

Divorce 1971

Chapter 1971: Gu Chenchen is pregnant

In the end, she gave up on taking the bus and hailed a taxi instead. The bus was a long way to the Heavenly Cloud pavilion because the bus had to take a detour. However, the taxi did not take much time to get to the heavenly cloud pavilion. After all, a taxi could take a shortcut.

A taxi was indeed fast. The bus took more than half an hour to get there. A taxi would take less than ten minutes to get there. However, the taxi fare was ten times that of the bus fare.

Fang Xiao paid the taxi fare and got off. Looking at the time, it was about the same time as Dongfang Yunheng's appointment. Therefore, she naturally walked towards the French restaurant on the second floor of the Heavenly Cloud pavilion.

There was a hostess at the door. She said that she was looking for Dongfang Yunheng. The hostess pointed at the private seat in the right corner, indicating that she could walk there herself.

She thanked the hostess and walked toward the private seat naturally. Perhaps it was because there was still half an hour before lunchtime, there were very few people in the restaurant, so it was exceptionally quiet.

The private seat was in the right corner. She remembered that Dongfang Yunheng said that he wanted to give her a surprise, so she tiptoed as she walked, wanting to secretly see what kind of surprise he had.

However, when she walked to the side of the private seat, she was completely stunned. At this moment, Dongfang Yunheng and Gu Chenchen were sitting side by side on the Sofa in the private seat. The two of them were staring at each other with a focused expression, as if they were looking into each other's hearts.

No, it should be said that at this moment, Dongfang Yunheng and Miss Gu Chenchen were hugging each other and sitting on the Sofa. The two of them were staring at each other with a focused expression, as if to show that they already saw each other as the one and only in this life.

Fang Xiao was stunned for about three seconds. The Moment Dongfang Yunheng raised his head, she reacted and quickly said a polite sentence, "sorry for disturbing you. "

After saying that, she immediately turned around and ran towards the door. Dongfang Yunheng quickly came back to his senses the moment he saw Fang Xiao running. He used his hand to push away the woman who was still lying on his body and immediately wanted to chase after her.

"Yun Heng, " Gu Chenchen used her hand to grab Dongfang Yunheng's arm and shouted with a pained expression, "Yun Heng, I'm not feeling well and I want to throw up. Can you send me to the hospital first? "

"Not good. " Dongfang Yunheng quickly pulled away Gu Chenchen's arm and said in a slightly irritated tone, "Chenchen, we've already broken up. If you're not feeling well and want to throw up, you should go to the hospital yourself instead of looking for me. I'm not a doctor. "

“But I want to throw up because of you.” Gu Chenchen continued to hold on to Dongfang Yunheng’s arm. Then, she looked at Dongfang Yunheng with a pair of misty eyes and said with a choked voice, “Yun Heng, I’m pregnant!”

“Rumble.” Dongfang Yunheng only felt a few thunderclaps above his head, directly startling him on the spot.

Gu Chenchen was pregnant, and now she came to tell him this. It was the same as telling him that the child she was pregnant with was him, and this was something that he had never even dreamed of.

“You... How long have you been pregnant?” Dongfang Yunheng’s voice was trembling, and his entire body and heart were hanging in the air ...

“I don’t know.” Gu Chenchen looked at Dongfang Yunheng with tears in her eyes. Her voice trembled as she sobbed, “Yun Heng, I just tested it with a pregnancy test paper this morning. At that time, there were two red lines, so I knew that I was pregnant. But how long have I been pregnant? I guess I’ll have to go to the hospital to find out.”

Dongfang Yunheng looked at the woman in front of him and gritted his teeth slightly. Then, he nodded and said, “alright, I’ll send you to the hospital for a check-up now to see how long you’ve been pregnant.”

Chapter 1972: He remembered the incident

After Dongfang Yunheng said this, he immediately shook Gu Chenchen’s hand away. He quickly walked to the door and took out his phone. He had to call Fang Xiao and explain what had just happened to her.

Unfortunately, Fang Xiao’s phone was not picked up. He was a little annoyed and knew that Fang Xiao had misunderstood again. In fact, when Fang Xiao walked to the private seat, Gu Chenchen just happened to jump into his arms. He was pushing her with his hand, trying to push her away from his arms.

