Chapter Two Thousand Four Hundred and Thirty-One – Flustered

Yao Xinrui froze and trembled slightly.

Fu Yechuan's words were cold and ruthless, leaving not even a little leeway.

Looking at the monitoring, you will know that Ning Yue is not wrong.

But what is she angry about?

She was angry that Ning Yue suddenly became green tea, and actually took the initiative to approach Fu Yechuan to tell her grievances!

And Fu Yechuan really came to warn himself for Ning Yue?

His attitude was like a basin of cold water poured on her head, making her completely recognize herself.

Also here, faceless.

Her silence already said something, and Fu Yechuan looked away, as if he didn't want to look at it more.

He stared at Ning Yue with complicated eyes.

Can he not tell that she was acting just now?

Deliberately angry with Yao Xinrui?

A woman's heart is hopeless.

Although he was used, he was not so angry.

He glanced at Ning Yue, who had a rich expression, and estimated that she was also drumming in her heart.

"If you ask you to change your clothes and you refuse to change, you should always change your shoes, do you know how expensive this carpet is?"

Ning Yue glared, "I..."

Sure enough, it was a calculating businessman.

"Forget it, you go out to find Fu Yunche, don't make trouble here."

Fu Yechuan waved his hand, and Ning Yue left without looking back.

Yao Xinrui's face changed a lot, looking at the relationship between these two people, it seemed that she couldn't even calm down her breathing.

Fu Yechuan's familiarity, tolerance, and even connivance with Ning Yue all made people feel extremely jealous of the crisis.

Time.

The two people faced each other, and neither spoke first.

Or Yao Xinrui pulled out a trace of reason in her complicated thoughts.

“It’s me who abruptly Miss Ning, shouldn’t remind her that she is dressed incorrectly, but since it is a guest you invited, naturally you don’t need to care about these rules, then I’ll go talk to someone else?”

Fu Yechuan looked at her with complicated eyes.

From the beginning, seeing the woman in that information, Yao Xinrui was undoubtedly the most suitable one.

In terms of personality, family lineage or ability, they are all a level higher than those stupid Bai Tian.

But gradually after contact, he seemed to be unable to allow himself to invest in new feelings at all.

Even some disgust at her deliberate approach.

Although he didn’t say anything, he had already begun to distance himself and keep his distance.

Nor did he say anything misleading.

Yao Xinrui fled the same and wanted to get out of this environment.

But before he turned around, he was stopped by Fu Yechuan.

“Miss Yao.”

She paused and turned around.

Fu Yechuan’s voice was not deliberately cold, or deliberately wanted to say something ugly, he just slowed down his tone, sounding emotion

“Maybe the previous cooperation between the two caused you some misunderstanding, and I have no plans to make new female friends for the time being.

Miss Yao can come, Yun Che is also very happy, but I hope you have less prejudice against Ning Yue, she is different from you, you don’t have to measure her by your standards, in my place, she is the guest I want to invite, and you are no different from you people. Even

, he felt that Ning Yue’s personality, straightforward and straightforward, was much better than Yao Xinrui’s smile and not smiling.

Living at home, if you want to be like Fu Qingcheng and Qu Qing, two people have two hearts, forever separated by a layer of secrets and selfishness, then this life will not be able to go on after all.

Yao Xinrui has her own selfishness, which is beyond doubt.

He doesn’t need his pillow man to be a vampire who is always intended for outsiders.

Yao Xinrui used all her strength to maintain the apparent peace.

But Fu Yechuan’s words still seemed to make her plunge into the snowdrift, and her mind was piercing for a moment, full of stamina.

She was also not angry, did not tear her face, but smiled faintly

“Taught, Mr. Fu, I apologize for my faux pas, and if Miss Ning needs it, I can also apologize to her personally.”

Fu Yechuan nodded

calmly,

“You go and ask her, you don’t have to ask me.”

After he finished speaking, he bowed his head politely and left.

He didn’t notice that Yao Xinrui’s face was already extremely bad.

Although the two of them talked for a long time, the atmosphere was not so good.

Suddenly, no one went up to make a splash.

Instead, it was Ning Yue, who was hugging Fu Yechuan just now.

Kind of interesting...

Ning Yue walked over and saw that although Fu Yunche was surrounded by many people, he didn’t have a smile on his face, just whispered to Su Lin next to him.

When she got closer, she heard the children’s words.

“Fu Yunche, I heard that your mother is gone?”

“Is your mother really a murderer?”

“You are so pitiful, my mother said that although you are Uncle Fu’s son, he doesn’t want to recognize you as a wild species...”

“Is it true that my mom said your dad didn’t like you either?”

.....

Ning Yue listened, and her face gradually changed.

She was shocked when she heard it, but Fu Yunche just lowered his head, as if he couldn’t hear it.

Do your best to show that nothing happens.

Ning Yue’s breathing tightened unconsciously, and she stepped heavily on the ground, making a crisp sound of high heels.

It startled the little ones.

The young masters and ladies looked at Ning Yue dressed like a guest, and thought that she was a waiter.

“It’s really rude, why didn’t you wear a servant’s clothes?”

“Hurry away, you are not welcome here.”

When they saw that it was such a person, they consciously let go of their hearts.

Ning Yue pursed her lips and walked to Fu Yunche's side.

Fu Yunche noticed the shadow casting, and only then subconsciously raised his head.

When he saw Ning Yue, a smile
appeared on his face
"Auntie, are you here?"

Ning Yue felt bitter in her heart, and she felt extremely sorry for this little friend, how old he was, he had to bear so many gossip.

He can hear everything and understand everything.

But in order to whitewash the peace, nothing was said.

Because he felt that even if he said it, Fu Yechuan would not decide for him because of this little matter.

Can't block the leisurely mouth, not to mention that what they say is not the truth?

Yao Xinrui said two words to her, and she wanted to take revenge.

These children of the same age said Fu Yunche, and he actually had to endure it alive.

He is not as good as an adult!

Ning Yue reached out and pinched his face, looking at him
with a smile
"Young Master Fu, happy birthday!"

Fu Yunche smiled, and then pulled Su Lin
next to him
"Qiqi, this is the Aunt Ning I told you, and the Rubik's Cube was given to me by her."

The friend who can be introduced by Fu Yunche must be his best friend.

Ning Yue stretched out her hand and looked at Su Lin
, the white, tender, clean and pretentious little friend with a smile,
"Hello!"

Su Lin also solemnly stretched out his hand and shook her hand
, "Hello Auntie."

A little boy next to him ran over with disdain, deliberately looking for fault

,
"How can you call a maid aunt? You really don't understand the rules, you wouldn't want such a woman to be your stepmother, would you?"

