

Divorce 2151

Chapter 2151

is all for you to

hear weak voices.

Qin Yu turned around slowly in shock.

Looking at the man on the ward opened his eyes again.

This time, he was clearly awake, with light and worry in his eyes.

“Qin Yu...”

He slowly raised his hand.

Qin Yu walked over a few steps, her eyes suddenly became wet, and her emotions that had been tense for a long time suddenly collapsed.

Tears streamed down.

Without saying anything, she cried out of breath.

She can pretend that nothing happened in front of Mother Qin and Qiao Fan.

You can also pretend to be strong in front of Su Nanning.

But in the face of Shen Liang, he only needs a look, and she can unload everything.

“I’m sorry...”

she whimpered, hysterically.

Shen Liang sighed slowly, one hand fell on hers, breathing heavily:

“I don’t blame you, you’ll be fine.”

Even if his life and death were on the line, he didn’t forget to console Qin Yu.

What is wrong with her?

In the eyes of others, she is full of shortcomings, her character is worrying, and her ability is not enough.

But in his life, she was the brightest light.

Even Qin Yu didn’t know how important she was to him.

Qin Yu held his hand and cried depressedly.

“I...I’ll call the doctor first.”

She suddenly remembered and called the doctor.

But Shen Liang grabbed her hand, his face was weak and pale, and he gasped hard:

“Qin Yu, has he been caught?”

Qin Yu immediately understood, her eyes darkened a bit, and she shook her head.

Shen Liang didn't hesitate, took a deep breath, and said with difficulty:

“Let the lawyer come, I will sign it, the Shen family will give it to you, you go to the group, they will protect you.”

Only by letting her own the entire Shen family, the entire Shen family Shi will work hard for her and pay attention to her safety.

to protect his woman.

Qin Yu is no longer someone to be bullied.

Qin Yu glanced at him blankly, trying desperately to control her emotions.

But it didn't work at all.

How could he be so nice to her?

How could he rest assured to give her all his wealth?

Has he forgotten that he is a lazy, greedy and incompetent Qin Yu?

How does she fit in?

He didn't even ask if she kept her innocence for him.

He also didn't ask her if she colluded with Mo Xian in private.

All doubts are gone.

He protects her with the purest thoughts, as long as she lives.

Fill his heart instantly.

It was a nightmare, and he did it for her.

What can't you forget?

Qin Yu gritted her teeth, tears falling uncontrollably.

She shook her head desperately.

“No, I don't want either.”

Her shoulders trembled violently, and she leaned forward and said:

“Shen Liang, I only want you, you must get well soon, I'm not afraid.

Don't you keep saying that I'm a fox spirit? A fox spirit has nine lives, and I can't die.”

She choked out.

Shen Liang frowned, his face was dignified, and his eyes were full of disapproval.

But his body didn't allow him to say too much, and after a while his eyes were dim.

He could only hold his head up and take a deep breath.

Qin Yu followed his breath and rang the bell to call the doctor.

soon.

Shen Liang fell asleep again.

But the doctor was very happy: "Mr. Shen's recovery has improved. It is estimated that he has such a strong will to survive when he knows that Mrs. Shen is back."

Qin Yu looked at the person on the hospital bed silently.

What can she do?

The road he took her along had always been the flattest and cleanest road.

But the people in her past tried desperately to plunge her into a quagmire.

She closed her eyes, if she had known that she would meet Shen Liang.

She must wait for him for the first half of her life.

In the evening, Qiao Fan and Qin's mother wanted to come for her, but Qin Yu refused.

She lives in the hospital guarding, only in this way can she feel at ease.

But Shen Liang never woke up like the evening.

Qin Yu directly contacted doctors abroad.

I plan to send people abroad for treatment.

For the first few days, she was terrified and worried that Mo Xian would come out of nowhere and take her away anytime, anywhere.

But gradually, she felt that she was thinking too much.

So I gradually let go of my worries.

It seemed like a safe and normal life.

It's just that she travels between the company and the hospital, turning her busy schedule around.

But she never tires of it.

Seeing Shen Liang getting better a little bit, her heart seemed to be slowly filled with time.

When it was time to transfer to another hospital, the helicopter followed.

Qin Yu wanted to follow along, but things in Shen's company were really tricky.

Qiao Fan has a big heart, sees it very openly, and dumps all the company to the people below.

However, the people below did not restrain their gratitude, but began to move around.

Even after clamoring for Shen Liang's death, how to deal with the equity.

Qin Yu came forward to temporarily suppress their movements.

A few bodyguards were forced by Qin's mother beside her, but Qin Yu did not refuse.

Zeng Yao arranged several entertainments in a row, all of which were temporarily able to appease the partner's unease.

But she didn't know how long it would take.

Only when Shen Liang comes back will these little secret movements disappear completely.

Qin Yu received a call from Zeng Yao, and the car was already waiting downstairs.

She didn't hesitate.

Looking at Shen Liang's instruments, everything was fine, so he took the bag and went out.

Qiao Fan had already arrived at the door, looked at her and smiled:

"I made soup for you, eat some before you go?"

Qin Yu shook her head, "Mom, I have a few more important memories today, and there will be entertainment in the evening, maybe it will come later..."

Qiao Fan understood and looked at her distressedly:

"Good boy, thanks to you, your mommy often said that your wrist in the mall is not good. I think she really missed the point. If it weren't for you, Shen Liang's hard work would be gone."

Qin Yu smiled He smiled, "His foundation is good, I'm just going to bully others, don't worry Mom, when he gets better, it's nothing."

Qiao Fan followed and nodded, "I'm here to guard, you go. , I'll leave when you come back."

They all formed a tacit understanding.

Shen Liang can't live without people, so Qiao Fan and Qin Yu must stay and watch.

They don't worry about others.

Qin Yu went downstairs, got in the car, and went directly to the company.

Zeng Yao handed her the documents used for the meeting:

"Mr. Qin, these are the two projects that the shareholders want to pass. It is very likely that they will be raised at the meeting. Anyone with a discerning eye can see that there are problems with these two projects, but if they insist on passing, you may not be able to stop it alone."

Qin Yu glanced at it and pinched her brows.

I was really anxious.

No matter how normal she behaves in front of outsiders.

But she knew in her heart that she had no bottom, and she was also very flustered.

There was silence for a few seconds.

She reopened the project book.

No matter how difficult it is, you have to work hard.

A project wants to acquire a pharmaceutical company, and the price given is very low, which is ridiculously low.

This is a good thing for the acquirer.

But unfortunately, Qin Yu knew about this pharmaceutical company...

Chapter 2152

Your Secret

Some time ago, there was a crusade on the Internet, because this pharmaceutical company produced counterfeit medicines, and the life-saving medicines for patients were ineffective, resulting in the deaths of patients in more than a dozen hospitals. .

The hospital was also on the cusp of being on the cusp of poor supervision and management, followed by scolding.

But it happened a few days ago.

All the hospitals united to boycott all the medicines produced by this company.

After the incident was found out, almost all the list of this pharmaceutical company was broken, the capital chain was broken, and it was about to declare bankruptcy.

Not only that, but may also face huge compensation.

At this time, Shen's Group's acquisition of this pharmaceutical company is tantamount to causing trouble, and it even loses its reputation.

It will only be dragged down, and there is still a large amount of compensation to be paid.

Simply a losing business.

If Shen's shareholders could come up with this plan, Qin Yu wouldn't believe it if they wanted to confiscate any benefits.

And another project book.

It's clear at a glance.

It is an additional investment for the previous project, but the performance of this project in the early stage is not satisfactory.

It could even be said that it ended dismal.

In the state of timely stop loss, additional investment is tantamount to filling a hole for them.

A thankless thing.

The planning book that had been under pressure for several months was turned out again, and it was hard not to make people wonder what happened.

It's just that it's too late for people to investigate now.

If these two project plans are passed at once, the funds of the Shen Group are likely to be affected.

And the image of the group will also be implicated to death.

