

Divorce 2031

Chapter 2031 was the fastest way to catch the plane

However, regardless of whether the manager was satisfied or not, she still boarded the plane and flew to Singapore with the manager. At least she did not delay her work.

Singapore arranged for someone to pick them up. At the same time, they arranged for a hotel. Everything went very smoothly. The lady who came to greet them was the salesperson who was usually with Fang Xiao.

The manager who received them at the Hengtian company said that their long-distance flight was very tiring. He told them to rest in the afternoon. They could also walk around Singapore on their own. At night, their boss would welcome them.

It was Fang Xiao's first time in Singapore, so she did not have any acquaintances at all, nor did she know where to go. The manager and the manager's secretary seemed to have relatives here, so they contacted their relatives as soon as they arrived at the hotel.

"Fang Xiao, I want to go to my cousin's place. Do you want to go with me?" Xiao Deng, who stayed in the same room as Fang Xiao, the manager's secretary, asked Fang Xiao after the phone call.

Fang Xiao shook her head and flatly refused, "I won't go. You Go. I'll just walk around the hotel. "

"Alright, I'll take my leave first. " Xiao Deng picked up her branded bag. Fang Xiao waved her hand and walked out of the room, twisting her slender waist.

As soon as Xiao Deng left, Fang Xiao immediately went to the door and hung the door number "do not disturb" on the handle outside the door. Then, she closed the door and walked towards her bed. She had been tormented by Dongfang Yunheng the night before. At this moment, she only wanted to have a good sleep.. To make up for the sleep she had last night.

Usually, she had the habit of choosing a bed. She could not fall asleep in an unfamiliar room or a strange bed. However, she was too tired today, so she threw away this habit. She lay on the bed and fell asleep just like that.

She was woken up by the ringtone of her phone. When she opened her eyes, the room was already dark. Only then did she remember that she did not turn on the lights. She could see during the day. Moreover, the floor-to-ceiling curtains were light-colored and did not block out the light.

She picked up her phone and saw that it was the manager. She quickly pressed the answer button. The manager was angry and growled, "Fang Xiao, where the hell have you been? The general manager of Hengtian company is treating us to a meal. You actually did not come. What is this? "

Only then did Fang Xiao realize that she had overslept in the afternoon. She hung up the manager's call and hurriedly got up. She washed up as fast as she could and rushed out of the room.

The manager said on the phone that the Hengtian company was treating them to a meal at the calm hotel near the hotel. However, she had run out in such a hurry that she had forgotten the location of the calm hotel. She was also afraid that she would be scolded again if she called the manager.

In the end, she hailed a taxi. Thinking that she would definitely be able to find the taxi driver if she could not find him, she hurriedly said to the driver after getting into the taxi, "I'm going to the calm hotel."

Afraid that the driver would not be able to listen to her mandarin, she spoke again in Hokkien. The driver nodded and did not say anything. He just stepped on the accelerator and left.

About twenty minutes later, the taxi driver stopped and pointed at the recruitment notice on a tall building next to her. The Tranquil Hotel indicated that she had arrived at her destination.

Fang Xiao quickly paid the taxi fare. Although she had some doubts about the distance between the hotel and her hotel and the proximity of the manager's mouth, she thought that the manager probably did not know the direction, so she did not think too much about it.

The hotel was luxuriously decorated. Fang Xiao remembered that the manager said it was private room 209 on the second floor, so after entering the hotel, she directly asked the hostess how to get to private room 219.

Chapter 2032: 2032, you're actually playing a stranger's game with me

When the hostess heard her question about Room 219, she was obviously stunned for a moment. Then, she looked at Fang Xiao with a scrutinizing gaze, which directly made Fang Xiao's hair stand on end.

"What's wrong? Is there something wrong with me?" Fang Xiao looked at the hostess.

"No," only then did the hostess realize that she had lost her composure. She hurriedly smiled apologetically and brought her to the VIP elevator. She even helped her to open the elevator politely. Then, she warmly reminded her, "when you exit the elevator, the second room on the right is room 219."

"thank you!" Fang Xiao thanked the hostess and then stepped into the VIP elevator. She didn't think much about why the hostess brought her to the VIP elevator. There was also an ordinary passenger elevator on the other side.

