

Divorce 2221

Chapter 2221

Refused to invite

This playground is not big or small.

But until they left, Su Nan never saw the hunched back alone.

The two children had a great time and were obedient.

So Su Nan rewarded a balloon by himself.

When they went out, they walked hand in hand on the avenue.

The sun shone softly on their shoulders, and they felt the softness and freshness of the air.

Talking about the children chatting and laughing, Xiaoyuer also enthusiastically agreed.

Su Nan couldn't help bending the corners of his lips.

This scene was seen by the person in front, and he stood there and did not leave.

Said that the child saw him first, and also saw the little brother beside him.

"Oh, strange uncle, and little brother..."

Xiao Yu'er's white and tender face was instantly filled with displeasure.

Fu Yunche happily ran over and looked up at them:

"Hello auntie, say hello to sister, hello to brother, this is a gift for you." Said the

little friend looked at him with his head tilted and smiled, without any hesitation. He politely accepted the gift from him.

A very pretty rainbow marshmallow.

"Thank you brother..."

Xiao Yu'er let go of her hand angrily, turned her head away, and went back to grab Su Nan's hand.

Angry to say that the child is useless!

Said that the children also ran over and handed the cotton candy to Xiaoyuer:

"Your favorite big cotton..."

Xiao Yu'er's eyes lit up with surprise, she was no longer angry in an instant, and happily took it over.

Talk about the children: "..."

Is the speed of reconciliation a little faster?

Fu Yunche smiled and looked at the little boy.

Fu Yechuan also came over and coughed:

“It’s such a coincidence that Fu Yunche wanted to go to the playground, but I didn’t expect you to come out so soon?”

Su Nan’s interest was not high, she looked a little listless, although she still looked the same. It’s gentle and beautiful, but that kind of aura can be felt by a caring person.

She didn’t have the time to speculate on the purpose of Fu Yechuan’s presence here.

But very unhappy.

I knew earlier that Rong Yi and Yu Lou would not be allowed to leave first.

They should follow along in the car and go for a walk!

She raised her eyelids lightly and looked at Fu Yechuan:

“Really? We’re already tired, we’re going back now. If you want to go, it’s better to go as soon as possible.”

Fu Yechuan’s eyes stopped, and he said with a smile,

“He doesn’t want to anymore. Let’s go.”

Fu Yunche originally saw the smile of the talking child, and the corners of his mouth slowly converged.

Children are still unable to control their emotions as if nothing had happened.

Fu Yechuan asked someone to take him out of the country, saying that he was going to take him on vacation.

Fu Yunche had always been in awe of this father and did not dare to approach him.

After all, it is normal for children to have expectations for family relationships.

So at this moment, although he is excited to meet his sister talk about.

But he was even more excited that Fu Yechuan was willing to accompany him to the playground during his busy schedule.

But his words made him not want to go?

Before he could react, he turned to look at Fu Yechuan.

The facial features are beautiful, the skin is white and tender, and the smile of the innocent child shows a moment of daze on the face.

The innocence of the previous second has not dissipated, and the next second has to withdraw all expectations.

With this gap, he seemed to be kicked down from the sky and returned to his original shape.

But Fu Yechuan didn’t even look at him at all, he had already said it.

As if he didn't care whether he really wanted to go or not.

He slowly retracted his gaze, staring at the pebbles on the ground in a trance.

Fu Yechuan smiled and looked at them with a gentle voice:

"Since it's fate to meet, I have a restaurant in the Champs Elysees, overlooking the whole city, why not have dinner together?"

He looked at Su Nan sincerely, Looking forward to her answer.

In the setting sun, the light shrouded her very beautifully, and it was vague and unreal.

The glowing red light reflected on her body, as if she had come out of an oil painting.

He looked almost obsessed.

Su Nan raised her eyes and looked at him, her voice indifferent, with obvious alienation:

"I'm sorry, Mr. Fu, it's not very convenient."

As she spoke, she wanted to bypass him and move on.

But Fu Yechuan actually squatted down at this moment, squatted in front of the little friend, and smiled gently:

"Tell me, my classmate, in the restaurant that my uncle ordered, there is a prince and Snow White who can master magic, don't you want to see it?"

Talk about the child stroking his hair blankly.

She tilted her head in confusion and looked at Fu Yechuan with pity, as if she couldn't bear to say:

"Strange uncle, there are no magic princes and Snow Whites in this world. Those are all lies in fairy tales. When you grow up so big, have your daddy and mummy lied to you all the time?"

She sympathized with her. He looked at him with eyes and took Su Nan's hand:

"Mummy, uncle is so pitiful, he is so old, he still believes this!"

Fu Yechuan.

Fu Yechuan's face and smile were very stiff at this time.

I can't describe my inner feelings for a while.

Do children nowadays have no fairy tale world?

Don't children like Snow White and the prince?

How could his method be wrong?

His face slowly sank.

Su Nan took a deep breath, and his mood improved unexpectedly.

She looked down at the talking child and said with a smile, “

It’s a good thing that uncle has a childlike innocence. Don’t laugh at other people’s dream world. If you don’t want to go, then thank you for your kindness and say goodbye to him, okay?”

He nodded and waved his little paw:

“Thank you uncle, goodbye uncle.”

Su Nan smiled, then looked at Fu Yechuan and said,

“Goodbye.”

After she finished speaking, she motioned for Xiaoyuer to pull Talk about a child’s hand.

Xiaoyuer couldn’t wait to pull up and was about to leave.

Fu Yunche looked at the direction of the playground in disappointment, and then looked at Fu Yechuan, his voice was a little cautious:

“Daddy, can I still go to dinner?” The group of them hadn’t gone far.

The conversation between the two people behind him can be heard clearly.

Fu Yechuan put away the little patience he had, and glanced at him, feeling very irritable:

“Go back to the hotel to eat.”

He finished.

Su Nan paused for a while, then suddenly turned his head and looked at Fu Yunche with a smile:

“Tell me if you want to invite Brother Yun Che to a picnic?”

Said that the children also liked this handsome and approachable brother.

He nodded immediately.

Talking about the little friend running over, “Brother Yun Che, shall we go to play with us? We won’t bring the strange uncle with us!” As soon as

she finished speaking, she didn’t notice that Fu Yechuan’s face turned green.

When I heard Su Nan’s words, I thought she had left her a chance.

As a result, the novel said that he was excluded from the invitation!

Chapter 2222

The Secret Speak Out

For a while, he didn’t know how to find a way for himself to go down.

He was obviously the one who wanted to eat with them in the first place!

In the end, they only invited Fu Yunche!

This little bunny!

Fu Yunche looked at the little boy who took the initiative to invite him, and the gloom in his heart was instantly swept away.

He nodded happily.

Afterwards, he glanced at Fu Yechuan cautiously, and still summoned up his courage to say, "Daddy, then I'll tell you that my sister is gone, goodbye!" After saying that, the two went after Su Nan and Xiaoyuer hand in hand.

Xiao Yu'er watched Fu Yunche come over, her heart full of unhappiness.

He almost wrote the three words not to be seen on his forehead.

Su Nan didn't arrange any serious dinner. There is a very distinctive leisure street in the area, which is very similar to China Street, so she planned to go there for a stroll.

Fu Yunche's happy expression overflowed, and it was difficult to hide it.

Su Nan looked a little sad.

She didn't have so many opinions and opinions on Fu Yunche.

Although Fu Yunche's mother had done those wrong things to her, she had already received retribution.

She couldn't blame all her hatred on a child.

An ignorant child who lives by looking at people's faces everywhere, what can he do wrong?

It was also on impulse to call him over.

Fu Yechuan's indifference to him made her suddenly feel a little sad.

This man has always been like this. He will not waste a little more time and energy to pay attention to people and things he doesn't care about.

