

Divorce 1941

chapter 1941

The purpose

is not pure. This group of foreigners does not seem to be simple, nor does it seem to be pure businessmen.

How could Fu Yechuan be with these people?

Before she could think about it, Ning Zhi took Su Nan and ran away.

Watching them run away happily, and come back in a state of despair.

Su Jin glanced at the two of them, and the movements in his hands kept busy.

I want to ask, but there are too many people around.

He coughed:

“You two come here to help...”

Su Nan paused and could only follow Ning Zhi.

Su Jin glanced at her: “What happened?”

Su Nan was silent, not knowing how to speak.

Su Jin glanced at Ning Zhi and said, “You say it.”

Ning Zhi didn't dare to think too much, so he could only tell everything he saw just now.

Su Jin's movements slowly stiffened.

There was a bit of coldness in his eyes.

“Did you read that right?”

Ning Zhi shook his head: “No!”

Su Nan thought for a while, and said the pattern on the boat he had just seen.

“Brother, Mr. Fu has just passed away. How could Fu Yechuan return to China at this time?”

I don't think it's quite right, and Li Suizhou and Shang Qian also happened to leave because of foreign affairs.

Is this all a coincidence?”

Thinking about it now, Didn't notice at first.

How could M country suddenly encounter a problem that Shang Qian had to solve?

The Li family's oil business in East Asia has been going smoothly for decades. How could they suddenly encounter troubles?

How could Fu Yechuan suddenly return to China after Mr. Fu was shot to death?

If these are put together, it feels a little weird that can't be ignored.

Su Jin paused in his hand, slowly put down the things in his hand, and looked at her with deep eyes:

"There is no news about the person who went overseas to investigate, just wait a few more days.

Perhaps, Fu Yechuan will be unable to hold back himself. Say it."

Su Nan lowered his eyes, his mind was very confused, and he didn't know what to say for a while.

Everyone around was joking, and only these few were absent-mindedly thinking about their own affairs.

Wen Xiang called them from a distance, Su Jin patted

her on the shoulder and said in a low voice,

"Don't think too much, let's go play first?"

Went with Ning Zhi.

...

a few days have passed.

There was no movement from Fu Yechuan for a long time.

In order to reassure her, Su Jin gave her a few days off to have fun with her friends.

Su Nan was too lazy to go, and threw all the work at hand to Su Jin.

Originally, I planned to take the child to M country to find Shang Qian on vacation, but the child suddenly fell ill.

Seasonal colds are especially important when placed on children.

Su Yifeng was not in good health, so Su Nan went to take care of it in person.

It's really not fun to spend this vacation.

But on the last day of the holiday.

She received a call from Shen Liang.

Kind of weird.

Without hesitation, Shen Liang said directly:

"Mr. Su, I have no other intentions. I have something I want to ask you?"

Su Nan listened to him quietly.

After so many days of fog, I suddenly found a clear direction.

Fu Yechuan did not immediately contact Shen Liang, but wanted a foreign power to take 10% of the shares.

Of course, the conditions given are very favorable, and it is not a loss at all.

But the Shen Group is still a family business after all. Although it is listed, the financing is basically from familiar partners.

Inexplicable foreign forces suddenly joined in, and Shen Liang was not interested in this huge bargain.

But he couldn't understand Fu Yechuan.

chapter 1942

Nosy, the person who knows Fu Yechuan best is Su Nan. The only one who can compete is the Su Group.

So he called Su Nan directly.

Su Nan could probably guess Fu Yechuan's purpose.

It's money laundering.

But what is the picture?

Does the Fu Group still need these now?

They have finally been cleaned up, and now they are starting to get caught up in this kind of thing, no matter how you look at it, it feels weird!

After hanging up the phone, Su Nan sat down quietly.

thinking.

Su Jin's investigation has not yet come to a conclusion, and no one dares to act rashly.

the next day.

Su Nan went to work normally.

After coming out of the meeting early in the morning, Yu Lou brought a cup of coffee in:

"President Su, Mr. Chen from Fu's Group is waiting in the reception room."

Su Nan frowned, "What is Chen Mian doing?"

"It's about laboratory cooperation. This matter."

"I don't care about this matter, let him find my brother."

