### **Chapter 2141**

is that you took the initiative and then closed the door outside and slowly locked it.

“Go ahead, in order not to make people suspicious, I have to lock this place. This is also delaying time for you.”

She said, and slowly put the lock back on.

Qin Yu should be happy.

But she always had a vague feeling in her heart that something was wrong.

I don't know why, I'm a little nervous.

On the 26th floor, she gritted her teeth and ran down.

She couldn't remember when the specific birthday of Mr. Su was, but it was vaguely this season.

She just ran two floors excitedly.

Just look at a person standing there.

moment.

Her whole body was cold and stiff, like falling into an ice cave.

“Miss Qin, I haven't seen you for a long time. I have been waiting for you since I was driven here to watch the show.”

The person standing there seemed to have been waiting for her, not surprised, and smiled wryly at her.

He was the skinny tension that was beside Mo Xian before.

Qin Yu was very disgusted with him, because his manners and eyes were no different from those of stinky hooligans.

Now...

She raised her foot and ran up, but ran to the door of the safe passage and found that it was locked.

Yes, Amei is locked.

Qin Yu's heart was full of chills and kept sinking.

The strings in her head suddenly snapped.

From taking the initiative to talk to reveal that Su Yifeng is downstairs in Sydney where her birthday is celebrated.

When she met Amei who took the initiative to help her unlock and leave here, just to let her fall into the hands of this thin guy?

Everything seemed to suddenly become clear.

Maybe this is their plan!

Her face became more and more ugly, and she heard the footsteps approaching slowly and gradually, as if a thin thread was strangling her neck.

The man in black in the corridor didn't look this way at all, and the locked door cut off her hope.

Zhang Li rubbed his chin, approached obscenely, raised his eyebrows, and looked at Qin Yu's dress up and down:

"Miss Qin wearing a waiter's clothes is also a special feeling, unfortunately, the boss can't appreciate it..."

Qin Yu's face changed a few times, calming herself down:

"You know that I'm Mo Xian, how dare you touch me? Why, if you want to kill me, you won't be afraid of Mo Xian's revenge for me if you kill me. Is it?"

After listening to Zhang Zhang, there was a bit of chill in his eyes, and he raised his head and smiled.

"Vengeance? Do you value your position in the boss's heart too much? He just wanted to use you when he arrested you. Do you think he really likes you?"

Qin Yu's eyes narrowed, and her heart clenched fiercely. She deliberately said:

"What do you mean? He can drive you and Amei out for me, doesn't he pay enough attention to me?"

Zhang Li licked his lips and smiled speechlessly:

"Miss Qin, I'm being honest. Let me tell you, I brought you here, not because the boss has good feelings for you, but to draw out the big boss who cooperates with the old man behind.

Our boss speculates that Fu and Su are inevitably one of them. With you in hand, he can directly negotiate with the people behind you on behalf of the old man, your role is nothing but a hostage."

Qin Yu's heart seemed to be immersed in ice water, and it was completely cold.

She was shocked and turned pale, but she still calmed herself down:

"Fu's has nothing to do with me, Su's cooperation with me is not much, why is it me?"

After all, compared to the two of them, Qin's family is not a big deal. on what.

However, it is more than better than others, but she knows that most of Qin's business focuses on overseas, and not much is placed in City A.

What's more, how could the person who cooperated with the old man behind him be the Su family?

She knew all too well that Su Nan didn't want to be involved in this kind of business.

As for Fu Yechuan, she was not sure.

Even Fu Yechuan, who has no relatives and no reason, could not save her!

No matter what, I feel wronged!

Zhang Li raised his eyebrows and smiled coldly:

“Because the boss doesn’t want to tear his face with the person behind him, he’s just testing, so he won’t choose the person who really has something to do with the backside, but Miss Qin like you. People who are slightly related, but not very close.”

Zhang Li smiled contemptuously, laughing at her self-esteem and her over-confidence.

Seeing that Qin Yu’s face turned pale a little bit as if he had been hit.

Tension’s prank immediately filled his heart with a sense of gain.

Such a rich lady spends a lot of money in such a club.

But there were few who could open their eyes to look at him.

But why?

Their aloof attitude made him extremely disgusted.

He really wanted to ruthlessly ruin a young lady like Qin Yu and step on her feet to let them know how powerful he is!

“So, no one on the 26th floor has a birthday at all, is there?”

Qin Yu’s tone was cold and severe, she obviously already knew the answer, but she just wanted to ask clearly.

Zhang Li raised his eyebrows: “Of course, it’s all made up to deceive you. I didn’t expect you to believe it. You don’t even know when the birthday of the chairman of the Su Group is? You deserve to be deceived!”

Qin Yu’s nervous palms All sweaty.

For a while, my mind was like a lot of cotton wrapped around it, and I couldn’t breathe at all.

Disappointment and despair surged.

It’s hard enough.

If it’s just tension, it’s like a blow to the head.

In addition to the fact that she deserved to be deceived, there was also Mo Xian.

Mo Xian didn’t want to get her, but because of the interests behind her?

In other words, the old man asked Mo Xian to let him go just now, not out of his kindness, maybe because someone had greeted him?

Qin Yu's thoughts turned quickly, and this moment suddenly became clear.

Mo Xian used her as bait in order to attract the big fish behind him?

Then he pretended to be affectionate before, and he dared to fool her?

Thankfully, she really believed him, thinking that he was an emotional pervert, but she didn't expect that he was still that delicate egoist.

The two deceived each other in the name of affection, but they both calculated each other.

Bringing her here to meet the old man today is to let some people know that she is in Mo Xian's hands?

Qin Yu's heart became a little harder.

Tension looked up and down at her beautiful face and figure, at her always high gaze and aura.

The greed in his heart is like wild grass growing wantonly.

Undeniable.

From the first meeting.

He was deeply attracted by this woman, and the charm of her that made countless men surrender made him feel inferior.

But also itching.

Isn't she a woman?

He so comforted himself.

Being driven here from the villa by Mo Xian, countless people felt that he was abandoned by Mo Xian.

From the confidant to the younger brother who is watching the scene, it is impossible to have no gap.

If it weren't for this woman, he wouldn't have fallen to this point!

Seeing him suddenly take a step forward, Qin Yu's expression changed.

She suddenly slapped the door back, trying to get someone outside to save her.

Ridiculous...

but that's all she can do.

But the next second.

Tension covered her mouth from behind, and said fiercely in her ear:

"It's useless, the boss won't save you when he comes, because you want to escape."

## **Chapter 2142**

Destroys people.

Qin Yu struggled in horror, and when she opened her mouth, she bit Zhang Zhang's hand.

But what was ushered in was a tense slap.

Fanning Qin Yu's face, half of her painful face became numb.

But she was breathing heavily, staring at Zhang Teng vigilantly:

"You dare to hit me? Even if Mo Xian is using me, I still have value, you dare to touch me with a finger, believe it or not, I will never let you go!"

Qin Yu's tone was cold and stern, full of sharp cold thorns.

Even if she is in prison, she will not belittle everyone, and she will not become a rogue's plaything!

The big deal is that jade and stone are burned, and she will never compromise!

Tension covered his hand and sneered.

There was a hint of ruthlessness in his eyes, and his smile became even more wretched:

"You won't let me go? Believe it or not, even if I slept with you here, the boss won't do anything to me, he is innocent. Amei can send me, let alone you!"

And even if he finds out, I will say that you took the initiative to hook up with me!"

He gritted his teeth, and then rushed up.

Just when it touches her shoulder.

Qin Yu screamed, and her fingernails scratched Tension's face fiercely.

A bloodstain came out immediately.

Zhang Zhang's face was full of dissatisfaction, and he tore her clothes impatiently.

But how could Qin Yu be captured so easily, her eyes were scarlet as she beat and struggled, and she felt sick for a while in her heart.

Tension dragged her to the corner, and when she saw that Tiantian should not be called, and the earth was not working...

suddenly.

A loud bang was heard.

Tension looked back in shock.

The door, which had been locked, was kicked open from the outside.

