

Divorce 1961

chapter 1961

He doesn't suffer

from people like this, can he really abide by morality?

Is there any justice in this line?

Su Nan walked over and sat in an uncomfortable chair.

"After so many years of cooperation, something suddenly went wrong. Although I don't know the truth, maybe someone deliberately sow discord?"

Eagle Falcon was taken aback and smiled.

"Who said it wasn't? But the people who come and go to deliver the goods, except for Shang Qian's people, are our own people.

Who does it?"

"Then why are you sure that Shang Qian did it?"

Su Nan asked.

Ying Falcon narrowed his eyes, took a puff of cigarette, spit it out, and stared at Su Nan:

"Country Z is going to use Shang Qian's test base, and it is bound to clean up his business.

He has found a more reliable tree and thinks Abandoning our old friends can only create an opportunity to turn against each other? Would n't it be

honest to pay liquidated damages?

Miss Su, you must know that this line of business is different from your business. It does not rely on contracts. It's not money, it's life."

His words were somewhat indifferent and sharp, but he answered Su Nan's questions patiently.

"It's alright, when Shang Qian came and lost the lives of my two brothers, this matter will be turned over."

Su Nan sighed.

"Losing your life?"

Falcon glanced at her with a bit of indifference:

"My two brothers, if he were to die, he wouldn't be at a loss, right?"

Su Nan fell silent.

She looked away.

Might as well let Shang Qian not come!

Immediately.

She thought of Fu Yingying.

“Miss Fu, why are you here?”

Ying Falcon sneered twice:

“She is a woman of Lili, and I reached a cooperation agreement with Lili. In order to show sincerity, he kept her woman as a hostage. But it seems that

Lili doesn't like this woman very much, why do I feel disadvantaged?”

Su Nan paused.

The name, she heard.

It is related to Fu Yechuan.

Could it be that the man in the country is Zhili?

Su Nan: “Are you working with Lili? Are you not afraid that Lili will eat black?”

Ying Falcon raised his eyebrows:

“Mrs. Shang knows a lot. I thought President Shang would be reluctant to let you know anything?”

Su Nan Nan twitched the corners of his mouth, unable to laugh:

“If I knew everything, why would I come here alone?”

Eagle Falcon pondered for a while, then nodded.

Also makes sense.

But then, he smiled again.

“Zheli wants to swallow the business of the general manager of the business, but his appetite is not so big, and he can't eat it.

He can eat the Southeast Asian piece and he will die. It is nothing more than jealousy when he pays attention to South Africa.

Besides...”

He hesitated, and glanced at Su Nan meaningfully.

Su Nan wondered about his eyes.

The Eagle Falcon is also not very appealing:

“Li Li has cooperated with Fu Yechuan. The woman just now was Fu Yechuan's sister. Fu Yechuan promised to help Li Li to expand the territory, so I agreed to cooperate so happily.

No matter who Shang Qian and Li Li can win in the future, they will not Delay my business!”

Su Nan secretly cursed the old fox.

But my heart was even lower.

Fu Yechuan cooperated with Lili.

Is it true or false?

She intuitively told herself that Fu Yechuan was not someone who compromised with evil forces.

But could he just watch Fu Yingying and Qu Qing die?

So, everything is unknown.

Eagle Falcon sighed to himself:

“I didn’t expect that Falun could find such a strong helper.

If he fights alone, he may not be able to beat Shang Qian.

But if Fu Yechuan is added, Shang Qian may not be able to win!”

The corner of Su Nan’s lips pursed, and his face remained calm and silent.

His eyes flashed.

“So, you don’t care who killed your two brothers at all, what you care about is who will win between them?”

Eagle Falcon’s eyes narrowed and he glanced at her instantly.

Su Nan met her gaze.

Eagle Falcon was silent for a few seconds, then suddenly laughed.

“No wonder it is said that Mrs. Shang is a smart person. President Shang gave up the gold and silver that he could easily get, just to be with you. Now it seems that it is true?”

He stood up with a smile.

“You rest, when the business manager comes, everything will come to an end.”

Eagle Falcon may have realized that he has talked too much with her, and Eagle Falcon is no longer as good as it was at the beginning.

He took Su Nan’s mobile phone and left.

Before leaving, it was specially turned off.

Su Nan’s heart sank, but it didn’t show on the surface.

She sat there staring blankly at the door.

Countless thoughts cluttered together.

These hidden crises were completely revealed the moment she arrived in country M.

If she hadn't taken the initiative to come forward, then what other way would she be able to hold Shang Qian in captivity?

Su Nan's mind flashed.

And Mike!

It is said that under the protection of Su's family, it is impossible for children to be in any danger.

But Mike has been studying abroad, and it is too easy to become a target to threaten Shang Qian.

She gritted her teeth.

My heart suddenly felt cold after knowing it.

Suddenly there is a sense of happiness.

Glad to be here.

Fortunately, the person facing these dangers is not a child.

She clenched her hands secretly.

He trembled slightly all over.

Her head was still groggy.

She leaned gently on the sofa and closed her eyes for a while.

I don't know how long has passed.

He heard rapid footsteps coming from the door.

Someone pushed the door in.

I saw Fu Yingying and Qu Qing with angry faces.

Qu Qing pulled Fu Yingying, her tone full of helplessness:

"What is this place, don't go too far, this woman is Shang Qian, it has nothing to do with your brother, what are you doing?"

Fu Yingying gritted her teeth, her eyes filled with anger:

"It's because she played with my brother's feelings and ended up with another man, I'm angry for my brother!

Mom, if it wasn't for her, would we need to be here?

It's her who confuses my brother, and ends up sitting here innocently!"

"Don't cause trouble to your brother!"

Qu Qing lowered her voice.

Fu Yingying looked at Su Nan indifferently, and shook her head:

“No, I’m asking for justice for my brother!”

Su Nan snorted lightly, curving the corners of her lips mockingly.

“You can comfort yourself by talking about revenge in such a high-sounding manner?

Fu Yechuan and I don’t owe anyone anything. Why do you seek justice for him?”

Her calmness made Fu Yingying even more angry.

“Why? Su Nan, if it weren’t for you, I would be ridiculed by the people in the circle and wouldn’t even be able to go home?

If it weren’t for you, why would my brother treat me like that?

I know, you must be scared now?

Luo In my hands, you are unlucky!”

Su Nan chuckled lightly: “Miss Fu, I have never targeted you for no reason. It’s in your hands.”

Fu Yingying narrowed her eyes, turning a deaf ear to Su Nan’s excuse.

She put all the blame on Su Nan.

If it weren’t for Su Nan, would he need to leave his hometown and become the laughing stock of the little sisters in the circle?

But now, she can finally raise her eyebrows.

chapter 1962

made you wait for a long time.

Fu Yingying’s hand was simply bandaged and fixed.

It looks rough.

Su Nan narrowed his eyes.

Qu Qing on the side pulled Fu Yingying’s arm helplessly:

“Yingying, don’t be stupid, that stinger is not a good person, you will drag your brother down if you stay!”

Fu Yingying pushed Qu Qing impatiently .

“What do you know? Now that my brother has cooperated with Lili, of course he will take care of his brother-in-law, we are a family.

As for outsiders, we can’t control this cooperation opportunity.

Who is Lili? How many people are there? If I want to have a relationship with him, my brother will definitely be better with this partner, I have made such a big sacrifice for my brother, my brother will understand me!”

Fu Yingying said proudly with her head held high, Eyes full of satisfaction.

Overwhelmed.

Qu Qing stopped talking.

Fu Yingying looked at Su Nan and sneered:

“It’s you, Xing Zhi didn’t kill you last time, it’s your fate, but this time it’s different, you fell into my hands, the man who just went out, My boyfriend is an iron buddy, whether you live or die is a matter of my words.

Su Nan, do you want to kneel down and beg for mercy, I can consider whether to forgive you?”

Su Nan pursed her lips, her eyes were calm and indifferent. Wave.

“Miss Fu, I advise you not to have anything to do with this kind of person. It’s not just about your personal face.”

She had seen the power of such a person with her own eyes when she was in Southeast Asia.

Trafficking in people, organs, drugs. They do things that are shameful, but they are commonplace in their eyes.

But once it gets involved with innocent people, it will only pull down the quagmire and sink deeper and deeper.

Fu Yingying sneered through gritted teeth:

“I need you to teach me? Who do you think you are? Are you amazing?”

Su Nan sighed helplessly.

Look at Qu Qing.

“Mrs. Fu, you should understand that it won’t do Fu Yechuan any good for you to stay here.”

