

Divorce 1941

Chapter 1941: How did Your Father Die

Who Was Mrs. Gu and Wang Hongxia This scene immediately gave her a clue. She quickly took over Xi Muru's words. "Mrs. Dongfang, look at what you said. You guys go ahead first. I have other friends to meet. I'll contact you again when I'm free. "

After Mrs. Gu said this, she immediately walked towards the door. When she passed Fang Xiao, she looked at her with a complicated gaze, and that gaze instantly made Fang Xiao's heart jump.

So she had always believed that Mrs. Dongfang was Gu Chenchen's mother. Then why did she come to New Jersey five years ago to look for her Could it be that she had been helping her daughter clear the obstacles on the path of love at that time?

Before Fang Xiao could figure it out, Xi Muru was already calling out to her. "Fang Xiao, come and sit. Yun Heng's father and I don't look like dinosaurs, right? And you're so scared that you don't dare to come over? "

Fang Xiao was hesitating whether to walk over or turn around and quickly escape. At that moment, the door of the private room was pushed open again. Dongfang Yunheng walked in from the outside and quickly came to Tian's side.

"Don't worry. My parents don't eat humans. They only eat vegetables, fruits, and edible animals. " Dongfang Yunheng held her hand He whispered in her ear, "so you don't have to worry. You'll definitely walk out of here safely tonight. "

Dongfang Yunheng's last sentence clearly contained a teasing smile, but Fang Xiao couldn't smile no matter how hard she tried. Her hand was tightly held by Dongfang Yunheng, so she could only mechanically follow him.

Dongfang Yunheng's parents looked extremely young. If she hadn't just found out that these were Dongfang Yunheng's parents, Fang Xiao would have mistaken them for Dongfang Yunheng's older brothers and sisters.

"Chairman Dongfang, Mrs. Dongfang, I'm Fang Xiao, " Fang Xiao finally calmed herself down and introduced herself to Dongfang Yunheng's parents.

Dongfang Mo looked at Fang Xiao from top to bottom and gave his son an appreciative look. Then, he looked at Fang Xiao and said with a smile, "have a seat, Miss Fang. Yun Heng, sit with Miss Fang. "

Xi Muru called the waiter over and asked him to serve tea. At the same time, she told him that the dishes could be served. Her guests were all here.

Fang Xiao carefully sat down beside Dongfang Yunheng. She lowered her head and did not dare to look at the Dongfang Mo couple. Her heart felt like a little rabbit that was constantly running and jumping. The meeting had just begun.. She was already looking forward to the end of the meeting.

Dongfang Yunheng's mother, Xi Muru, took good care of herself. In the blink of an eye, she looked to be in her early forties. Dongfang Yunheng was already 27 years old. He had an older sister, so it was impossible for Mrs. Dongfang to be in her early forties.

Compared to Dongfang Mo's amiability, Xi Muru did not have much of an expression on her face. She was very polite to Fang Xiao. After taking a sip of tea, she began to ask Fang Xiao.

"I heard that your mother was killed by a car when the Fang family went bankrupt?"

"Yes," Fang Xiao answered simply, but she did not explain much about the cause of her mother's death or the situation that day.

"Your father seems to have died of an illness?" Xi Muru asked again.

"Yes, uremia," Fang Xiao still answered truthfully. "Back then, he had surgery, but the surgery did not succeed in saving his life."

Chapter 1942: Whose Child Did you miscarry

"It's said that when your father was hospitalized, you were already out of money. Then, where did you borrow the money for your father's surgery and kidney?" Xi Muru's expression did not change much, but this question hit the nail on the head.

Fang Xiao was immediately stunned because she never dreamed that Mrs. Dongfang would ask this question, and this question was obviously something that she could not answer, or even answer.

"Mother, Fang Xiao met me at that time. After I found out about her father's condition, I lent her 500,000 yuan." Dongfang Yunheng quickly took over Xi Muru's words and helped Fang Xiao out.

"Oh, I see." Xi Muru looked meaningfully at Fang Xiao, then she glared at her son. "I didn't ask you. Is this a question?"

