

## Divorce 2281

Chapter 2281 Kneel down and beg him

Ning Zhi pursed his lips, thought for a moment, and then said:

“Su Nan, calm down now and let me analyze it for you.

We can't be sure about the woman beside him. What is the relationship with him, but so far, you are still husband and wife, the closest person, no matter who is around him, you are the first.

Besides, since Shang Qian is back, he must be back. Looking for you, otherwise he is far less powerful in country Z than he is in foreign countries, why should he seek far away?”

Su Nan's eyelashes trembled slightly, and he looked up at her:

“Really?”

Ning Zhi patted her shoulder, she said with a smile:

“There is another very bloody possibility. What if he loses his memory and forgets due to the earthquake or some other reason, so maybe he didn't come back to look for you, after all, what you said in the previous life. Time, didn't you forget everyone for a while?”

Su Nan's face froze slightly, turning a little pale.

Did he forget?

He forgot, why did he come back?

But he didn't forget, why didn't he look for her?

Su Nan gritted her teeth, and said with difficulty:

“What if he didn't forget, but fell in love with someone else?”

This was her greatest fear.

She, Su Nan, will one day be so worried about gains and losses.

Ning Zhi glanced at her silently, his tone wavering:

“Then you kneel down to him, beg him to like you, tell him not to look at other women, you are willing to do anything for him, you can compromise everything! “

Su Nan's face changed instantly:

“Fart!”

How could she do such a dignified thing.

How could she beg someone to like her?

She even popped out swear words!

Ning Zhi laughed lightly and looked at her:

“Then what are you struggling with? What you said is the worst plan, not necessarily the truth.

Are you so unconfident between the two of you? There

is only a woman beside him Don't say it's just a guess, even if it's a fact, so what, don't you understand the principle of fickleness

?

Fu Yechuan was so ruthless and ungrateful to you back then, but now he turns his face and wants to be a licking dog, you Didn't you never even give a chance?

If you still like each other, then stay together.

If a person changes his mind, should he give up his dignity to keep him?”

Ning Zhi's words were like a fist on the top of the head .

Pain, but suddenly woke her up.

She stared blankly at Ning Zhi, and all the complicated things in front of her eyes were suddenly and slowly sorted out.

The heart that was boiling hot in the boiling water instantly calmed down.

Yes, she shouldn't guess first.

If he wants to come back, she welcomes him warmly.

If you don't want to, you shouldn't force it, but you will slowly heal the pain caused by his departure.

But knowing that he is still alive, she is already very satisfied.

She clenched her hands, then loosened them again.

She pursed her lips, the expression on her face was no longer so stiff and dazed, and a little light flashed in her eyes.

“You're right, I'm so confused!”

“You didn't look away for a while, so are you going to find him now?”

Ning Zhi looked at her.

Su Nan hesitated for a moment, then shook her head.

Her smile became much calmer:

“No, I know where he is. There will be opportunities in the future, so I won't go now.”

“Okay, no matter what decision you make, I will support you. If you need my help, Just tell me.”

They are not only girlfriends, but also relatives.

Su Nan nodded, and hugged Ning Zhizhi:

“Thank you for knowing, I am really enlightened!”

Ning Zhizhi also laughed.

Su Qi came out from the inside and looked at the two people hugging each other. He was so angry that he said something sour:

“Hug, hug, what’s there to hug two girls?”

Su Nan finally had Xin Xin raised her head and teased Su Qi:

“Do you want to eat this vinegar too? Third brother, you are not in a mid-life crisis, are you saying that grapes are sour?”

Su Qi’s eyes widened all of a sudden.

“Me! Middle-aged! Jealous!”

He seemed to be on fire, wishing to jump three feet high to find words to refute Su Nan’s slander.

But before he could say anything, Ning Zhi stood up and covered his mouth, and looked at him warningly:

“Don’t shout, sister-in-law needs to be quiet inside!”

Su Qi was stupefied for a moment, but he pulled Ning Zhi along the way. hand, and kissed the back of his hand twice.

Su Nan: “...”

She can’t see them showing affection, so why not go in and see the sister-in-law!

The doctor kept an eye on Wen Xiang’s situation back and forth.

She ate something and regained her strength, but Su Jin couldn’t take a bite next to her.

Rolling up her sleeves and serving her tea and water, it wasn’t too much trouble at all.

Shirts that were straight and flat were wrinkled.

Su Yifeng was also waiting in the small living room outside the ward, very anxious.

Unexpectedly, it was evening.

Yu Lou took Su Lin, talk and Xiao Yuer over.

Su Lin rushed to the bed in a hurry, her eyes were red, “Mummy...”

Saying that the children also followed suit, Xiao Yu’er also rushed over and looked at Wen Xiang worriedly.

Wen Xiang smiled, looking at Su Lin’s well-behaved appearance, the pale pain on her face subsided a bit.

“Mommy is fine, but the little brother in the womb is about to come out.”

She had a hunch that this child might still be a son.

The thought of wanting a daughter also faded.

I can't force you to come.

Su Lin gently touched Wen Xiang's lower abdomen.

It may be about to give birth, so the child in the belly is more active.

With her little foot kicked on her belly, Wen Xiang groaned and her face turned pale in pain.

Su Jin hurriedly took Su Lin aside:

“Don't touch your sister.”

Su Lin said, “Is it a sister or a brother?”

Said that the child blinked his eyes, looked expectantly, and said in a milky voice. He wrote:

“I want my sister too.”

Su Jin gave her an admiring look:

“Tell me that the child is right!”

Xiao Yu'er rubbed his head, looked at it and asked,

“Would you like to give all your treasures to your sister?”

Talking about the child holding his little finger with both hands, hesitantly said:

“I would like to give you to my sister! “

Xiao Yu'er: “...”

What did he do wrong?

Su Jin couldn't help laughing.

Wen Xiang also smiled, and looked at the talker kid:

“Talk talk boy is so generous!”

After being praised, the talk talk kid smiled happily and rolled his eyes.

Of course!

Wen Xiang looked at a deflated, cute child, and couldn't help laughing again.

After laughing for a moment, suddenly my stomach hurts.

With a pale face, she tightly clenched Su Jin's hand:

“Quick, doctor...”

Su Jin also realized something, and quickly called out to the doctor.

The doctor quickly ran in, observed it, and immediately told the nurse:

“Quick, get ready, the birth is about to happen...”

Su Lin nervously squeezed Wen Xiang’s hand and called “Mommy”.

Su Jin was even more nervous than him.

He will follow in life and death.

## Chapter 2282 Freedom

Su Lin was left outside.

Su Nan touched his forehead and was sweating.

“Be angry, don’t be afraid, Mommy will be fine.”

“Aunt, when Mommy gave birth to me, did it hurt like this?”

Su Nan looked at him in a sad state, and his heart softened in a mess.

“Well, it’s all like this, but Mommy loves you. Although it hurts, you can bear it.”

Although Su Lin is a boy, his feelings are more delicate than ordinary boys.

Said that the children also obediently ran to Su Nan’s side to stay.

She held Su Nan’s thigh, raised her head, and touched Su Nan’s belly:

“Mommy, give me a little monster soon, right?”

Su Nan looked at her with indescribable words.

They are all children, why can Su Lin feel tenderly for Wen Xiang.

And what about the child who naively wanted people to beat her up?

Xiaoyuer tugged and said to the children:

“Don’t you want Princess Otto?”

“Then have two!” Saying that the children are decisive!

Su Nan gritted his teeth: “You two, disappear quickly.”

Su Qi and Ning Zhiliao hurriedly carried one to another place.

Two hours later.

Wen Xiang was born.

Still a boy.

Su Jin accompanied Wen Xiang in the ward, and didn’t even have time to look at the child.

Mainly because the daughter he wanted was gone.

Therefore, I am very concerned about the fact that the second child made Wen Xiang suffer.

Everyone breathed a sigh of relief.

Su Yifeng liked this little grandson very much.

They gave him a name: Su Yu.

Because it was premature, I just took a look and was taken away by the nurse.

Su Lin and a few children fell asleep on the sofa in a crooked manner.

Only then did Su Yifeng react, and asked Su Qi, the others and Su Nan to take the children back.

Just let Su Jin stay alone.