Qu Qing frowned and hesitated.

Although she didn’t want to see Su Nan, what she said made sense.

But she didn’t want to get involved with Su Nan from the bottom of her heart.

“There’s no need for you to meddle in your own business.”

Fu Yingying hooked her lips, “I know that when my brother failed to save you, you were embarrassed. You married Shang Qian in a fit of rage, and now it’s too late to regret it?

But isn’t our Fu family ? I will want another divorced woman, no matter what you say, don’t make us accept you!

Don't say my brother doesn't know you are here, even if he did, he wouldn't choose you.

He and Lili The cooperation will be successful immediately, and it will not be at this time, because of people like you, you will turn against each other!"

Su Nan blinked.

In any case, Fu Yingying and her thoughts seemed not to be on the same channel.

No matter how she tried to persuade her, Fu Yingying would not think it was a good word as long as it came out of her mouth.

She chuckled and shrugged.

She had nothing to say.

Was Fu Yechuan forced to cooperate with Lili?

If you know what Fu Yingying thinks in her heart.

I'm afraid that I can spit out a mouthful of old blood and be pissed off?

Qu Qing took Fu Yingying's arm:

"Okay, Yingying, let's go out first. Didn't the eagle say that he wouldn't let us stay inside for a long time?"

Fu Yingying was not reconciled and just left.

Qu Qing persuaded her: "Su Nan is already here, and she won't be able to leave for a while. We'll come back when Ying Falcon goes out to do errands."

At that time, they can do whatever they want.

Fu Yingying's eyes lit up, and she heard this sentence.

She glared at Su Nan fiercely:

"You wait for me, I won't let you go!"

She turned around and walked out.

Su Nan sat there, watching the two leave.

Immediately, I didn't feel good.

Qu Qing and Fu Yingying are both his sisters.

Certainly not a good choice.

Su Nan walked over and tugged at the door, but couldn't move.

It's quite cautious.

There is not even a window, and she has no chance to jump out of the window.

She didn't even know where this place was, she was really too passive.

I don't know if this eagle has too much confidence in Shang Qian, or if there are not enough people here.

From the time she woke up, until the evening, she didn't even see a food delivery person.

Deadly quiet.

Su Nan felt that his chest was terribly tight.

Very uncomfortable.

Suddenly.

The door was forced open.

A strange man came over and pulled Su Nan out without saying a word.

Su Nan paused, not having much strength to contend.

"Is Shang Qian here?" The

man didn't say a word.

As soon as you go out.

Only then did she realize that it was a well-decorated villa, and the room she lived in should be the grocery room on the top floor.

Eagle Falcon was downstairs, and a dozen men in black stood on both sides of him.

The formation is huge.

Su Nan's eyes flashed and he gritted his teeth.

The whole body was nervously alert.

Ying Falcon chuckled lightly:

"Mr. Shang is here, Mrs. Shang can rest assured."

Ying Falcon smiled meaningfully, gave his subordinates a color, and his subordinates covered Su Nan with a black cloth.

I can't see anything in front of me.

He didn't want Su Nan to see the situation outside.

Su Nan did not struggle.

She silently tried to calm herself down.

Don't be afraid.

Don't be afraid of anything.

These two words of Shang Qian were all in his mind.

Then, she felt someone bind her hand behind her.

Maybe it was because she was weak and didn't tie it hard, it just prevented her from moving freely.

Someone pushed her behind her, and she could only follow along.

Got into the car.

She silently counted the seconds.

Less than ten minutes away.

The car stopped.

Smells a little damp and rotten.

Someone pulled her out of the car.

Hearing the voice of the eagle falcon,

he said, "President Shang, I'll keep my word."

Shang Qian, wearing black clothes and black trousers, got out of the car.

The whole person seemed to be shrouded in a gloomy chill, and the warm disguise had faded away, as if no one could approach his world.

He seemed to be born as a Shura who came out of hell, and no one could stop him.

Even the Eagle Falcon has secretly strengthened his vigilance because of Shang Qian's arrival.

Shang Qian stood there, his stern face was extremely gloomy, and his eyes became even darker when he looked at Su Nan who was pulled behind by the eagle falcon.

Eagle Falcon smiled, "Mr. Shang, I treat Mrs. Shang with courtesy. I haven't touched her with half a finger. If you don't believe me, you can ask Mrs. Shang. She knows this best."

Su Nan could feel it. A fiery gaze fell on him.

It is Shang Qian.

He really came without a single second.

Su Nan suppressed his inner excitement and pursed his lips:

"Shang Qian?"

Shang Qian gritted his teeth for a moment, his eyes were scarlet, but he softened his voice, afraid of scaring her.

"It's me, baby, don't be afraid, I'll keep you waiting."

chapter 1963

They joined forces to deal with you

Su Nan finally breathed a sigh of relief.

Eagle Falcon: "Then how should this account be calculated? My two brothers are dead, and President Shang has nothing to say?"

Shang Qian's tone was condensed:

"The thing happened after you took it away, and it was your own mouth when you inspected the goods. It's okay to say it, they died and depended on me, Ying Falcon knows what you're thinking about."

Ying Falcon was silent for a moment, but then laughed twice:

"There are so many goods, you can't test them one by one, who Let my two brothers be so unlucky, how about these two parallel imports?"

But Shang Qian, I can only count this debt on your head!"

Seeing the situation, it was impossible to negotiate.

Su Nan was also secretly nervous, and his palms were sweating.

Shang Qian: "Okay, if you have to count, then I'll accept it. Tell me, what are your conditions?"

There was a hint of impatience in his tone.

He didn't want to joke about Su Nan's safety.

I don't even want to talk about the length with the falcon at this time.

Su Nan has been in danger for more than ten hours, and he can't bear it anymore.

Eagle Falcon raised his eyebrows, "I want your life, President Shang, two lives are exchanged for one life, you are not at a loss. As long as you commit suicide, I will release your wife immediately and send her back to China safely." The

voice fell.

You can feel the coldness in the air.

Su Nan's heart trembled fiercely:

"Shang Qian, don't listen to him, he has already joined forces with Fu Yechuan to deal with you!"

As soon as Su Nan said it, he felt the rope restraining his hands ruthlessly. A tight, although blindfolded can not see clearly, can feel the indifference of the person behind.

As usual, he grabbed Su Nan's neck, making her speechless.

Su Nan sucked in a breath of cold air, but still held back and did not shout.

The atmosphere was instantly cold.

Shang Qian's expression changed.

A noise can be heard from both sides as if weapons are being drawn.

She couldn't see it, but she could smell it.

Ying Falcon's tone became a little colder:

"Don't do this to Mrs. Shang, she can say whatever she wants, anyway... I'm in my hands."

Therefore, Shang Qian had to do it.

There was already a strong warning in his tone.

"Mr. Shang, you always say that you love this wife, is it all fake?"

Shang Qian confronted indifferently.

The thing in his hand was originally aimed at the falcon.

But looking at Su Nan, his eyes were dark and deep, and he put his hands down.

Eagle Falcon smiled in satisfaction.

Shang Qian glanced at him indifferently, and then gave a wink to the people behind him.

The man immediately brought out a thin man wearing a hood from the car.

Falcon immediately recognized the man.

"Aren't you the person next to the second child?"

The man's hood was torn off, and his appearance was clearly seen.

He paused, trembling all over.

Shang Qian took two steps back, leaned on the car, and stood beside the man.

With a bit of wanton wickedness on his face, he patted the man's company with a gun, his indifferent look aloof.

"This matter has been troubled for a long time, and we have cooperated for so many years, I will not even solve this trouble.

Whether you know it or not, but I brought the man who did it.

This man replaced my things, You just let your two brothers die, as for who is behind the scenes, I don't want to say more, you can ask yourself." With

that, the thin man was pushed into the middle.

I fell and didn't get up.

Falcon narrowed his eyes.

The man didn't dare to walk over, and was so frightened that he shrank there, unable to advance or retreat.

Eagle Falcon paused, "How do I know if what you said is true or false, or bribed someone to deceive me?"

Shang Qian's tone was indifferent:

"Eagle Falcon, the arms base is just one of my industries, it doesn't count for me. What kind of big business.

People who want to do business with me have to line up, don't take yourself seriously."

Eagle Falcon was silent for a while.

His men had dragged the thin man over.

"Wuwuwu, eldest brother, I can't do anything about it, Lili found me and threatened me with my daughter-in-law. My daughter-in-law has a big belly. Third brother, take revenge!"

Eagle Falcon's face was extremely ugly.

