Chapter 2201

hit six

Su Nan's incomprehensible teacher's attitude.

But the teacher didn't say much, and then pushed open the door of the classroom:

"Tell me about the child, you have to pick you up from Mommy." Said

turned his head in surprise, and his face was full of elation. jumped over.

"Mummy..."

Su Nan's heart softened suddenly, wishing to give all the good things in the world to his precious daughter!

She hugged and talked, and the little baby kissed her several times, and then hung it on her neck reluctantly:

"Mummy, I miss you so much!"

Su Nan felt sore in his heart, feeling a little guilty about treating her these days. too little attention.

Children have always been very sensitive, and she should be able to perceive her indifference to her.

But she didn't blame or hold revenge.

What a sweet angel!

She couldn't help but feel sorry for the little girl, she will definitely love her more for Shang Qian!

"Honey, are you sad today? Mommy and grandpa are not by your side. It should be very uncomfortable to be in an unfamiliar environment. Mommy will take good care of you!"

Even if she took her to the company also.

she thought so.

The teacher next to her coughed, and she looked at the child and smiled:

"Little Su Lin is in my office, and there are other children, tell me to go to my brother first?"

Said nodded, he was still obedient. He got off Su Nan and obediently went to the office next to him.

Su Nan was reluctant to part.

The teacher sighed and coughed:

"Miss Su, you're here just in time. I have something to tell you."

"Tell me, teacher."

Su Nan is determined to be a good mommy.

Teacher: "Today, I said that the children beat up six children and cried. Five of them were persuaded by Su Lin. They agreed to forgive and talk about it, but there was another one, the beating was so severe that we had to notify the parents of the other side. ..."

Su Nan was struck by lightning.

She stood there in shock, her expression not knowing what to do for a while.

Did she hear it right?

Beat six people?

Su Nan opened his mouth, "Is it a misunderstanding?"

"I have surveillance here." The

teacher took out the video that had been prepared a long time ago, saved it in the phone, and handed it over.

Su Nan took a breath and watched the video.

Talk about the children running all over the floor as soon as they entered the classroom.

Su Lin couldn't catch up.

And they are not a class.

Su Lin let her stay well, and then went back to the classroom by herself.

As soon as Su Lin left, she was not afraid of anything anymore. She squeezed away the female classmate who occupied her seat and kicked her again. The female classmate was thinner than her and fell to the ground crying.

Another student came up and wanted to teach him a lesson, but he was pushed down before he touched his shoulder. When he was pushed down, he also pushed three or four students next to him.

At this time, two boys came in, one was Xiao Yu'er and the other was Fu Yunche.

Fu Yunche went to help the female classmate on the ground, and Xiao Yuer thought that someone was bullying him, so he rushed up without saying a word.

As a result, Fu Yunche fought with Xiaoyuer.

Xiao Yu'er was a little younger than Fu Yunche, and he fell out of the way as soon as he got into a fight.

At this time, it was said that the little friend had started again, and she went up to Fu Yunche, her little fist and little foot were not strong, so she pushed him down and sat on top of him and beat him directly.

Xiaoyuer also rushed over, and the two of them mixed doubles.

Finally, finally the teacher came... the

end of the video.

Su Nan looked at the video in front of him in shock, and couldn't believe it for a while, that was his daughter?

Immediately, I was really impressed.

The teacher sighed and said,

"Did you let her practice taekwondo? Or would she not be so good? Everyone in the class is quite afraid of her now. Although other parents have not pursued her, it does not mean that there will be no accident next time.

I suggest you talk to the children well, don't do it lightly..." The

teacher also expressed helplessness.

Children of this age don't listen to big truths at all, and children of this kind of family are not afraid of the consequences.

It can only be guided slowly, but talking about the children's domineering has made other children scared.

Su Nan twitched the corners of his mouth, embarrassed and wished he could find a seam to get in.

"Then she was here alone just now..."

"I was afraid of scaring the other kid who was beaten. He cried for a long time." The

teacher sighed in distress.

Su Nan took a deep breath:

"Then let me tell you and apologize, we will pay for the medical expenses." The

teacher nodded: "Okay."

I just hope people can accept it.

The teacher took Su Nan to the next office.

Looking at the office, there is another person in the office.

Fu Yechuan.

She immediately understood that the one who was beaten more seriously was Fu Yunche, and his parent was naturally Fu Yechuan.

I didn't expect him to come in person.

Fu Yechuan's eyes moved slightly when he saw her.

But then the teacher came in.

Seeing Su Nan, Su Lin ran over and sighed.

"Aunt, I've tried my best to take care of my sister!"

But her sister didn't seem to need his care.

Su Nan wiped his head:

"The anger is the best." The little child pouted and snorted in dissatisfaction, and Xiao Yu'er sat next to her and snorted.

Xiao Yu'er's focus was on guarding Fu Yunche's body.

So he can't forget to stare at him anytime.

Fu Yunche sat there with a blue nose and a swollen face, feeling wronged and wanting to cry but not daring to cry.

When he saw Su Nan coming in, his eyes lit up.

His big eyes were shining, but he didn't expect that the beautiful aunt he was thinking of was coming in person!

"Ms. Su, tell me that the child is beating Fu Yunche. Oh, and Xiaoyu'er is also involved, but we can't get in touch with his parents for the time being. Look..."

Su Nan paused, "Xiaoyuer lives in our house."

"That's a better solution." The teacher smiled.

Su Nan silently looked at the two children who made mistakes but didn't know how to repent.

Su Nan walked over, looked at Fu Yunche's face, and couldn't bear it:

"Are there any other wounds? Why don't you go to the hospital?"

She raised her head and looked at Fu Yechuan, "I will pay for the medical expenses."

Fu Yechuan paused . , his eyes deepened a little:

"No, it's all skin trauma."

Su Nan pursed his lips, still worried:

"Let's go and see, do a comprehensive examination, we can all be relieved, Master Fu, you have other things. Is the place uncomfortable?"

Fu Yunche blinked and shook his head, his eyes were clear and clean, he couldn't help reaching out to pull Su Nan's hand.

Su Nan smiled.

But the next second, the little boy came running over and knocked his hand off:

"Go away, do you want to be beaten?"

Saying that the little boy conquered his arrogance completely by being cute.

When she said it, Fu Yechuan looked at her admiringly, thinking that a girl had to be so courageous.

Fu Yunche pouted and retracted his hand.

Chapter 2202

Apologizing for incompetence

Su Nan clicked his tongue, glared at him and said.

She waved at Xiaoyuer:

“Come here too, the two of you apologize to Master Fu.” She said decisively and refused: “I don’t want to apologize, I’m not wrong, he went to help the person who bullied me, and he was my enemy!”

Yu’er nodded:

“Yes, I don’t apologize either. Whoever dares to bully me is bullying me, and I will never apologize!” The teacher looked away helplessly.

She has been persuading for a long time, these two children are really insufferable.

Su Nan stood there awkwardly:

“Tell me, you...”

She knew what Xiaoyuer had heard and said, so after persuading her, it was easy for Xiaoyuer to talk.

Just talking about sitting down, she cried and pulled Su Nan’s leg:

“I don’t apologize, I want Daddy to teach him a lesson, it’s his fault, Daddy said he will protect me...”

Su Nan was shocked.

In an instant, it seemed as if he had been stabbed in a weak spot, and his heart clenched fiercely.

Her face changed slightly.

And Fu Yunche also unexpectedly walked over, trying to pull the hand of talking, but was pushed away by Xiao Yuer.

“It’s my fault if my sister doesn’t apologize,”

Fu Yunche said uncontrollably.

He didn’t really want to talk to Talking about his sister being angry, he just wanted Talking to apologize, and they became good friends.

He just needed a step, but when he talked and cried, he was at a loss.

He nervously looked at Fu Yechuan next to him.

“Daddy...”

Fu Yechuan gave him a cold look with a hint of reproach.

He didn't understand what that meant.

Su Nan hugged Shuo and glanced at Fu Yunche and the teacher:

“Wait a minute, we'll be right back.”

