

Divorce 2011

chapter 2011

The second meaning

is that the doctor comes three times a day, but Shang Qian's face is getting better and better every day, so Su Nan feels that he is getting better soon.

A week has passed.

The slight tingling in the rib has also disappeared.

Her intermittent coughing had also stopped.

Shang Qian could carry her to the wheelchair and push her.

The two stick together almost every day, inseparable.

She was able to push a wheelchair by herself, and occasionally heard loud noises in the hospital.

Somewhat hysterical.

Especially at night.

But it seems like a hallucination.

It disappeared quickly.

Listen again, there is absolutely no, it is an illusion.

Su Nan was sitting on the balcony of the ward admiring the moon, while Shang Qian was handling business affairs with a computer in the room.

While she admired the moon, she admired Shang Qian.

Shang Qian seemed to be able to sense her gaze, without raising his eyes, he chuckled lightly:

"Have you seen enough?"

Su Nan blushed, and immediately retracted his gaze and hid.

But after thinking about it, if you have a certificate, you can watch it if you want.

She looked back at him with a smile:

"Mr. Shang, you are prettier than the moon."

Shang Qian was accustomed to her occasional rainbow fart.

He smiled lightly, rubbed his eyebrows helplessly, and looked up at her:

"Do you want to sleep?"

Su Nan was still immersed in the shyness just now, and when she heard it, she thought crooked.

“I hate it, people are still sick!”

Shang Qian paused.

He frowned and laughed:

“It’s ten o’clock, I just asked you if you want to take a beauty sleep, where did you think?”

Su Nan took a deep breath.

Don’t go too far.

As long as she is not embarrassed, it is others who are embarrassed.

But right now, Shang Qian is not embarrassed, the only one who is so embarrassed is himself!

She really wanted to continue admiring the moon as if nothing had happened, but Shang Qian didn’t want to reveal the topic very much, so he walked over and stood behind her, pushed the wheelchair in, and whispered in her ear:

“Why don’t you do this now? Try it later?”

Su Nan absolutely doubted that his face was the same color as a cooked crab.

She took a deep breath, and in order to ensure that she had no distractions, she immediately and firmly rejected him:

“No, I said ‘sleep’ has no second meaning!”

Shang Qian raised his eyebrows and said nothing.

Su Nan felt that he was at a disadvantage, so he glanced at him unwillingly: “

Absolutely not!”

Shang Qian raised his eyebrows, seeing through and not saying anything:

“Oh? If you don’t have it, can I do it?”

She rubbed the side of her cheek, and the warm, quiet and cold fragrance enveloped her, as if she had fallen into a comfortable dream.

His eyes were entangled, and his kisses came overwhelmingly. He supported the armrests on both sides of her with his hands, bent over, the collar of his shirt was slightly open, and his eyes were dyed a little dark, as if he could swallow her in one bite.

Su Nan gently put his shoulders on him, and just as he was about to pick her up further, he suddenly heard a rush of movement below.

The hysterical female voice shouted again, hoarse and desperate.

At night, it was terrifying and frightening.

Completely mixed the good interest of the two people.

Su Nan pushed him away abruptly, frowned, and muttered dissatisfiedly:

“Is this a hospital or a mental hospital?”

Shang Qian didn't answer, but his eyes dimmed a little, and his thumb brushed against his lips, bringing Kind of wicked and cold.

“It's okay, I'll go take a look?”

Su Nan frowned, took his hand, and hesitated.

That bad feeling suddenly flashed past.

She didn't want him to leave.

Shang Qian paused and touched her head:

“Okay, let's go down together?”

He seemed to know what was going on with the people shouting below?

If it is an ordinary patient, is it worth him to take her down to see it in person?

Su Nan nodded with some doubts in his heart.

Shang Qian picked up the blanket on the side and put it lightly on her, afraid of freezing.

She clung to it, and it was much warmer.

Shang Qian gently pushed her wheelchair and turned it in a different direction, then went out.

Seeing the people inside come out, Lin Shen quickly lowered his head, “President Shang, ma'am.”

Shang Qian nodded and introduced to Su Nan,

“This is the person who jumped into the sea to save you, his name is Lin Shen.”

Su Nan. Nan raised his eyebrows, his eyes lit up:

“Lin Shen? Thank you for saving me.”

Lin Shen nodded, “It's President Shang's order. It's what we should do to protect you and President Shang. It's just fine for the madam.”

He was only in his early twenties, but he looked cold and determined, as if he had been tempered by life. from.

It is different from the feeling of Chang Li. Chang Li is a professional champion. Later, he followed Su Yifeng and Su Nan and completely integrated himself into their safety.

I will give Su Nan an idea, and I will also express my own opinion.

But Lin Shen in front of him gave the impression that he was loyal to someone, and he would go all the way, no matter right or wrong.

It's good that you can meet such a person.

If it is the enemy, it is a big trouble.

In just a few seconds, Su Nan's mind turned a few corners.

She smiled and looked at Lin Shen:

"Anyway, thank you very much, right?"

She looked up at Shang Qian.

Shang Qian raised his eyebrows and nodded:

"Yes, promotion and salary increase are not enough. Go back and bring your family to country Z and work hard."

Lin Shen's eyes lit up, and his face finally had some emotion.

It can be seen that the conditions given by Shang Qian are really dreamy.

"Thank you, President Shang, thank you madam."

Shang Qian smiled and pushed Su Nan onto the elevator.

The reward that should have been granted a long time ago has to wait for Su Nan to speak, isn't it just to make him appreciate Su Nan?

Su Nan naturally knew what he was thinking, smiled, and then watched him press the elevator on the second floor.

The lights below are very dim, and there is a kind of gloomy feeling.

Passing through a long corridor, to an open flat floor, there are dozens of tall and sturdy foreigners inside and out.

When they saw Shang Qian, they immediately stood up and stood there respectfully.

Su Nan was so shocked by this battle that his whole body was tense.

Shang Qian noticed it, patted her on the shoulder lightly, and explained in a low voice:

"These are the bodyguards I hired temporarily to protect us. I think I should learn from the third brother. Don't be afraid of danger, and you can do it without danger. Self-defense."

Originally, Su Nan was still very nervous, but after he explained it like this, he was relieved when he remembered how Su Qi was yelling at Xiaoguai.

The corners of her lips twitched, and she glanced at the group of people in black clothes in front of her, with an aura that made people scared at first glance!

Well worth it!

She nodded: "Yes, go out on this scale in the future!"

She was really scared.

Shang Qian: "..."

Everyone makes way for them.

The innermost room was closed, and the sound of someone screaming came from inside.

A familiar man came out.

When I got closer, it was the captain.

He walked over quickly, looked at Su Nan and nodded, then looked at Shang Qian again:

"She almost ran out just now, but she was caught and locked."

Chapter 2012

Qian darkened his eyes and nodded.

Then he lowered his head, kissed Su Nan's forehead, and said in a hoarse voice:

"Would you like to wait for me here?"

Su Nan's face changed a little, and he pursed his lips:

"The person inside is An Qi?"

Shang Qian did not deny it, that is to acquiesce to her words.

Su Nan's face suddenly became complicated.

She originally had sympathy for An Qi, especially her infatuation with Fu Yechuan, which seemed to let her see who she was.

Poor as hell.

But her development direction is not the same as her own. Her way of hurting others in her relationship makes Su Nan feel ashamed.

Especially when An Qi kept saying that she would not hurt herself, but she pushed her into the water with her backhand.

Simply tingling.

She had already obtained the result she wanted, and Fu Yechuan also chose Qu Qing according to her wishes.

Why does she need to do this?

Su Nan was puzzled.

Shang Qian said softly:

“Don’t be afraid for a while, we won’t kill her, but we have to teach her a lesson, otherwise she thinks you are easy to bully and will trouble you next time, you know?”

Su Nan looked at his dark eyes with deep There is no bottom, and I don’t know if it is because of the light, but Shang Qian in front of her gives her a dark and strange feeling.

But he moved lightly on her hair, gently pinning it behind her ear.

His smile did not reach the bottom of his eyes, like a black cold pool.

She pursed her lips, but Shang Qian didn’t let her respond and stood up.

“Open the door.”

The person next to him immediately opened the heavy semi-circular iron door.

The iron door was rusted, and there was a thumping sound.