He hurried forward and kicked the man on the chest:

"Damn, just for a woman, you betrayed my two brothers!"

Having said that, the eagle can't hang his face in the face of so many brothers. .

He took a deep breath and looked at Shang Qian:

"Mr. Shang, I originally wanted to kill you, and then I would bite the bullet. You use me, who says I can't use you?"

He paused, and glanced gloomily at the man who killed his own brother.

"But now, I regret it, Mrs. Shang, take it back, this man stays, if what you said is true, I am sorry for this matter.

But if you lie to me with this villain, I will I won't give up easily.

You know, my people are now at the gate of your son's school in country F!"

Ying Falcon's tone was sharp, and after a few laughs, he gave the person who tied Su Nan a wink.

The man pushed Su Nan to the middle.

Shang Qian's eyes darkened for a moment, and then immediately converged.

Instead of letting others pick it up, he went there himself.

The closer Su Nan got to him, the faster his heart beat.

The cyan fingerprints that had just been pinched off her neck were especially obvious on her tender and fair skin.

Shang Qian's eyes were deep for a moment, and the moment he suddenly pulled her behind him, he kicked her without hesitation.

Everyone was shocked.

The man was kicked to the ground, covering his lower abdomen in pain.

Eagle Falcon narrowed his eyes, "Mr. Shang, what are you doing?"

Shang Qian clapped his hands, sorted his clothes in disgust, and then gently untied the rope behind Su Nan.

"Are you alright?"

he asked her with concern, not caring about other people's eyes.

Su Nan turned her wrist and shook her head. The next second, she was about to tear off the blindfold, but was stopped by Shang Qian.

"Wait a minute, don't worry."

His gentle words soothed her heart.

Shang Qian didn't want her to see what those people looked like, let alone the scene at the moment.

Afraid of her having nightmares.

Shang Qian glanced at the man who was kicked on the ground.

He said lightly,

"Just now I pinched my wife's neck so hard, but it's just that one kick has already cheapened him."

The man was still on the ground in pain, his face pale and sweaty, and it didn't look like he was okay.

I'm afraid the internal injury is more serious.

The eagle falcon hesitated for a few seconds, then withdrew his gaze and let the man be dragged back.

"When I find out, let's talk about the future."

Ying Falcon didn't expect Shang Qian to find out so quickly.

Since the incident, Shang Qian said "it has nothing to do with me" to send everyone off, which made Ying Falcon gradually dissatisfied.

He thought that Shang Qian was guilty, so he didn't respond.

Until recently, his cooperation with Lili had basically been determined, but Shang Qian could not find anyone.

chapter 1964

let them

go, thinking that Shang Qian was hiding, so they let out the wind and let people find them.

Now that he has found it, he has even investigated the matter.

It turned out to be the one who wanted to cooperate with him.

Although he loves Qian Aili, he will not take his own brother's death as a horse.

Not to sit still.

Shang Qian doesn't care what he wants.

If it weren't for Su Nan, he wouldn't bother to care.

But once Su Nan is involved, he will not let it go, no matter the ends of the earth.

Su Nan paused, suddenly remembered something, and turned around.

"The two women in the Fu family are innocent, can you let them go?"

Although Fu Yingying was in love, Qu Qing didn't seem to be willing to stay.

If they could leave, Fu Yechuan's situation might not be so passive.

She didn't have any extra feelings, just in terms of two innocent lives, she had no choice but to mention it.

Besides, emotionally, she has no extraneous affection for Fu Yechuan.

But after knowing each other for so many years, I don't want him to lose his relatives.

Ying Falcon chuckled twice: "Mrs. Shang is joking, it's not that I'm holding on to people, it's that they don't want to go."

Su Nan frowned and wanted to say something. Thinking of Fu Yingying's brain, Ying Falcon probably didn't lie. .

She pursed her lips, seeing that Eagle Falcon is not the kind of unreasonable person.

With two people in his hands, it is estimated that there is no danger.

Shang Qian hugged her into the car.

He brought enough people, and Su Nan had never seen or had the opportunity to meet these people.

The car started, and a shrill scream could be heard from behind.

Falcons are not compassionate on the surface.

She trembled in her heart, Shang Qian gently hugged her shoulders, slowly tightened his arms, and gently patted her back:

"It's alright baby, you're alright now."

For a while.

The sound is completely inaudible.

Shang Qian began to slowly untie the black cloth on her eyes.

Touching the light, Su Nan frowned slightly, feeling slightly uncomfortable.

But got used to it quickly.

next second.

She immediately turned around and hugged Shang Qian.

The two hugged each other tightly and did not speak immediately, but they both understood that this incident was a near miss.

But these shocks are enough to make people tremble with fear.

“Baby, fortunately you’re fine, otherwise I really don’t know what to do!”

If Eagle Falcon betrayed his brother and really colluded with Lili, just to confuse Shang Qian, he could only jump in.

Even if he died, he didn’t want anything to happen to Su Nan.

What is more important in this world than her?

But he bet right, Falcon cares more about his brother.

Su Nan felt that his whole body was tense and stiff and gradually loosened up.

She also hugged Shang Qian and said in a low voice,

“I only heard a lot about you in China, and no one answered the phone when I called you. I came to look for you because I was really worried. Trouble.”

Although it’s only been a day, it feels like a long, long time.

Frightened like a roller coaster ride.

Shang Qian gently kissed Su Nan’s hair:

“It’s all my fault, I should have finished the matter earlier, and should not have left this hidden danger.”

There was a bit of coldness in his tone.

Su Nan suddenly remembered something, “By the way, my eldest brother, he has called me a lot, so he has to go back quickly.”

Shang Qian frowned: “You sneaked here?”

Su Nan opened his mouth, not knowing why Say.

Shang Qian immediately understood, and felt even more pity in his heart.

He hopes that Su Nan loves him more than yesterday, but also hopes that she does not love him so much.

This way, you won’t be foolishly running to such a dangerous place.

My heart is really tangled and complicated, stuck in my throat, and I can't say a word.

The person next to the driver handed over Su Nan's mobile phone:

"Mr. Shang, this is from Ying Falcon."

Shang Qian glanced at it and handed it to Su Nan.

As soon as Su Nan turned on, he saw many missed calls.

This time, there is also Shang Qian.

Su Nan blinked and looked at him: "

You must tell me where you are going in the future, otherwise I will be anxious if I can't find you, especially if you haven't answered the phone yet!"

The tenderness is about to overflow.

"Okay, it's my fault.

I thought I wouldn't let you worry if I didn't tell you why. If I didn't tell you to worry you more, I'd tell you everything."

Su Nan smiled and clicked nod.

It's not easy for them to get to where they are today.

Shang Qian is not a perfect person, but in life, Su Nan could not find a warmer existence than him.

Every time she turned around, he was there.

But if he suddenly disappeared, she would panic to death.

They are attracted to each other and get closer.

Su Nan lowered her head, her phone vibrated.

Or Su Jin.

She paused, then picked it up sternly:

"Hello? Su Nan? Is that you?"

Su Jin's impatient voice was hoarse.

I'm afraid it will get hot in a hurry.

Su Nan felt ashamed. After all, when she was locked up, she regretted not listening to Su Jin ten thousand times.

Sure enough, a big somersault!

She paused, "Big brother, it's me, I'm fine."

"Why don't you answer the phone when you're fine?"

Su Jin reprimanded a bit: "The person who went to pick you up didn't see you after waiting all night, where are you going? Is it?"

"Brother, don't worry, I have found Shang Qian, and he is by my side."

Su Nan didn't want to talk about the past day, and handed the phone to Shang Qian.

Shang Qian raised his eyebrows and took over under great pressure.

After all, he didn't dare to lie because of the pressure from his eldest brother.

Su Jin can see it at a glance.

It's too easy to want to investigate something.

"Brother, Su Nan is fine, we'll go back to China now."

Su Jin didn't know what to say, but Shang Qian answered with a dignified expression, and then hung up.

Su Nan looked at him sideways:

"What's the matter? Are we going back to China now?"

Shang Qian stroked her hair with a smile:

"Yes, there are many night dreams, and Zili has little influence in the country, so he will restrain himself. It's too dangerous to stay here."

Su Nan didn't want to stay. Of course agreed.

As a result, I got on the plane and found out that there was no suitable flight.

The plane is Shang Qian's private plane, luxurious and restrained, low-key and not simple.

No wonder he came back from South Africa so quickly.

Sitting on it, Su Nan breathed a sigh of relief when he was in the air.

The housekeeper came over with two cups of coffee, Su Nan glanced at it and shook his head.

Shang Qian touched her face, too tired and a little pale.