The others are of no use here.

As for taking care of Wen Xiang, Su Jin would never take care of others.

Su Qi had no choice but to agree.

So the three of them hugged one of them and followed Su Yifeng away.

Su Yifeng smiled happily.

Although it is not the little princess Su Jin expected, it is good for the children and adults to be healthy and safe.

As soon as Su Yifeng went back, he asked his servant to prepare soup for Wen Xiang.

The old house started to get busy again, but everyone was happy.

Su Yifeng sent everyone a lot of red envelopes, and everyone was so happy from ear to ear.

Su Nan didn't go back to the apartment either, and went directly to the old house.

Su Qi and the others all returned to the old house, and for special events, they all obeyed the dispatch.

As soon as Ning Zhi went back, he was discussing with the housekeeper about the recipe to send to the hospital tomorrow.

Su Yifeng was too happy to sleep.

After watching the three children fall asleep one by one, Su Nan left their room with a sigh of relief.

He glanced at the little tiger lying on the ground, Su Xiaohu.

Su Xiaohu has been in the self-upgrading stage before, and may have self-awareness, and has been dormant for a while.

But recently it has become alive again, and it looks more like a tiger than before.

Su Xiaohu pulled his paws twice: "Hey, I want to sleep with my sister."

Its eyes are clear and beautiful.

Su Nan: "Don't disturb her."

How difficult it is to put her to sleep!

It's useless for Su Xiaohu to be cute, he swung his tail and circled Su Nan twice:

"You are so fierce, you are so fierce..."

Su Nan: "You are a tiger, not a cat, you Is the system out of order?"

"

Wow——" Su Xiaohu's beard flicked, and the tiger's power shook, and he turned around and ran:

"You are so fierce..."

Su Nan: "... "

Going back to check its system silently.

The old house is brightly lit inside and outside.

She yawned and went downstairs, seeing that Su Qi was still being reminded by Su Yifeng to pay attention to wearing a mask when going out, so as not to attract the attention and capture of the paparazzi.

She thought about it, and then went back to take a bath.

downstairs.

Su Qi lay on the sofa with a lifeless face.

Ning Zhi came out of the kitchen and boiled a glass of milk for each of them.

Su Yifeng nodded and took it over:

"Don't be busy, sit down and rest, and go to sleep in a while. If you have time these days, go see Su Jin and the others."

Ning Zhi smiled and said: "Don't worry, I have agreed with the third brother, he will go every day, and he will also pick up Su Lin, and he can't let outsiders pick him up all the time. Busy with family affairs."

Su Yifeng nodded in satisfaction.

Su Qi got up helplessly and went upstairs: "I'm going to wash up, and I'll get up tomorrow to deliver meals to my eldest brother and sister-in-law."

When he left, Ning Zhizhi's smile tightened slightly, and she looked at Su Yifeng with some indescribable complexity:

"Dad, Will you blame me for not being ready to conceive yet?" The

Su family is not a feudal family, but she knows that there is no one in the rich family who doesn't like having many children.

Both Su Jin and Wen Xiang had two children.

Su Nan also gave birth to a little girl.

Su Ming and Momo don't have time, but that doesn't mean they don't have plans.

Only her, Su Qi has always liked children very much, but she didn't want to get pregnant so early, and Su Qi didn't force it.

Today I saw Su Qi looking and looking around Su Jin's youngest son.

My saliva is about to drop.

She suddenly felt a little sad.

Su Yifeng paused, looked at her, and smiled lovingly:

"Got it, you are just like my daughter, you don't need to apologize to anyone if you don't want to have a life, it's the life you agreed upon, you don't regret it when you're happy That 's enough. There are

1.4 billion people in the country, and you are not bad.

Su Qi is the one who puts the most effort into my three sons. You just want to be happy. It doesn't matter whether you have children or when you have children. I respect it. Your decision."

Although he would feel regretful.

But it will not force them to have a child.

He doesn't interfere in other people's life plans, as long as he is walking the right path, it doesn't matter who is on the road.

Ning Zhi smiled and nodded, with a sigh of relief on his face.

"Thank you dad."

"It's getting late, go to rest."

Su Yifeng sighed, and stood up:

"I'll call the boss to ask, and I have to go to bed. Are you old? Did you stay up late before?" What do you think, I can't hold on to going to bed late now."

Ning Zhi sent him up, but she couldn't fall asleep, and after talking to Su Yifeng, the gloom in her heart dissipated long ago.

Not for a while.

Su Nan came down from upstairs.

Seeing that Ning Zhi knew how busy he was, he still hadn't rested yet: " Got

it, go to rest!" Looking  
at my sister-in-law."

Su Nan heard the words and smiled, "It's enough for you to have this heart, but you don't need to accompany her, sister-in-law is fine, the hospital and equipment are the best there, and the elder brother is there too."

As she said that, she sighed and realized something:

"It's over, I'm afraid my brother is going to take a long vacation, so don't I have to go to work every day?"

Ning Zhile couldn't help laughing:

"You, special time Just work harder, how long have you been decadent, do you still want to make money?"

Su Nan thought, yes, it has indeed been decadent for a long time.

"By the way, Shang Qian, what are your plans?" Ning Zhi lowered his voice.

Chapter 2283 Take the initiative

Su Nan's expression froze slightly.

She stared for a moment, then smiled:

"Then why don't you take the initiative first?"

In case he was really sick, or suffered some kind of amnesia, wouldn't I have wronged him?

Now that he is back, she will take care of him in every possible way as he did back then.

Ning Zhi nodded and held her hand:

"You have to take your time, if you can, bring him back first."

"Let's talk."

Su Nan smiled, thinking that the two people in the hospital were intimate. The back view of her walking away together always made her uncomfortable.

She needs to figure out their relationship first.

After a few words, the two went upstairs to rest.

For several days.

Su Nan ran between the company and the hospital.

Because Su Jin didn't go to the company at all, and if he had something to call, he couldn't find him.

So Su Nan was caught by the people in the company and could only work hard in the company.

Although she didn't have time to go to S French restaurant to find someone, Su Nan didn't forget.

She directly asked Song Zhihe to order food, and the order was delivered to the company, and she ate at the company.

For one person.

Song Zhihe quietly expressed his dissatisfaction with Yu Lou in private, why didn't Su Nan remember to order a portion for them when he ate alone?

After all, the last time he ate right on top, he was disgusted by a fly.

Now that he thought about it, it was not certain whether there was that fly or not.

Because Su Nan ate their food every day, she didn't have any grievances or find fault again because of what happened last time.

This is a bit confusing.

Yu Lou told him solemnly:

"We are assistants, why does Mr. Su invite you to dinner every day? You have a problem with your own thinking. If you want to eat, you can go to the restaurant to eat."

Song Zhihe touched his head: "I You have to make an appointment in advance!"

Su Nan is different, she has that VIP card, and she can order food after registering her name.

The most important thing is that the restaurant originally did not deliver food, because it was delivered to the Su Group, so they made an exception.

But why did they make an exception for Su Nan?

Song Zhihe pursed his lips, Yu Lou didn't want to continue talking, turned around and found a reason to leave.

Su Nan looked at the familiar dishes and felt a little dazed for a while.

They were all placed in an incubator, and the temperature didn't change much when they were first taken out. It was just that she looked at it without moving for a long time before it got a little cold.

But she has no intention of eating.

The eye sockets are a little hot.

He also said that it wasn't Shang Qian, and that it was his style to arrange the dishes.

She took a deep breath, rubbed her eyes, stood up and went out the door.

Yu Lou looked at her, a little surprised:

"Boss Su is going out?"

Su Nan nodded, "Clean up the things inside."

“There is a meeting in the afternoon, at the Times Building, don’t forget.”

Yu Lou reminded her.

Su Nan nodded and walked directly to the elevator.

She probably knew where Shang Qian was, but the reason why she didn’t go to him made her feel uneasy.

Went to the underground garage and drove out.

Go in the direction of F restaurant.

on the way.

It happened to be the time to get off work at noon, and there was a traffic jam.

Su Nan was a little annoyed waiting, but it was useless to be anxious.

She suddenly thought of something.

He found Rong Yi’s phone number and called.

The other party answered quickly:

“Madam, what’s your order?”

