### **Chapter 2031**

Several

Su Nan received the invitation to this auction when he was still in country E.

It was Su Jin who wanted to make her happy, so she asked her to participate in such activities more.

Although there are no extra invitations, she doesn't need it herself, just brush her face.

So as soon as I got home, I gave Yan Lu the invitation.

A few days later.

The auction went ahead as scheduled.

Su Nan and Shang Qian were together. She was wearing a beige skirt, which set off her laziness and beauty, and her slender waist was not full of a grip.

The biggest highlight of this skirt is that the back is hollow, and you can vaguely see the beautiful and delicate butterfly bones.

Many people who came and went greeted Su Nan, and Su Nan nodded.

On the other hand, Shang Qian had been standing behind her, never leaving her.

He was deliberately trying to block the eyes of others looking at her from behind.

If he had known that Su Nan was so sexy and beautiful, he would have participated in her hobby of choosing clothes.

But when he sent the talk to the old house, Su Nan had already arrived ahead of schedule.

Fortunately, she also wore a transparent tulle shawl, which could create beautiful water patterns in the moonlight or in the gentle light, which matched her clothes very well.

Jewelry auction is the last link.

The banquet was brought forward.

Su Nan looked around and really saw Yan Lu.

She breathed a sigh of relief, and it seemed that he was someone who could take chances very well.

She was right.

Shang Qian was saying a few words to the person opposite, and Su Nan walked over with a glass of wine.

Opposite Yan Lu was a colleague she knew, so it was appropriate to say hello.

But she didn't notice that there was a thick pillar where they were standing, and Fu Yechuan was just blocked by the pillar.

Hearing their conversation, Su Nan nodded slightly.

“I am very interested in Mr. Yan’s company. If Fu Group is willing to invest, Huahe’s project can be done together.”

Su Nan was taken aback.

I held back and didn’t roll my eyes.

The person who robbed her of Fu Yechuan’s dog days?

Yan Lu smiled and declined, still acquainted:

“Thank you for the kindness of President Fu, but Zhengyi has already been acquired, and I am not the actual shareholder.”

“Oh? Why don’t you bring your team and join Juli together? The group is ready...”

Yan Lu: “Zhenyi is the hard work of our team. It exists like a biological child. Which parent can throw away their child?”

Fu Yechuan sank his face and did not continue to speak. .

Then turned around and left.

Yan Lu was inexplicable, “Which sentence did I say wrong?”

The person on the opposite side smiled and smoothed out:

“What a good opportunity, you rejected Fu Yechuan, of course he has a temper.”

I thought to myself, what you said just now, isn’t it? For Fu Yechuan?

Yan Lu smiled and shook his head and sighed:

“It’s embarrassing, but I can’t help it.”

If Su Nan knew that he was against the water, he would like to find someone to kill him.

The person on the other side jumped in their hearts when they saw Su Nan approaching, and hurriedly greeted them with a smile:

“Miss Su, long time no see...”

Yan Lu’s eyelids also jumped, looking at Su Nan, thinking to himself Your performance just now was not wrong, right?

Su Nan glanced at Yan Lu and then at Sun Tan.

“It’s been a long time indeed.”

Although the two were not familiar with each other to that extent, they still had a friendship playing mahjong.

Sun Tan took her arm affectionately:

“It’s been a long time since you came out to play. It’s boring without you.”

Su Nan smiled, she actually admired Sun Tan.

It was obvious that she and her husband had a very unsatisfactory life, but when they went out, they were of one mind.

Well, like the honey love period, I completely forgot about the third, fourth, and fifth.

“I’ll play again when I have a chance next time.”

Yan Lu nodded when they saw something to say:

“Mr. Su, I’ll excuse me now.”

Su Nan nodded.

Yan Lu smiled and left immediately.

Sun Tan stared at Yan Lu, approached Su Nan, and said in a low voice,

“You know him? He’s really handsome and handsome, and he’s a good little fresh meat!”

Su Nan raised his eyebrows and smiled:

“Why, I’m interested?”

“Can’t you? After all, there are so many talented people around you, how can you turn one eye and close the other?”

Sun Tan was full of suspicion.

If Su Nan and Yan Lu were not familiar with each other, Yan Lu would not stop at just two sentences if he wanted to cooperate.

They must know each other very well before they say hello and leave.

As for the degree of familiarity, Sun Tan felt that he was right.

According to Su Nan’s playful temperament, there were constant rumors of little fresh meat before marriage. How could he be willing to be ordinary after marriage?

A moment of silence.

Su Nan thought about it seriously and knew that Sun Tan had misunderstood.

But how can you let others misunderstand yourself?

Is her image in everyone’s heart so romantic?

Suddenly.

She choked on her chest, feeling inexplicably angry.

She stared at Sun Tan for a few seconds, or maybe Sun Tan was testing her here out of interest in Yan Lu?

Then she can't make her wish!

She smiled, groped for the wine glass in her hand, and said sloppily:

"It's the same sentence, only children can do multiple-choice questions, adults can ask for several at a time."

Xu Shi Su Nan admitted that it was too generous .

Sun Tan choked, his face inexplicably became a little hesitant to speak.

The admiration in his eyes was uncontrollable.

Su Nan couldn't help laughing.

next second.

The sound of steady footsteps gradually came, and a hand was placed on her slender waist.

Su Nan froze for a second, smelling the familiar warm and cold fragrance on Shang Qian.

Turn your head slowly.

Sure enough, his warm eyebrows and eyes were dyed a bit cold, and he looked at her with dark eyes.

Su Nan's heart sank.

Didn't he hear what he said just now?

She paused for a while, then slowly pulled out a little smile:

"Husband?"

Sun Tan got into trouble, and he couldn't stay any longer when he saw it, so he immediately put down the wine glass and found a reason:

"Oh, Mrs. Sun, it's been a long time. gone..."

Before she finished speaking, no one was left.

Su Nan scolded her more than 800 times in her heart.

Shang Qian squeezed her waist tightly, as if with a warning:

"What did you say, Miss Su, would you like to explain it to me?"

Su Nan's insistence was all of a sudden deflated, and she snuggled softly against him. In his arms:

"Just kidding, Sun Tan always does things like this, I have to pull it back, you know I only have you in my heart.

Don't you know Yan Lu? Sun Tan is thinking about him, I I can't let my employees be poisoned by her!"

Shang Qian stared at her with a bit of scrutiny in his dark eyes.

Su Nan knew that he wasn't out of breath, so he immediately climbed up on his arm and kissed his lips.

As a result, he hides.

Su Nan fluttered.

Apparently he was really angry.

Su Nan pouted, knowing that it is not good to coax now, it will be more serious in a while.

She pulled him down relentlessly, and she had to kiss him.

She was making trouble in her arms like a kitten, and Shang Qian's initial coldness gradually faded, and there was a gentle playful look in his eyes.

### **Chapter 2032**

You are also making a

fuss today.

Su Nan's skirt was also slightly wrinkled.

This scene falls in the eyes of others, and they all know that the relationship between Shang Qian and Su Nan is extremely deep and sweet.

Finally, seeing that she was in a hurry, Shang Qian stopped teasing her.

He lowered his head and leaned forward, leaning her whole body against him.

Music plays.

Where they were right on the dance floor.

In a gentle kiss, it was the easiest thing to appease Su Nan.

Shang Qian lingered on her lips reluctantly, and his footsteps moved gently with the music, and the graceful voice of Qinghuan rang in his ears.

When everyone saw the pair, they smiled embarrassedly.