When she walked out of the elevator, she naturally turned her right hand over. The second room was indeed room 219, and the door was left ajar. It seemed that they were waiting for someone. The manager and the others were probably inside.

Fang Xiao pushed the door open naturally and walked in. However, when she took two steps in, she was completely stunned. This was because there were not many people in the private room as she had expected, but only one person.

And this person was actually Dongfang Yunheng, who had driven her to the airport in Binhai this morning!

Why did he come to Singapore When did he come Last night, he did not say that he was coming to Singapore in her bed. This morning, when he drove her to the airport, he did not say that he was coming to Singapore?

When she got out of the car in the morning, he helped her take out her suitcase from the trunk and even told her, "remember to call me when you come back so that I can drive over to pick you up. Then, I have to talk to you about an important matter. "

The man in the room also raised his head when he heard the sound of the door being pushed open. When he saw her standing at the door, he obviously frowned. Then, he said lightly, "Miss, did you go to the wrong room? "

Fang Xiao immediately flew into a rage when she heard Dongfang Yunheng's question. What kind of man was this? Last night, he had eaten her up in her bed, not even leaving her bones. This morning, he drove her to the airport and said that he wanted to talk to her about an important matter when she went back Now, he actually pretended not to know her?

When the man in the room saw that Fang Xiao was standing there without saying a word, and that her expression was clearly filled with anger, his brows could not help but deepen. Then, he coldly asked, "Miss, did you enter the wrong room? "

Fang Xiao was really angry this time. She took a few steps forward and stood in front of the man Then, she angrily said, "Dongfang Yunheng, what do you mean by this? If you were to change places, you would pretend not to know me, right? Why didn't you say last night that you entered the wrong room? Did you crawl into the wrong bed? "

The man was stunned at first by her angry roar, but after hearing the contents of her roar, he couldn't help but laugh. Looking at the angry woman in front of him, he felt that it was funny.

He didn't know how Dongfang Yunheng could stand such a shrew. Good boy, why didn't he know that he liked this type of woman in the past? He had always thought that he liked a woman like Gu Chenchen, who was gentle enough but lacked true love.

Fang Xiao saw that the man just smiled and didn't say anything, so he became even angrier He could not help but point at him and shout, "Dongfang Yunheng, that's enough. I've really had enough of you. I never thought that you would be such a person. You're just going abroad. It's fine if you want to follow me to Singapore, but you're actually playing the game of pretending to be a stranger with me. Do you think this is very interesting Do you think... .."

Chapter 2033, I'm too ignorant

Before Fang Xiao could finish her sentence, the sound of high heels came from behind her. She immediately turned around and saw a sweet-looking woman with exquisite makeup and a figure even better than Gu Chenchen Furthermore, a woman wearing a low-cut dress walked in with a smile on her face.

She was stunned for a moment before she reacted. She then turned around and sneered at the man, "so that's how it is. Dongfang Yunheng, why don't you just tell me directly in Binhai. Do you need to use such a method to explain something to me? Did I say that I would stick to you? I did say that. "..."

Fang Xiao couldn't continue speaking after saying this. She thought of how he had deceived her time and time again, and how she had been fooled by him time and time again. She felt a sense of sadness, and tears immediately rolled down her cheeks.

"I'm sorry, I... Didn't know myself well enough." She bowed slightly to the man, then turned around and ran out of the door. At this moment, she had forgotten the purpose of her trip to Singapore ...

"Hey, don't run." The man saw that Fang Xiao had turned around, so he panicked. He stood up in a daze for a moment and was about to chase after her. He had to explain it to her clearly.

"Yun is here." The woman who had just entered immediately reached out and grabbed his arm. She called out in a coquettish manner, "it's not easy for me to find the time to accompany you..."

"Alright, alright, we'll get together again next time when we have time." Dongfang Yunzai quickly pulled the woman's hand away and ran out of the private room.

"MM." The woman stomped her feet in anger. She was dressed so beautifully tonight. She wanted to have dinner with Dongfang Yunzai and perhaps she could take the opportunity to climb into his bed. However, she did not expect that she would be ruined by an ordinary woman.

