

## **Divorce 1981**

chapter 1981

The house was on fire when

Shang Qian opened his mouth, it was always beyond her expectations.

So, she softened her heart and hugged him again.

After Meng Xue finished changing her clothes, she came out and looked at the two people who were hugging sticky.

Immediately, Meng Xue and his assistant in the room were petrified.

Does it have to be so tortured?

Meng Xue regretted saying that those things were in the past, it was really unnecessary.

She can't wait to start all over again.

"Do you still know this is my wedding?"

she couldn't help asking.

Su Nan and Shang Qian separated and smiled.

"I know, it's not that I've never been married."

After she finished speaking, she dragged Shang Qian out.

Shang Qian didn't change his face, nodded and followed.

Meng Xue pursed her lips and stared, hearing that Shang Qian was decisive and ruthless in the capital world, never showing mercy, just like a tool person without emotion.

But it's not right. The man who was holding Su Nan coquettishly was the same person as the legend?

Incredible!

"Miss Meng, it's almost time, we should pass..."

the assistant behind urged.

Meng Xue nodded, and quickly turned her attention to herself, letting the person behind her walk over gracefully with her skirt in hand.

When the music sounded, everyone was still congratulating the Cheng and Meng families on their happy event.

Although there are speculations on the inside, everyone's face on the surface is in place.

Meng's father and Meng's mother greeted the guests with high spirits, and had a very good relationship with the Cheng family.

When the two people from the Li family came, they just said hello indifferently and went to their seats to sit down.

The identity is embarrassing, but they are all people on the scene. No matter how embarrassed they are, they have to bite the bullet and come over to congratulate, otherwise the rumors of the three families' discord come out and everyone will suffer.

Only Su Qi and Su Nan came over from the Su family.

Su Qi and Ningzhi went elsewhere in a blink of an eye.

Su Nan and Shang Qian were joking together, and the atmosphere was so good that no one else could blend in.

After a while, someone came over and whispered a few words at Su Nan.

Su Nan paused, looked up, and saw Cheng Yi winked.

She sighed and nodded.

Shang Qian raised his eyebrows, "What's wrong?"

Su Nan said in a low voice, "Cheng Ershao asked me to help stop some people, and don't let people who the bride don't like go over and make trouble."

She said and stood up.

Shang Qian frowned, "Who?"

"Her sister."

Su Nan said, and went directly to the door.

Meng Shuang appeared here in a beautiful dress and was entangled with Meng Xue's mother Liu Min.

The smile on Liu Min's face obviously couldn't hold back, and he couldn't even pretend to be angry.

Although Meng Shuang is not very popular, she is also a person who is often on hot searches. Her appearance has attracted the attention of many people.

Su Nan smiled and walked over.

He heard Meng Shuang explaining to Liu Min:

"I'll just say a word to my sister and leave, she doesn't answer my call, I just want to congratulate her personally, after all my sisters have been so many years... "

Seeing that the bride is about to appear, and now the quarrel starts, the scene will be extremely ugly.

But Meng Shuang didn't wink so much.

Su Nan stretched out her hand to hold Meng Shuang's arm and smiled:

"Whether you are here to congratulate or to add to the block, you know what you should be here."

Meng Shuang's face stiffened, she did not expect Su Nan will come.

Liu Min let out a long sigh of relief.

"Miss Su, thank you very much."

"You're welcome, auntie, go and entertain the guests. Leave it to me here."

Su Nan smiled, unable to pick out any flaws in her attitude.

As soon as Liu Min left, Meng Shuang couldn't say so many high-sounding words.

She can make others speechless, but she doesn't dare to deal with Su Nan like this.

Huaying Entertainment is the property of Su Nan's family, and she can make it impossible for her to get along.

Still somewhat apprehensive.

Su Nan looked gentle and approachable on the surface, but at this time she smiled at Meng Shuang, but when there was no trace of a friendly smile in her eyes, Meng Shuang felt a little threatened.

She paused and took a deep breath:

"Miss Su, what do you mean?"

Su Nan released her hand and looked at her with a smile:

"I don't care whether you like Li Suizhou or out of jealousy and don't want to make your sister happy. But today, it's my best friend getting married .

If Cheng Ershao's wedding is ruined by your fly shit, I will never let you go."

She said the harshest words with the softest smile.

Cheng Yi asked Su Nan to stop people, which was the most correct.

He knew Su Nan's influence in this circle.

A small shrimp like Meng Shuang would not dare to be tough with her.

Meng Shuang's face changed a bit, and she took a deep breath.

She took out a gift box from her bag and handed it over:

"Since my sister doesn't want to see me, forget it. It's a little bit of my heart. I'll ask Miss Su to pass it on for me."

Su Nan took it over: "Sure."

Meng Shuang looked After taking a few glances at the entrance, he didn't stop, turned around and put on his sunglasses and left.

She has been a little difficult in the circle during this time. Li Suizhou has not matched her since her divorce. Everyone thought that her backer had given up on her.

At this time, Li Suizhou had already gone abroad and could not be contacted.

She bought a hot search for herself several times, but the response was mediocre, and it even aroused everyone's disgust.

She was not willing to succumb to those greasy old men, so she wanted to find some face from her family.

But after the confrontation with Meng Xue, the Meng family even Meng Qijun stopped answering her calls.

Without her sister who loves her the most, she is really struggling.

However, Meng Xue could marry Cheng Yi in her second marriage, but it was really unfair that she ran into obstacles everywhere.

...

Su Nan was relieved after watching her leave.

Suizhou handed her gift to the waitress who was sorting the gifts.

"Put it with the other gifts."

"Yes."

Su Nan turned around and was about to go back, when a waiter suddenly ran over and said in a low voice,

"Miss Su, Film Emperor Su said that Su's house was on fire, so please go back quickly. ."

Su Nan stiffened and turned his head in shock.

She panicked for a moment.

Talking about the children and Su Yifeng at home, if there is a fire, will they have an accident?

Just as she was about to run out, she suddenly remembered something, and glanced at him vigilantly:

"What my brother said? He should have called me. I'll go to my husband first." She

wouldn't easily believe a stranger's words.

Su Nan has a long memory.

Just before entering, the waiter continued to speak, nervous to death:

"Miss Su, it's urgent, Su Yingdi's car is waiting for you outside, and Miss Ning is also there. We will inform President Shang for you."

Indeed, just now Su Qi After turning around, the person disappeared.

Ning Zhi is not there.

Did she hear about the accident?

Her cell phone has been muted for fear of affecting the wedding.

Maybe she didn't hear it, and Su Qi couldn't find her, so she asked the waiter to come to her.

And as soon as she heard that Ning Zhi was there and the waiter said everything, she relaxed half of her vigilance.

At this time, the music started, the lights dimmed, and the bride had slowly entered the venue.

chapter 1982

He is afraid

that if you rush in now, it will definitely become the focus and steal the limelight.

Her dress had no pockets, and her mobile phone was with Shang Qian.

Su Nan gritted his teeth secretly, unable to bear the confusion in his heart, and immediately glanced at the other waitress:

"Please let me in and tell Shang Qian." The

waitress nodded quickly.

Su Nan gritted her teeth and ran out with her skirt in hand.

Push open the door of the hotel.

The car not far away really belonged to Su Qi, she ran over without hesitation.

Just opened the rear door.

Instead of seeing the expected Su Qi and Ningzhi, it was the man who wanted to tease her that day they met on the golf course.

Grinding?

The man glanced at her in amazement, and shook his head with a smile:

"Miss Su, please meet me, it's really hard!"

Su Nan suddenly felt relieved knowing that he had been deceived.

At least, Su Yifeng said that the children are all right.

She lowered her eyes slightly, took a step back, and looked around, but there were no bodyguards around.

"Since you know that I don't want to see you, then you should consciously get away."

Su Nan turned around and was about to run back.

However, Li Li sneered, clapped his hands, and suddenly revealed the person in the co-pilot behind him.

Ning Zhi learned that his mouth was tangled with tape and was controlled there. He looked at Su Nan anxiously with red eyes, and wanted to say something.

Su Nan's heart sank fiercely, and his eyes looked at the man coldly.

"How dare you do it on my site?" It

was her who moved!

