

Divorce 2081

Chapter 2081

Good son-in-law

Shang Qian is a Wall Street investor, and he will not be unaware of a well-known figure in the industry.

It's just that Meng Zhiying has retired, and many rookies don't know this person well.

He is the big guy.

Unexpectedly, Meng Zhiying and his deceased mother-in-law still have such a relationship.

Meng Zhiying was sitting in the living room. He was more than ten years older than Su Yifeng, but he had always been healthy and open-minded.

There is a bit of power between the eyebrows, and the aura is full.

But at the moment, his expression is only concerned with excitement, but he is not so cold and distant.

Su Nan walked in and went over to say hello:

"Godfather, how is your health?"

She looked at Meng Zhiying compared to ten years ago, and in her impression, Meng Zhiying was tall, strong, and omnipotent.

But Mr. Meng in front of him, although he still has a bit of the momentum of the year, has to admit that he is indeed old.

The wrinkles on his face could not be concealed, but the skeleton supported him and looked in good spirits.

Meng Zhiying was chatting with Su Yifeng, looking at Su Nan and raised his eyebrows:

"Little girl has grown up, she is really like her mother more and more."

Su Nan paused and looked at Su Yifeng subconsciously.

Su Yifeng's face didn't change, he nodded with a smile.

She was a little relieved.

Su Yifeng pointed at Shang Qian next to Su Nan:

"This is my good son-in-law, Shang Qian."

Shang Qian naturally understood the rules, and without waiting for Meng Zhiying to speak first, he said with a warm and humble smile:

"Mr. Meng, I have long admired your name."

Meng Zhiying was stunned for a while, and seemed to be deliberately embarrassing:

“When did you look up to my name for so long? Where did you look up to me for so long?”

Su Nan: “...”

Why embarrass my husband?

She looked at Su Yifeng begging for help, and Su Yifeng smiled nonchalantly.

It seems to be expected.

Shang Qian smiled lightly and said calmly: “I was involved in the investment field for the first time on Wall Street, and I chose the first stock of the first pot

of gold after reading your numerous cases, Mr. Meng.

I am very inspired, I have always admired me and wanted to meet in person, but I am not good at academics, and I am worried about disturbing your Yaxing, so I only dare to look up, who doesn't know that you are the master of investment, Mr. Meng?”

Shang Qian said, Meng Zhiying was obviously shocked.

Not only shocked, but also very satisfied!

Don't look at his gentle and gentle appearance, what he said didn't have the bad habit of pretending to be arrogant when he had some money.

How could he not meet such a humble and honest son-in-law?

He immediately slapped his thigh and couldn't help but praise:

“Old Su, you are a good son-in-law, you are really good at picking, you have a good eye!”

After speaking, he gave Su Nan a thumbs up:

“Little Si, you Good luck!”

Su Nan blinked and smiled embarrassedly.

If Shang Qian continued to praise her, she couldn't help blushing.

Su Nan walked over, poured tea for Meng Zhiying, and said with a smile:

“Godfather, aren't you living on an island for old age? Why did you come back, and my sister at home?”

She asked Meng Zhiying's daughter.

Meng Zhiying's only daughter had met with her, but there was no contact.

Because his daughter is a devoted scientist, she goes to Europe today and Africa tomorrow, and she has no fixed place to live.

A true engineer indeed.

Meng Zhiying sipped two sips of tea and said with a smile:

“She didn’t come back, but I have a grandson, so I can finally take care of my life, which is much better than playing alone on an island.”

Su Nan agreed, “That’s it . , you’d better come back, what’s the point of the island, one day the weather changes abnormally and floods the island, what can you do!”

Meng Zhiying twitched the corners of his mouth and looked at Su Nan:

“You really... ..”

Su Yifeng chuckled:

“Go, don’t talk nonsense, you can still buy it yourself!”

Su Nan muttered: “It will be sold soon!”

Meng Zhiying sighed and pointed at her:

“That is She looks like her mother, but she doesn’t have the same temperament at all, her mother was not extravagant and wasteful at all.”

Su Nan raised her eyebrows: “If you have money and don’t spend it, that’s a fool. When my mother died, my family didn’t have much money. Well, now that I have it, I have to spend my mother’s share!”

Meng Zhiying couldn’t help sneering, shaking his head with a look of helplessness.

Su Yifeng sighed sadly when he heard the words.

“It’s my fault that I didn’t let her live a good life.”

Su Nan paused.

Meng Zhiying seemed to think of what happened before, and sighed:

“Forget it, it’s my fault, we are all sorry for her.”

Su Yifeng looked sad, Shang Qian paused, and said warmly:

“Dad, the physiotherapy master is here, why don’t you do physiotherapy first and let Su Nan stay here for a while?” Just as

Su Yifeng was about to resign, Meng Zhiying waved his hand:

“Go quickly, health matters can’t be sloppy. , anyway, I want to stay with you temporarily, we have a chance.”

Su Yifeng nodded and stood up with his waist.

Shang Qian hurried over to help, but Su Yifeng blocked it:

“You stay.”

Shang Qian bowed his head and said yes.

Su Yifeng intended to give Shang Qian and Meng Zhiying a chance to get close, not necessarily because he wanted them to get acquainted.

Su Nan smiled and leaned

forward: "Godfather, don't leave, just stay and be a companion. What's your eldest grandson's name?"

"Meng Yu'an, his nickname is Xiaoyu."

Meng Zhiying said with a smile: "Because I love fishing."

Su Nan: "..."

"When did Sister Meng give birth to a child, and we haven't heard anything about it?"

Meng Zhiying clicked his tongue and sighed:

"She was born in Africa. , I'm so pissed off, she and her husband are both running around, even if they want to run around with my eldest grandson, the place is full of bacteria, isn't it intentional to not let my eldest grandson? ?"

Su Nan blinked, lowered his head and explained to Shang Qian:

"Godfather's daughter and son-in-law are both scientists, and the two names that appear most frequently in international publications are theirs."

Shang Qian nodded with a smile: "Talent is always rare."

Meng Zhiying snorted lightly: "I originally wanted her to take over the company, but I finally tricked her into coming back on the grounds that I was dying. Just two days after I took over, she started to contact me to sell my group. I can only pin my hopes on my son-in-law.

I found a door-to-door son-in-law who is very capable and can take care of her completely. As a result, she turned around and got a certificate from her current husband.

I really owe it in my life. Hers !"

Shang Qian and Su Nan looked at each other, Su Nan couldn't help laughing:

"Godfather, so you have to keep Xiaoyu by your side no matter what?"

Meng Zhiying glanced at her, "Of course, I will definitely If you want to nurture him well, you can't let him go the same way as his parents."

Su Nan lowered his head and said to Shang Qian: "This is the difficulty of having a throne in the family to inherit."

Shang Qian glanced at her and said with a smile:

" The ability of the old man naturally needs someone to inherit the mantle."

Meng Zhiying nodded in agreement:

"Just call me godfather."

Chapter 2082

is still your sensible

Su Nan really underestimated Shang Qian's image in the eyes of the elders.

Meng Zhiying's words completely accepted Shang Qian.

Meng Zhiying was captured so easily, which is really not to be underestimated.

Shang Qian replied obediently: "Godfather."

"Hey!"

Meng Zhiying smiled, looked at him and shook his head:

"If I had a son-in-law like you, I would die, but unfortunately... ."

He sighed.

Changed the topic:

"Little Si, your dad has been single and never married all these years?"

Su Nan nodded: "My dad has been running around for our brothers and sisters. Half his life has passed, and he doesn't think about his own affairs anymore."

Meng Zhiying There were a few vicissitudes and envy in his eyes:

"It's still your mother who has a vision!"

Su Nan knew about the past, but didn't mention it much.

She greeted the housekeeper uncle with a smile: "Uncle, let my brother come back, I haven't seen my godfather

for a long time, and they should be back." Meng Zhiying nodded at her: "You're still sensible." He sighed and stood up: "I'll go to the guest room to rest for a while, you guys help me take care of the little fish, you can't keep up when you're older." "Okay." Su Nan agreed immediately. Meng Zhiying took two steps and stopped, suddenly remembered something, and took out two black cards from his pocket: "I brought you a welcome gift, I almost forgot, it's for you."

Su Nan simply took it and said with a smile:

"How embarrassing, we didn't prepare it for you, thank you godfather."

Shang Qian hesitated, and took over with Su Nan's eyes:

"Thank you godfather.