He was distressed all the way.

"Go and change a glass of warm milk." The

housekeeper nodded and went back to change the milk.

Su Nan was in no mood and closed his eyes for a while.

Shang Qian covered her with a blanket and stared at her face intently.

It was like looking at a lost treasure.

The assistant walked over quietly and patted Shang Qian.

In order not to disturb Su Nan, the two went to the other side to talk.

“Mr. Shang, Mr. Fu seems to know that something happened to Miss Su, and his people have inquired about us...”

Shang Qian frowned, his eyes dark looking at the vast sea of clouds outside.

“Get off the plane and tell him that his mother and sister are in Falcon’s hands.”

But got used to it quickly.

next second.

She immediately turned around and hugged Shang Qian.

The two hugged each other tightly and did not speak immediately, but they both understood that this incident was a near miss.

But these shocks are enough to make people tremble with fear.

“Baby, fortunately you’re fine, otherwise I really don’t know what to do!”

If Eagle Falcon betrayed his brother and really colluded with Lili, just to confuse Shang Qian, he could only jump in.

Even if he died, he didn’t want anything to happen to Su Nan.

What is more important in this world than her?

But he bet right, Falcon cares more about his brother.

Su Nan felt that his whole body was tense and stiff and gradually loosened up.

She also hugged Shang Qian and said in a low voice,

“I only heard a lot about you in China, and no one answered the phone when I called you. I came to look for you because I was really worried. Trouble.”

Although it’s only been a day, it feels like a long, long time.

Frightened like a roller coaster ride.

Shang Qian gently kissed Su Nan’s hair:

“It’s all my fault, I should have finished the matter earlier, and should not have left this hidden danger.”

There was a bit of coldness in his tone.

Su Nan suddenly remembered something, "By the way, my eldest brother, he has called me a lot, so he has to go back quickly."

Shang Qian frowned: "You sneaked here?"

Su Nan opened his mouth, not knowing why Say.

Shang Qian immediately understood, and felt even more pity in his heart.

He hopes that Su Nan loves him more than yesterday, but also hopes that she does not love him so much.

This way, you won't be foolishly running to such a dangerous place.

My heart is really tangled and complicated, stuck in my throat, and I can't say a word.

The person next to the driver handed over Su Nan's mobile phone:

"Mr. Shang, this is from Ying Falcon."

Shang Qian glanced at it and handed it to Su Nan.

As soon as Su Nan turned on, he saw many missed calls.

This time, there is also Shang Qian.

Su Nan blinked and looked at him: "

You must tell me where you are going in the future, otherwise I will be anxious if I can't find you, especially if you haven't answered the phone yet!"

The tenderness is about to overflow.

"Okay, it's my fault.

I thought I wouldn't let you worry if I didn't tell you why. If I didn't tell you to worry you more, I'd tell you everything."

Su Nan smiled and clicked nod.

It's not easy for them to get to where they are today.

Shang Qian is not a perfect person, but in life, Su Nan could not find a warmer existence than him.

Every time she turned around, he was there.

But if he suddenly disappeared, she would panic to death.

They are attracted to each other and get closer.

Su Nan lowered her head, her phone vibrated.

Or Su Jin.

She paused, then picked it up sternly:

“Hello? Su Nan? Is that you?”

Su Jin’s impatient voice was hoarse.

I’m afraid it will get hot in a hurry.

Su Nan felt ashamed. After all, when she was locked up, she regretted not listening to Su Jin ten thousand times.

Sure enough, a big somersault!

She paused, “Big brother, it’s me, I’m fine.”

“Why don’t you answer the phone when you’re fine?”

Su Jin reprimanded a bit: “The person who went to pick you up didn’t see you after waiting all night, where are you going? Is it?”

“Brother, don’t worry, I have found Shang Qian, and he is by my side.”

Su Nan didn’t want to talk about the past day, and handed the phone to Shang Qian.

Shang Qian raised his eyebrows and took over under great pressure.

After all, he didn’t dare to lie because of the pressure from his eldest brother.

Su Jin can see it at a glance.

It’s too easy to want to investigate something.

“Brother, Su Nan is fine, we’ll go back to China now.”

Su Jin didn’t know what to say, but Shang Qian answered with a dignified expression, and then hung up.

Su Nan looked at him sideways:

“What’s the matter? Are we going back to China now?”

Shang Qian stroked her hair with a smile:

“Yes, there are many night dreams, and Zili has little influence in the country, so he will restrain himself. It’s too dangerous to stay here.”

Su Nan didn’t want to stay. Of course agreed.

As a result, I got on the plane and found out that there was no suitable flight.

The plane is Shang Qian’s private plane, luxurious and restrained, low-key and not simple.

No wonder he came back from South Africa so quickly.

Sitting on it, Su Nan breathed a sigh of relief when he was in the air.

The housekeeper came over with two cups of coffee, Su Nan glanced at it and shook his head.

Shang Qian touched her face, too tired and a little pale.

He was distressed all the way.

“Go and change a glass of warm milk.” The

housekeeper nodded and went back to change the milk.

Su Nan was in no mood and closed his eyes for a while.

Shang Qian covered her with a blanket and stared at her face intently.

It was like looking at a lost treasure.

The assistant walked over quietly and patted Shang Qian.

In order not to disturb Su Nan, the two went to the other side to talk.

“Mr. Shang, Mr. Fu seems to know that something happened to Miss Su, and his people have inquired about us...”

Shang Qian frowned, his eyes dark looking at the vast sea of clouds outside.

“Get off the plane and tell him that his mother and sister are in Falcon’s hands.”

chapter 1966

took them back

and the two sneaked out from here.

There are not many households on this road.

The two were running hard in the dark along the road.

I don’t know how long it took.

Suddenly.

Suddenly, a car appeared in front of them, the lights were dazzling, and it happened to hit the two of them.

I saw the people inside.

Qu Qing and Fu Yingying’s expressions changed fiercely, and a sense of despair came over them.

Listening to the cold voice of the person inside:

“Take them back.”

.....

Country Z.

Su Nan and Shang Qian got off the plane, and Su Jin had been waiting for a long time.

Not seeing anyone else, Su Nan secretly breathed a sigh of relief.

This shows that Su Jin did not tell anyone.

Su Jin glanced at Su Nan and didn't scold her. He looked directly at Shang Qian and said,

"Is the matter resolved?"

Shang Qian was still calm and nodded.

"There was an accident in the S*F group. Obviously someone deliberately ordered it, but it's easy to solve it, it's just a waste of time."

Su Jin nodded, without asking more, the group directly got into the car.

"Little Si, your sister-in-law is behind, you and her are in a car."

Seeing that Su Jin had no intention of discussing, Su Nan looked at Shang Qian, a little worried.

Su Jin wouldn't take his anger at Shang Qian, would he?

Shang Qian smiled and nodded, reassuring her.

He half hugged Su Nan's shoulders and took her to the car behind.

Opening the car door in the back seat and seeing Wen Xiang inside, Shang Qian nodded very warmly and humbly:

"Sister-in-law."

Wen Xiang nodded with a smile, held the hand of the mobile phone for a while, and then pressed the screen off.

"Little Si, come up, I've prepared dessert, are you hungry?"

She took out the dessert bag from one side, there was no logo, she made it herself.

Whether she made it herself or not, Su Nan felt hungry.

No one can bear it without food for a day and a night!

Su Nan nodded, Shang Qian stroked her arm to let her get in the car, and gently stroked her messy skirt before closing the door with a smile.

As soon as he turned around, his smile subsided a lot.

Go back to Su Jin's car.

Su Jin has almost finished a phone call behind.

"Well, someone found it, let them all withdraw."

Shang Qian got into the car and immediately understood Su Jin's call:

"Big brother asked someone to find Su Nan?"

Su Jin put down his hand and said indifferently,

“The Su family But I can’t stand her accident again, brother-in-law.”

This “brother-in-law” called Shang Qian, as if a huge rock was pressed in his heart, which was extremely heavy.

Shang Qian: “...”

In Wen Xiang’s car, although Su Nan didn’t gobble up when she was eating, it was a lot compared to her usual amount of food.

She handed over a glass of water and said softly,

“Eat slowly, don’t choke.”

After Su Nan took a sip, she felt that her strength was slowly recovering.

“Thank you, sister-in-law, why are you here?”

Wen Xiang smiled, “you are gone, your brother is in a hurry, he didn’t sleep all night, and he didn’t dare to tell Dad, let the people from the M country find him without delay. You, you came back as soon as I got some news, I’m really lucky.”

