chapter 2441—But I Don't Want to

Ning Yue's face turned pale, if he spoke well, she might be able to understand his painstaking intentions.

But now, she really felt a little wronged.

Glancing at Fu Yunche, who lowered his head, he seemed a little helpless.

She obviously told Fu Yunche that she wanted to call her family to talk to her.

Who knows he didn't take it to heart.

But you can't accuse in front of Fu Yechuan, otherwise Fu Yechuan still doesn't know how to teach this poor little curly hair!

Ning Yue pursed her lips, she could only endure it herself, she took out the phone watch that was soaked in water

"Sorry, his watch

accidentally fell in the bucket and is no longer usable, not notifying you in time, it was my negligence, I was a little busy in the afternoon, so I forgot."

She looked indifferent, looking like she was unrepentant although she admitted her mistake.

Let Fu Yechuan's heart breath not come out, but it is a little like a punch smashed on cotton.

Soft, without the slightest force.

There was silence all around.

Not even the waiter spoke.

But everyone is here to watch this scene.

They could know who Fu Yechuan was, and they came more than once.

But what I didn't expect was that this child had something to do with Fu Yechuan!

After a moment of silence.

Fu Yechuan took a deep breath and looked at Fu Yunche with cold eyes,

"What about you, even if the driver didn't come to pick you up and let you take a taxi home, why did you come here?"

Fu Yunche pursed his lips, and his little face turned white.

Ning Yue couldn't bear to see it, and just about to say something, he was stopped by Fu Yechuan

"I didn't let you say it."

Ning Yue was silent.

Fu Yunche finally raised his head cautiously, looked at him, his clear eyes flashed with crystal spray, and said seriously,
“Daddy, last time it was my aunt who saved me, I haven’t seen her for a long time, I want to come and see her.”

That’s it.

He plucked up his courage and continued to speak, his childish voice heartbreaking to hear,
“Auntie asked me to call to tell you, but I didn’t want to.

Then my watch fell into the water, and I didn’t want to do it even more, I thought I would be fine when I went back before school, sorry daddy.

Fu Yechuan looked at him and did not speak, but just looked at it like this, which made people feel even more uneasy.

It’s like a knife hanging over your head and falling at any time.

Interrupting this dead silence was the guest who came in later.

The group of young people are not old, and their faces are written with immaturity and youth.

It looks like a kid from a nearby college sneaked out to play.

They ran in unscrupulously, and greeted the beautiful hostess

,
“Miss Ning, do you have the honor to help us mix a glass of wine today?”

Ning Yue smiled, flicked her hair, her amorous gaze flowed, and immediately threw Fu Yechuan here, turned around and walked in,

“Okay, if any of you go up to perform singing and dancing for me today, I will exempt you from tonight’s drink.”

“Wow...”

Everyone cheered, and in this half-lit bar, enthusiasm was already beginning.

And this kind of atmosphere also made Fu Yechuan’s side relax a lot.

Fu Yunche looked back at Ning Yue from time to time, as if he had an inexplicable sense of attraction and dependence.

But he was afraid of Fu Yechuan in front of him, and did not dare to be too blatant.

“Look what, still not leaving?”

The sign at the entrance clearly reads, “No entry under the age of eighteen.”

But Fu Yunche didn’t notice this at all.

As soon as Fu Yechuan spoke, Fu Yunche did not dare to wander in his mind, and left closely with Fu Yechuan.

Fu Yechuan sent him back to the villa, did not go in, and drove away.

Originally, Fu Yunche's anxious heart slowly relaxed.

But after rejoicing, I felt some guilt slowly pervading in my heart.

After all, it was his own self-made claim that made Fu Yechuan unable to find him in a hurry, and even burdened Aunt Ning Yue to be blamed.

Thinking of this, Fu Yunche's heart became even more uncomfortable.

He walked in with his head down, went upstairs, and silently thought about something.

Even the servants were overjoyed by his return.

All he knew was that he had caused trouble.

But unexpectedly, Fu Yechuan didn't scold him for anything, he just sent him back.

Does that mean that Daddy actually cares about him?

When Fu Yunche thought of this, his heart was inexplicably relieved.

.....

It was late at night.

The night at the "Well" bar has just begun.

Fu Yechuan went and returned, and it was not clear what the reason was.

It's just that there seems to be a thread pulling him here.

He found a corner to sit down and watched the hormonal dances on the stage.

Basically, it's not dancing, it's more like letting go of themselves.

In Fu Yechuan's opinion, it can be called a dance of demons.