Meng Zhiying pointed at him and said with a smile, "

Take good care of our little four, or I'll make you look good too."

Half threatening, half joking.

But Shang Qian understood, and he respectfully responded with a smile.

Su Nan asked him to send him to the guest room, he breathed a sigh of relief, looked at the black card, and said with a smile:

“My godfather has always been generous, he will definitely give more, go back and add some more to Xiaoyu. New Year’s money.”

Shang Qian nodded, but looked puzzled:

“Mr. Meng Zhiying doesn’t show up very often. He suddenly returned to China just for his grandson?”

Su Nan glanced at him before muttering:

“It’s probably me . Mom’s death day is coming soon.”

Shang Qian glanced at her, Su Nan pursed his lips, and

said, “I know a little bit about the events of their time. Godfather first fell in love with my mother, but I don’t know why. He broke up

and went abroad. When he came back, he also married a wife and had children, and he had already gained fame.

My mother married my father, and my father was still in the entrepreneurial stage. My dad, he helped save people secretly.

My dad has said that if my mother didn’t get married, my godfather would definitely divorce and marry my mother, but unfortunately my mother doesn’t like him anymore...”

She sighed, “These are all what my godfather said. I think he just beautifies himself, isn’t he just sorry that my mother went abroad to marry Bai Fumei for the benefit? Otherwise, why would you feel so guilty?”

Shang Qian touched her in the past . s head.

“Okay, let’s not mention these. If my mother-in-law really married him, she might regret it.”

Su Nan nodded in agreement.

“So I will always support my dad!” The

two were talking.

Talking about the children driving the little train squeaking and laughing.

The little fish was thrown off the train and ran happily behind it.

“Sister, sister...”

Little fish smiled like a little melon. He was really pleasing, white and tender, and at first glance, he looked like a handsome guy.

Saying that the child is used to being domineering, and stops the car from time to time and waits for him.

When he just touched the little train, she kicked the accelerator and ran again.

Going back and forth, Xiaoyu was not annoyed, but laughed even more happily.

Shang Qian looked at them with a smile. Seeing that his daughter was not at a disadvantage, he nodded reassuringly.

The housekeeper uncle has already started to let people prepare meals.

After a while.

After Su Yifeng's physiotherapy was over, Su Qi and Su Jin came back one after another.

Shang Qian answered a few calls because of Meng Shuang's matter, and whispered something by the window.

Su Nan was sitting on the sofa drinking bird's nest slowly.

Wen Xiang brought the little ones Su Lin in, and the little ones Su Lin called out one by one obediently.

It was Su Nan's turn. Just as Su Nan was about to kiss his face, Su Lin suddenly pointed not far away:

"Someone is kissing my sister!"

Su Nan looked back in shock.

Su Lin really didn't lie.

Say that the children have given up on the train and run around hand in hand with the little fish.

But it was just right, little fish was excited and wanted to kiss the face that he talked about.

next second.

Someone picked up Talking from behind and kept away from the little fish.

one look.

It is Shang Qian.

Little fish could not understand the chill and disgust on Shang Qian's face, so he rubbed his hands and touched his sister's little feet.

"I want to kiss..."

Meng Zhiying's voice came from upstairs, and he was walking down.

Shang Qian frowned and looked at the little fish kid.

It's not good to offend Meng Zhiying, but I don't want this little kid to take advantage of his precious daughter.

Su Nan stared at him with interest.

Shang Qian reluctantly put down and talked about the children, looked at Xiaoyu, put his face up, and pointed:

“Kiss...”

Su Nan: “...”

She She couldn't help covering her stomach and laughing.

Xiaoyu also hugged his face and kissed him fiercely, and the saliva was still on his face.

Said that the child also hugged him and kissed him excitedly:

“Daddy, mine.”

Shang Qian smiled gently.

Xiaoyu also followed suit, holding Shang Qian with a fragrant little body:

“Daddy, mine.”

No matter how helpless Shang Qian was, he couldn't be rude to a child.

What's more, this white and tender child is very likable.

He didn't cry when he was told that he was pushed to the ground, and he didn't cry when he was told that he was accidentally hit with a toy.

Shang Qian looked at him and became more and more pleasing to the eye.

Su Nan grinned, watching Shang Qian coaxed the child to come over:

“It's rare to see you being so patient with other people's children?”

Shang Qian raised his eyebrows: “Really? Do you think he will scold him? Don't fight back, isn't it very suitable for us to talk?”

Su Nan's face stiffened, is this looking at people from the eyes of his father-in-law?

“Don't think about it, we are all married now!”

“I know, I just painted such a prospect, and when I talk about finding a boyfriend in the future, I have to do it like this!”

Only in this way will you not be bullied!

Mr. Meng Zhiying was obviously envious of this family reunion.

However, he was in a good mood, and he didn't show anything. He drank a lot of wine with them while talking and laughing.

at the same time.

Meng Shuang packed her luggage and prepared to move out that night.

She slept soundly in the afternoon, and without asking many people to help, one driver and one assistant carried it down.

Just go downstairs.

Suddenly I heard a “bang” sound.

The chill spread from her bones to her whole body, and she raised her head stiffly.

Looking at the slowly falling window of a car in the distance...

Chapter 2083

Hypnosis

Meng Shuang’s complexion changed, and she shouted over there,

“Su Nan—” The expression of “Su Nan” in the car window also changed a bit.

Meng Shuang stepped forward and glared at her:

“What are you doing here? Did you come to see me laughing? Let me tell you, Sun Tan is dead, Ge Zheng is also dead, and the rest of the property is my child and me. Yes , no one can take it away.”

The face of “Su Nan” in the car changed subtly, staring at Meng Shuang gloomily with a certain emotion.

Under the gloomy light and shadow, half of the faces of the people in the car were immersed in darkness.

He could only feel the falcon-like stern eyes looking out, with bursts of chills.

She was silent for a few seconds before she said indifferently:

“Yes, they are all dead, the next one is you.”

Meng Shuang frowned, “Why are you scaring me? I was a junior, but I Didn’t destroy your family!”

“Su Nan” in the car chuckled lightly:

“Scare? I always do what I say, you forgot how Ge Zheng died?”

Her voice fell.

Meng Shuang looked at her blankly:

“How did Ge Zheng die? I heard that he committed suicide by jumping off a building. That man died as soon as he died. What does it have to do with me?”

“Su Nan” in the car frowned with complicated eyes. glanced at her.

A look of surprise appeared on his face.

“Aren’t you afraid? You saw it with your own eyes...”

Meng Shuang frowned:

“What nonsense are you talking about, I didn’t see it...”

The person in the car gave her a silent look .

Meng Shuang gritted her teeth, “What was that voice just now, Su Nan, get out of the car and tell me clearly.”

She seemed to be a different person.

The people in the car think so.

Suddenly, remembering something, he rolled up the car window and told the person in front:

“Drive.” The

car started immediately, leaving Meng Shuang behind.

The people in the car were a little flustered:

“Will Shang Qian have already begun to doubt, no, I can’t stay any longer.”

Su Zhai.

After dinner, Su Nan watched Su Qi and the children set off fireworks in the yard.

Meng Zhiying and Su Yifeng seemed to have endless things to say, and they recalled the endless past, so they went upstairs after dinner.

Su Jin and Wen Xiang were joking in the garden.

Shang Qian answered the phone and went to the other side to answer, but looked in their direction softly.

Su Nan and Ning Zhiliao were chatting and laughing, and Ning Zhiliao pointed and said what they were laughing at.

Su Qi picked up Su Lin and went to light the fireworks, Su Lin was frightened and struggled.

Su Qi tirelessly went to hug Xiaoyu and Xiaoyuer.

Xiao Yu’er also shrank in Su Qi’s arms in fear.

Only talking about the children’s heart that they want to touch fireworks even though they are not afraid of heaven and earth, it surprised Su Qi.

Ning Zhilao couldn’t help scolding: “You scared the kids, you are really bad!”

Su Qi glanced back and grinned:

“We’re really brave when we talk about it, like A puppy bear!”

Su Nan looked unhappy: “What nonsense!”

Her daughter is clearly a little flower!

It is said that the children were so happy that they didn't realize it, and wanted to go down and run in circles around the fireworks.

As a result, Su Qi scooped it up and carried it on his shoulders.

Looking at the other two little boys, they all huddled at the feet of Su Nan and Ning Zhi, and refused to step forward.