Opening the door, the smell of blood came out.

Su Nan only glanced at it, then turned his head away with a pale face, covering his mouth, feeling nauseous and wanting to vomit.

She clenched the armrest suddenly, trying to step back.

But Shang Qian stood at the back and turned to the front again, blocking her vision.

“Baby, don’t be afraid, it’s not her blood, it’s fake.”

Su Nan was stunned, and Shang Qian handed over a mint-flavored handkerchief.

She covered her nose and frowned at him.

Shang Qian: “Do you still want to see?”

Su Nan hesitated for half a second, then shook his head.

She really doesn’t have that much mental capacity.

just forget it.

She tugged at Shang Qian’s clothes, pursed her lips and said,

“It’s also a life, you can’t be impulsive.

Although I hate her very much, maybe I can understand that her love for Fu Yechuan is so deep that she can’t stop the loss in time. It’s too bad .

But in the end, it’s also because of pity, just breathe out, don’t hurt people’s lives.”

Shang Qian looked at her quietly for a few seconds, and the corners of his lips twitched.

“Our Miss Su is really kind-hearted. Even if I give you a handful of salt, you won’t sprinkle it on her wound now, will you?”

Su Nan sighed quietly:

“If I die, no matter what I do It doesn’t matter.

But if I don’t die, I can’t take revenge for her evil, otherwise what is the difference between us and her?”

The atmosphere was quiet for a few seconds.

Shang Qian squeezed her hand, and he relaxed for a moment.

There seemed to be some light in his eyes, he stood up and greeted the captain:

“Then you wait outside for a while, I will ask a few things, and hand her over to the police in Southeast Asia?”

Su Nan nodded.

Shang Qian is really a child who can be taught!

The captain immediately stepped forward and pushed Su Nan further away.

This is underground, no sunlight can come in, the light above is dim, and there is always darkness that cannot be covered.

The captain smiled, “Is Madam feeling better? Mr. Shang has been worrying about not eating or sleeping for several days, and has been blaming himself for not leaving you. Fortunately, it is over now.”

Su Nan felt a little inwardly. Trembling.

This was the first time I heard something from someone else’s mouth in those days.

“Has Li Suizhou been sent back to China?” The captain paused.

He smiled: “Madam doesn’t know, Li Suizhou installed a positioning device on Li Suizhou’s body, and An Qi followed Li Suizhou to get on the boat, so she was able to find us so accurately and take you away.”

Su Nanyi Pausing, frowning:

“So what?”

Li Suizhou was also a victim, wouldn’t he be implicated by her?

The captain paused, “Li Suizhou knew about this, but he didn’t say anything along the way.”

Su Nan was silent for a while.

My heart is a little cold.

This result seems a little uncomfortable.

After all, they were here to save him.

Captain: "But there are a lot of Boss Shang, who said that he was hiding from us because of fear, and he is from the Z country. I have to ask your old man to show face."

Su Nan's eyelids jumped.

So much foreshadowing, what is the result?

The captain continued slowly:

"So, we found a small boat and let him go by himself. His identity documents are not complete, so he can't get on a big boat, and smuggling is risky, so whether he can return home smoothly depends on his situation. Good luck."

Ha...

Su Nan felt a little pity for this unlucky bastard.

Li Suizhou drove back by himself in a small boat. It would be a good thing if he encountered the Shanghai police, but if he encountered pirates...

It was unimaginable.

However, it is self-inflicted.

If he hadn't deliberately concealed it, he wouldn't have been taken away!

My heart is very complicated.

Just thinking about it, An Qi's cry came from inside:

"Shang Qian, it's my fault, I know I'm wrong, please give me a chance..."

Su Nan frowned slightly.

This An Qi has always been arrogant, and she has never seen her beg for mercy so humbly.

The captain was afraid that she was a little girl, and explained:

"Don't worry, President Shang ordered us. We are very gentlemen. We didn't beat her, scold her or insult her. We are all civilized people."

Su Nan gave him a strange look. , pulled the corners of her mouth:

"What kind of civilized law?"

She couldn't recall the scene just now, the cruelty of the bloody smell made her stomach churn up and down.

The captain paused, "Didn't you say that An Qi has a Tibetan Mastiff, it's scary?"

Su Nan paused slightly, flashing a bit of surprise.

It was she who casually complained about Shang Qian.

The rest, she understood all.

The blood in it is not Angel's.

"We just locked up her dog. We didn't do anything. We used a little pig's blood to create an atmosphere to scare her!" The

captain was afraid of scaring her, so he didn't say much about the rest.

After all, Shang Qian is such a precious little girl, they can't afford to pay after thinking about it.

Just give her some good leeway!

Inside the dark iron gate.

Shang Qian seemed to have changed a person, and he was enveloped in a cold chill.

Looking at the shivering man curled up in the corner.

The huge black animal was lying on the ground, panting and staring.

They didn't beat her, they didn't scold her, they didn't humiliate her.

It's just a mental torture to scare her so that she can't sleep.

An Qi's face was pale, her eyes were scattered, and she felt that she was on the verge of collapse.

But not enough.

An Qi grew up in this kind of environment, and she would be immune to some extent.

So this torture was nothing to her.

Chapter 2013

Wait another minute

Shang Qian's tone is cold, his eyes are full of gloom:

"I still don't admit it, in fact, it doesn't matter if you admit it or not, something happens to people in your hands. I can only count the pen account on your head."

An Qi covered her face and cried miserably, and she was too embarrassed to take a single blow.

"It's not me, it's really not me, let me go!"

Shang Qian chuckled, terribly cold:

"Let go of you? How can you be so cheap, unless you tell me why you have to push her into the sea?"

Feelings Is it? Because of Fu Yechuan?

No, if it was because of him, when Xing Zhi was arrested, when you left country Z, you shouldn't have left so easily.

So, what's the reason?"

His voice was soft, But every word carries a bit of playfulness.

As if he had expected the answer and just wanted to play a game with her.

If she doesn't tell the truth, she will be tortured here forever.

In two months, she will be dead.

"Fu Yechuan left a long time ago, he didn't even ask you a question, I can't move him, can I still move you?"

Shang Qian's tone was extremely cold, and his eyes were gloomy:

"Your son is going to be with him soon. Well, what a coincidence, I'm going back to China soon."

An Qi stiffened and looked up at her suddenly.

His face became extremely ugly.

She persisted, thinking that someone would come to her rescue.

No result.

Fu Yechuan left without even asking a question.

It should be wishing to die here silently, right?

In this way, no one will bother him anymore!

Tears fell uncontrollably.

She was trembling all over, and she, who had no weaknesses, had weaknesses.

"Don't touch my son, please."

Shang Qian chuckled: "I never implicate innocent people, and I don't care if your son is Fu Yechuan's, because he doesn't care about this cheap son at all, if I bully your son, maybe Fu Yechuan will also applaud.

I won't do anything to solve troublesome things for him.

But that doesn't mean I won't think about it.

So I'll ask you one last time, why are you?"

An Qi's shoulders tensed. shudder.

There was silence for a few seconds.

Then she gritted her teeth and said,

"It was me, I made people do it."

She thought that if she didn't admit it, Shang Qian couldn't do anything to her.

At least he can survive.

But what matters now is not whether she is alive or not.

Shang Qian has never been a person who can negotiate conditions.

What he wants to achieve will not give up easily.

She can bear it, but the child can't.

If the child is gone, how can she return to Fu Yechuan's side?

Shang Qian's eyes glowed with a sharp light, and he looked at her coldly, without a trace of warmth.

Full of oppression.

"Continue."

He spit out two words coldly, obviously dissatisfied with her simple and scribbled admission.

It was not his purpose to admit a fact he already knew.

An Qi took a deep breath, her voice trembling uncontrollably:

"I know that Fu Yechuan doesn't really mean my brother, he always thinks that we are people from two worlds, and he looks down on those of us who are on the gray edge

. When Nan dies, you will completely break with Fu Yechuan. He will have to rely on our power to fight against you.

At that time, he will really not be able to leave me.

I want to turn him into a person like me, so that , he has no reason to dislike me any more."

An Qi's voice became lower and lower, and the whole person lay on the ground, trembling.

She is always looking up at the man who is like a mountain.

But the man didn't even bother to look at her.