Mo Xian walked in from the outside, his eyes were scarlet and gloomy, and he was indifferent.

For a moment.

The whole space became condensed.

Qin Yu covered her clothes with a pale face.

The tears and finger marks on his face were particularly clear and obvious, and his whole body trembled violently.

Tension hurriedly sorted out his messy clothes.

“Boss, boss, listen to me, this woman took the initiative to hook up with me. I caught her and wanted to run away. She took the initiative to hook up with me so that I wouldn’t tell you!”

Zhang Li didn’t know why, but he panicked.

I had sworn in front of Qin Yu before, and I felt that it was obvious that I would not do anything to him for a woman.

But don’t know why.

Seeing Mo Xian’s gloomy and ugly face, he really panicked.

Mo Xian’s dark eyes stared at Qin Yu’s face.

He looked at the traces on Qin Yu’s face, and suddenly there was a bit of gloom in his eyes.

Those few seconds extended infinitely, as if stagnant.

He walked slowly to Qin Yu’s front.

His eyes were filled with infinite coldness, and he gently raised his hand to touch the finger marks on her face.

But just came across it.

She turned her head to dodge with a pale face in pain, but her expression was stubborn and indifferent.

As if disgusted do not want to say a word, do not want to explain a word.

But for more than ten minutes, he couldn’t find her anywhere, and he didn’t expect to see this scene!

Her clothes were changed, and that beautiful dress became the dress of the waiter.

But the dress was torn and messy.

Mo Xian’s eyes seemed to hide a cluster of fire, which could burn everything clean anytime, anywhere.

He squinted his eyes, and there was a cold emotion in his expression.

Seeing that he didn’t speak, Zhang Li was even more frightened.

He leaned forward tremblingly:

“Boss, boss, you believe me, I was really obsessed for a while, it was this woman who took the initiative, I just couldn’t hold it back for a while...”

ah——” Zhang Zhang screamed and scratched. It broke the coldness of this space.

Mo Xian kicked him in the heart. Tension held on to the handrail of the stairs without holding back, and rolled down the stairs at once.

Qin Yu's eyelashes trembled slightly, and there was a bit of fear in her expression.

Because she knew that Mo Xian didn't keep her because of feelings, so naturally she couldn't be without a sense of crisis.

Tension rolled down, his head was broken, blood flowed down, mixed with hair dripping down, looking a little scared.

But he couldn't care less at this time.

He crawled up and down, his face full of regret and panic:

"Boss, listen to me, I'm really wronged!"

Unfortunately, Mo Xian didn't look up at him again, just stared at Qin Yu faintly face:

"Do you have anything to say?" for

a long time.

Only then did she hear Qin Yu's low voice:

"I want to go home."

She wanted to go back to her own home, she wanted Shen Liang, Qin's mother, Qiao Fan, and her friends.

This lesson taught her a lesson today.

If she hadn't even remembered Su Yifeng's birthday, she wouldn't have been deceived.

From the very beginning, he was toyed with the palm of his hand.

The humiliation of being teased made her exhausted.

Mo Xian looked down at her expressionless face, with a bit of anger and indifference in his expression.

It's just that when she didn't notice it, she was suppressed.

His voice was hoarse and cold, with a somewhat consultative tone:

"Wait a minute, when I'm done with the matter."

As he said that, he took her hand and walked out with a gloomy face.

In his understanding, she wants to go home, of course, to his and her home.

When the two walked out of the door, the men in black rushed in instantly.

Then I heard a scream, which was even more tragic and sharp than before, it was hysterical, and it cut through the sky.

Qin Yu stood there and his body froze slightly.

Mo Xian felt it, and he glanced at her darkly.

Just seeing the marks on her face, the chill in her eyes became even more awe-inspiring.

The screams inside were endless, even outside, they could be heard clearly.

Many people came out of the banquet hall and looked here and there.

Just when they saw that it was Mo Xian, they were discouraged from coming to watch a good show.

Qin Yu's hand was in his grasp and he couldn't pull it out.

She opened her mouth and was about to say something, when the person inside dragged a man covered in blood out.

Isn't that the tension just now?

The tension was almost crushed to the bone, and he couldn't even stand up.

Being dragged out by two people with arms crossed, the screams turned into moans and groans, and blood dripped down everywhere they passed.

Qin Yu had never seen such a scene before, and her face instantly turned pale.

One of the big men came out, wiped his hands, and nodded respectfully to Mo Xian:

"Boss, I'm useless."

Mo Xian nodded, expressionless as if he had just heard a very common sentence.

"Since it's abolished, then get him away, don't let him go out and talk nonsense."

"Yes."

They have their own way of dealing with people here.

It is necessary to be clean and neat, but also not to leave disaster.

Qin Yu didn't dare to think about it, and didn't dare to ask.

She just felt horrified.

Mo Xian didn't do anything to her, did he believe her?

Or left behind?

### **Chapter 2143**

is to be handled by me.

Although Tension deserves it, she changed her clothes by herself, and it was her own will to escape.

It's just that she was deceived, she was stupid.

How to do?

My heart suddenly panicked.

Fear spread all over her body, and she panicked in waves.

The palms were soaked with sweat.

Mo Xian stood there, casually glanced at the messy tension, without the slightest sympathy or hesitation.

The indifferent attitude makes the people around him feel ordinary.

Zhang Li kept saying that he would not treat his brother badly for a woman.

It seemed that he still overestimated his position in Mo Xian's heart.

Even if Mo Xian didn't keep her for any reason, at least in the brainwashing stage, he still needed Qin Yu to be obedient.

And the premise of being obedient is not to let others bully her.

Thinking of this, Qin Yu's heart gradually stabilized.

Yes, I still have use value, and I can't die for a while.

Solved this one.

Mo Xian took her hand and walked towards the banquet hall.

He didn't ask much.

This made Qin Yu's heart even more uneasy.

It's just that after he went in, someone pressed a woman to the front.

It's Sydney.

Sydney glanced at Qin Yu dodgingly, and then looked at Mo Xian in horror.

Qin Yu suddenly understood.

This man knows everything.

She didn't even have to speak, he knew it all.

a time.

She meaningfully felt a little terrifying.

Mo Xian's control was so powerful that she couldn't imagine it.

Can she really win?

Under the coercion of Mo Xian's imposing manner, Sydney shivered with fear and cried:

“Mr. Mo, it’s not me, let me go, it was Sister Amei who gave me a sum of money to do this, let me lie to you. The woman beside me, I’m seeing money, Mr. Mo, I know I’m wrong!”

Mo Xian gave a wink to the person next to him with a hint of coldness on the corner of his mouth.

Soon.

The old man walked out slowly.

Amei followed nervously.

As soon as Qin Yu saw it, he immediately understood.

Sure enough, the backstage that Amei was looking for was really this old man!

She has mixed feelings in her heart, a good girl can fall so easily, she really doesn’t know what to say!

If you want to run away, you can’t escape, but some people are willing to drill into the wolf’s den!

The old man looked at this scene, his face remained the same, but his voice was a bit cold:

“Moxian, what are you doing?”

Few people dared to watch the lively here, only dared to observe secretly from a distance .

But there are always people who watch the fun and don’t think it’s a big deal, such as that fat Uncle Qian.

When Uncle Qian saw the battle between Mo Xian and the old man, he was eager to go up and fan the flames.

It’s just that neither of them paid him any attention.

Mo Xian cast a gloomy look at A Mei who was behind him, and the coldness in his brows was very obvious.

“Old man, this woman behind you is someone who plotted against me. I’m going to take it away and deal with it.” The old man

frowned slightly, glanced at Qin Yu, and just as he was about to speak, he heard that Sydney saw the savior:

“Amei Sister, save me, I’m all here to help you, I can give you your money back, but I don’t want it, okay?”

Amei’s expression changed slightly, and she glared at Sydney.

Sydney was stunned and speechless, but annoyance was written all over her face.

Knowing that there would be such serious consequences, she would never be greedy for money!