Li Li looked at Su Nan with a smile, and said slowly,

"I've seen Miss Su's temper before, she injured me and was admitted to the hospital at the first meeting. For the sake of beauty, it's okay to be a little temperamental. I

should have come over earlier to talk to you, but unfortunately someone kept me from investigating your identity, which delayed a bit of time.

But it's not too late, I know it now. "

It's even more interesting after knowing that.

It's just that, he didn't say it.

Li Li looked at her with a smile, and there was a bit of gloom in his eyes:

"Please get in the car, I'll take you to dinner?"

He acted like he just wanted to find an interesting prey.

Su Nan looked at him coldly, thinking about how long it would take for Chang Li and Shang Qian to come.

But in the next second, Lili's smile suddenly converged.

He looked at her gloomily, and evoked a wicked smile:

"Miss Su, if a friend is not enough weight, then add another one?"

He said, and pressed the key in his hand, the trunk automatically Open.

In the next second, Su Nan saw that Su Qi was tied there by Wu Hua Da, struggling hard, but in vain...

She was furious.

His eyes looked at Zheli indifferently.

"What do you want to do?"

Li Li smiled, gentle on the surface, but actually threatening:

"It's just a meal, Miss Su won't dare?"

Su Nan's body was stiff, and she could feel the blood all over her body starting to coagulate.

A cold air rose from the soles of his feet, and there was no way to fight back.

He was just sitting lightly in the car, someone who could threaten her.

Seems like nothing is impossible.

Su Qi and Ning knew.

She couldn't just turn around and run away.

Otherwise, with the character of killing people without blinking an eye, and treating human life as a child's play, they will not care about these two lives.

She suppressed the chill in her heart, took a deep breath, and took a step forward.

Ahead is the abyss.

But she didn't have a chance to step back...

But the next second, a big hand behind her suddenly grabbed her wrist.

Hold her firmly behind you.

Her face changed, and she looked sideways in shock.

It was Shang Qian who was supposed to be at the banquet.

Shang Qian's brows were indifferent, but he didn't smile. Looking at the car, his aura did not diminish at all:

"It's been a long time, it's not polite to invite my wife to dinner without my consent, isn't it?"

"The moment Li saw Shang Qian, his face suddenly became a little fearful.

The corners of his mouth twitched without a smile, and he looked at Shang Qian:

"President Shang, who I thought it was, it's been a long time since I hadn't seen him. I'll have to talk about cooperation next time!"

Shang Qian looked indifferent. There was a bit of sharpness hidden in his eyes:

"Cooperation will be avoided, and we will have to take a detour here in the future."

His tone was loose, without the slightest fear, and even with a bit of warning.

He took a deep breath, his eyes narrowed a little.

Shang Qian lifted his eyelids slightly, looked at him, his voice was extremely indifferent:

"If you haven't come down yet, wait for my people to ask you to come down?"

Gritting his teeth, he glanced at Su Nan unwillingly.

Still bend over to get out of the car.

When he got out of the car, the two men who were hiding behind also followed.

Su Nan's shocked expression changed.

She didn't even see anyone behind her just now.

Hidden so well.

I can't imagine that if she really got into the car, then she wouldn't even have a chance to escape.

Li Li stood there, looked at Shang Qian and sneered:

"Mr. Shang, it's going to be a long time coming, you have to be careful."

His eyes fell on Su Nan, he chuckled lightly, looked at him unscrupulously, and then With people swaggering away.

Su Nan breathed a sigh of relief behind him.

I was really nervous just now.

She hurriedly ran over to untie the rope and tape on Ningzhi's body.

Although Ning Zhi was embarrassed, he still didn't lose his mind:

"And the third brother..."

When Su Nan looked up, Shang Qian had already tied Su Qisong.

As soon as Su Qi was free, he ran over and hugged Ning Zhi and burst into tears.

Really cry.

Ning Zhi was also confused. The originally very difficult scene, the tears in his eyes were suddenly held back.

She could only look at Su Nan, then patted Su Qi on the shoulder to comfort him.

Su Nan frowned, Su Qi was too fragile!

It's really a delicate flower in the greenhouse, it can't stand the wind and rain!

If Su Yifeng saw this, he would have to faint!

Shang Qian walked behind Su Nan and asked her in a low voice,

"Are you alright?"

Su Nan nodded. Although his heart was relieved, the good mood of attending the wedding was ruined.

She didn't expect that Lili would take the initiative to come to the door. What purpose could she find?

The two watched for a while, but Su Qi didn't mean to stop.

Shang Qian couldn't help suggesting:

"Would you like to send the third brother to the hospital?"

Su Nan: "He doesn't seem to be injured."

Shang Qian: "I'm frightened, go to the psychologist."

Su Nan: "..."

Ningzhi raised his head and waved his hand in embarrassment:

"No need, I'll take him back to rest for a while."

Su Nan nodded, just when the bodyguards and the others were coming, they were sent back.

Shang Qian held her hand beside him, very tight, probably a little nervous.

Although it seemed that he had the upper hand just now, it did not mean that he would not be uneasy.

"Zhenli, why do you seem to be afraid of you?"

Su Nan asked.

chapter 1983

Don't touch her

Shang Qian glanced at her and smiled:

"This person is treacherous and can do anything, he is not afraid, but he has not figured out what I am here. How much power there is.

If he knows that I am inferior to him, he will definitely fight back, does the hyena know?"

Su Nan nodded.

Shang Qian's eyes darkened a bit: "He is."

Su Nan was silent for a while, not making a sound.

For a while.

Shang Qian thought she was frightened, so he stretched out his hand to hug her and patted her on the shoulder:

"It's okay, it's normal to be afraid. He can't touch your head when I'm here."

Su Nan paused. After a second, he slowly said:

"But he put his brains on his family, and he told me that Su's house was on fire. I couldn't worry about my father and talking about it and ran out, but the third brother and Zhi were caught by him. I got caught..."

Next time, I don't know who it will be?"

Su Nan didn't know what to do if the people around her were implicated.

She can't take good care of everyone.

But very guilty.

Shang Qian was silent, his eyes fell behind her, and there was no one in the direction:

“Then drive him out, he won’t be able to reach here.”

His voice was cold, as if speaking to her, It seems not.

Su Nan’s heart felt like a boulder had been smashed, and ripples appeared.

For some reason, she relied on Shang Qian more than ever.

Before she knew it, her heart also changed quietly.

For a while.

Only then did Su Nan look up at him:

“How did you know I came out?”

Shang Qian smiled, “Do you believe in intuition?”

“Believe.”

Su Nan also rolled his eyes, Shang Qian touched her head and sighed He sighed:

“You can’t miss the important moment of the second young master, but when you weren’t there, I felt something was wrong. When I ran out, the waiter at the door told me that Su’s house was on fire, and I realized that something was wrong.

” It is so.

Still heartfelt.

If he hadn’t been so vigilant, Su Nan would have been taken away by Lu Li by now.

The two returned to the hotel, greeted the waiter over there, and went straight home.

There is really no mood to continue to stay.

Fu Group.

Chen Mian is dealing with the progress of cooperation with the Su Group.

Fu Yechuan sat on the side smoking a cigarette, his eyebrows indifferent and alienated.

Soon.

He pushed open the door and entered.

“Brother-in-law, the beautiful woman I saw last time was Shang Qian’s woman, why don’t I take her to South Africa, let alone an arms base, I have as many bases as I want!” The

office was dead silent.

Chen Mian’s face darkened, and he looked at Fu Yechuan subconsciously.

Fu Yechuan's face was extremely indifferent, and the center of his eyebrows was as cold as ice at that moment.

He raised his eyes and looked at him coldly:

"Who did you see?"

"The woman who hit me on the golf course, don't think I don't know, you deliberately stopped me from finding her, so she is your ex-wife, it's so beautiful!"

Li Li recklessly recalled that The aura of a woman's appearance, the more she thinks about it, the more she can't bear it.

Fu Yechuan looked at him with icy eyes:

"You'd better not touch her."

Li Li shook his head and smiled grimly:

"My sister has your child, do you still think about that woman?"

Pretty is pretty, but she has a bad temper. Besides, she is Shang Qian's weakness, if you catch her..."

Fu Yechuan threw the cigarette in his hand on the table in front of him, his voice harsh:

"I Say it, don't touch her!"