Fu Yunche, who was raised in such an environment, was prone to problems with his character.

But he might have been better off if he had been at school.

Talking about the children running to see the sugar man show, they are so excited that they can't wait to fill their mouths.

Fu Yunche also ran over happily, looking at her and smiling somewhat ingratiatingly.

Xiaoyuer pouted and pulled Su Nan's hand, and said aggrievedly:

"Mummy, I don't like him, why did I invite him? He pushed my sister into the water before."

He always remembered very clear.

So hostile to him.

He thought that Fu Yunche seemed to be smiling harmlessly on the surface, but he could always bully and talk behind his back.

He can't let such a person come close to talking about children.

After all, Shang Qian's daddy also instructed him to protect him and talk about it, and stay away from Fu Yunche.

Su Nan looked at the two children smiling happily, her eyes flickered slightly, she squatted down and touched Xiaoyuer's head:

"Xiaoyuer, if he really did that thing, he must be in his heart. I feel very guilty, we have to give him a chance to correct, if he didn't do it, we would have wronged him!"

Xiao Yu'er frowned, "But..."

At this moment, Fu Yunche held two A sugar man came over from there.

One of them was handed to Su Nan, and the other to Xiaoyuer.

Su Nan smiled and took it.

Xiaoyuer turned his head away and refused to accept his offer.

Fu Yunche paused, bit his lower lip, and finally looked at Su Nan and said,

"Auntie, in fact, when I was celebrating my birthday before, my mom did ask me to push my sister into the water."

He has not received much love since he was a child, and he has a habit of looking at people in his character.

So he could very keenly sense Xiao Yu'er's hostility towards him, and the accusation he said directly last time.

He was guilty of that accusation and dared not answer.

But now, he was brought over by Su Nan, looking at and saying that his sister didn't hate her at all because of that incident, and suddenly wanted to be brave once in his heart.

Don't dare to admit it once or twice, do you have to bear this guilty secret all your life?

He looked at Xiao Yu'er, then at Su Nan, and said in a deep voice,

"She wants to take the opportunity to save her sister, so she is so close to you, although I don't know why she does this, but I know she is No, but when my sister was running by the pool, I didn't push her, I was just afraid that she would fall, so I wanted to drag her.

But I didn't expect that when I touched her, my sister had already fallen, I was too late One step.

Afterwards, I found that Mommy had a lot of foam that was easy to slip on by the pool, not only talking about my sister, but also other children fell down...”

Fu Yunche’s voice became smaller and smaller. , lowering the profile picture is doing the wrong thing.

Telling this secret, I really feel that my face is red.

He knew what his mommy did, but he kept it hidden for her.

For so long, every time he sees talking about his sister, he feels guilty and uncomfortable.

He didn’t push, but it was as if he pushed.

Maybe if he said so, Aunt Su Nan and Xiao Yu’er wouldn’t believe him either.

But if he doesn’t say it, he misses the opportunity to explain it, and I don’t know if he can say it again in the future.

Su Nan looked at his expression, and his heart skipped a beat.

She knew he wasn’t a bad boy by nature, it was just the environment.

He can take the initiative to say it, indicating that this matter has always been in his heart and has been remembered for a long time.

It’s not easy.

She sighed and said softly:

“Forget it, everyone does something wrong sometimes, it’s good to know the mistake and correct it, not to mention I believe you didn’t speculate about your sister.”

He kept hiding this matter. , nothing more than because An Qi was his mommy and was the nanny beside him at that time.

He couldn’t, didn’t dare, and didn’t want to leave his mommy.

What’s wrong with this?

Su Nan looked at Xiao Yu’er, smiled and said:

“Xiao Yu’er is very brave and has been protecting and talking about her sister, so I have been remembering it for so long, but for the sake of brother Yun Che’s willingness to admit his mistakes, we will forgive him. Is he?”

Xiao Yu’er paused, then reluctantly raised her eyes to look at Fu Yun Che.

He looked at Xiao Yu’er nervously and excitedly. Xiao Yu’er hesitated for a few seconds before he nodded dully.

For the sake of his sincerity, Xiaoyuer decided not to target him again in the future.

But it is impossible for him to like this Fu Yunche.

After all, what Daddy Shang Qian said was still firmly in his heart!

Fu Yunche smiled happily, and handed over the candy man in his hand.

Xiaoyuer licked his lips and took it.

He has no resistance to sweets, and he even knows that.

Su Nan watched them reconcile and felt that the child's world was simple.

She asked Xiao Yu'er and Fu Yunche to go and talk about it together, and she sat on a chair by the door of the next store.

It happens to be an authentic tea soup shop.

It seems she hasn't had a drink for a long time.

Just ordered a drink and sat there.

As the sun sets in the west, the twilight shrouds the street, and the dim yellow vision stretches the time for a long time, making it look extraordinarily delicate and beautiful.

Sitting there, Su Nan is standout enough in itself. The indifferent temperament and stunning facial features are more like a star who came to shoot a blockbuster.

People passing by couldn't help but look sideways.

She sat there, watching the three children laughing and chattering, and couldn't help but smile.

This scene fell into the eyes of others.

The other party shrank his figure in the shadow, for fear of being seen.

Chapter 2223

Take Another Look At

this hiding figure, it was also captured by another man.

Fu Yichuan squinted and looked at the man hiding not far away.

The man was hunched over, sneaky, but his eyes were always staring in the direction of Su Nan.

Obviously, it is a bad intention, bad intentions.

He was instantly alert.

He couldn't let Su Nan suffer any more harm.

Fu Yichuan picked up the phone and asked the bodyguard to rush over.

Then he strode to Su Nan's side.

Su Nan had been lazily squinting his eyes to look at the scenery, but suddenly a person appeared in front of him.

She twisted her eyebrows, and her face was a little ugly.

Does the haunted person really not understand her meaning?

“You...”

She was just about to scold, but she was pulled up by Fu Yichuan and walked towards the center of the road.

He picked up the children who were playing over there, and then looked at the other two children, and said in a deep tone:

“Don’t play, hurry back, there is danger here.”

Su Nan was shocked, unclear so looked around: “Danger

? What danger? She didn’t

understand where the danger came from.

Although the security abroad is not as good as at home, she is not so unlucky to happen to run into it!

But there is no sign of panic everywhere, where is the danger?

Fu Yichuan tightly grasped her arm and walked out, pointing to the location where the sneaky figure was just now:

“You see...”

He just pointed out, and the original position was empty.

No one was there.

Su Nan took a look, and his face instantly cooled.

She looked at Fu Yichuan with furrowed brows:

“General Manager Fu, I refused your dinner to make you unhappy?” That’s why you came up with the idea to use this excuse to interrupt our breaks?

Fu Yichuan’s face darkened, “I’m not...”

His face was a little gloomy and impatient.

I don’t know how to explain it.

He looked struggling, and the talk of his other hand broke away from him: “Strange uncle, you hurt my arm!”

She looked up at him with tears in her eyes and accused him bluntly.

The little fish in the back rushed to catch up and took the talking hand and gently rubbed her little arm.

Fu Yunche looked at his father in shock, not knowing what was happening!

Fu Yichuan's face changed, and he released Su Nan's hand and looked at the corner of the original Tibetan.

No, it shouldn't.

He didn't shout loudly from beginning to end, didn't hit the grass to scare the snake, why did he disappear in such a short time?

"I'm not lying, just now there really was someone here who has been watching you, and I suspect he's waiting for the right moment to act."

You are alone with a small child, and you are worth a lot of money at first glance, and you are a very good object of robbery.

Luckily I'm here, otherwise there would be real danger!

Fu Yichuan stood there, explaining to her in a relaxed tone what had just happened.

Su Nan looked at him lightly and pursed his lips:

"So, I still want to thank you for saving your life because there is no danger that has occurred?"

