

Divorce 2171

Chapter 2171

The plan begins with

Guo Tong's expression slightly stunned:

"But this is not good for us. We occupied this place not long ago, and the partner can't completely win it. If the old man moves his hands and feet, Aren't we very passive?"

Mo Xian's expression darkened, squinting his eyes, with a bit of danger and sharpness.

Guo Tong's expression was a little eager:

"Boss, we must prepare in advance, otherwise once their people start, our chances of winning are not very good now, unless..."

"Unless what?"

"Unless we Now we have won the deal with Snakehead, he is a local Snake here and the biggest power leader in Southeast Asia, if we can cooperate with him, we don't need to worry about the threat from the old man."

Qin Yu listened to Guo Tong's words, faintly, I feel like my heart is beating so fast.

She vaguely realized something and looked at him subconsciously.

Guo Tong's face was dark, as if he was thinking about Mo Xian's wholeheartedly.

Mo Xian also really trusted him.

The air was a little quieter.

Qin Yu couldn't even hear her breathing.

Mo Xian pondered for a full minute:

"I talked to Snake Head today, he is a smooth person, he speaks and does everything flawlessly, and has cooperated with the old man for a long time, unless we can give him more benefits, can he let him give up the old man That line."

Guo Tong was silent:

"We need to make a bad deal with him in order to express our sincerity."

Mo Xian closed his eyes, slowly let out a sigh of relief, then opened his eyes again, his eyes darkened. , I can't see the emotions inside:

"That's the only way, you can send someone to contact them, determine the time and place, and I will deal with it in person."

Guo Tong frowned, disapproving:

"Go in person? It's too dangerous, let me."

Mo Xian raised his hand to interrupt him:

“This time, you must go in person, don’t worry, this is not in China, there are not many people watching, as long as his line is opened, you will be able to go easily in the future. Some.”

Guo Tong nodded solemnly:

“I’ll be with you.”

“Okay.”

Mo Xian nodded, but then looked at the sky outside the window:

“Is Uncle Qian’s body still there?”

Guo Tong: “Yes, he was shot in the head by a woman, and the death was tragic, but he brought it on himself.”

Mo Xian chuckled lightly, his expression loosened a bit:

“Burn him and send the ashes to the old man, just say He suddenly brought someone in and shot, killed the third child, and was killed by the third child’s woman, I avenged Uncle Qian, and I have dealt with that woman.”

Guo Tong’s eyes were dark and dark:

“Old man I won’t believe it.”

Mo Xian smiled, looking at him with a bit of helplessness:

“Don’t be so direct, isn’t Lao Fang always teaching you to be gentle? This is a reason, it’s his business to believe it or not. Test me, I also want to test him.”

Guo Tong nodded, then glanced at Qin Yu, and stood up:

“Then I’ll go to prepare first, boss, rest early.”

Mo Xian nodded, Guo Tong then rushed Qin Yu nodded.

Courtesy alienation.

After he left, Qin Yu’s hand was held by Mo Xian again, as if with a bit of warmth:

“Have you heard so much, do you understand?”

There was a bit of joking in his tone.

Qin Yu lowered her eyes, blinked her eyes, and said with a bit of anger:

“I’m not an idiot. If I bother you, I can understand people’s words. It’s just that you are testing each other and trying to kill each other, right?”

Mo Xian was stunned for a moment. He grinned.

“Qin Yu, you are so wise and foolish!”

There was not a word in his conversation with Guo Tong that he wanted to kill the old man.

But Qin Yu actually guessed it.

Qin Yu snorted lightly, and was too lazy to take it down, brought it to the table not far away, and went to the bathroom to wash herself.

In the distance, I heard her voice ringing inside:

“Mo Xian, you never thought that one day you would be like the third child, don’t you know when you were suddenly killed?”

This kind of life is what he wanted Want it?

Mo Xian didn’t answer in silence, he just looked at her figure with complicated and thoughtful eyes.

Qin Yu didn’t hear the answer, as if she didn’t care, she closed the door to wash.

She experienced a day of fright today, and her whole heart was up and down, and she was already frightened enough.

Mo Xian was injured, and she was not worried about what she would do.

On the contrary, now, she can calm down and ease herself.

Finished washing up.

She went out in her pajamas.

Mo Xian hadn’t slept yet, the needle was finished, and his hands were still wrapped in gauze.

At this moment, he looked at Qin Yu who came out of the door, his brows and eyes were dyed with a thin layer of light, which was filled with softness.

He picked up the towel prepared by the side, let her sit over, and wiped her hair.

Qin Yu’s slightly stiff body gradually relaxed.

She looked out of the dark window, and the person behind her moved very lightly, even if it was her own wound, the pain was insignificant to him.

In the end, her hair was about to dry, and she was too sleepy to open her eyes while sitting on the bed.

The whole day’s reversal, fright, and tiredness had already put her mind on too much.

Mo Xian smiled and kissed her hair tenderly:

“Ayu, go and dry your hair before going to sleep.”

Qin Yu muttered, didn’t move, and just lay down.

Mo Xian was helpless, and it was inconvenient for him, so he could only let her sleep.

Half asleep.

Mo Xian hugged her waist tightly and brought her closer to his cold body.

Listening to his low and hoarse voice lingering in her ears like a dream:

“Ayu, are you worried about me?”

Before taking a shower, she asked him if he was not afraid of dying suddenly like the third child?

He didn't speak.

He fears.

Why not be afraid?

Since doing this, he has been afraid all the time.

But after this fear became a habit, he formed a habit of stimulating stress in his bones.

Knowing that he didn't have a good life for a few days, he was unwilling to surround her by his side.

It can be a day.

He murmured in a low voice: “I will not die, I will live a long time.”

...

This sleep was long and deep.

When Qin Yu woke up, Mo Xian was no longer around.

I could vaguely hear someone talking outside.

She frowned and got up from the bed.

Wash and change clothes.

Soon, the chef Lao Fang came over and told her to go down to eat.

Qin Yu went downstairs in a calm mood, watching everyone sitting downstairs.

They watched Qin Yu come down and nodded politely.

Qin Yu also nodded in response.

When Mo Xian watched her come down, his eyes softened for a moment:

“Wake up? Let's go eat something?”

Qin Yu frowned at him:

“Why did you come down? Your wounds haven't healed yet, so you can't move around. Yes .”

Mo Xian smiled, “It's okay, it's much better.”

A person next to him said meaningfully:

“Aren’t we going to disturb Miss Qin’s sleep when we talk? I’m afraid of being noisy and hungry, tsk tsk, really Dog food is everywhere, as soon as the third child and his wife left, the first one and Miss Qin started again...”

Chapter 2172

Several brothers next to the important transaction laughed in a low voice.

Qin Yu’s face turned red, she couldn’t hold back, she raised her feet and left.

If she wasn’t Qin Yu, she would not have experienced so many things.

Then Mo Xian did so many thoughtful things for her, maybe she would really be moved.

It’s a pity that she didn’t have any trouble in her heart.

Mo Xian looked at her back and smiled warmly.

He coughed:

“Old Guo, have you contacted Snaketou?”

... The

chef was busy in the restaurant, setting up some exquisite breakfasts and some local specialty snacks.

“Miss Qin, let’s try it, the boss specially bought these snacks from outside, I’m afraid I don’t make them authentic!”

He hehe twice and went in to pack up.

Qin Yu smiled and lowered her head to eat seriously.

She was not used to the local specialty snacks, so she ate it after a bite.

Fortunately, the chef’s craftsmanship is really comparable to that of a Michelin chef, and he has real skills.

She stayed in the villa for a while.

Mo Xian took her out to play the next day, not sure if the real purpose was to let her relax or what.

It just didn’t let too many people follow, only Guo Tong and the chef.

And she didn’t find a chance to contact Guo Tong again in the middle.

Playing and having fun all day, seems to be peaceful together.

Until the afternoon after half a month.

Tired from walking on the street, she went back to the cruise ship to rest.

After almost falling asleep, Mo Xian woke her up.

Qin Yu frowned, and Mo Xian coaxed her patiently:

“Get up, I’ll take you to an important place.”