Knowing this in general, Qin Yu looked out at the passing scenery.

People and cars hurried past, and the wind blew in wantonly.

She stared blankly, but her eyes didn't have a definite focus.

She just felt upset.

Thinking about Shen Liang, there was a bit of sadness in her eyes.

But soon, the sadness disappeared without a trace.

Right now is her most important thing.

A touch of bleak cannot fade the color in her life.

She will get better and better.

Zeng Yao looked from the front, she only showed a side face.

But after a few days of contact, I can feel that she has changed a little bit.

Silence, calm, restraint.

In those days of disappearance, I don't know what she went through.

But Qiao Fan warned that no one in the company was allowed to mention this matter, let alone ask in person.

So, let's take her out for a vacation.

to the company.

She took Zeng Yao directly up.

It was more than ten minutes late for the meeting, but she didn't care.

When I entered the conference room, there was chatting and laughing, the atmosphere was harmonious, and it was very lively.

But there are also people who are secretly angry and say a few scratching words, but they are yelled back.

“Boss Qin is here.”

Zeng Yao stepped forward to open the door.

Qin Yu went in directly and sat in the place where Shen Liang was sitting.

On the left side of her is a middle-aged and fat old man sitting with a rosy face and a contented mind.

It is also Shen Liang’s uncle, Shen Zhi, who is one of the shareholders who took the lead in proposing the project.

The meeting room was quiet for a moment.

Say the laughter stops.

The secretary sent the project book to everyone.

Qin Yu glanced at it.

Shen Zhi doesn’t talk nonsense, he doesn’t take Qin Yu seriously at all:

“niece-in-law, since you are here, just sign it directly, we have discussed it privately just now, these two projects are very important to the company. It’s good, just sign it.”

Qin Yu gently flipped the plan in front of him, pursed her lips, and said in a calm tone:

“One has gone bankrupt, and one is about to go bankrupt, is this the plan that the shareholders want to pass? ?” The

meeting room was silent for a moment.

Shen Zhi glanced at her with a heavy look, with a bit of contempt:

“You don’t know much about this, otherwise you wouldn’t come back from City C in a daze.

Although it looks bankrupt on the surface, the company The technology and machines of the company are there, and the money purchased is not enough for the depreciation of their machines. We can buy it at this price, and it is already cheap.”

Qin Yu twitched the corners of his mouth: “But we want a broken one. What is the use of the machine? The name of this company will be scolded to death, and maybe it will be used by people with a heart, and it will be related to those patients who die from taking medicine.

At that time, we will spend the public relations and maintenance fees, but It should be dozens of times more than this number.”

Someone on the side responded with disgust:

“Yes, I agree with President Qin’s opinion. It is obviously a mess that is suffering. Why should we clean it up? Which one should we buy? Isn’t this asking for trouble for you to have such a company?”

Shen Zhi stared at the speaker with a cold gaze:

“You can find it, at this price, you can’t even buy a single machine, not to mention the formula and technology are packaged and given to us, some negative voices are nothing, what you get is real money!

Qin Yu, don’t lose the big because of the small, this is a rare opportunity, the shareholders who agree have already accounted for the effective number, you just need to sign.”

“You...” The

popular face flushed red .

Qin Yu glanced at them casually, with a bit of indifference in her eyes;

“Acquiring this small bargain will only drag down the company’s reputation, I don’t agree with this plan, if you insist on doing it, then wait until President Shen returns to the company. Mention.”

Shen Zhi gave her a gloomy look, with a look of impatience on his face:

“Can he wake up? I asked the doctor a long time ago, he can only lie in bed in his life, you Don’t delay, if something major is broken, our shareholders will naturally discuss with Shen Liang away.

You, a woman, don’t take good care of him in the hospital, why are you running around all day? “

Qin Yu looked at Shen with deep eyes. Zhi, with a bit of coldness on his expressionless face.

The meeting room froze for a moment.

next second.

She stood up and threw the plan in front of her fiercely on his face.

Everyone was shocked.

Shen Zhi was even more furious, with unbelievable humiliation on his face.

“You...”

Qin Yu stood up, her body like a hedgehog covered with thorns, and the anger in her chest burst into flames.

She couldn’t calm down, especially after hearing others insult Shen Liang.

“Shen Zhi, don’t think that you have a relationship with the Shen family so you dare to be bossy in the company, even if Shen Liang is gone, it won’t be your turn to take his place.

What’s more, he’s not dead yet, the reason why I came to the company is because I don’t want to watch you all wasted all of his hard work! “

Shen Zhi’s face turned into a pig’s liver color, which was terribly ugly.

He pointed at Qin Yu, so angry that he couldn’t even speak clearly.

In front of so many people, even Shen Liang had to give him some face.

This Qin Yu even dared to contradict him in public, and he dared to say it so ugly!

He has been thinking about Shen Liang's position for a long time. It's just that Shen Liang's tactics have always been strong, so he can only stare at him but can't really do anything.

It's easy to have this opportunity, why doesn't he want to use his right to speak?

After all, he is Shen Liang's uncle, and he is more suitable to take charge of everything in the Shen Group than that woman.

"Qin Yu, don't think I don't know your secret.. ..."

Chapter 2153

Self-revealing scars

Shen Zhi pointed at her with an ugly face, in front of everyone, in this conference room.

He didn't hesitate to tear his face:

"For Shen Liang's sake, I originally wanted to save you some face, but you are too much.

What qualifications do you have to stand here? Qin Yu, your secret Do you think no one knows?"

Qin Yu's face turned pale.

Her eyes narrowed slightly, and her heart seemed to be clenched by a fist, which made her panic for a moment.

secret?

The days she disappeared were her biggest secret.

It's just the specific details of this matter that no one knows except the police.

She didn't even say Su Nan and Ning Zhi clearly.

The police said, don't make it public.

Of course she won't reveal her scars.

How could her secret be known?

Shen Zhi looked at her gloomily, with a bit of viciousness, and said to himself:

"Don't think we don't know, you have already found a lawyer and want to embezzle Shen Liang's property.

I saw it with my own eyes . The lawyers of the Shen Group entered and left the hospital, didn't you instigate Shen Liang to give you power?"

Qin Yu was slightly shocked.

She raised her head in disbelief.

She never did.

But Shen Zhi's words were right in his ears.

It's Shen Liang...

He himself asked someone to find a lawyer and wanted to give everything to her while he was sober.

She remembered what he said that day, that only if he gave her his power, the people of the Shen family would protect her.

He really gave up everything!

Even she doesn't know it.

Shen Zhi looked at her angrily:

"You woman, your ambitions are too big, why should our Shen family's fortune fall on you?"

The person next to Qin Yu who refuted Qin Yu said again:

"President Qin It's Mr. Shen's wife, why can't his family business fall on her? Is

Mr. Shen thinking too much, and he still has the idea that men are superior to women? President

Qin inherits everything from President Shen, as long as Mr. Shen's mother has no opinion, that's justifiable!"

"Bah, why should a woman take up the family business that our Shen family has won? If she doesn't fight and recognizes her position, we can still give her a bite to eat. Eat.

Otherwise, our shareholders will not agree to unite!"

Shen Zhi simply stood there, his face fierce and domineering.

In his eyes, Qin Yu was no match at all.

She was able to escape from City C, which showed that she did not have the ability to turn the clouds around.

If you want them to listen to her, don't even think about it.

Her defeat is her shame.

There was no sound in the conference room, and the silence was suffocating.

Qin Yu looked at those who had united with Shen Zhi, and suddenly understood.

I'm afraid they have already thought about it, waiting for the moment when she takes the initiative to tear her face.

Her eyes swept across the people present quietly one by one.

Extremely calm.

How much does Shen Liang have to rely on to be able to hold down this pile of jackals, tigers and leopards?

