu Yechuan squinted his eyes, and his voice was cold: "No."

Maybe it was intuition.

Didn't he set up such a big game just to send this project over?

...

Su Residence.

Su Nan followed directly back to Su's house, saying that the children were already happily playing with Su Yifeng.

Su Jin went back to find Wen Xiang, saying that he had to think about it again.

She didn't think much of it.

Su Yifeng was tired of playing and said that the children had fallen asleep before going over to talk to his daughter.

"Is it still busy in the company?"

Su Nan shook his head: "It's alright, I'm quite relaxed with my eldest brother here."

Su Yifeng sat down and wiped the sweat from his forehead, took a sip of water, and looked at it seriously. She:

"Fu Yechuan is back?"

Su Nan nodded, Su Yifeng was not surprised to hear the news.

Although he retreats behind the scenes, his hands and eyes are open to the sky.

Su Yifeng pursed his lips, "I just got the news that Mr. Fu passed away two days ago."

chapter 1935

Lies to him, ah,

Su Nan was slightly taken aback.

Su Yifeng added, "He was shot."

The things in Su Nan's hands fell to the ground, and his shocked face turned pale.

Su Yifeng's voice was low:

"It's hard to guarantee that it's not Fu Yechuan's enemy. It's not clear who it is, but this matter has been hidden.

Fu Yechuan is returning to China at this time. I'm not sure what the purpose is. Let your eldest brother know if you are in a relationship. You must be careful about the place."

Since the word "precaution" was used, Su Nan had to pay attention to it.

She also knew that the reason why Su Yifeng told her first was because she was afraid that she would suffer.

Su Yifeng took a deep breath, and his eyes were a little tired:

"I asked about the M country, it is true that there is something wrong with the S*F group, and the possibility of being manipulated is relatively small, but you have to tell Shang Qian in advance. , Be careful."

Su Nan nodded.

"Got it, Dad."

Su Yifeng responded and stood up:

"Okay, I won't let you eat, I'll hurry up and sleep for a while. When I wake up, I have to accompany you to talk and study!"

Su Nan pursed her lips. "You have a good rest, wake up and teach her how to fish!"

"That's good, but she scared my fish away!"

Su Yifeng chuckled and walked upstairs.

Su Nan smiled and went out with the bag.

I called Su Jin and relayed Su Yifeng's words. Su Jin was not surprised after hearing it, and hung up after saying it.

Su Nan called Shang Qian again.

It should still be evening on the side of country M. He just got off the plane and is full of dust.

Hearing the sound has not arrived at the hotel.

"I went to the company just now. It's a bit tricky, and it might take a few days."

Shang Qian's voice was a little tired, and Su Nan heard it:

"Okay, it's okay, if you need it, call me anytime."

She didn't Tell him about Fu Yechuan, and let him concentrate on it there.

Otherwise, if you are distracted, you may have an accident.

Shang Qian said a few more words to let her take good care of herself, the temperature may have changed these days.

Su Nan smiled and hung up the phone, then got in the car and went to the company.

As soon as he arrived at the company, Su Jin also came.

When the two met in the office, Su Jin's expression was not quite right.

"Do you know who Fu Yechuan saw when he came back?"

Su Nan shook his head.

"Li Suizhou, he is in contact with the Li family's oil business in East Asia."

After Su Jin finished speaking, his eyes narrowed, and Su Nan did not speak for a while.

"The Li family started by developing oil in East Asia, and the business next to it went downhill, but the foundation of oil is enough for them to eat for three lifetimes.

Is it strange that Fu Yechuan wants oil so suddenly?

And how could the Li family give up this cornucopia ? ?"

Su Nan directly said the question in his heart.

The office was silent for a while.

Su Jin: "Let's delay the matter in the laboratory. Before we know the purpose of Fu Yechuan's return to China, let's not act rashly."

Su Nan nodded, she also had an intuition, Fu Yechuan didn't just come back and talk about business.

"If someone goes to investigate, will it alarm him?"

Su Jin sneered: "It's not just us who investigated him."

Su Nan raised his eyebrows, relieved.

"That's good."

It wasn't even noon.

See the hot search update on the Internet.

The Li family and the Meng family broke off their engagement and officially divorced.