The old man turned his head slightly, with a deep meaning in his eyes:

“Amei, who did you plan on?”

There was some inexplicable indifference in the old man's tone.

Amei pursed her lips, struggling a bit on her face.

Seeing that the angular facial features are clearly close at hand, but they do not belong to him.

Mo Xian never even took her seriously.

His voice was low and pleasant, but he only spoke to Qin Yu gently.

She tried her best to get a loving look from him.

This kind of loss really made her feel frustrated from the bottom of her heart.

She followed an old man, although no one dared to bully her again in this club.

But it's still different.

Seeing Mo Xian protecting Qin Yu like this, she gritted her teeth and took a step forward:

"I was just joking with Miss Qin, but it was enough to test her loyalty to Mo Xian, she would rather change into a waiter's clothes. Leaving here also shows that she has no sincerity towards Mo Xian at all.

Isn't it scary to leave a time bomb by her side like this?" The

voice just fell.

The old man slapped him in the past, his vicissitudes of life face was ashen, and there was no warmth in his cloudy eyes.

a time.

The banquet hall was silent.

Amei's voice disappeared completely, and she stood there in shock with her face covered, a little embarrassed and embarrassed.

"Old man..."

She couldn't believe that she had become an old man in name.

How could he not even give her such a little face in front of so many people?

The old man looked at her sternly:

"Recognize your identity, you are just a young lady who sells out, I still need you to worry about my people, what are you?"

The blood on Amei's face faded away. .

She was shocked and embarrassed.

In front of so many people, her face couldn't be maintained anymore, her eyes were flushed red, and tears poured out uncontrollably.

The reason she was looking for was very legitimate, and that was to put herself in the position of the old man's woman.

Be a woman who doesn't teach a lesson like a grown-up.

But in the eyes of the old man, what is she?

It's just something that can sing a few plays, the old man thinks it's new.

But I haven't touched a single finger of hers!

She covered her face and lowered her head, not even daring to look into Mo Xian's eyes.

She was afraid that seeing his sneering and indifferent eyes, like Ling Chi, must be very uncomfortable.

Mo Xian's tone was low, and he couldn't hear any emotions:

"Master, just leave the person to me." A

Mei was shocked, and she suddenly felt that if she fell into Mo Xian's hands, she might not get any good fruit. eat.

She looked at the old man begging for help, and tears were falling down:

"Father, I'm nosy, you can beat me or scold me, I don't dare anymore, just forgive me this time!"

The old man's face was cold, and the people around didn't dare to say a word.

Only Uncle Qian, who was watching the play leisurely, seemed to have made up his mind:

"I said Mo Xian, how can you be so aggressive?"

Don't look at the monk's face and look at the Buddha's face. Didn't you hit the old man in the face? How could you step on the old man's face and deal with his people? I think you are very capable, can you not be able to hold back your mind?"

Uncle Qian said a few meaningful words, it made the presence of the battle more serious and indifferent.

Mo Xian's expression was light, and he glanced at Uncle Qian with a blank expression:

"I forgot that Amei was given to the old man by Uncle Qian. Naturally, he was reluctant to bear it. Did Uncle Qian instigate this matter?"

## **Chapter 2144**

temporarily abandoned her

Mo Xian's words.

Instant condensation in the air.

Uncle Qian's oily and fat face was shocked for a moment, and his eyes were bulging:

"Mo Xian, you..."

He was about to start scolding.

The old man scolded with an ugly face:

“Enough, do you think you are here to quarrel today?”

Mo Xian glanced at Uncle Qian indifferently.

The old man snorted coldly, dissatisfied with both of them.

But he didn't hesitate, and pointed at Amei:

“You can take it away, but I have a condition.”

Mo Xian raised his eyebrows, “Old man, just say whatever you want.” The old man

's eyes fell on Qin Yu again . On his body, he squinted his eyes, with a bit of calculation:

“Let her stay by my side for a while.”

Mo Xian's face instantly turned cold.

Even Qin Yu was shocked and didn't know how to react.

She looked at Mo Xian in surprise, with a bit of worry and panic in her eyes, for fear that Mo Xian really agreed to the old man's conditions.

Uncle Qian chuckled lightly.

Although the old man didn't save face for him, he didn't save Mo Xian either!

Amei looked at Qin Yu coldly and hatefully, only to feel that she was completely humiliated like a joke.

Like a plaything, she throws it away when she says it is thrown away.

But a few seconds of silence.

Mo Xian said, “Impossible.”

The old man's eyes were a bit scrutinized and oppressive. He smiled, “Come in with me.”

He turned around and went to the lounge behind the screen.

Qin Yu looked at Mo Xian nervously, she always had a bad feeling.

The old man seemed to give in step by step.

But every step back seems to be intentional, leading Mo Xian's nose.

And what about her?

Just a pawn between them.

Qin Yu closed her eyes, her nervousness went up and down, as if she couldn't touch it to the end, her heart was always hanging.

She stood there, her eyes a little red, but Jin gritted his teeth and didn't speak.

Mo Xian looked at her worry, his heart softened, he walked over and patted her on the shoulder, and said in a low voice:

"Don't worry, no one can bully you except me."

She raised her eyes and met his sight.

Mo Xian didn't stop there, turned around and left.

She followed him away with empty eyes, until she disappeared.

Then strayed to other places.

Can she trust him?

Tension's words were in her ears, and she didn't have that much confidence in her weight in Mo Xian's heart.

If she were to please an old man, she might as well die!

The old man sat at the top and looked at him aggressively:

"Mo Xian, I'm not joking with you. After a while, if you still want that woman, take it back."

Mo Xian's face was solemn and his eyes darkened. To him:

"The old man is very kind to me, but I will never repay my kindness with my woman."

The old man narrowed his eyes, suddenly sneered, and leaned forward slightly.

Listening to his low voice say a sentence:

"Mo Xian, you have a casino and a money printing factory in your hands, but I know what you have always wanted, not these.

In two hours, there will be a transaction, if you If you agree, you can come forward in person for that transaction."

Mo Xian's eyes suddenly became heavy, his expression changed a bit, and his breathing was slightly short.

Compared with the old man, his performance is still too immature and too young.

He stood there in a tangled state, his whole body tense.

Qin Yu's face crossed countless times in her mind, if she lost her, she would definitely hate him.

Even if you want to kill him, maybe.

But this opportunity is what he has been looking forward to for a long time.

He placed someone next to the old man, knowing that the old man did not lie to him.

One step away, he will be able to control the most core power and secrets.

He has already mastered more than half of the business of the old man, and this part, the D product, has not only mastered the underground network of the mere A city, but can even export it abroad.

He desperately needs this opportunity.

It's just the price of this opportunity...

Mo Xian's faith was shaken.

He stood there silently, as if tearing at his conscience and his already blackened soul.

Qin Yu or power, which is more important to him?

Just one step away, he will be able to sit on the ground, and he will no longer have to look at anyone's face in the future, and he will no longer even have to fear the threat and surveillance of the police.

He can go abroad, he can escape, he can do whatever he wants.

But what about Qin Yu?

He gritted his teeth, Qingjun's facial features were full of struggles.

The old man stared at him quietly, with an inexplicable smile on the corner of his mouth.

Two minutes later, he hadn't made a decision.

But the old man was a little impatient.

He took a sip of the tea cup next to him and coughed:

"Mo Xian, you better recognize the reality, it's not easy for you to get to where you are today, do you want to destroy everything you got for a time bomb? Of course, you

can refuse me, and you will still be the person I trust most in the future, but I won't let you touch it again for the D product."

There was some kind of threat and warning in his words.

Mo Xian's eyes met his, but neither of them gave in.

It's just that the old man is complacent and even better.

A moment of silence.

Mo Xian gritted his teeth, and the words he said were very difficult:

"A period of time, how long?"

If he could ask this sentence, it showed that he was on the psychological defense line and had already compromised.

With a cold smile on his brows, the old man said casually,

“One month.”

Mo Xian’s face was dark, and he clenched his fists tightly. Looking at the old man’s eyes, there was already some meaning. Unexplained indifference and killing.

