Chapter 2181

Farewell to Mr. Qin Yu

after a long speech, thought it was absurd, and was frightened for a lifetime. Finally, because of this daughter, she gave up everything and returned to her own sins.

The police checked the time and went over to remind him that time was running out.

The old man stood up tremblingly, looking at the vicissitudes of Qin's mother, his eyes were full of remorse and guilt, and he blamed himself.

"I'm sorry, I promised you that I won't see her recognize her in this life, and I won't disturb your life, but it's still at this stage, I'm sorry."

He looked at her, with strong restraint in his vicissitudes of life. Emotions, but dare not reveal half of it.

He was afraid to see the disgust and disgust in Mother Qin's eyes.

The other party did not respond.

He closed his eyes and followed the police away.

Shen Liang stood there, looking at Qin Yu deeply, his aura became cold and silent.

Mother Qin took a deep breath:

"Go back, Shen Liang, you are a good boy, Qin Yu will remember you, and you will live a good life in the future."

She didn't know what else to say, so she turned around and left.

She looked at Su Nan and Ning Zhi, nodded, and left silently.

Su Nan looked at Shen Liang, who was standing in the drizzle, and couldn't bear it for a while.

She thought about what she got from the flight attendant, but she stepped forward.

"This is what Qin Yu wrote on the plane back to China. The crew members knew about it and didn't throw it away. I'll keep it for you."

Shen Liang took a look and reached out to take it.

Su Nan took one last look at Qin Yu before turning around and leaving.

They need their own space.

It didn't take long.

She heard Shen Liang sobbing heavily behind her.

The kind of unbearable sadness, along with the drizzle, invaded the bone marrow.

(This is the end of Qin Yu's story.)

It took them a long time to come out of Qin Yu's departure.

Maybe they didn't really feel that Qin Yu was dead, she just lived in another place.

The express delivery that Qin Yu sent to Su Nan was stuck at customs for nearly a month.

When I got it, my heart was heavy and uncomfortable.

Su Nan opened it with red eyes, looking at the small gifts inside, she was suddenly speechless with sadness.

There was a delicate note inside, which read:

"I wish you a child, grow up healthy and happy!"

Su Nan suppressed her tears and put away her things.

Shang Qian hugged her and patted her on the back:

"I know you are sad, but you still have to look forward. If you don't give these things to Shen Liang, he will be sad again."

Su Nan Nodding, "I know, he moved all the companies in City A back to the middle, so much effort is equivalent to giving up all, don't put salt on other people's wounds, I understand."

Shang Qian smiled, Rubbing her hair, she sighed.

Su Nan hugged him and cried for a while. She was tired from crying and fell asleep. Shang Qian took her back to the bedroom to rest.

Talking about the child coming in with his short legs, he wanted to get up on the bed.

But he is really not tall enough.

After climbing for a long time, I hung half of my body on it.

When Shang Qian heard the movement, he got up and looked at her helplessly, stretched out his hand and made a "shush" gesture.

Say that the child opened his eyes wide and nodded solemnly.

Then continue to climb up.

Shang Qian: "..."

Soon, talk about what the children found wrong.

The little fish behind her grabbed her legs and wanted to climb up.

It is said that when the child was angry, he kicked him to the ground with a kick of his legs.

Xiaoyuer's mouth twitched, and he was about to make a noise.

Shang Qian walked down a few steps helplessly, and walked out with one in one hand.

With a heavy expression on his face, he looked at the child

and said, "Did Daddy say that Mommy is in a bad mood these days, so don't disturb her!" The child pouted in grievance:

"But I think Kiss Mommy!"

Xiaoyuer also expressed eagerly: "I want to kiss Mommy too!"

Shang Qian frowned, under his cold eyes, Xiaoyuer changed his words:

"Kiss godmother!"

Shang Qian softened his eyes, "You can't kiss, you've grown up." Xiao Yu'er, who was less than four years old: "..."

Xiao Yu'er wanted to be angry, but forced by Shang Qian's power, Aggrievedly looked at and talked about the children.

He stretched out his arms and hugged the talking child for comfort, and finally, Ba Haw kissed the little cheek of talking.

Said that the child still didn't know what happened, and looked at him with a smile.

Shang Qian's face darkened.

Don't let him kiss his wife, he will kiss his daughter?

This little bunny!

I owe it to me!

in a few days.

Su Nan resumed his normal commute to work.

Shang Qian sent her to the company. If there was no entertainment, she would notify Shang Qian in advance and let him pick him up.

Yu Lou always thought that this kind of transfer would not last long.

Because in everyone's eyes, this is no different from a driver!

However, they still underestimated Shang Qian's love for being a driver.

Not only does he come to pick him up rain or shine, but he also likes to pick him up in a different car.

Each car is enough to catch everyone's eyes, because they are all ridiculously expensive.

Su Nan doesn't care much about the price of the car. Shang Qian is so hobby. Does she still want to persuade him to pretend to be poor?

When she bought diamonds, he didn't stop her!

It was drizzling lightly outside.

It's been gloomy these days.

Yu Lou knocked on the door and came in:

"President Su, Chunyu from Astrolab asked you for a beauty session in the afternoon, look..."

Su Nan raised her eyebrows, she was impressed by the newly promoted President of Zhonghua.

I didn't go to play golf or drink, I just took her for a beauty massage.

Later, Shang Qian felt a sense of crisis, so he followed him several times and never went there again.

Because he found out that this Chunyu likes to be him and a man!

This matter made Shang Qian feel uncomfortable for several days, but he didn't calm down.

Su Nan didn't feel anything, the other party was clean and polite, and there was no other emphasis in his words.

Who does she like has anything to do with her?

She agreed immediately.

Yu Lou smiled and sighed:

"Finally, I don't have to hurt my young heart today."

Su Nan frowned: "What?"

Yu Lou knew that she was just asking casually and didn't have any pretensions, so he explained with a smile:

"Because every time President Shang comes to pick you up, he always I want to drive a different luxury car to change your mood, but we migrant workers can't afford it, and we have to be hurt every time we come!"

Su Nan smiled, raised his eyebrows, and his eyes were vivid:

"Then you have to work hard. , so that I can continue to change luxury cars!"

Yu Lou: "..."

Heartbroken!

Su Nan sent a message to Shang Qian, telling him about going to socialize.

He originally planned to follow, but when he heard it was Chunyu, he didn't even want to show his face.

Su Nan smiled and said nothing.

In the afternoon, Yu Lou and a female assistant sent her there. Naturally, the female assistant stayed.

Chunyu was also accompanied by a female assistant.

Coincidentally.

Places with more women are more relaxing.

Su Nan likes to talk business at leisure.

Chapter 2182

After the snake and beast

Chunyu talked about the project they were going to collaborate on, he suddenly thought of something.

“Actually, I’m watching another project, but I still don’t know if it will be successful.”

Su Nan responded,

“Tell me.”

Chunyu clicked his tongue, and didn’t care about putting on a mask on his face, and said,

“I got it. With the latest gossip, a hot spring has been dug out on Bawang Mountain, and if a hot spring villa or resort is built there, it will definitely be profitable.”

Su Nan saw his excited expression and smiled calmly:

“Your gossip. ?”

Chunyu’s eyes flashed:

“My brother, a loyal rock climber, he has been to Bawang Mountain dozens of times, and he told me when he came back this time.”

Su Nan raised his eyebrows, “Have the relevant departments issued a report?”

Chunyu smiled: “

If it’s out, it’s not gossip. It’s just that the distance between provinces is far away, so I’m a little unsure.

If Mr. Su is interested, why don’t you make an appointment with us to visit?

Even if it’s not . Really, you can also go climbing the mountain and relax!”

At first, Su Nan was not very interested, but at the end.

She was a little moved.

Bring Shang Qianhe and talk about it, it’s not bad to go on vacation together.

The time is too short, it will be too late to go abroad, and it is ok to cross the province.

She thought for a moment and agreed.

“Okay.”

We talked for a while.

Shang Qian's phone number came.

He came to pick him up and was already at the door.