“Assistant Rong, is your... okay?”

Rong Yi thought that she was purely concerned about the company’s operations.

He had contacted Yu Lou privately, and knowing that she was busy these days and couldn’t get away, he felt embarrassed to bother her with trivial matters.

He responded: “It’s okay, ma’am, the company is going on normally. By the way, the lawyer has prepared all the movable and real properties under the name of the business owner that need to be transferred, and also prepared electronic signatures. You don’t need to be there , I will send it to your mailbox.”

Su Nan frowned slightly, and was silent for a moment:

“Is there no news from Shang Qian?”

She asked with a guilty conscience.

Because she knew where Shang Qian was, but she asked Rong Yi.

Shang Qian has a lot of money, how does he survive during this time?

He moved his property casually, but it was just the tip of the iceberg.

Rong Yi might not know.

But now that the official lawyer is handling the transfer of property, it will definitely attract the attention of others.

He didn't move his money, does that mean he doesn't want to be found?

Rong Yi thought that Su Nan asked this question because he missed Shang Qian so much.

He stumbled and didn't know how to comfort him, and finally he said the truth:

"No, ma'am, after the property transfer is successful, it doesn't matter even if Mr. Shang comes back."

If the deceased reappears, his inherited property will naturally return. under his name.

Except for those that have already been spent.

Shang Qian's wealth may not be spent in one lifetime or two.

So Rong Yi felt that turning around was a once-and-for-all matter.

Su Nan sighed, "Let's suspend signing for now." It

may not be necessary.

He has to run his own business.

But looking back, it was too much for him not to come to her now.

Just let him come back without a penny, and he can only live on her in the future!

But just this thought was quickly thrown away by Su Nan.

She couldn't bear it.

Just as he was about to say something, the car suddenly shook violently.

The seat belt on his chest hurt for a moment.

Her face was slightly pale.

was rear-ended.

She was even more irritable.

hang up the phone.

She called Yu Lou directly and asked him to come over to deal with the matter here.

It was impossible for her to directly contact the perpetrator.

But you can't stay in the car anymore.

Afraid of any danger.

Push the door and get off.

The man behind him knew he was wrong, saw her get out of the car, and immediately pushed the door open.

"I'm really sorry, miss, I dropped my phone, and I didn't pay attention when I wanted to pick it up."

The man was stunned when he saw the bag Su Nan was holding.

The car the man drives is not bad, a BMW, but all the car money is not enough for a bag in Su Nan's hand.

He didn't know him at first, his woman kept talking about the bag brand in his ears all day long, so it was hard for him not to know him.

But he didn't recognize Su Nan's car for a while.

Su Nan nodded lightly, and didn't want to say more:

"It's okay, let's go through the process."

The man looked at Su Nan with an indifferent expression and a cold demeanor, just like a star on TV.

But after turning around in my mind, I didn't expect any female celebrity to be so good-looking.

He felt that going through the process was too troublesome and would inevitably waste time, so he smiled and said,

"Why don't you be selfish?"

Su Nan glanced at him.

The woman behind him just got out of the car, looking at Su Nan's car, her face turned pale for a moment.

Hearing the man's words, he ran up immediately:

"What's private, can you afford it? This is a limited edition Cayenne, every wheel can buy you a car, let's go through the process." A

woman's words make a man's His complexion changed slightly.

Chapter

2284 Su Nan, who was taken advantage of, pursed her lips and didn't say much.

The man hesitated, his face turning pale:

"Ah, why did you drive such an expensive car? Isn't this a deliberate attempt to blackmail people? Miss, since you drive such an expensive car and are so rich, you still care about such maintenance Fee?"  
Hearing this

, Su Nan frowned, and looked at the man in front of him indifferently.

"Why, I'm rich, do I look like I've been taken advantage of?"

Her voice was cold without any warmth.

The man blushed as he stumbled, "No, can it be cheaper?"

Su Nan looked away speechlessly.

She glanced down at her phone.

Why isn't Yu Lou here yet?

She didn't expect that Yu Lou also encountered a traffic jam, so it was impossible to rush over immediately.

She was upset enough, but she also met a fool.

The woman next to the man seemed to wink and said with a flattering smile:

"Miss, this money is nothing to you, but we are all hardworking workers, and your car has to be returned to the original factory. Well, we will really go bankrupt..."

Su Nan glanced elsewhere, as if a policeman noticed the situation here and was rushing over here.

She was slightly relieved.

She looked at the woman, who was dressed more delicately, with a pampered aura.

What about beating workers? There are too many workers in her company, and none of them are like her.

So she doesn't want to get entangled.

It wasn't until the police arrived that he said lightly:

"It's not a crime to go bankrupt, and the insurance company exists to prevent everyone's interests from being damaged." The

policeman looked at the situation, then pointed to the car behind Su Nan and said,

"Who owns this car?" The

man's expression changed slightly.

He gently pushed the woman.

The woman was shrewd at first glance, she rolled her eyes, "His." The

man's expression became even uglier.

The policeman didn't say anything, "Is anyone injured?"

"No." The

policeman glanced at the man: "There is surveillance over there, and the division of responsibilities is clear. Please show the driver's licenses of both parties."

Su Nan pursed her lips, and could only go to the car and took out the driver's license.

The man rubbed his hands hesitantly.

The woman urged him and pushed him: "Go and get it." The

man stared at the woman firmly, gritted his teeth and said,

“The driver’s license...was confiscated half a month ago, and I drank some alcohol at that time. ....”

The

woman immediately went crazy, pushing and beating him continuously:

“How can you drink while driving? Are you crazy? Who did you drink with half a month ago? A woman answered the phone that day... ...” The

policeman stood there speechless, and glanced at Su Nan, feeling familiar.

Su Nan moved away from them irritably, and called Yu Lou.

Yu Lou picked it up, also

a little anxious: “Boss Su, I’ll be there soon, I borrowed an electric car.”

Su Nan exhaled slowly: “You’re smart.”

On such a traffic jam, the electric car The car is simply a god-like existence.

really.

Soon, he saw Yu Lou’s shadow.

He came over sweating profusely, half of the elite style was missing:

“I’m sorry, Mr. Su, there is a traffic jam on the road.”

He put the electric car away, and immediately looked at Su Nan:

“Is Mr. Su injured, do you need to go to the hospital?”

Su Nan shook his head, “It’s okay, you can handle it, I have a meeting this afternoon.”

“Okay.”

Yu Lou walked to the policeman and introduced himself with a smile.

The policeman nodded, knowing that this person could handle it for her.

So Su Nan was not stopped from leaving.

Seeing that she was about to leave, Yu Lou hurriedly chased after her,

“Boss Su, you can ride an electric bike, it’s very convenient.”

Su Nan was wearing casual trousers, a vest and a beige suit jacket today.

It’s not hard to ride a bike.

But she hasn’t ridden for a long time.

She looked at the congested traffic, nodded after hesitating for a moment, and took the key:

“Alright.”

Yu Lou smiled, and wanted to ask her if she could ride.

But seeing her agreeing and full of confidence, I suddenly felt that my worries were superfluous.

Surely she will!

Su Nan inserted the key, twisted it, and then turned the handlebar lightly, and the car left smoothly.

Even the police behind him breathed a sigh of relief.

Seeing her figure leave smoothly, Yu Lou felt the sweat on his forehead in relief.

The woman over there was still beating the man, and the man’s face was ashen, trying to intercede with the police.

Yu Lou walked over, took out his phone, and contacted the insurance company.

.....

Su Nan became more and more proficient in riding a bicycle, and the strangeness gradually became less so.

There is an intersection ahead, you need to turn right.

When she turned the corner, she didn’t notice that there was a car behind her about to overtake her. The people in the car seemed to be anxious and honked their horns.

Su Nan was startled, the electric car knocked on the steps, and she fell down uncontrollably.

She exclaimed, her hands were burning with pain.

What kind of bad luck happened today?

She looked up, and the car slowed down at the same time.

There are rear windows that go up halfway.

But enough to see the people inside.

Sometimes it’s just that coincidental.

The person you want to see will appear in front of you intentionally or unintentionally.

But how did he hide, how did he disappear.