After a few phone calls, no one picked up. Dongfang Yunheng could only give up. In the end, he sent her a text message explaining what had just happened. At the same time, he told her not to go out in the afternoon. He would pick her up and take her to the Dongfang House at night.

After sending the text message, he turned back and Gu Chenchen had already caught up. Perhaps it was because of the pregnancy, Gu Chenchen’s face was pale. She looked like she was in the early stages of pregnancy, Pale, haggard, and powerless.

When Dongfang Yunheng sent Gu Chenchen to the hospital, he had two fantasies. One was that Gu Chenchen’s morning pregnancy test paper had a wrong reaction, or that her method of testing was wrong. In fact, she was not pregnant at all.

The other was that Gu Chenchen was really pregnant, but her pregnancy period was already very long, at least two months. In that case, her pregnancy had nothing to do with him at all.

Unfortunately, after arriving at the hospital, when Gu Chenchen finished her examination, the cold report ruthlessly destroyed Dongfang Yunheng’s fantasies.

First, Gu Chenchen was indeed pregnant. There was no doubt about that.

Secondly, after the ultrasound examination, Gu Chenchen's pregnancy cycle was six weeks. Dongfang Yunheng was a little happy at that time, but unfortunately, before he was done being happy, the doctor's words mercilessly shattered his little bit of luck.

The doctor said that the pregnancy period was calculated according to the last day of Menstruation, and a woman's ovulation period was about two weeks after her menstruation was clean. Now, Gu Chenchen's pregnancy period was six weeks, which meant that she was pregnant four weeks ago when she was in bed with a man.

Four weeks ago Dongfang Yunheng almost tripped and fell when he heard this. If he remembered correctly, the time between him and Gu Chenchen happened to be a month ago.

He and Gu Chenchen had been dating for five years, and he had never touched Gu Chenchen once. However, on that night a month ago, he slept in Gu Chenchen's bed.

Actually, that night was not a special day. It was just that Gu Chenchen had come back from a fashion show in Milan. At that time, he had promised to accompany her to Milan. Later, he found an excuse to decline.

When Gu Chenchen came back, she looked for him directly. At that time, he had wanted to part ways with Gu Chenchen, so he agreed to have a candlelit dinner with her to celebrate. At the same time, he also told her that he was going to break up with her.

That night, the atmosphere was very good. Gu Chenchen wore light yellow clothes, which made her look particularly delicate. The dishes she ordered were also very good. They were all dishes that he liked.

The atmosphere was indeed very good, and she was so considerate. After drinking two cups, she took the initiative to talk about the old things. In fact, it was the trivial matter of her coming to take care of him five years ago when he was seriously ill in the snowy world.

To be honest, he did not remember many things, but Gu Chenchen remembered everything so clearly, including the fact that his body was cold. She took off her clothes and squeezed into his bed to warm him up.

Dongfang Yunheng actually remembered this matter. At that time, his body was indeed cold and there was no warmth. He originally had a hot water bag, but Gu Chenchen actually broke the hot water bag, so in the end, there was no hot water bag to use.

Chapter 1973 was a huge joke

At that time, his body could not warm up no matter how hard he tried. Gu Chenchen finally took off her clothes and squeezed into his bed only wearing a cute and concealer. She took the initiative to warm him up by sticking close to his body.

Initially, he did not think too much about this matter. At that time, because of Fang Xiao's departure, his heart was already dead. Therefore, even if Gu Chenchen's body stuck to his body, perhaps it was because his body was cold and his heart was even colder.. Therefore, there was no reaction at all.

Actually, Gu Chenchen did not warm him up for long. It did not even seem like half an hour. His body actually did not warm up, but he was caught by Mrs. Gu who rushed over to visit him.

Thus, his relationship with Gu Chenchen became boyfriend and girlfriend just like that. At that time, he thought that since Fang Xiao did not want him anymore, it did not matter who his girlfriend was. Therefore, he accepted this logic.

After Fang Xiao ran out of the Yunxiao pavilion, she directly hailed a taxi.