So, she could only drag him into the mud and join her in a lowly and humiliating sinking.

Shang Qian looked at her quietly, with a bit of ridicule and disdain in his dark eyes.

"More than that, you know that I will clear your brother's power in one rage. When you take over your brother's power, you can still be with Fu Yechuan and kill two birds with one stone, right?"

An Qi shook her whole body fiercely. Chilled back.

She bit her lower lip and slowly raised her head.

Shang Qian and Sven Qingjun in front of him could not see any bloodthirsty killing.

In his heart, they are completely different.

But how could he easily read people's hearts?

Whatever she didn't say, let him say it.

Nothing to hide.

Shang Qian's contemptuous eyes stabbed An Qi's eyes fiercely.

She lowered her head, her whole body tense:

"Shang Qian, I was wrong, really, I shouldn't have made Su Nan's idea."

As if he didn't hear An Qi's plea for mercy, Shang Qian hooked his lips and said in a cold tone:

"It's useless to apologize for doing something wrong. You should have expected the consequences long ago if you play tricks under my nose?"

The indifferent gaze made An Qi feel a wave of fear.

She couldn't describe Shang Qian's cruelty. Behind his well-dressed, there were countless people holding knives for him.

The next second, she was still worried and frightened.

But suddenly a strong wind hit, and before she could even react, she was pushed to the ground, her neck was strangled, and she couldn't move.

She widened her eyes and her face suddenly turned the color of pig liver.

Struggling with both feet.

The man in front of her was like someone from the Shura field, his face was dark and paranoid, and the violent flashes in his eyes made people terrified.

She slowly felt a sense of powerlessness on the verge of death, as if a trace of vitality had been taken away by life.

Her struggling movements were getting smaller and smaller, because the hand on her neck was getting harder and harder.

Can't see why Shang Qian's expression is so fickle and cold?

Is it because of Su Nan?

She is like a piece of garbage, and can die in this dark room anytime, anywhere.

For Shang Qian, it was too easy to let her disappear.

Darkness flashed in front of her eyes, and her struggles were useless, she could only hold on to the hand around her neck.

Panic, confusion, fear...

Let her mind be crushed in this stinky place.

He said he wouldn't kill her, just like An Qi who cheated Su Nan wouldn't kill her.

It's all comforting and acting.

Just before she lost consciousness.

Suddenly I heard the captain knock on the door outside,

and said, "Mr. Shang, Madam said that she can't breathe here, so she wants to go up to rest. I asked if you're done with your work?"

Perhaps it was Su Nan's words that brought Shang Qian back to his senses.

He let go of his hand suddenly, and slowly took out a tissue and wiped his fingers.

I'm afraid she'll get herself dirty.

Angie's forehead burst into blue veins, and she breathed hysterically.

It was like a puddle of mud revived.

Shang Qian's voice was gentle and terrifying:

"It's coming, let her wait patiently for another minute."

He looked at his watch, and his eyes were indifferently placed on An Qi:

"You are worthless, why don't you just cut it yourself?"

Angie's face paled in horror.

She didn't care about her physical discomfort, and said quickly:

"Don't kill me, President Shang, I can help you a lot, I'm different from my brother, let me stay, I can take my brother's power over to you."

chapter 2014

released the tiger to the mountain

Shang Qian did not have any surprises and surprises.

It seemed that An Qi's response was what he expected.

This is her last bargaining chip, handing over her hands is for a chance of survival.

An Qi looked at Shang Qian nervously, and the fingerprints on her neck were especially scary.

At this point she couldn't care about anything.

Shang Qian chuckled lightly, looking particularly gloomy in the dimly lit room.

He said casually and coldly:

"Okay, then I'll give you a chance. Let me see your sincerity."

An Qi clenched her fists tightly and closed her eyes:

"My brother didn't have a chance, the forces at home and abroad are all staring at him, he thinks he is like a fish in water, but disaster is imminent."

Shang Qian's eyes flashed, knowing what she meant, and withdrew his eyes.

Surprisingly, An Qi looked farther than Zili.

Hehe...

It's not a loss to die at the hands of his own sister.

Paused.

He turned away.

An Qi heaved a sigh of relief.

He was dripping with cold sweat.

She survived.

Shang Qian went out and glanced warmly, watching what Su Nan was saying to Lin Shen.

Lin Shen leaned down and leaned as hard as he could.

He narrowed his eyes, walked over, put his hands behind her, and said in a warm voice,

"What do you say?"

Su Nan paused, looked at him sideways, and smiled:

"What kind of job is he suitable for?"

Shang Qian glanced at Lin Shen, he stood up nervously, and his eyes flashed.

Turning the wheelchair in one direction, he smiled and said,

"Then you figured it out?"

He said while pushing away.

Su Nan responded, "Public relations department."

Shang Qian got on the elevator and raised his eyebrows, unexpectedly.

"Why?"

Su Nan glanced at Lin Shen, then at Shang Qian, and said in a low voice:

"He is good-looking, and good-looking can solve a lot of trouble."

Shang Qian: "..."

Hehe ...

Shang Qian smiled casually and did not continue the topic.

Go back to the room.

Su Nan opened his hands and said, "Carry me to bed?"

Shang Qian hummed, then bent down and hugged her easily, pinching her around her waist: "I've

lost weight.”

However, Su Nan’s eyes lit up:

“Really?”

Shang Qian almost forgot that Su Nan had to reward himself for every pound he lost.

She shook her calf and hugged his neck with a smile:

“That’s great, I heard from the third brother that in half a month, there will be a jewelry auction in China, let’s go to participate!”

Shang Qian lowered his head and kissed her Lips, loosened again, happily agreed.

“it is good.”

He put her gently on the bed, but did not loosen her waist.

Leaning down, he unbuttoned his neckline, his collarbones clear and neat.

His kiss gradually went down, kissing the side of her ear intimately, knowing that it was her most sensitive part.

really.

She originally wanted to push the evidence, but the next second she shrank in his arms, like a clingy cat.

His eyebrows and eyes were lightly dyed dark, and the corners of his mouth were hooked with a gentle arc:

“Continue?”

He teased her into a dazed state, and was still politely asking her if she wanted to continue?

Su Nan got angry and kissed his beautiful collarbone, and he froze all over.

Taking this opportunity, Su Nan gently bit his collarbone.

He gasped in pain, his voice low and hoarse:

“You murdered your husband?”

Su Nan smiled and let go, her eyes were so delicate that she couldn’t take her eyes off her:

“Let you wake up, I’m still a patient. What!”

Su Nan was about to back away as he spoke.

As a result, Shang Qian grabbed her calf.

The next second, he was back under him.

Next, he did not ask politely, but just smiled:

“Don’t worry, I have asked the doctor, as long as you don’t move much, you can’t touch your wound!”

Su Nan's face flushed red: "... .."

to ask the doctor?

Is he poisonous?

It's just that, if she persists, her physical strength is not as good as a healthy man after all.

The two tossed her to the middle of the night before taking her to the bathroom to clean.

Su Nan muttered dissatisfiedly: "Mr. Shang, to be honest, I always thought you were quite abstinent, but after all, I was blind." I

saw you wrong.

Shang Qian smiled and kissed her on the forehead:

"Don't talk about yourself like that, I only do this to you, baby.

He carried her back to the bed and said in a very soft voice beside her ear:

"Only you can Got me hooked. "

Su Nan was confused and didn't seem to hear clearly, so he fell asleep as soon as he lay down. Early in the

morning.

Shang Qian woke up quickly.

He was afraid that the sunlight would disturb Su Nan's rest, so he got out of bed immediately and closed the blackout curtain. , lightly went back and stuffed the quilt for her.

Sitting there for a few seconds, she didn't feel sleepy.

He opened the door and walked out. Lin Shen didzed off with his eyes closed in the chair. When he saw him coming out, he stood up immediately. His

face was flushed . The

ward is not soundproofed.

He knows exactly what happened last night. He

is too young to hang on his face.

Shang Qian still has traces left by Su Nan's loss of control last night on his neck. He does not hide it. Exposed.

"Send Angie away.

Lin Shen 's face was cold and solemn, and he raised his eyes.

"Send it to Lili ." "

“Yes.

