

Divorce 1991

chapter 1991

Our plan

One sentence, the living room fell silent.

Su Nan couldn't bear it anymore, and glanced at her:

"Mrs. Li, if you can pay attention to international affairs, you will know that it is not illegal to carry guns in South Africa, and your helicopter will fall into the sea if it runs out of fuel halfway. If you can't fall into the sea, you can be chased and killed.

If you have the conditions, you can try it.

We are powerless here, and we have done our best to achieve this step."

Su Nan spread his hands, and Li's mother blushed. White.

"There's a gun, so can't we call the police?"

Shang Qian lowered his eyebrows and didn't speak, just gently turned the teacup in his hand.

Su Yifeng also sighed.

"Then you have to go to the United Nations to report to the police. Wouldn't our family help your son smuggle it out?

It's better to be clear about which way you want to choose, don't play with people."

Su Yifeng put the cup heavily. on the table.

Father Li's face changed several times.

Li mother also did not dare to say a word.

Father Li: "That's not what she meant. She doesn't understand anything. I completely agree with President Shang's plan. As long as I can bring my son back, I have nothing to say!"

Shang Qian smiled: "Don't worry, President Li, during the process, there may be There is nothing I can do if I lose contact.

But after two or three months of people arrive, I will let you know."

He said, and stood up.

This move is equivalent to sending a guest.

Father Li couldn't continue to sit down, so he could only stand up embarrassedly and leave with Mother Li.

Su Yifeng sat there with a confused expression, looking really angry and helpless.

“Originally, I helped them for the sake of being from country Z. It’s nothing to help everyone. But if you listen to that woman, are you complaining about Shang

Qian’s lack of care?”

Dissatisfaction with the Shangqian plan.

But they have limited ability, so they open their mouths and let others do it.

Even Su Yifeng heard it and was so angry!

Su Nan smiled and shook his head.

“Forget it, they are also anxious to get angry, understandable.”

Su Yifeng stood up: “If I didn’t understand, I would have seen the guest off.”

After speaking, he looked at Shang Qian:

“Don’t worry about it, I know You tried your best.”

Shang Qian smiled:

“I can’t understand, Dad.”

Although he said so, in fact, he had no interest in saving people at all.

In order to leave a good impression on my father-in-law, everything is worth it!

Su Nan took his arm and sighed:

“Our baby has been wronged, and kind people will definitely have good rewards!”

Shang Qian was stunned by the sudden distress.

The coolness in his heart just now disappeared without a trace.

He smiled, lowered his head, and said extremely modestly,

“It’s alright, don’t be wronged.”

Su Yifeng frowned at the two of them sticking together, and stood up in disgust:

“Sitting or not, what a formality!”

Even so, he stood up by himself and went upstairs with his hands behind his back.

At an age, I can’t eat dog food.

He is still out of sight and out of mind!

Seeing this, Su Nan laughed so hard that he lay down on the sofa.

...

in the warehouse.

When he saw the antiques carefully placed in the box, his eyes lit up instantly.

Ancient calligraphy and painting, antique vases, and all kinds of valuable ornaments are all worth a fortune.

I really didn't expect that Su Nan, a woman, tinkering with something so valuable!

Lili carefully opened one of the boxes and touched it inside.

Suddenly.

He touched something cold, his face changed, and he slowly pulled out his hand.

Oh shit.

Su Nan really didn't scare him, there was a detonating device inside.

One or two are easy to take, but with so many boxes, I don't know which one I missed, and they will all be broken into pieces by then.

Not worth the risk.

His subordinates followed up and took a look:

"Boss, there are 16 boxes in total, do you think this is not a trap?"

Li Li stood coldly for a while:

"Take such a valuable thing as a trap?"

"Maybe it's fake . That's right!"

Lianli: "No, I've done this before, and it's obviously shipped from a private collection with a mark on it."

He was about to say it carefully when the phone rang.

Picking it up and looking at it, he picked it up decisively:

"Sister?"

For a while.

I don't know what the other person said.

Lili's face changed greatly, then he hung up the phone and looked at his subordinates:

"put things in the safe, put them in our boat, and leave tomorrow night."

"Yes."

Lili strode out of the warehouse with a calm face , went directly to the Fu Group.

Fu Yechuan was listening to the report.

Seeing Li Li hurried in, no one outside could stop him.

“Fu Yechuan, my sister is gone, did you do it?”

Fu Yechuan frowned slightly, then waved his hand.

The people in the office are leaving one after another.

“What did you say?”

“Don’t pretend to be stupid, did you do it? My sister suddenly disappeared!”

Lili’s face was ugly.

Fu Yechuan lowered his eyes calmly, pursed his lips, and his face was cold and forbear:

“I don’t know what’s going on.”

“Isn’t it you or who?”

Li Li pointed at him rudely:

“You are cold-blooded and cold-hearted. The person, she gave you a son and you still don’t let her go, have you forgotten that your sister and your mother are still in my hands? Do

you want them to be the same as your father?”

His voice Sen Leng, with a strong chill and threat.

A stern look flashed across Fu Yechuan’s eyes.

He lifted his eyelids and said in a cold voice,

“Is my mother and sister really in your hands?”

He clenched his fists secretly, not forgetting what Su Nan said to him.

For no reason, he felt that Su Nan was right.

Li Li’s face twitched slightly, his eyes surging undercurrents, and his murderous intent suddenly appeared:

“Of course, do you want me to show you some color?”

It was just that moment of hesitation, which was captured by Fu Yechuan.

He is hesitant and angry, indicating that people are not in his hands.

Fu Yechuan’s heart was relieved, as if a boulder had been removed, and his endurance increased a lot.

Su Nan was right!

It’s just that he couldn’t let Lili see through it.

He raised his eyes and said in a cold tone:

“Zhenli, don’t forget, we are already on the same boat, you forced me to get on the boat, my sister and my mother are in your hands, I will send them to death Is it?”

He glared at him sharply.

Obviously do not believe.

Fu Yechuan pursed his lips, "Well, I'll send someone to check it."

"No, I'll check it myself, it's better not to have anything to do with you, otherwise, wait and collect the corpses for them!"

Li Li dropped this sentence, Turn around and leave.

He threatened Fu Yechuan with his family. When An Qi's accident happened, Fu Yechuan was the first to be suspicious.

Cooperation is inherently fragile.

How could he be at ease?

But now the most important thing is An Qi, and that batch of goods.

He can't wait, he's leaving tonight.

Fu Yechuan looked at his back, squinted his eyes, and the bottom of his eyes flashed a bit fiercely.

When Su Nan received the call, he was a little surprised.

"So fast?"

Chang Li: "Yes, it is said to be the ship tomorrow night, but I observed that they are loading the ship tonight and are expected to leave tonight, miss, our plan can start."

chapter 1992

Let's die

together Su Nan raised his eyes and looked at the sky.

The dark blue curtain gradually became darker.

The stars were twinkling, and the weather was fine.

She hooked her lips, Ming Yan said coldly:

"Okay, the plan begins."

Su Nan hung up the phone, squatted down in a good mood, and kissed the little friend who talked about it.

"My dear baby, wait for Mommy at home. When Mommy comes back, you can play with Mommy everywhere!" She said that the

child didn't understand at all, but it didn't prevent her from making trouble everywhere.

She stepped directly on Su Nan's feet and staggered in the past, and began to find another target...

Su Nan: "..."

She sighed and went straight to go out with her clothes.

Shang Qian stopped her suddenly, his voice was slightly heavy:

"Where are you going?"

Su Nan paused for a while, and immediately put on a relaxed expression:

"Go out, I'll be right back."

Shang Qian looked at her with deep eyes Yi Yi:

"It's so late, let me accompany you."

Su Nan: "..."

"Not willing?"

"Yes."

Su Nan smiled reluctantly, not wanting to waste too much words.

She can't wait to run over to see how bad luck is!

With a smile on his lips, Shang Qian took his clothes and went out:

"Let's go baby, don't worry, it's our date."

Su Nan smiled silently.

Hehe...

Such a date, I'm afraid it can scare people to death!

After Su Nan got in the car, Shang Qian got in the car.

Chang Li glanced at it and was stunned for a few seconds before starting the car.

The car went farther and farther, and Shang Qian had long felt that something was wrong.

When he was far away from the city center, he finally couldn't help it and didn't turn his head to look at her.

.....