But no one stopped to watch, everyone dragged their partners into the dance floor one after another.

Over half of the song.

Shang Qian raised his head slightly and looked at the woman with ruddy lips.

His throat moved, his eyes slightly deep.

"Forget it this time, I'll spare you."

I don't know if it was her gaffe or something else.

Su Nan gasped softly, looking at so many people around her, her face flushed instantly.

It's all because I was so invested in it just now that I didn't notice it for a while.

She bit her lower lip, pulled Shang Qian and walked out.

The face has not been cultivated to that extent.

Shang Qian loosened his neckline, followed her with a smile in his eyes.

Standing in a place with few people, she breathed a sigh of relief:

"Next time, pay attention to the occasion."

Shang Qian raised his eyebrows, his face had long since lost the slightest temper:

"We are legal, what are we afraid of?"

Su Nan looked at his innocent face and was speechless for a while.

She took a deep breath.

"Forget it, I'll go see the auction."

In fact, I already knew today's auction before I came.

Su Nan is mainly interested in jewelry, and has never been interested in antiques.

But Shang Qian, as always, looked pleasing to the eye and shot.

Gifts or collections can always bring out the overflow value beyond the original value of antiques.

This is what Su Nan particularly admires.

Shang Qian smiled, followed him two steps, and Rong Yi hurried over:

"Mr. Shang, Mr. Chen is in a hurry, can you spare a few minutes?"

Shang Qian was stunned.

Su Nan smiled, let go, and patted his shoulder understandingly:

"Go, make good money."

Shang Qian smiled helplessly, bowed his head and kissed the back of her hand:

"Play by yourself, don't I've gone too far, I'll be right back."

He stood up straight, and returned to his usual gentleness and prudence.

Just as Su Nan was about to turn around and leave, Shang Qian grabbed her.

He frowned and lowered his tone:

"So happy, why don't you come with me?"

Su Nan was silent.

She smiled and looked at him, her eyes reflecting the bright light in the hall:

“I can’t bear you either, I want to be with you all the time.

But your business is important, go ahead, I watch you go! “

Su Nan made a few sweet words, and Shang Qian left comfortably and satisfied.

Rong Yi, who was standing on the sidelines:

Why did you let me see this?

As soon as Shang Qian left, Su Nan restrained his smile and looked at Rong Yi. :

“Why are you still stunned, go ahead! Only then did

Rong Yi react, and he quickly caught up with Shang Qian. He didn’t expect that a successful person like Shang Qian

would be more sticky when married than in love.

Don’t they have a cooling-off period?

On Mr. Chen’s side, he is not the only one. Coincidentally, there are several acquaintances in the shopping mall, including Fu Yechuan. Mr.

Chen doesn’t stay in China often.

With a smile, he stretched out his hand and shook hands with Shang Qian:

“Mr. Shang, since you settled in country Z, it’s even harder to see you!

Shang Qian smiled and raised his eyebrows: “

Blame me, my wife is rather clingy when she is young. Just now she had to hold me for a few more minutes, or she would be angry. I can’t really leave her and go, anyway. I rushed over after coaxing her to get angry, not to mention going abroad...”

Mr. Chen looked at him with a big laugh:

“You have today too! “

Shang Qian loosened his neckline. He didn’t clean up the corner of his mouth that was bitten because he kissed Su Nan just now, and he seemed a little romantic. There

was a hint of playfulness on the corner of his mouth, and he smiled.

Everyone smiled tacitly.

Only Standing there, Fu Yechuan’s face was dark and ugly. He really seemed to be enveloped in a thick layer of black mist, and the chill was constantly exuding.

Rong Yi stood there frowning.

I don’t quite understand, when did Shang Qian develop his black-and-white skills?

...

Su Nan simply turned to look for Yan Lu.

Although he was slumped at Fu Yechuan's place, he seemed to have a good time chatting with other people.

He didn't feel embarrassed or depressed at all, but instead, there was an idle old god like a son-in-law.

Su Nan nodded with satisfaction.

Such a little blow Yan Lu did not take it to heart.

It means she is not wrong.

She was really afraid that he would fall down and her money would be lost.

Yan Lu was talking in front of several bosses, and those people seemed to be attracted and listened very seriously.

Su Nan walked over and interrupted them with a smile:

"I didn't bother you, did I?"

A few people smiled quickly:

"Mr. Su, of course not, this is Mr. Yan, a young talent with a bright future... ."

Yan Lu smiled in a low-key manner, but he didn't take this compliment to heart at first glance.

Su Nan raised his eyebrows: "Since several of you are so optimistic about him, remember to contact him when there is an opportunity for cooperation, Mr. Yan

, do you have a business card?" He quickly took out his business card and handed it to him. Several bosses looked at each other, took it over, and asked Su Nan hesitantly, "Boss Su and President Yan know each other?" Su Nan's words were obviously introducing Yan Lu.

She smiled, "Of course, I invested in Mr. Yan's company, and I still need your support in the future." The boss nodded suddenly, and quickly took out his business card and handed it to Yan Lu.

If there is no Su Nan behind them, their business cards will not be easily taken out.

After saying a few words, Su Nan and Yan Lu left.

Yan Lu breathed a sigh of relief, visibly relieved for a moment of tension.

Su Nan smiled: "I thought you weren't nervous!"

Yan Lu was helpless: "If I came to play, I wouldn't be nervous. Isn't this coming with a purpose?"

There was nothing wrong with his answer.

Su Nan: "How is the harvest?"

Yan Lu looked at her solemnly:

“I want to give up the Huahe project, I want to completely specialize in one aspect.”

Su Nan frowned, “Give up so easily?”

Although she also I felt that Fu Yechuan would not give Yan Lu a piece of the pie, but it was too easy for Yan Lu to give up.

Yan Lu pursed his lips, his face slightly grim:

“Mr. Su, it is time to stop the loss, Fu always will not share the project, nor will he watch us grow bigger and threaten the interests of Juli Group, why bother Doing it in vain?”

### **Chapter 2033**

There is a pair of earrings

Su Nan watched him quietly for a few seconds.

Under bright lights.

Yan Lu’s eyes were full of brilliance, as if he had the urge to break through the confinement.

The kind of youthful struggle that any self-made man has ever had.

She smiled.

“Continue.”

“I plan to change the research project to aerospace. Although there are many monopolies in the aerospace field, the technological aspects of design are the most extensive and the most tolerant.

Our research results overlap with the aerospace field to some extent. If you change direction now, everything will be in time.”

Yan Lu said excitedly.

Su Nan was silent, and turned the bracelet on his wrist intentionally or unintentionally.

“So, do you have a plan?”

“I had a few conversations with the people from the Aerospace Corporation just now. In their conversations, they were unsure about the frequency of accidents in the current field.

Although our technology has advanced by leaps and bounds, in a certain In some respects, the country M is more refined, more perfect, and better. Since we can have overlapping research parts, we might as well simply change the direction of our research.

The situation where aviation technology is monopolized should also change.” The

last sentence, He said it calmly, but the people who listened were enthusiastic.

Su Nan has long lost the mood to drink, and has been listening to him with his eyes down.

When he finished speaking, Su Nan slowly reacted.

Her eyes flashed, but there was no stingy admiration in her eyes:

“You are right, President Yan, I look forward to your achievements.”

She had a vague intuition that Yan Lu would soar to the sky sooner or later.

In this mixed shopping mall, occupy a place.

Just as he was talking, Sun Tan searched around to find Su Nan, and came over happily.