Su Nan didn't touch his hand, just because he didn't want to have any chance to contact Fu Yechuan.

After all, he is still in the country.

Yu Lou paused, "I've already said it, but President Chen said he wanted to see you."

Su Nan thought about Fu Yechuan's recent developments, and raised his eyebrows:

"Okay, let him in, and tell me in ten minutes. Let him go."

Yu Lou nodded.

It was unexpected that Su Nan could give Chen Mian ten minutes.

Chen Mian thanked Yu in the corridor and entered Su Nan's office.

When Chen Mian was an assistant beside Fu Yechuan, he had more contact with Su Nan.

But after the two broke up, there was no contact.

After Chen Mian succeeded as the president of Fu Group, he saw a lot of pressure.

Although Fu Yechuan was behind him, what Chen Mian was facing was unimaginably heavy.

It's been so long, it seems like I've aged ten years all of a sudden.

Su Nan squinted, and Chen Mian sat opposite with a smile.

"Mr. Su, it's been a long time."

"Mr. Chen is busy, so I don't see you at all occasions."

Su Nan smiled and glanced at Yu Lou, who then came in with two cups of coffee.

Chen Mian smiled embarrassedly:

"Sitting in that position, I know how much President Fu has faced in the first place. It may be easy for President Fu, but for ordinary people, it is really too difficult."

He It's the truth, no exaggeration at all.

Su Nan smiled and looked at him sternly:

"My brother takes care of the project. As you know, I still have to take care of the children, so I don't have time to accept so much work."

Chen Mian nodded, and his face became serious. :

"I know that when President Fu returned to China, he did not interfere in any affairs of the Fu Group.

It is true that he brought the laboratory project, but to the outside world, no one knows that President Fu has anything to do with this project."

Su Nan squinted flashed.

The wind was howling outside, and the weather changed suddenly.

Chen Mian's voice was low:

"The Su Group is the only group that is qualified to accept this project, and President Fu also knows that you have this need."

"Fu Yechuan bought this project just to cooperate with us?

They are all businessmen, not a lucrative business, so Isn't it a little ridiculous?"

Su Nan took the coffee and sipped it lightly.

There was silence for a few seconds.

Only then did I hear Chen Mian's answer:

"Of course there are many foreign companies that meet the conditions, but there is no other choice in China except for the Su Group.

The reason why President Fu bought out directly is because of the most scarce core in this country . Although our research institutes and laboratories are in their own hands, if they really want to contain us, we have no conditions to contend."

chapter 1943

His

attitude of being a puppet Su Nan also became solemn.

She knows what Chen Mian said, but the shortcomings that have been put on the table are not real shortcomings.

Countless companies have begun to compete in core areas and want to compete for the right to speak in the world.

But there is no one that can really compete with foreign countries.

The weakest part of the Su family is the core technology.

That's why Su Jin deliberately wants to create a laboratory, even if it is five or ten years, there will always be a day when it will become a reality.

They got the military project, which means they have a strong platform foundation.

What they want to study is not limited to the military industry.

Chen Mian looked at her, pursed her lips, and said,

"I know, if President Fu comes to talk in person, I'm afraid there will be no chance for cooperation.

But this opportunity, please be sure to seize it."

Su Nan pondered for a few seconds, then He chuckled lightly, his eyebrows turned, his voice was clear and cold:

"To be honest, I always feel that you are setting up a game.

Although I don't know what your ultimate goal is, even if I pay the liquidated damages, I will never do it. Will jump into the trap."

Hearing the refusal in her words.

Chen Mian closed her eyes and leaned back tiredly:

“Did Su always refuse to cooperate because President Fu is sorry for you?”

Su Nan lowered her eyes and smiled:

“I think about it now, last time When Fu Yechuan returned to China, he said he wanted that military project, but it ended up in my hands.

In fact, if we get to the bottom of it now, if Fu Yechuan is strong enough to seize it, it may not be successful.

He didn't fight for the past, either because he had other plans or because of his will.

Chen Mian frowned and looked up at her. Su Nan is different from before , and she can clearly feel it.

She analyzes the despicability and weaknesses of others without any scruples, even if this person had countless entanglements with her at the beginning.

But Every word she said was straight to the point!