The remodeled ship can escape the tracking of the coast guard of the Z country within the sea area of the Z country, and use its own special equipment to locate and navigate.

These things are already used to, so he is not unfamiliar at all.

But when they were out of breath after carrying the boxes, they were about to set sail.

Suddenly, the lights on the shore lit up, and the street lights pulled the light and shadow for a long time.

That moment.

Countless special police officers came out from countless corners, armed with guns and weapons, and surrounded the ship.

Seeing this, Lili's subordinates panicked for a moment.

"Boss..."

Lian Li calculated inside, he and Snakehead couldn't get along in the first place, so why would he be black after delivery?

Hearing the people outside screaming, he was furious:

"I told you not to shout or shout, because I'm afraid others won't know that we are going to smuggle?"

He went out while scolding.

Looking at the police on the shore, guns were aimed at themselves.

For a moment.

The face of Li Li changed instantly.

He realized immediately that he had been fooled.

And it's still a woman's trick.

He despised beautiful women the most. Beautiful women have no brains. He always felt that Su Nan was the same.

But at this moment, when he had nowhere to go, all he wanted to do was cut that woman and Shang Qian into pieces!

This is clearly a game!

Antiques are real, so they dare to use them as bait!

Li Li scolded, turned his head and ran in, and the boat roared away.

What's the use of the police on shore?

Put a few empty guns at most.

Even if he breaks, he will never be caught!

But the boat was less than 200 meters away when he stopped.

Because of the boundless sea.

I don't know when, so many coast guard ships appeared, the dazzling white light flickered, and it was cold.

He has been surrounded by circles, and he has not even a chance for a gap.

His subordinates broke in with a pale face:

“Boss...”

The siren from outside rang through the sea.

He never dreamed that he would be folded here!

Cold handcuffs wrapped around his hands, and the police escorted them back to shore.

Then the box they had worked so hard to move in was moved out again.

“There are sixteen boxes in total, and none of them are missing.” The police went over to make a report.

Lili’s eyes stared at them coldly.

The international police can’t do anything about him, what is this group?

The leading police officer walked over with a cold voice:

“According to the police, the Su Group’s warehouse has lost 16 boxes of antiques that are going to be donated to the museum. Now you are officially arrested in the name of illegal theft and smuggling. We will convict you based on the actual value of these antiques.

” The chest rises and falls.

actual value!

“It’s fucking invaluable, what’s the actual value to talk about!”

He couldn’t help but yelled: “It’s clearly that woman who framed me, and she asked me to smuggle it. You go and investigate, and I’ll be innocent!”

Well, he was really mad.

Wrongful and angry!

I feel like I’ve never been so foolish in my life!

Su Nan, this damn woman!

The policeman gave him a calm look:

“You will listen to her? Heh...”

With an expression like we are idiots.

Li Li was even more angry and could not wait to find a vent, the anger was stuck in his chest, and he almost suffocated himself!

“Otherwise, how could I get the key, it’s her, that sly woman!”

He would even pull the woman on his back!

Policeman: "The Su Group has called the police three days ago. The warehouse key is lost. You stole it, right?"

Li Li: "Damn!"

He was about to say something when he watched a luxury car parked in a low-key manner. not far away.

Su Nan lowered the car window and watched the scene with a small smile on the corner of his mouth.

Enjoy your plan.

It was just right, and he looked at Lili's sullen eyes.

She raised her eyebrows, nothing to be afraid of now.

Even the most vicious criminals have to be afraid of the police!

Shang Qian also saw this step and instantly understood all this.

He glanced at Su Nan meaningfully.

I can't say it's not shocking.

It was he who kept her behind him subconsciously all the time, so that she would have less trouble.

But he ignored that Su Nan was not an ordinary eldest lady.

No eldest young lady can manage the group at such a young age, and no eldest lady can be so perfect in arresting Li Lian.

Even if he wasn't stingy, it would be easy for her to take revenge.

While he was still racking his brains to protect her, Su Nan was already preparing to fight back.

And, quite beautiful!

Looking at the unwilling look of Li Li, you can see how much she hates her.

Su Nan, how can you impress him like this?

If he hadn't insisted on following today, would he never have known about it?

Shang Qian didn't dare to think that her ability was far beyond his imagination.

Once again, there was a small wave in his heart.

Cheers for what she has done!

Su Nan's face is bright and bright, half-dark in the car, but his eyes are quietly admiring the tragic state of being caught.

She is calm and calm, cold and alert, this is the real her.

Shang Qian smiled softly, he almost forgot.

Wasn't it because of her fearlessness that she was attracted to her in the first place?

Only later, he was completely fascinated by her tenderness.

The police walked to the side of the car and handed over the keys in the transparent bag:

“Miss Su, please take a look, is this the lost key to the warehouse?”

Su Nan smiled and nodded sincerely and gratefully:

“Yes, thank you, comrade police, for saving such a huge loss for the country!”

chapter 1993

This distress

“should be.” The

policeman said, and then the policeman left.

Lian Li was unwilling to break free from the shackles and stumbled towards this side.

As he ran, he scolded:

“Stinky woman, you dare to play with me, you and Shang Qian are the same raccoon dog. Damn, I will never let you go, you wait to die!”

Su Nan smiled and looked at him with nothing to do He said in a cold voice of fear:

“Damn it is you, no matter who you are, don’t even think about running away.

Just like you, you still want to bully my family and friends, did I warn you that this is my territory? ?” The police didn’t hear those words, but Li Li could hear them clearly.

He was so angry that he saw Shang Qian in the car.

He was even more mad:

“You wait for me, I will never let you go like this!”

Shang Qian glanced at him, his dark eyes extremely dark.

From the beginning, he has remained silent.

Li was dragged away by the police, and Su Nan directly asked Chang Li to drive away.

She could not have come.

But I can’t help but admire my masterpiece.

Seeing it now, she is very satisfied.

On the way back, Chang Li played a piece of music she liked very well.

Su Nan squinted and listened for a while.

Suddenly remembered something.

She almost forgot that there was someone sitting next to her!

Careless!

“I...I also heard that there was an arrest operation tonight to watch the fun, what a coincidence...”

She subconsciously made an excuse for herself.

Mr. Shang pursed his lips and laughed lightly:

“Yes, the coincidence is all related to the Su Group, how can my wife be so smart?”

He looked at her with a meaningful smile, his eyebrows were warm and there was no blame. and strange.

On the contrary, it was with some admiration and admiration.

Su Nan paused.

“You see it all?”

“Is it difficult?”

She raised her eyebrows: “I’ve been thinking about this plan for a long time, and it’s foolproof.”

Shang Qian sighed.

“I originally planned to make some noise abroad and let him leave by himself, but I didn’t expect you to do it first.”

Su Nan was puzzled: “Why can he leave on his own?”

Shang Qian smiled, and his voice was light:

“Perhaps, my brothers and sisters are gone?”

Su Nan frowned, “How could it be, it’s too risky!”

Those were the brothers and sisters of Lili.

Without Xing Zhi and Li Li, An Qi is also the leader of the exclusive party.

Say no, it’s not that easy.

“Although the trick I think is a bit of a loss, it depends on who it is. He has only harmed others in his life, and he should also taste the taste of prison.”

Su Nan couldn’t help but feel proud.

If she didn’t, she would worry all day about family and friends being implicated.

In this way, once and for all, she will be able to sleep well!

Shang Qian couldn’t help bending the corner of his lower lip when he saw how she couldn’t help but be excited.

“It’s because I started too slow and put you under pressure.”

“It doesn’t matter, I can solve it.”

She said with a relaxed smile.

Shang Qian didn’t say anything until he reached Su’s house.

Su Yifeng didn’t expect the people who went out to come back so quickly, and was stunned for a moment.

“Didn’t you guys go on a date? Come back so soon?”

Su Nan was stunned for a moment, hesitatingly trying to fool him.

Su Yifeng was suspicious.

Shang Qian walked over and smiled, knowing that she didn’t want to worry Su Yifeng, so she didn’t say it.

“Going to the beach, the wind was a little strong, so I came back.”

Su Yifeng believed Shang Qian’s words and nodded:

“Yes, the temperature has dropped recently, so we should go to a better place for our next date!”

Su Nan: “...Oh.”

Educated by Dad.

She changed her shoes and was about to go upstairs: “Dad, did you talk about sleeping?”

“Sleep, go to bed early!”