Fang Xiao's heart tightened instinctively. The teacup in her hand shook involuntarily. The transparent glass was filled with Pale yellow tea. The Green Biluochun rippled at the bottom of the cup. The tender green color surged with the surging water. It was as if the pain and bitterness in her heart were about to spill out.

"Alright, alright, hurry up and eat your food. If you don't eat, it will be cold." Dongfang Mo quickly beckoned his wife over, and then said to Fang Xiao's own son, "eat first, we'll talk as we eat."

"Miss Fang, it's said that you had a miscarriage before you married Qiu Yitang, right?" Xi Muru asked indifferently after eating two chopsticks of food.

Fang Xiao was stunned instinctively. She had actually thought that Dongfang Yunheng's mother would ask her a lot of questions, but of course, one of them would definitely include the question of her having a miscarriage, because many people knew about it on the day of her miscarriage. Moreover, it was the incident that happened at Gu Chenchen's uncle's house. It was impossible to hide and cover it up.

However, just because she thought about it did not mean that she knew how to answer. Therefore, when Xi Muru asked her, she was still stunned for half a second before she nodded and answered truthfully, "Yes. "

"Then, is the child you miscarried Qiu Yitang's?" Xi Muru asked again. When she saw her son, Dongfang Yunheng, frowning, she asked, "is it Qiu Yitang's?" She quickly added, "I didn't mean anything else because although your wedding with Qiu Yitang went wrong at that time, you were still Qiu Yitang's fiancée before that, right?"

"No," Fang Xiao bit her lips lightly and finally answered truthfully.

Of course, she could also say that she was Qiu Yitang's fiancée. After all, she was Qiu Yitang's fiancée and almost had a wedding with Qiu Yitang. In today's society, it was no longer strange for fiancées to be together.

However, she did not want to lie to others. Moreover, there was no such thing between her and Qiu Yitang, and she did not want to push this kind of thing onto Qiu Yitang.

"It's not Qiu Yitang's?" Xi Muru's expression immediately darkened. The expression on her face when she looked at Fang Xiao obviously changed. "Then, Miss Fang, do you know whose child you aborted is?"

"I don't know," Fang Xiao answered truthfully. Then, she lightly bit her lips and glanced at Dongfang Yunheng. She added, "last year, the night before the Fang family's accident, I encountered the pornographic photos at Windsor Hotel. I think that the child is probably the man's."

Dongfang Yunheng's chopsticks that were in the air suddenly stopped. He slowly turned his gaze over and stared at Fang Xiao. His lips trembled. If his parents were not present, he would definitely hug her tightly.

Chapter 1943 he did not expect the child to be his

He remembered the day she miscarried, and he knew the consequences of her miscarriage, but he never dreamed that the child she miscarried was actually his own.

Xi Muru did not notice the change in her son's expression, because she kept her head down and silently picked up the food, but she did not put it into her mouth for a long time. It was obvious that she could not accept Fang Xiao's truth.

She knew about the matter between Fang Xiao and Qiu Yitang. She was not the kind of mother-in-law who had traditional ideas. Because she had experienced some things herself, she could still understand the relationship between Fang Xiao and Qiu Yitang.

Initially, she had a prejudice against Fang Xiao. After all, she had almost killed her son five years ago. However, Dongfang Mo advised her. Coincidentally, today, Dongfang Yunheng came back and told her about Fang Xiao Meeting Mrs. Dongfang five years ago. Therefore, she instinctively felt that Fang Xiao's breakup with Yun Heng back then was probably not truly heartless.

Tonight's facts proved that there was indeed someone playing tricks back then. Therefore, she began to forgive Fang Xiao's behavior five years ago in her heart. She thought that as long as her son liked her and loved her, there was no need for her as a mother to stand in the middle.

However, who knew that Fang Xiao would say such a thing now? She had a miscarriage once and did not know whose child it was. It was said that at that time, more than one man had entered her room at Windsor Hotel.

She knew that Fang Xiao was a victim. From the perspective of a woman, she should sympathize with her. However, sympathy was sympathy. If she was to be her daughter-in-law, it would be too unfair for her son.

Yun Heng was different from Yun Zai. Yun Heng was a womanizer. There were a lot of women outside, but Yun Heng was a child who loved the past. Moreover, he had always loved himself since he was young. He and Gu Chenchen had been dating for five years, but they had never been together. He was usually very polite and gentlemanly to the women outside, and there were no messy matters.