Qin Yu narrowed her eyes, and stood up without thinking.

“Where to?”

“You’ll know when you get there.”

Mo Xian took her hand and went out.

The cars outside are all ready.

It’s just that this battle is a bit scary.

Unlike the low-key appearance before, several black cars were waiting in a serious line, and the people standing beside the cars were wearing fully assembled clothes and sunglasses.

A little face raw and even look very scary.

Qin Yu paused, and his head sank:

“Who is this?”

She can recognize most of the people who live in the villa.

These are unfamiliar and cold, like mercenaries with extremely high professional quality.

Mo Xian patted her on the shoulder, took her hand and walked to the side of the car.

The chef changed into a new outfit, wearing a bulletproof suit, and restrained his usual cynical smile.

With a grim expression, he opened the door for them.

Qin Yu glanced at him, then bent down and got into the car, suddenly getting nervous.

Because there are so many people, there must be a big move.

But with such a big move, she didn’t see Guo Tong just now.

Why is Guo Tong not here?

She pursed her lips and looked at Mo Xian, wanting to ask Guo Tong’s whereabouts, but she was afraid that she would be shocked by the grass, and her heart suddenly became uneasy.

The car roared away, heading for a completely unfamiliar place.

Qin Yu looked nervous, she couldn’t help it, and she asked him,

“Where are you going? Is there any danger?”

Mo Xian stared at her face, his eyebrows were dark and dark, and his emotions were hidden in the bottom of his eyes. , can’t see clearly.

He grabbed her palm and smiled:

“Don’t worry, I won’t put you in danger.”

Qin Yu paused, "Then tell me, where are you going so suddenly? Why are you and Lao Fang other than me? Don't you know each other?"

Lao Fang smiled in front of him, his expression was cold, with a bit of sternness that had never been shown before:

"Because everyone you know has gone the other way."

Qin Yu trembled and twisted. Eyebrows, looking at them puzzled.

At this moment, Mo Xian had a somewhat cynical and ruthless arc on the corner of his mouth, which no one could detect because of his deep thoughts.

Her heart kept sinking.

There is always a hunch that Mo Xian is going to a very important place, which is related to the plan that Guo Tong mentioned before.

Just this plan, Mo Xianming asked Guo Tong to contact him, but in fact, he didn't believe anyone.

The only real participants in this plan are him and Lao Fang, who has been lingering on the edge.

Now, there is one more Qin Yu.

She took a deep breath.

Look at the changing scenery outside the window.

Listen to the roar of the car behind.

Her tense palms were sweating.

I just didn't expect it to be so sudden.

Immediately.

Her eyelids twitched, thinking of something.

She raised her hand, pinched her ear casually, and then put it down again, looking outside calmly.

She didn't know how it would turn out, but hoped she could end it quickly.

But the next second.

Mo Xian's hand fell on her earlobe and squinted his eyes:

"Why have you been wearing this earring for the past few days, don't you like the jewelry I gave you?"

For a

moment.

Qin Yu's body was stiff, and she felt a sense of danger and coldness. She looked at him as if nothing had happened, tried her best to hide her

calmness, and said with a smile:

“This is a South American square diamond, the material is transparent, and the style is all-match. Do you understand?”

Somewhat dissatisfied with his picky jewelry.

Mo Xian smiled helplessly and pinched her earlobe:

“I understand, I like South American square diamonds. When this order is completed, I will give you a big one. This is too small to call you.”

Qin Yu put her arms around his arm and smiled happily:

“That’s what you said, I’m not uncommon for less than five carats.”

Mo Xian patted her head dotingly.

How could he refuse such a small request?

Diamonds, gold, luxury goods, whatever she wanted, he would give.

The car drove fast, and soon, the window was covered with a layer of black blocking glass, and the car reached a tunnel and quickly shuttled.

Qin Yu was nervous for a moment, a little surprised:

“What is this?”

Mo Xian explained: “Bulletproof glass.”

Qin Yu swallowed her saliva, feeling even more uneasy in her heart.

The bulletproof glass did not rise just now, but it has risen now, indicating that the destination is almost reached, and it is extremely dangerous.

She clutched her chest in a panic, not knowing if it was too late or if Su Nan would know.

Mo Xian smiled and said: “Don’t be afraid, this transaction has been negotiated for a long time, it is very safe, no one will know, as long as this transaction is completed, I will be able to completely come out of the sphere of influence of the old man, He can no longer constrain me.”

Qin Yu couldn’t seem to believe it: “How can something so easy?”

The old man in front smiled and said,

“Miss Qin, don’t underestimate the boss, the boss is now full of wings, no It’s already a lot of face to fall out with

the old man. When Uncle Qian died with us last time and sent his body back, the old man didn’t say anything, but let the boss not take it to heart.

This shows that the old man wants to deal with the boss . , there is no certainty of victory.”

Mo Xian hooked his lips, his voice was loose, but with a little modesty:

“Still be careful, the old man has been cunning for decades, who knows if he will do anything?”

Lao Fang: "Everything is under our surveillance. What's there to worry about? The people we arranged have been watching for us all the time!"

Qin Yu felt a chill in her heart.

Chapter 2173

is almost over. The

car swayed and stopped violently.

Qin Yu almost collided with the chair in front of her.

But the next second, a small suitcase appeared on Qin Yu's lap.

She looked at him in shock, and Mo Xian smiled faintly at the corner of his mouth:

"This transaction, the other party will ask you to go by name, otherwise, people will not believe us."

Qin Yu's face changed slightly, as if holding a hot coal. Burning Hand:

"I..." The

panic fermented on the top of my heart.

Mo Xian smiled, the man held her earlobe with his dry hands, and squeezed her gently, making her not dare to move at all.

I just felt that all the hairs were standing up:

"Don't worry, Lao Fang and I will protect you from behind. Look, there are so many people, what's there to be afraid of? I will teach you..."

His voice was gentle and cold.

But every word is dragging the clean Qin Yu into the filthy hell.

She felt that she was entangled in a poisonous snake, and she thought she could hold the poisonous snake.

Unexpectedly, Mo Xian hadn't given up calculating her at this time.

From the beginning, all tenderness was an illusion, even if it blocked a shot for her, it was probably pretending.

She can give him to the old man, and she can also make her like him, unable to look back.

Qin Yu sat there stiffly, listening to Lao Fang persuading from the front:

"Miss Qin, anyway, you have to follow the boss. If it wasn't for you, the brothers around you wouldn't recognize it. Think you are an outsider?"

As long as you deliver this trip in person, you will be our real sister-in-law in the future. Who would dare to disrespect you? Inside and outside, the boss and all the brothers have to listen to you!

Qin Yu was furious at what he said. “

Who cares, I wasn't a group with you, you still want to pull me when you commit a crime?” I still need to be recognized by you? Mo Xian 's

face darkened, he took her hand and eased her emotions:

“Qin Yu, it's not for anything else, it's very simple, don't get excited, just a few minutes.

There is no other meaning, since I will not let you go, you can stay at ease, but I have to give my brothers an explanation, right?

Do you know why the woman of the third child can be recognized and eaten by her brother? Qin Yu looked at him in

shock, with disbelief in his eyes.

Mo Xian smiled and answered her doubts:

“Because the third child asked her to kill people. Qin Yu 's

whole body was icy cold, and she could feel her whole body trembling.

That kind of fear is really indescribable.

Mo Xian touched her head, and kissed the corner of her mouth affectionately:

“You are good One point, I won't let you do that, it's just a trip, there's no danger, I've brought you so many hands behind me, and I can protect you and escape! “

Qin Yu's tears fell uncontrollably. She really hated them.

She hated Mo Xian, why put her in such a situation!

She obviously didn't have to face all this.

Her plan failed, no She lost because of her self-righteousness, but because of Mo Xian's selfishness.

Being mentally tortured by his side all the time, she was cautious, feeling like she was going crazy.

She dared not show the slightest disgust.

She was waiting for an opportunity to fight back.

But now it seems that she is the fish on the chopping block, the imprisoned slave, and the life door in front of her has long been closed.

