

Divorce 2401

Chapter Two Thousand Four Hundred and One Very Favorable

“Slut, you want to kill him again and again, what happened to you, our family married you, it was really bad luck for eight lifetimes, you broom star, give you food and clothing, your family of bloodsucking insects have come to plague our family...”

It was the voice of a middle-aged woman scolding the street.

“It’s a rich mother.” Chen Mian said on the side.

Fu Yechuan froze, obviously not wanting to go in.

Next second.

A voice that was louder than Zhao Qihua’s voice and even more ugly to scold suddenly sounded around

“Fuck you, your ancestors only marry me when they smoke, otherwise they won’t be able to get their turn in the next life.”

I didn’t eat you didn’t drink yours, don’t put gold on your face, or stick, one by one as if they ran out of the sewers, they did some unsavory things, and dare to talk about me?

The people of the Ning family want money, you give money, are you fools?

Bah me! And it’s not what I want, not a penny was spent on me, I tell you, I don’t admit it!

The young rich son of the bitch who raised the dead deserves it, I wish he would swallow tonight, just so that you white-haired people sent black-haired people away together, and there can still be a companion on Huangquan Road! Ning

Yue didn’t know if he had drunk alcohol, and he almost forgot what his last name was.

She doesn’t care about anything anymore, whether she is a rich mother or a stepmother.

She can’t bear to be rich in her old age, let alone!

The situation in the room was uncontrollable for a while.

The police outside did not dare to enter.

Anyone who persuades will be scolded one by one.

The grudge is deep, and he still does not admit his mistake, even if he becomes the family of the victim, what can he do?

The police saw the tall and straight Fu Yechuan and hurriedly greeted him.

“President Fu, you...”

Fu Yechuan’s face was stiff and dark, and he pursed his lips

,

“The lawyer will arrive soon, let’s see what the lawyer says, we won’t do illegal things.”

This Ning Yue scolded, making him think of her scolding herself.

It can blow up the lungs.

He didn't want to see her now, maybe even he would scold her!

He can't talk back to her here.

Fu Yechuan glanced at Chen Mian: "You wait here, I'll go out and make a call."

Chen Mian nodded stunnedly.

Zhao Qihua was breathless by the people inside.

In terms of quarrels, she has never lost in several buildings.

But quarreling with this former daughter-in-law did not prevail!

She slammed the door and slammed it

,

"You wait to get the bottom of the prison through!"

She hasn't forgotten to put down her cruel words!

She had to be taught a heavy lesson.

The doors are closed one by one.

Ning Yue saw Chen Mian.

"Assistant Chen?"

Chen Mian walked to the door with a smile: "Are you okay?" Don't worry, the lawyer will be right away!

"I'm not even embarrassed to trouble you, Assistant Chen, you have helped me so many times, I am really embarrassed to trouble you."

"What, because I was in charge before, didn't I also let you suffer grievances?"

Chen Mian was talking about Ning Yue being humiliated by Yao Xinrui.

She could leave it alone, but he couldn't act as if nothing had happened.

You don't have to think about it, you know how ugly those words will be.

Ning Yue smiled and took
a deep breath

"You are really different from that dog man in Fu Yechuan, staying by his side really wronged you, Assistant Chen, if only I hadn't been married, I would definitely chase you."

But I'm all divorced, and there are so many broken things, I really can't bear to burden you.

We really have a part!

She sighed abruptly.

Ning Yue also found out after the divorce, and Chen Mian really took care of her a lot.

Such a warm person, if it was Ning Yue, who was clean and innocent, she would definitely give everything out.

But now, she didn't want to drag down other men.

Especially such a good man as Chen Mian!

But that's what she said, she didn't have any feelings for Chen Mian.

Otherwise, it would not have been said so brazenly.

Chen Mian couldn't help but laugh, "Miss Ning is polite, divorce is a kind of rebirth, it's a pity that I have a girlfriend."

Ning Yue looked at each other and smiled, "That's fine, I'll look for it according to your template."

Chen Mian was just about to say something, but suddenly heard a heavy cough behind him, and instantly froze.

Fu Yechuan didn't leave.

He immediately changed his words: "In fact, the things to help you are all ordered by President Fu, I am an errand, and the lawyer is also specially invited by President Fu, and he is still running here from his busy schedule to discuss your affairs with friends in the police station!"

Our President Fu is hard-mouthed and soft-hearted, and he said last time that you didn't choose to speak, but I actually regretted it.

You see, he is also a knife in the ribs of his friends..."

Ning Yue suddenly sneered.

Chen Mian couldn't say anything at all.

Ning Yue sat inside, unable to see Fu Yechuan, but there was no half gratitude on his face, that bright and delicate face, with a bit of coldness and indifference

"I already thank him if he doesn't go to make things worse for me, can he have such kindness?"

Don't joke, I'd rather believe that Nian Dafu let me go, and I won't believe that Fu Yechuan has any kind heart!"

Chen Mian choked on a word.

The person behind him snorted coldly, turned around and left, his back was cold and cold, and he was provocative and fierce from above.

The aura is too powerful to ignore.

Chen Mian secretly shouted badly, and glanced at Ning Yue

helplessly: "He was outside just now, Miss Ning, this time he really blamed our President Fu!"

Ning Yue “...”

Zhao Qihua was drinking water outside, and heard the police talking to Fu Yechuan’s lawyer, and his words were all about protecting Ning Yue’s meaning.

Fu Yechuan just arrived in the car.

Zhao Qihua hurriedly chased out.

“You know Ning Yue?”

Fu Yechuan glanced back at her, his eyes were cold, his eyebrows were sharp, he ignored her and got into the car directly.

Zhao Qihua thought he was going to run, ran directly to the side of the car, and slapped the car glass hard

“Get off the car for me, don’t think I don’t know who you are, you are with that slut, you are her sister-in-law, your lover, you two have been hooking up for a long time, right?”

Even this kind of lack of virtue can be done, she hurt my son, did you instigate it? The driver in front was slightly startled and subconsciously looked back.

Fu Yechuan wrinkled his eyebrows, as if he was holding back some emotion, which was simply unreasonable.

The driver looked at Fu Yechuan’s face, immediately got out of the car, and went over to pull Zhao Qihua away

“What are you doing, do you know who is sitting in the car?” Hurry up and go!

Zhao Qihua knew when he saw this car that it was not simple, rich and powerful.

“I’m just looking for him, the fox spirit’s lover, to join forces to frame my son, my son is now in the hospital where his life and death are unknown, they are at ease here, and they have to pay the police to exonerate that fox spirit!”

I won’t let him go, I’m going to let everyone know about it! ”

Chapter Two Thousand Four Hundred and Two: Reasonable or Unreasonable

Zhao Qihua shouted loudly, took out his mobile phone, and was about to start taking pictures and videos.

The driver’s face changed slightly, and he quickly reached out to grab it.

Zhao Qihua was even more unreasonable, dragging the driver and pushing it to the car.

The driver is not good to follow a woman, and the opportunity to dodge made Zhao Qihua suddenly drag to the side.

“You still dare to beat me with your hands? I don’t believe it, is there no reason in this world?

Get me out of the car, I’m going to put you in jail with her, and I will never let you go!”

Zhao Qihua was too ugly, and he was at the door of the police station again.

If you continue to make trouble, you may really make headlines.

