Chapter 2021

of preparing for the funeral

I don't know if it's a sarcasm or a narrative.

After Fu Yechuan finished speaking, he gave her a meaningful look.

He turned away.

Fu Yingying didn't want to let him go like this, she cried and cried and took his arm:

"Give him back to me, brother, I really like him, why can't you see me well, you have looked down on me since you were young, for An outsider bullies me, and now you are going to kill even the person I like..."

Fu Yechuan irritably shook her off, lifted her by the neckline, and looked at her fiercely:

"You like it People? Are you pretending to be stupid or being cheap? They chopped up my father, killed the old man, and arrested you and my mother to threaten me, but you are still in love with the enemy?"

Fu Yechuan gritted his teeth, his face was stern:

"I tell you, if not Mom is in their hands, do you think I'll take care of your life?"

He threw her on the ground suddenly, like a piece of garbage.

Fu Yingying's knee hurt and she sat on the ground with a pale face.

Fu Yechuan lowered his head and tidied up his sleeves:

"He will die soon. Even if you die for him, I won't care. From today on, if you want to live or die, stay away from Fu's house."

He took one more look, Both are dirty.

After that, he got into the car without hesitation.

Zheng Ju looked at the people outside, and hesitated:

"Mr. Fu, she..."

Fu Yechuan's tone was indifferent, his brows were slightly condensed:

"It's just a love-brained idiot, she doesn't know anything about Lian Li. Let her fend for herself."

Zheng Ju lowered his eyes, pondered for a few seconds, smiled and nodded.

"Okay, for the sake of President Fu, we can list her as a victim." The victim, not the accomplice.

Otherwise, Fu Yingying would also be among those arrested today.

Zheng Ju smiled:

“Mr. Fu’s contribution to the successful capture of Lianli and his black money this time is a big part of the hard work. Mr. Fu dealt with him hard, endured the humiliation, and we will always remember it.”

Fu Yechuan lowered his eyes, and there was no excess on his face. expression.

He glanced out the window, still feeling unhappy.

“It should be, after all, it is involved in the Fu Group.”

Zheng Jue nodded with a smile:

“As for the Su Group, I will make it clear to President Su in person.”

Fu Yechuan paused and looked at him:

“Zheng Ju, The forces in South Africa and Southeast Asia have not been completely destroyed, why did they close the net so quickly?”

Zheng Ju was stunned, smiled, and said meaningfully:

“It is the responsibility of the United Nations to combat terrorist forces, and we are involved too much, It will cause unnecessary disputes and misunderstandings.

Our original purpose was Shang Qian’s arms base, and now the power in South Africa has basically been removed, and Shang Qian has also handed over the core weapons of the arms base to the government. The purpose has been achieved.”

Wen Yan.

Fu Yechuan’s face froze slightly:

“Shang Qian gave all the core secrets to the government?”

“Yeah, Shang Qian is a businessman who knows the general situation, not only those weapons, but also the experts in the research room were sent to the government. When they came over, most of them agreed to stay and serve the country, which is something that can be met but not sought after.”

Zheng Ju smiled with a smile on his face:

“So we quickly solved the problem, so that Shang Qian and his wife would return home safely.” The words

came out.

He realized that there was something wrong with Fu Yechuan’s face next to him.

Suddenly thought of Shang Qian’s wife, isn’t it Fu Yechuan’s ex-wife?

Can he be happy when he mentions someone who shouldn’t be mentioned?

Suddenly, Bureau Zheng changed the topic with a smile:

“Yechuan, we still have a very good project here. We plan to leave it to the Fu Group instead of public bidding.”

This is also a public thank you to Fu Yechuan.

Fu Yechuan nodded lightly:

“Then I would like to thank Bureau Zheng.”

“Yes, yes.”

Fu Yechuan was a businessman with a relatively clean background, so that was why they chose him.

On the way back, Fu Yechuan didn't say a word.

His face was gloomy but calm.

He didn't expect Shang Qian to let go of a piece of fat so easily.

He didn't even expect that he would use this piece of fat to please his superiors.

The original plan was to wait until the fortified site was fully settled and caught, and a series of people in the back would surface.

At that time, it will not be an enemy.

The Su family entered the chess game, but the Zheng bureau would find a way to protect it.

But the above will not protect Shang Qian, the foreign businessman.

Therefore, he will show his feet in the whole plan, and fight with Zheli, or at least his vitality will be greatly damaged.

In the end, why did he suddenly make a move, and began to target the forces of Zili, and pulled them out with lightning speed.

too fast.

Unbelievably fast.

This also made him secretly startled, indicating that Shang Qian's ability was not as simple as he saw it.

Suddenly.

He thought of Su Nan.

Was it her injury that made Shang Qian impatiently vigilant?

The plan seems to have ended perfectly.

But none of his goals were achieved.

Although Lili was caught, there was still An Qi.

Not what is failure?

Fu Yechuan closed his eyes impatiently, loosened his neckline, and his face was tense and ugly.

It was he who underestimated the enemy.

Bureau Zheng returned with Lili, and Fu Yechuan also returned to the Fu Group.

Chen Mian hurried back with sweat on his face.

“Mr. Fu, I’ve already found the school, it’s just...”

“Get ready, the old man’s funeral should be held someday.”

Fu Yechuan interrupted him.

Chen Mian was stunned: “A funeral is going to be held?”

Fu Yechuan responded.

Lili was caught.

On the surface, they have won.

You don’t have to keep your ears open and stealing bells.

Mr. Fu is also a prominent figure in City A, so it is impossible for him to be buried so silently.

Chen Mian nodded solemnly:

“Yes, I’ll do it right away.”

He turned around and left. As soon as he went out, he remembered and forgot to tell Fu Yechuan which school Fu Yunche was assigned to.

But he didn’t seem to care.

Suddenly.

The phone on the table suddenly rang.

Caller ID is not displayed.

He looked at it and picked it up.

Did not speak in advance.

On the phone, An Qi’s familiar voice came:

“Yechuan, are you satisfied with the gift I gave you?”

Fu Yechuan’s face instantly stiffened.

“Angie?”

An Qi smiled: “I was busy for a long time before I made time to call you, take good care of our son, and...you should thank me for taking your sister, My brother and I gave it to you.”

Fu Yechuan's face was ashen, his heart trembled fiercely.

"What did you say?"

he asked, but his mind was spinning quickly.

It was because of Fu Yingying that Lili appeared.

But why did Fu Yingying appear?

Because I saw Lili with a woman?

Do not.

Was that what An Qi deliberately let Fu Yingying see?

His heart was cold and gloomy:

"You arranged it?"

An Qi laughed softly: "It's just a small gift for you, you're welcome, isn't your purpose to arrest my brother?"

You should be very satisfied, right?"

Chapter 2022

You think so beautiful

. I don't know why, but when he heard An Qi's words, he felt inexplicably that something was wrong.

It seems that something is about to break out of the ground.

That feeling is the pleasure that can't be brought by being caught in the net.

what exactly is it?

Fu Yechuan calmed himself down.

He didn't speak.

Angie didn't mind either.

Her voice was light, with a bit of cruelty and warmth:

"I can let anyone die for you, but why can't you see my heart for you?"

Fu Yechuan: "Are you sick? An

Qi clicked his tongue:

"This time is different from the past. There is no more strife in this world, but An Qi will always be there."

She smiled and hung up the phone.

Fu Yechuan looked at the darkened screen, his face stiff and cold.

There is always a bad feeling.

When Shang Qian put An Qi back, did he make a deal?

He was on the boat at the time and wanted to kill her.

How could you let her go?

What made Shang Qian let An Qi go?

If he can know the answer, then all the problems will be answered.

Fu Yechuan threw the phone angrily, his face gloomy and ugly.

Really haunted.

Father Fu's funeral is scheduled for the end of this month.

Chen Mian's preparation was very grand, and it was also in line with Mr. Fu's preferences during his lifetime.

Su Nan and Shang Qian received a call from Su Yifeng and got on the plane ahead of time.

Mr. Fu's reputation in the shopping mall is very high.

If they don't show up, there's nothing to say.

What's more, the relationship between the two is attracting attention, and the absence of it will cause unnecessary speculation from the outside world.

So Su Nan must go back.

Shang Qian packed all the things she bought in the past few days and brought them home.