Xiaoyu Nuo Nuo hides at Su Nan's feet, her little butt sits on Su Nan's feet, and she looks at the talking child with a non-recognition smile.

Ning Zhi looked at it with a smile, and covered Su Lin's small ears.

Finally, I saw that this calm young master was also afraid one day.

Soon.

After Shang Qian finished the phone call, he walked over from a distance and saw this scene with a little more smile on his face.

The reflections of colorful fireworks were reflected in the man's eyes.

Su Nan waved, and he walked over obediently.

Subconsciously pinched Xiaoyu's little face, and then he said to Su Nan seemingly unintentionally:

"Half solved."

Su Nan looked at him in surprise, and it took a few seconds to react.

She handed Xiaoyu over to Ningzhi and took him into the living room.

"What do you mean, what do you mean by half the solution?"

After only half a day, it was half finished?

Has the murderer been found?

Shang Qian smiled and said,

"As expected, that person has already gone to Meng Shuang, and she wants to do something to Meng Shuang."

Su Nan was surprised: "What happened to Meng Shuang?"

Shang Qian patted it. On her shoulders, she spoke soothingly:

"Of course not. Am I prepared? I saw that man went to Meng Shuang and shot her. I guess he wanted to anger Meng Shuang and go to the police and bite you to death." Shang Qian pondered slightly, and a bit of sternness flashed in his eyes.

Su Nan looked at him in shock:

“Did that person see clearly?”

Shang Qian took a deep breath, “No, in order not to expose the people at that time, they were far away from them, but they heard Meng Shuang shouting ‘Su Nan’.”

There was a bit of silence in the air.

The hustle and bustle outside didn’t seem to make her feel at ease.

The intuition was wrapped in the cold, which made her feel cold.

She didn’t know when there were so many dangerous things around her.

This time the danger came quietly, and it was different from the past.

Like air, like water, everywhere.

“Is that person An Qi?”

Su Nan asked.

Shang Qian frowned and thought, and touched her hand in a heavy tone:

“I can’t be sure right now, but it’s almost time.”

Su Nan closed her eyes and took a deep breath:

“Damn, this An Qi has nothing to do with it. Seriously ill, her own marriage is not going well, but she always sees me not pleasing to the eye, can she get rid of me, she will be able to do what she wants?”

She was about to scold a few happy words.

suddenly.

remembered something.

“No, since that’s the case, why didn’t Meng Shuang listen to her, if your people stopped the other party, they wouldn’t be able to catch her.

But you can make Meng Shuang deny it without taking action. How could she let me go?

Shang Qian lowered his head and couldn’t help laughing. “

Sure enough, I can’t hide anything from you.”

Su Nan frowned at him.

Shang Qian smiled slightly: “Because in the afternoon, I asked someone to find Meng Shuang . “

“I know, you are asking someone to warn her!” “

But someone like Meng Shuang is a sloppy person, and she won’t be tight-lipped in the face of danger.

When she sees that “Su Nan” wants to harm her, she will definitely give her life to protect herself. The best way is to go to the police station. Expose “Su Nan”.

At that time, "Su Nan", who has no fame or wealth, will definitely become the object of everyone's despise. In

other words, a murderer is more suitable for her.

Shang Qian's eyes flashed a bit of complicated light, and he said warmly:

"How can a warning be possible? I just asked a psychiatrist to come and hypnotize her so that she could forget everything she told us. "

Chapter 2084

frightened the child

Shang Qian said lightly, but Su Nan's eyes widened in shock.

"Also... can it still be like this?"

She was really unheard of.

It feels like Shang Qian has really opened up a new world for her!

Shang Qian smiled slightly, giving people the feeling that he had everything in his head and had a plan.

"Okay, as long as she forgets everything, no matter how threatened by others, she won't rightly identify you.

I just broke the situation set up by that person and made it impossible for her to continue, as long as Sun Tan and Ge Zheng's If death has nothing to do with you, we are successful."

Su Nan secretly admired Shang Qian, and she looked at him with a bit of admiration in her eyes:

"Husband, thanks to you!"

She reached out and put her arms around him neck, and rubbed his face against his face.

Shang Qian hugged her waist with a smile, everything was worth doing today.

The next second, there was a coughing sound from the stairs.

The two reluctantly let go.

Meng Zhiying frowned helplessly and looked at it, "Hug, hug and hug, what a formality!"

Shang Qian was still in awe, and his face turned red when the elder said it.

Su Nan didn't care about this anymore:

"My own husband can't cuddle anymore, my godfather is really arrogant."

Meng Zhiying stared at her with wide eyes.

Su Yifeng laughed at the back:

"Tell all your godfather said, what he said, you are the arrogant!"

Meng Zhiying nodded and pointed to Su Nan:

“You owe a lesson, and dare to contradict your godfather?”

Su Nan twitched the corners of his mouth and said carelessly:

“Godfather, I was wrong.”

Meng Zhiying smiled helplessly, “This girl is really a dozen years old. No change!”

Su Yifeng sneered: “Stinky temper!”

Shang Qian stood up and said with a smile, “Where do you plan to stay during this time, Godfather? There is an international hotel not far from here, and I asked someone to stay in the presidential suite. Godfather, do you want to go to rest?”

Meng Zhiying smiled, Su Yifeng waved his hand first:

“No need, I don’t have a woman here, it’s not inconvenient, he just lives in the old house, you can take the talk and take it away, our brothers are fine. Let’s talk about the old .”

Shang Qian glanced at Su Nan, Su Nan heard the words and nodded:

“Okay, then I won’t let people disturb you, I didn’t expect you two old men to have so many things to talk about. If it were a woman, I thought I could have more than one mother!”

Meng Zhiying couldn’t help laughing.

Su Qi, who was outside, carried on his shoulders and said that the children came in, and said that the children tugged at his ears and laughed happily, and his eyes narrowed with laughter.

Su Nan saw that the time was almost up and did not want to stay here.

“It’s too late, we’re going back.”

Shang Qian nodded, Su Nan looked at them, and said with a smile:

“Then wish dad and godfather good night!”

If Meng Zhiying lived at home, it was really inconvenient to keep a few children live at home.

Su Yifeng didn’t say much, and asked the housekeeper to send him off.

Su Jin and Wen Xiang also took advantage of the situation to leave, and Su Qi and Ning Zhi also left.

Meng Yu’an was very reluctant to talk about the children, but when he talked about the children’s departure, he didn’t hesitate to leave.

As a result, Meng Yugan reluctantly held the door frame and stood there numbly, watching the direction they were leaving.

Meng Zhiying greeted him from behind:

“Xiao Yu’er, it’s almost time to go to bed, let’s go?”

Meng Yu'an walked over obediently and took Meng Zhiying's big hand.

Su Yifeng looked at him enviously:

"Such an obedient child, how did you teach it?"

Meng Zhiying smiled, "Don't be angry." After speaking, he took the boy Meng Yuan upstairs.

Su Yifeng clicked his tongue twice, "It's just to scare the children!"

... In the

car.

Shang Qian drove, Su Nan sat in the co-pilot and shook hands with him.

Talk about the children sitting in the children's chair at the back, and the eyes of the two people can be drawn.

Chang Li sat next to the talking child, still holding the bottle in his hand, and passing it over from time to time, talking about the child taking it impatiently, Chang Li breathed a sigh of relief.

Said that the child wanted to climb over, but couldn't untie the seat belt on her body at all.

He looked at Uncle Chang Li as if begging, but Chang Li pretended not to see.

Su Nan said from the front: "Who is it?"

Shang Qian knew what she was talking about, and squeezed the back of her hand with a smile:

"Don't think about it, you will know, guessing is the most useless, anyway, we The biggest threat has disappeared, and the rest depends on how the other party moves."

Su Nan also knew that what he said was reasonable.

But always involuntarily think of going deeper.

She rubbed her eyebrows, "Well, anyway, the enemy is in the dark and I am in the light, so it's useless no matter what."

Shang Qian smiled.

Dark night.

However, the light and shadow on the side of the road passed, and Su Nan's face was still bright and breathtaking.

The next afternoon.

Lin Shen received news from Southeast Asia.

"Mr. Shang, the contract has been signed. I watched An Qi sign it myself."

Shang Qian pursed his lips, his face was in shock, but he was calm and counted:

“How is she doing recently?”

Lin Shen: “Looking at her People say that she’s honest, nothing happened, she didn’t take the initiative to pick things up on Snakehead’s side, and her subordinates are still somewhat in awe of her, with her around, those people have never acted rashly.