She was lucky. Just as she ran out of the Yunxiao pavilion, a taxi happened to drive over, so she immediately ran forward, pulled open the front passenger door of the taxi, and quickly sat on it.

“Go to... Dongcheng Family’s apartment,” Fang Xiao hesitated for a moment and said a name near Lin Yile’s rented apartment. Lin Yile’s rented apartment was next to Ai family’s apartment, but the apartment she rented was unknown, so Fang Xiao only mentioned her famous neighbor.

Fang Xiao originally wanted to return to the apartment that she rented, but she changed her words as soon as she was about to say it, because it was very likely that Dongfang Yunheng would rush to her apartment and then explain himself.

She did not want to listen to anyone’s explanation, especially his. Dongfang Yunheng had taken her for a fool over and over again, and if she were to do it again, she was afraid that she would be a pig.

No, she was already a pig. People said that the first time she was fooled was ignorance and was worthy of forgiveness, but the second time she made the same mistake was stupidity.

As for her, she had been abandoned by Dongfang Yunheng when she returned from Paris last year. In the end, she could not resist his sweet temptation and fell for his trick. She was already stupid, and the stupid one was a pig.

Therefore, the current her would not trust Dongfang Yunheng no matter what, because she did not want to be a pig. As for Dongfang Yunheng and Gu Chenchen, they could do whatever they wanted.

Thinking of how he said that he would take her to the Dongfang family tonight, and thinking of how he and Gu Chenchen hugged at the heavenly cloud pavilion, she suddenly felt that today, she had hailed a taxi to go to the Heavenly Cloud pavilion. That was a big joke.

Yes, what did she, Fang Xiao, have. She had no family background, status, looks, reputation, and reputation. Moreover, she was a one-eyed man, a disabled person.

She had long known that such a woman would not be accepted by the Dongfang family. However, despite knowing the outcome, she still went to the heavenly cloud pavilion in a daze and waited for Dongfang Yunheng to give her a surprise.

She was indeed shocked, but how could she be happy?

Therefore, the current her could not give him any more chances, because giving him a chance was to let her be ruthlessly hurt by him again.

She was a human after all. Although her reputation was bad, although she was a second-hand woman, although she was a one-eyed man, she still had flesh and blood and feelings. How could she be hurt by the same person again and again?

Chapter 1974. Why is Du Caiwei here

Fang Xiao was so immersed in her own thoughts that she didn't even notice which direction the taxi was heading in. It wasn't until the taxi stopped that she came to her senses.

"How much is it?" She asked without raising her head. At the same time, she lowered her head to look for the change in her Satchel to pay for the taxi.

However, the taxi driver didn't answer. She took the change and raised her head. Only then did she realize that the taxi driver had stopped just now and was actually taking out his card. And outside the window, it was actually the entrance to the highway.

"Hey, why are you driving on the highway?" Fang Xiao was shocked and couldn't help but shout, "driver, didn't I tell you? I'm going to the AI family apartment in the east city. "

Unfortunately, the driver didn't seem to hear her. He stepped on the accelerator and the taxi finally sped forward like an Arrow leaving the bow. Fang Xiao saw the direction of g city in Binhai Lin city from the driver at the side road It wasn't in a town near Binhai city.

"driver, I'm going to the AI family apartment in the east city, " Fang Xiao repeated again, and then quickly shouted, "hurry up and get off at the exit in front. You're driving in the wrong direction. "

"Isn't the AI FAMILY APARTMENT IN DONGCHENG IN CITY G?" The taxi driver finally spoke, but he didn't even look at Fang Xiao's direction, as if he couldn't be bothered with her.

"I'm talking about the AI family apartment in Dongcheng in Binhai. " Fang Xiao was really anxious this time She hurriedly said to the driver, "can you please get off at the intersection in front? I'll pay for this section of the highway so that you don't have to pay in vain. "

But the driver was like a deaf person, turning a deaf ear to her words. The car drove very fast, and there was an exit in front. Fang Xiao pointed at the exit and asked him to drive in that direction, but the driver didn't seem to see the exit and continued to drive forward.

After passing through two exits in a row, Fang Xiao shouted for him to get off the highway. Unfortunately, the driver ignored her words and continued driving rapidly.