Seeing Dongfang Yunzai chase after her so nervously, could it be that this woman was the one in the legends? The woman that Dongfang Yunzai loved and hated so much that no one could mention her in front of him?

Fang Xiao ran out of Calmness Hotel in tears. This gave the hostess at the entrance of Calmness Hotel who had just opened the elevator door for her a big fright. Then, she smiled in relief.

In Room 219 sat Dongfang Yunzai, the most mysterious man in Singapore. Many women even said that his voice could make women pregnant.

It was an exaggeration to say that Dongfang Yunzai's voice could make women pregnant. However, this also meant that in Singapore, Dongfang Yunzai's charm was irresistible. It was said that there were no less than three women who would jump off buildings or bridges to commit suicide for him every year.

The woman just now was too ordinary. Moreover, she was wearing professional attire. She didn't even have makeup on. How could such a woman catch Dongfang Yunzai's eye?

Just as the woman was secretly guessing how this woman and Dongfang Yunzai knew each other, Dongfang Yunzai quickly ran out from behind. He even chased after the woman's figure with quick steps.

This greatly broadened the horizons of the hostess. This was the first time in history that she had seen Dongfang Yunzai chasing after a woman. Usually, it was the women who chased after him, and he usually wished that he could get rid of the women who chased after him.

Fang Xiao ran very fast and also very quickly. She felt extremely stifled because she had just seen Dongfang Yunheng dating another woman in the private room. Thinking about how he had cheated time and time again, her heart was about to break.

Chapter 2034 I am not Dongfang Yunheng

Last year, he took her to Paris, France, and took her to the Eiffel Tower. He gave her the most beautiful night, but in the end, she was mercilessly abandoned by him when she returned to Binhai.

This year, she had been on her guard again and again. She had always guarded her heart and kept a distance from him in her heart. She had never allowed herself to have any attachment or nostalgia for him.

But in the end, she was still moved by him. When he took her to meet his parents, when he broke off the engagement with Gu Chenchen for her, when he and Qiu Yitang came to the mountains of northern Guangdong to rescue her who had been kidnapped by Du Caiwei, when he came to tell her last night.. He would not marry Gu Chenchen. Even if Gu Chenchen staged a self-harming act, it would not change his decision in any way. ...

She admitted that she was indeed moved by him. Last night, she had opened her heart to him. When they were intimate and passionate, when he asked her if she was willing to marry him, she nodded and even said 'I'm willing' .

However, who would have thought that Dongfang Yunheng would let her see such a scene in just one day.

No, it should be said that who would have thought that in just one day, Dongfang Yunheng would carry her and go out with another woman in the private room of the Singapore Hotel!

Fang Xiao only cared about running forward. Because she was in a hurry, she did not have the time to care about the situation under her feet. When she ran out of the hotel entrance and turned left, she actually bumped into a tricycle that was pushing fruits diagonally opposite her.

"Bang!" Of course, she could not hit the tricycle, so when she was hit by the tricycle, she retreated a few steps back. She just happened to retreat to a street lamp post. After being hit by the street lamp post, her body moved forward again Just like that, she fell to the side of the road.

"Ah!" Fang Xiao couldn't help but shout. She fell to the ground like a dog eating sh * T, but her mouth hit the concrete floor, and her teeth bit her lower lip.

Dongfang Yunzai saw Fang Xiao Fall, but unfortunately, he was still a step too late. When he ran to Fang Xiao's side, Fang Xiao was already lying on the ground.

"I don't even know what you're running for. I'M NOT A CANNIBAL!" Dongfang Yunzai squatted down and reached out to help Fang Xiao, who was lying on the ground. He couldn't help but mutter.

"ouch." Fang Xiao bent over and covered her stomach with her hand. She could not help but cry out in pain.

"What's wrong with you?" Dongfang Yunzai's brows were tightly knitted. This woman called Dongfang Yunheng when she saw him. It was obvious that she was his older brother's woman. Moreover, she seemed to be very sad.

He did not usually know his older brother's woman. The only one he knew was Gu Chenchen. Who was this woman She even said that his older brother had climbed into her bed last night. Could it be... ..