Seeing that Fu Yechuan was really angry, he squinted his eyes, and then smiled:

"Okay, don't move, don't move, I didn't expect you to be a person who loves fragrance and treasures jade?"

He The topic changed:

"If that's the case, when will you take my sister over?"

It's not a problem for their orphans and widows to live abroad. I think it's better as soon as possible, otherwise the children won't know their father."

Fu Yechuan frowned coldly. did not speak.

It was Chen Mian who thought about it and said,

"The last expulsion situation was an order from the public security system. Besides, Miss An Qi's identity is special, so I'm afraid it's not that easy to get in."

Li Li chuckled lightly:

"That's not enough . Simple? It's the same as me, change my identity, am I different now?"

Chen Mian paused and looked deeply at Fu Yechuan.

Fu Yechuan's tone was indifferent:

“Don’t worry, just wait for the completion of the matter, the new company will be established soon, aren’t you eager to wash the money in your hand?”

Li Li’s eyes lit up: “Is there something new in this matter?”

“It’s already in the process. In the middle, when the project is launched, I will arrange my own people to sell it, you will buy at a high price in the name of the buyer, and then sell it again, your money will be clean.”

Fu Yechuan’s voice was indifferent, It’s like saying this is an extremely simple thing.

Li Li smiled and breathed a sigh of relief:

“I knew that these hundreds of billions of things are a piece of cake in your hands, brother-in-law, don’t worry, when my money is safely in the overseas account, I will Let your sister and mommy out.

I’ll give birth to a big fat boy with your sister later, and we’ll be a family, kiss and kiss!”

Fu Yechuan’s face was cold, there was no trace of warmth, he couldn’t see it any mood.

It’s just that the atmosphere in the entire office is condensed and weird.

Immediately.

Ling Li’s eyes flashed: “But I’m still not at ease.”

Fu Yechuan lifted his eyelids and remained silent.

Lili curled the corners of his lips and smiled slyly:

“I’m not worried about you, is the partner you’re looking for reliable? Don’t turn around and trick me, let’s go, I’m going to find a friend to follow up, with him Looking at it, I feel more at ease, Mr. Fu, what do you think?”

Fu Yechuan pursed his lips without expression:

“Whatever you want.”

He looked like he didn’t care at all, which made Lili completely relieved.

“Okay, I’ll let him come over in a few days!”

Li Li laughed loudly, then stood up, patted Fu Yechuan on the shoulder, turned around and went out.  
a long time.

The office was quiet as hell.

Chen Mian looked at Fu Yechuan’s face, and suddenly felt a little uncomfortable.

“Mr. Fu, what do you mean, Miss and Madam are still in his hands.

Could it be that they were directly hidden by his people?” And the trace of Qu Qing.

Otherwise, they wouldn’t be such a jerk.

Their plans have been put on hold again and again, isn't it because they haven't found anyone?

Fu Yechuan's face was cold, his eyes were as deep as the calm sea, and the seabed suppressed the monstrous waves.

His jaw line was taut, terribly cold.

"He can put people in the hands of the falcon, and there is no need to hide them at all.

It can only be said that people are not in his hands, and he can't find them. He lied to us."

chapter 1984

The

atmosphere of the next plan was stagnant for a moment.

Chen Mian was a little shocked, "Liar to us? But we don't have any news yet. If we turn our face now, I'm afraid..."

Fu Yechuan raised his hand, his eyes were cold:

"How are the preparations at the Su family? The project is important, they must rely entirely on foreign forces, and the Su family's foreign industries are completely independent of the domestic Su Group, which is the best help for us."

"You have already discussed with President Su, naturally it's no problem, but if he asks later..."

Chen Mian hesitated.

"If you ask, tell the truth. As long as we can lock up the black money, we will have the weight and we will be able to plan the next step."

Listening to Fu Yechuan's words, Chen Mian nodded, just looking at his In his eyes, it is indescribably complicated and profound.

If it weren't for the constraints, how could such a proud person Fu Yechuan be in the company of such a person?

Chen Mian: "Should we remind the Su family that Miss Su is being targeted, it's not good..."

Fu Yechuan closed his eyes, his thin lips pursed into a straight line:

"No, let's talk to her. The less contact with her, the safer she will be, and the less Li Lian will take her to heart."

Chen Mian wanted to say something, but seeing that Fu Yechuan had already made up his mind, the rest he said was nonsense.

It's just that he felt that if Su Nan knew in advance to prepare, it might be safer.

But Fu Yechuan's concerns are also justified. The fewer people know about this matter, the greater the hope of success.

After all, once the plan fails, Fu Yingying and Qu Qing will not be able to come back.

.....

After what happened halfway through the wedding.

There are many more bodyguards in Su Nan and Shang Qian's residence.

It was not convenient for them to live in the original apartment, so they returned to Su's house.

The happiest thing is to talk about the children.

Su Qi may have suffered a blow, and she had to come back with Ning Zhi.

Su Yifeng disliked it.

Ning Zhi is also very helpless.

Su Qi is the purest member of the Su family. Even the second child, Su Ming, has been plotted to escape death many times in order to protect the country's research results, but he has never been so frightened.

But Master Su Qi is completely different. He has never suffered such a humiliation since he was a child, especially after hearing the true identity of Lili, he can't sit still.

He arranged more than a dozen bodyguards for himself and Ning Zhiliu. When he was the most prosperous in the entertainment industry, he had never been so high-profile.

It made Su Nan shake his head every time he saw him.

Ning Zhi was making coffee and said that the child has been able to run a few steps recently. Although she will fall somersaults when she runs, she likes to stand and run endlessly.

She smelled the fragrance and ran to Ning Zhiliao's leg, staggeringly stretched out her little hand for a hug.

Ning Zhi looked at her with a smile:

"Wait a minute, baby."

She put down what was in her hand and bent over to pick her up.

Talking about the child holding her face and taking a sip, she smiled and touched the saliva on her face, feeling a little embarrassed.

Ning knew that his heart would melt.

Su Qi walked in with a dejected look, and also stretched out his hand for a hug.

Ning Zhi smiled, ignoring his existence, hugged and talked about the child and went out.

Su Qi was very hurt: "I see, the doctors say I have post-traumatic sequelae, and I'm a patient, you don't comfort me!"

Ning Zhidao: "Third brother, you should tell us about your studies and be brave!"

“Aren’t I very brave at the time? When they attacked you, I rushed up first...”

Su Qi explained, his face still pale.

The other party took out their weapons, but Su Qi’s bravery was used on her.

Ning Zhi smiled, reached out and stroked his messy hair, like petting a huge pet dog:

“Yes, it’s normal to be afraid, I don’t mean to blame you, third brother, but you can’t make a fuss, Now even traveling is a problem, and I’ll be going to work for one more day with you!”

She didn’t feel helpless because of Su Qi’s state, on the contrary, at that time, even if he ran away, she would not will blame him.

With the knife on his neck, he could choose to move the rescuer.

But he didn’t.

His eyes were red when he rushed up, without the slightest hesitation.

conditional on her safety.

She was fine, but he was punched a few times, otherwise he wouldn’t have been caught so quickly.

Fortunately, they all passed by without any danger.

But I didn’t expect that Su Qi’s sequelae would be so serious. He was almost better, but he couldn’t get over it.

It is useless for Su Jin, Su Nan and Shang Qian to take turns doing their inner work.

He would rather accompany Su Yifeng and talk and play at home every day.

Su Qi paused, hugged her deeply and said,

“One day is too short, you should take a year off, or half a year? One month?”

Ning Zhi looked at him without smiling:

“I’ll just resign.”

“That’s fine, you’ll be responsible for spending money, and leave it to me to make money!”

Su Qi agreed.

Ning Zhi had every reason to speculate whether Su Qi’s state was faked?

Why is this purpose a little sinister?

in the back garden.

Su Jin, Su Nan and Shang Qian are playing mahjong with Su Yifeng.

The four of them were talking and laughing, and the laughter came over, and the uncle, the housekeeper, was watering the flowers behind, and he also echoed a few words.

The sun is very good, not arrogant or impetuous.

Su Yifeng's flushed face was in good luck, and he groaned three times in a row, his mouth closed with joy.

Su Nan counted cards in his heart, but no matter how he counted it, he felt that it was wrong.