She sat there, her eyes were quiet, and then she looked up at Shen Zhi, her tone was also cold:

“Shareholder? Here, Shen Liang is the biggest shareholder, and I am also one of the shareholders. If necessary, I can ask a lawyer to come. The provisions of the popular science law, what I said, are not worth it. I will not pass these two plans, and you don’t want to borrow my hands to make dirty money.”

She said and stood up.

He left the meeting room without hesitation.

Hearing Shen Zhi swearing swear words from behind without hesitation.

She didn’t move either.

Zeng Yao greeted him with an embarrassed expression:

“Mr. Qin, it’s useless even if you object here, Shen Zhi agrees with the shareholders, and he has real power in his hands, and the chief financial officer was brought up by him

. We can only accept the acquisition in the name of the company.”

Qin Yu pushed the door into the office and sighed:

“I know.”

“You know...why do you want to let President Shen’s mother come forward to persuade him? Persuade?”

The only way Zeng Yao could think of was to show weakness.

Now Qin Yu has no strength to compete with Shen Zhi.

Qin Yu shook her head and sat at the desk:

“No, I objected to it face to face. If they want to do it, go ahead. I

’m just expressing an attitude.”

They give up?

“I don’t understand...”

Zeng Yao looked at her in embarrassment.

Qin Yu glanced out the window lightly, and said in a calm tone,

“Tell the finance side that from now on, more than 10 million funds will be transferred out in batches, and tell the bank’s new rules.

Once their actions begin , when the first payment is paid out, call the police immediately.”

Zeng Yao stood there in shock: “Call the police?”

Qin Yu pursed her lips: “Yes, the police intervened, they could not get the instructions signed by the president, this payment is If there is a problem, the police will notify the bank to freeze the remaining funds.

Wouldn’t that buy us time?”

Zeng Yao was shocked, looking at her with a bit of admiration and disbelief.

“Mr. Qin, you are so smart. We use the least loss to delay the time, so our acquisitions with pharmaceutical companies will probably be cold...”

Qin Yu chuckled lightly:

“To When the time comes, by the way, we will release the news to show that we will never cooperate, and the image of the group will be preserved.”

Zeng Yao’s eyes lit up and he nodded heavily.

Things have slowed down, so Qin Yu is not in a hurry for a while.

No matter how capable Shen Zhi is, if he wants to get money from the group, he has to go through procedures.

Qin Yu left the stage halfway through, and there was no need to even discuss the second plan.

In the eyes of Shen Zhi and the others, Qin Yu just admitted defeat.

After the meeting, they swaggered out of here.

It didn’t take long.

Qin Yu received a call from Qiao Fan.

“Did Shen Zhi embarrass you? Just now he called me more than a dozen times, but I didn’t answer. I know that he wants to temporarily take Shen Liang’s position. Did he do something in the company?”

Qiaofan’s words are very direct.

Qin Yu was silent and pursed his lips.

Qiao Fan immediately understood:

“The company only looks at interests, not relatives, Qin Yu, compared to him, I am more optimistic about you, do whatever you want, I am also one of the shareholders, and I fully support you. Qin Yu ‘s

heart was sour, she smiled, and tried to keep her voice calm:

“I know, Mom, I won’t let them mess around in the company. It’s

just that they might bother you recently, and then...”

Qiao Fan sighed: "Don't worry, I don't want to see them, if they dare to bother me, I'll just drive out."

Qin Yu felt a little calmer.

The firm support of her family is one of the reasons why she can persevere.

She smiled and was about to say something when Zeng Yao knocked on the door and came in: "Mr. Qin, evening entertainment..."

Seeing this, Qiao Fan hung up the phone very thoughtfully.

Zeng Yao continued: "The partner who had already made an appointment, he suddenly proposed to suspend the cooperation and cancel the evening entertainment."

Chapter 2154

"Why suspend cooperation? Has there been cooperation before?"

Zeng Yao shook his head in embarrassment:

"No, but he has a laboratory for new medicine in his hand, and the scale is not small. Before, Mr. Shen asked for a line to contact him, but he hadn't met, so he had to make an appointment tonight, but the other party suddenly canceled..."

Qin Yu's chest was dull.

Shen Shi wants to get involved in a pharmaceutical company. If he can cooperate with this laboratory, he will be better than the fake drug manufacturer with a bad reputation.

As a result, shareholders have nothing to say.

She looked up at Zeng Yao:

"Do you know where the other party's itinerary has changed?"

Zeng Yao raised his eyebrows and said firmly,

"I know."

Qin Yu's eyes flashed slightly and she smiled.

Zeng Yao's work has always been very thoughtful and capable, otherwise how could Shen Liang be sent to her side?

At night.

Qin Yu changed into a decent dress and followed Zeng Yao away.

But surprisingly.

The place Zeng Yao brought her turned out to be the clubhouse where she had tried everything she could to escape.

The place where the old man's birthday party was held.

She sat in the car, looking at the lights outside the window, the world inside was haunting her like a nightmare.

Make her face pale a little bit.

She doesn't want to touch again, but this place will never go away.

The terrifying heart palpitations instantly made her extremely stiff.

Zeng Yao noticed that Qin Yu, who had always been confident and strong, had an expression on his face from fresh to dead.

But only for a few seconds.

He didn't know what was going on, but he still opened his mouth to remind:

"President Qin, that partner, originally made an appointment with us to talk about things here, but temporarily canceled our appointment, and he changed it to another appointment.

But according to what I know I know, he didn't return the box here, which means that the location has not changed."

Qin Yu's face was immersed in the dim light and shadow, and it was hard to see clearly.

But the change in her expression was already very subtle.

To go, or not to go?

Qin Yu's heart was full of struggle and fear.

Mo Xian's sinister face dangled in front of her eyes.

But in a blink of an eye, Shen Liang was lying on the hospital bed again.

Then the shareholders in the conference room were unscrupulous.

If she doesn't go, can she escape forever?

Shen Shi needs this opportunity, and she must get it too.

Otherwise, Shen Zhi doesn't know what else to do to damage the company's interests.

She didn't want to see an empty shell full of holes when Shen Liang woke up.

It was all the result of his conscientious work.

Thinking of this, her eyes became firmer.

What about even here?

Do you want to retreat thousands of miles in the future?

What's more, it's been back for so many days, isn't there anything wrong?

She thought about it, took a deep breath, took out the earrings that Su Nan had given her in the bag, put on the original earrings, and then pushed the door and got out of the car.

She didn't know why she did it either.

It was just subconscious vigilance that forced her to be careful.

She put on a natural look and got out of the car, Zeng Yao also took a breath and followed.

He gave the key to the doorman, and then opened the door in front of her:

"Mr. Qin, this partner's box is on the ninth floor. I have reserved a room next to it, so no one will stop me."

He did this to avoid appearing The embarrassment of being stopped by the waiter.

This is not a problem for Qin Yu.

Looking at the low-key and capable clothes she wore, but no less than six figures, she knew that she was not someone who came over to touch porcelain casually.

For a while, Zeng Yao felt that he was superfluous.

However, Qin Yu still gave him a look of admiration and encouragement.

Into the elevator.

Qin Yu's mood stabilized.

Because she found that this was not the route she had taken before, and the boxes below the tenth floor should only be for normal guests.

People with status like the old man usually choose the banquet hall on the top floor.

Thinking of this, her mood eased a lot.

More mood to look around the furnishings.

The splendid and magnificent decoration is indeed in line with the preferences of businessmen.

Cheesy, luxurious, nothing connotative.

But every road inside, every box, has been carefully designed.

It can be said that there is a sky outside the sky.

soon.

The elevator reached the 9th floor.

Qin Yu and Zeng Yao went out.

Zeng Yao took out his mobile phone to confirm the box number of the other party.

"No. 116, President Qin, we went there so rashly, didn't we?"

Qin Yu pursed his lips, "It's okay, at least we can't be indifferent, right?"

Zeng Yao nodded.

Doing something is better than doing nothing at all!

Qin Yu was not nervous. She had seen such a scene countless times before, and she had to win the opportunity.