Before Dongfang Yunzai could think clearly, Fang Xiao was already sweating from the pain. Even so, she still pushed Dongfang Yunzai, who was supporting her, away with all her might Anyone said angrily, "Go away. From now on, we don't know each other. When you go back, move all the things that were placed in my dormitory away... "

"I don't even know you now, " Dongfang Yunzai quickly cut her off. Before she could reply, she quickly added, "I'm not Dongfang Yunheng. You've got the wrong person. "

"You've got the wrong person? " Fang Xiao was even angrier now She could not help but growl at Dongfang Yunzai, "Dongfang Yunheng, there are indeed people who look similar in this world, but there are absolutely no people who look exactly the same. If you say you're not, then so be it. If you're not Dongfang Yunheng, then you're just a beast that's worse than a beast. "

". . "

Chapter 2035. She had mistaken him for someone else

Three black lines immediately appeared on Dongfang Yunzai's forehead. In his entire life, this was the first time Dongfang Yunzai had been called a beast by a woman.

No, this woman did not call him a beast. The person she was calling a beast was Dongfang Yunheng. What did that have to do with him?

Thus, he said coldly, "if you want to scold Dongfang Yunheng, please go back to Binhai and scold him. This is Singapore. As for the person you're talking about who looks exactly the same? It's said that identical twins usually look exactly the same. "

"twins? " Fang Xiao was stunned for a moment before she reacted.

Only then did she remember that Dongfang Mo had two sons, and those two sons were twins. One was called Dongfang Yunheng, and the other was called Dongfang Yunzai. It was said that Dongfang Yunheng was the eldest son and was forced to return home to take over the family business while Dongfang Yunzai started his own business outside.

She finally understood that she had made a mistake just now. This man was not Dongfang Yunheng, but Dongfang Yunzai, Dongfang Yunheng's younger brother.

An awkward expression immediately appeared on her face. After a long while, she bowed slightly to him. "I'm sorry, I... I'm sorry... "

After saying this, Fang Xiao immediately turned around and was about to leave. However, just as she turned around, she felt dizzy and slowly fell towards the green belt by the roadside.

"Hey, what happened to you again? " Dongfang Yunzai saw that her body was slowly falling down and immediately went over to support her with his hand. He asked nervously, "what happened to you? You didn't fall down anywhere just now... "

Dongfang Yunzai stopped before he could finish asking. This was because he noticed that this woman's silver pants were wet and had a faint red color.

'This is bad. Could it be that this woman has her period?' Dongfang Yunzai thought to himself. He looked at the unconscious woman and did not think too much about it. He picked her up and quickly ran to a clinic not far away.

"Doctor, quickly take a look at her." Dongfang Yunzai's voice was a little hurried. He walked into the clinic and shouted at the white coat inside, "she fell just now and then fainted after standing up for a while. She seems to be bleeding..."

"put her up here." The white coat in the clinic led him to a room inside. He pointed at a clean hospital bed and waved his hand. "Go out first. We need to examine her."

"Can you get a female doctor to examine her?" Dongfang Yunzai stood still because he saw that the doctor was a man. However, the woman on the hospital bed was clearly bleeding from that area.

The male doctor in the white coat was clearly dissatisfied with Dongfang Yunzai's words. He could not help but say in annoyance, "do you want to take a look here? The doctor doesn't know whether she's a man or a woman." "Right now, I just want to wake her up first and ask her about the situation. As for the reason for the bleeding, there are many reasons. If it's just her period or something like that, I'll naturally get the nurse to bring her to the washroom to handle it herself. I'm afraid it's not such a simple problem."

Dongfang Yunzai was feeling melancholic after hearing the doctor's words when he saw the two nurses quickly walk in. Only then did he feel slightly relieved. Then, he turned around and walked out of the room. However, he did not leave. Instead, he stood outside the door.

Actually, Fang Xiao had already woken up when Dongfang Yunzai was arguing with the doctor. She only opened her eyes when she saw Dongfang Yunzai leave. She looked at the doctor and said, "I don't think I'm having my period. I . . . I just fell down. My stomach is faintly aching..."

"How long has it been since your period?" The doctor quickly asked Fang Xiao. At the same time, he took the medical record and wrote on it.