Just so what?

Now is not the time.

If you kill the old man, you won’t be able to escape.

Uncle Qian can be the first to collapse and take the top position himself.

He will not make wedding dresses for others.

After a few seconds.

With a certain expression, he looked at the old man coldly:

“Okay, I will pick him up in a month.” The old man

gave him a meaningful look and nodded:

“I will let someone tell you the location of the transaction tonight, Go get ready.”

Mo Xian’s face was cold, as if the cold wind had hit him, the darkness in his eyes prevailed.

His fists loosened.

Turn around and leave.

He and Qin Yu couldn’t be together for a while.

She married someone before, didn’t he still grab it back?

This time, it’s only a month.

The big deal, after he has the power of the old man, he will kill the old man to avenge her.

I can only feel sorry for her first.

He knew that he was sorry for her.

But he had no choice.

He has gone down a road of no return.

On this road, if he doesn’t come to the end, if he doesn’t stand at the highest position, he will be killed by someone as a pawn at any time.

He walked all the way through thorns and thorns, and he was close to succeeding.

Reason tells him that he must not lose the big because of the small!

But the devil is insane.

After he went out, he looked at Qin Yu's uneasy face and pitiful eyes.

He actually felt that he had no face to face her!

### **Chapter 2145**

Waiting for me for a month

, Mo Xian's steps are heavy, and step by step, I walk in front of Qin Yu, as if I can hear the struggle and tear in my heart.

He looked at her slightly pale lips, and the messy waiter's clothes.

Uncontrollable suffocation in the chest.

She said she would not leave him, she said it herself.

So hopefully a month from now, she will too.

Mo Xian stood there, watching Qin Yu smiling brightly at him, and heaving a sigh of relief:

"Can we go? I don't like this place, I won't come again in the future."

Her voice was still brisk and bright.

It took him a lot of effort to get her to be kind to him again.

But think about it, soon she will hate him to the bone...

Forget it, they are destined to be entangled in love and hate in this life and owe each other!

Qin Yu took his arm and was about to go out.

But Mo Xian stood there motionless.

Four eyes facing each other.

She looked at herself in his eyes, at his guilt and cruelty.

Suddenly.

It dawned on me.

She seemed to understand something.

The smile on his face disappeared inch by inch.

She can no longer maintain the appearance of nothing.

What he said was not credible at all.

She actually thought naively that he really wouldn't leave her.

She was so stupid, pinning her hopes on this man who ruined her life!

She put down her hand and looked at the twinkle in his eyes.

took a step back.

She knew her situation, she was betrayed by him and abandoned.

as a cargo.

He looked at her a little unbearably, and he regretted it.

But he wouldn't change his mind.

He doesn't want to be a pawn to be used forever, he has to be a player.

In this way, no one will dare to take people away from him at will!

Therefore, Qin Yu can only be wronged.

The emotion in his eyes only struggled for a few seconds, like a boulder falling.

Cannot be changed.

He took a step forward and hugged her tightly, hugging her waist, not letting her struggle leave his embrace.

"Qin Yu, you have to believe that I am sincere to you. But I really have something to hide. As long as today is over, I will be successful. No one will be able to separate us then."

Qin Yu froze for a moment, her eyes With indifference and contempt in her, she smiled and tears fell.

I don't know if it's because of fear or because of resentment.

"Go away, get out of here, Mo Xian, you are a bastard, I have never misunderstood anyone, even if I do it again, I will dump you!"

She just wanted to poke his most painful spine.

Let him scratch his heart, let him die!

Mo Xian made no secret of the injury in his eyes, and he hated himself now.

But there was nothing he could do.

He could only soothe her emotions and calm her down:

"Shh, Qin Yu, you are a smart person, I swear, this is the last time, we are even, I don't hate you for marrying another man, neither do you Forgive me for leaving you this time.

Qin Yu, the old man's health is dying. As long as you don't mess with him, I will bring you back in a month at the earliest. I swear, I will double the compensation for you.

He gently stroked her long hair, the struggle in his eyes was extremely heavy. "

Fart, fuck it, Mo Xian, if I believe in you again, I'll be a bastard!"

I will never forgive you, I will curse you day and night, hoping that you will die soon! Qin Yu 's

eyes were flushed, and her eyes were full of red blood.

Even if she couldn't control the tears, she still had a cold face and didn't cry and beg for mercy.

She couldn't do anything about her situation, what's the use of crying?

This man changed his hands I want to give her to an old man.

This is the man she gave everything she ever loved.

She has been blind all her life, and it took eight lifetimes of bad luck to meet such a person!

She hasn't had time to send him in In prison, she lost.

Mo Xian paused for a second with a heavy heart, and then let go of her.

His eyes were slightly red, but he was more determined.

Now that he has made a choice, he cannot tolerate regrets.

He glanced at Amei and Xue Li who were also shocked beside him.

Yes, he would not let go of those who bullied Qin Yu.

As if it was revenge for revenge, there was a trace of cruelty in his eyes.

He beckoned, Immediately, a few strong men came.

He made a gesture, and the strong man controlled Amei and Sydney and dragged them away.

Sydney was so frightened that she could not stand up straight, let alone walk, she begged for mercy.

.But

no one came forward to speak for them.

And Amei was so pale that she couldn't speak.

Just a few steps in Sydney, she still couldn't forget to look back at Qin Yu.

Suddenly.

She sneered, her tone slowly mocking:

"Miss Qin, I thought he loved you so much, it turns out that he loves himself the most..."

But the voice faded away.

In a blink of an eye, people were dragged away.

Qin Yu is not in the mood to show the poor Virgin's heart now. She can't protect herself, and is she still in the mood to sympathize with others?

She closed her eyes, her face pale.

When he opened his eyes again, he saw only the back of Mo Xian leaving.

He left her alone in the wolf's den.

Let anyone bite and bully.

No one cared about her helplessness and fear, and no one asked her if she was willing.

Qin Yu didn't understand until now.

How rare is it to be pampered from childhood to adulthood.

With the protection of Mother Qin and the care of Shen Liang, the former Qin Yu did not know how to cherish blessings.

Others looked at her eyes, mostly watching a good show.

I thought that Mo Xian was very affectionate.

In the end, for the sake of profit, don't you still give up your woman?

Qin Yu watched helplessly as he left herself here. Although he took Amei and Xue Li away in order to give her some breath, he also punished Zhang Zhang, but she did not feel any gratitude in her heart.

If it wasn't for him, he wouldn't have encountered these twists and turns and dangers.

She stood there, only feeling cold and shivering.

Soon.

The people beside the old man respectfully approached him:

"Miss Qin, the old man invites you in for tea." Drink

tea.

It sounds nice.

Qin Yu pursed her lips and gritted her teeth.

If the old man dared to do anything to her, she would not give in.

The old man is different from Mo Xian, she has no chance of winning with Mo Xian.

But an old man who is over half a hundred years old, but not necessarily.

thought here.

The fear in her heart faded a little, took a deep breath, and then walked in with her feet raised.

In the eyes of the old man, her seriousness was a bit funny.

He smiled and beckoned to her:

"Come, come and try this year's new tea, do you like tea?"

Qin Yu lowered her eyes slightly, she won't eat or drink anything here.

The most basic vigilance is still there.

She stood there, "I don't drink it."

The old man paused while holding the tea, frowned slightly, lowered his eyes for a moment and said, "Don't be afraid, I won't do anything to you, Mo Xian keeps saying how good he is to you, but now he's gone, young man, you still need to keep your eyes open!"

## **Chapter 2146**

Your Wish

Qin Yu opened her mouth, but she couldn't help but say:

"My eyes are bright enough, I already know what he is, you guys are with him, It's not a good thing!"  
When the

old man heard this, he bent his eyes and laughed.

"I'm different, little girl, he ruined you, but I kept you, you should thank me!"

Qin Yu rolled her eyes secretly.

The old man glanced at her happily, with a little smile unconsciously, he put down the tea cup:

"Well, today is my birthday, I will give you my birthday wish, you make a wish, I will help you You're done, how's it going?"