Fu Yechuan rubbed his forehead, his eyebrows were cold and awe-inspiring, and he was indescribably gloomy and low.

It's pitch black inside.

The driver was almost overwhelmed alone.

Chen Mian and several policemen behind hurriedly ran over.

"What for?"

When Zhao Qihua saw the police coming, he was immediately full of confidence.

Putting on a victim's posture, he almost sat on the ground and cried

'
"This is with that vixen, her sister-in-law, arrest him."

If you don't catch it, you are deliberately partial, and I will go out and expose you!"

You can't bully my son like this, my son's life and death are uncertain, you have to let them be imprisoned!"

The policemen looked at each other.

One of them came
out of it
and "Bring people in."

Then the police went to pull Zhao Qihua's arm.

Zhao Qihua struggled
desperately,

"Let go, let you go and catch the people in the car, what are you arresting me for?"

The police were stunned and did not let go

"Disturbing social order at the door of the police station is breaking the law and discipline, let's go
, want to shout in and shout, shout enough!"

Zhao Qihua struggled like crazy: "By what?"

"What evidence do you have to prove that he and Miss Ning Yue had an improper relationship before Miss Ning's marriage?"

If there is no evidence, it is slander, and people can sue you.

"Don't scare me, the old lady is not scared!"

Zhao Qihua's voice became smaller and smaller, and he was dragged to another room.

Chen Mian slowly breathed a sigh of relief.

Then looked at the movement in the car, there was no movement, which showed that the people inside were angry.

The driver also followed into the car, Chen Mian paused, and then got into the co-pilot.

“Let’s go, send President Fu back to rest.”

“Yes.”

Fu Yechuan was sitting in the back, his face was dull, anyway, he didn’t look very good.

“President Fu, this Zhao Qihua...”

“If you should pursue it, you will pursue it, and when it comes out, I think I have a weak heart!”

Fu Yechuan’s words were indifferent, and his gestures were all with a calm and unhurried atmosphere, and he was extremely noble.

“Yes.”

Chen Mian took a deep breath and called the lawyer again.

But the car is not yet on the way home.

Fu Yechuan suddenly broke the silence
in the back

“Go to the hospital.”

Chen Mian frowned, “You want to see Nian Dafu?” I can ask the people at the hospital directly.

Fu Yechuan glanced at Chen Mian with a heavy gaze, and Er laughed, making people feel a little sharp
for no reason

, “Go see Fu Yunche.”

Chen Mian couldn’t wait to bite off his tongue.

Although Fu Yunche hadn’t gone to school for a long time, the teacher he invited showed up in the ward
very punctually.

Coupled with the care of the maids, the suite is not deserted.

Fu Yunche was almost well, but the hospital did not let him be discharged immediately for the sake of
insurance.

After all, the medical resources of high-end wards are not in short supply, and he can live as long as he
wants.

When Fu Yechuan went, it was almost half past nine.

Fu Yunche is still taking the last speaking class.

However, after he knew that Fu Yechuan was outside, he was nervous and nervous in his heart, and he
was afraid that he would not perform well.

So the one in this lesson is of little use.

Class ends at 9:40.

The teacher also left here.

Fu Yunche came out of the room, wearing small slippers and some slightly larger pajamas, and saw Fu Yechuan in the living room looking down at the mail.

“Daddy...”

The man

with his eyes finally raised his eyes and met the child’s crystal and apprehensive gaze.

He glanced at Fu Yunche a few times and frowned

slightly

, “After class?”

His voice was low and dark, and even in the dark night, he did not feel half tired.

Fu Yunche nodded, “Daddy, don’t you go back to rest?” I’m going to the company tomorrow.

Fu Yechuan wrinkled his brows to look at him

,

“Why, you’re not happy that I’m here?”

Fu Yunche quickly shook his head and lowered his eyes

,

“No, I’m very happy.”

Fu Yechuan’s heart paused slightly, as if something had touched something very soft, so that he didn’t even have time to hold it.

He looked at the time and thought in his heart that there would be an important call in a while, so he urged Fu Yunche

to “go wash and rest yourself, and don’t delay your homework in the hospital.”

Fu Yunche originally wanted to say something.

But seeing that Fu Yechuan’s attitude seemed to have something important, his words were held back. Get back.

He just nodded obediently and slowly returned to the room.

Immediately afterwards, I heard Fu Yechuan’s phone ringing.

When Fu Yunche saw something on the table, he suddenly thought of something.

But he was on the phone and could not be bothered, only

Chapter Two Thousand Four Hundred and Three – It’s Time to Break

This reminded him of Ning Yue, when she scolded him, what did he say about her in a hurry?

I want to get close to myself through Fu Yunche.

Ning Yue was angry at that time, and she couldn't wait to make a move with him.

Such talents are not weak-minded.

Be straightforward.

He speculated about the wrong heart.

Yao Xinrui is the one who is planning.

He took a deep breath, annoyed by his annoying thoughts.

He is not trying to find someone who loves him, but the three views must match.

Obviously, this Yao Xinrui is a little too clever.

He reached out and took the lady's wallet in Fu Yunche's hand, his eyes wrapped in coldness

"Tomorrow, I will ask someone to go through the discharge procedures for you, and you don't have to see her again in the future."

This wallet was nothing more than that she deliberately fell there to let Fu Yechuan know how much she cared about this child.

Some words spoken with a child's mouth have a different effect than adults.

Yao Xinrui is very good at controlling such small skills.

It also disgusted Fu Yechuan.

Fu Yunche didn't have half a point of reluctance, but just nodded obediently

"Daddy, the aunt who sent me the Rubik's Cube sent me to the hospital, can I go and thank her?"

Fu Yechuan's face tightened slightly, and he wanted to say something, but he still pursed his lips and suppressed his cold gaze

'
"Next time, she has something."

"Oh, good night Daddy."

He could see that Fu Yechuan didn't have much patience.

It was a surprise that he could come to see him today.

Fu Yechuan took his wallet and left.

Directly gave the driver "Today you leave work late, go and return it to Miss Yao, let her take a good inventory of the contents, if it is less, make up for her."

Fu Yechuan did not believe his son.

I don't believe in these women's tricks.

What if you want to pour dirty water on their Fu family?

Can't prevent it!

"Yes."

The driver sent Fu Yechuan back, and then went to deliver the wallet to Yao Xinrui.

Yao Xinrui was already in Yao's house at this time.

I heard that it was Fu Yechuan's driver, and she lost most of her sleepiness.

Hurriedly called someone in.

The driver respectfully handed over the wallet and repeated Fu Yechuan's words.

Hear out.

Yao Xinrui's heart was half cold.

Just happened to meet Yao Lichuan who came back.

The driver could only say it again.

Yao Lichuan's face was not very good.

Yao Xinrui maintained a smile and let the driver go first, but the driver refused to go, standing there embarrassed

"Miss Yao, let's see if there is something missing, our Fu Zong's order, I dare not listen, if I lose something halfway, I will go back to find it."

Yao Xinrui took a deep breath and could only open her wallet in front of him.

After glancing at it, he closed

it

"It's a lot of everything, it's my bad memory, I left things in Young Master Fu, Young Master Fu's body is much better, right?"

"Yes, since there is nothing to do, then I will go back first."

The driver nodded, and then left Yao's house.