After Fang Xiao's last sentence, everyone in the room stopped talking. Fang Xiao's originally nervous mood actually calmed down.

The atmosphere suddenly became extremely heavy. Even the originally amiable Dongfang Mo's chopsticks were obviously frozen for a moment, because the things that Fang Xiao had said were things that he had never thought of.

When Dongfang Yunheng saw this situation, he immediately put down his chopsticks and grabbed Fang Xiao's hand. Then, with a smile on his face, he said to his parents, "mom, Fang Xiao has already told me all these things, and that incident wasn't her fault in the first place. She was also framed by Qiu Yitang and his woman outside. I've never cared about this matter."

"Yun Heng," Xi Muru couldn't help but call out to her son. She was very dissatisfied with his magnanimity at this moment. Didn't he know how many men the woman he was about to marry had?

It was said that there were three men in the erotic photos sect, and Fang Xiao was married to Qiu Yitang. It was natural for Qiu Yitang to want to touch Fang Xiao. This was not something that could be bothered with.

"Mom, it's me who wants to live with Fang Xiao, not you." Dongfang Yunheng looked at his parents and said, "So, Dad, mom, if you still want to say these things that embarrass Fang Xiao, then I will take her away now."

"Yun Heng, look at what you said. Hurry up and get some food for Miss Fang." Dongfang Mo immediately changed the topic. Then, he used his hand to gently touch Xi Muru's arm, indicating for her to stop talking.

Chapter 1944: I'll take the car back myself

Fang Xiao was not a fool. Dongfang Mo's change of topic and expression made her clearly see that Dongfang Mo's face was still amiable and amiable, but at this moment, his amiability was extremely

formulaic And this formulaic expression was already giving people a feeling of being a thousand miles away due to being overly polite.

“Come, come, Miss Fang. This GINSENG and shredded bamboo chicken soup is not bad. Drink more.” Xi Muru also very politely gave Fang Xiao the soup with a spoon. At the same time, she said to her son, “Yun Heng, don’t just focus on eating by yourself. Put some food in Miss Fang’s bowl.”

This time, Fang Xiao did not have to be nervous at all. She had predicted that things would develop to this stage, so there was nothing to regret. Instead, it was Dongfang Yunheng who had a gloomy face.

Fang Xiao used her hand to pull on Dongfang Yunheng’s arm, hinting that he should not get into a conflict with her parents. Moreover, if it was because of her that his relationship with her parents had soured, that would be really bad.

Thus, the meal was carried out in silence, and it was eaten very quickly. Xi Muru’s phone rang twice. She got up to answer the phone outside the private room, while Dongfang Mo remained silent.

Dinner finally ended. Fang Xiao got up to leave. Of course, Dongfang Yunheng wanted to send her off, but he was stopped by Xi Muru.

“Yun Heng, we still have things to do. Your uncle Liu Hao was just hospitalized,” Xi Muru looked at her son Seeing that he did not say anything, she added, “Uncle Liu Hao has always cared for you guys. Now that you’re hospitalized, you should at least go and take a look, right? Yun Zai can’t make it back in time. Aren’t you going to Bincheng too?”

When Yun Heng heard this, he hesitated for a moment. Then, he looked at Fang Xiao and then at his parents. Finally, he mustered up the courage to say, “Dad, mom, I’ll send Fang Xiao back before going to the hospital. Right now...”

“You should come with us,” Dongfang Mo cut off his son’s words and then quickly added, “just now, your mother said that we would go together on the phone. Mu Yao is already on her way.”

Seeing that his father had said so, Yun Heng could not insist anymore. So, he nodded and said to Fang Xiao, “then, Xiao Xiao, wait here for a moment. I’ll get Xiao Wu to drive you back. He should be fine now.”

“No need. I’ll just take a taxi back myself.” Fang Xiao rejected Dongfang Yunheng’s suggestion indifferently Then, she quickly explained, “it’ll take a long time to get assistant Wu to drive over, and the time I use to wait for a taxi is enough for me to get home.”