” .

Shang Qian pondered: “So obedient, it’s not like An Qi’s style, she has never been out?”

Lin Shen nodded: “According to the person watching her, she has been staying in the villa, doing nothing. Yes, but she goes out for a walk every day, so our people don’t think she’s abnormal.”

After a while, Lin Shen said,

“Is she afraid that her son would be under our noses, so she didn’t dare to act rashly? “

After all, Fu Yunche is in City A.

For An Qi, she exposed her greatest weakness to the enemy.

Shang Qian’s eyes flashed darkly, and a cold smile appeared on the corners of his lips:

“Terrorism? She can even betray her own brother who loves her, so what else can she be afraid of, putting her son here is nothing more than It’s to divert our attention and let us relax our vigilance against her.”

Lin Shen’s face froze, and he frowned,

“Then President Shang, what should I do next?”

Shang Qian said coldly:

“Go to another group of people to watch, don’t let go of a minute and a second. Also, take the time to deal with the people who are left behind, and let the snake head seize the opportunity.”

“Yes.”

Shang Qian looked out the window with complicated eyes.

There is nothing abnormal on the surface, but behind the scenes?

He didn’t believe that An Qi would be so obedient.

Even if she is a puppet, she will have her own selfishness.

What’s more, she is still on her own territory.

Is she willing to be his puppet all her life?

evening.

An invitation was sent to Su Nan.

“Fu Yunche specially invited to talk about the children’s birthday party.”

Su Nan frowned.

“She can’t go, thank you.”

Chen Mian stood there and said in embarrassment:

“Miss Su, you haven’t asked Miss Shang yet?”

Chapter 2085

Don’t think about

going to Fu Yunche’s birthday party?

Su Nan immediately rejected Chen Mian’s proposal:

“She’s not yet two years old, and she doesn’t even remember what your young master Fu looks like!”

Besides, she didn’t want to talk about the child’s contact with the Fu family.

It’s not that she has a small heart.

It was because she felt that the Fu family was a wolf’s den, and she couldn’t get out without being bitten.

Although she felt sorry for little Fu Yunche after all, she did not feel sorry for that.

So it’s okay not to go to his birthday party.

Chen Mian smiled and said politely:

“Miss Su, President Fu has gone on a business trip. This birthday party was organized by the teachers of the school. We only paid a little money. No one from the shopping mall participated, only several children from the school participated.

For this reason, I also booked an entire playground, and there will be no outsiders. The security personnel can rest assured that no strangers will come in.”

“You don’t need to tell me this, Chen In general, you don’t know about me and the Fu family, even if it’s a child, I don’t want to communicate too closely without any grudges.”

Su Nan interrupted him bluntly.

Chen Mian knew her thoughts.

But thinking about Fu Yunche’s pitiful little eyes, he really couldn’t bear it.

After thinking about it, he took out a handkerchief in his pocket, and the handkerchief was wrapped in something.

handed over.

“Mr. Su, the young master is grateful to you for saving him. Although he is young, he has always kept it in his heart.

Did you drop this earring? He has been secretly putting it away for you, so that I will give it to you in person anyway.

Even if you don't want to have anything to do with the Fu family, but for Young Master Fu's sake, this birthday party is of great significance to him, so let Miss Talk to attend it?

I promise that Miss Talking will not be in any danger, and I will keep people around. “

Wrapped in the handkerchief was the earring she had lost in the hospital.

Unexpectedly, Fu Yunche saw it.

Although that child could not speak, it was indeed pitiful and distressing.

Seeing his earnest appearance, Su Nan remembered It was also because he cared so much about himself back then that he couldn't save his face again and again.

She paused, then lowered her eyes and said,

“I'll think about it. It 's

not easy to get Su Nan to let

go. Chen Mian didn't force her to express her position again and again.

Immediately, he handed over the invitation letter and left.

Su Nan glanced at it and threw it on the table

. One day, she would be fine.

The biggest advantage of Meng Zhiying staying here is that she directly threw the child Meng Yu'an to Su Nan.

Because after that day, Meng Yu'an shyly went to Meng Zhiying with her hands in her hands many times and asked him about him. Why didn't my sister come.

Meng Zhiying couldn't stand it, so he just let Su Nan take it away.

Su Nan couldn't do anything, there were no playmates in the old house, so he just took Xiaoyu back.

Anyway, this child doesn't cry or make trouble . Shang

Qian knows about it and has no opinion.

Shang Qian, who has always been very picky about people who talk about children's acquaintances, is more tolerant towards Xiaoyu this time.

Su Nan thinks that maybe Xiaoyu meets his conditions?

Obedient, easy to bully, can't fight back when beaten, can't fight back when scolded?

Fortunately, the space at home is large enough, and there are two servants, and it is more than enough to take care of the children.

Every time Shang Qian watched them play together, he always smiled and yearned.
night.

After Su Nan washed up, Shang Qian was not in the bedroom.

She went to talk about seeing three people playing Lego in the children's toy room.

To be precise, only Shang Qian and Xiaoyu are fighting.

Say that children are specially left to make trouble.

When they were done fighting, she tore them down, and never got tired of it.

But Xiaoyu'er was not at all unhappy, and after fighting one, he went to talk about it and knock it down.

Su Nan snorted, is he a masochist at such a young age?

After watching for a while, Shang Qian noticed her.

He stood up, touched her still-dried hair, and frowned slightly:

"Be careful of catching a cold."

He took her hand back and let the servant continue to watch the children.

Su Nan looked at him with a smile:

"It's rare that you don't have a temper with the boy who approached you."

Shang Qian smiled, "Xiaoyu'er

is well-behaved." "Really?"

Shang Qian closed her body from behind and kissed her. He kissed her hair:

"Just now, I said it was called my brother."

Su Nan looked at him in shock. They didn't have a younger brother, where did they learn it?

What's more, Xiaoyu is older than her, so he should be called brother!

Shang Qian looked at her with a smile, "Can't you see it? Tell me that the child should be missing a younger brother!"

Su Nan was stunned for a few seconds and understood in an instant.

She lightly beat him on his chest, her lustrous face flushed red, and she said coquettishly,

"Don't do this, I won't give birth, you will give birth yourself."

Shang Qian was not angry at all, and put his arms around her. With a slender waist, he gently kissed her side face condescendingly, and the man enveloped her coldly and warmly:

“If you don’t give birth, you won’t give birth, then I’ll hug you.”

Su Nan twisted her waist to avoid his hand:

” Do you touch me or hug me?” Shang Qian: “What do

you think?” The police have not found any clues about the deaths of Sun Tan and Ge Zheng. It can only be concluded by suicide. The contract Su Nan did not pursue further, and naturally fell into Meng Shuang’s hands. Not to pity Meng Shuang, but to pity the child in her belly. Right now, Meng Shuang is almost excluded from the entertainment industry and has no source of income. Perhaps Su Nan was extra tolerant to Meng Shuang, who was also about to become a mother, because she also had a child. The police’s closing of the case is almost a big improvement for online comments against Su Nan. At least those navy who bought abroad won’t jump up again. Meng Shuang didn’t know if she was frightened that night. In addition to the driver and servant, she also prepared two more bodyguards. Although her wrist is not big, her trip is quite grand. This scene was photographed and she was ridiculed by netizens. In a blink of an eye. Fu Yunche’s birthday is coming. Su Nan didn’t mean to go, but Su Lin’s little friend made a fool of himself.

He came back from school, brought talk and Xiaoyu, and went directly to the playground.

However, he is still relatively comprehensive, and takes two servants to take care of him personally.

When Su Nan knew about this, they all arrived at the door.

She couldn’t worry about it, so she asked Chang Li to send her there.

on the way.

By the way, I called Su Jin to complain.

Su Jin didn’t even know that Su Lin was going to Fu Yunche’s birthday party, and was immediately furious.

Su Jin’s anger could be heard on the phone.

Su Nan was not angry for a moment.

“Don’t be angry, eldest brother, I’ll bring my anger back now. Children may value their friends too much. This is a sign of attaching importance to friendship.”

Su Jin sneered: “No nonsense, attach importance to friendship with the people of the Fu family, It’s us who are cheap, you go first, and I’ll find someone to pick them up.”

“Brother, forget it, I’ll just take them back, I knew I wouldn’t tell you.”

Su Nan muttered and hung up.

Su Lin is very similar to Su Jin.

Whatever you decide, do it no matter what.

As expected of a father and son!