Ning Yue showed off the slightly rusty bartending skills she had just learned at the bar.

The wine glass was thrown upward, rotated, and fell firmly in his hand, attracting a cheer of praise from the young people who were watching.

Ning Yue's eyebrows flew happily, vivid and good-looking.

Very proud.

Fu Yechuan watched from afar, and couldn't help but laugh.

The surrounding noise is continuous, and the noise is about to burst the eardrums.

A woman in a tank top hot pants came over with two bottles,

Very proud.

Fu Yechuan watched from afar, and couldn't help but laugh.

The surrounding noise is continuous, and the noise is about to burst the eardrums.

A woman in a tank top and hot pants came over with two bottles, the woman's figure was excellent, and her eyebrows were heavily worn.

Along the way, I don't know how many men's hot eyes have been attracted.

Fu Yechuan sat in the corner, backlit, trapped in the darkness.

But it can't hide the aura and edge around him.

The woman seemed to come prepared.

She gently put the two bottles of wine in front of Fu Yechuan, her eyebrows were a little frivolous and affectionate

,

"Sir, do you want wine?"

She tickled the broken hair in her ear, and said
a little embarrassed,

"The task given by the boss lady, if I can't complete it today, I will be fired, sir, can you help?" Two bottles for five thousand pieces.

Fu Yechuan's gaze was interrupted, and he looked at the woman and the two bottles of wine.

Wine is not good wine, about two thousand looks, on weekdays is not qualified to go to Fu Yechuan's wine table.

This woman is nothing more than looking for a wronged boss in the field.

By the way, sell yourself.

Fu Yechuan's expression was light, and his voice was low and cold

,

"Don't."

The woman was slightly stunned, she could see that this man's gestures were not ordinary people, and he would not be worse than this money.

If he can be fancy, I am afraid that he will have a fall in the second half of his life.

The woman didn't want to give up easily, smiled, and sat down next to him a little shyly.

When she approached, the inferior fragrance on her body came, and Fu Yechuan stood up with an ugly face, and his eyes were quenched with ice.

"I said no, don't you understand?"

Fu Yechuan's tone was gloomy and cold.

There is no room for patience.

The woman was stunned for a moment, and then she couldn't wipe her face, and her eyes turned red.

She sat there, a little flustered.

"I'm sorry, I... I punished myself with a drink!"

chapter 2443—Unreasonable Demands

As the woman spoke, she opened a bottle of wine, poured it into the cup, and then drank it to Fu Yechuan.

Fu Yechuan looked at her with an ugly and indifferent face, and the disgust on his face was even stronger.

The woman drank, but “accidentally” spilled all the wine on her body.

There was a large wet patch on my chest.

Her intentions, if Fu Yechuan couldn’t see it again, would be an idiot attribute.

The woman looked at him without speaking, and her eyebrows were wrapped with silk threads, which meant obviously.

“I’m sorry, I didn’t mean to, sir, even if I invited you...”

She poured another glass and handed it over.

But Fu Yechuan didn’t mean to take it.

He looked around irritably, wanting to leave the smoky seat, which had already stood up.

But the woman also stood up to serve him wine, and as soon as he leaned over, the wine spilled on Fu Yechuan’s body.

Fu Yechuan couldn’t dodge, and the anger on his face was almost at the limit.

“You still don’t want to be faceless, I said fuck you don’t understand? You also don’t look in the mirror to see what you are...”

He has never had much pity for this kind of woman.

What’s more, this woman’s mind is not right, and there is no need to leave her any face.

It is also normal for him to humiliate unbearably.

You can’t always be aggrieved and endure it, right?

The woman probably did not expect such a resistant reaction from this well-dressed man.

That look of disgust was simply written all over his body, and it was really hurtful to his self-esteem.

It’s just that his reaction is violent, and many people around him have seen it.

In front of everyone’s eyes, the woman stood up without doing anything, wrapped her hands around herself, trembling, and looked at him

with red eyes

“Sir, are you misunderstood, I’m just selling alcohol, I’m a serious person, not what you think, your unreasonable request, I won’t agree

Everyone looked at this scene of the overlord the bow.

Fu Yechuan laughed angrily, and his face was ugly.

At this time, Ning Yue didn't know when she came over, holding the mood of watching a good show, her eyes swept over the two people.

She raised her eyebrows

lazily,

"Girl, what unreasonable demands did he make, on my territory, I can't allow this kind of illegal thing to happen!"

The woman paused slightly, changed color and changed a few times, and did not know how to speak for a while.