The news came so suddenly.

It feels like every step is going in an unexpected direction.

Be quick!

chapter 1936

I Don't Want to Divorce

The Li family is a western-style garden residence with a single-family house, which is very stylish.

Li Suizhou knelt there in despair, the whole person seemed to have changed in just a few days.

There is no longer the sense of luxury that it used to be.

The parents of the Li family were furious. Sitting on the sofa, Father Li yelled,

“You’re a real bastard. The Meng family finally let go of their attitude and are willing to talk about it. You’re doing this kind of thing again, and you should be ashamed!

Meng Qijun ! I blush for you when you showed me the photo! It’s fine

if you play with women in private, but in a place like a public toilet, let Meng Xue see it, did you mean it!”

This is you Do you keep saying that you don’t want to get a divorce?

Where did you put my and your mother’s faces! “

Father Li was out of breath, clutching his chest, feeling exhausted.

When he saw those photos, his blood pressure went up.

Although the woman’s face was mosaicked, she was completely naked. The clothes are clearly visible!

I can’t find any reason to justify it!

Mother Li was also angrily and did not speak.

Li Suizhou closed his eyes and knelt on the ground with an ugly face.

“I really didn’t do anything. , she just begged me to do something, she took off her own clothes, I didn’t touch her with a finger! “

Mother Li sneered angrily: “Then you won’t leave?” Are you there watching her undress?

Li Suizhou’s face was decadent: “

She drank too much. I’m afraid that if I leave, she will chase after me, and I can’t tell.”

So I thought about leaving later so she couldn’t chase it out! “

Li’s father sneered angrily: “Are you cheating? If you say this, I’m too embarrassed to make it up for you!”

Li’s mother: “Okay, don’t talk about it, anyway, your marriage must be divorced, and we are still at fault. Fang, the Meng family doesn’t know how many handles you have in their hands, so don’t drag yourselves to the point where it looks ugly in the end.”

Father Li nodded, “Yes, Meng Xue is not unreasonable, what does she want, Give whatever you want, as long as it doesn’t go too far, it’s okay to give more money.

If this marriage is like this, it doesn’t matter if it continues, so let’s just leave. The first time our Li family became so popular on the Internet was because of your dog. Things!”

Li Suizhou’s eyes fluctuated slightly, “I don’t want to divorce.”

Li’s mother rolled her eyes speechlessly:

“You don’t want to leave? Things have come to this point, what else do you want to do? We have no face to go to Meng’s house for you. Say good things!”

Li Suizhou’s throat moved, and his voice was harsh:

“I will go to Xue’er, as long as I don’t get divorced, everything will be in time. If I get divorced, she really doesn’t want me!”

Li’s father sneered, “We don’t care, you can do what you like, what is it?”

After saying that, he went upstairs angrily.

Li Suizhou didn’t want to say more. Just as she was about to leave, Li Suizhou stopped her and said,

“Mom, no matter what the Meng family says, you should endure the grievances first. After I coax Xueer, I will apologize to you.

” No matter how much you love this child, you won’t see him messing around.

“You can’t coax her well. No matter which woman you put it on, it’s an unbearable thing.

Not to mention the Meng family’s pearl, do you still need to endure it?

Their family is not a shabby house!”

After she finished speaking, she raised her foot. Just go.

Li Suizhou opened his mouth and wanted to say something, but in the end he didn’t say it.

In just a few days, his feelings for Meng Xue were like seeing the sun through the clouds, and he could see his heart clearly.

The bit of obsession with Meng Shuang had long since disappeared.

chapter 1937

Dog

men and women especially watched Meng Shuang begging in front of him last night, and even took off his clothes.

He had never hated a person so much, but he hated himself even more.

In his heart, Meng Shuang had long since become an existence like the white moonlight that he could not get.

This sacred feeling blinded him.

When he made up his mind to cut off all ties with her completely, he withdrew.

He knew that without his help, Meng Shuang would not be better off.

But if this kind of help would make Meng Xue misunderstood, he decided to give up.

What is he unwilling to do?

Did Meng Shuang show that he didn't care to make him unwilling?

It was Meng Shuang who asked him for help again and again, but he never thought about rejecting it.

No, he didn't look at his heart.

He deserves it today!

midnight.

