### **Chapter 2041**

You coax me

, Shang Qian took a deep look at her, and his chest was very dull.

He looked at the snow-white skin on her chest, his eyes darkened, and he pulled the thin blanket on the side to cover her.

“Wait, let’s have dinner together at night.”

Su Nan smiled and watched him walk out with a dark face.

Inexplicably, I feel better.

Listening to him outside, he snorted coldly in a bad tone: “

I thought you didn’t even knock on the door when the earthquake happened?”

.

Su Nan stretched, tidied up his clothes, and lay back down.

After a while, he fell asleep in a daze.

When you wake up again.

It’s getting dark.

It was dark night outside the curtains.

It took her a while to react before she remembered where this place was.

I heard a faint movement outside, which lowered the voice.

It was Shang Qian who deliberately lowered his voice to speak on the phone.

Su Nan went down barefoot and looked down through the floor-to-ceiling windows.

The road fed by the neon lights is like a silent dragon, dazzling and dark, winding all the way to the end.

After Shang Qian finished the phone call, he looked at no one on the bed and was stunned for a moment.

Then looked at Su Nan standing there.

Turn on the lights.

The light instantly filled the entire room.

She turned back.

Shang Qian smiled, “Finally woke up? Can you still fall asleep at night?”

Su Nan stretched and spread her arms to act like a spoiled child:

“Yes, you can coax me.”

Shang Qian walked over and picked her up and put her away. When I got to the bed, I touched her feet, and I was relieved when I didn’t feel cold.

“Thinking beautifully, I wish you couldn’t sleep.”

He smiled meaningfully.

His eyes dimmed.

Su Nan looked away, pretending he didn’t see it.

I remember exactly what happened before I went to sleep.

If something really happened here, how could she show up in the future?

He almost lost his mind because of his beauty.

Fortunately, she figured it out in time.

However, Shang Qian knew that now was not the time, so he helped her put on her shoes and took her out of the company.

Su Nan swept around, why was there no one?

Although the lights are bright, there is not even a single person working overtime.

She glanced at Shang Qian:

“Where’s the person?”

Shang Qian pointed to his watch:

“It’s off work.”

“Your company is so humane? Does anyone work overtime? Don’t you earn overtime pay?”

Su Nan was very It’s hard to understand. Although she also advocates enjoying life, the company is under a lot of pressure, and some people treat overtime with kindness.

Shang Qian smiled and glanced at her:

“I thought they were all like you, squeezing employees out of hand, our company is humane, and things like overtime are definitely not recommended, unless they voluntarily contribute to the company, otherwise I will never force it.”

Su Nan twitched the corners of his mouth, this high-sounding hypocrite, how could he make himself so perfect!

When their company worked overtime, she even asked her aunt to make soup and send it over!

Seeing Su Nan roll his eyes, Shang Qian smiled, put his arms around her shoulders and leaned on him:

“It’s not because you are sleeping here, I don’t know when you will wake up, if others see it, you will give birth to me again. I’m angry.”

After he explained this, Su Nan thought about it.

She chuckled lightly: “Won’t it delay you from making money?”

Shang Qian glanced at her and said with a smile,

“Then what will Miss Su pay me back?”

Su Nan: “What do you think?”

“That meat compensation! “

Shang Qian said hoarsely and smiled in a low voice.

Su Nan’s face turned slightly red, and her footsteps couldn’t help but quicken.

This Shang Qian is really getting more and more impolite.

After the man finished teasing her, he followed her slowly, with a warm smile in his eyes, and there was a soft light under the lamp.

It seemed that every time I saw her, I was in a very happy mood.

Two people want to go out for a walk, such a beautiful night, it is a waste not to date.

But it makes me a little angry to say that the children can’t see Daddy and Mommy tonight.

She kept getting angry all the time, and the servant at home couldn’t stand it anymore, so she could only call Shang Qian.

Shang Qian glanced at Su Nan helplessly:

“Let’s go, there is another person at home who needs to be coaxed.”

Su Nan raised his eyebrows, “Let’s say that children rarely lose their temper, and it is a good thing to lose their temper, better than soft buns! “

Shang Qian smiled, “You’re right.”

He instantly felt that talking about losing his temper was a trait of character, and having a character showed strength.

Indirectly, that is to say that the child is a very strong child.

The two got into the car, and Su Nan sat in the co-pilot.

Quiet without a trace of noise.

Watching his handsome profile flicker under the streetlights.

She suddenly felt that the night was very beautiful.

Because of the people around you, and because of the people you will meet.

She smiled, hesitated for a while, stretched out her arm, and poked Shang Qian's arm.

Shang Qian put his hand on the steering wheel down and shook hands with her casually.

Su Nan couldn't help but bowed his head to appreciate the constant flow of heat from his warm palms.

The slender, clean fingers are like works of art.

Hand control people really can not help but want to kiss two.

But Su Nan was in control, she couldn't do such a rude thing.

In particular, you must maintain your noble image in front of Shang Qian.

Thinking of this, she immediately looked away and looked out the window.

Dark night.

There are few vehicles outside, but they also come and go, and the neon lights reflect the road ahead, which is long and far away.

She suddenly thought of what Sun Tan did today.

From school uniforms to wedding dresses, they can't stand the test of time.

Will they be together forever?

Su Nan tilted his head and looked at him.

"President Shang..."

Shang Qian raised his eyebrows when he heard the title.

Usually, she would call him that only when she thoughtfully wanted to give him a problem.

Maybe Su Nan didn't realize her little habit.

"You said..."

She thought halfway through and stopped immediately.

Originally she wanted to ask, what would happen if he changed his mind?

But all of a sudden he was head-scratching.

As soon as these words came out, he was paranoid and fell behind.

In marriage, the most taboo is to worry about gain and loss.

This is also the reason why Su Nan has been sober all the time.

She will never indulge in the sweet dates given by others.

Be prepared for danger in times of peace, this sentence is true whether it is in the shopping mall or in marriage.

Shang Qian glanced at her, but couldn't be distracted while driving, and squeezed her palm:

"What's the matter, talk?"

Su Nan coughed and smiled, with a sloppy poise on the corner of his mouth:

"If one day, I've changed my mind, what do you do?"

She reversed the roles, and the meaning in her words was completely different.

In an instant, Shang Qian's smile disappeared completely.

He looked at her with dark eyes, and pursed his lips:

"Did Fu Yechuan harass you today?"

His voice was low and hoarse, as if gritting his back molars.

## **Chapter 2042**

Don't think too much about

Shang Qian's heart suddenly felt a kind of anger and fear.

Su Nan was stunned for a moment, then smiled:

"Don't think too much, I just asked casually."

She took a deep breath, feeling like a scumbag with this question.

Sure enough, instead of worrying about others leaving her, it is better to let others worry about her leaving others.

The initiative still has to be handed over to oneself.

A stupid person like Sun Tan will spend half his life.

She is different, she is very confident, at least looking at Shang Qian's love for herself, it is no problem to keep it for ten or twenty years.

As for the future, or worry about it later!

She said it casually, but Shang Qian took it to heart.

He has been secretly speculating, and he can't calm down at all.

Seeing that he was about to turn a corner, Shang Qian walked straight.

Su Nan was stunned for a moment and reminded him:

"I passed..."

Shang Qian smiled, and his warm eyes were instantly clean:

"I forgot to tell you, I still made an appointment with my friend. Hot spring, aren't you in a bad mood today? Go take a dip and relieve your fatigue."

"Then talk about it..."

Su Nan hesitated.

Tell me that the children are still waiting at home!

Shang Qian could only aggrieve his precious daughter: "It's okay, just fall asleep."

Su Nan snorted, not realizing Shang Qian's emotional change.

At the door of the hot spring manor, Su Nan stood there, and the cold wind hit, she shivered.

Fortunately, Shang Qian had her shawl on his car.

He casually draped her over his shoulders.

Shang Qian's friend had been waiting there for a long time and greeted him:

"Sister-in-law, thank you for your honor..."

Su Nan smiled, "Thank you for your invitation."

Don't look at Su Nan being so playful, she I didn't know there was a hot spring here.

Shang Qian hugged her and went in, "This is the artificially introduced hot spring water. It is not open to the public yet, but there are a lot of people here."