Fortunately, it is a private jet, otherwise it will be noticed again.

When Su Nan returned home, the housekeeper's uncle couldn't close his mouth with joy.

"Have you forgotten that you have a daughter when you go out to play?"

Su Nan was still very happy even though he was being scolded.

She took Shang Qian's hand and walked up the steps, smiled and looked back at the housekeeper's uncle:

"Tell me that the children must think of me eight hundred times a day!" The housekeeper's uncle laughed angrily: "You think beautifully!"

Shang Qian chuckled lightly, and let people bring in all the gifts that were prepared.

Su Jin just went downstairs after talking with Su Yifeng, and was stunned when he saw this scene.

Raised eyebrows.

Shang Qian nodded, "Dad, brother, we're back."

Su Yifeng nodded happily, "I just talked about you, you arrived early."

Su Nan smiled and walked over and hugged him:

"Because I miss you so much . It 's over!"

Su Yifeng knew her rhetoric, but she couldn't help but be elated:

"I believe in you!"

Su Nan smiled.

Su Jin raised his eyes with the silver frame and looked at Shang Qian below.

The two exchanged glances and understood everything.

Shang Qian's actions are nothing but apologetic.

Only Su Jin knew about Su Nan's injury.

He didn't tell Su Yifeng, Shang Qian felt like he had escaped a catastrophe.

Naturally, I have to thank my brother-in-law.

Su Nan ran to the toy room and said that the children were really immersed in the world with children Su Lin and couldn't help themselves.

She ran over, hugged, talked about the little girl, and gave her a few kisses.

Talking about the child frowning and leaning back:

"Mommy, don't..."

Her grandmother's small voice almost melted Su Nan's heart.

Su Nan ignored the last two words she said and looked at her in surprise:

"Let's say the children will be called Mommy?" Said the

children looked at Su Nan without surprise and joy, and continued to pull brother Su Lin. hand playing game.

Su Lin obediently called out "Auntie", and Su Nan couldn't bear to leave him in the cold.

She hugged him and kissed him a few times before letting go.

Su Lin wiped her face and sighed softly.

Powerless rejection, powerless acceptance.

Aunt Su Nan's enthusiasm was just like the teachers and aunts he met outside.

He's used to it.

The servant who came to take care of them came in and nodded with a smile:

“Miss is back.”

Su Nan replied, “Tell me you will call Mommy, when will you be?”

The servant smiled and said, “In the past two days, President Shang called us and told us, let’s start teaching how to talk and talk, saying that we want to give you a surprise.

I’ve only seen men who want their children first . I’ve never seen President Shang so considerate.”

Su Nan paused, it turned out to be a surprise prepared by Shang Qian?

Really, the best gift she’s ever received.

The servant walked over and looked at Su Lin with a smile:

“Little Master, your mum has called, can you go take a call?”

Su Lin nodded when she heard the words.

Then he let go and talked about the children, and happily ran out.

Lonely said that the child watched his brother leave in disappointment.

Su Nan picked her up and sighed,

“Let’s talk about being steady and dignified, and don’t be alarmed. He really does big things!” The servant was stunned and didn’t know how to answer.

Shang Qian did not know when he stood at the door.

Hearing her words, I couldn’t help laughing.

He coughed and eased his emotions:

“I don’t know if she will do something big, but I know that my wife does something big!”

Su Nan raised her eyebrows and looked at the person in her arms when she saw Shang Qian, He clapped his little hands happily:

“Daddy...”

Shang Qian walked over with a smile and took his baby daughter over:

“Tell me about the little boy, he has gained weight again!” The

little boy nodded happily. , stretched out his fleshy little arm:

“Strong!”

Su Nan watched the two of them get close, without any jealousy.

Originally speaking, Shang Qian spent more time taking care of her after she was born.

Therefore, it is normal to talk about relying more on Shang Qian.

Shang Qian smiled and put the talking child on the ground.

“Let’s go, the third brother is here with Zhi and is clamoring to see you.”

He reached out and took Su Nan’s hand and walked out.

Su Nan was surprised and delighted. She was abroad during this time, and she really missed Ning Zhi so much.

Just two steps away, he suddenly thought of his daughter.

Said that the children were waving two small arms like lotus roots and following them step by step.

Although it is still not stable, it is completely able to walk on its own.

Su Nan glanced in admiration:

“Genius, really genius.”

Shang Qian looked at her, and then looked at the children:

“It’s all inherited from your high IQ, I heard from my father that when you were young, I’ll be walking in only two or three months...”

Su Nan heard the words.

Some embarrassed smile.

“That’s all rumors, you can’t believe them.” It

was all Su Qi, in order to cover up the fact that he accidentally dropped her while he was taking care of her.

So he made up this thing to deceive Su Yifeng.

Su Yifeng actually believed it.

This incident was said by Su Qi once when he drank too much. At that time, he felt heartbroken and was beaten severely by Su Nan.

The two went downstairs without even talking about the children.

Chapter 2023

The private space

carpet is thick, and the sharp parts are covered with a soft protective layer, so there is no need to worry about her falling and hurting.

It is said that there is a tenacity in the bones of children.

She followed Daddy and Mommy without crying or making trouble, climbing the stairs one by one, steadily.

Su Yifeng glared at the two people in front of him, ran over and hugged Shuo Shuai in his arms:

“We talk about it is really good, it’s a genius to be able to climb stairs at such a young age!”

Shang Qian paused, thinking that, Familiar!

Ning Zhi ran in and hugged Su Nan happily.

“You’re finally back, it’s too sudden for you to go on vacation, I don’t even know!” It was indeed sudden.

Su Nan smiled, but some things couldn’t be said clearly.

“Isn’t this a private space for you and the third brother?”

Su Qi sat on the sofa in the living room, looking up lazily.

“You think about the two-person world yourself, and use us as an excuse. I’m really wronged!”

Ning Zhi tutted, and Su Qi consciously shut up.

Su Nan smiled, he really deserved it.

Everyone is there, it’s not Su Nan’s turn to look at the children.

So I went to drink tea with Ning Zhi in the flower room outside.

Ning Zhiliu was arranging the tablecloth with his head down there. Hearing Su Nan approaching, he sighed:

“I haven’t returned to China for almost a month, and nothing happened, right?”

“Miss Su is well-informed. Me?”

Ning Zhi shook his head and smiled.

Su Nan pursed his lips:

“Rehabilitation abroad, Shang Qian always picked up good news and said that I didn’t notice it for a while, I was wrapped in his sugar-coated cannonballs, and all I heard was filtered news.”

Ning Zhi stiffened and turned to look at her. , with a look of astonishment on her face:

“Recuperate? Are you injured?”

She took a step forward, her eyes full of surprise and worry.

Su Nan smiled, “It’s all healed, it’s just a minor injury, don’t talk about it, let my dad know and worry again.”

Ning Zhiliu frowned slightly:

“Why is this happening? Didn’t you go on vacation? How can you be injured?”

Su Nan raised his eyebrows: "Isn't it because of those bad things? Don't worry now, Li Li has already been arrested."

Ning Zhi fell silent.

Su Nan quickly changed the subject: "Is everything going well with Qin Yu? I am most worried about her."

Ning Zhi rolled her eyes at her:

"It's not going well, it's not like you don't know her temper, how could those people be caught Can she hold it?"

And...she is pregnant, Shen Liang wants her to come back, but she refuses, saying that she would rather not have children, and she will never come back."

Su Nan paused and followed in his heart . sink.

This is really Miss Qin's bad temper.

Be strong and not admit defeat.

But it's also easy to hurt.

She sighed and sat aside:

"I'll go take a look when the company goes there for a business trip in a few days."

"I don't know how to persuade me. I want both my children and my career, but it's really conflicting now, Qin Yu. I haven't got a firm foothold yet, and I have fallen several times as soon as I left, and everyone is waiting to see the joke."

Su Nan nodded and smiled:

"I'll see if you have time, let's go together?"

"Okay."

Ning Zhi agreed.

She lowered her head and took a sip of rose water, suddenly remembered something, and turned her head to look at her:

"You know what? The most powerful news that has been spread recently is that An Qi and Fu Yechuan's son have arrived by Fu Yechuan's side.

But An Qi is not here. The son was thrown over to occupy a seat?"

Su Nan glanced at her calmly and shook her head.

