

Divorce 1971

chapter 1971

The warning is still a reminder

that Qu Qing and Fu Yingying are mentioned, and Chen Mian is also a black line.

“The information we found earlier was consistent with the information given by the General Manager of Shang, and they were all in the hands of Ying Falcon.

But the day before Ying Falcon returned to South Africa, the two suddenly disappeared.

They also searched everywhere, but there was no wife. News from Miss.

Presumably...they escaped on their own?”

That was the best outcome.

Without falling into anyone’s hands, he ran away.

Fu Yechuan’s face was cold and his eyes were dark:

“If they run away, why wouldn’t they contact us? How far can they run?”

Even if Fu Yingying had no brains, Qu Qing should understand that only Fu Yechuan could protect them.

But to this day, no one has contacted him.

Their people did not find out the whereabouts of Qu Qing and Fu Yingying.

This is a little strange.

Chen Mian was also silent.

“Wouldn’t it be that Lili knew something? Let’s do it first?”

Fu Yechuan’s face was cold for a moment, his eyes were trying his best to suppress the surging fierceness.

“It shouldn’t be. I’ve been with him this time, and I know him a little bit. He works hard, but he doesn’t have the kind of brain to take one step and see three steps.

” force.

Fu Yechuan’s brows indifferently crossed a bit of anger, and he gritted his teeth.

hold on.

Chen Mian was silent and said:

“Mr. Fu, President Shang has a lot of resources and connections in South Africa. Why don’t we ask him for help? Is there any news in Laowo?”

He also knows Snaketou. If they can help in all aspects, maybe Mrs. and Miss. I found it.”

Looking at Fu Yechuan's gloomy face, Chen Mian knew that he had said too much.

Why did Fu Yechuan ask Shang Qian?

It was worse than killing him.

Sure enough, his cold eyes swept over Chen Mian, without saying a word.

afternoon.

Su Group.

Fu Yechuan's arrival in person naturally caused quite a stir.

I didn't say hello to the other party's assistant beforehand.

After all, a person of Fu Yechuan's status does not need an appointment to meet.

The lady at the front desk looked at him embarrassedly:

"Mr. Fu, may I ask, who would you like to see Mr. Su?"

After all, there are many high-level people with the surname Su.

The front desk lady didn't know if it was intentional or not, but Fu Yechuan's face turned gloomy.

a long time.

Only then did he speak:

"Su Jin." The

lady at the front desk responded and called upstairs.

After a while, hang up.

"Mr. Fu, please go to the reception room upstairs and wait for a while. Our video conference with President Su will end in five minutes."

Fu Yechuan didn't say more, just raised his feet and left, his aura was cold.

The assistant in the reception room didn't dare to neglect, and waited with a cup of coffee. Who made Fu Yechuan come so unexpectedly?

After Su Jin came out of the meeting, the assistant quickly greeted him.

"He's still waiting?" The

assistant glanced at the time, "Yes, President Fu is in the reception room."

Someone had told Su Jin long ago, so he naturally knew it.

Su Jin tidied up his clothes and walked in directly.

"Mr. Fu, it's been so long since I returned to China, are you planning not to leave?"

Fu Yechuan sat there, his stern eyebrows raised slightly, his expression remained the same, and his voice was very light:

“Let’s go when things are done, Mr. Su, long time no see That’s it.”

Su Jin and Fu Yechuan have the same aura, and the two people’s methods in the shopping mall are also very similar.

“I just saw Mr. Fu on the day he returned to China, and it’s only been a few days. Mr. Fu was joking.”

Fu Yechuan pursed his lips, his brows were cold, and he looked at Su Jin on the opposite side calmly:

“I’ll just say it straight, I hope the Su family can take over the AG project with full authority, and this project cannot be delayed any longer.”

Su Jin also looked directly at him without any fluctuations in the bottom of his eyes:

“President Fu, I have also seriously considered this project, the Su family is No matter how great the interests are, the Su Group doesn’t want to get involved.”

Fu Yechuan’s eyes shrank, his jaw clenched, and just as he was about to say something, he heard Su Jin’s cold voice:

“The back of this project How many people are thinking about it, South Africa and East Asia are all eyeing, and even the stingy that you have made with Mr. Fu now, are they all interested?”

Su Jin simply pierced the current situation.

“The Su Group’s participation in the project is not just based on the benefits and prospects. Even if we want to do public welfare, we must protect ourselves, not to mention that the Su family does not want to be in the company of those people, let alone any danger.”

Fu Yechuan He asked back,

“Mr. Su is afraid?”

Su Jin smiled, “It’s just that you don’t need to lose your life to make money.”

“If I said, as long as the Su family is willing to win this project, I’ll guarantee that Lili and any forces in South Africa will not interfere with it?”

Fu Yechuan spoke in a stiff voice.

Su Jin still smiled calmly:

“Mr. Fu, I believe in your ability, but I don’t want to participate, the Su family can’t stand any setbacks.

I believe you know that my sister has escaped death many times, and now she has lost her life. Very, without the company of bodyguards, I don’t even want to leave the door, and I didn’t come to work today.

Mr. Fu, family is more important than making money.”

Fu Yechuan’s eyes darkened a bit, and his face was ugly and tangled.

After a long time, Fu Yechuan stood up abruptly.

There was a bit of hesitation on his face, but his voice was still cold and hard:

“President Su, if the Su family doesn’t take over this project, Su Nan will be in real danger. From Eagle Falcon to

Falcon, she has been targeted.

Su Nan doesn’t have enough protection for her own interests, so those people will be unscrupulous to attack her.

Could it be that she will only be able to live in China in the future with one-third of the land in the Su family?

Once she leaves the scope of the Su family, she will There are countless dangers.”

After Fu Yechuan finished speaking, Su Jin’s eyes were instantly deep and dark.

That’s not all he’s going to say, right?

What is Fu Yechuan implying?

Su Jin’s face froze instantly, ugly.

Fu Yechuan took a deep breath and regained his slightly cold calm expression:

“Mr. Su think about it carefully, I will let someone bring the contract over.”

He tidied up his clothes, raised his feet and walked out.

Su Jin narrowed his eyes and looked at his back.

There was an indescribable anxiety in my heart.

Fu Yechuan said to keep half of it.

The remaining half is a warning? Or a reminder?

Is he hating Su Nan out of love, or will he destroy it if he doesn’t get it?

Su Jin’s face was ashen. He didn’t want to take risks with his family, so even if it was a lucrative business, he wouldn’t do it.

But the arrival of Fu Yechuan made his already firm mind start to waver again.

If they have already targeted Su Nan, is it useful for her to hide?

Su Jin stayed in the reception room for a long time before coming out.

“Mr. Su, the next itinerary has been pushed back, but you made an appointment for dinner with President Shen of the Shen Group...”

Su Jin’s voice was cold and hoarse:

"It's all pushed back, I'm going. Su Nan will pick up my wife there." The assistant was taken aback.

"Mr. Su, Mr. Shen asked if you could change dinner to Miss Su's apartment?

Because Mrs. Shen is also there..."

chapter 1972

are you still alive

?

Su Jin was stunned, but he almost forgot that Qin Yu was now Shen Liang's wife.

He nodded and had already picked up his coat.

"Okay, needless to say, I'll go over by myself." The

assistant nodded.

"By the way, if Fu Yechuan sends a contract, send it to me as soon as possible."

"Yes." The

assistant paused, thinking to himself, is Mr. Su planning to cooperate?

Arrived at Su Nan's house.

Haven't come in yet.

I could smell the aroma of barbecue.

As soon as I entered the door, I heard the laughter of the children inside.

Talking about the children being amused and laughing, a simple little toy was also laughed out of the state of being forced to open for business.

Unlike Su Lin, who is not interested in any toys in other people's hands, he piles his Lego seriously.

Hearing Su Jin's voice, little child Su Lin felt a little bit moved, put down the things in his hand, ran over with his short legs, stretched out his hands for a hug:

"Daddy..."

Su Jin He really didn't want to spoil his son, but Wen Xiang was standing not far away, so he could only bend down and hug his son with a smile, and kissed him on the face:

"Su Qiqi, did you have a good time today? "

Children Su Lin was not very interested in his nickname, but because it was called by Su Jin, he reluctantly accepted it.

