

## Divorce 2411

### Chapter Two Thousand Four Hundred and Eleven: The Private Sphere

Of course, the main reason was that Ning knew that he had made an appointment with Su Nan.

Ning knew that he had recently ended a drama and planned to take a break.

When Su Nan brought the children and Xiaoyuer to the box, he also startled Ning Zhi.

“How did you bring them here!”

Saying that, he smiled and went over to kiss them one by one.

Let’s talk about the child and Xiaoyuer carrying small school bags, standing there obediently, but their eyes are cleverly turning around.

It feels like discovering a new world.

Su Nan smiled, “Long insight, can she let a strange man bring long insight when she becomes an adult?”

She touched Xiaoyu’er’s head

,

“Take my sister to do her homework, I’ll go get you some snacks.”

Xiao Yuer nodded, and went to the booth with the child.

Seeing this, Ning immediately called to cancel the fox friends who had originally been agreed.

And then I collapsed on the couch and watched her complain

,

“I wanted to take it easy.”

Su Nan smiled: “I’ll take you skiing in two days.”

“Why ski all of a sudden?”

“My husband’s birthday, I bought him a ski resort, where he can still take a vacation!”

Ning Zhi twitched the corner of his mouth,

“I’m afraid he can’t ski with that leg, right? Isn’t your birthday gift heart-piercing?”

Su Nan had no

guilt on his face

, “He was happy to see it!”

Ning knew “...” Saying

that the child came over after a while and tugged on Su Nan’s clothes.

Soft and sticky opening

,

“Mommy, this roll is so difficult, people won’t!”

Su Nan took it and took a look, the roll in French was simple for her.

She was really a little distressed and talked about children.

Let's explain them one by one, I think it's too troublesome.

She pinched the little face

of the child "Mommy will, Mommy will help you write, but not next time, oh, next time you have to write it yourself!"

Talk about the child immediately nodded.

Su Nan finished a scroll in less than ten minutes.

The little fish naturally survived.

Not for a while.

The waiter brought snacks and fruit.

There was a man behind him.

"Miss Su, long time no see!"

When Ning Yue heard that Su Nan was coming, she came up to say hello.

Su Nan and Ning Zhi smiled

"I heard that you had some trouble two days ago, have you solved it now?"

"Yes, I'm lucky, I'm already fine."

Ning Yue smiled and looked at the two children who were writing homework on the sofa, and her eyes lit up.

"This is your daughter? It's so cute, is this your son?"

Su Nan smiled, "No, but it's similar to my own son, I originally made an appointment, but I couldn't leave them at home, so I brought it."

"There's a children's entertainment area upstairs, why don't you go up and play?"

Ning Yue suggested, smiling and speaking

,

"Call someone again, let's rub mahjong together, right?"

Su Nan raised his eyebrows, and Ning Zhi glanced at each other

, "This is okay!"

She could feel that she would see Ning Yue again this time.

Before teaching, Ning Yue's body was a little more free, as if the heavy burden on her body had been removed.

Half of the area upstairs is closed to the public, it is Ning Yue's private domain.

But halfway, there are many toy cars and drum kits, and even guitars and keyboards for children.

Say that the children and the little fish saw it, were happy and crazy, and cheered and pounced.

Su Nan was a little surprised, and did not speak for a long time.

"And these in the bar? So humane? Ning

Yue smiled and raised her eyebrows

"When I bought the bar, I turned it out of the corner, saw that it was still usable, didn't throw it away, just put it here as a decoration..."

Xiao Yuer beat it with a drum kit, looking very happy.

Although the sound of the music below is deafening, it is completely possible to mask the sound above.

This is just the right way for them to make noise unscrupulously.

Ning Yue asked the waiter to go down and hand over the manager, just in time to make a table of mahjong.

Unexpectedly, it was not the manager who came up.

It's Yao Xinrui she doesn't want to see.

When she came up, she looked at her surroundings from above.

When I saw Su Nan and Ning Zhi talking and laughing with Ning Yue, their faces froze.

Ning Yue wrinkled her eyebrows, her face was a little unhappy

"Who let you come up, private area, outsiders are exempt from a few words, don't you understand?"

She was referring to the sign hanging outside.

Yao Xinrui just wanted to see how Ning Yue could have so much energy when she reopened the bar?

She was troubled by herself, and she actually opened on the first day she came out.

It is clear that the dead duck has a hard mouth.

Maybe there won't be a few guests!

Of course, she came to have a good talk with her about Fu Yechuan.

After all, Ning Yue had already made her unable to get off the stage in front of Fu Yechuan many times.

It's just that. Unexpectedly, Ning Yue actually had such a good relationship with Su Nan?

Her heart suddenly shook.

Who in the circle did not know Fu Yechuan's thoughts about Su Nan.

If Su Nan hadn't gotten married and had children, he might have chased after when!

It is not the turn of others to take advantage of the void.

Yao Xinrui's originally stiff face gradually became gentle

"Unexpectedly, Miss Su and President Ning are also here? What a coincidence!

She ignored Ning Yue's anger and went over to greet Su Nan and Ning Zhi.

She is not stupid, in terms of strength, the Su family is second to none in the circle.

Offended her, how will the Yao family continue to mix in the future?

She's just a little shrimp.

Turning his head to look at Ning Yue again, he explained  
unhurriedly

"I originally wanted to come and see, speaking of which, I haven't been to the bar for a long time, I didn't expect you to be really special here, no wonder since the change of owner, business has been very good!"

Ning Yue tilted her head sideways, with coldness in her eyes.

She looked at her  
with a smile

on her face, "You didn't answer my question, I asked you, who let you come up?"

Yao Xinrui's smile narrowed, glanced at Su Nan and Ning Zhi, who were paying attention to the development on the side, and took a deep breath

"I came to you, listen to what your waiter said, although I came uninvited, but how can I be considered a consumer, you can't drive me away, right?"

Ning Yue rolled her eyes and snorted softly.

I don't want to deal with it, but I won't drive this "God" away.

Yao Xinrui looked at the mahjong table in front of them, her mind moved, she walked directly over, and smiled

"Three missing one, why not add me one?"

Su Nan looked at Ning Yue, and Ning Yue raised her eyebrows

, "Okay."

Yao Xinrui was surprised by the joy she promised, but then thought that it might be that Ning Yue was too confident in her card skills.

Su Nan smiled: "Miss Yao doesn't dislike it, it's good."