Qin Yu paused.

He looked at him almost in shock.

Isn't this old man a crime boss?

How can you speak so well?

She paused, with a hint of alertness in her eyes.

The old man looked at her: "if you want to refuse, forget it..."

Qin Yu pursed her lips: "My wish is to go home, to my own home, okay?"

She said it bluntly.

She is not a woman who has never seen the world, jewelry, bags and clothes, she has everything.

She will not ask for it as a gift from others.

So what she wants most now is freedom.

The old man stared at her for a few seconds, smiled, and nodded:

"Yes."

Qin Yu was really shocked now.

“real?”

The old man looked at her with a smile, but his eyes did not have the same indifference and deepness that he looked at others before.

When he looked at Qin Yu, he was kind and caring like the elders looked at the younger.

Qin Yu suddenly became excited, feeling that the dead heart was alive again.

She showed a rare smile and looked outside:

“Then I’m leaving?” The old man could

n’t help laughing and shook his head:

“Wait a minute, wait until the banquet is over before you leave, otherwise you will be watched if you leave now. , in case Mo Xian finds out, you will be captured by him again!”

Qin Yu was like being poured a basin of cold water.

The excitement in my heart cooled down a bit.

But she still nodded, yes, what the old man said made sense!

It’s because she wasn’t thoughtful enough.

If Mo Xian knew that he was gone, wouldn’t he be angry?

The old man is much more reliable than Mo Xian!

She walked to the chair next to her and sat down, and she relaxed a bit:

“Okay, then I’ll wait.”

It was interesting for the old man to see that she finally calmed down.

“Aren’t you afraid that I will lie to you?”

Qin Yu looked at him and sighed,

“No one will be worse off than Mo Xian, what am I afraid of?” The

old man looked at her meaningfully. A glance:

“I thought you had feelings for Mo Xian too?”

Qin Yu’s eyes turned cold, and she chuckled:

“Affection? He ruined my life, what feelings do I have for him? I’m not a masochist.

But I don’t understand, how did you get him to promise to keep me? “

According to Mo Xian’s character as a hypocrite, unless it is in the best interest of the world, he still has to maintain his affectionate personality on the surface. The old man

raised his eyebrows lightly and narrowed his eyes:

“He always wanted Even if I don’t take the initiative to give that part of the business, he will find a way to take it away, it is better to let him take it away in an upright manner. It

sounds like there is a bit of helplessness in his tone.

But the expression of the old man is not much resentment and unwillingness.

Qin Yu frowned, she didn’t need to ask, she knew that they were not dealing with legitimate business.

But it was because he violated the law and committed a crime On top of that, another crime was added.

But in Qin Yu’s eyes, Mo Xian is now considered insane!

“No wonder, it’s something he can do. The

old man looked at her with interest:

“Actually, he also likes you, but he prefers power. “

“Who cares?” “

Qin Yu raised the corners of her mouth and looked at the old man with a smile in the corners of her eyes:

“But don’t worry, my mother will thank you for letting me go, you can do whatever you want, and I promise, I won’t put you Here’s what’s going on. “The

old man’s face condensed slightly, and he looked at her with a meaningful smile:

“What’s going on here?” “

Qin Yu pursed her lips and turned her eyes, “It’s nothing. “

She knows, but she can’t say it.

Saying too much, what should the old man do if he regrets it? The old man lowered his eyes:

“When you go back, it’s best not to mention a single word of the matter here, including Mo Xian, Miss Qin, otherwise no one will be able to save you with his counterattack.”

Qin Yu’s expression changed a bit, and there was a heavy weight in her heart. .

If he can’t be brought to justice, there will be a knife hanging over his head all the time.

But she didn’t want to let Mo Xian go like this.

She paused, then raised her head:

“Father, why do you want to help me? I heard that the skinny guy who followed Mo Xian before said that he took me away to lure out the business partner behind you, so who is the person behind you? Who?

Who wants to save me?” The old man

stared at her for a few seconds, his smile subdued slightly.

Just when Qin Yu thought he wouldn't say it, he heard him laugh:

"I want to save you, do you believe it?"

Qin Yu frowned.

Of course she doesn't believe it.

She didn't know him, and she wouldn't believe that a crime boss would have such a good heart!

The old man dared to let her go because he was entrusted by others behind his back.

But who is it?

Her first instinct was Su Nan.

But it is impossible for Su Nan to have anything to do with such a person.

So she was worried.

Qin Yu smiled casually, pretending to not understand anything:

"Master, don't get me wrong, I just want to know, any of my friends with such great skills can be assigned to you, I'll know better in the future. Which temple are you going to worship?"

The old man looked at her with dark eyes and smiled, with a rich and helpless expression on his face.

He shook his head, pointed at her and said:

"It's said that Miss Qin is quirky, but it's true. You can stay in Mo Xian's hands for so long, and you have the ability.

"

It just feels weird.

Who is helping her secretly?

Qin Yu pursed his lips, forget it, he didn't want to say that he had a way to investigate.

Time passed by minute by minute.

Seeing that Qin Yu was already in a state of impatience.

The old man was sipping tea in a hurry, and he drank that cup of tea for almost an hour.

Soon.

A person came in and said something next to the old man.

The old man nodded.

He looked at Qin Yu, "Everyone outside has left, why don't you leave too?"

Qin Yu stood up excitedly. At this moment, she was almost speechless.

She followed the man to the door, and suddenly thought of something:

“Master, why don’t you take me back?”

In case Mo Xian’s people were watching from outside, she was free one second before and was arrested the next.

Wasn’t she happy for nothing?

## **Chapter 2147**

You are safe and

let the old man take her back. When she gets home, she is truly safe.

It’s just that her request is somewhat excessive.

But Qin Yu was also testing the importance of the man behind the old man.

If it doesn’t matter, it will naturally refuse.

But if you agree... The

old man looked at her and seemed to think it would be safer for him to send her.

Not knowing what he thought of, he stood up:

“Alright, just drop by, let’s go?”

Qin Yu was slightly shocked.

It shows that the person behind him is really important.

But the old man came over and shocked the people around him.

Looking at Qin Yu, there was a bit of complexity and surprise in his eyes.

Qin Yu just walked out behind the old man as if nothing had happened.

Take the elevator downstairs.

The clubhouse is still brightly lit.

It’s just that the vehicles on the street are almost gone.

The old man’s extended version of the luxury car arrived.

Two people get in the car.

Sitting in the car, Qin Yu couldn’t help feeling a little nervous.

The old man looked at her and smiled, then closed his eyes and rested.

It’s just that although this road is familiar, she is a little surprised.

Wait until the Qin family is not far away.

The car stopped.

Qin Yu was a little surprised, but relieved in the next second.

She said going home was going back to Shen's house, her and Shen Liang's home.

But I didn't expect the old man to send her to Qin's house.

But yes, the Qin family is also her home.

She smiled, looked at the old man, and was more grateful than fearful to him.

Even if he is the crime boss, she appreciates it.

"Thank you old man, do you want to come to my house, I also have good tea." The

old man looked at her with delight and excitement, didn't hide his thoughts at all, smiled and shook his head:

"No, if I go with my identity Wouldn't your family's words terrify your family?"

Qin Yu thought that Qin's mother was not so timid.

But Mother Qin has never met such a person, so don't scare her.

She nodded, opened the car door and jumped out of the car:

"Thank you, then I'll go back!" The

old man nodded and let the person next to him close the door and drive.

Qin Yu looked at the door of Qin's house excitedly, indescribably excited, and even felt like crying.

The lights are still on in the house.

Qin's mother's schedule should have fallen asleep very early. It must have been after she encountered danger that Qin's mother couldn't fall asleep.

Qin Yu's eyes turned red when she thought of this.

She quickly ran towards the house.

The car gradually moved away, and the old man looked at the back of the jumping away through the glass, his face sighed for a while.

Seeing this, the person next to him pursed his lips:

"Old man, why do you need to bring it back in person? At least Mo Xian couldn't devote his energy to move her this month."