Su Nan went directly to Su Qi’s room and knocked on the door.

I can’t help but share this good news with my third brother!

Su Qi came out sleepily wearing a blindfold and sighed:

“Sister, I don’t understand that they are all strong women, why are they different from you ? It’s all overtime today...”

Su Nan ignored his complaints and raised his chin with a smile:

“Third brother, I have good news for you!”

Su Qi chuckled lightly: “Unless Ningzhi appears in front of my eyes, it can’t be considered good news!”

Su Nan gave him a white look.

This is a break!

“I’ve put Lili in jail, you can go out with confidence!”

Su Qi was about to go in without a word.

Immediately.

His body stiffened, and he turned around slowly, his pupils dilated:

“What did you say?”

“You heard right, is this good news?”

Su Qi was excited and questioned:

“Isn’t this a good news? You lied to me!”

Shang Qian happened to come up from the downstairs, Su Qi ran out and grabbed his arm:

“Brother-in-law, Li Li was really caught?”

Shang Qian paused and nodded with a smile:

“It’s all Su Nan’s idea is very clever!” After

hearing what he said, Su Qi completely believed it!

He hurriedly ran over and carried Su Nan around, and then threw himself into Shang Qian’s arms.

“Great, this is my good sister and good brother-in-law. I won’t say anything. I’ll change my clothes and go out to pick up my wife!”

Su Nan twitched the corners of his mouth. He dared not go out at night. ?

He rushed into the room suddenly, and quickly came out.

He shoved a card into Su Nan’s hand:

“Hey, just spend the pocket money that my brother rewarded you!”

He waved his hand in a big way, and went in again happily.

Su Nan looked at the card in his hand and smiled slowly.

“Thank you third brother...”

She smiled sweetly, what a surprise!

Shang Qian raised his eyebrows, and Su Nan quickly took him back:

“I’ll go back to online shopping, or the third brother will regret it when he wakes up...”

Shang Qian: Is this the love and killing of rich brothers and sisters? ?

She didn’t disappoint Su Qi’s good intentions at all, especially spending other people’s money online shopping, especially without pressure.

Soon.

“Rich baby” came to the live broadcast room again and was instantly swept away by everyone.

At the beginning, her feat of throwing hundreds of millions of dollars is still praised by people.

Now that she appeared again, countless people flooded into the live broadcast room instantly, and everyone was going crazy.

But Su Nan glanced at it, then withdrew and paddled away.

I don't like this live broadcast room, change to the next one, then the next one...

Everyone follows her footsteps, just like following the little brothers of the gods!

I watched a few in a row and didn't like it very much.

Su Nan backed out.

How to do?

She couldn't spend the money, and she felt a strong sense of loss in her heart.

unhappy!

Shang Qian looked at her lying on the bed in low interest, his eyes darkened, and his hair was still wet after taking a shower. He picked up the hairdryer and sat down beside her, gently massaging her and blowing her hair slowly.

Su Nan enjoyed lying on his lap, closed his eyes, and pursed his lips.

Shang Qian massaged her head for a while before putting down the hairdryer:

“Don't you want to buy something? Why are you unhappy?”

Su Nan muttered: “I don't know what to buy...”

Shang Qian: “...”

Can women still have such troubles?

chapter 1994

How could he run away?

Shang Qian hugged her and lay on the bed, kissed her on the forehead, and the two of them were about to go out of their way in confusion... Su Nan suddenly woke up

and pushed him away:

“I know what to buy!”

“What?”

“Buy back the antiques I donated, it's all my dad's!”

Shang Qian snorted, Touching his chin:

“Yes, this is very important.”

Later, Su Yifeng will know!

Su Nan happily regained her interest in online shopping.

After a few hours on the trend, it was taken offline.

Because she only appeared for a while and did not break her own record.

Everyone is disappointed with the “rich baby”.

Early the next morning.

Su Nan saw many missed calls on the phone.

She frowned, familiar with the number, and called back directly.

“Miss Su, Ling Li ran away during the delivery last night...”

Su Nan was shocked and suddenly remembered that it was the call from Zheng Bureau.

“Run?”

“Yes, he jumped out of the car, and we chased to the beach. After he jumped into the sea, he disappeared. Our men fished all night, but they didn’t find anyone!

It’s very possible that this person has escaped us. Line of sight, he finally knew that it was you who harmed him, you have to be very careful.”

Hearing Zheng Ju’s cold warning, Su Nan only felt a chill all over her body.

What’s going on here?

She was so happy that she was beaten back to her original shape in less than a night?

After hanging up, Su Nan’s face turned pale.

Shang Qian came in from the outside with the milk in his hand, his eyes warm and soft:

“Awake? Have a glass of milk, say that the children wake up earlier than you...”

Su Nan paused, with a little bit in his eyes Confused and panic.

Shang Qian finally realized something: “What’s the matter?”

“Just now, Bureau Zheng said, Li Li ran away.” The

room was silent.

“Don’t worry, I will increase the number of people to guard here, you should not go out these days.”

His proposal is the same as Zheng Bureau.

Although Shang Qian had a bit of coldness in his eyes, he still walked over as if nothing had happened.

Going to her side, reached out and touched her head with a soothing touch:

“It’s okay, don’t be afraid, you’ve done a good job, it’s just an accident, leave the rest to me.”

Su Nan blinked, really panicked just now.

After all, what you do will definitely make you hate yourself.

Yes, as long as she doesn’t do anything, she will not find an opportunity.

She took a deep breath, nodded, stretched out her hand to hug his shoulder, her voice was a little lost:

“I’m causing you trouble, I thought I did it perfectly, but I didn’t expect this result.”

Li Li smiled . He patted her hand and squeezed it lightly:

“You did it flawlessly, it’s just too cunning.”

Su Nan sniffed, raised her head, and frowned slightly:

“But how could the police do this? Carelessly lost such an important prisoner?

Can’t dozens of people look down on a stinger? There was

silence for a few seconds.

Shang Qian’s eyes were a little deep, and he smiled:

“Accidents can happen, don’t pursue this.

Just taking advantage of these few days, you have a good rest.

If you want to go shopping, let their store bring all the clothes of the season to save you from getting tired.

Let’s handle the company’s affairs online. If you can’t handle it, let the big brother go. “What

he thinks is really unusual and meticulous.

But he thinks too much. He is

not someone who can’t sit still.

Especially in the face of danger, she would not do things like sneaking out to find death by herself. She

simply nodded, turned her head and thought:

“How about I go to the island I bought before and live for a while to hide? “

Would it be safer to live on the island?

Shang Qian paused and looked at her: “Then what should I do? “

“Come with me!”

Shang Qian looked at her for a long time, and felt that she didn't seem to be joking, and immediately pursed his lips: “

If we leave, Lili will definitely let everyone know that we escaped. I think it's better not to do this. Within the sphere of influence we are familiar with, we can better protect ourselves. “

Su Nan didn't respond, she sighed, then hugged his waist and sighed.

Her mind is in chaos now, and she just wants to throw the mess to Shang Qian, he is right

! It's nothing to be a tortoise.

Shang Qian couldn't believe it for a while when he saw her being so obedient and obedient.

He lowered his head to study her expression carefully, groaning unhappily, it seemed that he was really hit.

Immediately.

My heart hurts.

He didn't want to see Su Nan, who was so assertive and confident, become depressed at all.

It's all tortuous!

He will definitely make him pay for it.

His eyes were a little deep, and he raised her chin and lowered her head to kiss her gently. The soft touch made him want to comfort her and become lingering.

Su Nan tightened his arms, hooked the man's waist, raised his head and entangled with his lips.

It seems that he can draw a sense of security from him to clean up the irritability and anxiety caused by the grinding.

The warm, quiet and cold fragrance on his body made her resistance less and less, and Su Nan squeezed deeper into his arms.

Then, for some unknown reason, the two of them rolled onto the bed, their clothes were loose, and no one wanted to stop...

Two hours later.

Shang Qian came out of the bathroom, refreshed and not at all tired.

Su Nan moved his head and stuck his head out of the quilt, not even wanting to move his fingers.

You shouldn't be indulging in male sex on such a beautiful morning, why can't you hold it back?

Tired but can't sleep.

Shang Qian picked her up from the bed and took her to the bathroom, where the water had already been filled.

He didn't act like it was the first time he did it.

Su Nan murmured in a low voice.