Yao Xinrui suppressed the excitement on the surface, but still walked over and sat down

,

“But it’s a surprise, how come Miss Su and Ning always come here for fun, are you familiar with Miss Ning?”

Everyone is disgusted by the habit of inquiring about news as soon as they come up.

It seems to be particularly ulterior motives.

### **Chapter 2,412 – Malicious Speculation**

So none of the three answered her question.

The scene suddenly became embarrassing.

Yao Xinrui pursed her lips in embarrassment.

Su Nan’s status is here, even if she really says something ugly, she doesn’t dare to throw Su Nan’s face.

Ning Zhi has always maintained an attitude of staying out of the matter, not speaking, nodding or answering anything.

Full wariness of Yao Xinrui.

I don’t know if it’s bad luck, Yao Xinrui has always been on the card table and is still popular, but when he got here, he didn’t win a word.

But Ning Yue, the smile at the corner of her mouth never lowered.

Su Nan and Ning knew that they had mixed wins and losses.

Didn’t play a few rounds.

Talking about the child sweating and running out of the opposite room, he raised his little arm and handed it to Su Nan

,

“Mommy, Daddy wants to talk to you.”

Su Nan paused and looked at her children’s watch on the call.

I paused slightly.

What about her phone?

Just muted, as soon as I turned my head, I forgot to clean it.

She quickly squeezed her little arm and came closer to herself

,

“Hello?”

“Enough playing? It’s time to come back, right? Shang

Qian’s voice was warm and low, with a bit of exhaustion and a smile, extremely gentle.

It’s like a thick fog in the night, and it is impossible to distinguish emotions.

But it can be heard that he is completely patient and spoiled with Su Nan.

Su Nan glanced at the cards in his hand in disappointment, although he didn't want to go down yet, it was indeed late.

"Okay, I'll go back right away, your entertainment is over?" Shall I pick you up?

"You didn't drink?"

He paused, as if he knew where she was going tonight.

Su Nan smiled: "I brought two children, of course I won't drink it!"

"Good performance, come back and give you a reward, then I'll wait for you at the door."

What Shang Qian said is meaningful, gentle and easy for people to fall into.

Su Nan smiled and put down to talk about the children.

Talk about the children's eagerness to share the new world they have discovered with Shang Qian.

Su Nan smiled and looked at the three people

on the opposite side

"I'm going home, let's play next time?"

Yao Xinrui finally breathed a sigh of relief and stood up

,

"Okay, I'll make an appointment next time."

She lost hundreds of thousands in one night.

Even if the amount of money is not large, it will not be good to lose all the time.

So I have long wanted to end.

But he couldn't take the initiative to mention it, otherwise he would make Ning Yue think that he couldn't afford to lose!

Ning Yue glanced at Yao Xinrui with a smile, as if he was laughing at her hard mouth.

But it didn't poke either.

She looked at Su Nan and Ning Zhi, "I'll play next time."

Two people smiled and nodded, and one pulled a little friend and left.

Ning Yue did not mean to send it down, and waved his hand very casually.

Yao Xinrui glanced at her inquiringly, a little complicated

"Are you really familiar with Su Nan?"

Ning Yue sneered

,

"How? Think I don't deserve to know people in your circle?"

It's a pity that Su Nan is different from you, people don't threaten others with high and low, and they don't care if other people's identity background is worth making friends with.

In short, people are ten thousand times stronger than you!

Yao Xinrui was stunned for a few seconds before sneering

, "Are you still hating me for what happened in the hospital before?"

Ning Yue don't look over, "No, I'm just a favor except for your face, don't say it's my little family."

Yao Xinrui tugged at the corners of her mouth.

With a bit of playfulness

in his eyes,

"Well, since you know each other very well, did you find a coincidence?"

Ning Yue was puzzled.

"What coincidence?"

Yao Xinrui glanced at Ning Yue indifferently, looking at her delicate facial features, and confused eyes, and had an urge

to laugh in her heart

"You and Su Nan really look alike, not only do you look alike, but your personality is also similar.

So you should know why Fu Yechuan has helped you many times, right?

I investigated you and he donated blood to you.

Then do you know that there is enough blood in the hospital, why did he donate blood to you?

Ning Yue didn't want to listen, and interrupted her

abruptly,

"I don't want to know, you don't need to talk about these provoking the relationship between me and Su Nan, I have already said that the man you are worried about, others may not also worry."

After all, not everyone wants to pick up garbage.

Yao Xinrui seemed to have heard something funny

, "You said Fu Yechuan is garbage?"

She really couldn't get up in one breath, and the lung tube of the breath hurt.

"Well, I hope you will always think so, and don't expect anything to do between me and Fu Yechuan.

After all, if he wasn't willing to marry, there would be no chance of me showing up.

He chose me at the beginning, so that the Yao family could cooperate with him and have the opportunity to further develop.

So your appearance has indeed affected me, and don't blame me for talking and doing things ugly to you.

If you put yourself in my shoes, you may not think that I am doing the right thing.  
She tugged at the corners of her mouth, looked at Ning Yue who was in a sluggish state.  
Then he withdrew his gaze, didn't even say goodbye, and went straight downstairs.  
As if saying one more word is blasphemy against yourself.  
Of course, Su Nan could not look at her, but she could also look at Ning Yue.  
This is the food chain of class.  
Ning Yue sat stiffly

### **Chapter 2,413 Reaching Consensus**

Su Nan smiled weakly, not revealing the slightest bit of horse feet.  
Hopefully, there is no next time!  
The atmosphere was just right.  
Several people returned home.  
Su Nan entered the study, and Aunt Zhao prepared fruits for them.  
Shang Qian volunteered to give them Russian lessons.  
And so the night began again.  
Less than an hour.  
Su Nan hurriedly came out.  
Those who were teaching them to learn have disbanded.  
Aunt Zhao yawned and smiled  
,

“Xiaoyu'er, they all slept, and Mr. went to wash.”

Su Nan nodded and instructed her, “You should also rest early.”

Aunt  
Zhao nodded with a smile.

Su Nan stretched out and walked slowly to the bedroom.

Shang Qian was indeed washing in the bathroom, and the sound of water flowing clearly and slowly.

His leg has actually improved a lot during this period of continuous rehabilitation.

Compared to the time when I first returned to China, there will be no more pain for no reason.

He can slowly get out of the cane himself, but it is still a little difficult to walk fast.

However, such progress has already surprised Su Nan.

She could feel that Shang Qian was slowly coming out of that shadow.

They will not deliberately take care of his mood, and he will naturally not feel inferior and awkward.