She didn't know, when did Fu Yichuan become so shameless?

What danger?

She watched the lively scene of people coming and going, and laughed and laughed.

For such a long time, I didn't see a single riot!

Obviously, it was Fu Yichuan who was talking nonsense!

Fu Yichuan was stunned for a moment, and his face was unspeakably ugly.

She had eaten enough at her place and didn't mind one more time.

He was silent for a moment before he raised his eyes slightly:

"I know you reject me now, but you believe me once, okay?"

There seemed to be a lot of emotion, guilt, liking and deep feelings in his eyes.

But the moment Su Nan saw it, he looked away.

She pursed her lips and looked at a few children: "Forget

it, it's not too early, go back, Grandpa is still waiting to video with you!"

She touched and talked about the child's head, and the child immediately nodded.

She was tired and missed her grandfather.

Fu Yichuan opened his mouth and wanted to say something, but seeing Su Nan's obvious disbelief in his expression, he swallowed the rest of the words.

Forget it, he'll prove it to her.

Su Nan called the driver and waited on the side of the road for the driver to pick him up.

Fu Yichuan had to stand here and wait.

The two people don't speak to each other, and the atmosphere is somewhat subtle and awkward.

Fu Yunche didn't dare to say a word.

Talk about children and small fish but no matter what, share the candy man in your hand, as if different shapes of sugar people will have different tastes, the small expression is very intoxicating.

Not far away inside the glass window of a shop.

The limping men stood there, looking at their figures through the special glass.

It was as if someone had stabbed me in the heart.

Those two people, it seems, are really a good match!

At least much more suitable than my current self!

his eyes tingled, and his calm eyes were no longer without waves.

Is that life and happiness that belonged to him about to be snatched away by another man?

.....

The driver came.

Su Nan let the two children get into the car and said goodbye to Fu Yunche before they waved away.

Fu Yichuan looked at her and stopped talking:

"That private dinner, I know you won't listen to me, but I hope you can think about it, there are many dangers on the cruise, don't joke with yourself."

Su Nan looked at him, pursed his lips, and said indifferently:

"I also hope that you can think about it carefully, don't always stare at me, what I want to do or don't do, you can decide if you don't feel good."

She reached out and closed the car door, not even looking at him.

She knew she might be in a bit of a gaffe.

But she couldn't hold back.

If he knew the measure as he always did, she wouldn't mind talking to him properly.

But now, it's clear he's crossed the line.

So she didn't want to put up with him.

Tell me about the child looking at her sideways:

“Mommy, why does Uncle Strange always show up?”

Su Nan paused, looked at her, and said,

“He’s doing business here too.”

“I don’t like him, he’s like a monster when he doesn’t laugh, it’s terrible!”

Talk about the child holding two small fists on the chin, trembling.

Su Nan smiled helplessly:

“Don’t talk about others behind your back, be careful that I tell Grandpa!”

Talk about the little friend’s ghost elf’s mouth:

“Grandpa hurts me the most!”

Xiaoyu’er smiled and pinched her face, saying that the child turned his head and started to fight with him again.

Su Nan smiled and walked past the car window.

When I passed a shop not far away, I looked up sharply.

The man in the black suit, with a cane, limped out of the shop hunched over and left in the opposite direction of him.

Somehow, her chest suddenly shrank violently.

It hurts a lot.

She pressed one hand on the window glass and looked at the shadow on her back, as if shrouded in a deep dead silence, lifeless.

She jerked out, “Stop

...”

Chapter 2224

Psychological Hallordination

Su Nan didn’t know why he would react so much to a back.

But she had a gut feeling that if she didn’t stop, she would regret it.

The car braked violently.

She pushed the door out of the car and looked behind at the opposite reaction, at this time the people there did not know where they had gone!

That limping back actually left so quickly!

I felt a heavy loss in my heart.

It was as if something important had been sucked out of her.

But she couldn't understand it at all.

"Miss, what's wrong?"

Chang Li got out of the car and looked around warily, thinking that something was wrong!

Su Nan looked at the empty street, his eyes flickered slightly, and shook his head: "Nothing ."

Her tone was low, with a strong sense of loneliness.

Was it her delusion?

For a moment, I felt that the limping back was like Shang Qian?

However, Shang Qian, who pays the most attention to neat appearance, has never been embarrassed.

She returned to the car, holding her mobile phone and watching, sending out messages like stones sinking into the sea.

There was no more response.

"I miss you so much, why don't you come back?"

"Talk about hitting someone at school, I think you have to come back and criticize her!"

"I saw a man today who looked a lot like you and thought you were back!"

.....

At night.

Everyone is already asleep.

Su Nan returned to the room with a glass of milk.

She looked at the medicine in front of her, and her eyes froze slightly.

I took out the phone and called the psychiatrist.

The doctor was very responsible, even if he called late at night, he didn't have any temper:

"Miss Su, can't sleep?"

Su Nan paused, "Hmm. "You

told me the other day that you can already sleep normally, why can't you sleep today?"

Is it because of some external stimulus? Did you encounter anything today?

Su Nan listened to the doctor's gentle voice and blinked.

She suddenly wanted to talk to someone.

And an ethical psychologist is obviously a good person to talk to.

“I met someone who looked a lot like him, but it couldn’t have been him, and I thought he might be watching me somewhere.”

The psychiatrist was silent for a few minutes, and his voice became a little solemn.

“How long has this been going on?”

“Start with my coming to Country F.”

The psychologist slowly exhaled a breath:

“It may be that the environment has changed, resulting in differences and feelings of rejection in your psychology, so it will produce a sense of dependence from the heart, which is not a good thing.”

Miss Sue, you should try to blend in with the lively environment and reduce the chance of being alone, which will avoid your wild thoughts.

Su Nan responded, and her active chat with the doctor made the doctor feel very good.

At least she herself has the will to escape from the pain of inextricable wounds.

She pursed her lips, “Are you saying this is my hallucination?” If only he could be sure, what if he did show up? The

psychologist was silent for a moment before he spoke in a gentle voice:

“Miss Su, this kind of psychology may be hypothetical psychology, this person may not exist at all, but you will infuse your thoughts of Mr. Shang into an insignificant passerby, giving a strong sense of expectation.”

Then create an illusion for yourself that he may be paying attention to you, but in fact, this is only caused by your psychological reasons, is this person different from ordinary people?

Su Nan frowned slightly, and the blood coagulated slightly.

“Hmm.”

“His performance is different from ordinary, and his appearance should be different, right?”

The psychiatrist spoke exactly who she had seen today.

She answered, and the expectations that had risen in her heart gradually fell into vain.

The more accurate he is, the more false the explanation.

Is it really a person who has imagined himself?

Is it really her own reason?

She was disappointed.

Why not him?

As long as he can come back and become what it is, she can accept it!

The psychiatrist slowly explained to her the changes in her mental state.

Su Nan couldn't listen anymore.

She put down her phone and let him speak to the air by himself, and then she went to the bookcase next to her and took a bottle of red wine that had been hidden for a long time.

Then the milk from the milk cup was poured down the window, re-poured into the red wine, and drank it all.

A series of actions are done.

She felt stiff and slowly relaxed.

It was as if even the air around had become light and fluttering.

In the middle of the night, the moon stars are rare.

She looked out the window, and the tears fell without warning.

"Miss Su, don't take that medicine anymore, since it has been broken, don't let yourself rely on the drug, drink some milk and try to put yourself to sleep."

"Miss Sue, are you still listening?"

"Miss Sue?"

.....

Su Nan took a deep breath.

She wiped her tears, picked up the phone from the side, answered, and her voice was gentle and obedient, giving people a very obedient illusion:

"I know, I can't take medicine, I just drank milk, and now I'm ready to sleep..."

The psychiatrist breathed a sigh of relief:

"Okay, okay, then I'll stop bothering and hang up the phone."