Did she wander with him, commit crimes with him, leave her hometown, and swallow her voice, in exchange for today's situation?

It's ridiculous.

She clenched the handle of the box with trembling fingers and pushed him away with one hand.

She wiped the corners of her eyes and wiped away the tears.

Then she suppressed her fear and crying, her voice was a little hoarse:

“Okay, I’ll go, Mo Xian, if I die, you don’t have to avenge me, you just kill yourself.”

Sooner or later she will be killed by him . kill.

This intuition is deadly.

She pushed the door and got out of the car without any hesitation.

Mo Xian’s face stiffened for a moment.

Then he pushed open the door next to him and got out of the car.

Lao Fang followed closely.

The people behind were already standing there waiting.

In front of you is an abandoned factory building, remote and deserted, with thick smoke billowing not far away. It is a garbage disposal plant.

When Qin Yu got out of the car, her cold expression had already recovered.

She glanced back and saw a dozen cars parked there in a huge formation.

The climate is extremely hot and dry.

The smoke and soil are flying, with the fragrance of green grass, at this time, only the strong smell of chemical products can be smelled from a distance.

Qin Yu stood there with an expressionless face, looking at the door of the abandoned factory building and parked several dilapidated cars.

Her eyes flashed, and her heart kept sinking.

I just don’t know if it’s useful to ask God to worship Buddha now.

She knew that when the deal was over, if Su Nan’s people came again, it might be too late.

Mo Xian walked to her side, put a hand on her waist lightly, and said with a warm tone:

“Let’s go, it’s inside, don’t be afraid, it will be fine soon, when this matter is over, I will make an appointment for the evening. Haven’t you always wanted to go on vacation for a flight to Canada?”

Qin Yu blinked, her mind was completely unresponsive to his words?

She was carried forward by him, like a marionette.

Hearing the man behind him sigh:

“I know you hate me now, but I can’t help it, you are always by my side so clean, I’m not at ease, I’m afraid you will leave at any time, so you become the same as me People, we can be together forever and ever.”

Qin Yu walked forward silently, but Quan Dang didn’t hear him.

She had no expectations of him.

If he had a conscience, he wouldn't be such a person.

How can such a person be soft-hearted, and how can his conscience find out?

Her silence stabbed him.

When he reached the door of the factory building, he took her hand and said in a slightly solemn tone:

"Qin Yu, did you hear what I said?"

He pinched her chin, and she had to look up at him.

Qin Yu's eyes were indifferent, and his face was expressionless when he looked at him.

"Did you hear it? Is there a difference? Do you still ask me if I would like it?"

If he could ask, from the very beginning, from the night of New Year's Eve, they would never have met.

She will stay far away.

Mo Xian pursed his lips, his cold face tense for a moment.

Looking at Qin Yu who was so calm, his heart panicked for a moment.

Very subtle emotions grow and spread in my heart.

Too bad I can't catch it.

He looked at the abandoned building in front of him, surrounded by weeds, and the two cars at the door also seemed to be used to hide people's eyes.

He sighed, knowing that now was not the time to struggle to the end, he had to.

Moreover, the snake head knew that there was a woman beside him, and it was a necessary condition to ask this woman to trade.

The purpose is to test his determination.

It's almost over.

Chapter 2174

The Dangerous

Mo Xian smiled, glanced at Lao Fang, and walked in.

Lao Fang nodded and followed behind, looking alert.

Inside the abandoned factory building, there is a cave in the sky, winding around to the end of the room, these places don't even have a door.

But the scene inside, as long as you can avoid it, you can't see anything.

As soon as Qin Yu entered, he could smell the strong smell of gasoline and the rotten and damp smell.

She covered her nose in disgust, and Mo Xian next to her pulled her up the stairs to the south.

Qin Yu broke away subconsciously.

Mo Xian thought that she was still having a temper. This was her character, so she didn't take it to heart.

Go upstairs.

Mo Xian did not let him go ahead.

He himself walked in the front, Qin Yu walked in the middle, and Lao Fang walked behind.

It looked like he was protecting her.

Qin Yu frowned, unable to say what was strange.

She looked at Lao Fang with a strange look.

Lao Fang thought she was nervous and smiled, "Miss Qin, don't be afraid, if this trip is dangerous, the boss won't let you out."

Qin Yu's voice was low, as if she just said casually,

"I thought You are a chef, I didn't expect that in his heart, you can do better than Guo Tong's brothers!"

Otherwise, Mo Xian wouldn't have only left Lao Fang in this scene.

At the end of the day, you just don't have enough trust in other people.

Lao Fang raised his eyebrows, "The less you know about this, the better. Lao Guo and the others are too straight to hold back their words."

He just made an excuse.

But Qin Yu still understood.

It is indeed possible that Guo Tong was dispatched to another location for fake transactions.

If he carried out an arrest operation there, as soon as the police went, Mo Xian would know that Guo Tong was an insider.

In this way, his identity was all exposed.

If you want to leave, you have no chance.

For a moment.

Qin Yu's mind was spinning fast, she was cold and nervous all over her body.

Success or failure is today.

She touched her ear to ease her nervousness.

Go upstairs.

Just looking at an ordinary person in casual clothes standing upstairs.

He smiled and looked at the person who came:

“Mr. Mo, welcome.”

Mo Xian smiled, with a slight alienation between his eyebrows:

“Is the snake head here?”

“Of course, our boss attaches great importance to this line, of course. I will come in person.”

The man smiled politely, then looked at Qin Yu behind him:

“This is your woman, right?”

Mo Xian nodded, “Qin Yu, this is the boss of the snake head.”

Qin Yu looked at him and nodded.

The man smiled and stretched out his hand:

“The boss of the snake head is inside, please.”

Mo Xian nodded, raised his feet and left.

Qin Yu followed, and when passing by that person, that person smiled meaningfully.

As if looking into her ears.

Her heart beat faster.

Immediately lowered his head.

soon.

At a corner, they saw a snake head surrounded by people.

The head of the snake head is large and triangular, no wonder it is called this nickname, it is really apt.

He watched them come over and greeted him very kindly:

“Brother Mo Xian, you are welcome to come here, this is our paradise!”

Mo Xian went over and gave him a brief hug:

“Thank you for taking care of the snakehead boss, we If you take root here, there will be more opportunities for cooperation in the future.”

“Yes, yes, we will be a family in the future, and we can make money together!” The

snake head spread his hands and looked at Qin Yu behind him:

“This beauty is you . Your sweetheart, right?”

Mo Xian smiled and pulled Qin Yu to him:

“Yes, our husband and wife will see you often in the future.”

Snake head nodded meaningfully:

“Okay, I have everything ready. , bro, the price you gave shows me your sincerity, in the future, we will contact each other directly, they are good brothers!”

Mo Xian: “Okay, of course, the first order must be shown to you. My sincerity is nothing, Ayu, give him the box.”

Qin Yu took a deep breath, suppressed her nervousness, and stepped forward.

The person next to the snake head took it.

The snake head said, “According to the rules, the goods must be inspected first, Mrs. Mo, let’s go watch together.”

Qin Yu looked at Mo Xian subconsciously.

Mo Xian pondered for half a second and nodded.

Qin Yu’s heart kept sinking.

She really didn’t know how to describe the disgust and fear in her heart at this time. This Mo Xian was willing to sacrifice everything for her own benefit.

There was no movement outside, the wind was calm.

Will her savior not come?

There is also danger in Guo Tong.

past today.

Maybe she will be implicated too.

It is also possible that she will never see hope again.

She walked over dully and followed the people around Snake Head.

Go to a shabby table behind Snakehead and open the box.

In the box are packets of powder that have been prepared for a long time.

She was horrified.

It is said that a few grams can be jailed for several years. How can I wear this box in my next life?

When Mo Xian was arrested in the future, he wondered if he could say that he was forced.

Guo Tong is not here, she doesn’t even have a witness!

Qin Yu bit her lip and was about to cry.

suddenly.

The person next to him came out at one point and licked it with his tongue.

next second.

He stretched out his hand, grabbed her arm, and a sharp voice sounded in his ear:

“There is a problem with the goods, boss, withdraw!”