Fang Xiao finally understood that the taxi driver was doing it on purpose. He had just answered her question, so he could not be deaf. Moreover, he could drive, so he could not be blind. Moreover.. Even a one-eyed person like her could see the entrance and exit of the highway. It was impossible that he could not see it.

No matter how stupid Fang Xiao was, she knew that she might have been schemed against by someone. However, she was now penniless. Who would schemed against her?

“Who exactly are you?” Fang Xiao turned her head to look at the driver wearing wide-brimmed sunglasses and asked, “why did you send me to city g? Do I have a grudge against you?”

“It doesn’t matter who he is. He’s just responsible for driving,” a deep and slightly familiar female voice came from the back seat. There was a hint of pride in that voice.

Fang Xiao immediately turned her head and realized that there was a woman sitting in the back seat. This woman was dressed in an old-fashioned way. She wore a white wig and an old man’s clothes. She wore a pair of reading glasses on her face. With a glance, Fang Xiao could tell that she was an old woman. You really thought she was an old woman.

However, Fang Xiao recognized her at a glance from her voice and the shape of her face. This woman was none other than the woman who had fought with her last year. It was the woman who had asked for her corneas last year, Du Caiwei.

Why was Du Caiwei here? What did she mean by dressing like this? She believed that she had nothing to do with Du Caiwei anymore, but why did this woman still pester her?

Chapter 1975, what do you mean

“What do you mean?” Fang Xiao finally understood. It turned out that it was Du Caiwei who was playing tricks. The driver might have been hired by Du Caiwei, or he might have been controlled by Du Caiwei.

Du Caiwei had never heard Fang Xiao’s words before. She leaned against the back seat and closed her eyes slightly, as if she and Fang Xiao had never met before. At this moment, the two of them were just sharing a car.

Fang Xiao was really anxious, so she wanted to flip to the back seat. Unfortunately, this taxi was different from ordinary taxis. The front and back seats were welded with stainless steel windows, so she could not flip over.

It was not unusual for a taxi to have a windowsill welded in the middle, because it was easy to get into trouble when a taxi was picking up passengers in the early hours of the morning. Therefore, many taxis now required men to sit in the back seat when picking up passengers in the early hours of the night, for the safety of the taxi driver.

Fang Xiao could not flip to the back seat, and Du Caiwei, who was sitting in the back seat, did not answer her. Therefore, she hoped that there would be a traffic jam in front, and it would be best if it was so jammed that she could not move. That way, she could push the door open and get out of the car.

However, her thoughts did not exist at all. It was noon. Perhaps there were fewer people going out, so there were very few cars on the highway at this time, so the taxi was unimpeded. It had been traveling at a speed of more than 100 yards.

Fang Xiao was completely dumbfounded. She also knew that this time, Du Caiwei must have planned it. However, she did not know why Du Caiwei had schemed against her, and she did not have the mood to care about it.

She only wanted to escape from the taxi and Du Caiwei, so she quickly took out her cell phone to call the police. At this moment, the only thing she could think of was the police.

However, just as she took out her cell phone, the taxi's big hand quickly reached out and snatched the cell phone from her hand. Then, it rolled down the car window and directly threw her cell phone far away from the window.

Fang Xiao was immediately dumbfounded. The only tool to call for help had been thrown away. Now, she could only rely on herself and herself.

At the current speed, Fang Xiao naturally did not dare to open the car door and get out of the car, because the consequence of opening the car door and jumping out of the car would definitely be death on the spot. Even if she was lucky enough not to die, there would still be serious sequelae. Losing a leg or an arm would be light. It was completely possible to be half-paralyzed or completely paralyzed, or even become a vegetable.

Of course, she could not bear such consequences because she still had a younger brother to take care of. She already lost an eye. Now, she could not let anything happen to herself, so it was very important to protect her body.

Therefore, she could only take things as they came. Seeing that the driver kept driving forward and Du Caiwei ignored her, she did not waste any more words. She wanted to see what Du Caiwei wanted to do to her.

The sisters who used to be like brothers had long become enemies because of Qiu Yitang last year. Now, there was no enmity between her and Du Caiwei, but they had completely become strangers.