“Mr. Yan is also here?”

She looked at Su Nan with a lot of change in her eyes, which was meaningful.

Was caught by Shang Qian just now, turned around and mixed up again?

Really superb.

Su Nan was too lazy to explain and smiled perfunctorily.

“Is something wrong?”

Sun Tan leaned closer to her ear and said softly,

“I have a pair of earrings...”

Su Nan was stunned, “Okay, no problem.”

She glanced at Yan Lu and clicked nod.

Yan Li left very sensible.

Su Nan followed Sun Tan to the auction.

Another exhibition hall is full of collections from the meal auction.

Favorite here.

Sun Tan pulled Su Nan in, and the bodyguard at the door saw Su Nan, nodded and moved away.

The manager greeted him and said with a smile,

“Miss Su, the auction will start in fifteen minutes, do you want to enjoy it in advance?”

Su Nan nodded, and Sun Tan couldn't wait to run in.

“Look, this earring is so beautiful!”

she said, pointing to one of the earrings inside the glass.

Su Nan walked over and squinted, she was really beautiful and exaggerated.

The manager smiled and came over to introduce:

“This is a lot brought by Mr. Ge. He said that his wife voluntarily donated this earring. We also specially sent a thank you letter to Mrs. Ge!”

After the manager finished speaking, Sun Tan's face was bloodless and stiff.

Su Nan was also stunned.

She was pulled over by Sun Tan to look at the earrings. When she was waiting for the auction, if someone robbed her, she would let Su Nan take a picture, and she would go back and buy it from Su Nan.

In this way, those who are interested in fear of Su Nan's identity will give up bidding.

Sun Tan will have to pay a lot less.

Su Nan didn't mind doing a little favor.

When she started watching this scene, she seemed to think that things were not so simple.

Sorry for helping.

The expression on his face was a little unstoppable.

It took only a few seconds for Sun Tan's expression to go from stiff to collapsed.

But these few seconds, I don't know how many days have been accumulated.

Her liking for the pair of earrings also turned into disgust and indifference.

She suddenly wanted to pounce and smashed the glass box.

But he was stopped by the quick-witted manager and bodyguard.

"Mrs. Ge, what are you doing?"

Su Nan had vaguely realized something.

Sun Tan always pretended to be generous and dignified in front of others. Even if everyone in the circle knew that her husband was spending a lot of money, the women around her never stopped, and she never said a word.

She has always been a model good wife in the circle.

It doesn't matter where a man's heart is, as long as it occupies a position.

But at this moment, she suddenly collapsed.

She screamed and roared.

It attracted everyone from outside the exhibition hall.

The manager looked at Su Nan in embarrassment:

"Mr. Su, what's going on?"

Su Nan raised her eyes and said indifferently,

"Mrs. Ge you want to thank is not the righteous master in front of you." The

manager was choked up and speechless.

He only knew that the earrings were sent by Mr. Ge in the name of Mrs. Ge, who knew that there were so many twists and turns inside.

No one could hold back the scene where Sun Tan collapsed and cried.

Su Nan clicked his tongue. He really couldn't stand indifferent. He walked over and persuaded her softly:

"What are you crying for? Don't you know? Since you already knew it, why did you make trouble at this time?"

"On the ground, he pointed to the pair of earrings:

"You know what? I know there are women outside him, but I can bear it, because he said that the women outside are just for fun, and no one can move my position.

He said he The company was in trouble. I asked so many relatives and friends to help him. I was reluctant to buy even a piece of jewelry that I was frugal. He bought such precious jewelry for a woman outside, and he could donate it at will. , I'm still trying my best to buy this second-hand product!"

Sun Tan cried hysterically, all the makeup on his face.

Everyone looked at this scene and sighed.

Ge Zheng hasn't come yet, and he didn't see it after turning around just now, so he probably will come later.

It's not good for Su Nan to stay here, but it's not good to leave Sun Tan alone.

What can she do?

Sun Tan and Ge Zheng's marriage was already crumbling, and Sun Tan felt that there was no problem and could go on.

If she persuaded her to break up and turned back to Sun Tan and made up with Ge Zheng, wouldn't she be a human being inside and out?

The manager crouched down and looked at her in embarrassment:

"Mrs. Ge, this auction item was sent by Mr. Ge. Unless it involves the police's stolen goods, we still have to auction it according to the regulations..."

Sun Tan raised his head suddenly, his eyes were scarlet:

"Auction, who rarely wants it? Second-hand goods of this vixen!"

While speaking.

Outside Shang Qian heard the movement and walked in and looked at Su Nan.

Su Nan pursed her lips and spread her hands helplessly.

The two looked at each other, helpless.

Sun Tan's collapse may have been expected, but this situation is really not suitable for further trouble.

Shang Qian

said, "Mrs. Ge, I heard that Mr. Ge has already arrived at the door. If you have something to say, you might as well tell him clearly. It's useless to cry here."

Sun Tan wiped his face and raised his head, with undisguised anger in it:

"Really?"

Shang Qian nodded.

Sun Tan stood up without saying a word, without caring about his image, he ran out with his skirt in hand.

It was not her turn

, Shang Qian gave a slight meal.

His face sank slightly.

look at her.

He wasn't so stupid, he always felt that there was something in her words.

After pondering for half a second, he said lightly:

"I don't know."

Su Nan smiled and rubbed his shoulder:

"You said what would you do if it were you?"

Sun Tan wants a divorce, there is evidence, Ge Most of the time he will go out of the house. The company in his hands is not strong. Once there is a financial problem, it is very likely to declare bankruptcy.

Divorce now will not benefit him at all, he will not understand.

He instantly fell into Dilemma, what would you do if it were you?"

She was curious, what if it was Shang Qian?

Shang Qian seemed to know what she was thinking, and smiled helplessly.

He sighed, somewhat regretting coming here to stand.

It's simply a disaster.

“Baby, I will never become such a scumbag. There is no if in this world. If you insist on telling me, I fully support his wife’s divorce. Only by divorce can the scumbag know how powerful it is!”

Su Nan lowered his eyes slightly . , smiled.

Still satisfied.

never mind.

Don’t embarrass him about this kind of death.

She thought for a while, “Sun Tan didn’t even have the money to buy jewelry. It’s very likely that there is an economic problem, but Ge Zheng has changed to a new car, and he can’t see the economic problem.

It can only mean that Ge is transferring property and deceiving Sun Tan.”

Shang Qian was silent: “Well, you are still smart!”

He had already seen it, but he couldn’t say it.

Su Nan sighed and stretched.

Ge Zheng outside had already driven away and left Meng Shuang behind.

There is a good show without entering the door, and everyone is more enjoyable to watch.

Su Nan turned around and looked at the glittering hall inside:

“Let’s go, the auction is about to start.”

Shang Qian took her hand with a smile, and became more interested:

“There is a rough diamond, it’s pink and blue, for Can you make a brooch?”

Su Nan smiled, the two entered the exhibition hall, and the auction had just started.

I don’t know if the organizer did this on purpose.

Opposite the positions of Su Nan and Shang Qian are Fu Yechuan and his female companion.

She hadn’t looked at his female companion carefully, and she hadn’t paid much attention.

But she also looked like a lady from a noble family, dressed delicately, and when she looked at Fu Yechuan, the admiration in her eyes was too easy to see through her mind.

Su Nan looked familiar, but couldn’t name her.

However, she didn’t pay much attention to his female companion, and was quickly attracted by the auction item.