She didn't understand what An Qi was thinking at all.

If she understood, she would not be trapped in her hands.

Thinking of this incident, Su Nan responded with lingering fears.

Ning Zhi didn't know about it, and continued to gossip with Su Nan:

"The famous ladies in the circle were all jealous of Mrs. Fu Yechuan's position before, but now when my son comes out, there are more than half of them."

Su Nan smiled indifferently. .

I feel a little bit wanting to laugh.

Ning Zhiliao leaned forward: "I heard that Fu Yechuan's son is a mute."

Su Nan finally stiffened, slightly shocked.

Ning Zhi sighed:

"Fu Yechuan doesn't care much about this son, he didn't show up with him, and he didn't let him live at home.

Instead, he found a boarding school and threw it there, which is really pitiful

. Fu Yechuan's father, her brother killed Mr. Fu, and used his mother and sister to blackmail him. Fu Yechuan is now forced to recognize his son, which is extremely miserable.

If it were me, I don't know how To this son who came out of nowhere." The son is innocent.

But son fuck, it's really outrageous.

It would be really shocking if Fu Yechuan could accept it peacefully.

Su Nan paused and pursed his lips:

"Master Fu's funeral is at the end of the month, and there are still a few days left. I'm thinking about whether Shang Qian should go?"

Ning Zhi also thought about it.

In terms of the identities of Shang Qian and Fu Yechuan, it is indeed embarrassing.

It makes sense for her to be present as the Su family.

But as soon as Shang Qian went, he was afraid that Fu Yechuan would attack on the spot, and it would not end well, and everyone's faces would be ugly.

The two thought about it for a while, but to no avail.

Su Nan sighed:

"Mr. Fu was also a famous person back then. It's a pity that he just disappeared."

But it's just a pity.

When she married into Fu's family, Mr. Fu's dissatisfaction and making things difficult for her, she couldn't forget it.

Fortunately it's over.

When it was almost noon, Wen Xiang came.

Everyone had a very pleasant meal.

But after the meal, Su Yifeng handed Shang Qian over to the study.

Didn't come down for half a day.

Su Nan waited absently below.

She was not in the mood to talk about children holding toys for her to play with.

So it is said that the children can only go to their brother to play again.

Wen Xiang came back from the phone call and looked at Su Jin:

"Are you really going to send your son to a boarding school?"

Su Jin raised his eyebrows, "Didn't we all discuss it? At his age, he can just cultivate a sense of independence."

"That will make him think we don't love him."

Su Jin smiled, "No, we will talk to the school, pick them up once every two days, and only three days next year, so that gives him a buffer time."

Su Nan Her eyes widened, "Boarding school? How old is Su Lin?"

Wen Xiang sighed and rubbed her brows:

"I thought so too, but your brother insisted on doing this!"

Su Nan looked at Su Jin and twisted Mei:

"Brother..."

Su Jin explained patiently:

"Both Wen Xiang and I are very busy, even if I stay with my father, he can't let Su Lin learn more, so it's better to leave it to him. A servant, nanny, governess, might as well let him integrate into the collective life."

Su Nan frowned, it sounded quite reasonable.

Seeing that she was shaken, Su Jin paused:

"Actually, you can go now, just to be a companion!"

Su Nan was taken aback.

Wen Xiang, who has always been elegant and reserved, couldn't help but rolled her eyes speechlessly.

Chapter 2024

, Shang Qian, who was walking downstairs, was very straightforward. He heard it and said with a smile:
“Brother, if you can’t even walk steadily, you will be sent back when you go, or Wait another two years.”

Su Jin raised his eyebrows, “Alright, but Dad will follow Su Lin for a few days to let him get used to it before leaving.”

Shang Qian nodded: “Dad is the backbone.”

If he has Thinking sighed.

Poor talk!

Su Nan walked over quickly:

“Just now in the study, what did Dad say?”

Shang Qian looked at her with a smile, his eyebrows were as tender as jade, with a light reflection:

“Guess what?”

He looked calm and calm. , so that Su Nan could not guess what he was thinking.

She pursed her lips and squeezed lightly on his waist.

Shang Qian pursed his lips, lowered his head and whispered in her ear,

“Want to murder your husband?”

His voice penetrated Su Nan’s heart like an electric current.

She raised her hand and hugged his waist with a smile:

“You still want me to kill you?” The

two looked at each other with a tacit understanding and smiled.

Su Jin coughed casually there, insisting on interrupting their charming atmosphere.

Wen Xiang smiled, rolled his eyes at him, turned around and went to coax her son.

Su Lin’s child is accustomed to going to school.

Anyway, he had already finished the third grade of elementary school when others went to kindergarten, so Su Jin’s strictness was acceptable to him.

It’s just that he really misses his mother.

in a few days.

Shang Qian and Su Nan talked about the children, and went with Su Jin and Wen Xiang to send Su Lin to school.

Along the way, what Su Jin comforted was not his son.

On the contrary, it was Wen Xiang who was reluctant to bear Su Lin.

Wen Xiang sat in the back with red eyes, while Su Jin softly persuaded her to coax her.

Little Su Lin sighed, she couldn't listen anymore, and looked back at them from the co-pilot:

"Mummy, it's not you who went to school, it's me who should be crying!"

Wen Xiang wiped her tears :

"Mummy can't bear you. You are the youngest in the class. If you are bullied, you must tell Mommy."

"Okay Mommy."

Su Jin smiled, put his arms around her shoulders, and whispered He smiled and said,

"It's not that I live on campus there. It's fine to go home every day. Should I let you get used to it first?"

How could Wen Xiang not see his joke, glared at him and sniffed: "Go away, if my baby is wronged in school, I will never let you go." Su Jin nodded again and again : "I know, I have already said hello to the teacher. I have investigated the characters and backgrounds of the classmates in the class. They are all very kind and cheerful children and will not bully him." Wen Xiang pursed her lips, "This is It's almost." Knowing that Su Jin was careful, she was relieved. Su Jin's plans for Su Lin are relatively long-term.

Although it sounds a bit inhumane, it is all out of cultivating and nurturing Su Lin, and it is also the best choice.

Otherwise, she would not have nodded in agreement so easily.

She grew up in this circle herself, and she knew very well that a rich second-generation messing around had no prospects.

It looks ridiculous and pitiful in the eyes of outsiders, and even more so in my own eyes.

What she wants is not a gifted son, but a healthy and happy child.

But foolish shit is not happiness.

Su Jin smiled and wiped her tears, and said softly,

"Don't worry, no one dares to bully your son. Didn't we donate a building to the school?"

His old father was already diligent enough to do both hard and soft.

He smiled and looked at Su Lin:

"Angry, although you can study anywhere, I asked you to go to school to learn how to deal with people. When I say next year that my sister is a little older, I will ask my aunt to take her as well. Send it in, just in time to accompany you!"

Su Lin nodded immediately.

He likes to play with talking children, after all talking children listen to him very much.

to school.

Su Nan looked at the magnificent school in front of him and shook his head.

I don't know, which aristocratic school in the West did you think it was?

It is surrounded by mountains and rivers, away from the hustle and bustle of the city, like an outdoor Taoyuan.

Shang Qian was napping on his shoulder and talking about the child getting off the bus, looking at the school in front of him, his face was a little serious.

Su Nan frowned and looked at Su Jin who was satisfied:

"Brother, are you sure you want to send Su Lin here?"

Su Jin glanced at her as if nothing had happened, threw away a warning look, and said in a low voice:

"Don't make trouble."

Su Nan: "..."

Shang Qian smiled, approached Su Nan, and said:

"Don't worry, children are very adaptable, and Mike lived in the boarding school very early."

Su Nan frowned slightly.

Sighed.

The more so.

The more she felt that she was living a happier life.

Fortunately, when the Su family had no money, they could not attend such a school.

Saying that he just woke up, lying on Shang Qian's shoulder and spitting bubbles in a daze.

I didn't know that Su Jin even arranged for her.

When everyone got off the bus, the principal and teachers of the school came out.

Everyone circled around Su Lin and was very happy to let them in.

Said that the children saw so much excitement and followed suit.

Su Nan and Shang Qian held her with one hand, and she looked around happily, wishing she could jump up.

Shang Qian was tall, and in order to make the children play more comfortable, he deliberately tilted his body, which was very tiring, but obviously he enjoyed it.