Chapter Two Thousand Four Hundred and Thirty-Two: Who Will Sue

Ning Yue narrowed her smile and looked at the little fat man who was not much older than Fu Yunche.

I really don't have a good feeling in my heart.

It turns out that not all children are innocent and cute.

Some children are naïve and vicious, but they are easily forgiven in the skin of innocence.

The little boy laughed

unscrupulously

, "Haven't you heard that stepmothers are vicious? She is good to you on the surface, but when she marries your father, she will abuse you and throw you away when the time comes..."

Fu Yunche's smile slowly stiffened and indifferent.

After lowering his gaze, he looked at Su Lin

with a smile

"Let's take Auntie to the room to play, right?"

Su Lin nodded.

Fu Yunche took Ning Yue's hand, "Let's go?"

Ning Yue smiled.

The little boy was ignored and angry.

"How can you be so rude, we are here to celebrate your birthday, you leave us to play with a maid, I will tell your father, let him teach you a lesson!"

Ning Yue really couldn't bear it anymore.

She didn't want to deal with a child, but this child was even more annoying than Yao Xinrui!

And he is bullying Fu Yunche, such a poor and cute little handsome guy!

Her compassion overflowed at once.

She couldn't help but pull Fu Yunche behind her and looked at the little boy

coldly

"Hey, little fatty, who is rude, should I tell Fu Yechuan that you are bullying his son here?"

The little boy was stunned and smiled

nonchalantly

, "Who would believe the words of a servant? Old aunt, who do you think you are? Ning

Yue was really speechless and laughed angrily.

She stood there pinched and said indifferently

,

"Hey, dead fatty, how did your family teach you?" Is it just so rude? Am I a maid?

Even if it is a servant, do you understand the basic courtesy? Believe it or not, I taught you a lesson?

The little boy glared at her angrily, and then the next second, he cried.

Crying loudly, he ran in, "Mom and Dad, someone bullied me..."
Ning Yue "..."

Are today's children so unreasonable?

Wasn't it very tough just now?

Fu Yunche's little face was a little apprehensive, and he took Ning Yue's hand

"Auntie, am I in trouble?"

Ning Yue chuckled in her heart and touched his little curly hair,

"Don't say that, I scolded him and cried, if you want to say that the trouble is also my fault, it has nothing to do with you!"

Fu Yunche bit his lower lip nervously,

"Daddy let me take care of the guests, I didn't take care of it, when that child cried, Daddy would definitely blame me."

Ning Yue's heart was really like knocking over lemon juice, and her sour heart was uncomfortable.

Fu Yunche's sensibility and caution did not look like a child raised from such a wealthy family at all.

It was clear that the power of the Fu family was higher than that of everyone present.

However, he let a little fat man who did not know his name and background bully him and did not dare to return the favor.

Is it because he is afraid that Fu Yechuan will blame him for being rude?

Just then, a richly dressed lady came out with the little boy.

Imposing.

"Who bullied my son just now?"

Mrs. Fu probably still worried that this was in the Fu family, and did not make a rage on the spot.

Just wanted to come over and warn.

The little boy couldn't wait to point at Ning Yue

, "That's her."

Mrs. Fu looked at Ning Yue, seeing that she was not dressed as a celebrity from a wealthy family, so casual, she immediately sank her face.

"You have to apologize to my son."

Ning Yue looked at Mrs. Fu and her son, and her expression was full of arrogance.

It's really a mold.

Ning Yue also didn't want to mess up the field, smiled, and politely conversed

, "Why should I apologize? Why don't you ask why your son was scolded? He deserves it!

"How can you say that to a little child? Do you know how seriously your words will cause him a psychological shadow? Children don't understand anything, shouldn't you apologize?"

Mrs.

Fu looked condescending.

Ning Yue pursed her lips and chuckled

,

"It was your son who bullied Fu Yunche first, saying that her mother was a murderer, saying that President Fu didn't like this son at all, these words should be heard by children when you adults say it at home, right?"

Seeing Mrs. Fu's face change, Ning Yue knew that she had guessed correctly.

She stood there, hugging her hands, with a playful and lazy smile at the corners of her mouth

"Since you look down on Fu Yunche so much, why do you force your son to come over to celebrate someone's birthday?"

"You stop, what are you talking nonsense? My son couldn't have said that!

Mrs.

Fu denied it with a flustered face.

I also looked left and right, for fear of being heard.

The words were indeed spoken casually with her husband when she was leaving at home.

At that time, I felt that the child was small, so I did not avoid it.

Who knew that children would remember it!

If the Fu family heard this, their whole family would be thrown out.

Ning Yue stood there, his face ugly

"I didn't say that he knew in his heart, the people here are not deaf, everyone has heard it, I just want to tell you, discipline."

Chapter Two Thousand Four Hundred and Thirty-Three – Dead Fat Woman

Mrs. Fu lowered her head and touched her son, and muttered in a low voice,

"What kind of onion are you, you who flaunt your might here, no matter what, it will not be your turn to be the master!"

She said she was going to take her son to play elsewhere.

As a result, he turned around and did not take two steps.

On the balcony on the second floor of the villa, a cigarette butt gently dropped.

It fell in front of Mrs. Fu.

Everyone looked up in surprise, and looked at Fu Yechuan, Lu Qi and a slightly chubby man standing on it.

The slightly chubby man turned pale, his gaze swept over Fu Yechuan in a panic, and he glanced resentfully at the rich lady below.

Mrs. Fu's face instantly turned pale, and she stood stiffly in place, dumbfounded.

Behind the back to say someone else's words, there are still people later.

That's how coincidentally it hit.

Who would have thought?

Ning Yue followed in surprise, saw that it was Fu Yechuan, and excitedly pulled Fu Yunche over

"Hey, Fu Yechuan, someone is bullying your son, don't you care, it's this dead fat woman!"

Her directness completely broke the frozen silence of the air.

Mrs. Fu's face turned pale instantly, and she shook her head in panic, "I didn't, President Fu..."

The little boy next to Mrs.

Fu couldn't help it, and spoke up justifiably,

"Mom, didn't you say you can't lie?"

Fu Yunche's mother is a murderer, he will be a small murderer in the future, he is a wild species that no one wants.

When his father married his stepmother and had a new child, he was thrown away!

Mrs.

Fu covered his mouth in panic.

But it was too late.

Fu Yechuan's face was livid and tense with the naked eye, and there was a cold chill in his eyes, which could freeze to death.

The slightly chubby man next to him is the husband of the rich lady.

Hearing this, he quickly scolded his son

"Shut up!"

He originally wanted to ask Fu Yechuan to invest in his own company, and finally asked for a chance to meet alone, but it turned out to be such a coincidence, he saw and heard the scene just now.

