

## **Divorce 2071**

### **Chapter 2071**

does not admit that

Fu Yechuan's eyes are indifferent, and his voice is also inhuman:

"Why, he doesn't know anything about the good things his sister has done?"

When Lin Chu approached him before Mingming, several times All mentioned Ringo's behest.

If not, how could he tolerate so many times.

It's just that this woman is much more ruthless than she thought!

Chen Mian pursed her lips: "The police have already brought them for questioning, and the surveillance video and witnesses are all available. It's easy to convict, but Lin Chu refuses to admit that it was her own intention."

"It doesn't matter if she doesn't admit it, it doesn't affect the conviction. That's fine."

Fu Yechuan said coldly.

Chen Mian was silent, it seemed that Fu Yechuan was determined to settle accounts.

Right.

No matter what, Fu Yunche was also Fu Yechuan's son. He was injured in Lin Chu's hands. Could he just ignore it?

next second.

He suddenly paused, "Where's Lu Yuning?"

Chen Mian looked around: "I was too anxious just now, I didn't pay attention, maybe I was left at school.

I checked her origin, and it was indeed from a small town. , the name and identity are correct, she is here to find her brother, if it hadn't met Master Fu Yan Ni, I would have been deceived..."

Fu Yechuan frowned, his face was cold:

"Staring at her "

Yes."

Fu Yechuan pursed his lips, always feeling that something was wrong with this Lu Yuning.

But can't tell.

"Hey, whose child are you, why did you come here?"

Perhaps Su Lin sneaked in to see that Fu Yunche was discovered by the doctor.

When he brought it out, Fu Yechuan glanced at it and was stunned.

How could he not recognize the child of Su Jin's family?

Fu Yechuan squinted his eyes and walked over:

"Su Lin?"

At a young age, Su Lin already looked a bit like Su Jin, and her temperament was more like that of Su Lin.

Even if they were discovered, they said hello frankly:

"Hello Uncle Fu, I came to see Yun Che because I was really worried about Yun Che's injury. I'm relieved to see that he's all right. Goodbye."

Fu Yechuan frowned and glanced at him. Chen Mian:

"Send him back."

"No need, Uncle Fu, my driver is waiting below."

With that, he walked towards the stairwell under the eyes of Fu Yechuan and Chen Mian.

Then, I saw Su Nan.

The atmosphere was stagnant for a while.

It was Chen Mian who broke the silence and walked over with a smile:

"Miss Su is also here, thank you for your concern, Master Fu just suffered a little skin trauma. When he fell, his back rubbed the zipper and his legs were slightly injured. There is no danger to her life."

Su Nan nodded and smiled politely:

"Su Lin is worried about the injury of her classmates, so she has to come over to take a look. Now that we have finished reading, we will not disturb, I hope children Get well soon."

After saying that, he greeted Su Lin to leave.

Just about to go.

Fu Yechuan couldn't help but take a step forward:

"Su Nan."

"What else?"

"I'll take you off."

"Don't bother."

Su Nan twitched the corners of his mouth perfunctorily. Isn't it the most important thing to take good care of his son at this time?

Fu Yechuan paused and said in a gentle tone:

“I know Sun Tan’s death has nothing to do with you, it took less than five minutes for you to go in and out, and Sun Tan committed suicide by jumping off the building after you left. There were signs of fighting in the house at that time, so it was definitely not you. , I can testify for you.”

Su Nan was silent for a moment, and looked at him indifferently:

“Thank you for your attention, but the surveillance in the hospital is enough to clear my suspicions, I just cooperated with routine inquiries and was not listed. For a criminal suspect.” The atmosphere was deadlocked for a moment.

Chen Mian couldn’t help interrupting the two of them:

“Miss Su misunderstood, Mr. Fu meant that if you need help, please feel free to speak up. After all, we were on the same floor that night, and we caught the murderer earlier, so we can rest assured. .”

Su Nan nodded, looking much better.

She left with Su Lin’s children, firmly rejecting Fu Yechuan’s kindness to send them.

Soon.

Ringo rushed over in a hurry.

“Mr. Fu, I’m sorry, I didn’t know that Chu Chu had done so many wrong things.”

Fu Yunche was out of danger, and the rest was observation and recuperation.

Fu Yechuan originally planned to leave, but Ringo blocked it again.

He frowned slightly. It was undeniable that Ringo was a very capable person. Otherwise, he would not have supported his cause so strongly.

Ringo’s Juli Group has also brought a lot of returns to the Fu Group.

But that doesn’t mean Ringo can truly be on an equal footing with him.

Seeing his anxious look, Fu Yechuan’s expression was cold and he was about to go out:

“Tell the lawyer and the police about the rest. I’m very busy.” A

bit of anxiety flashed on Ringo’s face, and he hurried over to stop him:

“Mr. Fu, I’ll just say a few words, Lin Chu is my sister, I dote on her more.

Although I don’t know what she did, I have a responsibility. Can you not really sue her for the sake of everyone having known each other for so long.

She is a lawyer, and her dream is to be a lawyer A very successful lawyer, if she leaves behind a case, her life will be ruined.”

Fu Yechuan gave him a cold look, his tone indifferent:

“Since you are a lawyer and can still do things that hurt people’s lives, then let him Let her justify herself.

There should be as few lawyers as possible, otherwise, wouldn't other innocent people be unlucky?"

His words contained an inhumane chill.

Ringo heard it and understood it.

He would not let Lin Chu go.

He really hated that iron could not become steel, and complex feelings ran through his heart.

Even if Fu Yechuan doesn't like this son, no one can move Fu Yechuan's son.

Ringo lowered his voice and pleaded:

"Mr. Fu, just treat it as I beg you. Let my sister go this time. I will definitely ask her to apologize to Master Fu and you."

Fu Yechuan looked at him coldly. Squinting: "Ringo, why do you

think I will give your sister a high opinion? Make her feel that she is worthy of the Fu family? Run to me one after another and jump around?

Self-knowledge will not come to this day."

Fu Yechuan's words did not leave any sympathy, but they were true.

Chen Mian looked over there, without interrupting a word.

Ringo paused, his face was slightly embarrassed, but he quickly reacted:

"When did I let her get close to you? I told her to stay away from you from the beginning. Of course I know that the Fu family is not a high-ranking person. , If I wanted to marry her to a wealthy family, I wouldn't spend so much effort on cultivating her dreams and career!"

Fu Yechuan said nothing, glanced at him, raised his feet and left.

Ringo wanted to catch up, but was stopped by Chen Mian.

"Mr. Lin, maybe you should ask Miss Lin what she did. After all, if you can do something to a child, Mr. Fu didn't take action in person. He is already thinking of your face."

Ringo was stunned for a moment, then slightly He frowned:

"Is Master Fu okay?"

## **Chapter 2072**

You have to be obedient

Chen Mian: "Although you are out of danger now, it is not a joke to fall from such a high place."

Chen Mian gave him a light look: "For the sake of Hello Juli Group, don't go to President Fu to beg you again."

He said that.

Not long after Ringo left, Lu Yuning hurried over.

Chen Mian glanced at her dissatisfiedly:

“Why did you come here?”

Lu Yuning paused, then explained harmlessly and simply:

“I’m afraid I wronged Miss Lin, so I went to the surveillance camera, is the young master alright?”

Chen Mian twisted Mei: “It’s okay, you stay here to take care of the young master, I’m going to the police station.”

“Yes.” As soon as

Chen Mian left, Lu Yuning’s expression slowly faded harmlessly, and took a deep look at the one he left. direction, before pushing open the door of the ward.

Fu Yunche’s face was pale, and there was a gauze around his head, looking pitiful.

He lay there, completely unaware of the people who came in.

Lu Yuning walked over and sat down, looking at the child on the bed with complicated eyes.

She reached out and placed her hand on the gauze on his forehead.

Soon, Fu Yunche suddenly opened his eyes.

The moment he saw Lu Yuning, his clear eyes suddenly filled with panic and helplessness.

The whole person’s small body curled up hard, trying to subconsciously stay away from Lu Yuning.

But Lu Yuning restrained his smile at that moment.

The hand she had placed on his forehead suddenly gained strength, not sure if it touched his wound.

In an instant.

Her expression subsided, and her eyes looked at him gloomily:

“Yun Che, you have to be obedient, that annoying aunt will never appear in front of you again, and this is all your credit.”