Su Jin and Shang Qian casually chatted about the company's affairs, which was irrelevant.

Only Su Nan and Su Yifeng were concentrating on playing cards.

Shang Qian was sitting on her opponent's house. She should not have lost so badly, but now she has begun to doubt her life!

Just when Su Nan didn't want to play anymore, Shang Qian's cell phone rang.

He glanced at it, picked it up without any hesitation, and didn't hide it deliberately: “

Hello?”

The wanton look is somewhat depressed.

Su Nan glanced at it. He didn't lift his eyelids. He didn't know what the other party said. It was a foreigner. He answered a few times and hung up.

Then he continued to joke with Su Yifeng sideways as if nothing had happened.

Su Yifeng regarded him as his own son, and wanted to join forces with him to deal with Su Nan and Su Jin.

Su Jin glanced at Su Nan helplessly.

Su Nan twitched the corners of her mouth, expressing her dissatisfaction.

next second.

Su Jin's cell phone also rang.

He looked at the number with a dignified expression for a moment, then walked into the distance and picked it up.

Not knowing what he heard, his eyes turned to this side unconsciously.

It seems to be looking at Shang Qian.

His face changed several times, slightly shocked.

chapter 1985

Do a little favor

Su Nan subconsciously glanced back, just in line with Su Jin's line of sight.

In the next second, Su Jin looked away.

It didn't seem to stop deliberately.

hang up the phone.

He came over, his expression didn't change, he just sat in his place and put down the phone.

Su Yifeng waved his hand: "Come on, another round!"

He was rarely happy!

Su Jin refused, "Dad, Wen Xiang said that he has something to do temporarily and has no time to pick up Su Lin. Let him eat at school."

Su Yifeng was stunned: "How about that? Where is the nutrition in the school? I haven't seen it recently. The news says that all the ingredients used are bad? Are you greedy or a stepfather, let your son suffer this kind of crime!" Su

Jin calmly lowered his head and sorted out the mahjong:

"I won't go anyway."

Pushing the mahjong, he glared at him angrily:

"I'll go."

After saying that, he yelled at the housekeeper to prepare the car, and he wanted to go to the school to pick up Su Lin in person.

Three missing one.

Can't fight anymore.

Shang Qian glanced at Su Jin meaningfully, and Su Jin glanced at Su Nan lightly:

"The money you lose is yours, your husband won it anyway."

Su Nan's eyes widened: "Brother, I lost a lot too!"

Su Jin raised his eyebrows, "No way, your sister-in-law has been very strict recently."

Su Nan: "..."

She stood up and ran away without saying a word.

Is this big brother still her big brother?

Shang Qian lowered his head and smiled, sorting out the mahjong slowly.

"Big brother has something to say?"

Su Jin gave him a deep look:

"Your arms base in South Africa was bombed, you don't know it?"

Shang Qian smiled, "I know, the one just now The phone has already notified me."

Su Jin pursed his lips and narrowed his eyes.

Such a big thing is enough to cause a sensation, but he actually looks like he doesn't care, and he plans to continue playing?

He didn't understand a bit.

"Is this your plan?" Shang Qian shook his head: "No, it is estimated that Lili made people do it. It just blew up an arsenal. There was no ammunition in it, it was all empty shells, and there were few casualties."

I am still afraid, I just want to give Shang Qian a warning and scare him.

Let him not be so arrogant!

Su Jin stared at him motionless: "So suddenly, is he planning to make the next move? Or, he didn't expect it to be a trivial arsenal..."

Finally.

Shang Qian raised his eyes and looked at Su Jin with dark eyes, with a faint and warm smile on the corner of his mouth.

The movements of finishing mahjong are gentle and clean, the shirt is slightly rolled up, revealing a cold white wrist, and the blue blood vessels are clearly visible.

He wants to calculate others, no one can see through.

"Brother, I promised Bureau Zheng that I would give it to him safely.

As for the arsenal, the place is dead. If you want it, you can leave it to him. Anyway, I have already transferred the things and people.

The world How could he find it so big?"

His voice was slightly cold, with a bit of careless emphasis.

Su Jin's eyes suffocated slightly, and his appearance was obscure and gloomy.

After a long time, he smiled lightly, his voice low and cold:

"Zheng Bureau just got the news, so I just wanted to ask if I need help."

Shang Qian twitched the corner of his mouth, help?

He didn't respond.

He just looked up at Su Jin:

"Brother, this batch of arms is not small, I started to transfer it as early as half a month ago, I have the intention to hand it over to the government, including the technical staff of my research base, they are The most cutting-edge scientific research talents in the world are hard to come by.

But...I want to ask Zheng Bureau to do a little favor."

Shang Qian smiled lightly, and there was a bit of a deal hidden in his words. .

Su Jin pursed his lips and looked at him.

Shang Qian paused:

“The third brother’s worries are right. If you stay in the country, it is dangerous for us to travel. I have to make a fight and let him get out.

Otherwise, I really can’t let Su Nan travel with peace of mind . , big brother doesn’t want to worry all day, right?”

Su Jin’s face softened, “What do you want to do?”

Shang Qian looked at him seriously and smiled.

As long as the interests come to one place, everyone’s hearts will gather in one place.

The Su family’s business is big, and it has nothing to do with how close they are.

But Shang Qian didn’t mind, he was willing to explain his own affairs to him patiently, even if they didn’t need their help, he could reassure the people of the Su family.

He can protect Su Nan, and even the entire Su family.

.....

Su Yifeng went to pick up Su Lin back to the old house for dinner. On the way, he heard Su Lin say that Wen Xiang was on a business trip today and asked him to follow Su Jin back to the old house for dinner.

That said, it was all planned.

It’s not an ad hoc decision at all.

He was played by his eldest son!

Su Yifeng was so angry that he dared to help him on purpose!

It’s one more than one ability!

He held Su Lin’s little hand, and it wasn’t too angry, but the more he thought about it, the less happy he became.

As soon as they entered, Su Qi came out of the kitchen wearing an apron and looked at them with a smile:

“Dad is back, and the angry kid is back, ready to eat. Uncle cooks it himself!”

Su Yifeng gave him a disgusting look. , “It’s really not doing the right thing.”

Su Qi: “...”

Su Lin liked Su Qi very much, ran over to hug his leg and raised her head, embarrassedly stretched out her hand for a hug.

Su Qi raised her hand and kissed him lightly on the face:

“Okay, uncle cooks first, tell me that my sister is playing games with Su Xiaohu, you can go!”

Su Lin nodded embarrassedly, and then ran away. Find and talk.

Su Qi looked at him seriously:

“Dad, please give me some face in front of the children in the future, otherwise what will happen to my prestige?”

Su Yifeng rolled his eyes: “Go, go, and quickly call those few over for dinner, Otherwise, you will starve to death!”

When Su Qi heard this, the fire was not aimed at him, he happily hummed a song and turned back to the kitchen.

Su Nan changed clothes and went downstairs. Upstairs, he watched Shang Qian and Su Jin finished talking, and was walking here leisurely.

She lay on the window sill and glanced at it, tsk tsk shook her head:

“It’s really handsome the more you look!”

Ning Zhi passed by, and when she heard these words, she hurried over:

“Who is it?”

“Of course it’s Big Brother. “

She touched her nose under cover.

Ningzhi’s eyes: You pretend, you pretend!

Halfway through the meal, everyone heard the movement of a car outside.

The housekeeper glanced at the surveillance camera and snorted:

“Chairman, it’s from the Li family.”

Su Yifeng frowned, “We have never had anything to do with the Li family. What are they doing here?”

Su Jin paused for a second and looked towards Shang Qian, then looked back as if nothing had happened.

Su Nan noticed this and immediately understood.

It was to be trapped in Lisuizhou, South Africa.

She looked up at Shang Qian:

“Is it here to find you?”

chapter 1986

Your opinion is important

Shang Qian is concentrating on coaxing the children to eat. She recently added a little complementary food, and she is quite picky, which is a headache.

But Shang Qian treated this matter patiently and coaxed her little by little. She would be praised for a long time when she sipped it in.

Pure rainbow fart.

Shang Qian frowned: "I don't know, what about Dad?"

Shang Qian's implication was to see Su Yifeng's friendship with the Li family, whether he would give this face.