Chapter 2036 was whether to preserve the pregnancy or miscarry

"How long has it been since your period?" The doctor quickly asked Fang Xiao. At the same time, he took the medical record and wrote it on the notebook.

"It seems like... It seems like it's already ten days past your period." Fang Xiao thought for a moment, then nodded and said affirmatively, "it's already been delayed by ten days."

"Then I'll first take a blood sample to see if you're pregnant." As the doctor spoke, he instructed the nurse beside him, "take her blood sample and immediately do a check to see if it's positive."

The nurse immediately brought over needles and blood vessels. Although Fang Xiao was usually most afraid of injections, there was nothing she could do at this moment. She could only watch helplessly as the nurse tied a rubber band around her arm.

Dongfang Yunzai was outside the room. The glass door of the consultation room was not soundproof. He heard the doctor's words clearly and was shocked. Then, he quickly took out his phone to call Dongfang Yunheng who was far away in Binhai.

The call was quickly picked up. He did not wait for the other party to call first. He immediately said into the phone, "brother, your woman came to Singapore. She just fell and bled..."

"What? She fell and bled? Is it serious?" Dongfang Yunheng's nervous voice came from the phone. Without waiting for Dongfang Yun to reply, he continued to ask, "right, how did you know that the woman who fell was my woman?"

"She called me Dongfang Yunheng," Dongfang Yunzai said in a bad mood. "She even called me a beast. It would be strange if she wasn't your woman."

"..." there was a short period of silence on the other end of the phone. Then, he asked, "what's the name of the woman you're talking about?"

"I... Wait, I haven't asked her name yet." After Dongfang Yunzai said this, she immediately walked to the door of the clinic and pushed open the half-closed door. Then, she asked Fang Xiao who was lying there, "by the way, Miss, what's your surname and name?"

"You've gotten her pregnant, and now you've even caused her to have a miscarriage, yet you still don't know her name?" The nurse answered before Fang Xiao could. Then, she glared fiercely at Dongfang Yunzai and said, "you're a playboy from all of Singapore, so you're just a beast that's worse than a pig or a dog."

"I... How did I offend you?" Dongfang Yunzai felt extremely unhappy. "D * MN, wasn't he unlucky enough today? He had originally planned to have a date with a movie star at the Calm Hotel and had thought that he would be able to enjoy a beautiful woman in his arms tonight. Who would have thought that he would be ruined by an unfamiliar woman."

Now, he had kindly sent this woman to the hospital and was scolded by a nurse. Did he really have to be so unlucky?

Fang Xiao could not help but smile when she heard Dongfang Yunzai's words. Her stomach was clearly still faintly aching, but this smile seemed to be a little forced.

"My... My name is Fang Xiao," Fang Xiao finally said her name to Dongfang Yunzai, who was standing at the door.

"Hey, she said her name is..." before Dongfang Yunzai could finish speaking, he realized that the call had been inexplicably cut off.

"F * Ck, what kind of person is this?" He could not help but swear. He put away his phone and then frowned. He looked at the woman on the hospital bed and asked in puzzlement, "What did you say your name was?"

"..."Fang Xiao was completely speechless. She did not believe that he did not hear her name clearly just now.

“Didn’t she say it? Her name is Fang Xiao?” The nurse glared at Dongfang Yunzai, then said in a bad mood, “she’s pregnant and now there are signs of miscarriage. Do the two of you want this child or not? If you want it, then save it. Don’t miscarry. “

Chapter 2037: I’ve really mistaken you for someone else

“This...” Fang Xiao looked at Dongfang Yunzai and then at the nurse. After a long while, she said, “i... Think it’s better to...”

“You can’t decide this on your own,” Dongfang Yunzai quickly interrupted Fang Xiao. Then, she walked into the room and looked at Fang Xiao on the hospital bed. “I’ll call my brother right away and ask him what he thinks. “

“Did I say that this child is your brother’s?” Fang Xiao coldly interrupted Dongfang Yunzai. Then, she turned her head to the side. Her tears instantly fell onto her cheeks.