Looking at Su Nan's surprised eyes, Shang Qian quickly added:

"I am also the first Come once."

The friend behind followed him and said with a smile:

"Yes, I have invited several times, and Shang Qian always shies away from being busy. I said that you brought your sister-in-law here. The fact is that hot springs are especially nourishing for women's skin. , that is much more effective than doing beauty treatments..."

Su Nan couldn't help smiling.

Although it was bragging, it was also pleasing to hear.

As soon as I entered the door, many people in the lobby were joking.

Shang Qian is really right, there are not too many people, but not too many.

Su Nan glanced at them and almost knew them all.

They're all people in the mall.

Don't you go to bars and clubs now and change them into hot springs?

But with so many people, Su Nan was really exhausted and sighed secretly.

Shang Qian shook her hand, smiled and said to the friend next to her:

“Take a private bath, my wife has been working all day and is too tired.” The friend immediately said:

“Don’t worry, I’m ready, do you need a massage? Both men and women!”

Su Nan couldn’t help but glance at him.

Afraid of her misunderstanding, the friend immediately added:

“It’s a serious massage, all of them are blind, and I’m all for the public good.”

Su Nan didn’t hold back, with a smile in his eyes:

“No, thank you.

” Then call me again if you need to!”

Shang Qian greeted him and took Su Nan to the corresponding room.

Su Nan pulled off his shawl and smiled:

“When did you meet a friend, it’s quite interesting?”

Shang Qian raised his eyebrows: “I did a little favor before, I’m not here to bring you to know each other.”

Su Nan With a smile, Shang Qian pushed her shoulders:

“Let’s change clothes?”

Su Nan nodded, since he’s here, of course he has to enjoy it.

Just as she entered the locker room, her phone rang.

Shang Qian took it for her, because Ning Zhi knew that he was so out of temper.

Su Nan glanced at him and picked it up.

“I saw you, are you coming to the hot spring? Come out and say hello...”

Su Nan was taken aback, “Okay.”

She put down the phone and smiled:

“I know I’m here too, more Coincidentally, let me go out and say hello, do you want to be together?”

Shang Qian knew that they had a good relationship, so he didn’t know how long it would take to say hello.

Sorry, but I can’t stop it.

He sighed:

“Forget it, remember to come back early, I’ll soak first.”

Su Nan walked over and hugged him and kissed him gently:

“It’s really sensible!”

Shang Qian smiled helplessly.

It’s really being pinched by this woman.

Su Nan happily took the mobile phone and went out the door. As soon as he turned around, he saw Ning Zhiliu standing there talking to someone.

Like waiting for her.

Su Nan walked over, and Ning Zhi waved quickly when he saw her.

“Su Nan, here...”

Ning Zhi smiled and hugged her, teasing her in a low voice:

“I just saw this business manager went in with you, didn’t you disturb your two-person world?”

Su Nan tutted:

“You should know it yourself, we are out on a date!”

Ning Zhi smiled and blinked:

“My fault, let me introduce you, this is Lin Chu, we The legal advisor of the crew.”

Su Nan smiled and looked over, slightly taken aback.

It turned out to be the female companion beside Fu Yechuan?

What a coincidence.

However, because it was introduced by Ning Zhiliu, she was much less alert, and her whole person became more enthusiastic and casual.

She stretched out her hand and shook hands actively:

“Hello, I’m Su Nan.”

With a smile in her eyes, she put down the air, very kind and gentle, with a frown and a smile, bright and generous.

Seeing her smiling and looking at Lin Chu, Ning Zhi was very satisfied:

“Miss Lin, this is Su Nan, she sponsored a law firm that specializes in lawsuits for women, and she has also been involved. Few programs, very well-known.

If you’re interested, you can talk to Su Nan...”

Lin Chu's face flashed a trace of discomfort, but he still reached out and shook her hand, then pulled it back instantly.

She raised her eyes . , there is not much excitement in his eyes.

Looking at Ning Zhi is more enthusiastic than looking at Su Nan. Su Nan pursed his lips, looked at her, and looked at Ning Zhi again.

First of all, he raised his eyebrows in doubt.

How did he offend her? I would rather know it, but I don't understand. I knew this Lin Chu was so ignorant, why did I call Su Nan out to say hello? I didn't mean to expand her personality How many people thought that they would not have the chance to see Su Nan.

Ning Zhi took a deep breath, but did not expect this Lin Chu to be so blind.

On the surface, she smiled calmly and raised her eyebrows:

" Ms. Lin is a top student studying law. Unlike us businessmen, she is cold-hearted and warm-hearted. She is very enthusiastic about public welfare undertakings. This time she came to our crew because she came to understand the sentiments of the people. "

Su Nan smiled, looked at Ning Zhi, and said meaningfully:

"Going to the hot spring club to observe the public sentiment?" Your people are really noble! "

### **Chapter 2043**

Xiaocai Fan

heard the thorn in Su Nan's words, and Ningzhi blinked at her with a bit of embarrassment secretly.

Su Nan looked at Ning Zhi's face, that is to say, he would not continue to be embarrassed.

However, Lin Chu heard Su Nan's dissatisfaction and realized his rudeness.

She smiled, "I'm sorry, I just reacted subconsciously, Miss Su, don't mind."

She took out her business card and introduced herself seriously:

"Although I have just returned to China, I have already registered with Hongyi Law Firm. , if you need anything, you can come to me at any time."

Su Nan raised her eyebrows, looking at her appearance, she couldn't find anything wrong.

She took it with both hands, glanced at it, and smiled:

"Okay, Hongyi is the best law firm in City A, and the best lawyers in the best law firm can guarantee the basic rights of us people. ...."

Ning Zhi quickly matched her words:

"That's not true, Miss Lin won the grand prize of the debate competition abroad. She is a very good person. It's not too lucky that the crew can invite her this time."

The two looked at each other and smiled, understanding each other's thoughts very tacitly.

Lin Chu originally received a job from the crew, and he came here for entertainment.

Because Ning Zhi spoke and acted smoothly and thoughtfully, which made people feel very comfortable.

So she had a good impression of Ning Zhi, so she stayed and said a few more words.

Naturally, there is nothing to say about Ning Zhi's contacts.

She wants to develop her own business in City A, and naturally she will not let these relationships go.

So I followed Ning Zhi to come here for recreation.

Unexpectedly, as soon as she said her plan, Ning knew that she would introduce a noble person to her.

No one expected that this noble person was Su Nan.

If I had known it was her, Lin Chu would not have taken the initiative to contact her.

His gaze lingered on Su Nan and Ning Zhiliao.

Knowing that their relationship is good, she was careless and didn't know in advance.

Or maybe the circle is too small.

Wherever he goes, it is Su Nan.

Because of Fu Yechuan, she always had a trace of grudge in her heart.

feel inferior to her.

Thinking about how she rescued Fu Yechuan's son in front of everyone's eyes that day, she felt disgusted in her heart.

How could she face Fu Yechuan and his son so calmly?

But you can't do it by yourself.

Hate to meet.

She is still a little arrogant in her bones. If she is allowed to say good things in front of Su Nan, it would be better to kill her for that feeling of inferiority.

thought here.

She raised her eyes and said to Ning Zhi,

"I suddenly remembered that I have something to do at home. It's getting late. I'll go back first. If anything happens, you can contact me at any time."

Ning Zhi raised her eyebrows, but she didn't expect her to leave . .

"Then I'll take it to you."

She took her key.

Lin Chu refused with a smile:

“No, the driver will pick me up at home, you can continue playing.”

After speaking, her eyes stayed on Su Nan for a moment, nodded, and turned to leave.

Ning knew that she had been in this circle for a long time, and knew that this young lady with a little background who just entered the industry has a temper.

She didn't catch up to see him off, she just stood there with Su Nan and watched Lin Chu leave.

When the person disappeared completely, he clicked his tongue and frowned:

“That's not the case just now, did you offend her?”

Su Nan raised her eyebrows and spread her hands innocently:

“The second time we met, the first time we spoke. ?”

So, how could she have the chance to offend Lin Chu?

She smiled and folded her hands:

“The top students who just graduated, haven't been polished yet, they are quite arrogant.”

Ning Zhiliao: “Originally, I wanted to develop and let her be a free consultant for my company. It's good, it's gone.”