“According to Mr. Fu's character, he is not someone who is motivated, maybe he has other plans, right?”

“

Su Nan said this last sentence with a smile.

Chen Mian's face changed a bit. The two didn't speak for a minute. In the end,

Chen Mian sighed.

“Miss Su doesn't believe that Fu always wants to Did it make you happy to give up?”

Su Nan raised her eyebrows and looked up at him.

Obviously, she didn't believe it!

If she believed that Fu Yechuan could give up so much fat for her, she would probably be kicked by a donkey in her brain.

This world could give up her life for her. There is absolutely no Fu Yechuan's name among those who have forgotten to die.

“I don't believe it, I'm not a teenage girl, it's more difficult to believe in a man's selfless dedication!”

Chen Mian chuckled lightly and shook his head.

“Miss Su is really... grown up.” In

just three years, she transformed into another person. She was silent for a moment.

Chen Mian drank the coffee in front of him.

He took a deep breath and looked at her solemnly:

“There are indeed other reasons for giving up that military project.

At that time, Mr. Fu was targeted. If he got that project, he would eventually become someone else’s puppet.

Therefore, he simply did not fight.

Su The group is a piece of iron, and others can’t find the opportunity, that project is right in your hands.”

Su Nan looked at him lightly.

Although there was a strange feeling in his heart, his face was still calm and calm.

“Puppet? Is Fu Yechuan someone who can be a puppet for others?”

She asked with a smile.

chapter 1944

Chen Mian gritted his teeth when he was in big trouble, “Do you remember that daughter An Qi of Xing Zhi from Southeast Asia?”

Su Nan’s face sank.

The series of reactions the name caused made her uncomfortable.

Without any hesitation, Chen Mian said directly:

“After An Qi went back, she took the seat of her father.

Today, she is the largest arms dealer in Southeast Asia.

An Qi’s brother is also a famous money launderer abroad. Taking revenge, this time the goal is to focus on President Fu, and pulling him in is just the first step.”

Every one of Chen Mian carried a very heavy weight.

The more secrets he knew, the more he felt that it was not easy for Fu Yechuan.

He was sitting in Fu Yechuan’s former position, trembling and walking on thin ice.

The closer he got to his world, the more pitiful Fu Yechuan felt.

The woman in front of him will not feel sorry for him and understand him.

When it comes to Fu Yechuan, in addition to hatred, the only thing left is defense.

The breath in the air was a little stagnant and cold.

Su Nan’s face sank in disbelief: “Would Fu Yechuan

be so obedient?”

Chen Mian looked at her with complicated eyes:

“They took Fu Yingying and Ms. Qu Qing, just when President Fu tried to rescue them

. They fell in love with An Qi’s eldest brother and betrayed Mr. Fu’s plan.

Mr. Fu was shot to death, and Ms. Qu Qing was still in their hands.

Even though Mr. Fu was not close to them, the blood relationship was still there and could not be seen.
Can’t help it!”

His voice fell.

The atmosphere in the entire office was completely silent.

Su Nan subconsciously looked out the window.

The treetops were blown by the wind, and the leaves were flying, as if it were cold.

There is a tempestuous rhythm.

Chen Mian sighed and gritted his teeth:

“One more thing, An Qi said before that she was pregnant with President Fu’s child.

But after the child was born, the complexion was dark, and An Qi insisted that the child belonged to him and let President Fu raise it.

Mr. Fu was so angry that he didn’t even do a paternity test, almost strangled the child to death, and finally gave the child back to her.”

Su Nan twitched the corners of his mouth, unable to explain what he felt.

I just thought Fu Yechuan was unlucky too.

The child is not biological!

This An Qi, doesn’t she always like him?

Cuckold him if you like?

Su Nan was silent for a while and looked at him:

“So, what does this have to do with the project? No matter how

pitiful Fu Yechuan is, he is far more powerful than the average person. Could it be that his plan is to mix in the Su Group?

Chen Mian opened his mouth and explained quickly: “

No, there is nothing wrong with this project.

But An Qi’s brother took a fancy to this project and wanted to use this project to launder money.

In this way, the project was destroyed, and the technology was also destroyed.

Fu I always bought the project under another name one step ahead of time, bypassed the Fu Group, and found a platform that will not be threatened by foreign forces and has the ability to do this project well.

