

Divorce 2271

Chapter 2271 Su Qi was angry

Su Qi came in from outside, looked at Su Nan's face, reached out and shook it:

"Do you remember who I am?"

He heard that her head was hit before, and he was afraid She becomes a fool.

So I've always been worried.

Su Nan blinked, "I don't remember."

Su Qi's face turned pale: "Brother Meng..." Meng

Liqin coughed and came in from outside:

"Master Su is quite fragile!"

Su Qi was taken aback.

Suddenly realized that Meng Liqin was making fun of him.

Su Qi looked at Su Nan's expression again, and saw that her smile was cunning, not at all dazed and unfamiliar.

He suddenly realized that he had been deceived!

This little liar!

"If it wasn't for seeing that you were still sick, I would have to beat you up!"

Su Qi said fiercely.

Fu Yechuan was calm on the side: "Su Yingdi has been worrying about you, but you are lucky to wake up."

Su Nan smiled and suddenly thought of something:

"Where is Chang Li?"

Su Qi pursed her lips: "Brother Chang Li Fortunately, it's just some skin trauma and lung infection. You are really dead. Most of the people who escaped before you died, so thank God you are alive."

Su Nan's mouth twitched slightly, and he looked up at Fu Yechuan:

"However, Mr. Fu, have you been here all the time?"

Fu Yechuan smiled, the smile not reaching the bottom of his eyes, with a bit of silence.

Su Qi said from the side:

"Fu always helped us a lot. If it wasn't for him, you would have been buried in the belly of the fish long ago, or you would have been drowned. He appeared in time to bring you up."

He reached out and patted Fu Yechuan on the shoulder. , looked at Su Nan and said,

“Sister, I really have to thank President Fu this time.”

Su Nan was a little surprised, looking at Fu Yechuan with a somewhat complicated look in his eyes:

“Thank you.”

She owed him more. .

She just didn’t expect that the person who saved her this time was Fu Yechuan.

Surprising, but not surprising.

Fu Yechuan pursed his lips, “No, it’s good if you can live well.”

He gave her a complicated look, then looked at his watch:

“Okay, talk to you brothers and sisters, I’ll do something nearby and come back later. Look at you.”

Su Nan nodded.

I wanted to ask the question, but I held back.

As soon as Fu Yechuan left, Su Qi realized that something was wrong.

“It’s strange, when you first came back, he guarded here almost every day. You were getting better and better during this time, but he was not so diligent.

When did Mr. Fu become so restrained and humble? Su Nan pursed his lips, “

Third brother, how could Fu Yechuan save us?”

Su Qi looked at Meng Liqin.

Meng Liqin paused:

“I was surprised too. Probably because he was afraid that our actions would fail and you would be in danger. He contacted the lifeboats and speedboats early, and also found a lot of people to salvage the nearby waters.

Our colleagues He also rescued several, thanks to him.

Miss Su, when I was down below, I really didn’t care about you, which put you in danger. I’m sorry. “

Su Nan pursed his lips and shook his head:

“At that time, everyone was too busy to take care of themselves, there was nothing to apologize for, and everyone was fine. “

Although the elevator was going up, she had a deep sense of despair in her heart.

But she also understood that it was impossible for so many people to wait for the three of them at that time.

Every second that was delayed was the life of others. I can't afford it.

Su Nan touched his arms and talked about the child's fluffy hair, and his heart subconsciously warmed up a little. The

room was quiet for a few seconds.

Su Qi couldn't help but said, "Aren't you going to ask that Li Jiefu? ? "

Talking about the child very keenly raised his head from her arms:

"It's Daddy.

There was a sharp sting in Su Nan's heart. She

looked at Su Qi and asked lightly,

"How is he?" "

Su Qi looked at her reaction, a little surprised:

"You really don't have amnesia?"

Su Nan shook her head. Meng Chen said from the side: "

Don't worry, Miss Su's indicators have recovered perfectly, our team has made a very professional judgment, and she has not lost her memory. "

Su Qi smiled and sighed:

"I saved my life, but I haven't woken up yet." " Before

he finished speaking, his tone changed, and his face almost showed signs of anger:

"I didn't tell you, how could you save that person at such a dangerous time, under conditions that are difficult to protect yourself?" Meng Chen on the

side was slightly startled, but Meng Liqin was very calm.

Su Nan paused, his face paled slightly.

Su Qi was shy about talking about the little friend, for fear of scaring her, so he could only lower his voice to express his dissatisfaction:

"Don't say that he has no relationship with us for no reason, even the closest person, you can't make fun of yourself! You Have you ever thought about the consequences?"

You were dizzy and still dragging him. At that time, Fu Yechuan went down to save people by himself. He couldn't separate your hands. He went up and down a dozen times to get you up. Almost died there.

Su Nan, do you know how scared I was when I heard them talk about this?"

Su Qi said, red blood began to appear in his eyes.

After holding back for so long, I was finally able to speak my mind.

He doesn't understand.

When Meng Chen saw this, it was not good for him to stay here with Meng Liqin.

In the past, he took the little boy who talked about it away, and left the ward with Xiaoyuer.

Close the door.

The room was quiet.

The European style makes the ward look less deserted.

Su Nan listened calmly.

It was only when he heard that Fu Yechuan almost died, his eyebrows moved slightly.

Breathe slightly.

half an hour.

Su Qi took a deep breath:

"I used to hate Fu Yechuan so much, but this time, I have to admit that without him, you people's lives would definitely not be recovered.

Su Nan, if Shang Qian's death brings you A heavy blow, if you need someone to heal your wounds.

I think he is a good choice.

He really made up for what he owed you back then."

Su Nan pursed his lips and curled the corners of his lips:

"Third brother, you are not someone who will say good things to others."

Su Qi rubbed his face:

"Because I have to admit now that Fu Yechuan can do anything to you. Life.

Whether it's Li Jiefu or other people, they have no ability to protect you. Instead of wasting time on unreliable people, I think Fu Yechuan is better.

And he has also changed a lot, talk about it.... .."

he continued.

Su Nan suddenly interrupted him:

"Third brother, Shang Qian is not dead."

Su Qi was stunned for a moment, breathing heavily:

"What did you say?"

Su Nan looked at him calmly: "Li Jiefu is Shang Qian. So don't tell him, or in front of everyone, that he is useless and has no ability to protect me, I don't want him to hear that.

We are husband and wife, and I didn't marry him because he had the ability to protect me.

They are in a mutually protective relationship, and I can protect him too, and when I'm at the bottom of the sea, that's when I want to protect him.

I can't just watch him leave me again."

Chapter 2,272 Accept or Lose

The panic brought by the earthquake has not completely disappeared.

Therefore, no matter it is Fu Yechuan or anyone else, there is no way to replace his existence.

Su Qi was still immersed in Su Nan's words just now.

It was like a blow to the head, but he didn't respond for a long time.

"Did you make a mistake as you said?"

How could Li Jiefu be Shang Qian?

They have absolutely nothing in common!

Su Nan looked at him calmly:

"Third brother, I can be sure, otherwise, I wouldn't be able to save someone from danger for a stranger."

Su Qi was silent for a long time.

I don't know how long has passed.

Su Qicai asked her in a dry voice:

"Then... what should I do? That person woke up once in the middle. Meng Liqin and the others asked him if he was willing to accept the risk test. They said that the risk assessment and test could be changed using the method of Shengshi. There is a chance to make him stand up again.

But if it fails, the lower body will be completely paralyzed.

He... he has already agreed."

Su Nan's face changed suddenly, and the corners of his lips instantly lost blood.

She subconsciously wanted to get out of bed, but her body had no strength and could not stand up, and she fell down suddenly.

Her knee hurt sharply.

For a while, cold sweat came out on her forehead.

"Little Four..."

Su Qi hurriedly went over and picked her up.

Tears suddenly accumulated in Su Nan's eyes, and the sadness was really indescribable.

When Su Qi saw it, she felt irritating.

"Little Si, we don't know his identity, and he doesn't say it. He agreed to undergo the surgery, and let us hide it from you..."

After he finished speaking, he watched Su Nan sitting there blankly, as if someone had drawn three souls and seven souls.