Su Nan paused.

I feel really guilty. Su Yifeng has already had an operation for her repeated accidents. Su Yifeng really can’t stand it if she goes through another set of twists and turns.

“I was impulsive and careless, sister-in-law, I’m really sorry.”

Su Nan pursed her lips and lowered her eyes slightly.

There was silence in the car for a moment.

Hearing Wen Xiang laugh, she comforted her:

“We don’t mean to blame you, you went to the M country because you were worried about Shang Qian’s accident. This is understandable. Do

you want to let you see that Shang Qian has something wrong?

There are people who are the most important, and they are more important than their own lives, you have to be impulsive to worry, there is nothing to apologize for, your brother also understands.”

Su Nan blinked, she was really shocked.

She couldn’t see Su Jin forgiving her, and Su Jin didn’t say a word since getting off the plane.

But he should be angry.

This time it was really a fluke.

If I meet a perverted person like Xing Zhi again, I don’t know whether I can survive or not!

“Sister-in-law, don’t they know about my father yet?”

Wen Xiang shook his head:

“I don’t know, I just said that when the child wanted to make a video with you, he couldn’t find you. Dad was a little anxious, so he called your brother.

Fortunately, your brother fooled you. If it takes a long time, I don’t know what to do.

After a while, we will go straight to the old house and let Dad feel at ease before talking about it. “

Su Nan nodded and took a deep breath.

“I know, I won’t act impulsively in the future.”

Wen Xiang smiled: “

Shang Qian is very good, and he is also very good to you, but his business is so huge that we can’t even imagine it.

South Africa’s arms base is just the tip of the iceberg, and we have no intention to spy on it all.

The environment where you live is a place where there is no dust under the sun. It can be said that it is two worlds.

You’re happy with him, but don’t get too involved in his career.

Xiao Si, these words are what your brother asked me to tell you. There was such silence in the car.

Su Nan seemed to feel the silence of the air.

This wave was difficult.

She seemed to feel that Shang Qian’s power was not limited to a few profitable projects.

Although foreign countries do not restrict arms bases However, if you want to be one of the best and the most enviable existence, you will be more or less involved in complex contexts.

It is indeed not something that a pure and hard-working group like the Su Group can get involved with.

But she can clear the relationship . No ?

No.

Su Nan clenched and loosened his fists and smiled.

“Sister-in-law, if something happens to Shang Qian, can I stay out of it?

Although this kidnapping was a near miss, who didn’t know that I was his weakness?

Shang Qian has protected me well enough, I can’t enjoy his goodness blindly and ignore the black danger behind him, it’s too unfair to him.

But I can promise that I will love myself more for the sake of my family. “

She couldn't promise Wen Xiang that she would ignore Shang Qian's affairs in the future, let alone stay away from him.

If she wanted to be alone, she would not choose to marry him.

She loves him and will love everything he has. Hidden dangers and a sense of security.

Even if there is a cliff in front of her, she believes that Shang Qian will pave a broad road.

He is complicated and changeable, but he will only show himself the best side.

Wen Xiang was silent for a while, then smiled, I didn't go on.

It seems that Su Jin underestimated Su Nan's love for Shang Qian. Do you

think that she will be restrained when she falls in love with Fu Yechuan again?

In her opinion, Su Nan's current feelings , more intense and turbulent than three years ago.

Desperate for everything. It

didn't take a while to arrive at Su's house.

All the familiar things almost made Su Nan cry. The

housekeeper opened the door and watched them come back with a smile as always.

Su Jin got out of the car. He came over, but just glanced at her, then spared the car and went to Wen Xiang's side.

Su Nan: "...”

Oh, dog food.

chapter 1967

Can't delay his studies

Su Nan pushed open the car door by himself, looking at Shang Qian standing tall and tall.

The warm aura concealed his previous sharpness, and he looked at her with a smile on his face.

It seems that their conversation did not affect Shang Qian's mood.

Didn't Su Jin scold him bloody?

Su Nan got out of the car, ran over, and hugged him tightly.

With a hoarse smile on his chest, Shang Qian patted her on the shoulder:

“Okay, if you hug me again, eldest brother will regret not beating me in the car.”

She froze slightly, unsympathetic Unwilling to let go.

Tired and sleepy on the plane, no time to hug him.

The conversation with Wen Xiang just now gave her a strong sense of dependence.

She stood up straight, and when she sent him away, his lips lowered and he kissed her forehead, tenderly and fondly, as if electrocuted.

No one seemed to see the small movements of the two.

Su Nan hooked his hand on his waist and retracted it as if nothing had happened.

Su Jin and Wen Xiang then approached, Su Jin's eyes were still cold, but they were much better.

The uncle the housekeeper came over with a smile:

"Eldest young master, you are here together? It's a coincidence that Su Qi is here, it's lively today!"

In front of the uncle the housekeeper, they couldn't show too much strangeness.

Wen Xiang smiled, "When I went to pick up Xiao Si, I knew that Shang Qian was going to come back, so I went to the airport."

"No wonder..."

Uncle the housekeeper smiled clearly.

Su Jin strode ahead, Su Nan obediently followed behind, trotted a few steps, and said with a dog-legged smile:

"Only brother is the best in the world, he is indeed the person I admired most since I was a child... ."

Su Jin's figure paused, and he almost didn't stand firm on the steps.

This sudden compliment...

Su Qi, who stood on the steps to greet him, happened to hear this scene.

Suddenly, he bent down: "yue—"

Su Jin glanced at him coldly.

Su Qi laughed arrogantly and cheerfully:

"Miss Su, what kind of control do you have in the hands of the boss!

You also told me the same thing when you had to swipe your card last time when you were shopping, hahahaha... "The

scene was cold for a while.

Su Jin glared at him fiercely, ignoring him and walked in.

Su Nan took a few steps over and stomped him hard.

"No one will treat you as dumb if you don't speak!"

Su Qi sucked in a breath of cold air and complained to Shang Qian, who came over:

“You don’t care about her temper? I thought it would be better for her to get married, dare to love It hasn’t changed at all!”

Shang Qian looked at Su Qi with a slight smile, and smiled innocently:

“Why does she have a temper? She stepped on it accidentally, I didn’t see it.”

Su Qi He twitched the corners of his mouth, speechless:

“Oh, if she steps on you like this next time, don’t regret it!”

Shang Qian paused, and the corners of his lips flattened slightly.

The voice is extremely calm and serious:

“How much is she? It doesn’t hurt to step on it. It’s nothing to make her happy.”

Su Qi: “...”

He was so angry that he couldn’t speak, and limped away. go in.

Nothing to say to him.

What a man blinded by love!

Wen Xiang watched the whole process from behind, smiled and shook her head and followed.

Su Nan watched Su Jin hug and talk about the child sitting on the sofa, while Su Yifeng was drinking tea.

Seeing her come in, she raised her eyebrows:

“I’m willing to come back? Let you go out to play, it’s to let you go out to relax, not to let you hang out with Qin Yu and be reluctant!

Tell me that no one answered the phone you wanted to call you yesterday! “

Su Yi glared at him arrogantly.

Su Nan immediately understood the reason why Su Jin was looking.

Just wronged Miss Qin Yu.

She smiled: “I’m really worried about Qin Yu’s situation, so I’ll go and see, am I not coming back?”

Su Yifeng hummed softly: “Shen Liang won’t sit idly by, don’t worry about it.”

“Okay! “

Su Nan joked in the past.

Said that the child was still angry, and as soon as he turned his head, he hugged Su Jin’s neck and didn’t let go.

Su Nan froze.

This little heartless.

Su Jin glanced at her with a half-smile.

He patted the child gently on the back and said that he was very experienced in taking care of children, and Su Lin was taught very well by him.

Su Lin went to the early morning class, so she couldn't come here often.

Seeing this, Su Yifeng laughed:

"Look, your daughter is mad at you!"

Adding fuel to the fire.

Su Nan pouted and insisted on coaxing the children.

Su Jin was just being hard-hearted and soft-hearted. There was no reason to be angry with Su Nan all the time. He turned around and told him to look at his mother.

As soon as Shang Qian and Wen Xiang came in, Su Yifeng was stunned for a while.

"Returning to China so soon? Don't say anything in advance."

Wen Xiang sat down beside Su Jin to herself, and affectionately pulled the little hand to talk about.

Shang Qian glanced at his daughter and nodded with a smile:

"I dealt with the matter ahead of time. I was afraid that my family would be in a hurry, so I came back quickly."

Su Yifeng nodded and breathed a sigh of relief:

"Alright, during your absence, if she can scare herself to death, just come back."