Shang Qian thought she fell asleep and was woken up again, so he pinched her face:

“After washing, sleep better. I’ll help you or do it yourself?” It

was the first time that Su Nan was so awake with him like this Be honest in the situation.

She felt a little uncomfortable, her heart skipped a beat, she pursed her lips, and the tips of her ears turned a little red:

“I’ll do it myself, you go down quickly.”

Shang Qian licked his lips and seemed a little regretful, but he knew that she was thin-skinned. , did not continue:

“Okay, everyone was waiting for you to eat just now, I’ll go down and explain.”

Su Nan was slightly shocked and raised his head.

Why didn’t you tell me sooner?

With a smile in his eyes, Shang Qian looked at her amusingly:

“Don’t worry, I’ll ‘explain’ it well.”

As soon as he left, Su Nan didn’t have the mood to continue soaking.

She quickly and simply cleaned it, and went downstairs in less than 20 minutes.

It’s like being a thief with a guilty conscience.

Su Yifeng had already taken the talker kid to go out to play with Su Lin kid.

Only Su Qi, Shang Qian and the housekeeper were left at home.

Su Nan went down the stairs, Su Qi was already neatly dressed and was playing tricks with Su Xiaohu.

Shang Qian was talking to the housekeeper, and the housekeeper nodded solemnly.

Seeing her go downstairs, the housekeeper smiled casually:

“Good morning, miss, I’ll leave you breakfast.”

chapter 1995

Two Bad News

Su Nan smiled and nodded.

Su Qi chuckled and said,

“It’s almost noon, what about morning? I died laughing, Shang Qian went up to deliver milk for you, and it took two hours to come down, you guys are really tired!”

Su Nanshen He took a breath and told himself not to be angry or angry.

Her face turned white and red, she glared at Su Qi, stretched out a finger, and pointed at him confidently:

“You are jealous of the two of us living together, we were talking about work just now, what do you know?”

Shang Qian Hearing it on the side, he accidentally laughed out loud.

Su Qi even more smiled and bent over:

“Talking about work? Your husband just said, you are watching a movie!”

It turned out to be mocking her. This cunning Su Qi is really hard to change.

She raised her chin and said to herself,

“Oh, I’m just about to invest in a movie to find out.”

Su Qi obviously didn’t believe it.

But he had more important things to do. He got up with his clothes, checked the time, and planned to go out.

Su Nan immediately went down and told him solemnly:

“One bad news or another bad news, which one do you want to hear?”

Su Qi frowned, “It’s all bad news, I don’t want to hear either!”

Su Nan blocked in front of him:

“Must-choose questions!”

“Then tell me.”

Su Qi raised his eyebrows with a smirk, loosened his neckline, and looked cynical.

Ever since he learned the good news of Fili’s arrest last night, his suave temperament has returned.

Even in the face of two bad news, he didn’t take it to heart.

Is there any better news now than his free entry and exit?

He looked at the time and urged her: “Come on, I made an appointment with Zhi to go to dinner, and now I’m going to pick her up!”

Su Nan pursed her lips:

“The bad news is that Li ran away, and we are in danger. .”

Su Qi’s shocked expression changed, and his pupils suddenly enlarged.

Su Nan continued: “The other bad news is that I spent the card you gave me!” For a moment.

Su Qi's face turned blue and white, his indescribable mood and his words were pale.

He twitched the corners of his mouth, frowned, and gritted his back molars:

"You're not kidding me?"

Su Nan shook his head:

"I swear, no."

Su Qi sat back on the sofa sluggishly, with the decadent look on his body. The feeling of powerlessness instantly made his spirited attitude vanish.

It seemed that he had returned to the way he had been frightened before.

Horrible.

Su Nan suddenly felt ashamed, but seeing that he was more afraid than himself, the feeling of helplessness and panic upstairs just now disappeared.

Shang Qian coughed and came over:

"Third brother, don't worry, I have already had someone secretly protect this place, it will be fine."

Su Qi raised his eyelids lightly, took a breath, and digested it. After a while, he looked at the two people in front of him:

"Are you two working together to cheat me of money?"

He returned to a dangerous moment, and the key was that he lost a lot of pocket money.

Su Nan also felt guilty and guilty.

She smiled bleakly, with a strong sense of helplessness in her smile:

"Third brother, I am even more dangerous now."

Su Qi blinked, shaking her shoulders, and had to accept these two facts.

He took out his mobile phone and called Ning Zhijiao:

"I know, I'm going to miss my appointment at noon. I'll double the number of bodyguards to protect you. Be careful at this critical moment!"

Ning Zhijiao didn't know what he said. Hang up.

Su Qi looked at the darkened mobile phone and scolded:

"Stinky little sister!"

Su Nan looked away with a guilty conscience and went to eat at the table.

...

Su Residence.

In order to accompany Su Nan, Shang Qian simply moved his office to his home.

Fortunately, the flower room behind Su's house is big enough, and they like to enjoy flowers, drink tea and talk about things in it on weekdays.

The sun is just right, and even the wind is not impatient or impatient.

Rong Yi came over to report on the work, and happened to meet Su Nan and invited many friends to come over to play and pass the time.

Shang Qian prunes and waters the flowers raised by Su Nan in the flower room.

Rong Yi looked at it for a while, but said as usual:

"Mr. Shang, you are sly and cunning, although we have investigated a few places where he has appeared, when our people went, the building was already empty. It

seems that Therefore, to confuse us, there are also several warehouses in South Africa that have been bombed in succession, if we do not take measures, other people who are standing on the sidelines will be ready to move."

Shang Qian was not surprised, nodded, satisfied Prune flowering branches with head down:

"There is no need to investigate his whereabouts any more, let the wind out, the arsenal has been transferred, the research information and personnel list have been taken away, let them find..."

Rong Yi paused for a few seconds before speaking. Ask him:

"Shang always wants to attract the attention of Lili? Is it because he is afraid that Lili's eyes will always be on Miss Su?"

Shang Qian paused and smiled lowly:

"Is it so obvious?"

Rong Yi: " President Shang, the original plan was to wait for these key information to be in our hands before releasing the smoke bombs, didn't you take a step ahead just to divert their attention?"

Shang Qian raised his eyebrows: "That's right."

Rong Yi hesitated. : "This will only irritate Zhili even more. He knows that he has been tricked, and I'm afraid he won't let it go."

Shang Qian chuckled lightly and glanced at the crowd outside the glass.

Su Nan's happiness is in stark contrast to Su Qi's sadness.

Even though Ning Zhiliao found a lot of people to come over to play, Su Qi sat sullenly on the lawn and looked up at the sky.

Fortunately, Su Nan can see it.

He let out a low laugh, and then calmed down his emotions:

“It must have been the plan above, Su Nan was deceived, and the cooperation she thought was just a drama.

If Lili was caught for smuggling cultural relics, But it’s overkill.

I guess he was kept on top of him, and he was going to put a long line to catch big fish.”

Rong Yi was silent for a few seconds, then nodded.

“Miss Su is so unlucky.”

Who said no?

Shang Qian squinted his eyes, the plan above didn’t reveal anything at all, and he didn’t dare to tell Su Nan casually.

Forget it, as long as she doesn’t run out, there will be no danger.

Fu Group.

Li Li, dressed in a cleaner’s clothes, sat opposite Fu Yechuan.

An angry face turned blue.

“Shang Qian’s bastard and his woman deserve to die. They dare to slander me. I have to avenge this revenge!”

Fu Yechuan lowered his eyes and looked at the company’s bodyguard with a cold expression, without raising his head:

“It must be Shang Qian’s idea, Su Nan can’t think of it.”

“You are talking nonsense, that woman is insidious and cunning, I understand it, what is the most poisonous woman’s heart, and when I catch her, I will definitely let her survive. You can’t beg for death!”

Fu Yechuan’s eyelids twitched and he lifted his eyelids:

“Shang Qian is insidious and cunning, he knew that you would let down your guard against Su Nan, so he let Su Nan come forward, otherwise, where would he have the opportunity to humiliate you? “

chapter 1996

Go to Sea Fishing Bar

There was a bit of silence in the office.

“Okay, then put this account on Shang Qian’s head.”

Li Li gritted his teeth, “That bastard has emptied the arms base, I have to find out where his core base has been transferred to before I know him. Where are those weapons. For

example, I took the opportunity to arrest everyone in the Su family and asked to kill one, and if I didn’t say anything, I would kill all the people around him!”