He is here, but he has learned 70% to 80% of the human feelings of country Z.

Su Yifeng hesitated for a moment, then nodded:

"Let them come in."

Although there was no contact, they were all people in the shopping mall, and it was hard to say that they didn't meet.

At this time, if you are turned away, it is no different from falling into a trap.

The housekeeper went out to invite someone.

They couldn't continue to eat anymore, Su Qi stayed to take care of the children, Ning Zhiliao helped, and the others went to the living room.

Su Nan didn't want to go, because Meng Xue was the one who stood in the matter between Meng Xue and Li Suizhou.

The location is a bit awkward.

But 80% of the reason they came was for Shang Qian, and she wanted to know.

Li Suizhou's parents brought a cart full of gifts and placed them at the door.

Su Yifeng smiled, "It's not a festival, why is it so solemn?"

Father Li and Mother Li walked forward with a smile.

"Old man, I've wanted to come and visit you for a long time. You see, I'm also retired. It's good for us to catch a fish together..."

Su Yifeng smiled without smiling.

Mother Li's smile felt like she couldn't keep it up, she put powder on her face, but she couldn't hide the pale worry in her eyes.

Su Nan could see clearly from the side, but Shang Qian was sitting there quietly and contacting the tea that Su Yifeng had just taught him.

Father Li paused, holding Su Yifeng's hand and hesitating to speak:

"Old Su, I have a favor, you must help me!"

Su Yifeng: "Look, I know that there is nothing without going to the third place. Treasure Palace, if you have something to say, just say it." A

trace of embarrassment flashed on Father Li's face, and he glanced at Shang Qian who was sitting there, not knowing how to speak for a while.

Still, Mother Li couldn't help it anymore, so she choked and said,

"Old Su, you know, we only have one son in our family, and it's because we didn't discipline him well. Before he went abroad, he was riddled with scandals. Foreign business. As a result...the result was in danger and I couldn't come back."

Su Yifeng's face froze, a little shocked:

"Huh?"

He didn't know about this.

Mother Li's tears just fell:

"Some time ago, some terrorist leader wanted to swallow our family's oil business.

As you know, the domestic business is sluggish, and we don't have much ability to manage it, and it all depends on foreign companies. In the oil industry, my dad accidentally bought it when he was abroad, and we relied on it to eat. As a

result, the man wanted to rob it, but he didn't make any sense

. I've been busy working abroad, and I can't get in touch recently..."

There was silence in the living room.

Father Li sighed and couldn't help but look at Shang Qian:

"Old Su, I know that your son-in-law has some connections with South Africa. Can you help me and find out the whereabouts of Suizhou? Even if we don't want the oil, it would be good to bring people back safely... ."

Father Li's words were pleading.

Su Yifeng looked at Shang Qian and did not speak in a hurry.

Shang Qian paused for a second, and the hand that was pouring tea paused slightly, his wrist was clean and neat, revealing his thin forearm, which was very beautiful.

He raised his eyes, looked at Su Yifeng, and then at his father Li:

"Dad, Mr. Li, I am in serious business and have no dealings with terrorists."

Su Yifeng nodded quickly and turned to look at his father Li:

“Yes. That’s right, he’s just making a little investment, it’s all a small business, such a good son-in-law wouldn’t dare to do anything about terrorist murders and arson!”

Father Li twitched the corners of his mouth, “Mr. Shang, of course I know. You are different from those people. I

just heard that you have some business there, maybe you can bring people back, even if you try it, please help, I am begging you on behalf of our whole family!”

Father Li said Just bend over and bow.

Shang Qian immediately stood aside to avoid, pursed his lips, and his eyes pondered:

“I know you are in a hurry, I don’t know for sure, but I can help you find out.”

Father Li’s eyes lit up when he heard it.

“Thank you, President Shang, thank you...”

Shang Qian paused, “But whether it can be rescued or not depends on the situation. You should go back and wait for the news.”

Father Li’s face dimmed for a moment.

But hope is better than outright rejection.

He immediately nodded: “Okay, if there is anything that needs to be arranged, I will pay for the cost. I hope that the general manager will do his best, thank you very much.”

He looked at Su Yifeng with tears in his eyes, and went over to hold his hand:

“Old Su, thank you, if only I had a daughter, I would marry the daughter to President Shang!”

Su Yifeng said twice: “He looks No.”

Mother Li choked a few words, and then followed Father Li to express her gratitude.

when sending guests.

Shang Qian suddenly thought of something and stopped them.

“Wait a minute, Mr. Li, I don’t know who told you that I can help?”

He smiled warmly, harmless to humans and animals.

Father Li hesitated slightly.

Shang Qian’s voice was warm and gentle: “Since it’s the middleman, of course I have to tell the other party the results of the investigation, which is better for negotiation.”

Father Li gritted his teeth: “It’s Fu Yechuan, Mr. Fu.”

Shang Qian nodded calmly, not saying anything. show what.

As soon as the person left, Su Yifeng’s face sank.

“Could it be that Fu Yechuan kicked this trouble over? He really has a face!”

Shang Qian gave the poured tea to Su Yifeng with both hands, and smiled casually:

“It’s not surprising, Mr. Fu understands me, of course he will immediately Think of me.”

Su Yifeng snorted coldly.

Very dissatisfied.

Su Nan looked at Shang Qian: “But can I find it? Did it work?”

Shang Qian nodded: “It’s very likely him. He’s been making frequent small moves recently, and he’s probably starting to get impatient.”

He When he spoke, he was very relaxed and calm, and he seemed to be in control of everything.

Su Yifeng frowned: “Zhenli? If it’s too dangerous, forget it, we can’t take care of ourselves, if the Li family’s kid suffers revenge again...”

Shang Qian looked at Su Yifeng with a smile:

“Dad, he has already It’s useless if you’re staring at me, it’s useless to retreat, I’ll let someone investigate Li Suizhou’s whereabouts first, and as for the follow-up rescue, of course, leave it to the international police.”

Su Yifeng nodded, then looked at him with a stern face. :

“On the basis of what we can help, we are all from the Z country. Can we just watch him die?

Although the boy from the Li family is not doing his job, he has not done anything harmful. If we can help, of course. I want to help.”

Shang Qian paused for a while, then nodded with a very educated look:

“Dad is right, it’s because I’m too small, and I’ll ask Dad to remind me from time to time.”

Su Yifeng nodded with satisfaction.

Very satisfied with Shang Qian’s attitude.

chapter 1987

is to send people’s heads

in Su Yifeng’s view.

Although Shang Qian has some small problems of selfishness among businessmen, he did not grow up in country Z after all, and he was educated like a devil in country M.

But in time, as long as he is carefully trained, Shang Qian will definitely become an excellent patriotic young entrepreneur!

Su Nan chuckled twice, pulling Shang Qian to stand up:

“Okay, don’t talk anymore, let’s talk about Dad needs to give a speech.”

Su Yifeng glared at her, his eyes swept across the pile of gifts at the door.

He hurriedly greeted the housekeeper:

“Go and send the thing back, you can’t have this thing.” The

housekeeper responded and turned to go.

Su Nan paused: “Wait a minute, let’s wait for the news and then go back. If you go back now, the people of the Li family will not feel at ease.”

Su Yifeng nodded silently:

“Okay, just as you said. Let’s do it!”

in the hotel.

When Lili got the news, he threw everything in the room angrily.

Crackling.

“What do you mean by not being successfully bombed? Are there so many ammunition in the arsenal that they are all fake? Didn’t the

people who sent it all said to find out the location?” Maybe it was bombed in the wrong place, the stock in the library is either ammunition or a pile of abandoned empty shells, and I don’t know if it was temporarily replaced.” Li Li threw the things out of his hand:

“Then blow it up again. In any case, Shang Qian must be let down. The thing is bombed, I see what he will deliver to others!” “

Yes.”

.

He took out the phone, found a number, and after a while, the other party picked up:

“Sister, when are you coming to country Z, only when you come here will Fu Yechuan listen to us completely, Shang Qian is almost covering the sky with one hand here, Fu Yechuan didn’t do things for me wholeheartedly at all!” The

other party hung up without knowing what to say.

Looking at the darkened mobile phone, Lili threw it to the ground angrily.

the next day.

Su Group.