Chapter 2086

I like you so much , I

went to the playground.

Su Nan remembered that Fu Yechuan paid for this place.

He's been in a car accident here before.

There are a lot of people around the door now.

When Su Nan arrived at the door, someone recognized him.

Chen Mian walked over in surprise:

"President Su, I didn't expect that you would come here to admire your face!"

Su Nan twitched the corners of his mouth:

"My daughter, Su Lin, and Xiao Yu'er are all here, right?"

"It's here, They are all playing inside, don't worry, there is no outsider!"

Chen Mian almost raised his hand to swear.

In fact, if any of the Su family's children had an accident, he wouldn't be able to afford it.

So in terms of security, that's 10,000 cautions.

It was also to make poor Fu Yunche happy for such a day.

He was looking forward to this birthday party, really looking forward to it for a long time.

As he was talking, Fu Yanni and Lu Yuning next to him came over in the distance.

Fu Yanni, as always, looked at Su Nan and smiled:

"Su Su, your precious daughter is really a little bully. A group of big ones can't beat this little one."

Su Nan said with a smile. He pulled his lips:

"You dare to let her lose a hair, I will bald you."

Fu Yan and Ni San rubbed his head, afraid to speak.

Lu Yuning went over to say hello gently:

"Miss Su, welcome, Miss Shang is very lively and cute, the children like it very much, and I have been playing with them for a long time now."

Su Nan raised her eyebrows, this is more pleasing!

Lu Yuning said with a smile: "Let's go to the room and wait, there are children there."

Su Nan paused, "I'll take a look first, after all, it's Master Fu's birthday, why don't you say hello? I also prepared a gift!"

She said, taking out a small gift box in her bag.

Just randomly found an unopened toy at home and went out.

Fortunately, the toy room I mentioned is big enough, and there are one or two missing items, and I can't see it.

Lu Yuning's face stiffened, but he nodded with a smile.

"Okay, shall I take Miss Su there?"

Su Nan nodded.

Then he glanced at Chang Li, who immediately understood and followed.

Lu Yuning's eyes flashed, "This is..."

Su Nan smiled: "Bodyguard."

"Miss Su, we are very safe here, if you bring people in, you may frighten those children! "

Lu Yuning frowned gently, as if embarrassed.

Su Nan glanced at her and smiled kindly:

"Oh, you're not scared, but I'll pay for it." After

speaking, she walked inside on her own.

Lu Yuning froze for a moment, listening to Fu Yanni smiling and opening:

"This Susu is getting more and more timid, you should let him in, or if she gets angry, the banquet will end."

Chen Mian immediately Nodding, "Yes, what Miss Su says is what she says."

He looked at Lu Yuning with a bit of indifference, and his tone was blunt:

"You are only responsible for taking care of Master Fu, nothing else."

Lu Yuning nodded embarrassedly, as if a little wronged.

Fu Yanni was very distressed, and looked at Chen Mian with a tut:

"She is also kind, don't scare her, be careful that I will sue my second uncle!"

Chen Mian smiled and walked in without saying anything.

Lu Yuning took a deep breath and looked at Fu Yanni:

"I'm nothing, just understand my kindness."

Fu Yanni nodded immediately:

“Of course I understand you!”

Lu Yuning smiled shyly and reassuringly before turning around and walking inside .

Child Su Lin watched Aunt Su Nan come over and immediately stood up:

“Auntie, we...”

Su Nan glanced at him, both angry and helpless.

She couldn't blame Su Lin's self-assertion, how could a child who is only a few years old know that people's hearts are sinister?

Just a little fortunate, fortunately, she came in time and nothing happened.

It was said that the children were happily surrounded by other people. She was the youngest, but she was not at all stage frightened. She looked at the underwater world in the transparent glass and exclaimed with everyone.

Meng Yu'an also ran around talking and was very happy.

On the other hand, when little Fu Yunche saw Su Nan coming, his eyes lit up with joy.

He ran over, looked up at her with a smile, took out a pen and paper, and wrote crookedly: “Hello, Auntie.”

Su Nan smiled, “Hello, happy birthday.”

No matter what, she and Fu Yunche had no grudges.

Fu Yunche was so excited that he did not expect Su Nan to come, and suddenly thought of something.

Dig it out in his pocket, take out something in the palm of his hand, hold it carefully, and hand it over.

Su Nan looked very familiar.

Isn't this the earring that he left in the hospital?

It was actually in Fu Yunche's hands?

When she went back, she forgot about it.

I didn't expect a child to be so attentive and take it with him.

She picked it up and smiled:

“Thank you, it turns out that you found it, and Auntie has been looking for it for a long time!”

Fu Yunche shyly lowered his head and smiled.

It feels really good to be praised by my aunt.

Su Nan brought the prepared gift over, and Fu Yunche hugged the toy very happily.

Su Lin took her sister's hand and walked over, and said with a smile,

“Sister, wish brother Yun Che a happy birthday?” Said the little girl wanted to throw herself into Su Nan’s arms when she saw Mommy.

Su Nan squatted down with a smile, talked about holding her in his arms, and rubbed her cheek affectionately.

Su Lin was a little helpless about this sticky talk, but Fu Yunche looked at his younger sister with a gentle gaze, with indescribable joy in his eyes.

Su Nan looked at Fu Yunche’s expectant gaze and smiled:

“Tell me, I wish big brother Yun Che a happy birthday!”

Now the talking children can actually speak in full.

Just to see how she feels.

Talking about the little boy tilted his head and looked at Fu Yunche, he blinked cutely:

“I wish brother.”

Everyone waited for her next words.

The result is gone.

Say that the child has gone too far.

However, Fu Yunche had already narrowed his eyes with a surprised smile.

Su Lin couldn’t help laughing, and took the little hand that said,

“Sister, let’s go see the dolphins!” The

little boy nodded excitedly.

Meng Yu’an even more excitedly ran over and grabbed the hand that was talking, sticky and refused to let go.

Fu Yunche was about to follow him.

He heard light footsteps coming from behind.

The expression on his face stiffened slightly.

No one noticed this subtle change.

“Master, you haven’t taken your medicine yet, come here!”

Lu Yuning held two medicines in his hand and handed them over with a glass of water.

Fu Yunche froze for a moment, looked up at her, and ate it honestly.

Lu Yuning smiled with satisfaction:

“Go play and take good care of your friends!”

Fu Yunche nodded obediently before running away.

For a while, only the two of them were left.

Su Nan raised her eyebrows, "Ms. Lu is adjusting well in Fu's house, Master Fu likes you so much?"

If you don't like it, why would you obey a stranger?"

Chapter 2087

The rescuer

Lu Yuning smiled embarrassedly, gentle and pure.

It's hard to make people think in a bad light.

"Actually, it's my luck to find this job. Master Fu is very easy to get along with. When I find my brother, I can leave."

Su Nan smiled, "Yes, Master Fu is very easy to get along with."

They After seeing it a few times, Fu Yunche gave her a good impression.

Su Nan watched from a distance and talked about the children. Although he didn't follow him, he didn't let down his guard for a while.

Lu Yuning said a few words next to her, and was busy with other things.

After all, if a nanny talks too much, it will make people feel suspicious.

Su Nan stood for a while when the phone rang.

It is Shang Qian.

Shang Qian knew about this, but he didn't get too angry, at least he couldn't put his anger on Su Nan.

"Take people away after playing for a while, don't delay for too long."

Su Nan replied, lowered his head and smiled:

"I know, I will send people to my dad in a while."

Shang Qian: "Thank you, baby, I really don't worry about sheep entering the tiger's mouth."

Su Nan chuckled softly: "Who is a sheep? Your daughter is like a little bully here!" The

two hung up after a few words.

Su Nan laughed and looked into the distance, when suddenly a group of people gathered in the area where the dolphins were performing.

She froze in her heart, and was about to run over when she suddenly saw Lu Yuning hugging and saying that the child ran out.

Su Nan was shocked and immediately raised his foot.

“what happened?”

With a sharp tone, she held the talking child in her arms.

Said that the child was wet all over, crying and lying in Su Nan’s arms, hugging her neck tightly.

In an instant, Su Nan was in a panic.

She patted the back of Talking lightly, “What’s the matter, baby, talk to Mommy!” She couldn’t say a word, and she burst into tears.

torment her heart.

Lu Yuning was soaked all over and stood there with a pale face.

“Miss Shang accidentally fell into the water just now. Fortunately, nothing happened...”