Lin Shen replied, he had no room for questioning. Shang

Qian turned to go back, suddenly remembered something, and glanced at Lin Shen:

“Go to Z country first, I will let Rong Yi contact you. “

Lin Shen pursed his lips, hesitant to say anything, but nodded.

He could have returned to China with Shang Qian and his wife.

Why suddenly let him go first?

...

Su Nan got up, and started to eat breakfast after grooming.

After talking to the children, I put down the phone after the video, and suddenly felt homesick.

Su Yifeng always thought that they were on vacation outside, so he didn't want to disturb their two-person world after a few words.

After dinner, Shang Qian packed up.

Su Nan looked at the hard-working good man at home and shook his head.

He was completely different from the Shura-like person last night.

Fortunately, they did not become rivals.

She touched her neck, smiled, and looked at Shang Qian:

“Darling, will you hit me?”

Shang Qian paused, then rolled up his sleeves, revealing his well-defined forearms, and pursed his lips:

“Of course No. “

Su Nan: “If I hit you, will you fight back?”

Shang Qian looked at her with complicated eyes, wondering what she wanted to ask in her little head?

“Neither.”

Su Nan raised his eyebrows: “Thank goodness, we don't beat our own people, when will we go home?”

Shang Qian: “Are you homesick?”

Su Nan nodded.

Shang Qian's eyes darkened:

“Wait a little longer, we will go back when Zheli is caught.”

“Arrested?”

Shang Qian nodded: "President Fu is back, the plan will be implemented as usual, and I put An Qi back, it will only accelerate the failure of the stinging, and it will end soon."

He said in a warm voice, every time Every word is meaningful.

Different from just now.

Su Nan pursed her lips, a little surprised:

"You put An Qi back? Isn't that letting the tiger go back to the mountain?"

chapter 2015

My brother-in-law

, Shang Qian, heard the words, smiled and kissed her lips.

"Do you think they are good brothers and sisters with deep feelings?"

He sighed.

Not all siblings are the same as the Su family.

Most people value their own interests more.

Su Nan wondered: "But they are brothers and sisters after all!"

And they are all mixed up on the road, and they value alliances the most. How can they kill each other?

Shang Qian smiled and explained:

"An Qi has never been a simple person, she was chosen by her father and could inherit his power.

Like Xing Zhi, like Zhan Li, she was not as good as her. People who have given up.

Don't look at her now that she doesn't have any sense of existence, but she is much smarter than Xing Zhi and Lili."

He reached out and touched her hair.

Su Nan did not continue to speak, and was very confused.

She didn't want to get involved in An Qi's affairs, but she almost died in her hands, and it was really cheap for her to let her go back like this.

How nice to hand it over to the police.

Shang Qian saw what she was thinking and smiled:

"It's okay, she's more dangerous with Lili than the police. If a dog bites a dog, it's like avenging you."

Su Nan paused and did not continue. go down.

Forget it, she's fine now anyway, Shang Qian will take care of everything.

There is an inexplicable trust in him.

She nodded.

The two people in country E were relatively calm, and Shang Qian didn't deliberately tell her about domestic affairs.

Other places have been messed up into a pot of porridge.

Lili lost territory and power one after another, and suffered inexplicable blows many times.

He finally saw that someone was targeting him.

The most irritating thing is that most of the site is lost, but it is impossible to find out who did it.

The only thing to be happy about is that the money laundering project went very smoothly.

At the beginning, Lili was just a small test, and then gradually increased investment, and the trick of the white wolf with empty gloves turned out to be addictive.

Simply put, he directly put all the money into it.

Fu Yechuan knew the news and just smiled faintly.

Also relieved.

In such a big game, how could Lian Li not be fooled?

In the Fu Group's office.

Fu Yechuan sat there with a grim expression.

Chen Mian raised his eyes and looked at him. Since he brought Fu Yechuan back from abroad a week ago, his face has not looked better.

There is also no mention of what happened abroad.

He vaguely felt that it had something to do with Su Nan and Shang Qian, but he didn't dare to mention a word.

Listening to Fu Yechuan's tone, he said in a low voice,

"I see, go out."

Chen Mian pursed his lips and stood there, hesitatingly did not leave.

Fu Yechuan looked wrong, lifted his eyes, and said in a cold tone:

"Is there anything else?"

Chen Mian: "Just now, a child came and said... your son." The voice fell.

Just looking at Fu Yechuan's expressionless face turned ashen.

He looked at him with cold eyes:

“What did you say?”

Chen Mian said quickly:

“He came alone, there was no one else around, and he stayed downstairs all morning and refused to leave. The front desk felt that something was wrong, so he Let me go and have a look.

Mr. Fu, that kid, looks like you...a lot like you.”

Chen Mian said the last few words with trepidation.

If not, he wouldn't dare to take the risk and report it.

Finished.

Fu Yechuan's eyes shot at him like a cold arrow, and Chen Mian felt uncomfortable all over.

“Get out.”

He said coldly.

Chen Mian paused, nodded, and then left quickly.

When Fu Yechuan was away, Chen Mian was the acting president.

But the Fu family's surname is Fu after all, and the owner will always be Fu Yechuan.

Chen Mian left with a sad face.

A three-year-old child with beautiful features was sitting there, his eyes shining brightly at him.

Chen Mian did not open his mouth to let him in.

The child may have realized something, and lowered his eyes in disappointment, the light dimmed.

At just three years old, he learned to observe words and expressions, and he could already understand some of the reactions of adults.

He sat there with his head down and playing with his fingers without saying a word, very aggrieved, but also very silent.

Chen Mian felt a little distressed, but he sorted out his emotions and walked over with a smile:

“Little boy, where are your parents, do you remember the phone number? Uncle can call someone to pick you up.” The

child raised his head and clenched his hand tightly. little fist.

He pointed in the direction of Fu Yechuan's office and said nothing. Chen Mian frowned and coaxed patiently:

“This is our boss. He is very busy and won't see you.

You have to tell me who brought you here?”

He took out the notebook and pen, and wrote the word "Mummy" crookedly.

Chen Mian paused, "Then who is your mommy?" The

little guy's beautiful facial features were a bit tangled, and he wrote: "Angie."

Chen Mian saw it.

My heart sank slightly.

It is really the child of Fu Yechuan and An Qi.

At the beginning, Mr. Fu said at a glance that this was not his son, but now this child has beautiful features and big watery eyes that are like a copy of him.

If he said it wasn't his son, he, an outsider, wouldn't believe it.

But why did An Qi send her son over?

The point is, this poor child is still a mute!

Chen Mian's heart is really mixed.

He knew that Fu Yechuan had no feelings for An Qi at all, and he could even say that he was extremely disgusted.

But the child is innocent no matter what.

It would be cruel to throw this child out and let him live on the streets.

He paused, and could only say,

"Wait here. Whether he wants to recognize you or not, it doesn't matter what uncle said." The child retracted his hand sensitively, sat there, and stared at the door of Fu Yechuan's office.

Eyes are both anticipation and fear.

Chen Mian did not hesitate and returned to his office.

There was nothing he could do.

I just didn't expect that President Fu's first son was a mute.

Hey...

Su Group.

When Su Jin came out of the meeting, Yu Lou greeted him:

"Mr. Su, the project we cooperated with Fu Group can already be closed, but we may be detected by the relevant departments once we start, and Fu Group has already passed it on. The news, let us be short."

Because the matter was important, Yu Lou felt that something was wrong, so he told Su Jin in time.

Su Jin paused, his face indifferent.

By now, he already knew Fu Yechuan's purpose.

Coupled with the assistance of Zheng Bureau, it is not without reason that the project reached the Su family so smoothly.

He responded and looked out of the window with complicated eyes:

"What's going on in South Africa?"

Yu Lou paused, "Mr. Su, someone made a move before we did, and all the forces in South Africa were destroyed. There are very few left, and those who reported or attacked were precisely aimed at Lili.

You talked to Bureau Zheng, did he do it ahead of time?"

Su Jin chuckled: "It wasn't him, it wouldn't be Fu Yechuan, they The two will only take care of themselves, without hurting their own interests, they will not take action."

"Who would that be?"

"My brother-in-law..."

chapter 2016

When Fu Yingying appeared

, only Shang Qian would fight against any danger of trying to hurt Su Nan without any scruples.

Because Su Nan is his interest.