Fu Yunche’s eyes gradually accumulated Many tears, but stubbornly widened his eyes and refused to fall.

Lu Yuning hooked her lips to herself, and her eyebrows flashed a bit fiercely:

“In the future, don’t wag your tail in front of that Su Nan, don’t think I don’t know, she stole your daddy’s heart, still think Steal you, if I can see you talking to her in private again...”

She paused, her eyes darkened, she approached his terrified face, and said word by word,

“I will take you If you are locked in that dark room again, no one will find you.”

Wen Yan.

Fu Yunche shuddered as if he had heard something extremely frightening.

He sat up with his arms in his arms, panicked and frightened.

He opened his mouth wide, trying to speak, but he could only breathe silently.

There was a bit of disgust in Lu Yuning's eyes, and he grabbed his clothes:

"Speak, if you want to cry, cry, no one stops you, but if you shut you up once, you start to pretend to be dumb, I don't believe it's good Did you do that on purpose?"

Fu Yunche's little person was played with like a toy by her, and even the cuteness of the past was gone, like a frightened puppet, his face was full of panic.

It's a pity that her grievances and anger were not answered at all.

Seeing the face that looked exactly like Fu Yechuan, tears gradually overflowed. He didn't struggle or resist, he just held back...

Gradually.

Lu Yuning's resentment slowly dissipated.

She took a deep breath, sat down again, her throat moved, and her eyes touched Fu Yunche's little face with complex and guilt:

"I'm sorry, Yun Che, Mummy didn't do it on purpose, Mummy was just too worried that you wouldn't be rejected by your father. I like it.

If Daddy doesn't like you, how can Mummy stay and take care of you?

Mummy wants to live with you and Daddy, and if you persist, Mummy can be with you forever."

She was gentle He smiled and reached out to embrace the trembling Fu Yunche in his arms.

police station.

Lin Chu had been in there for almost a day. The police and Fu Yechuan's lawyer cooperated very well, giving her almost no room to breathe.

She is also a lawyer herself, with rich theoretical experience, but little practical experience.

Compared with Fu Yechuan's lawyers, he is simply a weak chicken just entering the society.

From the stalemate at the beginning, to the theory behind, she slowly began to wonder if she had really loosened the safety rope for Fu Yunche on purpose?

finally.

Ringo is here.

Lin Chu was haggard and cried when he saw Ringo.

“Brother...”

Ringo gave her a helpless look, and sat there, looking at her quietly, without opening his mouth.

The silence made Lin Chu even more uneasy.

“Brother, you have a very good relationship with Fu Yechuan. Please explain for me that I really didn’t do anything to Fu Yunche. I obviously fastened the safety rope on his body. It’s really an accident!”

Lin Chu choked out.

She said these words many times, but no one believed her.

The surveillance video showed that she was tying the safety rope to Fu Yunche with her back to the direction of the surveillance.

And in front of everyone, he encouraged a child to break his upper limit.

Either way, it makes people believe that her maliciousness exists.

What’s more, her intention for Fu Yechuan was Sima Zhao’s heart, and everyone knew it.

Ringo frowned and looked at her:

“I said long ago, don’t think about people you shouldn’t care about, why are you approaching him, your future will be ruined, you know?”

Lin Chu covered himself all of a sudden His face began to choked up.

How could she think of today?

“Brother, if I want to do it, how can I be in front of everyone’s eyes? How can I be so stupid, it’s clearly the quality of the safety rope!”

Ringo frowned, full of disappointment at her:

“It has been tested. Now, the safety rope is fine, it’s just not fastened. Before, you were the only one who had contact with the safety rope.

Chuchu, if Fu Yechuan doesn’t like that child again, that’s his son, he won’t leave it alone, this time you It really caused a lot of trouble.”

Lin Chu’s tears burst out:

“I really don’t know, brother, help me...”

Ringo closed his eyes, he didn’t expect My own sister would be so stupid.

In Fu Yechuan’s heart, besides being able to tolerate the existence of that woman, who else would he tolerate?

He opened his eyes, “Then tell me, who asked you to use your brains on him? You have no relationship with Fu Yechuan. Who created so many opportunities for you and found Master Fu’s school?”

Lin Chu paused, “It’s Fu Yechuan’s younger sister, Fu Yingying.”

She rolled her eyes and said immediately,

“Brother, maybe it was Fu Yingying who wanted to kill Fu Yunche?”

“What nonsense are you talking about?”

Ringo was shocked.

Lin Chu gritted her teeth, clenched her fists nervously, and said in a low voice,

“It’s true, Fu Yingying resented President Fu for forcing her to abandon the child, and she has always held a grudge. The

reason why you gave me the opportunity to get close to Fu Yunche, It’s because I discovered her secret before!

On the day of Mr. Fu’s funeral, she set the fire, she wanted to burn Fu Yunche to death, and I discovered

### **Chapter 2073**

The transaction has been established

for a long time.

Ringo’s face was shocked, and he couldn’t calm down for a long time.

Ringo’s voice was dry and hoarse:

“So, you just let her do it and watch her set on fire, right?”

Lin Chu was startled and shook his head subconsciously:

“I...I want to save, but Su Nan has already rushed in, yes, what I want to save is just one step too late!”

Ringo looked at his sister with complicated eyes.

Is she still the proud and confident Lin Chu?

When she spoke, her eyes dodged, she was lying, she was guilty.

Thinking of this, Ringo’s head seemed to be covered with haze, and he only felt a chill in his heart.

If it is Lin Chu’s own reason, perhaps this matter is relatively simple.

But she had no idea what to do with Fu Yingying.

Fu Yechuan would never open up to Lin Chu because he wanted to cover up Fu Yingying.

He paused, looked at her for a full minute, then stood up and turned to leave.

“Brother, will you help me?”

Ringo paused, he didn’t speak, and went out.

He also wanted to help, but it would depend on whether Fu Yechuan would raise his hand.

This thing lasted less than three days.

Not knowing how Ringo begged Fu Yechuan, Lin Chu was released.

But he was sent abroad by Ringo and can never come back here.

Although Lin Chu was reluctant at first, Ringo's attitude was helpless.

Moreover, Fu Yechuan's lawyer asked her to sign a document acknowledging that Fu Yunche was injured, and Fu Yechuan always reserved the right to prosecute.

Lin Chu is a law student, and she is very aware of the validity of this document.

This is equivalent to holding a big handle in someone else's hand.

If he is unhappy, he can stab it out and make his future doomed.

But there is no choice.

Ringo's ability to achieve this result has already given up a lot of benefits.

Transaction established.

...

Su Group.

Su Nan just finished the meeting and planned to start a video with the children.

Yu Lou pushed open the door and came in, "Mr. Su, someone wants to see you, it's Ge Zheng."

Su Nan narrowed his eyes: "No."

"He brought a document that was signed before Sun Tan died, he said. I am willing to continue to fulfill the contents of the document."

He paused.

Su Nan frowned and thought for a few seconds, "Let him come in."

How could Ge Zheng suddenly change his mind?

Although Meng Shuang is now a notorious mistress on the Internet, her career has been in a stagnant period, and in fact it has little effect on her.

Mixing these two dogs with men and women, I really can't think of any bad tricks to hold back.

Lin Shen stayed in the corner of the office, usually like an invisible person.

Shang Qian was extraordinarily tolerant of his existence.

In his eyes, there was no room for other men to covet Su Nan, but Lin Shen would not covet them. In his eyes, there were only those who could kill and those who couldn't.

Ge Zheng came in, licking his face and smiling.

“Miss Su...”

Seeing Lin Shen standing gloomily behind her, her aura was gloomy and cold, as if she could instantly press him to the ground.

Ge Zheng paused for a moment, and his aura dropped by half in an instant.

“Miss Su, I’m here to find you.”

He licked his lips and went straight to the subject.

He took out the document and handed it over carefully.

“I agree with this document. I have long wanted to cooperate with Miss Su.”

Su Nan glanced at her, expressionless.

“President Ge, why did you suddenly change your mind?”

“What does it mean to change your mind? I have always admired Miss Su, this time...”

He paused, his face paled slightly: “Meng Shuang and I have caused you trouble. Actually, I have no feelings for that woman, but she is pregnant with my child, so I can’t just sit back and watch.”