This is what Mother Qin has said countless times.

Even if you can't cooperate in the end, you have to give it a try.

At the door of the box.

Zeng Yao knocked on the door.

soon.

It was the waiter of this box who came to open the door and looked at them politely:

"Excuse me, what's the matter?"

Zeng Yao smiled:

"We are from the Shen Group, we made an appointment to meet here earlier, please Let us know, our President Qin passed by here and wanted to make friends." The

waiter looked at Qin Yu, who was extravagant and bright next to him, and nodded:

"Wait a minute."

He closed the door again.

The opening of the door is so small that you can't see the whole picture inside.

I can only vaguely see a few people sitting on the sofa chatting, some men and women.

They all have their backs to the door, and there is a screen.

There is no alcohol in it, but there is a mysterious sandalwood in it.

Just vaguely, Qin Yu's eyelids jumped.

She looked at Zeng Yao subconsciously:

"What's the other party's name?"

Zeng Yao: "Liu Chen, the background is very mysterious. It's overseas. I haven't had time to investigate it."

Qin Yu breathed a sigh of relief and nodded.

The heartbeat of that moment just now almost made her mistakenly think that this coincidence was a trap.

It seems that she is thinking too much.

New pharmaceutical companies tended to contact before Shen Liang, but how could Mo Xian know all about it before that?

Her only purpose today is to facilitate this cooperation.

Can't be more concerned.

Soon.

The waiter came out and looked at them with a smile:

"Mr. Qin, President Liu said that he doesn't think about cooperation anymore, so there is no need to meet him. Please go back."

Qin Yu was a little anxious when she heard this, and she said quickly,

"I don't think about cooperation. , it's good to see you, but if you don't cooperate this time, maybe there will be a chance next time?" The

waiter didn't turn around and went in, but opened the door:

"Mr. Liu said that if you want to have a drink, he can't refuse, but only Can you come in alone."

Zeng Yao looked at Qin Yu hesitantly.

Qin Yu pursed her lips and looked at Zeng Yao:

"Alright, let's go first, I'll go directly to the hospital tomorrow and don't need to pick me up."

Zeng Yao nodded and watched Qin Yu lift his foot in.

He scratched his head and turned to leave.

Chapter 2155

, the

room is not dim, but clear enough.

The backs of those sitting on the sofa looked back at her, and everyone looked unfamiliar enough.

Even the women among them are dressed properly, not like the women who work here.

Qin Yu immediately felt relieved and walked over with a smile.

The man sitting in the main seat on the sofa was slightly thin, with sunken cheeks.

But the aura is very strong, and his eagle-like eyes are always a bit fierce all the time.

At this moment, he looked at her deeply.

Qin Yu got rid of the discomfort in her heart and smiled naturally.

He nodded to the man sitting in the main seat on the sofa:

“Mr. Liu, I’m Shen Liang’s wife, it’s a pleasure to meet you.”

“Liu Chen” looked at her with a meaningful smile on the corner of his mouth:

” Miss Qin, I’m not Liu Chen, you’ve identified the wrong person.” As soon as

he finished speaking, everyone around him laughed softly and looked at each other a few times.

The smile on Qin Yu’s face was stiff.

Looking at him puzzled.

The man pointed behind the screen, and there was a faint sound of playing mahjong cards, but no one spoke.

“Liu Chen is inside. If Miss Qin wants to see President Liu, just go in.”

The man smiled at her, but in that smile, something was wrong.

at this time.

Qin Yu’s heart was already shrouded in a kind of bad feeling.

Just can’t tell.

Obviously she has ruled out so many possible factors, she will not be so unlucky.

These people outside were sitting and talking in neat clothes.

But Qin Yu suddenly realized something.

Although they dress like successful people in the mall.

But Qin Yu didn’t even know any of them!

wrong.

Liu Chen is a sweet pastry, he would rather reject Shen’s cooperation and talk to others, showing that others’ advantages are better than Shen’s.

But better than Shen’s company, in City A, Qin Yu couldn’t possibly not know each other.

But these people in front of her are really unfamiliar!

For a moment.

A bad intuition flooded her heart.

But his face was still light, as if nothing had happened.

She didn’t even look at the screen, she lowered her eyes and laughed lightly, trying her best to be natural and calm:

“Actually, I don’t really want to see it. Since the cooperation fails, I think this trip should be in vain.

I still have something to do. I’m leaving, let’s talk about it next time.”

Qin Yu said, then turned around and walked towards the door.

The person sitting in the main seat chuckled softly and said in a low voice,

“Miss Qin gave up so quickly? Don’t you want to see the people inside?”

Qin Yu paused slightly.

Without hesitation, she continued to move forward.

Just as his left hand touched the doorknob, he suddenly heard a low, familiar, cold chuckle from behind the screen:

“Qin Yu, you insisted on coming to see me, you have to leave before you see it. Oh, how boring!”

The feeling like a poisonous snake rose from the soles of his feet in an instant.

Slowly, it spread from the back to the spine, and then to the scalp, with bursts of numbness.

She was stiff and pale, and the panic in the depths of her eyes flashed quickly.

That suffocating fear, even worse than before, made her even more disgusted!

Mo Xian, it really is Mo Xian!

More than a week of stable life, let her indulge in it.

She almost forgot that there was such a hidden bomb by her side.

Now, he finally appeared.

She could feel her heart quiver.

Since the last time he gave her to the old man, she had given up the idea of being able to influence his thoughts.

She is stupid, not naive.

How could he be ruined because of a woman on the road he walked on with blood?

Before she becomes a stumbling block, he will solve her one step ahead.

She knew that he would not let her go easily.

Her sweet dream has come to an end.

at this time.

Her feet seemed to be filled with lead, so heavy that she couldn’t even lift it up.

Behind it is the eternal darkness, and the light in front of him is gradually dimming.

She doesn’t know, when will such days end?

Her tears fell big and big, and she turned her back to the crowd and didn’t dare to make a sound.

Mo Xian came behind her like a ghost.

No one spoke from behind.

His hand rested lightly on her shoulder, as if it were a thousand weights.

Her tears stopped instantly.

Seemingly feeling her mood swings, he walked over and gently wiped away her tears.

However, there is a bit of coldness in the gentle movements.

“Qin Yu, I’ve given you enough time, you can come back.”

Mo Xian’s voice was deep.

He never liked women crying in front of him, he just felt irritable.

But Qin Yu was different. When she cried, it would easily affect his emotions.

This should not exist for my current self.

How can someone who wants to be a big drug lord have weaknesses?

But seeing her cry is because of fear, because of resentment, because of sadness.

The emotion in her chest couldn’t be suppressed at all, was she so reluctant?

But it was too late.

From the moment he took a step and brought her over on New Year’s Eve, he was determined not to give up on her.

Qin Yu stood there motionless.

Mo Xian stared at her for a few seconds, smiled complicatedly, then took her hand and took her back to the box.

The person sitting on the main seat of the sofa chuckled lightly:

“Boss, it seems that your woman is reluctant. She just called herself Mrs. Shen, so you are still a junior?”

Mo Xian chuckled, He glanced at him nonchalantly.

“Shut up.”

Everyone laughed jokingly.

Only Qin Yu, here, felt like he was thrown into an ice pool, and it was completely cold.

From the moment she approached this clubhouse, I’m afraid everything was within his expectations.

I was scrambling for it myself, and I did everything possible to jump into someone else’s trap!

She blamed herself for her stupidity more than once.

Why is she always being deceived so easily?

Mo Xian patted Qin Yu on the shoulder and took her inside the screen.

There is indeed a mahjong table inside.

Guo Tong, and two strangers.

In addition to Guo Tong, he nodded politely to her.

The attitude of the other two towards her was lukewarm.

She didn't react until she was pressed on the seat.

suddenly.

She stood up and looked at him indifferently:

"You won't forget, you gave me to the old man, it's only been a week and less than a month, why don't you let me go?"

She was shaking slightly all over, but she didn't show her fear.