Su Jin paused, "In order to avoid the counterattack, we will send additional personnel to protect Su's house, and no one should approach it."

"Yes."

.....

Fu Group.

Fu Yechuan was very annoyed when he received a call from Lu Qi.

"Is something wrong?"

"Old Fu, how long have you been out for a drink? Come to the bar for a drink..."

Fu Yechuan: "I'm not free."

Lu Qi: "I heard that Auntie came back, and sister Yingying still She didn't come back, I just learned that she has returned to China, come on!"

Fu Yechuan frowned and hung up immediately.

He got up and went outside.

As soon as I went out, I didn't take a few steps.

Suddenly, there was a clack of trivial footsteps behind him.

He was stunned and looked back.

A child who was less than his knees stood there white and tender, raised his head and looked up at him, stretched out his hand and pulled his fingers, looking at him eagerly.

Fu Yechuan frowned, suddenly remembering Chen Mian's words.

That child...

He threw off the child's hand suddenly, his face showing disgust:

"Who sent you here, go back."

He still remembers the first time he saw the child It looks dark, and at first glance it is not his son.

But he was relieved.

Not his son is better.

But I didn't expect that the child standing here looked so much like him!

Not only like him, but also like An Qi.

He knew the origin of the child at once.

Unexpectedly, An Qi really delivered the child.

Isn't she at Shang Qian's place?

Shang Qian was willing to let her go?

Fu Yechuan's brows were cold and stern, and his thoughts flashed a little unpleasantly.

But in the next second, the little child took his hand tremblingly, and looked at him with caution and anticipation.

Fu Yechuan was upset, who knew if An Qi had found a child who looked like him to fool him?

He shook off the child's hand again and said in a cold tone,

"Wait here."

He went directly to Chen Mian's office.

Seeing that it was Fu Yechuan, Chen Mian stood up immediately:

"President Fu."

"Take that child to me for a paternity test."

He didn't believe An Qi.

Chen Mian paused, "Yes."

Fu Yechuan turned around and left, and Chen Mian quickly followed.

The child stood there alone, carrying a large schoolbag, low and silent.

Chen Mian followed Fu Yechuan and said in a low voice,

“Mr. Fu, he... doesn’t seem to be able to speak.”

Fu Yechuan paused.

His face changed slightly.

When he looked at the child, his eyebrows tightened slightly.

Paused.

He didn’t take another look, and walked out silently.

The child looked at him eagerly, and his two calves ran after him, but he couldn’t catch up at all.

His eyes were red and he was about to cry.

Chen Mian picked him up from behind:

“Let’s go.” The

child hugged Chen Mian’s neck sensible, holding back tears.

to a private hospital.

That was Fu Yechuan’s old friend. After the blood was drawn, the doctor looked at him and the child and smiled:

“Congratulations...”

Fu Yechuan pursed his lips and looked unhappy:

“It’s too early to say. .”

After speaking, he turned around and left, ignoring Chen Mian and the child.

The doctor looked sideways at the child and raised his eyebrows:

“Is it early? Mr. Fu’s genes are so powerful that the paternity test is unnecessary, right?”

Chen Mian smiled shyly, and when he finished drawing blood from the child, he brought left.

in the bar.

Lu Qi and several brothers had already drank a lot.

Seeing Fu Yechuan come in, everyone asked him to punish himself for three cups.

Fu Yechuan didn’t make any excuses either.

Lu Qi walked over and patted his shoulder.

There was deafening music outside. Fortunately, the sound insulation effect was good, and the noise from the outside could not be heard in the box.

“Old Fu, I heard what happened some time ago? Do you need help?”

Fu Yechuan didn't say a word

.

“I heard that my aunt came back, she wasn't scared, right?”

Fu Yechuan's eyes flashed slightly, and his face became a little darker:

“No.”

It's just that she was placed in a secret place by him, no one knew about it, and it was aggravating. manpower.

Qu Qing also knew that she was afraid, and she stopped a lot if she didn't walk out the door.

Lu Qi touched his glass lightly.

smiled.

“That's good.”

“Have you seen Fu Yingying?”

Fu Yechuan was straightforward.

Lu Qi drank it: “I see, at the airport, she was carrying a little boy around three years old by her side, and...”

“And what?”

Fu Yechuan frowned, his face ugly.

That little boy around three years old should be the one who appeared in the Fu Group.

It was Fu Yingying who brought people back?

Fu Yechuan's chest became even more stuffy and extremely cold.

“And she has a big belly herself, like four or five months old. She is pregnant, you know?”

Lu Qi whispered. After all, Fu Yingying is not married yet. If everyone knew, the Fu family's face would not be there let go.

Finished.

Fu Yechuan's face was ugly and livid to the naked eye.

A gloomy chill enveloped the whole person.

“Pregnant?”

He gritted his teeth, feeling a few uncontrollable anger in his heart.

Fiercely ...

Fu Yingying, this idiot, the brain is really gnawed by dogs!

She's pregnant with a baby boy!

He was shaking with rage.

No wonder she didn't go back to Fu's house when she returned to China.

Lu Qi pursed his lips, "I read that right, and you'd better go and find her. There is no one else around her. It's easy to have an accident when she is pregnant alone."

Fu Yechuan closed his eyes, and the whole person was shrouded in darkness.

He tried to walk up, but there was always a hand pulling him into the abyss.

"I know, thanks."

Fu Yechuan put down his wine glass, stood up, and walked away.

Another buddy saw this: "Old Fu, don't drink anymore?"

Fu Yechuan didn't answer and left.

Lu Qi smiled: "He is in charge of everything, it's not that we don't know."

As soon as Fu Yechuan went out, he took out his phone.

"Fu Yingying is back, she sent that child here, she must be nearby, look for it, look for it immediately!"

Fu Yechuan took a deep breath and lit a cigarette, trying to calm himself down.

Unfortunately, to no avail.

Early that night.

Chen Miancai called and said,

"Mr. Fu, I found Miss Fu. She lives in a small apartment under her name."

"Understood, I'll go right now."

Fu Yechuan got up from the bed, changed his clothes, his face was cold Shen pushed the door open and left.

When Fu Yingying heard the knock on the door, she ignored it.

But the knocking continued, and it was loud.

It has affected her rest.

She could only get up and open the door.

The moment she saw Fu Yechuan, her expression changed and she subconsciously wanted to close the door, but the person behind Fu Yechuan had already blocked the door.

“elder brother.....”

chapter 2017

His biological

Fu Yingying raised her head with a pale face and looked at him.

Subconsciously, she sucked on her stomach, covering her bulging belly.

But it was useless, it was too late, Fu Yechuan’s eyes caught her stomach for the first time.

It’s even more noticeable when wearing tighter pajamas.

Fu Yechuan’s eyes seemed to be on fire, and he gritted his teeth:

“Fu Yingying, you are really... stupid!”

Fu Yingying shivered, clutching her stomach, and suddenly burst into tears:

“Brother, I know I’m wrong. It’s over...”

Fu Yechuan pulled her arm with cold eyes and walked out:

“It’s impossible for the Fu family to give birth to criminal children and kill them.”

Fu Yingying trembled with fright, and she suddenly started to resist:

” No, this is my child too...”

Fu Yechuan’s face froze, holding back his anger:

“Fu Yingying, do you know how much I paid because of you?”

He glared at her with a livid face.

If it wasn’t for Fu Yingying, he wouldn’t have to compromise with Li Lian, he wouldn’t have to join that plan, and he wouldn’t have had to hurt Su Nan again and again.

He would rather, the person being hurt is himself.

All this is Fu Yingying.

But she still wanted to give birth to a son.

It’s ridiculous!

Fu Yingying sobbed while protecting her stomach:

“Brother, don’t you have a good relationship with him? He has never imprisoned me, nor has he related me, and my mother has found it, so don’t worry about the past.”

Fu Yechuan’s face suddenly changed, and he looked back at her with a tone of voice. Ji Leng:

“Then how did you come back?”

He was enveloped in a black sullenness that lingered :

“You are pregnant, will stinging make you come back?” Hearing this, Fu Yingying burst into tears.

Even more powerful.

“Brother, just because I was pregnant, he actually brought a woman to our house to steal food, and when I saw it, I came back angrily.

But... But when I came back, I took you and An Qi. My child has also been brought back!”