"Okay."

Su Nan finished talking and hung up the phone directly.

She tilted her head back, looked out the window, and hugged herself.

At that moment, the vulnerability was extreme.

It was as if any force could break her gently.

But she didn't dare to be vulnerable in front of anyone.

She has seen Su Yifeng not sleep for several days and nights for her, and she has also seen Su Jin put down Wen Xiang, and the company Su House runs at both ends...

How could she still use her own life to toss other people's lives?

She found the WeChat page and opened Shangqian's dialog box.

Continue.

There was no response.

She typed slowly, her eyes blurred with tears:

"How can you leave me after I fall in love with you?"

How could such a gentle and humble person, such a meticulous and romantic person, do such a cruel thing?

It was he who made her full of expectations and hopes for life, and she fantasized about many of them getting old together, but she couldn't wait for this day?

The pain that comes from the heart is dense all over the body.

Obviously said that they would always be together, obviously they did not have any obstacles.

Why did it get to this point?

"I knew it would be like this, I shouldn't have been with you in the first place."

She typed this line and immediately deleted it.

Tears fell uncontrollably.

Under the influence of alcohol, her pain was doubled.

For a moment, she cried and couldn't catch her breath, but she didn't make a sound.

She swallowed the pain alone.

Shang Qian would be sad if he really saw it!

Long nights in a foreign land.

Because of the intuitive impact that the man in the suit brought to her, the kind of dead loneliness and afterimage.

The emotions that made her suppress could no longer help but explode.

Chapter 2225

The Tramp

I knew this would happen.

She would probably still be with him.

She never regretted her decision.

Even though she regretted countless times that she had been with Fu Yichuan for three years.

But every minute and every second she was with Shang Qian, she was never sad and sad.

All he brought to her was joy and happiness.

She had long since wrestled in it.

Word for word, she revised:

“I knew this would be the case, and I would have been with you sooner.”

Sent successfully, she slowly breathed a sigh of relief.

It was as if the burden had been lifted.

Find yourself an answer.

Too bad he couldn't see it.

That mobile phone, she did not go to repair, so put it in the old house.

So no one will receive her message.

But she knew, her secret, that someone would know.

She lay on the bed, her eyes open, like a lily dying, stunning and fragile.

Meanwhile.

Fu Yichuan listened to the report of his subordinates, and his face was cold:

“Didn't find it?” How could it not be found? A cripple dressed in black, about fifty or sixty years old, with a hat and a mask, is obviously not a good man, are the homeless people around him looking for it? The subordinate nodded, “We did, but we didn't find the person you described, and none of them either.”

According to you, if you are a cripple, you will not go too far, and there will certainly be people around you who can observe it.

But I went to the shops on both sides and asked, and they were sure that they really hadn't seen this person!

Fu Yichuan's face was dark and cold, as if he didn't believe in this evil at all:

“What about surveillance?” Such a big city, there will not be even a surveillance, right? The subordinate's face changed slightly:

“No, the surveillance of the location you said, was hacked a few days ago, their police station work is lazy, do not pay attention to these, have been shelved and left alone.”

As for the other monitoring, no trace was found, Mr. Fu, are you mistaken?

Fu Yichuan's face instantly turned cold and awe-inspiring:

"Do you mean I'm blind?"

The subordinate immediately lowered his head: "No.

Fu Yichuan gritted his teeth and his voice was extremely cold:

"I don't believe it, I have to find this person, I can't let Su Nan have any more danger around me."

If that person intends to track Su Nan, then he must not only have been to China Street, but also other places. Some

of his men were surprised by Fu Yichuan's fuss.

Maybe just a homeless man passing by.

However, they did not dare to resist Fu Yichuan's orders, and could only obediently nod their heads in obedience.

"Yes, Mr. Fu."

Fu Yichuan waved them away.

His face was extremely ugly.

Vague.

He had an intuition that the man's back was strange, but gave him a familiar feeling.

The familiar hostility, he felt for the first time, that the person was not good.

He had missed Su Nan's opportunity many times.

This time, whatever the danger, he would stand in her way.

.....

In the dark.

The night is thick with ink that seems to be indissoluble.

The man looked at the countless codes on the computer, his fingers tapping the keyboard quickly.

Soon.

Familiar pages silently appear again.

Those familiar contact lists.

That familiar avatar had accumulated countless red dots of unread information.

He had been afraid to look, but today he finally couldn't restrain himself.

He wanted to talk to her, hug, kiss.

But no.

So we can only look at the good memories of the past.

But when he opened it, he found that it was all Su Nan who sent him a message.

Sometimes it's the small things in life.

Sometimes it's a few simple words.

No lengthy talk.

She never liked to be long-winded, she liked to be simple.

But she was patient, from the day he disappeared, to this day.

Time is frozen on the previous second.

"How can you leave me behind after I fall in love with you?"

When the words popped out, his eyes instantly soured.

That kind of awe-inspiring pain that pierced his heart instantly sent chills to his tormented body.

Forthwith.

He looked at her "being typed..."

for a long time.

He felt she had given up.

Next second.

Her words bounced out.

"I knew it would be like this, and I would have been with you sooner."

Instantly.

He felt as if his heart had been swept away by a tornado.

She took away all her sorrow and pain.

But the tears fell uncontrollably.

It was as if something was about to burst through the chest and swell out.

That kind of real sadness is completely uncontrollable.

But it's just sadness.

How could he get back to her now?

Next.

Su Nan woke up, still in good spirits.

It seemed that the glass of wine had worked and made her sleep groggy.

Because of the time of today's private dinner, she got up early in the morning.

The makeup artist was already waiting outside.

She took a bath for herself first, and the whole person revealed a kind of amazing laziness.

Then leave the room to see what you're doing.

Su Jin called early in the morning.

Her invitation can carry two people, and she has to carry Rong Yi by Shangqian's side.

The safety system on cruise ships naturally does not need to be questioned.

The people who hosted the dinner party wouldn't be stupid enough to let the world's most important rich people perish on that cruise ship.

Not to mention that there are many people around who are secretly protecting.

So Chang Li didn't have to follow.

She went downstairs in a casual long dress, intending to have something to eat.

However, when I went down, I didn't listen to the noise of the children and the little fish, and I had some doubts.

Just off the stairs.

Yu Lou was beckoning the housekeeper to pour tea.

Watching her come down, he looked up and smiled:

"Mr. Su, are you resting?"

Su Nan was a little embarrassed and let them all wait for herself.

"You don't have to stay here all the time, if you're too bored, you can go out for a walk..."

Yu Lou smiled: "Nothing, I still have to deal with some urgent mail in China, and I'll go shopping when you go to the dinner."

By the way, the little fish's parents have come and are sitting there..."

He pointed in the direction of the living room.

Su Nan furrowed his brows, "You didn't say it earlier, it's too rude to let the family wait for so long." I knew she would have come down earlier.

Yu Lou touched his head:

"General Manager Su, they are here to pick up the little fish."

Su Nan was stunned for a moment, and then he saw two people sitting there.

Women are very beautiful and have an intellectual beauty.

The look of the man next to him is meticulous, with good facial features and good looks.

The advantages of the two people are perfectly inherited in the body of the little fish.

She seemed to be able to foresee that the appearance of the little fish would certainly not be bad in the future.

When the woman saw Su Nan, she immediately stood up, smiled and held out her hand:

“Miss Su, hello, my name is Meng Chen, this is my husband, Meng Liqin.”

Chapter 2226

His Parents

The man beside him also stood up and shook her hand.

It turned out that both people were surnamed Meng, which was also a coincidence.

Su Nan smiled and shook hands and looked around:

“What about the little fish? Doesn’t he miss you guys very much? Why not?”