Su Qi touched her head, feeling distressed that she didn't know what to say.

"It's the third brother's fault, the third brother shouldn't scold you, the third brother is not optimistic about Shang Qian, this idiot!"

He choked a little.

He seemed to realize that the fact that Li Jiefu was Shang Qian was deliberately concealed by Shang Qian.

He needs a chance to succeed and stand in front of her again.

But faced, may also fail.

a long time.

Su Nan raised his head: "Where is he now?"

"I don't know, Meng Chen said that he needed to conduct experiments in secret and would not disclose it to the public, so he was sent to other places, and I'll help you find out..."

Su Qi said The voice trembled.

Su Nan grabbed Su Qi's hand suddenly, gritted his teeth, and shook his head.

"No need."

"No need?"

Su Nan twitched the corners of his mouth, revealing a specious smile, a little cold and a little sad:

"This is his choice, his life is his decision, whether he takes the risk or not, it is also him.

I can't let him be trapped in my shadow for the rest of my life because of my selfishness." "

You..."

Su Qi sighed.

His younger sister has always been sober in the world, but she is very affectionate.

Su Nan said in a low voice:

"He had countless opportunities to recognize me, but he didn't. This coward, even if he was forced to recognize me, he would not be reconciled."

“Then don’t care?”

Su Qi thought . Do in a hurry.

Li Jiefu and Shang Qian have different positions in their hearts.

Soon he came out of Su Nan’s anger for saving an innocuous person.

Su Nan pursed her lips, “It doesn’t matter, I’ll do what I need to do.”

She said, looking at Su Qi:

“Fu Yechuan is about our affairs, third brother, don’t promise too much for me, I will thank him.”

When she heard what Su Qi said just now, she seemed to be completely in line with Fu Yechuan.

Su Qi understood her words and glared at her:

“Don’t I even understand this? Don’t worry, I won’t sell you if I admire him again.”

Su Nan smiled, “Get ready to go back to China, I I don’t want to stay any longer.”

This time abroad, there are surprises and shocks.

Su Qi: “Okay.”

Su Nan’s physical condition meets the criteria for discharge.

The medical technology of Lj Group is better than that of ordinary hospitals.

So there is nothing to worry about her condition.

But before she left, she watched Meng Chen say goodbye to Xiaoyuer.

Xiaoyuer reluctantly got into Su Nan’s car.

Meng Chen looked at her: “Please, Miss Su.”

Su Nan smiled and hesitated:

“Miss Meng, I have something to ask for your help.”

“Tell me.”

“Li Jiefu is panda blood?”

“Yes.”

Su Nan: “Then do you have anything here that can prove his DNA...”

She had always wanted to bring him back and use her personal proof to expose him. camouflage.

If he doesn’t admit it, then force him to admit it.

Meng Chen frowned and looked at her suspiciously:

“Is there...”

Su Nan paused, "Forget it, it doesn't matter."

She smiled and looked at Meng Chen:

"It's nothing . Yes, we will leave here in two days, if you have time, can you come and send the little fish?"

By the way, let's have dinner together at noon, go to my place?"

Meng Chen nodded.

Su Nan turned around and walked towards the car.

She looked up.

Looking at the blue sky and white clouds, looking at the open field of vision, a group of pigeons passed by.

The light and shadow are clean and fresh.

The gloom in my heart doesn't feel much less.

never mind.

How can it be proved?

Got into the car.

Su Qi glanced at her, "President Fu invited us to have dinner at the hotel, in order to celebrate the rest of your life, will you go?"

"Go."

Su Nan replied simply.

Su Qi raised his eyebrows.

He didn't say much.

This time, Fu Yechuan saved Su Nan and so many people.

No matter how big the grievances are, they shouldn't be brooding.

This time, he was really impressed. If Fu Yechuan could get rid of the selfish relatives of the Fu family, in fact, from his own point of view, there was really not much to blame.

He and Su Nan have known each other for so long, and after the divorce, he has been obsessed with Su Nan.

Although Su Nan almost had an accident because of him many times before, but the person who can be by Su Nan's side and stand with her seems to be Fu Yechuan besides Shang Qian.

But unfortunately, Shang Qian came back.

Whether he is Li Jiefu or Shang Qian, since Su Nan has recognized him, it is impossible to pretend not to know.

Su Qi knew in his heart that this dinner was the end, not the beginning.

Fu Yechuan was hopeless.

Back to the villa.

Everyone was happy to see her.

When Su Nan's whereabouts were unknown, those servants were all anxious.

Fortunately she is back.

After Yu Lou knew that she was all right, he went back to the Su Group.

Rong Yi couldn't be here for too long, he didn't tell Su Nan or Su Qi, he arranged his own work.

That experiment at the bottom of the sea was eventually drowned in a secret that few knew.

Few people knew that this experiment existed.

Destruction is the best option.

Meng Chen and Meng Liqin also went to the villa.

It was invited by Su Nan.

Xiaoyuerhe said that the children became more naughty under Mike's care.

As soon as Su Nan came back, Mike and the others held a welcome banquet with the servants.

Rebirth after a catastrophe is something to celebrate.

She was also very surprised and happy.

But Su Qi knew that she was not so happy in her heart.

Chapter 2,273 Write Off

It's just that Su Nan hides it too well for others to see.

When she came back, she didn't say a word about Shang Qian.

Emotions don't fluctuate at all.

weird anomaly.

But he didn't need to remind him much, just smiled and asked Mike to move the wine in the cellar.

Meng Liqin also drank some of them.

Meng Chen is the happiest, probably because the group's affairs have been solved, and everyone is safe.

Su Nan's body can't drink yet, just drink a drink.

Meng Liqin was rarely playing games with little fish, Meng Chen looked at it and walked to Su Nan's side.

The look of joy on her face could not be hidden.

"Miss Su, it's really good now, we solved the prosperous world, you woke up again, you can finally breathe a sigh of relief."

Su Nan smiled, "Yes, it's really fatal, there was no accident with such an explosion?" "

Meng Chen explained in a low voice:

I heard Qin and Xu Chen say that the destruction device below them is actually not so powerful, and it is not a physical explosion. Just for self-provoking destruction, it belongs to miniature explosions.

I'm afraid that Shengshi is worried that once this device is activated, he can't run out, so he prepared a scare and destruction of corpses in advance.

We sent people to investigate later, and the nearby sea area was affected, but it did not cause a large range of bad effects, and the damage was not large. "

Su Nan's eyelashes trembled slightly, it turned out to be like this.

No wonder the line of life and death is so calm.

"That prosperous world..."

He didn't come up, and in the end he didn't know how, he was shot, and he couldn't run out..."

Meng Chen said to himself.

Su Nan calmly hooked his lips.

That's good.

The banquet was still lively, and they also videoted with Su Yifeng in China.

Although Su Yifeng looked a little tired, he couldn't hide his excitement and happiness at all.

It was already late at night in China, and Su Nan didn't want to disturb his sleep, so he let him go to rest without saying a few words.

at night.

According to the location invited by Fu Yechuan, Su Nan changed his clothes and went to the banquet.

But she was alone.

Fu Yechuan's taste has always been online.

He booked a restaurant overlooking half the city and chartered an entire floor.

Under the swaying lights, those gilded lights sprinkled on the ground, and there was a very ethereal and extravagant dream.

Looking at the hazy night outside the window can instantly surprise people's hearts.

When Su Nan arrived, he looked at the figure by the window, tall as a loose, and half of his whole body was hidden in the dark, noble and strong, just like the person back then.

She walked over and sat down.

Fu Yechuan heard the movement, looked back at her, and fixed his gaze.

He sighed softly, and when he came out of the darkness, his handsome and indifferent face was revealed.

“Better health?”

“Much better.”

Su Nan spoke calmly.

Fu Yechuan looked at her, and his voice was a little calm:

“What’s next?”

His eyes were pitch black and his expression was indifferent, as if he couldn’t see what was going on in his heart.

Su Nan glanced out the window and took a deep breath:

“I’m going home.”

“And what?”

“What do you mean?”