She wiped her tears in a panic, helpless and pitiful.

Mentioning this, Fu Yechuan was even more angry.

“You don’t take care of your own affairs. You really worry about eating radishes. Haven’t you caused enough trouble for the Fu family? Are you satisfied with the destruction of the Fu family’s family?”

He roared, his face extremely ugly.

In a fit of rage, no one dared to step forward to persuade him.

Fu Yingying was so frightened that her face turned blue and white.

“I did nothing wrong, big brother.”

“Shut up!”

Fu Yechuan scolded coldly.

He turned his head and eased his emotions, after a few seconds.

The dark eyes looked at her coldly and ruthlessly:

“Either you beat the child, I will forgive everything in the past.

Or, take your child and get away from me, I I don’t want to see you again, and you don’t want to have anything to do with the Fu family in the future!”

Fu Yingying’s face turned pale with fright.

“Brother...”

She wanted to take his arm and beg him:

“Don’t you have a good relationship with him? Haven’t you already started cooperating in business?”

Fu Yechuan shook it off . Open her, her face is terribly cold.

“What do you think?”

He said neither yes nor no.

Fu Yingying cried so hard, clutching her stomach:

“Brother, this is my child too, and...”

“You don’t know what that scum is?”

Fu Yechuan said coldly, “You How mindless is it to go looking for such a child to have a baby?”

“I didn’t expect it either, but...”

Fu Yingying was heartbroken, and she threatened Fu Yechuan again. Under the temptation, I felt really caught in a dilemma.

She and Lili really love each other!

The love and affection of the past is an indelible existence.

She has given up everything, how can she kill the child now?

Fu Yechuan’s eyes gradually filled with a strong disappointment, he shook his head, his face was cold:

“Think about it, tomorrow morning, I will have someone pick you up to the hospital.”

After speaking, he left immediately.

Fu Yingying fell to the ground crying.

Confused.

Seeing this, Chen Mian squatted down to help her up, and said politely:

“Miss Fu, this is the chance that President Fu gave you, your father and grandfather were killed by them, how can you give that How about having children?”

Fu Yingying withdrew her hand, sobbed, and looked at him coldly:

“It has nothing to do with you, don’t mind our family’s affairs.”

Chen Mian choked and paused.

“Okay, Miss Fu, there is more than one woman beside you. You are his tool to implicate President Fu. Can’t you see it?

Even if it’s not for the Fu family, it’s for your own sake. If he has something in his heart. Can you still bring a woman home?”

Fu Yingying’s face turned pale.

She stared at him, breathing quickly:

“What do you know? They are normal foreigners, it’s not illegal, it’s just a cultural difference, he has me in his heart, and when I go back after giving birth, he will It’s still mine.”

Chen Mian twitched the corners of his mouth and smiled dryly.

Then, without saying anything, he turned around and left.

There is no cure.

He followed, and Fu Yechuan had already got into the car and was waiting.

Chen Mian got into the co-pilot and pursed his lips:

“Miss Fu doesn’t want to leave Lili.”

He didn’t tell Fu Yechuan of the conversation just now.

Afraid to piss him off.

Fu Yechuan’s eyes were cold and pitch-black, like a dormant giant beast. If he was really provoked, he would eat people.

“Let’s go, let someone watch her here, and take her to the hospital in the morning tomorrow.”

Whether she wants to or not, once she gives birth to a stubborn child, there will be endless troubles.

“Yes.”

Chen Mian replied.

“By the way, Mr. Fu, when he was in the hospital, the doctor checked the child by the way.

He can’t speak, there are physiological reasons, but more psychological reasons.

He is still young, and if two specialists are consulted and a psychiatrist intervenes, there is still great hope for treatment.

As soon as he finished speaking, Fu Yechuan looked at him coldly: “

You care about him? “

Chen Mian was stunned, and immediately said,

“Because it has something to do with you.

Fu Yechuan snorted coldly, “What does it have to do with me? Before the result came out, whether he was alive or dead had nothing to do with me . After speaking ,

he leaned back again, sinking into the darkness, and closed his eyes.

He didn’t believe that this child was the same child he saw before.

An Qi must have found a child to deceive him!

It must be!

Chen Mian didn’t say anything, just sighed in his heart.

I hope so.

If the child is not Fu Yechuan’s biological son, maybe Fu Yechuan can settle him well.

If it is really his biological son, I am afraid it is better to deal with a strange child.

Because he knew that the name An Qi was a huge stain on Fu Yechuan . As soon as it was dawn ,

Chen Mian received a call from Fu Yechuan.

Listening to the sound, Fu Yechuan hadn't slept all night

.

“Do it right away . “

chapter 2018

Thank you

, Fu Yechuan is unwilling to wait even if it is delayed for a second.

Fu Yingying's stomach was like a ticking time bomb.

Once the accident happened, Fu Yingying gave birth to a child, and his Fu family was completely reduced to a joke!

He is not selfless enough to raise children for others.

“Yes.”

Chen Mian responded and immediately got up.

The phone call was made to the person guarding Fu Yingying.

“Miss Fu is at home?”

“Yes, I haven't been out.”

Chen Mian let out a slow sigh of relief.

“Okay.”

He went straight to the hospital and waited.

Fu Yingying went to the hospital obediently and didn't cry or make trouble along the way.

As if thinking about it.

After being pushed into the operating room, everyone breathed a sigh of relief.

The operation took about half an hour. Chen Mian asked them to take a rest and waited here.

When the time was almost up, he asked Fu Yechuan to come over.

But I didn't expect that, within ten minutes of advancing, there was a sudden noise of something smashing things in a panic.

Chen Mian stood up suddenly.

The doctor inside ran out, her face pale and frightened:

“Miss Fu, she...”

Before she could finish speaking, Fu Yingying stood there with her stomach outstretched, with a scalpel in her hand, and looked at them with red eyes .

Chen Mian frowned slightly, “Miss Fu...” Fu

Yingying sobbed and took a deep breath:

“I won’t kill my child. Once the child is gone, Zili really won’t come back to me.”

She gritted her teeth.

The scalpel was sharp, and no one dared to approach it easily.

The doctor was so frightened that his face turned pale just now.

Chen Mian stood there, pondering:

“Miss Fu, calm down, I will tell President Fu right away and ask him to come over and talk to you.”

Fu Yingying sneered, “I don’t care, he will only think of himself.”

She held the scalpel I ran outside, afraid that someone would be guarding by the elevator, so I ran to the stairwell and quickly escaped.

But just after she got down to the first floor, she suddenly twisted her feet, her legs became weak, she fell to the ground, and rolled down the stairs.

Bleeding down his body.

next second.

A miserable cry resounded throughout the hospital building.

Chen Mian informed Fu Yechuan of the incident, and Fu Yechuan rushed to the hospital.

After the rescue, Fu Yingying had come out of the emergency room, her face was pale and she was fainting.

The doctor stood there tremblingly:

“I’m sorry, Mr. Fu, I’m really sorry for what happened in our hospital.” After all,

she is also Fu Yechuan’s sister. They really need to be held accountable, they can’t afford it!

Fu Yechuan Nobunaga’s figure stood there, his eyes narrowed slightly, and he looked inside fixedly.

The slightly raised belly finally flattened.

His heart was like a stone falling to the ground.

“It’s okay, I have to thank you.”

He said coldly and casually.

The doctor was stunned and stood there puzzled.

Chen Mian came over after completing the formalities, glanced at the doctor, and smiled faintly.

“Mr. Fu, everything is arranged. Miss Fu needs to recuperate. Sending her to the wife just happens to be well taken care of.”

Fu Yechuan raised his eyebrows and responded.

It looks very satisfied.

The doctor hesitated, afraid that Fu Yechuan still didn't understand the situation:

“Mr. Fu, because Miss Fu's miscarriage is serious this time, she will have difficulty conceiving in the future, and she may not have any more children...”

Fu Yechuan's eyes were indifferent He looked over and said,

“Well, I see.”

After he finished speaking, he turned around and left.

Chen Mian patted the doctor on the shoulder, “Don't let Miss Fu know about this matter, otherwise it will affect her confinement recovery.”

“Yes.”

Chen Mian looked at the people in the ward and breathed a sigh of relief.

on the way back.

Fu Yechuan sat in the back and looked at the mail.