He nodded, pointed with a smile, and was running and crawling here while baring his teeth, talking about the children.

“Sister... take it home.”

He likes his sister very much, so he wants to take it home.

Su Jin chuckled lightly: “That’s not possible, Auntie can’t bear it.”

Wen Xiang walked over immediately with a smile, and glanced at Su Jin with satisfaction:

“That’s right, you should always smile when looking at your son. , otherwise he wouldn’t dare to look at you.”

Su Jin: “...”

Yes, he sank once because of his homework, and after Su Lin was punished, Wen Xiang warned him.

Shen Liang rolled up his sleeves and came out of the kitchen, saw Su Jin nodded, and walked over:

“President Su...”

Su Jin nodded, put Su Lin down, and looked at him:

“Go to the study room Let’s talk?”

Shen Liang nodded.

Knowing that the two had something to talk about, Wen Xiang didn’t say much.

She trotted over to pick up the little boy talking, and held her hand with a smile:

“Little boy talking, I’ll have dinner in a while, what do you like to eat?”

“Eating dinner...” In the study.

Shen Liang said directly:

“Li Suizhou in City B has been looking for financing everywhere. Their family has encountered a lot of trouble in South Africa’s oil infrastructure. It can be seen that the other party is prepared. The

Li family does not want to sell this cornucopia, so I hope Domestic financial support, but he is unwilling to give up too many shares, he has been in a stalemate for half a month, and he has been in South Africa for a long time.”

Su Jin narrowed his eyes lightly.

This study is exclusively for Su Nan, separate from the study used by Shang Qian, because there are a lot of documents and materials that need to be placed, so that the order will not be mixed up.

Su Jin’s eyes flashed, his tone condensed:

“Are terrorists causing trouble for him? Or whose power?”

Shen Liang paused and looked at him:

“As expected by Mr. Su, it’s stingy.”

Su Jin’s eyes narrowed slightly without any waves. , the bottom of his eyes suddenly became dark and deep.

“Zheli wants to swallow the oil of the Li family, and even more to swallow the arms base of Shang Qian, but the Li family is easy to deal with, and Shang Qian can’t move, so he can only take it step by step.”

Shen Liang nodded: “Yes, but at present We don’t know Fu Yechuan’s position. When I heard that there was an accident at the Lijia Oilfield, Mr. Fu even made a fuss. But Mr. Su, Mr. Fu, no matter how stupid, wouldn’t be in the company of someone like Lili in order to deal with Shang Qian, right? “

Su Jin was breathing heavily. He looked at Fu Yechuan the last two times, and it seemed that something was different.

But where is the difference, I really can’t say for a while.

Someone knocked on the door outside.

Su Nan drilled in and looked at the two with a smile:

“Brother, come out and help!”

Su Jin’s expression softened, the coldness on his face faded, he smiled and nodded.

“Let’s go, eat first.” The

two went out, and Su Nan put the mobile phone in Su Jin’s hand.

“The charcoal I ordered will be used for barbecue in a while. The delivery person can’t enter the community. Big brother, are you going to move in?”

Su Jin looked at his phone, took a deep breath, and rubbed his eyebrows:

“Why don’t you do this kind of thing? Let Shang Qian do it?” I

believe that Shang Qian will not refuse.

Su Nan blinked, thinking how could Shang Qian do such a thing?

But she didn’t say it, and pushed Su Jin out with a smile:

“It’s rare for Mr. Shang to take a day off, he’s been busy for a long time, eldest brother just let him go!”

Su Jin looked at her and smiled coldly.

She is really my own good sister!

This kind of physical work is reluctant to use Shang Qian?

It’s so unscrupulous!

However, Su Jin didn’t delay for too long, and went downstairs with his mobile phone.

As soon as we got downstairs, the phone rang.

“Excuse me, is it the courier ordered by Miss Su?”

“Yes.”

Su Jin stood at the intersection and waited bored.

Soon, a private chef’s car arrived. The name on the car was very familiar. It was the barbecue that Su Nan liked very much.

The person in the car got out of the car, dressed in black clothes and a hat, lowered his head and took out a box from the car.

“Miss Su ordered charcoal...”

The man hesitated.

Su Jin stretched out his hand: “Give it to me.”

The man paused, “Okay.”

Without raising his head, he handed the thing directly to Su Jin, and then got in the car and left.

Su Jin weighed it. The charcoal fire was neither light nor heavy, but had some weight.

He turned away.

Suddenly.

Seems to realize something is wrong.

His eyes sank, as if he remembered something, and suddenly put the box on the ground.

He opened the box right away.

The box was empty, with a severed hand in the middle, bloody, with an English “o” tattooed on the inside of the little finger, next to a sharp dagger.

is a warning.

Su Jin’s face became cold and severe, his eyes froze instantly, and the whole person was shrouded in haze.

In an instant, he recognized the man’s hand.

It was the bodyguard he sent to monitor Ryo.

The “o” is his personally identifiable information designation given to him by his company.

When Su Nan returned to China, he didn’t let his guard down, and he has been secretly monitoring the most dangerous people.

For example, sharpen.

In other words, Lili had already noticed that someone was watching and knew that he had sent it.

He directly looked down this person's hand and sent it over, which meant that he already knew everything.

Su Jin's heart was cold, he closed his eyes, put down the box without haste, and closed the lid.

Dial a number with his mobile phone:

"Go and check if o is still alive? If he is still alive, let him withdraw immediately."

Now that he has been discovered, there is no need to continue tracking.

And...

He paused and called the company assistant directly:

"Go and contact Fu Yechuan, the AG project, the Su Group will take over."

chapter 1973

said the shortcomings and

hung up the phone.

Another car drove up in the distance, a special car for that barbecue shop.

Su Jin narrowed his eyes, got off the car and two young waiters walked over with a smile:

"Miss Su ordered the charcoal..."

Su Jin's eyes flashed and he nodded.

The waiter smiled enthusiastically and asked him,

"Do you need us to help move it up?"

Su Jin shook his head, "No, just put it here. Besides, you are the only ones who came to deliver things?"

The

waiter nodded, "Yes, Because Miss Su is a VIP customer, our manager specially ordered us to deliver it as soon as possible, it's exactly fifteen minutes since she placed the order."

Su Jin pursed his lips in silence.

Fifteen minutes is indeed the fastest time from that position to the present.

It means that someone gets the news faster than the store.

He pondered: "Thank you." The

waiter smiled and left.

Su Jin pondered for a moment before making another call.

"Officer Zheng, there is something I want to talk to you about..."

More than ten minutes have passed since Su Jin called.

During this time, his men had already disposed of another box.

After Su Nan's repeated urging, he carried another heavy box upstairs.

There was laughter in the living room.

Shang Qian rolled up his sleeves, showing his thin forearms, and worked hard in the crowd.

Qin Yu was still arguing with Shen Liang. Although he hadn't seen him for a while, Qin Yu was still reluctant to give up halfway and come back to work.

Ning Zhiliao and Cheng Yi were talking about the children playing games with Su Lin, and the three of them were very gregarious.

Wen Xiang and Su Nan were busy with other ingredients, and they whispered a few words from time to time, and then Wen Xiang began to recommend something to Su Nan.

Looks like everything is fine.

Su Jin took a deep breath and suppressed the heaviness in his heart.

He pretended to be relaxed and walked in, and Shang Qian hurried over to take the box in his hand.

"Brother has worked hard. I said just now that I'll go, but Su Nan let you down without paying attention."

Shang Qian still smiled softly, and he didn't eat human fireworks.

Su Jin nodded and let go.

"I made a phone call below, so I came up late."

He explained to Wen Xiang who was behind.

Wen Xiang smiled and said nothing, so he hurried to wash his hands and eat.

Su Jin nodded and turned to leave.

The balcony has a large area, and there is an automatic rain-shielding glass on it, which can automatically adjust the light and shade and air permeability according to the sunlight temperature and humidity.

Everyone sat in front of the tables and chairs that had been prepared for a long time, watching Shang Qian start the smoky barbecue.

Su Nan took a photo and sent it to Su Yifeng.

