Chapter 2061

You have to be sensible

, the dean was stunned for a moment and had some doubts.

Shang Qian explained: "This trouble is a disaster for the hospital. If the patient who came to treat the disease jumped off the building, what would happen to the credibility of the hospital?"

He didn't say the rest.

But the dean understood in an instant.

If Fu Yechuan came forward, maybe things would be resolved faster.

It's just that he has some doubts. With the power background of Shang Qian and Su Nan, it is not difficult to cover this matter.

Why pull Fu Yechuan into the water?

If you can't think about it, you don't have to think about it.

Shang Qian pointed him in a direction, and he could only do it.

Su Nan and Shang Qian stood up.

Su Nan pursed his lips, "What conclusion did the police have on the investigation at the scene? Did they fight?" The

dean paused and nodded.

Su Nan's heart sank slightly, and he understood in an instant.

No wonder the police dared to investigate the cause of death with such fanfare, rather than simply concluding with suicide.

If he fought, it means that Sun Tan resisted before his death.

is murder.

The two of them declined the dean's farewell, and left silently holding hands.

The floor where Sun Tan's accident happened has been sealed.

The patients were moved to the next floor.

There are many people in the hospital.

There are more people in the elevator.

They took the elevator just in time for someone to stop there.

Shang Qian reluctantly protected her in his arms, but those aunts and uncles were very tough and crowded.

The two were just pushed down.

Su Nan took a deep breath, Shang Qian smiled and moved his arm:

“I don’t see it, the old people are quite energetic.”

Su Nan sighed: “They are the main force in crowding the bus!”

Let him Go into the elevator, he is dead or alive.

“How about we take the stairs?”

Su Nan also agreed.

The two of them were walking towards the entrance of the stairs, and suddenly they felt something soft and cool touching her hand.

Su Nan was startled, she turned back suddenly.

Immediately froze.

“Hey, it’s you...”

Fu Yunche, the son of Fu Yechuan.

Shang Qian also looked over, his eyes sank slightly, frowned, and looked at him displeased.

Fu Yunche raised his head, his pale and tender face was a bit morbidly pale, looking very pitiful.

But in those clear eyes, they were crystal clear, and there was a little joy because they saw her.

Fu Yunche pursed his lips and smiled at her.

He knew her, the beautiful aunt who rescued him from the fire.

He called for a long time, but no one could save her.

Even if someone came, only the aunt in front of him came to save him.

Because he was not the son that Fu Yechuan liked, everyone was coaxing him on the surface, but they didn’t want to see him behind the scenes.

Taking good care of him, Fu Yechuan will not give him any benefits.

Why bother so much?

This is what he heard in the mouth of the servant in Fu’s old house.

He thought he was going to die in the fire, and it was she who saved him.

Su Nan breathed a sigh of relief and looked at him with a smile:

“Master Fu, what about your family? Why did you escape? I heard that you are sick?”

Although she didn't like Fu Yechuan, the child in front of her was really annoying. pity.

No matter how poor she is, she can't treat a sick child coldly!

Shang Qian stood there, narrowed his eyes, and pulled La Su Nan back.

Her hand was released from the child's.

The child blinked in disappointment, a look of hurt on his face.

Shang Qian hooked his lips and looked at Su Nan very intimately:

"Why don't we call him a doctor?"

Su Nan nodded: "Yes, how dangerous it is to run out alone!"

Fu Yunche stared at her blankly. second.

He could feel that the uncle beside the beautiful aunt did not like him.

Although he is still a child, he can already very keenly sense the attitude of others towards him.

He reached out to pull Su Nan's hand again, cautiously.

The uncle's face still sank.

Su Nan didn't throw it away, but held his hand with his backhand and looked at Shang Qian next to him:

"Go, go to the doctor."

Shang Qian twitched the corner of his mouth, glanced at him, and then followed.

Fu Yunche carefully curved the corners of his lips, and his joy was not concealed.

There was a special nurse to take care of him.

But the nurse was too busy and was called away.

Fu Yunche pointed to his room, indicating that his room was there.

Su Nan immediately understood: "I'll take him back to the ward, you're going to call a doctor?"

She was dragged away by Fu Yunche before Shang Qian agreed.

Shang Qian snorted, and his eyes were cold at the child.

Just as annoying as his dad.

But he didn't even put a child in his eyes.

Turn around and go to the nurse's desk.

Su Nan sent him back to his room. It could be seen that this ward was very luxurious and there was no one else.

Fu Yunche couldn't climb onto such a high bed with his calves thrown.

Su Nan enthusiastically carried him up.

Fu Yunche took out his pen and paper from under the pillow, and eagerly wrote crookedly on it:

“Auntie, I like you, will you be my mother?”

He raised his hands and looked at her eagerly, with a hint of hope.

He could feel that the aunt in front of him was really kind to him and had no other purpose.

If only he could choose his mother, if only the person in front of him was his mother.

Su Nan carefully read what he wrote.

I was surprised that he could write so many words at such a young age.

At the same time, he was anxious for his own talk that the child lost to the starting line.

But seeing the child’s pitiful appearance, she sorted out her emotions and said with a smile:

“No, you have your own parents, and your parents are also very good to you, and the children’s parents cannot be exchanged. “

Su Nan smiled and pinched his little face:

“But thank you for your liking, you are much more likable than your father.”

Her heartfelt words were, of course, more likable than his mother.

But it’s not good to say that other people’s parents are not good in front of their children.

So she said the first half.

Fu Yunche lowered his head in despair, and knelt down on the bed aggrievedly, as if he was about to cry.

Su Nan panicked for a while.

It is said that when children cry, most of them are fake crying, and Shang Qian just coaxes them.

But she doesn’t know what to do with other people’s children!

She patted the bed, “You need more rest when you’re sick. Lie down quickly.”

Fu Yunche blinked and wrote on the paper,

“Then can you not leave?”

Su Nan paused and sat aside. :

“Okay, then go to sleep, I won’t leave for the time being.”

Fu Yunche smiled, and very obediently pulled away the quilt and lay down.

Su Nan stuffed him with the quilt, and then asked,

“How can you get sick?”

The smile on Fu Yunche's face disappeared without a trace, but a trace of panic flashed instead.

He closed his eyes immediately.

Lu Yuning's warm and gentle words were all in his mind:

"Yun Che, when you are sick, your father will look at you one more time. You must be sensible!"

Chapter 2062

Fu Yunche's expectations for his father, which should not have been said at the beginning, were no longer so high.

He gradually accepted that he was not liked.

Fu Yechuan cared more about him than Uncle Chen Mian, who was by his father's side.

Uncle Chen Mian said that things happened for a reason, and he would understand when he grew up.

But can he live to grow up?

Su Nan sat there for less than two minutes.

Shang Qian brought the doctor here.

She stood up and was about to walk away when Fu Yunche opened his eyes, took her hand, and looked at her pitifully.

Su Nan suddenly felt a little soft-hearted.

But the next second.

Shang Qian walked over with a smile, took his hand away, didn't put it down, held it in his hand, sat in the position of Su Nan just now, and said with a chuckle:

"Do you need to be coaxed to sleep? I'll take care of it. The children are the most experienced, come, I will!"

Su Nan raised her eyebrows and nodded immediately:

"Yes, you come!"

She completely believed in Shang Qian's ability.

Even if you can control the little devil, do you need other children who can't control it?

However, little Fu Yunche timidly wanted to withdraw his hand.

But Shang Qian didn't give him this chance.

He squeezed slightly, holding it in his palm, and looked at the child lying on the bed with a half-smile.

Even if a child at this age is interested, it is easy to see through it at a glance:

"Go to sleep, uncle waits for you to fall asleep before leaving. If you can't sleep, uncle will never leave!"

Fu Yunche gave up struggling completely, glanced at Su Nan who was talking to the doctor, and closed his eyes reluctantly.

Seeing that Fu Yunche was going to sleep, Su Nan followed the doctor out.

Shang Qian smiled and was very satisfied.

Su Nan: "Is there no one here to watch?" The

doctor paused: "I just said that the nanny who took care of him called and will come in a while. It was our negligence, and we will leave the nurse to take care of him."

Su Nan Nan nodded: "Children are easy to get sick, so pitiful."