The old man sighed, the hostility between his eyebrows faded, and only the vicissitudes of the years were left.

He felt that he was getting old, and some things were getting out of control, and he couldn't be the same as before, occupying the seat of the big drug lord.

Some people have ambitions, and some people have to give way.

He squinted his eyes and lost a bit of sharp indifference:

"I haven't been so happy for a long time, do you see? She's not afraid of me at all..."

The person next to him was silent and nodded, did not speak.

The night is getting darker.

Qin Yu pressed the password for the gate, then lightly stepped in and ran in.

Push door.

Just looking at the always arrogant mother Qin leaning on the sofa and closing her eyes, her eyes were dark blue, and her face was terrible.

Qin Yu walked over, feeling indescribably uncomfortable.

She returned to her long-lost home, safe and free, but her heart did not fall on the ground.

Her eyes turned red.

He walked over and covered Qin's mother with the blanket on the side.

But a slight movement woke her up.

She squinted her eyes and squeezed her hand for a moment:

"Ayu?"

Qin Yu nodded with trembling hands, tears suddenly fell, and she threw herself into Qin's mother's arms:

"Mummy... .."

Qin's mother woke up immediately, hugged Qin Yu, and looked carefully:

"My Ayu, are you really back?"

Qin Yu nodded, crying uncontrollably, she was so much The forbearance and grievances of the days finally found a vent:

"Mummy, I miss you so much..."

Mother Qin's eyes also turned red.

"Good child, it's good to come back, it's good to come back!"

Mother Qin choked, the two of them hugged each other and cried, but Mother Qin remembered, went to wipe her tears, and stood up:

“The servant at home is on leave, I I’m not in the mood to cook, are you hungry?”

Qin Yu shook her head and watched her go to the kitchen to pour water, her eyes swept to her phone.

She paused and picked it up:

“Mummy, my cell phone is gone, can I use yours to make calls?”

Mother Qin choked and agreed:

“Okay, you can use it, and tell your mother-in-law that she is worried about you. I’m still worried about Shen Liang, I’ve been up for several days.”

Thinking of Qiao Fan, Qin Yu nodded.

She took a look at the phone, and there was an unfamiliar number without a name, and further down, it was Qiao Fan’s.

She called directly:

“Mom, I’m Qin Yu, I’m fine, is Shen Liang okay?”

Qiao Fan’s voice was hoarse and tired:

“Is it really Qin Yu? Are you home?”

Qin Yu responded He said, “I’m going to look for you now, are you still in the hospital? How is Shen Liang?”

Qiao Fan choked and cried out:

“Good boy, don’t worry, it’s too late today, you rest first, Shen Liang is still there Observation, it’s alright for the time being, just wait until you come back tomorrow.”

Mother Qin came out with a cup of hot milk and patted her shoulder:

“Don’t cry, drink milk first and go to rest, and we’ll go to the hospital tomorrow. inside.”

Qin Yu nodded, she drank the milk in one gulp, and called Su Nan before going up.

Su Nan picked it up in an instant:

“Auntie?”

Qin Yu’s eyes were red, and Su Nan was still not sleeping, so she must be worried about her.

“It’s me.”

It took a few seconds for Su Nan to respond:

“Qin Yu?”

“Well.”

Su Nan suppressed his excited voice:

“It’s really you? Are you back? You have disappeared inexplicably these days, we I’m worried to death, where have you been, have you encountered any danger? Are you safe now?”

Qin Yu put down the doubts in her heart, and at the same time heaved a sigh of relief.

Su Nan doesn’t know anything, so the Su Group must have nothing to do with the old man.

She relaxed inwardly.

Rejoice.

“Don’t worry, I’m safe, nothing happened, do you know the news I sent you in the cafe?”

Su Nan replied immediately,

“I followed the people on the surveillance camera, but I couldn’t find them at all. When it comes to any details about that person, the police station is also in vain, and there is no response.

Qin Yu, who are those people?”

Qin Yu frowned slightly.

The police couldn’t find Guo Tong’s identity?

## **Chapter 2148**

The unlucky ghost and the broom star

Qin Yu naturally believed in Su Nan’s words.

She really wanted to use Su Nan’s power to investigate, but she also knew very well.

Mo Xian’s water was too deep to involve Su Nan.

The danger she had encountered before was thrilling enough.

How can you drag your best friend into the water?

And thinking about the old man’s warning, if she told everything and there was no evidence, she wouldn’t be able to catch Mo Xian now.

If that crazy man turns around and finds trouble for her, wouldn’t his good life come to an end again?

Thinking of this, her tone calmed down a bit:

“It’s an old friend, Su Nan, I don’t need to continue the investigation when I’m back. Are you alright?”

Su Nan breathed a sigh of relief:

“It’s alright, just Worrying about your safety. After you lost contact, Aunt Qin and Aunt Qiao were going crazy. I helped find them, but I didn’t have any clues. Shen Liang was hospitalized inexplicably, and you disappeared. How can you not be worried?

But Shang Qian is not familiar with the black area of City A, so he can’t get involved, and he doesn’t dare, fortunately you’re fine, Qin Yu.”

Su Nan said the more and more depressed.

It's easy for Shang Qian to fall into it, but it will only break their peaceful life and ruin their home.

Su Nan was constantly struggling and didn't dare to make a decision.

Qin Yu understood Su Nan's difficulty and sighed:

"Su Nan, stop thinking about it, am I all right? Don't worry, it's so late, take a rest, let's talk later."

"Okay.

" on the phone.

Qin Yu looked at Qin's mother's tired face and felt guilty.

In addition to the guilt, the hatred for Mo Xian deepened.

If it weren't for him, he wouldn't be where he is today.

"Mommy, will you go up and rest too?"

Qin's mother nodded.

Originally, she couldn't sleep, but when Qin Yu came back, everything was fine.

"Would you like to contact the police? We've called the police for so many days, and now we have to have an answer."

Qin Yu pursed her lips and turned a corner in her heart:

"Tomorrow, I want to go up and take a shower."

"Quick . Go."

Mother Qin naturally wouldn't stop her.

Qin Yu hugged her and went upstairs alone.

In a familiar room, she sat quietly beside the bed.

Thinking of the thrilling night tonight, it was a surprise that she could go home.

Just the next step?

Can Mo Xian really let her go?

Qin Yu went to the bathroom to take a shower.

Slept for a while.

It's not yet dawn.

She got up.

He left a note for Qin's mother and went to the hospital.

She was really worried about Shen Liang.

The sky was half dark, and there was a little light in the gap.

There was a damp coolness in the air.

It was the same hospital, but there were several times more bodyguards than last time.

In this way, she was relieved slowly.

They knew Qin Yu, so they went all the way without hindrance.

She pushed the door into the ward, and Qiao Fan was still dozing off on the sofa.

Hearing the movement, she stood up in surprise:

“Qin Yu, why are you so early?”

Qin Yu smiled, looking at Qiao Fan, who had lost weight, and felt uncomfortable.

She didn't know how to explain what happened during this time, but fortunately, Qiao Fan didn't force her to speak, and took her hand to the ward inside.

The instrument beeped quietly and regularly.

Shen Liang lay there, his face much better than before.

Qin Yu's heart suddenly tightened.

“Mom, why hasn't he woke up yet?”

Qiao Fan shook his head in pain, his voice trembling a little:

“It's okay to say that the rib is broken, but the doctor said that the head was severely injured, and the congestion has not yet occurred. I 'm sometimes awake and sometimes lethargic.

At least I have to observe for a few more days, if it still doesn't work, I'll go abroad for surgery.”

Qin Yu's face was pale and bloodless.

She pursed her lips, her eyes blurred.

My heart was so uncomfortable that it was like being entangled by a thin thread, slowly shrinking and getting closer.

Almost out of breath.

She stood there silent, heartbroken.

Qiao Fan looked at her, patted her on the shoulder, and pulled her over:

“Good boy, you have been wronged, tell me, who did it? The family has already started to prepare, and originally planned to wait until you came back. , I'll take you back to my hometown, at least it's our territory and it's safe.