After speaking, he asked the housekeeper to cook more dishes that Shang Qian likes to eat.

The butler responded happily and ran to the kitchen to start preparing.

Shang Qian walked over, looked at Su Nan's lost eyes, reached out and patted her on the shoulder, making her stand up.

He walked there and sat down by himself, stretched out his hand:

"Little darling, go to Daddy's place?" As soon as

he said aloud, he said that the child seemed to remember his own father's voice, and turned to look at him.

Measured for a few seconds.

Then she happily spit out a bubble and threw herself into Shang Qian's arms.

Su Nan: "..."

Shang Qian hugged happily with a smile on his brows.

Wen Xiang stood up, "It's so smart to say it."

Su Jin smiled, "Small temper is exactly the same as Xiao Si!"

Several people looked at each other and smiled, very helpless.

Su Qi came out of the kitchen gloatingly, holding a plate of fruit:

"If you want me to say, Shang Qian still has experience with children, even if she hasn't seen her for a while, she can still remember her father's appearance."

Shang Qian smiled: "Actually, it's a child's inherent memory. If you get used to it, you will be familiar with my voice. It's easy to cultivate a child's sense of dependence."

He was comforting Su Nan.

Su Nan thinks it makes sense.

She decided that it was time to cultivate a sense of dependence on her children.

Shang Qian likes his daughter very much.

Once hugged, he was reluctant to let go.

Su Nan turned around, bent over and looked over:

"Let me hold you for a while, you are too tired!"

Shang Qian squeezed the little hand he was talking about, and said subconsciously,

"I'm not tired."

After a while .

Only then did he realize that Su Nan's expression was filled with dissatisfaction.

He coughed and handed the talk.

It is very disrespectful to talk about, and those who are wronged will cry.

Shang Qian felt a pain in his heart and withdrew his hand.

Su Nan: "..."

Shang Qian hesitated, stretched out his other leg, and patted:

"Would you like to sit here?"

Su Nan: "Are you sure?"

She had no objection.

But Shang Qian turned around and regretted it.

“Forget it, go back and do it again!”

Su Nan twitched the corners of his mouth, looking at his solemn rejection, but the red color quietly appeared on his ears.

Hot face.

chapter 1968

Think about me

for a while.

Su Nan finally got his wish and hugged him softly and talked about the children.

Suddenly my heart melted.

It was said that the child generously gave a wet kiss and bubbles, which made Su Nan wonder whether to laugh or cry.

Your own daughter, can't be too disgusted.

During the meal, Su Xiaohu accompanied him to talk about the children playing.

You can rest assured.

When the child wanted to fall, Su Xiaohu would always stand behind him as a pillow.

Su Xiaohu, this stupid tiger thought he was joking with him, so he ran around endlessly, biting a small toy in his mouth to make him crawl and run after him!

After dinner.

Su Yifeng took Shang Qian to the study to speak.

Su Jin didn't go, and took Wen Xiang to pick up Su Lin from school.

Su Qi leaned up and said, “Did you really go to Qin Yu's place yesterday? Why can't I see Qin Yu's Moments without you!”

If Su Nan was there, Qin Yu couldn't have not posted it!

Su Nan's heart tightened and he glared at him.

“We did it on purpose.”

Su Qi paused, “Did you go too when you know? I didn't contact her last night?”

Su Nan was taken aback.

He chuckled lightly.

“You quarreled again?”

Su Qi stretched out his hand and made a fork: "No, quarrels are the catalyst for feelings. It's not called quarrels with her, it's called enhanced feelings!"

Su Nan watched Su Qi's serious nonsense.

Just wanted to get this topic out of the way.

"Don't worry about our girls' business."

Su Qi wanted to ask something else, and watched Shang Qian come over.

"There's something in the company, do you want to come with me first and then go home?"

Su Nan of course agreed, and she would be exposed sooner or later when she was interrogated here.

She stood up immediately and said that the child seemed to know that Mom and Dad were leaving, and immediately ran over to hug Shang Qian's leg.

Shang Qian looked down, his heart softened, and he hugged the child:

"stay home with Dad for a few days? I can't disturb Mommy

's rest..." The child nodded with a vague understanding. , happily hugging his neck and not letting go.

Su Nan went over and took her bag, which contained things that the children would use with them.

Su Yifeng frowned:

"It would be nice to send the talk tomorrow, it's getting late today..."

Su Nan knew that Su Yifeng was reluctant to part with the children, and mainly wanted to leave room for them.

"It doesn't matter, my aunt is taking care of them."

Their apartment was opened up. The upper two floors were Shang Qian's house, and the lower two floors were Su Nan's.

Now there are four floors up and down, very spacious, and quiet and comfortable.

Auntie lives on the second floor with the children, while Su Nan and Shang Qian live on the third floor. After a professional interior designer adjusted the interior decoration structure, the current residence is very bright and warm, which is more comfortable than a single-family western-style building. many.

On the way, I said hello to my aunt at home, and my aunt was ready to welcome the little friend home.

Su Nan sat in the back and stroked the hair she was talking about. The facial features became more and more beautiful, and those crystal clear eyes were the most beautiful.

As soon as he acts like a spoiled child, he becomes a little worm with no bones, and he is reluctant to break away from you.

Looking at the direction of Shang Qian's driving doesn't look like the direction to the company.

Su Nan was stunned for a moment.

“Isn’t there something wrong in the company?”

Shang Qian smiled in front. Those slender and clean hands were on the steering wheel. The skin color contrast was obvious, and the knuckles were slender, like a pair of works of art.

“It’s just a small matter, I won’t say that, I’m afraid I’m going to spend the night in the old house.

I want to be alone with you today, don’t you miss me?”

Shang Qian’s straightforwardness caught Su Nan’s red. Face.

Not really restrained at all.

She was silent for a while.

Shang Qian’s eyes still seemed to fall on her behind.

It was as if he would not give up without getting her answer.

Said that the child spit out a bubble for himself, and his big eyes were rolling back and forth in front and back.

Finally, with a wow, he opened his hands and wanted Su Nan to hug him.

Su Nan reassured her, “Sit in your own seat, and Mommy will hug you when you get home.” As he spoke, he handed over the bottle.

The children who got the bottle soon stopped worrying about whether to hold or not, and began to drink milk with relish.

The atmosphere was quiet again.

Shang Qian asked again, “Huh? Don’t you miss me?”

Su Nan took a deep breath and looked up at him:

“In front of the light bulb, please restrain your eyes?”

Shang Qian smiled He smiled, with a bit of helplessness:

“I know, if the small light bulb grows, it will become a big light bulb.”

Su Nan also laughed, and suddenly thought of something: “Mike, are you ready? Do you want to bring him back?”

Being watched, this is already a very dangerous thing.

Shang Qian raised his eyebrows, with a bit of coldness in his eyes, and his tone was very firm:

“No, he has experienced many things since he was a child, and he has also experienced more thrilling than these.

What's more, the bodyguard beside him. You can block ten with one enemy, that Filipino servant is also a professional secret agent, and he will be vigilant after being by his side for so many years."

Su Nan was a little shocked by the capable people around Little Mike.

She seems to have seen it once, the bodyguard looks like a big stupid man, and the Filipino maid is also unremarkable.

Really careless.

Shang Qian chuckled lightly:

"His side is ten times safer than you, and you are the one to worry about."

Anyway.

Su Nan was still secretly relieved.

"That's good, but now it's my territory, I don't need to worry anymore."

Shang Qian smiled and didn't speak.

If you leave here, you really don't have to worry.

His eyes darkened a bit.

arrived home.

The servant came up to him, and Shang Qian handed over the talk directly.

He dragged Su Nan a few steps slower, then inadvertently blocked her against the wall.

Su Nan was surprised for a moment, still carrying the big bag he was talking about.

It also fell to the ground at this time.

Shang Qian put one hand around her waist, lowered his head and rubbed the tip of her nose with the tip of his nose. The low, quiet and cold fragrance lingered around her, and the familiar feeling came up instantly.

His breath was hot, and his eyes looked straight at her, reflecting her bright facial features.

Obsessed and nostalgic.

"You haven't answered me yet, eh?"

Do you really miss me?

Su Nan gave him a quick push.

But he didn't push away, he hugged even tighter.

Out of the corner of the window, she watched the servant lead the child to the toy room, and she breathed a sigh of relief.

In front of outsiders, it is somewhat uncomfortable.

Gradually.

His eyes are deep, with a warm smile at the corners of his eyes, it is easy for people to fall into it accidentally.

Su Nan looked at it, her eyes moistened unconsciously.