It was Fu Yechuan, his face was ugly and dark, and his voice was extremely cold

"You let her sell wine to me? Two bottles of broken wine dare to charge me five thousand, I am not short of money, but I am not wronged.

Or do you have a single project like this and need to be promoted by this kind of woman? Ning

Yue's gaze gradually condensed, and she glanced at the woman heavily, looking up and down a few times.

The manager behind ran over and whispered a few words to Ning Yue, and Ning Yue's face became a little complicated.

It's just that she pulled the corners of her mouth and asked the manager to order an excited song, and many people's attention was attracted to it, and no one paid attention to things here.

Ning Yue stepped forward and looked at the woman and said

,

"Don't come to me if you want to make money, I warned you before."

"Lady, don't you believe me?"

The woman stood there aggrieved, a little embarrassed.

Fu Yechuan sneered: "Needless to say, you have to pay for my clothes, and if you don't pay, you have to pay, what to pretend?"

He snorted softly, turned and left.

The woman was shocked and looked at the man.

Ning Yue said meaningfully: "His clothes are over 300,000 years old, which is the most low-key I have ever seen him wear, you won't recognize it, right?"

If you don't recognize it, you won't choose him to sell your wine.

The woman bit her lower lip tightly, her face a little pale.

Ning Yue's reminder was like ice water poured on the top of his head, and it was completely cold.

She hadn't thought that such a rich person would even have to worry about clothes.

There is some chagrin and regret at the moment, but it is also a little late.

“Boss, I really didn’t mean it, it’s all to beg for food, do you know that person?”

Can you help me say good things, I don’t mean to, I’m willing to pay for dry cleaning, I really can’t help him...”

Ning Yue glanced her
up and down

“I said before, don’t come to me to do business, your wine is not ours, you sneak in, It has violated the rules of our store, and if a customer drinks something, I can’t explain it.

In this way, this time I will call the police for you and solve the problem of his clothes by the way. A hearing of the police.

The woman is in a hurry.

She is a person with a criminal record at the police station.

If you are caught again, no matter how you explain it, it is not good for yourself.

“Don’t don’t, lady, it’s a big deal that I won’t come again, I can swear, it’s just that you have good business here and there are many rich people here, so I want to eat here.”

Who knows that you can’t block the fire and water here, the one just now... I’m so sorry, don’t worry, in return, I will definitely not come again!

She assured seriously, expecting Ning Yue to agree to her request.

She also knew that it was a little unreasonable, but she couldn’t compensate for that.

chapter 2444—Your Purpose

Fu Yechuan glanced at her with deep eyes, and took it back with only one glance.

It was like a gust of wind blowing through, and it disappeared without touching people’s skin.

“He was willing to be close to you, didn’t you think about why?”

Ning Yue spread her hands and naturally boasted

,
“Of course, it’s because I am beautiful and kind, and everyone loves them!”

Fu Yechuan’s gaze looked at her
indescribably

, “Have you ever looked in the mirror?”

“Have you ever peed?”

Ning Yue retracted her smile and looked at him indignantly.

She finally understood that in the face of Fu Yechuan, maintaining her demeanor and quality was a very testing thing for herself.

You can crash yourself in less than a few minutes at a time.

The man stared at her silently and solemnly, extremely speechless, and said in a suppressed voice
, “Are you really a woman?”

“It’s genuine, but it’s not certain if you’re a man!”

Ning Yue immediately went back.

Fu Yechuan took a deep breath, and the green tendons on his forehead were slightly bulged with qi.

“Not leaving yet? Waiting for me to send you? Ning

Yue spoke impatiently.

After she said that, she turned around and planned to go back to the bar.

It’s really not speculative for more than half a sentence.

Besides, she felt that she could fight him uncontrollably.

There was a pause.

Not yet at the door of the bar.

Listen to the sound of heavy footsteps from behind.

Ning Yue subconsciously looked back at him.

Fu Yechuan’s eyes flashed, and he tugged on his soaked clothes with a sneer,
“Okay, I’m not here to find you, I’m here to find that woman and pay for my clothes
.”

Ning Yue changed slightly, and her gaze crossed a fine light.

Why did she turn around and forget about the matter of 300,000?

Careless!

If Fu Yechuan knew that he used this matter to solve his troubles, Bacheng would step on her dignity
and dance again!

Why are you so unlucky?

She turned around stiffly and slowly smiled

“That man... Already ran.

Fu Yechuan sneered coldly

,

“If you run away, go and arrest her, isn’t there monitoring, I don’t believe I can’t catch her!”