He drove the car to the downstairs of Meng's house again.

The phone still couldn't get through, and he couldn't get in either.

He didn't know that Meng Xue, who had always loved money like his life, was so decisive and quick when he gave up on him as the fifth diamond king.

No matter what he said, it was useless, she was determined to get a divorce!

It was almost early morning that Meng Xue's car appeared.

She was brought back as if she had been drinking.

Seven or eight meters away, Li Suizhou got off the car.

Meng Xue squinted when she saw him, with a somewhat impatient expression on her face, she turned around and was about to enter the door.

But Li Suizhou moved faster.

Standing in front of her in the past, her eyes darkened, "Drinking?"

Meng Xue didn't want to get so close to him, so she pushed him back:

"Can you handle it?"

Li Suizhou's throat moved slightly, "Come back so late. , the family will be worried, and you've been drinking a lot."

"Li Suizhou, are you ill?"

Meng Xue said directly, her tone terribly cold.

"What's the relationship between us, we are going to divorce tomorrow, who are you pretending to show here?"

"I don't want to get divorced, I don't agree to divorce."

Li Suizhou's tone was tough, his eyes looked at her, and it was meaningful.

"Actually, I've been treating you for a long time..."

"Shut up, are you afraid that I will divide your property? Don't worry, I won't take advantage of you.

But you still have to take the money you deserve. I won't be stupid enough to leave the house without paying a single penny!

I've suffered so much grievance, and the mental damage is a total expense, and I have to help you guys and girls keep secrets... .." At the

last sentence, she deliberately lowered her voice.

Li Suizhou's face changed a few times.

Smart people don't need much language to know what each other means.

The gardenias in the corners are blooming, and the faint smell is slightly stronger at night.

Smells good.

But not so good.

No one is in the mood to appreciate flowers and plants.

Don't even want to wait a second longer!

Seeing that Meng Xue was about to leave again, Li Suizhou took her by the wrist, and his voice was hoarse, with a bit of pleading:

"I didn't mean that, it wasn't about the money.

The show I invested in was withdrawn. She came to beg me to help her last night. She drank too much to do that. I have already refused..."

"That's because my friend and I bumped into you, so you refused, do you still blame us for ruining your good deeds?"

Li Suizhou frowned, and just as he was about to deny it, Meng Xue raised his hand to stop it.

"I don't want to hear it, and you don't have to explain it. To be honest, divorce can be considered as a fulfillment for both of you. Dogs and men and women should be together forever. Don't harm others."

chapter 1938

The reason why Meng Xue hated Li Suizhou so much was not because he betrayed her.

If it is simply speaking, cheating and finding a woman will not lead her to the stage of divorce.

The most important thing is Meng Shuang.

My sister is more important than my husband.

He teamed up with her most beloved sister, betrayed her together, and played her round and round.

No matter how the two explained it, they couldn't wash away their sins.

She doesn't believe a word anymore.

Meng Xue looked at the deep night in the distance, with no street lights, like a black hole that could swallow everything.

“Divorce tomorrow, make a quick decision. If you don’t want to get divorced, I will send your photos and file a divorce lawsuit in the name of your cheating.

Li Suizhou, you have to make trouble so ugly, and you found it yourself. “

Meng Xue’s voice did not waver at all.

Anyway, the advantage is in her hands. If she smashes the good hand in front of her, she will be really stupid.

You want to say that you have no nostalgia for this man, no.

They have never quarreled since they got married, and even if there is a dispute, Li Suizhou will give in.

Every minute they spent together was plain and warm.

It’s not that there is no emotion, it’s just that there is no such deep emotion.

It wasn’t enough to let Meng Xue fall into it.

Meng Xue struggled to let go of his hand, but her tough attitude did not change at all.

She didn’t have any intention of eating back, and she would never have wronged herself.

She wouldn’t do anything that gave up her self-esteem for the sake of feeling.

Her career can fail again and again, but not men.

If it fails, you have to replace it.

Li Suizhou stood there helplessly, watching Meng Xue go in, and he didn’t even have the courage to chase in.

Every word of her was on his weakness.

That trivial liking from what I said didn’t seem to make her change her mind.

Now, he has only tasted the weight of the word regret.

The lights are on.