Perhaps because of Sun Tan’s trouble, everyone knew that the pair of earrings would not be worth much, so they temporarily changed the auction order and placed the earrings in the front.

As a result, only a few people made bids several times, and they couldn’t call any high prices.

The original value of the earrings may be very high, but the helpless people present are very face-saving people, and this auction is not anonymous, so until the end, the earrings have not been sold.

The organizer had to remove the earrings and replace them with the next one.

Shang Qian was optimistic about a set of tea sets, and whispered in Su Nan's ear with great interest:

"Just now, Dad wants a new set, give him a surprise."

Su Nan thought about the tea set in his cupboard, Use it according to the sunny day, rainy day, cloudy day and his mood.

I don't know what his hobbies are.

She smiled and looked at Shang Qian:

"Well, that's fine."

Compared with Su Nan, Shang Qian is more like his son.

Su Nan only thought about diamonds, diamonds, big diamonds.

She was eager to see.

Because the rough diamonds are precious, they are not displayed here, so everyone has not seen them.

The two whispered a few whispers, with a few tacit smiles on their faces.

He didn't notice the fiery gaze of the person on the other side watching them all the time.

Since entering here, Fu Yechuan has not said a word.

Maybe it's because I don't know what to say.

Su Nan can still stand here alive and kicking, he should be happy.

But inexplicably, there is always an indescribable loss in my heart.

He would speculate privately, if there were not so many twists and turns, the one standing beside Su Nan now would be himself.

How good would that be.

But this was the ending he could never dream of.

He was even a little worried that Su Nan would know about his plan.

From the bottom of my heart, I think he is a despicable and shameless person.

But he felt that every step he took, there was a legitimate reason to cover up his selfishness.

She will never know.

The girl next to her is Lin Chu.

She had already heard of Fu Yechuan's name, but she had no chance to contact him.

Although Fu Yechuan and Ringo have always had a good relationship, they are not his friends.

So Lin Chu's mind, Ringo let her hide it tightly, don't ask for trouble.

Ringo knew the person in Fu Yechuan's heart.

If you want to find a replacement, most of them are not Lin Chu.

But before this auction, Fu Yechuan and Ringo were talking about something, and Lin Chu happened to be looking for Ringo when they met.

She really wanted to come over to see and see, but Ringo had something to do and couldn't get away, so he could only ask Fu Yechuan.

Fu Yechuan didn't think too much about it, and things went smoothly.

So, in everyone's eyes, Lin Chu became Fu Yechuan's female companion.

She returned from studying abroad for a few months, and she only saw Fu Yechuan for a few seconds.

For him, I only know everything on Baidu Encyclopedia.

Lin Chu looked at the rough diamond, the light seemed to be a light blue, subtle and mysterious.

She couldn't help but exclaimed:

"It's so beautiful!" The

host:

"Okay, this diamond is in the hands of a collector from Italy. If you are interested, you can start the auction. The starting price is 9 million..."

Starting auction The price is nine million, which is for nine figures.

Lin Chu dismissed the idea in an instant.

The opposite Shang Qian's voice reverberated in the exhibition hall:

"Twenty million——"

Everyone sighed.

Although the people present are not bad, but people like Shang Qian who started with 20 million in one shot, everyone also has a new insight into his net worth.

Su Nan stood there calmly, beautiful and slim, bright and lustrous, standing there, the facial features under the light seemed to be extraordinarily delicate and beautiful.

She seemed to be completely out of the way, her eyes fixed on the diamond in front of her.

Cold and noble, just like her.

Fu Yechuan stared at her for a few seconds, and immediately said:

“Thirty million...”

“Fifty million...”

“Sixty million...”

At first, there were people in the exhibition hall eager to try want to bid.

But when I heard the two people’s bidding as if vindictive, I lost my mood in an instant.

As for Lin Chu, who was standing beside Fu Yechuan, he couldn’t help but look at Fu Yechuan shyly in surprise and joy.

Could it be because of the sentence he sighed: “It’s so beautiful!”

Fu Yechuan wanted to take a photo of it and give it to himself?

I heard from my brother Ringo that Fu Yechuan has always been generous to women.

It is his style to do so.

Shang Qian didn’t seem to be angry, nor did he have any opinion because of Fu Yechuan’s bid.

### **Chapter 2036**

Shang Qian, who was given to someone

, stood there tenderly.

The gentle self-confidence in his eyebrows, the noble and handsome, let people feel that in City A, he is someone who can compete with Fu Yechuan.

Su Nan doesn’t seem to have any feelings about the higher and higher numbers.

She stood there quietly, as if wondering if it would be too wasteful to use it as a brooch?

The people around Fu Yechuan couldn’t stand.

It’s already close to 200 million...

She seems a little guilty from the excitement at the beginning to the panic now.

He thought it was her words that made Fu Yechuan angry.

She couldn’t help tugging at Fu Yechuan’s sleeve and said in a low voice,

“Mr. Fu, forget it, I don’t like it very much either...”

If her brother Ringo found out, 80% of them would scold her to death.

Fu Yechuan frowned, glanced at her, said nothing, and continued to bid.

It seems that he will not give up until he achieves his goal.

Lin Chu’s heart was uneasy.

It seemed a little excited, but also a little nervous.

But the people in the arena watched this scene with a smile.

Because it was brought by Fu Yechuan, he didn't say it blatantly.

The woman around him persuades the man to forget it, which is a very frustrating thing in itself.

A calm person like Su Nan, standing beside Shang Qian, although he didn't say a word, his aura was there, and the two complemented each other well.

The asking price suddenly reached 400 million.

Su Nan woke up like a dream.

She interrupted the contest between Shang Qian and Fu Yechuan, and said a price with a smile. Everyone looked at her in astonishment.

Undoubtedly, the focus of the highest price in the field today is Su Nan.

As soon as she exited, Shang Qian didn't say any more.

Fu Yechuan was also strangely silent.

This contest ended silently, and everyone enjoyed it.

There seems to be no winning or losing.

After all, no one is asking for a higher price than Su Nan.

The last thing was in Su Nan's hands.

Lin Chu couldn't help but glance at Su Nan a few more times, and the envy in his eyes was undisguised.

Su Nan smiled and accepted everyone's attention.

In the next auction, Fu Yechuan took a ring.

The meaning of this ring is extraordinary, and the women present are amazed. For a diamond king like Fu Yechuan, the meaning of photographing the ring does not mean that he is getting married?

I don't know who has such luck!

Lin Chu came out of the loss of that diamond, because this ring was more attractive to her.

She was his female companion, and she was excitedly looking forward to Fu Yechuan giving her the ring.

The manager asked the bodyguard to find Su Nan with the diamond and said a few words of congratulations.

To be honest, Su Nan felt that the diamond was worth the money, so when he heard that they had taken it to a certain level, he stopped.

She glanced at Shang Qian, and Shang Qian took out the card very intelligently... The

manager smiled.

With a clear door in my heart, Shang Qian is still better.

If it wasn't for Su Nan who made the bid, how could Fu Yechuan give up?

"President Shang, President Su, do you need a bodyguard to deliver it to your house?"

They have such a service.

Su Nan smiled, picked up the priceless diamonds inside, and put them in his bag.

He patted and said with a smile,

"No need to be so troublesome."

Shang Qian nodded and looked at the manager with a smile: "

Thank you, we'll take it away by ourselves."

Yet the admiration and envy of the students.

There are many rich people.

There are not many rich people like them who don't treat money like money.