I really can't wait to find a seam to drill into.

“President Fu, it’s this kid who is unscrupulous, I will definitely teach him a good lesson when I go back, he has no malice.”

The man looked at the little boy below, “Don’t apologize to Young Master Fu yet!”

The little boy was pampered at home, and everywhere he went, he felt that he was a little emperor, and everyone let him.

He is the only seedling in the family.

He snorted coldly, “I don’t, he’s just a nasty, I don’t apologize to him, I’m not wrong!”

Fu Yechuan smiled a little coldly.

Glancing at the slightly chubby man’s face, his voice was deep and cold

“No need to apologize, Mr. Chen, bring your wife and children back, don’t ruin my son’s good mood.”

The man’s face changed slightly, revealing a bit of horror

“President Fu, fairy tales are unscrupulous, fairy tales are unscrupulous!”

“Just because of a few words from a child, we can’t ruin our relationship.”

Fu Yechuan’s throat rolled.

Looking at the woman below protecting Fu Yunche’s posture with deep eyes, he didn’t know what he was thinking.

Maybe it’s some feelings.

Suddenly I felt that this woman’s scolding mouth that did not spit out bones seemed to be nothing bad.

At least Fu Yunche held Ning Yue’s hand tightly, and for the first time he felt dependent.

It was trust and dependence on neither of his father.

The heart was like a subtle electric current passing through, and some uncontrollable emotions flashed.

Unspeakable, unclear.

But it’s not a hate after all.

Fu Yechuan lost patience and stopped talking, his eyebrows lowered and he played with the lighter in his hand.

Lu Qi next to him couldn’t help but chuckle

“President Chen, okay, don’t make too ugly noise, what will the child say, isn’t it all about the face of the adult?”

What fairy tales, I think it is the truth.

Take the child back to teach it well, than with money, let him know what politeness is, what is called the sky outside the sky...”

Lu Qi's words were meaningful, and the slightly chubby man's face really couldn't hang up, and he ran down embarrassed.

Mrs. Fu knew that she had broken into trouble, and did not dare to say a word.

Seeing her husband come down, before he could speak, he slapped her in the face.

"Usually let you teach him well, don't get used to making mistakes, how did you teach!"

Mrs. Fu covered her face, her face was red and white, and it was wonderful.

But in the end, I was worried that the place was wrong, and I didn't dare to say a word, and finally followed the man in embarrassment.

Many people have seen this scene.

Fu Yechuan pointed to the group of children, and his voice was cold

"And those who said it just now, I heard it, let people look for it one by one, don't want to stay, please leave quickly, the Fu family can't leave such a big Buddha, eat my food, and dare to smash my pot."

The children suddenly cried in fright and scattered to find their parents.

Seeing this, Fu Yunche was not sad at all.

He looked up at Fu Yechuan above, and suddenly felt that his father was really handsome!

He's still good to himself.

You see, he was wronged, and Fu Yechuan immediately helped him take revenge, and he didn't mean to swallow his anger at all!

Fu Yunche's eyes were shining, and his smiling face was full of longing and excitement.

Just the next second.

After Fu Yechuan finished speaking, he looked down in their direction.

He stretched out his finger and pointed at Ning Yue, his voice was clear, without fluctuations, but full of doubts

"You just follow to make trouble, are you also a child? You're a bomb, blow up wherever you go! Ning

Yue was just about to praise him twice, and he did it like a master just now.

When she heard that she was a bomb, she immediately swallowed.

Immediately retort

"You are the bomb, your whole family is a bomb, if I were a bomb, I would kill you first!"

After she finished speaking, she took Fu Yunche's hand and went in

: "Play with your friends, don't care about other people, you are still a child, you will be scolded if you are scolded, it's no big deal."

She touched Fu Yunche's little curly hair distressedly, full of love.

Fu Yunche nodded with a smile and looked at her expectantly,

"Auntie, don't go, wait a while to eat a big meal, there is no one else..."

As soon as Ning Yue, who originally wanted to leave, heard this, could it be that this banquet would be over in a while?

She thought about it and nodded.

I can't bear to refuse a small request from a small child.

She was completely looking at Fu Yunche's face, otherwise she wouldn't want to stay longer than a minute at Fu Yechuan!

Upstairs.

Lu Qi looked at Fu Yechuan in surprise, and smiled meaningfully

"That woman... How is your look?"

Fu Yechuan looked at him coldly.

Lu Qi: "I think it's really good, that woman can scold anyone else, even you don't let go."

Although his temperament is a little straighter, he is beautiful and has no heart, and he is much stronger than others.

The most important thing was that she did not hesitate to protect Fu Yunche at that time.

She didn't know that Fu Yechuan was watching there.

So this temperament is especially rare.

Chapter 2,434: Blocking and Saving People

The weather is lazy and the air is a little refreshing.

Fu Yechuan stood there and pulled the corners of his lips with a smile.

Obviously, he was a little unimpressed by Lu Qi's proposal.

Swearing shows that she is vulgar, her temperament shows that she is stupid, and being beautiful and heartless means that she has no ability to protect herself.

Which point suits him?

A woman who couldn't even protect herself, how embarrassed she was, he saw it all.

If it weren't for his help, I'm afraid she would still be in that terrible marriage, or she might have become a murderer beyond bearing.

He does not have the heart of the Father who saves the world.

So there is not much sympathy for her.

Just looking at Ning Yue, who is now gradually showing her original form, she is just a little curious.

She really wrapped herself up in another cowardly look because of that marriage.

Lu Qi saw that he was unimpressed, and couldn't help but speak

,

“Also, what those children say is said by adults, what do they understand?”

You can't really think that you don't like Yun Che, and everyone can bully him, right?

He is really sensible, he was scolded like that, stunned and endured without saying a word, if it were not for the sudden appearance of that woman, I am afraid that he would not have sued you in his life.

Old Fu, haven't you thought about why?

Fu Yechuan paused and looked at him

deeply

, “Why?”

Lu Qi sighed and said

seriously,

“Because the children who sue are all bullies, they know that if they go to sue, they will definitely be angry for themselves.”

Don't sue because he doesn't have much hope for you at all, but is worried that you will blame him for it.

Old Fu, children are different from doing business, not worrying about food and clothing.

You look at the eldest son of the Su family, Su Lin, although he is also the master of silence, but he is not the material for being wronged.

Just now, the little fat man threw sand on him, and Su Lin immediately threw stones at him.

That little fat man didn't dare to bully Su Lin, didn't you really figure out why?

Or was he too lazy to move anything on Fu Yunche's body?

The conversation between the two fell silent.

Fu Yechuan wrinkled his eyebrows, his face dark.