Doctor: "Master Fu caught a cold, as if he had taken a cold shower, and suddenly had a fever, which almost burned his brain!"

Su Nan couldn't help frowning.

This kid is very sensible, he shouldn't be so careless!

In a few minutes, Shang Qian came out of it.

Su Nan raised his eyebrows: "Are you asleep?"

Shang Qian nodded.

Su Nan was surprised and shocked: "You fell asleep so soon?"

Shang Qian nodded solemnly, and showed a slit for her to see.

Su Nan looked over, and Fu Yunche, who was lying there, was indeed asleep, breathing calmly with his eyes closed.

She smiled, breathed a sigh of relief, and gave Shang Qian a thumbs up.

"Awesome!"

He was indeed very experienced.

Shang Qian smiled impolitely.

"Let's go?"

Su Nan nodded.

Shang Qian greeted the doctor and left quickly with Su Nan.

He didn't choose the stairs this time, but took the elevator instead.

Su Nan didn't understand, Shang Qian smiled and explained,

"The elevator is fast."

At least he won't meet anyone he doesn't like.

Shang Qian's eyes darkened a bit, and his eyes flickered.

Fu Yunche, even if he has more hearts, can he still have more than Mike?

Isn't that Mike who can make trouble in the sky still go to school honestly?

When the two of them just arrived at the door and were about to get into the car, suddenly there was a flash in front of them, and Su Nan saw a familiar person.

The other party also saw her.

The two were stunned for a second, and Su Nan smiled and waved:

"Miss Lu? Why did you come to the hospital?"

Lu Yuning paused, walked forward with a gentle smile, also looked at Shang Qian, and said politely:

"I came to visit a friend, he is ill."

Su Nan frowned, "Fu Yanni?"

"No, no, it's another friend."

Seeing that she didn't want to say more, and it wasn't Fu Yanni who Su Nan knew, Su Nan didn't ask any further questions. afternoon.

Lu Yuning glanced at Shang Qian next to her and smiled:

"Then I'll go up, goodbye?"

Su Nan nodded and waved: "Goodbye."

She turned her head to look at him, and complained:

"You don't Why didn't you say hello?"

Shang Qian paused and said with a smile:

"She is a woman, how can I just say hello to others without your consent?"

" Suddenly I felt a lot more comfortable.

She looked at him with a smile and pinched his face:

"Mr. Shang's consciousness is so high?"

Shang Qian had a faint smile on his mouth, and his face was indulgent and doting:

"It's all your training." Just as

she was about to say something, Shang Qian suddenly felt that something was wrong and looked at One side of her empty ear frowned slightly:

"You only have one earring left, where did it just fall?"

Su Nan touched both ears, and sure enough, the right ear was empty.

She frowned slightly and glanced back:

“Forget it, it’s not very valuable, it’s not worth wasting time to find it back, just go back and buy an identical one.”

Shang Qian nodded.

The two got into the car and received a call from Su Yifeng.

“Tell me you went to the early education class, you went to pick her up, I twisted my waist!”

Su Nan was shocked and anxious:

“Twisted my waist? I’ll see you now.”

Su Yifeng sighed: “It’s much better. , don’t worry about me, say you need someone to accompany you there, hurry up and go.”

“Oh...”

Su Nan hung up the phone, and Shang Qian asked her with concern:

“Does it matter? I’ll arrange a doctor to go there. At home?”

Su Nan nodded: “It’s okay, the old man is careless, don’t let the root cause of the disease.”

Shang Qian turned around and went to contact the expert.

Watch them go.

Lu Yuning just came out of the dark, and those beautiful and gentle eyes were full of coldness.

Just received a call from Chen Mian, Fu Yechuan will come to see Fu Yunche in a while.

She waited for a while below, and felt that it was almost time before she arrived at the designated floor.

Fu Yunche didn’t fall asleep originally, just to make Shang Qian leave quickly.

It was warm that Su Nan took his hand.

But Shang Qian held his hand coldly, just like that woman.

Lu Yuning took out the hat and mask from her bag, walked out of the stairwell, and then walked into Fu Yunche’s ward.

Fu Yunche was still holding the earring in his hand, which was accidentally dropped by the beautiful aunt on his bed just now.

He felt that the beautiful aunt would definitely come back, and then he would be able to see her again.

Hear the sound of high heels.

He excitedly opened his eyes and looked towards the door.

As a result, as soon as the door was opened, Lu Yuning was seen.

The smile on Fu Yunche's little face disappeared, and there was a little nervousness in his eyes, and he clenched the things in his palm tightly.

Lu Yuning glanced around, walked in, sat there, and looked at him coldly:

"Your father will come to see you in a while, but don't say anything that shouldn't be said, you know?"

Her voice was the same as always. gentle.

But it was heartbreaking.

Fu Yunche glanced at her timidly, his face tightened in silence, and he nodded.

Chapter 2063

Reunion Forever

Lu Yuning twitched the corner of his mouth and leaned forward slightly.

Her eyes suddenly became gentle, and she reached out to touch his white and tender little face.

Not much emotion.

"Yun Che, Mom is for your own good. Don't you always want our family of three to be together forever?"

As long as you help Mom and Dad stay together, we can be reunited."

Fu Yunche lay stiffly on the bed, trying his best to let him Close your eyes and pretend to be asleep.

As for Lu Yuning's words, he pretended not to hear in horror.

Lu Yuning was not angry either.

She gently touched Fu Yunche's small fist.

next second.

Out of panic.

Fu Yunche shuddered, and the thing in his hand just fell out.

Lu Yuning's eyes flashed slightly, and he picked up the earring, his eyes gradually turning cold.

If I remember correctly, Su Nan had an earring of this style on one of his ears just now.

Her eyes gradually darkened as she looked at Fu Yunche's face.

Fu Yunche opened his eyes with nervousness on his small face.

He looked at the earring, but didn't have the courage to take it back from Lu Yuning's hand.

Lu Yuning couldn't even maintain the gentleness on the surface, staring at him inch by inch with cold eyes.

"Have you seen Su Nan? How could her things be in your hands? Could it be that she still has contact with your father?"

Fu Yunche tightly closed his mouth, unable to say a word.

Just frightened eyes.

Lu Yuning's patience was exhausted, and he stood up abruptly:

"Say, when you were just born, you could cry and shout, why did you pretend to be dumb?"

Fu Yunche pursed his lips, and tears began to ooze in his eyes.

Lu Yuning suddenly threw the things in his hand on him, gnashing his teeth:

"Unfamiliar white-eyed wolf!"

The air in the room was terribly cold.

I heard the sound of high heels approaching.

Then someone knocked on the door.

Lu Yuning's face instantly softened, as if she had changed a mask.

He stretched out his hand and pressed Fu Yunche on the bed, letting him lie down, and then "intimately" covered him with a quilt.

next second.

The door was pushed open.

Fu Yingying brought Lin Chu in and said with a smile,

"Yun Che, my aunt came to see you. I heard that you are sick. Are you feeling better?"

She paused, looking at the strangers in the room, frowning slightly. .

Fu Yingying looked at Lu Yuning badly:

"Who are you? Why are you here?"

Lu Yuning smiled gently and moved away:

"My name is Lu Yuning, and Mr. Fu came here to take care of Master Fu." Fu

Yingying twisted He frowned :

"Why didn't I hear about it?"

Lin Chu on the side stepped forward, looked at Lu Yuning, and said to Fu Yingying, "I saw it at Yun Che's school gate before. It's a new full-time nanny."

Fu Yingying understood. He nodded and glanced at her disdainfully:

"Why does the nanny still dress so dirty, she looks quite young, and she is also a vixen."

She walked over, pushed Lu Yuning away, and ordered her unceremoniously:

“Go away, don’t stay here to disturb us! “

Lu Yuning’s eyes darkened, with no sign of anger on his face, he stepped aside and went to the other side of the room to clean up.

Lin Chu stood there, his eyes flashed, and he retracted his eyes meaningfully.

Fu Yingying took her hand and comforted Lin Chu in a high-profile way:

“Don’t take a nanny in your eyes, you are the daughter of a wealthy family, what is there to worry about with a stinky nanny, I’ll tell my brother, let him change it again. Come on old and ugly!”