Sometimes it is said that the child and the little fish will jump around on his body and accidentally step on his leg, and the two people will squat down in front of his leg, blowing him with their little mouths open.

It doesn't hurt to blow.

Shang Qian would not be angry, and with a gentle word, he let them go.

It's just that Su Nan will twist the two little children there for a long time.

She thought against the wall, not noticing that the bathroom door was open.

Shang Qian came out in his dressing gown and saw her slightly stunned.

"What's wrong, in a hurry?"

He is also decent at home, and not only the two of them, he will not appear disheveled.

So his dressing gown is very good-looking, and the navy blue silk dressing gown wraps his tall body, and the tall and tall is so tall that people can't wait to be ravaged.

Shang Qian walked over with a smile, as if he saw her thoughts, and said in a low voice,

"Oh, wait for me?"

Su Nan was stunned, immediately woke up, and pushed him with a red face

"Nonsense, I'm thinking about things."

She said and walked in.

There was still some fog in the bathroom, but there was also the smell of shower gel she liked.

In this way, she feels very atmospheric.

She simply took a shower, put on a mask and went out.

Shang Qian was already sitting on the bed, looking at the Russian books about the children.

She smiled and walked over "What's wrong, did it go well to teach them today? We won't be called by school tomorrow, will we?"

After all, both are busy people.

I was called to school all day because of such things, and I was also very distressed.

In the matter of educating children, they recognize elite education, but there are some too strict places in this education, which will make them first-time parents a little unbearable.

Shang Qian sighed and spoke firmly  
“Don’t worry, it won’t.”

Su Nan happily went to the side to blow his hair.

Naturally, he didn’t notice that Shang Qian touched his nose with a slight weakness.

Next.

The two of them confidently sent the children to school, and then they went to the company separately.

But when school ended in the afternoon.

The teacher still called them very politely and asked them to come in person.

The implication is that naturally there is still something to say.

Su Nan and Shang Qian could only go.

The teacher took out four homework.

Two in French and two in Russian.

In fact, it is not difficult to see that just by looking at the handwriting, you can also see that it is not written by them, and it is obvious that the French homework of the children was ghostwritten by someone, and Xiaoyuer’s Russian homework was ghostwritten by someone, and even the notes are different.

I don’t know, do you parents know about this?

Su Nan and Shang Qian looked at each other.

They all saw dodging in each other’s eyes.

Suddenly, each other’s hearts were like mirrors.

For the first time, they had a crisis of trust in their marriage.

So after the two apologized, they silently took the children away.

“You wrote her homework?”

“You wrote his homework?”

The two spoke in unison.

Finally, the atmosphere was dead silent.

Shang Qian sighed first, and for the first time, his warm facial features were a little embarrassed, as if he was facing something tricky

“I tried my best, when I taught them yesterday, I almost didn’t use my cane as a weapon.”

If it weren’t for his good temper and not wanting to destroy the parent-child relationship, he felt that he could be tortured to death alive.

Su Nan tugged at the corners of his mouth, and the awkwardness in his heart dissipated a little “I can understand you, but you shouldn’t hide it from me!”

Although she herself is weak-hearted, she must occupy the moral high ground.

They all seem to be responsible, but each playing thirty big boards can’t do it, Shang Qian is after all But hiding from her?

This is just unacceptable to her!

Shang Qian touched her hand, his eyes staring

“Well, my fault, a mistake that has been hated for thousands of years, I now regret dying.”

He turned his head to look at the two people sitting behind him, and his heart was more like a stalk

### **Chapter Two Thousand Four Hundred and Fourteen – Blocking the Gun**

Fu Yechuan still seems to have some impressions, that very noisy woman.

Chen Mian nodded, “It’s better if we go directly to Song Haoyu, she may not say it directly.”

Fu Yechuan was silent for a moment.

With a bit of fierceness in his eyes, “Don’t be in a hurry, you go and ask, how did she get into that company?”

Chen Mian nodded.

In fact, there are still many doubts about this matter.

If it was really the Jia family who did something to Fu Yunche, it would be stupid.

Why did you let Song Haoyu go to their house to work?

Doesn’t that mean everyone says they have something to do with it?

But if it has nothing to do with the Jia family, how could Song Haoyu go to the Jia family so coincidentally?

The Jia family was also among the invitations that day.

Chen Mian did not dare to take it lightly, and immediately began to investigate the Jia family.

It’s not hard to investigate.

The news given by HR there was that the company’s senior leaders said hello and directly asked Song Haoyu to go to work.

Even the cutscene of the interview was saved.

This is all the more doubtful.

Fu Yechuan did not hesitate and directly broke off his cooperation with the Jia family.

There is not much cooperation, but for the Jia family, it is crucial.

Without the capital chain, the Jia family was anxious for a while.

I looked everywhere for opportunities to see Fu Yechuan, but I didn't.

Fu Yechuan openly said that he was on a business trip.

But the real haunt, he himself knows.

A week passed.

The Jia family is also in a state of burning eyebrows.

The situation is getting worse and worse.

Because of the attitude of the Fu Group, it is also implicated that other cooperation began to appear out of a wait-and-see state, and even began to step on a foot.

A couple of useful sons-in-law can't help at this time.

The Jia family was eager to push their little daughter out to block the gun, but even if they did, they could hardly find any chance.

They didn't even know where they suddenly offended Fu Yechuan.

On a conference clearing house.

It was an exchange event held by relevant departments, and many business people participated.

Coincidentally.

Su Nan also spoke on behalf of the group, not to mention that her facial features were exquisite and bright, her aura was also quite gentle and noble, and her speech was also just the right amount of humor and confidence, and the eyes of the audience were focused on her, as if it was a normal thing.

Shang Qian's eyebrows below looked at her warmly and smiled, his eyes full of appreciation.

As if she didn't care what she said, whatever she said was the best.

Many people secretly looked at the eyebrow communication between the two people.

Occasionally, the moment when the line of sight collides, people will find this small tacit understanding.

Fu Yechuan sat in the other row.

I don't know if it was a deliberate arrangement by the organizers.

Between them, there was a passage.

Not far and not close.

But he could also let his afterlight see Shang Qian's dazzling smile.

Scold.....

What to giggle, how can he participate in such an event in country Z in his capacity?

Isn't it still stained with Su Nan's cheapness?

Still complacent?

Fu Yechuan's eyes were full of disdain.

Next to him sat Yao Xinrui, wearing a crisp and sharp small fragrant suit, professional and capable, and his aura was a little more fierce than Su Nan.