She sighed regretfully.

Su Nan glanced at her and jokingly said,

“You and my third brother are really a natural match. One makes money and the other saves money. Do you know where the money is saved?”

Ning Zhi looked at it ignorantly. She: “Where did you go?”

Su Nan casually brushed her hair:

“Leave it all to me to squander it!”

Ning Zhi took a breath and put his arms around her neck:

“I forgot You little money fan!”

Su Nan laughed loudly, the two of them quarreled wantonly, attracting the attention of many people.

When Lin Chu walked to the door, he remembered to call the driver to pick him up.

The process of waiting for the driver was a bit cold.

But she won't go back.

She knew very well that she didn't bother to be with Su Nan, so naturally the new friend she just met wouldn't have more dealings with.

Listen to the laughter inside.

She just felt harsh.

She observed Su Nan up close, not only she was beautiful, she had a very attractive voice and appearance, and her eyes sparkled when she smiled, as if she had broken diamonds.

When joking with acquaintances, the tacit understanding is also humorous, and the irresistible style is agile.

Is this why men go through fire and water for her?

The honor in the school has always been the capital of Lin Chu's pride.

She always felt that she would be a good person after school.

But facing Su Nan, she always had a dwarfed sense of inferiority.

This feeling made her angry and jealous in her heart.

So no matter who she relies on for her career, she will not have anything to do with Su Nan.

But she was very helpless, and Ringo's company was on the right track. In the legal industry, there were not many human resources.

So she rejected Ringo's offer to find her a relationship.

She wanted to rely on herself and let others, like Fu Yechuan, look up to her.

The driver came over after nearly 20 minutes, and apologized repeatedly:

"Miss, I'm really sorry, it was Mr. Lin who asked me to drop off a client temporarily, so I was delayed..."

Lin Chu nodded and didn't say more. , got into the car.

A little shivering from the cold, Lin Chu didn't say a word.

The driver looked at her with a gloomy face, and didn't dare to say anything more. He called Ringo when he got in the car:

"Mr. Lin, yes, I have already received the lady."

Su Nan and Ningzhi said a few words, feeling Unfinished.

She simply invited Ning Zhi to go to her place, and let Shang Qian go home and accompany him to talk about it.

But Ning Zhi refused decisively.

She pointed to her mobile phone:

"Please, I also have a night life. Since I have no business, I have to go home."

Su Nan raised an eyebrow, "Is my third brother coming to pick you up?"

“The third brother is here now . Our crew is a consultant, he is very busy, and he is probably still working overtime.”

Su Nan smiled:

“Why doesn’t he just become a director?”

“He said that if he became a director, he would be bald, and he would not die. .”

Ning Zhi spread out his hands and felt helpless.

Su Nan took her to the door:

“The day after tomorrow, Qin Yu’s plane, let’s go pick her up together?”

“Sure, contact me when the time comes.”

Su Nan waved his hand, and Ningzhi’s car was parked not far away.

She didn’t wait for anything, just turned around and went back to the room.

It’s quiet inside, and you can hear the gurgling sound of water...

“Shang Qian?”

“Husband?”

No one answered, did it go wrong?

## **Chapter 2044**

Too Charming

Su Nan paused, there was warm air on the ground, she didn’t look at Shang Qian.

Was surprised.

Hearing someone inside snort lightly, lazily and complaining:

“You still know how to come back?”

It was Shang Qian’s voice.

Maybe he’s already soaked in it?

Su Nan breathed a sigh of relief, conscious of her guilty conscience:

“Don’t worry, I’ll be right there.”

Thinking of the wasted time, she immediately changed her clothes and walked out barefoot.

When I walked near the hot spring pool, I felt the feeling of hot air, and the whole body was warmly smoked, and the pores seemed to be opened, which was very comfortable.

The floor is a log-colored pattern, and the surrounding of the hot spring pool is covered with white gauze, which is very artistic.

She walked over, and there were cobblestone-paved ground patterns nearby, each of which was crystal clear.

Stepping on the warm feeling instantly rises from the soles of the feet, and the pores are further opened.

The sound of the hot spring water is very pleasant, and the ding dong ding dong is crisp and pleasant.

Su Nan walked over, but did not expect the hot spring pool to be so big.

In the white fog, she didn't even see where Shang Qian was?

She called out, but no one responded.

Just the next second, suddenly a pair of hands hugged her from behind.

It is Shang Qian.

He squeezed her waist with a slight dissatisfaction on his face:

"Are you saying hello? I thought you were out for supper."

Su Nan let down his guard with a guilty conscience, turned around, and saw him sitting there in a white bathrobe, half-naked, with the appearance of a beautiful man taking a bath.

The lights were bright, the pool was filled with mist, and a lot of petals were sprinkled on it. The aroma was transpiring, and Su Nan was soft in his arms.

She smiled and put her arms around his shoulders:

"As you know, it takes three days and three nights to talk between best friends."

Shang Qian snorted coldly, expressing incomprehension.

He pointed to the box next to him:

"Let's see if there is something you like?"

Su Nan looked over: "What? Essential oils?"

She glanced at it, not only that, but also a lot of health care items, as well as family planning supplies.

I don't know if it was specially prepared for them, or if they all have it.

In short, Su Nan's ears turned red unconsciously.

This hot spring club is too serious.

She pushed further away: "No need for anything else, the petals are enough."

She could smell that the petals were not ordinary flowers either. They were probably air-freighted flowers from abroad, and the varieties could not be cultivated in domestic soil. .

I didn't expect this boss to be so troublesome?

Shang Qian put her next to him. Although he was a little distracted, he also wanted her to relieve his fatigue.

There was a chat.

“You know, it’s with the third brother?”

“No, it’s with another person, named Lin Chu, we should have met, at the auction that day...”

Su Nan chattered, she liked it very much Chatting, Shang Qian is not too annoying, and listens very patiently.

“Oh, so she’s not being normal to you?”

Su Nan nodded and shook his head again:

“I can’t tell, maybe my intuition is wrong.”

Shang Qian smiled and suddenly thought of something, he asked unintentionally:

“At the funeral of Mr. Fu this morning, Has this Miss Lin also gone?”

Su Nan shook his head: “I don’t know, I didn’t meet, and within half an hour, my eldest brother and I left.”

Shang Qian nodded thoughtfully.

Su Nan played with the water for a while, and unknowingly, tilted his head and wanted to fall asleep.

Shang Qian was still thinking about the words she asked in the car.

How can you let her fall asleep at ease?

He deliberately touched her shoulder, looked at her sleepy eyes, raised his hand to press her head, and asked her in a low voice:

“Baby, do you remember what I said before, if one day, you change your mind ?”

His movements were neither light nor heavy, as if the whole person was groggy, making her feel like she was out of her body.

She put a feeble hand on the shore, humming.

Shang Qian said in a deep tone, “Then have you changed your mind?”

After Su Nan asked, his heart throbbed, and he instantly woke up.

It’s just that she wasn’t that obvious.

But it was clear in my heart like a mirror.

Shang Qian is still thinking about what he said in the car?

Su Nan felt a little regretful that he asked that sentence redundantly.

But he was still waiting for her answer.

She didn't hesitate, and said in a daze:

"No, I will always like Shang Qian."

"I like Shang Qian the most."

She opened her eyes slightly, her eyes were drowsy due to the mist of the hot spring, and the water reflected on his face, she smiled and touched his handsome face:

"This Are you still satisfied with the answer?"

Shang Qian paused, feeling a little heavier in his hand.

He bowed his head and pressed Su Nan's neck and kissed it, hurriedly and violently.

Su Nan could only respond softly, Shang Qian didn't plan to let her go easily.

His eyes were dark, and he looked at her darkly and deeply:

"Su Nan, I have only you. Even if you change your mind, you have to stay by my side."

His voice was low and hoarse.

Su Nan paused and smiled, "Because I'm too attractive, you have to be vigilant at all times."

Shang Qian's eyes flickered, and his originally cold expression slowly shattered, and finally floated up a bit. smile.

He reached out and pinched the sensitive soft flesh on her waist, Su Nan couldn't help it, it was so itchy, she laughed.

No sleep at all.

The two of them quarreled for a while, and the laughter was mixed with the sound of water, and the man responded in a low voice.