She hugged Shuo and left the office, went to the next classroom, put her down, and wiped her patiently.
Tears:

“Mummy didn't mean to blame you, but you can't cry, Daddy didn't teach you to cry at this time?”

Sure enough.

Said that the child was still immersed in his own crying, but stopped instantly.

Just sobbing.

She wiped away her tears.

“Mummy, I miss Daddy...”

Su Nan patted her head:

“I know, but let's solve this problem first, you hit someone, but Mommy thinks you didn't mean it, Right?”

Talking about the child nodded:

“It was that child who took my place, and I pushed her.”

Su Nan patiently continued:

“Yes, she did it wrong, but should we first Let's talk about it and reason with her?”

We can also tell the teacher, tell my brother, tell Xiaoyu'er how sad she was when you hit her, it's too late to want to apologize to you.”

Said in a low voice. head, clutching his skirt.

Her pale and tender face and her red nose made her feel aggrieved.

Su Nan also felt distressed when she saw it.

“We have to give people a chance. Let's say that he is a good and generous boy. Fu Yunche didn't do anything. You beat him so badly that he didn't say anything, so he said he couldn't apologize?

“

“He's weak, even I can't beat him, Xiaoyuer can knock him down with a fist!”

Su Nan: “...”

Don't get angry, don't get angry, it doesn't matter if you deviate from the point.

"He is weak, and we can't bully the weak, not to mention that Xiaoyuer is two of you, and the two of you bully one person. Isn't this more bullying less?" Said the

little boy with a snort:

"Dad said it. , no matter who I fight, Xiaoyuer must help me!"

Su Nan: "..."

She didn't know, when did Xiaoyuer become so obedient?

But thinking that way, I can't say that.

"Daddy is afraid that others will bully you, but we can't take the initiative to bully others. Look at the Ultraman you like, who is two of them fighting one?"

Talking about the child, he will understand.

She clenched her small fists and gritted her teeth:

"Mummy, I'm going to apologize."

Su Nan didn't expect that she would suddenly become so happy.

The mentality hasn't had time to adjust yet!

"Okay, okay!"

Said that the child ran out of the room and went to the next door.

She looked at Fu Yunche, but there was not much sincerity on her face:

"I'm sorry."

Fu Yunche was pleasantly surprised, "Tell me about my sister, it doesn't matter."

Just as he was about to take her hand, he turned around and greeted Xiaoyuer:

"Come and apologize!"

Xiaoyuer reluctantly walked over:

"I'm sorry."

"It's okay."

Fu Yunche blinked.

Fu Yechuan frowned, a little puzzled.

Talk about the child looking at the teacher:

"Teacher, is it okay now? Mommy said she will compensate." The

teacher nodded: "Okay, talk about the child is really a good child!"

Talk about the child turning around and running, Xiaoyu Son also chased after.

Su Nan came in and blocked the door, "Wait a minute before leaving."

She looked at Fu Yunche:

"Go to the hospital first, and settle this matter."

Fu Yunche shook his head:

"It's okay, Auntie, my pain is hurting."

Fu Yechuan stood Get up:

"Su Nan, let's have a meal together and give the children a chance to reconcile."

He said meaningfully.

Su Nan frowned, it was her side who was at fault, and she didn't know what to do.

Just eat, she is reluctant.

"Sorry, I really don't have time. Since you don't go now, I'll ask my assistant to tell you about the compensation."

Then, she took the child's arm and wouldn't let her run around.

"Xiaoyuer, go and call my brother, we're going back."

Xiaoyuer nodded obediently, then he went to the reading room next door and called Su Lin out to go out.

Fu Yechuan pushed Fu Yunche.

Fu Yunche walked over and tugged at the corner of Su Nan's shirt:

"Auntie, please treat me to a meal, and treat it as compensation for the medical expenses."

Su Nan looked at Fu Yunche who was beaten so pitifully, and the words of refusal stayed on his lips. , can't speak.

Said the little friend blinked:

"Okay, let's go eat, I'm going to eat KFC!"

Xiaoyuer jumped up happily:

"I want to eat too, it's great!"

Su Nan: "... ."

Did she agree?

The teacher also echoed next to him:

“Go, go, children don’t hold grudges, and things that can be solved by a meal, they will not fight casually in the future.”

Su Nan: “That’s fine.”

Anyway, a meal Just rice.

But she always felt that Fu Yechuan seemed to have some purpose.

Can’t tell.

She now refuses to approach him.

Just couldn’t bear to refuse the request of the two children.

Only Su Lin stood on the same line with her:

“Children eat so much junk food, it’s not good for health.”

Talk to the children: “Then don’t eat it.”

Su Lin was silent: “It’s okay to eat once in a while. .”

Su Nan laughed:

“Okay, get in the car.”

She called Su Jin directly.

Su Jin answered the phone:

“Don’t forget to come back to work overtime.”

Su Nan: “Hang it up, brother, I made a mistake.”

Chapter 2203

A Happy Day

Su Nan decisively hung up the phone.

I’d rather not make this call myself!

Chang Li was a little surprised when he saw Fu Yechuan also following.

But what was even more surprising was that Fu Yunche got into the Su family’s car.

Fortunately, Fu Yechuan didn’t come up, otherwise the people in this car would be really embarrassed and don’t know what to call them.

But think about it, the uncle is gone, and Fu Yechuan’s chance has come.

So of course he will find a chance to get close to Su Nan.

Also excusable.

It's a pity... Even he can see the purpose, Su Nan can't see it?

"Go to KFC."

"Okay." In the

car.

Talk about the children chatting with Xiaoyuer and saying things that others don't understand.

The reason why she didn't understand was that Su Nan really didn't understand, and Su Lin covered her ears and didn't want to understand.

Fu Yunche, wanted to understand but had no chance to understand.

Complicated and twisted!

Originally thought that Fu Yechuan would not come with them.

As a result, when it came to KFC, he actually waited there one step ahead.

And, it's cleared up.

It was supposed to be busy, but there were no other customers in the store.

Su Nan was shocked for a moment, and said that the child ran in without knowing anything:

"Mummy, I want to go shopping..." There

is a shopping mall behind KFC, as soon as you go out the back door.

Su Nan paused, "Let's eat first."

Say the child nodded.

Su Nan took Su Lin to order food, and said that the children, Xiao Yu'er and Fu Yunche were playing below.

Fu Yechuan made a phone call outside and came in.

He looked at Su Nan's back, and a smile appeared on the corner of his mouth.

Immediately, he watched Shuo and Xiaoyuer lying in front of the glass window, looking at the store where the figures were sold, very obsessed.

With a move in his heart, he walked over and said,

"Do you want it?"

Said that the child nodded honestly.

Fu Yechuan's eyes were full of gentleness, and he said generously:

"Go pick it up, what do you want uncle to invite you."

After a pause, his big eyes flashed, and he shook his head:

“Daddy will send me.”

Fu Yechuan was silent . After a few seconds, he said,

“Uncle gave it to you for Fu Yunche. He told us today that he is unhappy. It’s his fault. You can choose!”

Said nodded and happily pulled Xiao Yu’er. went.

The people inside naturally welcome the well-dressed young masters and girls like them.

“Welcome!”

Said that the child took the newly released Ultraman figure and happily took it out.

Xiaoyuer also took another set of figures that he liked.

Just when Fu Yechuan took out his card and planned to swipe it.

Talking about the child took out a black card from his pocket, looked at the waiter in a milky voice and said,

“Sister, swipe the card.” The

waiter was shocked for a moment, then looked at Fu Yechuan again.

“This card...” said the

child: “It’s the supplementary card my father gave me. She said that this card can be used to buy all the good things.”

Fu Yechuan naturally recognized this card because he There is also one.

This Shang Qian is really affecting them all the time when he dies.

He was stunned and took it back:

“Use mine, talk about it, it’s the uncle who invited you.”

Talking about the little boy shaking his head:

“My father said that the boys who take the initiative to spend money on me are not good people!”

So She and Xiaoyuer went out to play, and she took the money.

Xiaoyuer just needs to help her carry her bags!