It's just not enough.

She looked at the woman on the stage jealously, and looked at Fu Yechuan next to her with deep eyes looking at the people on the stage.

The line of sight is motionless.

It seems that time is almost standing still.

No one can see through his thoughts.

Yao Xinrui's expression changed and changed, allowing herself to stabilize.

Losing to Su Nan didn't feel anything, this was also a chance.

Just don't let others take advantage of it.

Until Su Nan finished speaking, she also took the lead in applauding happily.

The subsequent meeting was a bit boring.

Your statements were also decent.

It is nothing more than a summary of each of them, the manuscripts are written in advance, and the kind that can be published by the relevant departments in the media without mistakes.

All the way to the end.

It seems to be plain, but there is a bit of desolation in the blandness.

This was felt at the moment when Yao Xinrui looked at the back of Su Nan and Shang Qian talking and laughing about whether to go out to eat or plan to go home to cook, and saw Fu Yechuan's line of sight.

It seems that the rumors are true.

Fu Yechuan really has a deep affection for Su Nan.

Yao Xinrui breathed a sigh of relief, this is good, that means that Ning Yue's stand-in can only be a stand-in.

The two were the last to walk out.

Because Fu Yechuan did not show up for a while, there were more people looking for him.

There was a delay of ten minutes.

They went out together and saw Jia Jiayue standing at the door.

“Miss Yao...”

She waved her hand happily.

Yao Xinrui smiled and waved her hand, as if she had already made an appointment.

Seeing this, Fu Yechuan next to him wrinkled his eyebrows slightly, and seemed to be a little unhappy.

He and Yao Xinrui did not come at the same time, and they did not plan to do oneGet up and leave.

But Yao Xinrui deliberately slowed down his speed and waited for him.

When he wanted to go out, Yao Xinrui called out to him

’,  
“President Fu, do you know this?”

Yao Xinrui smiled, as if planning to introduce him.

Fu Yechuan glanced at the girl opposite him impolitely, wearing a big brand, blood-red long nails on his hands, the length was really shocking, as if he could cut a hole when touched.

But she deliberately flicked her hair in front of him, and her long nails shining through, making people feel uncomfortable.

## **Chapter Two Thousand Four Hundred and Fifteen We Say Okay**

Yao Xinrui threw the question to Jia Jiayue.

The negotiation skills that are often at the negotiating table, of course, a young lady who only knows how to eat, drink and have fun does not know.

When she asked this, she was immediately stunned.

“But he said he didn’t have time...”

“He doesn’t have time, but isn’t it all your chance in the minute after you meet him?”

Miss Jia, I missed it this time, if I have the opportunity next time, I will contact you again? Jia

Jiayue looked at Yao Xinrui with gratitude, took a deep breath, and took her hand.

The long nail she just made poked Yao Xinrui, she didn’t know, but she held it tightly

“Miss Yao, really thank you, if it weren’t for you, I wouldn’t know what to do.”

Yao Xinrui suppressed the disgust under her eyes, and smiled tolerantly,

“Yes, we didn’t say okay, you help me solve a little problem, I also give you a chance, but unfortunately, I couldn’t help you...”

She sighed regretfully.

Jia Jiayue took a deep breath and did not give up on this

“To be able to meet is progress, and I will definitely seize the opportunity next time.”

As she spoke, she looked at Yao Xinrui

“Miss Yao, if you have the opportunity next time, you must inform me!”

Yao Xinrui nodded, “Of course, but that person’s affairs...”

“Don’t worry, she did a good job, I won’t let people know it’s your relationship, I’ll just say it’s a friend I used to know.”

Jia Jiayue spoke as a matter of course.

Yao Xinrui’s smile deepened.

The two broke up and went their separate ways.

Everyone in the circle knows that the Jia family is unlucky, and they don’t even know who they offended.

The Jia family has begun to liquidate their property, and various banks have begun to collect debts.

Everyone has speculated about this.

But there is no basis for the credentials.

Lin Ge of the Lin Group came back from participating in a foreign intelligence competition, won a beautiful ranking, and spread in the circle.

Because of Fu Yechuan’s shareholding, as soon as he returned from abroad, the two made an appointment to drink together.

Because the relationship is not bad, I did not choose some very formal places.

Went to the “Well” bar.

It was Ringo who chose it.

When standing in front of the bar.

Fu Yechuan stood there with his eyebrows furrowed, as if thinking.

“How did you choose this place?”

Ringo took out his phone and smiled, “Isn’t it newly opened?” I heard about it abroad, or is it an advertisement given by Miss Su in the circle of friends, who in the circle now does not know the beautiful owner of this bar?

He smiled and stroked his gold-wire glasses, with a bit of shrewd inquiry

“Why, you haven’t been here? Or did the people here offend you?”

Fu Yechuan subconsciously disgusted Ringo’s idea of inquiring about things.

His eyes glanced at him coldly, before he raised his feet and walked in, his back was cold and powerful

,  
“So much nonsense, I’ve been abroad for a long time, I won’t be able to speak when I come back?”

Ringo was stunned for a moment, touched his chin, and indeed did not adapt for a while.

However, he could observe Fu Yechuan’s abnormality.

Is it because he mentioned Su Nan just now?

Ringo followed and the atmosphere inside was quite nice.

It’s not yet the most intense time, so the music tends to be moderated and long.

Many people sit together, talk, laugh and play games.

It’s like a small world formed by itself.

Undisturbed.

Before Fu Yechuan went in and went upstairs to find the box, he was pulled by Ringo to the booth next to him.

“It’s really a big change here, and it’s good to sit down below, it’s just a distraction.”

Seeing Fu Yechuan’s calm face and reluctance, Ringo hurriedly said

, “You don’t want to drink with me face to face alone? If you want to do this, I have no problem, but my wife has said first, she won’t let me find a drinker, and if I smell a little feminine when I go home, she can sweep me out.

After he finished speaking, he paused, “Oh, I forgot that you don’t have a wife, so you don’t have to worry about it.”

Fu Yechuan’s gaze looked at him as if frozen.

There is not the slightest expression on the face.

Lin Ge realized that he was too anxious and said the wrong thing, and quickly spoke

,  
“That, didn’t I hear that you have been quite close to the young lady of the Yao family recently? Isn’t there any good news?

Although you and Su Nan have a relationship, we still hope to see you find your own happiness.”

Otherwise, if you go home and live with your son, it’s not interesting for two people to look at each other, right?