The principal on the side looked at and said that the children were so interested in the school, and then said,

"If Miss Shang also wants to stay, our school can offer special courses and customize the corresponding enlightenment classes for children of this age."

Su Nan was slightly taken aback.

Su Lin looked expectantly and talked about the little friend, it would be great if she could stay as a company.

Su Jin nodded gratified and agreed with the principal's words.

Only Shang Qian frowned slightly, adjusted his expression, and said with a small smile:

"No need, she is too young to be inseparable from us." The

euphemistic rejection was obvious, and the principal was no longer reluctant.

Su Jin glanced at Shang Qian meaningfully, with a bit of disgust.

It's clear that Shang Qian can't do without talking about children!

Everyone continues to walk forward, it is a very beautiful garden, and the plants in the garden are very beautiful and beautiful.

Like a miniature amusement park, even the ground is soft to step on.

Said that the child fell into it all at once, broke free from Shang Qian and Su Nan's hands, and ran in happily.

Su Lin paused, then chased after him.

The principal smiled:

"Let them play for a while. It's very safe here. I'll take you to see Su Lin's class and classroom?"

Su Jin nodded calmly, and followed Wen Xiang.

Because it was not far away, Su Nan and Shang Qian also safely left Shuo Shuo and Su Lin behind.

Talk about rolling in with a running belt.

I accidentally bumped into a classmate.

She was ignorantly rubbing her head as if she had done something wrong.

Look at the child who was hit by himself on the ground.

Silence for a while.

Chapter 2025

He knew her

and said that the little girl didn't cry. She got up from the ground with difficulty and wanted to drag the beautiful little brother up.

But the little brother's hands were broken, but he remained silent.

When Su Lin ran over, she patted and talked about the child's skirt, and then went to see the person opposite.

“I’m sorry, my sister didn’t do it on purpose. She’s not very sensible, are you alright?”

Su Lin helped the little brother across from him.

The little boy is very beautiful, with a mixed-race look, and he is white and tender and very gentle.

Also very introverted.

He looked at Su Lin, looked at him again, and pursed his lips.

A soft and waxy little girl who looks beautiful and delicate, like a cute little princess.

He couldn’t help but take a few more glances.

shook his head.

Then he rubbed his bruised hand casually on his body and turned to leave.

Su Lin took his hand:

“You are injured, shall I ask my daddy to help you?” The

little boy shook his head and withdrew his hand.

Su Lin thought he was speechless from the pain, so she pulled him and didn’t let him go.

She went to look anxiously and said,

“Sister follow me.”

Su Lin took him to the fountain in the center of the garden.

The small fountain was dripping with water, delicate and beautiful. The shallow water fell on the ground, and the children who came over said that the eyes of the children were bright.

Su Lin went to the water’s edge to help the little boy wash his hands before drying him with his own handkerchief.

Apologize to him solemnly:

“I’m sorry, my sister won’t apologize, I’ll say it for her.” The

little boy stared at him blankly for a while, then shook his head.

It seems to be saying it’s okay.

But Su Lin couldn’t understand it, and he anxiously wanted to explain something.

The little boy took out a pen and paper from his pocket, and slowly wrote: “It’s okay.”

Su Lin was a little stunned.

He doesn’t speak but writes, not because he doesn’t forgive them, but because he can’t speak?

But Wen Xiang taught him to be polite with children.

He smiled and took the little boy's hand:

"What's your name? My name is Su Lin, and we will be classmates from now on." The little boy's eyes brightened, and he lowered his head restrainedly.

He wrote his name on the paper and showed it to Su Lin.

"Fu Yunche."

Su Lin said softly.

If it wasn't for the fact that he was surrounded by various tutors since he was a child, he would not necessarily know these words.

He smiled and said, "Then we are friends." It went straight from classmates to friends.

Fu Yunche was obviously very happy. He said that the children had already sat on the steps next to the fountain and were happily playing with water.

Su Lin also I didn't forget to introduce my sister:

"This is my sister, talk about my sister. "

Fu Yunche nodded, walked over and sat next to the little girl talking about her, looking at her without blinking. The little girl was cute and beautiful, he had never seen such a beautiful sister.

Su Lin sat on the other side of the conversation and helped her pull up her wet skirt.

Talking about the little friend looked at Fu Yunche with a smile, her eyes were crooked like the moon, she smiled and touched his face, but little Fu Yunche didn't dare to move.

She also wanted to kiss him.

However, Su Lin stopped her in time and explained patiently:

"He's not your daddy, don't admit the wrong person."

After Su Jin and the others finished talking, they couldn't see the child in the blink of an eye.

Shang Qian frowned and stood up, looking in the direction of the flower bed.

The principal quickly appeased them:

"Maybe I went to play in the water. The small fountain over there is very interesting. It is a small fountain designed by a famous designer in the world. The students like it very much..."

" Before finishing speaking, Shang Qian impatiently got up to look for it.

Su Jin clicked his tongue in the back, looked at Su Nan

and said, "Just tie the talk to him, I can't bear to send it to school, and I can't bear it after I haven't seen it for a few minutes..."

Su Nan tutted With a sigh, "Brother, this is the reaction that my father should have."

Su Jin choked.

Wen Xiang snorted lightly, looked at Su Jin indifferently, and silently complained of her dissatisfaction.

Su Jin smiled lightly and said nothing.

Su Nan raised his eyes and looked at Shang Qian's anxious pace, and turned around a few times inside.

She frowned slightly and stood up:

"I'll go take a look too."

Maybe it was because she had encountered too many dangers before, and she had lingering fears, so she suddenly thought of a bad direction.

I don't know if Shang Qian is the same as her.

But as soon as she approached, she heard Shang Qian's gentle and gentle voice:

"The princess dress we talked about is all wet, are you having fun?"

She breathed a sigh of relief and walked over.

The scenery in the middle of the garden is very unique, and it is carefully designed at first glance, similar to a maze, but also very attractive.

The sound of the small fountain falling on the ground was very pleasant.

It is a small fountain of flowing water with an S-shaped curve. The water flow is not large or deep. It will only form a thin layer of water when it falls on the ground, and then it will seep down.

Talking about the child being surrounded by two little brothers, he looked happy.

Shang Qian squatted down and grabbed the water on her skirt before picking her up.

"Are you happy?"

Talk about the children's serious repetition: "Happy, heart, are you?" "Happy , heart, ah!"

Shang Qian was amused.

He picked Su Lin up as well, and then looked at the boy on the other side.

The moment he saw him, his movements froze and his eyes froze slightly.

The smile also sank.

When Su Nan followed, she also smiled:

“She really can’t go to school like this, so she should stay at home for a few more years.” For a moment.

A smile appeared on Shang Qian’s face.

He looked back at her with warm brows and smiled casually:

“You’re right.”

Su Nan opened his hands to hug her, but was stopped by Shang Qian:

“She’s all wet, don’t touch your hands, Be careful of getting your clothes dirty.”

Su Nan raised his eyebrows and withdrew his hand.

Well, what he said makes sense.

Looking down at the little boy, he looked familiar, but he couldn’t tell where he was.

She confirmed that she hadn’t seen it.

The little boy stared at her for a while.

It seems that he knows Su Nan.

Shang Qian coughed heavily.

Fu Yunche immediately withdrew his gaze, and seemed to be dodging and standing there.

The little friend Su Lin took his hand:

“Auntie, this is our new friend. He also likes to talk about his sister.”

Su Nan smiled, “Really? Then congratulations to our angry little friend, we have a new friend so soon. That’s it.”

Shang Qian glanced at Fu Yunche with a vague look in his eyes.

Although he had a smile at the corner of his mouth, the smile did not reach the bottom of his eyes.

When looking at Fu Yunche, there is always a bit of coldness and alienation.

He took Su Nan’s hand:

“Okay, let’s go first, talk about getting wet and going to catch a cold.”

Su Nan nodded immediately.

She smiled at Fu Yunche, then dragged Su Lin and walked out.

The students who can attend this school come from different backgrounds.

Maybe a child from a well-known family?

She didn’t think much, turned around and walked out.

When Shang Qian turned around, his face sank a little.

Chapter 2026

His sons,

Su Jin and Wen Xiang, were big-hearted, and they sat there without moving.