Chen Mian hurried over when she heard the movement.

“What’s wrong?”

Lu Yuning repeated what happened just now.

Talk about the children running around the pool naughty, wanting to play with the dolphins in the water.

Su Lin chased after her but didn’t catch up, and fell into the water accidentally.

When Lu Yuning saw it in time, he desperately picked up the talk.

Chen Mian was shocked, ten thousand worried and afraid.

“What’s the matter, isn’t there a special coach there? How can you let children play around?”

Su Nan glanced at them indifferently, and patted the children gently.

She knew that she couldn’t let the people who talked about the Fu family, look, bad luck!

Lu Yuning also shook his head innocently, expressing his ignorance.

Chen Mian looked at Su Nan and pursed her lips with difficulty:

“Miss Su, I’ll ask the doctor to come here. Don’t worry, I’ll give you an explanation.”

Su Nan glared at him, “It’s better, Mr. Chen, otherwise don’t blame me for being ruthless.”

Chen Mian was horrified.

Su Lin ran in worriedly, like a child who had done something wrong, looking at Su Nan and talking about her sister nervously.

“Aunt, is your sister okay?”

Su Nan glanced at him, “See the doctor first, don’t stay here, go back with me.”

Su Lin didn't dare to delay any longer, nodded and left.

Fu Yunche followed, with a bit of complexity and fear in his clear eyes. He wanted to touch and talk about it, but he seemed very guilty.

Just as he was about to touch Talking's leg, he was suddenly pushed away.

Fu Yunche was pushed to the ground.

Xiao Yu'er stood there angrily, her body also wet.

Su Nan frowned in shock, "Xiaoyuer, what's wrong with you?"

Xiaoyuer pointed at Fu Yunche and complained directly:

"He pushed it!"

Su Nan's eyes were shocked.

Immediately, he looked at Fu Yunche with complex vigilance.

Fu Yunche shook his head in a panic, his whole body tense, tears welling up in his eyes, guilt and self-blame flashing in his eyes.

Su Nan frowned.

It happened that someone sent two bath towels, and Su Nan immediately told the children to wrap them around.

Chen Mian also surrounded the drenched little fish with sharp eyes.

"Children, you can't talk nonsense, did you read it wrong?"

Chen Mian's voice was hoarse, he did not believe that Fu Yunche would do such a thing.

Xiaoyu snorted coldly and stood there:

"No!"

Su Nan's eyes sank, and he looked at Chen Mian:

"There should be surveillance. It's not good for your Fu family to spread this out. Go and watch it now, so as not to look back and the surveillance will be broken!"

Chen Mian heard Su Nan's words. threat in.

He hurriedly called someone to adjust the monitoring.

The doctor came over and showed the child a look:

"Miss Su, the child was just frightened, no water was poured in, it's not a big problem."

Su Nan breathed a sigh of relief, clicked his tongue, and remembered that the child can swim.

It was Shang Qian who found a world-class coach to teach him personally.

Just scared.

Really scared again and again.

Talking about the little boy who was in Su Nan's arms and didn't speak.

Listless.

Chen Mian took the pad out and didn't dare to delay.

"Miss Su, this is the surveillance video."

During the process, Lu Yuning had already gone to change a piece of clothes.

Xiaoyu refused to change his clothes, so he stood beside Su Nan, holding his little sister's little hand and watching.

Fu Yunche stood there as if he had done something wrong, not moving.

Su Nan took the video and watched it patiently.

Talking about running around, Su Lin accidentally slipped while chasing.

Then Fu Yunche went after him.

Just when he was talking about the children going to play with the dolphin, the dolphin stepped back a little and said that he wanted to chase, but Fu Yunche, who was behind, touched her back just in time.

At that time, it may be pushing her, or it may be saving her.

However, it doesn't look like it was calculated in advance.

At the moment when Meng Yu'an, who was opposite, saw that the child fell into the water, he suddenly jumped in to save someone in a hurry.

It's a pity that he is too young and swims very slowly. By the time he swam to the middle, Lu Yuning had already jumped in and fished him up.

Su Nan's eyes slowly slowed down, and he already had a scruple in his heart.

She slowly turned her head and looked at Meng Yugan.

"Xiaoyu'er jumped down despite the danger in order to save her sister, thank you auntie."

Xiaoyu'er shook her head, looking at the little child pitifully with her white face.

I can't wait to feel bad for her!

Chen Mian stood there, "Miss Su, I was not thoughtful today. There are too many people here, and the two coaches can't handle all the children."

He was really ashamed. Will not let talk about children in any danger.

But in the blink of an eye, he was slapped in the face!

If Fu Yechuan found out...

he was immediately frightened, and the consequences would be unimaginable.

Su Nan looked at him with indifferent eyes, took out an earring from his pocket and handed it over:

“Mr. Chen, I hope this is the last time, don’t use these fake things to play emotional cards in the future.

I won’t connect my own things. I can’t even recognize it. Master Fu is a good boy, but it has nothing to do with me.

No matter whether this is right or wrong, our children don’t want to have anything to do with the Fu family, understand? “

Chapter 2088

is nothing to

hear.

There is a bit of indifference in the air.

Chen Mian nodded immediately: “Understood, President Su.”

Su Nan looked at Lu Yuning and smiled gently:

“Thank you Miss Lu, I will send the thank you gift when I look back.”

“Miss Su is welcome, tell me how cute she is . Child, no one wants her to be hurt at all!”

Lu Yuning looked at her sincerely: “It’s fine, the little one.”

Su Nan thanked her from the bottom of his heart.

I was not aware of it for a while, and almost saved the negligence.

So far, I’m really scared into a cold sweat.

Before, because of Lu Yuning’s weirdness, she was a little wary of her, but now she has relaxed.

Su Nan retracted his eyes, hugged and talked, and looked at Xiao Yu’er:

“Let’s go, go home.”

Xiao Yu’er glared at Fu Yunche and Lu Yuning before turning around and trotting away with Su Nan.

Chen Mian patted his chest in fear and looked at Lu Yuning:

“Thanks to you.”

Lu Yuning smiled, “It should be.”

Only Fu Yunche stared blankly at Su Nan with a talk and pushed the door away.

His eyes were a little lost and confused.

She asked him to push, but he didn't move.

When he saw that his sister fell into the water, he wanted to save her.

Su Nan hugged him into the car, looked at the listless man, and felt a sudden pain in his heart.

"Is there anything else uncomfortable, baby? Tell Mommy, and Mommy will give you whatever you want!"

Said the child blinked and raised his eyes:

"I want Ultraman."

Su Nan: "..."

Xiaoyuer sat beside and pulled the child's arm:

"I have it, for my sister. !"

Talking about the child, the corners of his mouth curled up happily, "Yeah!"

Su Nan: "..."

Su Lin, who was sitting in the front, said nothing and was very silent.

Su Nan thought he was blaming himself for what he said.

"Angry, my sister is fine, do you want to talk to her?"

Su Lin blinked her eyes slightly red:

"Aunt, I shouldn't have brought my sister."

Su Nan softened, "My sister is still Little, even if you want to go out to play, you have to have adults watching, you can't take care of yourself yet, so next time you can't take your sister away silently!"

Su Lin nodded solemnly.

Su Nan patted his head:

"Okay, auntie knows you are a good boy, so I don't blame you this time."

Su Lin sat there with her eyes down, "It was Yun Che who said he wanted to meet and talk about his sister, so I brought it with me. She went."

Su Nan frowned slightly, something flashed through his mind.

But she didn't seem to catch it.

When they arrived at the old house, they asked the housekeeper to take the two children to take a hot bath and drink ginger soup.

Su Yifeng's distressed tears almost fell.

However, Mr. Meng Zhiying is very calm:

“This girl in your family is very real, and there are so many people. Even if someone really wants to do something, they won’t choose it on the Fu family’s young master’s site. Isn’t it obvious that they want to provoke relations?”

Su Yifeng snorted coldly, the first This time, he gave Meng Zhiying a cold face:

“It’s not your grandson who dared to fall off!”

Meng Zhiying rolled his eyes speechlessly: “

My grandson jumped off!”

Su Yifeng looked at Xiao Yu’er, and the more he looked, the better he looked : “My dear , saving granddaughter of grandfather, what reward do you want?”

Xiao Yu’er blinked, pointed to the child who was playing with toys on the carpet, and said,

“I want a sister.”

Su Yifeng choked.

Meng Zhiying raised his head and laughed.