Fu Yechuan: “...”

Su Nan looked and said and disappeared in a blink of an eye, so he came out to take a look.

It happened that Fu Yechuan pushed the door and left.

She paused, looked at the talk and urged the waiter to swipe the card quickly.

Xiaoyu’er also looked at her nervously.

But the things they both take are not cheap. If there is no guardian, their waiter cannot swipe the card.

Just as Su Nan came in, he said that the children would greet him:

“Mummy!”

Su Nan paused, and suddenly understood after seeing all this: “I see, you don’t really want to eat KFC, do you want to go shopping

?”

The child pouted strangely:

“Mummy, I want to see if Daddy is hiding in Ultraman!”

Su Nan rolled her eyes, she couldn’t believe anything she said.

This daughter, every time she is moved by sadness, she will be speechless.

“Tell me about the little ones, I think you’re thinking a little too much.” The

waiter was still standing there politely, but Su Nan was helpless:

“I’ll let Uncle Chang Li come in and get it for you, and you can pick two more for Master Fu and brother. Right!”

Said nodding in surprise.

As long as you can take it for yourself, it doesn’t matter who you give it to.

After paying, Su Nan looked at the familiar card and couldn’t help but feel sour.

She also had one from him.

Shang Qian actually gave her a card without telling her.

I really can’t bear to have his daughter suffer a little bit!

Going back with the gift, Fu Yunche was extremely happy.

Although he is not interested in Ultraman.

But as long as he talked about the gift from his sister, he could not wait to offer it up as a treasure.

Xiao Yu’er was very disdainful of his unpromising appearance.

But this meal was quite enjoyable.

It’s just that Fu Yechuan was not happy, and when he went to pay, did he know that Su Nan had already paid.

It was not his turn to send gifts, and he did not need to settle accounts.

She really figured everything out.

I don’t want to have anything to do with him at all!

When leaving, Su Nan was on the phone with Yu Lou.

Fu Yunche still wanted to say goodbye.

But Xiao Yu'er urged him to go home with a displeased face.

Said that the children also wanted to go back to play games, so they directly waved and got in the car.

Fu Yunche reluctantly followed a few steps:

"Tell me about my sister..."

Talk about the child who just put on his child seat belt and look down at him.

Fu Yunche looked at her nervously and blinked:

"Tell me about my sister, will we be good friends in the future? Can I go to your house to play with you in the future?"

Su Lin was his best friend. His mother is his favorite auntie, and his sister is his favorite sister.

They had everything he envied in their home.

For a child who doesn't get any warmth, that's a fatal attraction.

Especially in this meal, when he saw his daddy, his attitude towards talking was a warm and warm one.

He had never seen Daddy's smile.

He would only indifferently tell him not to worry about anything, and would only tell him to find a servant if he had something to do.

They don't even eat at one table for a month.

But today he was injured in school, and the person who came over turned out to be Fu Yechuan himself.

Seems like a surprise.

Today is the happiest day of his life!

After that, if he and Talking can become good friends.

Will Daddy treat him better in the future?

Fu Yunche looked at her excitedly.

The little fish on the side stuck his head out and blinked:

"Fu Yunche, do you admit that when you were celebrating your birthday, you deliberately pushed her into the water?"

He really didn't forget that scene until he died.

Said that the children had long forgotten about this, and looked at them with big eyes in confusion.

Chapter 2204

Making Money with Life

Xiao Yuer's sudden sentence made Fu Yunche stunned on the spot.

With a nervous expression on his face, with a hint of unease in his eyes, he looked at his sister.

Although he is young, he remembers the past clearly enough.

Because everything is not so pleasant.

He was carried away by fate, and he had no strength to resist.

During the process, no one paid attention to his emotions.

Unforgettable birthday party that day, talk about being pushed into the water.

He will always remember what role his mother played in it, and what role he was.

It's better than ignoring his daddy who doesn't like him, rather than using him to hurt other people's mummy.

At least he didn't force him to do things he didn't like.

He just doesn't like himself.

Fu Yunche stood there, his face full of embarrassment.

The unhappy memories of the past crowded up.

He clenched his palms nervously and remained silent.

Xiao Yu'er's white and tender little face showed a bit of disdain.

To them, Fu Yunche's silence showed his guilty conscience.

They don't want to be friends with Fu Yunche!

After Su Nan finished the phone call, she went back and saw that the door had not been closed, so she went directly to the car door and closed it.

Then he turned to look at Fu Yunche and smiled:

"Master Fu, goodbye."

Fu Yunche smiled uncomfortably, and then waved his hand.

Su Nan stood up straight, looked at Fu Yechuan not far away, and nodded:

"Goodbye President Fu, if he goes to the hospital for a checkup, he can contact my assistant to accompany him."

She didn't want this matter to continue to be entangled.

Fu Yechuan nodded:

"Walk slowly, no delivery."

His voice was hoarse. In fact, he still had a lot of follow-up activities, but listening to her call, it seemed that he had to go back to the company.

Not what he expected.

Su Nan doesn't seem to be hurt in any way because of Shang Qian's affairs.

She is still so bright and bright, never withered.

But this is very wrong.

She is so strong, how could he take advantage of it?

Su Nan asked Chang Li to send her back to the Su Group, and then sent the children back to the old house.

A few children were chatting at first, but soon fell asleep.

Even when Su Nan got out of the car, they didn't wake up.

into the company.

Su Nan saw that some departments were working overtime, and she couldn't bear it, so she asked Yu Lou to order supper and drinks for everyone, and went back to the office by herself.

Su Jin really didn't joke with her.

The job he left her was complicated and heavy.

In the past, he was afraid of tiring Su Nan, so he drove out by himself.

This time I'm afraid I want to take this opportunity to let him relax for a few days.

two hours later.

Su Nan was so tired that he couldn't lift his head up.

Really tired and sleepy.

It was quiet in the office.

Yu Lou worked overtime with her on the sofa, because he felt bored and scared outside, so he had the cheek to stay.

Su Nan saw that there was still more than half of it, sighed, and pinched her neck:

"Assistant Yu, do you think my brother is still in the office?"

Yu Lou paused, turned his head and said to him,

"Mr. I just got off work and left at five o'clock in the afternoon."

Su Nan's heart was broken.

No way!

Yu Lou smiled: "He said, you have to finish this before you can go home."

Su Nan was silent, and suddenly felt an unprecedented sense of exhaustion.

She really wanted a good night's sleep.

I haven't had a good night's sleep for several days, and as soon as this feeling comes up, I feel a little overwhelmed.

"My brother is still too worried about me, so he made me do so much. Is it to remind me that making money is not easy, so I have to use my life to make money?"

She comforted herself so much and let Yu Lou hear it clearly. .

He twitched the corners of his mouth:

"No, Mr. Su, it's because Mrs. Su's belly is getting bigger, and her pregnancy reaction has been a bit serious in the past few months. She says she always vomits and loses her temper. When she was pregnant with Young Master Su Lin, it 's different.

President Su got off work earlier for Mrs. Su." The

atmosphere was a little dignified for a while.

Especially Yu Lou found that after he finished speaking, Su Nan's face was a little unsightly.

She lowered her head silently and took a deep breath:

"It's been a long time, but it turned out to be bullying me."

She really didn't know whether to laugh or cry.

But there is nothing to be angry about, Wen Xiang needs to be carefully cared for now.

During this period of time, in order to take care of Su Nan, he stayed at home and accompanied him, and he started to work normally two days ago.

Su Nan knew in his heart that his family cared about him.

So it's not that hard to accept.

She could only resign herself to continue working.

By the time it was over, it was almost midnight.

The sky was dark, and the whole city fell into silence.

She was really confused and didn't think about anything.

Yu Lou called Chang Li and asked him to wait downstairs.

So I went over to sort out the materials she had processed, urging her to get off work quickly.

Su Nan still had some emotions in his heart.

Everyone is off work, quiet.

It is not easy for Yu Lou to accompany him to work overtime until now.

She sighed:

“Assistant Yu, come back and give you a raise!”