Su Lin walked over obediently and shared her new friend:

“Mummy, he’s the eldest brother, our new friend, he’s not angry even if his sister bumped into him...”

Su Jin casually He listened while watching Shang Qian holding his daughter.

Just when they were about to leave early, they suddenly heard the principal interject:

“Oh, that male classmate who always likes to be alone. He can’t speak. He is the son of President Fu Yechuan.”

Su Jin’s eyes were slightly lowered . Squinting, his face instantly turned cold.

Wen Xiang frowned:

“Fu Yechuan’s son? Why is he here?”

The son who just recognized him was thrown at the boarding school?

The principal smiled:

“Yes, that child is introverted and obedient, and quite smart, but...

Mr. Fu never showed up, and it was all done by someone else, and he followed the school’s rules and went back once a week. “

Su Nan stood there, turning his head slightly.

frowning.

The little boy who had been looking at her just now was Fu Yechuan and An Qi’s son?

No wonder she felt so familiar, it turned out to be somewhat similar to Fu Yechuan.

Shang Qian walked over lightly, and said coaxingly,

“Brother and sister-in-law, I’ll go back and change clothes first.”

Wen Xiang nodded quickly:

“Go, don’t catch a cold.”

Su Jin smiled and left. In the past, I pulled the little hand who said it:

“Goodbye

to uncle?” He said shamelessly, withdrew his arms around Shang Qian’s neck, and wanted to go back to play in the water.

Su Jin and Shang Qian laughed, Su Jin looked at Su Lin:

“Goodbye aunt and uncle.”

Su Lin was still very obedient, “Goodbye aunt and uncle.”

Shang Qian nodded with a smile, and responded gently:

“Goodbye Anger .”

Su Nan went over and kissed his forehead:

“Goodbye Dabao...”

Su Lin: “...”

Shang Qian took Su Nan with one hand, and talked about the children with the other. Going out without looking back.

Su Nan didn't even have time to appreciate the layout of the school.

Got into the car.

Talk about the spirit of the child is gone.

I don't understand how Daddy, who has always followed his own, brought her back so strongly this time.

She reached out to hug Mommy, but was stopped by Shang Qian.

“Don't make trouble with Mommy, your clothes are all wet, what should I do if Mommy is sick?”

She pouted and covered her ears. She didn't understand, but she knew it wasn't a good word.

“Daddy...”

She closed her eyes and slid into Shang Qian's arms, acting like a spoiled child was always effective.

Su Nan smiled and suddenly clicked his tongue: “Fu Yechuan

and An Qi's son are here, why didn't An Qi come?” She was forced to leave the country at the beginning, and if she comes back, the above will definitely attract attention.”

“Yes.”

Su Nan thought it made sense and nodded.

“But Li Li was caught, she doesn't want to take revenge, right? Should we prepare earlier?”

Shang Qian looked at her sideways, with gentle comfort in his eyes:

“I will arrange it, don't worry, she doesn't have that. The ability to take revenge.”

Su Nan was silent for a few seconds, then sighed:

“It's a surprise that An Qi became the final winner.”

Shang Qian twitched the corners of his mouth.

Su Nan still regarded An Qi as a lucky fool.

He didn't want to explain too much, so as not to make her worry for no reason.

He squeezed Su Nan's hand:

"It's only temporary."

If a woman like An Qi is allowed to develop and grow, she will definitely become a big hidden danger in the future.

How could he just watch her have the ability to deal with him in the future?

It's just that he doesn't want to act so fast now.

Because he felt that Fu Yechuan would be more anxious than himself.

He stroked his brows and patted the little boy's back:

"What are you shivering, is it cold?"

... When

Su Nan got out of the car, the uncle, the housekeeper, greeted him and said with a smile,

"Miss, The people from the Li family have come and have been waiting in the living room for a while, but the chairman is not there, so he told you to come back and deal with it."

Su Nan clicked his tongue and frowned,

"My dad is so quick to throw the pot away."

She said so I went straight to the living room.

Undoubtedly, it was for Li Suizhou's business.

It's just that she doesn't know whether Li Suizhou is back.

It looks like there should be news.

Shang Qian followed behind, holding his precious daughter and coaxing her. He kept making her happy, and then he kissed her little head.

"In the future, don't talk to other brothers except Brother Su Lin, you know? Be careful that you are being deceived."

Shang Qian was very happy when he said that the child spit out a bubble happily and stained his clothes.

As soon as Su Nan entered, the two members of the Li family stood up, and Li Suizhou was on the side.

Li's father and Li's mother were very excited, and the gifts they brought were placed on the ground:

“Miss Su, we took the liberty to come to disturb us, and I really can’t wait to thank you and the general manager for your help.

Suizhou can come back safely, thanks to the merchants. Boss...”

Li’s parents and Li’s mother said excitedly with joy on their faces.

Su Nan smiled and stepped forward politely:

“My uncle and aunt are too polite. My father said that, I can help if I can.

Although it took a lot of effort and almost paid an irreparable price, but fortunately There is no danger...”

Li’s parents and Li’s mother could not understand Su Nan’s words.

But Li Suizhou understood.

He didn’t know that he returned home after a few days of drifting at sea. The lack of food and fresh water completely broke his mind.

But he knew he deserved it.

After finally crossing the sea, he came back, and he had to accompany the smiling face to thank him.

There was so much complexity and reluctance in my heart, but looking at Shang Qian’s cold aura, it disappeared in an instant.

He stood up and looked at Shang Qian and nodded:

“President Shang.”

Shang Qian carried his daughter upstairs without looking sideways, without even looking at him.

Li’s father and Li’s mother looked at each other.

They originally planned to take this opportunity to have a good relationship with the Su family, so that it would not be difficult for them to ask Shang Qian in the future.

But looking at Shang Qian’s attitude, why is there such a big difference from the previous two visits?

They were just happy to see their son come back.

I didn’t notice that when Li Suizhou came back, his face was already thin and sunken.

Su Nan smiled, knowing that he didn’t say it because of the positioning device installed on Li Suizhou’s body to prevent him, which caused him to care about dangerous things.

Who doesn’t mind?

Su Nan also felt disgusted in his heart.

But Li Suizhou did not know that it would bring such serious consequences.

It doesn’t make sense to blame him.

She sorted out her emotions and said with a smile:

“Stay for dinner?”

Li’s parents and Li’s mother were taken aback, and quickly stood up and waved:

“No, no, we just came back from Suizhou, and we still have a lot of things to do.”

Su Nan nodded. Nodding, standing up:

“That’s not to send.”

Chapter 2027

The hypocritical man,

Li’s father and Li’s mother, can only leave unhappy.

Li Suizhou walked at the end, and looked at Su Nan hesitantly:

“I’m sorry, Miss Su.”

Su Nan raised his eyebrows: “I can understand Young Master Li’s apology, but it’s not something you can forgive.

No matter what . Anyway, it’s a good thing to come back safely, take care of yourself.”

They won’t deal with Li Suizhou again, but they don’t need to have any friendship with them.

Li Suizhou understood what she meant and nodded.

After taking two steps, he stopped, turned his head, and his voice was a bit dry:

“Meng Xue, are you okay?”

Su Nan frowned and looked at him:

“She married Cheng Yi, and the two of them went on their honeymoon. Yes, of course it’s good.”

Li Suizhou’s face turned pale, his eyes trembled slightly, then his face was taut, his eyes lowered, and he turned to leave.

He has been in dire straits abroad.

In order not to be affected by him, the people of the Li family didn’t say a word about Meng Xue.

He could faintly feel that something had happened while he was away from the country.

Those two people, the two people he thought were the most unlikely, actually got married?

Su Nan watched them leave and turned back.

Shang Qian changed his clothes and came down, looking at the empty living room, not surprised.

Su Nan stood there and looked at him with his arms crossed:

“Don’t make your attitude too obvious. Even if you’re not welcome, you have to say a few words, right?”

Shang Qian smiled and spread his hands:

“Sorry, I didn’t drive them out, I’m already very polite, don’t you think Dad didn’t come back?”

Su Nan snorted, and even learned to use Su Yifeng as a shield?

She rolled his eyes at him, walked to the sofa and sat down.

Shang Qian paused, walked over, put his arms around her waist, and squeezed gently:

“Angry?”