Isn't BBQ more fun than fishing? But her next sentence: "Dad, how many fish did

you catch today?" The other party's reality: "You are not the other party's friend..." Su Nan: "... Oh, block it!

She still called the housekeeper and asked him to prepare more food for Su Yifeng.

The housekeeper uncle: "The old man didn't catch a single fish today, and he was in a bad mood, so he didn't eat."

No wonder this is the case!

Can't laugh or cry.

Gradually.

Su Jin and Shen Liang also joined the kebab army. Su Nan and Qin Yu didn't want to get caught in the smoke, so they stayed far away.

From time to time, Shang Qian would come to feed him with a bunch of roasted lobster and tender lamb.

Su Nan unknowingly ate a lot.

Sitting on the sofa, Qin Yu was a little puzzled when she saw Su Nan eating skewers while hugging the pillow.

She sighed: "What has marriage brought you? In addition to killing your fighting spirit, there are only calories left."

Su Nan gave her a blank look.

She usually controls her diet, but this time she forgot it when she was happy, and unknowingly ate a lot.

But of course she would not admit defeat in front of Qin Yu.

"Don't say grapes are sour because you can't eat grapes, your boss Shen doesn't even have this consciousness, he has been

eating by himself!" Qin Yu looked over, and Shen Liang was enjoying it while roasting.

Suddenly, she rolled her eyes angrily.

Men and men are really different!

Qin Yu pouted, Su Nan smiled and looked at her:

"How does it feel to be in a long-distance relationship?"

Qin Yu snorted coldly: "Excellent, no one cares about the east and the west, it can't be more free!"

Su Nan sees through but does not say through.

Qin Yu looked at the men on the balcony and Cheng Yi, who was playing with the children in the living room, and shook her head.

"But after you've been married for so long, have you discovered any shortcomings in Shang Qian?"

"Disadvantages?"

Su Nan frowned and thought for a while:

“A lot.”

Qin Yu’s brows lit up: “Tell me, every time I look at President Shang is so proud of himself and invincible, he thought he was made of iron!”

Su Nan pursed his lips and counted them one by one:

“He looks good, has a good figure, and has a high IQ. He is one of the best among the people I know.

He is always very caring, gentle, and attentive. He wants to be ahead of me in things I didn’t expect.

And he never quarrels with me and loses his temper. Every time I’m in a bad mood I wanted to quarrel a few times, but he would make me laugh before I could say a few words.

Also, his career is also very successful, and he has money...”

“Wait!”

Qin Yu was inexplicable . “Miss Su, I’m asking about the shortcomings, do you understand the shortcomings?”

Su Nan blinked: “I have a few more words to talk about the shortcomings.

” .”

Qin Yu was speechless after hearing this.

Su Nan was silent for a while, then looked up at her:

“He always treats me like a child, and he spoils me with no bottom line.”

When she said this, the corners of her mouth curved up unconsciously.

This is his shortcoming.

Because of this shortcoming, Su Nan’s self-motivation is not so intense.

Because Shang Qian always took the bank card and told her to take a day off.

It was so good, she couldn’t help but agree.

Qin Yu glanced at her silently, looked away, and sighed:

“Forget it, the joys and sorrows of people are not connected.

You will never understand that when I was fighting hard in front of you, your man was there. I keep trying to make you fall over, because I have to obediently admit defeat and go back and continue to be his secretary.”

Qin Yu’s words contained infinite complaints and dissatisfaction.

But she also knew that Shen Liang was for her own good.

She just doesn't understand this kind of good, why can't it be built on the basis that she can be on her own.

Could it be that if she loses, she will feel better when she looks back and applauds from behind?

Su Nan glanced at her and thought of something.

"Qin Yu, you can tell Shen Liang directly, don't keep it in your heart, or you will accumulate too many contradictions, and you won't be able to end it in the end."

Qin Yu pouted, "I can't say."

Su Nan also said When he wanted to say something, he watched Shang Qian come in with a plate of roasted tender lamb.

"Baby, come and taste the tender mutton in Australia, didn't you say you like this mutton very much?"

chapter 1974

He is getting married.

Su Nan smells the fragrance and has a great appetite.

Looking at Shang Qian's eagerly looking forward gaze, she suppressed the desire for control in her heart and told herself and him,

"I'll just eat this bunch, I can't eat too much."

Shang Qian nodded.

Su Nan took a bite, the juice inside was fresh and tender, and the taste of the mutton was really indescribable, not greasy at all, and the roast was just right.

Her eyes lit up and she gave Shang Qian a thumbs up.

Shang Qian put down another bunch by her hand:

"Eat another bunch, it's not bad, just drink a glass of cucumber juice after eating to relieve the tiredness."

Su Nan nodded happily.

Qin Yu watched the situation on the side, and immediately shook his head.

Is this the President Su she knew?

Shang Qian went back and continued to bake with satisfaction.

After a while, Shen Liang came in:

"You haven't come out to eat yet?"

Qin Yu choked and tried her best to restrain her anger:

"Don't eat, I'll lose weight."

Shen Liang paused, "I've picked them all for you. , just put it outside, and come here if you're hungry."

He didn't say much, just turned around and continued to bake.

Su Nan smiled:

"Mr. Shen is still considerate, I hope you will eat with him, otherwise he will be alone and embarrassed to speak."

When Su Nan said this, Qin Yu's face became a little better.

"How is that possible?"

He was tough-mouthed and soft-hearted, but he believed Su Nan's words.

Due to Cheng Yi's natural coaxing skills, he quickly said that the children became his little fans.

Cheng Yi casually pressed the remote control in her hand, and the toy car started to move.

Said that the child gave a face-saving "wow" and looked at him with a smile on his face like a flower.

Cheng Yi: "..."

Little Su Lin looked at her sister silently, and didn't understand why she was shocked when she pressed a remote control?

When Cheng Yi wanted to help him build Lego, Su Lin blocked him and said solemnly,

"Thank you, I will."

...

Everyone ate and drank until the afternoon.

When Su Lin took a nap, Wen Xiang planned to go home.

Su Jin was obviously hesitant to speak, but since everyone was present, he could only follow him and leave as if nothing had happened.

Ning Zhi left, Qin Yu and Shen Liang left hand in hand.

Su Nan looked at the rest of the mess, and his head suddenly became big.

When he came back, Shang Qian had already started to clean up.

Talk about the children sitting in the electric trolley with a smile and turning around.

Shang Qian smiled and talked to her, regardless of whether she could understand it or not:

"Tell me about the little ones, are you happy to eat?"

Today's mutton is good, lobster is also good, you can eat it when you grow up... .."

Talking about the children echoing: "Eat, eat..." As soon as

Su Nan came in, he smiled:

“Are you hungry?”

Shang Qian looked up at her and smiled gently. laugh:

“She’s not hungry. She just drank milk powder. You should go to rest first and come out after I clean up.”

Su Nan raised her eyebrows, thinking how could she have met such a good man who can make money and run a house?

“Wait for Auntie to come back and do it...”

She was also reluctant that Shang Qian’s clean and slender hands had become rough!

Shang Qian smiled: “No, auntie will be upset when she sees a mess when she comes back. What’s more, we have to set a good example for the children and be a good boy who can bear hardships and stand hard work, right?”

He ? He lowered his head and smiled and glanced at the child.

The little boy looked at his mommy, pinched his little finger, shook it in front of his eyes, and repeated Shang Qian’s words inarticulately:

“No way...”

Su Nan clicked, “Okay. Ah, when we grow up, we won’t invite aunties, let’s talk about children being hard-working!”

Shang Qian was stunned for a moment, and instantly looked at his precious daughter with sympathy.

Said that the children didn’t know what Mommy meant, so they turned the steering wheel of the car and ran back and forth.

Smile from ear to ear.

It seems that the gift that Cheng Yi bought is very much in line with her heart!

Shang Qian’s pursed lips raised a pleasant arc, and continued to lower his head to clean.

It didn’t take long for Su Nan to simply take a shower and come out, washing away the smell of fireworks all the time, and only came out satisfied when she became a fragrant self.

She carefully applied body lotion and mask to herself. After a series of procedures, the sky was getting darker.

When he went out, he looked at Shang Qian’s old father hanging like a little koala, and smiled brightly.

Su Nan chuckled, and Shang Qian heard it.