She just could not understand. She had no relationship with Qiu Yitang at all. Why did Du Caiwei come to find her? It was rare to see that there was another hatred between her and Du Caiwei besides Qiu Yitang?

Fang Xiao could not understand. Of course, Du Caiwei did not intend to tell her, so the final result was, of course, that she was successfully driven to city G.

Fang Xiao thought that the taxi driver would get off at a certain exit of city G. However, to her surprise, the taxi continued to drive forward. It just took a turn on the highway and then drove towards the north of Guangdong.

Chapter 1976. She was really a late-comer

Fang Xiao was even more confused. According to what she knew, that place in the north of Guangdong seemed to be at the border of Hunan Province. Could it be that this driver was going to take her out of the province?

No, to be more precise, Du Caiwei was going to take her out of the province. Then why was Du Caiwei taking her out of the province?

Only then did Fang Xiao really get nervous. She had a faint bad premonition in her heart. Du Caiwei was going to torture her to death. Moreover, she was going to send her out of the province to be tortured to death. If that was the case, wouldn't nobody find out?

Looking at her disguised appearance and sitting in the back of the taxi, even the surveillance cameras on the highway would find it difficult to capture her.

Moreover, even if the taxi caught her when it turned a corner, who would know that this woman was Du Caiwei? Wasn't she an old lady in her sixties or seventies?

Fang Xiao could not help but sigh to herself. If she had known that her luck was so bad, she would not have run out of the heavenly cloud pavilion. At worst, she would just be a shrew and directly blame Fang Yun Heng and Gu Chenchen in the heavenly cloud pavilion. Then, she would argue with them Why did they join forces to deceive her?

Join Forces Her heart trembled. Today's situation was too strange, and it was so strange that it was frightening.

She ran out of the Heavenly Cloud pavilion and the taxi drove over, and Du Caiwei happened to sit in the back seat. This meant that... ..

She was really slow to realize it. This was obviously pre-arranged. Dongfang Yunheng called her to go to the Heavenly Cloud pavilion, and then performed the scene of love with Gu Chenchen in front of her to drive her away, while she ran out of the Heavenly Cloud pavilion.. Then, this taxi drove over. ...

However, was it Dongfang Yunheng, Gu Chenchen, and Du Caiwei who joined forces, or was it only Gu Chenchen and du Caiwei who joined forces? On this point, she was somewhat at a loss.

She believed that no matter what, Dongfang Yunheng would at least not join forces with a woman like Du Caiwei, and it was to mess with her.

After all, Dongfang Yunheng's power could easily crush her, so there was no need to join forces with others.

Since Dongfang Yunheng had been eliminated, the only two women left were Gu Chenchen and du Caiwei. However, she did not understand. If the two of them joined forces, would they benefit both sides?

Gu Chenchen must have driven her away because he felt that she was estranged from Dongfang Yunheng.

But what about Du Caiwei? What could she gain by making a move on her? Wasn't du Caiwei in love with Qiu Yitang? Could it be that she was a threat to Qiu Yitang?

Fang Xiao could not figure out the purpose of Du Caiwei and Gu Chenchen joining forces. However, since she had already fallen into Du Caiwei's hands, it was pointless to think about it. This was because Du Caiwei, this woman, would definitely not let her go just like that.

Of course not, because she had already transported her to northern Guangdong. In other words, if she did not stop moving forward, then she would very likely take her out of the province.

Just as Fang Xiao was wondering where Du Caiwei would eventually take her, the car finally stopped driving on the highway. Instead, it got off the highway at the last town in northern Guangdong.

Fang Xiao was not familiar with this town because she had never been here before. Moreover, Du Caiwei did not seem to like talking to her, and she was too lazy to pay attention to her along the way.

In the end, the taxi drove on the provincial road for nearly two hours before entering the mountain road. By then, it was already dark. Fang Xiao's sense of direction was not strong to begin with. In addition, there were no street lights on the mountain road outside, so she did not know where the car had reached and where was it heading to.

Chapter 1977 this child came at a bad time

So, in the end, she couldn't hold it in. She couldn't help but ask, "Miss Du, where are you taking me? Don't tell me you think that I'm unnecessary in this world, so you want to take me to the wilderness to dispose of my body?"