When Su Nan went to work in the company, besides Chang Li, there were two more plainclothes bodyguards beside him, so Yu Lou was not surprised.

The morning meeting is over.

After reading the plan report for the next quarter, Su Nan also passed several projects, and his performance was the same as before.

Su Jin was very satisfied to let her pay attention to her body and go home early to rest.

Su Nan responded with a smile, and then called Yu Lou into the office.

Yu Lou: "Mr. Su, don't look at me and laugh, just say what you have to say!"

He knew that Su Nan was a little dangerous recently.

But it did not affect the normal operation of the company at all.

Su Nan restrained her smile and looked out the window:

"Let's find out which hotel Lian Li is staying at?"

Her voice was very light and cold.

Have a meal in the building.

How sensitive this name is, he heard Su Jin mention it several times.

He is the greatest source of danger.

"Mr. Su, why are you asking him, isn't he a dangerous person?"

Yu Lou's expression changed.

Not only dangerous elements, drug lords, terrorists, and one of the best scum in the world, it is too late for others to hide.

Su Nan looked at him and smiled:

"Know yourself and the enemy, I just want to know about it and take precautions."

Yu Lou felt an indescribable feeling of helplessness.

Why does he think it's not so simple?

"You don't need to take action, I heard that you almost suffered losses twice in his hands, I think you should walk around..."

Su Nan's eyes sank slightly, looking at him:

"If you want to check, you can Cha, where did all the nonsense come from?"

Yu Lou paused, "Yes."

"Don't let others know."

Yu Lou was taken aback.

Even Su Jin and Shang Qian were not allowed to say what she meant.

Things seemed to be more serious than he thought.

But what Su Nan ordered had to be done.

She has never regretted the decision she made.

He nodded and went out.

It didn't take long, before getting off work, I found out where the hotel was.

Li Li has a strange relationship with Fu Yechuan, of course he will be in a hotel under the Fu Group.

The one closest to the Fu Group is the one, you can find out after a little inquiries.

Su Nan looked at the name of the hotel, squinted and smiled at him:

"Well done."

Yu Lou groaned in his heart:

"Mr. Su, you wouldn't want to go to him, would you?"

That was a wolf's den!

Su Nan raised his eyebrows and clicked his tongue: "Assistant Yu is really smart."

Yu Lou almost killed himself with a brick.

"Mr. Su, don't think too much. People like them are unreasonable. It's useless for you to negotiate any conditions with him.

If you are really angry, when the police catch his evidence, we can testify in court. But you absolutely can't send it to the door in person!"

Su Nan gave him a blank look, not surprised by Lou's reaction.

"I give it away? Am I that kind of person?"

"Mr. Su, why don't you discuss with the chairman and Su Jin, or you can discuss with the president of the business..."

Yu Lou almost burst into tears.

Su Nan took a deep breath:

"I won't be impulsive, there are so many bodyguards behind me, nothing can happen, and the countdown starts now. After an hour, if I don't call you, you can contact other people."

She said Then he stood up with his phone and bag in hand.

Before leaving, he did not forget to warn him:

"Remember, it is an hour later."

Yu Lou watched her leave with a pale face.

Su Nan got into the car directly and Chang Li drove.

“Ready?”

Chang Li nodded and looked back at her:

“Ready, miss, I’ll put all the self-defense things in your bag. In

case of danger, there is a button at the bottom of your shoulder strap. , I will rush up as soon as possible.

Lili didn’t know we were going to find him, so he didn’t prepare the trap in advance.

If all goes well, you can negotiate within ten minutes. “

Su Nan hooked his lips and looked out the window. The traffic was busy, but it was extremely cold.

She couldn’t sit still.

If she told Su Jin and Shang Qian, they would definitely not agree to take her own risk.

But she must not let the stinger threaten again . The people around her.

Last time, it could be Ning Zhilai and Su Qi.

Next time, it could be talking about talking to Su Yifeng.

She is not someone to sit still. Isn’t she

a stinky hooligan? The

method, deal with him. It

didn’t take long.

She sat in the lobby below the hotel, chose a position near the window, and had a bright and open view.

She didn’t need to contact him in advance, because Zheli wouldn’t be hiding in the room all the time.

Fifteen minutes later.

Li Li, who was planning to go to the clubhouse for a leisurely time, took his subordinates downstairs.

He saw Su Nan sitting there at a glance. His profile was as delicate as a picture, and his eyebrows were gentle and amazing. It was really hard to take his eyes off

him . Immediately went up, his subordinates also surrounded the exit.

He stared at Su Nan with gleaming eyes, and looked greedily:

“Miss Su, it’s such a coincidence, I thought Shang Qian would not let you out... .”

chapter 1988

Wants to dig a hole for me

Su Nan saw the stinging, without shock or fear, he smiled calmly, his eyes were light, and all his emotions were shrouded.

“Why should I hide, what’s so scary?”

Li Li became interested and sat directly opposite her:

“Aren’t you afraid of me? I arrested your friends last time, but Shang Qian didn’t tell you about me? He seemed to

be asking Su Nan if he was afraid of him, but every sentence mentioned Shang Qian.

Su Nan smiled and pretended not to understand:

“This is a country ruled by law. These bluffing subordinates you brought are no threat to me. You are doing it secretly, and you dare to touch me?”

Li Li was stunned for a moment, then smiled deeply.

Meaningful.

“Miss Su is really just like the legend. She has a really bright temper. How can that scumbag Shang Qian coax you into

his hands? Apart from being a little white face, he can deceive women, but he is actually very sinister behind the scenes!”

Su Nan He snorted lightly and shook his head.

If Shang Qian heard this, 80% would be angry.

However, she still sighed: “It’s all good to look good.”

Li Li’s smile froze, and his eyes were a bit cold:

“If you follow me, I will share half of everything with you, I am better than that insidious and cunning. The villain is much more generous!”

Su Nan raised her eyebrows: “That’s how you coaxed Fu Yingying?”

“Fu Yechuan’s sister, hahaha, no need, she has a very simple mind, and she will believe anything that sounds nice.

” Laughing complacently.

Su Nan gradually suppressed her smile: “Where is Fu Yingying now?”

Li Li: “Why are you asking this?”

“I’m just curious, she’s dead set on you. If she knows you’re here to provoke me, she’ll go crazy. Besides, isn’t your cooperation with Fu Yechuan based on Fu Yingying?”

Li Li Squinting at her:

“You know a lot.”

“Actually, this time, I came to you on purpose.”

Su Nan looked at him. That kind of ruthlessness is easy to feel.

He is placed in ordinary people, it is different.

Secretly, she suppressed the tension and turbulence in her heart and calmed herself down.

The voice was also somewhat casually calm.

“Looking for me? You figured it out, you want to be my woman?”

There was an undisguised possessiveness in his sharp eyes, and that kind of greed made people feel like a poisonous snake wrapped around his neck.

Sen’s cold and icy letter is swaying in front of him.

Su Nan lowered his eyes for a moment, then looked at him with a smile, his eyes were sincere and sincere:

“I have a batch of goods that was shipped to Southeast Asia, but unfortunately the wind has been too tight recently, because of you, I have been targeted by people from all walks of life, and I can’t ship it out. I want to cooperate with

you to ship this batch of goods out, and you will take 10% of the goods, how about it?”

The face of Lili paused, the lust in his eyes faded, and a bit of vigilance and playfulness appeared. :

“Goods? What do you have in your hands? Do you need my help for the Su Group’s business?”

Su Nan calmly took out his mobile phone and found the geographic coordinates:

“It’s not the Su Group’s, it’s my own. , A batch of antiques that cannot be shipped out.

You also know that the last time I was kidnapped, it was the snakehead who saved me. It was a life-saving grace. He asked me to do a little favor, but I didn’t agree to it. It was going well, but it ended up in my hands. . When Li Li heard the name “

Snake Head”, the corners of his mouth twitched slightly, his face was a little solemn, and he squinted at her.

Smuggling antiques?

The atmosphere gradually changed from relaxed to solemn.

Su Nan really realized this . Negotiating with desperados and negotiating with those in the business world are completely two feelings. The

former relies on acting, the latter relies on strength.

“Why, Shang Qian asked you to come, he wants to dig a hole for me? Li Li ‘s

tone was not good, and he stared at Su Nan, trying to find the flaw in her face.