Fu Yechuan pursed his lips and watched her speak:

“That Lijeff, aren’t you going to go to him?”

Su Nan’s eyes flashed slightly, and he was slightly surprised when he looked up at him.

Fu Yechuan lowered his eyes, and the corners of his mouth hooked a little, as if he was laughing at himself: **<b1102</b1102> translate=“no”>**

You guessed, I guessed it too. I hated that person all along, I don’t know why, but I didn’t know why until that day.

When I went to rescue you, I didn’t want to go ashore alive, but when I watched you drag that person and didn’t think about going ashore alive, I began to doubt.

You are not the Virgin to the point where you can spare your life for anyone, and neither am I.

So after I brought you up, I had someone do an appraisal. “

Speaking of this, Fu Yechuan’s voice was slightly stifled.

It seems to be extremely painful, and I have to endure it, if nothing happens.

He tensed and stiffened at her, his eyes seemed to be bloodshot:

Su Nan, I thought I would have a chance if he died, But he's back, what should I do? "

When he said the last few words, his voice seemed to have an imperceptible tremor and fragility.

Su Nan had never seen it.

She looked at him abruptly for a few seconds before she spoke lightly: <</b1124>b1124 translate="no">

I have never given you a chance, and I have long advised you to give up, Fu Yechuan, We're long gone, and you don't have to trap yourself in the original unwillingness.

Whether it's him or not, whether he's alive or not, I'm not going to change my choice.

You saved us, so grateful, I know you lack nothing, you put a condition, if I can do it. "

She knew her words were cruel to him.

But if the heart is not hard, how can you let him die?

Fu Yechuan has done enough on her.

Good and bad are accepted, and all are gone.

He should have his own life.

not whose spare tire.

She can't be ungrateful.

She could only ask him to put forward a mutually acceptable condition.

Fu Yechuan stared at her for a long time in the dark.

The person who looked at him with adoration and fondness seemed to gradually blur.

Su Nan in front of him has a good face, bright and indifferent, slender eyes and tails, and has long lost his deliberate meekness.

She seems to be an existence that does not belong to anyone.

solitary and cold.

Fu Yechuan's voice is a little low:

condition? Will you say yes? "

He looked at her as if his condition would always be that one.

You come back to me, or, leave him.

But he knew that the moment he said it, the woman in front of him would leave here without any remorse.

She couldn't.

So it was only he who compromised.

Without waiting for Su Nan to speak, he raised his head again, and there was a certain light flashing in the dim light: <b1172</b1172> translate="no">

You can do it, Su Nan, I want you, Stop hating me. ”

Su Nan raised his head slightly.

There was a bit of surprise in the delicate eyebrows.

He chuckled, his voice deep with a bitterness that could not be dissolved:

Chapter 2274 He was reluctant to let

the waiter come over and asked politely,

“You two, do you need to order?”

Su Nan smiled, “No.” The

waiter politely exited the stage.

Fu Yechuan didn’t seem to care whether she would stay for dinner.

Because I never expected it.

Su Nan glanced at him: “If it’s all right, I’m going back.”

Fu Yechuan looked quietly in a certain direction, and after a few seconds he said,

“Why don’t you go to him?”

Su Nan pursed his lips and took a deep breath. Tone:

“I have looked for him many times, this time I want to wait for him to come to me.”

“Aren’t you afraid of his death?”

Fu Yechuan asked back.

Su Nan: “He won’t be willing to die.”

He still has so many precious things, he said, how could he be willing to die with her and his family?

Saying that, she stood up.

She had almost everything to say.

Fu Yechuan should understand.

Fu Yechuan looked at her with a bit of forbearance in his eyes:

“Su Nan, if he hadn’t appeared...”

Su Nan paused and interrupted him:

“No.”

Fu Yechuan was silent.

She knew what he wanted to ask.

She answered what he didn't want to hear.

If he hadn't appeared in the first place, would it have been possible between us?

Can we be together now without hindrance?

Su Nan: No.

Even without Shang Qian, they wouldn't be together.

A marriage that has failed once is not worth trying a second time.

If you don't love it, you don't love it, there's no reason for it.

She left with a slender figure on her back.

He looked at her back and his eyes were wet.

Do you say he is willing?

of course not.

Almost, as long as Shang Qian died, he could have her.

But who would have thought that Li Jiefu was the haunted Shang Qian?

When he did the appraisal on a whim, he didn't even know why he had such absurd thoughts?

But what's even more surprising is that this is a ridiculous fact!

All the things he was proud of at the time were all big dreams come to nothing.

in the dark.

The dim light flows quietly.

The environment of the whole restaurant is quiet and silent.

The carefully prepared things did not let her take a second look.

Not to mention his heart that has long been riddled with holes?

Just as the waiter was going to see what Fu Yechuan needed, he saw him covering his face with one hand, his shoulders trembling slightly, as if he was crying...

Su Nan returned to the villa.

When she was alone in the room, her heart gradually calmed down.

It turned out that Fu Yechuan had already been one step ahead of her and confirmed the answer she wanted to know.

It seems that there is no need to go to Meng Chen to ask for something.

She looked out the window, Shang Qian was not dead, it was always good.

Tears fell unknowingly, as if forbearance had reached a certain level, and it was really impossible to continue.

When I'm alone, I always think of the saddest things.

Will he be safe?

she does not know.

But she knew that even if he was forced to bring him back, he would not recognize her as Shang Qian.

Early the next morning.

Su Nan and his party got on the departing plane and returned to China.

Su Yifeng was so excited that he wanted to pick him up at the airport in person, but Wen Xiang and Su Jin persuaded him to stop him.

If the lineup is too large, it can easily make headlines.

Su Nan left the airport in a low-key manner and got into the car home.

Su Qi relaxed on the chair and sighed happily:

"I'm finally back, how long has I been away from my baby, and she doesn't miss me?"

Wen Xiang smiled in the co-pilot and looked back at him:

"I know I'll be waiting for you at home. She was supposed to come to pick you up, but there is a temporary emergency. She wants to call back, but you can see each other soon."

Su Qi grinned and said,

"It's okay, I can do it. I understand."

Although this big-hearted actor Su did not mind the question of who is more important to Ning and his work.

But then it felt boring again.

How could he, a living man, be jealous of his work?

It's so out of taste!

The driver was driving in front, without seeing Chang Li's shadow.

Su Nan paused, looked at Su Jin and said:

"Is Chang Li okay?"

Su Jin smiled relaxedly: "It's okay, he just needs a good rest now, Dad has arranged for him to fish with him at home, Chang Li's physical fitness is good, much better than you. "

Su Nan smiled, slightly relieved.

She knew that if she hadn't dragged Shang Qian by herself, she probably wouldn't have been injured so badly and had been in a coma for so long.

She didn't notice Chang Li at that time, and she was already blaming herself.

But fortunately, everyone is fine.

Talking about the little child who was on the plane all the way, and was still awake from sleep, Xiaoyuer touched her little hand from time to time, and then touched her little face.

Enjoy yourself.

Arrived at Su's house.

It can be seen that the housekeeper has carefully cleaned it up, it is clean and refreshing, and the air is filled with the familiar fragrance of flowers.

I didn't notice it at first, but compared with foreign villas, it suddenly seemed more intimate.

Tell the child to wake up after getting out of the car.

With a happy smile on his face, he flung his two short legs and ran in desperately, not afraid of falling at all.

"Grandpa..."

Su Yifeng stood there tall and tall, although his eyes were a bit old and tired, but his body changed with the quality of the children.

Now that the family is reunited, his body has not consciously recovered its strength.

Looking at the talkative children running over in vain and tender, all the troubles are gone.

He bent down a little, and hugged the little boy,

"My eldest grandson, do you miss my grandpa?" The

little boy nodded happily.

Su Nan walked over with a smile. Although her face was still pale, she also looked ruddy, but she was weaker than before going abroad.

"Dad, I'm back..."

She stretched out her hand.

Su Yifeng looked at her a few times, and sighed helplessly:

"You want me to tell you what you are."

After he finished speaking, he hugged the talking child and turned into the living room.

Su Nan's eyes were slightly sour.