Fu Yechuan looked at him coldly.

“Is the dog jumping off the wall in a hurry?”

His voice was low and cold, rude.

Lianli’s face became ugly:

“How dare you speak for him? You forgot whose hands your mother and your sister are in?”

Fu Yechuan’s expression softened a little, and the anger between his eyebrows was suppressed:

“I mean , do you think Shang Qian didn’t expect you to do it?”

If you do it now, you will fall into his full set, and when you show up, you won’t even know how to die!”

The

corner of Li Li’s mouth twitched, his face slightly Ji:

“The big deal is that the fish will die and the net will be broken!”

“If you want to court death, you can do whatever you want.”

Fu Yechuan lowered his eyes and looked at the report again.

Li Lian refused to accept it, but at present he could only rely on Fu Yechuan’s power to settle down here.

The atmosphere is a little slow.

“Brother-in-law, something happened to my sister. I wanted to find her first, but the arms are more important. Send someone to find out what’s going on. I will continue to stare at Shang Qian. I must get the arms!”

Fu Yechuan His eyes sank:

“I’m not so free to pay attention to people who are not important.”

“Then I’m the younger sister, she gave birth to your child, it doesn’t matter what it is!”

Fu Yechuan’s face was cold and ugly.

With patience, he twitched the corner of his mouth evilly:

“What’s more, I’m your brother-in-law too!”

Fu Yechuan’s eyes flashed a little coldly.

The conversation fell apart.

Lian Li confirmed that in order not to reveal the secret, Shang Qian didn’t even know where the arms went.

He is directly accountable to the people below to do it.

This made Zili’s liver hurt a little, and after staring at it for several days, he couldn’t even leave the door!

But there was no news from Angie.

His subordinates came over to report: "Shang Qian's cargo ship went from South Africa to Southeast Asia. I don't know if there will be any clues."

Hearing this, he couldn't sit still.

Shang Qian knew him too well, and he waited quietly for Lili to be caught, and Lili didn't dare to confront him here.

Can only go to Southeast Asia to find his arms, and then find An Qi.

He went to Fu Yechuan and told him to go to South Africa!

He didn't need anyone else to arrange for him, and even Fu Yechuan could not have imagined the path ahead.

The next day he disappeared.

When the news from Southeast Asia came, the figure of Lili had already appeared in An Qi's house.

Fu Yechuan breathed a sigh of relief.

The tense spirit that was visible to the naked eye instantly relaxed.

Chen Mian: "As soon as he leaves, the project is easier to operate, but the trader sent by Zheli is not simple, he may have already noticed our actions."

Fu Yechuan's eyes turned cold, and it was a little cold:

"Go check his background and ask him if he wants life or money."

"Yes."

Su Zhai.

After Su Nan swam two laps in the pool in the back garden, he went ashore and lay down comfortably, making a mask.

She was wearing a bikini, shaking her legs comfortably.

When there was no one at home, she often let herself go like this.

After Shang Qian finished talking, he went to find her.

Hearing his footsteps, Su Nan opened his eyes:

"Do you want to swim too?"

Shang Qian frowned, looking at her wearing a bikini here, frowning slightly, took a blanket from another chair and gently covered it on her.

Su Nan opened it casually: "I'm sunbathing!"

Shang Qian looked at the glass top that was automatically adjusted to the shading mode, frowned slightly, and was very puzzled:

“Where’s the sun?”

Su Nan took off the mask and looked at He glanced at him and said,

“I’m afraid of getting tanned, but I’m just tanning.”

He obviously didn’t understand why Su Nan’s brain circuits were so contradictory, so he smiled and complimented him habitually:

“You look good even if you’re tanned.”

“Nonsense, Do you think the charcoal is better than me when you hold me, who is white and tender, and hold a piece of black charcoal?”

Su Nan rolled his eyes at him, and the man didn’t have a backache just standing and talking.

Shang Qian touched his nose and wisely did not continue to struggle with this topic.

“There is good news, do you want to go out to sea fishing?”

Su Nan immediately regained her energy when she heard this. She sat up from the reclining chair:

“Can I go out? Did that bastard run away?”

Shang Qian nodded with a smile.

Su Nan’s sullen face instantly became refreshed:

“It’s great, if you hold it any longer, I’ll really die!”

She immediately ran to the bedroom, and ran back excitedly:

“Why are you going to the sea? Fishing? Do you have any other plans? I want to go on vacation...”

Shang Qian let out a low laugh:

“Let’s put aside the vacation thing first, sea fishing is because the young master of the Li family is coming back, I want to go over there. Next time, the friend who is escorting the boat also has to check.”

Su Nan nodded immediately.

Now as long as she can go out, she is willing to go to the Caribbean Sea!

Su Qi knew this and was happier than her.

He ran out as if he was happy.

Shang Qian was very puzzled and shook his head:

“The third brother is a little too careful. He is not the target of Lili. He doesn’t need to do this. Dad goes out to drink tea with friends every day, and it’s fine.”

Su Nan smiled . , “My third brother is timid, but it’s a good thing to be timid, knowing that he cherishes his life!”

“That’s true.”

Shang Qian agreed very much, and Su Qi was the one who cherished his life the most in the entire Su family.

After all, it’s been almost a week since I went out again.

Su Nan was dressed up brightly.

When I got in the car, I realized that the ferry did not call at the port in China, but a small town in the country E.

Su Nan was distressed, “If I knew I would go abroad, I would change my clothes.”

Shang Qian raised his eyebrows, “It’s very beautiful.”

Although she looks a bit extravagant, especially when she wears two diamond bracelets on her hands, and her necklace It is a set, exquisite and gorgeous.

take advantage of her.

Su Nan frowned: “My dad said, keep a low profile when you go out, otherwise people will easily stare at you.”

Shang Qian smiled: “It’s okay, I’m here.”

Su Nan took his arm loose. He breathed sticky and leaned against him:

“Finally, I can breathe free air, but why did Lili run away?”

Shang Qian: “He is hiding here, and he can’t find a chance to attack, and he My sister is gone, I should go to Southeast Asia to find someone.”

“Angie is gone?”

Shang Qian nodded, his eyes were cold, and he said casually:

“Well.”

“Where did she go?”

“How would I know? ‘ he said casually.

“You didn’t do it?”

Su Nan asked back.

Shang Qian glanced at her sincere eyes and pursed his lips:

“I’m a serious businessman, how could I do such a thing?”

Su Nan choked.

Can't speak.

Serious businessman, hehehe...

chapter 1997

Divorce and Marry Me

The first class cabin is very spacious, Su Nan couldn't sleep in high spirits, and turned to look outside.

I knew earlier that I should come out with the talking children!

As soon as he turned his head, the foreign flight attendant came over with a blanket.

Instead of looking at Su Nan on the left, she knelt in front of Shang Qian on the right and gently covered him.

Su Nan looked over with a funny look.

Shang Qian didn't fall asleep, just closed his eyes and rested.

When the flight attendant's hand came close to him, he smelled an unfamiliar fragrance, which pungently asked him to plan.

He opened his eyes suddenly and waved her hand coldly.

The thing in the flight attendant's hand fell to the ground all of a sudden, and said repeatedly:

"Sorry."

Shang Qian rubbed his eyebrows, and instantly knew the flight attendant's intention.

He subconsciously looked up to the left.

Su Nan watched this scene with a smile, her eyes full of jokes.

Shang Qian was sullen, but she was fine. Not only was she not angry, but she was watching a good show?

The foreign flight attendant looked at Shang Qian with an affectionate expression:

"I'm sorry, guest, I'll pour you a glass of red wine?"

Shang Qian frowned slightly, his tone was cold:

"No need." What else did the

flight attendant want to say, Shang Qian raised his chin, looked at Su Nan:

"Please get my wife a blanket." The

flight attendant froze slightly and looked at Su Nan who was smiling.

Suddenly, he lowered his head in a panic, and responded.

When she took the blanket over, Su Nan smiled and looked at him sideways:

“When did I become your wife? Boss, didn’t we hide from your wife?

Are you going to divorce and marry me?” The

flight attendant’s hand froze slightly.

As soon as Su Nan’s words entered his ears, the stewardess looked at Shang Qian with a more cordial and warm look than before when she raised her head again.

Shang Qian frowned, expressing helplessness to Su Nan.