Su Nan looked sideways, sat up straight, and looked at the magazine in his hand

without changing his face: “No.”

Shang Qian took the magazine away, held her face and lowered his head to kiss her. The warm breath quickly wrapped her up and put her in.

She put her arms around his neck, opened her eyes slightly, and saw the man’s romantic appearance, warm and clear, and her heart was inevitably throbbing.

The two go deeper.

Shang Qian raised his eyebrows and smiled, hugged her waist tightly, breathing unsteadily, and whispered in her ear:

“Upstairs?”

Su Nan paused, regained consciousness, and quickly pushed him away.

How could she find his way accidentally?

Fortunately, no one was here. She tidied up her clothes and paused:

“No, I made an appointment to have afternoon tea in the afternoon, let’s go together?”

Shang Qian shook his head knowingly:

“I won’t go in your time. , I’ll accompany the children in the afternoon to talk about how to swim, and the coach will come back in the afternoon.”

Su Nan raised her eyebrows, why didn’t she know there was such an amateur training?

“Coach? Professional?”

Shang Qian responded, stretched out his hand to straighten her hair that was disturbed just now, and smiled:

“Having won the world-class swimming championship, it’s still professional.”

Su Nan froze and looked at him in shock.

Can this be called “really professional?”

Shang Qian’s brain circuit is similar to Su Yifeng’s. He always feels that his children can develop in an all-around way, so he didn’t give up a hobby.

If you can develop, you can develop, if you can’t develop, you can understand.

She shook her head, forget it, she didn’t want to stay.

“That’s hard work for you, I’ll go up and change clothes.”

Shang Qian let go of his hand reluctantly and watched her go upstairs.

When Su Nan came down, he changed into a beige casual cardigan and wore a black suspender skirt. He had long hair that was gentle and quiet, and his figure was graceful and soft.

Shang Qian was drinking tea and looked at her with dark eyes.

Before he could say anything, Su Nan walked over and sat in his arms.

Shang Qian tightened his arms, his jaw tightened, and his eyes darkened.

It can be seen that it was hard work.

Su Nan originally wanted to reward him for his hard work with the child, but the red lips handed over to him, and he immediately missed the past.

A strong arm could wrap around her slender waist with one hand, and with a twist, she pressed her down with a slight force.

Su Nan didn’t expect him to work so hard. After struggling a few times, he didn’t move.

After finally retreating for a while, he gently kissed her ear and coaxed her patiently:

“Don’t drink afternoon tea, eh?” The

deep and hoarse voice almost made her raise her hand and surrender.

She paused, her hair scattered behind her, messed up by him.

She moved her red lips, her face was crimson, and her breath was unsteady.

“No, we’ve made an appointment. I have to go up and change clothes.”

Her skirt was wrinkled by him, and she couldn’t go out to meet people.

Shang Qian sighed in disappointment, and stepped back with a little restraint:

“Well, come back soon.”

Su Nan glanced at him, her lustrous eyes seemed to contain water, and his throat moved, almost holding him not live.

He reached out and pulled her skirt up, and patted her lightly:

“Can you go?”

There was a smile in his dark and moist eyes.

Su Nan’s bright face flushed slightly:

“Of course I can.”

Her voice softened, with a lingering tone that she didn’t realize.

Shang Qian smiled and followed her upstairs.

Talking about the children taking a bath and sleeping in the company of servants, they quickly forgot everything.

Those servants won’t come out and turn around, they will only talk about the scope of the children’s appearance.

So Su Nan casually took off his cardigan and threw it aside.

Shang Qian followed, took a deep breath, his Adam’s apple moved obviously.

His eyes darkened a bit.

She went to the cloakroom and didn’t close the door.

Shang Qian followed and watched her pull down the slender shoulder straps on her shoulders.

Then the beautiful butterfly bones on the back were exposed.

When she continued the next step, she suddenly felt a pair of big hands wrapped around her slender waist, slowly hugging her from behind, and the kiss came, Su Nan trembled slightly without any warning.

“Shang Qian...”

Her tone was soft and somewhat coquettish.

Shang Qian looked at her with deep eyes, and loosened his neckline, with a faint temptation:

“I’ll help you undress...”

The next step is not as simple as undressing.

A piece of clothing has not been taken off for twenty minutes, and the two of them sweated profusely in the cloakroom and exercised until he was satisfied.

Su Nan’s refusal had no effect on him at all. Once it started, she couldn’t help but stop it.

If it wasn’t for Su Nan’s phone ringing and ringing outside, he really didn’t want to let go.

It is estimated that Ning Zhi was in a hurry and was particularly worried.

Shang Qian is not as embarrassed as she is, and he is still well-dressed.

Not even the shirt was messed up.

He hugged her weak and weak, feeling guilty.

In the end, he picked up a shawl and wrapped her in a very thoughtful way, and asked her carefully,

“Which dress did you want to change just now? Let me get it for you?”

Su Nan glared at him, showing charm and anger, all over his body. As if his bones were pulled, he put it on his shoulders weakly:

“A hypocritical man, I really can’t believe a word.”

Chapter 2028

Without your help

, Su Nan’s throat was still a little hoarse, and he looked up at him with a gossamer air.

Shang Qian smiled, lowered his head and kissed her between the eyebrows: “My fault, you have to understand me, watching the most beautiful

girl in the world turn in front of my eyes every day, can you control that I am still a human?”

She couldn’t make her forgive him right away.

She snorted softly, expressing her dissatisfaction.

Shang Qian was very aware of the current affairs and carried her into the bathroom to help her clean, but this time he was honest.

He smiled lightly:

“Will I decline Ning Zhi’s afternoon tea for you? Just say you are not feeling well and fell asleep?”

He was thinking of her, after all, he had been tired for so long and should rest.

But Su Nan obviously misunderstood him. She pushed him away and sat up slowly, ignoring the bath towel falling down, and hurriedly walked to the cloakroom.

“No, I don’t need your help this time. You are not allowed to come in.” If

she rests, she has to pretend to be sick?

Shang Qian smiled lightly and began to pack himself up.

It was almost there, watching her come out, glared at him and walked out.

Almost an hour late.

Ning Zhiliao’s eyes were about to roll to the back of his head, Su Nan smiled and walked over:

“I’m sorry, I’m late for something.”

Ning Zhiliao glanced at her lightly, and said slowly:

“It’s your businessman . Qian won’t let you go, right?”

Su Nan was stunned:

“How is it possible, he can’t control me.”

Ning Zhi looked at her with a half-smile, and pointed to the marks left on her neck:

“It’s fresh, when I can’t see it?”

Su Nan took out her vanity mirror and looked at it, her face flushed red with anger and anger.

She didn’t know how to explain it.

I was too anxious before going out and didn’t look carefully.

Blame Shang Qian!

Ning Zhi looked at her with a smile:

“Are you going to be able to add a younger sibling soon?”

Su Nan rolled her eyes at her, took out the foundation without changing her face, patted it in the mirror, and wiped the traces. Cover:

“Don’t talk nonsense, nothing.”

Ningzhi raised his eyebrows:

“I’ll wait and see.”

Su Nan helplessly: “So where is our afternoon tea, you won’t let me drink instant coffee in your company? ?”

Ning Zhi smiled and stood up:

“Come on, there’s a cover shoot, and there’s a new little fresh meat in the circle recently, I’ll show you!”

Su Nan: “...”

You are so kind to me.

She smiled inexplicably: “If Shang Qian finds out, he has to settle the account with me.”

She said and stood up.

Ning Zhi looked back at her, with a mysterious expression on his face:

“This time is different, the origin of this person is mysterious, do you know how he made his debut?”

Su Nan shook his head.

Ning Zhiliu couldn’t help widening his eyes, and the corners of his lips couldn’t help but rise:

“He won the last place in the singing and dancing competition, but when he was unspoken by the investor, he beat someone, and he happened to be photographed. Come down, and then it’s red!”

Su Nan raised his eyebrows, “Can I ask, who is so unlucky and unspoken that others have been filmed?”

Ning Zhi waved his hand: "It's not important, the important thing is that this person is different, his origin is strange, but inexplicable That's why I took you there to see it."

Su Nan smiled and suddenly understood:

"You want to see it yourself, right?"