I returned to the car and reported to Fu Yechuan and went home.

The Yao family was silent.

Yao Lichuan's face was also not good-looking.

Fu Yechuan's handwriting caught them off guard.

Yao Lichuan looked at his daughter, usually strong, but at this time he seemed to be hit by a blow, and his face was pale.

And he couldn't help but ask

, "What did you do? Fu Yechuan suddenly did this, and let people send things overnight, isn't it to avoid suspicion?"

Didn't you say that the first two days of chatting were good? Is Fu Yechuan also satisfied with you?

Yao Xinrui opened her mouth, her eyes were panicked, her face was unwilling and cold, and she pursed her lips and said,

"I didn't do anything, I deliberately left my wallet in Fu Yunche's hospital room today, I just wanted Fu Yunche to tell President Fu that I often visit him and we have a good relationship."

Isn't that what you said, to have a good relationship with his son, this is the first step!

Yao Lichuan wrinkled his eyebrows and gritted his teeth

"Do you think your careful thinking can't be seen by others?"

I have said that you have to be reserved, don't act too hasty, don't show your thoughts about Fu Yechuan too obviously, Fu Yechuan is not looking for a wife who is in agreement, but a partner.

Do you even understand this?

Yao Xinrui's face was red and white, with a bit of nervousness

"I followed what you said, I didn't show anything too much, I just went to see Fu Yunche every day and had a good relationship with him..."

"Every day?"

Yao Lichuan gasped and stood up abruptly,

"No wonder, you go to see his son every day, isn't it hinting at him? Force him to admit that your relationship with him is different.

How can Fu Yechuan be the kind of person who is willing to be bound, especially now that he is in charge of the Fu family alone, how many people are staring, you are not careful.

Yao Xinrui panicked for a while.

"I don't know, I just want to have a better relationship with that kid and he can help me say good things."

Yao Lichuan really wanted to beat his chest, and he really loved and hated his daughter.

"That kid, Fu Yechuan didn't like him in the first place, can't you see it?"

It's already good to be able to be not close or harsh, Fu Yechuan is out of responsibility to take it, You visit so enthusiastically, can Fu Yechuan not see your careful thoughts? Yao

Lichuan is old and cunning, and he can still see through the problem at a glance.

The living room was a little quieter.

Yao Xinrui's face was already a little pale, and she tightly clutched the clothes

at her side “Dad, what should I do then?”

“It seems that it can only be explained as a coincidence, tomorrow I will say hello to the hospital, just say that my heart is not well, I have to do a test every day, you are accompanying me, only to stop by to see the child.”

Yao Xinrui immediately nodded, and then hesitated

again : “That assistant next to Fu Yechuan, I don’t look very easy to get along with, and it’s not easy to buy, if only I could get Chen Mian away.”

“Don’t think so far, Chen Mian can’t move, Fu Yechuan doesn’t trust him ordinarily.”

Yao Lichuan knew in his heart that Chen Mian could replace Fu Yechuan’s existence at any time.

Yao Xinrui nodded, and with a solution, she was also relieved.

At least I was able to get a good night’s sleep.

Next.

Yao Lichuan and Yao Xinrui went to the hospital a little later.

Otherwise, others will see their intentions.

Yao Lichuan went through the formalities here, and then asked Yao Xinrui to go upstairs to see Fu Yunche.

If you are lucky, you may be able to personally explain to Fu Yechuan the reason why they come over every day these days.

But it didn’t take long.

Yao Xinrui hurriedly returned, and her face became very ugly.

Yao Lichuan wrinkled his eyebrows to look at her

, “What’s wrong?”

Yao Xinrui took a deep breath, her expression a little annoyed

“Fu Yunche has been discharged from the hospital. He sent his wallet last night and was discharged from the hospital today, was he deliberately trying to hide from us?”

And since he knows that I often come to visit Fu Yunche, he should at least inform me when he is discharged from the hospital, right? ”

Chapter Two Thousand Four Hundred and Four: Shaping Character

Hearing his daughter’s emotions, Yao Lichuan originally wanted to get angry, but softened his tone.

“Okay, Fu Yechuan does things, do you still need to see whose face?”

Since he had made up his mind, how could he consult with others.

Okay, let's not focus on Fu Yunche's body, focus on creating the image of a strong woman!

Xinrui, don't live up to your father's cultivation of you!

"Don't worry, Dad!"

Yao Xinrui raised the corner of her mouth and smiled, but her heart was indeed a little uncertain.

Ning Yue's case was not very troublesome.

Nian Dafu continued to faint, did not know when he would wake up, and finally identified that he might become a vegetative person.

Time.

The people of the Nian family couldn't sit still.

Zhao Qihua makes trouble every day, either in the hospital or in the police station.

However, after three days of detention for picking quarrels and provoking trouble, her actions at the police station have converged a lot.

What followed was the Internet celebrity who cheated on the rich in his old age.

She also followed Zhao Qihua to play the appearance of a victim every day, and even contemplated this matter on the Internet, because who covered the sky with one hand, so that they were treated unfairly.

It seems that he has forgotten all the domestic violence and the past of the rich in his youth.

There are no antecedents, only consequences.

Ning Yue's lawyer spent a large amount of bail money to bail her out of the police station.

Because through surveillance and various indications, it is the young rich who provokes first.

Even the young man's attempt to hurt people made Ning Yue make a legitimate defensive move.

It's just that she added another bottle of wine later, and this move is a bit excessive.

And what she said at the time was really a little too much, but fortunately, combined with the various abuses she received in the early stage, and the warnings and threats that Nian Dafu gave her from time to time,

these can be regarded as legitimate defense.

When she came out, she actually had no bottom in her heart.

At least she went with the purpose of breaking the net.

But I didn't expect that there would be a day when I saw the light of day.

Chen Mian stood at the door and waited, and smiled

"Miss Ning, welcome out."

“Thank you, Assistant Chen.”

Ning Yue smiled, although her face was a little haggard, but the smile was sincere.

Unexpected joy, or thank God.

This old man is Fu Yechuan.

“Get in the car?”

Chen Mian went over and opened the door.

Ning Yue didn't expect to return the car to pick up the car, so polite.

But the next second, she was stunned.

Fu Yechuan is also inside.

The air pressure inside the car is low and cold.

Ning Yue's face collapsed, and she suddenly didn't want to get on the car.

But he did help her a lot, and if it weren't for him, it probably wouldn't have gone so well.

How is it all owed to him, it is really difficult to excuse and pull face.

She pursed her lips and said

with a smile, “President Fu is also there, I'm really embarrassed to bother...”

“Auntie, please get in the car...”

There was also a furry child in the car.

The slightly curly hair is white and tender skin, and it looks really beautiful.

“Young Master Fu?”

Ning Yue glanced at Fu Yunche in surprise.

Unlike the weak and pale man he had seen last time, he was now red-toothed, healthy and energetic, wearing a suit-style school uniform, and waved obediently at her.

Chen Mian stepped forward and opened the car door
for her

“Miss Ning, Young Master Fu wants to personally thank you for saving him last time, so he wants to personally pick you up and send you back by the way.”

Ning Yue blinked her eyes, and her heart couldn't help but soften.

That little poor ah, really sensible.

I still remember it for so long!

For Fu Yunche's sake, he shouldn't hesitate.