Lin Chu’s eyes flashed, and he said quickly,

“That’s not what I meant, as long as you can take good care of Yun Che, it doesn’t matter who you are.”

Fu Yingying looked at her with satisfaction:

“I know that. You are a kind and sensible person, don’t worry, I will definitely help you and let you be my sister-in-law.” The

voice fell.

She didn’t notice that Lu Yuning, who was wiping the table there, raised his head and looked gloomily.

Fu Yingying didn’t notice it at all.

Lin Chu shyly bowed his head and smiled:

“Look at what you said, there are no slang words!”

“My brother didn’t have any weaknesses before, but now he has, our previous plan was wrong, we should change our thinking, as long as you treat Yun Che Well, my brother will definitely notice you, isn’t the Fu family lacking a mistress who can keep the housekeeper and take care of others?”

Fu Yingying smiled and looked at Lin Chu:

“You are the most suitable, with a high degree of education, a good personality, and no I don’t care if my brother has a tow bottle, the key is to be in the right place, who else in the circle is more suitable than you?”

Lin Chu lowered her head and blushed:

“Don’t say that, you know, I just like this child Yun Che.”

Fu Yingying smiled meaningfully, then turned away.

Knowing that what she said was false, Fu Yingying didn’t mind.

She went over and touched Fu Yunche’s face:

“Yun Che, wake up!”

Fu Yunche blinked, opened his eyes, and looked at them in confusion.

Fu Yingying smiled:

“Look, this is your aunt Lin Chu. Let her be your mother in the future?”

Fu Yunche looked at Lu Yuning subconsciously.

Lu Yuning turned her back to them, so she didn't let her emotions get out of control.

From the back, she was just cleaning up very seriously.

Fu Yingying shrugged his shoulders:

“Did you hear that?”

When your dad comes, tell him that you like Aunt Lin Chu very much, you know?”

Fu Yunche stared at them blankly, not understanding their intentions at all.

Just blinked his eyes.

Lin Chu walked over and smiled softly:

“Yun Che, just call me Auntie Lin. I like you very much. Auntie will visit you often in the future.”

She reached out and touched Fu Yunche's head.

But the next second, he subconsciously avoided.

When Lin Chu was stunned.

The door was suddenly opened.

Fu Yechuan and the doctor came in.

Seeing so many people, Fu Yechuan's face was a little gloomy and ugly.

He looked at the doctor with a cold tone:

“Is this what you mean by resting?” The

doctor was also very embarrassed. He had already said it, but Fu Yingying was Fu Yechuan's sister, so he didn't dare to stop her!

Fu Yingying's face was not afraid at all, but she said coldly:

“I look at my nephew, I still need someone's approval? Why, I don't have a son, so I can't look at my brother, your son?”

Fu Yechuan stared at her coldly, his face was cold and ugly.

Since Fu Yingying had a miscarriage, not only did she not become passive and decadent, but she became even more unreasonable and deviant than before.

She didn't leave here according to Fu Yechuan's arrangement, she insisted on staying here.

Even in the circle of celebrities here, she can't get in.

But she is dead and alive, and she will find a way to come back when she is gone.

Until I met Lin Chu.

Lin Chu only became richer after Ringo made his fortune.

But the Lin family is really not a wealthy family, so people in the circle don't take her to play.

Lin Chu thought that he went to school, which was different from those rich second-generation idlers, so he disdain to lick his face and make a fuss.

Lin Chu, who was unable to go up and down, met Fu Yingying, who was squeezed out of the circle.

The two hit it off.

Chapter 2064

Who are you

really talking about the meeting of two people.

Let's start with the funeral of Mr. Fu.

Lin Chu followed Ringo to the Fu family's old house.

Because Qu Qing couldn't make it back, and there was no hostess who could talk, those servants could only settle them in the side hall.

But Lin Chu couldn't sit still.

Seeing Fu Yingying, who was wearing black clothes, sneakily followed Chen Mian to the back building.

She was astonished.

After Chen Mian left, Fu Yingying went upstairs and locked the room.

What did she realize.

Until Fu Yingying lit curtains, sofas, and everything that could catch fire.

She just realized.

Fu Yingying is going to burn Fu Yechuan's son!

In Fu Yingying's eyes, she saw hatred and pleasure, indifference and forbearance.

She didn't understand, how could she hate a child so much?

The fire burned for a long time before it reached the second floor.

And when there was an eager beating from the second floor, it was Fu Yunche calling for help.

Fu Yingying laughed happily.

Lin Chu saw someone rushing over from the window.

And the person who rushed over was Su Nan.

She didn't know why, so she rushed in and took Fu Yingying out.

So Su Nan didn't see anyone, and Fu Yingying escaped.

Later, in order to thank her, Fu Yingying asked her what she wanted.

She said, "marry Fu Yechuan."

Very direct, very straightforward.

Because she has Fu Yingying's handle, she is not afraid that she will laugh at her wishful thinking.

Fu Yingying looked at her for a long time before nodding with a smile.

"So many women flock to Fu Yechuan, but you are the most suitable one."

Fu Yingying commented on her.

after.

Before she left the funeral, Fu Yingying asked her,

"You can save me, why didn't you stop me?"

Lin Chu just smiled and didn't answer.

After all, Fu Yechuan is so perfect, and his only regret is that he has a child.

Anything that is kind is false.

She's not stupid, who wants to be a stepmother?

Fu Yingying could get rid of him, wouldn't it be better?

Unfortunately, they all failed!

...

Looking at Fu Yechuan with a gloomy face, and when they looked at Fu Yingying, their auras were completely different.

It's as if it could be hit on the verge of a fight.

Just downright cold.

Seeing this, Lin Chu smiled and said,

"Don't get me wrong, Mr. Fu, Miss Fu really came here because she cares about Master Fu. After all, she is the child's aunt, so why not worry? Miss Fu and I were together just now, I just stopped by."

There weren't many opportunities to meet Fu Yechuan.

She also wanted to establish a good image of being gentle and kind in front of Fu Yechuan.

Fu Yechuan looked at her coldly and frowned deeply:

“Who are you?”

Lin Chu’s face froze for a moment, and then he quickly recovered:

“Mr. Fu, you have forgotten things, I have participated in the auction together with you before. I am Ringo’s sister, Lin Chu.”

She had not finished speaking, Fu Yechuan stared at Fu Yingying impatiently:

“Leave here early, I don’t care what your idea is, it’s better to put it away, otherwise, don’t blame me for not recognizing my six relatives!”

Fu Yingying sneered, as if some sensitive nerve had been touched, Suddenly, his hair exploded:

“Otherwise? Haven’t you been ignoring your six relatives? Who do you have in your eyes, except that bitch Su Nan, can you put anyone else in your eyes?”

Fu Yechuan’s eyes seemed to be quenched Like ice, it was terribly cold.

“I warn you, don’t blame me for being rude again!”

Fu Yingying gritted her teeth and held her head up:

“Why, you still want to kill me? You have already killed my child, so even my own sister refuses to do so! Did you let it go?”

The battle between the two of them surprised everyone present.

Lin Chu did not expect that Fu Yechuan hated Fu Yingying so much.

So if you get close to Fu Yingying, will Fu Yechuan also get bored?

It is said that the wealthy family will be particularly partial to the young daughter.

But seeing how the Fu family didn’t look like the legend?

She had already begun to secretly regret that she was on the wrong team.

But if you offend Fu Yingying again at this time, then there will be no chance to get close to the Fu family in the future!

Just when she was struggling to persuade her.

Lu Yuning, who had been acting as an invisible man in the corner, came out.

She looked at Fu Yechuan with a gentle voice:

“Mr. Fu, for the sake of the young master, stop arguing. His illness is just right. The doctor said that he will be discharged

from the hospital today. Why don’t the young master follow you back?”

on her.

Lin Chu looked at Lu Yuning meaningfully, with a bit of annoyance and disgust on his face.

I saw it at the school gate long ago that this nanny who suddenly appeared must have ulterior motives.

Taking care of Fu Yunche, getting close to Fu Yechuan, and actually letting this nanny get in first?

Fu Yechuan was very angry, but when he saw Fu Yunche, he frowned slightly.