They had been soaking for a long time, Shang Qian looked at her smiling and charming look, and he really wanted to eat her in one bite.

After making her laugh for a while, his eyes gradually darkened.

Feeling that it was almost done, he held her on his lap, and slowly rubbed her favorite bath bubble on her body, euphemistically calling her: help.

Su Nan couldn't see through it, but she didn't say anything, after all, she really didn't have the strength.

Leaning on him, she breathed weakly in his ear.

This kind of appearance can't be resisted by any man, let alone Shang Qian.

He leaned her under him, but in the next second, her legs suddenly became weak, she couldn't stand, she slid down, and her face turned pale.

Shang Qian was startled for a moment, and quickly carried her up.

Seeing that her face was not quite right, she didn't care about anything, so she immediately called someone to call a doctor.

Su Nan held his hand helplessly, and said weakly:

"It's nothing, I've been soaking for a long time, and I'm still laughing without oxygen. It's just a little uncomfortable. It'll be fine in a while."

Shang Qian glanced at her and gritted his teeth secretly. :

"You still hooked me if you know it's uncomfortable?"

Su Nan refused to admit it: "Who hooked you?"

Shang Qian gritted his teeth angrily, but for the sake of her weakness, he didn't care about her.

The hot spring has not yet opened, so naturally everything is carefully prepared.

Coincidentally, one of the guests invited by the manager was a doctor.

When I heard the movement, I ran over immediately...

#### **Chapter 2045**

I admit

that Shang Qian changed Su Nan into a pair of pajamas and carried him to the bed in the lounge, covered with a thin quilt.

The doctor looked at it, breathed a sigh of relief, and looked at Shang Qian and Su Nan meaningfully:

"Mr. Shang, Miss Su is a little hypoglycemic, it's okay, the main reason is that the soaking time is too long, um... I'm too excited, the blood supply to the heart is insufficient, so please take it easy."

He said it euphemistically, but both Shang Qian and Su Nan understood...

Su Nan wished he could hide under the quilt.

Shang Qian was very calm, he just glanced at Su Nan casually, thanked the doctor, and sent him out the door.

Not long after, a bottle of Huoxiangzhengqi water was sent in.

Shang Qian took it in a hurry and handed it to Su Nan:

"Do you need me to feed you?"

Su Nan blinked, her lustrous eyes twinkling:

"You don't explain, how embarrassing... .."

Shang Qian sighed deeply: "What to explain? It's me who is wronged, obviously I didn't do anything, I didn't say anything, and I was shocked..."

Su Nan turned away He pouted: "I'm a patient."

He lowered his eyes at her and said with a deep smile:

"If it wasn't for the sake of you being a patient, I wouldn't let you go, open your mouth..."

Huoxiang Zhengqi Shui After feeding it into her mouth, Su Nan felt agitated in an instant, she pushed him away suddenly, and the mouth was too late to spit out, so she could only swallow it.

An indescribable expression.

Shang Qian smiled: "It seems to work well, just take a sip?"

Knowing that he was intentional, Su Nan didn't care about him because he was wronged tonight.

Lie back down again, without the slightest drowsiness.

Shang Qian was still sitting there, throwing the rest in the trash can.

Su Nan blinked: "I want to eat oranges."

Shang Qian paused, not understanding her sudden thought.

However, he still frowned and took out his mobile phone:

"Australian citrus do you eat most often?"

Su Nan smiled: "The most common one will do, just to suppress the taste in your mouth."

Shang Qian smiled helplessly. Laugh:

"Wait, I'll go out and have a look."

If I remember correctly, there seem to be oranges in the lobby.

Seeing him coming out, the manager hurried to greet him:

"Mr. Shang, is Miss Su okay? We really didn't take good care of it today..."

Shang Qian is more reasonable, after all, this matter is their own reason.

"It's nothing, low blood sugar, just lie down for a while, the hot spring is good."

"You're satisfied, why do you want to eat oranges? This is for temporary guests. If the businessman wants it, I have imported ones in my office. The fruit, I'll have someone deliver it?"

Shang Qian smiled and weighed the orange in his hand:

"It's alright, don't bother."

"Then if you need anything, please contact me again." The

manager Very winking, seeing that he was not angry, and did not take Su Nan away, he knew that this little episode was nothing.

Shang Qian entered the box, but he did not follow.

Su Nan sat down with the phone, watched him come in, and put the phone aside with a smile.

Shang Qian glanced at her and sat beside her.

Slowly peeling the orange, the rich juice from the orange peel splashed out, and the fragrance of the green orange instantly melted into the air.

Refreshing, thorough, sweet and sour.

His fingers are clean and slender, and after peeling it off, the orange peel is like a slowly blooming petal, beautiful and even.

He opened a flap and handed it to Su Nan's lips.

"Here..."

Su Nan paused, then lowered his head and bit it.

Oranges are slightly sour, but just right.

She raised her eyes and swallowed, and when she was feeding it again, she reached out to take it, but instead handed it to his mouth.

He was stunned.

Under the urging of her eyes, he lowered his head and bit it, swallowed it, and stretched his brows with a slight smile on his face:

"Why, don't you want to eat it?"

His voice was gentle, with a bit of depression. Merry means.

Su Nan smiled, "After eating my oranges, you won't be angry with me, right? I know you've been brooding over what I said in the car all night, but you see, I'm so wrong, you Don't worry about it, I'm just saying it casually."

Shang Qian's eyes darkened, and his eyes flickered, but

he said more: "So, you're admitting your mistake? I've been waiting for you all night. , you dismissed me in one sentence?"

Although Su Nan was guilty, he had never lost in a quarrel.

She stretched out a finger and smiled:

"Don't worry too much about my details, my attitude is good, my dear, help me get my clothes, I want to go home."

She stretched and said, I haven't forgotten to call Shang Qian.

Shang Qian smiled playfully, lowered his head and stroked his brow bone, and could only stand up resignedly:

"Okay, my wife."

Although you can rest here, the conditions are not comparable to those at home.

Su Nan is not someone who can feel wronged. Even if it's too late, he's finished enjoying what he should enjoy, and he still wants to go home and rest.

It was very late when the two of them got home, and only then did they realize that the children couldn't wait for Daddy and Mummy, so they fell asleep angrily.

...

Miss Qin Yu took the plane early in the morning and called her friends when she got off the plane.

Su Nan bears the brunt.

But Su Nan slept late last night, didn't get up, and forgot about picking up the plane.

Ning Zhi had pinned all her hopes on Su Nan, and she didn't go.

Shang Qian went to the company early in the morning and didn't let anyone wake her up.

As a result, Su Nan was called by the phone vibrating early in the morning.

When she picked up the phone, she heard Qin Yu ask her dissatisfiedly,

"I said Miss Su, did you forget your best friend's plane today? Can you bear me standing alone at the airport waiting for you?"

Su Nan paused for a while, and instantly woke up.

"Wait for me... No, Shen Liang didn't pick you up?"

Qin Yu coughed twice and cleared her throat:

"He's back at the headquarters, he's in a hurry, but that's not the point, my husband and girlfriends can't do that the same thing?"

Su Nan smiled, "Okay, wait, I'll pick you up right now."

After she finished speaking, she called Ning Zhili.

Ning Zhi was also agitated.

Everyone really can't test Miss Qin's temper.

Twenty minutes later, Su Nan picked up Ning Zhi and set off.

In fact, it took only twenty minutes for Qin Yu to come back by herself.

But she pays attention to the sense of ritual.

It was not until ten o'clock that Su Nan and Ning Zhi arrived near the airport.

As soon as she called, Qin Yu couldn't bear her temper, and ran to the basketball court near the airport to watch people play.

The two searched for a long time before they found the slender and slender figure, standing outside the basketball court, leaning on the railing, smiling and looking at the sweating... little fresh meats.

I thought Qin Yu would lose his temper, but Su Nan and Ning Zhi both found reasons to defend.

As a result, Qin Yu glanced at them lightly, and was slightly dissatisfied with their unhurried makeup and hair:

“You are so bright, I didn’t even make up!”

Ning Zhi raised her eyebrows and said quickly,

“That’s because you are born with Beautiful!”

Su Nan nodded repeatedly: “Yes, yes.”