“Then, you have to be careful.” Dongfang Yunheng saw that Fang Xiao was insistent, so he didn’t say anything more When he sent her to the door, he reminded her again, “you have to get a taxi back. Don’t take the bus. The bus is too slow. Also, I’ll come over tonight. Wait for me at home.”

Fang Xiao nodded. She found him wordy, so she quickly said to him, “okay, I got it. Hurry up and go back. Your parents are still waiting for you in the private room. Don’t let them wait for too long.”

After saying that, Fang Xiao immediately walked out of the door of Jun Yue Xuan. Then, she quickly ran toward the avenue outside Jun Yue Xuan because there were bus stops and taxi stops there.

Dongfang Yunheng saw that she had already walked out. Then, he turned around and walked upstairs to the northern scenery private room. Actually, he knew that his mother said that Uncle Liu Hao was in the hospital as an excuse. Her purpose was to leave him alone.

Chapter 1945: There was only one male lead in chapter 1945

However, when he reached the staircase on the second floor, Dongfang Mo and Xi Muru had already come out. When they saw him, they immediately said, "hurry downstairs. Mu Yao just called and said that your uncle Liu Hao's condition is quite serious. It seems like he needs surgery or something. "

"Ah?" Dongfang Yunheng was obviously stunned for a moment. Then, he quickly followed his parents down the stairs from the back. At the same time, he muttered, "so it really is uncle Liu Hao who is sick. "

"Do you think that your mother and I are lying to you?" Dongfang Mo glared at his son. He said unhappily, "although your mother and I don't agree with your marriage with Fang Xiao, we wouldn't go so far as to make up such a lie to lie to you, would we? "

"Why don't you agree?" Yun Heng walked towards their car with his parents and asked in return, "how is Fang Xiao not satisfactory to you? "

"She once went out for erotic photos. I think you should know about this," Xi Muru answered her son's question. Then, she sighed and explained to her son, "Yun Heng, I won't say anything about Fang Xiao marrying Qiu Yitang, but according to what I know, three men went into Fang Xiao's photo shoot that night, and she didn't even know which man she was pregnant with. Tell me, this... .. What is this?"

"Mom, Fang Xiao and Qiu Yitang are officially married, and they were legally married for more than two months. Even if something happened between them, it's understandable," Yun Heng answered his mother by biting his lips.

"I told you not to mention that she married Qiu Yitang." Xi Muru was slightly dissatisfied with her son's attitude. "Your Mom, I'm not senile yet. Do I need you to remind me about this? "

"If that's the case, then I'm relieved." Yun Heng let out a long sigh of relief. Then, he looked at his mother and said, "then I can tell you that there was only one man on the night of Fang Xiao's erotic photo scandal last year. It was not the rumored three men. "

After saying that, Dongfang Yunheng immediately turned around and walked to his car. He did not explain much to his parents who were standing by the car.

"Hey, how do you know if there's one or three?" Xi Muru shouted at her son who had already walked away. However, after she shouted, Dongfang Yunheng had already gotten into his car. Obviously, he would not answer her question.

"Look, your son is just like you." Xi Muru saw that her son was ignoring her, so she turned around and vented her anger on her husband, Dongfang Mo..

Dongfang Mo could not help but laugh when he heard Xi Muru's words. He helped her open the car door and helped her get into the car. Then, he explained softly, "didn't you hear what my son said? There's only one man in Fang Xiaoyan's photo, not three. "

“What do you mean?” XiiMuruu’s brows furrowed slightly. Shee could not help but ask herself, “how does he know that there’s only one man and not three?”

Dongfang Mo glared at her and then said Snappily, “Xi Muru, did you really enter dementia ahead of time? You can’t even understand such a simple question?”

Xi Muru was stunned for a moment before she reacted. Then, she looked at Dongfang Mo and opened her eyes wide. She said uncertainly, “you mean... the male lead in the erotic photo is our son?”

Chapter 1946: Fang Xiao, can we talk

Dongfang Mo rolled his eyes at her and quickly started the car. He did not answer her idiotic question at all. His son had already made it so clear, but she was the only one who was slow to react.

