

## **Divorce 1999**

### **Chapter 1999: The plan did not change quickly**

While Fang Xiao was still thinking about this, Du Caiwei had already quickly opened the door and walked in. Of course, she did not give Fang Xiao the chance to follow her out because the moment she stepped out of the door, the door was slammed shut with a bang.

Fang Xiao ran to the door, but in the end, she was hit by the nose between the doorknobs. The pain was so painful that tears rolled down her face. Fortunately, she did not get a nosebleed.

“ouch.” Fang Xiao rubbed her nose with her hand and looked at the thick wooden door. She wanted to find a crack on the door or the door frame to look outside, but she could not find it. She did not know who made this door.. There wasn't even a crack.

Du Caiwei heard that Qiu Yitang had come with the staff of the Civil Affairs Bureau. She was so happy that she immediately walked out of the small wooden house. She thought happily in her heart that she was finally going to marry Qiu Yitang She had finally fulfilled the dream of the young Madam of the Qiu family.

However, when she walked out of the small wooden house and walked towards Qiu Yitang who was gradually walking towards her, she was stunned. Because she not only saw Qiu Yitang, but also Dongfang Yunheng?

What was going on Why would Dongfang Yunheng come here Wasn't it that woman, Gu Chenchen, who had tripped Dongfang Yunheng How could Dongfang Yunheng have the time to rush here?

Could it be that Gu Chenchen, that woman, had changed her mind midway and did not carry out the mutually beneficial plan that she had agreed with her To let her work here alone?

But, that was not right Didn't Gu Chenchen also want to marry Dongfang Yunheng Could it be that she had changed her mind now and did not want to marry Dongfang Yunheng?

Actually, Du Caiwei had really wronged Gu Chenchen on this point. Compared to Du Caiwei who wanted to marry Qiu Yitang, Gu Chenchen wanted to marry Dongfang Yunheng more. This point.. Gu Chenchen's desire for Dongfang Yunheng was definitely not lower than du Caiwei's desire for Qiu Yitang.

Du Caiwei and Gu Chenchen's original plan was like this.

Gu Chenchen blocked Dongfang Yunheng and let du Caiwei kidnap Fang Xiao. Then, Gu Chenchen asked Dongfang Yunheng to take her to the hospital to delay Dongfang Yunheng's time, so that Du Caiwei had more time to kidnap Fang Xiao.

Actually, this first step was carried out very well, and the two of them cooperated very happily. That was why du Caiwei's kidnapping of Fang Xiao went so smoothly, and Dongfang Yunheng did not catch up with Fang Xiao at that time.

However, their next plan was for Gu Chenchen to quickly go to the special school to kidnap Fang Chen, and then use this opportunity to once again block Dongfang Yunheng. Thus, Dongfang Yunheng had no

choice but to think of a way to save Fang Chen As for Du Caiwei's side, it could only be Qiu Yitang who saved Fang Xiao.

Originally, the plan was flawless. Du Caiwei used Fang Xiao to blackmail Qiu Yitang into marrying her, while Gu Chenchen used Fang Chen to blackmail Dongfang Yunheng into marrying her. Thus, both of their goals were achieved. Then, their dreams could be realized As for Fang Xiao, she was, of course, alone in the end. No one could marry her. She could only be an old woman for the rest of her life. Moreover, she was a one-eyed woman.

Unfortunately, the plan did not change quickly. In fact, Gu Chenchen's actions were quite fast. After she broke up with Dongfang Yunheng at the hospital, she quickly arranged for people to go to Fang Chen's special school to kidnap Fang Chen.

### **Chapter 2000 General Manager Qiu was not a fool**

Unfortunately, the people she found were not familiar with the special school, so they had to stop for a while on the way to the special school. So when they arrived at the special school, it happened that Dongfang Yunheng went to the special school to ask Fang Chen about Fang Xiao.

Of course, they could not act under such circumstances, so they quickly reported the situation to Gu Chenchen. Gu Chenchen listened to the report of his men and did not dare to act at this time, so he quickly ordered his men to go back, saying that they would talk about it at night.

Gu Chenchen's group of people naturally listened to Gu Chenchen, so they did not kidnap Fang Chen this afternoon. Dongfang Yunheng also received Qiu Yitang's plan in the evening, so he quickly rushed to meet up with Qiu Yitang Then, he rushed to the mountains in northern Guangdong with Qiu Yitang, so he was not hindered by Gu Chenchen.

Just when Du Caiwei was stunned, Qiu Yitang and Dongfang Yunheng had quickly arrived in front of her. Looking at Du Caiwei who was standing there in a daze, Qiu Yitang frowned slightly.

"Caiwei, I've already asked the staff of the Civil Affairs Bureau to bring their seals and ID cards over," Qiu Yitang said to Du Caiwei indifferently. "Release Fang Xiao now, and then get the staff of the Civil Affairs Bureau to help us get our marriage certificate. This way, we can be considered married, and then Fang Xiao can let her go, right? "

"Release Fang Xiao at this time?" Du Caiwei couldn't help but sneer when she heard Qiu Yitang's words She said mockingly, "Yitang, I've been by your side all these years. I haven't learned anything else, but I've definitely learned how to take precautions. Do you think I'll release Fang Xiao before you and I get our marriage certificate "Once you let Fang Xiao Out, will you still marry me? "

"President Qiu isn't a fool," Dongfang Yunheng calmly took over du Caiwei's words from the side Looking at this woman who was as crazy as Gu Chenchen, he said, "if we can't be sure if Fang Xiao is safe and intact, president Qiu won't get a marriage certificate with you either. You should know this in your heart, Miss Du. "

"Haha, President Dongfang, you actually still have time to care about my marriage with Qiu Yitang," Du Caiwei said with a hint of mockery hanging on the corner of her mouth. "If I'm not wrong, Fang Chen is

probably already in Miss Gu Chenchen's hands at this moment, right "If you're not rushing over to save Fang Chen, what are you still doing here "Do you think that I'll let Fang Xiao go just because you're here? "

"Fang Chen is indeed in Chenchen's hands right now," Dongfang Yunheng replied bluntly. Then, he looked at du Caiwei coldly and said, "but since I've already come to this mountain, I can't return empty-handed, right? "

Du Caiwei was slightly stunned. She had asked this question clearly to find out if Gu Chenchen had attacked Fang Chen. This was because she had changed her cell phone number after kidnapping Fang Xiao, and the new number was only used to contact Qiu Yitang She could not remember Gu Chenchen's phone number at all. Moreover, she definitely could not call Gu Chenchen at this time.

However, she did not expect that Dongfang Yunheng would be so honest to tell her that Gu Chenchen had indeed attacked Fang Chen. From what Dongfang Yunheng had just said, it seemed that he only found out about Fang Chen's kidnapping when he arrived at the mountain area of northern Guangdong.

Dongfang Yunheng did not know that Fang Chen had been kidnapped until he arrived at the mountain area of northern Guangdong. To be precise, he only found out about it this morning. When he received Wu Jianping's call, he was already on the mountain. He had already climbed almost half of the mountain.