Yu Lou paused and nodded immediately, “Okay, okay!”

Su Nan sighed:

“But you don’t have to send me down personally, I can do it myself. When you go back, go home quickly, the family should be anxious!”

Yu Lou pursed his lips and followed him into the elevator:

“You ask Brother Chang Li to take me back too, or my wife thinks I’m fooling around outside, if she sees me coming back with the boss, she can scold me less.”

Su Nan glanced at him quietly: “Got it.” The

gratitude is just a little bit.

After sending Yu Lou back, it was very late when Su Nan returned to Su’s house.

She almost fell asleep in the car.

When I got off the bus, I deliberately looked at my phone: it was half past one.

Silent night.

There was still a chill in the air.

When she went in, a lamp was left in the living room.

She thought everyone was asleep, so she calmed down. She didn’t even wear slippers, and planned to go upstairs barefoot.

But as soon as he went up two steps, there were slow footsteps in the living room.

“You’re back?”

Su Yifeng’s voice was deliberately lowered.

Su Nan was startled, “Dad, why haven’t you slept yet?”

Su Yifeng smiled: “You’re getting older.”

Su Nan’s chest tightened, feeling a little uncomfortable, and smiled:

“Go back to your room and sleep.”

Su Yifeng glanced at her, walked to the door, returned with slippers, and put them on her feet:

“Put on your shoes, there is a carpet on the ground, there will be no sound, and the room is soundproof, so you don’t have to worry about disturbing them. “

Su Nan smiled, a warm current seemed to flow through his chest.

An indescribable warmth enveloped her.

She put on her shoes and looked at Su Yifeng. He said that he felt less, but his eyes were still exhausted.

I’m afraid it’s not Jue Shao, but deliberately waiting for her to come back.

At this moment, Su Nan’s heart seemed to be caught by something.

Terribly painful.

Chapter 2205

For yourself

, they lack everything, love and money, everything.

But they don’t waste, never waste.

She pursed her lips, “Thank you Dad, let’s go upstairs.”

Su Yifeng nodded.

Su Nan used to support him. He had undergone surgery before, so his body was not as strong as before, and he also needed a cane to walk.

She felt self-blame in the dark, she had been trapped in her own grief, and ignored Su Yifeng too much.

He is getting old too fast.

It is no longer the ever-powerful figure in the memory.

Her eyes were suddenly sour, and she subconsciously flicked the corner of her eyes.

She shouldn’t be someone who will die if something happens.

She is not so cowardly and pitiful.

She should be stronger than others think.

She doesn’t live for a man.

Whether Shang Qian is dead or alive, she must live a decent, magnanimous and happy life.

She wanted to send him back to the room, Su Yifeng paused:

“I’ll watch you go back, didn’t you say in the morning that you can’t sleep with a sound? Dad will go back to sleep later, I’ll see if someone is walking outside and disturbing your sleep. What!”

Su Nan’s throat seemed to be blocked, and he was so choked that he couldn’t speak.

She suddenly rushed over and hugged him, tears falling uncontrollably:

“Dad, I’m sorry...”

She really wanted to give up herself countless times.

There are also countless times because of saying that children save themselves.

But not once was it for Su Yifeng.

Obviously, the person who loves her the most in this world is Su Yifeng.

When she was in pain, only Su Yifeng would feel the pain.

But think about those times when it was almost impossible to survive.

For Shang Qian’s sake, she doesn’t have anyone in her mind.

At that time, Su Yifeng was so sad.

Her neglect made me feel very annoyed now.

There are countless people and expectations around, there is a lot of love.

How could she turn a blind eye?

Su Yifeng sighed in distress, touched her head, and moved very gently:

“Don’t cry, little four, you are the daughter that your father loves the most. I promised your mother that I will always take care of you.

Every time you are sad , , I will be ashamed of your mother. If she is here, she will tell you a lot of things, so that you will not be so sad.

Dad understands you, but Dad doesn’t know how to tell you. If you

lose the person you love the most, then This kind of pain can’t be relieved for a while.

Dad doesn’t want you to think about others, but he also doesn’t want you to live for others.

You have to do it for yourself...”

Su Yifeng choked out, in the silent in the environment.

It seems to have drawn countless sad emotions.

The rich night seems to be insoluble ink.

Not for Shang Qian, not for talking.

Not for Su Yifeng.

But for Su Nan himself.

Su Nan seems to be really having trouble controlling his emotions at this moment.

She couldn’t do nothing at all.

She's also been looking for reasons to keep herself calm.

But Su Yifeng's words were like a pot of cold water pouring down on her, and she was completely awake.

She seemed like a trapped beast struggling to get out of the silt swamp.

Although half of his body was outside, he let the mud engulf him.

Slowly withering, she believes, is also a relief.

But not right.

Everyone was watching her, and everyone stretched out their hands to pull her up.

But why didn't she give her her hand?

If she didn't go up again, the old father Su Yifeng could not wait to jump down to save her.

What is she for?

Su Yifeng's words made Su Nan feel guilty.

She bit her lower lip and cried in a low voice, Su Yifeng pulled her to sit on the steps, letting her calm down.

He sighed, his voice full of vicissitudes and intolerance.

"Shang Qian is a good boy, but people have good and bad luck.

I agreed with you at the beginning because of you, he will not hurt you.

But if his departure makes you lose the courage to live, then it is not him. The original intention.

Xiao Si, you can miss him forever, but don't always remember the pain.

Leaving is not painful, just like your mother, she left for decades, but every time I think of her, I feel full of joy. "

The person you love is just accompanying you in another way.

Su Yifeng finished speaking slowly, patting Su Nan's back lightly.

"Okay, don't cry, it's too late, go back to sleep. Is the psychiatrist I asked your third brother to find you useful? If it doesn't work, you can change it tomorrow. Sleeping well is the most important thing."

Su Nan paused, her tears almost drying up.

This was the most depressing and happiest time she had cried in the past few days.

She nodded, knowing that it was too late to delay any longer:

"Dad, then you should go back to bed earlier, and don't stay up late in the future."

Su Yifeng nodded.

Urging her to hurry back to her room.

Su Nan's tears almost couldn't hold back again, but she didn't want to worry Su Yifeng anymore.

She twitched the corners of her mouth, turned and walked back.

When she opened the door just now, she looked back.

Su Yifeng still sat there, just kept looking at her back.

In the darkness, there was a dim light in his eyes.

The worry and sadness inside were purer than hers.

Su Nan was silent for a while, then turned around and said,

"Dad, I won't miss it, I'm the richest man, I'm going to sort out the property under Shang Qian's name tomorrow, and I'll take over all his fortune in an all-round way. Do you think I'm a blessing in disguise?"

Su Yifeng showed a rare smile, he stood up with a smile, and walked slowly to his room: "

You are still that little thing greedy for money..."

Su Nan smiled and looked at He returned to his room, only to restrain his smile, his eyes darkened a little.

She stared for a few seconds, and her mood had already turned upside down in just a few seconds.

Back in the room, she felt that exhaustion came over instantly.

He didn't even have time to change his clothes, he just lay on the bed and fell asleep.

This feeling.

It was the deepest and most stable sleep since I came back from the mountain.

No one disturbed her in the dream, not even a sound.

...

by the second day.

When Su Nan woke up, she was refreshed.

Just look at the time, it's already 11 am.

She got up suddenly, turned on her phone, and watched Su Jin and Yu Lou make more than 20 calls.

Yu Lou: "Mr. Su, are you still attending the meeting in the morning?"

"Mr. Su, everyone is waiting for you!"

"Mr. Su, you've only worked hard for a day to quit?"

Su Jin: "Sister, in the morning Go for me, your sister-in-law is not feeling well!"

“Sister, everyone is waiting for you, hurry up!”

“Su Nan, don’t be lazy and don’t answer the phone, what are you doing?”

“You won’t be there yet . Wake up?”

Su

Nan watched their messages flood in like a flood.

Immediately I felt guilty.

She quickly got up to wash and changed clothes and went downstairs...

Chapter 2206

The uninvited guest

is just right.