As the end drew to a close, Shang Qian also took the tea set he had photographed for his father-in-law and had them put it on the car ahead of time.

Su Nan greeted several celebrities she knew in the circle.

Shang Qian was inconvenient to follow, so he waited not far away.

Seeing Fu Yechuan's female companion coming out of the bathroom alone, he didn't seem to be in high spirits.

Lin Chu came to the front, only to realize that he almost bumped into him.

She quickly apologized:

"I'm sorry, I didn't pay attention."

Shang Qian raised his eyebrows and smiled gently, "It's okay, Miss Lin doesn't have to worry about it."

His polite appearance really made people feel no sense of distance.

Lin Chu looked up at him in surprise:

"Do you know who I am?"

Shang Qian said sincerely and politely:

"Of course, almost all of the women who can appear by Mr. Fu's side are unaware. "

Perhaps Shang Qian was too straightforward, and Lin Chu's face instantly turned red.

She faltered and was speechless.

Finally shyly said goodbye and ran away.

It turns out that everyone thinks so, and has it been tacitly agreed that she and Fu Yechuan are a couple?

Lin Chu was running and accidentally bumped into someone.

Looking up, it was Fu Yechuan.

Her face turned redder.

Fu Yechuan frowned slightly and spoke to the manager across from him with a grim expression.

The manager glanced at Lin Chu and recognized that she was Fu Yechuan's female companion.

He smiled and complimented a few words:

"The young lady that Mr. Fu brought is really beautiful, and the color of the dress she wears matches this diamond ring!"

Lin Chu looked up and heard that she matched the diamond ring very well.

Immediately, his mood was up and down, and he looked at Fu Yechuan excitedly and nervously.

Seems to be expecting something from him.

Fu Yechuan didn't notice.

Her usual shyness did not allow her to take the initiative to ask for it.

It was just a secret message from time to time, hoping that Fu Yechuan would understand.

After the manager finished speaking, he left with someone.

Fu Yechuan was playing with the textured velvet-colored box, which he could hold with one hand.

Lin Chu kept his eyes on the box and pursed his lips.

She looked back and looked at Fu Yechuan:

"Mr. Fu, shall we go back?"

Fu Yechuan paused before noticing her.

Instead of answering, he stretched out his hand to say hello, and someone immediately greeted him.

He looked at one of them and handed over the velvet box in his hand:

"Give it to her and say wish her happiness."

He didn't name it clearly, but Lin Chu understood it too.

The ring was given to someone else, not hers.

All night, she was under the spotlight, thinking that she really looked like Fu Yechuan.

But Fu Yechuan changed his hands and gave the ring to someone else.

Her face turned red and white, indescribably colorful and complicated.

Disappointment, disappointment, and embarrassment all came together, making Lin Chu feel as if a basin of cold water had been poured on his head.

The bodyguard left with something.

Fu Yechuan called and asked the driver to wait outside.

After he finished speaking, he looked at Lin Chu:

“I will ask the driver to take you back,

be careful on the road.” After he finished speaking, he turned and left.

I don't care about Lin Chu's hypocritical thoughts.

Lin Chu suddenly came up with a thought, wanting to know who this gift was given.

She subconsciously followed the bodyguard and ran out.

People left one after another at the door, and private cars were more expensive than the other.

Everyone greeted and said goodbye.

Among the crowd, she watched sharply as the bodyguard ran to the last car, a black Bentley.

Shang Qian was chatting with the bosses in front, and the bodyguard ran to the back.

The car window fell, revealing Su Nan's bright and intoxicating face.

### **Chapter 2037**

likes the

moment of being clingy.

Lin Chu froze in place like a thunderclap.

She suddenly understood all the abnormal behavior of Fu Yechuan tonight.

He set a sky-high price for that rough diamond, and it wasn't because of her casual compliment.

But he wanted to give the best things to Su Nan?

Even if she is married and is someone else's wife!

So when Su Nan opened his mouth to bid, he immediately did not follow.

Is it because he is afraid of Su Nan spending money, or because he is afraid that Su Nan will get angry?

She couldn't imagine at all, what is the relationship between Fu Yechuan and Su Nan?

Thinking of this, she immediately called Ringo.

The tone was restrained calm.

“Brother, what’s the relationship between President Fu and Su Nan?”

Ringo was silent, “You just returned to China, and you don’t know what happened to them. In short, don’t be imaginative.”

After speaking, he hung up the phone.

Lin Chu stood there in a trance, and Fu Yechuan’s driver came over and asked,

“Miss Lin, do you need me to take you back?”

Lin Chu looked in Su Nan’s direction.

In between, she looked at what the bodyguard handed over, Su Nan thanked him indifferently, did not take it, just rolled up the car window, and the bodyguard stood there holding the box, embarrassed.

Soon, Shang Qian got into the car, and their car disappeared in front of him.

Lin Chucai looked back and looked at the driver:

“Thank you.”

She said dryly.

The mood felt like a roller coaster overnight.

Su Nan took out her mobile phone and looked at WeChat, replying with interest.

Shang Qian came up, “What?”

Su Nan: “Miss Qin is coming back.”

Shang Qian raised his eyebrows, “I didn’t hear that she settled the mess in City C, why did she suddenly give up?”

After all, she left At that time, he had a deadly expression on his face.

Su Nan smiled, looked at the passing scenery outside, and sighed:

“Isn’t she pregnant, Shen Liang won’t let her stay there for too long.”

Shang Qian smiled and stroked Fumeifeng:

“Alright, if you have one more friend, you won’t be bored.”

Su Nan smiled and nodded:

“Yes, without Qin Yu, I always feel that there are a lot of interesting things missing this time.

” I’m bored?”

“Don’t you know that distance produces beauty?”

“Are you implying that I’m too clingy?” Shang Qian frowned in dissatisfaction.

“I like sticky people.”

Su Nan hurriedly leaned over to hug his slender waist and smiled.

Shang Qian helplessly let her hold him.

Every time she bickered, she was always on the verge of angering him.

But he always coaxed her a second before he got angry.

No way, Su Nan found out Shang Qian’s petty temper.

Father Fu’s funeral is coming soon.

Su Nan and Su Jin attended together.

It’s all about the shopping mall, so it doesn’t matter whether Su Qi and Su Ming go or not.

Su Yifeng’s identity is there, it’s not easy to pass.

Shang Qian went there once, and left in a hurry, without staying any longer.

Fortunately nothing happened.

The funeral held by Fu Yechuan was not a low-key one. The location was chosen in a secret manor of the Fu family, and all media reporters were kept outside.

Anyone who enters must verify their identity again and again.

The weather was a little gloomy today.

There was also a chill in the wind.

Out of respect, all those who went put on plain clothes.

Su Nan and Su Jin went in, and Chen Mian personally came to pick them up.

The mourning hall is magnificent, but the old man has been cremated long ago, and in the middle is a black and white photo of him.

Cold and solemn.

The two bowed over and could smell the sandalwood.

Fu Yechuan’s face was a little embarrassed, and he couldn’t hide his tiredness.

But when the people of the Su family came, they walked over in person.

Su Jin: “Mr. Fu, my condolences.”

Fu Yechuan nodded, and when he looked up again, he looked at Su Nan.

Su Nan pursed his lips, “My condolences.”

Fu Yechuan lowered his eyes, a little gentleness flashed in his expression.

“Don’t mind that gift. I gave it to you because I felt I owed you. If you don’t want it, I won’t force it.”

His voice was rough, hoarse, and tired.