Ning Zhi tutted,

"I plan to sign him down. , Jiang Yu is hot, but the heat will soon pass, that person is different, he must be stronger than Jiang Yu."

Hearing her say this, Su Nan was really curious.

The two followed and went to the shooting location.

It is not common in the circle to start shooting the cover before the official debut.

But it took a lot of effort to grab this person on the cover.

As soon as Ning Zhiliao and Su Nan entered, the editor-in-chief greeted them:

"Mr. Su, Mister Ning, it's been a long time."

Everyone exchanged a few words before being taken to the rest area upstairs.

Just right, you can see the shooting situation below.

The editor-in-chief is an old man who has been in the industry for decades. This woman knows what they are doing here at a glance.

After three cups of coffee were served, he smiled and said,

"He's changing his clothes, we can start right away."

Ning Zhi smiled: "Do you know what we're doing here?" The

editor-in-chief smiled: "Of course. , because you are not the first batch to come here. I have already sent away several batches of impatient people who were waiting. I

have to say that this newcomer has an indescribable masculinity about him, which is completely different from other male stars in the entertainment industry. Different.

No wonder it's hot this time around, and it looks like it's going to change soon. "

Ningzhi raised his eyebrows: "Lisa, your vision has always been accurate. "

Su Nan was drinking coffee slowly by the side, with an attitude of nothing to do with himself. The phone rang.

It was Shang Qian:

"Are you there?" When will you be back and I'll pick you up? "

It's only been out for less than an hour.

Thinking about what he did, Su Nan couldn't help but feel hot.

She took a deep breath, calmed herself down, and threw away all the yellow waste in her mind.

She closed it directly . Cell phone.

I don't want to be disturbed by him.

"Come here..." The

editor-in-chief asked them to look down.

Su Nan and Ningzhi looked over.

The tall, thin man looked resolute and tough. There was no kitsch or powdery air in his brows.

Ning Zhilao couldn't help but sighed in admiration.

But Su Nan stood up in surprise:

"Lin Shen? "

She can't read it wrong. Isn't

that person standing in the spotlight surrounded by people, isn't it Lin Shen who rescued her in country E and returned to China early?

She asked about Lin Shen's situation before.

Shang Qian told her not to God, he has arranged everything.

She thought she might go to the company, but ended up in the entertainment industry?

Isn't this a big reversal?

A killer to become a star?

Su Nan hesitated.

Ning Zhi looked at her in surprise:

"You know?"

Lin Shen heard a familiar voice below, looked up, and immediately came out of the circle surrounded by people with a cold face with a bit of respect.

Standing straight below, bowing respectfully to her.

Su Nan paused and stood there awkwardly for a while.

Everyone looked up in surprise.

It turned out to be Su Nan.

“Lin Shen knows Miss Su?”

“Does Miss Su want to support Lin Shen?”

“Miss Su hasn’t shown her face for a long time, she really hasn’t changed at all!”

.....

Su Nan can only maintain it stiffly With a smile, he nodded towards Lin Shen, then made a casual gesture, and immediately turned back and sat back.

She has not fully accepted this matter, so she can only say goodbye to other people’s eyes.

Breathe out slowly.

Ning Zhi looked at her face and kicked her from below:

“What’s going on?”

Su Nan frowned, not knowing how to explain.

After all, she herself doesn’t know what’s going on!

I can only make an excuse:

“Oh, Lin Shen used to be Shang Qian’s colleague.”

Chapter 2029

The sound of cracking bones

Ningzhi nodded knowingly:

“No wonder.”

Su Nan smiled. In front of outsiders, she could only explain.

The editor-in-chief smiled, “Meng Shuang is his partner this time. She doesn’t have any good resources at hand recently, but I heard that Young Master Li is back, and our boss wants to give her some face, so we gave her the female C position. .”

Su Nan raised her eyebrows, her face paled a bit.

Fortunately, Meng Xue divorced quickly, otherwise, she would have been disgusted to death.

Su Nan looked down slightly and saw that the machines below were all ready.

The filming place was a platform built, and Lin Shen stood there. I have to say that his figure is really a tough guy figure that is rarely seen in the circle.

And it’s not the same as a tough guy who was deliberately shaped.

He is young and immature, but the perseverance and experience between his brows and eyes are rigid that no male star in the circle has. The most obvious thing is the coldness that exists in his eyes all the time.

Meng Shuang changed into the photo shoot and walked into the crowd with a smile.

Although Lin Shen is very popular, he is a newcomer after all.

She envied his popularity and looked down on him as a newcomer.

Meng Shuang smiled at Lin Shen perfunctorily and sat on the prop chair.

The photographer who shot the shot immediately said,

“Meng Shuang, that chair is for Lin Shen to sit, you stand behind him.”

Meng Shuang frowned slightly, but still smiled patiently and

said, “If I remember correctly, this The cover is dominated by women, and I’m standing in the back?” If she stood in the back, wouldn’t her sexy figure be blocked?

The photographer’s good-natured explanation:

“Yes, this time, we mainly highlight your charm, and hang him from behind...”

As soon as Meng Shuang heard it, she knew that they planned to focus on Lin Shen.

Suddenly a little unhappy.

But the assistant next to her couldn’t help but stepped forward to persuade her in a low voice:

“Forbearance first, this is a good opportunity, and looking back on the Internet can also attract a wave of sympathy.”

Meng Shuang raised her eyebrows, feeling reasonable, and smiled. nodded.

“Okay, listen to the arrangement of the photography teacher.” The

photographer was also a little surprised by Meng Shuang’s temper. If she used to, she would have scolded.

Lin Shen sat on it, still indifferent, turning a blind eye to Meng Shuang.

Meng Shuang pouted, although she was dissatisfied, she wanted to follow Lin Shen to stir up a wave of enthusiasm.

“Mr. Meng, just put your hand on Lin Shen’s shoulder lightly, no extra movement is needed.” The photographer looked at the composition and was quite satisfied.

After sorting out her expression, she stretched out her arm and put her hand on it.

Paused.

Meng Shuang felt that although Lin Shen’s shoulders looked thin, they were extraordinarily strong.

She paused, smiled and posed behind her.

Then the hand that was on his shoulder suddenly moved forward, and the whole person threw himself behind him, wrapping one arm around his neck.

In terms of stealing the spotlight, this is her forte.

The spotlights are on at the same time.

But suddenly, she suddenly felt an icy chill on her arm, a strong force pulled her behind, and the whole person involuntarily vacated, the panic of leaving the ground made her completely weightless.

next second.

She fell heavily to the ground and was thrown to the front by Lin Shen.

Bone cracking can be heard.

moment.

The place was very quiet.

Meng Shuang was lying on the ground with a pale face, unable to speak in pain.

When I realized that I couldn't move, I started to shout heartbreakingly...

Everyone immediately surrounded and the ambulance came.

It's all messed up.

Lin Shen stood there, looking indifferently, frowning.

The agent on the side ran over: "Lin Shen, why are you still doing it?"

Lin Shen paused and said stiffly:

"I'm used to it, I already said it in advance, I can only take a shoulder, this woman is dishonest.

" People choked, unable to speak.

Immediately run to negotiate with people.

The editor-in-chief looked pale from above.

"My God... something happened!"

She said, and hurriedly left Su Nan and Ning Zhili and ran down.

Ning Zhi frowned, "What the hell is this Lin Shen doing? Why is he so powerful?"

Su Nan twitched the corners of his mouth. Can she say, he was a killer before?

After a pause, she took out her mobile phone and called Shang Qian directly.

If you really don't think about it, Lin Shen will be finished.

Although Lin Shen moved this matter, Meng Shuang provoked it first, and they all saw it clearly.

to be frank.

She didn't like Meng Shuang well, just based on what she did to Meng Xue, she deserved it no matter what the outcome was.

There is no sympathy.

It's just bad luck.

The phone is on.

Shang Qian smiled:

"Baby, are you coming back?"

Su Nan paused and lowered his voice:

"I met Lin Shen, the one who saved me from country E, he was shooting a magazine, you know?"

Shang Qian was silent for a few seconds, then replied:

"This is his new job, what's wrong?"

Su Nan: "Something happened..."

She told Shang Qian what happened just now.

Shang Qian was silent:

"I see, don't worry, I'm a lawyer."

Su Nan breathed a sigh of relief.

"Well, after all, he saved me, we can't wait to die."