Su Nan didn't say much, just let people end, and then went out with a radiant face.

Chunyu followed behind and said with a smile,

"Mr. Su, your skin can be broken. Do you regularly go abroad for medical and beauty treatments?"

Su Nan raised her eyebrows, touched her face, and said with a smile,

"Natural beauty . . . , no way."

Although I know that Chunyu is somewhat exaggerated, any woman will be very happy to hear it.

I happened to see Shang Qian standing tall and straight at the door.

His eyebrows lit up, and he leaned up and said,

"No matter how many times I see him, I always think that President Shang will shine. He is simply too good."

Su Nan twitched the corners of his mouth.

Although she's not a woman, someone who cares about her man so much will still feel uncomfortable:

"It's a pity that it's not yours, so let's take a second look."

Chunyu was stunned, and looked at her back as she walked out:

"Stingy. "

Su Nan walked fast, just didn't want him to greet Shang Qian.

Shang Qian immediately opened the door and she went in.

He went to the driver's seat and the car screeched away.

Chunyu: "..."

Is he a viper and beast?

Shang Qian looked at her and smiled in the car: "What's wrong?"

Su Nan remembered the mountain climbing, and said to him:

"It's not for the hot springs, let's go mountain climbing, with talk and Xiaoyuer, we go together!"

Shang Qian smiled, "Okay, just take it as a distraction. But as a family, why should we bring Xiaoyuer?"

Su Nan pouted: "Stingy, don't you like Xiaoyuer very much? The son-in-law you raised by yourself, you still have the heart to separate them for a day or two?"

Shang Qian smiled helplessly:

“Hey, if I wasn’t afraid that I would meet a scumbag when I grew up, I wouldn’t let anyone else. Approach her.

I make Xiaoyuer treat her better, and she will not be moved to death or live because of the slightest benefit of others.”

Su Nan: “I think so too.” The

two of them chatted and laughed and replied Arrived at Su’s house.

Today is Uncle Butler’s birthday.

No one in the Su family was absent except Su Ming.

As Shou Xinggong’s housekeeper, although he tried his best to cook a simple meal, Su Yifeng tried his best to stop him.

So Su Qi and Ning Zhi went to the kitchen to cook, while Wen Xiang and Su Jin were making cakes and desserts.

Su Yifeng caught a few fish himself and happily pulled the housekeeper uncle to play chess.

When Su Nan and Shang Qian went, everyone was almost at the end.

Su Yifeng glared at her dissatisfied:

“Why did you come?”

Shang Qian immediately took the responsibility into his arms:

“Dad, there is a temporary entertainment, it’s hard to refuse, I’m late.”

After speaking, he took out the After the gift that was prepared long ago, a box of good tea was handed to the housekeeper.

“Happy birthday to you.” The

housekeeper uncle looked at him and couldn’t help but close his mouth with joy.

“Thank you, Miss and Uncle.”

Shang Qian’s shot was definitely not ordinary.

The housekeeper loves to drink tea, and he knows the goods. This tea is only a few taels a year on a certain thousand-year-old tree, which is more expensive than gold.

Su Qi was busy working inside, and ran out in dismay. Looking at the radiant Su Nan, he was not angry:

“Hurry up and help, don’t think it’s enough to say a few words there!”

Shang Qian smiled, Immediately put things down and roll up your sleeves to go in.

Su Nan hurriedly stopped:

“I’m going to help, you are outside, tell me later that you and Xiaoyu’er are back.”

Shang Qian frowned, “It smells of soot inside, you...”

Su Nan took a photo She patted her chest:

“Don’t worry, if you go to my third brother’s virtue, you will definitely be squeezed to death!”

She blinked, Shang Qian smiled and lowered his head and kissed her forehead:

“Then go, you don’t want to stay. Come out.”

Su Nan nodded and ran in happily.

Su Yifeng really didn’t look at the two of them. He hugged and kissed me like no one else was there. It really had no rules at all!

Still his eldest son is stable and mature.

He subconsciously went to the small restaurant to see Su Jin and Wen Xiang.

At first glance, he almost got angry.

Su Jin looked at Wen Xiang tenderly, pinching her nose from time to time, the cream on the table almost rubbed against her face, and it was useless for Wen Xiang to stare at him angrily.

Su Yi rolled his eyes in anger.

The housekeeper uncle smiled and shook his head.

“It’s all a good thing, the eldest young lady still has one in her belly, and next year our house will be even more lively.”

Su Yifeng muttered softly:

“They are all people who have married their daughter-in-law and forget their father. They are useless, and my precious daughter... can’t be trusted.”

His eyes swept to Shang Qian, who was boiling water and making tea, and his expression slowed down:

“It’s better to be a son-in-law.”

Uncle butler nodded in agreement.

Su Yifeng patted his shoulder:

“Thanks to your birthday, it would be difficult to get them together.”

Uncle Steward: “...” There was a moment of silence.

He coughed a few times:

“Chairman, you call them back and give them a lesson every once in a while, doesn’t it seem too difficult?”

Su Yifeng: “That’s a legitimate reason for me, you see, the third child is married to a daughter-in-law. Still making headlines every now and then, the boss is pregnant with a second child, and still goes on business trips...”

“You obviously miss them!” Su Yifeng: “...” Shang Qian came over with the brewed tea and said with a smile: “Dad, shall I go to the kitchen to help?” Su Yifeng waved his hand: “No, how tired!” Su Qi and Ning know who came out, and Su Nan who has a black line: “...” Aren’t they tired?

Chapter 2183

In

terms of cooking, his own daughter, Ning knew that he was half-hearted.

Su Qi has no talent at all, otherwise he wouldn’t be beaten every day before.

When Su Nan went, they had already made several dishes.

Cold cucumber, and cold onion.

There are all kinds of burnt seafood next to it.

Can not bear to look.

Ning Zhi smiled and pulled Su Nan:

“I just ordered your favorite seafood and sashimi at the Wanguo Hotel, we don’t have to do it anymore.”

Su Nan nodded in agreement.

Even though she had some research on cooking before.

But after being with Shang Qian, how did he let her cook.

Already rusty.

It is also more difficult to pick up right now, so I agree and wait for the arrival of the big meal.

As a result, when he went out, he heard Su Yifeng’s distressing words for Shang Qian.

Su Qi coughed dryly and objected to him dissatisfiedly:

“My dear father, I am your own son!”

Su Yifeng pouted in disapproval:

“Not necessarily, it may be that the hospital held it wrong.”

Su Qi: “I was born at home!”

Su Yifeng: “Oh, oh, I forgot...”

Ning Zhi smiled and couldn't stand up.

Su Nan also covered his mouth and snickered.

Wen Xiang came over with a beautiful cake decorated with petals, and Su Jin carefully protected her from behind.

Afraid of being a little surprised.

"Uncle, it's not good, you don't mind." The

housekeeper uncle smiled:

"How can it be, it's so beautiful, I can't bear to say it."

Everyone laughed, and after a while, there was a movement of parking outside.

Shang Qian stood up:

"Tell me and Xiaoyuer are back."

Sure enough.

next second.

Talking about the children running in happily, Xiaoyuer ran after him, holding two small schoolbags in his hands, tired and panting, but not at all impatient.

"Happy birthday to the housekeeper grandpa..." The

housekeeper's uncle narrowed his eyes with a happy smile:

"Thank you for talking about the little ones."

Xiaoyuer took out a small gift box from the schoolbag at the back and said,

"I wish the housekeeper Happy birthday grandpa, this is the gift I told you about."

Uncle the steward took it over flattered, opened it in front of everyone, and saw that it was a transparent piece of jade.

Su Qi gritted his teeth and approached Su Nan:

"Did you prepare it?"

Su Nan pursed his lips and spread his hands seriously:

"I swear, it's not us, if you give a gift, according to Shang Qian's character, how could it be possible to use Xiao Yuer to follow him? In the name of the talk, their names are not together."

Su Qi touched his chin and felt it made sense.

Shang Qian treats his daughter like he is looking at his eyes.

now.