Meng Chen and Meng Liqin looked at each other, and

Meng Chen pulled the corners of his mouth, pursed his lips, and said, “Last time we had a temporary incident, we sent him back, and he was angry with us,

so he refused to see us this time.”

Su Nan paused, smiled, and said

, “It’s all right, he’ll be here in a moment, he’s not someone he can’t think of.”

Meng Chen smiled and looked at her eyes with great sincerity and gratitude:

“I listened to my father, thanks to your Su family taking care of him during this time, and taking good care of him, I really don’t know how to thank you.”

Our time was really too busy, but because of the last time, Dad scolded us and had to take a day off to spend the day with the baby.

I consulted with Li Qin for several days before squeezing out the time of this day, and we wanted to accompany him everywhere, do you see it?

Su Nan was stunned and suddenly laughed:

“Don’t ask me this, of course I will not stop you from reuniting, I know that you are busy, so I will deliberately take him on this business trip, originally I also wanted you to meet.”

The little fish is big, and very clever, we like it too late, he is already our dry son, we will take good care of him, this day you can go to play, when you can send it back.

Meng Chen looked at her gratefully and nodded:

“Thank you so much, we know that we owe him too much, and we also know how much harm a child will be without the company of our parents, but we have no way.”

My life’s work and that of Lichin are here, and we can’t just walk away.

Meng Liqin’s elbow was placed on his knee and he nodded:

“Before I had the company of the old man, now we have you, we are very relieved, I hope he will not bring you trouble.”

Su Nan smiled: “No, my daughter also likes to play with him, our family has many children, very lively, this is not a trouble.”

Meng Chen looked at

Meng Liqin and smiled, and both of them looked relieved.

This is the time.

Yu Lou took the hands of two children and came out of the small living room next to them.

“Mr. Su, these two children are here.”

Su Nan looked at him appreciatively, worthy of being an assistant, and the look in his eyes was different.

Talking about the children, the children are still normal, white and tender and cute, her beautiful eyes looked at the two strangers, sweet smile:

“Uncle is good, aunt is good...”

Meng Chen saw that her heart was soft, and she was happy to hug her:

“Hello, you just talk about it, it’s so beautiful and cute, you’re the most beautiful little angel your aunt has ever seen!”

Saying that he knew that this praise was really great, he raised his chin and nodded, indicating that he agreed with his aunt’s praise.

Meng Chen turned his head to look at the little fish, just about to touch him.

The little fish hid behind, the big eyes were watery, and the white and tender face was full of grievances, which made people feel sad.

At this time, he looked at them with an unhappy face.

Meng Chen felt guilty and sad, she retracted her hand, crouched on the ground and looked at him:

“Little fish, Daddy and Mommy deliberately set aside a day to accompany you, the last time was really sorry, today will not leave you behind, where you want to play, we can accompany you.”

The little fish’s eyes were red, but they still stubbornly refused to forgive them.

It had been thrown away too much, and it had left a deep imprint on his young mind.

The sense of distrust is growing day by day, they can even deceive children, and the little fish no longer want to be close to them.

But the daddy and mommy who thought about it day and night were right in front of me.

It was a dream he couldn't dream of!

Had he missed this time, would he have to see them again for years?

The little fish's face was suddenly full of entanglements.

Tell me about the little friend pulling the little fish's arm:

"Little fish, you go, don't you miss your daddy and mommy?" They're great scientists, aren't you going to be like them too?

Meng Chen was slightly shocked.

Subconsciously, I glanced at the child and talked about it.

His eyes filled with tears in an instant.

She stood up with her mouth covered and looked at Meng Liqin:

"I always thought he hated us as scientists, Lichin."

Meng Liqin was also slightly moved, he stood up, and went over to hug the little fish:

"I'm sorry, little fish, you are the angel of Daddy and Mommy, although we don't have much time with you, but what we love most is you, today we accompany you to play, just forgive us?"

The little fish sniffled, but obediently lay on Daddy's body.

"Well..."

A child's forgiveness is as simple as that.

Because he knows that it is useless to play tantrums.

Or cherish the days with Daddy and Mommy.

He looked down and said, his heart fluttered,

"Tell me about my sister coming with me?"

Saying that the child was just about to agree, Su Nan quickly interrupted her:

"Today she can't go out, Xiaoyu'er will go with your father and mother, I am going to attend an event today, I was going to take you and talk about going together, since you can't go, then talk about always going."

Su Nan smiled, she couldn't let talk disturb their family's good opportunity to reunite.

Saying that the child tilted his head to look at Su Nan, he still nodded obediently.

“With Mommy in one.” Rise. The little fish was slightly lost.

“Well, I’ll be back soon!”

The kid nodded.

Meng Chen looked at Su Nan and said gratefully,

“Miss Su, then we will go first, and we will send it over at night, and we will ask you to continue to take care of him.”

“Rest assured, there are so many people here who can take care of our little fish.”

Meng Chen nodded and touched the face of the little fish.

Seeing that he had such a good relationship with the children, she suddenly remembered something.

“By the way, in a hurry of time, we didn’t bring any gifts, we brought gifts for the children.”

She took a book from her bag and handed it over.

Tell me about the children’s enthusiasm for receiving gifts.

As a result, the moment I saw the book, my face looked up in shock.

The beautiful big eyes were full of horror and surprise.

The little fish’s mommy, it’s really not cute!

Looking at the way the children resisted, Meng Chen looked at Su Nan in puzzlement.

Su Nan twitched the corners of her mouth and quickly took the book over:

“Thank you, although she doesn’t read much now, she especially likes to read books, and when she can understand it, she will be very happy.”

Meng Chen nodded without doubt:

“This book was picked out by Li Qin and Li Qin for a long time, and this book can be used by her from elementary school to university.”

Chapter 2227

Private Dinner

Su Nan thanked him once again and sighed in his heart.

This is probably the first blow that children have suffered.

They sent the little fish and his parents away.

Then talk about the children turning their heads and running.

I was afraid that Su Nan would stuff the book in her hand into her!

Su Nan: "..."

Yu Lou smiled at the side, "General Manager Su, then tell me about the children?"

Su Nan raised an eyebrow: "Forget

it, let her follow me, she is not small, her personality can also be controlled, it is always good to go out and know some people, so that when she speaks in kindergarten in the future, she will not be afraid of the stage."

Yu Lou smiled: "Tell me that the lady even beats people, can she still be afraid of the stage?"

Su Nan looked at him with an ugly face.

Yu Lou immediately shut up:

"I know, or Su always thinks thoughtfully, or I will immediately let people prepare to tell you about the lady's clothes."

He ran away.

Su Nan withdrew his gaze.

I put the book on the table and went to the restaurant.

Rong Yi came back from outside, the wind and dust servants, and there was something unspeakable wrong in his expression.

Su Nan didn't pay attention and greeted him:

"Assistant Rong, have you eaten?"

"Oh oh, eat Su Zong, I have eaten, you use slowly."

He walked inside in a daze, his clothes still somewhat wrinkled, and he was still wearing yesterday's coat.

This is not right for a senior assistant.

Su Nan looked at him and didn't say anything more.

Just called Yu Lou.

"What is your relationship with Rong Yi?"

"It's okay, because of your relationship, the two of us are partners at best."

Yu Lou said after thinking.

Su Nan pursed his lips: "He didn't come back last night?" Yu

Lou was shocked: "He didn't come back last night?"

Su Nan: "..."

Looking at

Su Nan's wordless gaze, Yu Lou immediately reacted:

"I... I don't know, we don't live together, I don't know if he came back yesterday, I don't know when he went out!

Su Nan glanced at Yu Lou and sighed in his heart.

I just praised his words, or take them back.

"General Manager Su, if you think he's wrong, or I'll follow you tonight, I wouldn't have trusted you to go alone."

Su Nan paused, "No, there is nothing to be worried about, if Rong Yi is a villain, Shang Qian will not stay." She

believed in Shang Qian, so she believed in Rong Yi.