The housekeeper uncle was joking with others downstairs.

Seeing her come down, he hurriedly greeted her:

“Miss, hurry up to eat, it happens that you have breakfast and lunch together!”

Su Nan smiled, “I don’t want to eat, the company still has something to do!”

Su Yifeng came in with a bucket from outside , seems to have just come back from fishing:

“Don’t worry about it for a while, let’s go after you finish eating, anyway, it’s too late for you to go now, your elder brother’s phone number has reached me.”

Su Nan opened his mouth with a guilty conscience, He touched his head:

“You can’t blame me. My phone ran out of battery last night, and no one called me this morning.” The uncle, the housekeeper, smiled and said,

“It was Director Su who didn’t let you wake up. How hard did you work yesterday? The eldest young master came back and fell asleep early last night, how can he understand your hard work?”

When Uncle Butler said this, Su Nan instantly forgave himself.

“That’s right.”

Seeing that the table was filled with what she liked, she left in no hurry, put her bag aside, and went to eat.

“Xiao Yu’er and talk to go to school?”

Su Yifeng nodded: “I asked the third child to send it, I heard that they were bullied by their classmates in the school yesterday?”

Afterwards, Su Yifeng pursed his lips solemnly:

“It seems that I’m going to meet their parents in the next two days.” Let’s talk about how you care for your classmates!

Su Nan paused, and before he could swallow a mouthful of seafood porridge, he looked at Su Yifeng before he could say anything.

“Dad, forget it!”

I don’t know who he heard from.

Why do you feel the news is not true?

Su Yifeng frowned and decisively refused:

“Of course not, they bully our children, can I forget it? It’s okay to

bully Xiaoyuer, let’s talk about what a well-behaved girl she is , she can’t bear it. I can’t pick her up, the weak and weak are less than three years old, and she is shorter, thinner and more beautiful than them, she can’t be allowed to experience school violence at such a young age, I must talk to their parents!”

Su Yifeng has Talking about a child’s first growth is exhausting.

Su Nan paused for a while, then finished the meal after a few bites:

“Well, Dad, it’s not someone who bullied someone, it’s someone who was beaten...”

Su Yifeng’s eyes widened, shocked. It looks like she doesn’t believe her words at all.

“What? Impossible, how old is she, she’s even shorter than Xiaoyu’er!”

Su Nan couldn’t believe what she said was true.

Su Nan sighed:

“It’s true, I went to school yesterday. She beat up six classmates by herself, and one of them was quite serious, so don’t follow me. By the way, don’t let it go for now. Someone taught her taekwondo!”

Su Yifeng paused embarrassingly, his eyes dodged a little:

“No, Xiaoyuer needs to learn, just talk about it by the way.

It’s okay, it’s nothing to make a little trouble, I will teach her well when I look back . Yes, go to work early after you finish eating!”

Su Nan nodded.

Even if there is no special teacher to teach, in fact, she will not let her say anything.

Girls should learn some self-defense skills.

However, talking about such a small amount of effort, it seems a bit early to learn.

...

Su Group.

As soon as Su Nan went to the company, Yu Lou was in a hurry.

“Mr. Su, you’re finally here!”

Su Nan glanced at him: “I don’t believe my brother will leave a mess.”

Yu Lou: “Oh, that meeting has been cancelled and moved to the afternoon. I’ve arranged everything for you!”

Su Nan: “...”

Yu Lou watched her push the door open, and suddenly thought of something:

“Mr. Su, the assistant and the lawyer of the business company are here, saying yes I have something important to see you, look...”

Su Nan pursed her lips, “Let them come in.”

The rest of Shang Qian’s affairs are inevitable and will definitely pass through her hands.

Now that she has decided to live well, she can’t hear his name and retreat.

What should be faced, always have to be faced.

Soon.

Rong Yi, Shang Qian’s assistant, knocked on the door and came in, but his expression was a little heavy.

Behind him was a slightly older man, looking dressed, who was a lawyer.

“Madam, I’m bothering you.”

Rong Yi paused.

Su Nan pursed her lips, “If you don’t want to disturb me, please take a seat.”

Rong Yi stretched out his hand and asked the lawyer to sit down first.

It seems that the lawyer is very respectful and polite.

“Madam, this is President Shang’s royal lawyer. He is the most trustworthy person for President Shang both abroad and in China.”

Su Nan nodded and shook hands with him simply to say hello.

She could vaguely guess the other party’s intention.

It’s just that Shang Qian’s asset field is too broad, and he should have his own arrangements.

Rong Yi paused and remained silent for a few seconds before he said,

“Madam, I have already learned about President Shang through other channels before. Because of your feelings, I didn’t come to the door immediately, please forgive me.”

Su Nan nodded.

Rong Yi glanced at the lawyer and said,

“We didn’t know that such a thing would happen suddenly, and we were a little caught off guard. It is said that we

should at least see President Shang’s death in person before we should deal with his death.

But at present, the relevant departments have The result given is that he is likely to be washed away by the water, so the hope of finding it is very slim.

Moreover, Mr. Shang has not shown his face, and there have been many discussions, so I want to ask your opinion.

Regarding his will, Can it be officially disclosed?”

Su Nan’s eyelashes trembled slightly, and he raised his eyes subconsciously:

“Will?”

Rong Yi glanced at the lawyer beside him.

The lawyer nodded:

“Mr. Shang has already revised his will when you got married, and all the assets involved in his name, including movable and real estate, will automatically be transferred to your name after he leaves. , you will be his only legitimate heir.”

Su Nan listened to every word he said, as if something had pricked his heart a few times.

That kind of sharp stabbing pain, some indescribable, but extremely uncomfortable.

Her eyes blurred for a moment.

But in front of the two of them, not wanting to be too rude, she immediately turned her head to look in the direction of the balcony.

Rong Yi sighed:

“When he was with you, he asked me to count his assets, and asked me to find a lawyer to make a will, saying that whether he was there or not, he would leave you a guarantee.

If he had an accident, he would Let me tell you, he made a lot of money, and you must spend it for him, don’t waste it.”

Su Nan choked.

Gently flicking the moist corners of his eyes.

Why did he never mention it?

Why did he make a will at such a young age?

Because of her weaknesses and people she wants to care about, she also wants to arrange a path for her in the next few decades.

But why does she feel like crying so much?

She would rather not have a penny!

The lawyer took out a few documents from the bag he brought with him and put them in front of Su Nan:

“Madam, sign this, and I will handle the rest for you.”

Chapter 2207

I couldn't hold

back Su Nan looking at the opened file. On the other side, Shang Qian's name was written.

are his familiar notes.

In this way, it was presented in front of her eyes.

Su Nan gritted his teeth and hesitated before writing.

Rong Yi pursed his lips:

“Madam, you can officially take over all the business of the business manager after you sign, and I can also officially start the formalities. The business manager also

bought a fund for Miss Kuo and little Mike, However, Mike's can only be received when he is an adult, and the lady's can be withdrawn at any time.

Some foreign projects require the follow-up signature of the manager. If you do not sign, it will be completely put on hold, madam...”

It was difficult for him to stop talking.

Originally, Shang Qian didn't even have a funeral, he just didn't want to admit his death.

They were more hopeful that he would pop up one day.

Or, he just disappeared temporarily.

The people of the Su family expressed their silence about this, and there was no reason for Rong Yi to intervene.

It's just the matter of interest behind him, he must come out and make it clear.

Those are all things that the business manager left to his wife.

Su Nan hesitated for a few seconds, then picked up the pen and signed his name on it.

“Assistant Rong, if there is anything else that needs my cooperation in the future, just contact me. As for the projects he has followed up, according to your professional evaluation, he can continue to follow up.
If

there is no need to continue, then there is no need to continue. Persevere.”

Rong Yi nodded immediately and took a deep breath, with a bit of admiration and joy on his face.

The business map of the General Chamber of Commerce, both at home and abroad, is more complex and grand than they imagined.

If there is not a backbone who can come out in charge, even if they are the same as usual, it is difficult to guarantee that the people under them will not have any thoughts.