Su Nan smiled and shook his head.

No one took this joke to heart.

...

in the playground.

Originally, as soon as Su Nan left, Chen Mian was in no mood to continue the banquet.

He was hesitating whether he should tell Fu Yechuan the truth.

Fu Yechuan was on a business trip and didn’t know about it.

Just as he was hesitating, Lu Yuning came over timidly.

“Assistant Chen, President Fu is already on his way here.”

Chen Mian was surprised.

Fu Yanni came over and sighed:

“If you know it, you know that the second uncle is not an unreasonable person. Yuning, you have done a good job, the second uncle will definitely be grateful to you.”

Lu Yuning nodded with a smile.

“Then let’s wait for Mr. Fu to cut the cake, shall we?”

Fu Yunche sat there listlessly without saying a word.

He has been like this since Su Nan and the others left.

Twenty minutes later.

In everyone's eyes, Fu Yechuan finally came.

With a bit of anger on his face, he looked at Chen Mian, his eyes were slightly cold, and his tone was solemn:

"Chen Mian, when will you be my master?"

As soon as he came in, he asked.

Chen Mian trembled.

He swallowed his saliva, knowing that Fu Yechuan already knew the whole thing.

That's right, this is Fu Yechuan's territory, and the people here are all from Fu Yechuan, not just him.

Naturally someone will report to him.

"I'm sorry Mr. Fu, it's my fault."

Fu Yechuan's eyes were cold, "You like to make your own decisions so much, you don't have to stay, there is another position in Africa that suits you."

Chen Mian raised his head abruptly, startled.

Seeing Fu Yechuan's unhesitating appearance, he couldn't help sinking in his heart.

Like being struck by lightning.

He opened his mouth, but nothing came out.

He deserves it.

If he hadn't come to beg Su Nan, how could he have brought them danger?

Lu Yuning plucked up the courage and said,

"Mr. Fu, in fact, you can't blame Mr. Chen for this, it's just an accident. Miss Su's daughter has nothing to do. Today is the young master's birthday. Why don't we cut the cake first?"

She greeted Man pushes the cake over.

Then he pulled Fu Yunche up again and said with a smile,

"Daddy came back here on purpose to celebrate your birthday, are you happy?"

Fu Yunche didn't have time to react.

Fu Yechuan slammed away the utility knife handed in front of him with a cold face:

"What's so good about this birthday? My own birthday almost hurt others, and I still have the face to celebrate my birthday?"

I said, out of obligation, I will Raise you to grow up, but don't even think about the rest."

After speaking, Fu Yechuan turned cold and left.

The rest of the air suddenly fell silent.

Chen Mian moved, because of his professional qualities, he still had someone clean up the place and send everyone else home safely before leaving by himself.

He looked at Fu Yunche, sighed, said nothing, and left by himself.

At first, Fu Yunche blamed Su Nan and talked about the children.

But when he turned his head, he was sluggish and sad because of Fu Yechuan's attitude.

As if the clouds passed, life was bleak immediately.

Waiting for everyone to leave.

Lu Yuning said goodbye to Fu Yanni and took Fu Yunche into the car.

As soon as she got in the car, her expression changed.

"Useless things have been here for so long, and your daddy doesn't even want to look at you!"

Fu Yunche sat there dully, with panic and horror in his eyes.

Lu Yuning couldn't help but pinched him hard, his eyes were cold and fierce:

"Because you can't speak, he feels ashamed, it must be like this, you are crying, shouting!"

Fu Yunche burst into tears. fell out.

But just can't make any sound...

Chapter 2089

in vain

Shang Qian looked at the investigation data on the desktop, with the words Lu Yuning written on it.

With dark eyes, he raised his hand and tapped on the table.

Rong Yi stood there, "Mr. Shang, these are the information you asked for. According to the investigation, this Lu Yuning is indeed from the countryside. She has a brother who was beaten to death in the street because of a fight half a year ago. She has gone to the countryside, so she still doesn't know about it."

Shang Qian's eyes flashed dimly:

"What about the photos? Photos of her since she was a child!"

Rong Yi stood there in embarrassment:

"President Shang, Because the traffic in her village is blocked and the information is not smooth, she has no student registration file when she goes to school, and there is no record from the public security, no photos... No."

Shang Qian looked up at him with a deep face . Good-looking:

“So, no one can prove that the current Lu Yuning is Lu Yuning?”

Rong Yi was a little confused, “You suspect there is something wrong with her? But isn’t there news from Lin Shen that An Qi is very honest in Southeast Asia? ?”

There was a bit of chill and impatience in Shang Qian’s eyes:

“Be honest? Have you ever seen a wolf in a cage that has been obedient?”

As soon as he said it, Rong Yi was completely silent.

“Do you suspect that Lu Yuning is An Qi?”

Shang Qian was silent.

He can’t be sure now.

But he could feel that this Lu Yuning had a very familiar feeling.

It was a sense of contempt for human life.

soon.

Su Nan called.

She directly told Shang Qian what happened today.

Shang Qian’s face changed, “I see, I’ll go right now.”

He took his clothes and went out.

“Mr. Shang, where are you going?”

“Go back to the old house.”

Someone moved his head, how could he still sit peacefully?

Su Lin was taken back by Su Jin. Seeing Su Jin’s temper, Su Lin probably wouldn’t easily escape.

But it’s good to say that children are big-hearted.

Seeing Shang Qian come back, he forgot what happened to him, and happily went to ask for a hug.

Su Nan and Shang Qian coaxed about the children and didn’t go back until evening.

Su Yifeng left the talk, and Su Nan went back with Shang Qian.

People on the Internet are lamenting Meng Shuang’s withdrawal from the circle.

Human nature is like that.

When she was in the circle, she was criticized for various things, and she was scolded for being a mistress.

But she said she would quit, and everyone came out to regret her future.

Some even thought she was wronged.

Su Nan glanced at it and said nothing.

Shang Qian wasn't in a good mood, so he held her hand tightly and didn't speak.

Su Nan looked at him sideways for a while before leaning over gently:

"Are you still worried about the day?"

Shang Qian replied, his voice was cold, he touched her hair, and his heart softened:

"Are you frightened too?"

Su Nan blinked, "I watched the video, and it seemed that I accidentally fell into it. If this matter is to be investigated, it will be difficult to find a reason."

Shang Qian's face was cold, and his warm facial features seemed very calm in the dark:

"I won't let my daughter suffer in vain."

There was a bit of coolness in his voice.

Su Nan sighed and said nothing.

She was very afraid to link the previous deaths of Sun Tan and Ge Zheng with the incidents of distress they talked about today.

Inexplicably afraid.

She told him about Lu Yuning and asked him how to thank her.

Shang Qian didn't say anything, just smiled:

"Don't worry, just leave it to me." The

next day.

Only then did Su Nan know that Shang Qian went directly to let someone buy a few luxury goods and a card to send to Fu's house.

But it was returned intact.

Looking at those things, Shang Qian fell into contemplation.

Su Nan looked at it, "Miss Lu is really polite, all these are well deserved."

Shang Qian hooked his lips, and smiled casually with a bit of sarcasm.

"A woman who came out of the mountains needs money the most. The money and things I sent have been returned. What does this mean?"

As soon as Shang Qian guided him, Su Nan knew where the problem was.

Lu Yuning should not refuse, at least not decisively.

It's like they don't care about money at all.

But she can go to Fu Yechuan's house as a nanny for money and survival.

Why didn't you accept the thanks from Su Nan and Shang Qian?

Is it because she wants to make Su Nan and Shang Qian feel ashamed, or because she wants them to smooth out their prejudice and doubts against her?

But this is exactly the opposite.

Su Nan didn't doubt Lu Yuning's motives at first.

But now, she had to think on the other side.

The divorce of Sun Tan and Ge Zheng has not been settled, and the two are still husband and wife.

Although it is not over yet with the police, the funeral cannot be delayed any longer.

Sun Tan's family has set a date for the funeral.

Su Nan received the news and went with Shang Qian.

Sun Tan's parents are very sad.

Back then, Sun Tan insisted on being with Ge Zheng, but they did not agree.

But Sun Tan and Ge Zheng left, and the result was that the white-haired man sent the black-haired man.

Su Nan and Shang Qian came out within a few minutes.

Just subconsciously, Su Nan seemed to see a familiar person in the crowd.

Su Nan tugged at Shang Qian's arm:

"Isn't that Meng Shuang?"