“okay, I really don’t understand the two of them.” Xi Muru finally sighed. Then, she turned to look at her husband and said, “Ah Mo, could that Fang Xiao be angry tonight? Why don’t I call Yun Heng and ask him not to go to the hospital for now? It’s better to hurry back and coax Fang Xiao. Liu Hao’s illness is actually not that serious.”

“Fine, forget it. We’ve already given up on singing. It’s better for him to go to the hospital to see Liu Hao before he goes back. It’s not that much of a difference anyway. They have a lifetime to be entangled with each other.” Dongfang Mo rolled his eyes at his wife again. She really changed just like that.

Xi Muru saw him rolling his eyes at her, so she followed suit and glared at him. Then, she muttered, “fine, don’t I still feel sorry for my son?”

Dongfang Mo could not help but laugh when he saw her like that. Then, he sighed softly and said, “alright, don’t feel sorry for your son. Yun Heng is still stable no matter what. The one who really gives you a headache is in Singapore. You should worry more about him.”

Mu Ru’s head really hurt when Dongfang Mo mentioned it. Yun Heng Wasn’t an easy kid to deal with. He was always fooling around outside.

Fang Xiao walked out of the Grand Hyatt Hotel. She originally wanted to take the bus back to the heavenly cloud pavilion because she wasn’t in a hurry. Moreover, she was certain that Dongfang Yunheng wouldn’t be able to return to the Heavenly Cloud pavilion tonight.

She would be leaving early the next morning. Her luggage was almost packed, so it wouldn’t matter if she went back earlier or later. To her, it was meaningless.

However, just as she walked to the side of the road, a car suddenly stopped in front of her. She frowned instinctively and immediately dodged to the side, preparing to walk towards the bus stop in front.

However, the door of the car was pushed open at this moment. A slightly familiar voice came from the driver’s seat. “Fang Xiao, it’s you? Why are you here? I thought I saw wrongly.”

Fang Xiao turned her head to look at the driver’s seat of the car. It was true that enemies did not have a wide road. She did not expect to have such a chance encounter with Qiu Yitang just because she wanted to take the bus from Jun Yue Xuan.

She did not want to talk too much with Qiu Yitang, so she glanced at him and continued to walk towards the bus stop. However, before she could walk a meter, Qiu Yitang, who had pushed open the car door and caught up with her, caught up with her.

“Fang Xiao, can we talk?” Qiu Yitang grabbed her wrist and looked down at her. He said gently, “I really just want to talk to you, about you, about me, about the two of us...”

“President Qiu, there’s nothing to talk about between us,” Fang Xiao quickly interrupted Qiu Yitang. Then, she said a little irritably, “I’ve told you many times not to come to me again. There’s nothing between us anymore. Why do you...”

“Fang Xiao, I found a row of corneas,” Qiu Yitang quickly interrupted Fang Xiao’s words. Then, he hurriedly said, “this row of corneas was donated by a leukemia girl in City G. This leukemia girl is only 19 years old. Her eyes are very bright, and the corneas in her two eyes can be used to replace the corneas of six people. I helped you get a spot.” “...”

Chapter 1947 I know that she is a kind-hearted person

“Hehehe, what’s the use of you doing this?” Gu Chenchen walked over from the side and looked at Qiu Yitang who was in a sorry state. She snorted coldly and said, “do you really think that you can win Fang Xiao back with your sincerity?”

Qiu Yitang glanced at Gu Chenchen and frowned slightly. He said indifferently, “you don’t have to be sincere. Don’t tell me you are still using tricks? I want to marry her again and live with her for the rest of my life.”

“Haha, you’re dreaming.” Gu Chenchen’s lips curled into a mocking smile. Then, he said coldly, “last year, I helped you get her to marry you. You didn’t know how to cherish it and even blinded one of her eyes. Do you think she’s a big fool? Why would she come back to eat you again?”

“I don’t know if she’s a big fool or not, but I know she’s a kind-hearted person.” Qiu Yitang looked at Gu Chenchen. After a long while, he said, “Miss Gu, I originally wanted to cooperate with you. After all, if you marry Dongfang Yunheng as soon as possible, I’ll have a better chance of chasing after Fang Xiao. But you said that you wanted to use some methods that day. I think...”