It seems that he has completely let go of his past with Su Nan.

Su Nan hesitated for a few seconds before realizing that the gift he said should be the ring from the day of the auction.

She nodded.

didn’t say much.

In this case, it is not suitable to talk about other things.

People came one after another, and they needed Fu Yechuan to greet him.

He glanced at Su Nan, said “self”, and walked out.

Su Nan felt that Fu Yechuan had really let go.

This is good for both parties.

Su Jin took her to the other side:

“I saw an acquaintance, it’s your sister-in-law’s classmate, I’ll go say hello?”

This means that Su Nan is not suitable to follow.

She wasn’t so interested either.

“Well, then I’ll turn around and call me later.”

Su Jin touched her head:

“Okay, wait for me here.”

Su Nan nodded obediently.

It was too dull inside, so Su Nan turned out.

Looking at the small building not far from here, it seems that smoke is coming out.

Smoke, is it on fire?

Su Nan’s face froze, because he was not sure, so he didn’t dare to call someone over rashly.

She could only run over by herself.

It was quiet inside, nothing was moving.

However, from the gap in the window on the second floor, thick smoke kept coming out and scattered into the air.

She paused, feeling a little anxious and anxious for no apparent reason.

I don't know if anyone is up there?

If anyone had, they would have called for help!

Suddenly.

She seemed to hear something.

It looked like something was beating against the glass of the window.

One after another...

Su Nan was stunned for a moment, and hurriedly shouted for help, and was about to rush in.

But the smoke inside was thicker.

There's obviously someone up there.

How could Fu Yechuan make such a low-level mistake?

She didn't have time to think about it, and she didn't see the flames, indicating that the source was not nearby.

She took a few steps up, but the door couldn't be opened.

It was locked by someone, so the talents inside couldn't get out!

She was horrified.

Listening to the movement downstairs, I knew that someone should come in soon to put out the fire.

She breathed a sigh of relief and quickly saw that the door of the room on the other side was open.

She remembered seeing it just below that the balconies of the two rooms were connected.

Push the door in.

I ran directly to the balcony, only to think of the locked room next door, with a railing in the middle.

Hearing the sound of slapping the glass getting faster and faster, she didn't have time to think about it, she took off her high heels and stepped on it.

Next, Fu Yechuan was attracted by her voice of help, and there were many others.

Seeing this scene, everyone was shocked to death.

"Su Nan, what are you doing, come down quickly!"

Fu Yechuan's face suddenly turned pale.

Su Jin also ran over, panting:

"You..."

Before he could finish speaking, he looked at the smoke coming out of the window and was shocked:

“It’s on fire, put out the fire quickly... ..”

### **Chapter 2038**

The face of the person behind me who came to accompany me changed, and Chen Mian reacted abruptly.

“No, the young master is inside!”

Fu Yechuan looked shocked.

Glancing coldly.

Chen Mian’s face turned pale: “You said don’t let him come out, I will let the young master play by himself after the memorial service, the young master is tired, so I let him sleep here, but I didn’t light the fire, and I didn’t close the door. ....”

He said in a hurry, no one listened.

Fu Yechuan looked up with a livid face, his whole body tense.

“Su Nan, come down quickly...”

He gritted his teeth.

Knowing that someone may have deliberately created a chaos or crisis.

But the purpose is definitely not to involve Su Nan.

Su Nan’s face was pale, and the wind was blowing, a little cold, making her clothes rattle.

She brushed a strand of hair that was hanging at the corner of her mouth, and it fell down again with her breathing.

Fortunately, it went smoothly, and he jumped off the railing and breathed a sigh of relief.

Don’t dare to look below.

She opened the window from the outside, and the smoke inside came out.

Sure enough, a child was kneeling in front of the window, his eyes were red, and he was out of breath crying, but he couldn’t make a sound.

The pitiful appearance made people unable to help but feel pity, and his breathing began to weaken.

If Su Nan didn’t save him, he would be suffocated by the thick smoke at a loss.

She paused, as if she had seen him.

He was the kid who played with Su Lin at school that day.

Fu Yechuan’s son.

She didn't have time to think, she stretched out her hand and said softly,

"Come on, give me your hand."

Fu Yunche seemed to have no strength to cry, he didn't expect that someone would save him.

He silently called for help many times inside, and called Daddy many times, but no one came.

Looking at Su Nan, he seemed to see a savior.

He stretched out two hands, and Su Nan picked him up forcefully and carried him out of the window.

Fu Yechuan's people had already gone in to put out the fire.

A tall ladder was also placed on the balcony.

Someone is holding on below.

It was Fu Yechuan.

He watched from the balcony, his eyes closely following Su Nan.

"Come down, be careful..."

Su Nan couldn't go down with the child in his arms, so he had to go down first.

The child has no strength to cry, the key is that there is no sound.

Lying on the ladder shivering.

Fu Yechuan frowned, with a bit of impatient coldness:

"Why are you crying?"

Chen Mian glanced at him, and hurriedly climbed up, put Fu Yunche on his arm, and slowly hugged him down.

"Young master, don't be afraid, it's all my fault."

He was really afraid.

Although Fu Yechuan didn't like this son.

But after all, he is the eldest grandson of the Fu family, and his status is naturally different.

If something happened, he couldn't bear it.

Su Nan got down from the ladder, and at the last step, someone helped him.

It was Fu Yechuan who was originally standing there, but was taken by Su Jin.

She breathed a sigh of relief.

Su Jin patted the dust on her clothes:

"Are you okay?"

Su Nan shook his head.

Someone picked up Su Nan's high heels long ago.

Just as Fu Yechuan was about to take it over, Su Jin took the lead in taking it over.

He breathed a sigh of relief and put it at Su Nan's feet:

"Impulsive, good luck this time, and next time, you are lucky enough to be so good?"

Su Nan also felt scared.

Fortunately, the fire was small and did not involve the adjacent room.

Otherwise, she would be trapped in it herself.

She frowned slightly and looked at Fu Yechuan:

"Mr. Fu, today is the big day of the old man. You can really make a fool of yourself!"

Fu Yechuan didn't speak, and stood there silently:

"Thank you."

Su Nan pursed his lips, "Forget it, it's getting late, shall we go back?"

Su Jin nodded.

He immediately said goodbye to Fu Yechuan.

The slender figure left, Fu Yechuan's face was gloomy, and he stood there as if no strangers should approach him.

Fu Yingying came out of the building in front and looked at this scene:

"What's going on?"

Fu Yechuan glanced at her indifferently, with a coldness in his tone:

"You better have nothing to do with this matter, otherwise ..."

Fu Yingying froze when she heard this:

"Otherwise what? Am I not miserable enough? If it wasn't for Grandpa's funeral, would you imprison me for the rest of my life!"

The surrounding people gradually dispersed.

The fire also went out.

In the garden in front, many participants saw this scene.

Fu Yechuan didn't speak, and turned around silently.

Instructed Chen Mian:

“Find out the reasons.”

Chen Mian nodded.

Fu Yunche had been taken to the hospital just now, but he didn't follow him without Fu Yechuan's consent.

Lin Chu walked down from the front softly and held Ringo's arm:

“Brother, let's go and comfort President Fu?”

Ringo pursed his lips and sniffed:

“Forget it, I'm getting angry, what's the use of comforting? ?”

“Angry?”

Lin Chu frowned, puzzled, shouldn't it be the time to be sad?

Ringo said, “Let's go.”

“Don't you need to say hello?”

“No.”

“Oh.”

Lin Chu followed.