Su Nan raised his eyes: “So you killed Sun Tan?”

” stiff.

He widened his eyes in shock.

“I...I didn’t, how could I kill someone? Didn’t you kill Sun Tan?”

Su Nan’s expression sank, and he looked at him with complicated eyes.

Lin Shen, who was behind him, took a step forward and inadvertently put his hand on his waist.

Ge Zheng’s eyes shrank instantly, and his frightened lips turned white.

The thing attached to his waist, the shape, made his legs go soft when he saw it.

He swallowed his saliva, and with all his strength, he calmed himself down and slapped himself twice:

“It’s my blunder, Miss Su, Sun Tan is my wife anyway. Even if I don’t have a conscience, I won’t kill me. From school to now, we have lost love and family...”

“Okay, Mr. Ge, who asked you to come?”

Su Nan asked bluntly.

“Meng Shuang, Meng Shuang said that she had an encounter with Miss Su before. Please don’t confront you. If there is anything wrong with me before, please ask Miss Su not to remember the villain.”

Ge Zheng was frank and trembling. stand there and tell the truth.

It’s just that Su Nan didn’t care.

She glanced at the document and hooked her lower lip:

“Since President Ge is willing to continue to perform the contract, I will ask a lawyer to follow up. When the time comes, including the property you have already transferred, it will be re-liquidated. President Ge, is there any problem?”

Ge Zheng was stunned for a while.

Then he pulled the corner of his mouth: “No, no problem.”

He didn’t expect that Su Nan even knew the property he had transferred out.

Then it means that Sun Tan is also clear.

Now that I think about it, Sun Tan’s death seems to be beneficial to him.

He was still a little sad in the days after she died.

Now, only fortunate.

Glad she died.

Su Nan glanced at Yu Lou, and Yu Lou asked him to leave.

Meng Shuang asked Ge Zheng to show her favor, why?

Su Nan was puzzled.

evening.

Shang Qian sent a message saying that he had an entertainment at night and might have to go home later.

Su Nan was very satisfied with his self-reporting behavior, so he generously let him play.

Sun Tan’s death has always been a little difficult for Su Nan, so she is not in the mood to hang out these days.

She simply went back to the old house to find out about the children.

It is said that the children simply let themselves go in the old house, wearing the same fisherman hat of Su Yifeng, they have to go into the water to fish.

Everyone knows that Su Yifeng likes fishing.

But in order to talk about the safety of the children, he not only stopped fishing, but also filled in the fountain pool in front of him and changed it into a small landscape fountain.

The shallow water just didn’t talk about the child’s calf, and there were a few big fat fish in it.

It is said that the child is catching fish every day, but the fish is much faster than her, and the chance of catching it is small.

Su Yifeng moved the rocking chair to the vicinity, looked at it cheerfully, and fluttered immediately.

Su Nan came back and parked the car and watched this scene.

She walked over with a smile and said that when the child saw Mommy coming, she happily climbed up with a big fish and wanted to stuff it into Su Nan's arms.

Su Nan fled in horror.

The housekeeper uncle laughed in the back.

Su Nan: "..."

## **Chapter 2074**

Aesthetic Inner Volume

Su Nan avoided talking about children, as if he had escaped a catastrophe.

Talking about the child's awareness that he was not at all disgusted, the big fish that was still fluttering in his arms swung his tail, and water beads were thrown everywhere.

She grinned and grinned happily.

Su Nan couldn't help laughing, and took out her phone to take a photo of her.

"Let's talk about the child's strength!"

"Mummy hugs..."

"Mummy doesn't hug, you can hug yourself!"

After Su Nan finished speaking, she said that the child was pouting and was unhappy. Holding the big fish, turn around and leave.

He hummed before leaving.

Su Nan looked at her in shock: "Who did she learn from?"

Su Yifeng glanced at her, "You don't even think about who is at home during this time?" Su

Nan paused, "Third brother?"

Much like the temper of the third brother.

Talk about the child getting back into the water, let go of the fish, go catch another fish, and enjoy playing with it again and again.

Several fishes were almost exhausted by her playing.

Seeing that it was almost time, the housekeeper called for someone to cook.

Su Nan said that Shang Qian was eating outside, so he didn't need to stay, he was waiting for dinner.

In the evening, I said that the children were tired from playing, put on their clothes, and started a new round of games.

Su Nan looked at the crown on her head and looked familiar, golden and textured.

She squinted her eyes:

“Dad, this crown is a bit like...”

What is it like?

She hadn't thought about it yet.

Su Yifeng raised his head and said casually:

“Oh, tell me that on the news, I saw that the hairpin that the Queen of Y country was wearing was very beautiful, so I asked someone to make an identical one with gold, and the pearls on it are still you put in the safe. The necklace was taken off, isn't it beautiful?”

He raised his head arrogantly and raised his eyebrows.

Su Nan was silent: “...” Said that the

child seemed to know that he was complimenting her crown, shaking the little one His head ran to Mummy's, leaned closer, and imitated Su Yifeng's tone:

“Bao Niu? Su Nan looked at Su Yifeng reluctantly: “

Isn't it heavy...”

And it's just a toy, she will get tired of it in a few days, even using gold? She even dismantled her pearl necklace.

She really has nothing to say, she has been distressed for her pearl necklace more than once. Of course, she is more distressed!

Saying that a child has his own baby at such a young age, and Su Yifeng is so fond of it, it is no wonder that she always wants to come back.

Su Yifeng is satisfied I looked at the child and said,

“It's not heavy or heavy, you're used to wearing it, I also prepared a few gold beads necklace for her, it's very beautiful.

Girls have to dress up when they go out, otherwise they will look too monotonous.

Look at the old man of the Li family, he brings his granddaughter out all day to show off, and his granddaughter is dressed up every day.

His granddaughter wears pearls, we will wear gold.

If they wear gold, we wear diamonds! “

Su Nan's heart trembled a little.

Talking about how old the child is, you started to roll in?

How strange is the competition between the old men?

“Dad, the granddaughters of Uncle Li’s family are all eight or nine years old. Of course, they have to dress appropriately for social events. How old are we?”

Su Nan silently raised his forehead.

Su Yifeng glared at her in disgust:

“Aesthetics should start from a doll. When you were young, I dressed you up beautifully every day. It’s your turn to make do with it?”

He snorted dissatisfiedly. .

Su Yifeng stood up, hugged the little boy and left:

“Come, let’s talk about the little baby, grandpa will take you for a walk Su Xiaohu.”

Su

Nan reluctantly sat on the sofa eating bird’s nest, just when the phone came information.

Shang Qian: “They plan to stay overnight, do you want to come pick me up?”

Su Nan understood in an instant that he needed an excuse to leave the occasion.

Coincidentally.

Su Qi walked in with the car keys, and hummed a song in a good mood.

Su Nan raised his eyebrows: “Third brother, why have you been staying here these days?”

Su Qi glanced at her: “I know that the crew is closed, so she has to stay there for half a month.”

Su Nan smiled He smiled, “Just in time, you go buy some snacks near the crew and send them to Zhi?”

Su Qi glanced at her inexplicably.

Will she be so positive?

Really rare.

Su Nan wiped his mouth and said with a smile:

“By the way, go to the ‘Green Club’ and help me bring Shang Qian back.”

Su Qi looked at her in shock, dare she play this idea?

“Did you make a mistake?”

Ask him to pick up his brother-in-law?

Didn’t you lose your teeth when it was spread out?

Su Nan blinked and took out his mobile phone:

“Then I told Zhizhi that you don’t want to give her snacks.”

“Don’t—”

Su Qi looked at her through gritted teeth.

Although the two places are not far away, Su Qi really wanted to be angry for no reason.

Is this your own sister?

It’s not that Su Nan doesn’t want to go, but that she can let Su Qi go for her. Isn’t it easier for her?

When he comes, they will go home together.

Su Qi could only accept his fate and was ordered to go.

However, he deliberately ordered a late-night snack from a private chef with excellent taste. After spending some time, he sent it to Zhi first, and then he went to the “Green Club” in a hurry.

The people over there naturally knew him, and they knew which box Shang Qian was in as soon as they inquired.

Shang Qian couldn’t stand the enthusiasm of others, so he took a few drinks.