He also looked at the two children with an inexplicable look on his face, very surprised.

Talking about the children being happily praised, and then finding Shang Qian for a hug.

Just as Shang Qian wanted to know the origin of the gift, he picked her up and walked aside.

Separate from the little fish.

Su Lin was in class upstairs, and Xiaoyuer went up the stairs without saying a word.

“Tell me, where did you get your gifts from?”

Shang Qian asked her with warm eyebrows, his voice clear as a spring breeze.

Talk about the child:

“Xiaoyuer bought it.”

Shang Qian pursed his lips, “Is it Xiaoyuer’s pocket money?”

This child is quite sensible, and his impression of him is a little better.

Shang Qian smiled.

Talking about the child smiled: “No, we exchanged things.”

She said happily and slyly.

It was the first time she went shopping, but she didn’t expect to be able to buy it without money.

Wouldn’t she be able to change it anytime, anywhere?

Shang Qian was puzzled, “What is it for?”

Said the little boy’s big eyes rolling around:

“It’s Daddy’s broken watch...”

Shang Qian was shocked there, like a thunderbolt from the blue.

His hands were empty, and he didn’t find the watch this morning, thinking it was in the company.

That watch worth tens of millions was a gift from Su Nan!

His face was blue and white, and he was speechless.

He also had to say that he often wanted to play with it. He was afraid that he would lose it, so he lied to her and said,

“The watch is broken, Daddy will come back and buy you a new one.”

Oh, dare they think they have taken a broken watch . It’s ok?

For a while, Shang Qian felt that he had a heart block, and he was speechless.

Kiss your daughter, kiss your daughter, don’t get angry!

When Su Nan came out, he looked at Shang Qian hugging and talking, with a lifeless look.

She walked over and hugged Shuai, "What's wrong?"

Shuai didn't know how much trouble he had caused:

"Mummy, I'm going to find brother Qiqi..."

Su Nan put her down : "Go, run slowly."

Shang Qian looked at Su Nan and suddenly wanted to complain to her.

But when the words came to his mouth, he thought about it and held back.

Forget it, go back and let someone buy it back.

He hugged her shoulders, and the two of them went back.

This meal was a lively one.

Happy to return.

Su Nan proposed to go out to play, and specially arranged his own work plan, so that the work could be advanced in advance and postponed if it could be postponed.

It was really impossible to adjust, and it completely overturned Su Jin's place.

Su Jin ran away when he saw her these days, and he didn't look like a big brother at all.

She originally rejected Chunyu's invitation and wanted to go alone.

But when he was at the airport, he saw that he had already appeared there with his assistant.

No results, we can only walk together.

Shang Qian held the sleepy person in his arms and talked about the children, while Su Nan was holding Xiao Yu'er and two assistants.

There is a hotel on the top of the mountain, but the conditions are naturally not so impressive.

The way up the mountain was very tiring. Su Nan originally wanted to walk up the mountain by himself, but he said that the children had enough to walk on their legs and refused to get up while sitting on the steps.

Xiaoyuer also sat side by side, the two of them didn't cry or make trouble, they just protested eagerly.

Shang Qian stared at them helplessly.

The people around the mountain were watching this scene with relish.

Mainly because the family's appearance is too high.

The two children were so cute that they had nothing to say. Even when they were sulking, their eyes widened without crying or making trouble, which made one's heart soften at the sight of them.

But Shang Qian is too familiar with the routine of talking about children.

She sat there aggrieved without saying a word, which was a way of acting like a spoiled child.

But they had only walked less than a third of the way. If they climbed the mountain with her, they would be exhausted to death.

If you give up now, this trip will be in vain.

Both assistants took the cable car to the top of the mountain and waited.

No one is helping now.

Su Nan stood aside, watching someone take out their mobile phone, wanting to take a picture of these two cute babies.

Her eyes moved, she quickly stood in the direction that blocked the camera, and said to Shang Qian in a low voice,

“Hurry up and go, everyone is watching!”

Shang Qian glanced at her helplessly, and reached out and hugged the talking child:

” Next time, the two of us will come!”

It took less than a second to say that the child was happy, then he pouted and looked down at him:

“Daddy, when people’s legs grow a little longer, they can crawl on their own. “...”

Shang Qian laughed, he believed it was a ghost!

Chapter 2184

The little fish next to the hypocritical boy also stood up:

“Tell me, sister, are you thirsty, hungry or not, if you are tired, tell me, and I will do it for you. Back you.”

Talking about the child, he agreed:

“Yeah!”

Shang Qian scolded: Hypocritical boy!

Xiao Yu’er smiled happily and walked up. Although her body was thin, it was very neat, and she didn’t need to be pulled by Su Nan.

He wasn’t tired at all, he just wanted to help his sister relax a bit.

Now that the goal has been reached, it is natural to continue!

Shang Qian was quite speechless at first, but he said that the children’s mental brainwashing is very powerful.

From time to time, she kissed and hugged and wiped Shang Qian’s sweat.

Said he was the best daddy in the world.

Said that his daddy was really good-looking, even better than Xiaoyuer.

Said that she would also study with Mommy in the future, and find a boyfriend who is the same as Daddy in the future.

...

After a while, Shang Qian said that the children's interest was higher than before.

He didn't even say a word when he was tired, and Su Nan shook his head when he saw it in high spirits.

Talking about the young children, the future is really promising!

However, when it was two-thirds of the way, Su Nan couldn't stand it any longer, and he let Shang Qian put him down.

She made a phone call and asked the assistant who was there in advance to pick up the person.

In just 40 minutes, they reached the mountain.

Said that the child looked at it and wanted to go back to sleep.

Su Nan could only have her and Xiaoyuer sent to the hotel.

Shang Qian even took off his jacket, wearing a simple and casual clothes, standing there, tall and straight, people can't take their eyes off at a glance.

Su Nan also stood there tired, but seeing the scenery on the top of the mountain was so good, the anxiety in his heart was also swept away.

She looked around, thin clouds shrouded the top of the mountain, thick green and lush, the mountains rolling up and down, like a fairyland.

Standing there and looking down, I don't feel thrilled, but it makes people's mood instantly calm down.

There is a refreshing feeling of refreshing.

Shang Qian quietly watched her close her eyes and relax, and the corners of her mouth unconsciously evoked a smile.

"It's so beautiful."

Su Nan didn't open his eyes, but nodded:

"Well, this trip is not in vain."

Shang Qian: "I'm talking about you."

Su Nan suddenly opened his eyes, and the two looked at each other. She glanced at it, the emotion in her eyes was strong and real, and she seemed to feel the surging love of him.

A cool wind blew past, as if from the tip of her heart.

He stretched out his hand, Su Nan threw himself into his arms, and the two quietly enjoyed the moment of embracing.

After a while.

Su Nan's phone rang.

The assistant who came along.

"Miss Su, Mr. Chunyu also came to the hotel and offered to have afternoon tea with you. What he meant was that it would be better if President Shang was also there." The

assistant's words were transmitted to Shang Qian's ears.

His face sank instantly, as indescribable as eating a fly.

Su Nan smiled, "Okay, I'll go in a while."

Shang Qian frowned: "I don't want to meet him."

Su Nan squeezed his face, and nodded with understanding and satisfaction:

"I know, I'm still very satisfied with your ability to protect yourself like this. Yes. "

Shang Qian raised his eyebrows.

Su Nan took the phone and smiled:

"I'll just go back by myself, this mountain is not too high, but if it's not cost-effective to develop here, I think it's okay, I have to go back and thank him for his kindness, and then decline his offer. Proposal."

Shang Qian nodded in agreement.

"Yes, in the current situation, the hot spring villa is not suitable for this place. It is too remote. Except for tourists, no one comes, and the cost of tourists will not be more cost-effective than staying in the hot spring villa for one night.

Besides..."

He Hesitant to speak.

Besides, there is a bad feeling.

Vaguely, can't tell.

"Forget it, go ahead and tell me when you're done talking to him, and I'll go back to find you."

Su Nan nodded.

The two reluctantly said goodbye to each other.