Turn to look at her.

“By the way, Cheng Yi is getting married, do you want to prepare extra gifts?”

Su Nan was slightly taken aback.

“Who gets married?”

“Cheng Yi.”

“What is Cheng Yi doing?”

Su Nan seemed to be completely unexpected.

Shang Qian: “Cheng Ershao is getting married.”

Su Nan paused and frowned: “He didn’t say anything today!”

Shang Qian took out the invitation card on the side:

“It’s on the table, didn’t you see it? I thought you already knew that Cheng Er Shao and Miss Meng are getting married next Tuesday.”

Su Nan was stunned for a while.

“So soon? Next Tuesday?”

Shang Qian now believes that she really doesn’t know.

Hand over the invitation.

Su Nan glanced at it.

Sure enough, Cheng Yi and Meng Xue got married next Tuesday.

Hasty, but surprising.

It wasn’t long before Meng Xue got divorced. She was about to get married, or she was going to be with the Cheng family, who was one of the best in the circle. Who wouldn’t be envious if she said it out loud?

Soon.

Su Nan’s phone suddenly rang.

It’s Qin Yu.

She picks up.

“Little Si, I just heard about Cheng Yi’s wedding next week, have you heard?”

Why did you say that? It’s too sudden, and she is still with Meng Xue. Didn’t Meng Xue just get divorced?

Li Suizhou is still in South Africa . Looking at the oil, if she gets married here, she’s out of the game!”

Qin Yu chattered, she didn’t know what happened to Cheng Yi, Meng Xue and Li Suizhou in City C.

Su Nan sighed.

When she finished speaking, she flipped through the simple invitation card: “I just saw it too. Although it was an accident, it was quite in line with Cheng Ershao’s temperament. He didn’t say

it, maybe he didn’t know how to speak?

Fate can't stop it, if someone can take away Cheng Ershao, we will be thankful."

Qin Yu tutted, "I'm just too surprised, he always changes a girlfriend every day, Why do you suddenly want to settle down?"

It won't be...to marry a child, right?"

Su Nan paused.

What came to mind.

She coughed.

"How is it possible, don't make a guess, just go next Tuesday."

Qin Yu muttered, "This traitor has not leaked a word!"

Su Nan said a few words and hung up.

Shang Qian's attention shifted from talking about the children to Su Nan, and coughed:

"So, Cheng Ershao got married, didn't anyone say anything?"

Su Nan nodded, "It's probably like this."

Otherwise, he wouldn't even hide it from their good friends.

Open WeChat.

Take a look at their private group.

Qin Yu had scolded Cheng Yi for more than ten minutes. It turned out that she called Su Nan only after she had finished scolding.

Cheng Yi may have a guilty conscience and has never appeared...

chapter 1975

You are not saved

Ning Zhi echoed weakly in the group and started to change the subject.

"Have you chosen a wedding dress for the bride?"

"Where are you planning to go on your honeymoon?" "Does Cheng Ershao have

any special gifts? If not, we will directly prepare the money!" If so, it will be swiped. Su Nan sent a WeChat message to Cheng Yi: "?" Cheng Yi: "." Su Nan: "OK." It was a strange reply, but both of them understood. Cheng Yi was already confirmed, and it wasn't a joke. Putting away the phone, he said to Shang Qian calmly, "Prepare a gift." Shang Qian nodded. Su Nan's friends are naturally more valuable. Talking about the child playing with the bottle in Shang Qian's arms, twisting and twisting, accidentally spilled milk on him. Shang Qian paused, and calmly patted the talking child on the shoulder: "Let's say the little baby is so awesome that he can twist open the bottle!" Talking about the little kid who was not worried about being criticized, he thought Daddy was complimenting him, Smiling, he put his arms

around his neck and took a sip. Shang Qian nodded happily. Su Nan walked over and picked up the little friend: "Go and change clothes, President Shang, let's go on, your daughter almost doesn't know her surname!" Shang Qian smiled, walked over and kissed Su Nan. The profile of his face, his eyes filled with tenderness:

"Baby, our daughter is really smart and brave. You can see that she will never be deceived by other men if she can't open the bottle cap. We should teach her to distinguish between good and bad since she was a child!"

Su Nan frowned slightly, completely unable to keep up. Shang Qian's thinking.

When she was still worried about saying that the children were about to destroy, Shang Qian had already seen the distant future?

God!

Is this man's mind too distracting?

Shang Qian smiled and went to the cloakroom to change clothes at a leisurely pace.

Su Nan put the talking children on her car, and the whole living room could be used by her.

She quickly plunged into her own world without crying or making trouble.

Su Nan smiled helplessly, remembering that several clothes that Shang Qian often wore had just been dry cleaned and hadn't been put into the cloakroom.

She got up and took the bag to the door of the cloakroom, knocked on the door, and went in.

"You need clothes..."

Shang Qian took off half of his clothes, and the lines of his thin upper body were smooth.

Even though the two of them were already close enough, Su Nan was still stunned for a second when he saw the fragrant scene so suddenly, and then covered his eyes:

"Stinky hooligan."

Shang Qian chuckled, his voice warm and gentle.

Su Nan blinked, realizing that he was overreacting.

This is her own man, she can look at it however she wants!

Why are you embarrassed?

right.

Thinking of this, Su Nan paused and quietly dropped his fingers.

In the next second, Shang Qian's big hands covered her eyes, and it was pitch black in front of her.

With a little force, he blindfolded her and pushed her out.

She also laughed arrogantly: "Don't peek!"

Su Nan: "..."

She was really pissed off.

She can't see, who can?

However, when she was about to push the door in and declare her sovereignty, Shang Qian quickly changed his clothes and came out, changing his pants.

Just unhurriedly buttoning the shirt.

He smiled meaningfully, "Baby, are you taking advantage of me on purpose?"

Su Nan's heart skipped a beat.

She raised her chin calmly:

"What do you think?"

Shang Qian's smile deepened, and he walked over and touched her earlobe, her most sensitive place.

Su Nan shrank abruptly, but Shang Qian suddenly approached and kissed the spot on her earlobe:

"I think you did it on purpose."

Su Nan trembled for a moment with the magnetic voice in his ear.

That feeling, as if my heart was hooked.

This Shang Qian, is there a fox spirit living in his soul!

She gritted her teeth, pushed him away suddenly, and ran into the bedroom.

Heart beating fast.

In the past, it seemed that only when Shang Qian deliberately flirted with her did she react the most strongly.

But now, she felt that she could no longer control her heartbeat.

Shang Qian heard a low, hoarse laughter from behind, happy and hearty.

Very proud.

Su Nan felt a little hot on her face, so she called Qin Yu directly.

I want to ask her about her experience.

Qin Yu had just finished scolding Cheng Yi, and she was in a better mood.

After Su Nan finished talking about the feeling just now, he sighed:

"I always felt that I was very rational, but the reaction of my body just couldn't deceive people, I felt like I was trapped, I just liked it, I was very close to him in every way. It's suitable, of course, with a little liking, I may be able to control it..."

Before she could finish, Qin Yu interrupted her:

“Take it down, Su Xiaosi, you have to recognize yourself Just look at him more than a hundred times today, you two look at each other and you can’t wait to be drawn...”

I tell you, you are not saved, this man has completely control your happiness. Feeling angry, you are in danger!”

Su Nan blinked, feeling that she was in danger.

Although she likes Shang Qian very much, she always feels that she can still control it.

Even if it was love that she said casually, she waited for Shang Qian to say it first, and then she would go along with his words.

She never took the initiative to say it.

They’ve been through so much, and she’s always found it easy to be strong in a relationship.

But hearing Qin Yu say this, she felt that she was hanging!

Don’t put all your emotions on a man, she has done this stupid thing before and spurned herself.

Today, her marriage is perfect, and it cannot be said that there is no credit for her painstaking efforts.

But let her be stupid again, what should I do, she can’t do it!

She walked irritably around the room.

But soon.

Shang Qian came over and knocked on the door, but didn’t hear anything inside, thinking she was angry.

“Mrs. Shang? Baby? Miss Su?”

No one responded.

Shang Qian was worried and could only push the door in by himself.