Qin Yu was shocked, but before she could react, she was dragged and ran back.

next second.

Gunshots sounded instantly.

She trembled with fright, hunched over to hide, and when the person beside her was protecting her, she suddenly realized something.

“Qin Yu—”

Mo Xian’s voice roared outside.

“Snake head, you’re kidding me!”

How could there be a problem with the goods he prepared?

Unless it was the smuggler who didn’t want to make this deal with him at all, it was just an excuse!

In a blink of an eye, Qin Yu disappeared from the chaos just now.

And Lao Fang, who was behind him, also quickly shot and confronted, and for a while, the scene became chaotic.

Lao Fang dragged Mo Xian to the wall next to him to hide. Although there were a lot of them, he still didn’t know how many people Snake had brought.

And here, the snake head is a local snake after all.

He grabbed Mo Xian who wanted to go out:

“Boss, don’t go out, they came prepared, and let someone come up immediately.”

Mo Xian didn’t care whether this cooperation would be successful or not.

What he cares about is Qin Yu.

Qin Yu was gone.

This thing is enough to drive him crazy!

The gun in his hand did not hesitate to shoot at Fang who had just disappeared from Qin Yu.

At this time, the snake head had long since not known where it was hiding.

“Snake head, give me back my woman!”

He shouted piercingly, with scarlet eyes in his eyes.

The snakehead didn’t move at all, but his men hid in the dark and kept shooting at him.

The battle between the two has already begun.

It stands to reason that the people protecting them outside should have come up long ago.

Lao Fang stood up in surprise and looked out.

Suddenly, I was shocked!

Chapter 2175

You lost,

Mo Xian and the mercenaries they prepared in advance were surrounded by people at this time.

Not only that, but their coercion was surrounded by unloading.

The people who surrounded them were all wearing police uniforms.

There are police from country Z and police from abroad.

The old man's face instantly turned white.

Even their back road was cut off, indicating that this transaction is a trap!

Lao Fang pulled Mo Xian:

“Boss, run quickly, the police have already enclosed this place, we will drag it down, there is no good fruit to eat.”

Mo Xian also saw the situation outside, his face turned pale.

Hard to see the extreme.

Slowly, his expression turned cold.

Gloomy, eyes cold and indifferent.

They were surrounded.

Obviously, I don't know if there is any smuggler's handwriting here.

It would be terrifying if the smuggler cooperated with the police.

Ah.

Mo Xian suddenly realized that he was afraid?

Immediately.

Lao Fang stood in front of Mo Xian with a cold expression:

“Boss, run first!”

Mo Xian raised his eyes slowly, his gloomy expression was ruthless, looking at the reappearing person.

snake head.

He was still smiling, but he couldn't bear it more:

"Brother, don't blame brother for being cruel, who made you offend someone you shouldn't?"

Mo Xian's tone was extremely cold:

"Who is it?" The

snake head smiled and said, "The old man promised me that as long as I cooperate with the police this time, I will not only get some special treatment from the police, but more importantly, the production base in your hands. , the old man is willing to give it all to me, unconditionally!"

He smiled meaningfully:

"I can get a steady stream of things without spending a penny, what other deals do I do? You know that I dream of getting that place, brother, In your hands, it is better to be in mine, the old man always treats you well, you should go back obediently and apologize and admit your mistakes!"

Lao Fang's expression revealed a sinister look:

"Cooperating with the police, you are still on the road. You are not afraid that people on the Tao will know, you betrayed your brother, and you are embarrassed by the police, and everyone is despised?"
The

snake head raised his head and laughed, pointing at them:

"Young people, how long have you been in the Tao? I've already reached this position, and I'll kill anyone who dares to spurn me, isn't it easy?"

He looked at Mo Xian and smiled:

"It's you, brother, it's a pity, you have some ability, It 's just that you won't be able to restrain yourself."

He turned his head and walked away.

Mo Xian's tone was cold:

"I can kill the old man, but what about Qin Yu? Let her go, it has nothing to do with her." The

snake head paused and looked at her meaningfully:

"Mo Xian, can't you see it? The purpose of the old man is to let me take Miss Qin back, and this joint operation between the police and drug dealers is unprecedented, can't you see it?"

Even without me, these people outside will not let you go, you must know that we traded The time and place are kept secret, I didn't tell anyone."

Mo Xian's eyes shrank, his expression instantly cold.

His heart seemed to be clenched by a hand.

Firmly grasped.

Squeeze, deform.

Once that thought arises, it will take root and sprout uncontrollably, and there will be doubts about it.

But how is it possible?

She has always been under her own surveillance, without any chance to contact the outside world.

Unless, in that villa, there is a ghost who has already connected with her.

No, Qin Yu didn't know the content of this transaction, she was still sleeping before she got into the car.

how can that be possible?

All the clues came surging, intertwined, as if they couldn't sort out their thoughts.

Not her.

My chest hurts like it's going to explode.

He took a deep breath and his face was very bad.

"So you deliberately arranged two trading lines, one in the life and the other in the dark, and let me connect with you in person, just for this?"

Snakehead: "Well, it is indeed for the sake of prudence, and accidents are inevitable when trading, but I think it's normal to draw people away from you."

Mo Xian was about to speak with a cold attitude, when Lao Fang excitedly pulled him to the corridor behind the pillars.

"Come on, our helicopter is here."

Mo Xian ran forward without saying a word.

He realized that this one had been tricked.

Wait for him to escape first, and then come back to find the snake head to settle accounts.

It's just Qin Yu...

He couldn't figure it out, why did the old man pay such a high price for her in every possible way?

The two men climbed up from the rear window in a vigorous posture.

This remote location has not been discovered.

Helicopter has been rumbling to fly here.

The police were a little shocked, and then divided their hands into the inside of the factory.

Time was running out, Mo Xian and Lao Fang watched the helicopter get closer and closer, and the joy on their faces was also undisguised.

"Boss, let's go..."

Lao Fang pulled Mo Xian to the direction of the planned landing.

Immediately.

A group of footsteps were heard from the stairs.

Immediately afterwards, someone opened the door and saw a group of police officers running over with guns from the entrance and aimed their guns at them.

Lao Fang scolded secretly,

“This old man is so talented. He is so merciless in cooperating with the police!”

Mo Xian’s face was cold, and he aimed the gun at those people.

There was no escape behind him.

He knew his situation, was caught, shot, and disappeared from the world.

It seems that his embarrassment and struggle, heaviness and hardship, are not worth mentioning.

But he clearly fought hard for a long time, risking his life time and time again, to get to where he is today.

His eyes were as sharp and indifferent as a falcon, and he insisted on not letting go.

The helicopter landed hesitantly.

One hundred meters, eighty meters...

Someone shouted from the police, trying to break his psychological defense line:

“Mo Xian, raise your hand to surrender now, it’s too late to fight for leniency...”

Mo Xian’s eyes were scarlet, Indifferent and Yin stallion:

“Surrender? I never thought of surrendering...”

Even if you die, you will never surrender.

The old man guarded him tightly.

The helicopter dropped the rope, and the police’s gun shot up, only to see the sparks flying, but not penetrating.

A person ran out of the exit. She watched this scene and walked out from behind.

“Helicopter is specially made for bulletproof, it can’t be worn.”

Her tone was extremely cold.

When Mo Xian and Lao Fang saw her, they were shocked.

“Qin Yu...”

“Miss Qin, come here!”

Lao Fang looked at her figure and had a plan.

As long as she comes over and takes her as a hostage, there may be a way to survive.

Qin Yu stood there, twitched the corners of his mouth, and looked at Mo Xian indifferently.

The man who tried to drag her into hell had nowhere else to go.

She couldn't express the feeling in her heart.

Relaxed, happy, stimulating, but with a hint of dull pain.

She is also suffering.

At this time, he smiled brightly.

"Mo Xian, you lose, you can't run away, you can only surrender."

Chapter 2176

He was buried here

Mo Xian stared at her stubbornly, his words were heavy and gentle, his eyes were scarlet and forbearance:

"Qin Yu, I know it's not you, it doesn't matter to you, you wait for me ..."