The evening rush hour has passed, and there are few cars on the road.

He went all the way back, feeling like a walking dead.

The phone rang again.

It is Meng Shuang.

He was buried on the steering wheel, and the whole figure seemed to be drained of strength.

He slammed into it with a punch, making a huge roar, breaking the silence of the night.

It was torn apart with a sound, and then fell into silence.

He calmly packed up his mood and picked up the phone.

picked up.

did not speak.

The other party had already heard the sound of crying:

“I really drank too much yesterday, my sister and they won’t really take pictures, right? What should I do?”

Li Suizhou was silent for a few seconds, and took a deep breath:

“It wasn’t her who took the pictures. , was taken by Ning Zhiliao, but in her hands, you can ask for it.”

The

other party was silent for a moment, and then he spoke weakly, as if a little scared:

“Ning Zhiliao broke up with me, how could I give it to me? Me?”

When I explained it to my sister before, she was very angry, and she probably won’t give it to me. If I ask for it, will I be humiliated by the discomfort?”

Li Suizhou laughed silently:

“Then what do you think?”

Meng Shuang was very keenly aware of the change in his attitude.

Forbearance, who had always been under her control, suddenly had thorns, which meant she was going to get out of her control!

She immediately changed the subject and said calmly:

“I don’t want to do anything, I just don’t want to affect you, you know, the most wronged person is me, we lost contact after we got married... “

She said no contact, not the phone calls and messages on the scene.

It’s just that there is no further ambiguity.

chapter 1939

The first thousand nine hundred and thirty-nine chapters refused to accept

and returned to the level of ordinary friends.

Don’t cross each other’s bottom line, have a clear conscience, she did a good job.

Li Suizhou sighed, obviously not so tough.

“Okay, I still have something to do. I’m hanging up.”

If Meng Shuang said this before, he would think it was very reasonable, and he would also think she was wronged.

But after yesterday's scene, he couldn't look directly at this person.

It always feels that a person has many masks, and he has only seen two of them.

The divorce of the Li Meng family is a certainty.

In the eyes of outsiders, probably the two of them have long since divorced.

But only they themselves knew that Li Suizhou made various excuses and refused to leave, and the scene was ugly for a while.

But fewer and fewer people care about it.

Li Suizhou made an excuse to be busy and went out on a business trip.

...

When Su Nan found out about this, she called Meng Xue.

She asked aloud, "Where did Li Suizhou go on a business trip?" Meng

Xue snorted coldly,

"You said she went to East Asia, who knows if she really hid so far?"

place to pick up.

"I heard that their oil business is not bad?"

Meng Xue said lazily:

"Yeah, I haven't paid attention to it, but Li Suizhou's business is half-baked. The reason why he didn't collapse is all because of oil. Otherwise, how could this happen? What about Dafang?" The

annual allowance is enough for an average company to earn several years' worth of money.

I can't accept it.

Su Nan took the warm water in front of him and moved his cervical vertebrae, then drank it all.

She smiled, went to the lounge in the office, and took out a pair of comfortable shoes:

"It's fine to be generous, I'm afraid it will be scum and digging."

"But why hasn't Mr. Shang come back? I have a few new projects I want to ask. What about him!"

Meng Xue sounded very excited.

Su Nan laughed: "He's still busy abroad, let's have dinner together next time!"

"Okay, we've agreed, I'll treat you!"

Meng Xue was extremely happy.

Su Nan suddenly thought of something, "By the way, did Li Suizhou say when did he come back?"

Meng Xue's tone became low:

"He'd better not come back for the rest of his life, I'll take his wallet and go with a white face!

But listen to Father Li. Said that there was something wrong with the oil side, it was quite serious. Originally, Father Li planned to go in person, but he was hospitalized by Li Suizhou before, so Li Suizhou had to go by himself."

Su Nan paused, with a calm surface, inwardly anxious:

"Oh, if you know what happened, remember to tell me, I have something important!"

"No problem."

Meng Xue agreed.

Su Nan smiled and said a few words before hanging up the phone with confidence.

Cool breeze in the evening.

Wen Xiang's birthday, Su Jin started thinking about birthday gifts several days in advance, and even Su Nan didn't let it go, and kept thinking about it.