Yu Lou nodded.

The maid next to her brought her bird's nest, and Su Nan stirred:

"Do you see when Assistant Rong left?"

There is always a line hanging in the heart, or it is better to figure it out.

The maid paused, "It was four o'clock in the morning, and I had just been to the bathroom.

Su Nan's hand stiffened slightly, and he nodded, and the maid honestly withdrew.

Yu Lou looked at her: "General Manager Su, do you want me to ask?"

Su Nan looked at him meaningfully:

"Assistant Yu, I think it's better to forget it, if you ask, maybe he still suspects that I am spying on him!"

Yu Lou: "..."

Su Nan sighed, "Did you go looking for flowers and ask Willow?" I haven't heard that he has any girlfriends here..."

Yu Lou: "It's unlikely that he will go out at four o'clock."

Su Nan: "Okay, go tell him the time to leave for a while and let him prepare in advance." "

Yes."

Yu Lou was a little disappointed.

Because Su Nan obviously did not want to continue to gossip with him, his interest was forced to suppress as soon as he was hooked.

Yu knocked on the door upstairs, and the person who opened the door did not have the embarrassment he imagined, but was refreshed and changed his clothes.

“Assistant Yu, is Su always looking for me?”

Rong Yi smiled at him.

Yu Lou paused and said

“When you leave in two hours, General Manager Su asked me to tell you to prepare in advance, but I see that you are ready.”

Rong Yi nodded:

“After all, this is the first time to follow General Manager Su to such an important occasion, and you can’t embarrass General Manager Su.”

“Assistant Rong’s consciousness is high, but this time you have to take Miss Talk with you, and your task is one more thing, that is, to protect her.”

Rong Yi smiled, and there was no trace of worry or fear on his face:

“Of course, there is no problem, talk about the young lady who is so well-behaved and obedient, this time it will be smooth and smooth.”

“I hope so.”

Su Nan: Talk about being well-behaved and obedient?

Are you kidding?

But with Rong Yi there, she may be able to relax.

It’s late afternoon.

Su Nan asked Chang Li to send them to the port of the cruise ship.

The port had long since been cleared and surrounded by people.

In addition to the luxury cars parked there, everyone appeared in expensive and beautiful dresses.

Su Nan did not wear any particularly stunning clothes, but just wore a long white skirt, the style was simple and generous.

compared
to those flowery dresses, it looks solemn and calm.

After all, this trip is for the right thing.

If you wear too fancy and eye-catching, it is a loss of solemnity.

Her skin color is very white, with a series of emerald jewelry, the whole person looks more noble and clear, the aura is clear, the whole person is like a low-key and rich cold lily, it is difficult to hide her own temperament.

When Su Nan got off the bus, he was on a cruise ship from another road.

They arranged two passages.

One of the safer passages was deliberately opened for private dinners and could only be used by ten people attending the dinner.

Another passage is used by other people playing in the banquet hall under the cruise.

In this way, as long as the two groups of people cannot be arranged, even if they are on the same cruise ship, they will never touch it.

The organizer's arrangement is very clever.

Su Nan and the others entered from there, and after Rong Yi took the children in, he went to the room they had arranged.

Rong Yihe said that the children basically came to play soy sauce.

Su Nan looked at this different cruise ship and couldn't help but be secretly surprised in his heart.

Not to mention how luxurious it is, the high-tech elevator and visual interface are enough to open people's eyes.

A butler-like person stood there, looked at Su Nan and smiled:

"Miss Su, welcome to the prosperous world."

Su Nan nodded, smiled and walked in.

After walking through a transparent corridor like the bottom of the sea, I turned around and saw the waiter standing there.

But the waiters are all armed with weapons, and it is clear that they are not just waiters.

And it's a bodyguard.

The butler spoke politely from behind:

"We have instructed Mr. Sheng that you are a distinguished guest, and the other guests have almost arrived, so if you have no opinion, we will go directly to the banquet?"

Su Nan nodded, "Good.

She carried her skirt and followed.

The butler opened a transparent elevator, but the scene inside and outside the elevator was like the existence of the underwater world.

She knew the cruise had set sail, but it was very secure, like a flat ground, without the slightest feeling of shaking.

Originally, because of the previous events, she had an inexplicable fear of the sea.

So when she got on the elevator, her face was a little nervous, and her breathing was a little short.

Chapter 2228

The butler noticed this place very carefully and pressed the button of the elevator a few times.

The outside of the elevator instantly turned into a desert.

There were also oases in the desert, piece by piece, as if the wind was blowing the sand, and the oncoming heat and real illusion made her slightly stunned.

I even forgot my own fear.

She raised an eyebrow in shock, "Isn't it the bottom of the sea?" Even the same scene as the underwater world just now turned out to be fake, but there was no difference. It can only be said that the high technology on this cruise ship is somewhat unexpected.

But facing the desert, she felt much better.

The butler smiled and said: "It is the seabed, we have taken high-definition pictures through the private submarine, we can see the unseen scene on the shore, it is arranged to avoid the boredom of guests when taking the elevator."

Su Nan smiled and was slightly surprised:

"So, this desert picture is also filmed?"

The butler smiled and nodded, very humbly:

"Yes, but because the distance is too far, there may be a delay of more than ten seconds, but overall, it is still relatively real, oh, and the picture of the universe was taken on a communication satellite sponsored by our general manager."

He said that the elevator had arrived.

A long red carpet is spread all the way to the golden ballroom.

The atmosphere inside is quieter, but you can hear the sound of the live symphony orchestra playing music, and it is performed from the best angle.

But that's not the point.

The housekeeper led Su Nan in, and almost all the people inside arrived.

It's not a bustle, but everyone is familiar with the greeting out of the habits of the mall.

The housekeeper stepped back with a look of relief.

As soon as Su Nan walked over, many people greeted him with a smile.

"Miss Su, I have been looking up to the great name for a long time!"

"Miss Su, it's an honor to meet you..."

Although Su Nan hadn't seen you before, she still knew about these people.

She greeted them politely and politely.

The words on the scene are always the Word.

Because there are several people who are not only famous at home but also abroad, often on Forbes' rankings, on the headlines of major magazines, and are regarded as the best in the industry.

Some are big guys in the tech industry, some are big guys in the oil industry, and some are big guys in the investment world.

The power background of the organizer should be regarded as the most inconspicuous.

The boss of Shengshi is called Shengshi, a Chinese, but he has been developing in Europe, and he has been committed to the research of new technologies.

Shengshi Group can be regarded as a small fame in the industry.

However, to be able to invite so many chaebols in the world to appear at the same time at once is probably also prepared.

He was almost in his early forties, looked calm and solemn, and his straight suit lined him with an elite style, and his speech and deeds were watertight.

But the next second.

An unexpected person actually came in behind her.

Fu Yichuan.

Su Nan didn't want to tear his face in front of everyone, but just smiled faintly and pretended not to be familiar.

Fu Yichuan hadn't heard the wind before, and he was coming.

Instead, he advised himself not to come.

Could it be that he is interested in this research project of the prosperous world?

To reduce a competitor?

Su Nan thought in his heart, and his eyes sank.

This was something that Fu Yichuan could do!

But where did his invitation come from?

She looked around and didn't see a second woman, and little Mike's aunt didn't come, could it be that she took it from her hand?

How could Fu Yichuan have anything to do with little Mike's aunt?

But now there is not much use in thinking, so I can only go back and investigate.

Fu Yichuan's suit and black pants as always, the whole human popularity is cold and powerful, and he has attracted a lot of attention as soon as he appears.

Unlike other people who care about face, no matter how rich or high their positions are, other people who look like they are polite and polite, as if they see each other and hate each other.

Fu Yichuan was different, his face was handsome and cold, and his aura was a little cold.