He didn't know if he was frightened by their quarrel, his face turned pale, and he shrank and sat on the bed with a look of helplessness.

Tears fell from his face.

But there was no sound.

By the way, he just remembered that this child can't speak.

Suddenly, Fu Yechuan's heart was a little different.

The anger in his chest could only be suppressed for life.

Then he looked at Lu Yuning with a cold tone:

"Pack up and leave him there, the driver will be waiting below."

Lu Yuning nodded gently and happily:

"Yes, Mr. Fu."

Fu Yechuan glanced at Fu Yingying displeasably, then turned around and left here.

He didn't even look at Lin Chu.

Lin Chu gritted his teeth in disappointment, and the expression on his face was reluctant to the naked eye.

She could only suppress the surging emotions in her heart, and took a deep look at Lu Yuning.

Lu Yuning also looked at her.

The eyes of the two met, and there was a silent battle.

Fu Yunche dawdled down to the ground, but the bed was too high to reach.

He looked at Fu Yingying, who was closest to him.

But Fu Yingying didn't even look at him, she turned around and left.

However, Lin Chu noticed his situation, smiled hypocritically, and stepped forward, just about to reach out to help him.

But Lu Yuning, who was not far away, suddenly coughed.

Fu Yunche suddenly withdrew his hand, supported the foot of the bed by himself, and slowly slid down.

Watching this child listen to Lu Yuning's words, and suddenly alienate himself.

Lin Chu suddenly suffocated, as if his chest had been smashed, inexplicably uncomfortable.

Lu Yuning had already come to the front, watching Fu Yunche put on his shoes.

She took Fu Yunche's hand and said with a smile,

"Let's go, your father is still waiting for us downstairs."

She looked at Lin Chu and smiled meaningfully.

As if to declare war, to show off.

Lin Chu's eyes were deep, and he watched them leave.

She paused for a while and went out.

Fu Yingying was still standing not far away, swearing at the people downstairs.

That kind of gnashing hatred, I don't know where it came from?

Chapter 2065

The imitation of

Lin Chu with peace of mind was hesitant to say anything, but Fu Yingying turned her head and saw her.

For a moment.

The excess emotions on the faces of the two people disappeared without a trace.

Fu Yingying looked at her with a smile and brushed the broken hair from her ear:

"I was waiting for you, you finally came out."

Lin Chu walked over and asked unintentionally,

"Sorry, did I come here not too much? Coincidentally, I bumped into your personal affairs."

Fu Yingying raised her eyebrows: "You are from the Fu family sooner or later, so what are you talking about?"

Lin Chu smiled and seemed to be a little depressed:

"Your brother seems to have no relationship with me. I'm not very interested, isn't the type he likes like me?"

I think his attitude towards the nanny is better than that of me."

Fu Yingying looked up at her, smiled and took her arm:

"Sister Chu Chu, don't think too much, everyone has their own style, how could he like a nanny?"

He just wants to anger me, the conflict between us will not involve you.

If he doesn't like your type, then you Wouldn't it be enough to change the style?"

Lin Chu looked at her in surprise.

Fu Yingying smiled and pulled her away.

The two went to the mall for a long time.

Specialize in shopping at the counters of those luxury stores.

The clothes and jewelry were collected, all of Lin Chu's private money was spent, and a few credit cards were overdrawn.

She smiled calmly on the surface, but felt her heart was bleeding.

Those clothes that are a little sexy but still playful and lively are completely unsuitable for people with a scientific style like her.

She put on a slim skirt with golden crocheted edges. The fringe of the skirt just dropped to her ankles. She seemed to have completely changed her style, bright and flamboyant.

Completely different from her introverted and calm personality.

She looked at herself in the mirror, as if she was unfamiliar, as if she had seen another woman.

This style, Fu Yingying did not explicitly say.

But she had seen it at the collection auction that day, and it was similar to Su Nan's style.

Immediately.

She seemed to be slapped, hot and hot, and her face was flushed.

She is a top student, but she has to be reduced to imitating another woman to please a man?

Simply incomprehensible.

She suddenly had the urge to take it off and turn around and leave.

But she didn't know why, she couldn't move her feet, and her emotions were easily restrained.

After Fu Yingying finished the phone call, she walked over to take a look and nodded in satisfaction.

"It's so beautiful, you usually dress too plainly, men like to be flamboyant and charming, especially my brother, by the way, I'll do my hair later, curl it slightly, and let the makeup artist design a makeup look for you, even more so. It's perfect!"

Lin Chu smiled and looked at Fu Yingying and nodded:

"Okay, thanks to you, I found that I have changed as a person."

Fu Yingying raised her eyebrows, "Don't worry, with me, my brother will definitely not. I will take another look at other women, as long as you appear beautifully, he will only see you in the future!"

Only you.

Her words made Lin Chu's heart move fiercely.

The self in the mirror is sometimes the dull and proud self in the past, and sometimes it is Su Nan's face.

Are they like?

No, Su Nan's facial features should be more flamboyant and charming.

But her style, imitating 60%, is enough to make her eyes shine.

also.

Lin Chu smiled, and she convinced herself that as long as she was so close to that man, it didn't seem to matter much to imitate anyone.

When he really likes her, it's not too late for her to restore her original style.

Thinking about it like that, it seems that I can comfort myself.

She looked at herself in the mirror and was much more pleasing to the eye.

The sales attitude on the side was excellent and praised, which made Lin Chu feel less distressed after spending money.

Fu Yingying raised her eyebrows, "Fu Yunche's birthday is in two days, although my brother doesn't like him very much, but his existence has been known to many people, there will definitely be a banquet, and then you will dress like this. , you will definitely be amazed!"

Lin Chu smiled and nodded: "Okay, listen to you."

She walked out with a large bag in her hand.

Fu Yingying was empty-handed and had no intention of helping.

The eldest lady is used to it, and will not carry bags for others.

Lin Chu's eyes were deep, but he didn't say anything.

Just before he walked out of the door of the store, listening to the manager's phone call with a smile on his face, he walked in hastily:

"Linda, this season's new products have arrived, and they are all limited editions in the world. Immediately call Miss Su's housekeeper, Should we deliver it to the door or she wants to try it in person?"

Lin Chu's footsteps froze slightly.

She had already over budgeted for this item, and even the clerk in the store was perfunctory, no matter how good it was.

Because of these ordinary luxury goods, the clerk does not earn much commission.

She didn't dare to mention any limited editions, she knew very well that her economic strength was not on the same level as Su Nan at all.

So, she can only endure.

Fu Yingying's eyes were also cold for a moment, but she was used to this kind of thing.

Now I can take it easy.

She patted Lin Chu on the shoulder:

"Chu Chu, when you marry my brother and become the mistress of the Fu family, do you want anything in the future? They have to rush and beg you to buy things from their family."

Lin Chu Nodding his head, he said with a smile:

"Let's go, let's get our hair done?"

"Well."

...

Fu House.

It was also the first time for Fu Yechuan to come to this apartment, and he didn't expect it to be so deserted.

He frowned and glanced, looked back at Fu Yunche who was huddled behind Lu Yuning, and waved.

Lu Yuning hurriedly pushed the child out:

"Little Master, your father is talking to you, be polite..."

Her gentle voice made Fu Yunche raise his head and look at Fu Yechuan.

Fu Yechuan paused, withdrew his hand, and looked at him condescendingly:

"How does it feel to live here? Do you think it's better to live here, or to live in the school?"

His few patience were spent at this moment.

He told himself in his heart that it was his son, no matter whether he was innocent or not, he had to ensure a comfortable environment for the child.

Fu Yunche blinked.

Although he was not as close to Fu Yechuan as he wanted to be at first, it was rare for Fu Yechuan to talk to him so patiently, and his heart softened slowly.

He took out a pen and paper and slowly wrote, "Here."

When handing it to Fu Yechuan, Fu Yunche glanced at Lu Yuning subconsciously.

Seeing the content, Lu Yuning twitched the corners of his mouth, expressing his satisfaction.

Only then did Fu Yunche look at Fu Yechuan again and lowered his head.

He pursed his lips and remained silent.

He doesn't like it here, and he doesn't like school.

But if living here can often see Daddy, he would rather live here.

Fu Yechuan frowned and disappeared in an instant.