Wait for him to come back to find her!

The rope is behind him, and he can pull it as soon as he reaches out his hand.

But inevitably, police guns will follow.

Danger and vitality coexist.

The moment he started, something suddenly appeared in Qin Yu's hand, and she roared:

"Mo Xian, I said, you will die in my hands!"

Mo Xian was shocked.

Looking at her muzzle, aimed at him.

a time.

There was a chill in the air.

Lao Fang's shocked expression changed, he twitched the corners of his mouth, and said nothing:

"Boss, let's go!"

Mo Xian's heart seemed to be gradually cracking and shattering.

She said it, but he never took it to heart.

Because it was just her whim.

She said a lot of angry words.

He couldn't hear anything in his ears, only her in the center of the whirlpool in his eyes.

There was a cold smile on the corner of his lips, without any warmth:

"Qin Yu, you won't shoot."

He looked at her firmly.

He knew that she hated him.

But she dared not shoot.

Because she has him in her heart.

During this period of time, he could feel that she was accepting herself, that she was no longer resisting his approach or ignoring his wounds.

They used to love each other so much, he knew what it was like when she loved someone.

That's why he dared to be so sure that she had fallen in love with him.

"Bang——"

A gunshot broke the stalemate silence.

It also completely tore Mo Xian's heart.

He looked at him in shock, and quickly stepped forward to support Lao Fang, who was about to fall to the ground.

He was hit in the chest.

Qin Yu fired the gun.

The shot just now was meant to hit Mo Xian, but Lao Fang blocked it.

How dare she actually shoot!

Old Fang dragged Mo Xian firmly:

"Let's go, let's go!"

Mo Xian's expression was cold, and he looked at her coldly, like the ice scorching under the scorching sun, the irreversible silence.

emotion?

Funny, is she reluctant? Still don't dare?

She had long wanted to kill him.

A policeman next to him didn't know what to say, and wanted to take the gun from Qin Yu's hand, but she refused.

Her eyes were red and she wanted to avenge herself.

She laughed and laughed, then cried, with undisguised excitement in her expression:

“Go to hell, Mo Xian, you can’t run away, do you know how the police got here?”

I have a positioning device on my body, I Don’t open, no one will ever find out, and I’ve been waiting for this opportunity.

Do you feel guilty for pulling me into your hell?

No, I have long wanted to come. I want to be here with my own eyes to witness your sins and your failures! She pulled the

trigger again without hesitation.

But the pistol jammed, and she couldn’t hold it.

The gun was stolen from Snakehead’s subordinates. In the

past, when she was shooting with Cheng Yisunan and the others, she would be somewhat better.

It’s just that she is not familiar with all kinds of guns, and she doesn’t know much about them.

The people next to her stopped her in the past, Qin Yu refused to give up and stared at Mo Xian.

It seemed that if she hadn’t killed herself, she wouldn’t have done it. Reconciled.

Mo Xian’s expression gradually became a little crazy, looking at her with a sneer:

“It turns out that you are all acting, these days, you are pretending to me, Qin Yu, I have misunderstood...”

His words reached her ears with the wind. Qin Yu: “

It’s not just me who is looking at you, but also the people closest to you!” As soon as she said that, Mo Xian’s expression changed slightly.

But she did not continue.

Guo Tong’s identity cannot be easily revealed.

There is no one else around him, so what if Mo Xian guessed it?

He is already a turtle in a urn. “

Mo Xian, surrender, you can’t leave. The

person next to him shouted.

Mo Xian glanced at her indifferently, and the whole person quickly raised the gun in his hand and aimed at Qin Yu.

He pulled the trigger without hesitation .

Qin Yu screamed in shock, and the person beside her suddenly threw her down. But

the next second, the wind in her ears seemed to be more violent.

His gun missed.

But Mo Xian was already standing on the suspension ladder.

The helicopter roared into the sky, but the gun in Mo Xian's hand suddenly ran out of bullets.

Naturally, the police will not miss this good opportunity.

in between.

Countless bullets pierced the hot air.

As if to break through the noisy eardrums.

They aimed at Mo Xian and shot at him.

“Bang bang bang -“

Qin Yu stood there in shock, watching a man covered in blood fall from the helicopter.

The police shot him, and his arms and abdomen were covered in blood.

He couldn't hold it any longer, he let go of the rope he was holding on, and Mo Xian fell from above.

Below a distance of more than 100 meters, there is a sea of turbulent waves.

He was buried there.

The helicopter disappears higher and higher.

Qin Yu stood there with a pale face, as if feeling her legs were softening.

She exhaled slowly, not knowing whether to relax or sad.

The sea swept over everything.

Maybe it's a good thing not to see the body.

She didn't want to reveal a little sadness to say goodbye to this ridiculous time.

She squatted on the ground, looking at the distant waters, tears fell uncontrollably.

it is finally over.

Mo Xian finally disappeared from her life.

Why was he so attentive, even if he blocked a shot for her, she was indifferent?

He will never hear the answer.

From New Year's Eve to now.

Several months have passed.

She seemed to have exhausted all the good luck of her life.

The police went to hunt for the body as usual, and some people followed the helicopter.

Some people went to dispose of Lao Fang's body, and some people stood in front of Qin Yu.

She slowly raised her head and looked at Guo Tong's unbearable expression.

He stood up straight, looked at her, and pursed his lips:

"Miss Qin, you are doing well, you are free."

Qin Yu's tears overflowed uncontrollably.

She was trembling and trembling, wanting to cry, terrified, sad, and sad.

become free.

What a price she paid.

The policeman came to comfort her, but was stopped by Guo Tong:

"Leave this to me, and when everything is done, let's go back to China together."

Another policeman seemed to have known him for a long time, and grinned excitedly:

"You boy, After so many years, I'm finally coming back, and I'll keep your work place for you, I'm afraid I'm going to enter the office this time, so let's talk back!"

Guo Tong nodded with a smile.

Everyone went about their business one after another.

It seems that he has deliberately forgotten Qin Yu's existence.

After she had cried enough and her voice was hoarse, Guo Tongcai handed her a bottle of water and sighed:

"Go back, Mr. Shen has received good treatment abroad, if my news is correct, we will return to China. One day, it happened to be the same day that Mr. Shen returned to China.

It was like a nightmare. When I woke up, everything was over. "

Chapter 2177

Who is

Qin Yu holding the water and standing up slowly.

She looked at the distant ones, the waves were surging.

He blinked and looked away.

From knowing to ending, Mo Xian has always been a thrilling person.

After walking out of the factory building, those who did not see the snake head must have already left.

everything is over.

She won't come here again.

After getting in the car, Guo Tong handed her his mobile phone:

"You can call your relatives to report safety."

Qin Yu blinked, and the complicated emotions in her heart flashed.

Life has to go on, she has to live to be worthy of so many dangers and tests.

She took it and called Mother Qin.

soon. Mother Qin picked it up with

a hoarse voice:

"Which one?"

"Mom, it's me."

"Ayu? It's really you. Mommy is dying. Are you all right?"

to how eager she was. Qin

Yu let her voice relax:

"Well, it's alright, I'll be back soon. I'm sorry for worrying you mom!"

"Silly child, as long as you're fine, you can talk about anything!"

Out of breath.

When Qin Yu felt that she was about to lose control of her emotions, she said a few words and hung up the phone.

She also gave it to Guo Tong and looked at him:

"Do you know today's plan?"

Guo Tong pursed his lips and shook his head:

"Mo Xian seems to trust me, but he is very cautious. He asked me to contact Snake Head while he contacted him privately, just to prevent me.

I am here . After the transaction, I didn't see the talent and found out that it was his plan.

Thanks to you, I notified the police in time. As far as I know, the smuggler will not help easily. If he can cooperate with the police, he should have been specially taken care of. ."

Qin Yu pursed her lips: "It's the old man, I heard him tell Mo Xian himself."

Guo Tong looked at her with the same expression:

“It’s not just the old man, whoever gave your ear studs can get it. It is unprecedented to get the news as soon as you send out the call for help, to coordinate the interests of all parties in the shortest time, and to weigh the pros and cons

. It’s a good condition to click until now.