At most five years, it will almost start to decline.

But Su Nan is different. She is not a rich lady who doesn't know anything.

She is a professional senior manager, needless to say about her ability, no one is more suitable to come forward than her.

They don't want to be out of a job after a few years.

“Okay madam, I will try my best to arrange everything. Regarding the assets involved in the name of President Shang, I will also quickly sort out.”

Su Nan nodded:

“You are the person he trusts very much. Naturally, I will also trust you, whether Shang Qian comes back or not, I will keep it for him.”

Rong Yi nodded:

“Then don't disturb my wife, if you have time tomorrow, I want to take you to the company to show In general, those foreign business managers don't like to show up very much, but domestically...”

He hesitated, especially since Su Nan was in China, if he didn't show up for a while, it would of course lead to countless rumors.

Su Nan nodded: “Okay, you can arrange it, just contact Yu Lou directly.”

Rong Yi got a satisfactory answer, so naturally he would not delay.

The lawyer also stood up and followed Rong Yi and Su Nan farewell.

Su Nan looked at a document left behind for two minutes.

Then he silently put it away and locked it in the safe.

Soon.

Yu Lou knocked on the door and came in:

“Mr. Su, it's time for the meeting, everyone is here.”

Su Nan nodded, “Okay.”

This time she agreed very happily.

Maybe it's because I feel like I can't be in a daze anymore.

When Su Nan arrived at the conference room, she realized that what they were discussing was a brand new project abroad.

Artificial intelligence has reached a new stage. This can only be a system with human emotions, combined with cloning and blood analysis, to create a brand-new scientific and technological intelligence.

People in Europe have proposed that they want to apply this technology in "appropriate" places.

This project is not yet common around the world.

There is only news in one of the European countries.

But the tricky thing is that if you need to introduce this project, you need to go abroad to inspect in person.

While Wen Xiang's sister-in-law was expecting to give birth, Su Jin would not easily agree to go.

Then there is only Su Nan.

in the conference room.

Everyone, you said something, I said it one by one, and the bosses of several departments all looked at Su Nan.

Waiting for her statement.

At this moment, she understood.

Why did Su Jinning ask Yu Lou to postpone the meeting, but didn't want to participate.

Although the project is very profitable, it is also troublesome.

Especially if you want to go abroad on business, this is not a good job.

Such a large and dangerous project must be approved by the company's decision makers.

And Su Nan is the most suitable candidate.

The matter reached Su Yifeng.

Wen Xiang also knew about this.

She sighed helplessly: "Let your eldest brother go, you are a girl for so long, and your family is not at ease!"

Su Nan sat there, holding a cup of coffee in his hand, watching quietly and talking about playing with Xiaoyuer.

heard.

She smiled: "Forget it, sister-in-law can't be without people in the past few months. Even if my eldest brother goes abroad, he still has you all in his heart. If he can't concentrate on his work, he might as well let me go!"

Su Jin was silent on the side . He frowned and said nothing.

Su Qi pretended to be dead in the corner.

Anyone can go anyway, just don't let him go.

He doesn't want to suffer this crime!

Wen Xiang touched her stomach, with an apologetic look on her face:

"But it's been too hard, we really can't worry about it, why don't we wait for a while before going, and then we can spare our hands."

Su Jin Finally, he said, "No, half a month later, the technology company will hold a secret business reception, and only ten companies have been invited. I finally got the invitation letter, so I can't delay it.

Xiao Si, let's go. The project is still immature. If you think it's not enough, come back.

But if I remember correctly, this company also held a world tour, which should be to participate in the black technology of various countries. If you are interested, you can follow to relax."

Su Yifeng He glanced at him subconsciously.

Subsequently.

He paused, "your eldest brother is right, it happens that you are tired during this time, and taking the opportunity to go out to relax is the most important thing.

Anyway, the money is in our hands, whether we should introduce this project or not, it is we who say Forget it, if the risk is too big, forget it."

Su Nan turned the coffee in his hand.

Originally, she also felt that it was impossible to push it out, and she had already made psychological preparations.

Just to hear that there is an opportunity for a world tour was a surprise.

"Okay, then I'll go."

Su Qi let out a sigh of relief.

It's good that no one pays attention to him!

Wen Xiang was still a little worried, and frowned slightly:

"Should you find someone to accompany you? I'm still worried about you alone!"

Su Nan smiled: "Brother Chang Li will follow."

Su Jin pursed his lips : "Let Xiaosan accompany you."

“Why? I don’t want to go!” Su Qi could not wait to jump up immediately when he heard his name.

Every cell in his body was resisting this.

Su Qi ran to Su Yifeng aggrievedly, half-kneeling and hugging his thigh, acting like a spoiled child:

“Dad, you don’t hold your grandson anymore? I know that we don’t have children yet, we can’t have a long-distance relationship, she will take me Dumped it.

There are too many handsome guys in the entertainment industry, and there are too many temptations. If I wasn’t there, she wouldn’t be able to hold it back!”

Chapter 2208

Cold Treatment

Su Qi understands that the only person who can change Su Jin’s mind is Su Yifeng.

Therefore, he has to ask Su Yifeng for approval now that he is willing to sacrifice his face.

Su Yifeng rolled his eyes speechlessly, unable to push him away.

Like a candy bar on his own body.

Wen Xiang was the first to laugh out loud.

Then came Uncle Steward and Su Nan.

Su Jin couldn’t help but hooked his lips, with a bit of playfulness in his eyes:

“Dad, I think it’s been almost 30 years since the third child’s problem can’t be changed!”

Su Yifeng couldn’t help but nodded in agreement:

” Yes, fortunately, I knew and accepted him, otherwise he wouldn’t even be able to find a daughter-in-law.”

Su Qi was aggrieved and prepared to fake cry.

Finally, I heard Su Nan let him go with a smile:

“Forget it, let the third brother go, it’s called a beast coming out of the cage. It’s good if he doesn’t cause trouble, and he protects me?”

Everyone couldn’t help laughing out loud.

The atmosphere was relaxed and comfortable for a while.

Su Qi glanced at Su Nan sadly.

Although he also wanted to defend himself, he didn’t want to become a radical, and he would never be fooled!

Su Jin said lightly:

“Then let Yu Lou follow, it’s better to let Rong Yi follow, because as far as I know, Shang Qian... There is a lot of business there, or it can be used for Some network resources.”

Although he didn’t want to mention Shang Qian in front of Su Nan.

But this is inevitable after all.

No one can assume that this person has never appeared.

Everyone was silent for a few seconds before looking at Su Nan.

Su Nan nodded lightly: “Okay, I will contact Rong Yi.”

Everyone looked at her without any abnormality.

They all breathed a sigh of relief.

Su Jin glanced at his sister carefully before turning his eyes away.

This project, although it is not necessary to go, but he also has the mind to make her restless.

It is necessary to have a leisurely work, but also to have the opportunity to relax.

So he arranged this opportunity to her, even if she didn’t accept it.

I hope she can really let go of the past and live a good life in the future.

There is still a month and a half to go.

Su Nan needs to sort out everything at hand during this time and hand it over to the person in charge below.

And also prepare materials for participating in foreign projects.

Su Jin was very considerate and took the initiative to take over some work.

Just not busy for two days.

Su Qi caused a lot of trouble.

The gossip net red broke the news that he had been in and out of the hotel venue for filming many times, and he was unclear about the actress in the crew.

Take this man to the hotel today and the other woman to the hotel tomorrow.

The key is that this has already been implied by others.

Even photos were taken.

Su Qi is the plain Su Qi. In the photo, Su Qi is very handsome and dumps all beings.

And the woman beside him who was in his arms couldn’t see what she looked like.

Just look at the dress, very fashionable, look at the figure, very beautiful.

So everyone preconceived that it was an actress in the crew.

For a time, the revelations on the Internet fermented one after another.

Su Qi didn't expect that he didn't film, he just slept in the hotel of the crew, and he lived at his own expense.

As a result, when I woke up, the downstairs was full of paparazzi reporters.

His image was ruined badly.