“Qiu Yitang, I know that you are trying your best to show your sunny side in front of Fang Xiao. Unfortunately, you have left too many dark side for her in the past. So, now that you want to make up for it, I think...”

“whether I make up for it or not is my own business,” Qiu Yitang quickly cut off Gu Chenchen’s words. Then, he looked at her and said, “Chenchen, you’d better hurry up and marry your fiancé, Dongfang Yunheng. As for my matter with Fang Xiao, you don’t have to worry about it. I know what to do.”

After saying that, Qiu Yitang immediately turned around and walked to his car. He did not pay any more attention to Gu Chenchen who was still standing by the roadside, and he did not intend to pay any more attention to her.

He thought that Dongfang Yunheng definitely did not know about Gu Chenchen's dark side. If he knew, he would definitely not want her. Of course, he would not be stupid enough to tell Dongfang Yunheng about Gu Chenchen's dark side. Because if Dongfang Yunheng broke off the engagement with Gu Chenchen, it would be even more disadvantageous for him.

Yesterday, Gu Chenchen had approached him to discuss a collaboration, asking him to chase after Fang Xiao as soon as possible and even allowing Fang Xiao to marry him in a very short time. Initially, he was quite happy when he heard this, but after Gu Chenchen said that method, he immediately denied it.

Fang Xiao had already become riddled with injuries because of him and had even lost one eye. He could not let her suffer any more harm. Even if that kind of harm was more advantageous to him and could allow him to marry Fang Xiao faster, he was unwilling to accept it.

Gu Chenchen watched as Qiu Yitang's car disappeared into the traffic. Her face instantly darkened. She only found out an hour ago that Dongfang Yunheng had actually brought Fang Xiao to Jun Yuexuan to meet his parents tonight.

She was almost driven mad. She hurriedly drove over, but she did not manage to catch up with Dongfang Yunheng and Fang Xiao. Instead, she saw Fang Xiao and Zheng Zihao, Qiu Yitang, and the other two standing by the roadside.

She and Qiu Yitang had just met last night. They had talked about destroying Fang Xiao and Dongfang Yunheng and letting them each obtain their own happiness. They could have formed an alliance.

However, Qiu Yitang used to be ruthless when he was with Du Caiwei. Now that he was no longer with Du Caiwei, he had become indecisive. He even had to pretend to be a bright young man.

Chapter 1948, what it meant to be unfamiliar with the place

Sunshine Who didn't want sunshine All these years, wasn't she always sunshine in front of Dongfang Yunheng Wasn't she always a healthy image Even for him, she restrained her wild side and showed him a pure and pure woman who loved herself.

However, what ended up in the end She was abandoned by Dongfang Yunheng. Dongfang Yunheng wanted to break off the engagement with her and marry that woman called Fang Xiao.

What was so good about that woman, Fang Xiao She had a sex scene with Qiu Yitang before she married him. It was said that she had sex with a few men that night and had a miscarriage before she married Qiu Yitang.

Such a woman only knew how to act in bed. It was just that when she saw Dongfang Yunheng again, she took the initiative to climb into his bed. Thus, she was treated like a treasure by Dongfang Yunheng.

Dongfang Yunheng had always been chaste and self-loving, so she restrained herself very well. In order to be able to match up to her, she had always shown herself as a jade lady in front of him.

But who knew that he was now stuck with that Fang Xiao all day long. If she had known that he was also very interested in that aspect, why would she have endured so much for the past few years?

Now, it was that woman, Fang Xiao, who had taken the initiative, so how could she be willing to admit defeat just like that?

Dongfang Yunheng was hers. This was what she had determined since she was young. Five years ago, she could drive that woman, Fang Xiao, away from Dongfang Yunheng, and five years later, she could still drive this woman away.

“where do you want to go?” Zheng Zihao drove the car and looked sideways at Fang Xiao, who was sitting in the passenger seat. Without waiting for her answer, he asked again, “Oh right, why are you outside the Junyue Xuan Hotel tonight?”

“tonight... I was passing by there.” Fang Xiao thought about it, but she didn’t tell him about her time at the Grand Hyatt Hotel because she was leaving tomorrow. The job at the flower and grass company had been finalized, and she was going to report tomorrow.