She got into the car directly, and the atmosphere in the car was cold and solemn, filled with the warm smell of pine.

Fu Yechuan was looking down at a document, his side face was angular, stiff and clear, the lines were smooth, and his aura was still overbearing and gentle.

Fu Yunche looked at her with a smile, still holding the Rubik's Cube in his hand

"Auntie, Uncle Chen said that you have been in trouble recently, have you solved it now?"

Ning Yue nodded, glanced at Fu Yechuan, and was slightly relieved.

"It's settled, thank you, remember me."

"You're welcome, you helped me, I should personally thank you, daddy told me, know Entu News!"

Saying that, Fu Yunche turned his head to look at Fu Yechuan, as if to seek recognition

"Daddy, huh?"

Fu Yechuan lowered his head without reacting, thinking about the contents of the document.

The atmosphere in the car fell silent again for a while.

Ning Yue felt angry when she saw Fu Yechuan ignoring her son's appearance.

Maybe it's not used to it.

This Fu Yechuan's eyes are above the top, and he doesn't even pay attention to his own son.

What else can you care about?

No wonder people Su Nan can't look at him, such a person, ghosts can look at it!

Ning Yue looked at Fu Yunche's gaze and darkened.

Coughed.

"Mr. Fu, I haven't thanked you yet, I am really grateful for this help, I often think of you in it..."

Fu Yechuan was finally attracted by her series of words.

Wrinkled his eyebrows, turned his head to look at her, his eyes were dark and dull, with a bit of laziness and indifference

"Want to scold my ancestor? Isn't that a good thing?"

Chapter Two Thousand Four Hundred and Five: You Have to Have a Treat

Ning Yue shook her head: "I don't know, it's random, you have to open it before you see it." Fu

Yunche's subordinates didn't stop, but they seemed a little excited

, "I will definitely be able to open it."

The atmosphere was better again for a while.

Ning Yue lowered his head and smiled with him, and Fu Yunche gradually became acquainted.

Soon, the two looked very integrated.

This Fu Yunche looked sensible and restrained, and there was some Fu Yechuan's shadow on his body.

But in fact, it is much more likable than Fu Yechuan.

For some unknown reason, he just has a psychological defense line for everyone.

He is sensitive to the goodwill or unkindness of the comer.

The kindness he felt was approachable.

Ning Yue smiled, looked at Chen Mian in front of him and said

,

“Assistant Chen, just send me back to the bar, don't bother too much.”

Chen Mian paused and glanced at Fu Yechuan.

Fu Yechuan sneered coldly, closed the document, and said in a deep voice,

“What about us as drivers? Helped you so much, you have to invite dinner. “

You have to eat!

Listen.

This sentence alone could make Ning Yue angry to death.

But a meal is just a meal, and it is not an unreasonable request, in front of Fu Yunche, she has no reason to refuse.

“Well, I originally planned to do the same, I'm so honored, hehe...”

Fu Yechuan twitched the corner of his mouth, really couldn't bear to expose her.

Sure enough, it's a two-faced person.

But Ning Yue still underestimated Fu Yechuan.

He said a meal.

It's more than just a meal.

They went to a tall western restaurant, and there was no one inside.

Chen Mian went to the company with something, only Fu Yechuan and Fu Yunche.

Fu Yunche did not show timidity like her, obediently and generously followed behind Fu Yechuan, and sat down on the seat.

Ning Yue sighed twice and shook her head

“Having money is different, where is spending money to eat, this is the mood that is bought with money!”

The interior was extremely decorated, and she even suspected that the few antiques placed at the door might be real.

Even though she was also pampered by Old Master Ning, she really didn't have much chance to see such a scene.

Fu Yechuan and Fu Yunche sat there, each with a menu.

Finally, there is a place that looks more like father and son.

Ning Yue sat down and looked at the ad in front of her, there was also a menu on it.

The waiter came over and half-bent over for advice.

Fu Yechuan ordered two very casually, his aura was there, he didn't speak, and his aggression was terrifying enough.

Then he looked at Fu Yunche.

Fu Yunche ordered a set meal.

Ning Yue casually ordered a salad, and it was fine.

But when they finally came up, not only the food they ordered, but also the restaurant supporting them, and they had an appetite when they looked at it.

Fu Yunche obediently took the fork to eat, quietly, without sound.

Ning Yue looked at the two people and felt that this atmosphere was really embarrassing.

What is this yourself?

Fu Yechuan was even willing to appreciate his face and eat with her?

Even if this meal is delicious, it tastes like chewing wax.

None of the three spoke.

The atmosphere is weird enough.

Fu Yechuan ate and also sensed something.

Unusually quiet.

He looked up.

Fu Yunche was well-behaved when eating, and he couldn't fault anything.

Ning Yue didn't seem to eat very much, but the delicate facial features of women and women seemed to have their own soft light under the dim light.

The paleness on her face faded a little, and the swan neck was thin and slender.

She subconsciously raised her eyes, and the moment she met his gaze, Yingying's gaze seemed to see a person.

Soft and fragile.

It was as if one hand could pinch life.

Fu Yechuan stared at himself in her eyes, his expression a little stiff.

It was as if I saw something familiar in those eyes.

Similar, desirable.

His throat tightened, and he looked away instantly, and he was rarely at a loss.

For fear of revealing the secrets of my heart.

Ning Yue looked at him and frowned slightly,

"President Fu, are you all right?"

Fu Yechuan turned quickly, calmly took the napkin and wiped the corners of his mouth, and his movements were sven and beautiful.

"You eat."

Ning Yue looked at the amount of food in front of him, and couldn't help but ask,

"You are full, there are so many more, what a waste..."

Fu Yechuan raised his eyebrows, with a bit of clarity and looseness between his eyebrows

"So you eat more, after all, you are treating!"

Ning Yue twitched the corner of her mouth.

Well.

She almost forgot.

She has to treat her!

So the restaurant is not her choice, the meal is not her wish, and she has to spend money willingly!

I really don't know where to go to shout injustice!

Looking at her eating something else, Fu Yechuan's black eyes were quietly full of smiles.

"I'll go make a call, you guys use it slowly."

Fu Yunche nodded obediently.

Ning Yue continued to eat the dishes.

When he left, Fu Yunche put down the things in his hand, patted Ning Yue's hand, and said with a smile,
"Auntie, I have prepared a gift for you."

He quietly took out a small wooden box from his bag.

It doesn't look like an ordinary jewelry box.

She opened it and saw that the diamond inside really blinded her.

"Diamonds?"

Fu Yunche nodded: "My mommy left it to me, she has a lot, I think you girls like diamonds, this is what I gave you, thank you for saving me."

Ning Yue pursed her lips and quickly returned it to him

, "You're welcome Young Master Fu, I'm just raising my hand, the person who saved you is a doctor.

What's more, I still owe so much favors to your father, and the merit can't be compensated, you better keep this for yourself, don't lose it!"

She didn't believe that Fu Yunche would fool her with a fake one.

This kind of family lineage, a shot is more than ten carats of diamonds, what kind of family situation is this?

Or is her insight too small, limiting her imagination!

Fu Yunche blushed and insisted on stuffing it to her, "This is not my father's, don't worry, this is my thank-you gift, I can decide who to give it to

."

His immature face was full of seriousness.

But it looks even more cute.

People can't help but pinch it.