“Who didn't come that way? Pampering can also grow up, but what is the use of looking at those people?”

If he couldn't even swallow this bit of bitterness since he was a child, the Fu Group would only give him more pressure and hardship in the future.

Don't rush to teach me a lesson, he chose this path himself. It

was Fu Yunche himself who chose to come to him.

Lu Qi was speechless for a while.

Fu Yechuan had already turned around and left here.

Not for a while.

Ning Yue went around blindly and went upstairs.

She didn't expect Fu Yechuan to be there.

Just wanted to turn around and go downstairs, but Fu Yechuan was like he had eyes on the back of his head, and directly shouted to her

, "What to run?" Come and sit. Ning

Yue gritted her teeth and could only sit hard.

"President Fu, you don't greet so many people below, are you lazy here?"

Fu Yechuan glanced at her

"Fu Yunche's birthday, why don't you bring a gift?"

Ning Yue's smile was very reluctant, and she

laughed coldly

, "I sent it all last time."

"Last time was last time, shouldn't I prepare again this time?"

He asked of course.

Ning Yue took a deep breath and was silent for a while before explaining

,

"No matter how many birthdays a year there are, one gift is enough to express my sincerity, and if there are more gifts, it is not worth anything."

"Just your Rubik's cube, it's not worth much!"

Fu Yechuan laughed loosely, which made Ning Yue very angry.

"I don't have money now, don't you know, President Fu don't be strong in economic strength!"

She frankly and frankly admitted that she had no money, but it made Fu Yechuan feel as if she was a little... Lovely.

"Indeed."

He nodded.

It's hard for strongmen.

Ning Yue looked out the window speechlessly.

Don't say anything else.

The perspective of this villa is really amazing, looking at the distance from this balcony, the mountains are stacked, the peaks are pine, and it seems to be in a paradise.

Looking closer, in the yard, a small swimming pool below, the clear water swaying slightly, many people talking and laughing around, and the various flowers in the garden, it seems that it is temporarily moved to meet the scene.

Isshiki fountain swings and lawns, crystal clear pebbles, the annual maintenance cost alone is estimated to be no less than one million.

Fu Yunche's ball was kicked nearby, and he ran over excitedly, trying to pick it up.

Ning Yue smiled and wanted to lie on the window to greet him.

But before he could speak, he listened to Fu Yechuan's cold voice

,
"Don't shout, this is not your home."

Ning Yue's words suddenly held back.

She sat back in her seat and stared at him unkindly, as if she was exploring something

, "President Fu."

"Huh?"

"Are you weak in family affection, you don't even care much about your own son except for money, and when you are old, no one will help you push a wheelchair, won't you feel the emptiness of life?"

Watch the movement up close.

Fu Yechuan's eyebrows furrowed, and his mind circled unhurriedly before he looked at her with deep eyes, laughed softly.

That smile suddenly made people feel a little good-looking.

Chapter 2,435: The Trap

Ning Yue's words made Fu Yechuan pause slightly, but he didn't give her any looks.

Suddenly.

I heard the sound of falling water again.

Fu Yechuan's eyebrows loosened, and he was finally willing to let go of his hand.

But before he could look back, Ning Yue ran.

She seems... Misunderstood something.

Fu Yechuan's heart suddenly flashed with some anxiety.

However, he still stabilized his mood and lifted his feet downstairs.

"Young Master Fu fell into the water-" Someone

shouted, naturally attracting the attention of many people.

The people who had been talking inside went out.

When Fu Yechuan went out, he watched Yao Xinrui hold Fu Yunche with difficulty and come out of the pool.

Both were wet and shivering with cold.

Yao Xinrui is the most embarrassed, her hair is dripping with water, makeup is spent, and she can't care about anything.

When Fu Yechuan walked over, he happened to see Yao Xinrui ashore.

She looked at Ning Yue, who had saved people in the past but was one step late.

Yao Xinrui's gaze was very calm, even with a bit of crushing pride.

Ning Yue probably didn't care at all, and ran directly to Fu Yunche's side, took off his coat, and wrapped Fu Yunche's trembling body.

Autumn is cool.

The water in the pool is also not deliberately warm, so it will definitely be cold when it falls.

Yao Xinrui endured the discomfort of her body and turned back to care about Fu Yunche's body

"How is Young Master Fu? You okay?"

Fu Yunche's breathing was normal, but he choked on too much water, and was pressed twice on his chest by Ning Yue, spitting water out, and coughing violently.

The little face was miserably white, and there was nothing more pitiful than him.

Ning Yue felt that she was trembling.

She didn't know why, she was suddenly so scared.

Maybe it's because she almost watched a human life die in front of her eyes.

And Fu Yunche, who happily invited her to stay for a big meal.

Yao Xinrui looked at Fu Yechuan and pursed her lips

,

"President Fu, go find a doctor quickly, I hope the child will not have an accident."

She coughed heavily twice, shivering with cold.

But the suit jacket that Fu Yechuan was wearing had no intention of taking it off.

She stared for two seconds before withdrawing her gaze and hiding her emotions.

The servant next to her was sharp-eyed and took a blanket to drape over her.

"Thank you..."

Yao Xinrui thanked him without hesitation.

Then his eyes followed Fu Yechuan closely.

The voices of the people around him continued to enter his ears, which made Yao Xinrui's mood gradually settle

down

"How so? It's too dangerous.

"Fortunately, Miss Yao is here, and it almost caused a disaster!"

"Yes, I just saw it, thanks to Miss Yao jumping down and carrying Young Master Fu up!"

.....

As soon as everyone's talk came out.

Fu Yechuan's dark face finally had a hint of reaction.

His gaze slowly moved to Yao Xinrui's face.

There was a pause of a few seconds.

Yao Xinrui's heart that was originally in her hands suddenly relaxed, followed by apprehension.

Why didn't he thank you?

How is there not a word?

Soon.

Chen Mian came over with two bodyguards and grabbed a woman.

The woman had some familiar, ordinary looks, but met for the second time.

Jia Jiayue in the crowd came out in shock and pointed at the woman behind Chen Mian

"Song Haoyu, what are you doing?"

The person was brought by her, and of course Jia Jiayue was wondering if something had happened, for fear of affecting the Jia family.

As a result, Song Haoyu just glanced up at Jia Jiayue, then lowered his head and didn't say anything.

From the moment Song Haoyu was brought over.

The panic in Yao Xinrui's heart continued to expand, blocking almost all parts of her heart and reaching its peak.

She had never been so flustered.

Obviously he planned everything, how could he be exposed so quickly?

She couldn't care about the chills on her body at the moment.