Fu Yechuan raised his eyes coldly, and his voice was deep and cold

,  
“Why, don’t think about your sister now?”

At the beginning, Lin Ge’s sister Lin Chu also did a series of stupid things in order to chase Fu Yechuan.

It almost broke their relationship.

Ringo was slightly stunned when he heard this, and smiled awkwardly

“Chu Chu went abroad to work as a lawyer, and now she has found a boyfriend, she is faint for you for a while, and when she goes abroad, she will wake up.”

Don't worry, I won't let her bother you again, hasn't this matter already been turned over?

He also knew how much trouble Lin Chu's stupidity had brought to Fu Yechuan.

He was almost killed by Fu Yechuan.

Otherwise, it would not have rolled abroad

### **Chapter Two Thousand Four Hundred and Sixteen – Attitude Reversal**

“You... You said this to me?”

Ringo looked at Fu Yechuan's face carefully.

He doesn't understand.

Fu Yechuan clearly wanted to warn himself with a cold face, right?

How did it suddenly change?

It's so weird.

“Sorry, excuse me, is President Fu's friend here?”

A very gentle and nice voice came from behind.

Ringo subconsciously turned around.

I saw a girl wearing a slightly exaggerated red long dress.

Since Ning Yue divorced, she has completely let go of herself, not chasing those calm and stable things.

Even if it is the color on her clothes, she boldly chooses an exaggerated color scheme.

Obviously, in the eyes of outsiders, such clothes can only be worn on the body of the square dance aunt, when flying unscrupulously in the square.

Ning Yue wore that rainbow-colored dress and tied her waist with a belt.

Standing there, there is an indescribable smell.

Passionate but cold, mature but absurd, charming but naïve.

Her facial features are not very stunning, but she is very delicate, her skin is translucent, her eyebrows are clear and cunning, and her voice is gentle and gentle, making it impossible to see what kind of personality she is.

Ringo paused, his gaze a little dull.

Staring at others so impolitely is not his habit.

Fu Yechuan's cold eyes on the side almost pierced him, and he couldn't help but kick him on the leg.

At the moment when he screamed, he just happened to retract his legs, stood up, and looked back at her

"It's me."

A light sentence was me, which made Ringo see a slight difference.

That tone, as if it is your great blessing to be able to come.

Listening to it makes people feel unbeaten.

However, Ning Yue behind him stepped forward with great surprise.

Hands over his wine.

And in a very pretentious tone

,

"Mr. Fu, it's really you, I said, why did my bar suddenly light up, isn't this you?"

Why didn't you go upstairs, it's not your character who shows up below! Ning

Yue was half sarcastic and half praised, which made Ringo want to laugh very much.

But when he saw Fu Yechuan's solemn face, his smile instantly went back.

Ning Yue didn't seem to notice anything, and came over and said hello to Lin Ge

"My name is Ning Yue, I am the owner of the bar, there is anything you can call me, but it is not discounted!"

Ringo smiled and held out his hand

,

"I'm Ringo, hello."

Ning Yue saw the wedding ring on his hand, raised her eyebrows, and nodded with a smile.

Fu Yechuan's face was a little gloomy on the side,

"It's endless, let's talk about things here!"

Ning Yue smiled speechlessly, and was not angry

"Okay, I'm just here to ask, do you need to go to the private room, it just happens to be empty."

"No need."

Fu Yechuan sat there, his eyebrows seemed to have impatience.

Ning Yue hooked her lips, "Then you guys take care of yourself, right?"

She smiled and waved at Ringo, then walked in the direction of the bar.

Fu Yechuan glanced at her arrogantly, and sneered lightly  
, “Dressed like a big...”

Ringo burst into laughter.

“Old Fu, you don’t have to be such a poisonous snake, you were obviously very happy to see people just now!”

“When am I happy?”

Fu Yechuan’s tone sank.

Death does not admit it.

Ringo: “...”

He could obviously feel that something was wrong with Fu Yechuan at that moment.

However, they don’t seem to get along very closely, and they don’t seem to be familiar.

Could it be that he was mistaken?

The two people got back to the point about the situation abroad.

Suddenly, a cheer was heard from behind, and everyone’s attention was drawn.

Fu Yechuan and Ringo subconsciously turned their heads and saw the direction of the stage.

Ning Yue, who was called the “big rooster” just now, had already dashingly stepped onto the stage.

He also held an erhu in his hand, and he couldn’t imagine a musical instrument.

Everyone seemed to be surprised by the instrument she chose today, and the whistle was blowing one after another.

Ning Yue sat down on the stage, not caring that the chair was too high, casually put on the string of the erhu, and began to pull...

A song of Erquan Yingyue was pulled miserably by her.

Ringo’s expectations plummeted.

Still expecting her to turn somewhere?

It didn’t.

All the way to the end.

She stood up happily, and the applause was even warmer than just now!

Everyone was completely immersed in the chaotic and untuned Erquan Reflecting Moon just now, as if such a melody was in line with their appetite.

Ning Yue was just about to come down, and listened to the crowd shouting "One more song..."

"One more song..."

...

For a while, everyone's enthusiasm was particularly high.

Ning Yue smiled helplessly, and could only sit back and stretch out her fingers

"The last one, I learned two in total!"

Everyone burst into laughter.

Fu Yechuan watched quietly on the side, and the bustle over there seemed to be completely two worlds from here.

Subsequently.

The voices of the crowd fell silent.

When the ambience value is full.

At the moment when the voice of the crowd completely disappeared, the voice of the erhu finally sounded again.

## **Chapter Two Thousand Four Hundred and Seventeen – A Number of Suitors**

When Ringo heard this, he was interested.

It was not that he did not notice the changes in Fu Yechuan.

Now that he has a good opportunity, he naturally has to figure out why he looks at this woman differently?

"Is it? So what kind of man does your boss like? The

waiter saw that they were very good, but they didn't have a temper at all, so they naturally said a few more words

: "Our boss didn't agree to anyone, but I couldn't bear the willingness of people to come, they all came to our boss."

However, our boss does not mean to hang people's appetite, what can be explained is clear, come to consume welcome, don't say what you like or don't like, no discounts, no discounts, no cards, we are in business.

Lin Ge couldn't help but smile, held up his glasses, and looked at Fu Yechuan with a smile

"It's really interesting, this boss, make people's eyes shine?"

Fu Yechuan sneered coldly

, "It's that you have too little knowledge."

The waiter was reluctant when he heard it, but he couldn't go back, so he could only purse his lips casually.

Their boss is obviously the most beautiful, the best looking, they are blind!

