

Divorce 1951

chapter 1951

The divorce that got your wish is

just a marriage object!

Li Suizhou persuaded himself.

Now that she has put a green hat on him, a man can't bear it!

He sneered, the corners of his mouth twitched, and glanced at Cheng Yi, his eyes were fierce:

"This is your choice? To choose a second-generation ancestor who will always think about other people's wives?"

Which woman is Cheng Yi's side? Sincerely?

He put all of his heart on Su Nan, do you really want to humiliate yourself like this?"

Cheng Yi's expression changed: "Damn, are you sick?"

"Careful chuckle:

"It's self humiliation to continue to be with you. If you don't get divorced, Cheng Ershao will not be the only person by my side.

Every time I change another one, I will tell the media that I will let all the The world knows you have a green hat on your head!"

She was forcing him to make a decision!

There is no better time than now.

Even if she loses a thousand, she should not be entangled with this man.

Otherwise, she will be disgusted for the rest of her life.

If so, she might as well take the initiative to disgust others!

Meng Xue saw that he was silent with a cold face and did not speak, but he didn't expect his bottom line to be quite low.

With a cold snort, she pulled Cheng Yi and walked out:

"Come on, let's talk to the reporter!"

Before she walked out of the door, Li Suizhou called out coldly:

"Stop!"

His chest heaved up and down: "You really want this?"

"Yes."

Meng Xue said nothing.

He gritted his teeth, and then smiled in a trance, with a somewhat scattered and casual look.

But there were scarlet bloodshots in his eyes:

“Okay, I will fulfill you, do you think I can’t bear you?”

I just think I’m used to you.

Just because of this trivial matter, you have to divorce, and you will suffer sooner or later. Men all over the world will have exes .

When others are really raising a mistress outside, I have done enough.

Just because of Meng Shuang?

Let me tell you, if you switch positions with Meng Shuang, she will be more obedient than you. She is more sensible than you.

This is the difference between you, she knows what it means to accept it when you see it!”

Li Suizhou really has completely lost his mind.

The words he said were out of his mind.

Completely dominated by out of control emotions!

Seeing Meng Xue’s increasingly indifferent eyes, he was clearly panicked, but those words that went against his heart kept coming out one after another.

“She always knows her size, and you never know.

I raise you 200 million a year, even if I raise a cat and dog, I know how to wag its tail.

But what about you?

It’s such a trivial matter . Don’t let it go, what do you want from me?

You can always be high on the pampered princess, but please open your eyes and see, who can do this in reality?

I didn’t take care of a woman, I didn’t play on the scene, I just had a relationship with Meng Shuang
That’s it, why do you have to be so fussy?

The wives of those men in the circle, who are not sensible and indifferent to men’s outside affairs, can’t you do a good job of your own?

Li Suizhou opened his mouth hysterically, his eyes were dyed scarlet. I

don’t know if it was anger or unwillingness. If

you tear everything apart, life is always a mess.

Everyone is fooling.

Why does Meng Xue have to be serious What ?

Seeing the tears she was holding back, I suddenly felt a little uncomfortable. The words were too heavy to say, and I couldn't take them back. He clearly did n't want to hurt her. She just doesn't believe him?

chapter 1952

Are you going to get married?

Li Suizhou regretted those hurtful words.

But before he could regret it, Cheng Yi smashed his fist into Li Suizhou's face.

Li Suizhou tilted his head and wiped the corner of his mouth, his mind suddenly sobered up.

Cheng Yi: "A pervert like you who can't get your balance after being dumped.

Will you die if you don't insult women?"

Li Suizhou spat and his throat moved.

Looking at Cheng Yi's eyes, he despised him for being meddlesome.

But the next second, Meng Xue stepped forward and slapped him.

Li Suizhou's face really became ugly.

That slap was hot and painful.

Li Suizhou's face was numb without feeling, but his heart sank fiercely.

He has realized that between them, it is really over.

Meng Xue's tone was extremely cold, and an indifferent voice sounded in her ears:

"I hate people comparing me to other women the most. Since you like Meng Shuang so much, then I will fulfill you.

Either go for a divorce now, or I will Tell everyone the scandal you did."

Li Suizhou's eyes twitched.

The words have come to this point, and he has no chance to recover.

"Okay, divorce, but you are also considered cheating in marriage, and I will not give you half of the property."

This is his condition.

Also to see if she will change her mind.

Cheng Yi's family is indeed rich, but the people who started the business are not as good as they used to be.

In terms of strength, it is incomparable with Ta Li Suizhou.

The Cheng family just had an advantage in position.

What's more, how could Meng Xue guarantee that after her divorce, Cheng Yi would marry her?

A woman who is married for a second time, why is she so confident that she can find a man better than him?

Meng Xue sneered, "Okay, I don't want any money from you."

After she finished speaking, she raised her feet and walked out.

Leaving Li Suizhou to stay where he was in shock.

Not a penny!

So how can a woman who loves spending money don't want a penny?

Cheng Yi raised his eyebrows and followed.

Meng Xue was afraid that Li Suizhou would go back and wait at the door.

Watching Cheng Yi come out, he paused, then looked away casually.

"Let's go, the next thing has nothing to do with you."

Cheng Yi pursed his lips and paused:

"Don't need me to go with you?"

Meng Xue looked at him and smiled:

"Go to Civil Affairs Bureau? Are you going with me?"

What are you doing, are you going to get married?"

Cheng Yi really couldn't answer this question.

Seeing him hesitating and embarrassed, Meng Xue twitched the corners of her mouth:

"Let's go, just pretend it didn't happen last night. Cheng Ershao is used to it, so he probably won't take such an ordinary night seriously, right?"

Cheng Yi hesitated, trying to explain something, but felt it was unnecessary.

Although he was really annoyed at making mistakes after drinking, if he was sober, he would never do such a thing.

Because he has no feelings for the woman around him except for the person he likes.

Not to mention someone else's wife.

This move really made him regret it.

But what had happened, he was willing to make up for it, but it was impossible to get married.

He won't marry a woman he doesn't love because of a one-night confusion.

But seeing that Meng Xue didn't care, Cheng Yi smiled, relieved, and left.

Meng Xue's divorce from Li Suizhou kept a low profile.

But both of them knew how much suffering they had gone through.

It wasn't until the moment she got the divorce certificate that Meng Xue was truly relieved.

The corners of her happy mouth were almost closed.

Li Suizhou, who was on the side, was even more upset when he saw it.

He threw away the divorce certificate and looked at Meng Xue with a profound meaning:

"Have a meal together?"

Meng Xue was very surprised, but she still refused decisively:

"No, there is no need for this, come with you. I'm afraid to vomit out when I eat!"

After she finished speaking, she walked directly to her car.

As soon as the door was opened, Li Suizhou's hand blocked her from getting in the car.

"What are you going to do after you get divorced? How can you live without a penny? Could it be that you really like Cheng Yi's second-generation ancestor?"

Although he said it lightly, he was already jealous.

He didn't expect to come this far with her.

No joy at all.

On the contrary, I felt very uncomfortable, especially seeing her happy, it was even more uncomfortable.

Meng Xue gave him a serious look, her eyes were heavy:

"Li Suizhou, you didn't give me a penny to let me get out of the house. I cheated. That's right, you are shameless, and you are not qualified to question me.

Of course, I will also be in the big and small . Publicize your deeds in a small circle.

Treating your ex-wife so stingy, I think in the future which woman with some status would dare to marry such a lowly coercive as you!"

She was not polite. face up.

In those days before, she had expected his love.

Thinking about it now, it's disgusting.

He must be blind to see such a man.

Get out early, get out early!

As soon as Li Suizhou's face changed, Meng Xue stepped on his feet.

He sucked in a breath of cold air and backed away abruptly.

Meng Xue got into the car, closed the door, and moved smoothly.