Su Nan frowned slightly, with a bit of impatience:

“Of course Shang Qian doesn’t know about this, he is the most I hate women doing this. “

Li Li chuckled: "That's right, he likes you so much, how could you let you do this kind of thing? Su Nan smiled, "

I just earn some pocket money. I'm desperate to talk about the project, but I can't make half of this batch of goods. Wouldn't it be a pity if I didn't do such a simple business?"

Lili looked at her and squinted her eyes, her eyes pondering deeply. He obviously still didn't believe Su Nan.

All of this felt more like a trap.

Su Nan sighed and said with a smile:

"Lili, the warehouse location. Just on my geographic coordinates just now, if you agree, I will have someone deliver the warehouse key, you will send it to me overnight, and the money will be given to you immediately.

If you don't believe it, then forget it, I'll let the snakehead find a way to get it. "

Speaking, she stood up, looking like she didn't want to talk any more.

"Wait, Miss Su, how do you know that I can get out? Your customs inspection is so strict, I'm also difficult..."

Su Nan chuckled: "A terrorist is swaggering here, I don't believe you There's no way out."

"How many things?"

"The two warehouses have been sealed with wax, so water can't get in. It's best to take the water route."

Su Nan's tone was cold, almost really making an equal transaction.

"Aren't you afraid I'll swallow it all?"

Li Li asked back.

Su Nan twitched the corners of his mouth, disdainfully:

"Every bag has a timer in it, you know, if you dare to swallow it, I'll explode and you won't be able to live."

Her voice was calm, but ruthless. .

Li Li was silent for a second.

"You're really ruthless!"

He was weighing whether the deal was worth it.

It's really a waste of time here, it's better to do something practical.

Fu Yechuan needed time, and Shang Qian couldn't sit still.

If he goes out and brings An Qi back by the way, Fu Yechuan will be obedient.

How much is Su Nan's deception?

He pondered for a few seconds, then spoke in an unruly tone:

"I want to take 20%."

"It's greedy." Su Nan scolded.

Instead, he was happy.

"Because everyone knows that they are guarding me, but you come to me to cooperate, no one will doubt our cooperation. This is the safest and there is no risk.

Miss Su, this is called darkness under the lights."

Su Nan twitched the corners of his mouth:

"This is called Mingxiu Plank Road, dark Chencang."

"Whatever..."

Su Nan stood up, his voice indifferent:

"Besides, if you dare to betray me, your sister An Qi, Don't want to step into the territory of country Z again in this life."

Li Li's face sank, and he suddenly looked up at her.

Su Nan chuckled, "Do you think you're the only one who threatens people?"

She said word by word, took her things, turned around and left.

But Lili's bodyguards were still there to stop him and did not let go.

Su Nan secretly put his hand on the shoulder strap of the bag, looked at the person in front of him, and turned his head calmly.

After being silent, he sneered:

"I finally know how Shang Qian is willing to give up the great future of M country for you, you are really fascinating..."

chapter 1989

Don't pretend to be stupid

and finish talking to me, I feel a little more unwilling in my heart, but unfortunately he can't get it.

I just thought Su Nan was pretty.

Later, I felt that her personality was bright and bright, and she was not afraid of anything.

Now, I feel that she is simple but bad, and a little shrewd, and the bad people can't put it down.

How could Fu Yechuan let go of such a woman?

If he was, he would have to be tied to his bed.

He still waved his hand, and the bodyguard immediately gave way.

Su Nan stepped on high heels and left in disdain.

It seems that I don't want to have a dime relationship with a scum like him!

His subordinates stepped forward in confusion:

"Boss, be careful!"

Li Li rolled his eyes at him, smiled, shook his head, and said with certainty,

"No, Shang Qian won't let her come out to dig a hole for me, Shang Qian protects this woman tightly, maybe he doesn't know that this woman has a private connection with Snaketou!"

"But how can we be sure that what she said is true?"

Li Li sneered, the corners of his mouth twitched:

"Go. Check that address to see if there is anything in it, don't you know?" The subordinate nodded.

Li Li smiled: "That's fine. When I look back, I put a green hat on Shang Qian. I can't wait to see his reaction. It's really interesting!"

So this time the shipment was just a matter for Su Nan to follow him. It's time to collaborate.

He raised his head: "Go prepare the cruise, don't let Fu Yechuan know about it, and let the top student from abroad come over quickly to follow up on Fu Yechuan's project. I don't believe him."

"Yes."

The subordinates responded.

...

Su Nan walked to the side of the street and got into the car, sighed, picked up the water next to him and took a big gulp, and let out a slow breath.

Chang Li kept following the news inside, and when he saw Su Nan coming out, he was relieved:

"Miss, did he believe it?"

"Have half believed it."

"What should I do then?"

Su Nan smiled, "As long as I have the goods in hand, he will trust the other half, and I will let people put the things in."

She took out her mobile phone and sent a text message.

The other party replied: "ok."

She breathed a sigh of relief.

Chang Li breathed a sigh of relief: "Should I tell my family about this?"

"No, the more people who know, the more Li will notice, and we have to keep quiet."

Su Nan smiled. "Then give him a fatal blow!"

Chang Li nodded, feeling that what Su Nan said made sense.

"Let's go." The

car was about to start.

Suddenly someone knocked on the glass outside.

Su Nan looked over and frowned slightly.

Not going to drop the windows.

But the other party continued to knock perseveringly, and there were people in front of him.

She could only fall halfway down, and her eyes looked coldly outside:

"Mr. Fu, is something wrong?"

Fu Yechuan's stern and unwavering face appeared in front of him.

It's a pity that Su Nan didn't really want to see him.

Fu Yechuan's brows were cold, his face was tense, his eyes were deep and turbulent, and he suppressed his emotions:

"Have you gone to find Zili?"

Su Nan's eyes flashed, and he looked away:

"What did you say? Who is Zili? "

Don't play stupid with me, that's my hotel. People in my hotel saw it with their own eyes, and there are surveillance cameras. What did you tell him?"

He lowered his voice and asked.

There was a bit of urgency and worry in his deep eyes.

Su Nan was extremely disgusted by his tone, and always had a high-level attitude, thinking that he could control everything.

She smiled, "It has nothing to do with you."

Fu Yechuan's face showed a bit of anger, and he gritted his teeth:

“Su Nan, you’d better not provoke him, this kind of person is not something you can provoke.”

Su Nan Looking at him lightly, his eyes were distant and indifferent:

“I didn’t mess with him, he messed with me first, Fu Yechuan, I don’t want to know what deal you have with him, you’d better be with him. Don’t interfere.”

Fu Yechuan sneered:

“Sure enough, there is something! Shang Qian knows about it? He asked you to come? Did he let you take risks as bait?”

His voice was low and cold, and he hated Shang Qian when he mentioned it. Terrible.

Su Nan frowned slightly:

“You are quite imaginative, just like I’m a puppet?”

“Su Nan, I’m not kidding you.”

Fu Yechuan’s expression was solemn.

Su Nan also looked back coldly: “I’m not joking with you, don’t worry about me, you still worry about where your sister and your mother are.”

She said that she was about to close the car window, but when she was about to close it completely, she felt a little unbearable.

She looked out at him and met those shocked, complicated and hurt eyes:

“I tell you, I asked a question just now, I suspect your sister is not in his hands.”

After saying that, she raised the window directly, wearing a Putting on his sunglasses, he looked at Chang Li:

“Drive.”

Chang Li responded, and then started the car.

Fu Yechuan was left far behind.

It wasn’t until he could no longer be seen that Chang Li asked,

“President Fu won’t tell others about your meeting, right?”

Su Nan opened his eyes slightly, and his eyes flashed a little coldly.

She pondered for a moment before opening her mouth:

“It shouldn’t be, he is also controlled by others, not on the same line as Zheli, and he doesn’t have that much energy to manage me.”

Nor will he devote his energy to managing her.

Su Nan could feel that Fu Yechuan’s aura was not as free and easy as before.

He has been under too much pressure recently. It is estimated that his sister and mother are in the hands of others. It is estimated that he has nowhere to go.

The battle of the trapped beasts refers to the current Fu Yechuan.

She sighed and closed her eyes.

She was not in the mood to think about anything else, nor did she want to join forces with Fu Yechuan, she just wanted to solve the problem in her own way.