Ning Yue smiled and really did it.

"Okay, I'll collect it for you first, and I'll return it to you after two days of playing."

Turn back and hand it over to Fu Yechuan.

Fu Yunche smiled and nodded.

Just take it.

It doesn't matter if you don't pay it back.

Fu Yechuan is not there.

Ning Yue and Fu Yunche were relatively free, and they didn't have any scruples about speaking.

After a while.

Ning Yue got up and planned to go to the bathroom to check out.

Say hello to Fu Yunche and go.

When passing by the door.

I saw the tall and tall figure saying something to the woman opposite.

Didn't Fu Yechuan go to the phone?

Actually talking to that Yao Xinrui?

The two of them talked happily.

That peacock who wants to open the screen anytime, anywhere?

Ning Yue paused, just about to leave, and went to the front desk.

Unexpectedly, two people outside walked in together.

Chapter Two Thousand Four Hundred and Six: Eating Leftovers

Ning Yue also just finished swiping the card.

Fu Yechuan wrinkled his eyebrows and looked at her

, "Paid?"

Ning Yue nodded, "Yes, isn't it me for a treat?" I can't even have this awareness.

Of course, she believed that even if she did not take the initiative to pay, Fu Yechuan would pay it.

But she didn't want to owe him more, it was just money for a meal, and she couldn't afford it.

Fu Yechuan's face was ugly, and he glanced at the waiter
gloomy,

"I said I would pay..."

This made him very faceless.

The waiter stood there
embarrassed, "It's this young lady who insists..."

"Well, don't be angry about such a little thing, Mr. Fu, since Miss Ning wants to express her heart, it's nothing."

Yao Xinrui smiled on the side, her essence flashed, and she looked at Ning Yue unconsciously looked at it more.

When she looked pale and wore quite average clothes.

Yao Xinrui's heart was full of pride.

It can't be compared at all.

Dressed like that, if you don't follow Fu Yechuan, I'm afraid this restaurant won't be able to enter.

What is it to pay a penny?

Isn't it for that ridiculous self-esteem?

Don't come if you have the ability!

She still behaves generously and well.

"Miss Ning, don't mind if I participate in your dinner, right? I had already booked a seat, but the manager told me to cancel it temporarily, and I was really disappointed, so I wanted to come and see who canceled it.

But now it seems that I am convinced, and I already know that President Fu and the guests are here, so I will not bother.

Fu Yechuan's eyebrows were light, and there was no excessive reaction.

"Miss Yao is polite, you can come if you want."

These words made others sound as if they had given Yao Xinrui some kind of privilege.

Where he Fu Yechuan can come, Yao Xinrui can also come.

Ning Yue is not unable to hear good or bad.

In the hospital, she discussed Fu Yunche's condition with the doctor.

Yao Xinrui came over and pointed at Sang Huai.

There are no dirty words, but every word is dirty.

That is the sense of superiority that people in high positions are accustomed to developing.

Ning Yue has never had a good impression of this kind of person.

Especially when we met again, it was as if nothing had happened.

Who cooperated with her acting?

Ning Yue raised her eyebrows and stood silent on the side.

Yao Xinrui's eyes smiled meaningfully, and deliberately provoked this head

, "It seems that Miss Ning does not welcome me very much?"

Ning Yue blinked her eyes, and when she laughed, she had a bit of an amorous atmosphere of not admitting defeat

"Miss Yao, it's not very welcome, after all, the last time you scolded me in the hospital, I still remember it.

You smiled at me like this just now, I was almost scared to death!

She shrugged her shoulders and didn't care about Yao Xinrui's stiff and ugly face.

Yao Xinrui's gaze panicked for a moment, and she turned her head to look at Fu Yechuan.

But before she spoke, Ning Yue laughed.

Ning Yue looked at Fu Yechuan and said
lukewarmly

, "My accounts are all settled, so if Miss Yao wants to eat the rest of us, don't mind."

If you don't want to, just pay for it, the meal is over, I want to go back and rest, then it won't bother the two of you dating.

For the first time, she felt that these two people stood together and were quite matched.

Dog men and women.

Can it not be deserved?

When your own business is over, the farther away from them in the future, the better.

So as not to lose your life!

Ning Yue didn't care how embarrassing Yao Xinrui would be if her words were not his own.

She went straight back to her seat to get her things.

Yao Xinrui stared sharply at Ning Yue's back, and the indescribable anger in her heart.

If it weren't for Fu Yechuan here, she wouldn't be able to bear that this woman dared to say this about her?

Hehe, even dare to let yourself eat her leftovers?

Fu Yechuan stood in the shadows and couldn't see his expression clearly, his deep facial features and sharp jawline brought a sense of oppression for no reason.

The black eyes are bottomless.

Yao Xinrui glanced at him, he was not angry, and he did not mean to speak for her.

Such an attitude made Yao Xinrui's heart a little unstable.

She took a deep breath, still couldn't help but explain

"Miss Ning is like this, she refuses to forgive me, in fact, we were in the hospital at that time, and it was a coincidence that we could meet, my father at that time..."

Fu Yechuan glanced at her darkly, The lines of his facial features are sharp, and he looks even more expressionless.

The sense of alienation is obvious.

He interrupted her in
a deep voice,

“You don’t need to tell me about your grudges, I’m not interested in knowing, and I won’t make peace for you.”

He glanced at her
lightly,

“We’ve finished eating, I still have something to do in the afternoon, I can’t accompany you to eat, when we leave, the restaurant will serve guests as usual, you feel free.”

He said, nodded lightly, sorted out his clothes, and walked in the direction of the dining table.

Yao Xinrui’s face instantly turned pale, and the whole person tensed.

She could feel that Fu Yechuan’s words were all evasive.

The bottom of my heart unconsciously panicked for a moment.

The gap is too big.

She took a deep breath and kept up
with her usual face,
“I have something to do in the afternoon, actually

Chapter Two Thousand Four Hundred and Seven: God Doesn’t Grow Eyes

Yao Xinrui’s gaze became a little colder, and she clenched her palm, unable to see the emotions clearly under her eyes.

Obviously hated her hateful gritted teeth, but it was still superficially nothing.

This taste, not good.

Fu Yunche raised his eyes to look at Ning Yue, then at Fu Yechuan and Yao Xinrui, waved goodbye obediently, and then walked outside with a small school bag.

Ning Yue didn’t want to stay here either, she didn’t even want to say hello, so she left directly.

Fu Yechuan’s mobile phone rang, and he twisted his eyebrows and walked to the side to answer the phone.

Yao Xinrui, who was left alone, gradually became ugly, and did not return to his senses for a long time.

It’s been a long time.

Fu Yechuan finished the call and was about to leave, but saw that Yao Xinrui was still there to see him.

His gaze sank slightly, and he walked over

,
“Miss Yao, I still have business, I leave.”

Yao Xinrui smiled, calmed her mood, and said
gently,

“Just right, I’m going to do something near the Fu Group, trouble President Fu to take me for a while, right?”

Fu Yechuan wrinkled his eyebrows slightly, and his face was as heavy as water.

But he didn't think for long, looked at the time, and nodded without any emotion
, "Yes."

Even if he had changed partners, he would have done it.

This mall has two doors, front and rear.

Fu Yunche took the elevator downstairs and watched Ning Yue waiting for the car at the side door.