The next second, she started the car without hesitation, without even looking at Li Suizhou, she stepped on the accelerator.

Li Suizhou took a few steps back. If she didn't step back, she would definitely be on top of her.

His face was ashen as he watched the car leave.

Not until night.

Meng Xue couldn't wait to post her divorce certificate.

And added: "It's a good mood to go out of the house!"

Meng Xue was already very familiar with the circle.

This post, many people came to like it.

But less than one night.

Li's father and mother of the Li family came over.

It was Mother Li who called and said to her in a negotiating tone:

"It's not our intention for you to divorce. We like you. It's because the child in Suizhou is not good. We are deeply ashamed and respect your choice.

We didn't want to treat you badly. The two should have sat down and discussed the division of property. The matter, but you divorced in a hurry, and we have not had time to prepare.

Although the Li family has a lot of property, Li Suizhou does not really control the Li family, so the property under his name is limited.

I discussed it with your father, he Half of the property under my name will be given to you, and I will never be partial. In addition, I will give you an extra 20 million from myself, and the villa I gave you before will still be given to you.

Xue Er, even if it is divorced, The relationship between the two families still has to be maintained.

What you say in the photos posted in your Moments can easily cause misunderstandings by others, and the shares of the Li family will also be affected. Can you delete the Moments?"

Li's mother finally asked. Your own conditions are not euphemistic.

Meng Xue understood Li's mother's mood, probably because she was afraid that Li Suizhou would never find a suitable girl again.

That's why I made up such a reason to fool her.

But it doesn't matter.

chapter 1953

You know me and you know it

. After all, during marriage, Mother Li treated her very well.

There are no clips of mother-in-law embarrassing daughter-in-law.

So when the conditions were right, Meng Xue agreed directly.

"Okay, Auntie, I'll delete the property you promised as soon as it arrives."

Li Mu paused for a few seconds and wanted to say something, but she endured it.

"Okay, thank you auntie."

Although Meng Xue's unwillingness to suffer at all was unpleasant, she was also a little disgusted by her turning face and not recognizing anyone.

But this matter was originally Li Suizhou's loss.

Continue to argue, I am afraid that the face will be torn, and everyone will be ugly.

In the end, the ending of Li Suizhou and Meng Xue ended when Meng Xue deleted the circle of friends and got a large sum of money from Li's mother.

Li Suizhou didn't know why, so he didn't object too much, just kept silent and didn't respond.

For Meng Xue, it was also a big victory.

On the surface, the two can be considered peaceful separation.

But in fact, how ugly the trouble is, everyone knows each other clearly.

In order to celebrate the smooth divorce, Meng Xue held a banquet at the "big rich man", which was actually a gathering of friends in the circle to announce the news that she was single.

Su Nan was naturally invited.

She didn't plan to go, Su Yifeng was afraid that she would be bored at home, and worried that she would worry about Shang Qian's problems in country M, so she urged her to tidy up quickly.

Su Nan could only go to the appointment, painted a seductive makeup look, the corners of the eyes were slightly ticked upwards, the facial features were three-dimensional, half-demon and half-soft, the whole person's temperament seemed to have changed from the inside out, so bright that people couldn't move it. Eye.

Correspondingly, she chose a dark green satin suspender dress, which looked tall and lazy, seductive but rejected the alienation from thousands of miles away.

Su Qi came back last night.

I just came down to drink water in front of me, and when I saw her beautiful whereabouts, I almost spit out a mouthful of water.

Su Nan walked out the door with a valuable bag.

Su Yifeng hugged and said goodbye to her little friend.

Su Qi was smacking the smell and felt that something was wrong:

“Dad, my brother-in-law is not in the country, isn’t it easy for you to make Su Nan learn bad? What if someone likes her?”

Su Yifeng spread his hands: “When Shang Qian was here, her pursuit There are also a lot of people...”

“What if she likes others?”

Su Yifeng: “She has high vision, and most people don’t like it.” “What if she lets herself go... .”

Su Yifeng interrupted him impatiently:

“Do you think everyone is the same as you? You should take care of yourself. When you come back, you won’t go and see Zhi. If you stay at home and sleep, are you trying to piss off someone?”

Su Qi stood there aggrieved:

“I know, let me accompany you at home!”

“She doesn’t want to see you, stupid!”

Su Yifeng threw a word and hugged the child and left.

Su Qi: “...” The

“Big Rich” clubhouse.

When Su Nan arrived, Meng Xue was joking with people, wearing beautiful clothes and looking in a good mood.

She watched Su Nan come over, her eyes flashed:

“Isn’t Cheng Er Shao with you?”

Su Nan paused, “Why should I be with him?”

She was very strange.

Suddenly I remembered the phone call that was hung up that morning.

Su Nan hesitated: “You won’t...”

Meng Xue smiled, planning to her:

“Aren’t you two good best friends? I thought you were inseparable!

Okay, come in, I'll be there today. Handed a few young handsome guys, make sure to look good!"

Then he pushed Su Nan in.

Su Nan frowned and thought while walking, her mind flashed, and she secretly regretted for a moment.

Is she implying herself?

Meng Xue is single now, so it's not surprising to see Cheng Yi!

Thinking about it, she sent Cheng Yi a position directly.

Cheng Yi: "...?"

Su Nan: "Come on, there's a surprise."

Cheng Yi: I believe in you!

Although he said that, it just happened that the place where he was now was not far away.

When I arrived, I found out that it was a big rich man, and instantly felt that something was not right.

Although the events of that day have passed, but in it, you can't stay out of it.

He didn't even know how to face Meng Xue.

Like an irresponsible scumbag.

But he also doesn't want to be responsible for someone he doesn't love.

While hesitating whether to back up and leave, someone suddenly knocked on the car window.

He lowered the window, stunned.

Meng Xue's delicate face appeared outside.

I'm really afraid of what's coming.

Meng Xue smiled, "Why are you here? Come up, Su Nan and the others are here."

It turned out to be Su Nan.

Cheng Yi smiled casually: "Okay, I'll stop the car."

Meng Xue took a few steps back and talked to the friend behind.

As if he didn't take him to heart at all.

Cheng Yi stopped the car and remained silent for a few seconds.

I took a deep breath as I got out of the car.

You can only force yourself to act like nothing happened.

After saying hello to them, Cheng Yi went up, planning to say hello to Su Nan and leave.

As soon as Su Nan entered, he was entangled by a few fresh meat.

She used to be the most tolerant of these young people who are not doing more things. Even if it was pleasing to the eyes, she felt that her mood instantly improved.

And she was here to play together, it would be boring to sit alone.

A few little fresh meat made her laugh at each other's jokes.

Until Cheng Yi came in, watching this scene speechlessly, his head suddenly became big.

He suddenly thought of something, took a picture of this scene, and sent it to the group of four of them.

When Su Nan's phone rang, he realized that there was news in the group.

Cheng Yi: Miss Su's romantic life, please feel free to criticize!

Qin Yu: Don't call me when you go out to play, I'm not happy!

Ning Zhiliao: They all look pretty good, let's go together next time!

Qin Yu: Just send me a few fresh meats by mail. All of them here are old foxes wearing masks, enough to see!

Cheng Yi: Did you miss the point? The last time I went out to play, you criticized me for nothing.

Cheng Yi: Too double standard, I want to quit the group!

Having said that, Cheng Yi withdrew from the group by himself.

He also glared at Su Nan.

Su Nan looked up at him and pulled him back with a smile.

"Guess what happened to Cheng Ershao recently?"

Cheng Yi panicked as soon as the mysterious words were said.

Who made him feel guilty?

Ning Zhiliao: "You know me too."

Cheng Yi panicked even more.

Cheng Yi immediately sent a message in the group:

"Nothing, it is forbidden to spread bad information, do not spread rumors or believe rumors!" Before he had time to explain what happened that day, he watched as he was kicked out of the group by Su Nan.