Just as Ringo was about to get in the car, he suddenly thought of something, and turned to look at Lin Chu:

“I remember you went out for a while, where did you go?”

Lin Chu clenched his fists for a moment, hiding his inner nervousness. His face pretended to be calm:

“No... I didn't go anywhere, I just went to the bathroom.”

Ringo looked at his sister, pursed his lips, and touched her hair:

“Chuchu, some people can't even think about it. They are not from the same world. If you think too much, you will be hurt. You are a smart and sensible child, not the same as those rich second-generation ladies in the circle, right?” Ringo's words were irritating, and his face was white and red.

I don't know if he saw something, but his brother who always loved him suddenly said this.

Did you see what she was thinking.

Still know something?

She stiffened her numb scalp and nodded slightly.

Ringo smiled and got out of the way:

“Get in the car.”

Lin Chu pretended to be calm and got into the car.

.....

Su Nan arrived home on the front foot, and the thank gift from the Fu family on the back foot has been delivered to the door.

She looked at it, fortunately there was nothing out of proportion.

If she gave him any more rings and necklaces, she would throw them out for him.

Su Jin sent her home and went to the company himself.

After all, one of the two brothers and sisters is enough to paddle, and the other still has to work hard to make money.

Going back to take a nap, she heard the phone ringing in a daze.

I thought it was Shang Qian's call.

She picked it up and listened to a woman weeping on the phone for a while.

"Su Nan, can you come and accompany me?"

Su Nan was slightly sober, and after identifying for a while, he asked tentatively,

"Sun Tan?"

"Well."

She paused.

My relationship with her wasn't that good either.

She thought that Sun Tan would be busy with divorce these days and would not be in the mood to come out.

Why did you call yourself over?

She didn't want to get involved in the affairs of their husband and wife. She didn't have a deep relationship and couldn't handle it well. She was not a person inside or outside.

No matter what you say, you have to find an excuse to decline...

## **Chapter 2039**

Diligently admits mistakes,

but Su Nan hasn't spoken yet.

Hearing that Sun Tan could not help gnashing his teeth, he released a tempting bait:

"I don't have any friends anymore. If you come to accompany me, I will sell you the shares of Gezheng Company that I can get from my divorce!"

I know that Su Nan doesn't have a deep friendship with her.

If there is no attraction, how can Su Nan come?

really.

Su Nan got out of bed and put on clothes while answering the phone, and said politely,

"You are too outside, you are all women, I can understand you, really..."

She didn't make too much publicity, she chose She put on a low-key beige long dress, put on a thin coat and went out the door.

Arriving at Sun Tan's house, the upstart style of the local tyrant's decoration really made Su Nan stunned for a while.

It's just that there is no place for feet in the densely packed house.

She looked closely, and there were piles of cash on the table.

There is also a lot of gold jewelry.

Sun Tanhong welcomed her in with her eyes open, sniffed, and did not make up for the past two days.

"You're here, just sit down."

Su Nan twitched the corners of his mouth, "Is there anything I can help you with?"

Sun Tan sighed:

"No, I'll just watch you, after all, in the circle, I am the most I admire you."

Su Nan dared not think it was a compliment and compliment.

She smiled embarrassingly:

"Sun Tan, you've talked about it and decided to get a divorce?"

Sun Tan pursed his lips, went into the bathroom to wash his face, and came out directly without makeup:

"No, he doesn't agree, I'm going to sue."

"Oh, I didn't expect you to come."

"I've been confused for half my life, can't I wake up once? He dared to slap me in the face outside, did he really think I would endure it? Do

n't worry, I'll give you what I promised you, but you can't deliberately lower the price. I'm divorced, and there are many places to spend money."

Su Nan raised an eyebrow and nodded understandingly:

"Don't worry, it's all about Woman, I won't treat you badly."

Sun Tan went back to the sofa and continued to pack up:

“These are all the cash and jewelry at home, as well as some important contracts and shares, I want to do the math.”

Her eyebrows were heavy, His face was also not good-looking:

“I suspect that the bastard has already begun to transfer property, half of the property on the book is gone, and the company is also in a state of loss, but there are people in the company of me, and they all say that the company has been operating normally recently, and there is no loss! “

Su Nan nodded, “You have to find evidence, otherwise divorce will be very unfavorable to you.”

Sun Tan red eyes gritted her teeth angrily:

“Of course, but I’m afraid that after the divorce, the property will be transferred by him. All these years I can’t control the company’s affairs, of course he can cover the sky with one hand.”

Just as he was talking, the doorbell rang.

Su Nan looked at her: “Who is it?”

Sun Tan ignored it and continued to lower his head to sort out:

“Who else could it be, that bastard has been attentive these past two days, do you think I will still believe him?

” sounded.

Su Nan was surprised that Ge Zheng didn’t have the keys to his home.

Or rather, Sun Tan quickly changed the lock.

Su Nan chatted with her while chatting with Shang Qian on the mobile phone, without delay.

Sun Tan was busy sweating and took out a few photos from the bedroom.

They are all photos of her and Ge Zheng. It can be seen that the two had a good relationship when they were young, and their eyes were full of affection.

It’s just that men’s eyes have always been deceptive.

She threw it on the ground angrily, with red eyes:

“Since I caught him cheating for the first time, the two of us have never taken any pictures. This marriage is a mere formality, and I have given him enough face. , but how could he bully me like that!”

Su Nan said nothing.

The doorbell outside continued.

No intention to stop.

Sun Tan angrily ran over and opened the door.

“Get out! Waiting for my lawyer to talk to you!”

“Wife, I’ve cut myself off from people outside, I really can’t bear you, I’m wrong, okay? You know, you are the only one in my heart, outside It’s all a show, I can’t compare with you!”

Su Nan listened inside, quietly looking at the green plants on the balcony.

Green and dripping, suddenly fluffy and damp, someone took care of it carefully.

Sun Tan usually has a carefree temperament and can do these small things, and he is not less boring on weekdays.

The two people outside continued to shout:

“Go away, I’m telling you, I’ve had enough, I can still find a younger brother to support me if I stop the loss in time, I don’t want to spend my whole life on you!”

Ge Zheng’s tone pleaded humble:

“Wife, we have known each other for so many years, and your position in my heart is irreplaceable. We have known each other since junior high school. For so many years, you know how difficult it is for us to go from school uniforms to wedding dresses!”

Outside Sun Tan’s voice gradually disappeared.

Ge Zheng struck while the iron was hot:

“Wife, you forgot that when you had surgery for appendicitis, I gave up the opportunity to sign with others and ran back to the hospital behind your back. At that time, your family didn’t agree with us being together

. Qian, I paid you for the medical bills after I sold my blood. We have been here for so many years, don’t file for divorce lightly, if you are dissatisfied with me, I will accept you if you beat me or scold me...”

Sun Tan’s cries grew louder.

But the next second, she pushed him away suddenly, looking at her indifferently:

“I didn’t forget, if I hadn’t remembered the feelings in the past, do you think I would endure until now?

But after so many years, I have become acquainted with you. , I thought you were just playing with people outside, just having fun, I thought you would come back to me one day.

But when you took the vixen to public places, I knew you had changed! “

Ge Zheng’s face was on the side, and he has to explain in a hurry.

Sun Tan didn’t give him a chance, his voice was hoarse and hoarse:

“You are testing my bottom line, don’t admit it, the way you bring people out in a grand manner is nothing more than not taking me seriously, not putting me in the In your eyes, you are so disrespectful to me.