Chen Mian glanced at them before looking at Fu Yechuan and speaking

“President Fu, this is the woman who just walked around the pool, spilled gasoline on the poolside, and accidentally kicked Young Master Fu’s ball into the pool, causing him to accidentally lose his footing and fall into the water.

In the end, it was Miss Yao who ran over to heroically save people...”

Just a few words.

It made everyone present change their faces.

Those words praising Yao Xinrui did not say a word more.

Because looking at Fu Yechuan’s attitude, they didn’t have to think about it, there must be ghosts in it.

The scene suddenly fell silent.

Jia Jiayue’s face was ugly with fright, and she quickly ran out to clear up the relationship

“President Fu, this is not what I asked her to do, I really don’t know why she wants to do this, it has nothing to do with our family, I don’t know Young Master Fu!”

She was really wronged and died, how did this Song Haoyu break into such a big disaster?

Fu Yechuan sneered, and his jawline tightened coldly.

Indifference to the extreme.

His icy gaze moved to Yao Xinrui’s body

On

“Of course Miss Jia doesn’t know, because Miss Yao knows best, doesn’t she?”

Yao Xinrui’s face tightened, her expression froze, and she trembled slightly.

She stood there, still holding on to an unexplained look

“President Fu, what does this mean? Are you doubting me?”

I just watched Young Master Fu fall into the water and kindly come to save people...”

Hers

Chapter Two Thousand Four Hundred and Thirty-Six: Clearing the Relationship

The people around them gasped and looked at Yao Xinrui with complicated eyes.

Yao Xinrui’s mood was no longer calm.

Song Haoyu’s exposure made her completely panic, which was also unexpected.

Her face became extremely ugly.

It’s just that so many people are staring, Yao Xinrui is not a worthless lady after all.

It has also been through some strong winds and waves.

Naturally, you will not be frightened by this scene.

In a panic, she endured the chill, stood up in a hurry, and looked at Fu Yechuan with stoic and aggrieved eyes, without the fear and panic

just now

“President Fu, if this is your goal, then you have achieved it, this woman framed me, only a fool will believe it, I don’t know where you found her, and why did you say such a thing.”

But I really saved people just now, this is always not fake, if President Fu insists on believing other people’s words, then I have nothing to say.

Today was originally just to celebrate Young Master Fu’s birthday, sorry to make everyone laugh, I don’t think there is any need to stay.

If you have enough evidence, you can go to the police instead of just listening to a woman.

Yao Xinrui’s gaze coldly swept over Song Haoyu’s face.

She was stunned for a while.

Song Haoyu was weak-hearted and afraid of Yao Xinrui, but he was even more afraid of Fu Yechuan.

The sharp pain in his chin just now clearly involved every nerve.

Now she can’t still die in order to protect Yao Xinrui.

So, I can only be sorry for her.

Yao Xinrui took a deep breath, felt that she was almost there, and turned around and walked inside.

Although she wanted to leave, she couldn’t leave so embarrassed.

She had to change her clothes and walk decently.

Otherwise, it is a lack of heart.

Everyone looked at each other.

Chen Mian unconsciously looked at Fu Yechuan, Fu Yechuan’s face was cold and low, and he could see that he was not in a very good mood.

The facts are already in sight.

Yao Xinrui admitted that everyone was happy about this matter.

Whether Fu always forgives her or not is a matter later.

But now, Yao Xinrui does not admit it, and the situation is a little embarrassing and deadlocked.

He also understood that it was difficult to push Yao Xinrui too hard now.

After all, it is the daughter of the partner, so many people in the mall are watching, and when the situation is unclear, it is easy to cause misunderstanding.

He stepped forward and stood next to Fu Yechuan, "President Fu..."

Fu Yechuan glanced coldly in the direction Yao Xinrui left

,
"Call the police."

After that, he turned around and left.

Chen Mian paused, nodded, then looked at the people around him, and said with a smile

:

"Everyone, there is a sudden accident, please forgive us for losing company, if you want, you can continue to stay and play, everyone feel free."

He nodded, and then looked at the bodyguard behind him, his voice was neither loud nor small

: "Call the police, wait for the police to come, and hand her over to the police."

"Yes."

Everyone was still suspicious of Yao Xinrui, and even felt that Fu Yechuan was a little too much.

After all, Yao Xinrui's words were really a little aggrieved.

But looking at it now, I'm afraid Fu Yechuan is really right.

Everyone was in no mood to stay after talking and laughing.

They were not in the mood to deal with the police.

Chen Mian asked Fu Yunche to take him away, and the little young master looked like nothing happened, but his face turned white with cold, and he was pitiful.

Ning Yue next to him fell silent unexpectedly.

Nothing was said, nothing was asked.

Chen Mian didn't know how to explain, so he could only order people to protect the scene, and by the way, he called up the monitoring and prepared to let the police take it away.

Fu Yunche tightly grasped Ning Yue's clothes and did not let go, and the bodyguards could not take him away for a while.

Ning Yue didn't say anything, hugged Fu Yunche and walked inside.

Chen Mian sighed in the back and followed

,

"There is a doctor in the villa, I have asked him to wait in the room."

Ning Yue paused, her face was still very bad.

Chen Mian knew that she probably knew everything.

This is not an accident at all.

It was just a trap laid out to lure out Yao Xinrui.

Fu Yunche was nothing more than a bait in a trap.

Fu Yunche was still a little heavy, and Ning Yue carried him into the room, his tired face pale and ugly.

Inside the room.

The doctor and Fu Yechuan are there.

The doctor hurriedly greeted him, looked at Fu Yunche's situation, and then asked people to help him take off his wet clothes.

Nurses rushed up.

Ning Yue was naturally separated by the crowd.

Fu Yechuan glanced at her, his gaze a little complicated.

I'm afraid that this woman has already scolded him as a bastard in her heart.

But I didn't know how to speak, and I opened my mouth to explain something.

I was a little apprehensive for a while.

But the result was unexpected.

Ning Yue didn't say anything, lowered her head and said something to Chen Mian, and Chen Mian subconsciously went to look at Fu Yechuan.

Fu Yechuan instantly looked away.

And Chen Mian pursed his lips and could only nod.

Ning Yue turned and left.

Fu Yechuan's face was ugly, and he walked over and lookedThe woman disappeared in the doorway, feeling a little uncomfortable.

"What's wrong with her?"

Chen Mian: "Miss Ning said that there was still something to go, I said to let the driver send her, but she said no, she wanted to take a taxi herself."

Fu Yechuan frowned, his face was cold and ugly, and there was a bit of emotion hidden between his eyebrows

"Take a taxi? Is it so easy to get a taxi here? "

Chapter Two Thousand Four Hundred and Thirty-Seven Heard

Ning Yue's gaze was complicated and resistant.

These words have always been in the heart, and now they are almost blurted out.