Shang Qian’s side face was smooth, warm and modest, still indifferent and humble. At this time, his face was pale, his lips were tightly pursed, his eyes were tightly closed, and he was leaning on the shoulder of the woman next to him.

Su Nan also knew that woman.

Qi Rong.

The moment the two women looked at each other, their expressions changed at the same time.

It's just that Qi Rong turned his head away in a hurry, and raised up the windshield on Shang Qian's side.

Originally, they were going to slow down and stop, but after looking at each other, the car suddenly sped up and left.

As if, saw some scourge.

Moisture slowly appeared in Su Nan's eyes.

There seemed to be an unbearable dull pain in his chest.

Not because he passed by and turned a blind eye.

It was the first time that they had a dramatic twist in their intersecting lives.

She hadn't seen him since the earthquake.

This was the first time that he appeared in front of him in the form of Shang Qian.

But there is no communication.

She doesn't believe that he disappeared into this world.

I have been holding on to the belief in my heart.

Even if everyone is sympathizing with her unfortunate life.

She would rather believe that he was just leaving temporarily.

He will be back sooner or later.

Jeff is him.

Shang Qian is also him.

He changed his name and identity, but she could tell that he was different at a glance.

She thought their souls were compatible.

But until today, when she was treated as a stranger, the sense of loss and the huge gap made her wake up like a dream.

If she didn't take the initiative to find him, would they have no chance in this life?

There will be other women around him.

He will have a new family.

He will be a passer-by in her life.

Su Nan's chest rolled and felt uncomfortable, and he couldn't even care about the scratches on his palms.

Unbelievably red eye sockets...

Chapter 2285 If it was a coincidence

, a strong hand suddenly stretched out from behind, pulling her up from the ground.

next second.

“It’s really you?”

Fu Yechuan’s words drew Su Nan back from her own world.

She was silent for a second, and quickly wiped away her tears.

“Why are you here?”

Her voice was slightly hoarse, she turned her face away, not wanting him to see her like this.

Fu Yechuan grabbed her hand, looked at the blood streaks rubbed by the gravel on it, his face darkened a bit, and there was a hint of distress and intolerance in his eyes.

“There is a meeting in the afternoon, and I passed by here. What’s the matter, where are your driver and assistant?”

His voice was cold, but his words were out of proportion.

Su Nan withdrew her hand and smiled as if nothing had happened:

“It was just an accidental fall. My car was rear-ended and Yu Lou was dealing with it. There was such a traffic jam. I might as well ride an electric car. I didn’t expect to accidentally hit the steps. Go.”

She could have avoided explaining so much.

She just subconsciously wanted to protect Shang Qian’s existence.

Fu Yechuan’s eyes flickered, because her explanation made her feel better.

His complexion improved slightly.

Suddenly, the sound of countless trumpets came from behind.

It was the car behind that was urging, and Fu Yechuan’s car just stopped here, blocking the way.

Su Nan pursed her lips, turned around and was about to bend down to help the electric car up.

But Fu Yechuan stopped her:

“Get in the car first, you can’t continue riding like this.”

“No need.” Su Nan frowned slightly.

But Fu Yechuan forcibly grabbed her by the hand and stuffed her into the car, then waved.

Chen Mian got down from the driver’s seat and looked at Su Nan in disbelief.

“Miss Su, is it really you?”

He only felt a little familiar when he was in the car.

Because of his familiarity, he didn't question Fu Yechuan's behavior of "good people and good deeds".

After all, understandable.

Unexpectedly, the person riding the electric scooter is really herself!

Su Nan nodded lightly.

She didn't struggle, her head buzzing from the noise behind her.

Besides, her current state is really not suitable for continuing to ride a bicycle.

Fu Yechuan walked around to the driver's seat, looked at Chen Mian and said,

"Contact Yu Lou, take care of the car, and I'll go directly to the venue."

"Okay, Mr. Fu."

Chen Mian looked at Su Nan and smiled politely.

Fu Yechuan drove very steadily.

The car turns right and merges into the main road.

Su Nan remained silent behind.

There is a nice light and warm sandalwood in the car.

It can make her calm down gradually.

Fu Yechuan coughed and reminded her:

"Su Nan, there are band-aids and disinfectant in the dark compartment next to the car. You should treat your wound first."

Su Nan looked down at the palm of her hand.

Although the skin was worn out and blood was oozing out, there was no serious wound.

"I'll wash it first when I get to the venue."

Fu Yechuan didn't continue talking.

He looked at her in the rearview mirror. She sat there quietly, as beautiful as a painting.

But it was more like he had something on his mind, and there was a cloud of sadness between his brows.

Don't know why.

Fu Yechuan's mind sank slightly, and he concentrated on driving.

Arrived at the venue.

Two people went in back and forth, which had already attracted a lot of attention.

Although Shang Qian's disappearance caused a lot of heat among the public, the Su family didn't refute the rumors but just dismissed the heat, which actually showed that Shang Qian's fate was more or less good.

Seeing Fu Yechuan and Su Nan walking together again, they inevitably began to wonder if there was any chance for the two of them?

However, the identities of the two people are not simple.

It is impossible for them to rush up and ask directly.

I just came over to exchange some warm greetings.

Then everyone went to the venue one after another.

Su Nan went to the bathroom to clean the wound before going in, and then asked the waiter to take disinfectant and a band-aid to deal with it.

Sitting there after going in, she looked the same as usual, but half of her mind had already flown away.

End of the meeting.

She even forgot to call Yu Lou.

When I went out, I found that there was no driver.

She took out her mobile phone to make a call, but Fu Yechuan came over behind her and approached her:

"Let's go together, I'll send you back."

Su Nan pursed her lips, her voice was calm:

"No, I'll ask the driver to come over."

Fu Yechuan was silent for a few seconds, then whispered:

"You have to avoid suspicion like this? I didn't do anything that would be misunderstood, right? You reject me like this to make others think that there is something wrong between us?"

Su Nan glanced at him silently, Fu Yechuan's expression was as usual, without the slightest tweaking.

She is indeed avoiding suspicion.

If it was the past, she would not pay attention to Fu Yechuan's words.

But a thought suddenly came to her mind.

She looked at Fu Yechuan, and said quietly:

"Can you take me somewhere?"

Fu Yechuan's face was obviously relieved:

"Of course."

Soon.

At the door of S French Restaurant.

Fu Yechuan's face was slightly startled:

"Do you want to eat?"

Su Nan responded, "Thank you for bringing me here."

She said, nodded and walked in.

Fu Yechuan stared at her back silently for a few seconds, then suddenly heeled up.

...

Qi Rong had guessed that Su Nan would come to him.

But I didn't expect a delay of two or three hours.

She thought that she would immediately come here to question her.

Two or three hours is enough for her to prepare mentally.

When Su Nan came in.

Qi Rong was sitting on a sofa in the lobby, talking to the staff about something.

Out of the corner of her eye, she saw Su Nan approaching, took a deep breath, and prepared to meet Su Nan's cross-examination.

But no.

She walked steadily, and walked to the seat where Song Zhihe sat before.

Not only that.

Behind her, there was a man following.

Qi Rong paused slightly, his expression froze on his face.

He didn't even have time to take his expression back.

Seems like there's some... self-indulgence?

The waiter quickly went over to pour the water:

"Miss Su, what do you need?"

There are almost no people they don't know here.

After all, Su Nan was the first to say that there were flies in the soup they made, but the store also gave away a supreme VIP card, and this person is not a faultfinder, and has a lot of background.

The store never delivers, but she is the only exception.

Su Nan smiled, took the menu and ordered a few dishes, and handed them to Fu Yechuan who was opposite.

Fu Yechuan was still a little shocked, because he was still worried whether Su Nan would speak to drive him away.

Fortunately, she did not.

He took it, looked at it, and ordered a cup of coffee.

He had already eaten at noon and didn't want to continue eating.

But seeing that he didn't order a single dish, Su Nan paused and reminded him:

"You can have a taste if you're full. The taste here is very authentic. You're welcome, I invite you."

Fu Yechuan raised his eyebrows slightly, and heard that she means.

I was also a little surprised by her tolerance today.

However, it was rare for her to be in a good mood today, so Fu Yechuan ordered a few more dishes according to her wishes.

It's not enough for two people to eat...