But before taking a step, a pillow was thrown over, and Shang Qian grabbed it with one hand.

His eyebrows were warm and romantic, and his voice was hoarse and pleasant:

“I’m sorry, it’s my fault, I shouldn’t have told you!”

As soon as he heard his apology, Su Nan’s fire inexplicably disappeared, and his confidence came.

She paused.

“Then where did you go wrong?”

Shang Qian: “You can watch it if you want, and you can be a hooligan if you want to be a hooligan. I shouldn’t stop you. I’m just worried that the children are still outside, and we can’t control it inside...
..Well

, I'll take it off now, so you can see enough?"

He said, with slender fingers, Sven decisively began to unbutton his shirt.

His brows and eyes were warm and clear, as if they were not stained with dust.

Su Nan was stunned by this operation.

She watched in shock as he unbuttoned his clothes smoothly and began to unbutton his belt again:

"Wait..."

chapter 1976

She took off very well.

Su Nan felt that if she didn't stop her, it would be difficult to end it.

Shang Qian was stunned for a while, and looked at her seriously with dark eyes:

"What's the matter, you don't want to watch it again?"

Su Nan felt like a domineering mountain king.

Why is she bullying Shang Qian?

In this situation, it is really embarrassing to be able to cut out three bedrooms and one living room!

Su Nan said calmly:

"It's good to take off, and then take it off at night."

Shang Qian was silent.

He calmly buttoned the button again, and took a deep look at Su Nan:

"Yes."

Anyway, he was very happy to do it.

In the evening, when my aunt came back, my aunt warmly went to say hello to the children.

Then, watching Su Nan and Shang Qian, who were still calm, were watching a movie in the living room.

The atmosphere is just right.

When talking about the child couldn't help it and started yawning, Shang Qian asked his aunt to take the talk back to coax him to sleep.

He looked at Su Nan enthusiastically, as if there were violent storms brewing in the darkness.

Su Nan felt a little regretful.

Because she felt that it was really difficult to go on tonight.

Shang Qian hugged her and whispered and kissed, but he didn't want to be happy, and he had to let Su Nan undress him personally.

She took off the clothes tremblingly for two hours, and was already sweating...

exhausted all night.

Su Nan couldn't even lift his fingers.

The next day I slept until noon.

She recovered a little, and she still wanted to go to the company, so don't go now.

The place next to it is empty.

His physical strength recovered much faster than hers.

always like this.

She is still fresh and clean, Shang Qian has nothing to say about being considerate in this regard, otherwise she won't be able to sleep.

She came out after washing.

There is food on the table, but no one is in the kitchen.

The aunt who came downstairs greeted her with a smile:

"Madam, you wake up, the bird's nest should be ready, I'll serve it for you."

Su Nan smiled and walked to the dining table, where there was only one breakfast for one person.

She paused: "Sir and talk about it?"

Auntie smiled, "Sir, there is something urgent in the company, so I went to the company. I was afraid that I would stay and cry and disturb your rest, so I took her away, the husband said. Don't let anyone disturb you, say you worked hard yesterday."

Saying you worked hard yesterday...

When Auntie said this without changing her face, Su Nan's face was flushed.

She breathed slightly, and took a deep breath to calm herself down.

"Yeah, yeah, there were too many friends who came yesterday, it was really hard..."

She found herself a step down, whether her aunt believed it or not.

"I've never seen someone more considerate than Mr. The president of a big company, he looks like a big star, but he doesn't have any air. This meal is all cooked by Mr., and he also asked me to start stewing bird's nest on time. It just happens that you can drink together."

Auntie's voice was kind, Su Nan lowered her eyes, and the corners of her lips curved.

In fact, it wouldn't be a bad thing if she fell into it, right?

However, she still can't tell him her current mood, otherwise he will be proud.

Su Nan has a good appetite. After breakfast, he plans to go shopping and go to the company in the afternoon.

As a result, Shang Qian's phone call came, as if he had pinpointed the time.

"Baby?" The

voice followed the electric current into her ears. The tip of her heart seemed to be fluttered by a feather, and her heartbeat accelerated again.

Thinking about the chaos last night, Su Nan really didn't want to recall.

There is only one sentence to comment on Shang Qian:

"Fox spirit with human face and beast heart!"

Su Nan didn't speak, Shang Qian waited for a few seconds before speaking, his voice was coaxing and soft:

"Baby, I just bought you a necklace, what do you want? Don't go and look at it?"

Su Nan pouted, with a little bit of duplicity:

"Who cares?"

Her voice was low and soft, and at first glance, she was bullied too much.

Shang Qian coaxed patiently: "Take a look at the face? If you don't like it, just talk about it."

"Okay, where is it?"

Su Nan asked, standing up and walking towards the bedroom.

The man also knew how to coax her with a necklace, but if it didn't look good, she wouldn't want it.

You must firm up your own aesthetic taste online.

"On the apron on our top floor, the helicopter has just arrived, you can go up."

Su Nan was stunned for a moment, then stopped.

"You sent it by helicopter?"

What necklace, such a big battle?

"Well, I let them deliver it just after dawn, and it's just right now, don't you like the brand in country F very much?"

I saw the collection, it was very suitable for you, so I sent it directly. "

Shang Qian said lightly, as simple as ordering a takeaway online.

Su Nan paused, "There is only one collection in the world, isn't it going to be auctioned the day after tomorrow?" "

She also planned to participate in the auction, because she really liked it.

But out of the businessman's psychology, if the price of the auction exceeds her psychological expectations, she will not accept it.

So whether she can get it, her mentality is flat

. Qiang smiled: "Because you like it, you are the unique owner of that necklace. "

His words are so satisfying to Su Nan.

At that moment, Su Nan almost blurted out all her thoughts from yesterday. It made him happy too.

But she was full of that necklace, so she turned around and went to the door to take the elevator.

I went straight to the top floor. The

helicopter was there, and the two escorts were still holding controlled guns.

The cold wind was blowing their clothes, and the aura was completely different.

Seeing Su Nan, the two The escort took the safe down directly.

"Miss Su Nan? "

Su Nan nodded.

The escort opened the safe in front of her. A

string of thin necklaces inlaid with pink diamonds appeared in front of her. It seemed like an expensive light.

Su Nan has so many jewelry . , any one you take out is comparable to that.

But it is the first one that can make her so excited.

Exquisite indescribable, can completely touch the heart of any woman.

She reached out and touched it, then took it back.

The escort delivered the things, and if there was no extra, they turned around and went up the helicopter's suspension ladder.

Su Nan went back with the necklace, quietly admired it for a few minutes, and decided not to go to work today.

Bringing this necklace to the company is a waste of money!

She deliberately changed into a long black slip dress that matched the necklace.

Perfectly revealing her slender swan neck, and that delicate indescribable necklace.

In the end, she took a smug selfie and sent it to the four groups and Shang Qian's WeChat respectively.

Four people:

Qin Yu: "Fuck!"

Ning Zhiliao: "Fuck!"

Cheng Yi: "Please pay attention to civilized words, my God!"

.....

Shang Qian is busy, two minutes have passed Only replied:

"Perfect, only for you."

Su Nan smiled and was elated.

If Shang Qian didn't even have this appreciative ability, she felt that they would not be able to get to where they are today.

In the final analysis, Shang Qian worked hard enough.

chapter 1977

This is to encourage you

, Su Nan, to dress up well, and you can't do it without going out for a walk.

So, accompanied by Chang Li, she went to Shang Qian's company.

By the way, I called Su Yifeng and said that I would take the children back to dinner.

When Su Yifeng heard this, he became energized and muttered:

"I just said that you don't have to take her back, how convenient it is to stay with me!"

Su Nan went directly to Shang Qian's company without saying hello, and Shang Qian didn't know that she would suddenly 's arrival

The assistant was surprised by her sudden visit, but he understood immediately after seeing the expensive pink diamond necklace around her neck.

"Madam, please wait a few minutes, the general manager of the business is conducting a cross-border video conference, it may take a while."

Su Nan nodded sympathetically and took a seat beside him.

The assistant brought her favorite coffee, she thanked it and put it aside.

"Do your job, don't worry about me."

"Okay, ma'am."