Qin Yu smiled.

### **Chapter 2046**

Qin Yu sighed for the previous lesson, turned her head, and pointed to the young and fresh meat inside:

“Look, it would be great if I hadn’t gotten married, any one of them here would be fine. It’s nice to be my little darling, such a youthful feeling...”

Ning Zhijiao couldn’t help but said,

“Why, Mr. Shen is already in a condition? He’s not too old, Useless?” For a moment.

The air around them seemed to be quiet.

Qin Yu turned to look at her stiffly blushing, and gritted her teeth:

“Ning Zhi, don’t talk nonsense, he is using it!”

Ning Zhi frowned, “Then why do you look regretful, I thought... ....”

Qin Yu closed her eyes and said helplessly:

“Old men are good as old men, and fresh meat is wonderful as little fresh meat. I just sighed, don’t think about it!”

Su Nan blinked Eyes, can’t help but smile:

“Okay, this topic is out of line when we first met...”

Qin Yu snorted lightly.

next second.

There was a sudden exclamation from the basketball court.

The basketball flew out and landed right at the feet of the three of them.

The little fresh meat that Qin Yu was most fascinated by, ran over a few steps and shouted at Qin Yu, "Auntie, help us throw the ball in!" The three stood there like they were struck by lightning.

Especially Qin Yu.

She originally thought that she had got an opportunity to molest Xiao Xianrou, even if it was not active, she had to be passive.

But the name of this little fresh meat made her unable to calm down for a moment.

She had some doubts about life, standing in a mess in the wind.

She stared at the little fresh meat, watching him run over sweating profusely.

Just now I felt that they were sweating like rain on the court, overflowing with youth.

Now the intuition is full of sweat and smell, which is really not particular.

The basketball was stomped under her feet, gnashing her teeth, it would be best if she could step on it.

Too bad she's not very strong.

Xiao Xianrou ran over and smiled harmlessly:

"Auntie, give me the ball."

He stretched out his hand.

Su Nan and Ningzhi both took a few steps back knowingly, and stood in the back corner pretending not to know each other.

They don't want to get involved in this farce.

Qin Yu lowered her eyes, raised a smile, looked at him, and asked without a smile,

"What did you call me?"

"Auntie!" The

boy touched his head, not feeling anything wrong.

Qin Yu paused, "your ball?"

"Yeah, auntie, haven't you been watching here for a long time? Your son is also playing football here?"

Qin Yu gasped, her face turned pale. .

She took a slow breath, allowing herself to hold back her anger.

Really gnashing of teeth!

She is also a boss after all, or a female boss sought after by thousands of people.

During this period of time in City C, no one dared to be so angry with her, no matter how dangerous she was, and her air was always stable.

But at this moment, she felt that she was able to smoke!

“Auntie...” the

boy urged again.

Qin Yu couldn't help but raised her head and glared fiercely: “Shut up, do I know you, what do you ask my aunt to do? Why should I help you? Do what your mother didn't tell you about yourself?”

After scolding, in the boy's shocked eyes, he ruthlessly kicked the basketball in the opposite direction and kicked it farther.

then.

She brushed her hair proudly, and glanced at the boy arrogantly:

“I'll give you a free lesson, what is social danger!”

After speaking, she turned around and left without looking back, even her hair was full of disdain. .

Su Nan and Ning Zhiliao hurriedly chased after them.

The two looked at each other from behind, and Su Nan said with a smile:

“Little fresh meat is not good, one crop is not as good as one crop, or old bacon is better.”

Ning Zhijiao: “Yes, yes, at least old men don't. Disappointing!”

Qin Yu: “...”

She looked resentful, obviously giving up on Xiao Xianrou.

Got into the car.

In order to catch the wind for her, Su Nan went directly to the restaurant they used to go to.

With the atmosphere in place, Qin Yu's mood improved.

Ordered a table of dishes, for fear that it would not suit her appetite.

The manager came in with a few bottles of good wine and smiled:

“I haven't been here for a long time. I still have the wine here before, so I'll bring it to you?”

Su Nan raised an eyebrow, “No need.”

Qin Yu was dissatisfied . He glared at her:

“Why don't you use it? Can you call the wind if you don't have wine?”

Ning Zhi changed his face, but he stopped talking.

Su Nan nodded to the manager, and the manager withdrew with a wink.

She looked at Qin Yu's lower abdomen and pursed her lips:

"Aren't you pregnant? If you are pregnant, you should quit the bar for a while!"

Qin Yu paused, her face stiffened, and she muttered:

"No child, no pregnancy, it's all Oolong." The

two of them looked at her in shock, can this thing go wrong?

Qin Yu sighed and explained very reluctantly:

"I knew bad things were going on for thousands of miles, and I didn't come to my aunt for two months, and then I felt nauseated and wanted to vomit for a while, and everyone thought I was pregnant

. General endocrine disorders, and food poisoning."

Ning nodded embarrassedly.

Su Nan frowned and thought for a while:

"But you were not called back by Shen Liang because you were pregnant? Isn't the matter in City C not resolved yet?"

Qin Yu sighed slowly:

"It's just an excuse. , I pushed too hard there, everyone's vigilance has never been higher, I can only let them relax their vigilance by returning here."

Su Nan raised his eyebrows and smiled:

"I'll just say, you come back suddenly, sure Isn't it so chaotic because of something as simple as pregnancy?"

Qin Yu paused for a while, with a worried look on her face:

"It's messed up at grandma's house, can you imagine it? The security guard at the door is the financial manager of the company. Brother-in-law, even the sweeping aunt is the mother of the general manager, I investigate something, throw a ball of paper, and they can turn it upside down!"

During that time, Miss Qin's temper was almost worn away.

Feeling angry and helpless!

Su Nan and Ning Zhi glanced at each other and sighed:

"At that time, you went on impulse and didn't make any preparations. It's better to come back this time. Shen Liang can't just stand by, after all, it was a problem with his subordinates! Qin Yu pursed her lips, "

That's what it means to let me come back. They have to relax first before they can find a chance to fight back."

Everyone was eating and drinking, and it was afternoon.

Qin Yu was almost drunk, so she was called back by her mother, and she was probably scolded.

Su Nan and Ning Zhi walked back and went back. Both of them drank and it was inconvenient to drive.

Su Qi happened to be attending an event nearby and drove directly to pick them up here.

Seeing that they were drinking, Su Qi rolled his eyes fiercely:

“This Qin Yu is a bad friend!”

Su Nan and Ning Zhi gave him a stern look.

“Shut up!”

“Shut up!” The

two of them said in unison!

Su Qi didn't care about them, sent Su Nan home directly, and then left with Ning Zhi.

Su Nan drank some wine and fell asleep on the bed groggy.

Unconsciously, someone seemed to come in.

A cool hand gently pinched her neck...

## **Chapter 2047**

### Bedtime Story

Su Nan has no clear consciousness, but feels that his mind is getting heavier and heavier.

Even if the hand was cold and uncomfortable, she didn't have the strength to brush it away.

I just feel that there is no one else here except Shang Qian.

When did this Shang Qian become so inconsiderate?

Quietly.

She fell asleep.

I don't know how long has passed.

Her body suddenly trembled, and when she heard the sound outside, she suddenly woke up.

It was as uncomfortable as being rolled over by wheels all over.

I felt sore and sore, as if I had been beaten, but I couldn't find any wounds.

She vaguely felt something was wrong.

Looking down, I don't know when I changed into a pajamas.

Just because of the nightmare, I sweated a little, but it was still fresh and clean.

She let out a slow breath.

Go to wash slowly, and then come out with a change of clothes.

Much better.

Just a little sore.

This doesn't look like the aftermath of drinking alcohol?

She had never felt so tired.

Push the door out.

It was bright outside.

Warm lights poured into the air, and there were children's laughter and laughter.

Walking into the living room, I watched and said that the child expanded her toy room to the living room, and drove a long train by herself, running around the guest room...

And Shang Qian, dressed in casual clothes, sat behind her and acted as her little brother!

The servant was cooking in the kitchen, and there was a warm aroma.

The night outside was dark and dense, but the Milky Way was especially beautiful when it traversed east and west.

She covered her discomfort and walked over with a smile.