However, the old god still raised his eyebrows:

“Look at your performance!”

Su Nan snorted seriously:

“When your sixty-year-old wife dies, I can correct it?”

Shang Qian choked.

Well, the script was reversed too fast, and he couldn’t keep up.

Just close your eyes and say nothing.

The flight attendant heard clearly, her enthusiastic eyes disappeared, and her gaze towards Shang Qian was cold, even with a bit of contempt!

The second half was finally quiet.

The plane lands.

Su Nan smelled the air of freedom.

Although all the people coming and going are foreign countries, with a high nose bridge and yellow hair, she is free and kind to everyone.

Shang Qian followed in her footsteps unhurriedly.

As soon as they left the airport, more than a dozen bodyguards followed.

Su Nan stopped and went, very interested.

Shang Qian also followed patiently, bought some gadgets, and listened to a cello on the street before he got into the car.

“Go fishing now?”

Su Nan looked at him and smiled.

Shang Qian paused and touched her head:

“Wait for the evening before the boat arrives.”

The car was driving on the wide road by the sea, seabirds swept overhead, and the sea breeze brought the salty air, one after another, refreshing.

The two walked on the beach, clasping their fingers.

It is rare to enjoy such a pleasant evening time.

It's almost time.

A bodyguard drove the yacht over, and Shang Qian helped Su Nan up:

"It will be there soon."

Su Nan nodded, the port where the cruise stopped was not the coast, but she was a little aware of the importance of Shang Qian's personal trip. thing.

But she didn't ask, her inner joy overcame all doubts.

There were many people on the cruise, and tourists came and went talking and laughing.

No one noticed a speedboat approaching.

Shang Qian pulled Su Nan up, and the people on the boat seemed to be ready.

The group took them in and went directly to the deck on the second floor.

No one is on this deck and the view is the best.

Su Nan was wearing a black dress, which was blown up by the wind. The skirt fluttered and moved with the wind. The sea was glistening in the sunset. She stood in front of the railing and looked back at Shang Qian with a smile:

"It's so beautiful here.."

Shang Qian walked over slowly with a smile:

"Yeah, it's very beautiful."

The beauty behind her is not as good as hers.

The lower deck was crowded and the atmosphere was certainly not as good as the one above.

The two were tired and crooked for a while, and a foreigner in captain's clothes came over.

Shang Qian squinted when he saw it.

He quickly lost the enthusiasm in his eyes and touched Su Nan's hair:

"Wait for me here, I'll do something."

Su Nan nodded.

Seeing that Shang Qian didn't go far, she had a few words with the foreign captain in the E language, and the man handed an item to Shang Qian.

Shang Qian quickly put it into his pocket.

He turned back and took Su Nan's hand:

"There is a dance at night, the boat will stop at seven o'clock tomorrow morning, do you want to stay here for one night?"

Su Nan nodded.

Shang Qian took her hand and kissed her lips lightly, and smiled:

"Then don't go far, there are many people at night."

"Where's Li Suizhou?"

"I'll disembark with us tomorrow morning."

Su Nan ordered nod.

The dance at night was more lively than expected.

After many days of tension, she relaxes here.

Shang Qian's people are here, very safe.

So she drank two cups and went back to rest with Shang Qian.

The suite is close to the deck, and the sea breeze blows and the waves hit the rocks, like a lullaby.

Before she knew it, she fell asleep.

In the early morning, she vaguely heard some noise outside.

She turned over, changed her position, and continued to sleep in Shang Qian's arms.

Shang Qian patted her on the shoulder and stuffed her with a quilt.

Suddenly.

Shang Qian's phone vibrated.

In order not to disturb Su Nan, he went out to answer the phone.

After a while, he came back.

He patted Su Nan on the shoulder and said in a warm voice,

"Baby, something happened down below, do you want to come and see it with me?"

Su Nan muttered, but didn't hear what he said at all.

I just feel like I can't control myself and want to sleep.

Shang Qian was helpless, "You sleep here, I'll come back after I've dealt with it, don't leave this room, you know?"

Su Nan responded subconsciously.

Don't leave the room, she knows.

Shang Qian quietly left.

The night is cold as water.

Looking around, the cruise ship is quietly integrated with the sea.

The light was quietly shining with a faint light, which outlined the outline of the entire cruise ship.

But at the bottom of the boat was the source of the noise just now.

As soon as Shang Qian went out, he looked at the captain he had seen in the daytime:

"What's the matter?" The

captain's face was solemn:

"Something happened just now, someone broke into Mr. Li's room, I suspect it was someone who was chasing him, why don't we take advantage of it? Now, take him out by speedboat, it will be better now than tomorrow."

Shang Qian's face was cold, he pondered for a moment, then nodded:

"Okay." The

captain breathed a sigh of relief and immediately asked someone to prepare.

"Mr. Shang go together?"

Shang Qian shook his head and immediately refused:

"No, my wife is still here."

He said, suddenly remembered something, his face changed fiercely, he raised his feet and ran out .

chapter 1998

The bottom of the ship was bombed

in the room.

Su Nan slept soundly, rubbing her face with her cold hand, without saying a word, and then held her hand tightly.

It was too cold, she frowned slightly, and subconsciously wanted to throw it away.

But he couldn't shake it off, the hand was getting tighter and tighter.

She frowned subconsciously, and suddenly her heart sank and she woke up.

Shang Qian wouldn't touch her with such a cold hand.

She was slightly surprised, opened her eyes suddenly, and saw the person in front of her.

She subconsciously wanted to pull out her hand, but the man realized that she was awake and withdrew his hand.

He indifferently twitched the corners of his mouth:

“Su Nan, it’s been a long time.”

Fu Yechuan’s deep face suddenly appeared in front of her, and Su Nan’s heart shook fiercely.

Her sleepiness disappeared instantly.

“Why are you here?”

He was silent for a long time without making a sound.

Looking up at her again, he just held her hand tightly:

“Look, Shang Qian didn’t take you to heart at all. I broke in so easily, he couldn’t protect you at all.”

Su Nan took a deep breath. Taking a breath, he pulled back his hand in revolt.

“Are you ill?”

She just scolded, and the whole cruise ship shook, as if it had been shaken by something.

Under the moonlight.

Fu Yechuan’s expression changed slightly, he took her hand and ran to the balcony.

The sea breeze was slightly cold, and she shivered from the cold, and was pushed behind the curtain by Fu Yechuan.

next second.

The door to the suite was pushed open vigorously.

A familiar voice like a poisonous snake came:

“How is it, is Shang Qian here?”

Fu Yechuan glanced at Su Nan, immediately let go of his hand, took a step back, and looked at the person who came:

“No, he might send that person back.”

“Damn, we’re a step late!”

Li Li said viciously.

Fu Yechuan’s tall figure was pulled for a long time, he walked in sloppily, closed the door of the balcony, and the voice was blocked inside:

“It’s too late to go after him now.”

The voice of Lili came faintly:

“His What about that woman? Didn’t someone see him come up with a woman?”

Fu Yechuan paused, his voice cold and gloomy:

“Come down with him, Shang Qian is not a careless person.”

Li Li cursed secretly: “After running so far, I still fluttered in the air. If it weren’t for the fact that the trash surnamed Li had a positioning device on his body, it would not have been easy for me to find this place!”

Fu Yechuan’s eyes darkened a little, and his lips pursed:

“Let’s go, go chase now, if you can chase Come on.”

Hearing the sound of footsteps getting farther and farther, the door was closed again, and Su Nan, who was hiding in the corner, breathed a sigh of relief.

Her face was pale, it turned out to be Li Li and Fu Yechuan.

Su Nan stood there, feeling his legs and feet were numb from the cold.

She breathed a sigh of relief and squatted on the ground, cold sweat oozing from her palms.

Fu Yechuan was more polite to her than stingy.

She didn’t dare to stay any longer, so she opened the balcony door and wanted to get a phone to contact Shang Qian.

But just after picking up the phone, I suddenly heard the sound of hurried footsteps outside.

She subconsciously thought it was Shang Qian.

He looked back in relief.

A woman stood there, looking at her slightly and smiling.

It seems that he is not surprised to see Su Nan in the room here.

Su Nan squinted his eyes, and his heart sank:

“Angie.”

“Hi, Annie.”

An Qi was wearing a simple outfit, mainly black, looking sassy and straightforward, but also a little indifferent.