After not seeing her for a few days, her stomach seemed to have become more obvious.

Shang Qian narrowed his eyes, "Yeah."

Su Nan sighed: "She can really get here. If Sun Tan's parents knew that she was the third child who destroyed their family, they would be beaten out with a broom."

Shang Qianqing She smiled and said, "How could she be so stupid?"

Su Nan raised her eyebrows: "Yes."

After a while, Meng Shuang came out, her face was very good, her lips were red and her teeth were white and she was energetic.

It seems that quitting the circle is not a bad thing for her.

After all, almost all the money in Ge Zheng's hands is now in her hands.

Of course she can now enjoy life leisurely.

Meng Shuang smiled at them when she saw them.

“Miss Su, President Shang, what a coincidence?”

There was no sadness on her face.

Shang Qian didn't want to talk to her. Su Nan thought about what happened before and looked at him:

“You go to the car and wait for me first. I'll leave after a few words with Miss Meng.”

Shang Qian frowned, but nodded in agreement . .

Meng Shuang looked enviously at the back of Shang Qian leaving, and sighed:

“Mr. Shang is really obedient, Miss Su has trained him very well.”

Su Nan: “Miss Meng quits the circle, this is going to take over Ge Zheng's company Already?”

Meng Shuang was stunned.

Then laughed.

“His father-in-law and mother-in-law are here. Naturally, it's not my turn. It's just that his company doesn't have much money. I have enough money to support me and the children. I would like to thank Miss Su for raising your hand.”

Su Nan pursed her lips. Watching her touch her stomach, her emotions were a little complicated.

It is shameful for Meng Shuang to be the third child, but she was surprised that she didn't abort the child immediately.

“You're welcome, Miss Meng, do it yourself.”

As soon as Su Nan finished speaking, she suddenly saw Meng Shuang's face change and looked behind Su Nan in horror.

“what.....”

Chapter 2090

surfaced

, “Su Nan be careful—”

Shang Qian pushed open the car door violently.

Su Nan's expression froze, and suddenly he felt the wind blowing from his back.

Suddenly.

She reacted very quickly and ducked forward, bowed down and lowered her body.

Meng Shuang was so frightened that she took a few steps away, accidentally tripped over a stone on the ground, and clutched her stomach in pain.

Her face was pale.

in the next second.

The person who suddenly appeared behind chased after Su Nan.

Some kind of liquid was raised high in his hand.

Su Nan quickly lowered his head and picked up something, and smashed it backwards.

“Ah—”

a scream.

The opponent’s original rushing action was suddenly shocked, and he stood in place in pain.

Bleeding.

The brick she threw shattered in half.

The man covered his head, squatted on the ground, and howled in pain.

The glass bottle she was holding also shattered, and the liquid splattered all over the floor.

Like some kind of corrosive chemical.

Su Nan was terrified, and before he could react, Chang Li had already twisted the person very quickly.

Pulling her head up by the hair.

Su Nan’s expression changed.

Shang Qian also ran over, his eyes full of coldness.

He lightly touched Su Nan’s shoulder and comforted him, before turning his head to look at the man who did it.

For some reason, they all have a gut feeling.

It seems that the deaths of Sun Tan and Ge Zheng are about to come to an end.

Meng Shuang, who was not far away, was still sitting on the ground clutching his stomach, blood all over his body.

She cried out for help in pain.

Su Nan glanced at her, then went to see Shang Qian.

Shang Qian disliked it, and didn’t want to care about her at all.

He took a step forward and stared at the woman on the ground with dark eyes:

“Who are you?”

The woman on the ground was forced to kneel on the ground and raised her head.

The reason why they were so shocked was because they all discovered this woman, and the facial features with the nose up resembled the same person – Su Nan.

Su Nan was secretly startled, seeing that this woman looked like her, but her nose was a little short, and it seemed that she had some stuff on it.

When it comes to the mouth, it's completely different.

This woman's mouth is too large, almost occupying half of her chin, which is very beautiful.

So she kept her head down, and now she was forced to raise her head, the anger in her eyes was like looking at the enemy.

The woman glared at Su Nan:

"I'm a fan of Meng Shuang, I saw how difficult it was for her to get to where she is step by step, you forced her to get out of the loop, I won't let you go Oh, why do you bully our sister!"

Su Nan froze, never dreaming that it was because of Meng Shuang?

She frowned, and the woman looked at Meng Shuang, who was lying there, feeling remorse and guilt:

"Sister Meng Shuang, I'm your big fan, I know you're being forced, and I won't let capital bully you. Yes, that child of yours is gone, and you still have a good career in the future, we are all looking forward to your new drama!"

Meng Shuang was speechless in pain, but her face turned pale and blue when she heard these words, as if his eyes were on fire:

"Fuck you!"

She bit her lower lip and looked at Su Nan: "Please, save me, save my child!"

Su Nan glanced at Shang Qian, "Call an ambulance.

" A life was lost, and she didn't want to watch another person have an accident.

What's more, the child is innocent.

Shang Qian took Su Nan's shoulders and took out his phone to make a call.

The man who was caught on the ground and couldn't move, raised his head and laughed madly:

"Sister Meng Shuang, I'm here for your own good, children will only drag down your career, look at Xiaohua, who is at the same stage as you, how can you get married? Have a child? How can you still perform well when you have a child?" The

woman looked at Meng Shuang excitedly:

"I solved so many troubles for you, how come you don't know how to seize the opportunity?"

Su Nan looked at Meng Shuang in shock. She:

“What do you mean? You solved the trouble?” The woman raised her eyebrows, squinted her eyes and smiled smugly, with a bit of blood in her eyes:

“Yes, Sun Tan and Ge Zheng are both me. It’s solved, why, if you’re not lucky, you’ll be next!” As

Chang Li exerted force on his hand, the woman cried out in pain.

Shang Qian took Su Nan a little further.

After a while, the police car and ambulance arrived.

They took Meng Shuang away, and the police took away the woman on the ground.

Su Nan clutched his chest, terrified.

Before it was over, she felt a cold sweat on her back.

I suspected that it was An Qi before, but now she is a fan of Meng Shuang?

Shang Qian put her arm around her and got into the car, Su Nan let out a breath, and her face was slightly pale:

“How could it be...”

Shang Qian glanced at her and instructed Chang Li:

“Follow to the police station. “

Chang Li nodded and nodded directly to follow.

This incident happened before the funerals of Sun Tan and Ge Zheng were over.

It seems to be a coincidence of God’s will?

Su Nan looked at him, Shang Qian’s face was solemn, and he seemed to be thinking about something. to the police station.

They also just got a call.

Meng Shuang’s child was not saved, but the adults have no life worries.

She insisted that she must bring the murderer to justice.

The police interrogated the woman who resembled Su Nan.

They didn’t wait long and the results came out.

Under pressure, she confessed to the deaths of Sun Tan and Ge Zheng.

How did you kill it?

For Sun Tan, it’s very simple.

She had been following her for a long time, and happened to be a nurse in that hospital again.

After Su Nan left Sun Tan's ward, she went in.

In order to vent Meng Shuang's anger, she pushed Sun Tan down the window.

For Ge Zheng, it was more troublesome.

She followed Ge Zheng to the Su Group that day, and then returned to the apartment from the Su Group.

She wore a mask, showing only half of her face, and put medicine in the water he wanted to drink.

When Ge Zheng was messing around on the balcony, she heard the movement and ran out.

The moment he saw Meng Shuang, just in time, Ge Zheng fell.

So the two murders came to an end.

Looking at this result, Su Nan always felt that something was not right.

"It's that simple? Can a woman plan such a thing?" The

policeman: "That's the result of the investigation, and everything makes sense."

Seeing that Su Nan still had questions, the policeman coughed:

"Miss Su, actually This kind of thing is not uncommon. Some crazy fans think they are good for their idols and always do things that go beyond the bottom line of the law.

She has a history of stalking actors. We have a record here. Before she ran to an actor's house After hiding for half a month, secretly filming and taking medicine and doing everything, this Meng Shuang is also relatively unlucky, and is entangled by such fans.

This person is involved in a case this time, and we will not let her go here. "

Su Nan was shocked . Heart beating like a drum, beating uneasily.

She had only heard of it, but did not expect such an exaggeration.

Shang Qian, who was beside him, patted the back of Su Nan's hand, and said with a thoughtful smile:

"Okay, if someone catches it, I would like to ask the police to issue a relevant notice, so as not to let the public think that my wife is related to this case."