Ning Yue paused, and quickly spoke

, “The monitoring is broken.”

Fu Yechuan looked at her with deep eyes, and his eyes brewed with a dark depth like a thick night.

A gust of wind blew through, bringing a chill.

Fu Yechuan’s face was indifferent, “That person won’t really be arranged by you?” Are your bars really down to the point where they need to run it? Did

he get the point wrong?

Ning Yue wrinkled her eyebrows and immediately retorted

’,
“Of course, I didn’t arrange it, I didn’t need to sell alcohol at all, how could I ruin the reputation of hard work?”

“Then you protect her so much, aren’t you a thief with a weak heart?”

Fu Yechuan could tell at a glance that something was wrong with Ning Yue.

Whoever is gone, the monitoring is broken, is an excuse to fool people.

He’s not a fool.

Ning Yue couldn’t find any excuses for the first time.

“I didn’t protect her, let alone be a thief, I just... That, you’re all soaked, why don’t you go to my place to change your clothes?”

Fu Yechuan glanced at her, snorted coldly, and walked in.

Seeing that he gave face to enter, and did not continue to entangle the woman’s problem, Ning Yue was relieved for the time being.

It’s just that her brain stem almost burned just now, and she didn’t come up with a reason.

How can it be explained in a moment?

Ning Yue didn’t have time to think about it, so she could only follow in.

It is definitely not possible to go to the private room, there is surveillance inside.

How could Mr. Fu expose his handsome and charming body naked?

What’s more, he knew about surveillance.

Therefore, Ning Yue did not dare to take him to the box, so he could only take him to the top floor, on his own territory.

She struggled with the fact that there was only one bathroom, still in her room.

If you go in, you must go into your own bedroom.

Invite Fu Yechuan into the bedroom, how to think and embarrassed!

She really didn't want to have anything to do with him privately.

But let him go downstairs now, I'm afraid Fu Yechuan can lift the house.

Fu Yechuan glanced around and frowned slightly, as if he was not very satisfied with the surrounding environment.

Ning Yue coughed

"Of course, I can't compare with your palace-like villa here, Mr. Fu, just make do with it, the bathroom is in that room, but I don't have men's clothes here."

If you need it, I'll go downstairs and borrow you a waiter's clothes?

Fu Yechuan's face sank, and his eyes carried a bit of scorn

"You let me wear the clothes of a waiter?"

Listening to this, I felt very dissatisfied.

Ning Yue paused: "Then there is no other option!"

Fu Yechuan took a deep breath: "Go and buy, by the way, I only wear that private custom brand in France..."

Ning Yue's face changed a few times, wasn't this intentional to be scolded?

"You said it was customized, do you think I might be able to buy it for you?" Also French brand?

chapter 2445—Downstairs music churns the eardrums.

It was as if it was isolated, quiet, dull, and even the heartbeats of each other could be heard.

In this case, it would be hell to continue to deny it.

Fu Yechuan must be to get to the bottom of it.

Ning Yue thought about that woman, thought about the 300,000 IOU, and the sky in her heart was secretly inclined to a certain choice.

She jerked her head up to look at him, her eyes clear, and her smile tinged with a bit of flattery and hypocrisy.

Not the slightest bit of sincerity.

"Since you said so, then I can only think so, yes, in fact, this is my purpose, I actually... I've admired you for a long time!

When she said this, she felt a loss in her heart.

Her throat and eyes couldn't help but itch, and she covered her mouth and coughed down.

This could be the price of lying!

Her face flushed slightly from the cough.

Fu Yechuan's expression instantly showed a resolute look.

As he expected!

Although she disliked it in every way and was not sparing people verbally, it was because of this that she attracted his attention.

Now that it has been punctured by him, there is no need to hide it anymore.

Fu Yechuan has been confessed by many women, so he naturally substituted himself into a condescending position.

He looked at her with a look of "seeing through her mind", stared at her twice, and then snorted coldly, "I know that you are not well."

Ning Yue resisted the urge to scold back, standing there obediently and nodding.

Tell yourself to endure and endure!

Fu Yechuan glanced at her coldly, then turned around and went to the bedroom.

He glanced around, the messy and casual bedroom, the lazy atmosphere that girls liked, in his eyes, was superfluous.

He lifted his feet into the bathroom, and the alcohol on his body made him feel very uncomfortable, sticky and unbearable.

Ning Yue looked over with a slight shock.

She thought he could go away angrily, but he actually went in?

What an incredible man!