Of course, Zheng Zihao didn’t believe that Fang Xiao was passing by, but he didn’t continue to ask this question. Instead, he quickly changed the topic, “by the way, Fang Xiao, I’m going to Singapore in two days. Do you want to go? Your English is so good, so it’s easier to find a job there.”

“Singapore?” Fang Xiao’s heart skipped a beat instinctively. She turned to look at Zheng Zihao and carefully asked, “can I find a job in Singapore? I’m not familiar with the place.”

“What do you mean by not familiar with the place?” Zheng Zihao could not help but laugh when he heard Fang Xiao’s words. He turned to look at her and said, “am I not going to Singapore? It’s rare that you’re not familiar with me.”

“But...” Fang Xiao pondered for a moment before shaking her head and saying, “forget it. My brother is still in Binhai. If I go to a place as far away as Singapore, it would be inconvenient to see my brother.”

Zheng Zihao only remembered that she had a brother when he heard her say that. He nodded and sighed. “That’s true. Your brother can’t leave you. Why don’t you bring your brother to Singapore too?”

“Ah?” Fang Xiao instinctively exclaimed. She widened her eyes and looked at Zheng Zihao. She couldn’t help but frown and ask, “can my brother go to Singapore? I’m worried that he won’t be able to get a visa?”

“This, let’s try.” Zheng Zihao was just casually saying that, but after hearing Fang Xiao’s question, his interest was piqued. So he said, “If you and your brother want to go to Singapore, then I’ll help you ask around. It shouldn’t be a problem for you to get a visa. As for your brother, I want to find some connections, so he should be able to get it.”

Chapter 1949 I live nearby

Fang Xiao’s heart skipped a beat. In fact, Zheng Zihao’s suggestion was quite good. If she and her brother could go to Singapore, then she could stay away from Qiu Yitang and Dongfang Yunheng.

However, going abroad was not a small fee. So she thought for a moment and said, “Zihao, it’s not easy to go abroad, and my brother’s situation is so special. I’d better discuss it with my brother and ask his teachers and coaches, because his future is very important.” “...”

Zheng Zihao also felt that what she said made sense, so he nodded and said, "okay, then. You go and discuss with your brother's school in the next two days. If it's possible, inform me as soon as possible, and leave the visa processing to me. "

Fang Xiao nodded and didn't say anything more. Of course, she knew that Zheng Zihao was doing it for her own good, but she couldn't accept such a good thing. However, she didn't explicitly refuse at this moment because she was going to leave Binhai tomorrow to go to work somewhere else.

"Zihao, pull over. I live nearby. " Fang Xiao saw that Zheng Zihao's car was already near Yunxiao pavilion, so she immediately asked him to stop the car. She could just walk over later.

"where is nearby? " Zheng Zihao was a little dissatisfied with her words He couldn't help but ask, "Fang Xiao, even if we're not in a relationship, we're still friends, right? Do you even have to hide where you live from me? Don't tell me that I'm a big devil in your heart, so you want to hide from me? "

Fang Xiao was speechless. Zheng Zihao was certainly not a great devil in her heart, but she just did not want him to know about her relationship with Dongfang Yunheng.

Therefore, after pondering for a while, she said, "actually, my place will only stay until tonight. I won't be staying there tomorrow morning. I have to report to the new company... "

"since you are only staying for tonight, why don't you move out tonight? " Zheng Zihao rolled his eyes at her and said, "anyway, you will leave tomorrow morning. What's the difference between that and leaving now "It just so happens that I have a car. Where are you going? I'll send you there tomorrow morning. Why don't you stay at my apartment for a night or find a hotel near my apartment for a night? "

"well... that's fine too. " Fang Xiao pondered for a moment and agreed to Zheng Zihao's suggestion.

It was already past ten o'clock in the evening. She went back to pack her luggage and left after midnight. It could be considered that she and Dongfang Yunheng had kept the agreement to the last minute.

As for the ending of Dongfang Yunheng bringing her to meet her parents tonight, she already knew very well. A woman like her, a wealthy family like the Dongfang family, was simply impossible to accept.