But now, we don't know who the enemy is?"

Qin Yu gritted her teeth, tears swaying slightly in her eyes.

She opened her mouth to say it.

Only the old man's warning echoed in his ears.

This is not a simple burglary.

Those of them are not ordinary petty thefts.

They are real lifeless criminals.

Speak up and face the entire criminal group.

What ability do they have against an entire criminal group?

The police haven't even found her whereabouts for so many days, which shows that they are not afraid to investigate at all.

If they hit hard, they will only suffer.

Thinking of this, Qin Yu blinked his eyes slowly and twitched the corners of his mouth:

"Mom, find more bodyguards to follow you when you go out, you can't be the same as before."

Qiao Fan nodded, "You..."

Qin Yu pursed her lips: "We can't afford to provoke the person who took me. Mom, it's me who is implicated in Shen Liang. I'll talk about everything when he wakes up. Is there any chaos in the company?"

Qiao Fan wiped his eyes and said, "Alright.

" Well, I'm not in the mood to take care of the company's affairs, but a few shareholders came over and said that I was annoyed and kicked out, just come back, everything is not important."

She understood Qiao Fan's feelings for her. comfort.

Qin Yu felt uncomfortable in his heart.

But she couldn't say anything.

Just waiting for dawn, she will go to the police station to investigate.

Qiao Fan was tired, Qin Yu asked her to go home to rest, and she watched in the hospital.

Qiao Fan did not refuse, left enough space for them, and left the hospital by himself.

Qin Yu looked at the man on the hospital bed, the stubble on his face grew out, a little vicissitudes.

It's just that she can't be the same as before, and she can't be too impulsive in doing things.

If she is disobedient, Shen Liang will deliberately pierce her face with a beard in order to punish her.

She smiled and avoided, and then the two of them made a fool of themselves, and then they were taught a lesson.

The good days in the past went too smoothly, so when the nightmare suddenly came, she was caught off guard.

Shen Liang, the unlucky ghost, was completely implicated by himself.

She is such a broom star!

Qin Yu's eyes were red and she held his hand.

If he wakes up, there must be a way, but why hasn't he woken up yet?

From the bottom of my heart, I insisted so much. If something happened to Shen Liang, what would I do?

It must be better to live than to die!

She just looked at Shen Liang so motionlessly.

nine in the morning.

She got the phone she had bought.

The replacement card is also loaded.

As soon as it was turned on, the news in WeChat was about to explode.

She just quit.

But for a while.

Mother Qin called. The police wanted to know the news and came to the hospital to find her.

Qin Yu said yes.

She disappeared for so many days, there must be an explanation, right?

It's just ridiculous that it's not someone else who needs to explain it to her, but she needs to explain it to someone else.

## **Chapter 2149**

Who entrusted

Qin Yu to sit here, opposite two policemen.

She should have been very excited when she saw the police, and could not wait to tell all her grievances these days.

But now, she suddenly became very quiet.

Can't say a word.

Without evidence, how can someone be brought to justice?

She sat there, listening absently.

The policeman was also a little anxious, but he didn't know why his expression was intriguing.

Look at their serious inquiries.

Qin Yu gritted her teeth, her eyes suddenly sore.

She moved.

"Wait a minute, I'll tell you all."

Even if it's a one in ten thousand hope, she should try it, shouldn't she?

No matter how powerful Mo Xian is, he can't cover the sky with one hand.

What if she succeeds?

The policeman looked up at her.

Qin Yu took a deep breath, and since New Year's Eve, she told everything she knew.

Including the "I heard" bar and the old man's birthday club.

The police looked at each other and stood up with a serious face.

"Miss Qin, thank you for your cooperation. From now on, you must pay more attention to your safety. If you need anything, please contact us at any time."

Qin Yu pursed her lips, "Can you catch him?" The

police paused. With a solemn face:

"Actually, we have been eyeing this underground organization for a long time, and we also sent some notices to investigate the situation, but unfortunately the other party is very cunning and has no flaws.

Miss Qin, this Mo Xian is a new member. He desperately hopes to gain a position in the organization. This is the weakness of the organization.

As for that old man..."

They hesitated.

Qin Yu's heart skipped a beat:

"Although he helped me get home, I didn't hide anything. This old man has a bad-hearted face and a high status. Uncle Qian wants to listen to him, but I don't know who he is..." The

policeman paused before

saying, "He is a big drug lord we have been tracking for more than 20 years, and his whereabouts are uncertain. He also has multiple identities. We have been unable to catch him for a long time. This time he appeared in City A. Although we heard the movement, there was no exact whereabouts.

If only we could contact you earlier, unfortunately...

Miss Qin, we have an unkind request. “

Qin Yu sat up straight and looked at him with a solemn face.

... After the

police left,

Qin Yu sat there dully with a pale face.

It didn't take long.

Someone knocked on the door outside the ward.

Su Nan and Cheng Yi and Ning Zhi came together.

Qin Yu immediately put on a smile and looked at them.

“A visit to the doctor? “

Su Nan and Ning Zhiliu walked over and hugged her:

“You are finally back.” “

Ning Zhi looked at her worriedly:

“I heard that you had an accident when I was abroad, and thought it was Su Nan who lied to me. Fortunately, you are all right.” “

Qin Yu smiled, she seemed to have grown up all of a sudden, she didn't cry or make trouble, and she didn't reveal any expression.

There is no need to wait to share the suffering of this period of time.

What's there to say?

It's not a glorious thing!

Qin Yu looked at Cheng Yi, “Cheng Ershao, I thought your honeymoon would take two years!”

Cheng Yi, who had been spending his honeymoon outside: “...”

He scratched his head and looked at She sighed:

“I knew I should have brought you here. It's better to be a light bulb than here!”

Qin Yu cut and smiled.

Su Nan looked at Shen Liang inside, and then turned back.

“Qin Yu, where have you been these days?”

Qin Yu looked inside, looked at the three people, and paused:

“It was Mo Xian who did it.” The three people were shocked.

Cheng Yi cursed with a dirty word.

Ning Zhi frowned in shock: “What does he want to do? You are all over, he still doesn’t give up?”

Su Nan was silent for a few seconds, then looked up at her:

“I checked him, his company has been losing money, But there is no sign of bankruptcy. He has a steady stream of liquidity to fill the hole.

Although I feel something is wrong, Mo Xian is very vigilant. He seems to want to cooperate with Su, but he is not sincere.

He can do this . This kind of thing, is it...”

She hesitated, the thought in her mind was very strong.

Qin Yu’s face turned pale.

She lowered her eyes and nodded.

Su Nan was instantly shocked.

“And now? Will he let you go?”

Qin Yu: “It’s a long story, I just passed it on to his superior, and it just so happened that the superior was entrusted by others, so he let me go.”

Ning Zhijiao: “Entrusted by whom?”

Qin Yu shook his head.

She doesn’t know either.

Su Nan’s eyebrows were solemn: “You can’t have no one around to protect you, why don’t I have a few bodyguards follow you at any time!”

Qin Yu squeezed her hand and shook her head solemnly:

“No, never, please don’t drip This time in muddy water, I already have a way.”

Su Nan was surprised.

Cheng Yi said a few words, and followed them out to dinner.

Can’t get away no matter what.

Qin Yu finally let him go.

Several people found a nearby restaurant and found a box.

When Cheng Yi mentioned “I heard” about the bar, Qin Yu froze.

“You shouldn’t go to this place in the future.”

They looked at her.

Qin Yu pursed her lips: “I’ll find out later, anyway, don’t go there anyway.” In

a bar with a petty bourgeoisie atmosphere, there is a money printing factory in the background, and no one will believe it.

But she still remembers the police’s exhortation...

I can’t say it for the time being.

Several people tried hard to forget the unhappy things, and Cheng Yi also picked up the happy things and said.

They seem to be back in the past, talking and laughing.

It’s just that Qin Yu looks relaxed and active on the surface, but in his heart he seems to be carrying a secret.