But he knew something in his heart. Although he was seven or eight points drunk on the surface, he was very sober in his heart.

This game has been made an appointment for a long time, and several foreign bigwigs have come, and they can’t be pushed away.

Watching time pass by.

He became more and more anxious. Su Nan said he was going to pick him up, why didn’t he move at all?

He was still a little worried, did something happen on the way?

But no, she has her own people by her side, and if something goes wrong, she will definitely notify him as soon as possible.

Everyone shifted their positions from the wine table to the mahjong table.

The business is almost over, and then the atmosphere is much simpler.

Pure chat.

Shang Qian looked at his phone from time to time, and a man opposite couldn’t help teasing him:

“Isn’t Shang always a little absent-minded, it’s only what time, and you want to go home?”

Shang Qian chuckled twice: “Assistant When he said he was going to send an important document, I’ll take a look.”

“Since Mr. Shang has settled in country Z, he has become a lot more low-key. Usually you never have to make excuses!”

Shang Qian smiled and did not continue to defend.

Immediately.

Shang Qian's cell phone rang.

is an unfamiliar number.

"Come out, I'm here."

At first glance, this tone was Su Nan's.

Just when did she change her number?

Before Shang Qian could think about it, he pushed down the card in front of him:

"Sorry, my wife urged me to go back quickly. My daughter couldn't sleep without seeing me, and now she's at the door."

Several other people looked at him in shock. ....

## **Chapter 2075**

### The Way of Apologizing

Although Shang Qian said this, the corners of his mouth couldn't help but rise, his eyes were bright, and he didn't feel the discomfort of being restrained at all.

It seems, with a bit of show and pride.

One of my familiar friends stood up and said,

"It just so happens that Miss Su is also very famous in City A. We should come visit, why don't we go out and say hello?"

"That's right, Mr. Shang, let's go out with your wife. Say hello, don't you mind?"

Looking at everyone's enthusiasm, Shang Qian raised his eyebrows:

"Of course I don't mind!"

He took his clothes and led a few people behind him, and walked out mightily.

Just got to the lobby downstairs.

I didn't see Su Nan's figure, but Su Qi stood there tall and slender, asking the waiter about the latest gossip.

Shang Qian paused and swept his eyes, why was there no Su Nan figure?

He wanted to go out past Su Qi.

But Su Qi beckoned to him:

"Brother-in-law, my sister asked me to pick you up, shall we go?"

He swaggered over, nodded to the person behind, and put one hand on Shang Qian's shoulder.

Shang Qian froze all over.

Frowning, he took a deep look at Su Qi.

Everyone stood behind in astonishment.

Su Qi blinked inexplicably and looked at him:

"Why, are you still not happy that I came to pick you up? My sister asked me to come, you know, I have no room to resist."

He spread his hands, also expressing helplessness.

Shang Qian's face gradually stiffened.

There seems to be a bit of grievance.

The following people hurriedly stepped forward to help Shang Qian save face:

"Hey, Miss Su is too busy, shall we meet next time?"

"That's right, I didn't prepare a meeting ceremony today, so it's not abrupt!"

... .

Others can watch jokes, but Shang Qian's jokes must not be watched.

Su Qi couldn't help smiling, and said hello to the people behind:

"Then I'll take my brother-in-law away, everyone, goodbye."

He took Shang Qian's shoulder and left.

Sitting in Su Qi's convertible sports car, Shang Qian was so depressed that he had no interest at all.

Seeing that he didn't say a word, Su Qi supported his forehead:

"Brother-in-law, you haven't been drinking too much, have you?"

Shang Qian whispered: "Fortunately, trouble third brother."

Su Qi raised his eyebrows: "Small meaning, anyway. By the way, I don't run errands for my sister once or twice, you're welcome, if it's inconvenient for you in the future, just call me directly..."

Su Qi babbled along the way, and finally arrived Su's house.

Shang Qian pushed the door and got out of the car without saying a word.

Su's house was brightly lit.

Su Nan made a mask and sat on the sofa watching the news.

Talking about the children jumping up and down with Su Yifeng, seeing Shang Qian coming in, he simply dropped Su Yifeng and ran towards Shang Qian.

“Daddy—” The

little nurse’s voice was soft, making Shang Qian’s gloom just now swept away.

He squatted down and picked up the little boy talking, and gave him a light kiss:

“Said talk is so good!”

Talking about the children happily hugging Daddy’s neck and not letting go, don’t be too enthusiastic!

Su Nan heard the movement, tore off the mask, stood up and ran over, reaching out to hug him:

“Husband, you’re back...”

Finally.

Shang Qian’s expressionless face softened a lot.

He glanced at her, put his arms around her waist, and said in a low voice, “Go back and settle the bill with you.”

Su Nan: “...”

It was Su Qi who sent her a message in advance that she knew she was inadvertently provoked him.

The housekeeper uncle served a bowl of sober soup.

Shang Qian lived up to his good intentions and sat there after drinking before leaving.

They didn’t stay long, and Chang Li sent them back to the apartment.

Talking about the children, since they can express their preferences independently, they can run and dance, and they can hardly control her.

However, in Shang Qian’s arms, he was still a little obedient.

She struggled to get to Su Nan, but this energy was not usually active, and when Shang Qian forced her back, she wanted to go to another place.

Su Nan smiled and pinched her cheek, tsk tsk twice:

“Are you happy?”

Talking about the child’s grin, she was very happy at first sight.

Shang Qian glanced at her, coughed, and was about to say something.

Su Nan immediately moved over, leaned against him tightly, and said with a smile:

“I plan to go today, but I can’t talk about it, but I’m reluctant to leave her, so you won’t blame me, right?”

Shang Qian glanced at her and snorted: “No.”

Su Nan: “That’s good.”

But Su Nan was still too complacent.

What the man said was completely unbelievable.

Before returning home, he said that the child's energy was exhausted, and he fell asleep in Shang Qian's arms.

Su Nan watched him get out of the car cautiously, for fear of disturbing her precious daughter, she smiled and walked quickly to the front to open the door.

Aunt Zhao had already rested, and Shang Qian put the talking child in the next room.

Su Nan watched him clean up the quilt with confidence, and went to the kitchen to pour water by himself.

After drinking, she also poured a cup for Shang Qian.

I'm so kind to myself.

She went to the bedroom with warm water, but as soon as she opened the door, she saw Shang Qian standing at the door, planning to come out.

The neckline is slightly open, the Adam's apple is protruding, and Shang Qian, who is warm under the light, is a little cold, looking down at her.

Su Nan smiled and handed over the water:

"Are you still angry?"

Shang Qian gave her a deep look, and loosened his neckline:

"What do you think?"

He drank the water, his other hand tightened. He wrapped his arms around her waist tightly and took it to himself.

Then he lowered his head, and his lips with drops of water pressed down.

Su Nan had nowhere to hide, so he could only go up to him.

Shang Qian, who wanted to show off his wife, but was brushed off by his wife, finally found an outlet and entangled her lips.

Confused, Su Nan looked at his sexy collarbone looming, and his shirt was still on his body.

But his clothes were already messy and crumbling.

She wanted to win and lose, and she was a little unwilling for a while, why her clothes fell in a mess.

She simply ripped his shirt off...

but the action was so rough that the buttons fell off.

Shang Qian froze for a moment, paused, and looked at her deeply.

The atmosphere was a little awkward for a while.

Su Nan murmured to make an excuse for himself:

“The quality of this clothes is not good, why does it fall off when you touch it? Isn't this touching porcelain?”

Shang Qian's eyes couldn't help but be stained with a smile, with a shallow look. dark light.

Then the action softened... The

moonlight fell on the ground and cast on the window, all of which were gentle colors.

It's just that Su Nan never dreamed of it.

By the next day.

An unexpected thing happened.

Ge Zheng is dead.

When Yu Lou called, Su Nan was still asleep.

The seat beside him was empty, and he said that the children climbed up in three or two strokes.

Throwing herself into Su Nan's arms and acting like a spoiled child, Su Nan woke up.

Looking at Jiaojiao softly talking about children, there is no gas to wake up.

## **Chapter 2076**

There must be something tricky

Su Nan kissed and talked about the children, then he took the phone and asked again in confusion:

“Assistant Yu, what are you talking about?”