Su Nan paused and licked his lips.

It was really unfortunate, she had a good sleep, and the disaster came from the sky?

How many terrorists are on this ship?

An Qi walked over and smiled:

“Don’t worry, I won’t hurt you, I want to invite you to be my guest.” As

she spoke, more than a dozen men in black appeared behind her.

“I don’t want to go.”

Although Su Nan felt that it was useless to struggle, but the attitude of refusal was more obvious.

Angie raised her eyebrows.

...

As soon as An Qi left, Shang Qian ran in the next second.

The room was already empty.

Shang Qian asked people to find Su Nan like a madman.

The captain staggered over and ran over:

“Mr. Shang ran quickly, the bottom of the boat was blown up, and water was pouring into it. It will sink in less than half an hour. I have already sent people to evacuate the tourists. Miss Su heard the movement just now. , maybe ran out!”

Shang Qian’s face was ugly.

wrong.

Her phone is still on the bed.

If she was going to run out, why wouldn’t she bring her phone?

He wanted to keep looking, but was desperately pulled by the captain and ran out.

Tourists also panicked and got off the boat and ran to the island.

That’s the only place to stay, which is safer than a boat.

The noisy voice panicked, and everyone ran out bloodless...

Several speedboats on the ship quietly left behind the ship.

No one noticed that in the chaos, there was one more speedboat.

Su Nan woke up in a daze, it was already the next morning.

The large room is expensively decorated.

She opened her eyes and looked at the European-style ceiling, shining with light.

He narrowed his eyes, his mind was dizzy.

Suddenly thought of something.

Shang Qian –

She opened her eyes suddenly.

The door was just pushed open.

An Qi changed her clothes and walked in. She looked at Su Nan a few times and hooked her lips:

“Annie, are you okay?”

Su Nan pursed her lips and looked at her coldly:

“Where is this place?”

“My home .”

She smiled, “Don’t worry, I won’t hurt you.”

Su Nan gritted her teeth, “What did you bring me here for? What did you bring me here? Is it the one who ordered you?”

Her heart kept sinking.

An Qi shook her head, looking at her with somewhat complicated emotions.

“I followed my brother. He was looking for you everywhere, but I didn’t expect that I found it.”

Su Nan frowned slightly, and suddenly remembered what Shang Qian said on the way here, that An Qi was gone.

But she disappeared, how could she appear in front of her?

My brain is in a mess, and it feels like my brain hurts badly!

She pursed her lips, her face really ugly.

“Do you want to imprison me, or kill me? What is the purpose of arresting me, you should let me know?”

An Qi pursed her lips, looked at her, and remained silent.

a long time.

She spoke slowly, her voice a little calm:

“I won’t hurt you, if I hurt you, some people won’t let me go.”

“Then what do you want?”

An Qi smiled , took a deep breath and looked out the window:

“I want to give it a try and bet once.”

Su Nan choked, not knowing what An Qi meant.

She sat there, her face dark and ugly.

Even though she felt that she was very strong inside.

But it has not reached the point where being kidnapped by someone anytime, anywhere becomes a commonplace, and you can still be at ease.

An Qi looked at her, "You can move freely in this manor, but you can't communicate with the outside world.

When the person who picks you up comes, you can leave."

After she finished speaking, she turned and left.

Su Nan was stunned for a moment.

So simple?

She was not imprisoned, nor tortured.

The person who picks her up?

Shang Qian?

Is she going to use herself to negotiate any conditions?

chapter 1999

Mrs. Fu also

ran out without thinking too much about Su Nan.

In a very large manor, there is a Tibetan Mastiff at the gate, which is huge and supports two of her.

Su Nan was sullen for a while, and took a step back in fright.

Dare not to be afraid of her running, because of this big dog!

The Tibetan Mastiff shouted twice, and soon an aunt came over and took him away.

She didn't even look at Su Nan.

Su Nan was stunned for a moment. Is there anyone else here?

Unfamiliar environment, unfamiliar place.

She was a little flustered.

An Qi has disappeared.

It seems that the aunt and her are the only ones left in the whole manor, and they also want the dog.

Su Nan really felt desperate for a while.

She went back and searched for a while, but couldn't find the phone.

When it was time for dinner, the aunt showed up again.

"Miss Su, please go downstairs for dinner."

Su Nan paused, "An Qi is there too?"

Auntie turned around without answering.

Although Su Nan has no appetite, it is in her best interest to be eager to understand this environment and to know herself and her enemy.

I heard someone talking downstairs.

more than one.

She quickened her pace.

When I went downstairs, I saw the people downstairs and was stunned for a moment.

"An Qi, why is she here?"

The person sitting with An Qi for dinner was Qu Qing.

Su Nan's face changed, and his mind was full of doubts.

Why is Qu Qing here?

An Qi glanced at her, then withdrew her gaze, and said indifferently,

"I invited Miss Su."

Su Nan walked over and made the opposite.

The food is not Chinese, some are like the local food of E country.

She sank a little, it seemed that this was not in country Z, but country E.

Qu Qing sneered on the opposite side:

"It's really unfortunate, I can see you everywhere."

Su Nan raised her eyes, her voice was cold:

"Mrs. Fu, should I say this?"

She was rude The rebuttal made An Qi glance at her with a twinkle in her eyes.

It seems meaningful.

Su Nan didn't pay attention to Qu Qing at all, and she felt unlucky herself. Would it be her turn to speak to an old woman who didn't like her?

Qu Qing threw down the knife and fork in a bad tone:

"I'm not in the mood, I won't eat, I'll be full when I see her!"

Su Nan smiled, picked up a piece of bread and took a bite.

Her laid-back look is even more irritating.

An Qi paused and glanced at Su Nan, not a fool, she could feel that the two were not dealing with each other.

She lowered her eyes and looked at Qu Qing with a smile:

“Mom, don’t be upset, I’ll let my aunt make it for you and send it to your room.”

Su Nan’s brows twitched when he heard the sound of “Mom”.

Very puzzled.

Qu Qing glanced at Su Nan provocatively, then stood up:

“Okay, I’ll wait, I don’t want to eat with this woman.”

Su Nan completely ignored it.

Qu Qing went upstairs by herself.

The kind of respect Angie showed her didn’t seem to be forced.

Su Nan’s eyes flashed, and a thousand thoughts ran through her mind:

“Miss Fu is here too?”

She wasn’t sure if An Qi would answer, but she asked directly.

An Qi glanced at her and lowered her eyes:

“I’m not here, she’s going to follow my brother.”

Su Nan paused, which meant that Fu Yingying went to find Lili, and Qu Qing was with An Qi.

Then Fu Yechuan, did he know all this?

This situation is so mysterious that she can’t understand it.

What role does Angie play in this?

Until the next day, when Su Nan woke up, she didn’t sleep well at night, and from time to time she could hear the sound of waves hitting the rocks.

Because An Qi didn’t ground her, Su Nan walked up to the third floor.

Standing on the balcony on the third floor, she looked into the distance, only to realize that it was surrounded by sea.

This is an island.

The area is not large, and this manor is in the middle.

Su Nan stood there in amazement, no wonder An Qi didn’t need to lock her at all.

Even if she asked Su Nan to run out by herself, she wouldn’t be able to run out.

Because she really couldn’t swim home for three days and three nights in the sea.

The most important thing now is to find a way to contact Shang Qian.
connect.

Her mind flashed, and she immediately remembered that there was another person here.

She ran out and watched Qu Qing sitting leisurely under the porch basking in the sun.

A very enjoyable look.

Angie is not here.

Su Nan walked over, thinking about how to speak.

However, Qu Qing felt someone approaching, opened her eyes, glanced at Su Nan in disgust, and left without saying a word.

Su Nan pursed her lips and said suddenly: "Fu Yechuan
is looking for you everywhere, dare to enjoy each other!

You are here to grow old, and Fu Yingying is talking about love there. Do you really think you have reached heaven?" It

suddenly became ugly:

"What do you know? If it weren't for you, Yingying and I would have ended up where we are today?

You have the guts to say that?

Why didn't the eagle kill you last time?"

Su Nan asked in surprise. She raised her eyebrows and chuckled:

"So you're locked up here too? I thought An Qi was screaming 'mother', she really treated you as a mother-in-law!"

Qu Qing's face turned red when she was told Bai, the arrogance in his heart was irritated:

"That's better than you, at least they didn't hurt me, and gave me a grandson!"