He reached out to wrap his arms around his neck, went up to meet him, and kissed his lips lightly.

She finally didn't evade anything, looked at him with water in her eyes, and said bluntly:

"I think, I think about you every day." As soon as the words

came out, Shang Qian directly kissed her lips.

Su Nan sat in the back and stroked the hair she was talking about. The facial features became more and more beautiful, and those crystal clear eyes were the most beautiful.

As soon as he acts like a spoiled child, he becomes a little worm with no bones, and he is reluctant to break away from you.

Looking at the direction of Shang Qian's driving doesn't look like the direction to the company.

Su Nan was stunned for a moment.

"Isn't there something wrong in the company?"

Shang Qian smiled in front. Those slender and clean hands were on the steering wheel. The skin color contrast was obvious, and the knuckles were slender, like a pair of works of art.

"It's just a small matter, I won't say that, I'm afraid I'm going to spend the night in the old house.

I want to be alone with you today, don't you miss me?"

Shang Qian's straightforwardness caught Su Nan's red. Face.

Not really restrained at all.

She was silent for a while.

Shang Qian's eyes still seemed to fall on her behind.

It was as if he would not give up without getting her answer.

Said that the child spit out a bubble for himself, and his big eyes were rolling back and forth in front and back.

Finally, with a wow, he opened his hands and wanted Su Nan to hug him.

Su Nan reassured her, "Sit in your own seat, and Mommy will hug you when you get home." As he spoke, he handed over the bottle.

The children who got the bottle soon stopped worrying about whether to hold or not, and began to drink milk with relish.

The atmosphere was quiet again.

Shang Qian asked again, "Huh? Don't you miss me?"

Su Nan took a deep breath and looked up at him:

"In front of the light bulb, please restrain your eyes?"

Shang Qian smiled He smiled, with a bit of helplessness:

"I know, if the small light bulb grows, it will become a big light bulb."

Su Nan also laughed, and suddenly thought of something: "Mike, are you ready? Do you want to bring

him back?”

Being watched, this is already a very dangerous thing.

Shang Qian raised his eyebrows, with a bit of coldness in his eyes, and his tone was very firm:

“No, he has experienced many things since he was a child, and he has also experienced more thrilling than these.

What’s more, the bodyguard beside him. You can block ten with one enemy, that Filipino servant is also a professional secret agent, and he will be vigilant after being by his side for so many years.”

Su Nan was a little shocked by the capable people around Little Mike.

She seems to have seen it once, the bodyguard looks like a big stupid man, and the Filipino maid is also unremarkable.

Really careless.

Shang Qian chuckled lightly:

“His side is ten times safer than you, and you are the one to worry about.”

Anyway.

Su Nan was still secretly relieved.

“That’s good, but now it’s my territory, I don’t need to worry anymore.”

Shang Qian smiled and didn’t speak.

If you leave here, you really don’t have to worry.

His eyes darkened a bit.

arrived home.

The servant came up to him, and Shang Qian handed over the talk directly.

He dragged Su Nan a few steps slower, then inadvertently blocked her against the wall.

Su Nan was surprised for a moment, still carrying the big bag he was talking about.

It also fell to the ground at this time.

Shang Qian put one hand around her waist, lowered his head and rubbed the tip of her nose with the tip of his nose. The low, quiet and cold fragrance lingered around her, and the familiar feeling came up instantly.

His breath was hot, and his eyes looked straight at her, reflecting her bright facial features.

Obsessed and nostalgic.

“You haven’t answered me yet, eh?”

Do you really miss me?

Su Nan gave him a quick push.

But he didn't push away, he hugged even tighter.

Out of the corner of the window, she watched the servant lead the child to the toy room, and she breathed a sigh of relief.

In front of outsiders, it is somewhat uncomfortable.

Gradually.

His eyes are deep, with a warm smile at the corners of his eyes, it is easy for people to fall into it accidentally.

Su Nan looked at it, her eyes moistened unconsciously.

He reached out to wrap his arms around his neck, went up to meet him, and kissed his lips lightly.

She finally didn't evade anything, looked at him with water in her eyes, and said bluntly:

"I think, I think about you every day." As soon as the words came out, Shang Qian directly kissed her lips.

the two people who have been restraining each other's passionate love this day.

When it came time to be unscrupulous, no one pushed away hypocritically.

They embraced each other warmly and expressed their inner love with a kiss.

Shang Qian seems to have changed a person, he tried to restrain his strength, but gentleness could not let the emotions in his heart release.

He took the man back from the falcon's hand.

She never asked her if she was afraid of herself at that time?

He was afraid to hear that answer.

So change the question.

Do you miss me?

Quiet ticking all around.

Su Nan was tired from standing, his legs softened, and he stood up straight with his waist lightly supported.

Then he was reluctant to let go, and then hugged him horizontally.

Back to the room.

They finally kissed without hesitation.

Shang Qian seemed to be more fierce than usual, and his subordinates showed no mercy.

While breathing, Su Nan pushed him weakly.

“Take it easy, you came back, didn’t I recognize the wrong person?” Why does it seem like a different person?

He froze.

Next, his strength did not decrease in the slightest, but became more and more reckless.

Su Nan was so tormented that she could respond positively at first.

After that, she didn’t even want to move.

In the past, Shang Qian would still think about her body and feelings in bed, and ended with the most perfect feeling of the two.

But today, he is like a beast that rushed out of the cage without any scruples, just wanting to declare his possession and sovereignty.

The evening is upside down, and the sunset is the curtain call.

Su Nan was thirsty in the middle of the night and woke up.

Someone immediately came up to hold her, and his voice was extremely warm:

“Are you thirsty?”

Su Nan snorted and handed a straw to her lips.

She was slightly awake, took a saliva, warm and comfortable.

After drinking enough, Shang Qian put it back and patted her gently:

“Go to sleep!”

Su Nan moved, and could feel that although her body was a little sour and tired, it was still clean and refreshing.

Shang Qian should have gotten up and cleaned up.

He seems to be a child who has done something wrong, for fear that Su Nan will settle accounts.

But there is no evidence of his guilty conscience, after all, he has always been so considerate.

There’s nowhere to find a place to catch fire.

As soon as Su Nan fell asleep, she heard a soft voice from the man beside her,

“Sorry, I’m sorry.”

She was in a trance, and she didn’t know whether to go back to sleep or wake up and listen to him.

When struggling.

Listening to him continue to speak: " Seeing

me so unbearable, I've hurt you, will you hate me?" She wakes up. With water in his misty eyes, he reached out and touched Shang Qian's facial features: "What's wrong with such a good-looking man?

Because of you, I just accepted the danger I encountered before. I knew that you would definitely come to save me, so I was not afraid, just worried that you would have an accident to save me. Shang Qian was silent for

a few seconds, and his dark eyes looked at Su Nan deeply. The

unspeakable emotions in his heart spread to his limbs, which made him suddenly feel an irresistible satisfaction.

He was worried about her accident. At that time, she was also worried about him.

Shang Qian couldn't remember how many times he escaped from death, and he was used to every time he saved danger.

If one day he was not lucky enough to escape, his concern would also be There are very few.

But now, he is reluctant to die.

Otherwise, what will Su Nan do?

He is reluctant to see her sad and sad.

He stretched out his hand, held her in his arms, lowered his head and sniffed the light fragrance on her body, Close your eyes:

"Baby, I love you. After a

few seconds, I heard Su Nan's voice that was half awake and half confused:

"Well, me too. "

...

Early morning. Early in the

morning.

Su Nan could not get up at first.

But helpless, a soft and waxy little thing rolled around, licking Su Nan's face from time to time.

She She opened her eyes slightly and looked at the little boy who was sitting there white and tender, looking at her without crying or making trouble. In an

instant, her original sense of getting up disappeared instantly. She

looked down, but fortunately Shang Qian returned it to her . She changed into some refreshing pajamas, which could cover the traces left on her body,

but there were still some that could not be covered at all.

Fortunately, children don't pay attention to these at all.

She put her arms up, with a bit of laziness in her eyes, she pinched the little arm that was as white and tender as the lotus flower:

"Morning, baby!" The

little boy opened his mouth with a smile and climbed to her side, very It was a sensible sip on her face.

Su Nan watched in surprise and joy, and hurriedly sent her a dozen times more kisses.

It is said that the children really can't stand Mommy's enthusiasm, so they can only climb out of bed with a bare buttocks and go to find Daddy.

She couldn't stand still, but after training with Su Xiaohu, she got up very quickly.