Yu Lou said anxiously:

“Ge Ge He was dead, jumped off the building in the hotel, and the investigation found that before he died, he had only been to the Su Group and met you, but now it seems to be a little troublesome, Mr. Su.”

Su Nan woke up in an instant, and his eyes followed . sank.

“How could...” How could

someone as treacherous and greedy as Ge Zheng be willing to commit suicide?

Must have killed him!

But does his death have anything to do with Sun Tan's death?

Su Nan's mind was a little chaotic, and he always felt that there was a black hand behind him who was driving all this development.

It's like pushing everyone into the abyss.

Su Nan was not consciously trapped in it.

Yu Lou's voice came: "Mr. Su, the lawyer is ready, and we have already greeted the police, but the matter of Ge Zheng signing the contract privately with you was posted on the Internet, and everyone's reaction was very Strong, it may be detrimental to the Su Group."

Su Nan pursed his lips, reached out and touched the little boy's face, showing a smile:

"It's okay, let the public relations department refute the rumor first, it seems that the other party came with a purpose. Before Sun Tan's death almost depended on me, now Ge Zheng's death has something to do with me, I am a little curious, who is targeting me?"

Yu Lou said in a low voice:

"I am investigating, but there is no The clue is that the navy on the Internet doesn't know who bought it, I'll contact the platform first to reduce the heat?"

"Okay."

Su Nan hung up the phone, feeling a little heavy for a while.

Two lives at once.

Although she didn't feel anything about Ge Zheng's death, what Sun Tan said was a little hypocritical to her.

It's really impossible to be indifferent.

"Mommy, draw..."

Said the little boy who smiled and got into her arms.

Su Nan smiled, carried her down, and washed her face. When she felt that she was about to resist, she immediately wiped it off.

"Wow, let's talk about how beautiful the child is!"

Said the child couldn't help but compliment, and immediately smiled shyly.

Su Nan took her out, and the table was filled with breakfast.

Shang Qian rarely cooks, so he glanced at her and raised his eyebrows:

"So early?"

Somewhat unexpected.

Su Nan smiled, "We said that the children are going to be painters, we can't delay, come, Mommy will find you tools."

In order to consolidate the children's hobbies, the tools at home are very complete.

The piano has not been used, and the brush has not been unpacked.

But today, it seems to come in handy.

Tell me that the child solemnly picked up the paintbrush and painted three bugs.

Shang Qian glanced at it and couldn't help but praise:

"Let's say that children will be natural in the future. Look at this bug's eyes. It's really good at observing!"

Said the little boy who looked up at him with a smile and pointed to One of the big bugs:

"Daddy."

Shang Qian's face darkened.

She pointed to another big bug next to her: "Mommy."

And a small bug: "Baby."

It means her.

Su Nan's expression couldn't hold back.

"Abstract school, right?"

Shang Qian nodded with a sullen face: "Yes, let's eat first!"

He was afraid to read any more, and was not in the mood to eat.

Tell me that the child happily threw the paintbrush and started drinking milk.

Shang Qian added complementary food to her.

Su Nan paused before saying,

"Ge Zheng is dead."

Shang Qian stiffened and frowned, "The husband of the dead Sun Tan?"

Su Nan nodded.

Shang Qian fell silent, "It won't have anything to do with you, right?"

Su Nan curled his lips aggrievedly, blinked his eyes, and nodded:

"He came to see me before he died, and said he wanted to continue with me. Fulfill the contract, then go back and jump off the building.

Shang Qian, why am I so unlucky?"

She could feel that she had gotten into a lot of trouble unknowingly.

But it wasn't what she wanted.

This time, someone really died beside him.

That kind of danger seems to be able to rush out anytime, anywhere, leaving her unprepared.

She wants to prevent, but she doesn't know where to start?

Shang Qian pursed his lips silently.

Seeing that Su Nan was about to cry, he reached out and hugged her:

"It doesn't matter, I'm still here, it's just a coincidence, don't worry, it'll be alright."

Su Nan didn't pay much attention to his comfort, Just better than nothing.

She was only emotionally broken for a moment.

After that, be a strong self!

Shang Qian lowered his head and kissed her face, coaxing a few words.

Let talk about the children seeing it and poking at his own little face: "Kiss..."

Shang Qian covered her face with his big hands.

A smear of black before his eyes.

Two people went out at nine o'clock.

Shang Qian didn't let Su Nan go to work alone, he accompanied him to the company.

on the way.

Su Nan couldn't help but took out his phone and looked at it.

Indeed, his name is very high-profile hanging on the hot search.

"Su Nan is suspected of murder..."

"Su Nan is suspected of embezzling property..."

...

"No way, Goddess Su is so rich, do you need to take risks?"

"That's right, isn't that Ge Zheng a leather bag company? The total assets are less than a fraction of Goddess Su's worth, so do you need to occupy it?"

"I don't believe it, there must be something tricky.

" I can't stand it, the giants really are stepping on the legal red line."

...

Su Nan glanced.

Although it is basically controllable on the whole, the share price of Su Group is inevitably affected.

At this time, she couldn't hide.

Otherwise, it will be seen as guilty by others, and it will only fall again and again.

When I arrived at the Su Group, I went directly to the underground parking lot. There were security guards waiting there, and I avoided the reporters surrounding the door.

Just went upstairs.

I met Su Jin, who had just come after the morning meeting.

He pointed at Su Nan with a stern expression on his face, a little helpless:

“The whole Su family doesn’t have as much news as you!” It’s usually only men who get news.

As a result, the Su family was the exact opposite.

Su Jin’s leaves do not touch his body, and Su Qi, as a movie emperor, always gives people a feeling of being aloof and not blasphemous.

The two men who are most likely to have scandals, keep themselves clean.

As for Su Nan, breaking news occasionally pops up.

Su Nan smiled guiltily.

Shang Qian, who was behind him, came over with breakfast and handed it to Yu Lou:

“Give everyone a point and see who hasn’t had breakfast yet.”

Yu Lou nodded.

Su Jin glanced at Shang Qian, but didn’t say anything.

Shang Qian patted Su Nan’s head and smiled:

“Go to the office and stay, and I’ll go talk to my elder brother.”

Su Nan nodded.

She is obviously not doing anything now, but it is like being roasted on the fire.

The kind that’s almost burnt.

Shang Qian knocked on the door and went in. Su Jin was not surprised that he was the one who came:

“Have you heard?”

Shang Qian nodded.

Su Jin rubbed his brows:

“I said hello to the above, Su Nan’s suspicion can be ruled out. She has alibi for the two murders, but the public opinion has to pull on her.”

Shang Qian smiled: “She just looks fierce, but she’s actually very timid.”

## Chapter 2077

I had to ask my husband

Su Jin to take a look at him before he chuckled lightly:

“That’s right, according to her temper, even in a critical moment, if she has a knife in her hand, she will think about it first. To poke in an irrelevant position.”

How could it be possible to kill someone?

Even instigation to kill is impossible.

Shang Qian: “Brother, I suspect that someone is behind this matter.”

“It’s a coincidence, so am I.”

Su Jin took a deep breath.

He closed his eyes and pondered:

“But now, there is no clue that can point to one of them. We are in the light, and he is in the dark.”

Therefore, they are very passive.

Shang Qian said a few words and returned to Su Nan’s office.

Everyone disagrees on what’s going on on the Internet, and they still enjoy Shang Qian and Su Nan’s dog food.

At least Shang Qian accompanies Su Nan to work at this time, isn’t it enough for everyone to be envious and jealous?

Perhaps because of Su Nan’s bad mood, most of the work was taken away by Su Jin.

She sat at her desk with her feet on it, and the stock chart on her computer was replaced by a sitcom.

How awkward is this scene.

When Yu Lou came in, he almost thought he had entered the wrong door.

Su Nanke has always set high standards for herself. The office is sacred and a paradise for wealth creation. There must be no slack, so the moment she walked into the office, she wore the most expensive high heels.

The results of it?

Su Nan glanced at him:

“Come in.”

Yu Lou walked in with a smile, watching Shang Qian sitting on the sofa next to him, hitting walnuts with a small hammer.

The walnut skin fell on the expensive carpet under his feet, but he did not even blink an eye, and collected the walnuts inside into a small dish beside him.

Looking at Yu Lou was terrified.