"Dispose of my body? That's a good idea," Du Caiwei snorted and continued. In the back row, she said lazily, "Fang Xiao, are you tired of living? You can even think of a way to dispose of a body. In this way, you're better than me in this aspect. I originally only wanted to dismember you into pieces."

"Dismember you into pieces?" Fang Xiao's heart immediately skipped a beat. However, she still asked without batting an eyelid, "Miss Du, in your heart, am I already the person you hate so deeply? If I remember correctly, your eyes seem to still use my corneas, right?"

"So what?" Du Caiwei said without caring at all. She snorted coldly and said, "This is the will of heaven. A woman like you is born to give for me. So what if you lost an eye? Isn't there still an eye? What I want is for YOU TO BE BLIND!"

Dongfang Yunheng brought Gu Chenchen to the hospital for a check-up. He knew that she was six weeks pregnant. It seemed to be the same as when he climbed into her bed four weeks ago. Therefore, in Gu Chenchen's opinion, this child was naturally his.

However, Dongfang Yunheng was not sure that this child was his because he did accompany Gu Chenchen to drink some wine that night a month ago. In the end, he did sleep on Gu Chenchen's bed, but how exactly did he sleep on it.. He could no longer remember clearly.

The only thing he remembered was that he had drunk with Gu Chenchen. In the end, he seemed to have gotten drunk. However, at that time, he had also said that he wanted to go home, but in the end, he did not go home. He really could not remember.

The only thing he remembered was that he woke up the next morning. His own people were on the bed, and when he opened his eyes, it was an unfamiliar room. Beside him was the naked Gu Chenchen.

At that time, Gu Chenchen had a shy face, but he was at a loss. This was because he actually had no memory of last night. The messy bed and the traces on the bedsheets fully showed what kind of romance the bed had experienced last night.

There were traces of sex on the bedsheets and the redness of his daughter's first night. Under his gaze, Gu Chenchen gently woke up and then gently scolded him for being too fierce last night.

At that time, there were deep hickeys on Gu Chenchen's body, which fully showed that he was extremely powerful last night. This did not make him feel proud, but instead, it made her feel extremely terrified.

He was a jerk. Perhaps he was really too confused. In short, he did not say sorry to Gu Chenchen, nor did he promise her anything. He did not even say that he was responsible for her.

He left just like that, treating that night as if it had never happened. Later, he arranged for Fang Xiao to meet his parents. He also told Gu Chenchen that he was going to break up with her. He did not even consider the impact that night would have on Gu Chenchen.

However, this time, Gu Chenchen was pregnant. He originally thought that if the pregnancy was not right, it would not be his. Moreover, the pregnancy was so accurate. Therefore, it seemed a little unmanly for him to say that it was not his.

Therefore, after she and Gu Chenchen left the examination room, she said to Gu Chenchen indifferently, "Chenchen, this child really came at a bad time. Look, we've already broken up. Therefore, this child has no meaning to me at all. I think that if outsiders don't know, you should just quietly do this child in this hospital. "

Chapter 1978: Who would have thought

Gu Chenchen could not believe her ears. Dongfang Yunheng knew that she was pregnant, and that it was his child. He was not excited at all. At the same time, he was not excited and happy. He even asked her to abort the child.

But why should she abort it This was a child that she had tried so hard to get pregnant with. If she abort it just like that, what would she use as a bargaining chip to marry into the Dongfang family?

Therefore, after hearing Dongfang Yunheng's words, her eyes immediately became misty with tears. However, she tried her best to hold back her tears, but no matter how hard she tried, she could not. Therefore, her tears eventually burst out of her eyes. Her face was full of rolling tears.

"Yun Heng, I will not abort this child. " Gu Chenchen's voice sounded very painful, painful, and strong. "You can not have the child. I can raise it by myself because this is the crystallization of our love. It is impossible for me to... "

"I have never loved you. " Dongfang Yunheng quickly cut off Gu Chenchen's words. Then, he said somewhat irritably, "the so-called love is when both parties love each other, but if I don't love you, how can you have love? "

"But I love you, " Gu Chenchen finally could not help but shout. She looked at Dongfang Yunheng and cried with tears all over her face, "Yun Heng, I love you so much that I have lost myself. Can't you feel this? "

“I can feel your strong possessiveness and boundless vanity,” Dongfang Yunheng replied faintly. Then, he smiled and said, “as for the love you said to me, I think that it should not be true love, because true love does not need to be calculated, and the two of us have been scheming against me from the beginning.”