Don’t give up easily.

She didn’t return to the hospital until several people were gone.

Just at the door of the ward.

She saw Su Nan.

Su Nan stood there and smiled.

Qin Yu’s eyes were sour, she saw the disguise just now, but didn’t pierce her.

Su Nan walked over:

“I know, you are back, but the matter is not over yet, this is for you.”

She took out a gold velvet box with a pair of diamond earrings in it.

Qin Yu looked at her puzzled.

Su Nan: “There is a positioning device inside. As long as you don’t turn it on, the detection device cannot detect it. As soon as you turn it on, your whereabouts will appear immediately.

Qin Yu, this is given by my elder brother, and the Su family is with you. I didn’t help much with the matter, and I felt bad.

But because of An Qi and Lian Li, the military kept an eye on Shang Qian’s actions. The Su family was the focus of attention, and the sister-in-law was pregnant again. Big brother, he couldn’t take risks.

So...”

Su Nan lowered his head, feeling very guilty.

If the Su family is only herself, even if she sacrifices everything.

But she couldn't take the safety of the entire Su family against the unknown criminal group.  
Her selfishness was tormenting her.

Fortunately, Qin Yu came back safely, otherwise she would really hate her cowardice!

## **Chapter 2150**

Avoiding the limelight

The Su family did not sacrifice everything in this matter, and today the Su family is too afraid.

At the beginning, in order to save Su Nan, Su Jin contacted many parties, even in the underworld.

Call it earth-shattering.

The high profile at the beginning has already been eyed by people with a heart.

Wrong line is wrong, that is, the full plate belongs.

They can't be as deadly as those criminals.

Let alone compromise for Qin Yu's sake and embark on that path.

Provide the greatest assistance within their power.

This is Su Yifeng's original words.

Qin Yu took a deep breath, stepped forward, and hugged Su Nan's shoulder.

She patted Su Nan's back with a smile, her voice low and hoarse:

"I know, although I called you, but I hope you don't come after that.

Mo Xian is still merciful to me, but Not necessarily for you.

I can't be protected by you forever, and I will grow up on my own.

City C I was frustrated and returned, but this time I have no room to turn back.

He came to me, you can't help Mine."

Qin Yu knew that she was arrested, and she couldn't blame anyone except Mo Xian.

How could she blame Su Nan for not saving her?

No one could find this huge criminal group, and the Su Group did not have the ability to reach the sky.

Shang Qian will also keep himself clean for Su Nan, not to mention that he is being watched badly in China, and he will not have any secret operations.

The two understood each other and smiled in unison.

Qin Yu looked at the pair of earrings and smiled:

"Really drilled?"

Su Nan gave her a helpless look:

“Of course, the ones I got at the auction, I’ll find someone special to put them in, as long as Press and hold for a few seconds to open it, but if you open it, it will be detected by the detector, so you must be careful.”

Qin Yu paused and looked at her calmly:

“Do you know what I’m going to do?”

Su Nan pursed her lips , “Shen Liang can’t help you now, and you can’t make the entire Shen group obey you. If you don’t solve the known difficulties, how can you feel at ease?”

Qin Yu nodded with her eyes down.

“I’m waiting for Mo Xian to catch me.”

Then, there can be an ending.

“How can I help you?”

Su Nan asked.

Qin Yu paused and approached her: “Help me investigate one thing.”

Who is the person behind the old man who interceded for her?

If it started to disintegrate from that person, wouldn’t she have a higher success rate?

Hearing this, Su Nan nodded.

The two smiled at each other.

Su Nan turned and left.

Qin Yu pushed the door and entered the ward.

She glanced at the person on the hospital bed, smiled, and put on the pair of earrings.

If it was the former Qin Yu, once she was free, she must have escaped as far as possible.

She wished no one could find it.

But now, she can sacrifice herself, and she doesn’t want Shen Liang’s life to be threatened.

in the afternoon.

Mother Qin made the soup and brought it over, and Qiao Fan came together.

They didn’t notice anything.

I just felt that their lives would get better and better when Qin Yu came back.

When Shen Liang wakes up, everything will be back to normal.

Mother Qin came over to greet Qin Yu to eat, and pinched her face:

“Ayu, eat first.”

Just like when she was a child.

It’s just that Mother Qin kept calling her by her first name when she grew up.

Qin Yu smiled, walked over, and poured soup for them first.

Qiao Fan looked at her with sour eyes:

“Good boy, you have been wronged. I have discussed with your mom. In two days, whether Shen Liang is awake or not, we will send you abroad. Let’s avoid the limelight first.”

Qin Yu Looking at Mother Qin, Mother Qin nodded.

Her brows were a little haggard, and it seemed that she had spent a lot of effort on her affairs:

“Those people can’t be provoked, don’t mess with them, we can hide it, you go abroad, don’t worry about the affairs here for the time being, wait for Shen Liang to recover. Let’s talk about it later.”

Qin Yu drank the soup and nodded.

There was no refusal, which made both Qiao Fan and Qin Yu heave a sigh of relief.

It’s just that Qin Yu felt awkward, she seemed to be missing something.

Not right.

But there is nothing wrong with it!

She glanced at the two women in front of her, her heart softened, and she said with a smile:

“I’m frightening you, don’t worry, I’m Qin Yu, who dares to provoke me?

I’ve told the police that they will protect me. .”

Mother Qin smiled, “You, don’t be careless, no matter how foolish you are on weekdays, you can’t compromise with the scum.”

Qin Yu raised her eyebrows.

Qiao Fan stopped her:

“Oh, don’t teach her a lesson. The child has just returned and is frightened, so you have to coax her!”

“Are you a mother-in-law or a mother, do you think she is frightened?

She sleeps After a sleep, it’s Qin Yu who is lawless again!” Qin’s mother stared at her helplessly.

Qiao Fan looked at Qin Yu with a smile, as if he couldn’t get enough of it:

“That’s right, I wouldn’t be happy if it was replaced by someone with a law and a future!”

Qin Yu listened to them quarreling with particular interest.

It’s just that the doctor came to the ward and asked them to be quiet.

The two talents were slightly restrained.

She smiled and let them leave.

The two reluctantly left.

in the evening.

Shen Liang woke up, he opened his eyes with difficulty, and tried hard to identify whether the person in front of him was Qin Yu.

It's just that Qin Yu didn't have time to get excited, so he closed his eyes again.

But it's a good thing that he can wake up.

Qin Yu happily moved a chair and sat next to him, cutting his nails.

When Shen Liang gave her assistant Zeng Yao heard that Qin Yu was back, he came over happily with the documents.

"Vice President Qin, there are still a lot of things in the company. Would you like to go back to take charge of the overall situation first?"

Qin Yu glanced at him.

In normal times, I would still be interested in the company's business.

Only now, she has no interest at all.

"Zeng Yao, let the directors discuss it, or give it to other vice presidents?"

Zeng Yao looked at her embarrassedly and said,

"You and President Shen are not going back, there are rumors in the company, people are unstable, you must at least reveal Noodles!"

Although this is not the headquarters, Shen Liang has a plan for the development here.

If we give up halfway, wouldn't all the previous efforts be wasted?

Qin Yu sighed and stood up:

"Okay, I'll show up, you can decide on other matters at the meeting."

Zeng Yao nodded: "That's enough."

Qin Yu wiped Shen Liang's face before Went to the bathroom to wash hands.

"Send someone to pick me up tomorrow, it's too late today."

"Tomorrow morning there is an entertainment, an investor introduced by the company's shareholders, would you like to meet and see? The company has already reviewed it, just go through the process. Well, you come forward so that they can see the sincerity of our company."

Qin Yu raised her eyebrows, "Okay."

She doesn't have the energy to waste time in other areas now.

It's what they say.

This floor of the hospital was surrounded by iron buckets, so she didn't have to worry about safety.

Qin Yu stood by the window and watched the sun go down and the rays of the sun were shining.

An anticipation for the future rose in my heart.

"Qin Yu..." The

man called her.