Really kicked him out of the group!

Cheng Yi panicked.

Done.

According to the habit of these three women, every time they said something bad about him, they would kick him out, and they would pull him back when they were done.

He really has no place in this small group!

Cheng Yi walked over without saying a word, and pulled Su Nan out of the little fresh meat.

Seeing her proud smile, Cheng Yi took a deep breath and warned her,

“Don’t talk nonsense!”

chapter 1954

He didn’t take the bait

“I didn’t talk nonsense!” Su Nan shook the phone.

Cheng was very angry, but seeing her smiling happily and smartly, her anger disappeared:

“Forget it, why did you call me here?”

Su Nan smiled,

“I asked you to come over to play, you are not the best. Do you like this kind of occasion?”

Cheng Yi played the most fun in this kind of place.

But today I always feel uncomfortable, Su Nan seems to know something.

Cheng Yi’s face was a little flustered, and he frowned:

“I have something else to do. If you are okay, I will leave.”

Su Nan stopped him, seeing that he was uncomfortable, and didn’t say anything.

“Wait a minute, I’ll go to the bathroom, let’s go together and take me to the golf course.”

Cheng Yi glanced at the time and sighed helplessly.

never mind.

Don’t compare with her.

He flicked the car key from his mobile phone and urged her arrogantly:

“Hurry up, I’m not waiting for anyone!”

Su Nan cut and went straight out.

Soon.

Su Nan sent a message that he was already at the door.

Cheng Yi took the key and went out.

Just happened to meet Meng Xue on the stairs, the two eyes met, and Cheng Yi paused.

Meng Xue smiled casually, "I'm leaving now?"

Cheng Yi nodded, "I still have something to do, I'll play next time."

Meng Xue nodded and moved out of the way.

The two passed by, and the moment Cheng Yi went downstairs, he finally breathed a sigh of relief.

There is no nervous feeling like before.

Su Nan stood at the door, looking at a pot of green plants at the door.

She tilted her head not knowing what she was thinking.

Cheng Yi walked over with a smile, "If you want, I'll go back and bring you a pot back?"

Su Nan shook his head, "No, I'm looking at the flower pot, I don't want it if it's not gold."

Cheng Yi paused and smoked. The corners of his mouth twitched:

"Think beautifully." The

two went out laughing.

Meng Xue upstairs looked at the two people getting into the car, looked at Cheng Yi's eyes glued to Su Nan, and blinked.

No one in the circle knew that Cheng Yi had a good relationship with Su Nan.

It turns out that he likes a person's eyes like this!

"Sister..."

A familiar voice came from behind.

But it made Meng Xue physically disgusted.

She turned her head and saw Meng Shuang standing there, smiling, with several men and women standing behind her, who seemed to be colleagues from the crew.

"I went out to dinner with my friends from the crew, thinking that I haven't been to your new store yet, so I came here to cheer."

Seeing such an obedient sister, she should be happy if it turns out.

Now nothing but disgust is disgusting.

Meng Xue twitched the corners of her mouth:

"It's very polite, the drinks are not free, you can get 10% off when you apply for a card. We have a minimum consumption of 30,000 yuan here. If you want to eat, go to the box behind you!"

The perspective and feeling of the box are the most bad.

But Meng Shuang deserves it.

Meng Xue didn't want to say more and left immediately.

The rest of the crew looked at each other in dismay:

"Such a boss? Really your sister?"

Meng Shuang smiled, "Just kidding, let's go first!"

She said and chased after her.

"Sister, I know you're still blaming me, but our relationship of more than 20 years is going to be nullified because of a man?"

Meng Xue stomped on her feet and turned around leisurely, looking at Meng Shuang's face, unable to smile.

"Emotions? I thought it was my wishful thinking for more than 20 years?"

Do you really think I'm a sister, would you do such a dirty thing?"

Meng Shuang pursed her lips, "I didn't tell you, it's true For your own good."

"Oh, then I really thank you."

Meng Xue sneered:

"Since you said you want to cut ties with the Meng family, it's best not to have any contact with me.

I have seen you clearly for so many years . It's not easy for you today.

I won't ask for garbage like Li Suizhou again, if you like it, pick it up, you don't need to pretend to be here."

Meng Shuang stood there, pursing her lips.

She clenched her fists secretly.

"I have nothing to do with him, and I won't hurt my sister again because of his affairs."

Meng Xue stared at her face for a few seconds, then curled her lips mockingly.

Silent said nothing.

But it was like saying nothing.

Meng Shuang knew what she was thinking, and took a deep breath:

"I was in the toilet that day, I really drank too much..."

The time when I took off my clothes and went to hook up with Li Suizhou.

Meng Xue sneered lightly:

"No need to explain, you two men and women cherish each other, and it is impossible not to be together.

In fact, I can also think of the ex, of course, it is unforgettable.

But you, it is not necessarily.

You need a financial backer, You should have found a lot of people, but none of them took the bait.

There is nothing more suitable than Li Suizhou.

Whether you like him or not now, you will not let him go, right?”

Meng Shuang’s face paled slightly, her eyes narrowed. It was pitch black.

did not speak.

No matter the other investors, there are more or less quirks.

She can’t take it.

Li Suizhou is pretty good.

It’s a pity that Cheng Yi didn’t take the bait...

Meng Xue’s heart has long been like a mirror.

She said lightly, “So, no need to pretend.”

Meng Shuang was silent for a moment.

It’s normal to say:

“I want the photos you took that night.”

As an actor, especially an actor in the rising period.

No pornographic photos should be exposed.

Once it gets out.

Her career in this life is over.

She spoke bluntly.

Meng Xue also raised her eyebrows.

After a pause, Meng Xue chuckled lightly:

“I don’t have any photos at all, I’m just tricking Li Suizhou into getting a divorce.

Because I recognized it was you.

Meng Shuang, you have to remember that that was my last tolerance for you. “

The sisters of more than 20 years, just once broke up cleanly.

After Meng Xue finished speaking, she turned around and left.

Meng Shuang looked at the direction she was leaving for a long time, then took a deep breath and took the lead. She turned around with a relaxed smile. It's

fine if not.

...

Golf course.

Su Nan is the supreme VIP here, so everything has been prepared.

She changed her clothes and came out, watching Cheng Yi hadn't left yet. , a little surprised.

"Want to play? Go change clothes! Cheng Yi shook his head, not in the mood.

Su Nan looked at the time, and there were still twenty minutes before the scheduled partner.

No hurry.

"What's the matter with you?" Depressed? Cheng Yi raised his head , hesitant to speak, and finally smiled lightly, and went over to hold her tools:

"Forget it, let's go, I'll go after you play for a while." "

Su Nan frowned and walked all the way.

They didn't get in the car.

The waiter who brought them things was good looking. Su Nan felt that he looked a little familiar, and his features were similar to a certain male star.

Cheng Yi raised his head and glanced at her. He smiled.

"Just like you, Mr. Shang is so relieved to leave you alone?"

Su Nan clicked his tongue and rolled his eyes at him: "

You think they are all the same as you?" I am a self-disciplined person! "

Cheng Yi raised his eyebrows:

"Then you can rest assured that Shang Qian is alone in country M?"

Su Nan blinked and smiled:

"Don't worry, I have to let him out and let him make money for me. Besides, Shang Qian is pure and self-righteous, but he is not one of those who make trouble."

chapter 1955

Send her to my room.

After listening to Su Nan's words, Cheng Yi said angrily,

"I also clean myself, you didn't choose me!"

Su Nan clicked and frowned:

"Cheng Ershao, I take you as a best friend, so don't do this!"

Cheng Yi chuckled, "Forget it, I'll scare you."

Su Nan looked at him, her voice soft and full of weight:

"You You will find the real lover, you are the best Cheng Yi in this world."

Cheng Yi's eyes flashed and he smiled.