Anyway, she was already embarrassed, and she had at least some dignity.

Don't you want to admit what he did?

Guo Tong and the other two men on the side had a premonition. They stood up and silently retreated behind the screen.

The smile on the corner of Mo Xian's mouth slowly turned cold and disappeared.

His eyes gradually became dark and deep, as if countless storms had gathered.

Chapter 2156

You Want to Kill Me

Mo Xian stood there, tall and straight, a head taller than her, looking at her condescendingly:

"You still blame me for this? The situation is urgent, and the old man will deliver the goods on the same day. He has to let me make a choice, he just wants to provoke our relationship..."

Qin Yu sneered and sneered at Mo Xian who pretended to be calm:

"Provocation? What kind of provocation is this? It's just a choice you made.

Why should you get the best of both worlds in the world?

A woman for a chance is worth the money in your opinion?

Mo Xian, I am to you What

is it? After you think you are successful, you can prove and show off your capital after you get me?

Or, you didn't really cooperate with the people behind the old man, and you want to use me to get further news? "

Qin Yu's words made Mo Xian His face turned completely cold.

Although his chest was full of anger, his eyes were still calm.

Qin Yu's words were all on his point, his selfishness, ugliness, and purpose were in front of his eyes.

To make him pretend to be self-righteous affectionately and look so ridiculous?

But in her opinion, is her tolerance and love for her a disguise?

In those days of getting along, she is willing to accept herself again, is it fake?

Do not.

It must be because he left her at the old man's banquet that made her so angry.

thought here.

Mo Xian's face softened a bit.

"I know you are still angry about the old man. Although the deadline is one month, I won't really let you stay with him for a month. When I come back, I will naturally come to pick you up." He patiently explain.

Qin Yu is not someone who doesn't know the general situation. She has received the strictest education and knows that her children's personal relationship is not worth mentioning before the big situation.

He believed that she would understand.

But at the moment.

The corners of Qin Yu's mouth rose slightly, and she sneered forever, as if mocking his excuse.

She stepped forward, looked at him, and deliberately said ugly words to torture him:

"but it's too late, from the moment you gave me away, I've been the old man's person, whether it's a week or a month, it doesn't matter Two different things.

You wouldn't expect me to stay with you after being thrown to an old man by you, would you?

How perverted am I?

This time it's the old man, who will be next time?

Mo Xian, you make me feel very uncomfortable It 's disgusting!"

As soon as she finished speaking, Mo Xian's brows were sharp like knives, pinching her shoulders and leaning on his body.

"Qin Yu, you don't need to say these words to irritate me, yes, I did it on purpose, I don't regret giving you away."

His eyes were a bit bloody red, which made people look particularly indifferent.

The two looked at each other, neither letting anyone else.

Mo Xian's icy voice spit on her face, like her reaction after being provoked:

"Don't you think I'm dirty? It's okay now, you're the same as me, Qin Yu, now you can't despise me anymore, Only in this way, I feel that we are more and more alike, you are born to be with me and go to hell with me!"

After he finished speaking, his hand also loosened.

Qin Yu stumbled under her feet, took two steps back, almost tripped, and put one hand on the mahjong table next to her.

Her face was pale, and there was a bit of shocked silence in her eyes.

He finally spoke his mind.

He deliberately threw her to an old man just to drag himself into the quagmire.

become like him.

That feeling is really suffocating.

It was as quiet as no one outside.

Her ears were also buzzing, and the vibrations in her chest were difficult to calm down.

She suddenly wanted to kill someone, if there was a knife, she would definitely stab him to death.

A glance.

She did too.

Next to the mahjong table is a four-cornered stool with fruits and fruit knives.

The blade is still glowing with cold light.

She picked it up without hesitation, and stabbed it at Mo Xian.

Mo Xian ducked back in shock, but she never thought she would dare to do this!

But he obviously underestimated Qin Yu's cruelty.

She fluttered in the air, but when she raised the knife to the side, she slashed Mo Xian's arm fiercely.

Blood poured out instantly.

The action here alarmed the people outside.

They quickly realized something was wrong and ran in together.

Qin Yu's next second movement was ruthlessly stopped.

She was pressed on the mahjong table, her hands were tied behind her, and the whole person was so tightly controlled that she could not move.

“Boss, what’s the matter with you?”

“This woman actually wants to kill you?”

“Boss, what should I do? I’ll call the doctor right away!”

“This woman can’t be kept...”

...

They were concerned about Mo Xian’s injury.

For Qin Yu, from the calm and sarcastic at the beginning, to the cold-eyed confrontation, they are inseparable.

I don’t know, I thought Qin Yu killed their parents!

Qin Yu’s face was pale, as if her arm was about to be removed, the pain was piercing.

But she didn’t spit out a word.

It’s a pity that the knife was a bit slow just now.

Originally, it could have been drawn down his throat.

It turns out that there are times when people are really not afraid of death.

Like now.

She has always been timid and afraid of death. Before, in order to survive, she could act in front of Mo Xian.

But at this moment.

She felt like she couldn’t take it any longer.

She hated this man to death, ruined her life, she wanted his life!

She should also destroy his most important thing, and let him also taste the destruction of his life!

now.

She built a wall of hatred in her heart.

No one can surpass it.

With a cold light in her eyes, she looked coldly at Mo Xian who was surrounded by people.

next second.

Mo Xian’s voice was cold: “Enough!”

No one dared to speak again.

He came from the crowd and stared at her face with deep eyes.

Looking at it every inch, he never knew Qin Yu like this.

Suddenly.

His heart suddenly panicked.

Blood was still coming out of his arm, but he felt no pain at all.

He walked over, his eyebrows thick, as if the ink could not be melted.

Mo Xian raised his eyes slightly and looked at the person who was controlling Qin Yu:

“Release.”

The person hesitated slightly, but let go of his hand.

It's just that they looked at Qin Yu's eyes and became more vigilant and unhappy.

“You want to kill me.”

He said gloomily.

Those who want to kill him, he should not keep.

Sooner or later it will become a hazard.

But in front of Qin Yu, he couldn't think of a reason to do it.

He stared at her, his voice extremely cold:

“This is the first time I've seen you want to kill someone so much, but it's me.”

Qin Yu took a deep breath, not to be outdone:

“You want me to become like you, wouldn't it be more straightforward for me to be a murderer just like you wanted?”

She would rather be an unforgivable person like him.

Chapter 2157

another knife

was given away by him, and he became someone else's plaything.

She might as well kill this dog, at least her heart can be happy.

Mo Xian stared at her with a solemn expression.

I don't know what I'm thinking.

But Qin Yu knew that this kind of psychopath would not regret it.

They will only feel crazy and exciting, and they will only torture her even more and challenge her bottom line.

a long time.

Mo Xian took a step forward.

He gently lifted his injured arm.

The arm was still bleeding.

It looked appalling.

He curled the corners of his lips: "Is this enough? Are you relieved? If it's not enough, do you want another knife?"

His voice was like ice.

Makes people chill.

He's like a lunatic.

No one understood at this point.

Everyone looked at Mo Xian in shock, but they all looked at Qin Yu vigilantly.

If she dared to do it again, they would not hesitate to draw out their weapons pinned to their waists.

One by one's humble faces are placed on ordinary passers-by on the street.

But at this time, their expressions were filled with hideous and bloodthirsty killing intent.

Qin Yu felt that kind of cold fear.

She pursed her lips and stood up slowly.

She had a somewhat arrogant expression on her face:

"Mo Xian, you will die in my hands."

Definitely.

Her hatred was enough to swallow up all the past between them.

She will destroy him.

There was a bit of sarcasm and contempt on the faces of the others.

Mo Xian is no exception.

He twitched the corners of his mouth and stepped forward, but gently hugged her trembling body:

"Okay, I'm waiting for that day, so you're not angry now, right?"

As if she just made a fool of yourself.

And he gently forgave her.