Not only that.

Everyone is still talking about the fact that he didn't donate to the earthquake a few days ago.

Many celebrities have exposed their donation information on the Internet.

And Su Qi remained silent.

Therefore, everyone is very dissatisfied with his appearance of being aloof when he has money.

In addition, his image was hacked this time, and everyone tried every means to dig up his black history.

Su Qi was furious when he saw the news on the Internet.

A phone call was made to Du Yan.

Du Yan was also trembling for a long time before picking up:

"President Su?"

"Bah, what kind of Mr. Su am I? You are Mr. Du, which bastard is rubbing heat on me? I am now. There are all reporters downstairs, what do you say? Hurry up and find a way to get it away!"

Du Yan clicked his tongue:

"Mr. Su, I have contacted the person who exposed you, but I can't get in touch. He is trying to whet his appetite. Maybe the other party is also bidding on your black material, so I'm watching!"

Su Qi asked him like a fool:

"Wait and see, what black material do I have? I'm already clear, okay, I In addition to the soft-handed resources, what information do I have to expose? I am a rich second generation!"

Du Yan paused.

Hearing the anxiety and madness in his words, he took the opportunity to smile:

"Don't worry, you, I ask you, those photos are all real, not P's, how do you explain? You haven't filmed in this period of time, have you? The drama is not on tour, and you stay in the crew every day without speaking, and each crew takes turns.

Let me ask you, who are the women you are taking with you, the heroine or the supporting actress? Just say hello to whoever you want, I'll arrange it for you, why are you still so risky?"

Su Qi's face was pale and blue.

I can't wait to fly over and slap him immediately!

"Fart, that's my wife, some women, are you blind, isn't that my wife?"

Su Qi clenched his fists tightly, clutching his chest:

"I'm making you so mad, you hurry up This matter is settled for me."

Du Yan pursed his lips: "Isn't it true? Oh, oh, that's good, I know you are a righteous gentleman, and you can't do such dirty things! But if this clarification is based on the company The name may be a bit far-fetched, it's better to let the sister-in-law say..."

Su Qi's face was extremely ugly.

Others do not know.

He knows it himself.

Ning Zhi knew that because of her last model's scumbag boyfriend, she was unwilling to be exposed in front of the camera.

So she just works behind the scenes.

If she comes forward, according to the habits of netizens, she will definitely pick up all the good and bad things in her past.

At that time, it is self-evident who will be hurt more.

He didn't want her to face those gossips. She seemed to be hiding for a lifetime, so she kept hiding.

There was silence on the phone for a few minutes.

Du Yan wasn't sure: "Su Qi, you should be clear that it's not easy for netizens to be fooled now, and clarification letters and lawyer's letters are useless unless direct evidence is presented.

Why don't you contact your sister-in-law, or..."

Su Qi scratched his hair irritably:

"Okay, that's it, don't care. After saying

that, he hung up the phone.

He looked out the window silently, and the sneaky reporters squatted downstairs. His expression was full of prying on the secrets of gossip.

He closed his eyes . He

regretted himself for the first time . After doing this,

they can scold if they want, and ferment when it should be fermented.

Anyway, sooner or later, the heat will not be hot.

As long as Ning Zhi is not involved, everything is easy to say.

What hasn't he experienced?

So they have no first I came out to explain it in a while.

Things tended to get worse.

Maybe the other party was just testing Su Qi's bottom line at first.

As a result, when he saw that he didn't make any movement, he thought he had a guilty conscience. Isn't it time to toss him?

Chapter 2209

master shot

When the master shot

the next day.

Even Su Nan realized the seriousness of the matter.

When she was having dinner with several high-level executives, there were still people who asked vaguely whether this was true.

Su Nan looked at the news on the Internet, and suddenly his chest was blocked.

According to Su Qi's character, it should be resolved as soon as possible.

There is no timely solution, it can only show that he is worried about something.

And the women in each photo, although wearing masks and hats, are tightly surrounded.

But she could recognize it at a glance, it was Ning Zhi!

After thinking about it, she made a phone call.

Ning Zhi didn't refuse, she picked it up calmly:

"Su Nan?"

Su Nan paused, "I see, are you still in the crew?"

Ning Zhi replied, "I'm in the crew."

"Do you know what's going on on the Internet?"

"Yes, don't worry, I know this matter."

Su Nan paused, "Okay, I don't think there's any movement from the third brother, so I guess he's going to deal with

it coldly. If it's inconvenient, just come back and hide."

“It’s okay, things in my crew are coming to an end, and I can’t get away from it now. I’ll talk about it when I’m done with things in the crew.”

Su Nan replied: “Okay, you Be careful.”

After Ning Zhi said a few words, there was no difference in his voice, and Su Nan felt relieved.

As a friend, she couldn’t force Ning Zhilai to testify on behalf of Su Qi.

As a relative, she couldn’t treat Ning Zhiliu as an outsider.

Therefore, Su Qi can only be wronged.

She just glanced at the news on the Internet, and she would explode with anger.

“So, are everyone so tolerant of people who are not benevolent for the rich? Isn’t this kind of person banned and waiting for the New Year?”

“Su Qi is so rich, why didn’t he donate to the disaster-stricken areas? Other idols have donated a few. How about 100,000! Have all your money been used to support women?”

“This is a matter of morality. I hope we can explain it sooner. We are really disappointed!

” I heard that everyone in the crew is familiar with it, how could the actor Su do such a thing?”

“Everyone don’t want to be kidnapped by morality. We haven’t figured it out yet, so there’s no need to be so aggressive, right?

” Is the producer ready? But now I can’t find it on the news at all, so surprised!”

“Wow, it turns out that our actor Su likes women!”

...

Su Nan watched the gossip for a while, and then Lou knocked on the door and came in:

“Mr. Su, Assistant Rong is calling. You need to go to the general business group for a meeting in 20 minutes. The time has been freed up for you.”

Su Nan nodded.

While holding something, she stood up and walked out.

“As for my third brother, go and ask Du Yan from Huaying Entertainment what he plans to do. It’s not the way to be cold...”

Although she knew that Su Qi and Ning Zhi were not that kind of people. , but being slandered, no one will feel better.

Help if you can!

Yu Lou responded and accompanied her downstairs to take the elevator.

It’s just that he lowered his head and swiped the webpage, and suddenly saw a new message pop up.

He was shocked for a moment:

“Is this really Su Yingdi?”

Su Nan froze for a moment, looking at the phone he handed over.

The mobile phone is the latest page, refreshed pictures.

It was when he was in the disaster area that Su Qi became a volunteer, helping to carry the stretcher in a low-key manner.

The Su Qi in the photo is completely different from the perfect image on the screen.

He didn't care about his appearance and cleanliness at all, and he was just as embarrassed as everyone in the crowd.

His body was covered in mud, and even his head was covered in plaster.

He didn't tell anyone about the experience.

Because this is a bad memory for his family.

So, he didn't clarify either.

But as soon as the photo was exposed, it instantly ignited an uproar.

In addition, the relevant institutions also posted photos and thank-you letters of the donations and materials of the Su Group.

The Su Group was one of the first groups that rushed to the site to donate after the earthquake.

This photo was released by the Su Group. By the way, Su Qi was posted by Aite. There was no extra text, and it was accompanied by a thank you letter from the relevant organization.

It's enough to slap the face hard on those who want to pick things up.

“They belong to the Su Group, isn't it the Su family who donated money? Do you have to be so stingy?”

“Now you don't need a brokerage company, of course your own company has to protect San Shao. “

Is this really Su Yingdi?”

“The low-key and unpretentious Su Yingdi, we are not mistaken, if he hadn't been framed by you, we might never have known that he went to the earthquake zone for the first time!”

“Everyone can scold people with just one mouth. Why don't you all become volunteers when you have two legs?”

“I testify that my mother was there at the time, and my father was memorized by the actor Su, who is handsome and tall. , there is no air at all, but everyone was immersed in sadness at that time, and no one took pictures.”

“I wanted to stand up and say that he did more than you said, and he was the first to arrive in the disaster area. Celebrities, are you really happy that you slander other people's private lives so much?”