Ringo: "How did you meet, how did I feel that during the time I was abroad, a lot of things happened that I didn't know about."

"There are more things you don't know."

The man took a sip from the wine glass, and the spicy and stimulating taste entered his throat, making his blood inexplicably more impulsive.

The woman who was sitting at the bar and being accosted looked more and more unpleasant.

Especially when he saw that the man actually moved his hands and feet on the woman, his eyes seemed to be frozen.

"That person is a little familiar, does he come often?"

As soon as Fu Yechuan asked, the waiter saw it.

"Oh, that is one of our boss's crazy suitors, he seems to be a small open, quite generous, but our boss never accepts his gifts, and after being rejected many times, he drinks here until he vomits, and is taken away by his friends.

But ah, he just refuses to die, how many times has he been back and forth, our boss doesn't listen to what he says, and this doesn't start crying again..."

Lin Ge listened in shock, he didn't expect Ning Yue to have such a big charm?

He glanced at Fu Yechuan, who had already stood up.

He looked in that direction and was about to walk over.

Ringo paused and grabbed him, "Why go?"

After

a pause, he let go of his hand again and smiled

"Heroes save beauty? Go, go, go!

Fu Yechuan looked at him coldly, and the corners of his lips pursed into a straight line

"Look, the man on that dog day is Fu Yanni, he said that he went abroad to study, dare to soak a woman here!"

Every word of his was cold.

Lin Ge pulled the corners of his mouth, unable to say what mood, and watched Fu Yechuan walk over with a cold step.

In my heart, I silently mourned for Fu Yanni many times.

That prodigal...

“Sister, can you look at me more, every time I see you, it seems to have found the meaning of life, do you believe it, you are my navigation tower...”

Fu Yanni drank some wine, and the words that came out did not pass through his brain.

Ning Yue next to him sat there with a smile, looking like he didn't believe a word.

But in order not to make others sad, she still nodded

“Believe.”

Fu Yanni took a deep breath and felt that he had the strength to continue his efforts

“Then can you think about it, we are really suitable, you know? I am an explorer, but I am willing to change now for you and for you!

Just when Ning Yue was about to say something with a perfunctory smile.

Suddenly, looking at Fu Yechuan, a hand was placed on Fu Yanni's shoulder.

“Change what? Change the fact that you change 12 girlfriends a year, or change the fact that you should now study abroad instead of soaking women in bars?”

Fu Yechuan's voice was extremely cold and deep.

Fu Yanni was shocked, and the alcohol immediately sobered up for most of the time, as if he heard some thunderbolt on a sunny day, and almost fell off the barstool.

He turned his head and looked at the familiar face, and suddenly his face turned slightly white, with a bit of fear.

“Second uncle...”

Fu Yechuan's eyes were heavy, and he couldn't see any emotions

“How, do you still know what your last name is?”

Fu Yanni swallowed his spit and quickly explained

, “Actually, I just got off the plane, came over for a drink, and planned to go back to pour jet lag...”

Ning Yue smiled on the side, not revealing the fact that he had also come yesterday.

But Fu Yechuan obviously didn't believe his nonsense.

“Is it? Do you think I would believe that?”

“Second uncle...”

Fu Yanni made a bitter face, with a bit of pleading,

“In front of the woman I like, save me some face!”

Fu Yechuan sneered, glanced at Ning Yue, loosened his neckline, and mocked a little unruly

‘  
“The woman you like? Do you ask her to like you? The  
topic came to Ning Yue.

Ning Yue put down the wine glass and clapped her hands

‘  
“Young Master Fu, I told you everything, I don’t want to fall in love for the time being, so don’t waste  
time on me.”

After she finished speaking, she looked at Fu Yechuan  
with a smile

“President Fu, are you satisfied with what I said?”

Her smile swayed slightly, making Fu Yechuan suddenly shake his head and look at those radiant eyes.

Fu Yechuan’s gaze immediately looked away, and he concealed the beating in his heart.

“Hear that?”

Fu Yanni was extremely sad, looked at Ning Yue, and pouted</b>113.”8>, with a slight regret, her mouth,

## **Chapter Two Thousand Four Hundred and Eighteen: The Attitude of Peace**

Fu Yechuan’s voice was cold: “I’m here to talk about business, it’s different from you, you go back first,  
tomorrow morning, go to the company to find me.”

Fu Yanni froze the corners of his mouth.

Dare to be scolded or have to find an opportunity?

No way, who let Fu Yechuan’s status in the Fu family be indistinct?

He sighed and could only shake his head and leave here.

Watch his back disappear completely in the doorway.

Fu Yechuan retracted his gaze, and then looked thoughtfully at Ning Yue who was sitting there.

Ning Yue tilted her head and looked at him with a smile, her eyebrows flying, and her cheeks were  
flushed with a shallow blush because of the drink.

“President Fu, are you still satisfied with my attitude?”

Fu Yechuan stood there, “Why don’t you strange our relationship? Ning

Yue pouted: “He himself has already said that his second uncle is the president of the Fu Group, and he  
showed the hole card as soon as he came, why should I be strange?”

Fu Yechuan wrinkled his eyebrows, “You already knew? Then why didn’t you tell me?”

“Huh..., I’m not a babysitter for your children, where is your nephew going, I still have to monitor for  
you?” Please, he’s all about to run three, and he has his own mind. Ning

Yue glanced at Fu Yechuan up and down, and secretly complained about his vexatious behavior in his heart.

There was a lot of noise in the bar.

Fu Yechuan looked at Ning Yue and rolled her eyes vividly, knowing in her heart that she must not be holding back any good words.

Just silent for a few seconds, and said in a deep voice,

“He has always been uncertain, the sky is south, the sea and the north, when he was with a woman for almost a year, after the woman remarried her ex-husband, he completely let himself go, so don’t believe what rhetoric he says, it’s all false.”

At the beginning, everyone knew about the matter between him and Leng Lin.

Later, Leng Lin became pregnant unexpectedly and remarried Lu Qi.

Fu Yanni didn’t look like anything, but he didn’t have a good time during that time, and then the woman next to him didn’t break.

He said this to make it clear to Ning Yue that no matter how nice Fu Yanni said, it was false.

Ning Yue wrinkled her eyebrows slightly and glanced at him inexplicably.

Finally, his eyes were complicated and said

,

“President Fu, I am not familiar with him, you don’t need to say so much detail, after all, it is someone else’s privacy, and you are too disrespectful to your nephew when you say it!”