Qin Yu pinched his arm with white fingertips, wishing to dig into his flesh.

But Mo Xian seemed to feel no pain at all, patted her arm gently to soothe her.

The knife was still on the ground, but she couldn't get it at this time.

Mo Xian smiled and waved at the others in good spirits:

"You guys go out, there's nothing to do here."

"Boss, let the doctor come and see you?"

"No, it's just a minor injury, it's not here. Is there a medicine cabinet?"

Mo Xian pointed to the cabinet in the corner.

Everyone looked at it meaningfully and said nothing.

Only Guo Tong reminded softly:

"Boss, we just finished the transaction half an hour ago. To be on the safe side, let's leave here first, shall we?"

Qin Yu's expression froze, and her face was paler than before.

trade?

Certainly not a legitimate transaction.

Has Mo Xian been so defiant now?

Make a deal here and there.

Still setting traps here.

As if he was the boss here.

But it is.

If she can come early, maybe she can hit it.

This way she can open the positioned studs and catch them all in one go.

Unfortunately, it's still too late.

She missed the best moment.

She stood there quietly, using all her strength to suppress the hysterical impulse in her heart.

Once she is taken away, it will be even harder to be free.

She had an intuition that what Mo Xian did was by no means simply printing money.

Mo Xian smiled lightly, "Okay, let's go back then."

Guo Tong also nodded:

“After all, this transaction was a success, which means that our boss will have a separate line, and we will no longer be restricted. It’s because of the old man.”

Others were inspired by Guo Tong’s words, and said excitedly:

“Yes, we not only have to win the old man’s country, but also conquer the country ourselves, that position will be our boss sooner or later!”

Mo Xian The wickedness between his brows was undisguised.

He hugged Qin Yu and went out.

Qin Yu’s footsteps were difficult and her expression was nervous.

She doesn’t want to go.

Mo Xian glanced down at her and said softly in her ear:

“These few days are enough for you to relax. Shen Liang’s plane to go abroad for medical treatment tomorrow morning?

If you don’t want the plane to crash, you’d better be good.”

Qin Yu was shocked all over, looked up at him, and there was a huge panic in his pupils.

He actually knew everything.

He knew exactly what was going on around her!

Not many people knew about foreign hospitals, helicopters, and a series of procedures that Shen Liang contacted.

But Mo Xian, it was clear.

The scary thing about this man is that he is immersed in the trivial things in your life.

And try to subvert her life.

Mo Xian was obviously satisfied with Qin Yu’s reaction.

Without a word, he pulled her to open the door, intending to leave here.

But the moment he opened the door.

“Bang——” A sound resounded in his ears.

A huge impact hit the door.

It’s gunshots, it’s bullets.

Qin Yu’s face turned pale with fright, and she froze in shock.

But the next second, Mo Xian pulled her in with one hand and pressed her against the wall beside him.

His whole figure was like a bloodthirsty beast, with a scarlet chill in his eyes.

Covering Qin Yu's body, fear and panic flashed in his eyes.

There has never been a moment like this.

What if the bullet just hit Qin Yu who was pushed out by him first?

Immediately after.

It's not over yet, it's not his turn to think too much.

The bullet slammed on the door, and the atmosphere instantly became tense.

Qin Yu was stiff and motionless.

Guo Tong and the others immediately replaced Mo Xian and Qin Yu. They leaned on both sides of the door, their eyes cold and murderous.

"Boss, you step back, this wave should not be a note, is it an old man?" Someone speculated.

Guo Tong pursed his lips and retorted beside Mo Xian:

"The old man won't be so blatant, he still needs the boss to do things for him, how can he do it?

Boss, I suspect it is the group of people who completed the transaction just now, after all, it is the first time to cooperate. , maybe you want to hack us!"

Everyone stared at the door with a cold expression, feeling that the atmosphere was about to explode.

Including Mo Xian, they took out their weapons without hesitation, ready to fight at any time.

But the situation outside was not clear, so I was hesitating whether to rush out.

The attack from outside was swift and powerful.

It's not good for them to stay in such a stalemate.

Sooner or later they will be taken down by the outsiders.

So hiding inside is not the way to go.

Those who were originally disguised as businessmen were also exposed at this time. One of the women raised her weapon without hesitation:

"The third child, I rush out to see what's going on, you cover me!"

Known as the third child The person is the person Qin Yu recognized as "Liu Chen" at first. When he frowned, a ravine appeared on his face from the center of his eyebrows to the corner of his mouth, hanging like a scar on his face, looking cold and ruthless.

The third child's expression changed, and he immediately refused:

“No!”

But the woman didn't listen at all, and had already twisted the door to open a gap.

Chapter 2158

in a hurry to die

and open the door, the firepower from outside rushed over even more rapidly.

The gunshots were the same.

There was such a big movement, but no loud shouting could be heard outside.

Weird.

The third hurried forward, closed the door, pulled the person back, and stared at her fiercely:

“Do you want to die in such a hurry to open the door?” The

woman was reprimanded, her face a little sad.

Mo Xian hugged Qin Yu tightly, frowning to stop him:

“Old third, enough, now is not the time to talk about this.”

Guo Tong jumped from the window inside the box at some point, his expression was slightly excited :

“Boss, as long as you go through the window and jump to the balcony of the opposite room, you will be safe. I just observed that there is no one around there.”

Everyone was excited.

Mo Xian nodded and took Qin Yu's hand to go there.

The third child pinned the pistol to his waist:

“Boss, I'll show you the way first.”

The first one is always the most dangerous.

Mo Xian didn't refuse, he glanced at Guo Tong, Guo Tong nodded:

“I'm in the back.”

Except for those who were guarding the door, everyone else gathered around.

The third child jumped up the window neatly, stepped on the rock wall, and turned to another balcony very lightly.

Mo Xian followed behind, the firepower outside was already so fierce, and soon the door couldn't stand it anymore.

If you don't go, you may miss the best opportunity.

The third child walked around inside, but returned to the balcony in a few seconds, and reached out his hand:

“Boss, no one!”

Mo Xian’s expression relaxed, and then he pushed Qin Yu:

“You come first!”

Qin Yu His face turned pale with fright, he leaned on the window and looked down, the vehicles below looked like ants.

She felt cold in her heart and trembling all over when she saw it.

And from here to that balcony, there are no steps wide enough to step on, only a small brick protruding slightly from the wall, even less than five centimeters wide.

Even if you walk through the walls of nearly three or four meters, you still need that extremely high and steep balcony.

It’s so frightening.

Qin Yu had no courage at all.

There was a burst of gunfire outside, and she couldn’t wait to cover her ears, trembling all over.

She obviously can avoid these dangers.

But she was still here to survive, she hated Mo Xian, even if he ran away with her now, she also hated him.

There is no other substitute for this hatred, she can only hate him instinctively.

Mo Xian urged impatiently:

“Qin Yu, hurry up, do you want to make a sieve here? The other party is not a policeman. The police will not shoot when they come up. They will make you die without a corpse!”

Qin Yu’s face was pale in horror, and at this moment her whole body was trembling.

The people behind urged impatiently:

“Boss, go first, don’t waste time because of this woman.”

“That’s right, boss, you go first, I’m afraid they will rush in later, none of us will be able to leave!”

Mo Xian looked at Qin Yu with a solemn expression:

“Qin Yu, you know this is not a joke . If you don’t leave now, you won’t have a chance to leave in a while!”

Qin Yu’s tears fell and she shook her head:

“No, I don’t dare.” They

frowned and looked behind:

“You go first.”

They glanced at him in shock, and then their resentful eyes fell on Qin Yu’s face.

But they didn’t have time to say anything, and they went over here one by one.

In the end, only Mo Xian, Guo Tong and Qin Yu were left.

Mo Xian glanced at Guo Tong:

“You go.”

Guo Tong pursed his lips and looked at Mo Xian:

“Boss, you go first, I will take Miss Qin there.”

Mo Xian glanced at him, meaningful .