Those who couldn't let go in my heart suddenly let go at this moment.

It seems that his obsession has an ending.

She said he was the best Cheng Yi in the world.

the best.

This is enough.

"That's right, you are blind if you can't see me!"

Cheng Yi's arrogant tone made Su Nan unable to help laugh.

"Yes, yes, I'm blind."

Cheng Yi's phone suddenly rang.

At first glance, it was Meng Xue.

Su Nan also glanced at the name, raised his eyebrows, and looked like he was watching a good show.

Cheng Yi calmed down and picked it up, as if nothing had happened.

"Hello?"

"Cheng Ershao, did your wallet fall? A dark blue mermaid wallet?"

Cheng Yi touched his pocket and was surprised.

It really is!

He coughed, "Then I..."

"You can come here when you have time, or I can deliver it to you."

Meng Xue said casually, "Leave it at the front desk first, hang up."

After that, the phone hung up.

Somewhat evasive.

Cheng Yi paused and looked at Su Nan:

“I’ll go first.”

Su Nan nodded: “Hurry up, don’t miss your good marriage!”

Cheng Yi blushed when he heard this.

He stamped his feet and looked at her angrily:

“What nonsense!”

Then he turned and ran.

Su Nan: “...”

More than ten minutes passed.

She looked at the time.

There are eight minutes to the appointed time.

She hates being late.

If the partner does not come, she will leave immediately.

With that in mind, she picked up the pole and tried it out.

Swinging down with one shot, it was as smooth and agile as the clouds and water.

Unfortunately, I didn’t go in.

The next second, I heard the sound of applause from the people behind.

Su Nan was thinking about whether it was the tout of the partner.

As a result, when he looked back, he saw four men standing there.

Not to mention the better partner.

Fu Yechuan, who was tall and straight, stood out. He looked at her with dark eyes and frowned slightly.

His eyebrows are stern, and there is still a kind of indifference that refuses people thousands of miles away.

The man beside him was a little shorter, and his facial features seemed to have some characteristics of Southeast Asia, but those falcon-like eyes always stared at her grimly.

Su Nan felt unhappy.

She retracted the pole, intending to leave.

As a result, the man beside Fu Yechuan stepped forward to stop him, with a smile on his face, but his eagle-like eyes were full of lightness and greed.

Very uncomfortable.

He looked at Su Nan's face with amazement, and was reluctant to move away for a moment:

"Miss, don't you know how to play, do you want me to teach you?" As

he said that, he was about to touch Su Nan's hand.

Su Nan ducked back, her face completely cold.

She regretted that she didn't bring the bodyguard, and even more regretted letting Cheng Yi's dog run away ahead of time.

Taking a step back, he looked at her vigilantly, standing there with a clear and cold temperament.

"No, this is my place, please leave."

"The staff brought us here, they may have made a mistake, but it's all fate!" That greasy look is really disgusting.

Su Nan held the pole in his hand, propped it on the shoulder he wanted to approach, and exerted a little force:

"I said, no need, get out."

The man's face sank, with a bit of anger in his eyes.

"You are a woman with a big temper. Do you know who I am?"

Su Nan turned her head away, obviously not wanting to pay attention to him.

It's been a long time since I've seen such a down-to-earth man.

Out of the corner of her eye, she glanced at Fu Yechuan.

He stood there, motionless, his stern face turned pale, like a popsicle.

Those who can go in and out with Fu Yechuan are definitely not ordinary people.

She suddenly remembered what she saw on the beach that day.

It's a pity that everyone who saw it at the time forgot what it looked like.

Perhaps the man in front of him was among them.

Could it be related to the murderer who killed Mr. Fu?

Is it related to Xing Zhi in Southeast Asia?

Thinking about it, the man was just about to touch Su Nan's arm arrogantly.

Fu Yechuan finally couldn't help but speak from behind, his voice was as cold as ever.

"Let's start, don't waste time. After the game is over, find a few people to accompany you."

Su Nan was stunned for a moment.

It seemed that Fu Yechuan didn't want to reveal her identity, was he planning to pretend he didn't know her?

Yep.

She turned her head away, took her personal belongings, and was about to leave.

But the man was unrelenting:

"This guy is good-looking, good-looking, and strong enough. Ask her how much to play with me?"

Su Nan's face turned pale with anger.

Fu Yechuan's dark complexion was solemn, and his eyebrows were stern.

Just as he was about to say something, Su Nan snorted lightly:

"Okay, go pick up the ball I just hit, and I'll play with you." The man's eyes lit up.

As long as the beauty agrees, what can't you do?

The man ran away in a hurry.

Fu Yechuan took a step forward, his eyes looked in the direction of the man, but his voice was hoarse and deep:

"Let's go quickly, don't provoke him."

Su Nan paused, walked to the position, and got ready to play.

Fu Yechuan narrowed his eyes and was about to stop it, but Su Nan had already swung the club heavily.

The ball hit the man's head firmly and accurately.

Instantly screamed and lay on the ground.

Su Nan sneered:

"I thought I was so talented?"

Fu Yechuan's brows gathered a chill, and gritted his teeth:

"Hurry up, it's really worth your life!"

Su Nan was about to say something, and looked at the two behind him. The bodyguard ran over.

As she ran, she moved too hard, and she saw other hard things behind them.

In an instant, her face was pale.

It's a gun!

The two bodyguards carried the man and ran over. The man covered one eye and screamed in pain.

When passing by Su Nan, his unwilling eyes stared at Su Nan gloomily, his unwilling face twisted and twitched, and his voice was indeed cold and cruel:

“Send this woman to my room at night, I will train her to be me The dog!”

Fu Yechuan waved his hand silently and asked the bodyguard to send the person out to the hospital.

Su Nan also felt a chill when he heard the words.

This man is not easy.

But Fu Yechuan’s relationship with him was not hostile.

The atmosphere was cold and quiet.

Fu Yechuan’s eyes were dark and he glanced at Su Nan:

“How did you think about the project?”

Su Nan raised his eyes, “I didn’t think about it.”

“I won’t harm you.”

“I don’t believe you.”

Fu Yechuan had no reason to trust her with her.

Does she suffer less?

chapter 1956

Where is Shang Qian?

Fu Yechuan was silent for a moment, with some kind of surging emotion in his eyes.

“I’m sorry...”

“Who was that person just now?”

Su Nan asked.

Those who want to train her, she has to be alert in advance.

Fu Yechuan closed his eyes:

“You don’t need to know, he can’t move you.”

Su Nan chuckled:

“To be in the company of such a person, Fu Yechuan, I can’t believe that you can do such a thing?

” The scumbag may have something to do with some foreign criminal group.

How could Fu Yechuan like this group of people?

business partner?

Fu Yechuan smiled, his face pale:

“It looks like I’m in your heart, and the impression is quite good?”

Su Nan was startled, and went straight to take the things.

Fu Yechuan paused, his throat moved, and his voice was rough:

“Shang Qian is not in the country, right? Where has he gone?”

“I am so concerned about him, I thank you for him.”

Su Nan’s voice was cold.

Although I heard Su Yifeng talk about the situation of the Fu family.

But to say that Fu Yechuan had no other way to rescue Qu Qing and Fu Yingying, she would not believe it.

He is Fu Yechuan with hands and eyes.

Even when faced with the arms dealer’s daughter, An Qi, she was able to turn defeat into victory.

More so now?

Could it be that the other party threatened the lives of Qu Qing and Fu Yingying?

Yes, after all, they are relatives, so there will be more worries.

Unlike myself...

Su Nan shook his head, unable to think about it any longer. I haven’t remembered that nightmare for a long time.

Fu Yechuan’s voice was cold with a hint of forbearance:

“I don’t want you to be hurt, but Su Nan, Shang Qian is not suitable for you. Do you think he is just a dutiful businessman abroad?”

Su Nan stopped.

When I heard him talk about Shang Qian, he didn’t have a good word.