“Mr. Su, the lawyer asked if the document should continue to be executed?”

Su Nan raised his eyelids:

“Do you think I’m not unlucky enough? For these three melons and two dates, I’ve become a criminal suspect, and it’s not enough for me to buy. Do I need the money?”

Yu Lou heard it, “Okay, I’ll tell the lawyer to give up.”

Shang Qian stopped suddenly and looked up at him:

“Assistant Yu, Ge Zheng is dead, Who can continue to execute on behalf of Ge Zheng Company?”

Yu Lou paused:

“His company is not large, and he alone has the final say. In fact, the vice president and manager have no real power. He has the right of

inheritance . The only people who have the power to continue to execute this document, but Mr. Ge has no parents...”

He frowned.

Su Nan chuckled:

“He has an illegitimate child in Meng Shuang’s belly. If nothing else, this unborn child is the person who has the right to inherit, and Meng Shuang is very likely to act as the acting guardian and inherit Ge All the property right.”

She clicked her tongue twice and shook her head:

“I didn’t expect that it was Meng Shuang who eventually took advantage of it. When Mr. Ge was alive, he transferred the property to her, and when he died, the property was still hers. , what kind of shit did Meng Shuang step on?”

She said so casually, but Shang Qian listened.

He paused, put down the hammer immediately, picked up the phone, and went to the inner room to make a call.

He looked a little serious.

Su Nan also felt that something was wrong.

As soon as Shang Qian came out, Su Nan asked,

“Do you suspect that Meng Shuang killed him?”

He raised his eyebrows, “No.”

“Then why did you mention this?”

“Meng Shuang is not pregnant. According to common sense, not to mention whether she will be able to give birth to this child, and whether it is President Ge’s after birth, it requires complicated procedures.

But when President Ge died, the people who can make wealth are gone, which is equivalent to There is no long-term meal ticket.

She should not be that stupid.”

Shang Qian’s voice fell.

The office fell silent.

Yu Lou also stood there silent for a while, as if thinking about something.

Su Nan’s face gradually became solemn.

That’s right, Meng Shuang is not a stupid person. She has been able to get to where she is today with many times more insight than Meng Xue.

Otherwise, Meng Xue would have been deceived by her for so many years?

Even if she covets President Ge’s property, she is with him.

But Ge Zheng is alive, isn’t it more beneficial to her?

And Ge Zheng has already begun to transfer the property to her name, what she has now, and what she will have soon, will not be less.

Therefore, the possibility of Meng Shuang killing Ge Zheng is slim.

But not Meng Shuang, who else would it be?

Su Nan pondered and looked at Yu Lou:

“I don’t know where the police investigation has reached?”

Yu Lou spread his hands: “I didn’t find out. I heard that the police attach great importance to these two cases and plan to try them together.”

Shang Qian paused there and looked out the window coldly:

“Before the police, we are going to see this woman.”

Su Nan nodded.

She meant it too.

After all, the people who have had contact with Ge Zheng at the moment, besides Su Nan, is Meng Shuang.

present.

Su Nan cheered up and glanced at Yu Lou.

Yu Lou immediately understood:

“I’ll let the driver prepare.”

He went out.

Su Nan stood up and went to get his bag.

Instead, Shang Qian took the phone and was looking at something in a hurry.

She walked over, glanced from behind, and frowned slightly:

“When did you become so interested in gossip, wait, is this Meng Shuang’s gossip?”

She paused and clicked.

There is a lot of scolding on the Internet.

But things have developed to this day, and Meng Shuang has not responded at all.

Even if she has no resources, but her millions of fans probably won’t let her have no confidence at all, right?

How strange.

Shang Qian took a few glances before turning off his phone and standing up.

“Let’s go.”

Su Nan nodded, and Shang Qian took the bag in her hand and led her out.

on the way.

Shang Qian’s brows were dignified, and he seemed less happy than Su Nan.

Su Nan didn’t want Shang Qian to worry so much because of this.

If it was a false alarm, wouldn’t it overdraw their happiness?

She obviously didn’t do anything, but she still had to face a lot of trouble.

This eldest lady, what she has done is really sad.

She took his hand, pursed her lips and said,

“Old Shang, when this matter is over, what do you want to do most?”

Her name dragged Shang Qian back from his thoughts.

He frowned and looked at her sideways:

“What do you call me?”

“Old businessman, that’s what people call them.”

Su Nan said as a matter of course, and added:

“This is the characteristic of the people of Z country. Shang Qian looked at her with inexhaustible eyes , pursed his lips, and still couldn’t help but correct:

“The characteristic of people in Z country is to call her husband, after all, there are not many people with the surname of Shang, don’t bully me and I don’t understand.”

Su Nan pouted, “I think it’s kind!”

Shang Qian refused to bow his head:

“Kindness is old and eighty, and there is no love to feel kindness.

We are in love with each other, you have to call me husband!”

Chang Li and Lin Shen in front:

” ...”

## **Chapter 2078**

deliberately concealed

Su Nan snorted, and finally gave up the title of old businessman.

But she could see that every time she called out like that, Shang Qian’s brows would stand up, educating her seriously.

It seems that my view of marriage is correct and I can write a book.

Kind of funny.

But fortunately, the next way, the atmosphere in the car is much better.

Su Nan glanced at the public opinion on the Internet, and things about him have been suppressed.

At the same time, the public relations department of the Su Group also issued a statement.

It is probably about regret for the death of Sun Tan and Ge Zheng, but it is stated that Su Nan has nothing to do with this matter, and fully cooperates with the police investigation, and will reserve the right to trace back until the truth is revealed.

As soon as this article came out, in fact, the rumors on the Internet have been gradually brought under control.

Coupled with the deliberate suppression of the platform, those malicious speculations about Su Nan basically did not go further.

But the heat was inexplicable.

According to Yu Lou’s investigation, the most popular searches on the platform are generally to buy some zombie fans to top them.

But this time, the accounts and addresses that have fanned the flames and exposed Su Nan are basically foreign.

This is a little confusing.

The other party deliberately blocked the address, and all used virtual addresses.

Once the account is used, it will be deactivated.

Can't find the exact location at all.

There is no trace of coming and going.

But fortunately, after the Su family started, the other party did not have any troubles.

Finally got to Meng Shuang's downstairs.

She had been with Sun Tan before and followed Ge Zheng.

I didn't expect it to come for the second time so soon.

The only difference this time was that after driving in, there were many plainclothes policemen coming and going at the bottom of the building.

And there are people who are exploring the location of Ge Zheng jumping off the building.

There were significantly fewer people walking around nearby.

Lin Shen took out two hats and masks from the storage box in front, brand new ones that no one had ever worn.

He handed it to the back.

Shang Qian took it and gave one to Su Nan.

Su Nan took it over in a daze: "Is it necessary? Don't we come here in an upright manner?"

Shang Qian glanced at her and smiled:

"Of course, we have a clear conscience, we just want to reduce some troubles, in case there is anything Troubled reporters followed, and inevitably another turmoil.

What's more, there are police guards nearby. If we show up rashly, we may get into trouble.

It's better not to let people know, we'd better be here."

Su Nan Hearing this, he nodded his head, which made sense.

Several people disguised themselves before getting out of the car.

But when he got out of the car, Su Nan froze for a while.

She approached Shang Qian: "No, is it easier for people to notice our discomfort like this?" She didn't finish her

voice.

I saw a few people hurried out from the apartment in front, dressed exactly like the four of them.

Su Nan: "..."

Shang Qian glanced at her:

"Many of the people living here are actors, so it's not strange at all to dress like this."

Su Nan smiled embarrassingly, because she was so rare and strange.

Only through the mask, he could not see her expression.

Lin Shen walked in front, and Chang Li followed Su Nan without leaving an inch.

She didn't know how Shang Qian could get into this relatively closed apartment smoothly, but she didn't find it strange at all.

The group went straight up by the elevator.

After knocking on the door, Meng Shuang took a while to open the door.

She held her stomach, her lower abdomen was bulging obviously, and she looked five or six months old.

The whole person is a little edema and vain.

When he saw Su Nan, his expression changed instantly, and he seemed to flash a little panic.

I wanted to close the door in an instant.

But Shang Qian didn't give her a chance to close the door.

Stopped abruptly.

Seeing her like this, Su Nan has more doubts in her heart.