It is said that the child's train has no tracks, and she steers it all by herself.

It slammed into Su Nan's calf.

Said that the child immediately climbed out of the car and ran over with her toy ambulance kit:

"Mummy, I'm a doctor..."

Su Nan couldn't help laughing with her arms crossed:

"We said Said that the children have so many dreams, and every line has left interest?"

Shang Qian got out of the car with a smile, rolled up his sleeves, and sighed:

"I haven't eaten yet, I see that you are sleeping too deeply, auntie sobered up after cooking. Tang didn't ask you to drink porridge, right?"

Su Nan walked to the living room to pour water and responded.

His eyes slowly fell to the direction of the kitchen.

The servant was very attentive in setting the table.

Su Nan held the cup, stroked the edge of the cup, looked at Shang Qian, and said with a smile:

"When did you come back, why didn't I hear anything at all?"

Shang Qian squatted down casually to help the children move The train, return to its original position.

He has always been very good at tidying up, and raised his eyebrows:

“In the afternoon, I think you slept soundly and drank a lot. I changed your clothes for you, I’m afraid you will be uncomfortable.”

Su Nan asked closely . :

“What time in the afternoon, exactly?”

Seeing the wrong expression on her face, Shang Qian was taken aback and stood up slowly.

He looked at her solemnly, just about to say something.

Talking about the child happily ran between the two, one foot stepped on Su Nan’s left foot, the other stepped on Shang Qian’s right foot, stretched out two small fleshy hands, and raised them to the top of his head with a smile:

” The swing...”

Su Nan: “...”

Shang Qian immediately took her little hand with a smile, raised it, and dragged the other one to him:

“Mummy didn’t Daddy has the strength to eat, Daddy will play the swing with you?”

“Okay...”

Said that the child doesn’t mind who plays with her, she has to play the swing anyway!

Shang Qian looked at Su Nan meaningfully, and then carried the talking child to the sofa.

He easily lifted the talk and shook it.

Children are the happiest...

Su Nan could have participated in such a warm scene.

But she couldn’t find any interest, just felt a chill rise from the soles of her feet.

The chill enveloped her, and she felt extremely cold.

A very bad feeling, I don’t know if it is an illusion.

She knows her state of drinking, even if she drinks too much, her body will not feel so sore.

unless it’s on medication.

But she and Ning knew that Qin Yu was drinking, and they were fine when they left, and they wouldn’t take medicine.

She returned home, slept, her clothes were changed, and she was not feeling well.

She shouldn’t have any consciousness.

Although she did not suffer any harm, the strange feeling in her heart was getting stronger and stronger.

She hated the feeling of not being in control of herself.

Su Nan glanced at the direction Shang Qianhe said, and turned to go to the dining table.

The servant set things up and went back to the kitchen to cut the fruit.

When she brought the fruit, Su Nan glanced at it and said with a smile:

“Aunt Zhao, when I come back, you know?”

There are two servants in the family. Aunt Zhao takes care of them and cooks for them. Aunt Feng is dedicated to taking care of children.

These two are their handpicked, almost almighty family service.

Even if one has something to do, the other can also be on top.

Aunt Feng asked for leave for something at home some time ago. During this time, Aunt Zhao was always there.

Su Nan had a slight smile on the surface, but his eyes were filled with inquiry and scrutiny.

I saw Aunt Zhao shook her head and answered honestly:

“Today, I went back to the old house with the talk. Su Dong said that Master Su Lin misses his sister, and Su Dong brought the talk to pick up Su Linxiao. Young master, I took a nap in the old house at noon. In the

afternoon, the business manager drove us to pick us up...”

Su Nan lowered his eyes slightly, and the entrance to the bird’s nest suddenly became hot.

She put down the spoon with a click, her brows furrowed.

Aunt Zhao took good care of Talking, which even Su Yifeng praised.

Su Nan smiled and nodded.

Talk about the child who climbed under the table at some point, sat on her lap, and raised her face with a smile:

“Mummy...”

Su Nan’s heart softened, and she forgot about other things. She smiled and lowered her head and kissed the little boy on the forehead:

“Tell me you went to see your brother today?” The

little boy nodded.

Su Nan: “Would you like to go to school with your brother then?”

Said the little boy with a smile and shook his head.

Yes, this little guy has a strong opinion and declined the invitation to go to school.

Shang Qian stood upright, walked over with a warm aura, and smiled casually:

“Listen to my father, say that I went to audit a class today and tore up Su Lin’s textbook. We are talking about strong hands-on ability. He ‘s a doer!”

He fondly touched the child’s head.

Su Nan: “...”

She was vaguely worried. She and Shang Qian are both academic masters, so they won’t give birth to a scumbag, right?

The two of them are at home, and Aunt Zhao can relax.

After talking for a while, I went to rest.

Shang Qian was holding the talk and talking on the phone, and talking and talking, he couldn’t lift his little head up.

It didn’t take much effort to coax him to sleep. Shang Qian regretted not participating in the process of bedtime stories.

Su Nan is temporarily dealing with urgent emails in the study.

It was already late at night.

Shang Qian held a cup of hot milk and put it in her hand with a smile:

“My wife, is it time to rest?”

## **Chapter 2048**

### The Strange Thing

Su Nan relaxed her neck. After a busy night, the weirdness in her heart had faded away.

As if it was the same as many days before, I didn’t feel anything.

Shang Qian went over and pinched the acupoints on her neck, smiled and kissed the top of her head.

Then, the voice said lightly:

“Did you have something to tell me just now?”

Su Nan paused.

Her exhaustion was instantly swept away.

She only felt that she should not doubt Shang Qian, and he had no reason to attack her!

And the relationship between them is stable, and there is no side branch that can cause the relationship to deteriorate.

She paused, looked up at him, drumming in her heart.

Shang Qian's dark eyes reflected her, with a shallow light, and smiled:

"If you have something to say, is there anything we can't tell you honestly?"

Su Nan took a deep breath, or directly said what was in his heart. :

"I drank alcohol today, but I was fine when I came back. When I opened my eyes, I felt uncomfortable all over, as if... I was drugged, sore and painful, but no Actual damage, so..."

She actually felt very sorry, after all, she suspected Shang Qian, but Shang Qian was the most unlikely person to hurt her.

After speaking, she silently raised her head and glanced at Shang Qian, feeling a little guilty:

"I'm sorry..."

She was about to say that she shouldn't doubt him, but Shang Qian's face was very solemn and cold, and he wrapped his hands around her. Sit down across from her.

The air is very quiet.

Finally, he asked her:

"I didn't feel this way before?"

Su Nan shook his head: "You know I used to drink with Qin Yu and Ningzhi a lot, but I didn't drink much today, so it shouldn't be like this..."

"You guys go. Where did you drink it?"

Shang Qian was very serious, and his face was very solemn.

His behavior reassured Su Nan.

Compared to consoling her that she was wrong, the most reassuring thing is to eliminate all doubts.

"In a restaurant we used to go to, we drank the wine we kept before."

Shang Qian pursed his lips and said silently:

"Tell me the address, and I want you to meet those people and import those things. I'll ask someone to investigate."

Su Nan pursed her lips:

"Is it too much fanfare? Maybe I'm suspicious?"

Shang Qian chuckled, "Since it doesn't feel right, there must be something wrong. If you don't find out anything else, shouldn't you suspect me?"

He looked at her and smiled playfully, but there was no blame or coldness in his eyes.

As if it was just a joke.

Su Nan was speechless for a while.

Although she thought about a thought, she didn't say it.

Did not expect to let him see through.

Sure enough, a man's heart, a needle in the sea!

She raised her face and smiled, stretched out her hand, and swore to God:

"I never doubted you, how could I doubt you? No way, if I doubt you, will I tell you everything? My dear, Of course I believe in you unconditionally!"

The thought she had suspected was just like a man would never admit that he cheated, and he absolutely couldn't admit it!

Otherwise, no matter how you admit your mistake later, there will be grudges.

really.

Shang Qian's face was gentle and clear. Seeing that it was a little soft, he reached out and squeezed her face:

"Okay, I will believe whatever you say. I will go to the surveillance first to see if there are any suspicious people."

He stood Get up, "You also rest early."

Su Nan nodded.

The distance from the apartment entrance to the home is monitored, including in the living room.