Dongfang Yunzai was slightly stunned. Then, he laughed again and said mockingly, “you didn’t say that this child is my brother’s, but you did say that my brother climbed into your bed. How about this, I’ll call my brother and ask him. “

The nurse was confused by the conversation between the two of them. At first, she was certain that this woman was the woman of this playboy, Dongfang Yunzai, but after listening to the conversation between the two of them, it seemed that this woman was not Dongfang Yunzai’s woman. Instead, it was Dongfang Yunzai’s brother’s woman.

Since she was Dongfang Yunzai’s brother’s woman, then why was it not his brother who sent this woman to the hospital when she fell. Instead, it was Dongfang Yunzai who sent her to the hospital?

“Have the two of you discussed this properly?” The white coat asked impatiently. “Do you want the child in her stomach or not? Hurry up and make a decision so that we can take appropriate measures. “

“Let’s save her pregnancy first.” Dongfang Yunzai could not be bothered to call Dongfang Yunheng. He immediately made a decision on behalf of Dongfang Yunheng. Although he had never seen this woman before.. However, he had heard of her name many years ago.

Every family knew of Dongfang Yunheng’s first love, the black girl, Fang Xiao. It was no wonder that his older brother did not want Gu Chenchen. It seemed that he was still unable to escape from this black girl’s grasp.

If it was another woman who was pregnant with his older brother’s child, he would not dare to make a decision for his older brother. However, as for this woman, he was certain that his older brother would definitely want this child.

That night, Fang Xiao did not return to the hotel where she stayed. Instead, she hung a pregnancy needle in this clinic because Dongfang Yunzai had made a decision for her to take care of her pregnancy!

When Dongfang Yunzai said that she wanted to preserve the fetus first, she did not object. In fact, she could not bear to part with this child. After all, this was her and Dongfang Yunheng’s child.

That night, Dongfang Yunzai naturally did not leave the clinic. His older brother was not around, so he could only stay here. After all, this woman could not get off the floor while she hung the needle. Moreover, she was pregnant with the Dongfang family's blood. He would not just ignore it, right?

However, he was a man after all. It was inconvenient to take care of a woman, so he hired a nurse for Fang Xiao. The nurse took care of Fang Xiao while he stood guard outside the door.

"that... Second Young Master Dongfang, you can go back now." After Fang Xiao hung up the needle, she calmed down and said apologetically to Dongfang Yunzai, "I'm sorry, I really... I mistook you for someone else."

Dongfang Yunzai could not help but laugh. He looked at the bashful Fang Xiao and teased, "if I had known earlier, I would have just accepted my mistake. Who knows, I might even have been able to snatch you away from my brother's hands smoothly."

"..."

Fang Xiao was speechless. She had heard people say that Dongfang Yun was very sunny in Binhai, but she could not see where he was sunny. He was clearly much more scheming than Dongfang Yunheng.

Chapter 2038: How can you say that I'm not a good person

Dongfang Yunzai saw that Fang Xiao's face was red and she was glaring at him angrily. He felt very happy and then jokingly said, "I've called my brother. He'll probably rush over tomorrow morning, but..."

Dongfang Yunzai stopped at this point. Fang Xiao had been listening attentively to him talk about Dongfang Yunheng, but after seeing that he had only said two words and hadn't said anything for a long time, she couldn't help but ask, "but what?"

"My elder brother said that we must keep the child because he will definitely want the child, because —"

Dongfang Yunzai paused after saying the word 'because'. She deliberately looked at Fang Xiao as if she wanted to say something, as if she had something to hide.

"because Miss Gu Chenchen's uterus is damaged and she can't get pregnant and have a child, right?" Fang Xiao coldly took over Yunzai's words and asked indifferently.

"So you already know. I thought you didn't know." Dongfang Yunzai looked at Fang Xiao with a sympathetic gaze. Then, he deliberately comforted her, "actually, you don't have to be sad. Really. Besides, don't I look exactly like my brother? If you don't mind, I can totally..."

"GET LOST!" Fang Xiao growled in a low voice and glared at him, "the two brothers aren't good people."

"..."