“It’s fine if you like to live here, and there will be fewer troubles in the future, and don’t get sick at any time.”

Fu Yunche’s eyes narrowed, his face turned pale, and he lowered his head in aggrieved.

Chapter 2066

Her details

Fu Yechuan frowned, seeing that his son was so cowardly and timid.

But he also felt that he was not close to this son at all.

There is really no way to teach a lesson.

Who knows how An Qi taught him in the first place.

And he suspected from the beginning that An Qi had another meaning in putting him by his side.

Since he has bad intentions, he is not willing to waste his feelings.

So I don’t care much about this kid.

Thinking of this, the emotion in his eyes faded a little.

Standing up straight, looking at Lu Yuning, he said,

“Take good care of the young master. If you get sick again, you don’t have to stay in this job.”

He couldn’t take care of even a child, and he didn’t have much patience for employees.

Just replace it with one that can take good care of it.

Lu Yuning paused, and immediately assured:

“Mr. Fu, rest assured, I will take good care of the young master so that he won’t get sick again.” It is common for children to get sick.

But the reason why Fu Yechuan didn’t want Fu Yunche to get sick was not because he was worried about him, but because he just hoped that he would not waste his time and energy.

Any business or project is more valuable than visiting patients in the hospital.

Fu Yechuan raised his foot and was about to leave.

After a few steps, Lu Yuning caught up.

She suddenly said,

“Mr. Fu, it’s not all because of weak immunity that the child is sick.”

Fu Yechuan took the phone and looked back at her impatiently:

“What do you want to say?”

He didn't have the patience to listen to these parenting common sense here.

Lu Yuning took a deep breath and looked up at him:

“Even if he is sick, he shouldn't be aggressive. He just came out of school, and he is not comfortable with welcome. I think there is another.”

Fu Yechuan looked at her deeply. , silent.

Lu Yuning: “It may be that the child has not received the love of his father, so he wants to attract your attention.

So he has to hurt himself to attract your distress and attention.

Mr. Fu, can you let him live with you every day? Being able to look at you, maybe he will gradually get better.”

Fu Yechuan's eyes changed slightly.

He frowned, his face dark.

Lu Yuning paused, and then said:

“And I heard that the young master is not born without speaking, but because of psychological effects. If you let him stay by your side, it is also good for his illness!”

Fu Yechuan is meaningful ! He looked at her with a grim expression, stared at her for a few seconds, and hooked his lips playfully:

“Oh? Who did you listen to?”

A person who has only been at work for two or three days can hear so much?

Lu Yuning was stunned for a moment and said with a smile:

“The young master said it, it was the secret he shared with me, we are already good friends, as I said, I will take care of the children, and the children of my relatives are all brought up by me. Fu

Yechuan looked at him coldly and warned her with a blank face:

“He is not your relative's child, don't ask about other people's private affairs, do you know how to be a nanny? I still use you to teach me how to do things?”

He said coldly.

Lu Yuning's expression was stunned, and immediately lowered his head uneasily, with a well-behaved and aggrieved look:

“I'm sorry, Mr. Fu, I have a lot of work.”

Fu Yechuan glanced at her coldly, then turned and left.

After getting in the car, he took out his mobile phone and called Fu Yanni.

After connecting.

Before Fu Yechuan opened his mouth, Fu Yanni asked firstly,

“Second uncle, have you taken good care of Yu Ning? You can’t let her be wronged. She came from a small city. I will take care of her!”

Fu Yechuan frowned irritably:

“Do you know her details? What is her origin?”

“Of course I know, I like her, when I come back from a business trip, I will confess to her, don’t tell me if you missed your mouth, don’t be a jerk!”

Fu Yanni was chattering, and Fu Yechuan hung up the phone in annoyance.

He knew that he shouldn’t make this call!

Fu Yechuan rubbed his eyebrows and returned to the Fu Group.

Just got to the office.

The assistant knocked on the door.

“President Fu, someone wants to see you, it’s...”

“No—”

Fu Yechuan was in a bad mood.

The assistant coughed: “It’s the police.”

Fu Yechuan gave him a deep look, and the assistant felt a creepy coldness.

He lowered his head and listened to Fu Yechuan’s unwavering tone:

“Go to the reception room.”

“Yes.”

Fu Yechuan pursed his lips, sorted out his emotions, and then stood up and walked out.

Before reaching the door, Chen Mian hurried over.

He leaned over and whispered a few words to Fu Yechuan, and Fu Yechuan looked at him with a solemn expression.

Chen Mian pursed his lips: “The police should come here because of this matter. Let’s find out the situation.”

Fu Yechuan lowered his eyes and went straight to the reception room without making a sound.

Soon.

Fu Yechuan took the police out and asked them to leave.

He stood there, his eyes dimly looking ahead.

Chen Mian walked over, "Mr. Fu..."

Fu Yechuan glanced at him, "It's just a routine inquiry, but... Have you checked Lu Yuning's identity?"

Chen Mian was stunned, immediately, he lowered his head with shame:

"No, I'm sorry."

"Simple identity information should be there, right? Go to the personnel department to say hello and go through the procedure."

Chen Mian pursed her lips: "No, I was careless, I asked before. She wants to pass this, but she said that if she lost it, just let me give the cash."

Fu Yechuan looked at him coldly.

Inexplicable warning.

Chen Mian lowered her head, and felt a little uneasy in her heart:

"Mr. Fu, she won't have a problem, right? I thought she was Master Fu's girlfriend, so she didn't backtrack so carefully..." The more she thought about it

, the more she felt apprehensive.

To actually let a person of unknown origin take care of Fu Yunche?

He suddenly panicked.

Fu Yechuan pursed his lips coldly:

"When something really goes wrong, will you apologize again?"

Chen Mian's expression condensed, and she immediately said:

"I'll have someone go to investigate, and I'll stop her work immediately."

"No, investigation is necessary, but stopping her work will be a shock, so let her stay temporarily, I'll take a look. , what is her origin? It is estimated that even Fu Yannan may not know..."

After Fu Yechuan finished speaking, he went straight into the office.

Chen Mian's throat moved, and he felt sweat all over his head.

He immediately called the driver who specially picked up Fu Yunche:

"Hey, I've been keeping an eye on Young Master these past few days, I must take good care of him!"

If he sent bodyguards rashly, it might also arouse the other party's vigilance.

So he can't do anything.

Just the same as before.

Before the investigation of Sun Tan's matter was clear, the police had already taken the lead in controlling her husband Ge Zheng.

Because of Ge Zheng and Meng Shuang's derailment, they were suddenly released by the media.

MengShuang MengShuangPregnancy The original partner just died, and Meng Shuang provoked many times Such a hot topic suddenly rushed up.

Everyone immediately knew about Meng Shuang's derailment...

Chapter 2067

Hold back the big move,

no matter how much money Ge Zheng spends, he can't cover up this matter.

Countless videos and original pictures came out, and everyone unscrupulously condemned the pair of dogs and men.

And Ge Zheng's property was also frozen, and some people leaked some materials, proving that Ge Zheng's materials had been transferred to Meng Shuang's name.

Su Nan and Shang Qian are eating in the restaurant.

Perhaps because of the feeling of being cold and unfamiliar before, Su Nan was a little wary of places with few people.

She plans to move back to Su's house in the next few days.

Shang Qian has been persuading her not to be impulsive.

Su Nan glanced at the news on the phone, looked up at the man who was cutting steak for her, and smiled:

"You didn't do this, right?"

Shang Qian raised his eyebrows, "I did it. Yes."

He admitted so quickly, but Su Nan was caught off guard.

"Why? Why do you pay attention to such a boring thing?"

Shang Qian smiled: "That Ms. Sun has always wanted to sell her property to you. I know you put a lot of energy into this matter.

But just because there is no such thing as The notarization has been delayed, but since she signed it herself, she should admit it.

Now the biggest obstacle is Ge Zheng, as long as it is proved that Ge Zheng has been unfaithful in marriage and transferred property, even if it is a trivial matter, the public will Adding fuel to the flames has become a major event that has to be dealt with fairly.

In this way, his properties will be sealed up and preserved by the relevant departments, and the little actor will also be pressured to respond.

Anyway, as long as they become more chaotic, they will be treated to you. The better.”