He looked at Fu Yechuan and did not come down, and then walked over with confidence.

When Fu Yechuan and Yao Xinrui were about to get into the car, Fu Yechuan saw Fu Yunche beside Ning Yue, holding a Rubik's cube in his hand, but tilted his head and smiled at her.

Not sure what I'm talking about.

Such a smile rarely appears on a childish face.

Fu Yechuan's heart crossed a little unhappiness.

Fu Yunche saw that he was like a rat seeing a cat, but he was so affectionate with an outsider?

All the hard work he spent in this little child was in vain!

A few sweet words from others can coax him around, it's really unproductive!

He snorted coldly before walking over slowly.

The two of them were so invested that they didn't find him at all.

Ning Yue said lazily
on the side

, "Why are you so afraid of your father? But it is understandable that whoever sees him is in a bad mood, just like everyone owes him money.

If you are afraid of him, you are afraid of him, why are you afraid of that Yao Xinrui?

Fu Yunche paused and sighed

,

"Because she may become my stepmother, I can't offend Aunt Yao, if Daddy marries her, they will be a family in the future."

Ning Yue paused and sighed

, "It's pitiful."

Fu Yunche's voice was childish and low

"Aunt Yao likes my daddy very much, she always goes to me to ask me questions about daddy, some of them can't answer her at all, and she is very strong, and the servants around me dare not offend her."

Auntie, I still like you, because you are different from them, and you don't like my daddy.

So with her, there will be no pressure and guilt.

Ning Yue couldn't help but sneer

,

"Who likes people like that, isn't it uncomfortable? If his marriage can be smooth sailing, then it is really God's eyes!

You are really a little pitiful, it doesn't matter, when you grow up, no one can control you!

Fu Yunche nodded in agreement.

Fu Yechuan looked at the two big and small people with deep eyes in the back.

Stop and listen.

The face was extremely dark and ugly.

Hehe.....

Again saying bad things about him behind his back!

Just happened to be caught by him again!

However, the content of this conversation was something he never expected.

He didn't continue walking, just coughed.

It caught the attention of two people.

When Fu Yunche saw him, his attitude tightened, and he immediately became nervous

"Daddy, are you down?"

Fu Yechuan glanced at him indifferently, and snorted

,

"Get in the car."

He lifted his chin and pointed in the direction of the car.

Fu Yunche immediately nodded and said goodbye to Ning Yue.

Ning Yue also stretched out her hand and waved.

But the next second.

Fu Yechuan continued to speak;

"And you."

Ning Yue pulled the corners of her mouth, very surprised, and paused

,

"No need, I'll just go back by myself, we don't go along the way."

She looked like she really wanted to dissociate herself from him.

It made Fu Yechuan look very unpleasant.

“Hurry up, do you want everyone to wait for you?”

He frowned, and after saying that, he lifted his feet and got into the car.

Strangely.

He was on the co-pilot.

Ning Yue paused, did he know that he didn't want to sit with him?

So conscious?

She pursed her lips and followed anyway.

When opening the rear door of the car.

I saw someone I didn't want to see.

It's like seeing a piece of after eating, that kind of thingThe taste is not an ordinary disappointment.

Fu Yunche was already sitting obediently on it.

There is a lot of space inside the car, and it is more than enough to sit three people in the back.

This is the advantage of luxury cars, high-end atmosphere on the grade!

Yao Xinrui didn't expect her to come over, and her face was quite bad.

She learned the lesson this time, did not take the initiative to talk, pinned her head over, and looked out her window.

As if not knowing.

Ning Yue stood outside and took a deep breath.

When Fu Yechuan was impatient, he knocked on the car door

“Get in the car quickly.”

Ning Yue's frown could kill a fly.

She took a deep breath before bending down to get in the car and then closing the door.

The car gradually drove into the main road.

Soon.

To the Fu Group.

Fu Yechuan and Yao Xinrui got off the car together.

Fu Yunche breathed a heavy sigh of relief after they got out of the car.

It looks like I've been tense for a long time.

In the car, he didn't even dare to speak, and his breathing was cautious.

Ning Yue too.

The two looked at each other and couldn't help laughing.

Tacit understanding.

The two people leaned on the car, and the driver sent Ning Yue to the bar first.

Then he took Fu Yunche and left.

Ning Yue came back and felt that his mood was completely different.

There is a feeling of rebirth.

She pushed the door in.

There are no guests.

The waiter and manager were there.

But it's not just them, but also the rich mother Zhao Qihua and the pregnant Internet celebrity.

If it was Zhao Qihua himself, he could have driven it out.

But that Internet celebrity is a pregnant woman, they dare not move their hands or mouths, for fear of being falsely caught in an accident.

Oh, and the eldest uncle and aunt of the Ning family sitting next to them, cowering.

I really came prepared.

So it was on the biggest deck.

The pregnant woman sat there with her stomach straight, like an ancestor.

And Zhao Qihua was sitting next to him, with a malicious anger on his face and a bad gaze.

Hearing the movement of Ning Yue's return, she looked over with mean eyes, and couldn't help but stand up excitedly

"You actually came back, you slut, my son has become a vegetative person, you are fine, you even have a face to swagger back, you should go to serve my son's atonement for shit and urine."

Chapter Two Thousand Four Hundred and Eight: Find Trouble

The waiter on the side saw it, walked to Ning Yue's side, and gave a helpless look.

"These people have come every day for the past two days, just for you, saying that if you don't give them an explanation, they will still come, so that we can't do business!"

Ning Yue's face sank, and her gaze was cold.

She felt that it was a pity that the young rich did not die.

Zhao Qihua walked over a few steps and pointed at her excitedly

, “What business? My son is like that, and you still want to do business steadily?”

Bah, do your 100-day dream, if you don’t give me an explanation to satisfy me, I won’t leave here!”

She looked like a city shrew, and so many years of rich life had not allowed her to learn what cultivation was.

As soon as Nian Dafu died, she was not satisfied with the result of the police station, so she used a rogue method to make Ning Yue compromise.

Ning Yue glanced at her coldly,

“What result? Didn’t the police department get results? If you are not satisfied, you can continue to sue?”

Zhao Qihua couldn’t wait to stomp his foot angrily,

“Slut, what are you arrogant? It’s not that you bought those people, but also let people block our live broadcast account on Kiki’s network, now Kiki has no job, you have to be responsible!

The little Internet celebrity touched his stomach and sighed

,

“That’s right, my account was inexplicably blocked, and you have to give me money according to the daily lost work loss!”

Ning Yue sneered

,

“Didn’t you ban the number because you posted rumors and slandered the police? In the end, there is no evidence.

At the beginning, your little thing was picked up cleanly, and the scale of your undressing in the live broadcast was too large, so that people reported it, which can also be relied on me? The

little Internet celebrity’s face changed and changed, and finally covered his stomach and shouted “ouch”.

Zhao Qihua walked over a few steps and covered her stomach with concern

“Qiqi, don’t move the fetal gas!”

Turning her head, she glared at Ning Yue

fiercely, “If my daughter-in-law and grandson have a three-long and two-short, I will not let you go even if I die!”

Ning Yue smiled lightly, and the corners of his mouth were a little cool

,

“It’s not me begging you to come, but it’s reasonable to rush to touch porcelain?” You really can’t get used to me, continue to sue me, I’d rather spend my money on legal fees than give you an extra penny!