Apart from the Su Group, there is no other choice. “

What Chen Mian said was very pertinent.

Su Nan was also a little shaken.

But she didn't agree immediately, because if she accepts this project, she is not sure if there will be other actions from Brother An Qi's side.

Su Nan couldn't figure out whether to cause such a big trouble for himself.

Who is Fu Yechuan who can be easily restrained by others?

Now that it is so roundabout, I am afraid that An Qi's brother is not an easy opponent.

Was he among the people who got off the boat that day on the beach?

She couldn't figure it out.

chapter 1945

You must be good

Chen Mian seems to know Su Nan's concerns.

He looked at her eagerly:

“Mr. Su, you got a military project before, which is equivalent to having a military background. Even if foreign forces want to do something, they still have to be concerned.

What's more, if this project really falls, In the hands of others, foreign forces have no worries, and they will only be used by others!”

Su Nan raised his eyes, smiled, and there was no fluctuation in his eyes:

“I will tell my brother what you said, do you want it in the end? Cooperation, I will not interfere.”

Chen Mian wanted to say something, but Yu Lou, who was outside the door, had already knocked on the door and came in.

He looked at Chen Mian, and then at Su Nan:

“Mr. Su, there is an emergency meeting, I need you to come over...”

Su Nan raised his eyebrows and stood up.

“Then Mr. Chen, I won't accompany you.”

Chen Mian pursed her lips, and could only nod her head, regaining her expression:

“Excuse me, goodbye.” As soon as Chen Mian went to the

office, Su Nan breathed a sigh of relief and sat down. go back.

Yu Lou went out with an empty coffee cup and came in with another one.

“Mr. Su, President Shang’s phone call came in just now. I answered it. Do you want to call me back?”

Su Nan was stunned, and immediately sat up straight:

“Got it.”

Shang Qian valued family more than work. , he doesn’t like to travel on business, it will delay his relationship.

Especially after being with Su Nan, the professionalism is obviously not strong.

After calculating that their assets are more than enough to allow their family to squander their lives.

He disposes of some abandoned projects with great care.

It has only been two days since he went to Country M. He called Su Nan five or six times a day, and he could chat a little when he saw the latest cosmetics in the mall.

Three or four calls were made to Su Yifeng, and in order to make a video with his precious daughter, Su Yifeng directly handed over the phone to the housekeeper.

Su Nan directly showed him a video. Shang Qian was sitting on a chair wearing a black shirt. He was handsome, warm and noble, with a sense of indifference.

Then, he picked up a small delicate box next to him and showed it to Su Nan:

“Baby, I prepared a birthday present for you!”

Su Nan narrowed his eyes, it was a very beautiful bracelet.

The pink diamond above glitters like it’s the latest in this season’s auction.

Her eyes sparkled and she smiled:

“My birthday is still three months away!”

Shang Qian paused and sighed regretfully:

“Why isn’t our baby’s birthday once a month?”

Su Nan’s mood instantly got better.

Shang Qian became more clingy as soon as he went out. He used to be more restrained, but now he treats his wife as unscrupulously clingy.

After the two of them spoke sweetly, it seemed that there was an emergency on Shang Qian’s side.

Just as he was about to end the chat, Su Nan stopped him:

“Wait a minute, five minutes.”

Shang Qian was stunned for a moment, and when he saw Su Nan's serious expression, he nodded without hesitation.

Su Nan briefly explained what he had seen Chen Mian just now, and also talked about Fu Yechuan's current situation.

Looking at Shang Qian's calm face, without any surprise or shock, the stern lines on his face are smooth and straight, the warmth between his eyebrows has faded, and there is a bit of coldness.

Su Nan couldn't figure out what he was thinking for a while.

"I'm telling you this because I want you to be careful over there.

So many coincidences suddenly collided, I'm afraid you will also be affected..."

Shang Qian in the video was silent for a moment .

The corners of his mouth gradually lifted an arc.

"Don't worry, baby cares about me so much, I'll be fine!"

chapter 1946

Shang Qian's attitude without the heart of the Virgin is very light, and it is not that he has not heard about Fu Yechuan.

After all, it is still his tough opponent, of course he is always paying attention.