Ning Zhi heard the voice and ran out and hugged her happily:

"That's great, if you don't come back, I'm going to find you."

Su Nan smiled, "Look for me or the third brother?"

"Of course I'm looking for you."

"I'm still here..."

Su Qi whispered.

Ning Zhi smiled and looked at Su Nan: "That's you too."

Su Qi angrily pouted and picked up Xiao Yu'er, and said earnestly:

"Look at how unconscience women are, it's been so long. Don't miss me at all!"

Xiaoyuer eagerly wanted to talk about the children entering, but was stopped by Su Qi, he poked his little hand aggrievedly:

"You should listen to the girl's words the other way around..."

Su Qi I was stunned for a while, and suddenly felt that I was crushed by the emotional intelligence of a child.

Su Nan couldn't help laughing:

"Third brother, put down Xiaoyuer quickly, he wants to go in and talk to him."

Su Qi put it down reluctantly, and Xiaoyuer ran away in a blink of an eye. .

Ning Zhi ignored him, lowered his head and said softly to Su Nan:

"The old man is worried about you every day, go and coax..."

Chapter 2275 The blind date decision

Su Nan smiled, and then walked in.

Su Qi hugged Ning Zhi from behind, and happily circled:

"Got it..."

Ning Zhi gave him a push and smiled:

"You are dragging a little boy abroad with you . The girl's hand shopping is still in the headlines, don't think it's over!"

Su Qi was stunned, and suddenly reacted:

“You’re wrong, isn’t that what you said, as soon as she entered the mall, she followed up with her own house, no I can’t buy it...”

Even so, she was portrayed as Su Qi’s illegitimate daughter by many paparazzi.

However, Du Yan quickly cut off such news in some way.

Unexpectedly, Ning Zhi also paid attention to it.

This shows that she has been following his news!

Su Qi smiled and leaned up to joke:

“Next time I hold your hand, don’t be jealous!”

Su Nan looked at Su Yifeng who was sitting in the living room with a cold expression.

Su Jin and Su Qi obviously didn’t want to help.

She could only walk over by herself, hug Su Yifeng’s neck from behind, and said softly,

“Dad, let you worry, you must be so worried that you won’t be able to sleep, you see you’ve aged several decades these days.” Before

he could finish speaking, Su Yifeng stood up angrily:

“Go go, are you trying to piss me off?”

Su Nan looked at him with a smile, “Then if I say I’m young Is it too fake to be a few dozen years old?”

Su Yifeng gritted his teeth secretly, his own daughter, can’t be angry!

Everyone happily ate together.

Su Yifeng’s face was obviously full of energy, and Su Nan was full of praise for the stew’s uncle’s soup.

I didn’t think so before.

But since I went abroad to eat for a while, I felt the difference.

There is a famous Michelin chef over there, and the Chinese food is average.

It’s just that Su Nan is not too picky.

Su Yifeng saw that everyone was having a good time, he put down his chopsticks and coughed seriously.

Everyone looked at him:

“Dad, if you have something to say, say it!”

Su Qi asked.

Su Yifeng looked at Su Nan, without any room for negotiation:

“Shang Qian’s departure is not too short. After this period of experience, you shouldn’t be so painful, right?”

Su Nan didn’t understand what he meant, but clicked nod.

This is true.

But not because time has smoothed everything out.

But...

she can’t tell Su Yifeng yet.

Because there is no absolute certainty, she can’t let her family follow him to worry about him.

Su Yifeng looked at her and said in a deep voice,

“So, there is a Shibo’s son who has just returned to China recently. I think it’s not bad. You can’t always be alone, and you must learn to socialize with others as before. Well...”

Su Qi couldn’t help twitching the corners of his mouth and asked,

“Are you going to let her go on a blind date? Dad, we are too tacky, aren’t we all free love?”

Su Yifeng’s words were named by him. In essence, some unexpected embarrassment:

“Look at the circle of people who don’t know each other on a blind date. Like our family’s free love, it’s very rare.

Besides, I didn’t say I believe it

.

“If you don’t agree, I’ll turn my face!”

Su Yifeng’s expression was no joke.

Su Nan saw it.

Su Yifeng intends to add some catalysts to her life, which is better than staying the same.

But if she agreed, she would be in a difficult position.

After a few seconds.

Su Yifeng found a step for each other:

“Of course, I didn’t force you to fall in love with others. I just admire Shibo’s son. He just returned to China and plans to find a job. He is not in his own company. Just let him go to the group and follow you.”

Su Jin raised his eyebrows and realized something.

Su Yifeng’s move is really high!

Let Su Nan not even have a chance to refuse.

The key is that even if you don't like it, you can't drive people away.

This is to lengthen the front and plan to fight for a long time!

Su Nan knew that during this period of time when he was in a coma, Su Yifeng was worried and uncomfortable all day long.

If she refuses at this time, I am afraid it will not be so easy to recover.

She smiled and nodded:

"Okay, I will take good care of it."

Su Yifeng breathed a sigh of relief, a smile immediately appeared on his face, as if he had lifted a heavy burden.

But to everyone's surprise, Su Nan didn't plan to go to work in the near future.

She took a long vacation on the grounds that she was not feeling well.

Then he took the talking child and Xiaoyuer back to the apartment to live in.

Xiaoyuer has to go to school, and it is heavier than the classwork mentioned, but they can take care of each other in school.

After Su Nan moved out, she felt much more relaxed.

The nanny who had previously stayed at the apartment watched them return and was clearly delighted.

After all, living alone in such a big apartment and cleaning it every day, there is no one who can praise and comment, and it is very boring.

Fortunately, Talking and Xiaoyuer's ability to adapt is very strong, and Ningzhi lived here with her for the first few days.

But seeing that Su Qi was about to come over, Su Nan immediately drove the people away.

She came out looking for Qingjing, and when Su Qi came, there was nothing interesting.

When Su Nan was alone, sitting at home and watching the scenery, he felt that the vacant position in his heart seemed useless and so sad.

Maybe there is hope.

She took a sip of coffee, and after a while, she heard the doorbell ring.

Aunt Zhao came over and said with a smile:

"Miss, people outside said that it was your assistant who came to deliver the documents to you."

Su Nan paused, "Okay, let him in."

She was in a good mood, I didn't expect Yu Lou to be so diligent, it seems it's time to give him a raise!

She is also bored at home herself.

But he just didn't want to go to the company to meet the people arranged by Su Yifeng.

It's time to hide for a while!

Aunt Zhao came in with the people behind her, and said with a smile,

"Please sit down, do you use coffee or tea?"

"Coffee is fine, thank you."

Su Nan's hand holding the coffee paused slightly.

Hearing the unfamiliar voice seemed to make her vigilant in an instant, and she was no longer in the mood to appreciate the scenery outside.

She looked back and saw that the other party was tall and thin, with a handsome and sunny face, with a kind of vitality that was just out of the campus.

Very tolerant... brother.

She narrowed her eyes, her mood sank instantly, and she seemed to know who the person in front of her was.

With a restrained smile that he wanted to get closer to her, he took a step forward:

"Miss Su, I'm your new assistant, Song Zhihe, I don't have an English name, you can call me Zhihe."

Su Nan blinked . , repeatedly making herself useless to show a weird look, but she slightly hooked her lips:

"Xiao Song, why are you here? Yu Lou, he will be lazy."

She thought to herself, Yu Lou raised her salary. thing, forget it.

For the title of Xiao Song, Song Zhihe paused, his face obviously stiff.

What a habit of old cadres!

Chapter 2276 was taught a lesson

, but fortunately, his psychological quality was excellent, and he soon raised a smile and grinned:

"Assistant Yu is dealing with important things in the company, I volunteered to run errands. Yes, because I really want to have a formal meeting with you, Miss Su, please forgive me if I offend you."

Su Nan raised his eyebrows, this person's words made people feel very comfortable.

Not so much calculation and connotation.

It sounds so innocent.

She smiled, "You're welcome, I heard from my father, you are Shibo's son, I don't know which family's brother it is?"