As the saying goes, a person has to know his own worth. Although she wasn't expensive, she still knew her own worth. Of course, she wouldn't daydream like that. She would only silently accept the heartless reality.

"Then where do I park my car? " Zheng Zihao saw that she agreed, and the Heavenly Cloud pavilion was right in front of him, so he turned to look at her and asked.

He knew that Fang Xiao lived in the heavenly cloud pavilion. The last time he sent her back, he followed her and saw her enter the Heavenly Cloud pavilion. At that time, he was really shocked because he didn't expect that she would live in such a luxurious place like the Heavenly Cloud pavilion.

However, later, he found out that she lived on the 39th floor of the Cloud Sky Pavilion, and the 39th floor was Dongfang Yunheng's place.

Chapter 1950. He did not return to the Heavenly Cloud pavilion

He did not investigate the relationship between Dongfang Yunheng and Fang Xiao. Of course, it was not impossible to find out. He just did not want to investigate further.

Since Fang Xiao said that she could leave this place tomorrow, he believed that her relationship with Dongfang Yunheng should be over. Since it was over, what was the point of investigating the past?

He was not a fool. Fang Xiao did not have that kind of interest in him. He knew this in his heart. However, he thought that relationships needed time to develop. He believed that as time passed, people would naturally have feelings for each other.

“You can park here.” Fang Xiao pointed at the roadside. Because this place was only about three hundred meters away from the Heavenly Cloud pavilion, she had better walk there and take a detour from a small street nearby.

In fact, she felt that her actions were a bit like trying to steal a bell from her ear. Zheng Zihao might have known that she was staying at the Heavenly Cloud pavilion long ago. It was just because he was concerned about her face.

However, whether it was trying to steal a bell from her ear or deceiving herself or others, she still did it. Although she felt that it was a bit funny, she still did not want people to know about her relationship with Dongfang Yunheng, even if the other party already knew.. But it was better for him to pretend that he didn't know.

When she returned to Dongfang Yunheng's suite on the 39th floor of the Heavenly Cloud pavilion, it was already past eleven o'clock at night. Dongfang Yunheng didn't come back. This was within her expectations, so she didn't feel any disappointment.

Dongfang Yunheng only returned to the Heavenly Cloud pavilion the next day because he went to the hospital with his parents to see Liu Hao's uncle the night before, and Liu Hao was the family doctor of their Dongfang family.

Liu Hao was a doctor himself, but he only cared about treating people, and he forgot to treat himself. Twenty years ago, he opened another hospital, and he devoted his whole body to the hospital, so much so that his body was worn down.

Now, with Dongfang collective's funding, the Sunshine Hospital that he had single-handedly founded was already a famous large-scale tertiary grade a hospital in Binhai. He was also famous as the hospital director, but he had fallen.

Liu Hao's illness was not serious, but in fact, it was still quite serious. He was in the middle stage of liver cancer, and tonight was the surgery. Originally, his son, Liu Yanzheng, was also an expert in this area, but Liu Yanzheng did not go to operate on his father.

Liu Yanzheng said that family members could not operate on family members because that would bring a lot of emotions and emotions into it. And that would easily affect the entire surgery, so in the end, he had to let other experts do the surgery for Liu Hao.

Yun Heng's body had been a little weak since he was young, so Liu Hao had been busy working for him. Therefore, when he was young, he stayed by Liu Hao's side more than the physically strong Yun Heng, so his relationship with Liu Hao was naturally much closer.

Now that Liu Hao was performing the surgery, his parents were standing guard here, and Yanzheng was also standing guard here. Naturally, he could not say that he was leaving, so he stood guard here with everyone else.

Liu Hao's surgery had been performed for a long time, so when the surgery ended, it was already past midnight. When Liu Hao came out, everyone waited for him to wake up before leaving.

It was precisely because of this that when Dongfang Yunheng left Sunshine Hospital, it was already three o'clock in the morning. His parents were also very tired, so he personally drove them back to one inch Mo city, so he did not rush back to the Heavenly Cloud pavilion overnight.

Because he slept late, he naturally woke up late. When he woke up, washed up, and went downstairs, it was already 11 o'clock in the morning. Xi Muru was already in the garden, basking in the sun and drinking morning tea.
