“The corneas are not donated to you alone,” Dongfang Yunzai explained to Fang Xiao “One cornea can be used for three eyes, and a pair of corneas can be used for six eyes. So, you only account for one-sixth of it. “

“But... does she know that I will account for one-sixth of it?” Fang Xiao still shook her head. She did not want to take advantage of her. Moreover, Gu Chenchen only had corneas, so she did not want them.

“She... “She should know, right?” Dongfang Yunzai carefully said, “We feel that this is an opportunity. My brother is afraid that you won’t accept it, so he doesn’t dare to tell you. Let me tell you. Actually, it’s just a corneas. The most important thing is.. “...”

“I’m sorry. I don’t want to use her corneas. I’ll leave them for those who need them more.” Fang Xiao quickly interrupted Dongfang Yunzai’s words. Then, she turned around and walked toward the hospital’s main entrance.

Although she knew that corneas were nothing and that it was only one-sixth of what she needed, she still felt that if she were to replace Gu Chenchen’s corneas, then every day from now on, when she looked at Dongfang Yunheng.. Gu Chenchen was looking at Dongfang Yunheng in her eyes.

Although she knew that this was nothing and that Gu Chenchen no longer existed, she still could not accept it in her heart. She thought that Dongfang Yunheng could not accept it either, so she asked Dongfang Yunheng to come and tell her.

Dongfang Yunzai looked at Fang Xiao’s retreating figure and shrugged. He turned around somewhat helplessly and happened to see Dongfang Yunheng walking over from the corridor.

“Alright, you’re really right. She doesn’t want Gu Chenchen’s corneas.” Dongfang Yunzai smiled bitterly and said, “I’m really convinced by the two of you. If you don’t want it, she doesn’t want it either. You’re really a husband and wife. A pair of rotten wood husband and wife. I’ll see when you can help her find a suitable corneas. “

“rotten wood is rotten wood,” Dongfang Yunheng said without caring at all. Then, he said sarcastically, “Do you think that everyone is like you and not rotten wood at all? That’s why you’re very open-minded. As long as it’s a young and beautiful girl, you won’t reject anyone... “

“Alright, alright, alright. In the future, don’t come to me for your matters.” Dongfang Yunzai’s expression immediately changed. He turned around and walked out of the door.

Honestly, in order to get Gu Chenchen to donate the corneas, he had put in a lot of effort and put in a lot of good words. In the end, it was not easy for Gu Chenchen’s mother to finally nod her head and agree to donate the corneas.

However, in the end, his efforts were futile. Dongfang Yunheng did not accept it, and Fang Xiao did not appreciate it. Instead, Dongfang Yunheng took the opportunity to scold him. He would never pay attention to this rotten wood couple in the future.

Let them rot like this for the rest of their lives, he thought angrily. He did not even want to return to one inch ink city. He drove straight to the airport. He should go back to Singapore.

Gu Chenchen passed away the next afternoon. It was said that in the end, she donated her corneas, allowing the three people who had lost their sight due to the injury to their corneas to see again.

However, Fang Xiao was not in that one-sixth of the world. She still wore her glasses and still saw the world with one eye. She did not think that there was anything wrong with this. It was not like she could not see.

Of course, using one eye to see the world would definitely be a regret. However, Dongfang Yunheng had said that he had already searched the entire world for people to donate their corneas. If there was a chance, he would definitely make her left eye see again.

However, Fang Xiao felt that it was not that important to regain her sight. What was important was that she and Dongfang Yunheng had finally come together after a long detour.

What was important was that from now on, she would have someone to accompany her in her life. There would be someone to care for. There would be someone who needed her love and care. There would also be someone who needed her care. ...

She would always hold her hand and stand shoulder to shoulder with her. From now on, they would be at the ends of the Earth, forever following each other. They would never be separated again. ... ..