"Meng Shuang, I'll just ask you a few questions."

Meng Shuang's face changed several times, and there was a bit of calm in his scarlet eyes.

She bit her lower lip, looked at Shang Qian, and opened the door.

Su Nan looked at the people behind.

"Don't follow, otherwise, you'll think we're here to bully people."

Lin Shen nodded behind him.

Chang Li hesitated for a while, but still didn't follow up.

Su Nan went in and saw that the inside was messy, clothes were thrown everywhere, and boxes of various sizes were opened.

She narrowed her eyes: "Are you going to move?"

Meng Shuang glanced at her with a bit of complexity and vigilance in her eyes:

"Since I'm dead, I'm still pregnant, so it's inconvenient to continue living."

Shang Qian walked in, looked around, his face was heavy, and the cold aura around him was hard to ignore.

Meng Shuang seems to have some hostility towards Su Nan.

But for Shang Qian, there is only fear.

She paused, and immediately turned her eyes away:

“Sit down and say something.”

Her face was pale and looked rather weak.

Su Nan glanced around, but there was no one to take care of.

But thinking about it, since they are leaving soon, naturally they will not let people go here.

She looked at Meng Shuang, and just as she was about to speak, she heard Shang Qian’s voice coldly ask from behind:

“Have the police found you after Ge Zheng’s accident?”

Meng Shuang nodded.

“I asked you what, and how did you answer?”

Su Nan was stunned for a moment.

What she wanted to ask was Ge Zheng’s situation before his death.

But Shang Qian asked about the situation after death. Although he was puzzled for a moment, he suddenly realized that he seemed to have a grasp of the overall situation by asking this question.

This level is not an ordinary high!

Su Nan thought to himself, and saw Meng Shuang hesitated for a while before opening his mouth:

“They asked me if there was anything strange about Ge Zheng before his death, his last words and letters, and who did he meet?”

Shang Qian nodded. Looking at her with burning eyes:

“Then how did you answer?”

Meng Shuang took a deep breath and said with complicated eyes:

“Because the news on the Internet was unpleasant, I went to the former economic company and asked them to help deal with it, but they didn’t agree and didn’t want to waste time on me.

I came back in a fit of anger, and when I came back, I just watched Seeing that he was already standing on the balcony, ready to jump off, in those few seconds, he jumped without looking back at me...”

Having said this, Meng Shuang’s voice was low.

Tears poured out uncontrollably.

She bowed her head and sobbed, her expression pained.

Su Nan pursed her lips and looked at her with a complicated expression:

“Meng Shuang, did Sun Tan kill Ge Zheng?” In an

instant, Meng Shuang stopped crying abruptly.

She looked up at Su Nan, her face became very strange:

“You...why do you say that, I don’t know, I don’t know anything!”

Shang Qian narrowed his eyes and his face darkened.

They can all see it.

Meng Shuang was deliberately hiding something.

Su Nan: “Based on your relationship with Ge Zheng, you are the biggest beneficiary when Sun Tan is dead.

Now that Ge Zheng is also dead, the legacy behind him, including the contract that I didn’t start with me, belongs to you. in your hand, how could you not know?”

## **Chapter 2079**

Su Nan, who was dry,

said it bluntly.

Since entering the door, Meng Shuang’s sadness has exceeded expectations.

She is not a dead husband, Ge is just her lover.

From Meng Shuang’s eyes, it’s impossible to have a love for Ge Zheng that will last forever, right?

So her sadness, is the interpretation a little too real?

Meng Shuang looked up at her, took a deep breath, and calmed her up and down chest.

She seemed to be restraining her emotions.

a long time.

Only then did she hear Meng Shuang grit her teeth:

“I know you don’t look down on me, you and Meng Xue are on good terms, Meng Xue married Cheng Yi, and I’ve become a thorn in your side, that’s why you’re staring at me, right? ?”

Su Nan was a little puzzled at this remark.

Where are all these going?

Meng Xue sneered, and threw away the tissue in her hand, and didn’t bother to continue to pretend.

“That’s right, I’m a junior, and I’m also a junior who is about to succeed.

Sun Tan's death, I was so happy that I didn't fall asleep for several days!

You have a good relationship with Sun Tan, don't you think I'm more disliked? ?

That contract is proof that you and Sun Tan are united to get revenge on me, you want me to be pregnant with a child and have no money and money, don't you?"

Her cold reprimand made Shang Qian couldn't help but turn cold. .

It's just that now is not the time to turn around.

Often when a person is the most emotional, it is when her heart line of defense is the weakest.

"Originally, Ge Zheng's property already belonged to me, but as soon as the contract came out, I became a joke.

Fortunately, fortunately, she died in time!"

Su Nan looked at her a little excited and frowned slightly:

"You don't know?"

How could she not know.

In Meng Shuang's eyes, there was only the contract.

But now, the crux of the matter is not on the contract.

Meng Shuang stood opposite them, stroking her stomach weakly, as if she had exhausted her strength.

"Miss Su, you should know better than me about the deaths of Sun Tan and Ge Zheng."

She was silent, and looked at Su Nan with tears in her eyes:

"I won't say it, but you'd better not look for it again in the future. Me, I don't want to be involved in these things anymore, because the child is getting old, it's hard to get rid of it, otherwise I don't want to give birth."

Su Nan's heart sank, and he looked at Shang Qian subconsciously.

Why, she felt that there was something in Meng Shuang's words.

Shang Qian patted the back of her hand, looked at Meng Shuang, and said in a cold tone,

"How can we trust your guarantee? You said you wouldn't say it. Don't you hold a grudge against Su Nan just now and have a handle on it? Is it?"

He was following Meng Shuang's words.

Asked directly, Meng Shuang might not really say anything.

Su Nan pursed her lips tightly and stiffened.

She could vaguely feel it.

Shang Qian's game has already begun.

And in a radical way.

Meng Shuang looked at them excitedly, raised her hand and swore:

"I swear, I really didn't see you coming. When Ge Zheng jumped off the building, you just left. The police asked me, but I didn't say a word!"

Su Nan was shocked and looked at him with a confused expression. Meng Shuang.

Her heart seemed to sink into the deep sea, floating up and down, as if something vaguely dragged her into a deeper and more terrifying place.

Listening to Meng Shuang's words, she broke out in a cold sweat.

Shang Qian took a deep breath: "I repeat the situation at that time in its entirety, and I want to make sure that nothing is left out."

Meng Shuang looked at Shang Qian.

Unsure of his attitude.

Su Nan seemed to be sitting there calmly, but in fact, a huge wave was already surging up and down in his heart.

It made her feel extremely cold and frightened.

How could she come here to meet Ge Zheng?

What does Meng Shuang mean?

Meng Shuang had already looked at Su Nan, with fear and disgust in her eyes, but she concealed it on her chest because she did not dare to offend.

She reached out and touched her slightly bulging belly, already trembling in her heart.

Looking at Shang Qian's threatening gaze, Meng Shuang knew that she had no room for objection.

Ge Zheng is dead, and Li Suizhou is now afraid of her. With her age, she can't find any bigger backer.

She can only strive for the best interests on the premise of not offending capital.

in silence.

Seeing her hesitation, Shang Qian said in a clear voice:

"If you don't want to say it, don't force it. We will ask someone else."

After speaking, he left without any hesitation.

Meng Shuang immediately regretted:

"Wait a minute..."

She pursed her lips and glanced at Su Nan:

“Isn’t Miss Su more clear about what to do with these questions?”

Su Nan frowned, “What do I know?”

Just as she was about to ask, Shang Qian gave her a wink.

Su Nan closed his mouth.

Meng Shuang took a deep breath, took the cup from the table, and drank the water inside.

“In the days when Sun Tan died, Ge Zheng was quite sad, but after knowing the document, he went crazy and went out to find a lawyer and find the police.

Until these two days, he fell silent and said that he would Go to Su Nan.

That day, when I came back, the elevator had just reached the upper floor, and I saw Miss Su standing at the door...”

She paused, her face changed a bit, and she raised her eyes to look Look at Su Nan.

Su Nan tightened his body and pursed his lips, looking very solemn.

Until he saw Shang Qian, he nodded calmly and motioned her to continue.

Meng Shuang breathed a sigh of relief and continued:

“Miss Su forgot? At that time, you warned me not to say it, otherwise it would make me look good.