Therefore, he finds monitoring, which is the most direct way.

But Su Nan forgot this for a while.

Su Nan was getting ready to rest after grooming when Shang Qian walked in with a cold face.

looked at her quietly.

Su Nan was startled and lost sleep.

"What's wrong?"

Shang Qian looked like it was serious?

She paused, wouldn't someone really enter their house and drug her?

Shang Qian's face was dignified, and his tone was a little indifferent:

"The monitor suddenly broke after you entered the apartment. I took a look and someone cut the wire."

Su Nan woke up suddenly, with that uncomfortable feeling all over his body. The feeling came back up again.

Her face changed a bit, and there was a bit of panic and indifference in her eyes.

Shang Qian pursed his lips, reached out and touched her head, with a little comfort:

“Don’t rest, I just contacted the doctor, aren’t you uncomfortable? Go for an examination first to see if you have been drugged.”

Su Nan Not stupid, knowing what Shang Qian meant, he suspected that someone had been addicted, and the purpose was not her, but the things at home.

But there are not many valuable things in the apartment, and their collections are kept in the vault.

Who has the guts to steal here?

Shang Qian didn’t say much, and turned around to get her slippers:

“Come...” Su Nan pursed

his lips, “How about we go back to the old house? Or go somewhere else?”

Real estate doesn’t stop there.

The reason why they live here is just because they were on the upper and lower floors before they got married, and it feels more fateful.

Shang Qian smiled: “Okay, but I have to find out the truth before leaving. The security system in this apartment is already very advanced. It is inevitable that you will not encounter the same thing when you go to other places. You go back to the old house first. ?”

Su Nan immediately shook his head.

Shang Qian woke her up in one sentence.

If you go to other places like this, you can’t hide.

Going back to the old house will make Su Yifeng and the others worry.

Forget it.

She tugged at his arm:

“Forget it, I’m not going anywhere.”

Shang Qian touched her hair:

“Don’t be afraid, I will send more people to protect this place.”

Su Nan nodded.

Time was urgent, she put on her clothes and went directly to the hospital.

Shang Qian calmed her down, and Su Nan gradually relaxed.

By now, she has dispelled her doubts about Shang Qian.

The doctor drew blood, and the test results came out after two hours.

Shang Qian was really uneasy, so he sent the little friend and Aunt Zhao to the old house overnight.

He was on the phone there, and Su Nan was squinting in the ward, as if he could hear that he could lower his voice for fear of disturbing her.

The hospital was quiet, only a warm and calm male voice remained.

Not long after, Shang Qian came in.

The doctor also came in.

“Mr. Shang, Miss Su, things are very bad. Miss Su fainted after inhaling a lot of ether. Because you have also drunk a lot of alcohol, you are not sensitive to the smell of ether.

And it’s not pure Ether is a processed narcotic drug on the market. It has a very light smell. If you don’t deliberately smell it when you are awake, it will be no different from the alcohol concentration in ordinary perfume...” The

doctor said solemnly. , Su Nan’s face turned pale and sank.

She looked at Shang Qian and frowned:

“But I don’t know anything?”

This is the most powerless thing.

Someone entered her house and stunned her, she didn’t know anything about it!

## **Chapter 2049**

Personal bodyguards

at this time.

Shang Qian’s face was solemn and gloomy.

A chill shrouded him, inexplicably frightening.

This is not only vigilance for territorial encroachment, it is likely to be provocation.

The result is out.

The two left the hospital.

Shang Qian did not drive back to the apartment, but went directly to the hotel.

Su Nan was a little surprised.

Shang Qian smiled and comforted her: “The apartment is not safe. The security of this hotel is the highest level. I just lived here when I first came to country Z, so I’m wronged for you to stay here for a few days?”

Su Nan pursed her lips: “What about you? ?”

“I’m here too.”

Shang Qian smiled, pulled her hand out of the car, rubbed his palm against hers, and comforted softly:  
“Don’t worry, I will let someone protect you with you. .”

Because of the sluggish fall, they relaxed their vigilance.

But what I have to worry about now are people who are more sinister than Zili.

Shang Qian’s face remained calm, but his heart was as cold as ice.

It’s already midnight.

Su Nan fell asleep as soon as he touched the bed.

Shang Qian put her in his arms after grooming and gently touched her head.

It was only through the dim yellow light that he glanced at it and suddenly saw something, his face instantly cold and severe.

Perhaps because of the angle, she didn’t notice it before, there were two cyan finger marks on her neck, as if someone had pinched her.

But if you don’t look closely, you can’t really see it.

Shang Qian is more experienced with marks on people’s bodies, so when he sees his finger marks turning blue, his first reaction is not shadows or dirt.

Finger marks!

His eyes narrowed instantly.

Turn over.

He went outside, took out a medicine box, and gently smeared the ointment on it.

Su Nan slept soundly, but frowned and didn’t wake up.

Shang Qian had no intention of sleeping until the middle of the night.

Early in the morning.

Su Nan hasn’t woken up yet.

He was standing on the balcony of the living room on the phone.

“Go and watch An Qi’s movements carefully, are you sure she hasn’t left?”

“Don’t let go of the slightest detail.” The sun

pierced

the curtains, and when she woke up, her eyes were drowsy.

Looking at the unfamiliar place, she was stunned for a few seconds.

Then I remembered what happened last night, and immediately got up and ran out.

But when he ran to the door, he bumped into someone.

She covered her nose and was about to cry, sour.

Shang Qian laughed, and his voice was smooth and pleasant:

“What’s the hurry, it hurts?”

Su Nan snorted lightly, her vision was dazed, and after sniffing, she got a little better.

“Who made you stand here?” Early in the morning, he was messing around.

Shang Qian smiled: “Would you like to hire a plastic surgeon?”

“Are you dissatisfied with my nose?”

Shang Qian smiled: “Don’t dare, I’m afraid I’ll break it for you.”

Su Nan let go of his hand, put his arms around his thin and strong waist, and sighed:

“I always have a feeling that something is going to happen. “

Don’t think about it, don’t you want to go to the company today? Listen to the elder brother, Yan Lu has come up with a new trick?

“

What’s more important than making money?

She let go of her hand, touched her messy hair, and coquettishly said:

“But my clothes are not there...”

Shang Qian sighed and pointed to the other room:

“It’s early in the morning to let people It’s here, go try it, by the way, the bodyguard I arranged for you today will find you, and he will protect you when I’m not here.”

Su Nan nodded and asked casually,

“Male and female?”

Shang Qian squinted his eyes: “Do you want to be a man or a woman?” “

I hope it’s you.”

Shang Qian’s face softened and he kissed her cheek:

“You want to be beautiful!”

Su Nan: “. ....”

Shang Qian turned bad!

She slowly finished her breakfast and went downstairs to see that the driver became Chang Li.

Immediately, there is a sense of security.

Su Group.

Su Nan held meetings step by step, read documents, and then met with clients.

Until almost noon.

Yu Lou mysteriously knocked on the door and entered.

“Mr. Su, someone wants to see you.”

Su Nan raised her head: “Who is it?” Before

Lou could answer, she suddenly thought of the person Shang Qian arranged for her.

Immediately understood.

She nodded and said directly, “Let her in!”

Yu Lou opened and closed his mouth, and finally brought people in.

After Su Nan signed a document, he looked up.

The visitor was dressed in tall casual clothes, with masks and hats, for fear of being recognized by others.

Such a high profile, it is difficult not to attract attention.

She frowned slightly, and just as she was about to say something, she saw the visitor take off her mask and hat, revealing a stern and polite face:

“Madam...”

“Lin Shen, Shang Qian made you come?”

Su Nan was shocked His face changed.

The person who came was actually Lin Shen?

“Didn’t you become an actor?”

Lin Shen lowered his eyes slightly: “Because of Meng Shuang’s accident last time, I was banned, and President Shang said that I should be quiet for a while, and then wait for the public to forget about it, and then gradually Come forward.”

When he spoke, his tone was calm, without the slightest grievance and discomfort.

It’s like retelling what happened to someone else.

Su Nan paused and frowned,

“Oh, Meng Shuang’s matter is so serious? I saw her well some time ago!”

She looked at Yu Lou beside her.