Although Wen Xiang has been busy with her career in recent years, her family has not delayed at all.

You can see that when Su Jin works overtime less and less.

Simply, Wen Xiang suggested to bring a few friends to the beach for barbecue.

Su Yifeng refused the invitation, and told the children to play with Su Lin at home, so as not to disturb the young people to relax.

So Su Nan called Ning Zhiliao and Cheng Yi, and Wen Xiang also invited a few good friends to go to the beach together.

The tide ebbs and flows in the evening, which is more lively than during the day.

The sparkling sea was glowing with beautiful gold, and there was a bit of desolation and coolness in the lively.

Wen Xiang was wearing a dark green dress.

The whole person is fresh but charming, greeting everyone warmly.

The boat in the distance approached quietly.

chapter 1940

Su Jin rolled up his shirt sleeves and was having a barbecue, Cheng Yi next to him saw his serious look, and went over to laugh and joke:

"Brother, you can sign a contract worth hundreds of millions of dollars. With your hands, can you still make skewers?"

Su Jin glanced at him silently, not losing his aura.

Many people around looked at the liveliness here, and also came over to talk and laugh.

Wen Xiang warmly entertained everyone with fruit, and the atmosphere was just right.

Su Nan and Ning Zhi ran on the beach with a sun hat.

It was rare for them to be so happy that they would not chat around a group of strangers.

I simply ran barefoot with my skirt in hand, the beach was warm and still warm.

Ning Zhiliao opened a video for Qin Yu.

Qin Yu, who is far away in City C, seems to have changed a person. In addition to work, she is fighting wits and courage with other people. She almost lost her hair.

“Envy, when I go back, I’ll have a good time too!”

Su Nan leaned into the camera, smiled and rolled his eyes:

“I heard that Shen Liang is looking for you? I’m still worried that you won’t be able to let go. Next time I come back, will I ask for help? Shall we go together?”

Qin Yu blushed and said,

“He just stayed for one night and then left. He was very busy, so how could he stay?”

But he did a lot of things that night.

Thinking about it makes my heart blush.

They haven’t been so crazy in a long time.

Ning Zhi saw that she was immersed, accidentally touched the phone, and the video was turned off.

But never again.

The breeze was blowing, and the skirt swayed in the wind.

Su Nan trotted against the wind, her light-colored long skirt flying up and down.

Between the light and the shadows, facing the sparkling waves on the sea, it is extraordinarily beautiful.

Ning Zhi had just taken out her phone and planned to take a picture of her.

Suddenly I saw her stop, standing there, looking at the sea.

Apart from a few people catching the sea in the distance, there were no other ships.

But the shadow of a ship that gradually became larger on the sea seemed a little strange.

Soon, the distance is tens of meters away.

Ning Zhi walked over, “What’s wrong?”

Su Nan pursed her lips, "That's not the ship of country Z. I remember when I was studying abroad, there was an organization with a special logo, which was the pattern on this kind of ship."

Although the water surface floating up and down, see incomplete.

But she always felt familiar.

Ning Zhiliao: "No way, how can a smuggler be so blatant?"

Just as he was talking, the distance of the ship was getting closer and closer.

When five or six meters away.

Seeing the people on the deck clearly, Su Nan was slightly startled.

It turned out to be Fu Yechuan.

Following him, there were five or six foreign men.

Ningzhi pulled her arm closer and said in a low voice,

"Don't say hello, let's go directly?"

Su Nan thought so too.

She responded, pressed down on the sun hat, tried to cover her face, turned around and followed Ning Zhi.

But the group didn't give her a chance, and two men in black suit jackets but only beach shorts stopped them:

"Hey, such a beautiful girl from country Z, let's have a meal together. It's fate to meet you!

Mr. Fu, what do you think?" Then

I heard Fu Yechuan's low and hoarse voice:

"Forget it, I've been ready. Well, the girl who accompanies you to dinner, wouldn't I be disappointed if I didn't wait for you?" The

foreigner seemed very happy to be entertained, then raised his head and laughed, followed Fu Yechuan and his group.

Su Nan and Ning only dared to look at the direction they were leaving.

Fu Yechuan also turned around at this time.

The eyes of the two met, and neither could see through each other's thoughts.

Very thrilling.