Su Nan paused, her eyes flashing a little surprised.

She knew about An Qi's pregnancy.

It's just that no one ever mentioned the child again after that.

Fu Yechuan also said that the child was not his, and then it was over.

She chuckled lightly and looked at Qu Qing:

"Oh, so you like An Qi so much, no wonder you can watch your son be threatened and indifferent."

Qu Qing's face was a bit complicated and hesitant:

"It's not what I thought, An Qi said that this is a special period. If I show up, I will definitely become a handle for others to threaten Ye Chuan."

She had a dark face, Su Nan's topic is very sensitive and suspicious.

She looked at Su Nan and sized her up:

"But why did you get caught? You have offended a lot of people, you deserve it!"

Su Nan lowered her eyes and sighed calmly:

"Mrs Fu, I'm a hostage, why do you look down on me so much?"

Qu Qing felt shameless for her cheeky attitude.

She rolled her eyes angrily.

Su Nan raised her eyes: "You can't communicate with the outside world?"

Qu Qing took a deep breath and finally understood her intention.

She chuckled lightly, her tone a little rushed:

"No, you can give up, there is no phone number for the babysitter here, I have found all the things you are looking for, don't waste your efforts, you might as well face that when you have time. Talking like a dog!"

Qu Qing had always disliked Su Nan, she pretended to be obedient and bullied during those three years, and turned her face away in a blink of an eye.

What's wrong with her training her daughter-in-law?

It was wrong for her to conceal her identity and become the eldest lady of the Su Group!

I didn't have a good impression of Su Nan. She didn't have money and couldn't see it, and when she had money, she felt that she couldn't compare.

So Qu Qing hated and resented Su Nan.

chapter 2000

Is he in the country? It

took a whole day.

The people who got off the boat were checked by Shang Qian one by one.

There is no Su Nan.

Their backgrounds also have nothing to do with Chili.

Su Nan disappeared as if the world had evaporated. The captain's people were constantly looking for people, but they found nothing.

The Shang Qian he saw in the past was warm and polite. Even if he was angry, he would not get angry in front of him.

But in just one day, he was like a different person.

The eyes were full of red blood, and the whole person was in a state of high tension.

The captain saw that he had not eaten or drunk all day and night, and walked over to persuade him:

“Mr. Shang, eat some food, if anyone can’t find it, it is very likely that he has disappeared into the sea...”

Shang Qian slammed the thing in front of him to the ground:

“Impossible.”

Su Nan was so obedient, he told her not to leave the room before he left, she would never go out by herself.

Someone deliberately blew the bottom of the boat, distracted him and the bodyguard, and took Su Nan away.

He was careless, he didn’t expect the opponent’s hand to be so fast.

However, before he came, he had clearly investigated, that Li was still in Southeast Asia, and Fu Yechuan was also in China, so it was impossible to know his whereabouts.

Who took Su Nan away?

Just thinking about it, someone weakly pushed the door and came in, coughing twice:

“Mr. Shang.”

“Mr. Li.” The captain nodded slightly and made way for him.

Shang Qian frowned and glanced at him. He was not in the mood to think about anything else. Li Suizhou’s life and life were not his concern at all.

He just made an excuse, took advantage of Li Suizhou’s boat, got what he wanted, and took Su Nan out to relax.

But the other party was clearly prepared.

He didn’t know anything.

Li Suizhou walked over and coughed with a pale face, “Is Miss Su gone?”

Shang Qian raised his head suddenly.

Li Suizhou didn’t seem surprised at all.

The captain frowned: “What does Mr. Li know?”

Li Suizhou pursed his lips, his eyes sank, looking at the fruit knife on the table, he walked over and picked it up.

The captain immediately vigilantly touched the position of the lower back.

Shang Qian squinted his eyes and watched Li Suizhou pick up the knife and slashed at his forearm.

Blood gushed instantly.

Cruel, bloody.

Shang Qian watched indifferently, but Li Suizhou took out a black positioning device the size of a grain of rice from the wound.

For a moment.

Feel the slow condensation of the atmosphere.

Shang Qian's expression changed from scrutiny to shock, and then to fury, looking at Li Suizhou coldly.

In that instant, the murderous intent gathered in his eyes was undisguised.

The captain walked over, "What is this? A locator?"

Li Suizhou nodded: "I guess it is."

"Why didn't you say it earlier!" The

captain threw it on the ground and stepped on it hard.

The device the size of a grain of rice turned red for a moment, then died and turned into powder.

Shang Qian looked up at Li Suizhou with lunar eyes:

"Whose is it?"

"Zhenli." Li Suizhou said that name, and Shang Qian's face crossed a bit of gloom.

He stood up abruptly, with a sense of oppression, his eyes were scarlet and indifferent:

"Why did you hide it, why didn't you say it earlier?"

The flesh was torn from the opponent's body.

Li Suizhou moved his lips, with a bit of guilt in his eyes, gritted his teeth, and said:

"I'm not sure that the person who came to pick me up is a good person, I want to leave a way for myself, even if it is a sharp positioning device, at least it can let my family know where I died."

As soon as Li Suizhou's voice fell, Shang Qian kicked him fiercely.

He showed no mercy at all, Li Suizhou was kicked to the ground, clutching his chest.

The already weak body has no power to fight back at all.

He didn't even have the face to fight back.

Li Suizhou clutched his lower abdomen in pain, coughed continuously, and even coughed up blood.

The captain was silent.

He looked at Shang Qian, who was as out of control as a leopard, and said,

“Mr. Shang, since you know it’s a leopard, it means that Miss Su is still alive.

The most important thing now is to find the leopard.”

Shang Qian’s dark and gloomy eyes followed Li Suizhou’s . Looking at each other, his bloodthirsty eyes were dangerous and sharp, and pointed at Li Suizhou on the ground:

“Take care of him, if you can’t find Su Nan, throw him into the sea to feed the fish.” The captain responded. , watching Shang Qian turned around and left.

He glanced sideways at Li Suizhou, shook his head, and followed.

Li Suizhou coughed in pain, his face extremely ugly.

Shang Qian made a phone call, his voice was cold and indifferent:

“Go and check the location of Lili, and whether Lili is in or not, if he digs three feet on his site, he will dig it out for me.” The

captain is behind Hearing this sentence, his face changed, and he took a few steps forward:

“Mr. Shang, will this anger him?”

Shang Qian sneered:

“I’m afraid he’s not angry enough to act cruelly!”

His eyes sank. Shen, right now, he doesn’t want to go according to any plan at all, he has to follow his own way.

Silent.

He suddenly took out his mobile phone and made a phone call:

“Fu Yechuan, are you in the country?”

...

on the small island’s manor.

Su Nan was really afraid of the Tibetan Mastiff that could eat half a pot of bones, and refused to pass by it half a step.

She wore a bucket hat and sat on the balcony on the third floor.

Watching the waves crashing on the shore, the sound is loud.

This is the highest place in the entire manor, and the railings are log color, which has become a little soft due to the infiltration of the humid environment.

There is a bush in the distance, and the garden grass and wild flowers that grow naturally in the back are blooming at will, but she doesn't know it.

She took a deep breath and wanted to feel the beauty of nature, but she really couldn't get into the state.

Anxiously, he sighed again.

He heard quiet footsteps coming from behind.

Don't think about it, it's definitely not Qu Qing.

Qu Qing's style is that before the person arrives, the scolding arrives.

"This is not bad, it used to be my father's manor, only he and I know.

Every time I come here, I feel better. An

Qi stood in front of the railing and took a deep breath.

It looked like she was in better spirits than before.

Su Nan closed her eyes, "Island owner, I also have a small island, I haven't been there yet, wait until I go back." Now, I want to make it a tourist attraction, so I can't let it go and waste money! "

Angie paused, smiled, and then looked at her with a heavy and complicated gaze.

"You're so funny, last time I said goodbye, I thought I would never have a chance to see you." "

Su Nan didn't know where she got the urge to chat with her, but she quickly regained her spirits. It

's better to chat than not to chat!

She raised her eyes, walked over, rolled up her long hair, and smiled. :

"It's not fate either, so you worked so hard to keep me here, what exactly did you do? "

Angie's eyes flashed, and she lowered her eyes:

"He will come soon, and you can leave then." "

Su Nan frowned: "Who is he?" Shang Qian? "