She thought that even if Fu Yechuan neglected to attach importance to Fu Yunche, it was impossible not to have this son in her heart.

But today, she completely refreshed her three views.

When she saw her son struggling in the water, she couldn't bear it for an outsider and wanted to go down to save people.

But the person who stopped her turned out to be Fu Yunche's so-called father?

Does Fu Yechuan really have feelings in his heart?

She suddenly had some doubts.

Does someone who does not even love his own son have the ability to love others?

Fu Yechuan made her feel terrible, as if she saw the abyss, and thought that she was not what she saw.

But the facts are in front of us.

It doesn't make sense to try to deceive yourself.

But she had no position to argue for Fu Yunche.

She's just an insignificant outsider.

Ning Yue felt very cold and wanted to leave this place quickly.

Fu Yechuan's gaze gradually cooled down, and the fire on his chest couldn't be suppressed.

"You know what, this is the best way, do you want to let this hidden danger stay around?"

Bringing it out early and solving it early is a good way to settle it once and for all.

What does this woman Ning Yue understand?

Come up and accuse him?

What makes sense?

"Hidden danger? Isn't this woman the stepmother you chose for your son?"

Didn't she come to you with you? Ning

Yue's words were like a basin of cold water, which was poured on Fu Yechuan's head at once.

Cold to the bone.

"So don't you think it's a little ridiculous that you use an innocent child to solve hidden dangers?"

After Ning Yue finished speaking, she turned around and was about to leave.

Fu Yechuan grabbed her and pushed her in the corner of the wall next to her, the shadow blocking the light in front of her.

I can only see his outline outlined by light and shadow, sharp and cold, invincible.

“What qualifications do you have to say that about me?”

Don't forget your identity, you are just a guest, what qualifications do you have to advise me on things?

Or, Ning Yue, do you want to treat Fu Yunche as your own son?

As soon as

Fu Yechuan's words came out, he regretted it a little.

Because he watched Ning Yue's face change.

I also realized that I had blurted out something uncontrollable.

Ning Yue pushed him away, her eyes full of coldness and indifference.

That kind of indifference was similar and overlapped with someone in Fu Yechuan's impression.

At the beginning, Su Nan also looked at him with this kind of gaze, and then left her without looking back.

A panic got angry from the soles of his feet and climbed densely up his heart.

He didn't understand where this emotion came from.

For an insignificant woman, why would his heart clench and worry fiercely.

Why should she?

Ning Yue sneered, looked at him hugging his hands, looked at Fu Yechuan's face, and spoke indifferently

,

“It was I who was nosy, out of the most basic kindness of human nature, that I sympathized with Young Master Fu.

I hope President Fu will not misunderstand what I have for you!

After all, although I am divorced, the market is not bad, and I don't have the slightest interest in you.

To put it bluntly, I wouldn't find a man who has been divorced twice and has children, so it's easier for me to find an old man who is dying to inherit the inheritance.

So, Mr. Fu don't worry that I will fancy you.

You fancy someone like Miss Yao, and to be honest, you two are quite compatible. Fu

Yechuan and Yao Xinrui added up to eight hundred heart eyes.

Also say that they are not born a couple?

It is simply a match made in heaven!

After Ning Yue finished speaking, he felt that his heart was really happy, and immediately flicked his hair, took a step back very casually, and walked to the position at the door.

Take a step back and you can take a step.

“By the way, I was a little sympathetic to you for losing Su Nan before, but now, I am glad for Su Nan a hundred times, she really saved the galaxy in her last life to divorce you!”

When such heart-piercing words came out, Fu Yechuan’s face immediately became ugly.

Ning Yue turned around and left, just in time to see Yao Xinrui, who had changed her clothes, get into the car.

Without saying a word, she followed

“Miss Yao...”

Compared with Fu Yechuan, Yao Xinrui felt that Fu Yechuan was more terrifying.

So it’s better to follow Yao Xinrui!

Fu Yechuan’s face turned livid with anger.

Not just Ning Yue’s last sentence, but from beginning to end, there was not a single good word in this woman’s mouth!

There was an indescribable feeling in his heart.

It made him hate the root of his teeth, but when he faced Ning Yue, he couldn’t say it.

That fire just can’t come out.

The more I think about it, the more angry I get!

He kicked the door next to him angrily.

The door didn’t close, the door opened.

As a result, he looked at Su Lin’s child standing inside expressionlessly.

The moment when two people look at each other.

Fu Yechuan was obviously stunned for a moment, and wrinkled his brows in shock.

“You’ve been in this all the time?”

That means that their words are only separated by a door, and the Su Lin children inside should have heard it!

Su Lin is small but has a big temper.

He originally regarded Fu Yunche as his best friend, and he also knew that Fu Yunche had always been loved because he was not valued

Chapter Two Thousand Four Hundred and Thirty-Eight The explanation is too pale

Fu Yunche is still on it, still sick, Fu Yechuan can still have the mind to send her home?

Ning Yue even felt her innocent sin.

She didn't want to get Fu Yechuan's handouts anymore.

Fu Yechuan looked at her coldly, standing outside, silently deadlocked.

Drivers naturally do not dare to drive at this time.

In case you bump into Fu Yechuan, it's no joke.

So neither side took a step back.

Yao Xinrui sat on the side, and her face gradually became ugly.

Not just frozen, but infuriated by this scene.

If she still couldn't see that Fu Yechuan was different from Ning Yue, then she would be a fool.

Yao Xinrui secretly clenched her fists and sneered.

She also did not look at Fu Yechuan directly.

Just glanced at Ning Yue faintly, and his voice was a little impatient

"Miss Ning, you also saw it, I just got into the water, my body is still a little uncomfortable, waiting to go to the hospital, I'm afraid I can't take you along the way."

Ning Yue pursed her lips and glared at Fu Yechuan fiercely.

All blame him for ruining his own way back.

She could only get out of the car with amusement.

Although she doesn't like Yao Xinrui very much.

But compared with Fu Yechuan, Yao Xinrui is still tender.

Ning Yue got out of the car, and Fu Yechuan took a step back, not caring about Yao Xinrui's departure.

The police will not take Yao Xinrui away as a suspect until the investigation is clear.

They only took away Song Haoyu, who was pouring gasoline near the pool.

As for Yao Xinrui, her testimony is needed to be involved.

Whether the Yao family will continue to shut up Song Haoyu in the future, that is their problem.

Fu Yechuan didn't want to continue.

Ning Yue stood there and took a deep breath.

The cold wind blew over, and the scorching sun was blocked by the clouds, and it actually felt a little cool.

She shrugged her shoulders and looked at him

"President Fu, what are you going to do, I can't leave now?"