It's just that he doesn't want to step in and help.

Not only that, but he also promptly withdrew the overlapping projects related to Fu Yechuan.

After all, of course, he was responsible for the An Qi he provoked himself.

How could he help the person who almost killed Su Nan?

When Fu Yechuan was killed, he should have applauded.

But of course he couldn't tell Su Nan about this.

He's too unconcerned, and Miss Su will look down on him.

Watching Su Nan hesitated, worried about him.

Shang Qian smiled: "It can't be said that there is no impact here. There is indeed a force that wants to take the opportunity to use S*F to launder money, but Chengjie discovered it in time.

But it was self-defeating. Chengjie and I plan to take advantage of this opportunity to get rid of the people who are sitting on the mountain..."

It turned out that they had already been affected, but the response plan had already been made.

Su Nan breathed a sigh of relief.

“Okay, as long as you don’t be careless, it has nothing to do with us after all. Fu Yechuan took it upon himself, and I don’t intend to be the Avalokitesvara Bodhisattva to help.”

Shang Qian laughed at her words, and the smile in his eyes was hidden for a while. Can’t hide.

“My wife, you don’t have a Virgin Heart. I’m really happy for you.”

“I’m a businessman, and I value interests the most. It’s

absolutely impossible for me to lose money without enough interests.” A little tired:

“Get busy first, I’m going to discuss it with my eldest brother. After all, it’s a project he values. I won’t intervene, but I’ll never help.”

If it’s a friend, Su Nan has a better chance of helping.

But Fu Yechuan and Su Nan felt uncomfortable when they heard the name.

She couldn’t hope that when she was dying in Southeast Asia, he didn’t lose his own interests to save her.

So why does the selfish Su Nan want to repay her grievances with virtue?

Shang Qian nodded, the matter on his side was so urgent that he had to hang up the video.

after.

Su Nan went to Su Jin and relayed all Chen Mian’s words just now.

Su Jin was silent for a moment, and then he said with mixed emotions:

“I’ll think about it.”

Su Nan raised his eyebrows, “No matter what decision you make, eldest brother, I will support you.” It went on

for a few days.

Meng Xue and Li Suizhou didn’t move much there.

Just one evening, before Su Nan left the company, he received a call from Cheng Yi.

Cheng Yi had been out for a few days, and he didn’t know when he would return.

“Come on, in order to catch the wind, I made a few friends to come and have a drink!”

Su Nan thought about it, but didn’t refuse.

The address was sent, and it didn’t look too far. A newly opened private restaurant, “Big Rich”, was high-end and mysterious.

Although the name has nothing to do with the word high-end.

Hearing Ning Zhi said a few words, but she didn’t pay much attention to it.

When it comes to the “big rich man”, the elegant style that does not match the name is very eye-catching.

The quaint little bridges and flowing water are full of valuable ornaments.

Even the space above is exquisitely embellished.

When Su Nan came here for the first time, he couldn't help but take a few more glances.

All the way to the upper railing, Cheng Yi was lying on it, holding a bottle of wine in his hand to greet her:

“Well, it's just you, your habit of being late really hasn't changed at all!”

He heard Cheng Yi's familiar voice, She looked up, and Meng Xue was standing there smiling and looking at her.

chapter 1947

The acquaintances have

not met for a few days.

The mood got better.

It seems that what happened to Li Suizhou did not have much impact on her.

Cheng Yi said that he found a few friends, and Meng Xue came over, not surprised.

I'm just curious when they got to know each other so well!

Su Nan followed upstairs, wearing a beige plaid dress with a slightly familiar style.

She smiled, “Cheng Ershao, your habit of disappearing for a few days and then appearing suddenly has not changed at all!”

Cheng Yi was delighted and went over to pull her in:

“I went to the Antarctic and saw the aurora, and asked It's not that our old man threatened me, I will never come back so soon.”

Su Nan smiled, Meng Xue behind him followed, the box was already full of people, many people had already started drinking, and there were still people in the room. Sing, lively.

From the group of people, Su Nan saw the familiar Ning Zhi.

Ning Zhi got out, looked at Meng Xue with a smile, and then at Su Nan:

“How do you feel about this place?”

Pointing to the top, how did the whole “rich man” feel?