Obviously, as a brother, he trusts Guo Tong the most.

But Zhang Li’s matter came first, he didn’t dare to put Qin Yu next to any of his brothers easily.

Qin Yu’s face was pale and blue.

She is afraid of heights for not a day or two.

Wanting her to jump over here, I can’t even think about it.

But the gunshots outside continued, and the sound like a life-threatening reverberation resounded in my ears.

This night was destined to be extraordinary.

If she jumped, she died, and if she didn’t jump, she died.

How to die is to die.

She is really going to be tortured crazy!

Mo Xian’s eyes fluctuated, watching her frown, deep and dignified.

No matter how much she tried to persuade her, she wouldn’t believe him.

She didn’t believe he would protect her.

It’s his funny.

The person opposite was still shouting at Mo Xian, urging him to hurry over.

Mo Xian gritted his teeth, frowned slightly, looked at Qin Yu, and said through gritted teeth:

“You can see it clearly, but death is death. Do you think death is far away from you? Just jump down from here!”

He didn't say more, then turned over from the window, gave her a deep look, and then jumped onto the balcony with brisk steps.

Everyone breathed a sigh of relief.

Qin Yu stood there, as dull as a piece of wood.

Suddenly I heard a loud bang from the door.

A movement that doesn't match the sound of gunfire.

Guo Tong's expression froze:

"They unlocked the door and came right away. Miss Qin, there's no time, so jump over quickly."

Qin Yu bit her lower lip, trembling all over.

Without saying a word, Guo Tong picked her up by the waist and put her outside the window.

Qin Yu was so frightened that she clawed at the wall, trembling.

I vaguely heard someone breaking in.

Mo Xian ordered people to surround those people from the outside.

They didn't hesitate, the third child was still standing there, staring coldly at Qin Yu's ridiculous appearance.

Guo Tong did not hesitate, jumped over by himself, hugged her waist, and said in a low voice, "Offended."

He slammed the person, Qin Yu felt a shock, and his body hung uncontrollably in the air. .

The cold wind was blowing below, and the night sky was cloudless.

She was so frightened that she screamed.

But when he opened his mouth, cold wind poured into his mouth.

Can't say a word.

Her heart also sank to the bottom.

Just when she thought she would fall down from a dozen layers and become mashed.

Guo Tong didn't let go, he hugged her with one hand and clawed at the wall with the other.

His expression was cold and solemn, like an eagle dormant in the dark night.

With his feet straddling the bulge of the wall and the balcony, he pushed Qin Yu over there:

"It's safe to climb over."

Qin Yu touched the cold railing with both hands, but it was as if he had caught a life-saving straw.

The people on the balcony left at no time, and there was a lot of fighting and gunshots coming from the corridor.

This building, in the quiet night, seems out of place.

The railings are high and it is not easy to climb up.

She grabbed the railing and was about to lift her legs and turn in.

Suddenly, a tall, gloomy figure appeared.

She looked up with a pale face, and looked at the third child standing there, the scar-like ravine on her face, which was shocking.

She was so scared that her lips turned white.

next second.

The third child's eyes flashed, and suddenly he stretched out his foot and kicked Qin Yu's lower abdomen.

She was in a heart-wrenching pain, as if her internal organs were displaced.

And the impact of his strength also made her involuntarily let go of her hands and was about to fall...

Chapter 2159

Escape From Death

Just when she fell back in horror, the cold wind blew past her ears, but Guo Tong behind her gave her a hand, and she subconsciously grabbed the railing again.

And Guo Tong's vigorous figure jumped slightly and entered the railing.

Subsequently.

He reached out and pulled Qin Yu up.

Qin Yu was so frightened that she couldn't stand, she slumped there, leaning against the wall.

If it wasn't for the person who wanted to kill her in front of her, she would definitely fall to the ground.

But she did not forget the immediate crisis.

She had already seen the hostility and contempt of the third child towards her, but she just didn't want to be looked down upon.

After all, here, she is Mo Xian's person, how dare he?

She raised her eyes and looked at the third child in horror.

But no one looked at her at all.

He just stared at Guo Tong dissatisfiedly:

“What are you doing? You can save such a woman?”

Guo Tong calmly arranged his clothes:

“She is the boss’s woman and must be saved.” The

third child laughed angrily . The smile is still ugly, and the scars on his face are slightly hideous:

“You are really stupid, without this, there is another one, the next one is even better, what kind of person are you?”

Guo Tong pursed his lips and looked at the movement below, There seems to be a car driving here:

“You saw what the boss did to her just now. If you let her die...”

“Why, can the boss still be hurt by such a woman? Are you against our brothers?” The third child asked back.

Guo Tong lowered his eyes calmly and hooked his lips:

“How did Zhang Li die? You don’t know. Don’t challenge the bottom line of the boss. I advise you.”

After that, he pointed to the following:

“The police car is here, hurry up.” The

third child will continue to argue, but I know now is not a good time.

He glared at Qin Yu stubbornly, then took out angrily and ran out.

Guo Tong glanced at Qin Yu and stepped forward:

“Let’s go, Miss Qin.”

Qin Yu took a deep breath, she really used all her strength to maintain her superficial calm:

“Thank you.”

Guo Tong : “No.”

Qin Yu followed him into the room, but he changed a lot.

It was discovered before that Mo Xian trusted him more than Zhang Li.

I like to take him with me in all things big and small.

Obviously a criminal, but he really saved her life just now.

She could feel that Guo Tong was different from others.

But this difference is not a personal feeling.

Just intuition.

As soon as you go out.

Mo Xian just happened to come over aggressively, glanced at Qin Yu, and heaved a sigh of relief:

“The other party is really the person who just made a deal. Damn, it’s not moral, we withdraw and leave them to the police for the end.”

Guo Tong looked cold and solemn:

“Aren’t you hurt?”

Mo Xian coldly went over and grabbed Qin Yu’s hand, while responding to Guo Tong’s words:

“No, go through the back door, the people there have been dealt with.”

“Okay, do they still have manpower?”

Mo Xian laughed lightly, with a bit of wanton:

“With the third child here, why worry about this? He can beat ten with one!”

Guo Tong laughed, “Yes. “

Mo Xian pulled Qin Yu and walked out.

Qin Yu glanced back, although he didn’t see anyone, but vaguely, there seemed to be dark red blood flowing slowly on the ground.

This quiet night is quiet again.

She couldn’t express any complicated feelings in her heart.

The first time she saw Mo Xian’s living environment with her own eyes, it was completely different from what she imagined.

Not for the money, or rather, not just for the money.

Qin Yu was dragged down the stairs, Mo Xian didn’t hesitate and held her hand firmly.

His other brothers are waiting below.

The moon is dark and windy.

The moment he took her away, she saw a man who fell to the ground with a black hole in his chest.

Dark red liquid was gurgling out of the black hole.

Thrilling.

She was shocked for a moment, Mo Xian noticed this, and glanced at the third child coldly.

The third child walked over as if nothing had happened.

Mo Xian pursed his lips: “I’ve dealt with the person, do you keep the evidence and wait for the police to search you?” The

third child’s face changed, and his eyes darkened instantly:

“Yes, I’ll do it right away.”

The woman next to him came up :

“I’ll be with you.” The

third child frowned, listening to the movement behind him, and pushed her:

“You follow the boss, go quickly.”

They didn’t hesitate, and the woman knew what to do, and followed them away.

In the end, besides Mo Xian, Qin Yu and Guo Tong, the person who got into the car was that woman.

The woman looked out the window reluctantly.

In the end nothing was said.

Qin Yu couldn’t help but look at her a few more times.

After all, among these people, except for a woman like Amei, who is regarded as a dispensable plaything, there is no one who can participate in them.

Women are just icing on the cake for them, they don’t really see them as equals.

After all, the women they come into contact with all work in the clubhouse.

So the woman sitting in the co-pilot made Qin Yu somewhat surprised.

The car quickly left here, like a parallel space in the dark night.