Looking at her back, Shang Qian suddenly felt a strong reluctance in his heart.

Heart beating very fast.

But he quickly comforted himself, it's okay, in ten minutes, they will meet again.

When Su Nan arrived at the hotel, there were many people coming and going.

It is said to be a hotel, but it is actually a small two-story building like a hotel.

All kinds of infrastructure are close to the style of fifty years ago, shabby, old, and the sheets are yellow, I don't know if they have been changed.

Room sound insulation is not good, sanitary conditions are not up to standard.

But also cheap.

If there are other options, Su Nan will not choose here.

She also made up her mind to take the cable car down the mountain at night, and then go back after visiting other places.

Climbing this mountain once is enough.

However, there is a restaurant in this hotel, and Chunyu is sitting in a greasy place in clean and big clothes.

out of place.

He watched Su Nan come in and stood up happily.

But seeing Su Nan come in alone, the joy on his face was less than half.

Su Nan pretended not to see it and walked over.

"Mr. Chun, that's right, I have something to tell you."

"Mr. Su, I'll know if you speak, if you're not satisfied with this place..."

Chunyu stretched out his hand with a wry smile.

Not just dissatisfied.

That's just torture!

Su Nan smiled, but he was not so absolute:

"The next focus of the Su Group will gradually shift from the real estate industry. I am afraid that President Chun will have to find another partner."

Chunyu nodded.

Just suddenly.

Out of nowhere came the boom—a sound.

Loud bang.

next second.

The tables and chairs in the dining room were shaking, obviously.

There was also some construction debris falling from the roof overhead, right on their table.

Su Nan's face turned pale, and a bad thought suddenly appeared in his heart.

She looked out subconsciously, as if a tourist fell to the ground all of a sudden, and he was less than a meter away, and slowly a gap opened.

On the ground, the gap is getting bigger and bigger, like a crack torn by a beast.

"No, it's an earthquake, run quickly—"

Chunyu stood up in shock, seeing the shaking coming again, he pulled Su Nan out to run.

Su Nan's face turned pale and panicked for a while.

Before she walked out of the door, she suddenly felt a move in her heart:

"Wait a minute, my daughter is still inside." As

she spoke, she turned around and ran in regardless of how violent the place was shaking.

There were shrill screams and terrified shouts in the ears.

And the loud bang of something hitting the ground.

The earth is shaking and the fear brought by natural disasters is far more rapid and undeniable than man-made damage.

Really earthquake.

Her mind went blank, her body trembled involuntarily, but she tried her best to calm herself down.

right.

Must be calm.

She avoided the vase leaning over, and the next second, she heard the sound of shattering to the ground behind her.

Terrible and frightening.

She shouted loudly, her heart-piercing voice mixed with the movement of heavy objects.

With panicked fear:

"Tell me, little fish..."

Chapter 2185

Emergency rescue

The violent shaking of the earthquake made her stand beside her and she couldn't dodge.

Overhead, the dim light went out instantly.

It was dark.

For a moment, the line of sight could not be applied, as if nothing could be seen.

Just the next second.

Suddenly, she heard a terrified response:

“Mummy...”

She was shocked, and she looked in her direction with excitement and trembling.

The assistant came out alone with a child.

“Mr. Su, get out quickly, the back of this place has collapsed.” The assistant said anxiously.

After getting used to the sight, she looked at one of the female assistants and talked with her in her arms, but there was a bruise on her forehead, as if she had been smashed.

Su Nan immediately went to talk about it. Fortunately, the child was only frightened, but he was very frightened by the female assistant in his arms.

Su Nan’s heart moved, and she glanced at her:

“Thank you, hurry up.”

She stretched out her hand and took Talk to her from her arms, and touched her head, only then did she let go of her heart.

Xiaoyuer was held in the arms of the male assistant, very well-behaved and honest, but she was also frightened.

The male assistant had nothing to do, but his face was unavoidable in panic.

They turned and turned back.

Su Nan hugged the talk and ran out.

Just as we were about to cross the corner, the aftershock struck.

The tremors this time were several times stronger than the previous ones.

The ground was almost unsteady.

They can’t find a place to hide.

Seeing that the wall in the room collapsed in half, it turned into ruins in an instant.

The screams were endless, and the voice of help was deafening.

The person who was running in front one second was hit by something falling the next second.

Everything was gone.

But at this time, how could she leave the talk and save the unknown?

Her heart was clenched tightly, and the fear could not be expressed.

Fortunately, Shang Qian didn't come, yes, luckily he was outside.

she thought so.

suddenly.

A white light flashed before his eyes.

The cement above his head smashed down.

The people behind were intercepted, but luckily they didn't hit them.

The male assistant at the back pulled the female assistant with one hand and held Xiao Yu'er in his arms.

Su Nan paused, "You go first..."

She knew that walking in front would only delay the three people behind.

The male assistant was quick and did not hesitate.

After a few steps, he jumped onto the ruins, and then dragged the female assistant and ran out.

Even though he jumped forward and fell to the ground, he managed to get out in time.

Su Nan also followed.

The one she was holding didn't cry and didn't make trouble, and the well-behaved one was outrageous, but she could feel the trembling and fear of the talk.

Su Nan took a deep breath and jumped onto the collapsed ruins.

Just as he was about to jump, the ground shook again.

After a short while, the top of his head suddenly became dark.

The concrete rebar above his head suddenly fell.

Su Nan was shocked to protect the talk under his body, and wiped his scalp against the talk.

A few millimeters away, talk about safe and sound.

However, Su Nan's left arm was rubbed fiercely by the falling concrete rebar, almost piercing her flesh and blood, and blood gushed out instantly.

The concrete and steel bars fell to the ground, and her heart fell to the ground.

The male assistant ran over to pick her up, and hugged the talkie in her arms.

Su Nan went away, clutching his arm, his face pale in pain.

But now is not the time to be confused.

Countless people were buried inside, and many others were alive but did not come out.

The people who escaped the disaster outside cried a lot for the rest of their lives.

Screams and cries were mixed into one.

Let the surrounding moment become a human tragedy.

Their relatives may still be inside, grief and fear come together.

In just a few minutes, things changed in an instant.

“The rescuers are going up the mountain, everyone, don’t worry”

“When are you coming, my mother is still inside!”

“The rescuers will send helicopters over, and they will be here soon!”

...

The surrounding green trees and green mountains it became gray, and the air was suffocating.

The female assistant slumped on the ground, looking at the scene in front of her with a pale face, but she still hasn’t recovered.

But Xiaoyuer obediently hugged the frightened child and talked about it.

Su Nan’s eyes were sour, resisting the urge to fall tears.

She took out the phone.

At this time, Shang Qian shouldn’t have come back.

At this point, she couldn’t care about her own injury.

She called, but it was prompted that she was not in the service area.

Gradually.

Su Nan’s face was as pale as paper, and he began to tremble involuntarily.

She squatted down, touched the heads of the children and Xiaoyuer, and tried to keep her tone down.

“Tell me, Mommy goes to Daddy, you wait here with your uncle and auntie, Mommy and Daddy will come to pick you up soon.”

Said the little boy blinked his big eyes and nodded.

Su Nan smiled and stood up.

The male assistant hesitated:

“Mr. Su, let’s wait for the business manager to come to us. We’d better not be separated. When the rescue arrives, we will go down the mountain immediately, otherwise we will be scattered, and your injury must be dealt with in time.”

Su Nan also knew that he was right.

But for some reason, she had a bad feeling in her heart.

This feeling is very strong.

In his mind is the last side of their separation just now.

They said goodbye reluctantly, and then she left without looking back.

She should have looked back at him more.

She tore off a piece of cloth from the hem of the dress and tied it to the top of the wound, so that the bleeding could be stopped quickly.

She looked calm and calm:

“You watch them here, pay attention to safety, if you can go, you will immediately follow the rescue and leave, I will go after you after I find Shang Qian, and when your mobile phones can talk, contact me immediately Brother, let him send someone to pick him up.” The

male assistant nodded, he could only listen to her and couldn't stop it.