I still remember that when Su Yifeng could crawl, she was excited to show off to the old friends group for a long time.

Su Nan finally understood Su Yifeng's mood, and the moments he witnessed with his own eyes were always very exciting.

She smiled as she rolled and crawled out of the bedroom and went to wash herself.

When he went out again, seeing Shang Qian's busy figure in the kitchen, he was stunned for a moment.

And talk about the children around his feet, babbling babble.

Too bad I didn't understand a word.

However, this image remained deeply in life. Su Nan smiled and walked over to look at the sumptuous breakfast on the dining table.

He raised his eyebrows slightly.

"My boss, why are you cooking, auntie?"

Shang Qian glanced at her, "Did she wake you up?"

He looked down at his daughter angrily.

The child seemed to know the old father's blame, so obediently hugged Shang Qian's leg, rubbed his little face, and apologized with a smile.

Shang Qian turned around with a smile, his voice warm:

"Auntie has something to go home. I'll give her a day off today, so can't I take care of you?"

Su Nan sat at the dining table and looked at him with a smile:

"I can't ask for it."

Shang Qian poured out the vegetable soup and bowed his head. Said the child said,

"It's ready to eat." Said that the

child happily climbed to the table, grabbed the legs of the table and wanted to stand up.

Although she is not as tall as the legs of the table, it does not delay her enthusiasm for eating.

Su Nan smiled and watched for a while before helping to pick her up and put her on the children's chair.

Talking about the children happily shaking their legs, watching Shang Qian put the beautiful shrimp and vegetable porridge in front of Su Nan, and then looking at his empty small table.

Dissatisfied protest.

Shang Qian smiled and pointed at her: "Wait a minute, I forgot to give you milk."

He turned around and went to look for a feeding bottle. He made a cup of milk smoothly and put it in front of the talking child.

Talking about the child looking at his solitary bottle and the colorful and rich breakfast on the table, he suddenly started sobbing aggrieved...

Stealing the child

Su Nan also noticed the gap.

"Can't she eat complementary food yet? Otherwise, it would be nice if you made milk powder for her earlier..."

Shang Qian smiled and touched the little head of the child:

"I think you looked at it in the morning. She will be in a good mood after eating, so let her wait for you to eat together."

Talking about the children: "..."

Su Nan could only lower his head and eat with Shang Qian silently, pretending not to see the children. Poor eyes.

Perhaps it was because the child was too cute and painful, and Su Nan didn't continue to torture her.

After taking a few bites, she put down her chopsticks and carried her fleshy little body to the living room.

It was said that the child was still reluctant to let go of her baby bottle, holding the baby bottle in one hand and Su Nan's face in the other, and poked at Su Nan's face from time to time.

She pinched her little finger, a little happy.

Mom and Dad are by her side!

Su Nan didn't plan to go out today, but the weather was fine, so he directly informed Ning Zhi and Wen Xiang to come to the house for dinner.

After a while, Wen Xiang came with little Su Lin.

Su Lin has the demeanor of Su Jin, is cold, doesn't like to talk, hugs the bottle and ignores people.

Su Nan coaxed him for a while, but Su Lin refused to give her a kiss.

In the end, it was said that the child had no choice but to take it away.

Shang Qian prepared tools and barbecue materials on the balcony.

Qin Yu and Cheng Yi also came happily.

It's not surprising that Cheng Yilai came, but isn't Qin Yu in City C?

Su Nan was surprised when he saw her.

Qin Yu was wearing a professional skirt, and her style became decisive and agile, quite like Aunt Qin.

Su Nan was taken aback: "Miss Qin has triumphed from City C?"

Qin Yu rolled her eyes:

"Don't mention it, come back to celebrate my mommy's birthday, just two days off."

Su Nan smiled knowingly, "Is it going well to go to City C?"

Qin Yu snorted coldly: "Going smoothly

, you hide in Tibet all day like filming a movie, why does Shen Liang's broken group hide so many filthy places, it's really hard! She complained,

squatted down again, smiled and looked at friends Shuo and Su Lin.

"Two little babies, come over and let my aunt kiss!"

Cheng Yi was holding a large bag of toys behind him, as if moving.

Child Su Lin glanced at her, then silently turned her head away and continued to play with the toy in her hand.

Said that the children were very face-saving, pouted, ran over, hugged Qin Yu's face and took a sip.

At the beginning, the people behind it couldn't stop.

Ning Zhiliao and Cheng Yi lined up behind to kiss.

Talking about the child, he was stunned when he saw it.

Su Nan couldn't help but smiled, this scene was like a fan meeting.

Qin Yu took out her mobile phone and said that the children took pictures, and she was very envious.

"I used to think that children are a burden, but if it's a burden like a baby, I'd rather have ten!"

She was afraid of being frightened and said about the children, so she kissed her phone a few times.

Ning Zhi looked at the talking child with a smile, and stretched out his arms:

“Auntie hug...”

Talking about the child poking his fingers, he was a little shy, so he bypassed Ning Zhi and got into Cheng Yi’s arms.

Cheng Yi was so flattered that he didn’t dare to move.

Ning Zhiliao: “...”

Qin Yu: “...”

Let go of that child, let’s do it!

Su Nan brought out the fruit from the kitchen and said with a smile,

“Let’s say we prefer handsome boys!” Said the

little boy holding the bottle in one hand, poking Cheng Yi’s face with the other, and took a sip with a smile.

After the kiss, he ran without stopping.

Everyone looked up and laughed.

Little Su Lin became calmer.

Not to mention people you don’t know, even Wen Xiang’s own mother is not very enthusiastic.

Wen Xiang came out of the kitchen and sighed:

“Our Su Lin children have completely inherited Su Jin’s fine traditions. They don’t like to talk, and they are very cold!”

Ning Zhi walked over with a smile and touched Su Lin’s little hand:

“There are no crowds in the world of gifted children. Sister-in-law, every time Dad picks up Su Lin’s children from school, he always takes Su Lin to a friend’s house to show off his eldest grandson.

Other people’s children are this age . We are still crying with Mud, our Su Lin children are bilingual in both Chinese and English, why can’t others be envious?”

Wen Xiang smiled, but she didn’t worry about Su Lin.

“I’m afraid he doesn’t have any friends and is too withdrawn.

Unlike Talking, he can play with anyone, so I put him with Talking when I have time.

Others’ children don’t like Su Lin’s. Character, just say you like it!”

Su Nan listened from a distance, was busy with Shang Qian on the balcony, turned his head and said,

“Your daughter is popular and has a good personality.

“

The atmosphere here is lively, and Qin Yu's circle of friends is rarely updated.

In the picture, it is said that the children are pouting their mouths to kiss, they are so cute.

Qin Yu added: I want to form a group to steal the child.

Someone replied immediately below:

"I signed up."

"I signed up too."

.....

Saying that children have become the little darlings that others envy but can't get.

Talk about children who have never been shown in public.

It was seen by chance, which led to a long silence.

Fu Group.

Fu Yechuan looked at the screenshot of the circle of friends sent by Lu Qi.

His dark eyes kept looking at this page, silent.

The people at the meeting had finished their reports and were waiting for Fu Yechuan to speak.

But for a long, long time, he looked down at his phone with his head down.

The emotions on his face were subtly complicated.

Whether it's envy or unwillingness, everyone can't tell the difference.

The silence at the meeting lasted for a full three minutes.

Something that never happened.

It was Chen Mian who coughed boldly, looked at Fu Yechuan, and swept over Fu Yechuan's cell phone with the corner of his eyes.

Immediately it became clear.

Of course he knew the precious daughter of the Su Nan family, who was the jewel of everyone in the Su family, a baby bump that had never been seen before.

The fact that Fu Yechuan always knew existed, but did not dare to face it.

Because originally, it might be his biological daughter.

Now, it's someone else's.

Chen Mian also didn't have the habit of reporting the life of the Su family to Fu Yechuan, but no one knew whether Fu Yechuan asked someone to investigate privately.

He paused and looked at the others:

"Everyone, let's break up the meeting first. President Fu and I will consider this matter."

Everyone looked at each other and could only leave the conference room one after another.

Waiting for everyone to leave.

Fu Yechuan didn't say anything.

He just sat there stiffly, staring straight at the photos on his phone.

The envy in his eyes made people feel distressed.

Chen Mian coughed, "Mr. Fu, if the Su family doesn't take up that project, we are ready here."

After a few seconds.

Only then did Fu Yechuan react. He touched the screen of his mobile phone and turned it off.

Standing up, his eyes were still stern:

"I will talk to Su Jin. Do you have any news from my mother and Fu Yingying?"