Chapter 2286 It's just for

tasting, Su Nan is not worried about the rest.

Besides, her purpose was not to come to eat.

The waiter hesitated to speak, watched Su Nan hand over the menu again, but still didn't say anything, took it and left.

She went to find Qi Rong's side, and showed her the densely packed menu they ordered:

"Miss Su ordered so much, they must not be able to finish it, the key is... the boss won't be able to make it for a while Right?"

Qi Rong's face changed slightly.

She maintained her superficial calmness, thought for a while, and then lifted her foot to Su Nan's direction.

Su Nan had a Band-Aid on one hand. She was leaning on a chair. Her slender and beautiful fingers were glowing in the sun. They were very beautiful, like works of art displayed in the exhibition hall. The pampered days made her feel at ease Comfortable, seems to have no worries.

At this time, she consciously or unconsciously listened to the man opposite him.

The man's voice was low and gentle, but he looked at her with undisguised admiration and joy, even cautiousness.

"So, are you interested in the project that was proposed at the meeting just now?

If you want, we can work together?"

Qi Rong didn't seem to want to disturb the conversation of the guests.

But she had already walked over, Su Nan turned her head slightly, and saw her figure.

It was too late to want to leave.

She could only smile and walked over bravely.

However, Su Nan's eyes fell on her feet, seeing her wearing flat shoes, her eyes flickered slightly.

Nothing was said.

As soon as she came, Fu Yechuan stopped talking and glanced at her with a bit of oppressive deterrence.

Qi Rong took a deep breath and maintained a decent smile:

"Sorry to bother you, Ms. Su, I watched you order so many dishes. At noon, we sent someone to deliver your lunch. It was you Is there any dissatisfaction?"

Su Nan pursed her lips, and looked at her suspiciously and innocently:

"No, I am very satisfied."

With a smile on her lips, she quietly looked at Qi Rong in front of her.

Qi Rong's figure is thin, and his facial features are similar to the oriental face that Westerners appreciate, with slender eyes.

Looking at her facial features alone, none of them looked good.

But together, there is a kind of ... high-level sense that Westerners like.

Her appearance is not outstanding here, but her aura is quite strong, which can make people ignore her shortcomings.

"You ordered so many dishes, I thought you were not satisfied with the lunch. If you are willing to put forward your valuable suggestions, we are willing to accept them!"

Qi Rong smiled and looked at Su Nan.

Su Nan glanced at her lightly, then withdrew her gaze and didn't speak.

On the other hand, Fu Yechuan on the side saw her impatience.

His eyes were cold, and he looked at Qi Rong full of aura:

"Have you finished?"

No matter how good Qi Rong's psychological quality is, he couldn't resist being chased away impatiently by the man.

She took a deep breath, looked at Su Nan patiently and gently, and said,

"I'm worried that you two will order so many dishes, and you won't be able to finish them all. Our restaurant has always upheld the tradition of saving virtues. If it's wasted, it's really not good." "

Su Nan blinked, and there was already a hint of indifference in his eyes:

"The manager's worry is a bit superfluous. Whether we can finish the meal is our business. You don't need to worry about it. If it's not convenient for you to do it, this store shouldn't be opened here.

I didn't refuse to open when I came in. I think Am I right?"

Su Nan's indifference made Qi Rong feel that he was about to be overwhelmed.

Although she seemed to be finding fault out of nothing last time, her demeanor was gentle and the expression on her face was vivid.

Unlike now, a completely changed person.

Her brows and eyes were full of coldness, without any trace of euphemism and gentleness.

The man sitting opposite couldn't see through her cold eyes, but as a woman, she could feel it.

Qi Rong took a deep breath, knowing that what he did was messed up.

She was already suspicious.

If you can't stabilize yourself, you will expose a little bit.

She smiled stiffly, "Of course, we welcome Ms. Su very much. I'll let the chef prepare it right away. You two will wait a moment."

She nodded with a smile and was about to leave.

As soon as she turned around, she heard Su Nan's clear voice:

"Manager Qi doesn't seem to work in a restaurant, but looks a bit like a model." As soon as she finished speaking, Qi Rong's body froze severely, as if she had a guilty conscience generally betrayed himself.

next second.

She realized in an instant, is this trying to find out about her?

"Miss Su was joking. I don't have the capital to be a model. It's just a job. Please wait a moment, both of you."

She hurriedly left with a stiff smile.

For the first time, Qi Rong felt the force from Su Nan's aura.

She's frightening when she doesn't speak.

It was even more heart-wrenching when he spoke.

But from the beginning to the end, she never mentioned Shang Qian's name, and she didn't even ask a word.

All the reasons Qi Rong had been brewing in his mind for a long time were useless.

Like a punch on the cotton, a little disappointed.

But what made her even more sad was that Su Nan felt that she was not worthy to be her opponent?

Qi Rong calmed down, turned around and went to the second floor.

There is a room at the end of the second floor, and the man in it refuses anyone to enter.

Qi Rong only dared to knock on the door.

wait.

After waiting for a few minutes, I heard the sound of a man opening the door.

The face exactly like Shang Qian's appeared in front of his eyes.

The man's aura is still clear and gentle, but there are still some faint scars on the corners of his eyes, giving his handsome face a cold and stern feeling.

Needless to say, when Shang Qian's eyes saw Qi Rong, there was also a bit of cold calm.

"What's the matter?" The

man was thinner than before, and more calm and silent than before.

Qi Rong nodded and lowered her voice:

"Miss Su is here and has ordered a lot of dishes. You have ordered her to cook her dishes yourself, so..."

She handed over the menu.

The man took it over, glanced at it, and frowned slightly.

Qi Rong saw his mood change, and quickly

said, "I've told you before, I'm afraid they won't be able to eat and waste, but Miss Su's attitude is tough, and it seems more difficult to communicate than last time..."

"They ? Who is he? Who else told you to tell?"

When asking the last question, Shang Qian's tone was clearly dissatisfied.

Qi Rong looked up in astonishment.

Qi Rong had never seen the man in front of him angry.

But now, she could clearly feel the man's aura cooling down in an instant.

The warm and jade-like temperament on his body was covered, and the chill and anxiety in his eyes made people speechless.

Qi Rong paused for a moment, then defended in a low voice:

"It's not the man from last time. I'm just worried that they ordered too much and your body won't be able to hold on. Why don't you let other chefs do it?"

Shang Qian withdrew his gaze indifferently, and then stepped out of the door:

"Don't make up your own mind in the future."

#### Chapter 2287 Breaking In

After Shang Qian finished speaking, he took his cane and went downstairs from behind.

The location upstairs for entertaining guests is generally not open to the public.

In order to avoid affecting the environment, there is also a staircase above another exit.

When going down the stairs, you can vaguely see Su Nan's seat through the screen.

Seeing that the person sitting opposite her was Fu Yechuan, Shang Qian froze slightly.

He stared at it for a long time before slowly leaving.

I don't know if I noticed someone else's gaze.

Fu Yechuan looked sideways, but saw nothing at that position.

He frowned slightly, and asked the person opposite:

"How did you find this place?"

Su Nan took a sip of soda water, and casually curled his lips:

"I heard someone introduce you, what's the matter?"

"If I didn't remember if it's wrong, this place seems to be a breakfast shop, and you don't like this breakfast shop."

Fu Yechuan's voice was a bit puzzled.

He didn't finish the rest.

Su Nan doesn't like it, but that doesn't mean other people don't like it.

Here is the most popular place for office workers, simple and convenient.

So business is still booming.

It was suddenly changed to F restaurant. Although the grade has been improved, it is also quite deserted.

In terms of business, Fu Yechuan felt that it was not very cost-effective.

That's why I feel strange.

Su Nan twitched the corners of her mouth, but said nothing.

She hadn't noticed the store.

It's just that she came here, not to eat.

The two began to discuss the project issues at the meeting.

But soon, their mobile phones couldn't stop.

Fu Yechuan has been away for too long, and he still has a lot of things to do.

Although I hung up a few calls, it was obvious that something was urgent.

Until the time when the dishes started to be served, Fu Yechuan had no intention of leaving.

Su Nan looked at the dishes that were about to be served, and said lightly:

"If you have something to do, go first."