Su Nan took one last look and talked about the children.

Although their faces were covered with dust and dirt, their eyes were filled with sparkling tears.

She trembled slightly, patted the head of the talking child, and tried her best to calm down:

“Talking is very brave, it is very dangerous here, but don't be afraid, don't cry, you have to follow up with uncles and aunts, and Take good care of the little fish, can you promise Mommy?”

Talking about the little boy nodded firmly, Xiaomayin couldn't help choking and sad:

“I can, Mommy, you and Daddy have to come and pick me up earlier. “Okay .

“

Su Nan smiled, stood up and ran in the direction of Shang Qian.

There were noisy and lingering cries in their ears, and they still felt the earth-shaking changes in their minds.

She ran fast all the way to the place where she and Shang Qian parted just now.

There was originally a protruding boulder.

The boulder was surrounded by railings. A few minutes ago, there were still many people standing there watching the scenery, watching the clouds and mist, watching the clouds curling up.

But in the blink of an eye, there was nothing there, devastated.

The boulder, as if it was torn apart, disappeared along the edge of the cliff together with the railing...

Chapter 2186

lifeless

Su Nan stood there, and many people surrounded there, screaming loudly and crying loudly.

They knelt there with terrified expressions on their faces.

And the indescribable grief of losing a loved one.

It was as if an invisible wall had formed in front of her, penetrating her eardrums, as if she was in two worlds.

She looked at the ruins with a pale face.

On the other side, Chunyu walked over with an ugly face. He was also in a state of embarrassment.

He looked at her, hesitating.

In the eyes, the emotions are very complicated.

“Mr. Su, during the earthquake just now, a fracture surface was formed in this place. When the first earthquake came, it fell down. President Shang and the other three people standing here all fell down together, and there was no chance to respond. “

It’s cruel, but it’s the truth.

Su Nan’s face was extremely embarrassed, his face was tense, and he looked at the large area that disappeared in disbelief.

There is still a faint looseness in the broken place, and it is now surrounded by people.

He was clearly standing here just now joking with her and hugging her, and she could still feel the warmth of his hands.

how can that be possible?

At this moment, she stood there at a loss, not knowing what her mood was like.

It was just an indescribable sadness that uncontrollably emerged from the bottom of her heart and spread to her whole body, making her tremble and panic, and every nerve felt numb and painful.

That feeling, like someone strangled her neck, made her breathless on the verge of death.

She wanted to go up and take a closer look, but was stopped by Chunyu.

“Mr. Su, it’s still dangerous there. I heard that there are aftershocks, don’t go there!”

Su Nan’s mind was blank at this time, unable to react to anything.

She just wanted to go, maybe Shang Qian fell on that tree, waiting for her to save him!

She thought so, and suddenly a bit of vitality rose in her heart.

She pushed Chunyu away stubbornly:

“I have to save him...”

From the moment they decided to be together forever, Su Nan never imagined that one day, Shang Qian would be removed from her life. What if it disappears?

She remembered that their relationship was not vigorous love at first sight, nor so many twists and turns.

It was always his initiative and approach, which slowly softened her heart and entered her world.

She was used to it, used to his existence like a light source, illuminating her whole life.

He sacrificed his life for her, and also gave up everything for her, and stayed in country Z to start over.

His appearance erased all her unhappiness in the past. She hoped to see Shang Qian like this for the first time every morning, gentle and graceful, until she was old.

But how long did it take for him to disappear like this?

Unconsciously, Su Nan felt that her face was wet, and her tears fell uncontrollably.

Chunyu stopped him very hard:

“Mr. Su, you really can’t pass, it’s too dangerous, everyone is waiting for rescue, can you be patient?”

Although he regretted proposing this project, he also regretted that Su Nan didn’t agree.

But after this accident, he also lost a man he admired, which is enough regret.

If something happened to Su Nan, he felt that he was finished.

So now, it can only be guaranteed that one is one!

He ran out of the hotel just now and threw Su Nan inside, completely out of subconscious self-protection.

In that case, they naturally want to save their own lives.

But he is not a bad person, watching the people outside scream in horror.

He was not indifferent either, and immediately got involved in helping to rescue others.

Just when he got here, he saw that the rock broke, and all four people, including Shang Qian, fell off.

He couldn’t even run over.

The thrill of that moment, he didn’t even dare to think about it.

I’m afraid it’s bad luck.

“Patience and patience, where does patience come from? You recommended us to come here, Mr. Chung, why would you recommend this kind of place? If we didn’t come, this kind of thing would never happen!”

Su Nan’s voice carried Crying, screaming hoarsely.

Chunyu stood there unspeakably, with a face of embarrassment and guilt.

But there was nothing he could do.

Natural and man-made disasters, who could have imagined it?

Su Nan cried so hard, she pushed Chunyu away, and ran to the edge of the cliff to see.

Bottom is bottomless, mist shrouded halfway up the mountain, looking down, the white and gray, the green feeling seems to be enveloped in a layer of darkness, bleak and indifferent.

Like a giant beast swallowed in one bite, no one refuses.

Her eyes were dark, and her whole body was so tense that there would be trees a few kilometers down, and she couldn't see any figures and vitality at all.

That despair instantly filled her body.

She couldn't wait to dive in.

If you fall, will you be able to find Shang Qian?

Once this kind of thought arises, she can't control herself.

In a trance, her chest was dull as if there was some magic sound lingering in her ears, and the sad howl was accompanied by the cry for help, and she felt desperate.

Chunyu was pulling her all the way, and he didn't dare to let go.

But Su Nan really wanted to go down and have a look. Was he scared at that time?

They didn't even have time to say goodbye.

If it wasn't for Chunyu, they could go back to the hotel together, because Shang Qian didn't want to see him.

Left and right, she felt that she hated this person.

"Mummy, Mommy..." The

children's voices came from far and near.

Perhaps because of the blood connection, she could clearly identify the voice of the talk in the crowd.

She was shocked and turned her head sharply.

Seeing that the child was not far away, watching her reach out and cry, as if realizing something bad, she stretched out her hand and wanted her to hug.

Su Nan's heart seemed to be stirred by a sharp vessel. The pain was dripping with blood, and he couldn't move at all, but it penetrated deep into the bone marrow.

She was gradually pulled away from the cliff by Chunyu.

Tears blurred to look at and said that the child threw himself into his arms.

In an instant, the feeling of softness instantly replaced the darkness of despair.

She gently hugged the young body that she talked about and cried softly.

what is she doing?

Jumping down in front of her face will leave a shadow in her heart for a lifetime.

That feeling is so cruel.

But losing Shang Qian, the huge grief couldn't be restrained at all, it gurgled out like a spring.

"Look, the rescue plane is here..."

"We are saved..."

"Come and save us, my husband is still inside, and my child is missing..." ..."

"Help, let me die!"

... There was

a commotion in my ears.

However, Su Nan felt that the darkness in front of him was dark.

The huge change and pain in her heart made her unable to hold on any longer, and the next second, she fell to the ground...

Chapter 2187

He died

"Mr. Su..."

"Mrs..."

"Mummy..."

Countless voices rang in my ears, booming Long.

As if separated by a layer of windows, voices and voices lingered in my ears.

But Su Nan fell into a coma because of the great grief.

She wanted to be strong and face everything.

But she dared not.

She was afraid that it was true, that something had happened to Shang Qian.

Then her life will lose its color forever.

I don't know how long it took.

The voice finally quieted down.

She seemed to fall into a deep sleep.

Going to climb a mountain is like a dream, exciting and thrilling.

Not so many dead and screaming, not shaking the ground and the thick fog that can't be seen.

...

in the dark.

There are doctors coming in and out.

The man stood in front of the window with a straight posture, looking at the thick night outside, looking back at the woman who couldn't sleep well here, suddenly frowned slightly, a little worried.

He walked over and sat down, looking at Su Nan's face patiently and meticulously, inch by inch, they were all familiar.

Both greedy and unwilling, but forbearance.

Who says love is letting go?

Who said time is the cure for everything?