Fu Yechuan also couldn't say what he wanted to do.

She scolded so happily just now, if she rushed up, it would be a hot face and a cold ass.

But seeing her get into the Yao family's car, a little dangerous thought arose in her heart.

He knew what Yao Xinrui could do.

Especially at this juncture.

He just didn't want to watch Ning Yue become Yao Xinrui's punching bag for no reason.

Ning Yue didn't know why, and suddenly covered her mouth and sneezed.

Fu Yechuan wrinkled his eyebrows and glanced at Ning Yue before finally taking a step back and keeping his distance from her.

For fear of being infected by her.

Scold.....

Ning Yue looked at the sky speechlessly.

She was sure that Fu Yechuan definitely didn't leave her because he took a fancy to her.

Fu Yechuan's voice was cold

"Let Chen Mian send you back, I just warned you, keep your distance from the people of the Yao family, and don't go out and talk nonsense."

Ning Yue understood.

It turned out that he was afraid that he would talk nonsense about what he knew, and he was afraid that he would tell Yao Xinrui.

Hehe.....

Fu Yechuan also has a time to be afraid!

Ning Yue took a deep breath, "Got it."

Fu Yechuan didn't say anything, turned around and walked to the villa.

Less than a minute.

Chen Mian hurriedly ran out, "Miss Ning, shall we go?"

Ning Yue tugged at the corners of her mouth, and her face improved slightly,

"Trouble you Assistant Chen, I originally wanted to go by myself!"

"Don't say that, take you over, naturally have the obligation to send you back safely."

Chen Mian smiled, and then took her to the car.

“Is Young Master Fu all right?” Ning Yue asked.

Chen Mian paused, “It’s okay, it’s just a little cold, oh, I heard that you saw it at that time, very anxious?”

In fact, it doesn’t matter, Young Master Fu can swim, and there are people watching around, so nothing will really happen. Ning

Yue pursed her lips, a little disapproving

,

“But President Fu uses his son as bait, it’s also quite funny, I scold him a lot these days, he won’t remember to hate me, right?”

Chen Mian twitched the corner of his mouth and looked at her from the rearview mirror

“Don’t you think it’s too late to worry about this now?”

Ning Yue “...”

The two people changed the topic, and the atmosphere immediately relaxed, talking and laughing.

Arrived at the bar.

Before Ning Yue got out of the car, Chen Mian still called out to her

,

“Miss Ning, I still hope that today’s matter can be kept secret.”

Ning Yue smiled, “President Fu is so afraid that I will say it?”

“It’s not President Fu, the time when the Yao family let the little young master get food poisoning before, we spent a lot of effort to find it, but someone deliberately concealed it and arrested the Yao family, which is a good thing.”

However, it is a little difficult to say, although Fu does not care about these things, but he is not a mercenary person.

If he really didn’t care about this son, Fu Yunche wouldn’t be the Fu family, since he paved the way for him, he would discipline, but not dote.

Although it is said that Fu Yechuan does not pay much attention to Fu Yunche.

But it cannot be said that there is no sense of responsibility at all.

Yes, but not much.

This is the most euphemistic statement Chen Mian can come up with.

Ning Yue didn’t say anything more, waved her hand and went in.

I didn’t believe him at all.

This explanation is also too pale.

Chen Mian felt that he had tried his best.

Chapter 2,439: Unreasonable Demands

Su Lin fell silent.

“Aunt, I shouldn’t have said it, you should not have heard it, otherwise Yun Che will be very sad.”

Su Nan smiled reluctantly and touched his head

“Well, my aunt didn’t hear anything, but the Fu family’s affairs will be avoided in the future.”

Su Lin pursed his lips and snorted

,

“Yun Che is afraid of him, but I am not afraid, and he does not dare to do anything to me!”

Shang Qian chuckled on the side, and nodded

very approvingly,

“This is true, we are very angry, we don’t have to look at people’s faces, not to mention that not everyone is afraid of him.”

Su Lin nodded.

Shang Qian touched his head: “Eat quickly, my uncle will invite you to eat in a while, how is KFC?”

Su Nan stared at him without speaking.

Su Lin: “Daddy won’t let me eat KFC.”

“My uncle wanted to eat it, and promised to tell the child to bring it back to her, I can’t believe it!”

Shang Qian helplessly spread his hands and explained to Su Nan.

Su Nan was speechless: “Who asked you to agree to these unreasonable demands?”

Shang Qian said

weakly,

“I promised her to buy it with full marks for homework, and I didn’t expect her to really get a full score for a bite to eat!”

Su Nan “...” Finally,

everyone finished eating and sent Su Lin home.

On the way, Su Lin was still on the phone with Fu Yunche.

Fu Yunche should have recovered and had the strength to speak.

Su Lin nodded a few words of comfort, without discussing the matter too much.

Maintaining a friend’s self-esteem is also a must for a good friend.

.....

Half a month passed quietly.

Ning Yue’s bar has been smooth and smooth.

Even if there are occasional drunk troublemakers, they are quickly resolved.

Fu Yanni appeared from time to time, as if he was not dead to Ning Yue.

Finally, when he saw Su Nan and Shang Qian bringing a few friends to party here, Fu Yanni was a little stunned.

Cheng Yi and Shang Qian hooked up, and the two looked like brothers.

However, Shang Qian's gaze turned back to find Su Nan's shadow from time to time.

Meng Xue, on the other hand, was very speechless waiting for Cheng Yi's prodigal son, helpless, but with love.

Ning Zhi and Su Qi were fighting and dancing, and then went upstairs to the private room.

Ning Yue, who was wiping wine glasses on the bar, watched the group go upstairs.

He looked at Fu Yanni, who was in a daze in front of him, and smiled meaningfully,

"Young Master Fu, what are you looking at? Do you know?"

Fu Yanni was stunned and smiled

,

"I know ah, a few familiar friends, but I won't say hello, after all, I came for you Miss Ning."

Ning Yue lazily put down the cup in her hand and picked up another cup.

Her movements are light, but crisp and sharp.

There was a little smile at the corner of her mouth, as if she had spied some secret

"Young Master Fu, do I look like Su Nan?"

Fu Yanni froze: "What? Ning

Yue raised her eyebrows, lazy but a little casual.

It was as if she wouldn't be angry no matter what answer she heard.

She didn't mean to have plastic surgery to look like Su Nan.

There are some similarities, coincidences, but also fate.

But at this time.

Ning Yue seemed to understand a little the reason why Fu Yanni was so happy to come here all day.

So that's it!

She braced her hands on the countertop, looked at him with a smile, and her eyes flowed with a bit of a halo

that could see through people's hearts

"Let me ask you, do I look a lot like Su Nan?"