Su Nan paused, put down the bag in his hand, and found a vacant seat to sit down:

“That’s right, to open this store in a place where every inch of land is expensive, let’s not talk about the general passenger flow, even those big bosses who come out to socialize, I will also choose this place first.”

Meng Xue’s smile deepened, and she was inexplicably happy with Su Nan’s evaluation.

It seems like there is some kind of approval.

Ningzhi: “This is what Miss Meng Xuemeng opened. I didn’t tell you beforehand, but I asked you a few times and you said that if there was a high-level club here, it would definitely make a fortune in a low-key manner. remember?”

Su Nan paused, and suddenly remembered that Ning Zhi had asked a question casually.

She just said it casually.

I didn’t expect that she was asking for Meng Xue? Meng Xue smiled, “I really want to thank you Su Nan . If it wasn’t for your words, I wouldn’t have the courage to open a store here!” He

smiled and shook his head:

“It turned out to be you, you can ask me directly, why did you ask Zhizhi to ask?”

“I was afraid to hear that you disagreed, so I asked Zhizhi to help me find out, but fortunately I didn’t have a choice. Wrong!”

Meng Xue blinked and said with a sigh:

“In a blink of an eye, I have become the boss, this feeling is really amazing!”

Cheng Yi said with a smile, walked over and glanced at her:

“Boss Meng, I heard you The divorce is not going well, do you want to help?”

Meng Xue looked at him: “Can you help?”

Cheng Yi shrugged and smiled, “If you marry me, give him a green hat, or else Can we get a smooth divorce?”

Su Nan and Ning Zhiliao almost spit out the drink in their mouths.

This Cheng Yi was really just a joke and didn’t even close the door!

Unexpectedly, Meng Xue smiled, but nodded seriously:

“What you said makes sense, I can think about it!”

Cheng Yi smiled and patted her shoulder:

“But hiring me to act is very expensive. Yes, you have to prepare a commission!”

Meng Xue glanced at him, not to be outdone:

“What kind of money can’t I pay?” The

two went back and forth, but they were suspicious of bickering.

Everyone was very excited, and it was rare to get together.

At the end of the drink, Su Jin asked Chang Li to take Su Nan and Ning Zhi back.

The rest, don't know anything.

the next day.

Before dawn.

Su Nan and Ning Zhiliao slept directly together, and the phone ringing woke them up...

chapter 1948

is too

boring. Su Nan picked up the phone vaguely, and picked it up without looking at it.

I heard Cheng Yi's anxious voice inside:

"You guys are so boring, why didn't you take me with you when you left last night!"

Su Nan gradually opened his eyes, and Ningzhi met big eyes to small ones.

"What happened?"

Before he could answer, he heard the sound of slamming the door on the phone.

Ning Zhi suddenly sat up.

I heard a familiar woman's voice on the phone:

"Oh, Li Suizhou is really here!" The

phone went off suddenly.

Su Nan looked at her in shock: "What do you mean, that voice just now was Meng Xue?"

Ningzhi nodded gloomily:

"You heard right, it's her!

And Li Suizhou was on the plane this morning, yesterday. When we left in the evening, Meng Xue and Cheng Yi were still drinking together..." No matter how

dull they were, they suddenly realized that the two of them probably had something to do with drinking and drinking!

"The Rich Man" restaurant.

Out of convenience, Meng Xue reserved a private room at the best angle of the restaurant, with a facade decorated like her boudoir.

At that time, this exquisite room was a mess.

Cheng Yi didn't even remember what happened last night. His drunken habit was always in short films.

There will be familiar friends to settle him, or let him sleep in the box.

As a result, those friends came to a new and unfamiliar place, and for a while they forgot him out of the sky!

One night passed, and the next day, when he opened his eyes, he saw Meng Xue sleeping beside him.

Both of them were disheveled, both adults, and even if they drank unconscious, he now knew what had happened.

Cheng Yi's face suddenly did not look good.

To be precise, it is ugly to death!

Not to mention that he was not familiar with Meng Xue, it could only be regarded as an acquaintance.

Even if he knew him well, he didn't have any feelings for Meng Xue!

What's more, she is still a married man and has not divorced yet!