During her marriage, she did not take a dime from the Nian family.

Nor owes them either.

She almost lost her life there, and they couldn’t stand this revenge?

Zhao Qihua was just about to say something.

The eldest aunt of the Ning family on the side stood up and went over to take Zhao Qihua’s hand to soothe her.

Then he looked at Ning Yue, as if he wanted to play the role of a peacemaker.

She smiled gently, her eyes shining “

Ning Yue, although she was divorced, everyone was also a family at the beginning, and her face was so ugly.

After all, it was you who first turned the year into a vegetative person, which is equivalent to waste.

It is not easy for them to be orphaned and widowed, so you can say two words less! Ning

Yue endured the disgust in her heart, resisted the urge to roll her eyes, and looked at her indifferently

“Great aunt, what are you doing?”

The eldest aunt smiled and patted her arm

,

“Yue’er, the eldest aunt knows that it is difficult for both of you, I don’t see the need to stalemate anymore, this is not a thing.

It’s better like this, didn’t you sign a divorce agreement before, and at that time agreed to pay a total of 30 million a year, right? Ning

Yue glanced at her lightly.

That glance means a lot.

The eldest aunt who saw it was a little weak-hearted.

The content of the divorce agreement, how would she know.

Unless it was revealed by Zhao Qihua.

It turned out to be asking for money.

Zhao Qihua pinched his momentum and sat next to him, sitting with the little Internet celebrities, always paying attention to their movements here.

Seeing that Ning Yue didn’t speak, the eldest aunt took advantage of the situation and said

,

“It’s better like this, you give that money, I will advise Ms. Zhao not to make trouble in the future, so that you can continue to live a good life.”

In fact, you are not at a loss, it was originally what you should give, and you owe it to the Nian family.

People don’t have lions now open their mouths to take the opportunity to ask for money, which is already good.

If you look at the year, he is basically a living dead.

But he still has children and an old wife to raise, it’s not easy, you are more considerate and considerate!
Ning

Yue stood there motionless, and finally looked at the eldest aunt coldly, and there was no half temperature
in her voice

“Where is the eldest aunt here to be a lobbyist, to sing red and white faces with them, right?”

The eldest aunt’s face froze, and she seemed to be a little angry.

“What do you mean by that? I’m for your good! Ning

Yue chuckled

,

“For my good? Then you take this money for me, anyway, sell the assets of the Ning family, zero and zero, almost worth thirty million.

The eldest aunt’s face immediately became ugly.

Green and white, it seems to be holding back something.

“We can’t take so much money for a while, and we can’t sell it, this is your grandfather’s life’s work, how can you say such a big contrarian thing?”

The corner of Ning Yue’s mouth hooked a mocking smile, with a bit of contempt,

“Then what are you?”

Chapter Two Thousand Four Hundred and Nine: Gaining the Upper Hand

The eldest aunt was anxious when she heard it.

Immediately looked at Ning Yue, with a bit of reproach

“Why are you so ignorant? You don’t understand what you have to say?

It was the money you should give, and people can sue you! She
also wanted to scare and scare Ning Yue.

Ning Yue directly sneered and spoke, unconsciously raising her voice

“Sue well, what am I afraid of now, I tell you, there is no money, the agreement stipulates that I want to give money, but the property and alimony were not included when I was divorced, and there was no stipulation on when I would give money.”

I tell you, I plan to wait a hundred years to give it, and you will come back in a hundred years! The eldest aunt, Zhao Qihua and the others were shocked all of a sudden.

Ning Yue looked at the eldest aunt, her eyes were red, and her voice was extremely cold, like the wind from hell

“Also, when I was beaten to death by them, I didn’t see you say anything for me, and now for my own interests, let me admit my mistakes and make me lose money?”

Big aunt, you better make a face, I wasn’t beaten to death that is my life, don’t think about coming to morality to kidnap me, the Nian family doesn’t have a good thing! The

eldest aunt was shocked by her momentum.

Speechless for a while.

Zhao Qihua walked over angrily, “You said that the people of the Nian family don’t have a good thing?”

She reached out and wanted to slap her, but Ning Yue pinched her wrist desperately.

Zhao Qihua is physically weak, and her appearance of opening her teeth and dancing her claws is just superficial kung fu.

Only know that eating and drinking do not know fitness, sick every year, health care products do not leave the body.

How is it possible to do it?

Zhao Qihua looked at her in shock, and the flames in her eyes were about to burst out.

But Ning Yue pinched it desperately, until she hurt and changed her face.

She looked at Zhao Qihua indifferently, with a chill

“Ms. Zhao, if you dare to move a strand of my hair like your son, I will make you like your son!”

She violently pushed Zhao Qihua away, but Zhao Qihua did not stand, and subconsciously fell on the sofa next to her.

The momentum suddenly weakened.

What the hell is Nian Dafu looking like now.

Zhao Qihua was stunned.

She jerked her head

up

, “But can you be so lawless? You hurt him to this point, our mother and three will not even have a reliance in the future, we don’t look for who you are looking for? Ning

Yue tugged at the corners
of her mouth

“I don’t want alimony, just treat it as compensation for you, sell the company that is rich in your years, enough for you to live for a lifetime, of course, the premise is that you don’t beat the swollen face and fat people anymore.”

Zhao Qihua must be dissatisfied with this ending.

In her cognition, if someone dies, they have to make the other party bankrupt their families.

Don’t say what is right or wrong, or what responsibility determination.

How valuable a life is, Ning Yue will raise them for a lifetime, use them as cattle and horses, and be small and low.

She can’t let the old rich die in vain!

She was just about to struggle to get up, but the little Internet celebrity timidly took her mobile phone and stood up

“Miss Ning, you can’t deceive people too much, how can you do this to the victim’s family?”

Ning Yue looked at her the same: “Nian Dafu didn’t marry you, right?” Are you a dependent? The little net red’s face froze slightly, and a trace of embarrassment flashed.

Before he could get married, how shrewd the rich man was.

Although he is willing to be with her, it is because she is well-behaved and sensible, and will not go against his will.

But really getting married means dividing his family property, and in her capacity, it is not qualified.

So you can only get pregnant first, and then ascend to the top.

I finally waited until he got divorced, and as a result, something happened to him.

The bamboo basket is empty, no matter how you think about it, it is not worth it!

Zhao Qihua was unwilling to be insulted by his prospective daughter-in-law, and stepped forward to protect her

“She has my grandson in her belly, it is my grandson’s mother, why is it not a family member?”

Unlike some people, who have not been pregnant for so many years after being married, we are really unlucky, married a hen who does not lay eggs, fortunately divorced, otherwise our Nian family will really lose people! The

little net celebrity smiled proudly at Ning Yue.

Ning Yue smiled meaningfully.

She stepped forward.

The little Internet celebrity took a step back in fear.

For fear that she would suddenly go crazy and make a move against herself.

Ning Yue patted her shoulder and said
with a smile,

“Okay, now put away your phone and stop shooting videos, otherwise...”

She paused, and saw that the face of the little Internet celebrity instantly turned white, and her shoulders began to shiver.

She immediately put the phone behind her back.

Looked at Ning Yue warily.

Ning Yue smiled
gently,

“Let’s talk alone, shall we?”