She found that Fu Yechuan's brain circuits were different from others!

Doesn't he hate people thinking about him the most?

Why didn't he warn himself not to be delusional?

Ning Yue's head trembled, and she immediately followed.

She pushed the door and went in, but Fu Yechuan didn't know to lock the door, he was taking off his shirt, and the marks of wetness on his shirt were obvious.

Fu Yechuan's muscles are strong and thin, broad shoulders and narrow waist, smooth lines, he stands there tall, his figure is so good that he can make people spray nosebleeds.

The original bathroom seemed a little narrow-minded.

It is expected that Ning Yue is used to seeing how many men in the bar drink too much and undress and dance, those figures are some immature and young, some are greasy and deliberate, she feels that she has developed immunity to men's bodies.

Indifferent.

But suddenly seeing Fu Yechuan standing there, her cold blood suddenly boiled.

This change made her feel frightened and terrified, and her face flushed.

Fu Yechuan immediately turned around, for fear that she would take advantage of herself by taking advantage of her two more glances, and her tone was also sad

“Ning Yue, are you so hungry? I’m not interested in you like this, you better don’t waste your mind on me, I will never like a woman like you!”

His tone was decisive, afraid that Ning Yue would pounce on an impulse.

I was not interested in the woman who took the initiative to send it to the door, but I was a little resistant.

So he spoke directly, interrupting Ning Yue’s careful thoughts.

Ning Yue paused, and the heat on her face instantly cooled down.

It was as if she had plunged headlong into the cool water and sobered herself up.

I couldn’t help but take a step back and stand in the doorway of the bathroom looking at him.

Looking at his body is just a momentary hormonal head, but if you really fancy him, how is it possible?

Just at him was Fu Yechuan, Ning Yue felt that the good figure was blind on him.

Soon, the hormones disappeared without a trace.

There was only a hint of flirtation left.

Between men and women, if they are really affectionate, they will be a little embarrassed.

But there is no affection, looking at that body will not have any reaction, what is the difference between this and watching a male model on stage?

It doesn’t cost money yet!

Thinking of this, Ning Yue couldn’t help but sigh twice

’
“President Fu, look at you like this, your figure is good, don’t let us see it?” Then don’t you have such a good body in white?

Fu Yechuan gritted

his teeth speechlessly,

“Heh, you really have no bottom line when you speak, why don’t you strip off and go to the street to be visited?”

“I don’t have this confidence, but you don’t have to make a fuss, I’m a striptease male model here, I’ve seen a lot, I won’t think about you!”

Ning Yue spoke resolutely, then turned around and walked out,

“But what are you wearing?” I also have a big T-shirt here, if you don’t mind wearing this, if you mind walking naked.

She didn’t give him a choice at all.

Love to wear or not, do not wear pull.

Let her run out with difficulty and specially buy clothes for him?

Sorry, she can’t do such a bargain!

A different man can be considered.

But Fu Yechuan, no!

When she pulled clothes out of the closet.

Listen to the sound of anti-locking in the bathroom.

Ning Yue “...”

This is really the same as preventing her from being a wolf!

Does she look so hungry?

Ning Yue couldn’t help but laugh, and then shook her head and walked to the balcony.

Open the window, the cool air outside blows in, dissipating the inexplicable dryness in the room.

Fu Yechuan was tense all the time, in fact, he was quite tired.

It’s just that he is worried that others will worry about his property and body, and the latter is somewhat hilarious.

The neon outside is shimmering and ordinary, like a light that will be lit up on countless ordinary and exciting nights.

Thinking about what happened before the divorce is like a tragic event in a previous life.

Looking back, she was nothing more than trapping herself in a cage, out of gratitude, out of family affection, willing to be used.

But now I feel that the recklessness at the beginning is really stupid.

What is more important than freedom?

If she did it all over again, she would definitely not agree to the old man’s request!

She was immersed in her thoughts.

Until there was a muffled sound of footsteps in the back, and the familiar smell of shower gel.

She turned around, and Fu Yechuan came out with a heavy face, with water stains on his body.

The lower body is wrapped around a wide bath towel, and the upper body is draped with a wide towel.

For fear of being taken advantage of by her looking at it twice.

Ning Yue frowned slightly, and couldn't help but speak

,
"President Fu, let you change your clothes, why are you still bathing?"

She was disgusted as soon as she came out.

It made Fu Yechuan's already ugly face even worse.

"I couldn't stand the stickiness on my body, and it didn't take long."

His tone was cold.