It's not good for him to be separated for so long, even if he tries his best to use his work to numb himself, even if he tells himself that there are dangers around him, it will be dangerous for Su Nan to come back to him, and he shouldn't be so selfish.

But whenever he was free, he couldn't help but think about it.

Her mind is all about her.

It was not easy, he persuaded himself, forget it, she is happy, even if he looks at her from a distance all his life, he should be more magnanimous.

This was all he could give her, and what she wanted most.

He should respect her.

He could only look at her secretly when she was in a coma.

Don't dare to be fair.

Someone outside pushed the door in and spoke softly, as if afraid of disturbing the people inside.

"Sir, Miss is awake."

"Understood." The

man stood up in a hoarse voice and walked out.

Su Nan lay there, frowning tightly.

Although I couldn't hear it clearly, could it be Shang Qian who was talking just now?

He's not dead, he really isn't dead!

Joy suddenly flooded into my heart.

Su Nan was in a coma, struggling hard, trying to wake up from his dream.

Fu Yechuan quietly went to the next room.

Looking at the little girl sitting on the pink princess bed, she was soft and waxy, and her beauty was carved out of the same mold as Su Nan.

When you look at it, you feel that the world is as beautiful as bubbles.

She blinked her big eyes and looked at the uncle who suddenly appeared, pursing her lips:

“Who are you?”

Fu Yechuan’s facial features softened, he knelt gently before the bed, and looked at her with a smile:

“We’ve met, let’s talk about children, when you were young, in the club, you bumped into me, and you still Do you remember?” The

little boy frowned, recalling his short life with difficulty, and finally shook his head:

“I don’t remember.”

Fu Yechuan smiled, and the more he looked at it, the more he liked it.

Talking about the children’s frowns and smiles makes people feel weird, and no one doesn’t like such little girls.

He said softly:

“It’s okay, it doesn’t matter if you don’t remember, you were too young at the time, you will remember it later, I am your mommy’s good friend.”

He said that the child questioned him seriously:

“But my mommy never I didn’t mention you, neither did my father, if you were her good friend, why would you never come to our house to play?”

Fu Yechuan’s face stiffened and he smiled:

“Because my uncle was very busy before and was abroad.”

Said Said the child was obviously not interested in his business.

She looked around at the unfamiliar environment, and then her grandmother said,

“Where’s Daddy and Mommy? And

Xiaoyuer?” Fu Yechuan pursed his lips, looked at her seriously and said,

“Your good friend has been taken by her. The two assistants took him away, but he was fine.

Your mom passed out and had to rest here. I thought you should be with your mom, so I brought you here, what do you think?

"The child really couldn't understand his twists and turns, and pursed his lips, a little anxious:

"I'm going to see my mommy."

As she spoke, she wanted to slip off the bed.

In the end, Fu Yechuan blocked her:

"She hasn't woken up yet, so she can't be disturbed. If you need anything, you can ask the maid for it."

"I want Daddy!" The

little boy said simply.

Fu Yechuan's face tightened, and his eyes flashed with unexplained emotions:

"Your daddy won't come back, he's already dead."

Said the little girl blinked, she still didn't understand what it meant to be dead.

She rolled her eyes and wanted to find Mommy in her heart.

I don't want to talk to this weird uncle anymore.

She thought, curled her lips, and lifted the quilt up:

"I'm going to bed..."

Fu Yechuan nodded: "Go to sleep."

He didn't expect this kid to be so good-natured, he was really sensible.

I'm afraid I'll cry secretly in bed.

What a pity.

But it's not pitiful. Shang Qian is dead, but there is still him. He is willing to be kind to their mother and daughter.

Fu Yechuan just stood up and left the room.

Talking about the little boy's butt, he slid down and fell firmly on the ground.

She ran out carefully, without shoes, so naturally there was no sound.

Seeing Fu Yechuan enter the next room, she took the lead to get in through the crack of the door.

"Mommy..."

she shouted loudly.

Fu Yechuan looked at her in shock, stretched out his hand to catch it, and his hand was empty.

Didn't get it.

Like a loach, she couldn't catch it.

But at this time, Su Nan on the bed suddenly woke up because of this sentence.

She sat up abruptly, her face pale and gasping for breath.

The lights were not turned on in the room, she followed the direction of the door, and vaguely saw only the figure of a man standing there.

She moved in her heart and wanted to go on excitedly:

“Shang Qian...”

Tears welled up in her eyes in an instant.

But the next second.

light is on.

Looking at that man, he was not the person she thought at all.

Tears were swallowed back, a bit of shock and disappointment.

Fu Yechuan stood there, looking at her with complicated eyes.

He stood tall, wore black clothes and black pants, and was dignified and indifferent.

He still looks handsome and unapproachable, but at this moment, he has deliberately softened himself.

It seems to be deliberately imitating the temperament and habits of another person.

He walked over, looked at and said that the child climbed onto the bed with difficulty and threw himself into Su Nan’s arms.

“Mummy...”

Su Nan held back the tears, and gently touched the back of the talking child to soothe her panic.

She was extremely distressed.

The room was silent for a moment.

She raised her head again and looked at him:

“Why is Mr. Fu here? Where is this place? Where is Shang Qian?”

Chapter 2188

Test Results

Su Nan looked directly at him.

Her voice was low and calm.

Can’t see any panic.

If it weren’t for the pallor that remained on her face, she wouldn’t be able to see that she lost her composure because of a man in her sleep.

Even though he felt a little uncomfortable feeling in his heart, Fu Yechuan concealed it very well.

He walked in casually, walked to the chair next to him and sat down.

“Are you alright, is there any discomfort in your body, shall I ask the doctor to check you again?”

He took out his mobile phone and wanted to call the doctor’s number.

The result was interrupted by the impatient Su Nan.

“Fu Yechuan, what’s going on? Did I dream of the earthquake? Where is Shang Qian?”

Why didn’t he come?

The grief surging through her heart made her reluctant to think in the worst direction.

Fu Yechuan looked at her, The tone of voice was very low:

“It’s not a dream, my helicopter passed there and received a distress signal, I saw you fainted and brought you back.

The other child followed your two assistants back, and I asked him to stay with you.

This is my property not far from the earthquake area. The hospital was overcrowded. Although the rescue team had already arrived behind me, I was afraid of making a mess in my busy schedule, so I took the lead in making the decision to keep you all.

His tone was very calm.

Su Nan choked, his eyes turned red. “

So you don’t know Shang Qian’s life or death at all?” “

Naturally.

She wouldn’t expect Fu Yechuan to be kind to save Shang Qian.

Fu Yechuan paused:

“He is dead, and there is almost no hope of surviving. You know that falling from a place of several kilometers, without equipment, the chance of survival is almost zero.”

“I don’t believe it...”

Su Nan gritted his teeth.

Fu Yechuan was silent for a few seconds, then sighed:

“The body parts of two of them have been found, and they are not even complete corpses.

The searchers also found four blood samples for testing, and the DNA test results were dropped. In order to reduce panic, the relevant departments did not let relatives recognize their relatives in the past, but they have released the results and test certificates.

One of the blood test results is the identity of Shang Qian.

The body parts of Shang Qian and another person are estimated to be the same. It will be announced soon.”

His words pierced her chest like a knife.

The pain was speechless, and she was filled with despair, making her whole body icy cold.

She didn't want to believe it at all, didn't want to believe it.

Like a thunderbolt, it struck her head at once.

Su Nan shook her head in panic, with a face that looked like she had suffered a huge blow:

“I don't believe it, I don't believe it...”

She covered her ears and started crying.

Talking about the child watching her cry, she hugged Su Nan in distress, and slapped her carefully.

Just like Shang Qian and Su Nan coaxed her before, she also learned to coax Su Nan decently.

Su Nan held her in her arms, trembling and chilling, and the repression of crying was silent.

That kind of heartbreak and despair is really out of control.

Looking at Su Nan like this, Fu Yechuan's eyes flashed a bit of distress.

He wanted to comfort her, but he held back.