Dongfang Yunzai looked at Fang Xiao with an extremely aggrieved expression. He said slowly, "Miss Fang, your words are a little biased. I don't know if my brother is a good person, but I do treat you well. Look,

we've never met before. You scolded me the moment you saw me. I didn't even bother with you. After that, I even chased you out. You fell and I even sent you to the hospital. I, Dongfang Yunzai, have never treated any woman so well in my entire life. How can you say that I'm not a good person? "

"..."Fang Xiao was truly speechless. From the interaction between her and Dongfang Yunzai, it seemed that she had always been the one who had behaved impolitely.

Therefore, she did not answer Dongfang Yunzai's question. She closed her eyes and pretended to be asleep. The doctor also told her not to move around. He said that her ability to preserve the fetus depended on whether the blood could be stopped after the medicine was applied.

Dongfang Yunzai saw that Fang Xiao was ignoring him, so he immediately gave a few instructions to the nurse. He turned around and walked out of the clinic. He thought that this woman had not eaten dinner yet.

Alright, this was his fate. As a follower, he was born to be an errand boy for his older brother. Therefore, he had to go buy dinner for this unwed sister-in-law.

When he thought of Dongfang Yunheng's words on the phone just now, he was displeased. Dongfang Yunheng actually told him that if Fang Xiao's child was not saved, he would be the one to blame.

Depressed. How could he be blamed He was not the one who made Fang Xiao Fall. He was not the one who made Fang Xiao show signs of miscarriage?

Although he was depressed, he still obediently bought dinner for Fang Xiao. Because he did not know what she liked to eat, he bought a bunch of them.

When Dongfang Yunzai bought dinner, Fang Xiao had almost finished the first bottle of liquid. The nurse had checked that she had very little blood left. She reckoned that if another bottle of needle could stop the bleeding completely, the fetus should be saved.

When she saw the dinner that Dongfang Yunzai bought, Fang Xiao was shocked. She was alone, but he had bought almost ten portions. Even a pig wouldn't be able to eat so much, let alone a human.

Chapter 2039: You've never offended me before

"I don't know what you like to eat." Dongfang Yunzai saw Fang Xiao staring at the ten lunch boxes with wide eyes She said a little embarrassedly, "so I bought a little bit of everything. You choose what you like to eat and what you don't like. See if the doctors and nurses in the hospital like it and give it to them to eat. "

"these are all the delicacies of the calm hotel," the nurse exclaimed. Then, she smiled and said to the nurse who was changing Fang Xiao's dressing, "looks like we're in luck tonight. We can eat the food of the calm hotel. "

The nurse glanced at the opened lunch box and lightly acknowledged. She wasn't interested in playboy, so she wasn't interested in what playboy was buying either.

Dongfang Yunzai felt extremely depressed. Everywhere he went, he was welcomed by women. Most women's hearts would beat faster when they saw him, and many women would even scream.

But tonight, this nurse seemed to be color-blind. She couldn't see the handsome and handsome him, and she even showed him disdain. It was clear that she wasn't interested in him at all.

People were very strange. Sometimes, you would feel irritated when someone was warm to you, but when someone was truly disdainful of you, you would feel hurt and want to find out why this person was so cold to you.

So, when the nurse finished changing her dressing and was about to leave, he couldn't help but ask with a smile, "Miss, it seems that you don't like me very much. May I ask when have I ever offended you? "

"You haven't offended me," the nurse said with a cold and distant face. She didn't even look at him and said, "but, my name is Ni Xiangyun. "

Dongfang Yunzai froze for a moment. He stopped GNAWING and shifted his body to the side to let the nurse walk out. At the same time, he did not invite the nurse's lunchbox to eat.

He had never seen Ni Xiangyun before, but he had heard about her from another woman, and that woman's name was Ni Xiangnan... ..

His phone rang at this moment, interrupting his thoughts. He quickly took it out. It was a call from Dongfang Yunheng, who was far away in Binhai. Clearly, he was concerned about the condition of the child in Fang Xiao's belly.

That night, Fang Xiao was in the clinic with a safety needle while her manager was looking for her everywhere. Unfortunately, her phone lost its signal when she fell, but she didn't know about it.

Fang Xiao knew that it was already midnight when her phone lost its signal. After eating the dinner that Dongfang Yunzai had bought, she felt sleepy and fell asleep again. When she woke up, it was already midnight.