“My cousin is Shen Liang, which is actually a coincidence. I planned to go there. My cousin’s company, but he suddenly withdrew his business from City A, and I was in vain, but fortunately Uncle Su and Miss Su are still willing to take me in.”

Su Nan paused slightly and looked up at him:

“Shen Liang... ..”

When Qin Yu left, he gave up the territory of City A not long after.

Originally, if Shen Liang’s plan and ability were followed, he could gain a firm foothold in City A in less than five years, and develop a force that should not be underestimated.

But Qin Yu’s departure was a big blow to him, so big that if he didn’t leave this sad place, he probably wouldn’t be able to live.

So he gave up this opportunity and left City A.

They are known by common people.

They never kept in touch, also for fear of causing each other’s pain.

So when she heard Song Zhihe introduce that she was not shy about saying that his cousin was Shen Liang, she subconsciously thought of Qin Yu.

The kind of past that was hidden in the bottom of my heart was extremely unwilling to face, was evoked by the slightest pain.

The dense crowds attacked together, making her face slightly pale.

Song Zhihe didn’t know that so many things happened between them, there were so many involvements.

He said in a clear voice,

“Miss Su, you don’t have to take care of me specially, just treat me as an ordinary assistant. I came here to study, it’s not too special.”

Su Nan was choked.

Paused for a few seconds.

The depression in her heart faded, and she looked at him with complicated eyes:

“It’s good for you to have this consciousness.”

She was originally an assistant, did she think she planned to treat him as her ancestor?

Even if Shen Liang came, it would be impossible to find any sense of superiority here!

What a naive child!

But this way, Su Nan changed his mind.

This guy doesn’t seem to have anything on his mind other than work, let alone a blind date.

He didn't mean it at all, the weirdness all over his body was his identity.

But she has accepted.

It doesn't seem to be that annoying either.

Su Nan lowered his eyes:

"Xiao Song, just ask Assistant Yu about what you want to do, and he will arrange it for you."

"Then Mr. Su, when are you going to work?"

Su Nan paused: "What?"

"You have been on vacation for a long time. You have been on vacation for several months this year. How can the big boss of a listed company be so relaxed and comfortable. I think our company has lost a little sense of crisis.

For example, you hand over your work at will. Below, I never thought that if the people below turned against the water, would it be too late for you to cry?

Miss Su, although I have heard of your abilities abroad, you who grew up in a greenhouse do not know the dangers of the world! "

Su Nan raised his eyes and looked at Song Zhihe who was in front of him, teaching her incessantly!

That's right.

Teaching her. It

was the first time she was taught a lesson by a subordinate, and she was a subordinate who just went to work. The

key point is that what he said seems to make sense. What

he said. Su Nan was beginning to feel a little ashamed.

This time off, suddenly he was not so happy and comfortable.

Su Nan's heart flashed a few differences.

Looking at the serious person who didn't realize his identity, she coughed heavily and interrupted.

"Song Zhihe, what do you know, it's all business technology, you're still too young, there's a lot to learn, don't point fingers at me, the group has its own rules and regulations .

I'm the leader of the group, what's the point of being in this position if I'm not even free to take vacations? Song

Zhihe expressed his dissatisfaction with her sloppy attitude.

However, due to her status, it is not easy to continue talking.

He sighed helplessly, as if he had a sense of benevolence and righteousness:

“Well, I should say it anyway. It’s all said! Su Nan took the document speechlessly, signed his name, and handed it to him:

“In the future, let Assistant Yu do this kind of errand work, you are not suitable. “

At least Yu Lou came, it won’t affect her mood.

It’s really bad.

Song Zhihe took the documents and left, expressing his satisfaction with the meeting.

Su Nan sneered.

Coffee is tasteless.

I had agreed with Fu Yechuan before, and when I went to pick them up, they would take Fu Yunche with them when they got out of school.

Since he had helped and saved himself, there was no reason to go back on his word.

When she went, Su Lin was reading as always.

Fu Yunche revolved around talking about the children, Xiao Yuer’s expression was speechless and disgusting, and from time to time he drew his attention to himself.

The teacher enthusiastically asked them to leave with Su Nan.

Talking about the children naturally holding Su Nan’s hand, Xiao Yu’er was about to go to the other side to hold Su Nan’s hand, and saw that Fu Yunche had passed by.

He paused, his eyes turned slightly, and he ran to the other side of the talking child, holding the hand of the talking child.

Talking about the kid being dumped and dumped...

Su Nan directly sent the person to the company, asked Su Lin and Fu Yunche to stay, and then left with Xiao Yuer and Xiaoyuer.

When passing by the office, he was watching the new Song Zhihe come out of his office.

strangeness.

He wasn’t there, what did he do in there?

Just as Su Nan was about to say something, he saw Yu Lou getting off the elevator, and he happened to see Su Nan.

“President Su, are you coming to the company today?”

Su Nan pursed her lips and nodded.

Talking about the little friend who went over and pulled his hand sweetly:

“Hello, Uncle Yu Lou.”

“Hello, Miss Shang.”

“Can you buy me ice cream?”

Yu Lou: “...”

Why give Is he having trouble?

Yu Lou looked at Su Nan inquiringly, Su Nan glanced at the excited talk and Xiaoyuer:

“I’m going home soon, it’s time to eat ice cream now.”

She touched Xiaoyuer’s head :

“Take my sister to the lounge to play for a while, godmother to deal with some things.”

Xiaoyuer simply nodded, pulled the little girl and left.

They have come many times in the company, and the route is still very familiar.

Su Nan turned around and went to his office, and Yu Lou immediately followed.

Seeing her face was wrong, Yu Lou couldn’t tell what was wrong.

“Mr. Su, what’s the matter?”

“How’s Song Zhihe doing recently?”

Yu Lou paused, looking at her with complicated eyes, hesitating and not knowing what to say.

Su Nan frowned:

“Can’t talk anymore?”

Chapter 2277 Taking the initiative to resign

Yu Lou saw that she was angry, and immediately said:

“No, President Su, Song Zhihe is just a novice in the workplace. He just came out of the ivory tower of the school and is very curious about everything. I want to learn everything, and you are not here, so I don’t know how to settle down?”

Su Nan glanced at him:

“He left my office just now, what did he do in the office?”

Yu Lou was slightly surprised: “ I told him not to enter and leave your office casually!”

Su Nan looked at him silently and said nothing.

Yu Lou pursed his lips and stood up immediately:

“I’ll go to the surveillance.”

He was really careless.

In the past, Su Nan's office was not accessible to anyone.

He only comes when there is something to come in to get the documents, not to mention that everyone else knows the rules.

This Song Zhihe ran in rashly, and was caught by Su Nan.

If any confidential documents are really taken away, no one can bear the consequences.

Yu Lou got the surveillance camera, and his expression relaxed a bit.

He put it in front of Su Nan and said with a smile,

"This Song Zhihe came in to water the flowers. Maybe he saw that your flowers haven't been watered for a few days. That's quite sensible."

Su Nan took a look. In the video, Song Zhihe happily holds a spray bottle and puts on gloves, watering the flowers in her office one by one, and whistling.

It looked like he was in a good mood.

After watering, he went out.

A false alarm.

Su Nan frowned, this Song Zhihe didn't look like a normal person no matter what.

If only I could get him away.

was thinking.

Yu Lou looked at her with a bit of gossip:

"President Su, this Song Zhihe said he was your blind date, is that true?"

Su Nan was shocked, his eyelids jumped, and his face was abnormal. Ugly:

"What nonsense?"

"He said it himself, this kid is open-mouthed, I have told him not to spread this kind of thing out!"

Su Nan took a deep breath.

This Song Zhihe really doesn't understand the rules.

They all say that his younger brother is cute, but he is not as sensible as those little fresh meats from before!

She gritted her teeth: "Oh, I'll start work tomorrow, this Song Zhihe, just let him retreat."

Yu Lou paused, and instantly understood:

"You want him to leave by himself?"

"Of course, can I let the person that my dad shove over directly let him go? Of course, be polite."

Especially this person doesn't understand the rules, and it is particularly annoying to stay by his side.

Su Nan thought, and she made up her mind, she stood up: "Okay, let's go here, I have to go back."