She was really heartbroken.

Why are you slandering others?

Can someone be sentenced to death in just a few words?

“What do you want to say? Fu Yechuan, now, take care of your own affairs. You don’t need an outsider to tell me who Shang Qian is!”

Su Nan’s voice was extremely cold, with a full sense of alienation, she raised her feet Just go.

Fu Yechuan’s tone increased a bit:

“His project in South Africa has a big problem, he has colluded with foreign arms dealers, and now he doesn’t know where he has fled.

The military projects your Su family got before relying on him Aren’t the core laboratories in South Africa afraid of being dragged down the quagmire?”

Fu Yechuan’s words were like ice cubes, pouring them on his head, causing people to feel frightened for a moment.

She stood there and reacted for a few seconds, and a panic gradually developed in her heart.

The eyes are cold and unfeeling: “You are lying.”

Most of the reason why the Su family got the military project was Shang Qian, which was only known to Su Nan later.

Of course she is assured to cooperate with Shang Qian.

No matter how many interests are involved, Shang Qian has never harmed himself.

Want her to believe that Shang Qian colluded with foreign arms dealers to drag down the Su family?

No, it must not be possible!

Fu Yechuan’s stern face quietly revealed a strange whiteness.

“Really? Am I lying, or are you deceiving yourself?”

He gradually got closer, his eyes fixed on Su Nan’s face.

He had a hard time outside, but he never forgot her for a moment.

In her quiet years, there is no shadow of him.

Every moment is such a torment.

“He’s a poisonous snake, why don’t you believe it?”

Fu Yechuan gritted his teeth, his aura was somewhat intimidating.

Su Nan was shocked by the deep and cold emotion in his eyes, paused for a while, and instantly regained his senses:

“Fu Yechuan, in your eyes he is a poisonous snake, and he has undoubtedly met your interests.

But to me he is not, he is My love, please show some respect.”

With that, Su Nan turned around and left, not even giving him a chance to stay.

Fu Yechuan’s eyes kept watching her leave.

Su Nan came out after changing her clothes, called the driver, and waited until the door before she went out.

While sitting in the car, I also felt a chill in my back.

She didn't believe what Fu Yechuan said, but she felt uneasy in her heart.

Thinking about it, she immediately called Shang Qian.

Once, twice, until the phone beeps, no one answers.

Su Nan's heart sank unconsciously.

Is he really in trouble?

Just thinking about it, she called Chengjie directly.

Cheng Jie answered quickly:

"Mr. Su?"

Su Nan paused and said in a calm tone,

"How has the company's troubles been resolved?"

"Thanks to the presence of President Shang, of course things went smoothly, Su always didn't miss him.
I

have to borrow it for a few more days, and then put it back when the trouble here is completely resolved, okay?"

Cheng Jie's tone was somewhat playful.

Su Nan was silent for a moment:

"He's in a meeting? No one answered the call to him."

Chengjie paused, "I was here just now, hey... President Shang!"

He shouted on the side of the phone .

Then, after a while, Su Nan heard the familiar voice.

"Hello? Baby misses me?"

Su Nan's mood suddenly turned cloudy, and the indescribable heaviness suddenly disappeared.

Look, Shang Qian is still her Shang Qian.

Fu Yechuan's words are obviously groundless, how can he say it?

He must have lied to himself!

"I didn't answer the call to you, I'll check a post by the way."

Su Nan's voice also became gentle and moving.

Shang Qian gave a low laugh:

"No wonder you contact Chengjie directly instead of my assistant. My wife is so good at checking gangs.

I will check gangs like this often in the future!”

He wanted to let everyone know Su Nan’s love for him. meaning.

Su Nan chuckled lightly, her voice soft and relaxed:

“You think I’m very busy? I was just let go of pigeons by an agreed partner, and I’m in a bad mood!”

“Who is so bold to let go of your pigeons?”

Shang Qian was smiling when he suddenly remembered something:

“Wait a minute, I’ll call you back on my phone, Chengjie has already started pulling his hair irritably! “
Okay.”

Su Nan hung up the phone with a smile on the corner of his mouth.

The mood is really bright.

After a while, Shang Qian’s call came.

The two chatted for a while.

For some reason, Su Nan deliberately avoided Fu Yechuan’s words.

Because it is too ugly, I am afraid that Shang Qian will not be happy when he hears it?

Although she felt that Shang Qian would just laugh it off and take it as a joke.

But just not so comfortable.

After talking all the way, I just got home.

Su Jin was talking with Su Yifeng upstairs, and Su Qi also went out.

The housekeeper uncle brought her a cup of fruit tea.

Su Nan asked casually,

“What about you?”

“I just fell asleep, someone is watching, don’t worry!”

Su Nan raised her eyebrows and put down her cup:

“I’ll take a look.”

Su Nan went upstairs and quietly put it down Slow down.

When passing by the study, I happened to hear what Su Jin was saying to Su Yifeng.

“The above thinks that there is a risk that the military project will be involved with foreign countries, and there is some rumors from the above that there is an accident in the laboratory in South Africa, and Shang Qian still doesn’t know how to deal with it, so it needs to be suspended.”

chapter 1957

is half right

The first thousand nine hundred and fifty-seventh chapter is half right

. “The above means that you want to take back the military project and hand it over to Fu Yechuan?”

Su Yifeng’s speculation is not unreasonable.

Su Jin: “There is no clear meaning, but it should not be. Fu Yechuan’s advantages are not enough to counter the huge benefits brought by the South African base.

I think the above may want to completely make it our own, or at least have control over it. , can not be passive.

After all, it is an arms project, and matters involving various countries are sensitive, so it is impossible to ignore it.”

Su Nan heard this, his hands and feet suddenly became cold.

During the day, Fu Yechuan’s words flooded into his mind again.

Her intuition was that Shang Qian’s project might have really gone wrong.

Subconsciously, she pushed the door directly in.

The people inside did not expect her to come back at this time.

Startled.

It was Su Yifeng who responded quickly:

“Have you come back so soon? Are you having a good time?”

Su Nan paused and pursed her lips:

“Don’t lie to me, did something happen to Shang Qian?”

Su Yifeng was silent.

Su Jin glanced at him before looking at Su Nan:

“Shang Qian didn’t tell you?”

Su Nan shook his head.

“But I met Fu Yechuan just now. He said that Shang Qian colluded with foreign arms dealers, and that there was a problem in the South African laboratory. Is it true?”

She was a little flustered in her heart, but she was calm on the surface.

Not because of any military project.

But she was worried about Shang Qian’s accident.

Arms projects are not uncommon in foreign countries. She has not asked about the scale of Shang Qian, but domestic military projects would rather give up Fu Yechuan and choose Shang Qian.

In the event of an accident, all aspects involved will definitely affect personal safety.

Shang Qian is still abroad, and if something really happens, he will be out of reach.

Su Jin was still pursing his lips, wondering if he should tell her.

There was too much silence in the air.

Su Nan couldn't help, "Big brother, tell me quickly, is it true?"

Su Yifeng sighed and looked at Su Jin:

"Go ahead, don't tell me to save her from thinking."

Su Jin pursed his lips and nodded:

"Fu Yechuan is half right. Shang Qian didn't tell you that he was afraid that you might be worried, and that's what we meant. I

heard that he sold a batch of weapons from his base in South Africa. There was a problem with the weapons, and the other party was struggling with Shang Qian. Trouble, it's a very powerful group, so the influence is relatively bad. I

can't rule out the possibility of deliberately trying to find fault, but it did let out the wind to find Shang Qian to settle the account!"

Su Nan's face turned pale.

Su Yifeng paused, "Don't worry about this, Shang Qian has the ability to protect himself, and nothing will happen."

Su Jin nodded.

Su Nan's heart sank a little. When they were on the phone just now, Shang Qian casually shared with her the fun things they encountered.