But the old man will not let go. I don’t know what your relationship with the old man is, but from now on, you are not part of this case. After you go back, don’t get involved. and anything.”

Qin Yu lowered her eyes, and she hooked her lips:

“I never thought of getting involved in anything, nor would I cover it up for them.”

Guo Tong paused, “I know, you are not That kind of person.”

After a while.

The police outside ran over. Under the sun, their smiles were bright, bright, upright, clean, and purer.

She hadn’t seen such a person in a long time.

The policeman who knew Guo Tong smiled and looked at them, took out a packet of biscuits from his pocket, and handed it to Qin Yu:

“Are you hungry, you guys, now we’re going to search Moxian’s villa, and we’ll send you back first. ?”

Qin Yu held the package of biscuits in her hand, and her eyes were a little sour.

Guo Tong looked at Qin Yu:

“We won’t follow, you guys be careful.”

Qin Yu paused, “That old Fang, I don’t know if he’s dead...”

Her voice was very low and she sipped. Lip, I don’t know if I will bear the consequences.

The person she originally wanted to kill was Mo Xian.

Guo Tong said calmly:

“There will be results, don’t worry, they are all drug dealers who have committed capital crimes, and the lives on their hands are unknown. You are self-defense, and the law will give you justice.”

Qin Yu pointed out nodded.

She doesn’t want anything now.

Just want to get a good night’s sleep.

Guo Tong took her back to the hotel and handed her over to a policewoman to take care of her.

Then went back to the case.

Qin Yu borrowed the phone and made a long-distance domestic call.

“Is it Qin Yu?”

“Su Nan, it’s me.”

Qin Yu’s voice was a little hoarse, but still calm:

“Thank you, thank you Shang Qian, I survived this time, thanks to you.”

Su Nanton After a while, “Are you alright?”

“No, I asked you to help me check things before, do you have any clues?”

Who is the person behind the old man who interceded for her?

Su Nan’s voice paused and was silent for a moment before speaking calmly:

“Yes.”

“Who is it?”

Qin Yu’s voice became tense involuntarily.

She didn’t know why, but she had already escaped from prison, but she couldn’t let go of this matter in her heart.

Why did the old man pay so much for her?

Is it just someone looking for a relationship behind the scenes?

What’s the matter, let the old man be so obedient?

The question in Qin Yu’s heart is getting deeper and deeper, so she can’t wait to know the answer.

“It’s your mother.”

Su Nan said with difficulty.

Feeling Qin Yu’s expression shocked.

She quickly added: “But don’t worry, Aunt Qin’s business and hands are clean. It’s just that Shang Qian’s people saw that your mother met and contacted the old man privately many times. It must be for your business.”

She It’s not that he never suspected Fu Yechuan.

But it is impossible for Fu Yechuan to go to great troubles for Qin Yu’s sake, and he has never done any loss-making business.

As for the Su family, it is even more difficult to fight with the old man.

So she asked Shang Qian to send someone to stare near the club where the old man often went, and saw a familiar face, Mother Qin.

I don’t know why Qin’s mother has contact with the old man.

Qin Yu's face gradually lost its blood, and she sat quietly on the bed with the phone in her hand, looking at the hot and humid breath outside the window, the feeling of suffocation came over her face.

She seemed to be out of breath.

Su Nan called her a few times:

"Qin Yu, when are you coming back? Shall I have someone pick you up?"

Qin Yu recovered.

"Don't worry, I still have to cooperate with the police's investigation here. Just go with them. Don't worry, Mo Xian is dead and nothing will happen again."

Su Nan let out a slow sigh of relief:

"Okay, if you need anything, just tell me in time."

Qin Yu responded and pulled the corners of her lips reluctantly:

"Thank you to Shang Qian for me, and I brought a gift for the little friend, I will do it in advance. Mail it back, remember to play with her."

Su Nan smiled:

"Okay, you should pay more attention to yourself, the gifts you are talking about are almost too hard to fit."

Qin Yu said a few words to her in a relaxed tone before hanging up. on the phone.

Her expression returned to calm, her eyes were empty, looking in an unknown direction.

If she was asked to ask why Qin's mother had contact with the old man, she would not ask.

Because according to Mother Qin's temper, she wouldn't say anything if she asked.

Su Nan hung up the phone, thinking deeply and worried, with a bit of worry.

Shang Qian came out with the fruit and shouted a few times before she heard it.

He smiled and said, "What are you thinking? So ecstatic?"

"Qin Yu's phone, Mo Xian is dead, she will be back soon."

Shang Qian raised his eyebrows, not surprised at all:

"This is not Is it a good thing? You don't have to worry about her so much that you can't sleep."

Su Nan pursed her lips and walked over, her eyes heavy:

"I always feel that something is wrong, and how could Aunt Qin have anything to do with the old man

Chapter 2178

Someone came to pick me up

, Shang Qian with a vague smile:

“I won’t know when Qin Yu returns home, as long as she is strong enough in her heart, when the facts are in front of her, she will naturally accept it. It’s gone.”

Su Nan sighed:

“My little Qin Yu has suffered many disasters, and I hope she can quickly return to her original state.”

Shang Qian pouted, but soon looked at her with a smile:

“Well, you say Right.”

...

Southeast Asia.

Half a month passed.

Guo Tong followed the police in and out to investigate the case and was doing the final finishing work.

None of Mo Xian’s brothers fell behind, they were all caught.

Qin Yu was accompanied by only one policewoman from day to night.

I don’t know if it’s to take care of her or to monitor her.

But she didn’t care.

Guo Tong came and knocked on the door with the fruit. The policewoman opened the door.

Guo Tong nodded:

“I have a few words with Miss Qin.” The

policewoman nodded and left the room.

Guo Tong went in and looked at Qin Yu who was sitting on the sofa drinking red wine and watching TV. With such a casual personality, he didn’t look like a victim at all.

She can live a delicate life anytime, anywhere.

But unlike being around Mo Xian, her expression was a little less cautious.

She finally didn’t have to worry anymore.

At first Guo Tong was worried that she would expose herself when she knew her identity. After all, Qin Yu really didn’t seem like someone who could hide everything.

But now, he felt that she was just too well protected before.

Stupid and stupid, it is better to say that she is clean and naive.

“Miss Qin, how are you doing these days?”

Guo Tong walked in.

Qin Yu smiled, raised her eyebrows, her eyebrows were slightly drunk:

“Fortunately, Guo... Officer Guo.”

Guo Tong walked to the opposite side and sat down with a tired look on his eyebrows:

“The work here is The end is about to end, tomorrow afternoon’s flight, we are going back to China, I will tell you in advance, I have a psychological preparation.”

Qin Yu’s eyes flashed slightly, even though she was very calm, she still revealed some expectations and surprises:

“Thank you .”

Guo Tong paused and was silent for a few seconds before speaking:

“Lao Fang is not dead, he was sent back to China in advance, and the sentence will be pronounced when he recovers.”

Qin Yu breathed a sigh of relief, but Lao Fang did not When she died, the pressure in her heart was a little less.

to today.

She remembered the impulsive shooting that day, and actually regretted it.

He was guilty and should not be punished by her.

Lao Fang has always been busy in the kitchen, and he has never been tit-for-tat with her, but has been persuading her to treat Mo Xian better.

When she watched him fall, she was not without awe.

The emotions are subtle and complex.

“I don’t understand, why does Mo Xian trust Lao Fang so much?”

Qin Yu looked at Guo Tong.

He never allowed Lao Fang to participate in important discussions on weekdays.

But at that important time that day, he only brought Lao Fang with him.

Guo Tong pulled the corners of his lips, “He was designed by the old man to suck something, and it was Lao Fang who helped him quit. When the goods were sold for the first time, Lao Fang brought him back. The old man is

not his benefactor. The old Fang is the one.”

Qin Yu was surprised, no wonder this was the case.

Looking at their relationship, it is casual and simple, and there are so many things behind it.

She scratched her hair and looked at Guo Tong:

“Officer Guo, why do you look unhappy?”