Shang Qian was silent, and then spoke again in a gentle tone:

"Okay, just leave it to me, you don't have to worry about this, send your location, I'll pick you up." "No need..."

Su Nan planned to go back after dinner with Ning Zhi.

Shang Qian didn't give her a chance:

"If something happened to Meng Shuang, fans of the blockbuster movie will definitely gather in a while. When you think about it, it will be troublesome, and being photographed will also affect your image and the business of the Su Group."

Su Nan: "..."

Makes sense.

For a trivial matter, let him say it solemnly, and she didn't even have a chance to refute it.

"Okay."

She hung up the phone and sent the location.

Seeing the situation getting more and more nervous, Ning Zhi took her up and said,

“Let’s go to the back door and wait. When the news spreads, someone must come to gather.”

Su Nan nodded.

The two went downstairs, Lin Shen was still standing there.

Su Nan took out his sunglasses, paused, and looked at Lin Shen:

“Don’t worry, I have already told Shang Qian, he will come to help you.”

Lin Shen nodded and looked at Su Nan respectfully :

“Madam, let’s go first, don’t let anyone see that we know each other.”

Su Nan was stunned, but nodded and left.

She didn’t expect Lin Shen to think so much, making her feel embarrassed.

Ning Zhi smiled and said, “This Lin Shen is quite sensible, but no matter how you look at it, he is a rude person who has no heart, how could he know your business fox?”

Su Nan paused and whispered his identity. Say it again.

Ning Zhi shook his head and sighed clearly:

“No wonder, he was able to make his debut, but it was an accident within an accident.” He can’t sing and dance, but only kills.

That investor also deserved the unlucky encounter with Lin Shen.

Chapter 2030

Moved back

Shang Qian came quickly, and before the reporter came, the car arrived.

Ning Zhi took a ride, and Shang Qian sent her downstairs to her company.

Su Nan wanted to follow and get off the car, but Ningzhi refused her outright:

“Afternoon tea time is over, please go back slowly.”

Shang Qian said goodbye politely, and started the car directly.

Before Su Nan asked how Lin Shen became an actor, Shang Qian said directly:

“Baby, shall we move out of the old house?”

Su Nan paused.

I immediately understood what he meant.

Although it is not convenient to always live in an old house, the most convenient thing is to say that children can crawl everywhere.

Shang Qian: "Isn't Dad going to start picking up Su Lin? Let's take the talk away in the past few days and get used to it?"

Su Nan thought for a while and then answered.

Mainly to talk about being too happy in the old house.

Shang Qian glanced at her with a smile, and then turned the steering wheel.

in the direction of their apartment.

Su Nan regretted agreeing to him so happily, but there was no way to refute it.

Su Group.

After Su Jin dealt with the project, he gave the relevant personnel a long vacation to let them rest.

The money didn't fall into the hands of their Su Group, so they passed by without any danger.

Su Nan didn't come to work until a week after returning.

Yu Lou watched her pour coffee and tea excitedly, as if she hadn't seen her for a few lifetimes.

in the office.

Su Nan looked at him with a smile, and raised his eyebrows:

"Assistant Yu, do you want me to work overtime?"

Yu Lou looked at the coffee and tea, and immediately patted his

head: "I'm sorry, Mr. Su, I'm just so excited, I'm finally looking forward to your return."

Su Nan smiled and took a sip of coffee.

Yu Lou's coffee brewing skills are not picky, even more professional than professional.

"Is it okay to follow my brother?"

Yu Lou: "It's all good, but Mr. Su, you have a lot of backlog of work here, when will it start?"

Su Nan stiffened: "Don't say it sooner, hurry up and take it. Come in."

"Okay."

After a while, Su Nan started to get overwhelmed, and Yu Lou knocked on the door again to come in.

"Mr. Su, Yan Lu is here."

Su Nan was stunned for a moment. She had intuition that a small company she had acquired before would not stop there, but would at least make outstanding achievements in the industry.

But she has encountered too many things recently and has no energy to care.

I don't know what step it has taken.

She narrowed her eyes and reminded Yu Lou:

"Zhengyi Technology has won several awards in a row, but there is currently no project to do.

I'm afraid Yan Lu is here to talk about the next thing..."

Su Nanton After a while, he raised his eyebrows:

"Let him come in."

Yan Lu was still the same, but there was a bit of anxiety in his eyes, which was controlled by him.

"Mr. Su..."

Su Nan smiled, "Please take a seat."

Yan Lu looked at her office, which was almost half the size of Zhengyi Technology's entire company.

I have to say, it's really rich.

He grinned, and his attitude softened a lot:

"Mr. Su, it's hard to see you, you are really busy."

Su Nan was looking at the computer and raised his eyebrows:

"Mr. Yan, regarding the current situation of Zhengyi Technology, you What do you want to say? I invested so much money, and although you have won awards, those awards are not the standard I measure."

Yan Li's smile subsided and looked at her solemnly:

"I understand what Mr. Su means. , The only standard that can truly measure the value of Zhengyi Technology is money."

Su Nan smiled casually:

"You know."

Everyone is a businessman, and now it's time to talk about feelings.

"According to your current status, shouldn't you be able to pull a single project?"

Yan Lu lowered his eyes and paused:

"Mr. Su, Zhengyi Technology is based on high-end technology positioning, and the configuration and personnel of the laboratory are all the same. World-class top, if we even take on some small projects, wouldn't we lose our value?"

The company's first project is very important, the first step to open the market, automotive, medical, home, these three are the top priorities It's heavy, but..."

Su Nan smiled: "But these three modules are almost monopolized by Juli Group."

Yan Lu laughed at himself and looked at her:

“President Su, I know Su Group has also participated in projects in Juli Group. For you, Zhengyi Technology may be just a small company that can survive on its own, but for us, it is the first door that can change the world.”

He The attitude is extraordinarily serious and extraordinarily solemn.

Su Nan lowered her head and chuckled. She turned the pen in her hand and looked at Yan Lu casually.

“Mr. Yan, I hope you can know that I invested so much money to make you stronger, not to make you feel sorry for yourself.

You think it’s okay for me to use Zhengyi Technology as a spare tire, because you haven’t grown enough. Make the entire Su Group depend on you, but I look forward to that day.”

Yan Lu frowned slightly and pursed his lips.

Both of them were doing Tai Chi. Su Nan could hear what he meant, but he didn’t speak. Did he let himself rush to deliver the project?

after awhile.

There was a few seconds of silence in the office.

Yan Lu’s throat moved, it seemed that he finally made up his mind, and he pursed his lips:

“Huahe’s project, we are very confident, it is also a good opportunity, but I have inquired about it, it is almost in the Juli Group’s pocket, so.”

Su Nan thought for a while, then raised his eyebrows:

“Want me to help win this project?”

Yan Lu: “I just want to ask you to help introduce me.”

This was unexpected.

“Okay.” Su Nan agreed immediately: “Which project?”

“Fu Group.”

“Fuck off—”

Su Nan was angry, looking at Yan Lu and becoming more and more unpleasant.

“Did you do this on purpose?”

Yan Lu looked at her cautiously:

“No, no, I also struggled for a long time before I opened my mouth. I know your relationship with President Fu, so...

But we really can’t do anything about it. Now, in the entire Zhengyi Technology, all the people have nothing to do with President Fu at all.”

Su Nan looked at him seriously:

“Mr. Yan, let me tell you the truth, the shareholder of Juli Group is Fu Yechuan, do you think he will give you such a piece of fat because of my relationship?”

Yan Lu was silent for a moment, his eyes A slight flash.

Seems like an unexpected thing.

Originally this matter was not reported.

It’s normal for him not to know.

Su Nan sighed.

“If you really want to try it, you can.

There will be an auction in a few days, and people from the Fu Group should go there.

You can talk to Chen Mian, but you are not allowed to mention me.”

Yan Lu’s eyes lit up, Nod immediately.

“Thank you, Mr. Su.”

I am afraid that only a few people will be invited to that kind of auction.

They can’t even see the invitation, so they can only find various ways.

Su Nan was in no mood anymore and looked at him:

“Is there anything else?”

Yan Lu stood up, “No, I’ll leave first, thank you Mr. Su.”

Su Nan twitched the corner of his mouth perfunctorily, but didn’t even get up to deliver .