Chen Mian suddenly received a call.

What the other party said made his face change slightly.

Paused.

He thanked him and hung up.

“Mr. Fu, news from the hospital, the results of the paternity test for you and that child have come out. He... is indeed your biological son.” In an

instant.

The atmosphere in the car dropped to freezing point.

Fu Yechuan raised his head coldly and looked at him:

“Can't be wrong?”

“No.”

Chen Mian took a deep breath, feeling the pressure of death in the air.

It was suffocating.

Fu Yechuan pursed his lips, narrowed his eyes, and reached out to rub his eyebrows.

He was trying his best to suppress his irritability.

“Where’s the person?”

Chen Mian paused, “Who?”

“That child.”

“In the company’s dormitory, I asked my colleagues in the secretary department to help take care of me.”

He said in a low voice.

Before the result came out, he couldn’t arrange the child privately.

But Fu Yechuan had no intention of intervening.

It is easy to find an aunt temporarily, but if it spreads out, it will not affect Fu Yechuan well.

He knew the severity, so he didn’t dare to make his own decisions.

Fu Yechuan did not speak with a sullen face.

Thinking of the conditions with An Qi again, she raised her child like this, and wanted to stuff her by his side.

Disgusting enough.

“Mr. Fu, it’s okay to be like this, why don’t you take it back and find an aunt?”

Chen Mian asked tentatively, “Or leave it to the lady to watch?”

Fu Yechuan looked out with dark eyes.

His face was gloomy and his tone was cold:

“No need, send him to school for boarding.”

He didn’t want to see that child for a moment.

The appearance of that child will only remind him of his humiliating past.

Chen Mian hesitated, but seeing Fu Yechuan’s expression, he could only nod his head.

The child is so young, how can I live in boarding?

Fu Yechuan obviously didn’t like the child, and I’m afraid he wouldn’t even find a doctor.

Pitiful.

“Okay Mr. Fu, I will contact a good school.”

Chen Mian took a deep breath.

Back to the company.

At the same time, I had to go to work, so I naturally brought my children with me.

Just let him play by himself in an empty conference room.

The little ones were a little overwhelmed by everyone’s enthusiasm.

He looks as white and tender as a porcelain doll, and he looks so similar to Fu Yechuan. Needless to say, he knows it has something to do with him.

Everyone did not dare to neglect.

Toys, snacks on the table.

The child just sat there obediently, his eyes twinkling, looking at the gift in front of him.

Flattered.

He was nervous and careful.

He looked uneasy, not half of Fu Yechuan’s domineering and cold-hearted, and apart from his appearance, his personality didn’t resemble him at all.

Maybe no one will believe it.

No one likes him so much, not even Mommy likes him very much.

Mommy said that Daddy liked him very much, so he asked him to come to Daddy.

Daddy’s colleagues are all very nice.

He sat there a little embarrassed, and his colleagues outside took turns to come in to feed.

It may be because of the growing environment. When others are not there, he will not move the things and snacks on the table.

He just sat there, sensible and distressing.

A female colleague coaxed him for a while, let him drink some milk and some snacks, and then sighed:

“This child is really pitiful, his eyes are cautious, as if he grew up watching people’s faces since he was a child , let him sigh. It hurts to death!”

Chapter 2019

also throws me away The

female colleague also has children at home, so she is very sensitive to the children’s emotions.

She can feel it.

This child's inferiority complex and sensitivity are not what he should have at his age.

Another male colleague also echoed:

"Yes, I slept in the dormitory last night, and I was worried that I would not be able to coax him, and that he would cry, so I was prepared to stay up all night. As a

result, the child washed his face by himself. Feet, I sleep by myself, and I don't bother others. The next day I come with him and he wakes up. He's really sensible. If I had such a child, I would wake up laughing in my dreams..."

"Hahaha, You have to have a girlfriend first!"

Everyone was talking and laughing, but they didn't notice that Fu Yechuan walked in with a dark face.

He frowned, his eyes deep and cold.

Chen Mian coughed from behind.

The crowd suddenly stopped laughing.

Fu Yechuan pushed the door directly into the conference room.

The child was sitting obediently in the chair with his head lowered, and when he heard the sound, he was suddenly jolted.

He climbed down from the chair and walked silently in front of Fu Yechuan.

It's the same dress from yesterday, just a little wrinkled.

He looked at Fu Yechuan eagerly, took out the sticky notes and pens he carried with him from his pocket, and wrote stroke by stroke,

"You are my daddy."

Fu Yechuan narrowed his eyes.

did not speak.

With some sharp scrutiny.

He continued to write: "Will you throw me away too?"

He held up the post-it note, and looked at Fu Yechuan's face cautiously.

That cautious look is really unbearable.

He used "also".

Fu Yechuan's eyes flickered slightly, and there was a trace of unbearableness in his eyes, but thinking about who gave birth to this child, his heart became cold.

He looked at the child in front of him:

"What's the name?"

He vaguely remembered that An Qi seemed to have said it.

But he didn't take it to heart at all.

The child's expression relaxed, and he immediately wrote his name:

"Fu Yunche."

Fu Yechuan was slightly surprised that this child could write so many words, but after turning his head and thinking about it, he couldn't speak, so he was forced to write.

The last name is Fu.

Hehe...

Angie is really well-intentioned.

He looked at Fu Yunche with cold eyes, and his tone was cold and indifferent:

"Are you a mute?"

Fu Yunche lowered his head instantly, as if he had done something wrong, covering his eyes that were instantly red.

He stood there at a loss, with his feet together, his body tensed, as if he had accepted the pitiful gaze of others countless times, and he was ready for the next sneering words.

Fu Yechuan looked at him like this, his eyes narrowed:

"You have been living with An Qi?"

Fu Yunche raised his head and shook his head.

Fu Yechuan raised his eyebrows and did not continue to ask.

As long as he didn't follow An Qi, his attitude might be better.

It doesn't matter who you follow.

An Qi has been thinking about how to expand her power all day long, and I'm afraid she doesn't have time to take care of the children herself.

He pursed his lips and pondered for a moment.

just spoke.

"In terms of blood, we are father and son. I will not throw you away. I will arrange a place for you, as long as you are obedient enough."

Fu Yunche raised his eyes, looked at him for a few seconds, and simply nodded.

His eyes overflowed with joy and relaxation.

very nice.

Daddy didn't hate him, and he didn't want him.

Fu Yechuan didn't want to see his innocent and careful eyes anymore, as if he owed the child.

After he finished speaking, he turned around and walked out.

Xiao A Che chased after a few steps, but did not catch up, the door of the conference room was slammed shut in front of him.

He was stunned for a few seconds, then lowered his eyes again.

Chen Mian then came in and squatted down to look at him with a smile:

"Little Master, I have contacted a few schools, and I will accompany you to take a look today. Which one do you like, shall we go?"

The light in Fu Yunche's eyes dimmed.

It turned out that the good place Daddy arranged for him was school.

Same as with Mommy.

He lowered his head silently and remained silent, the whole figure seemed to be curled up in a cocoon to protect himself.

Chen Mian didn't understand why he was so lost all of a sudden.

But probably because Fu Yechuan sent him to school, he was not very happy.

He touched Fu Yunche's head and sighed:

"Fu is always your daddy, he recognizes you and won't ignore you.

But because of your mommy, he has a bit of a grudge in his heart, it takes time to accept you, I hope you can understand."

Fu Yunche slowly raised his head and looked at him.

I seem to understand something.

Chen Mian took his hand and walked out, coaxing patiently, and the child's face soon returned to normal.

in the hospital.

Fu Yingying screamed when she knew that her child was gone.

Doctors dare not approach.

Fu Yechuan didn't even want to look at it.

Taking advantage of the opportunity to change her medicine, she added some tranquilizers, so Fu Yingying didn't keep making trouble.

When she was awake, she gasped for breath and turned pale.

Chen Mian came over to take a look, and said politely,

“Miss Fu, Mrs. Fu will always have someone take you to Mrs. You can rest in peace there.”

Fu Yingying’s face was haggard and sad:

“You killed my children!

Chen Mian paused: “

Miss Fu is joking. You ran away before the operation started. The child...you fell and died.”

This sentence made Fu Yingying’s face change.

It stabbed her like a thorn.