He didn't say a word about the trouble he encountered.

Is it because she is worried about her cranky thoughts at home?

But the more she didn't say it, the more worried she became!

Su Yifeng looked at Su Jin and returned to the topic:

"So, the military project we are currently holding can't go on for the time being?"

Su Jin nodded:

"Yes, it must be suspended for now.

If something goes wrong at the research base in South Africa, the above means that it must be stopped in time . Lost.

But as far as I know, they have not contacted other partners. They should still have great expectations, but it is too much to let Shang Qian give up the dominant power..."

Although he did not go on, But know it well.

Regardless of his beliefs, Shang Qian is a businessman.

How could the interests he had obtained be handed over to others?

Su Nan was very confused, but he knew how to answer the question subconsciously:

"The worst outcome at the moment is that we take the lead and start to carry out this project in China in an all-round way. Although the process is difficult and complicated and the cost is huge, it is always the same. Choose the lesser of the two evils."

Su Jin glanced at her and nodded.

"Don't think too much, things haven't gotten to that bad stage yet. When

Shang Qian comes back, they will send someone to talk to him. As for whether they can negotiate or not, it is their ability."

Their most difficult problem may be I feel that Shang Qian is not a native of Z country, so he is not firm in his beliefs, and he has no weaknesses or handles. Only the Su family can hold him.

But the people of the Su family, why are they forcing him?

Su Nan nodded and took a deep breath:

"Brother, if there is any more news, don't hide it from me."

Su Jin nodded, and then remembered something:

"You met Fu Yechuan today?"

Su Nan nodded slightly, Tell him everything about the day.

After listening.

Su Jin's face was gloomy and ugly, but after all, the expression on his face was a little scary.

Su Nan was puzzled.

"What's the matter? He has returned to China, and it is inevitable that he will meet him at social events, not to mention that I don't think he came to find me on purpose?"

Su Jin glanced at her, and his eyes were uncertain.

"Of course he won't bring outsiders to find you. I suspect that the person with him is the brother of An Qi, the arms dealer. I heard that this person is extremely insidious and cunning.

Su Nan was stunned for a moment, then took a deep breath.

Thinking of what she accidentally saw today, they were all blatantly armed with weapons.

I'm afraid it's not far from what Su Jin said.

Suddenly felt a chill.

She actually threw the ball on the perverted head.

Will he trouble her later?

Seeing that her expression was not right, Su Jin asked her,

"Why, he has troubled you?"

Su Yifeng became anxious when he heard it:

"That stinger?"

Su Nan pursed his lips, "His words are too ugly, so I will put them down. The ball hit his eyeball, and he went to the hospital later." The

study was silent for a moment.

Su Yifeng sighed: "I asked you to go out to play. You still think about socializing. If the socializing didn't work, you caused trouble. Why are you so unlucky?"

Su Nan didn't speak.

She doesn't know why she is so unlucky!

Su Jin said in a heavy tone:

"Forget it, the fight is over, this is our territory, and he doesn't dare to do it directly, just arrange a few more people to follow you around, and you have to be careful.

At least before he goes abroad, you'd better not mess around . Run away."

Su Nan nodded, she still cherished her life.

Su Yifeng's voice was solemn: "But why did Fu Yechuan get involved with Lili?"

Su Jin: "Sister and mother are in his hands, so he is probably negotiating, and it will be very disadvantageous to fight head-on."

Su Yifeng sighed:

"It's a pity Mr. Fu, who just died abroad, was also the one who stirred up the situation in the shopping mall at the beginning, and the ending was too tragic."

Su Jin didn't say anything.

Su Yifeng glanced at Su Nan, then looked at Su Jin:

"Anyway, we have been working together for so many years, and the Fu family is in trouble, so we can't get down to it.

The relationship between the Su family and the Fu family is sensitive, but it doesn't have to be too sensitive.

Fu Yechuan bowing his head this time, it won't be really bowing his head, he is not a weak head, he must have his own considerations.

Even if you can't help, you can't get in the way, understand

chapter 1958

The words of losing contact with Su Yifeng were very heavy, and Su Jin nodded.

Although the relationship with Fu Yechuan is not good, but his past is, Fu Yechuan is undoubtedly an excellent opponent.

If it weren't for the shallow fate with Su Nan, he might be the one standing in their Su family today!

Su Nan's hatred for Fu Yechuan has long since dissipated.

After all, who lives with hatred in mind every day?

Hate is because she is unwilling, but she is not unwilling.

He didn't save her, not because he didn't want to save her, but because he thought too much.

This time, the people who were rescued were his own sister and mother, and Su Nan hoped that he would succeed.

Seeing her nodding, Su Yifeng smiled, with vicissitudes in his brows and beckoned.

Su Nan walked over.

"Fu Yechuan and Shang Qian are both good boys, but one lives unscrupulously and the other lives cautiously.

The current situation is like walking on thin ice, and they have both encountered a critical moment.

But no matter what you think in your heart, Dad hopes you don't take yourself. Go on an adventure."

Su Yifeng's words were loud, and Su Nan's heart trembled.

She could understand that Su Yifeng was just throwing cold water on her head to calm her down.

In the face of Shang Qian's affairs, he knew that she could not be indifferent.

Protect yourself?

She can do it.

But he couldn't helplessly watch Shang Qian's accident.

Looking at Su Yifeng's worried eyes, Su Nan nodded.

"I know, Dad."

Su Jin smiled, "Dad, don't you know her yet? This little clever ghost won't let him suffer."

Su Yifeng chuckled, "That's true." Su

Nan took a deep breath:

"Then let's talk about things . , I'll take a look and tell me if the child is awake?"

As soon as he left the study, Su Nan let out a sigh of relief.

The whole person seemed to be heavily pressed against his chest by the boulder, so he could hardly breathe.

The phone in his hand also became hot.

Would you like to call and ask?

She began to struggle.

Ask or not, how can she help?

Su Nan came to talk about the children's room unexpectedly.

The almost one-year-old child began to open, and the beautiful eyes were very similar to Su Nan, and they were carved out of a mold.

This little thing didn't fall asleep, watching Su Nan come in, waving his little hand excitedly.

Su Nan's heart softened, she walked over and patted her little hand.

The soft little hand pulled Su Nan's finger and shook it to play the game.

babbled and laughed very happily.

After playing with her for a while, Su Nan remembered something.

She recorded a video of her daughter and sent it to Shang Qian.

There was no response.

A situation that never happened.

Su Nan's face turned paler and his heart sank.

The apparent peace was finally torn apart.

She had to face the predicament in front of her.

Su Nan's eyes gradually became firmer, and his heart stopped shaking.

She went back to her room to pack her things.

Listen to the ding dong of the phone.

It was Shang Qian's response.

He sent a short video over. Outside was a distant view of a high-rise building. It looked like a picture taken from the top floor of the group.

A few seconds later, the camera turned a circle, and his own warm face came into view, with a smile in his eyebrows:

“Baby, do you look good? I’ll bring you over to play next time.”

“Oh, and talk about little baby.” He Added a sentence.

There was a smile on Su Nan’s mouth.

Heart followed a lot easier.

No matter what, she will face it with him.

She knew she was gone and might not be of much help.

But she couldn’t bear to be kept in the dark and pretend to be ignorant.

At least she can help out with the S*F group.

She was desperate to see him like never before.

at night.

Su Nan found an excuse to go out.

went directly to the airport.

She was dressed so low-key that few people would recognize her.

There are no bodyguards around, for fear of causing unnecessary trouble.

When you are about to get on the plane.

Only then did Su Nan make a phone call to Su Jin.

“Brother, I’m going to country M to find Shang Qian.”

Su Jin’s tone was obviously shocked.

“Where are you now?”

Su Nan: “At the airport, there are still ten minutes to take off. Don’t worry, I will take care of myself and nothing will happen.