Yu Lou nodded: "Then go slowly."

Su Nan: "Let Song Zhihe later Just follow me and do some chores."

"Understood."

When he was upset, he would naturally leave.

Where to study is not to learn, but to come here?

As long as he leaves, Su Yifeng will temporarily dispel his thoughts.

the next day.

Su Nan arrived at the company and held a meeting with people from various departments.

Prepare materials in the building and ask Song Zhihe to deliver coffee.

Song Zhihe meticulously prepared an English coffee for the morning, and delivered it to the conference room in a delightful manner.

He paid special attention to Su Nan's evaluation of coffee.

But she didn't pick it up at all, and the people below tasted it at will, and suddenly looked bitter, wishing to spit it out.

Few of the people below were satisfied with this morning's coffee.

Song Zhihe's face turned grey.

By the end of the meeting, Su Nan packed up and glanced at Song Zhihe:

"Come in for a cup of coffee."

Song Zhihe nodded in high spirits.

Then he ran to the tea room to fiddle for almost half an hour, and then went to Su Nan's office with steaming coffee.

The rest of the Secretariat could not help but sigh.

He said to Yu Lou, who came to arrange the work beside him:

"Secretary Yu, you really don't plan to tell him that the heads of various departments like the taste of coffee? Assistant Song is dedicated to brewing coffee according to his own taste, and I have heard several supervisors talking about the taste of coffee. I have an opinion on this morning's coffee."

Yu Lou raised his eyebrows: "Really? Why didn't I hear it?"

Finished speaking.

Watching Song Zhihe come out of Su Nan's office in despair, still holding the cup of coffee, looking suspicious of life.

Then he made coffee in the tea room...

Yu Lou shook his head and went back to do his own thing.

At noon, I had an appointment with a client for dinner.

The client was also an old acquaintance, and Su Nan asked Song Zhihe to set a position.

But unfortunately, when we got to the place to eat, the old customers couldn't come because of temporary business.

Apologize to Su Nan repeatedly.

Su Nan understood what was going on in her family and didn't say much.

Song Zhihe heard the customer's missed appointment in the car, and paused, "Mr. Su, shall we still eat?"

We?

Su Nan glanced at him and suppressed his emotions: "Eat, after all, I'm hungry too."

Song Zhihe happily got out of the car:

"Very good, this restaurant is a newly opened French-style western restaurant, and the online rating is very high. Yes, and there is a limit of ten a day, I managed to make an appointment."

Su Nan sighed, then pushed the door open.

Looking at a simple "S" logo above, no other superfluous names.

She followed Song Zhihe in. The environment inside was quiet and elegant, blocked by multiple screens, and she could hear the sound of water flowing slowly inside.

"Hello, is that Miss Su?"

Su Nan nodded.

The waiter smiled and said, "This way, please."

Su Nan glanced at Song Zhihe, the young man had already followed her one step ahead, and he was very familiar with it.

She had some doubts that it was him who invited him for this meal.

Su Nan couldn't help but rolled his eyes and followed.

Song Zhihe sat opposite her and handed the menu to Su Nan:

"Mr. Su, what would you like to eat?"

Su Nan glanced at it. The names of the dishes on the menu were ordinary, no different from those in other restaurants.

I randomly chose a few of my favorite dishes in country F and gave them back to Song Zhihe.

Song Zhihe was not polite, and added three dishes.

After the waiter left.

Song Zhihe looked around and said with a smile:

“It’s really good, you can still eat authentic F country dishes here, by the way, I ordered a boneless chicken feet as a snack after dinner. I heard that it’s from country F. The new dishes that have just been launched are very popular among the Chinese.”

Su Nan paused and looked up at him:

“Isn’t it all made by the old lady?”

Song Zhihe paused and looked at her with indescribable words.

It seems to be accusing her of her incomprehensible amorous feelings!

Su Nan smiled lightly, not feeling happy in her heart.

The waiter brought the hourglass, and Su Nan didn’t care about these little tricks anymore.

Right now, I just want to hurry up and go back to the company.

She had to invite her assistant to dinner for no reason, and Song Zhihe also had peace of mind.

She really couldn’t handle it.

With one hand on her face, she looked at the small landscape fountain in the yard, and the sound was as crisp as a bell.

The pavilions, corridors and waterside pavilions are not like F-style, but they look pleasing to the eye.

The facial features were bright and graceful, which made Song Zhihe startled for a moment.

He coughed.

“that.....”

The 2278th chapter refused to admit that

Su Nan didn’t move, and replied, “Speak.” The

scenery was better than his.

Song Zhihe: “Uncle Su said that he arranged me with you, but he actually wanted us to have a blind date!”

Su Nan blinked and gritted his teeth:

“No such thing, why didn’t I hear about it, he told me that When you ask me to take care of you, I didn’t say anything else, besides, I even have a daughter, you won’t listen to your elders so pedantically, will you?”

She said everything.

Song Zhihe paused slightly.

His face turned red involuntarily, and he peeked at her indifferent face:

“Of course I don’t, but whether you marry or not, and whether you have children or not are two different things.”

Su Nan finally looked at him sternly.

Song Zhihe: “If we like each other, I don’t mind how many children you have, and I don’t mind if you are one year older than me.”

Su Nan blinked: “I mind, I don’t like being younger than me.”

Song Zhihe was still a little disappointed: “Oh.” The

waiter just served the food, and Su Nan saw some unexpected surprises in the dishes, and his appetite was greatly increased.

She ignored Song Zhihe and ate her own food directly.

When she entered, she suddenly froze slightly.

This taste is very similar to the taste of the western restaurant she used to go to when she was studying at university in country F.

But in country Z, only one person can make a similar taste.

At that time, Shang Qian particularly liked to study cooking skills. After listening to her describe the taste of the western restaurant, she even specially invited the chef to travel, just to learn a few dishes.

Will taste it here.

Song Zhihe in front of him completely forgot about the conversation just now, and his eyebrows were beaming with joy.

The more Su Nan ate, the more suspicious he became.

My heart sank unconsciously.

She tasted the fried eel, and even the color and heat were just right, not bad at all.

Eye sockets were instantly wet.

Is he back?

Su Nan put down the tableware, took a sip of water, and was not in the mood to continue eating.

Song Zhihe ate and watched her stop:

“President Su, are you full?”

“Yeah.”

“Then can I have your portion of grilled eel?”

It was so delicious, he didn’t want to waste it.

Su Nan: “...”

She glanced at him silently, gritted her teeth and nodded.

Song Zhihe happily turned his attention to the dishes.

Su Nan looked around and pressed a button on the table.

Soon, the waiter came over.

“Miss Su, what’s the matter?”

Su Nan pointed to the dish in front of him:

“Who made this dish, it’s not clean!” The

waiter smiled without changing his face:

“Our hygienic conditions can be guaranteed.”

Song Zhihe While drinking the soup, he looked at Su Nan inexplicably.

Su Nan pointed to the soup he was drinking, and said solemnly:

“I just saw a fly.”

“What about the fly?”

“He ate it.”

Song Zhihe took a sip of the soup and didn’t know whether to swallow it or spit it out!

He glanced at Su Nan with a complicated expression, and then at the waiter.

Immediately some speechless.

The waiter paused and clenched his hands nervously:

“Miss Su, is there some misunderstanding, how about our restaurant give you a free order?”

If ordinary people come to make trouble, these people may reply without changing their expressions.

But Su Nan is a distinguished guest, and all they receive are wealthy people.

Offending them, I don’t know what serious consequences there will be.

Su Nan looked at her nervousness, and deliberately eased her tone:

“You can’t solve this matter, let your boss come over.” The

waiter paused slightly, and said

apologetically, "Sorry Miss Su, our boss is not here, why don't I let us The manager is here?"

Su Nan flashed slightly: "Alright." As soon as

the waiter left, Song Zhihe spat back the soup in his mouth without hesitation.

"Boss Su, are there really flies?"

His face twisted into a hemp rope, and he wiped his mouth:

"Why didn't you remind me?"

Su Nan looked at him and rolled her eyes.