Dongfang Yunheng paused for a moment. Then, he looked at Gu Chenchen and said, “Fang Xiao, five years ago, I was indeed sick in New Jersey, and I was very sick. But even so, my mind wasn’t muddled. You climbed onto my bed, took off your clothes, and helped me warm up. Then, your mother knocked on the door.”

Yun Heng couldn’t help but laugh when he said this. However, his smile was obviously filled with mockery. “Chenchen, anyone with a brain can understand how clumsy this act is. Do you think I really couldn’t see through it? At that time, I was just disheartened. I thought that since Fang Xiao doesn’t want me anymore, it would be the same no matter which woman I fall in love with. Since you mother and son think so highly of me, then I’ll go along with your wishes.”

When Dongfang Yunheng said this, his face darkened. Then, he said coldly, “originally, this matter had already passed for five years. Originally, I wanted to completely erase the ugliness of that scene and then wait for another three to five years. If I really can’t find anyone in this life to move my heart again, then I can forget about marrying you like this. In this life, I can only sigh at my fate. To fall into the hands of a scheming woman like you, I probably offended God in my previous life.”

“But who would have thought, who would have thought, that I would meet Fang Xiao again?” Dongfang Yunheng said here and could not help but laugh, but this time, the smile was even more sarcastic. “Chen Chen, I don’t think you and your mother would have thought that Fang Xiao would meet your mother so many times, and even tell her what happened that year. This also exposes the ugly faces of you and your mother... “. . .”

“What ugly face?” Gu Chenchen immediately interrupted Dongfang Yunheng’s words and refuted, “I don’t know what my mother did back then, but I really feel sorry for you from the bottom of my heart. Moreover, I didn’t ask you to fall in love with me. I just... “... “

Chapter 1979-a normal person

“you merely crawled onto my bed,” Dongfang Yunheng coldly interrupted Gu Chenchen, then his face darkened. Then, a cold voice jumped out from his thin lips. “So, Miss Gu, whether it was five years ago or five years later, it was you who crawled onto my bed, not me who took the initiative to ask for you.”

Dongfang Yunheng paused again when he said this, and a pair of cold eyes fell on Gu Chenchen’s face. Then, his cold voice came out of his mouth again. “So, Miss Gu Chenchen, you’re pregnant now. You brought this upon yourself. Don’t use such a child to blackmail me. If you’re really that great, you should find a place to quietly give birth to the child. Don’t let me know for the rest of your life. This may prove your love for me, but — “

Dongfang Yunheng snorted again when he said this. He looked coldly at Gu Chenchen, whose face was as pale as a piece of paper. “But Miss Gu Chenchen, you didn’t do this. You rushed to find me the moment

you found out that you were pregnant. Everyone knows what your motive is. Do you think I, Dongfang Yunheng, am a fool? “

“So, put away your grand theory of love. Don’t tell me how much you love me here, because that will only make me feel even more disgusted with you. Perhaps if you quietly dispose of this child, I will look up to you even more. “

At this point, Dongfang Yunheng stopped and looked at Gu Chenchen, whose face was as pale as a sheet of paper. Gu Chenchen, whose face was still dripping with tears, said, “Miss Gu, before this, I have always given you face because I thought that it was indeed not easy for you to disguise yourself these past few years. But today, you came to me on your own. This is called giving face but not wanting it, so don’t blame me for being heartless. “

“As for the child in your stomach, of course, I don’t know if it’s mine or not because it’s not important. Even if it’s mine, I won’t want it. Even if you gave birth to it and did a DNA test to prove that it’s mine, I still won’t want it because I didn’t do it willingly that night. I was raped by you. “

“I think no matter if it’s a man or a woman, as long as it’s a normal person, they won’t want the product of rape! “

After Dongfang Yunheng said this, he didn’t even look at the woman who was shivering in the wind. He immediately turned around and walked out of the door. Gu Chenchen’s pregnancy really disgusted him.