Don’t keep talking about Mrs. Ge, I’m already a joke, don’t you know?

You broke the balance between us by doing this. Others can laugh at me, but you can't!"

Su Nan closed his eyes, his heart was quite blocked.

She shouldn't have come.

In the eyes of her and outsiders, Sun Tanyou deserved it today.

A good deck of cards smashed.

Poor and hateful.

But she deserved it, it should not just be the name of Mrs. Ge.

From school uniforms to wedding dresses, that moment of romance is enough to burn for a long time in life.

"Wife, I was wrong..."

Ge Zheng didn't know what to say, so he could only apologize.

No conscience and superficial apology can solve anything.

It will only urge Sun Tan to strengthen his determination.

"Ge Zheng, force me to tear my face, I'm divorced from this marriage!"

Ge Zheng's face changed a few times, but he finally left.

The sound of Sun Tan closing the door was very loud and loud.

The tears had been wiped off her face when she came back.

But the eye sockets were red, and the red blood was particularly obvious...

## **Chapter 2040**

Happy

Su Nan opened his mouth, not knowing what to say or how to persuade him.

suddenly.

Sun Tan sat up straight and picked up the phone on the table.

"Yes, just left, follow me right away, he is likely to find that vixen, this time he must take evidence!"

After she finished speaking, she hung up the phone and looked at Su Nan:

"Come, come with me? "

Su Nan was stunned:

"Is it suitable for me to go?"

“Why not, I wish people all over the world would go and see the good show between him and that vixen!”

Sun Tan gritted his teeth.

Su Nan pursed his lips, for the sake of the shares, okay.

Go, go and see, it doesn't hurt.

It's just that Sun Tan is in a bad mood and doesn't drive.

Su Nan became her driver.

Sun Tan was in command.

The car went downstairs in a high-end community.

She knew that many actors liked to buy houses here. It was clean and the paparazzi couldn't get in.

She frowned slightly, thinking of Meng Shuang, it seems that she and Ge Zheng have been together for a long time.

Su Nan looked at Sun Tan: “Did you find a private detective?”

Sun Tan replied: “Well, it's his former driver, a man from my hometown. He looked dissatisfied and made an excuse to drive, and then I gave him He paid a sum of money to help me keep an eye on it.”

Su Nan nodded.

It seems that no matter when, you still have to have your own confidant!

In less than five minutes, Sun Tan's phone rang.

After listening, she hung up the phone.

“They came out.”

Su Nan immediately looked over attentively.

soon.

Two people appeared at the door of the apartment.

All look familiar.

As soon as Ge Zheng came out of Sun Tan's place, he turned his head and threw himself into the arms of his new love. This made Sun Tan's breath a little heavier, and it seemed that he was very angry.

But Meng Shuang seemed a little weird.

Maybe it was the night of the auction that day and I didn't see it clearly.

I always feel that Meng Shuang has gained a bit of weight, and female stars have always paid great attention to their figure.

She didn't realize what happened until she saw Ge Zheng excitedly and cautiously putting his hand on Meng Shuang's stomach.

She can see it, and so can Sun Tan.

Su Nan turned his head to look at her subconsciously.

I saw that Sun Tan's face was pale, his lips were all white, and he was trembling slightly, unable to speak.

It was a look of a huge blow.

It's just that this blow didn't make her crazy, but rather a bit of despair.

She sighed, leaned against the car, and closed her eyes.

His voice was hoarse:

"Su Nan, take me back."

Su Nan was surprised by her reaction.

According to Sun Tan's temper, he should go up and beat these two dog men and women.

Until the car left here.

The two dog men and women were also left behind.

Sun Tan suddenly spoke, his voice low and hoarse:

"When I got appendicitis, I took the wrong medicine, and the two-month-old child in my stomach was gone. Since then, I have never been pregnant again.

Just because I failed to give him a child, I always felt owed It's his, so I can turn a blind eye to his romantic affairs outside.

He said he didn't mind, he said he didn't like children, so I took it seriously..."

She suddenly choked up stand up.

Sad as hell.

Su Nan pursed his lips and coughed:

"A man's derailment is a matter of nature, and it has nothing to do with whether he has children.

After all, he didn't like that woman because he had children."

Sun Tan covered his face and his shoulders trembled slightly:

"Me too I don't know, how did you get to where you are today?"

Su Nan sighed: "What should I do now? Ripped off my face, or pretended to know nothing?"

Going out with your child, you won't continue to endure it, at this point, everyone won't be fighting for a penny, but a penny."

After hearing Su Nan's words, Sun Tan's face gradually calmed down. down.

She nodded: "You're right, I still have a tough battle to fight."

Su Nan breathed a sigh of relief, and now she doesn't care about any shares.

I just hope that Sun Tan will stop being stupid.

Otherwise, there is really no cure.

Su Nan sent her home, only to return by herself.

Being upset by Sun Tan, he simply went to Shang Qian's company.

Shang Qian was very surprised by her arrival.

Not only went down to pick her up in person, but also carried the bag diligently.

This made everyone envious of Su Nan.

Su Nan couldn't stand the attention of so many people, it was too enthusiastic, she immediately got on the elevator.

There were only two people, she breathed a sigh of relief.

"Why is it so high-profile, I can go up by myself!"

Shang Qian smiled, "Isn't this all basic courtesy? My wife is here, if I don't go down to pick you up, it will make others speculate that there is a relationship between us. Crisis."

Su Nan really believed what he said seriously.

Seeing her listless appearance, Shang Qian asked what she was doing just now.

Su Nan simply recounted what happened from going to Fu's house in the morning to what happened just now.

Coincidentally, he opened the door of the office in front, and Su Nan walked straight in.

She sat in Shang Qian's seat, her long hair ran down her shoulders to her ears, and her delicate earrings were small and beautiful.

He put his hands on both sides of the chair and looked at her with a smile:

"Just because of this unhappy?"

Su Nan put his arms around his neck:

"Not unhappy, but not too happy either."

Shang Qian clicked, He lowered his head and kissed her lips, then said with a smile:

“Then let’s do something fun?”

Su Nan was taken aback.

Suddenly, he was in the air, and Shang Qian picked her up.

Su Nan quickly refused, a little nervous:

“You are crazy, this is the company!”

He didn’t care where it was.

Shang Qian put her in the lounge inside, Su Nan glanced at it, she chose this bed herself.

Immediately his face flushed, he pushed and refused.

She swears that she really didn’t come here for this.

Shang Qian kissed for a while, then smiled and looked at her:

“Don’t be unhappy because of others, our marriage is no problem, you see all my energy is spent on you, there is absolutely no second heart!”

Su Nan blushed when he said it. Heartbeat, it feels like the heart is about to jump out.

The breaths of the two people were intertwined, and Su Nan sat unsteadily and subconsciously leaned back.

He followed suit and fell on top.

She opened her eyes slightly, her eyes were hazy and moist, looking at the strong love in Shang Qian’s dark eyes, as if she had discovered something.

Just as she was about to investigate carefully, Shang Qian’s kiss came to her face, giving her no chance to react.

You and I are chasing each other, Shang Qian is clasping her waist with a big hand, she can’t control it, and the door of the office is pushed open.

“Mr. Shang...”

Shang Qian froze slightly, and his face sank instantly.

Su Nan took a deep breath, let out a sigh of relief, watched him raise his eyebrows, and tidied up the buttons of his shirt, while exhorting:

“Look, I’ll say it’s not suitable, it’s more important to work, let’s go!”