Guo Tong smiled with a bit of loneliness in his eyes:

“I’m not unhappy, I’ve been undercover for so long, I just in order to wipe out this criminal group, for today, I don’t know how many brothers like me have died by my side, and I should be happy that I am still alive.”

Qin Yu paused, suddenly thought of a question, and looked at it very seriously. Looking at him:

“No, Mo Xian is not the leader of the entire criminal group. The real leader is the old man. Your identity has been exposed here, can you still go back? They won’t retaliate against you, will they?”

Guo Tong smiled, He took a deep look at her:

“No, although my identity has been exposed, I will be transferred soon, the transfer order is a secret transfer order, I won’t be on the plane with you, Miss Qin, you go back After that, take good care of yourself!”

Qin Yu nodded, feeling that Guo Tong knew something secret, but couldn’t tell it.

She couldn’t even ask.

Guo Tong didn’t sit for a long time, then got up and said goodbye.

Qin Yu got up and packed up, but there was nothing to pack.

She looked at the unopened new phone on the table beside her and paused.

It was given to her by the policewoman.

She was useless, didn’t even open it.

For some reason, she resisted contacting people.

After tossing and turning all night, she couldn’t sleep well, but several bizarre dreams swallowed her up.

In the dream, it was Qin’s mother for a while, and the old man for a while.

Afterwards, Mo Xian fiercely pinched her neck and said that he wanted to take revenge. She was so scared that she was dripping with cold sweat.

He opened his eyes suddenly, sat up, and looked at the dark night.

The wind outside was cool, blowing in, and she went down to close the window.

the next day.

The policewoman came over and put the plane ticket on the table, and looked at her with a smile:

“Miss Qin, are you happy? You can go home soon.”

Qin Yu nodded and said with a smile,

“Thank you, thanks to these few days. You take care of me.”

“Should be.”

Qin Yu had nothing to pack, and the gift she bought earlier had already been mailed back.

She followed the policewoman and a few people on the plane. Everyone was in disguise, and they couldn't tell what they were doing.

Guo Tong really didn't follow.

But she still remembered what he said to her before.

Shen Lianghui arrived at the airport at the same time as her.

She could see him right away.

Shen Liang, she smiled, thinking of him, her heart unconsciously felt a burst of warmth.

He is the warmest thing in her world.

They will be able to live happily ever after.

She looked out the window of the plane, everything was getting smaller and smaller.

Mo Xian, she can finally no longer have to compromise.

Qin Yu lowered her heart for a few days, and finally recovered her energy slowly.

During the three-hour flight, Qin Yu didn't even feel sleepy.

She was imagining how happy she would be after seeing Shen Liang, his body should be fine.

She wanted to pounce on a warm bear hug, but he would helplessly put his arms around her hair to tell her not to make trouble.

Qin Yu thought about it, and tears fell unconsciously.

There is one more important thing, she has to apologize properly.

She took a piece of paper and scribbled on it.

When she reacted, she saw that Shen Liang's name was written all over the paper.

She was in a good mood, and the pace of getting off the plane quickened involuntarily.

The policewoman next to her saw this and teased her with a smile:

“Miss Qin, are you too homesick, have you notified your family to come pick you up?”

Qin Yu did not notify Qin's mother or anyone.

Because Guo Tong told her that Shen Liang would come.

She just wanted to meet him first.

Qin Yu smiled, “Someone will pick me up, I'll go first.” The

policewoman waved at her.

Qin Yu's excited footsteps relaxed a bit.

Chapter 2179

The illegitimate daughter

walked through the long passage. As soon as Qin Yu went out, she saw Shen Liang sitting in a wheelchair in the crowd, with a weak face.

He was thin, the bridge of his nose was high and straight, his facial features were deep, and his clothes were a little loose in the past.

Her eyes were instantly wet and sour.

Those long-suppressed grievances and longings in his chest seemed to have found a vent.

There was an urge to break out in her heart.

Her love is there, and she will be with him for the rest of her life.

Qin Yu walked into the crowd with a smile, when suddenly someone grabbed her arm.

There are people coming and going in the crowd, mostly people who pick up the plane.

She didn't see it clearly.

But going forward, she was grabbed by someone.

She looked to the right subconsciously and saw a familiar person.

For a moment.

The blood on her face disappeared without a trace, and her eyes shrank instantly.

"Old Fang..."

Lao Fang stretched out his finger and made a shush gesture.

Then he gloomily dragged her in the opposite direction.

She glanced back.

Shen Liang seemed to have seen her, and now he wanted to stand up in surprise, but he couldn't stand at all.

He stumbled and fell to the ground.

Qin Yu's heart sank, and she wanted to free her hand, but Lao Fang held her tightly.

"Qin Yu, you don't want me to kill him in public, you'd better be obedient!"

He threatened coldly.

Qin Yu's eyes sank, and she looked at him in a panic:

“You...”

She took a closer look, and then saw that the inside of his coat was the hospital gown.

It turned out that he had sneaked out.

Her face still didn't respond.

Lao Fang impatiently took her arm with one hand and pinched her neck with the other.

It was completely different from the kind cook in her impression.

He stopped talking about her like an elder.

Indifferently, as long as he stretches out his hand and exerts force, he can break her neck.

She panicked completely, and an inexplicable chill enveloped her.

“What are you doing? This is the airport!” The police were nearby.

Yes, as long as she screamed for help, someone would definitely notice.

Lao Fang pulled her to the corner and threw her over.

“Qin Yu, I originally wanted to kill you.”

He gritted his teeth.

Qin Yu looked at him with sour red eyes, panicked inside.

She twitched the corners of her mouth:

“Old Fang, do you hate the shot I shot you?”

Old Fang's eyes trembled: “

The shot was meant to kill Mo Xian, why are you so cruel!” Her eyes were blurred by tears:

“He ruined me, ruined my life, why can't I hate him?”

She said hoarsely.

For so many years, the things she desperately wanted to forget came back again at this moment.

Lao Fang's face was grim, and he stopped talking.

He looked at the people around him hastily and alertly, for fear that someone would notice.

Qin Yu felt a chill in his heart when he saw something bulging around his waist.

“What do you want to do?”

Lao Fang gritted his teeth: "I won't kill you, Mo Xian said before that no matter what happens in the future, under any circumstances, our brothers are not allowed to touch a single hair on you.

But I want to kill Guo Tong, that traitor, because we trust him so much, he turned out to be an undercover!"

Qin Yu was flustered for a moment:

"Guo Tong didn't come back.

" Now, how could he not come back. I will naturally have a way to lead him out in a while, so you can stay here.

Qin Yu, I let you go this time because of Mo Xian's face!"

Lao Fang said ruthlessly. He glared at her:

"You said earlier that you have a close relationship with the old man, and Mo Xian doesn't need to go around in such a big circle. You deserve to be today!"

Qin Yu raised her head in an instant, with a bit of confusion in her eyes:

" What's the matter? What are you talking about?"

Lao Fang thought she was still pretending.

His chest heaved up and down.

"Now what else do you have to pretend? I heard it in the hospital, you are the illegitimate daughter of the old man, no wonder he went to great lengths to have someone come to rescue you, even at such a huge price, he would rather surrender to the police. If you surrender, we will also send Mo Xian to a dead end.

Well, we really underestimate you, if Mo Xian is alive, see if he will rip your skin off!"

Lao Fang's words lingered in his ears like a magic voice. side.

Qin Yu was shocked on the spot, motionless, dumbfounded.

Her face was pale and ugly at this time, and she didn't know how to react.

The doubts in her heart were suddenly pulled open by someone unexpectedly, but she didn't think about it at all.

The truth was a bolt from the blue, even more dramatic than when she was taken away by Mo Xian.

Her brain seemed to be torn apart, with bursts of pain.

The police know about this.

In order to save her, the old man cooperated with the police and turned himself in by the way.

Su Nan said that the person who contacted the old man was Qin's mother.

It was Mother Qin, the single mother who raised her with one hand.

Qin's mother was very strict with her, but she was also very fond of her.

Growing up, she had what she wanted.

Back then, she heard that after Qin's mother married her father, her father died in a car accident.