I didn’t understand what was going on at the time, until I entered the room and happened to see Ge Zhengcong. Jumping downstairs...

Could Miss Su still say that this matter is fake?

Or someone pretending to be you to do it?

Miss Su is also not short of money, why did you force Ge Zheng to commit suicide?

Isn’t it because Does Ge Zheng know something that shouldn’t be known?”

She finished speaking, and Su Nan’s face gradually turned pale.

But Shang Qian still said calmly:

“Oh? Then you say, why did she force Ge Zheng to commit suicide?”

Meng Shuang gritted her teeth, she had already said this step anyway, and didn’t care what she said.

“She is not short of money, naturally it is not because of the contract.

The existence of the contract is very unfavorable to Ge Zheng, which means that he and Sun Tan are not compatible, and the relationship between me and Ge Zheng was exposed some time ago, everyone naturally I would suspect that Ge Zheng killed Sun Tan.

But Ge Zheng didn't kill her. The reason why Miss Su wanted to kill Ge Zheng was because he knew your secret.

You killed Sun Tan and wanted to put the blame on it. For Ge Zheng?"

Meng Shuang glanced at Su Nan coldly.

She had red eyes and raised her chin, thinking she had seen through all the schemes.

She was afraid, but she also knew that she was a public figure, so many people had died now, and she was not afraid that Su Nan would attack her again.

So she's still a bit emboldened.

## **Chapter 2080**

Help me do something

A little bit of wind came from the balcony.

Meng Shuang subconsciously jolted and looked over.

Maybe Ge Zheng jumped from the building there, leaving a lot of shadows on her, so she was a little confused.

Then she looked at Shang Qian's eyes that were extremely cold, and her brows seemed to be dyed with sullenness, which made people shudder.

Her face changed, and just as she was about to say something, she watched him stand up.

Shang Qian waved to Su Nan with a light tone:

"Let's go."

Su Nan pursed his lips and walked over. Shang Qian took her hand and walked out.

He could feel the sweat on her palms because he was nervous.

Meng Shuang didn't expect them to leave soon, and was slightly surprised:

"Miss Su, I... I won't say anything. I'll keep my mouth shut from the police. As long as I can survive."

She seemed calm, In fact, I was already anxious.

Su Nan and Shang Qian came here, what did they want to do?

Don't want to test her?

Or do you want to kill the only one in the know?

The more she thought about it, the more Meng Shuang felt that she was too careless just now and shouldn't have said anything.

Su Nan turned her head slightly, and her eyes were filled with emotions that she couldn't see through.

She pursed her lips, "I think you should bring two bodyguards with you to be safe, otherwise..."

She didn't continue.

But it is difficult to guarantee whether the person who forced Ge Zheng to jump off the building will attack Meng Shuang.

Meng Shuang's face turned pale.

Su Nan followed Shang Qian downstairs.

Neither of them spoke.

Shang Qian's face was even colder and uglier than he imagined.

Su Nan just couldn't figure it out, she obviously didn't go to Ge Zheng, why was Meng Shuang seen?

Meng Shuang is lying?

No, she dare not.

There was only one reason why she did see herself at the elevator door.

Got into the car.

The car hasn't started yet.

Shang Qian looked at Lin Shen, and his tone was condensed:

"You go to Southeast Asia and find An Qi in person. Didn't she always want to take over some business of Lianli?"

Let her sign and put the club hosted by Snakehead first. Give it to her, remember, you have to meet face to face."

Lin Shen nodded.

Su Nan looked at him and frowned:

"Do you suspect An Qi?"

Shang Qian asked back, "Don't you doubt her? Isn't the person who can imitate you so much like the original An Qi? It's hard to guarantee. , didn't she want to come back to find her dead again..."

Su Nan paused, frowning and thinking:

"But if she comes back, why would we have no news? The police... And why did they kill people? , if she wants to deal with me, wouldn't it be more convenient to kill me directly?"

Shang Qian's eyes were filled with a bit of coldness, and he was quickly hidden.

He softened his tone and patted the back of her hand:

"She can't get close to you at all, even if she wants to do it, she has no chance, only through the people around her, if she wants to frame you and make you notorious, it can be considered a success. "

Su Nan sat in the car dumbfounded, pursed his lips and said nothing.

a long time.

Only then did she speak coldly:

“I always thought that An Qi was not easy, at least she suffered no less grievances than me in Fu Yechuan before, but why did she want to deal with me?”

I have no threat to her, we There is no deep hatred either!”

Shang Qian chuckled lightly and touched her soft long hair:

“What you think is really simple, you don’t want to do anything if you have hatred, she is against you, whether she is unwilling or not, yes No matter if you don’t agree, there will always be 10,000 reasons to deal with you.

Maybe...she wants to deal with not only you, but also me.”

Shang Qian finished.

There was a long silence in the car.

Chang Li’s car stopped when it arrived at the old house.

Shang Qian was not in a hurry to get out of the car.

He frowned, took out his mobile phone, found an unusual number, and called it.

“Hey, go find Meng Shuang and do something for me.”

Su Nan, who had gotten off the bus, was slightly taken aback when she heard Meng Shuang’s name.

She walked over and stood by the car door, holding the car door with one hand and the seat behind him with the other:

“Why are you looking for her? Forget it, she’s still pregnant.”

Shang Qian looked at her amusingly and raised his eyebrows :

“What do you think I’m going to do, I’m going to do something to a pregnant woman?”

Here, I’m a good citizen who abides by the law!”

He tapped her on the forehead, Su Nan felt pain and let go.

Shang Qian got out of the car.

He tidied up his collar and said with a smile:

“I just told her not to talk indiscriminately, otherwise, you will not be able to wash it if you fall into the Yellow River.”

Su Nan breathed a sigh of relief.

Indeed, if the police hear what Meng Shuang said, I am afraid that Su Nan will get into big trouble.

And isn't the purpose of the person pretending to be Su Nan just to get Su Nan into trouble?

Although she didn't like Meng Shuang well, she wouldn't let people die!

Moreover, at this time, if another person is killed, it will really be in chaos.

Isn't it right in the heart of the other party?

Su Nan didn't ask what method he used, as long as there was no trouble.

The two just walked in.

Hearing the hearty laughter of Su Yifeng and the others, he suddenly looked at each other in surprise.

Su Yifeng rarely invites people over to his house as a guest. He usually likes to meet at fishing places.

However, his waist is just right, and it is not suitable for running around, so it is just right to stay at home to cultivate.

Su Nan went in with a smile, but did not see a chubby child rolling over under his feet.

She was also startled. Shang Qian was about to kick him away, but he stopped when he saw the person clearly.

The unfamiliar child suddenly appeared, making the two of them a little puzzled.

The uncle of the housekeeper ran in from outside and said with a smile,

"Miss, uncle, this young master is the grandson of Mr. Meng Zhiying, Meng Yuan, who is only two years old!"

He then helped Meng Yuan up.

Meng Yu'an is only a little older than talking about a child, but he can already smirk with both hands:

"Get rich and get rich..."

Su Nan: "..."

Shang Qian: "... .."

Talk about the little girl who drove her little train over with a smile and shouted inarticulately:

"Fish, fish, little fish..."

Meng Yu'an said in a warm voice, ran over happily, got on the train to talk about the children, and the two ran away...

Su Nan tutted. With one sound, the two children seemed to have known each other for a long time.

The uncle the housekeeper smiled: "They don't recognize birth at all. Miss and uncle go in and say hello. Mr. Meng is also here."

Su Nan raised his eyebrows in shock, and then nodded.

She has heard about Mr. Meng Zhiying. When the Su Group was not big, Mr. Meng was already famous.

When Su Yifeng founded the Su Group, he encountered a lot of difficulties, and it was Mr. Meng's guidance that saved the danger.

Su Nan glanced sideways at Shang Qian and said in a low voice,

“My dad has always been grateful to Mr. Meng. He followed his son to settle abroad more than ten years ago. He should have just returned.”

Shang Qian raised his eyebrows and smiled: “I know him, Meng Zhiying is the originator of the investment world.”

Su Nan smiled and nodded.

“It's also my mother's first love.” The

two of them can be said to be both teachers and friends, and rivals in love.

Shang Qian looked at her in astonishment.