“If you hadn’t chased me, how could I have run away!”

She cried, yelled, and vented.

Chen Mian paused, “No one is chasing you at all, Miss Fu is joking, Mr. Fu is very kind, I hope you can think about the overall situation.”

“The overall situation, why should I think about the overall situation, I even have a child. Look at his face.

When he was obsessed with that bitch Su Nan, why didn’t he think about the overall situation?”

Fu Yingying cried hysterically.

Chen Mian’s eyes narrowed, she took a few steps back, and looked at her coldly:

“Mr. Fu has given up a lot of things because of the consequences you caused, and Miss Fu should be grateful.”

After speaking, he tidied up his sleeves and pursed his lips,

“Someone will come to pick you up at night, Miss Fu is ready. “

Chen Mian left, and Fu Yingying cried a lot.

She suddenly thought of something, took out the phone and called out:

“Our child is gone...”

——Fu

Yechuan got in touch with Qu Qing, but because the place was secret, he planned to drop it off in person.

evening.

He got to the hospital.

It was quiet on the VIP floor.

The footsteps were very clear.

He stopped for a moment at Fu Yingying's door, knocked on the door, and then pushed in.

"Yingying..."

As soon as he finished speaking, he looked at a person sitting in front of the bed.

His face was cold and severe, and the whole person was a bit gloomier than before.

"When did you come?"

Fu Yechuan narrowed his eyes and looked at Lili.

Lili's face was cold and distorted.

He sat there and looked at Fu Yechuan with a wicked smile.

"Brother-in-law, you don't act righteously. Your sister is also pregnant with my child. How can you just fight?"

The planned

Fu Yechuan glanced at Fu Yingying.

Fu Yingying sat there, curled up into a ball.

Her face was pale, but she looked at Fu Yechuan with accusation and hatred in her eyes.

That moment.

Fu Yechuan understood everything.

He stared at Lili with condensed eyes, and his tone was awe-inspiring:

"To you, she is nothing more than a person who can be used. We can't all be controlled by you in the Fu family, right?"

Lili suddenly grinned.

With a bit of cruelty and brutality.

"Fu Yechuan, what do you mean? My sister gave birth to a son for you, but your sister can't give birth to me?"

Fu Yechuan looked at each other calmly: "No."

"That child, if you want to take it back, you can. "

Heard the words.

Li Lian was stunned.

His icy eyes probed into Fu Yechuan's face, and he chuckled lightly:

“You are really cruel, you don’t even like your own son, that child has never seen An Qi several times, and she was sent to school and welfare by her. You know the schools in

Southeast Asia, he has been bullied and abused a lot.

Angie found out that he was mute after his third birthday, and when he took him back, he could no longer speak.”

Fu Yechuan’s eyes narrowed slightly.

My heart tightened sharply.

The child’s eyes flicked through his mind, looking at his pitiful appearance.

Fu Yingying couldn’t help crying suddenly.

Thinking about the child that I lost makes me sick to my death.

Li Li glanced at her irritably, his eyes lacking emotion.

He looked up at Fu Yechuan, very indifferent:

“Fu Yechuan, my sister gave you her son. You have to take good care of it. If something goes wrong, we will not let you go.”

Fu Yechuan snorted lightly, his eyes calm. He went up to him :

“Zhenli, don’t think too much of yourself.”

He had endured that kind of arrogance for a long time.

Li squinted his eyes, realized something, and stood up abruptly:

“Fu Yechuan, have you manipulated my money?” All

he could think of was this.

He has been on all kinds of alerts, looking for a lot of institutions and professionals to guard against Fu Yechuan.

He shouldn’t have a chance to do anything.

But his attitude changed suddenly...

Fu Yechuan looked at him silently, with a wicked smile on the corner of his mouth:

“Guess.”

Li Li: “Don’t think that your mother and my mother-in-law are not here, you can be so arrogant. , we are already grasshoppers on a line, and it is impossible to escape.”

Fu Yechuan looked at him with deep eyes and sneered.

Turn around and leave.

He went straight to the elevator, took out the phone and called out.

“In the hospital, do it.” The

voice just fell.

Li Li, who realized that something was wrong, had already caught up:

“Fu Yechuan, I want to go to the company with you, and I want to see my money.”

He still didn't believe it.

Fu Yechuan hung up the phone lightly, put away the phone, and looked at him indifferently:

“Whatever.” The

two got off the elevator together.

Some people thought about going up and down in the middle, but looking at the two people in the elevator, they gave up their thoughts.

The bizarre aura of the two people did not deal with it.

One is tall and straight, and he is upright.

A cold and evil, full of hostility.

It seems that outsiders can't get in at all, and if they go in, they will harm innocent people and become cannon fodder.

The elevator has arrived.

Fu Yechuan went straight out.

Lillian followed behind.

But the next second.

Suddenly, a lot of bodyguards in black appeared in front of him, and surrounded him.

Li Li's face changed greatly, and he looked at him vigilantly:

“Fu Yechuan, what are you doing?” Fu Yechuan

hooked his lips and turned to look at him:

“Of course... catch you.”

His face was extremely ugly, gloomy and cold, and he stared at him stubbornly:

“Arrest me? In what capacity are you arresting me? Do you think you can have no scruples without your mother?”

Fu Yechuan narrowed his eyes, his aura was strong:

” Do you think you can threaten me by catching my relatives?

It's just that I asked you to threaten me."

After he finished speaking, his face changed a bit, his brows tightened, and he looked at Fu Yechuan, whose eyes were as deep as ink.

Suddenly my heart sank and I felt bad.

Zheng He got out of the car on the side of the road and walked over with a smile.

He patted Fu Yechuan on the shoulder:

"Mr. Fu, you've worked hard. If it wasn't for you, we would have needed a lot of work to catch Lili!"

When Lili heard this, his face was as cold as ice.

My heart is tight.

"Bastard, Fu Yechuan, how dare you betray me!"

Fu Yechuan looked at him indifferently and said nothing.

Lili excitedly wanted to step forward, but was blocked by someone.

"Where's my money? Did you swallow it?"

Fu Yechuan chuckled, with a coolness in his tone:

"Your money, it's in the treasury of country Z."

Lianli's face stiffened, and slowly stained anger.

Suddenly, he kicked the person beside him, and charged towards Fu Yechuan.

Zheng Zhang's expression tightened, and he was about to pull Fu Yechuan back.

These bodyguards are all professional, and dealing with a sting is not a problem.

But before he could meet Fu Yechuan, Fu Yechuan greeted him with a cold expression.

Fu Yechuan punched Lili's face hard, with a cold and indifferent gaze.

"Are you angry? You deserve it!"

His eyes seemed to be dyed with a fire, burning roaringly.

The repression of this period of time is about to burn his sanity.

Li Li was not easy to mess with, he knew that he had suffered a loss from Fu Yechuan, and fought hard.

The two of you were fighting with each other with one punch and one kick, but the stinging rage attacked the heart, lost an inch, and was kicked in the grass by Fu Yechuan with a roundabout kick.

He clutched his chest and gasped deeply, looking at Fu Yechuan in his eyes, wishing to kill him.

The people around quickly gathered around.

Bureau Zheng asked people to take Lili away.

At this moment, Fu Yingying realized something and ran down wearing the patient's clothes, her face pale.

"What are you doing?"

She jumped up without saying a word.

Lili turned his head and stared at her angrily:

"Bah, bitch, you and them planned to call me back and get arrested?"

What an unfamiliar white-eyed wolf, dare to harm me, wait for me to go out, I have to Kill your whole family!"

"No, no, I don't know, Brother Lili, I really don't know, what the hell is going on?"

Fu Yingying stamped her feet eagerly, ran over and grabbed Fu Yechuan's arm:

"Brother, How can you do this, he is your brother-in-law, isn't your relationship very good? Let him be let go!"

Fu Yechuan looked at her coldly, his eyes full of disappointment.

"Brother-in-law? I don't even have a younger sister, where can I get my brother-in-law?"

Fu Yingying's face froze, she stood there pale, and tears burst into her eyes instantly.

"How could you do this? Did you do it on purpose? You used me to call him on purpose?"

You used my child's life to make a trap, didn't you?"

Fu Yechuan frowned and looked at her alienatedly:

"You live After more than 20 years, I still have no brains."