Song Zhihe looked at him cautiously: "Did you really eat flies? Mr. Su, I'll call and report them right now!"

Su Nan felt that Song Zhihe was like an idiot.

His brain circuits are in the shape of a tendon.

"Assistant Song, I suggest you go to the hospital for an appraisal. Before the fly is digested, take a film to leave evidence, otherwise it will be too late after digesting everything!"

Song Zhihe looked complicated.

soon.

The manager came over, she was a very intellectual and elegant woman, she smiled at Su Nan as soon as she came, and then took out two cards from the tray held by the waiter:

"Miss Su, I'm sorry to make you feel bad This is my business card. If you feel unwell, we will send someone here to go to the hospital with you for an examination, and will be responsible for all examination and treatment costs.

This is an internal membership card in our store, free of charge Here you are, you are the first internal member, and you don't need to make a reservation or line up to dine with us in the future, and it's all free."

Song Zhihe looked at the manager in shock.

It's almost like looking at someone who has been taken advantage of.

He originally thought that they would come out and argue hard, but he didn't expect that they would directly give such a big discount.

Even she was moved.

Su Nan looked at the card she handed over with both hands, and silently concealed the emotions in her heart:

"Are you the manager?"

“Yes, my name is Qi Rong.”

Su Nan paused, and did not pick up her card:

“I want Meet the chef.”

Qi Rong hesitated for a few seconds, then nodded:

“Okay, please wait a moment, I’ll let him come over.”

As she spoke, she pressed the call button and called the chef over.

soon.

A man from country F came here wearing a chef’s uniform:

“Qi, what’s the matter?”

When Su Nan saw that man, the disappointment in his eyes was undisguised.

not him.

Qi Rong smiled and couldn’t fault anything:

“Miss Su?”

Su Nan paused, stood up, and was about to go out when he suddenly remembered something and stopped.

Turn back.

She picked up the membership card, then glanced at Song Zhihe, and reminded him gently:

“Zhihe, remember to pay.”

She raised the card to signal, and then lifted her foot to leave.

Song Zhihe, who was sluggish in the same place, has not reacted, and there is no figure.

People give it for nothing, and they have to pay?

Song Zhihe paused and realized that Su Nan should not be short of this amount of money.

Everyone’s attitude has been lowered, and Su Nan is not someone who will embarrass others.

Take the card, pay and leave, both parties are not embarrassed.

He glanced at Qi Rong, “Checkout.”

He turned around and had to go to Assistant Yu for reimbursement.

Qi Rong smiled and said a number.

Just for a meal.

Song Zhihe hesitated for a moment: “What about this card?”

“It’s free, we won’t ask for money, sir, your relationship with Miss Su is...”

Qi Rong asked this question Presumptive.

Mainly because of Su Nan’s last intimate and gentle address, it’s too easy to make people think wrong.

Song Zhihe coughed and didn’t answer directly:

“What do you think?”

After he finished speaking, he paid the money and left.

Chapter 2279 The person in the hospital,

Qi Rong, paused for a moment with a smile, showing no flaws.

When Song Zhihe went outside, he saw that Su Nan didn’t leave first.

He stood by the car without moving, as if in a trance.

He walked over, “Boss Su, you haven’t eaten anything, why don’t you eat somewhere else?”

Su Nan lifted her chin and gestured arrogantly for him to open the door.

Song Zhihe: “...”

She wouldn’t have been waiting for someone to open the door for her, would she?

Su Nan’s shelf has always been so full that he has to pay attention to it. No wonder she is not satisfied with the coffee he made!

Open the door.

Su Nan got into the car:

“Go back to the company.”

Song Zhihe sat on the co-pilot and looked back at her hesitantly:

“Boss Su, did I really eat a fly just now?”

Su Nan didn’t even lift her eyelids:

” Guess what?”

Song Zhihe hesitated, although he didn’t eat much, he wasn’t hungry either.

Su Nan held the phone, hesitating whether to call Meng Chen and ask.

She might know whether Shang Qian has returned to China or not.

But after thinking about it, when Shang Qian left LJ, even Meng Chen didn’t know where he went, so why would he give Meng Chen any news later?

Li Jeff, Shang Qian.

He didn't admit his identity at the last moment.

But she could vaguely feel that although he didn't know where he was in this world, he was still safe.

Su Nan looked at the passing scenery outside the window, feeling a little heavy for a while.

In what capacity will he come back?

Will he come back?

Or is she thinking too much, and she is a bit like a soldier?

Back to the Su Group.

Su Jin happened to be rushing out. Su Nan

was still a little surprised:

"Brother, where are you going?" Su Jin didn't have time to elaborate: "Your sister-in-law is about to give birth, I have to go

to the hospital." Go." Su Jin didn't refuse, but his face was a little dignified, and the profile of his face was smooth and stiff. Su Nan took a deep breath: "Don't worry, I'll notify the hospital staff first, and then tell Dad they will let Yu Lou pick up the child later." Su Jin nodded. He was also very anxious, and couldn't think so carefully. Su Nan first called the hospital to inquire about the situation, and then called Su Yifeng and Su Qi. After everything was arranged, Su Nan turned to look at Su Jin: "Isn't sister-in-law's due date in one month?" Su Jin nodded, his face turning pale. Although he had already given birth to one, he was still very worried about Wen Xiang's situation. "When I heard her call, she seemed to say that she accidentally fell on the stairs. I don't know what happened. What did the doctor say?" "Calm, but the sweat was oozing from his forehead, which showed how anxious and panic he was. The driver is not driving slowly.

When they arrived at the hospital, Su Jin pushed the door and got out of the car, and Su Nan followed suit.

It's just that when I got on the elevator, I suddenly saw a familiar figure walking past the end of the long corridor.

The man was walking with a cane and limping, but his profile was clearly Shang Qian's.

Delicate and indifferent.

Is it Li Jeff or Shang Qian!

Su Nan's face changed violently.

She had a feeling that he was back!

She was about to go out, but was squeezed in by the people who came in.

The elevator closed immediately.

That person also disappeared.

Su Nan's heart trembled slightly, and her breathing became a little short.

Su Jin was very nervous at first, seeing something wrong with her appearance, he pulled her towards him to prevent others from squeezing her.

Because I came in such a hurry, it was impossible for the hospital to temporarily vacate the elevator, so I could only squeeze with everyone.

"Xiao Si, are you okay?"

Su Nan paled slightly, and tugged at his arm:

"Brother, I seem to have seen Shang Qian."

Su Jin's face changed subtly, watching her hesitate to speak .

I wanted to say that she was wrong, but I was afraid of hurting her appearance.

He finally patted Su Nan on the shoulder: "Someone will help you find it later, don't worry."

Su Nan nodded, and she tried her best to keep her heart in her stomach.

Let your emotions not get out of control.

If it was really Shang Qian, he would definitely come to her, wouldn't he?

After a while, everyone went down the elevator.

Su Nan and Su Jin went up another floor before going out.

The nurse was already waiting at the elevator entrance:

"Mr. Su, Miss Su, this way please..."

Su Jin followed with a serious face: "How is my wife?"

"Ms. Su's condition is not very good, doctor I am taking care of it, the amniotic fluid has not broken, and when the situation is stable, I will give an oxytocin injection."

Su Jin opened the door with an ugly face and went in.

Su Nan also followed.

Wen Xiang was already sweating profusely, lying on the bed with a pale face.

There are several doctors around, discussing the treatment plan.

As soon as Su Jin left, they immediately gave up their seats.

Su Jin wiped Wen Xiang's sweat distressedly, with a trembling voice:

"Xiangxiang, Xiaosi and I are here, and Dad will be here in a while, don't be afraid, we will accompany you."

Wen Xiang was a little conscious In a daze, he gritted his teeth and reached out to grab his hand.

“Where’s Su Lin?”

Su Nan said quickly: “Still at school, sister-in-law, I’ll send someone to pick him up.”

Wen Xiang breathed a sigh of relief and smiled, “I’m fine, and it’s not the first time I’ve had a baby. I just slipped and fell accidentally, but luckily I was kneeling on the ground, otherwise something would really happen.”

Su Jin hurriedly looked at her knee.