What is this, if the old man finds out, 80% of them will break his legs!

Before Cheng Yi had time to react, there was already an increasingly urgent knock at the door.

As if eager to verify something.

Meng Xue was also awakened by the knock on the door.

She rubbed her eyes and woke up, looking at the scene in front of her, her face paled instantly.

Meng Xue and Cheng Yi looked at each other with big eyes and small eyes, so they couldn't pretend that nothing happened.

That's how the joke from last night came true.

Meng Xue went to the bathroom to clean up, and Cheng Yi simply put on the clothes from last night.

He was really annoyed. After a phone call, he had to scold his friend.

It doesn't matter if others are too drunk, Su Nan and Ning Zhi know that someone has come to pick them up.

Why not pick him up too?

"You are so mean, why didn't you take me with you when you left last night!"

Before Cheng Yi could say enough, he heard the knocking on the door even more intense.

It's like breaking through the door.

Meng Xue came out of the bathroom with a bad look on her face:

"Oops, Li Suizhou is really here!"

Li Suizhou changed his number and texted her, telling her that she would be back today.

But Meng Xue didn't take it seriously at all.

Cheng Yi jumped off the bed in a panic, and was so excited:

"What should we do? What should we do?"

He looked like he had done something wrong.

The two still dare not look at each other face to face.

But now is not the time to be awkward.

Rather than embarrassment, now they have to face Meng Xue's husband's slamming on the door!

It's really bad luck!

chapter 1949

will not make you in charge

Meng Xue panic for a moment, then calm down.

She stood there, staring blankly at the door.

People outside want to come in and see what's going on inside.

I'm afraid Li Suizhou's eyeliner has long been around her.

Huh...

forget it.

so what?

What is there to be afraid of?

Cheng Yi was so frightened that he looked down from the window, terrified:

"Will I die if I jump down?"

Meng Xue twitched the corners of her mouth, her face turned upside down with a bit of arrogance.

Although Meng Shuang is an actress, known as the beauty of ice and snow, but her appearance is only a person with a halo.

Compared with Meng Xue, it was still a little inferior.

Meng Xue is indeed beautiful, otherwise Li Suizhou would not have agreed to marry after seeing each other once.

She is as beautiful as a precious porcelain vase, and it is very eye-catching when placed at home.

At this moment, she looked at Cheng Yi's direction with a slightly sneering expression on her face.

The next second, when the door was about to be pushed open.

She walked over and dragged Cheng Yi down, who was trying to escape by jumping out of the window.

She sneered viciously:

“Is it worth taking a life? Don’t worry, I won’t let you be responsible. Hide inside, Cheng Ershao!”

She almost gritted her teeth, and then closed the door with her backhand. .

It was the first time Cheng Yi faced such a thing.

Inexperienced, I stood inside uneasy, at a loss for a while.

He also felt that his performance was too embarrassing.

If Qin Yu and Su Nan knew about this, it would be enough to laugh at him for a lifetime!

Meng Xue outside had already opened the door.

Looking at Li Suizhou outside, her face was as cold as ice, Meng Xue suddenly felt a little joy in her heart.

The feeling of revenge turned out to be so cool!

She should have found some little fresh meat earlier to put a green hat on him!

Who says the abused in marriage has to be a woman?

Men deserve it!

There was a bit of distraction and ridicule in her eyes, and her beautiful face was a little alienated:

“What are you knocking on? My door is so expensive, and you will pay me if you knock it down?”

Li Suizhou’s face showed the exhaustion that he had not rested all night. But his black eyes were dark and deep, and he couldn’t see what emotions were hidden in those eyes at the moment.

But after all, it’s not a good mood.

Of course, Li Suizhou didn’t have to knock on the door himself. The one who knocked on the door was the person he took with him.

At this time, the two bodyguards retreated behind Li Suizhou.

I hope Meng Xue understands that they are doing what they are told.

Li Suizhou’s eyes stared at her face, and the emotions in his chest went up and down.

He wanted to say something, but couldn’t.

What I heard and what I saw was all true.

“Who is it?”

he asked through gritted teeth.

The blue veins on his forehead were tensed, and the expression was extremely terrifying.

Meng Xue stood there and smiled casually:

“What day did you say?”