He was afraid that Su Nan would think he was taking advantage of others' danger.

Although he really wanted to do this, he knew that he couldn't be in a hurry.

Especially under the premise that she is full of eyes with another man now.

The air in the room was sad and hopeless.

After a while.

Talking about the children can't help but want to cry.

She was dragging Su Nan's clothes, and when she was still thinking about whether to cry, she suddenly thought of something.

In the mentality of seeking knowledge, she said directly:

“Mummy, this uncle said that my daddy died, what does it mean to die? Where is the death?”

Fu Yechuan's face darkened in an instant.

next second.

Su Nan suddenly raised his head and glared at him fiercely, his face turned cold.

That kind of look, I can't wait to cut him with a knife!

Fu Yechuan knew that he was right, but he didn't expect this talk to be so thoughtless!

The child he had the most contact with on weekdays was Fu Yunche, and Fu Yunche's comprehension ability could completely catch up with him.

He thought all children were like that.

But how does this talk resemble some of Shang Qian's habits?

Su Nan didn't rush to answer what he said, but said to Fu Yechuan in a cold tone:

"Mr. Fu, I think it's too cruel for you to speak to a child who doesn't understand anything, you need to meddle in your own business. Is it?"

Fu Yechuan pursed his lips.

Wanting to defend himself, he opened his mouth, looked at her face, and closed his mouth.

never mind.

It was his fault.

He lowered his eyes and said,

"You have a good rest."

He stood up and was about to leave when he suddenly remembered something:

"My helicopter was lent to the above for rescue use, and I won't be able to get it back for a while. This is the earthquake zone. The traffic control is tight for now, so you have to stay here for a while."

After he finished speaking, he walked out and closed the door.

He breathed a sigh of relief and relieved his inexplicable guilty and nervous mood.

Those expensive helicopters were sent out by him on his own initiative. Not only that, he also donated money and materials to actively help the affected people.

He wanted to use these actions to prove that he was different from before, and he didn't do it to detain her.

There must be some high-sounding reason to cover up his ulterior motives, right?

As soon as he goes out.

Su Nan's face sank.

She touched the child's face and pursed her lips:

"Dead means becoming a star to accompany you, but Mummy doesn't believe that if Daddy leaves us, Mummy will find Daddy.

" The little boy nodded:

"I don't believe it when you talk about the eldest baby. Daddy said he loves us the most!"

Su Nan nodded, and the crystal tears were suppressed in his eyes.

She can't lose her temper in front of talking.

Before everything was settled, she firmly believed that he would come back.

Su Nan took a deep breath and got off the bed, but the moment she stood up, her eyes turned black.

It may have been excessive grief that made her weak.

Glancing at it, his phone disappeared.

She slowed down, the feeling of dizziness lessened, and then she opened the door and went out.

Talk about a child following closely behind.

In the living room, Fu Yechuan told the servant what to eat to make up for her. Hearing the movement, he frowned slightly:

"Why did you come out?"

Su Nan stretched out his hand: "Where's my cell phone?"

Fu Yechuan After being silent, he turned around and picked up the phone from the table in the living room.

When Su Nan saw it, the screen was torn apart, and he couldn't even turn it on.

Fu Yechuan explained:

"It just fell off you, if you want a new one, I can have someone buy it for you, but because of the earthquake, the base station was destroyed, and there was no signal for a while, and the landline couldn't be called. Go out, the whole city is temporarily paralyzed."

Chapter 2189

I went to him

Su Nan and frowned, looking in disbelief.

How can it be so coincidental?

She subconsciously looked at the servant next to her.

The servant also nodded in agreement:

"Miss Su, it's true, it's the safest to stay here now, this house has an earthquake-proof function, even if there is an earthquake, it won't hit anyone here, if you want to contact The outside world, I'm afraid we have to wait for tomorrow or later."

Su Nan heard this, and his heart was half cold.

She can wait, but can Shang Qian wait?

Every minute is life, she doesn't want to waste it here!

What if Shang Qian was waiting for rescue somewhere?

She must get out of here immediately to find someone to save him!

Su Nan's complexion turned pale every inch.

Her fists were clenched tightly, and her whole body was tense.

But I can't get in touch with anyone, what should I do?

Sitting still?

She raised her eyelids, looked at Fu Yechuan, and pursed her lips:

"Can you do me a favor?"

"Tell me."

Fu Yechuan's heart sank, although he knew that it would not be good for him to help him.

But this was the first time Su Nan had begged him.

He didn't want to refuse.

"Give me a few people, or set up a search and rescue team to find someone under the cliff."

Fu Yechuan frowned in disapproval, his face gloomy:

"You should know that there is almost no hope of falling from above..."

"I know, I know everything, but I don't want to believe it. You need to see people in life, and you need to see corpses in death. A few drops of blood test reports are nothing. In case he was injured nearby, it happened to bleed.

Maybe, Are people still alive?"

Seeing that Su Nan's tears were about to burst into her eyes, she was almost in a state of self-deception, she seemed to fall into paranoia.

Fu Yechuan felt that his chest was suffocated, and he tugged hard.

He was distressed to death.

"Okay, I'll ask someone to find it."

Fu Yechuan took a deep breath. Anyway, he knew that it was almost impossible to survive.

Be kind to a dead man, what's that?

He thought so, mocking himself inwardly.

Su Nan pursed his lips:

"I'm going too."

Fu Yechuan: "No, you have to be healthy..."

“I’m nothing, he is the most important, I must go.”

Su Nan said firmly Seriously speaking, there is no room for negotiation.

Fu Yechuan looked at her and compromised again.

He looked down at the little thing standing beside Su Nan’s leg:

“What about her?”

Su Nan touched her hair, “She stays, please take care of her.”

Her heart was complicated and tangled.

In front of talking about children, she can’t show any vulnerability and sadness.

Because in this unfamiliar environment, she has only herself.

Fu Yechuan nodded and glanced at the servant.

The servant nodded with a smile, and went over to hold the child’s hand and said:

“My dear, come and play with me, there are a lot of toys here...”

Said that the child looked at Su Nan reluctantly, as if he wanted to go with her.

Su Nan smiled:

“Tell me, let’s take a nap, baby, and then you can see Mommy after a good night’s sleep.”

Said pursed his lips, and nodded resignedly.

Daddy said that when he is away, you can’t cry and make trouble, otherwise Mommy will be anxious and sad.

She did it all.

In this strange place, she has always been brave.

She took two steps, ran back, hugged Su Nan’s leg and acted coquettishly:

“Mommy has to tell Daddy that the baby is good, and let him reward me!”

Su Nan nodded, her voice choked:

” Well, if Mommy sees Daddy, let him know.”

Talking about the little boy showing his baby teeth, he smiled and bravely followed the servant.

Fu Yechuan looked at the kid’s back jumping.

I don’t know why, but I felt a bit of a sour feeling in my heart.

How nice would it be if he also had such a well-behaved and clever daughter?

In front of him, Fu Yunche was like a mouse.

Whether he speaks or not, he is scared to death.

They are a father and son, not like a father and son.

Like an enemy.

Fu Yechuan withdrew his gaze and followed Su Nan.

Even in a different place, Fu Yechuan's power should not be underestimated. He was just a phone call, and a team of more than 100 people quickly assembled, claiming to be a voluntary organization to rescue the affected people.

So many departments provide convenience and convenience.

This greatly facilitates their search.

Fu Yechuan's helicopter was useless here, but he found a lot of drones.

Drone search is more convenient and fast.

It's just that the scene was unimaginably tragic.

Within the range of the two people had been searched, the smell of blood permeated the air, which could not be dissipated for a long time.

Clothes and fabrics were stuck in the mud, branches were broken around, and tall trees were cut off as a result.

Even on the ground, there was a cracked gap, which looked thrilling, as if the ground had shaken before, and there was no place to avoid it.

Just looking at it is suffocating.

The search and rescue personnel, armed with equipment and masks, silently began to search inch by inch.

The dozens of drones in front were searching all over the mountains and fields.

When Su Nan arrived, they had already started, and even at night, the lights were bright.