No one knows my whereabouts. When I arrive in country M, people from Shang Qian will protect me, don’t worry. I had an accident.

I didn’t tell my dad, don’t tell me, I’ll come back with him when I see him safe and sound.”

“You’re so impulsive, little four, don’t get on the plane, come back quickly, and I’ll send someone there right away. Pick you up.

No, I'll pick you up in person, don't move there!"

Su Jin's voice was cold and stern, with a bit of anxiety.

Su Nan raised his eyes and looked at the time:

"Brother, don't come here, I'll be on the plane soon, I'll be fine, take care of me and talk to the little ones, and I'll call you when I get off the plane."

Su Nan Jin: "What a nonsense—"

Su Nan hung up the phone and felt a lot more calm in her heart.

Before she got on the plane, she sent Shang Qian a message, and then turned off the phone.

The dark night is silent darkness, and when the plane passes through the black clouds, nothing can be seen.

The eyes are empty and very peaceful.

The clock in country M landed at the airport at ten o'clock.

There were quite a lot of people in the airport, crowded and lively.

She stood in the crowd, low-key outrageous.

When Su Nan turned on the phone, he saw that Su Jin's phone numbers poured into more than 30 people.

Called back quickly.

Su Jin scolded her angrily, but Su Nan didn't dare to reply.

the end.

Before hanging up the phone, Su Jin said helplessly:

"You look at him and come back. I've booked you an afternoon ticket. You don't move. I'll let someone pick you up to S*F, and then leave."

Su Nan frowned, not expecting such a tight schedule . .

"Brother, I'm not a child anymore, don't worry, I can go back myself."

"Just because you're no longer a child, don't you think too much about doing things?"

If the people in South Africa want to take revenge on Shang Qian , won't I start with you?"

Su Nan opened his mouth, but before he could speak, Su Jin threw the words through gritted teeth:

"Okay, you have no choice, if you don't come back before the afternoon, I will tell Dad, Even if it is tied, I will tie you back."

After speaking, Su Jin decisively hung up the phone.

There is no room for negotiation.

Su Nan looked at the darkened phone and sighed helplessly.

She looked at the time, Shang Qian may still be working overtime at this time, or he may have rested.

But he never responded to the message.

She thought about it and called directly.

But the phone was notified that it was off.

She was stunned for a moment, seemingly puzzled.

What does shutdown mean?

asleep?

Su Nan was apprehensive, and tried hard to tell herself that she must be thinking too much.

But he couldn't help finding the phone number of Shang Qian's assistant.

Still shut down.

Completely restless now.

In the vast sea of people, she actually lost contact with Shang Qian?

chapter 1959

You still dare to resist

Su Nan. Although you know Shang Qian's foothold in country M, it seems a little too sudden in the past.

And I can't figure out the current situation. What if there is a trap there?

She is not too impulsive and knows to think.

Thinking about it, Su Nan directly took a taxi.

"Go to S*F Group."

It should be too slow to wait for Su Jin's people to come.

She went directly to the company, and maybe she could meet acquaintances working overtime.

The light was not good at night, so she couldn't see the driver's face, but she took note of the license plate number very vigilantly.

She vaguely remembered the path of the SF Group.

Seeing that the car was indeed going in the right direction, I was secretly relieved.

He looked down at his phone with confidence, and sent Su Jin a message.

Give him two more days of grace, and leave here at most three days.

Su Jin seemed to be still angry and refused to reply.

The car drove to the bottom of a bridge, and there was a few seconds of darkness.

Su Nan raised his head subconsciously.

In an instant, the body shook, and I suddenly felt that another car hit the front of the co-pilot.

The taxi spun sideways on the spot, lost control for a few seconds, and then suddenly turned off.

Su Nan was thrown to the side because of inertia, and he was able to sit firmly.

In the next second, I felt a chill come upon my face.

She reached out to block it, but everything was blurry in the dark space.

Couldn't find a focal point.

moment.

A cold needle pierced her skin.

Her chest sank, and she suddenly felt bad.

I want to open the door and escape.

But before it could be touched, the door was opened from the outside.

Her consciousness gradually blurred, and her mind was dizzy.

Last minute.

She heard a man's voice with a sharp smile:

"Miss Su, you are welcome as a guest."

She fell into a coma before she could see the appearance of the person who came.

Some regret not letting Su Jin send someone.

Shang Qian's phone can't get through, is he also in danger?

It seems that M country is not calm.

...

a huge M-style single-family building.

When Su Nan opened his eyes, he was filled with unfamiliar pictures, and his mind instantly became nervous.

The last scene came to mind instantly.

The feeling of danger approaching made her shudder.

She sat up abruptly, her mind sinking like cement.

This room is not big, not even a window, it seems to be a utility room with a bed.

There is a musty smell inside.

Although she felt uncomfortable, she couldn't care less.

Reaching out and touching it, the phone disappeared unexpectedly.

His face changed a few times, dragging his body into discomfort, he got out of bed.

I don't know if she was worried about her running away, and her shoes were missing.

Just before reaching the door, I suddenly saw the door handle, and someone opened it from the outside.

Su Nan raised his eyes slightly.

Seeing the person coming, his eyes narrowed slightly.

"Fu Yingying?"

She was completely shocked.

Fu Yingying was full of jewels, and she was even more lavish than the arrogant young lady in the past.

There is absolutely no introversion and forbearance when Fu Yechuan went to the shopping guide to sell shoes to experience life.

She frowned slightly, looking at Su Nan who fell into her hands with a somewhat frivolous and charming look.

"I didn't expect that you still remember me? When I

was sent abroad, I was thinking, if one day, you fall into my hands, how will I torture you?"

Fu Yingying's voice was cold, and her eyes were cold. Implied a bit of restraint and joy.

Su Nan stood there silently, her face paled slightly, but her eyes remained calm.

"What do you want to do?"

"What do I want to do? Aren't you afraid?"

Or do you think my brother will come to save you again?"

Fu Yingying chuckled and looked at Su Nan amusingly.

But seeing that there was no reaction on her face, she felt unwilling.

Where is this like the performance of people under the eaves?

"Stop dreaming, my brother's people can't be found here."

Fu Yingying smugly brushed the light.

Su Nan pursed his lips.

If the person who arrested her was Fu Yingying, then it wasn't so bad.

Once they lose contact, Su Jin and Shang Qian will definitely start looking for her.

It won't be long before she'll be safe.

Thinking of this, she secretly breathed a sigh of relief.

However, Fu Yingying stepped forward abruptly, with a bit of danger in her eyes:

"But the people from the Su family still can't find you."

Su Nan raised her eyebrows:

"Miss Fu, the matter between me and your brother has long since passed, I don't have much contact with your Fu family.

You also know my identity, if something happens to me, I'm afraid you won't be much better?"

Fu Yingying's face sank.

"Heh... Do you still think I'm the old Fu Yingying?"

Su Nan was taken aback.

Suddenly, something that Su Jin had investigated came to mind.

Who does Fu Yingying seem to be following?

"You..."

Fu Yingying's lips twitched, and she found a baseball bat in the other corner and weighed it in her hand.

Then, slowly approach her.

Su Nan's eyes sank.

A Fu Yingying does not seem to be an opponent.

But how many people are there?

Fu Yingying: "Let you know how good I am first, Su Nan, do you know how much I hate you for causing me to leave country Z?"

Her last words were almost gnashing of teeth.

Su Nan's eyes flickered, and when Fu Yingying raised her stick high and slammed down Su Nan fiercely, she suddenly shot and pinched her wrist instantly.

When I folded my wrist, I heard the sound of bone dislocation.

Although Su Nan felt unwell, it was more than enough to deal with a small shrimp like Fu Yingying.

Fu Yingying's face instantly paled.

"You still dare to resist?"

She looked at Su Nan in disbelief.