Fu Yechuan smiled, and stretched out his hand to pour water for her without rushing:

"I can't even accompany you. There is no time to eat a meal."

Su Nan lowered her eyes and lowered her voice a little: "

Fu Yechuan, it's not necessary . " At this time, I argued with him, so I started to pick up the knife and fork to eat my own. Seeing her not losing her temper or being serious, Fu Yechuan slightly hooked her lower lip. The two of them ate quietly, talking about something from time to time. But the topics often revolve around projects and companies, and almost no personal matters are involved. In the eyes of others, this scene is extraordinarily seductive. But neither of them ate much. When Fu Yechuan's phone rang a dozen times, Su Nan put down the knife and fork: "You pick it up, I'll go to the bathroom." Fu Yechuan watched her leave, then rubbed between his brows, held back his emotions, and answered: "Say. "

"Boss Fu, I need you to look over a few urgent documents here..."

Su Nan came out of the bathroom, and instead of going back in a hurry, she sent a message to Fu Yechuan, saying that she had left beforehand.

really.

After a while, Fu Yechuan also left.

If it wasn't for Fu Yechuan's help to save people before, the relationship between the two would not have eased so naturally, and they could still sit and eat together.

But it can only be eased.

Going further, there is no possibility at all.

So she won't even give it a chance.

When she came out, she didn't return to her seat in a hurry. Instead, she glanced in the direction of the kitchen, and then walked over in a strange way.

The waiter was busy with her own business and didn't notice her.

But Qi Rong noticed.

Her expression changed, and when she saw that Su Nan was about to open the door to enter, she yelled suddenly:

"Miss Su, that's the back kitchen..."

Su Nan glanced at her coldly, and moved. Without the slightest hesitation, he pushed the door open and walked in.

But standing at the door and looking inside, there are eight or nine chefs coming and going wearing chef uniforms, busy with their own affairs.

None of them were the ones she was looking for.

Su Nan's face changed subtly, and then she walked in and walked around twice, especially unwilling.

But it didn't work.

There is no one else.

It's useless for a second person to make such a familiar taste.

The facial features, which are so familiar, flashed before his eyes.

But now, why didn't he show up?

He reappeared, didn't he just let himself find him?

Su Nan's heart seemed to be soaked in bitter water, and she was too sad to speak.

Qi Rong walked in quickly, looking flustered, pretending to be calm:

"Miss Su, what do you want to do here?"

Su Nan pulled the corners of her lips, took a deep breath, and concealed the slightly trembling corners of her eyes:

"I want to come in and have a look at the environment of the back kitchen, and thank the chef who cooks for me."

Qi Rong smiled dryly:

"You are too polite, just ask someone to go out, the oily smoke inside will smoke your face, Ms. Su, please..."

Su Nan lowered her eyes slightly, and slightly curled her lips:

“Okay then.”

He didn't want her to find it yet!

Su Nan's anger flashed in his eyes for a moment.

She took a deep breath, turned around and walked out.

Qi Rong slowly breathed a sigh of relief, seeing that the innermost place was empty, he was somewhat thankful.

She followed quickly.

Su Nan got up from her seat, picked up her bag, and then handed over a card:

“Pay the bill.”

Qi Rong paused, “Have you finished eating?”

She looked at the food that hadn't touched much, and her heart suddenly jumped. Some are not tasteful.

Maybe Su Nan was torturing them with the eldest lady's temper.

But the person inside actually cooked each dish with so much heart.

In the end there were so many left untouched.

Is this the wife he never forgets in his heart, who he regards as a treasure?

Su Nan nodded.

Qi Rong pursed her lips, “No, you are a member of our store, you can enjoy it for free for life.”

Su Nan smiled, “I don't take advantage of others, and it's not like I can't afford a meal, so pay the bill.”

She didn't want more Say, don't want to waste time.

Qi Rong hesitated to speak, and finally paid her the bill with the card, watching her leave.

The environment inside the restaurant is still long and quiet.

Qi Rong quickly returned to the back kitchen, seeing that the door of the utility room in the back kitchen was ajar, and the people inside had already left.

She sighed slowly.

Standing upstairs and watching the car that came to pick up Su Nan leave.

Shang Qian's jaw was tense, and his lowered eyebrows covered the strong emotions in his eyes.

He sat down slowly and touched his right leg.

His face was pale and bloodless.

The bones were connected, and the leg that was supposed to be amputated was re-bonded and grown under strong stimulation by LJ using the latest medical methods, but the effect was not satisfactory.

It will take time to recover.

At least ten years.

How could he wait ten years to show up again?

But how could he meet her in such a ghostly manner?

How does he explain the period of time when he disappeared, how does he explain that he became Li Jiefu and then Shang Qian?

He watched her leave slowly, without speaking for a long time.

He stared in her direction in vain...

Chapter 2288 We played truant from school

Shang Qian seemed to have spent half his life struggling helplessly, struggling to control his emotions.

Su Nan stayed in the company for a while, held a meeting, and then received a call from the talkative kid.

She was still a little surprised.

“Tell me?”

“Yes, Mommy! Xiao Yu’er and I came out of school and lost our way. Where should we go?” Su Nan’s heart skipped a

beat:

“Is school over? Why didn’t you notify us? “

She was anxious to check her mobile phone, but there was no news from the teacher!

Let’s talk about the child’s voice:

“No, we’re playing truant, do you understand?”

Su Nan paused, took a deep breath,

and said, “Well, I understand now!”

She also specially emphasized that Let’s talk about “playing truant”, and talk about how much children know!

She calmed down and talked about the child’s emotions, and asked her patiently:

“Then where are you now, when did you play truant, and how long have you been escaping? Why did you escape?”

Said that the child did not notice Su Nan's temper at all. About to explode.

She also proudly showed off:

"I don't want to attend class anymore, I want to go home to see my brother, I came out with Xiao Yu'er, he is a big idiot who can't remember the way, Mommy, come and pick us up!"

Su Nan took a deep breath, and stood up with her mobile phone:

"Okay, don't move there, Mommy will go over here, don't run around!"

Fortunately, she can see the location of their phone and watch on her mobile phone, So she wasn't worried about losing it.

But it's really dangerous for two children to be outside without the company of adults.

Su Nan went out in a hurry, and Yu Lou looked at her in surprise: "Boss Su, where are you going?"

"

Come with you?"

"No need."

Su Nan said as he walked towards the elevator.

Yu Lou: "Then let Song Zhihe work together, more people have more strength."

Su Nan hesitated for a few seconds, then nodded: "Okay

, let him wait for me downstairs."

"Okay."

Su Nan turned on the phone and found Positioning means.

Sure enough, two little red dots moved less than 800 meters away from the school.

Although it was less than 100 meters, it was far enough for them.

She breathed a sigh of relief, and just as she was about to call the school, the school called first:

"Miss Su? I'm really sorry, it was the school's negligence. After taking a nap, Shang Mili and Meng Yuyan disappeared. Organize people to find..."

She could hear the teacher's eagerness, Su Nan paused, and said quickly:

"Teacher, they are less than 800 meters west of the school gate, don't worry, Tell me they ran out by themselves. Go and take her to the door, I'll be right there."

"Okay, Miss Su."

After hanging up the phone, Su Nan breathed a sigh of relief.

She went to the underground garage to drive, and picked up Song Zhihe at the door by the way.

As soon as Song Zhihe got into the car, "Boss Su, have you found it? I can ask a friend to help me find it."

"Well, I found it."

Su Nan concentrated on driving, and Song Zhihe didn't disturb him any more.

Although she looked calm, she was actually flustered.

She didn't expect to talk about the courage of the children, and she just went to kindergarten, and she had already started playing truant!

She feels that her energy is not enough recently, and she has neglected them too much.

Suddenly, she blamed herself a little.

to school.

The reception room at the door.

Su Nan got off the car and ran over in a hurry.

Looking at the little friends and Xiao Yu'er, they sat obediently on the small chair, pouted their mouths as if they were unhappy and dared not say anything.

The teacher taught in a gentle voice, but the two children obviously didn't take it seriously.

Su Nan knocked on the door and walked in.

Talk about when the children and Xiao Yuer saw her, their eyes lit up:

"Mommy..."