It's just that in this light, there is no warmth at all, and it only makes people feel cold and dead.

When she got out of the car, Fu Yechuan followed.

The person who took the lead hurried up to meet him:

"Mr. Fu, Miss Su, the drone is currently searching a large area, mainly the range and trees that can be reached when it falls from the mountain, but there is no clue yet."

Fu Yechuan nodded. He nodded, glanced at Su Nan, and said in a slow voice,

"Go on."

This time, he was really trying to find Shang Qian and his rival in love.

It was already a corpse anyway, and he didn't care whether he could find it or not.

If he can find a better one and make Su Nan give up, he will have a chance.

It's just his dark thoughts that he can't say at this time.

He took a heavy look at the scene in front of him, everyone had lights on their bodies, and the lights were shaking, which made it difficult enough for search and rescue.

In fact, the night is not conducive to finding, but Su Nan still has a glimmer of hope, and fights for a moment's opportunity.

But how could it be so easy to grab someone from the god of death?

Fu Yechuan already knew what he knew, but when he was doing these things with her, there was a kind of villain's heart.

Su Nan rolled up his sleeves and planned to go in with a flashlight, but Fu Yechuan grabbed him and said,

"What are you doing in here?"

"I'm going to find someone, and one more person will give you more strength."

Fu Yechuan suddenly had a big head:

"What can you find, there are so many people here, it's enough!"

"Not enough, my keenness and observation skills are better than theirs, I have to go in by myself."

Su Nan looked solemn and looked at him:

"Mr. Fu, I am surprised that you can help me so much, but I am also very grateful. I will remember your kindness. When I find Shang Qian and get through this difficulty, we will try to repay you.

But Now, you'd better not dissuade me, I have decided."

Fu Yechuan saved her, but it didn't mean you could control her.

in the dark.

Fu Yechuan's face froze, his eyes became deeper and darker, and he couldn't see any emotion at all.

"Su Nan, objectively speaking, you are a woman, and your physical strength and stamina are not as good as those of the people here. If aftershocks come and you go out and have an accident, we have to assign people to take care of you. Do you think this is not the time to delay saving people? ?" The

light was dim, and Su Nan's mind had already flown out.

So she didn't notice the worry and nervousness flashing in Fu Yechuan's eyes at this time.

Su Nan was silent for a few seconds, and seemed to be looking in a certain direction in the distance.

Just when Fu Yechuan thought she had compromised, he heard her voice and said in a long, “That’s right, there’s no need to save it.”

Fu Yechuan’s heart seemed to be twisted hard, and it hurt to death.

Does she like that Shang Qian so much?

That feeling is really suffocating.

He was really powerless.

Just when the two were at a standoff.

The person on the side said,

“Since Miss Su wants to go, let’s go, but you can’t run around, or you will really be distracted to take care of you. You can follow the search and rescue personnel, and you can also participate in the rescue.”

Su Nan nodded.

Then she strode forward.

Fu Yechuan looked at the man with cold eyes.

The man paused and lowered his tone:

“Mr. Fu, I have encountered many situations. It is rare for family members to remain so awake and calm. If you don’t let Miss Su come over in person, she will not be able to sleep well for days and nights . Let her go, she will sleep soundly when she is tired, and everything will be over by then.”

Fu Yechuan felt his throat dry and uncomfortable.

He took the flashlight from his hand:

“I’ll just follow her, you can do your own thing.”

“Yes, Mr. Fu.”

Fu Yechuan paused, then raised his heels directly.

Su Nan followed the search and rescue team in front and watched him digging soil around the crack with a hoe.

She was a little puzzled.

The search and rescue team explained:

“During an earthquake, people may be caught in the cracks, so they can’t be found on the ground. I will plan to see if there is any clothing or the like.”

Su Nan’s face turned pale and nodded. .

Her flashlight reflected her face, and her face was bloodless.

She continued to walk forward, listening to the people in front of them carrying a large tree with a thick diameter.

“It’s really miserable. I heard that when I found those two people in the afternoon, they were all bloody blurred, and their facial features could not be seen. Their arms and legs fell tens of meters apart.”

“No, I heard that they fell on the ground first. On the stone halfway up the mountain, I let the stone hit it hard, and half of my head was lost on the spot.”

“Hey, there are still two people who haven’t been found, I hope they can leave a whole body!”

“Poor, it’s been so many years. I’ve encountered such a thing before!”

...

Su Nan’s figure swayed, and when he was about to fall, the man behind him supported him.

“Be careful.”

Hearing Fu Yechuan’s voice, Su Nan suddenly became much more awake, and the feeling of suffocation in his heart just now eased a lot.

“Thank you.”

Fu Yechuan released his hand in time:

“You’re welcome, since you don’t believe it, look for it.”

Su Nan swallowed and nodded, “Thank you.”

She thanked him again for his help.

If it wasn’t for Fu Yechuan, it would take a lot of trouble for her to find the people of the Su family.

Fu Yechuan shot without saying a word, which was unexpected.

The sky gradually dimmed.

They could still vaguely hear the deafening cries above, which were deep feelings for their relatives who had passed away suddenly.

Who would have thought that a natural disaster would suddenly come?

This night is destined to be extraordinary.

Su Nan walked forward with a flashlight.

Fu Yechuan followed silently beside her, blocking many branches for her.

Everyone’s team walked forward, and suddenly heard someone shouting:

“There is someone here...”

Su Nan could feel her heart beating violently at this moment.

She jerked her legs and ran in the direction of the conversation.

Everyone rushed over to help.

The wind in the ear was cold, with a bit of icy coldness.

She felt very quiet.

Want nothing.

Everyone surrounded the place, waiting for the most professional people to come and rescue.

“It’s close to the canyon, and the river is under the canyon. Fortunately, he didn’t fall into the river, otherwise it would be all over!”

“Really, it’s a miracle!”

“Is this the person Miss Su and President Fu are looking for? Ah?” “ I

don’t know, wait for someone to come and have a look!” Su Nan ran all the way, not caring that the soil became more and more muddy, maybe it was because it was close to the water source, and it didn’t quite match the dry place behind Same. The tide and the wind can be heard here, and it is extremely wet and cold. She pushed aside the crowd and looked at the man who was surrounded. His face was swollen like a pig’s head. It is no longer clear what it looks like. But... Su Nan’s heart sank. no. Fu Yechuan came over, glanced at it, and frowned slightly: “Really? I can’t see clearly now, let’s wait for the appraisal results.” Su Nan pursed his lips, and seemed to speak with difficulty: “It wasn’t him, he went out. At the time, it was not the clothes he was wearing.” Shang Qian’s clothes were casual clothes that she personally picked for him, with comfortable fabrics and expensive brands. The person on the ground is the most common mountaineering suit. not him. Not her Shang Qian. Su Nan felt uncomfortable, seeing hope and disappointment. When is she going to wait for him? But she suddenly paused and looked at the person on the ground: “He’s not dead yet?”

The rescuer stretched his neck and paused, his tone a bit complicated:

“It seemed that there was still breath just now, but now it’s gone...”

“His leg is gone, look...”

Someone Pointing to his lower body, from the thigh down, the trouser legs were empty and shrunk all of a sudden.

In the darkness, they couldn’t tell the difference in an instant, and the bottom was already soaked with blood.

The ambulance personnel came quickly and carried the person onto a stretcher for immediate rescue.

Su Nan seemed to be stunned.

That feeling, like a thin thread wrapped around my heart, a tight, breathless heaviness.

Her body tensed for a moment, listening to Fu Yechuan’s deep voice beside her:

“Let’s find someone.” In

a word, everyone immediately returned to their original positions and continued to search.

However, they were more energetic than before.

This is the third person to fall, and there is still a silver lining.

Maybe a fourth will be found soon.

Maybe things will get better.

Everyone continued to search with heavy steps, without any hesitation.

Su Nan has already walked to the riverside, which is located in a remote place, and because of the steep terrain, it is unobstructed.

In addition to the rapid water below, there are sharp mountains on both sides.