Su Nan stared at him blankly, somewhat shocked by his actions.

She was still trapped in Sun Tan’s sudden death, but Shang Qian had already thought of property one step ahead of her.

Indeed, she was careless.

If he really waited for this matter to get to the bottom of the matter before dealing with the property issue, I’m afraid it would have been transferred by Ge Zheng long ago.

Shang Qian pursed his lips and looked at her. There was a bit of incomprehensible mystery in his warmth, and he hooked his lips:

“Are you smart?”

Su Nan nodded dazedly.

Shang Qian’s eyes flashed: “Do you want to learn? If I go back to the old house, my father will blame me for my despicable methods.”

His expression was somewhat innocent.

Su Nan blinked: “How come, doesn’t he like you the most?”

Shang Qian was slightly aggrieved: “It’s all thanks to you.”

Su Nan: “...” Okay

.

After the two of them finished their meal, it was already dark.

Su Nan got in the car, and Shang Qian got up with a smile.

Just as he was about to say something, the phone rang suddenly.

He picked it up and took a look, his face darkened slightly.

Su Nan: “What’s wrong?”

Shang Qian frowned anxiously and invisibly:

“I asked people to see An Qi’s movements, they said she was very honest, and there hasn’t been any movement recently, even the provocation of snakeheads, they turned a blind eye. .”

Su Nan blinked: “She’s scared? Or is she waiting for her big move?”

Shang Qian glanced at her and smiled:

“Don’t think too highly of her, if she has brains, she won’t look at her. Fu Yechuan’s.”

Su Nan was puzzled.

Shang Qian put away his mobile phone and motioned for the driver to drive.

He picked up the plum juice on the side and handed it over.

“The forces of Xing Zhi and Lianli are almost the same, but there are always some scattered trivialities. These little troubles are necessary for An Qi’s existence.

I originally wanted her to be a puppet in front of me, to appease those messy troubles first, but she There shouldn’t be any movement at all.”

Su Nan frowned, thinking that he would hand An Qi to the international police.

Seems to be too naive.

She couldn’t figure it out a bit. If there was something in the shopping mall, she might be able to come up with some ideas.

But he was brought up by Genzheng Miaohong, and Su Jin was stricter than Su Yifeng.

She has no way of knowing their business!

She blinked: “Perhaps she was afraid of you?”

After all, in Country E, he had no mercy.

Shang Qian twitched the corners of his mouth, obviously not caring about this statement.

the next day.

Su Nan couldn’t go to the company, and Su Lin’s child was going to hold a parent-teacher meeting.

Su Jin and Wen Xiang couldn’t find time, so Su Jin asked Su Nan to go for them.

Su Nan obliged to agree.

She really wanted to experience this feeling, so she told the children in advance to explore the way.

However, Shang Qian disagreed with her taking the talk with her.

The reason is that she is afraid when she arrives at school!

Fear?

Su Nan didn’t notice that he said that children don’t like school!

On the contrary, when she saw so many children, she was so happy that she didn’t know the sky was high!

But early in the morning, Shang Qian took the talk to the company, saying that it was to cultivate her management ability.

Su Nan can only go by himself.

She had dressed up carefully. After all, it was her first time to participate, so she couldn't embarrass Wen Xiang and Su Jin.

So, she deliberately went ahead.

He also said hello to the teacher. Looking at the parents who had almost arrived, he still felt that he had been involved.

Obviously five minutes earlier, they were earlier than her!

But one parent didn't come.

Because the school is not an ordinary school, and all parents have been greeted in advance, so even if you are late, you have to wait.

After all, the parental background here is not easy to mess with.

Everyone sat at a wide round table, laughing and chatting.

Su Nan was really not interested, so he just walked out.

She circled around and came to Su Lin's classroom.

What is Su Lin saying to the other person.

Su Nan happily ran in, hugged from behind and turned around.

Then she covered his eyes, "Guess..." Before she could finish speaking, Su Lin replied helplessly:

"Auntie."

"How do you know?"

His white and tender face was a little crimson. , touched his face:

"I remember the scent on my aunt's body. Dad said that it was specially prepared by aunt, and no one will be the same."

Su Nan clicked his tongue and pinched his little face:

"It's so smart, Aunt will reward you and give you a kiss!"

She said, and she couldn't let him refuse to kiss him on his tender white face.

Su Lin was really small, so she didn't have the strength to fight back.

Otherwise, he would have run away long ago.

He pouted and looked at her:

"Auntie, if you don't listen to the teacher seriously, I will tell Daddy!"

"How dare you sue!"

Su Nan choked.

This stingy, really looks more and more like a big brother!

Just as he was talking, the kid next to him didn't know when he arrived.

He tugged at Su Nan's clothes and looked up at her little girl cautiously.

Clear eyes filled with starlight.

Su Nan paused, only to realize that this is not Fu Yunche?

She froze for a moment before looking at him with a smile:

"Hello, we meet again."

Fu Yunche nodded and smiled silently, with a look of anticipation on his face.

She seemed to expect her to hug him, squeeze him and kiss him just like she did to Su Lin.

But he waited for a long time, but nothing.

The pretty aunt just said hello and continued to put her head down to organize Su Lin's clothes.

The light in his eyes slowly dimmed...

Chapter 2068

The ridiculous self-esteem

Su Nan saw that the time was almost up, and took Su Lin's little hand:

"Go, I heard that there is a personal event in a while, what sports do you sign up for? Running? But I am today. I'm not wearing sneakers..."

Su Lin followed her helplessly:

"I signed up for Go!"

Su Nan heard this and paused:

"That's great."

Su Lin raised her head in surprise.

Su Nan said without blushing and heartbeat: "I won't."

Su Lin: "..."

Back in the original room, the two empty seats on the opposite side were already filled with people.

She frowned.

It turned out to be Fu Yechuan.

The other, even more surprised, was Lin Chu.

It seems that he has no feelings for his son at all!

She glanced at it casually, walked over and sat down.

The teacher hurriedly greeted: "Miss Su, please take a seat."

It seemed that he was missing.

Su Nan smiled apologetically.

She ignored the two glances that fell on her.

Try to immerse yourself fully in the teacher's words.

About half an hour passed.

Finally started the parent-child project.

Su Nan took Su Lin out to take a breath.

Child Su Lin took her hand and went to the swing in the garden, a very beautiful place.

The surroundings were shaded by tall bushes, but the bushes were interspersed with many bright and fragrant flowers.

It seems to be a secret garden that has been deliberately dressed up.

"Auntie, are you a little afraid of the parents and uncles sitting across from you?"

Su Nan was taken aback: "Nonsense, Auntie is not afraid!"

"But you don't dare to look at people!"

"I don't want to."

Su Nan paused, feeling a little dull in his heart.

If I had known this earlier, she might as well not come!

The two were talking when they heard voices coming from outside.

"Miss Lu, since President Fu and I have already come, we can of course participate in this event as Yun Che's parents.

I think that as your nanny, it is not suitable for you to stay here any longer. You can go back."

It was Lin Chu's sound.

Su Nan blinked and frowned.

Sure enough, Ringo's younger sister Lin Chu was interested in Fu Yechuan.

This is too obvious.

Lu Yuning did not refute it sharply, but said to Fu Yechuan indifferently:

“Mr. Fu, I have no other intentions, this time I am just a friend of the young master, he invited me to come.

If my existence disturbs you on your date, of course I can leave, but this kind of parent-child project is of little significance to the young master, and I didn't expect Miss Lin to come uninvited, but no matter what, I hope you don't want children to be used as tools for you to achieve certain goals.”

“Miss Lu, what do you mean, don't forget your own identity, you are just a nanny!”

Lin Chu almost became angry when she heard the voice.

Lu Yuning wanted to say something else, but hearing Fu Yechuan's voice was a little unpleasant:

“Enough, Miss Lin, I didn't invite you, who asked you to come?”

Lin Chu's voice was a little aggrieved:

“I heard my brother say, you compare I'm busy, and I don't pay much attention to the children, I'm afraid that if no one comes, Xiao Yun Che will be sad, so I came here on my own.”

Fu Yechuan was already a little unhappy, but his brows became even more gloomy when he heard this.