Shang Qian has no physical business here, and his employees are all over the world, so it does not exceed 100% here, but it occupies the most gold in the commercial street. the lot.

It seems to be his habit, after all, he has the ability and confidence to occupy the best location.

Shang Qian's video conference has been on for a long time.

After five minutes.

There was no movement inside, and she thought it was over.

The assistant was not around either, so she tentatively opened the door and went in.

As soon as the door opened.

Shang Qian sat on the sofa in front of the floor-to-ceiling window, with his back to the door, hunched slightly, looking at the computer screen in front of him.

An unfamiliar voice came from the computer.

Their conversation was so involved that no one realized Su Nan's intrusion.

"Mr. Shang, Li Suizhou has already begun to annex other forces. His sudden failure caught everyone by surprise.

He was concerned about the oil in the Li family, and Li Suizhou seemed to be unable to support it

. Li made good friends, the Fu family's property was safe and sound, but they didn't know a word about other people's properties. I heard that the Li family had begged him several times, but Fu Yechuan didn't move.

You said how did Lili appear so suddenly?

The relationship between his sister and Fu Yechuan, and the relationship between Fu Yechuan's sister and Lianli, as for?"

Su Nan stood there, his body froze slightly.

Shang Qian was silent for a moment, and his voice was cold and unwavering:

"Everything he does is smoke bombs. His ultimate goal is my arms base. As long as you guard it well, there will be no problems with other things."

"But I heard that the Eagle Falcon has already attacked you? Although there is no next step, but you have to make plans early."

"I am afraid that after he has measured it, he will not do it again. After all, it is not good for him. "

Shang Qian's voice was extremely indifferent, and there was a bit of chill all over him.

It feels unfamiliar and cold.

Not the one who sweetly coaxed her.

The contrast is too big, but Su Nan doesn't think it's weird, who doesn't have a mask yet?

As long as the one facing her is good, she is not unacceptable.

Just realizing that he hasn't finished the meeting yet, and is in a dilemma, planning to quit.

The assistant at the door couldn't find Su Nan, and was in a hurry.

He pushed open the door and came in: "President Shang, Mrs. she..."

Interrupted Shang Qian's thoughts.

His eyes turned coldly, and the coldness on his face had not yet faded.

I saw Su Nan standing there sluggishly and the embarrassed assistant.

"Mr. Shang, I'm sorry..."

Shang Qian lowered his eyes and nodded, the indifference on his face faded, and Su Nan's familiar warmth appeared in his eyes.

"Wait a moment, I'll be fine right away."

He didn't end the conversation immediately, but let Su Nan wait for him here calmly.

No panic to hide.

Su Nan let out a sigh of relief and sat directly on the sofa on the side, waiting calmly.

When the assistant saw this, he honestly backed out.

Shang Qian sat there with his back still facing her direction:

"Recently, pay attention to the rioters going there to attack, strengthen the protection of mercenaries, and do not let strangers enter the internal research base.

Also, our weapons cannot be sold to 飛" Good business manager, I will strengthen the strict inspection of customer identities .

"

Shang Qian responded, and then hung up the video call.

He lowered his head for a moment, then stood up, tidied up his cuffs, and walked over:

"I thought you would go to Cheng Ershao and

the others to gather, why did you come to such a boring place?" Looking down at her, he bent slightly, as if to bring her into his arms.

As soon as he lowered his head, he could kiss her forehead.

Seeing the dazzling and delicate necklace on her neck, he smiled warmly and stroked the necklace with his fingertips:

"It seems that this gift is very agreeable?"

Originally wanted to ask about what happened just now, but when he said that, Su Nan raised his chin arrogantly.

Then put his hands around his neck, this angle is just enough for him to fully appreciate the necklace he bought!

With water in her eyes, she said with a smile:

“Not bad, gifts from President Shang are always irresistible!”

Shang Qian raised his eyebrows, “Then I haven’t seen you take out the jewelry I gave you before... “...”

Su Nan paused, her eyes flashed:

“This is to encourage you, and you have to make persistent efforts to give gifts in the future!”

The jewelry in the past was only precious, could she be able to use an antique jade necklace and those priceless diamonds? Do you hang it around your neck every day?

Just thinking about it is suffocating.

Might as well make her happy with these stylish but bright limited editions!

Shang Qian nodded calmly, stretched out his hand and poked her on the forehead:

“Don’t worry, I accept the encouragement.”

After saying that, he lowered his head and kissed her forehead, and then his eyes were dark and restrained.

“Did you sleep well?”

Su Nan restrained her smile, her bright facial features showed a bit of squeamish anger, and she gritted her teeth:

“It’s so good!

“

Shang Qian also knew that he had gone too far, so he touched her hair, and his voice was hoarse:

“Tell me that the child is taking a nap inside, do you want to call her up to play with you?”

Su Nan was stunned, and immediately pushed him away and stood up. :

“She didn’t make trouble with you, come to the company and keep her for my aunt to take care of...”

“That won’t work, it will quarrel with you. Besides, it’s not the first time she has come to the company. She said that she is very talented in business. I think my father is right. It is right to train her since she was a child!”

Su Nan twitched the corners of his mouth . , rolled his eyes at him, reached the door of the lounge, and opened the door carefully.

Said that the children were sleeping soundly inside, and their white and tender faces were radiant.

It really looks better.

She smiled and looked back at him:

“When she wakes up, let’s take her to my dad together. I’m going to the company in the afternoon, and you are busy here. Why don’t my dad teach her to study!”

Shang Qian Nodding solemnly: “You are right!”

chapter 1978

If the time is

right, when the child wakes up, the assistant has already brought in some dessert coffee.

Shang Qian finished some of the more urgent matters and pushed the rest to the afternoon.

“Baby, you heard it just now. Lian Li is a person who wants money and not his life. You can’t go in and out of public places casually during this time, unless you have enough bodyguards.”

Su Nan nodded, she didn’t take herself People who make fun of their lives.

“I know, I won’t go anywhere except Cheng Yi’s wedding and company in the near future.”

Cheng Yi’s wedding is a must.

Shang Qian nodded.

After hesitating for a moment, he said, “Has

Fu Yechuan approached you recently?”

Su Nan shook his head calmly:

“No, but has he approached my brother, I don’t know, what’s wrong?”

Shang Qian paused After a while, his face was a little dignified:

“It’s nothing, Mr. Fu’s family is in the hands of Falun, I’m afraid he will be confused for a while, what will he do?”

Su Nan frowned slightly:

“Isn’t it in the hands of Falcon?”

Shang Qian was silent for a few seconds:

“It’s hard to say, Ying Falcon’s people are also looking for them.”

Su Nan paused.

In such a dangerous place, Qu Qing and Fu Yingying, two women, do not know whether they will encounter any danger.

She didn’t want to let them go wrong.

It's just that she is powerless about these things.

"Do you just want an arms base with all your hard work?"

Su Nan asked.

Shang Qian pursed his lips and looked at her:

"It's strange to be a man. He makes dirty money, but he wants to clean up his money. He has been restless after annexing the power of Xing Zhi in Southeast Asia.

There is a lot of black money abroad, but it cannot be washed away. Only by expanding his power step by step can there be opportunities for money laundering.

But the bigger the power and the more money, the more difficult it will be to launder money, so he set his sights on the arms base, only the first Besides

, he is well-known in South Africa and has close contacts with some terrorists. Arms and money are what he wants most.

My research base in South Africa was originally just a middleman, but later it became bigger and bigger, naturally I was targeted."

He spread his hands, quite helpless.

He is an investor. When he invested in arms, it was just a whim, and he was not so interested in getting himself into the mud.

But now that it is getting bigger and bigger, it is difficult to withdraw.

"So as soon as the arms project of country Z came out last time, I knew it was a good opportunity.

As long as the power of the Z side joins, I can slowly get out of their battle.

You know, no matter which side of the terrorist organization, They are all afraid of the normal armed forces in the world.

Especially country Z.

Therefore, when the Z side inspection project is completed, even if I am asked to surrender, I am willing, at least it will not fall into the hands of others and become trouble. "

Shang Qian said everything in his heart.

In fact, nothing more than that, the arms base is in the hands of Shang Qian, which can be regarded as a hot potato.

But if Z party joins, it becomes a sweet pastry.