Fu Yechuan’s face sank a little, and his eyes were dark

“It’s really ignorant, I’m afraid that you will faint for a while and agree to him, and you will be thrown back to find me, I will not be nosy to think of divorce for you.”

As soon as I heard him mention the unpleasant things before.

Ning Yue’s fire came up

“I really thank you, I can’t hear anything nice from your mouth, but to be honest, your nephew’s mouth is really flattering, maybe it’s nothing if I agree to it for a while.”

But forget it, if your mouth sounds even better than him, you won’t even have a mother around you!

Fu Yechuan’s gaze was deep, and his gaze stared at Ning Yue fiercely.

Just when Ning Yue thought that he was going to get angry and say something ugly.

He took a deep breath and gave a speechless expression

, “There’s really nothing to say to you.”

After he finished speaking, he turned around and walked in the direction of his booth.

Ning Yue cut and continued to lower her head and drink her wine.

The waiter on the side had just given Fu Yechuan a fruit plate.

Seeing his boss talking to the big boss like this, he was suddenly a little at a loss.

He couldn't help but step forward: "Boss, that person doesn't look easy to mess with, he won't deal with us, right?" Ning

Yue paused, suddenly like a basin of cold water poured down, after thinking for a while, his brain began to turn

"No, he is still in the mood to deal with us?" I just said I said two drunken words! The

waiter looked at Ning Yue and sighed

'  
"You have to solve the trouble just now, we are finally on the right track, can't you offend any big people at this time, or will you go and apologize?"

Ning Yue reluctantly put down the wine glass.

How cool it was when she scolded just now, now let her apologize, isn't the cow not drinking water and forcing his head?

Her heart suddenly panicked.

But it's a little awkward.

Fu Yechuan didn't look angry either, otherwise he would have scolded him back a long time ago.

On the other hand, it is too much to look at yourself.

It's a bit too poisonous.

The atmosphere became solidified.

Ning Yue slowly thought about whether Fu Yechuan would deal with her in the end.

But soon, a tall, black and thin woman sat next to her, wearing a hip-wrapped skirt and a sexy tights, a little like a bad girl.

But on her arm was the latest Grandma Xiang.

Ning Yue couldn't help but take a look at it more.

The owner seemed to see her gaze and sneered coldly,

"Look at what, can you afford it?"

Ning Yue really didn't come up in one breath, and almost didn't suffocate herself?

What are the qualities of these two of them?

But listen to the sound, how is it so familiar?

She looked up, and the other party happened to be looking at her.

A little surprise  
flashed in the eyes of both people,  
“Are you?”

“Miss Jia?”

Ning Yue was a little surprised, and the dress of everyone at the banquet that day was really different.

This Jia Jiayue didn't wear anything

### **Chapter 2,419 Sold for 100,000**

Ning Yue regretted for a moment that she had come, and really wanted to pour that bottle of wine on his head.

But in my heart, I have to say to myself, wine is too expensive!

Lin Ge next to him smiled and separated a distance, looked at Ning Yue gently and said

‘  
“Don't bother, Miss Ning, we just say something casually, isn't it very important, is there something wrong?”

Ning Yue's face improved slightly, and she looked at Lin Ge and smiled

“Since Fu is always our old customer, and I also brought you as a new customer, this bottle is a gift, to express my warm welcome to you, give...”

Ringo's eyebrows lit up and he took it  
with a smile

“Thank you Miss Ning, how do you know that President Fu's favorite drink is this one?”

Ning Yue's face froze slightly, and she glanced at Fu Yechuan  
very confused,  
“Huh?”

Ringo smiled heartily, “You should have known in advance, right?” Ning

Yue: “...”

She didn't!

Ringo patted Fu Yechuan's shoulder

“Look at Miss Ning's sincerity, it's really grateful, I didn't come in vain tonight, Miss Ning is careful and considerate, meticulous and gentle, it's really different from others.”

The simplicity he said almost praised Ning Yue as a flower.

But to Fu Yechuan's ears, it was a little meaningful.

He raised his eyebrows, smiled and said, “It's different.” When

you scold people, you have more words than anyone!

Ning Yue didn't stay long, afraid that he couldn't control it and made a fuss again, so he would waste a bottle of good wine.

So she smiled and left.

Go back to the bar.

That Jia Jiayue hadn't left yet, but looked at her in shock.

Ning Yue didn't mean to talk to her, and looked at the dancing crowd on the stage.

What a passion!

The person next to her suddenly opened her mouth and interrupted her admiring mood  
"That..."

"Ning Yue."

Ning Yue turned her head.

Looking at Jia Jiayue's apprehensive expression, "You just called me?"

Jia Jiayue nodded and pointed in the direction  
she went just now  
, "Is it really Fu Yechuan there?"

Ning Yue sneered  
lightly,  
"It's not that you haven't seen him, can you just go and take a look?"

Jia Jiayue also wanted to go, but he was afraid that the rash past would provoke Fu Yechuan to be unhappy, and his own affairs were not done, but it made him lively, and it was useless at that time.

"Can I ask you something?"

"No, we don't have much friendship, why should I help you?"

Ning Yue directly blocked all the roads.

Jia Jiayue was silent for a few seconds, and did not give up  
easily  
, "Can't I give you money?"

Ning Yue finally looked at her squarely, and smiled  
meaningfully,  
"Okay, fishing Kaizi, others want the number 10,000, Fu Yechuan's 100,000."

"What, you grabbed money?"

"If you don't want to, forget it, Fu Yechuan's is certainly worth this money, and he has already given you a discount, and his worth is more than that, right?"

Ning Yue smiled and spoke.

Jia Jiayue hesitated for a few seconds, but still agreed, and took out her mobile phone

“I’ll transfer money to you.”

Ning Yue was still slightly surprised.

I really underestimated Fu Yechuan’s charm.

She didn’t say much and accepted it directly.

At least the cost of that bottle was recouped.

I was still a little excited in my heart.

“Are you going to ask for it?”

Jia Jiayue urged her.

Ning Yue pursed her lips and directly flipped out Fu Yechuan’s number from her mobile phone and showed it to her.

“This is it.”

“You... How could you have his personal phone? You’re not fooling me, are you? Jia

Jiayue’s face was full of disbelief.

Ning Yue, who was not even as good as himself, actually got Fu Yechuan’s private phone?

“Don’t worry, this must be true, but whether he can take it depends on your luck.”

Ning Yue stood up with a smile and happily ran to the crowd to dance.