Fu Yanni's stiffness froze, and he seemed speechless.

Ning Yue smiled, "I don't know, are you unwilling because of Su Nan, or because of the woman who remarried your ex-husband that you didn't get."

But I think it's time for you to look ahead, don't look at someone who looks like your sweetheart and pounces.

Do you think you're collecting stamps?

Fu Yanni was stunned for a while.

Ning Yue flicked her hair, smiled lazily and spoke

'
"I'm not your stamp, and I won't be anyone's retreat, I can't even look at Fu Yechuan, let alone you?"

She said this a little hurtfully.

But in order for him to run over again and again, it is better to directly cut off his nod.

It wasn't until today when she saw Su Nan that Ning Yue's heart suddenly became a little brighter.

I see!

Fu Yanni finally went upstairs and went to Su Nan's private room.

It wasn't until the end of the scene that I came down with them.

He drank a lot himself, and the driver of the family took him away.

Ning Yue waved goodbye to them casually, and didn't say anything.

But since then, Fu Yanni has not appeared again.

Finally dead hearted.

.....

During the day, there are fewer guests, and Ning Yue will clean up by herself after resting.

I didn't expect an uninvited guest to come.

Fu Yunche walked over cautiously and looked at her
with a smile

"Good aunt."

Ning Yue was stunned for a moment"Young Master Fu, why are you here?

She looked back unexpectedly.

There was no Chen Mian, let alone Fu Yechuan, and no one else followed.

Fu Yunche carefully put down his school bag

"Our school is active in the field today, half a day in advance, and my driver uncle has something

Chapter Two Thousand Four Hundred and Forty – You Quit

Yao Lichuan deliberately stayed until the end.

Fu Yechuan had returned to the office.

Everyone came out together and had already left this floor.

By the time Yao Lichuan came out, there was almost no one else.

Only Chen Mian was still waiting conscientiously.

Seeing Yao Lichuan, he also smiled politely and thoughtfully, “President Yao, it is really an honor for you to come here in person for this meeting.”

Yao Lichuan pulled the corners of

his mouth with a smile “Don’t dare, my daughter is bullied by you and can’t come out, what if I don’t come?” Mr. Fu, I want to talk to him if I have time.

Chen Mian smiled, “Of course, President Fu knows that you have something to find him, so he specially pushed the itinerary and waited, if you still appreciate your face.”

Yao Lichuan snorted coldly and went directly to Fu Yechuan’s office.

Chen Mian only went in with coffee later.

At that time.

The atmosphere in Fu Yechuan’s office was already a little condensed and stiff.

Yao Lichuan sat opposite him, his expression cold and ugly.

And Fu Yechuan’s face looked as usual, cold and indifferent, not enthusiastic.

It’s just that this kind of Fu Yechuan makes Yao Lichuan even more angry.

But he also knew that he wasn’t here to get in trouble.

The Yao family does not have the capital to be angry with the Fu family.

But Fu Yechuan’s approach really embarrassed the Yao family.

The gossip in the circle had already reached his ears, and it was obvious how difficult Yao Xinrui was to sit still at this time.

Chen Mian brought the coffee over and put it in front of Yao Lichuan.

But did not leave immediately.

Yao Lichuan glanced at him, but did not speak.

However, Fu Yechuan opened his mouth in a deep voice,

“The matter has been handed over to the police, if Miss Yao is wronged, then I will naturally apologize publicly, if it is not wronged, you have nothing to blame.”

Since you have done something, you have to bear the price, Mr. Yao, you should understand this truth very well!

Yao Lichuan took a deep breath.

His face became more and more ugly.

“Mr. Fu, I think we have reached a tacit understanding between us, isn’t the purpose of this cooperation to further the relationship between the two companies? Did I think too much? The

atmosphere fell silent for a while.

Chen Mian looked at Fu Yechuan.

Fu Yechuan silently glanced out the window, his expression was light, calm, and indifferent.

“No, it’s just that I don’t want to continue this tacit understanding halfway, Miss Yao is indeed excellent, but my mind is not right, I can’t use my son to please women.”

To put it bluntly, I want to marry a partner, and I am not a lover who can only twist acid and be jealous, if she can’t even accept this, then there is no need to continue to cooperate.

She failed my test, which is not worth Mr. Yao’s special questioning of me. For a moment.

The atmosphere was deadlocked.

Yao Lichuan clenched his teeth, his eyes were a little gloomy, staring at Fu Yechuan, with a bit of unkindness

“It’s really high-sounding, now the circle is questioning the reputation of my Yao family, since you can’t look at my daughter, you won’t make things so stiff, right?”

“That’s all Miss Yao’s own choice, no one forced her.”

After Fu Yechuan finished speaking, he took a shallow sip of the coffee in front of him and put it back in its original place.

His calmness and self-determination were almost like two compared to Yao Lichuan’s impatience and corruption.

At last.

Chen Mian coughed and interrupted the silence

“President Fu, I think it is more urgent to solve this matter at present, and the rumors in the circle are coming out, and it is not beneficial to the Fu family.”

After all, Fu Yechuan’s ruthlessness is obvious to everyone in the circle.

One more evil deed would be even more detrimental to the reputation of the Fu family.

Yao Lichuan raised his eyes, and his face softened slightly.

Fu Yechuan pursed his lips and said in a deep voice

‘
“In this way, the current cooperation project, Yao withdraws, I can let the police withdraw the case, and do not pursue what Miss Yao did.”

Yao Lichuan stood up abruptly, his eyes widening

“What do you say? This project is about to be launched on the market, the prospects are great, you let our Yao family withdraw?

Fu Yechuan, what you think is really thoughtful, you are unloading the mill and killing the donkey, crossing the river and demolishing the bridge!

Yao Lichuan’s face turned pale, and he pointed at Fu Yechuan and cursed.

Fu Yechuan was a calm old god, and he didn’t mean to be angry.

Instead, he chuckled, with a bit of indifference and disdain

‘
“I gave you this bridge, and now I’m going to take it back, and there’s nothing you shouldn’t do.”

Otherwise, without me, how could Yao get this project?

“Then you can’t let the Yao family withdraw from this project at this time!”

Yao Lichuan took a deep breath and sorted out his thoughts

“President Fu, I apologize to you for my attitude, I was too anxious just now, I think we need to talk properly.”

He’s now focused on projects.

The grievances against his daughter faded.

“Yao has contributed a lot to this project, and almost all the preliminary work is undertaken by us, is it gone?”

Fu Yechuan’s eyebrows were light, with a bit of impatience and indifference

“You can continue to stay, but the price is to make Yao Xinrui notorious in this circle, President Yao, I’m not forcing you to quit, I’m just letting you make a choice.”