Su Nan smiled and looked at the teacher:

"I'm sorry for causing trouble to the school."

"Su Nan Miss, you are welcome, it is what we should do, and let the children run out secretly, we are not optimistic, we have seen from the surveillance, there is a hole under the east wall, the last construction was forgotten, they drilled from there Fortunately, I didn't know the way after I came out, so I went around the school and nothing happened."

Su Nan twitched the corner of her mouth, "Yes."

Song Zhihe couldn't help laughing from behind:

"The school gate A day trip?"

Su Nan gave him a blank look, and Song Zhihe immediately put away his smile.

The teacher looked at her guiltily: "I'm sorry, the principal will be here soon and will personally apologize to you. We will also have someone fill that loophole right away, and the whole school will conduct a self-examination to make you worry."

"I am very satisfied with the handling attitude, and naturally I will not hold on to it.

What's more, no one thought that such a young child would dare to make trouble!

"There's no need for the principal to come. I'll go back and tell the children. I'll take these two little things away first. Su Lin will get someone to pick him up after school." The

teacher nodded quickly: "Kid Su Lin is still Very well-behaved."

Su Nan nodded, then looked at Tanta and Xiao Yuer:

"Let's go, two playboys?"

Tanta touched his stomach aggrievedly:

"I'm hungry, mom Mi!"

Xiao Yu'er also touched her belly:

"Me too." The

two cute troublemakers turned their heads and looked pitiful, so that Su Nan didn't know where to start to teach them a lesson!

She turned around and left.

Tanta and Xiao Yuer hurriedly followed.

Song Zhihe smiled and followed behind, the branches of laughter trembling.

The two children consciously went to the back, and Song Zhihe sat in the co-pilot.

Su Nan drove without saying a word.

Tanta and Xiao Yuer humming songs happily, but they can't hear any tunes.

Xiao Yu'er applauded applaudingly...

Song Zhihe: "..."

Really learned a lot!

Let's talk about a child who suddenly remembered his purpose of playing truant:

"Mommy, shall we go see my brother?"

"Aren't you hungry? Eat first?" Su Nan asked.

Tanta talked about whether it is important for children to measure their own stomach or their younger brother.

Xiao Yu'er couldn't help it anymore:

"Let's eat, the food in the hospital is not good."

"Okay."

Su Nan went to a Z-style kitchen near the company, and said that children and Xiao Yu'er like steamed shrimp. Egg.

But it just so happens that this restaurant is just not far from S Restaurant.

After ordering food for them, they were full after a few mouthfuls, couldn't sit still, and wanted to go down and play with the children.

Su Nan didn't stop her.

It just so happened that her cell phone rang, and it was Yu Lou who called.

She picked it up and glanced at Song Zhihe:

"Help me see them, and I'll take them to the hospital in a while."

Song Zhihe was also full, made an ok gesture, and then followed.

Talk about children playing with Xiao Yuer at the door.

S restaurant also ran out a handsome guy in a suit, about the size of Xiao Yuer.

He looked at the little friend who said that he went over and smiled, and wanted to hold her hand.

Let's talk about the kid throwing it away and running into the S restaurant.

"Little fish, come here, there are little fish!"

Chapter 2289 Seeing Daddy

, she shouted happily, because there was a small fountain inside, and there were a few small fish in it.

Lovely swim.

Xiao Yu'er followed excitedly, and there was that handsome little guy.

The little handsome guy leaned over: "Come and play with me, I have a lot of toys and delicious food!"

Talk to the children: "What toys do you have?"

"I don't know each other!"

"My father is the big boss, we live in a big villa, and my mother is a beautiful woman, there are many people who want to play with me!"

The handsome young man looked pampered, and there was a bit of arrogance in his words. Feel.

Let's talk about the child looking at him in confusion, raised his head and asked:

"What is a big villa? Is it bigger than our castle in country F?"

Xiao Yu'er despised her for being too idiotic to ask:

"It's bigger than Grandpa's. The manor is a little smaller."

Talk about the children nodded clearly:

“Then I don’t like it, I like big castles!”

The handsome guy glared at them angrily:

“My mother is a beautiful woman, my mother is so beautiful I’m done!”

Talking about the kid not to be outdone, his fighting power suddenly ignited:

“My mother is more beautiful, and my mother has three eyes and five legs!” The little handsome boy gave up, and said angrily:

“My mother’s whole body It’s the legs, my mother has a tail, and she will come out at night...”

Song Zhihe, who was listening to the children’s quarrel, was still happy to hear it and watched the excitement happily.

But listening to what the other party meant, the more he said it, the more wrong it became.

The two children were arguing fiercely, Xiao Yu’er suddenly looked up, as if he saw something.

“Dad...”

he called out.

Talk about the child’s attention shifting instantly, watching the person standing upstairs suddenly turn around and leave.

Although she only saw a figure from the back, she was so anxious that she wanted to jump up:

“Daddy, Daddy...”

Her happy eyes instantly widened.

Just about to run in, but a few people came out.

Qi Rong and a few others stopped at the door, and looked politely at Song Zhihe who was standing there:

“Did you bring the kid? Some customers complained that the loud noise outside disturbed their meal. Look... ...”

Song Zhihe nodded, and hurried over:

“Sorry, we’re leaving now.”

He went over and took the little boy’s hand:

“Miss, let’s go back, your mommy is still waiting outside!”

“No, I’m going to find Daddy!”

Song Zhihe saw that she was showing a tendency to play tricks, and directly picked her up:

“You have misunderstood the wrong person, let’s go!”

Talking about the child kicking his legs angrily, shouting:

“Daddy, Daddy, I saw it!”

Xiao Yu’er stood there and patted his head in confusion,

“Did I make a mistake?”

Song Zhihe patted his head with the other hand,

“Let’s go, Do you want me to carry you too?”

Xiao Yuer immediately shook his head.

After they left, the little handsome guy was still watching reluctantly. He didn’t win the quarrel. He didn’t quarrel enough. The main reason is that the little sister is so good-looking!

Su Nan got ready in the car, her face turned green when she saw this scene.

Song Zhihe stuffed them directly into the car and heaved a sigh of relief.

Su Nan paused, “What’s the matter? Tell me, did the kid make trouble?”

Talk about the kid pouted aggrievedly, and sat there aggrieved:

“I saw Daddy, I’m going in to find him , this uncle won’t let me!”

Song Zhihe got on the co-pilot, and said lightly,

“She’s been complained, and if she doesn’t leave, it’s going to be a mess!”

Su Nan tightened her hands on the steering wheel, and looked at Xiao Yu’er:

“Xiao Yu’er, tell me what you saw?”

Xiao Yu’er patted his head: “I didn’t see it clearly. He looked a bit like a godfather, but he didn’t look like that. That man walked too fast!”

Su Nan’s expression changed. Blank for a moment, then twitched the corners of his mouth:

“Okay, let’s talk about not being unhappy, didn’t Mommy say that loud noises are not allowed in public places?”

Talk about the kid blinking his watery eyes, feeling aggrieved Looking at her:

“Mommy, but I really saw it!”

Su Nan’s chest was choked, and he felt his heart constricted.

She tried her best to calm down her emotions: “Daddy will contact you when he comes back, don’t you often talk to him?”

Talking about blinking, thinking for a moment:

“He said that he will be abroad for a few days and let me be obedient at home.”

Su Nan started the car, carelessly twitching the corners of her mouth:

“Then are you obedient? Who came up with the idea of skipping school today?”

Talking children immediately looked at Xiao Yu’er.

The attention was finally diverted smoothly.

Xiao Yuer’s eyes widened immediately: “I...?”

Su Nan chuckled lightly: “You better explain to me what happened today, because you, the teacher and the principal are all blaming yourself, If you are captured by bad guys, what will happen to you?

Are you prepared for the consequences caused by impulsiveness?”

Song Zhihe was quite surprised that Su Nan could say this to the two children.

After all, children are the least able to listen to the truth.

But as soon as she spoke, the two children behind her sat there obediently and reflected.

As if you really listened to it.

Xiao Yu’er couldn’t help it, he stumbled and admitted his mistake:

“It’s my fault, I shouldn’t have gone into the dog hole with Tan Shuo.” The boy Tan Shuo patted his chest and said proudly:

“That dog hole is a I found it.”