Jia Jiayue bit her lower lip and ran to a booth not far from Fu Yechuan.

Directly pressed that number.

Sure enough, Fu Yechuan’s mobile phone rang.

He twisted his eyebrows and directly pressed the unfamiliar number.

However, in Jia Jiayue’s view, this is already an unexpected joy.

She didn’t stay much longer in excitement and left the bar while there were many people.

When the call arrives, she is in no hurry.

“Whose phone?”

“I don’t know.”

Fu Yechuan and Lin Ge sat down for a while before the two got up and left.

At night.

The unfamiliar number called again, and Fu Yechuan pressed it as usual.

Jia Jiayue did not dare to directly say her identity, for fear of being blocked.

So he sent a text message tactfully:

“Hello Mr. Fu, I am Ning Yue’s friend, she gave me your mobile phone number, there is something I want to tell you, can you answer the phone?”

Not long after the text message was sent, the call came.

Fu Yechuan stared at the text message, his eyes deep.

He picked it up anyway.

“Speak.”

Jia Jiayue was a little excited, but still pressed his emotions

“President Fu, hello, I am...”

“How did Ning Yue give you this number?”

His voice was cold, like a stone falling into a cold pool.

It makes people shudder.

Jia Jiayue pursed her lips, did not dare to lie, and told the truth

,

“She sold me 100,000 yuan.”

“Selling? Lakh?”

Fu Yechuan’s voice had a somewhat amused tone, but it was more of a forced indifference.

## **Chapter Two Thousand Four Hundred and Twenty: The Swiss Line**

Switzerland.

Shang Qian’s birthday was still a few days away, but Su Nan couldn’t wait to take everyone to Switzerland.

The reason is that she took a fancy to a ski resort and wanted to buy it as a birthday gift for Shang Qian.

The Swiss air is not bad, quiet and white, and the chill is clear.

Shang Qian wore thick clothes, held a cane, and took Su Nan’s hand.

Su Qi and Ning Zhi behind him, one person holding the little friend, and the other holding Xiao Yuer’s hand.

The four of them are more like a family of four.

The driver came to pick up the person.

The temperature in the car finally slowed them down for a while.

Shang Qian stuffed the warm belt prepared in the car to Su Nan and touched her hand

“Is it still cold?”

Su Nan shook his head and couldn't help sighing

“It wasn't so cold when I came a few years ago, why is it extra cold this year?”

Su Qi smiled, “Because I'm old, I don't resist frost!”

“Stop-“

Su Nan and Ning Zhi scolded in unison.

In front of ladies, age is a taboo.

There was silence in the car for a few seconds.

Then everyone couldn't help but laugh.

Shang Qian touched Su Nan's hair, and his eyes were full of gentleness “Obviously he is still a child, how can he be old?”

A smile overflowed under Su Nan's eyes, and he looked at him with his eyebrows wide “We will always be young, let my brother grow old alone!”

She looks no different from Su Nan at the age of nineteen, her face does not have a trace of wrinkles, and she is full of collagen and elasticity, her eyes are lustrous, her skin is delicate, and even time favors her.

The only change is that she is less immature and more gentle.

This is probably the change that Shang Qian brought her.

Su Qi snorted coldly in dissatisfaction in the back.

Arrived at the villa very quickly.

Su Qi took off his coat when he came in and stretched out easily.

The maid had already adjusted the temperature in the room, and the firewood in the stove was burning vigorously.

The snow outside was layer after layer, and the sky was white.

Only a few standing pine trees and dead branches in the courtyard were hung with red lanterns.

Exceptionally good-looking.

Talk about the children who are excited to run out to play in the snow.

Shang Qian was still pulling her to dust the snow foam on her body, coaxing her unhurriedly,  
“Wait a while, go with my brother.”

When he speaks, his whole temperament is clean and gentle.

Xiao Yuer ran over excitedly and jumped on  
his back “Daddy, go skiing!”

Shang Qian’s body shook for a while, fortunately he didn’t fall, he pulled Xiao Yu’er to the front and undressed

him

“I’ll go again tomorrow, it’s going to be dark right now...”

Xiao Yu’er sighed in disappointment.

Shang Qian took off their clothes and stood up  
by himself,

“Go up and change your clothes, let you go out and play for a while.”

It’s already good to play for a while, and the children are satisfied to climb upstairs.

Xiao Yuer also followed closely.

Su Nan sat in front of the stove and waited for himself to warm up before taking off his coat.

Shang Qian just walked over and took it smoothly.

The servants took it and sorted it out for them.

“Where’s your ski resort?”

Su Qi asked.

Su Nan flipped through his phone: “It’s not far, I’ll call and ask, how are the preparations?”

Shang Qian, after they finished cleaning up, they also sat down next to them.

The phone is connected.

The other party immediately spoke, “Miss Su?” Are you in Switzerland?

Su Nan replied, “How is the ski resort prepared, can we go over tomorrow?” The

other party hesitated for a second

“Yes, but there is a guest who has been here for several days, and he paid me a month’s rent at that time, and now the date has not yet arrived, I want to return the money but he does not agree, but he does not mind others coming.”

Miss Su, if you don’t mind him, you can come tomorrow, he won’t bother you. The

other party was obviously a little nervous.

After all, it was he who did not handle this tricky trouble.

“By the way, he’s also a Z national.”

Su Nan paused.

“It’s okay, it’s okay there, it may not happen, but I hope that after we trade, he won’t stay.”

“Of course, this guest is a little strange, but he will leave in three days, and it will not affect anything.”

Their agreed trading day is the day after their experience is complete.

Their plan this time is to play for seven days.

So don’t delay.

The maid brought cookies, fragrant cheese flavor, freshly out of the pot.

One person took one and ate it slowly, but there was some ironing.

Su Qi couldn’t help but look at Shang Qian and smiled

,

“Brother-in-law, then won’t you be able to play tomorrow?”

Shang Qian smiled, his voice was gentle and calm

“I’ll just follow and

take a look, after all, it is a gift for me, but it can make you happy, this trip is valuable.”

Su Nan nodded gratifyingly and glanced at Su Qi

<b1149 warningly> “Don’t try to sow discord.”

Su Qi: “...”

Ning Zhi smiled, “We secretly ran out this time, if the eldest brother knows, I am afraid that he will cry angrily.” Su

Nan and Su Qi couldn’t help but imagine that picture, and in the end, they both had a triumphant smile on their faces.

.....

Next.

Everyone packed up and left early in the morning.

Although Shang Qian can’t ski, he can wait in the room.