To temper those forces, there is nothing to worry about.

Su Nan pondered for a while, then laughed:

“So that’s the case, you already planned it? There must be your reasons for the Su Group to get this project, but you’re right, it’s really troublesome.”

Shang Qian picked He raised his eyebrows and looked at the time. It was time to tell the children that it was time to make milk powder.

He turned to go to the warm water.

He opened his mouth and said,

“When it comes to the relationship, it can’t be all because of me, because the eldest brother has the confidence.

And I just mentioned that compared with the face of the arms research base and President Fu, how to choose in the end depends on The meaning of the above.”

Su Nan twitched the corners of his mouth, how do people choose?

Hehe...

cunning!

Shang Qian moved smoothly and repeated many times while speaking.

His voice is warm, but every word has no warmth:

“But if I can use these external things in exchange for your interests, I am willing to do it.

After all, there is no real fairness in the market, and whoever wins will have to weigh the interests of all parties. Interests and relationships.”

Su Nanhuan looked at him with both hands, squinting.

She always felt that Shang Qian was an extremely tolerant and kind person.

That’s because she never touched the boundaries of his career.

The career lines of the two of them barely intersected, and even if they did, Shang Qian secretly avoided possible collision risks, or voluntarily gave up their positions.

But now, at this moment, she heard Shang Qian’s words.

He seemed to be protecting one of his own people.

It’s not about how many affections and relationships, interests and importance are being measured.

If it was someone else, he would have a completely different attitude or way of dealing with it.

He will not cede his vested interests to anyone.

Except for his own people.

This kind of person is especially decisive and fierce in the shopping mall, and there is almost no time for the car to roll over.

She doesn't like to deal with this kind of people in the mall.

But...

Su Nan lowered his eyes and thought.

If Shang Qian was not such a person, he would not be decisive, he would not be calm and self-sufficient, and he would not strive for his own vested interests.

He wouldn't be the Shang Qian he is today.

The merchant's resources did not pave the way for him, and every step he took was harder than anyone else.

What right does she have to criticize his way of doing things?

Kindness and tolerance, that is what the Buddha should do.

She lowered her head and chuckled, shaking her head.

I really think too much.

Perhaps, she is also protecting her own people like Shang Qian?

Shang Qian turned his head and glanced at her.

But soon realized that I was talking too much.

He pursed his lips, and his face became tense for a moment:

"Do you think that what I said is wrong?"

Su Nan shook his head and smiled:

"No, I think you are right, but One thing, I want to expose you!"

Shang Qian: "What?"

Su Nan smiled, "It is impossible to hand over your arms base, after all so many forces are eyeing them, you handed it over to Country Z, If all parties are dissatisfied, it will bring death to itself.

President, you wouldn't do that, would you?

Shang Qian smiled calmly, his eyebrows warm and clear: "

Of course, I'm just a suggestion, if the time is right, I won't be stingy, just temporarily... I won't be so impulsive. He shook the

bottle and handed it to her with a smile.

"I'll wake up and tell her, will you feed her?" "

Su Nan nodded, as long as Shang Qian can stay by his side, how sharp his wrist is, why should he interfere?

Anyway, there will be opportunities in the future.

Talk about the children's reluctance to wake up.

But Daddy and Mommy are all there . Beside her, she had no reason to cry. She could only roll obediently before she got up lazily. When she

arrived at Su's house,

Su Yifeng didn't even eat lunch, so she sat in the living room and waited for them

. It's too late, make Su Yi's atmosphere so bad!

chapter 1979

you guessed it,

patiently explained to Su Nan the problem of children taking a nap.

Then he showed Su Yifeng his new necklace.

Su Yifeng put on his glasses and squinted for a while.

"Don't you have a lot of these necklaces in your safe?"

Su Nan explained patiently: "The same color, different styles."

Su Yifeng couldn't understand the girl's obsession with jewelry details.

However, he still responded a few words before calling Shang Qian over: "

Cheng Yi gets married next week, will you go with Xiao Si ? " Everyone tacitly understands that there is a dangerous element now, and they can't be careless. Su Nan got into the kitchen, said hello to the housekeeper uncle, and then came out with a snack. Shang Qian took out a tissue for her and wiped it clean. Tacitly and unintentionally. Three people are eating. Su Nan lowered his head and ate seriously, but after a while, the bowl was filled with vegetables. Shang Qian sees which one she likes to eat, and always chooses which one she likes. Seeing Su Yifeng burst into flames. He couldn't help it, put down his chopsticks and said, "Nutrition should be balanced, don't be picky eaters, and she should eat more food she doesn't like, don't get used to her bad habits." Shang Qian paused and nodded. Su Nan blinked, and couldn't help but say:

"Dad, I eat nutritious meals every day, just this one, there will be no uneven nutrition!"

Su Yifeng snorted coldly.

Seeing how Shang Qian spoiled her so much, can she honestly eat nutritious meals?

It's really hard to eat a meal!

It didn't take long for Su Yifeng to put down his chopsticks.

Su Nan and Shang Qian also ate almost.

It was just that when Su Nan drank the water, he didn't notice that the water was very hot, so he took a sip and spit it out.

The two looked at her nervously.

Su Yifeng's face changed:

"What's the matter, call an ambulance, no no no, get the car ready, and go to the hospital!"

Shang Qian also went over nervously and hugged her.

Su Nan slowed down and stuck out his tongue:

"It's nothing, it's just hot."

Su Yifeng and Shang Qian were still very nervous.

Su Nan smiled, "I feel so much better seeing you all so nervous and worried about me!"

Shang Qian: "..."

He silently got up and took a glass of cold water.

Su Yifeng: "..."

Is this girl stupid?

after a few days.

It was Cheng Yi's wedding day.

Su Nan had already prepared a gift, and what she had prepared was an equity transfer contract.

At the beginning, Cheng Yi failed to gain a firm foothold in the Cheng Group, and was forced to step back. It was Su Nan who won his opponent, which was equivalent to part of the equity nominally in Su Nan's hands, but she did not monopolize it.

Now that Cheng Yi is on his own, Su Nan handing over his nominal equity can be considered a complete return to Zhao.

There is also a pair of Patek Philippe couple watches, which are extremely valuable.

Shang Qian prepared an antique ornament. Except for being expensive, it has no other characteristics. It is the most suitable gift.

It is said that Cheng Ershao's marriage will not be too small in scale.

But for the wedding of the Cheng family and the Meng family, they also took into account the reputation of the Meng family.

The matter between Meng Xue and Li Suizhou was so noisy that there were scandals.

At this time, if there is a big deal, the Li family's face will not be able to hold back. After all, the Meng family and the Li family have not completely turned their face.

So their wedding was just to entertain guests in the largest hotel in City A, and invite relatives and friends to gather together.

It's like telling everyone.

Although it was in the hotel, there were a lot of people coming.

Su Nan, Qin Yu and Ning Zhi went in before and after, and had seen many acquaintances.

But it's too tiring to go to greet each other now, they took a bit of a slack and plan to go see today's protagonist.

Shang Qian wanted to follow Su Nan closely, but there were too many people who came to toast, so Mr. Cheng took him to socialize again.

He could only ask Chang Li and the others to take good care of Su Nan and not run outside alone.

When Shang Qian didn't follow, Su Nan became more free.

The bodyguards here are layer after layer, if you really want to do something, unless your brain is flooded.

Qin Yu, wearing a small dress, asked about the room directly, and went up to it.

We knocked on the door and heard the sound inside before everyone entered.

Cheng Yi was changing his clothes with a smile on his face.

It looked like something was different.

The indomitable romance in his eyebrows has diminished, and he has become a little more mature and stable.

Looking at the push door and entering, he smiled:

"I knew you would come."

Ning Zhi smiled and looked at him: "Cheng Ershao, congratulations!"

"Thank you."