She opened her eyes. Dongfang Yunzai was no longer in the room, and the Auntie who was guarding her was still there. The auntie was a typical Singaporean, but she was very international. She could speak both Mandarin and English, so it was not a problem for her to communicate with Fang Xiao.

"Did my phone ring? " Fang Xiao asked the Auntie sitting next to her.

"No. " The AUNTIE was originally dozing off, but when she heard Fang Xiao's question, she quickly opened her eyes She immediately got up and asked with concern, "Miss, are you feeling unwell? Do you need to go to the bathroom? Do you want to drink water? Do you want to eat fruit? That gentleman bought you some grapefruit and Durian. "

"Durian? " No wonder she thought this room was so ugly. It turned out that there was Durian.

"Yes, Durian is very nutritious. It's the king of fruits. " The aunt immediately introduced her enthusiastically. "Your husband is very good to you. He bought it without opening the bag, but I can open Durian. Miss, do you want to eat it now? "

Chapter 2040 who is your wife

“Why are you staring at me with such big eyes?” Yun Heng saw that she was just staring at him without saying anything, so he could not help but tease her. “Can’t you tell who I really am?”

“Go, I can recognize you even if you turn into ashes.” Fang Xiao could not help but snort coldly, and then asked in a bad mood, “why did you come to Singapore?”

“What can I do?” He smiled. Seeing that she was about to get up, he immediately stretched out his hand to support her, and hurriedly whispered, “be careful, don’t come down by yourself. I’ll carry you out. The doctor said that you’d better not exercise in the next two days.”

“...”walking was also exercise?

“I need to go to the toilet.” She struggled a little and rolled her eyes at him. “Don’t tell me you’re going to carry me to the female toilet to use the toilet?”

Dongfang Yunheng’s face turned slightly red. Only then did he move aside a little. Seeing that she had gotten off the bed, he could not help but remind her, “be careful. Walk Slowly. The floor is tiled. It’s very slippery...”

“...”

Fang Xiao was completely speechless. When had this man been so good to her?

Damn, how was this treating her well He must have known that she was pregnant, so he became so gentle. Wasn’t it because of the child in her belly?

Why did he care so much about this child Her heart immediately thumped. She suddenly remembered that Miss Gu Chenchen was unable to give birth. Could it be that he wanted her to give birth to the child for Gu Chenchen?

It shouldn’t be. She denied the problem in her heart again. She remembered that one night before she went abroad, he had said that he would not marry Gu Chenchen. He had also said that the mother and daughter of the Gu family were too scheming.

Fang Xiao went to the toilet and came out. Dongfang Yunheng had already paid the bill for her. Seeing that she was walking with her hand on the wall, he quickly ended the call in his hand, put the phone in his bag, bent down, and directly carried her out of the door.

“Hello,” Fang Xiao could not help but shout in a low voice, “this is the hospital, it’s a public place. Let me down.”

“No,” he had a proud smile on the corner of his mouth and whispered in her ear, “holding a wife is a matter of course, what’s there to be shy about?”

“...” she was speechless. It was only after a long while that she reminded him, “WHO’s your wife? I don’t think we’re husband and wife.”

“Then let’s hurry back and buy the tickets.” As he spoke, he had already carried her to a car at the entrance.

“Buy what tickets?” She did not react in time. After she sat down, she asked foolishly.

“PFFT...” a burst of laughter could be heard from the driver’s seat. Then, he teased, “brother, you’re breaking the law here. People buy tickets before they board the boat. Not only did you board the boat first, you even planted seeds and sprouted roots. You haven’t even bought the tickets yet.”

“drive your car. Shut up,” Dongfang Yunheng growled at Dongfang Yunzai, who was driving in front. However, he did not know how to act like a big brother and lectured, “don’t talk about me like that. You should think about yourself. The matter between you and Miss Liang a while ago made mother angry. By the way, is the child in Miss Liang’s belly still there?”

“Are you really bringing up the pot that doesn’t boil?” Dongfang Yunzai was immediately caught by Dongfang Yunheng. He immediately said angrily, “I’ve already thought it through. I won’t go back this time when you get married. I don’t want sister-in-law to be confused and mistake me for the wrong person because she’s drunk on the wedding night. It’ll be troublesome if she walks into the wrong room and treats me as the groom.”