Xiao Yu’er looked at her helplessly.

Su Nan took a deep breath.

She is still too young.

Should I beat her up and give her a complete childhood?

In the end, this confession was over.

Arrived at the hospital.

It was only then that Su Nan remembered that there were other people in the car.

She looked at Song Zhihe and said tangledly,

“Why don’t you get off work, I forgot I should have brought you here.”

Song Zhihe shrugged indifferently:

“Mr. Su, I’ve come all the time. After all, I’m a family friend. May I go up and say hello to Mr. Su?

“

After all, he is not someone who really came to work.

“Okay, up to you.”

Su Nan said, holding Xiao Yu'er's hand and walking inside.

Talk about the child holding the flowers on Su Nan's car, half as tall as her, and walking behind clumsily.

Wen Xiang came out of the intensive care unit, already feeling much better, but she still looked a little weak, and she was practicing walking in the ward.

In front of her was Su Jin encouraging her with a smile, reaching out to support her, but Wen Xiang opened it.

The atmosphere of the two talking and laughing made people reluctant to break it.

But talking about the kid, he knocked on the door regardless and went in, and was blocked by the bouquet of flowers:

“I'm here to see my brother!”

Wen Xiang smiled all of a sudden:

“Tell me, kid, is it a flower for my aunt?”

“Yes Ah!”

Talk about the child running over, hugging Wen Xiang's leg, raised his head and smiled sweetly:

“Auntie has worked hard, Auntie is really amazing!”

## Chapter 2290

talk about the sweet mouth of the child, which makes people laugh.

Wen Xiang took the flower and pinched her little face:

“Thank you for telling me, my aunt, I really like it!”

Su Nan pulled Xiao Yu'er in, and Su Jin looked at them with some doubts:

“School is over so soon? Where is Su Lin?” ?”

Su Nan sighed heavily:

“These two were caught playing truant in the afternoon!”

Su Jin stopped for a while, and glanced at Shuo Shuo and Xiao Yu'er.

“By the way, this is...”

Su Nan pointed to Song Zhihe behind him.

Song Zhihe stood politely at the door and didn't go in, “Mr. Su, hello, I'm Song Zhihe.”

Su Jin reacted immediately and smiled:

"I know, Shen Liang mentioned to me that you are an assistant beside Su Nan. I have wronged you, why don't you go to another department to try?"

Song Zhihe smiled, how could he not tell that he was being polite?

"President Su, you're welcome. I can learn a lot from Ms. Su. I think it's enough. I came in a hurry and couldn't prepare a gift. Please don't be offended. President Su, I wish you and your wife all the best."

"Thank you." Song Zhihe

looked at Su Nan:

"Miss Su, then I'm off work?"

Su Nan nodded, "Be careful on the road.

"

Nostalgia and intersection, the scale is well grasped, not annoying.

Originally, Su Jin stayed in the hospital to take care of Wen Xiang. If someone else came to disturb him, although he would not show it on the surface, he would definitely be unhappy in his heart.

But this Song Zhihe didn't make him feel disgusted.

It makes people feel very simple and sophisticated.

Su Jin waited for him to leave before closing the door, looked at Su Nan, and smiled meaningfully:

"This is the blind date that Dad introduced to you?"

Su Nan clicked his tongue and went to go to talk about and Xiao Yu'er.

Fortunately, their focus was on the newborn Su Yu, and they didn't hear about it.

"Brother, don't follow me!"

She said in a low voice.

Su Jin smiled, "I'm not that interested, and Dad really is, why don't you pick a better one, a student who just left school? How does he know that sister-brother love is popular now?"

Su Nan rubbed his forehead, also in a mess :

"It's probably because I hang out with other people all day, and my horizons are much broadened."

Su Jin laughed a few times, then turned to take care of Wen Xiang.

Shuo Shuo and Xiao Yu'er stared intently at his younger brother on the small bed, not even daring to breathe too hard.

Wen Xiang smiled, took a look at Tan Shuo and felt it was a pity:

"It would be great if she was a girl like Shuo Shuo..."

Tan Shuo looked up at her with a smile:

“Auntie, I like my brother! “

Wen Xiang couldn't help laughing.

Su Jin liked her daughter better at first, and when she heard her say this, he immediately echoed what she said:

“Your brother is also good, just as worry-free as Su Lin.”

Wen Xiang nodded with a smile.

“I hope so!”

After playing here for a while, when they were all tired, Su Nan proposed to leave with Xiao Yu'er and Xiao Yu'er.

Talk about saying goodbye to Aunt Wen Xiang reluctantly.

Su Jin hugged her and sent her out, not forgetting to educate her:

“You can't play truant anymore. If you want to come out to play, you can call us and we will send someone to pick you up. Children can't play without you. Accompanied by adults, I came out by myself.”

Talking about the child's confusion, she rubbed her sleepy eyes and nodded:

“I see...”

Su Nan took Xiao Yu'er's hand and let her get into the car, Then he asked Su Jin to put the chatter into the car:

“Brother, go back, we're leaving now.”

“Be careful on the road.”

Su Nan nodded and got into the car.

The previous car had lost its insurance and hadn't been returned. This car has not been driven for a long time, but I quickly found the feeling after getting started.

After a few days.

Because Su Nan had too many things to do in the company, she had no time to go to S restaurant.

But she asked Song Zhihe to pack it every day.

Come and go.

Song Zhihe and Qi Rong became familiar.

Seeing him come in, Qi Rong greeted him with a smile:

“Assistant Song is here again?”

Song Zhihe responded, and showed her the dishes Su Nan ordered:

“That’s all, can you make it in half an hour?”

Qi Rong After taking a look, she raised her eyebrows, it was not difficult: “I’ll ask the back kitchen.”

She said and went to the back kitchen with the menu.

A man in a black shirt with his sleeves rolled up stood in front of the window, not at all disgusted by the environment in the kitchen.

Although his gentle and jade-like temperament is incompatible with the occasion here.

But it didn’t affect his gentle and restrained breath blending in here.

“Sir, this is what Ms. Su ordered.”

Shang Qian froze for a moment, then extinguished the cigarette in his hand.

He took a look at it, probably frowning slightly because of the simplicity of the dishes.

“She’s here?”

“No, it was Assistant Song who was by her side. She packed it and said it would be best to finish it within half an hour.”

Shang Qian paused for a moment before falling silent.

There seemed to be some complicated emotions in his eyes, and he put the menu aside:

“It’s a beautiful idea, but I can’t finish it.”

Qi Rong looked at him in a daze, his emotional change was too obvious, and it was too sad .

A complex entanglement of emotions deep inside.

She didn’t know where the courage came from, and suddenly said:

“I think that Assistant Song is not an ordinary assistant. Suitor?”

Shang Qian’s face darkened a bit.

He didn’t have to talk.

But there was a twinkle in his eyes.

This may have been guessed earlier.

Qi Rong said hastily: “Ms. Su’s family background is right there. Even if she has a child, she is still young, and remarriage is justified. It is more understandable if she has someone she likes...”

Shang Qian’s face As if shrouded in a layer of haze, he glanced at her coldly.

Qi Rong swallowed the rest of the words in an instant.

She felt instantly tense and flustered.

He hates disrespectful people the most.

Qi Rong hurriedly lowered her head: "Then I'll go out first, you have something to tell me."

She said, and left in a somewhat chaotic footstep.

Obviously he is so close to her, but she seems to have never entered his world.

Even if she was designed to live on the street, one of her legs was broken, and she was used to medicine and thrown on the street to be missed by homeless people.

Shang Qian sat on the opposite chair and stared blankly at her direction, as if everything around him couldn't make him react at all.

She yelled for help to no avail.

His lonely and cold figure was sitting there, like someone who had been forgotten by the world.

Seeing that she was about to be dragged away by two homeless men, his eyes seemed to have focus.

He helped her drive away her bullies, and when he stood in front of her, he realized that his legs were not good either.

He was on crutches, limping, so pitiful that it made people feel distressed.

It's hard to imagine how he became crippled with his cold and elegant demeanor.

It was as if he had fallen into hell from the clouds, and his whole body was covered with depression and lifeless indifference.

Is it the same as her?