Then Qin's mother didn't remarry, she gave birth to Qin Yu, and then raised her.

She never questioned Qin's mother's words.

Mother Qin used to be resolute in her style and never rubbed the sand.

She vaguely remembered that it was difficult to do business in the past. Qin Muye worked day and night and had no time to accompany her. It was so hard and she never admitted defeat.

Lao Fang hid in the corner with his body sideways, carefully probing the situation outside.

"Qin Yu..."

Shen Liang's business is getting closer.

Qin Yu suddenly woke up from his consciousness.

She raised her head sharply and wanted to go out, but Lao Fang's gun was faster than hers.

She bit her lip, "Let me go, Guo Tong really didn't come!"

Lao Fang wouldn't believe what she said, but saw Shen Liang who gradually came over and had a new idea.

He smiled coldly:

"He brought this to the door himself, no wonder I dared to grab a woman from the boss, then let him know the consequences."

Qin Yu was shocked:

"What do you want to do??"

She had a very frightening thought.

Lao Fang smiled and said,

"If the boss is in the sky watching you and this man live together, it will be very uncomfortable for him.

Let's just give him a ride, so the boss will feel better... .."

He cast a sinister look at Qin Yu, then made a certain decision and slowly raised the gun in his hand.

Qin Yu's expression was shocked, she couldn't care about anything, and her mind was blank.

She didn't know where the strength came from, stood up from the ground, and pushed him out from behind.

She roared loudly:

“Someone, there are fugitives here, with guns in their hands—”

Her voice was sharp and frantic.

In an instant, the scene became noisy.

She looked at Shen Liang with a worried face, and her voice stopped abruptly.

Chapter 2180

The moment when I was your father.

The moment Shen Liang and Qin Yu’s eyes met, the surroundings felt quiet.

It seems that all kinds of people are shrouded around, all of which are not real.

She didn’t hear the noise in her ears at all.

I just felt that I was really happy to see such a vivid Shen Liang.

She was so happy.

Those fantasy pictures on the plane may really be realized.

She has always felt that her past life was colorful.

But at this moment, she felt that from the moment she got married, all the uncertainties were settled.

They go from testing each other to liking each other.

To this day, it’s more than just liking it.

She really loves him very much.

Something in her chest wanted to break through, she wanted to tell him loudly.

But when he opened his mouth, he could only feel the bone-shattering pain in his heart.

As if expected something.

Out of the corner of his eye, he saw Lao Fang regain his stability, pushed away the blocking crowd, and approached them.

She and Shen Liang were less than thirty meters away, but it was impossible to pass within a few seconds.

The moment Lao Fang raised his gun.

She didn’t know where the courage came from, but she suddenly turned back and went up to meet him in the direction he shot.

“Bang——”

Everyone was shocked like birds and beasts.

The hall suddenly became a mess, and screamed and shoved out.

The person ran away, blocking Lao Fang's sight.

The chance to fire a second shot is gone.

The police who had not left the terminal turned back, and together with the security check in the airport, they knocked Lao Fang down.

And the woman lying there quietly, with her eyes open and sighing, looked at the bright lights, her heart that was up and down and restless, slowly calmed down.

Shen Liang rushed over with the help of others in a panic, and he carefully covered her chest.

Don't want blood to drain from her body.

People who are so afraid of pain will usually cry and make trouble when they bump into them.

Why did she block that shot for him just now?

Shen Liang's voice trembled, for fear that something would be scared away by him.

"Ayu, don't scare me, the doctor will be here soon, hold on."

He held her face and tears fell on her face.

Qin Yu blinked and closed her eyes.

She wanted to say something, and she thought she might have time to say something.

It's not always like that on TV, how can you say a lot of things before you die?

How could it be her turn, and she had no chance?

What a pity.

She hasn't hugged him yet, hasn't told him about the future she thought about on the plane.

Forget it, don't say it.

Where did so many provocative opportunities come from?

Shen Liang shouted her name in a hoarse voice.

"Qin Yu—"

His heart-breaking, as if stagnant in this moment forever.

Before that, they all thought that they would have a long time together.

But just this moment, it becomes eternity.

Qin Yu is dead.

She died before the ambulance came.

Mother Qin cried and fainted outside the ward.

Shen Liang held Qin Yu's hand and refused to let go for a long time. The whole person was stunned like a demon, his eyes were scarlet, gloomy and cold.

Su Nan got the news, and when she arrived with Shang Qian, Qin's mother had already been sent to the emergency room.

She looked at the lifeless person on the hospital bed, and her legs suddenly softened.

Shang Qian supported her from behind.

My best friend died, and I was talking and laughing and saying something before. This feeling is really bleak and unspeakable.

Shen Liang was dejected and thin, and there was no more brilliance in his eyes.

Qiao Fan was also uncomfortable, for Shen Liang and Qin Yu.

She didn't know how to comfort her, so she could only go over and wait to take care of Qin's mother.

Su Nan cried and fainted, and was taken back by Shang Qian.

She herself lived a near-death, but thought that Qin Yu would turn bad luck into good luck just like her.

But she forgot that the moment she survived, she might have used up all her luck.

And Qin Yu, did not have such good luck.

For Su Nan, Shang Qian rescued Qin Yu at a critical moment, not without bleeding.

He transferred the most critical business in Southeast Asia to Snakehead.

For Snakehead, he got on with the police, got the benefits of the old man, and got Shang Qian's business, three birds with one stone, no loss or gain.

It's just a pity that she died at the airport when she returned home.

Qin Yu's death was a blow to everyone.

The fresh life is fleeting, she is so full of vitality, loves to laugh and play, but unfortunately she left without leaving anything.

Shen Liang accompanied Qin Yu for three days.

Not moving, not eating or drinking.

Finally, Mother Qin stood up and prepared to be cremated.

She seemed to be twenty years older all of a sudden, the white hair on her head couldn't hide it, and the wrinkles on her face couldn't hide it.

Qiao Fan, the mother-in-law, was busy preparing all kinds of formalities, and she didn't know how to persuade Qin's mother and Shen Liang.

The day of cremation.

Everyone is here.

Su Nan, Cheng Yi, Ning Zhiliao, Su Qi and Su Jin...

Those old friends from the past, those she liked or disliked before, are all here.

Shen Liang's face was silent and gloomy as she watched her being pushed in.

The expression on his face was broken inch by inch.

The inner torment gradually collapsed.

Only this time, no hysteria, no wailing.

Mother Qin, Qiao Fan and the others watched quietly.

Then, they went to the established cemetery and watched her be buried.

She chose a photo that Qin Yu liked very much. She smiled brightly and brightly, with a lively slyness in her eyes.

She should have lived her life like this.

Su Nan stood there, his eyes were red and swollen, and his face was haggard.

No one else was much better than her.

In the end, everyone left one after another, and the whole process was quiet.

Su Nan and Ning Zhi were still there, and Shen Liang and Qin's mother were still there.

The sky darkened, and a light drizzle started to fall.

Not long after, a few people walked slowly from a distance.

Three people in police uniforms, with an old man.

The old man looked haggard, and he was no longer as shrewd and strong as he used to be.

He slowly and falteringly stepped forward and walked in front of Qin Yu.

At that moment, I could barely stand.

The policeman pursed his lips and went over to explain:

"The last condition before he explained is to visit Miss Qin and hope that the family will agree."

Qin's mother nodded expressionlessly.

Su Nan and Ning Zhiliao stepped aside and gave them private space.

Ning Zhi sighed:

"Qin Yu used to say that she doesn't want her father, but we know that she still thinks, and we don't know if she knows that her father is not dead?"

Su Nan's voice was hoarse:

"She knows, from the police, the person who shot at the airport confessed, and he told Qin Yu everything he overheard in the hospital."

Ning Zhi choked and said,

"He is really cruel, Qin Yu didn't. What did you do wrong!"

Su Nan closed her eyes and sighed:

"Forget it, take good care of Aunt Qin in the future, it's not easy for her alone."

Ning Zhi nodded.

The old man crouched down tremblingly, reached out and touched Qin Yu's photo:

"Ayu, I'm your father..."