Probably related to previous experiences, he was not enthusiastic about other people.

And the others felt that they couldn't do anything about him.

So they could only give up and go to greet Su Nan instead.

Su Nan nodded politely and friendlyly, and there was nothing unhappy.

"Mr. Sheng, what kind of results have gathered us here, although everyone says that it is rare to gather, but they are more interested in your results!"

One of the big guys, Chen Xudong, couldn't help but open his mouth.

He is the most enthusiastic of so many people, who made his fortune in oil in South Africa, that is, he has money.

Because I was so rich, I wanted to dip in some high-tech light and make my reputation better, so I accepted the invitation to come to the dinner.

The environment of the dinner party is not said.

There are too few people.

If you let him hold it, you must let the most beautiful stars in the world come and dance.

Pity.....

Although he regretted it, it was not easy to say it to his face.

It urged Shengshi to hurry up and take the next step.

Sheng Shi smiled, but very calmly, he looked at the others, and said in a deep tone:

"Please wait a minute, there is another one who has not come."

The crowd wondered.

Chen Xudong couldn't help but speak, "Isn't

it just ten people?" Your invitation card is too much water!

Everyone heard that it was a joke and couldn't help but laugh.

The atmosphere was relaxed for a moment.

Sheng Shi also smiled and apologized very politely:

"Sorry, this is a distinguished guest I wanted to invite for a long time, but he never agreed to me, and this time I temporarily heard him coming, and I personally invited him three or four times, and he agreed."

"If we can ask Mr. Sheng to invite him personally, we are a little curious, who is this person?"

Sheng Shi smiled and did not announce it at the beginning.

“His identity is not suitable for disclosure, but I am very happy to have him in attendance.”

Su Nan furrowed his brows at the side, becoming more and more puzzled.

There are even mysterious guests.

This trip, surprise after surprise, is really unexpected.

She looked down and took a glass of champagne and tasted it slowly.

Fu Yichuan didn't know what to sit next to her, and said in a deliberately low tone,

“I'm really worried that you came.”

Su Nan's eyelids did not lift a little, and he opened his mouth faintly:

“General Manager Fu, let's pretend not to know.”

She didn't want to hear him say something about what he didn't have.

The vigilance system here is stronger than expected, and she still needs to worry?

Thoughts.

Chen Xudong also came over and smiled

,

“Miss Su, I have admired you for a long time!”

Su Nan paused slightly, and smiled politely:

“General Manager Chen, we don't know each other, do we?”

Chen Xudong did not notice Fu Yichuan next to Su Nan, and his face had already sunk.

The reason why he had to come over was that he was afraid that something would happen to her.

The second is to be afraid that other men will take advantage of it.

So he bought the invitation card of a boss who was going to come.

But I didn't expect that there were really not long-eyed people who came up.

Chen Xudong smiled:

“I don't know or don't know, but I have long wanted to know, I started my family in South Africa, South Africa, I heard that your husband used to do business there, we know each other.”

Chapter 2229

Special Guest

Su Nan froze slightly, and his smile froze.

Somewhere in the bottom of my heart it was like being touched.

“Is it?”

She hadn't heard Shang Qian mention it, and it should be unfamiliar.

But looking at Chen Xudong's appearance, the two people seem to have a very familiar relationship, and this self-familiar personality does not make people feel annoying.

But now there are fewer and fewer people who can talk to her about Shang Qian.

Therefore, for Chen Xudong, the attitude has eased up a little.

Chen Xudong sat down and said,

“Of course, but now he doesn't go often, I still miss him a lot, do you know how I know you?”

Su Nan shook her head.

“Li Suizhou, before the Li family invested in oil in South Africa, it was my shares, and then as soon as he had an accident, the Li family withdrew their shares, and I was the only one.”

Chen Xudong did not shy away from telling her about the privacy of these shopping malls.

She smiled, “Really? It turns out that you know Young Master Li?”

“It's not just about knowing, Li Suizhou is my nephew, I can't get acquainted with him anymore, but our development direction is different, I like the freedom of foreign countries, they can't let go of everything at home, there is less contact.”

Su Nan nodded knowingly.

However, what is very surprising is that the Li family is not powerful in China, but there is such a powerful relative!

I think this relationship is also quite moist.

“Did you hear that?” I heard that what I prepared for today's prosperity is not allowed in Europe, but I don't want to give it up, so I watched...”

Watching Chen Xudong and Su Nan turn their heads and ears, they talked and laughed very happily.

Fu Yichuan was cold on the side, and his gaze became darker and colder.

Staring at Chen Xudong, I was eager to stare at a hole in him.

However, Chen Xudong has always been rich and powerful, and he will not look at other people's faces.

He didn't notice that at all.

Finally.

Fu Yichuan couldn't help it, coughed heavily, and interrupted their conversation.

“Mr. Chen, I heard that your third wife is about to have a second child?”

Su Nan looked at Chen Xudong in shock:

“The third wife?”

Fu Yichuan smiled and opened his voice in a cool voice:

“South Africa is not only free, but there is no marriage law, a man can marry several wives, otherwise, Mr. Chen would not have lingered!”

I heard that the three wives can live peacefully at home, and Mr. Chen is really skilled, and he must ask for advice on another day.

Chen Xudong paused, not noticing Fu Yichuan’s hostility towards him.

But his intuitive Fu Yichuan was not a very good person.

In public, even if there are not many people, they cannot expose their private affairs in front of the ladies.

Moreover, the topic they are talking about does not involve personal emotional conditions.

This Fu Yichuan, really annoying!

He took a deep breath, maintained his polite smile, looked at Fu Yichuan and said

‘
“What, Fu Zong, you envy?”

He sighed, seemingly unintentionally showing off:

“I can’t help it, those three wives are all heart and liver babies in my place, they have to follow me, if I don’t agree with them, they will die or live, which is different from Z country.”

By the way, I heard that Mr. Fu you are divorced twice? Hahahahaha...”

Chen Xudong looked up and laughed, and Fu Yichuan’s face was even darker and more indifferent.

Su Nan, who was sitting in the middle, slowly stabilized down, with a mind to watch a good play.

The person who can make Fu Yichuan eat is still a person like Chen Xudong who has no heart and no lungs.

He didn’t want to climb any relationship just because Fu Yichuan was more powerful than him.

Chen Xudong couldn’t look at Fu Yichuan at all as a pretender.

And Fu Yichuan’s ugly face was that Su Nan had no reaction to this.

Even if she was the object of her first divorce.

I don’t think it has anything to do with her at all.

Now that she is confronted with their past, is she really able to stay out of it?

Chen Xudong did not let him go, and continued to spit on him with poisonous snakes:

“Sorry, I shouldn’t laugh at you, there is nothing wrong with Fu Zong abiding by discipline and law, but it is a pity that it is not good to deal with women, look at you like this, I am afraid that women who like you have no good end, right?”

The people you like probably don’t like you, after all, no one wants to sleep around a piece of ice every day, ah, it’s really frozen to death!

Fu Yichuan’s face was ugly and grim to the naked eye.

It was as if a terrible cold chill was shrouded in his body.

Chen Xudong continued to laugh with Su Nan as if he were invisible.

This is the time.

Sheng Shi quickly walked to the door from the other side:

“Finally, we are waiting for you!”

Su Nan subconsciously followed suit.

But the moment I saw the person coming.

Her face instantly stiffened and cold, and the blood in her body quickly coagulated.

The whole person seemed to have lost consciousness, and only felt a coldness.

The man in the wheelchair, wearing a mask and hat, wearing a proper black suit, leaned over and sat up straight, but he could faintly see that his body had been controlled to the extreme.

He was tense, trying to look decent.

That kind of persistence made her feel a pain in her heart inexplicably.

His legs were covered by pants, but it was clear that the trouser tube on his right leg was noticeably empty.