The phone suddenly rang.

It is Yulou.

She was stunned, and quickly picked up.

Yu Lou came over with a cautious and worried voice:

“President Su, is that you?”

Su Nan paused, “It’s me, Assistant Yu, I just forgot, I’ve come out safely, don’t worry!”

Yu Lou’s voice was trembling in his body.

Now I can finally swallow it:

“Mr. Su, if there is another next time, don’t tell me, I have had a heart attack since I was a child!”

Su Nan: “...” No

promise!

She hung up the phone and went directly back to Su’s house.

Unexpectedly, Shang Qian came back early.

Obviously he is more busy!

Shang Qian came up to him, took her coat and hung it up, and looked at her with a warm smile:

“Baby, you got off work so late today?”

She froze when she asked this question.

She suddenly became nervous.

What a common question, but she has a guilty conscience!

She paused for a while, and tried her best to pull out a smile:

“Is it too late? It’s not too late, my brother hasn’t come back yet!”

Shang Qian smiled, “Big brother called back just now, but he couldn’t say that he was here for dinner. Socializing.”

Su Nan froze:

“What else did he say?”

Shang Qian: “I asked you to pick up Su Lin, but you didn’t reply to his message, so you called me directly. Fortunately, I went to pick it up.”

chapter 1990

Inconspicuous

Seeing that Shang Qian wanted to continue to ask, Su Nan coughed and beckoned:

“Come here and I’ll kiss first.”

Shang Qian paused and looked at him deeply. Her ears turned red involuntarily.

He walked over obediently, his eyes darkened, and he didn’t say any nonsense.

Su Nan held his face and gently touched his lips. When he wanted to let go, he suddenly wrapped his arms around her waist, making her stick tightly to his body.

From a kiss to an endless kiss...

Just after a kiss, the two of them were panting, their faces flushed, and they braked in time.

After all, this is Su’s house, so it shouldn’t be too much.

Fortunately, neither Su Yifeng nor the housekeeper came out to destroy it, otherwise, I really don’t know how to meet people.

Su Nan opened his eyes to look at him, his eyes seemed to contain a layer of water, the mist was hazy, bright and charming.

For Shang Qian, the test was too great.

Just when he was about to say something, his body suddenly froze.

His eyes moved slowly, his throat moved, his voice was hoarse, but coaxed:

“Tell me about the little baby, what are you peeking at?”

Su Nan also froze, and quickly looked over.

Talk about the child standing there leaning against the wall, staring at him with big eyes, watching motionlessly.

I don’t know how long I watched, but my eyes were innocent and curious.

Shang Qian straightened Su Nan’s hair before walking over.

Su Nan felt a little guilty, so he followed:

“Tell me about it, baby, why are you walking without a sound?”

Shang Qian glanced at her: “She didn’t wear shoes, and she crawled over.”

“Oh.”

Said the little friend pointed at Shang Qian’s face, and then pointed at Su Nan’s face.

Finally, her little finger pointed to her own face:

“Boom...”

She looked at the two excitedly and wanted to participate.

Shang Qian pursed his lips and squeezed lightly on her cheek.

Really just pinch it.

He smiled and stood up and left.

Said that the child turned to look at him in disappointment, and finally looked at Su Nan with anticipation, and pointed to his own face:

“Boom...”

Su Nan couldn’t bear it anymore, so he hugged her heavily. A big kiss.

Talking about the child, he shook his legs with satisfaction and smiled.

Shang Qian came out of the kitchen not long after, and brought a cup of sour plum soup.

Said that the children’s eyes widened in surprise, but it was a pity that Shang Qian handed it to Su Nan.

“Try it, the third brother just taught me to make it.”

Su Nan twitched the corners of his mouth and wanted to say something, but he took a sip first and nodded in affirmation.

Then he looked at him seriously and said,

“Next time, let the third brother do it himself, he taught you because he was too lazy.”

Shang Qian frowned slightly, thinking about Su Qi’s purpose?

Su Qi came out of the kitchen and pinched his waist:

“Don’t think I can’t hear, Su Xiaosi, you dare to guess your brother’s good intentions?”

Su Nan raised her eyebrows and said with a smile:

“Third brother, are you feeling better today? Are you still having nightmares?”

Su Qi became annoyed and turned to leave.

Can’t be bothered.

Su Nan smiled and looked at Shang Qian:

“Don’t be fooled by him, he is a chicken thief!”

Shang Qian took her cup and smiled casually:

“Third brother is kind, don’t you like it? I can make it for you to drink when I learn it, not to mention I enjoy the process of cooking.”

His voice was warm and pleasant, not in a hurry.

Inexplicably felt reassuring.

...

Su Yifeng took Su Lin to study, and it was a headache.

Still sighing at the dinner table, it is really difficult for children to learn now.

He took another look at the heartless talking about the little girl, thinking about the grand plan he made for her, and thinking about giving it up for the time being!

Everyone finished eating.

Su Linhe said that he was taken to play in the room, and Su Nan and Su Yifeng were talking downstairs.

Just as he was talking, the butler came in.

“Chairman, the people from the Li family are here again.”

Su Yifeng frowned slightly and glanced at Shang Qian who was talking about the project with Su Qi.

Shang Qian immediately understood and walked over:

“I had news about Li Suizhou before. I was afraid that they would be in a hurry, so I sent someone a letter to them, but they haven’t come back yet. I don’t know why they are here?”

Su Yifeng frowned slightly . , “Is there any news?”

Shang Qian nodded, and went over to pour a cup of tea lightly:

“Being locked in prison under a different name, it was more difficult to find out, but it went well.”

In prison under a different name.

No wonder the people from the Li family couldn’t find it.

Simply looking for a needle in a haystack!

But in Shang Qian’s place, is it so easy?

Compared to Su Yifeng’s astonishment, Su Nan was still calm.

Anyway, people live a long time, they can see everything.

She smiled and looked at Shang Qian, “Are you all right?”

Shang Qian frowned slightly, and

said a little bit: "The conditions are tough and I'm sick, but I should be able to get medical treatment when I come back."

Su Nan nodded, originally in South Africa, and do not expect a healthy return.

Su Yifeng restrained his emotions and sighed:

"Let the people from the Li family come in. My son has been lost, and it was hard to find it. It's normal to be anxious."

"Yes."

After a while.

Father Li and Mother Li came in again with a cartload of things.

"Old Su, President Shang, thank you so much. President Shang actually found out the news of Suizhou for us. We really can't sit still. We have to come to the door to thank you!"

Li Muhong nodded with eyes:

"Yes, Thank you, President Shang, thank you Miss Su, thank you Chairman Su, your family is our great benefactor."

Su Yifeng waved his hand, "What are you talking about?"

After a few greetings.

Su Yifeng asked them to sit down and talk.

Father Li rubbed his hands together, looked at Shang Qian crampedly, and said,

"Mr. Shang, how many days will it take for Suizhou to come back?"

Shang Qian paused, "At least two months."

"It's been so long?" Li's mother exclaimed, "Can I bring the person back sooner? I'm really worried about his health..."

Shang Qian smiled and said,

"If we follow normal channels, he can only take a flight for two days. It's been three days.

But he can't come back through normal channels. There are countless eyes staring at him, and as soon as he shows up, he will die.

I arranged for Li Shao to come back and take a special channel. First, take the cruise ship from country E to country E, and then take a boat from country E to country Z, only within the scope of country Z can you come back by plane.

It is already the most time-saving."

Mother Li's face turned pale in shock.

Father Li hurriedly grabbed her: "Don't talk nonsense if you don't understand, President Shang has helped you, you must have tried your best."

He smiled and looked at Shang Qian: "I understand, the situation abroad is complicated, and it doesn't matter for two or three months. , as long as he can survive.

But the message you sent said that he was ill, and I was worried that he would not be able to survive..."

Shang Qian hesitated for a few seconds before he spoke meaningfully:

"Is there on the cruise ship? There is an accompanying doctor. As far as I know, his disease is a very common disease in South Africa and can be treated, so this is why we let you prepare medical aid in advance."

Father Li nodded and breathed a sigh of relief. :

"Okay."

Li Mu couldn't help but hesitated,

"Actually, if we sent a helicopter, wouldn't it save a lot of time?"