One sentence made Li Suizhou’s expression even more ugly!

Seeing that her bright smile was particularly annoying, Li Suizhou suddenly stretched out his hand and pinched her neck:

“Meng Xue, did you do it on

purpose? Did you intend to take revenge on me?

You are so cruel, I have already I’m wrong with you, I wanted to live a good life with you, but that’s how you treated me?” The

rage made him lose his mind.

Especially when he saw Meng Xue coming out disheveled, with a bit of blush on her charming face, and her casual attitude, he knew that this marriage was the only one who was struggling to maintain it.

How could he be reconciled?

Meng Xue’s strangled neck stepped back, her face turned pale

chapter 1950

The strength of Meng Xue’s green hat is not worth mentioning at all compared to Li Suizhou.

Li Suizhou didn’t notice her change, his brain had long been dazzled by rage, and his eyes were fiercely pitch-black.

“Tell me, what do you want me to do?

How can you forgive me?

You are indeed a spoiled eldest lady, not as obedient as your sister. Meng Xue, you succeeded!”

Meng Xue couldn’t help but look up. Cough with head.

This force seemed to drag her into hell.

next second.

The bathroom door suddenly opened.

Cheng Yi went over with a sullen face and pushed Li Suizhou away.

Li Suizhou didn’t expect the people inside to dare to do this, and staggered back to the back.

Seeing the people inside, Li Suizhou’s face sank completely.

The bloodthirsty light in his eyes became even more tragic.

Without hesitation, he raised his fist towards Cheng Yi.

But Cheng Yi's guilt at the beginning was swept away, he suddenly twisted his arm and slammed into the wall!

He followed Su Nan as a Sanda teacher since he was a child. Although he was a bit lazy, who made his starting point high?

Li Suizhou suffered a loss from his subordinates, and his face was even worse.

Just as he was about to fight back, he heard Meng Xue coughing uncomfortably while clutching her neck. The next second, she retched in the other direction!

The two were attracted to the attention.

Li Suizhou suddenly remembered that he had done something to her, and the cyan fingerprints on her delicate neck were his achievements.

Immediately, his face was ugly and guilty.

Just as she was about to step forward to look at her, Meng Xue took a step back in fright.

Li Suizhou's eyes were cold and difficult, and he hesitated to speak.

He withdrew his hand.

In a very light tone: "Come here, we need to talk about our affairs..."

Cheng Yi stood in front of her and chuckled lightly:

"Mr. Li doesn't seem like a good talker, and he fights as soon as they meet. Woman, you have really learned a lot!"

"Our business has nothing to do with you, Cheng Yi, I will definitely settle the account with you!"

Li Suizhou gritted his teeth, wishing to tear him apart!

For the first time in his life, he was so angry.

Lungs are about to explode!

I never thought that the person in Meng Xue's room was actually Cheng Yi!

If it was an ordinary man, he could handle it easily.

But Cheng Yi is the precious pimple of the Cheng Group, and it is really tricky to move him!

But it doesn't mean that he will pretend not to know, it will definitely make Cheng Yi pay the price!

Cheng Yi also knew that it was inappropriate, so he was at a loss.

But I don't see anyone hitting a woman.

next second.

Meng Xue put her hands on her sincere arms, ignoring the bruises on her neck, and said with a sneer, "How could it have nothing to do with him?"

Li Suizhou, we are divorced, and Cheng Yi is my future husband.

Let me tell you, I don't think for a moment. I 'll bear with you any longer.

Either you go to the Civil Affairs Bureau with me now, or I'll tell the media that I cheated on your domestic violence, and everyone will be ruined!"

Li Suizhou was completely shocked by her words.

Did she even risk her own reputation to ruin this marriage?

The air solidified inch by inch.

Li Suizhou's eyes were permeated with a gloomy chill, and he stared at her stubbornly.

The three stood there, and no one spoke first.

No one has broken this silence.

Finally, the two bodyguards at the door noticed that it was not good.

One of them came forward:

"Mr. Li, it seems that a reporter is here..." The reporter came.

They can't hide their affairs.

fair enough.

Li Suizhou looked at Meng Xue, and his whole person had never had such complicated emotions.

She is obviously just a good-looking marriage partner, why do you have so many emotions in her?