With a bit of impatience.

chapter 2446

I don't know if his sudden anger was because Ning Yue really didn't try to enter after locking the door?

Ning Yue pulled the corners of her mouth and pointed to the clothes
on the chair next to her

"That's unworn, it's a little big, neutral style, you should wear it appropriately, but if you dislike it, just
let me not say."

Fu Yechuan took a deep breath and was very unceremonious

,
"Can't you take my clothes to dry cleaning? Or iron after washing?"

Even if you can't wear it after tonight, at least it can solve the urgent need.

Ning Yue looked at him stunnedly, and then shook her head
seriously,

"No, I'm not your nanny, why do I do this for you?"

Fu Yechuan's eyes
widened,

"Don't you like me? Aren't you supposed to do anything willingly?"

He couldn't help but ask, did she like it so casually?

Don't want to do this, can't do that?

Is it just his money?

When Ning Yue heard this, she couldn't help but smile.

She seemed to see in this man the qualities of a devotional personality.

It was said inadvertently.

She pursed her lips and retorted to him seriously,

“I like you, and you don’t like me, wouldn’t it be a loss for me to be a nanny for you?”

Her words made Fu Yechuan unable to refute it.

It can only be said that this woman is so realistic.

Fu Yechuan took a deep breath with a livid face, and reluctantly took the T-shirt and re-entered the bathroom.

Ning Yue shook her head, what a good baby who will protect herself!

After a while, Fu Yechuan came out.

Ning Yue had already tested Fu Yechuan’s attitude.

The more enthusiastic she was, the more defensive Fu Yechuan was against her.

The more cold she is, Fu Yechuan may still suspect her of having bad intentions.

Fu Yechuan, who changed his clothes, had a bit of immature youth, maybe the T-shirt was too simple and generous to be young, and he wore it ten years and eight years younger.

It’s really different.

If it weren’t for the fact that he still had a calm face, he would have gone out and smiled like this, and I don’t know how many young sisters who were willing to throw money could be hooked!

So, she sighed

with regret “President Fu, in fact, wearing this dress is not the best choice!”

“What?”

“How about you stay tonight?” Wouldn’t it be okay to let Assistant Chen send you clothes tomorrow?
Ning

Yue looked at him happily, with false expectation in her eyes.

Fu Yechuan froze slightly, and stared at her

with a livid face “You dream, I won’t let you succeed!”

He glared fiercely, turned and walked out.

For fear that Ning Yue would catch up with the overlord and take the bow hard.

Ning Yue couldn’t help but laugh up to the sky, her body couldn’t help trembling, and she was almost unable to control herself.

She was not in the mood to go down and send him, and finally sent this plague away.

The 300,000 thing should turn over!

Ning Yue took a deep breath, and her happy mood suddenly improved.

The whole person fluttered lightly.

I already knew that dealing with him was so simple, and I shouldn't have fought him hard in the first place!

Fu Yechuan quickly left, almost as if fleeing, without ignoring the scalding heat on the tips of his ears.

It's all to blame that when I took a bath just now, the hot water was too hot.

But downstairs.

Looking at the bustle of people, he suddenly paused on his feet.

He turned and glanced up at the net, empty, she didn't chase down.

Suddenly, I felt a little uncomfortable.

Unspeakable awkwardness.

He is dressed very inappropriately, and he won't look at it in the crowd.

However, it is supported by appearance and figure, which can make people appreciate two eyes.

But in the eyes of the waiter, especially the manager of the bar, Xiao Shen.

He had always been accustomed to the rhythm of controlling the field, and now after watching this Fu Yechuan go to Ning Yue's room, it took about an hour to come down.

Most importantly, he also changed his clothes.

It's hard to imagine if something happened to them!

The manager's heart was secretly terrified.

His own boss is really powerful, even President Fu can win it!

Fu Yechuan stood for a while, not knowing what he was waiting for.

Just within a few minutes, he was gone.

Ning Yue watched his car leave from the balcony.

Soon.

There was a knock on the door outside.

Few people set foot on her turf, except for the manager.

She went over to open the door, and the manager smiled, "President Fu is gone, boss."

"I know."

"You won't be..."

Manager Xiao Shen is not nosy, although he is young, he came out to wander at a very young age.

Although he has experienced many bar scenes, those places are too smoky and always linger on the gray edge.

There is the possibility of death anytime, anywhere.

Once something happens, the first person to bear the brunt is him, the manager.

For a stable life, he came to “Weier”, but here is much better than expected, reliable, Ning Yue, the boss is also good, generous and reliable.