...

Su Nan looked at the comments below and almost reversed the contrast.

Although not so aggressive, the atmosphere has eased a lot.

But there are also many people who have doubts about the two women.

I thought he was going to use the image of the earthquake to cover up his original badness.

It's annoying to look at.

"Since it's all explained, why don't you talk about the crew together?"

Yu Lou muttered:

"I haven't heard of this. Our company's official website posted it, could it be Director Su?"

He questioned Look at Su Nan.

Su Nan spread his hands: "We know as much."

But got in the car.

She still turned on her mobile phone and looked at her family group, which was already fried.

Su Qi sent a lot of dynamic pictures to refresh the screen.

"Mmmm, thank you dad, thank you brother!"

"Thank you on your knees!"

He kept calling at Su Yifeng and Su Jin.

Su Nan smiled, and it really was them.

Or the father and eldest brother know that they feel distressed for their son and brother.

But next second.

Just watched the group leader disband the group.

The group leader is Su Yifeng.

soon.

The group was rebuilt, and there was no Su Qi in it.

Su Qi: "..."

Are you polite?

Su Nan hooked her lips: "It's resolved soon."

She didn't need to worry about it.

Yu Lou looked back at her:

“I didn’t expect that Director Su would take action?”

Su Nan had already told him just now.

Su Nan raised his eyebrows:

“Don’t look at the person my father scolded the most, but the most filial person is my third brother. My father is a person who protects his shortcomings. He will not let others bully the third brother!”

Yu Lou smiled: “Fortunately, I took a picture at that time, otherwise I really can’t tell...”

Chapter 2210

She came to pick him up,

although public opinion was temporarily suppressed.

But there’s still the matter of the two women.

just soon.

There is a new movement on the Internet.

Someone went to observe the time and place of the two crews and the arrangement of the hotel.

I also specifically asked the cast members of the cast at that time.

There were really people who wanted to fish in troubled waters, suggesting that everyone Su Qi was playing with them at that time.

a time.

The limelight actually overwhelmed the Su Group’s clarification.

This wave of rubbing heat made Su Qi angry enough.

I thought that this dumb guy had to eat it.

Just didn’t expect it.

When the two actresses came out to authenticate themselves, Su Qi’s account had new dynamics.

This is the dynamic he has released since he has been quiet for a long time.

But it wasn’t from him.

Instead, Ning Zhi knew a few photos posted in his name.

It’s a group photo of her and Su Qi, and a photo of her work permit in the crew at that time.

She is a worker behind the scenes, and she can’t brush her face when she comes in and out occasionally.

Although almost everyone knows each other there, but a place that needs to be kept secret, a work permit is indispensable.

Su Qi has taken pictures of the clothes that the people in the photos are wearing.

This is his hobby, taking pictures for Ningzhi.

A few photos were sent out, revealing the two women's ambitions.

Su Qi didn't know Ning Zhi's actions.

When he knew that his grievances had been wiped out, he was also lying in the hotel angrily to sleep by the reporters below.

Because I can't get out.

But a bell rang out of nowhere.

He picked it up irritably: "Say..." The

other party was silent for a few seconds.

Ning Zhi finally said, "Now pack up and go downstairs, I'll wait for you downstairs."

Su Qi was shocked.

He woke up instantly, and rubbed his eyes:

"I see, aren't you busy on the set? Wait, you know what's going on on the Internet? Don't show up for now, wait until this matter is over!"

"Stop talking nonsense, hurry up. Go downstairs, I'm waiting downstairs!"

Ning Zhi urged impatiently.

Su Qi paused and jumped down immediately.

He looked down from the window. It was the same as before. Those reporters didn't squat down to the gossip they wanted. How could they leave so easily?

If he shows up, I don't know what will happen!

"Understood..."

He hesitated.

Ning Zhiliu interrupted him directly: "My car will be downstairs in three minutes, you'd better get down on time, otherwise, you should stay in the hotel all the time!"

Su Qi was shocked and looked at it immediately. own situation.

"I'll go down right away."

He didn't have any luggage himself, so he put on his hat and mask and ran downstairs, holding the time for three minutes, but he really didn't dare to delay a second.

He doesn't yet know what's going on online.

Just in the elevator, I received a call from Du Yan.

“Okay, you, Mr. Su has handled things so well, which makes me a little embarrassed.

Miss Ning’s operation is really generous, don’t worry, I have already let people start to guide online speech, no If something goes too far, try to control the fermentation of public opinion in the shortest possible time.

But next time, before you speak out again, let me know first, and I will be prepared here too, otherwise we will not cooperate well... ..”

Du Yan muttered, Su Qi was a little puzzled.

“What’s the matter, what’s the operation?”

He only knew that Su Yifeng and Su Jin had clarified the earthquake for him.

Because of this, he was kicked out of the family group.

Du Yan clicked his tongue: “You don’t know yet?”

But he didn’t finish his sentence.

The elevator went downstairs.

He hung up the phone directly, lowered the brim of his hat and walked forward.

Just right.

A car slowly stopped in front of the hotel, and as soon as he looked up, he saw the woman in the driver’s seat.

Suddenly his eyes lit up, he walked over quickly, opened the door and got in.

Then the car left the hotel in full view.

Wait for them to go.

Only then did the reporters react:

“Hey, why did I look at that car just now as if someone went in?”

“No, isn’t this a delivery truck? Su Qi will go to this kind of car?”

“I didn’t see it. Wrong, the driver is a woman, and a very beautiful woman!”

...

Su Qi glanced back, lowered the window, and made a victory gesture.

Now, everyone knows.

Su Qi ran away in front of everyone’s eyes!

Ning Zhi, who was in front of him, rolled his eyes at him: “When is it going to be shy?”

Su Qi hooked his lips, a smile that could turn all beings upside down with a bit of happiness on his face:

“I’m going crazy, or My wife is kind to me, let me give me a kiss!”

He leaned over and kissed Ning Zhiliao’s side face fiercely.

Ning Zhi was speechless and couldn’t dodge, but he turned the steering wheel quickly with his eyes and hands, and ran into a trail in a few minutes.

The car behind can’t catch up even if it wants to.

Su Qi was swayed to the back, and he was always assured of Ningzhi’s driving skills.

He suddenly remembered something, took out his mobile phone, and went to the website.

The smile disappeared little by little.

The sewage that had been splashed on him was wiped off by his family and lover little by little.

Su Yifeng originally bothered him to rely on his face to eat, but he couldn’t see others slandering his son.

The first time he knew about the matter, he let Su Jin deal with it.

That photo, he has been saving in his phone.

Proud.

And the girl he likes, he is afraid of her being hurt, and she is also afraid of him being hurt.

I would rather risk myself being exposed than stand up and speak for him.

He had always been cynical, and his heart that didn’t care about anything was suddenly touched by something.

Suddenly, he got the love of the whole world.

Ning Zhi suddenly felt her ears quiet down, and she felt uncomfortable.

In front of them is their house, you can go in directly after turning the corner.

This community is closed management, outside vehicles are not allowed to enter.

Stop the car.

She breathed a sigh of relief:

“Are you... Are you okay?”

Su Qi raised her eyes, looked at her darkly, and said seriously:

“I just saw it on the Internet, sorry, I know it’s too late .”

Ning Zhi raised his eyebrows, thinking it was a big deal that made him so serious!

“I know it if I know it. Anyway, it’s solved. It’s no big deal. You are also stupid. How many years have you been in this circle, and you can’t see that someone is deliberately trying to prank you?”

Su Qi twitched the corners

of his mouth: "I see. "

How could he not see it?

It's just that he was worried about Ning Zhi, and didn't dare to resist easily.

He was afraid that the past would be involved and the innocent would be implicated.

Ningzhi paused, "Get out of the car."

Su Qi followed, took off her hat, and hugged her:

"Thank you, wife, no wonder my father said every day that I really accumulated virtue in my past life, Only then will I marry you."

Ning Zhi patted him and gave a low smile:

"Don't come."