Intense gunfire and human life did not disturb the order of the entire city.

What Qin Yu experienced just now is not as eye-catching as a bloody TV series on TV.

But what she couldn’t imagine was that.

The car did not go to the villa where I lived before.

Instead, I went straight to the airport.

Qin Yu was shocked.

She has no documents. According to the identities of these people, I am afraid that there are not many innocent people who can leave by plane.

really.

In this small civilian airport, a helicopter is waiting roaringly.

Under the night sky, like a dormant greedy falcon, with immeasurable fear in the dark night.

Dark clouds cover the moon.

She raised her head and looked at the dark night sky, as if something had changed from tonight.

In other words, she hadn't had time to say a complete goodbye to Shen Liang.

Then again in a foreign country, I wish him a speedy recovery and a complete life!

She is in the wolf's den, and the person who dragged her into hell is bound to be crushed to ashes!

Mo Xian grabbed her hand and pulled her onto the helicopter.

Apart from the captain, there were only four people on the helicopter.

Mo Xian and Qin Yu, Guo Tong and that woman.

The woman looked at Mo Xian hesitantly, as if she had something to say.

But Mo Xian didn't look at the woman's face so carefully.

Guo Tong patted the woman on the shoulder very considerately, and said solemnly:

"Don't worry, the third child will be fine, he will join us with the next group." The woman looked relieved and nodded.

The gloomy weather outside the window was not suitable for flying.

But for Mo Xian, it was probably an escape route, no matter if it was suitable or not, he would go.

So the moment the plane took off, Mo Xian's face was obviously relaxed for a moment.

He leaned back on the seat, with a dim light in his eyes.

Flickering, indistinct, but ambitious.

Qin Yu covered her ears, suspending her physical discomfort...

Chapter 2160

Agreed

Mo Xian glanced at her in a good mood and brushed the broken hair beside her ear.

"Don't be afraid, we'll be there soon, we'll be free when we leave here."

Mo Xian opened his hands with a look of wanton disdain.

Qin Yu lowered her head and did not move.

He doesn't care either.

Guo Tong opened a bottle of red wine and handed over four wine glasses. Mo Xian's excited eyes were stained with a bit of scarlet.

When it was handed to Qin Yu, Qin Yu didn't pick it up.

Mo Xian put it aside.

The remaining three people touched a cup, and with a crisp sound, they were annihilated in the roar of the plane.

Mo Xianlai's place is Southeast Asia.

Qin Yu doesn't like it here.

The smoky, is the paradise of D dealers.

But Mo Xian felt it was very exciting, as if he had longed for it for a long time.

Maybe it's not in China anymore, he still knows Qin Yu well and knows that she doesn't have that much energy to do anything abroad.

So be relatively relaxed with her.

Even with the accommodation, there is no other arrangement.

Instead, he went to the base camp that he had prepared for a long time.

Looking at the surrounding arrangement here, unless it is a heavy weapon, ordinary bullets cannot penetrate the most ordinary piece of glass.

In addition, there are so many guards here, I am afraid this is the central site of Mo Xian.

The woman who followed them looked out the door worriedly.

until noon the next day.

The third child only appeared, but was slightly injured. The woman rushed over without hesitation, but laughed at the surrounding brothers.

Standing on the balcony on the second floor watching the scene below.

Qin Yu's eyes flickered slightly, and she felt a little sighed in her heart.

Footsteps approached from behind.

It was light, but she could hear it.

Mo Xian glanced down, with a low hoarse laughter in his voice:

"Why, isn't it strange that the two of them are actually in love?"

Qin Yu didn't think so much, and directly asked what was in her heart:

"Drug dealer Do you also have sincerity?" What

she wanted to ask was that if she really thought about the future, she would not be in this line of work.

The end of this line, either go in or die.

But isn't love just living a long life?

this question.

Mo Xian's face instantly stiffened.

"You know?"

His voice was low, with a certain cold gloom.

Qin Yu hooked her lips, "I know that what you do is definitely more than just printing counterfeit banknotes. Who still uses banknotes now, are you deliberately fooling me?"

Mo Xian's eyes were cold and dark.

For a time, like a hurricane blowing across the sea, everything is about to be swept away.

He stared at her quietly for a few seconds, with a cold look in his eyes: "How did you know this? The old man

told you?" The only person who dared to expose him regardless of his emotions, Qin Yu had come into contact with, that is, the old man.

There was a bit of coldness in his expression instantly.

He originally wanted to create an illusion for Qin Yu to make her think about counterfeit money, which is better than D-grade.

Unfortunately, she still knew.

Qin Yu looked down coldly and didn't even move:

"Do you still use someone else's words? You printed money from other countries, but you came to Southeast Asia, how do you spend it?"

What is Southeast Asia? It's not that I don't know. Mo Xian, it seems that the last time you gave me to the old man, you made a lot of money, at least it was worth the money, right?"

Qin Yu's words were permeated with coldness.

Mo Xian squinted his eyes, took a step forward, and stubbornly imprisoned her in his arms:

"Qin Yu, forget everything in the past, from now on you will be mine alone, I will double compensation for you, no It will be worse than what you have been before."

Qin Yu closed her eyes and exhaled slowly.

The humid and sticky breath from the strange country made her very uncomfortable.

But there was nothing she could do.

"Okay, but I have one condition."

Mo Xian's heart slowly swayed.

Qin Yu's voice was slow and quiet:

“My family, and the Shen family, you can’t move anyone. If I know you’ve moved any of them, I’ll never let you go.”

Mo Xian watched quietly. For a few seconds, she seemed to be exploring the true and false emotions on Qin Yu’s face.

He doesn’t believe her compromise so easily?

He was ready to face her crying and fussing, and he was prepared enough to be patient enough to meet her slapstick.

But such a calm side was unexpected to him.

A very subtle unease suddenly emerged in my heart.

but.

That’s fine.

His Qin Yu is mature.

He slowly stretched out his hand and touched Qin Yu’s profile, the indifference between his eyebrows gradually covered with softness:

“Okay, as long as you are obedient, I will not move them.”

Even if he knew that she was for Shen Liang, he was willing to Let him go.

After all, making Shen Liang live and suffering, he is more inclined to the latter than Qin Yu can’t forget his death.

Qin Yu smiled and agreed.

She looked at the pair of people below. The third child wanted to kick her off the balcony before, thinking it was a ruthless killer.

But in the blink of an eye, I can see a woman so affectionate.

It made her a little bit incomprehensible.

Are there feelings in the world of murderers?

She raised her chin slightly: “What happened to them? Isn’t there no woman in your line?”

Mo Xian smiled, and after reaching an agreement, he naturally put Qin Yu in his own camp.

Therefore, he always answered her questions.

“It’s not that there are no women, the youngest woman, the family situation is not very good, the youngest will occasionally help out, and over time, they will come together.

The youngest is not willing at first, for fear of delaying people, but this woman is very insistent , the third one couldn’t resist, so he could only agree to be with her, right?”

Having said that, Mo Xian gave her a meaningful look.

He also hoped that Qin Yu could have the same consistent love for men as this woman.

Then he was willing to die.

Qin Yu glanced at Mo Xian lightly, with an ambiguous smile on the corners of her lips:

“Oh, that’s because she has never seen anything in the world, so she will give up on a man like this.”

Looking at Mo Xian’s bad face, She swallowed the rest.

The Mo Xian in front of him was very strange.

She can’t treat it with the casual attitude she had before.

She has to be more careful.

Soon.

The people below gradually dispersed.

Just a lot of people drinking below.

It sounds lively.

She didn’t want to go down, but Mo Xian couldn’t.

Although he stayed to make out with her, he also knew that this was the first night, and the foundation was not yet solid. If he didn’t show up, he would be easily criticized.

Mo Xian kissed her cheek before getting up and leaving at Guo Tong’s urging.

She listened to the noise below and looked at the silence outside the window.

It feels like two worlds.

She was reluctant to sink, like a dead person.