When did Ringo care so much about his personal affairs and talk about it everywhere?

His face was slightly cold, and just as he was about to open his mouth to expel someone, he heard Lu Yuning say:

“Mr. Fu, since Miss Lin is kind, I have nothing to say. I am also afraid that the young master will be wronged.

But it depends on Miss Lin. Positively, I am afraid that you must have a method and patience for the child, I will help the young master to clean up, you all go to participate!”

Fu Yechuan frowned and looked over with a gloomy look.

But Lu Yuning turned around and left as if he didn't care about anything.

Lin Chu hooked his lips and smiled.

“This little nanny still knows what she's doing.”

She was surprised and said what was in her heart.

Fu Yechuan glanced at her indifferently, turned around and left without saying anything.

When did Lin Chu suffer such neglect?

She was a little unwilling.

But thinking that the other party was Fu Yechuan, he was relieved.

She quickly chased after him.

to the gym.

The teachers were still in groups there, and Fu Yechuan sat alone in a rest area, looking at his mobile phone and emails expressionlessly.

His aura was too strong, so no one else dared to get close.

It's just that some women peeked at him secretly, and couldn't help but look at him a few more times.

Lin Chu pushed open the door and walked over, stood beside Fu Yechuan, and smiled.

"President Fu, in fact, I always hear my brother mention you."

Fu Yechuan was silent.

"My brother has always admired you. This time, when I knew that I was visiting Master Fu, he asked me to be more careful."

Fu Yechuan raised his eyes and glanced at her blankly.

"Really?"

He felt that Ringo was a little busy.

His hand stretched out a little too long.

It seems that he usually gives him too much color.

Lin Chu smiled and nodded, "Actually, I have always liked children, especially as young as Master Fu, they are very cute."

Fu Yechuan frowned, looked at her in a straightforward manner, and said coldly,

"You like children . . . or do you like being a stepmother?" For a moment.

The expression on Lin Chu's face was a little unbearable.

Fu Yechuan's eyes were as deep as the sea.

It's not that he can't see through this woman's mind, it's too obvious.

He was just too lazy to expose it.

But if someone really overstepped, he would do it mercilessly.

Lin Chu's face turned red and white. She believed that she was different from those women who were chasing Fu Yechuan.

They have no family background, no brains.

But she is different. She has education and ability, and will be Fu Yechuan's help in the future.

She is valuable by Fu Yechuan's side.

It's just that Fu Yechuan said it in such a light tone, with a bit of ruthlessness and disdain, and he didn't take her seriously.

Lin Chu's self-esteem did take a hit.

She could hardly hold back her emotions.

Seeing Fu Yechuan's indifferent attitude, she took a deep breath:

"Mr. Fu, I admit that I have a crush on you, but please don't treat my feelings with such an indifferent attitude."

Fu Yechuan glanced at her.

With a bit of sarcasm on his brows:

"Why, what I said is ugly? Or is it because you can't accept it? But isn't it true?"

There are children of this age everywhere, and there are more in welfare institutions. If you are really caring, shouldn't you go there? Is there such a place to show love?

My son of Fu Yechuan, still needs others to pity him?"

His words were ruthless, but also extremely realistic.

If it were another woman, he might be even more indifferent.

If this woman admitted her selfish desires outright, Fu Yechuan would not be so disdainful.

He could see that she couldn't let go of her restraint, and wanted to catch a high glance.

Such a woman, he hates the most!

Chapter 2069

Lin Chu's face was as pale as a piece of paper.

Her self-esteem seemed to be shaky.

Unexpectedly, a man like Fu Yechuan, who looked extremely graceful, could say such heartless words.

She can't wait to find a seam to get in.

Since childhood, she has been proud and held by others.

But the man she liked hit her like that, and it was really hard for her to accept it for a while.

a long time.

The teacher over there has already arranged the activity and is calling everyone to go there.

Only then did Fu Yechuan look up at her lightly:

"Still leaving?"

There was an indifferent question in his voice.

Lin Chu took a deep breath.

She knew that if she left now, she would really lose any chance.

So what's the difference between her and the other women he despises?

Running away is not something she can do.

She had to take down Fu Yechuan.

Think of this.

She smiled, "Mr. Fu, you're right, I don't mind being a stepmother for you, and I accept this fact."

Fu Yechuan frowned and glanced at her.

Lin Chu took a deep breath:

"I know you have a conflict with Miss Fu, she gave me the opportunity to approach you, I will not refuse, but I will not stand by her, because I have always supported you from beginning to end. Yes."

She felt that she had clearly stated her position, and she felt relieved.

Hearing the teacher's call, she immediately ran over.

Fu Yechuan's face was stagnant and indifferent, and he frowned sharply.

Not to mention Fu Yingying is fine.

When it comes to her, he has even less good impression of this Lin Chu.

In the whole class, no one has the same hobbies as Su Lin.

Go is an activity specially set up by the teacher for him.

Without an opponent, Su Nan breathed a sigh of relief and played chess with Su Lin without any burden.

Su Lin corrected her chess pieces with disgust, which was equivalent to being her own opponent.

The two of them stayed quietly in the compartment inside the gym, the door was not closed, but it was still like two worlds with the noise outside.

Outside, Fu Yunche changed into his equipment and searched for Fu Yechuan's figure everywhere in the venue.

Only a graceful figure blocked him.

Lin Chu stood in front of him with a smile:

"Master Fu, shall I play a game with you?"

Fu Yunche blinked, seeming to resist.

Daddy is here, so why not join him?

He has been looking forward to this parent-child event for a long, long time.

finally.

He saw Fu Yechuan and waved desperately, but because he couldn't make a sound to attract his attention, Fu Yechuan walked straight out with his mobile phone.

He was out of tune with the situation here.

Fu Yunche stood there lost, staring blankly at the direction where Daddy left.

It seemed very aggrieved.

The teacher has already started making arrangements and arrived at Fu Yunche's place.

"Yun Che, your rock climbing is ready, is this your parent?"

Lin Chu hurriedly replied, "Yes."

"Okay, Yun Che will climb to the top of the rock in a while. In order to consolidate the parent-child relationship and enhance trust, Yun Che will jump down from the top. Parents only need to catch him. He will have protective equipment on his body, and we will have a teacher to help him put it on in a while."

Lin Chu heard it, it was very simple.

Looking at the climbing wall, it's not too high.

And there is protective equipment, her eyes flashed, and she smiled kindly:

"It's okay, I'll help him wear it, I also learned rock climbing before."

"Really? That's great." The

teacher handed the equipment to him She went to order the next one.

Lin Chu looked down at Fu Yunche and smiled:

"Auntie also likes rock climbing. We have a lot of fate. I'll help you put it on. Auntie will definitely catch you in a while."

She said, regardless of whether Fu Yunche agreed or not . , start immediately.

Fu Yunche's original struggle was useless at all, watching her happily tie a rope to himself.

He looked at the door reluctantly, and lowered his head in disappointment.

The teacher had already started to urge him, and Fu Yunche had no choice but to walk to the climbing wall with his little head shaking.

Because not many people signed up for this event, but many parents came to watch with great interest.

Seeing that there were more people, Lin Chu valued this event even more.

Wait for the teacher's whistle to blow.

Fu Yunche concentrated on climbing up the wall.

The tools on the wall are suitable for children of this age, and the higher the level, the more difficult it is.

Fu Yunche moved relatively quickly at the beginning.

But going up, it's a little harder.

He was almost at this height close to his usual height.

He glanced down subconsciously.

Lin Chu continued to encourage him from below: "A little taller, Yun Che, you can do it, you are your father's child, this height is not too high, you have to be a little taller!"

Fu Yunche hesitated, and cautiously continued climb.

The surrounding teachers couldn't help but said,

"Ms. Lin, in fact, Fu Yunche's height is already very powerful. Children of this age will be somewhat frightened. It can't be too high..."

Lin Chu smiled indifferently. :

"It's okay, he can do it, Mr. Fu's son..." Before he could finish speaking, someone screamed.

The child who was still climbing suddenly slipped and fell out of control.

But the safety rope on the body suddenly loosened for some unknown reason.

Fu Yunche fell off the wall and fell in front of everyone.

The teacher's face turned pale in shock, and hurriedly ran over.