Yu Lou nodded, he was more sensitive to gossip:

“Meng Shuang was on the verge of being treated coldly, and Li Suizhou didn’t plan to help her when she came back.

Besides, her spine was injured, so she couldn’t be filming, so she just followed Mr. Ge. It’s getting closer, and it seems that it rarely appears in the public eye during this time.”

Su Nan clicked his tongue, really unexpected.

She glanced at Lin Shen and smiled:

“You saved me, I should repay you, why don’t I tell Shang Qian, let someone else do it.”

She couldn’t help her savior!

Lin Shen said calmly and stopped:

“Madam, I just did what I was supposed to do, and President Shang meant that I was with you, almost half of it was exposed in front of the camera, which was equivalent to countless people following you, much safer. .”

Su Nan’s hand paused and suddenly understood.

“Okay, then it’s troublesome.”

She put away her phone and looked at Yu Lou: “Lin Shen will be my bodyguard in the future, and he can come and go freely.”

“Yes.”

Su Nan was busy for a while, and then received Yan Lu. phone.

A recent aviation exhibition, closed to the public.

He got the admission ticket and naturally wanted to take Su Nan with him.

After all, investors are ancestors.

Su Nan also wanted to follow along, so he put other things behind, got in the car, and went to the Aviation Building.

Yan Lu stood at the door and waited for a while, well-dressed, which was a plus.

But seeing the woman beside him, Su Nan stomped hard.

Su Nan took Yan Lu’s arm and greeted her with a smile:

“Su Nan, long time no see, come here, I’ll be waiting for you!”

Su Nan twitched the corners of his mouth, squinted at them for a long time, and stepped on Yan Lu’s feet. Ritsu’s awkward smile slowly faded away.

## Chapter 2050

You need a face

, Su Nan walked over, expressionless:

“How are you...”

Before Yan Lu could speak, Sun Tan said with a smile:

“I’m also here to participate in the exhibition, you know that I have time left now, I just happened to meet President Yan, and he promised me to be my male companion.”

Yan Lu frowned and wanted to throw his arms away, but he held back.

In this scene, especially for a while, I don’t know how many acquaintances of Sun Tan.

It’s no good to offend her inexplicably.

Su Nan raised her eyebrows and glanced at Lin Shen: “Lin Shen, you should know this. This is Mr. Yan from Zhengyi Technology, and this... is Mrs. Ge.”

breathed.

But Sun Tan’s face couldn’t hold back.

She glanced at Su Nan complainingly, and unwillingly released Yan Li’s arm.

Then he looked at Lin Shen playfully:

“Lin Shen, who almost became a famous actor, Su Nan, your taste is really wide, why didn’t you bring your businessman here?”

Su Nan smiled: “My husband is busy. It’s very, he’s not making money every day, how can I squander it like dirt?”

She casually glanced at Lin Shen and Yan Lu:

“You guys go first.”

Lin Shen nodded slightly, and did not have any opinion to refute her words. .

Yan Lu also breathed a sigh of relief and tidied up his clothes.

Soon, only Su Nan and Sun Tan were left.

Sun Tan’s face darkened:

“Su Nan, what are you doing, I didn’t care about you, why are you meddling?”

Su Nan paused, her expression calm:

“Yan Lu is my subordinate, his private life is not clean, which affects the company’s business. Image, this is not called meddling.”

Sun Tan was on the verge of jumping, Su Nan didn't give her a chance:

"Besides, he has a fiancée, a classmate for more than ten years, and is about to get married, what are you doing? Is it necessary? I don't believe you fell in love at first sight with a man who has only met twice, don't forget, you haven't divorced yourself yet!"

Sun Tan's face turned red and white when she said it.

She took a deep breath, held back her emotions, and pursed her lips:

"I'm looking away, since Ge is raising a mistress, why can't I?"

"So you're destroying other people's feelings?"

Su Nan Looking at her funny, it's really pitiful and hateful.

That little sympathy for Sun Tan was almost wiped out by herself!

Sun Tan pursed his lips, and his eyes flickered slightly:

"What from school uniform to wedding dress, when he becomes famous, won't he still abandon that girl? Am I not a living example?

I'm giving that girl a vaccination in advance. Moreover, it is the latest that a man succeeds."

Su Nan choked with anger.

She rolled her eyes: "Don't bring Ge Zheng to everyone, and don't add your own pain to others.

What did that girl do wrong? Does she have to be like you?

" "Why did you teach me a lesson? Leave me alone!"

Su Nan sneered, "I'm not in the mood to care about you, but don't touch my people."

She took two steps, suddenly remembered something, and turned to look at her. :

"You called the name of divorce very loudly a few days ago, but now you only want to get revenge. Are you planning not to divorce, bear it? Watching their family of three live, are you crazy?"

" Glancing at her, she said nothing.

Paused for a few seconds.

She said lightly:

"No, I won't be able to bear it anymore, just wait for her child to be born before I can completely let him go out of the house, let him have a beautiful dream of a group of wives and concubines first!"

Su Nan He frowned slightly, trying to say something, but kept his mouth shut.

Forget it, anyway, Sun Tan has already made up his mind, and there is nothing to persuade.

Su Nan pursed her lips speechlessly. After all, she was also a victim, so there was no reason to keep talking about her.

“Forget it, you have to take revenge on others, don’t...”

Before she could finish her words, she saw that Sun Tan’s face changed slightly.

Su Nan followed her line of sight.

His face also changed.

Coincidentally, the people standing opposite were Ge Zheng and his new love Meng Shuang.

Meng Shuang was wearing a grand dress, from top to bottom, it was obvious that Ge was very fond of her.

She was carrying a precious bag, and Ge Zheng smiled and hugged her shoulders, saying something softly.

Just the next second.

They also saw Sun Tan and Su Nan.

Immediately.

Ge Zheng’s face changed fiercely, his eyelids twitched.

In his heart, Sun Tan still didn’t know about Meng Shuang’s pregnancy.

He was about to leave Meng Shuang and walk this way, but Meng Shuang grabbed Ge Zheng’s arm tightly, looking at him aggrievedly whether he wanted to cry or not.

I see pity.

Ge Zheng also couldn’t bear Meng Shuang to be wronged.

Suddenly confused.

Sun Tan’s face sank completely.

Su Nan could feel Sun Tan’s stiffness and indifference, and his voice was extremely low:

“Why, do you want to do it?”

Sun Tan took a deep look at them in the distance and gritted his teeth:

“No need, I have lived for so many years, and I am the best at it. I just have to endure it.”

Then he looked at them lightly, with an indifferent voice:

“Ge Zheng, get out of here!”

Even if he knew about the adultery between the two, Sun Tan still had to defend himself in front of the mistress. Dignity!

As long as she doesn’t get divorced for one day, she will be Mrs. Ge for one day!

I can’t see the death of Ge Zheng’s diligence towards others!

When Ge Zheng heard Sun Tan's words, his expression changed immediately. He looked at Meng Shuang and coaxed her to speak:

"Shuang'er, she and I haven't divorced yet. Right now, the company's accounts are frozen with the lawyer. Check it out, and sooner or later you will find out about the transfer of property."

Meng Shuang was a little unhappy: "You know, we have enough money anyway!"

Ge Zheng whispered:

"Nonsense, I want the best for you and your child, How can I get this money?"

As long as she relaxes her vigilance and doesn't mention divorce, I will continue to transfer all the property to your name, so that I can divorce with confidence!"

Meng Shuang made a cold voice, turned around and supported her alone Go to the door.

Ge Zhengdian ran up to Sun Tan:

"Wife, don't get me wrong, I already told her about the separation, she said she wanted me to come out with me at the end, and I came out, and I will never do it again. not related!"

He raised his hand and almost swore to God.

Sun Tan looked at Meng Shuang's back with an ugly face, swallowed, and looked at Ge Zheng with his face ashen.

Ge Zheng, however, also looked at Su Nan next to her, and asked meaningfully,

"Wife, have you been getting close to Miss Su recently?"

Su Nan didn't bother to respond to such a person, so he turned around and left, looking at all Don't want to take a look.

Sun Tan immediately followed.

Ge Zheng hesitated for a moment, then followed: " Wife

, the Su Group has a project. You and Miss Su have a good relationship. Can you help?" !"