He quickly got into the car and headed towards the direction of the dormitory. He was certain that Fang Xiao would not be able to walk far after getting angry. At most, she would just return to the dormitory and sleep under the blanket.

However, when he rushed to Fang Xiao’s dormitory, he found that the door was locked tightly. He used the key he secretly made to open the door and enter, but he found that the room was empty. There was no sign of Fang Xiao at all.

Could it be that she had not returned? This was unlikely. He had taken Gu Chenchen to the hospital for a long time. Even if Fang Xiao had taken the bus, she should have been back for a long time, right?

Could she have gone to her brother Fang Chen’s school? He thought so again, so he took out his phone to call her. However, this time, the phone was turned off.

It seemed that she was really angry, and even her phone was turned off. So he drove the car again and quickly drove toward Fang Chen’s special school, only thinking of catching her there.

Chapter 1980 was kidnapped

However, when he arrived at the special school, he found out that Fang Xiao had never been here. Fang Chen asked him in confusion, “is my sister missing? “

He quickly comforted Fang Chen, “it’s nothing. She was just angry with me, so her phone was switched off. I mistook her for coming to your place. I guess she’s working overtime now. “

Fang Chen smiled at his explanation. When they parted ways, he even said to him, "you're better than my previous brother-in-law. Can you be my brother-in-law from now on? "

He was immediately overjoyed. He grabbed Fang Chen's hand and said, "of course, I want to be your brother-in-law. From now on, your sister and I will take care of you together. From now on, we will be a family. "

"A family?" Fang Chen finally smiled. He looked at Dongfang Yunheng and the smile on his face was so bright. "Chen Chen finally has a home. Having A brother-in-law means having a home. "

Fang Xiao was controlled by Du Caiwei to sit in the taxi. The taxi quickly went up the mountain road. After driving for about half an hour on the mountain road, it finally stopped.

Because it was on the mountain, it was pitch black and nothing could be seen. Moreover, Fang Xiao only had one eye, so her vision was even narrower. Therefore, it was even more inconvenient to walk.

Du Caiwei, this woman, had always been pampered and spoiled. In fact, she couldn't really walk on the mountain road, so she kept wrestling along the way. She even complained about the driver who was leading the way. Why did he always lead the way? Did he want someone to walk?

The driver was finally annoyed by Du Caiwei He could not help but reply, "Miss Du, didn't you ask me to find a place with a dangerous terrain Now I'm looking for a place with a dangerous terrain If we want the road to be easy to walk, why don't we just randomly find a hotel in the town at the foot of the mountain But then what use is there for you to kidnap a hostage?"

Du Caiwei immediately fell silent when she was told by the driver. Only then did she remember that her purpose of coming here was not to tour the mountains and rivers, but to be a kidnapper. She was just a female kidnapper.

When she thought of herself being a female kidnapper, Du Caiwei was inexplicably excited. She suddenly felt that she was very impressive. She had the heroic spirit of a female kidnapper from a movie!

Of course, Fang Xiao did not know about Du Caiwei's excitement at this moment. She only knew that this mountain road was indeed very difficult to walk on, and she did not know why du Caiwei brought her to the mountain Could it be that she was really going to blind her other eye?

Fang Xiao did not know how long she had walked on this mountain road. Because she did not have a watch, and her phone had been thrown away by Du Caiwei, she could not do anything other than being pulled up by the driver.

Of course, it was impossible to resist. Not to mention that the driver had tied her hand, she could not resist. Even if the driver did not tie her hand, she would not be able to resist this burly driver.

Moreover, in this wilderness, it was better to have a companion than to walk alone. She always felt that there was a large Mengshou in this place. She even heard the voice of an animal that she had never heard before.

"What is that sound?" Fang Xiao heard the voice of another animal. This sound was somewhat similar to the voice of an animal in the zoo, so she could not help but ask.

“This is a wolf.” The driver laughed when he said this. He looked at the two women in front of him and said, “you usually treat us men as wolves. Now, let me show you what a real wolf is. “