Cheng Yi's eyes moved to Su On Nan 's face, he sighed:

"If I get married, you won't be the only ones in my life. You have to take good care of yourself!" Su Nan paused for a second: "It's the same as saying that you will be finished tomorrow, of course we will take care of ourselves, you can rest assured!" The atmosphere is not so rigid. Cheng Yi lowered his head and smiled, looking at the three of them: "If you guys come to grab the marriage, then my Cheng Yi's reputation will be famous far and wide!" Qin Yu pierced him: "No, it's notorious, It will also implicate us!" Everyone laughed. Cheng Yi was wearing a neat suit and three-dimensionally handsome features. Qin Yu saw that there was no one else in the room, then coughed and asked him, "Why didn't I know you and Miss Meng's were so close? Didn't you always despise their two sisters for being hypocritical and brainless? How long has she been divorced, did you all before her divorce..." Qin Yu spoke without

restraint, but every sentence asked the key point. Finally, she added another sentence: "Is it because she is pregnant that she has to get married?"

Cheng Yi smiled helplessly and shrugged.

I know there are many speculations from the outside world, but Cheng Yi can't do anything about it.

"Yes, you all guessed right, it was the time before her divorce, she was pregnant, and I had to marry her." The

atmosphere became quiet.

Even Ningzhi and Su Nan were speechless there.

On the hangers next to them were all the dresses they were going to change, and there were even the words "Happy" posted on the wall.

But behind the happy word, there may be many contributing reasons.

No one could have imagined.

Cheng Yi smiled, sat there, and rubbed his hands:

"Don't look at me with such pitiful eyes, I'm married and have a child, isn't it a double happiness?"

Qin Yu: "Are you a double blow?"

Cheng Yi's smile subsided a bit: "

You are my best friends, I'll tell the truth.

Although every step is beyond my expectations, I don't reject this result.

You know I'm so mixed up ." For many years, I have never fallen for a woman.

As for Meng Xue, I can only say that I may not have feelings for her, but the time has come."

chapter 1980

I don't want to leave your

room.

Cheng Yi's voice was calm, and his expression was also a slight smile.

There is no dissatisfaction or resistance.

Su Nan frowned slightly: "Then Meng Xue is willing?"

Cheng Yi paused and nodded:

"She is also willing, we talked frankly about whether to keep the child or not to get married.

We are very interested in marriage . Looking forward to it, I am willing to give it a try, but I just skip the step of falling in love and get married directly, it may not look good, but we know it."

Su Nan raised his eyebrows, it sounded like Cheng Yi was dizzy .

In this circle, there are many people who want to marry Cheng Yi, but he chose Meng Xue.

The reputation of the wind review is not very good, and it is still not long after the divorce.

There must be many rumors.

But they can decide together, indicating that they are mentally prepared.

No matter what, I can only congratulate you.

Ning Zhiliao nodded: "Meng Xueren is not bad. We have met before. Since we have decided, then congratulations to you."

Su Nan also nodded: "Congratulations to you.

" Duan Marriage:

"Marriage is a siege. People inside want to go out, and people outside want to come in.

It doesn't matter if you haven't been married, Meng Xue has already been married once, and she doesn't have a long memory. What are you planning?"

Su Nan tutted. Look at her:

"Qin Yu..."

Qin Yu raised her hand and surrendered: "ok, when I said nonsense, I congratulate you too!"

Several people joked and laughed for a while.

I heard someone talking and laughing outside and pushed the door in.

It was Meng Xue and several assistants.

Meng Xue was wearing a white wedding dress, and her whole body was bright and dazzling.

Looking at a few people in the room, she smiled:

"Am I disturbing you?"

Su Nan smiled, stood up and hugged her gently:

"Why, you are the most beautiful bride today. , you are the protagonist wherever you go!"

Ning Zhi also went over to hug and say hi.

Qin Yu and Meng Xue didn't know each other very well, so they just shook hands lightly.

The assistant smiled and said,

"The bride is going to put on makeup, sit here."

Cheng Yi smiled and walked behind Meng Xue, "You've worked hard, I'll go to the front to toast first."

Meng Xue nodded with a smile nod.

The harmony between the two seems to have come together because of love.

Cheng Yi turned to look at them:

“How about you?”

Qin Yu stood up immediately: “I’m going too, my mother should be here soon, I have to go to pick her up early.”

Cheng Yi nodded.

Just as Su Nan was about to go out, she heard Meng Xue laugh and leave her:

“Su Nan, can you help me with my makeup?”

Su Nan paused, then nodded.

She and Meng Xue knew each other very well. She married Cheng Yi, and their contacts in the future would only become closer.

Ning Zhi also found an excuse to go out.

in the room.

Meng Xue asked her assistant to prepare the other dresses, and she would change them later. She chose makeup first.

When only Su Nan and her were left, Meng Xue looked at her and smiled.

“Do you think it’s unbelievable?”

Su Nan nodded, but shook his head again.

“I thought you two were a bit tricky at first, but I didn’t expect it to be so fast.”

Meng Xue rubbed her lower abdomen:

“Of course it’s because of the child. It was the accident that happened to me.

Cheng Yi and I didn’t plan to hide it. It doesn’t sound good to say it out loud, but if we live behind closed doors, we’ll be happy.”

Seeing her bad attitude, Su Nan almost laughed.

“Cheng Ershao has a good reputation, so aren’t you afraid to be like Li Suizhou?”

Meng Xue smiled and shook his head, “He is different from Li Suizhou, he is single-minded...”

Su Nan twitched the corners of his mouth . .

“Do you mean that Cheng Yi knows the same person I know?”

Cheng Yi’s girlfriends can form a 100-member chorus.

Meng Xue paused and looked at her meaningfully:

“Because the only person he has always liked is you.”

Su Nan froze and fell silent.

The atmosphere was stagnant for a moment.

She and Cheng Yi can only be friends and cannot go further.

They can be friends for a long time, but they will never be in love for a long time.

She is very clear, so she has always been measured.

Meng Xue stretched out her hand and shook Su Nan’s hand:

“But in the future, he will always like me, and I trust him.”

Su Nan paused, “I don’t have...”

“I know that if you had any thoughts about him, he would not be so willing to marry now, so I am very grateful to you.

I don’t mind . You will always be friends, and that’s what I want to say.”

Meng Xue said what was in her heart very calmly.

It was never a secret that Cheng Yi liked Su Nan.

It’s just that his liking is not precious because of the girlfriends who come and go around him.

But Meng Xue understood that the existence of those girlfriends was a curtain to hide his affection, so he couldn’t see or understand.

Su Nan smiled and nodded.

Meng Xue was a rare person who was confused and the most sober.

She was so specific that the initial embarrassment disappeared.

It feels more pleasing to see her.

The assistant had already finished arranging her clothes, and Meng Xue’s makeup had also been chosen.

She smiled with anticipation on her face:

“I deliberately chose today, Li Suizhou will not come out to make trouble, I hope to get married today!”

Su Nan twitched the corners of his mouth.

Get married?

What is this to expect?

Her phone rang, it was Shang Qian.

Paused.

She immediately walked aside with a smile to answer the phone:

“Hello, President Shang?”

There was a moment of silence on the phone.

“What do you call me?”

Shang Qian asked, with a bit of silence in his voice.

Su Nan paused, then looked around to see that no one was there, and Meng Xue didn't pay attention to her either.

She then coughed in relief:

“Husband...”

Shang Qian's voice was filled with a warm smile:

“Baby, I've only missed you after being separated for such a short time, do you want to take pity on you? Me, hurry back to me?”

Su Nan couldn't control the upward curvature of the corner of her mouth:

“Okay, I miss you too, I'll go out now.”

After speaking, she turned to leave.

Seeing Meng Xue getting goosebumps all over the place.

She smiled lightly, forget it, just look at it.

She has her own husband, so she won't pay attention to other people's husbands.

Open the door.

Just looking at Shang Qian standing tall and straight, with a smile in his eyes, his eyes light and light, his hands are open.

Su Nan smiled, and fluttered in his arms like a bird.

She deeply felt that she was definitely poisoned by Shang Qian.

Since the undressing incident, she couldn't help but want to get close to him, kiss him and hold him high. The more of these, the better.

But she didn't want to be too obvious, so as not to make him cock his tail proudly.

So she got out of his arms, tidied up her clothes, and looked at him arrogantly:

“You think I'm too strict, I also need a private space!”

Shang Qian smiled and turned the man Holding her tightly, her chin rested on her forehead, and her tone lightly crossed like a feather:

“Then what should I do? I really don’t want to leave you for a minute!”