“Don’t.”

“Afraid of what? I will not do it to pregnant women, and even more so to your advantage. The
little Internet celebrity was calculating and hesitating.

Zhao Qihua didn’t dare to let the little Internet celebrity stay
with Ning Yue

“No, who can trust you? What if you are jealous that she is pregnant and want to kill her baby? Ning

Yue raised her eyebrows, with a somewhat indifferent smile, and looked at the little Internet celebrity
meaningfully

“I have a friend who is a doctor in obstetrics and gynecology, and it just so happens that you are her
patient, I remember she also mentioned you to me, saying that your child is healthy and strong,
and looks two months older than ordinary children...”

The face of the little net celebrity instantly faded bloody.

The panic and fear were not motivated by threats of violence against her.

It was Ning Yue’s words that had information that made her feel afraid and panicked.

Zhao Qihua and the eldest aunt next to her heard indistinctly, and Zhao Qihua thought that Ning Yue
was threatening her, and she was even more angry.

Stepped forward and pushed Ning Yue away, protecting the little Internet celebrity, and looked at the
little Internet celebrity

guardedly, “Don’t be afraid, even if I die here, I can’t let you and your grandson have a little thing!”

The little net red’s face changed a lot, and finally took the initiative to stand up in Ning Zhi’s calm gaze
with a smile.

Only this time he did not pretend to be cowardly and weak, but stood up straight.

She stroked her hair, kept her expression on her face, and said, "Okay, let's talk alone."

She turned her head to persuade Zhao Qihua, "It's okay, there are so many monitors here, so many people, she doesn't dare to do anything to a pregnant woman."

Zhao Qihua "..."

So, the two of them went to a small box on the first floor.

Ning Yue sat on the sofa, a little casual.

And the little Internet celebrity nervously clenched his palms and looked at her

"Miss Ning, what do you want to say?"

Ning Yue smiled, looked at her and said, "Don't worry, I won't expose you, your child can share all the property of the Nian family, and

no one will know this secret."

The little net celebrity was slightly relieved, but still very vigilant

"How do you know?"

Ning Yue raised her eyebrows, "Actually, my friend is from the DNA identification department, and it was the young man who took advantage of you to do amniocentesis to do DNA, and he can't trust you."

It was just that I knew it, and coincidentally, before it came to fruition, he was lying on the bed. "

Chapter 2,410 – Becoming an Ally

Ning Yue's voice was extremely calm.

But it made the little Internet celebrity feel a chill.

Chills and shivering.

I feel like my legs are soft.

Can't stand.

She slowly sat down on the sofa not far from her with her stomach on her back.

She couldn't believe that Nian Dafu was doubting her!

Almost yet, she showed her stuffing.

She knows the character of the young and rich, hot-tempered, beating, insidious.

If he sees the result and knows that the child is not his, he may kick her child alive!

The little Internet celebrity felt that in just a few seconds, he was covered in a lot of cold sweat.

It made her shudder.

The light in the box was not dim, and the normal light shrouded Ning Zhi's body coldly.

Her expression was indifferent and calm, as if she knew everything well.

It was like she suddenly knew that she was just taking a secret photo with her mobile phone.

It's been a long time.

She gradually calmed down.

It's just that his face still hasn't improved.

She opened her mouth

in disdain,

"You... How do you want to be? The

situation turned around at once.

Ning Yue pinched her dead hole.

If this matter was passed on, Zhao Qihua would no longer be so polite to her.

She can't get a cent of the money left by Nian Dafu, and she has to go out to find a way to earn money to raise her children.

She didn't want to live that kind of hard and tired life.

The little net celebrity bit her lip and looked at her tremblingly.

Ning Yue smiled and spread her hands

"It's very simple, you come to get Ms. Zhao, let her not come again, your secret will sink to the bottom of the sea forever."

The little Internet celebrity wrinkled his eyebrows, entangled in embarrassment "But she really wants money, and the company that is rich will not be able to sell for a while..."

Ning Yue pulled the corners of her mouth

"There's no need to sell, you give birth to a child, The company will naturally fall into your hands.

Being a boss is much better than being an internet celebrity, right?

As for the money..." Ning

Yue looked up at her with a playful smile

"Nian Dafu's account has money, you take her out, just say that I lost it, anyway, how much, others don't know."

The little net celebrity looked up at her in surprise.

Is this still the cowardly and incompetent ex-wife in the mouth of the young rich who was beaten all day and didn't know how to fight back?

At the beginning, she had spent a lot of energy inquiring about Ning Yue.

Who knows that what comes out is her meekness, no resistance and risk.

He was not favored by his in-laws, nor was he treated by his mother-in-law, and even ran out to elope.

Such a person, the little Internet celebrity feels that he can handle it by raising his hand.

Who knows, it turned out to be a tiger disguised as a cat?

Ning Yue smiled, "I don't have a penny. If you want me to take the money, it will only be given to Ms. Zhao, not your share.

I guess you don't want to end up on the streets, do you? The little influencer could feel his teeth chattering.

She looked at Ning Yue and clenched her palms

, "Then how do I believe you won't say it?"

Ning Yue: "If you don't believe it, forget it, just break the net."

She said, then stood up, got up and walked out.

The little Internet celebrity excitedly tugged on her clothes

"Don't go, please, I don't want to, he can't have children when he is rich, and I dare not tell him, I can only conceive someone else's, you don't say it, I'll help you solve the rest."

Ning Yue bent the corner of her lips

"Deal, in addition, delete the video in the mobile phone, if I see it circulating, our agreement will be voided immediately."

She didn't even have to look at it, and she knew that small Internet celebrities did not dare to stay risky.

The little Internet celebrity nodded, took out his mobile phone and began to delete the video.

Also showed her the deleted interface.

Ning Yue just glanced at it and smiled gratifyingly.

It's an understanding person.

After going out.

The little Internet celebrity went to Zhao Yuhua and lowered his head and said something.

Zhao Yuhua glanced at Ning Yue's direction suspiciously, and seemed to be a little disbelieving, half-convinced.

However, the little Internet celebrity said a few words, Zhao Yuhua withdrew his gaze, nodded, and left here with his bag.

The eldest aunt looked in the clouds and fog, and didn't know whether to chase it out.

However, Zhao Yuhua didn't call her when she left, and he really didn't put her in his eyes.

The eldest aunt looked at Ning Yue's smiling gaze.

After thinking about it, she walked over.

"Yue'er, what did you say to that woman? Actually took Ms. Zhao away?"

Ning Yue smiled, "Oh, I said I would give her the money and not to Ms. Zhao, and she agreed." The eldest aunt's smile froze slightly.

Saying this is obviously fooling people.

It's not that she can't hear it.

"Yue'er, after all, you are from the Ning family, although the old man is gone, but we are not desperate, we have not returned home once since you came back, how sad do we have?"

Ning Yue lowered her head and smiled, with a bit of banter in her voice

"Great aunt, don't think about oppressing me. The residual value, I advise you to have another daughter to cultivate for twenty years, maybe you can sell it at a good price!"

The eldest aunt was finally completely angry.

She stared at Ning Yue with an ugly face, with a look of hatred that iron is not steel,

"Look at you, is there still a little rule for talking and doing things? No wonder the old man can't look at you, just like you, staying in the Ning family will only bring shame to the Ning family! Ning