He came up purely as a kind reminder.

But looking at Ning Yue still in that clothes, she hadn’t changed at all, and there was no sign of messiness, and she suddenly froze.

Ning Yue smiled, her eyebrows vivid

“Xiao Shen, you won’t think that me and him will

chapter 2447–In the blink of an eye, at the end of the month.

The first snow is coming.

There were some scattered snowflakes on the road, and the artistic conception was very beautiful, but unfortunately it was quickly cleaned by the car sweeping the road.

Ning Yue ended before she had time to appreciate it.

As she expected, Fu Yechuan was indeed avoiding her.

He hasn’t been seen since that night.

Ning Yue was happy to live a quiet life.

Until Chen Mian arrived one afternoon, carrying a bag of desserts as a gift.

Ning Yue greeted him

happily,

“Assistant Chen, why are you so polite? It’s been a long time, I’ll treat you to a drink!

“Don’t, Miss Ning, I still have to drive, I just bought it by the way, otherwise it’s not appropriate to go to the door empty-handed.”

Chen Mian handed over the dessert.

It is a very famous dessert shop, he chose Internet celebrity products, and specially asked for sugar-free products.

Ning Yue was very touched by his intimate feelings.

“Assistant Chen, I don’t know how to say it, if your family Fu always has half of your carefulness, he won’t be a single dog now!”

Chen Mian paused, smiled meaningfully, and then was a little embarrassed.

He rubbed his hands: "That, in fact, I came this time, and President Fu asked me to come over." Ning Yue had just taken out the piece of Napoleon, and when he heard this, he put it back again.

Chen Mian smiled dumbly.

"There's nothing else, is President Fu leaving a shirt some time ago?"

Ning Yue wrinkled her eyebrows and thought, and then nodded

,
"Yes, I forgot if I don't mention it, there is such a thing."

Chen Mian's face changed, and he looked at her with a bit of admiration in his eyes.

Miss Ning's action is fast!

So quickly accomplished a career that no one else dared to imagine!

Looking at Chen Mian's face, Ning Yue immediately added an explanation
, "It was someone who spilled wine on him that day..."

"Miss Ning, I know it, and President Fu told me."

Chen Mian smiled as if nothing happened.

In Fu Yechuan's description, he saw that Ning Yue was a woman who would not let go of him.

But he disdained!

Ning Yue paused, "He wants that dress?" Wait, I'll get it.

She said and went upstairs.

I should have returned the dress to him earlier.

Who let her turn day and night upside down, and forget everything when she is busy.

The clothes were held in his hands, Chen Mian looked at it, the wine stain could not be washed off at all, the shirt was made of special silk material, the wine stain was long for a long time, and ordinary shirts could not be washed.

What's more, Fu Yechuan's privately customized expensive product.

Ning Yue stood there and pursed her lips

,
"This dress is wasted, but does President Fu remember a piece of clothing?" Isn't he a lot of people?

Chen Mian touched the pocket of the clothes, and smiled unchanged
on his face

"Indeed, President Fu is obsessed with this dress, maybe it is still Miss Ning's reason."

"Me?"

Ning Yue couldn't help but be surprised, the ghost believed.

"I didn't have anything wrong with him, and if he hadn't had to shower upstairs and change clothes, I would have liked him to leave."

Chen Mian put the things back in the bag, only this time he folded them very flat.

It's just a little wrinkled, because it hasn't moved for a long time, and it's a little messy.

Expensive sense of brokenness.

He smiled, lowered his head and sighed,

"Miss Ning, how about you go and find him in person?"

"What do you mean? I still have to send him the clothes myself? It's just a shirt, what's there?"

Although it was expensive, it had been so long that he still missed it.

Isn't it a little too petty?

Chen Mian was silent, and his expression was a little difficult

to say "It's not because of a piece of clothing, Mr. Fu said, he left a very important card in his shirt pocket, think about it, or... Your suspicion is the greatest!"

"I lean!"

Ning Yue jumped up directly, his face turned livid with anger, and the anger in his heart rose

"Fu Yechuan of this dog day wants to cheat me, he is really more pitted than the old lady on the street, why doesn't he lie down directly at my door and ask for money?"

Ah, how can there be something in this torn clothes, I poked my eyes blind and couldn't see ah!

I kind of understood, this dog man is not crowing, and he is angry when he sings! Seeing

Ning Yue's anger, Chen Mian was also a little helpless.

It's been a month before I remember about it.

Isn't this intentional embarrassment?

Whether it is true or not, it is another story!