Everyone screamed and called for an ambulance.

And Lin Chu was still calculating for a second that he would change Fu Yunche and let Fu Yechuan take a high look.

In the next second, my mind was empty, and there was nothing left.

"Come on, call an ambulance, call a doctor!"

"Don't move, Yun Che, don't move!"

"Bleeding, he's bleeding... How can you let a child climb so high!"

... .Everyone

's voice lingers in my ears.

And Fu Yunche was lying on the ground with his eyes closed in pain, his small body twitching uncontrollably.

He was in terrible pain.

Fu Yechuan came back after calling.

I wanted to take a look at Fu Yunche and leave, but I saw chaos in the venue.

Immediately, his face darkened, he listened to what everyone was talking about.

As soon as he got close, the aura on his body couldn't melt at all.

Everyone consciously made way for him.

Look at the dying child lying on the ground.

He was already weak to death, and now it seemed that he was in danger. He opened his mouth and couldn't make a sound, but he was still breathing hard. There was blood under his head, and the situation was extremely tragic.

The teacher told everyone to disperse.

When looking at Fu Yechuan, he immediately blamed himself and was speechless.

Not to mention that Fu Yechuan was not an ordinary person, she couldn't bear it if something like this happened.

Lin Chu stood there stiffly.

When he saw Fu Yechuan, he was slightly shocked, and stepped forward excitedly and nervously:

"No...it's not me, I obviously brought a safety rope for him, there will be no problem, the rope suddenly broke, It's the school's equipment that's faulty!"

Chapter 2070

It wasn't me.

Lin Chu's first reaction when he saw Fu Yechuan was to get rid of himself.

The teacher looked up at her, hesitated, and couldn't help but said,

"Mr. Fu, you brought Fu Yunche's safety device, and there has never been a problem before.

When Miss Lin put it on for him, I reminded him. Be careful..."

Fu Yechuan's face darkened.

Although I haven't seen it with my own eyes.

But after listening to their line of defense, he already understood the reason for what happened.

He glanced at Lin Chu coldly, and his tone was no longer polite, not even a trace of politeness.

"You can explain it to my lawyer and the police later." The implication was that he would not expose this matter easily.

Lin Chu's face instantly became extremely embarrassed.

“The doctor will be here soon,” the teacher said.

But the next second, a figure hurried in.

“Yun Che...”

Lu Yuning ran in worriedly and knelt beside her with worry in his eyes.

She carefully touched Fu Yunche’s head, because the bleeding was extremely tragic.

Fu Yunche pulled her sleeve tightly, opened his mouth, and wanted to say something, but couldn’t make any sound.

In those eyes full of tears, when he looked at Lu Yuning, he was extremely frightened.

But in the eyes of outsiders, everyone thinks this kind of fear is more like a kind of dependence.

Fu Yechuan looked at them with complicated eyes.

Within five minutes, the doctor came running.

Then the ambulance arrived, and the doctor carefully carried Fu Yunche away on a stretcher.

When Lu Yuning stood up, tears were already streaming down his face.

She glared at Lin Chu angrily:

“Didn’t Miss Lin say that she will take good care of the young master? Did you find him unpleasant and wanted to get rid of him for a long time, in this case, when you marry into the Fu family, you will No need to be a stepmother?”

Lin Chu’s face turned pale.

She opened her mouth to refute, but Fu Yechuan’s cold and indifferent gaze was like a blow to the head.

Lu Yuning, a nanny, dared to point her nose to pierce her mind, without saving face at all.

Could it be that Fu Yechuan couldn’t think of it?

When he wanted to call a lawyer and the police, he probably already thought of this layer.

Lu Yuning looked at the door with heartache, couldn’t help but stepped forward and grabbed her clothes fiercely:

“You vicious woman, you dare to attack a child, Mr. Fu, she treats your son like this, doesn’t she? Do you still want to turn a blind eye?”

Lin Chu couldn’t help but stumble back two steps and almost fell to the ground.

She felt that her whole body was drained of strength, and she was almost unable to stand.

Looking up at Fu Yechuan, his eyes were full of chills.

That kind of coldness and sternness, she had never seen before.

Everyone couldn't help but agree:

"That's right, Mr. Fu, we all saw it with our own eyes, and it was this Miss Lin who insisted that Mr. Fu climb higher, even if the child couldn't, she was still talking below.

Hey, it's not her own, but I don't feel bad!" "

That's right, she tied the safety rope to the child with her own hands just now. We all saw it with our own eyes. Maybe she moved her hands and feet on the safety rope!"

... ..

Lin Chu paled and shook his head, trembling all over with fright.

"It's not me, it's not me..."

But the people present were accusing her like a nightmare, how could it not be her?

Fu Yechuan called Chen Mian and went to the hospital by himself.

As soon as Fu Yechuan left, the school was trying to figure out how to explain it to Fu Yechuan. While going to adjust the monitoring, he left some witnessing parents as witnesses.

Su Nan didn't come out to watch the fun at first, and didn't know such a big thing would happen.

It's just that the teacher said apologetically in the past and ended the activity early.

Child Su Lin has been immersed in his own world, turning a deaf ear to the outside world.

Hearing that Fu Yunche was injured, he stood up anxiously and wanted to visit him.

Su Nan frowned slightly, but felt that the child's injury was too sudden.

I also feel sorry for the child who can't speak.

"Auntie, let me go. Yun Che is my good friend. He is very pitiful. He has no mommy, and Daddy doesn't like him. I want to see if he is okay?"

Su Nan hesitated for a while. Seconds, he nodded in agreement.

Although she doesn't want to have a relationship with the Fu family, she can't ignore the friendship of the younger generation, right?

They can't avoid each other for their own reasons.

After asking the school about the hospital Fu Yunche went to, they set off.

Child Su Lin excitedly followed Su Nan to the hospital.

in the car.

Su Nan repeatedly instructed: "We'll take a look and come back, we can't stay in the hospital for too long."

Su Lin nodded his head:

“Don’t worry auntie, you won’t meet Fu Yunche’s daddy, you won’t be so unlucky. .”

He looked at her with clear eyes.

However, Su Nan was stunned and blinked: “What do you know?”

Su Lin pursed her lips and raised her chin slightly:

“Daddy told me to watch my aunt well when I’m outside, and I can’t let others. I’ve asked my daddy to be close to my aunt, especially the people from the Fu family, and I can’t do anything other than Fu

Yunche!” Su Nan pursed her lips and couldn’t help but glance at Su Lin a few more times.

At a young age, but the words he said had a bit of Su Jin’s taste.

She couldn’t help but feel a little envious, the elder brother’s son was so sensible.

But she said that the children had been spoiled by Shang Qian and dared to drop the computer in the conference room...

She enviously touched Su Lin’s tender and tender face, and sighed:

“Be good, Auntie didn’t hurt you in vain!”

“Auntie, can you promise me something?”

“Tell me.”

Su Lin wrapped her little fingers around her and lowered her head to discuss with her:

“I want to stay with her in the hospital. With Fu Yunche.”

Su Nan smiled: “No way.”

Su Lin: “...” The

emotion is only temporary, and the emotions need to be more rational.

Chang Li, who was driving in front, twitched at the corners of his mouth.

to the hospital.

Su Nan called the dean in advance.

The dean happily informed the location.

She pulled Su Lin directly to the elevator.

The elevator went to the sixteenth floor.

There are fewer people on the VIP floor, and more doctors come and go than patients.

As soon as she came out, she saw what Fu Yechuan and Chen Mian were saying with their backs to them.

The light in the emergency room was dim, indicating that the rescue had been completed.

Isn't it badly hurt?

Su Lin took her hand and wanted to go in and see the details.

But Su Nan didn't want to be seen by others, so he pointed to the stairway beside him:

"I'll wait for you there, you only have five minutes to find me after you read it!"

Su Lin nodded and ran away in a hurry.

No one can notice a small child.

Su Nan entered the stairwell at the corner, but unexpectedly could hear the conversation over there clearly.

Chen Mian seemed to be talking on the phone, hung up the phone with a serious look, and said to Fu Yechuan,

"President Lin was originally in Beijing for a meeting. Hearing the news, he is rushing over. Please be merciful to Mr. Fu."