Su Nan didn’t know why, and his eyes turned red.

The rapid throbbing in her heart plunged her into a self-doubting perspective.

Is it him?

Ignoring Chen Xudong’s chatter, she immediately stood up and walked straight over to the man in the wheelchair.

Whether it was or not, she had to see for herself.

Otherwise, how could she be dead-hearted?

Shang Qian, did you come back to me?

Sheng Shi happily introduced the man in the wheelchair to the people around him.

“This is what I mean by mysterious guest, he is Li Jeff, and he is also the person who helped me in my most difficult times, and this time I can succeed, and the person I want to thank most is him, who gave me unlimited opportunities in my most difficult times.” 』

Everyone saw this man in a wheelchair and was obviously disappointed.

Just in good cultivation, did not show anything, just smiled and nodded, echoed Sheng Shi said a few words.

Su Nan was standing there, looking directly at the man in the wheelchair.

“Lijeff...”

She muttered to herself, furrowing her brows and taking a step forward.

“Do we know?”

She opened her mouth straight.

Lijeff did not answer.

Next to him, Sheng Shi said:

“Miss Su, Mr. Lijeff has been living in Canada and has not been to country Z, I am afraid that you have misunderstood, or recognized the wrong person?”

Su Nan’s face did not change in the slightest, and he looked at him seriously:

“Is it the wrong person, let us look at it and know it?” Why wear a mask and hat here, and why don’t you want to meet people? Her

tone was a little excited, and the emotions in her heart were surging up and down, and it was difficult to control.

Chapter 2230

is that he is not his

prosperous world stunned.

Watching the man in the wheelchair slowly raise his head, his eyes looked deeply at Su Nan, the darkness and depth in his eyes, with a bit of a dark and dark, completely unfamiliar breath.

But Su Nan didn’t believe it.

She stepped forward, almost rudely, and wanted to touch his mask.

But it was blocked by men.

His hands were extremely rough and scarred in varying shades.

It was completely different from the impression that Shang Qian’s slender hands like works of art were completely different.

One in the light and one in the dark.

Soon.

He put his own hand on the mask and slowly took off the mask from his face.

Su Nan's nervous heart lifted, and even his breathing was careful.

Eye-catching.

She watched him take off his mask, and his eyes didn't look away.

The face under the mask is a completely unfamiliar face.

Although the facial features on his face were clean and clean, his face was several pale, and even his lips were white, as if his body was very weak.

There was a shallow scar on his eye, but the scar had healed, but on his face it seemed to have damaged the Sven temperament of the whole face.

Su Nan was suddenly stunned.

Her hands were frozen there, not knowing whether to take them back or what.

And the Lijeff in front of him just showed a pale smile, without the slightest sense of reproach:

"I was rude, wearing a mask is really strange, just because of my body, I don't want to be watched, that's why, I'm sorry."

He nodded softly, with an unexpectedly gentle and friendly attitude.

The crowd immediately felt a lot of pity for him.

After all, a disabled person does not want to be stared at, no matter how it can be understood.

And Su Nan stood there, but he felt that he was too impulsive and too much.

Fortunately, there were not many people present, and Lijeff would not be disturbed.

Others said hello and went somewhere else.

Sheng Shi smiled and sighed

,

"Miss Su, you really don't know, do you?"

Su Nan withdrew his hand and nodded.

The heart that was lifted also fell to the bottom of the sea in an instant, sinking all the time.

She didn't want to admit it, but she didn't feel disappointed when she thought she saw hope.

Not Shang Qian, not the person in her heart.

She was completely dead-hearted.

It turned out that the psychologist was right.

It was she who projected her fantasies onto a stranger, thinking she was being watched.

In fact, it was everything she had imagined.

Tearing off the veil of all this, the man under the mask and Shang Qian judged it like two.

Strange and dark.

Shang Qian was such a gentle and sunny person, how could he look at others with such a gloomy gaze?

Li Jeff is not a businessman.

Her look of disappointment was captured.

Li Jeff's lips were slightly pale, but he smiled:

"I really don't know, it may be that Miss Su recognized the wrong person."

Su Nan looked up sharply, "How do you know my surname is Su?"

Lijeff looked at the world.

Sheng Shi immediately spoke: "Miss Su don't be surprised, I told Li Jeff, the list of invitations to this banquet is kept secret from the outside world, but out of selfishness to my friend, I can only tell him."

You are the only woman invited at this high-class dinner, and Lijeff is clear.

Su Nan frowned slightly, and Li Jeff nodded faintly.

She withdrew her gaze in disappointment.

No matter how many times he looked at Li Jeff's face, he did not have any resemblance to Shang Qian.

But I don't know why.

When he wears a mask, that familiar feeling appears.

It seems that she is demonized, and it is she who has hallucinations in her heart.

Su Nan took a deep breath and let herself show an apologetic smile:

"I'm sorry, I took the plunge."

Lijeff didn't mean to be angry, and smiled friendlyly,

"It's okay."

The atmosphere here is about to return to normal.

Fu Yichuan looked at it but walked over, his eyes full of guard and indifference:

"Is it you, are you the homeless man who is stalking Su Nan?"

Moment.

The atmosphere stiffened and froze again.

Su Nan furrowed her brows and looked at Fu Yichuan:

“Fu Zong...”

She wanted to interrupt Fu Yichuan directly.

However, Fu Yichuan, an unstable factor, has always been self-centered.

He said bluntly:

“How did you get here?” Do you still have a face that appears? The person who stalked in Chinatown yesterday must be you, I can’t read it wrong!

Fu Yichuan’s gaze was cold and cold.

A look of cold disgust.

He did not have the slightest pity for this person in a wheelchair, but subconsciously rejected this person from his heart.

Especially when he actually had an intersection with Su Nan.

Sheng Shi’s eyes flickered slightly, and he looked at Fu Yichuan with a calm look:

“Fu Zong is afraid that he has misunderstood, this is my friend.”

Li Jeff was not angry, but just looked at Fu Yichuan’s line of sight, which became dark and gloomy.

It was completely different from looking at Su Nan’s gaze.

He smiled and looked at Fu Yichuan, but there was no smile in his eyes:

“Chinese Street? I went there yesterday and met a friend, but I didn’t meet Miss Su, and I don’t know her.

Fu Yichuan gritted his teeth, and his eyebrows hid a sharp gloom.

“What are you pretending, my people have not investigated your tracks, is it not that you deliberately hid your whereabouts in order to cover up yourself?” Otherwise, why didn’t the surveillance capture you? Jeff, I don’t think it’s that simple!

Sheng Shi twisted his eyebrows, saw that the scene was not quite right, and wanted to play a round field.

But Fu Yichuan’s attitude was really too uncontrollable.

His invitations were targeted to companies and wealthy businessmen interested in the project.

But the name was not written.

The replacement of the invitation card is also his acquiescence.

Because an invitation card with an empty name is more valuable than an invitation with a name on it.

Although the Fu Group is powerful, the direction of their design is not the same as its own achievements.

Unlike the Sue Group, they already have a great foundation in the pharmaceutical module and are one of the objects he is willing to work with.

Since Fu Yichuan came, it showed that with his skills and ability, Sheng Shi would not reject a potential partner.

But if he makes a fuss, it will be very unfavorable to his banquet.

It seems that some offends against him.

It was while he was struggling.

Su Nan couldn't help but interrupt him, his face tinged with obvious impatience:

"Mr. Fu, I didn't see this gentleman in Huaren Street, I only saw your uninvited coming."

Moreover, that street does not restrict other people's travel, are you thinking too much?

In front of the others, her attitude was already very good, and she also gave a lot of face.

If it weren't for someone else's turf, she would have started cursing long ago.

This Fu Yichuan is crazy and still has to worry about himself?

Is there a brain disease?