Su Nan's eyes were calm and indifferent:

"Otherwise? Waiting for you to hit me? Or do you want me to beg you to let me go? Can you let me go?"

There was a bit of chill in her tone.

Fu Yingying was panting, and the emotion in her eyes completely collapsed.

With the other hand, he pushed Su Nan away fiercely.

"You bitch, fall into my hands, I will never let you go, I want you to pay a thousand times a hundred times the price!"

After speaking, Fu Yingying raised the stick in her hand hysterically.

The next second, the door was suddenly pushed open.

"Stop—" A

rough and cold voice sounded.

Unfamiliar and dangerous.

Su Nan looked over.

A middle-aged man who looked unattractive walked in, with a faint impatience in his eyes.

Shizuo glanced at Fu Yingying before looking at Su Nan.

He nodded and smiled, with a bit of indifference in his smile.

"Miss Su is frightened. Stay with me and wait for someone to pick you up."

Before Su Nan could speak, Fu Yingying impatiently

clutched her wrist and objected, "I tried my best to catch her. Come here, do you want to let her go?

I will never agree, I will make her pay the price, she is better off torturing every day than to die!" The

man twitched the corners of his mouth, his eyes were a little cold:

"Miss Fu, this is me. I have the final say on the site of your life.

Zili asked me to take care of you, not you to order me."

chapter 1960

Let him beg me in person

The first thousand nine hundred and sixty chapters let him personally beg me

. Although the man is not good-looking, his aura comes out as soon as he speaks.

With a bit of contempt.

It doesn't look like an ordinary businessman.

There was a bit of fierceness in his eyes that was deliberately hidden.

Not to be underestimated.

Fu Yingying stared at him with wide eyes:

"You dare to resist me? Will Lili let you go?" The

man's eyes flashed a bit grim:

"Miss Fu, I don't know if Lili will let you go, but if you continue Dare to splash on me, I won't let you go!"

Fu Yingying's mouth grew wide, and she was frightened for a while.

The people outside hurried in.

"Yingying..."

It was Qu Qing.

Compared with the last time we met, her life was much worse than Fu Yingying.

He looked thinner, and his cheeks were sunken.

The moment Qu Qing's anxious face saw Su Nan, her expression became extremely complicated.

She pursed her lips, and finally looked at Fu Yingying:

"Let's go out first, what's wrong with your hand?"

Fu Yingying pushed Qu Qing away:

"It was Su Nan who did it, how dare she do this now that she is in our hands. Arrogant, Mom, have you forgotten why we are here?"

Qu Qing pursed her lips and hesitated before she finally pulled Fu Yingying out.

"It's important to go to the doctor first..." The

room finally quieted down.

Su Nan stood there, looking at the man.

The man smiled and looked at Su Nan with some appreciation in his eyes.

"Miss Su, no, I should call you Mrs. Shang. I have known Shang Zong for a long time. This time I really have no choice but to invite you here."

Su Nan's eyes flickered, and his heart suddenly became a little nervous. .

But his face was calm.

“Since you know Shang Qian, then go find him. It’s not decent to use this method to get me here, isn’t it?” The

man smiled calmly and looked at her meaningfully:

“Mr. Shang is very cunning, I have looked for him several times, and he can leave before me.

I can only bring you here and wait for President Shang to come to me in person.”

Su Nan looked at him silently.

No sound.

She vaguely felt that the person in front of her was not as bland as it seemed on the surface.

enemy?

The man looked at Su Nan without speaking, smiled, and calmly took out Su Nan’s mobile phone from his pocket.

Hand it to Su Nan.

“In order to show courtesy, I won’t touch your things, turn it on and unlock it, and call President Shang, and I want to talk to him.”

The current attitude is a bit stronger.

Su Nan hesitated for a few seconds and brought it over. The phone was not forcibly destroyed.

This surprised her.

Su Nan’s mobile phone has a positioning device. If it had been turned on, it would have been found long ago.

She paused and turned it on immediately.

As soon as it was turned on, countless calls poured in.

Su Jin’s, Su Yifeng’s...

There are even a few unfamiliar numbers.

But she took a quick glance.

There is no Shang Qian.

I can’t say what it feels like.

She came here, I’m afraid it brought him a lot of trouble.

Close your eyes.

She found Shang Qian’s number and dialed it directly.

Still can’t connect.

Instead, she breathed a sigh of relief.

The man's face was so dark that no emotion could be seen.

He glanced at Su Nan, took her mobile phone, and with a bit of impatience, sent a message directly.

Soon.

The phone was called back.

Looking at the flashing name above, Su Nan's heart trembled fiercely.

The man chuckled lightly, took out the cigar leisurely, sat on the chair beside him, and started to smoke.

Not in a hurry to answer the phone.

Su Nan stood there, listening to the rushing bells and vibrating, the restlessness and unease in my heart came up together.

Until the man finished roasting the cigarette in a hurry, and then lit it again for himself.

He picked up the phone in a hurry and let out a puff of smoke, revealing a hint of businessman's cunning.

"Mr. Shang, it's really not easy to find you. There's no other way but to invite your wife over as a guest!"
The

man's words contained a bit of greeting, but between exchanges, it was more a competition for interests.

Shang Qian didn't know what to say, but the man's face gradually improved.

He laughed a few times before looking at Su Nan and handing over the phone.

"Shang always wants to talk to you."

Su Nan took it calmly and put the phone to her ear.

Hearing the other party's nervous and uneasy breathing, Su Nan's heart was really relieved.

Shang Qian seemed to feel Su Nan's unease, and said in a warm voice:

"Baby?"

Su Nan hesitated for a few seconds and wanted to cry, but in front of outsiders, she didn't want to show weakness.

"Yeah."

She simply replied.

Shang Qian let out a long sigh of relief:

"Did you go to country M to find me?"

Su Nan responded.

Not much to say.

Shang Qian paused, "South Africa is in a bit of trouble, I just got off the plane, I'm sorry, I surprised you."

In other words, he was on the plane for more than ten hours when he didn't answer the phone.

This also makes sense.

He didn't even answer Su Nan's phone in order to hide from his enemies.

What a fantasy!

Su Nan gritted his teeth and tried his best to calm down:

"It's okay, I'm fine."

So you don't have to worry.

Shang Qian's tone was as gentle as possible to soothe her mood:

"The person who caught you is nicknamed Ying Falcon. I have cooperated with me before, and there was a misunderstanding in the middle. Don't worry, I will solve it, I will go back to pick you up, you Don't be afraid."

Su Nan was silent for a few seconds, and his eyes became sore.

"Well, I'm fine."

"Good girl, I know you're brave, but you don't know anything about South Africa. Don't use your own interests to negotiate conditions with him. I'll be in front of you for at most ten hours. "

In Shang Qian's words, with a somewhat gentle tone, it was as if he had said something commonplace.

Su Nan's heart gradually calmed down.

"Okay...I'm sorry..."

It was her hasty arrival that disrupted his plan.

Shang Qian was silent for a while.

"Baby, never say these three words. You did a good job. I put you in danger. When I go back, you can beat or scold."

Su Nan felt a dull pain in his heart.

Hope he is safe.

The man beside him knocked on the table impatiently.

"Are you finished?"

Su Nan's hand paused slightly.

Shang Qian was silent: "Baby, don't be afraid, sleep at ease, and I'll be right in front of you when you wake up."

There was always a reassuring magic in his voice.

The phone hangs up.

Su Nan looked at the man who smiled slightly at her.

Falcon.

This name does not match his ordinary appearance, but the light in his eyes is sharp.

"Don't be afraid, I have been friends with Shang for many years, and I won't kill you to vent my anger.

The arms base in his hands has been working with me for so many years, and it has always been no problem.

This time there was a sudden problem, and it was broken. I have two brothers, I have to ask him for an explanation."

He sat there, shrouded in danger and indifference.

He looks kind, but the bloodthirsty in his eyes is clear.