The knee of the right leg has been bruised, which looks shocking.

Su Jin’s hand was attached, feeling very distressed, the doctor quickly ordered the nurse to take medicine:

“I didn’t pay attention to the injury on my knee just now, we will deal with it now.”

“It’s okay, it doesn’t hurt now.”

Wen Xiang tried her best to speak .

Su Jin squeezed her hand: “Be obedient, those who need medicine will recover sooner.”

Wen Xiang smiled, and when the two looked at each other, it seemed that the surroundings became quiet.

Su Nan sighed and walked out.

One of the doctors followed.

“Doctor, when is the birth?”

“Looking at Mrs. Su’s condition, it will probably be tonight.”

“Is there going to be any problem?”

Su Nan asked worriedly.

“No, trust us, we will try our best to keep adults and children.”

Hearing what the doctor said, Su Nan was relieved.

In her heart, Wen Xiang was already a member of the Su family, her family.

If something happened to her, she couldn’t imagine how Su Jin would spend the rest of his life?

After the doctor finished speaking, he returned to the office.

Su Nan sat on the chair by the door, struggling with complicated emotions in her heart, as if her hands were tearing at something, and she couldn’t find any clues.

She sent Yu Lou a message, telling him to remember to pick up the children from school, send them to the hospital, and send Fu Yunche to the Fu Group.

Yu Lou is very happy to do these things without having to work overtime and have an excuse to go home early.

Immediately replied to the message and agreed.

Chapter 2280 His New Life

Su Nan stood under the railing in the center and looked down, waiting for Su Yifeng and the others to come over.

She wondered whether she should find someone to search through the entire hospital for that familiar figure.

But she wasn't sure.

Once the news arrives, Su Yifeng and the others will definitely know.

They will worry about her if they know...

Su Nan took a deep breath.

Just about to take out the phone and ask the driver why Su Yifeng hasn't come yet?

His eyes flickered.

I saw a very familiar person.

What's the name of the woman I met at lunchtime, Qi Rong?

She limped towards the downstairs seating area, as if she had sprained her foot.

Su Nan frowned slightly.

Is it such a coincidence?

But the next second.

Her expression paled instantly.

A man in black clothes also limped over with a payment receipt.

Qi Rong raised her head and smiled at him embarrassedly.

That man clearly looked like Shang Qian, it was Shang Qian, not Li Jeff, or someone else.

It's Shang Qian!

She didn't know how his facial features returned to their original appearance.

But she has seen this appearance countless times, thought about it countless times, and dreamed about it countless times.

It was as if a hand was tightly holding onto her heart, making her beating heart almost burst.

The pain was dense and deep into the bone marrow.

Mixing all her calmness into a mess.

She wanted to shout, she wanted to scream, she wanted to go down and hug him now.

Tears flooded his eyes involuntarily.

The huge joy fell, and she felt that God was still kind to her.

The F restaurant, the dishes, the silhouette, and the people who were really reflected in her eyes.

He is back!

She clenched the railing excitedly, her fingernails turning white.

The number of people who see a doctor below is surging, and there are many people who pay fees.

But she could only see him.

She stretched out her hand and was about to shout when she saw Shang Qian stretched out his hand to support Qi Rong's arm, smiled tacitly, and then limped away to the door of the hospital.

She stiffened instantly.

It's like being poured over your head with ice water.

Looking at the backs of the two people holding each other, it was particularly dazzling and uncomfortable, as if a thorn had pierced into her heart and eyes.

The two seemed to have some intuition, and subconsciously turned to look in her direction.

Su Nan was shocked and squatted down suddenly.

She stooped, hiding her figure, hiding in the dark, not wanting to be discovered by them.

At this moment, she suddenly found that the surprise faded, maybe she was blind, but it was not all surprises in essence.

Possibly, and frightened.

He started a new life.

Is it still him?

If he remembered himself, how could he be with another woman?

The manager of the store, is Qi Rong just the manager?

Or is there any other relationship?

She can't be sure.

Is there Su Nan in his life plan that he wants to start over?

The two of them are so close, are they already together?

Su Nan's chest only felt a burst of suffocation, uncomfortable.

Everything she saw around her began to spin, and her face gradually turned white.

Su Jin, who ran out, was frightened when she saw her like this, and hurriedly picked her up:

“What’s the matter with you, doctor, come here soon...”

Su Jin was so frightened that he hurriedly carried her into Wenxiang ward.

The doctor gathered around: “Miss Su...”

Su Nan sat for a while, then came over, his face was still a little pale, and smiled:

“It’s nothing, I didn’t eat anything at noon, and just squatted down again. When I think about it, I feel a little dizzy, maybe because of low blood sugar.”

Su Jin’s face softened: “You scared me to death!” The

doctor looked at her eyes and breathed a sigh of relief:

“Miss Su, if there is anything If it’s uncomfortable, let’s go for a checkup?”

Anyway, the doctors on their floor were specially selected to serve VIP customers.

Su Nan shook his head, “I’ll just have something to eat.”

Su Jin glanced at her helplessly, picked a banana from the fruit on the side, and handed it to her:

“Eat it first, and take a look when you’re done. Is it still uncomfortable?”

Su Nan didn’t blame him for his perfunctory, and took a bite.

Wen Xiang’s face was pale, and she looked at Su Nan with concern:

“Whether you are hungry or not, go check it out first, don’t be careless.”

Su Nan twitched the corner of her mouth: “Sister-in-law, don’t worry about me, I know it.”

Wen Xiang was about to say something, and Su Jin realized something:

“Did you see something similar to... just now ?” People?”

He was concerned about Wen Xiang and didn’t say anything.

Su Nan paused, his face turned pale.

She paused for a while, then said with a smile:

“No, I was wrong, I should have been wrong just now, it wasn’t him.”

Su Jin breathed a sigh of relief, and unconsciously looked at her again:

” If you feel uncomfortable, you should rest here first, don’t run around, you know?”

Su Nan nodded.

Then it was until Su Yifeng and the others rushed over.

Sure enough, she sat there motionless, not acting like Su Nan's temper.

Even Wen Xiang felt something was wrong.

"Let's have someone check up on Xiaosi!"

Su Jin nodded.

So when Su Yifeng came, he watched Su Nan come out of the doctor's office clutching his fingers.

Su Yifeng was stunned for a moment, and Su Qi said first:

"Isn't the sister-in-law the one who was hospitalized? Why are you still going to collect blood? Are you donating blood?"

Ning Zhizhi followed behind and took a step forward, "Are you okay?"

Su Nan shook his head, "It's nothing, it's a little hypoglycemia, so my eldest brother and sister-in-law insisted I have a checkup."

Su Qi: "If you haven't eaten, you should take a box of instant noodles with you!"

Ning Zhizhi: "Shut up!"

Su Qi shrugged, He still knocked on the door and entered the ward.

Su Yifeng looked at Su Nan and frowned:

"It's really uncomfortable? Then go home and rest, we are here!"

Su Nan smiled, and went over to put his hand on Su Yifeng's arm:

"No, I'll just say big brother and sister-in-law are making a fuss. , After I ate a banana, I felt much better."

Su Yifeng pinched her ears:

"No one cares about you tonight, you should pay attention to yourself, you know?"

Su Nan nodded quickly.

Ningzhi smiled helplessly:

"Don't worry, Dad, and me, I'll watch her for you!"

Su Yifeng smiled, then knocked on the door and went to the ward to see Wen Xiang.

Su Nan didn't follow up, Ning Zhi went in and said hello and came out.

Seeing that Su Nan's face was not right, she sat aside and asked in a low voice,

"What happened?"

She had been a best friend for many years, she couldn't hide something in her heart, but Ning Zhi could see it at a glance.

Su Nan pursed his lips: "Understood, I saw Shang Qian."

Ning Zhi was startled: "What? You read that right?"

Su Nan shook his head.

"Then why..."

Ning Zhi hesitated.

Then why don't you keep him.

But if Shang Qian was still the former Shang Qian, how could Su Nan not recognize each other?

Su Nan took a deep breath and looked up at the ceiling:

"There is a woman beside him."