Chen Mian was a little helpless about Fu Yechuan's whim.

Even if you want to create an opportunity to meet, with this method, a woman will resist, right?

Maybe it's counterproductive.

He has now seen the counterproductive consequences.

I felt faintly sorry for Miss Ning.

He quickly stood up to appease Ning Yue, and his voice relaxed

“Don’t be angry and don’t be impulsive, Miss Ning, in fact, it’s hard to say whether President Fu remembered it wrong, it’s just a card, it’s not a credit card or the like, it’s probably not important, otherwise I won’t wait until now to let me find it.”

“A broken card is enough to doubt my character! Fu Yechuan’s dirty water is pouring iron on my body, he really can!

Ning Yue squinted, His face was solemn, and his chest was up and down.

Simply by this dog man

chapter 2448–Fu Group.

Because it was Chen Mian who personally brought people in, the step of registering for an appointment was avoided.

It is precisely because of this that Ning Yue’s appearance has made many people pay attention to it secretly.

A woman who looks beautiful and has a good temperament, let Chen Mian personally pick it up, it is difficult not to become the focus.

Soon, word spread throughout the company.

Ning Yue didn’t notice this, but there was a fire in her heart, and she just wanted to tear that slut!

Chen Mian couldn’t catch up with him in the back.

Ning Yue looked at the sign at the door and walked towards the president’s office.

Originally, the office needed a special permission card to enter, and Chen Mian happened to have it in his hand.

Unfortunately, the office was not closed.

Chen Mian was just about to catch up, when a male employee behind suddenly spoke

,

“President Chen, there are still people in President Fu’s office...”

Chen Mian’s face changed, and now he couldn’t catch up.

Before he could pass, he watched Ning Yue push open the door and throw the shirt in the bag in his hand on the ground.

The good-sounding and gentle voice completely became mean and sharp, and he cursed straightforwardly

,

“Fu Yechuan of Dog Day, what the fuck did you say was missing here?”

Ah, I lost it for half a month before I came to find it, and you still said that you didn’t want to frame me?

I found that even the wild dogs on the side of the road are nobler than you, why don't you learn a little?

Chen Mian's footsteps were fierce.

Hesitant to go in.

The colleague next to him quietly came up and inquired

, "President Chen, who is this beauty, come up and scold President Fu?" It won't be..."

"Working hours, don't ask blindly!" Chen Mian was a little helpless.

He couldn't figure out what Fu always meant now.

But quickly.

Chen Mian found that there was no sound in the office.

He hesitated to go over and find out the situation.

In the office.

After Ning Yue finished scolding, he looked at the layout of the entire office at a glance, except for the reception area blocked by the screen, there were no people.

Fu Yechuan is not here?

She paused, then watched the "wall" being pushed away from the inside and move.

If the invisible door is not understood, outsiders may not be able to find that there is a sky outside the sky when they come in.

Ning Yue stood there angrily, and the arrogance just now rekindled.

"Fu Yechuan, if you don't explain your words today, I won't need you, I'll go to the police myself..."

But the next second.

The person who pushed the door out was not Fu Yechuan.

It's Fu Yunche.

The little Fu Yunche's flashing eyes poked his head out, with a sense of sleepiness, and the confusion and confusion of hearing those scoldings.

The small expression on his face was tangled and complicated for a while.

"Auntie, are you looking for Daddy? He went to a meeting..."

Ning Yue's arrogance just now was instantly extinguished, and the sympathy in her heart flooded again.

"Little young master, I didn't know you were here, did I scare you just now?"

Her voice immediately softened, and she coughed twice, as if to hide her anger and loss of control just now.

“Don’t be afraid, Auntie is just joking.”

A little smile appeared on Fu Yunche’s face.

He came out of it, his clothes a little messy and wrinkled, and he looked like he had just woken up.

“Auntie, did Daddy make you angry again?”

“No, your daddy is not the kind of person who is unlikable.” Ning Yue lied weakly.

Fu Yunche breathed a slight sigh of relief, smiled and looked up at her, his face slightly red

“Auntie, we haven’t seen each other for a long time, I still miss you a little, let’s go to dinner in a while, I’ll take you to eat delicious?”

Last time, he still felt a little guilty in his heart.

I was worried that Aunt Ning Yue blamed him for not showing up, not having a sense of responsibility, and not taking responsibility.

I’ve been apprehensive to this day.

Seeing Ning Yue smiling at him as usual, Fu Yunche’s heart was relieved.

Ning Yue hesitated and did not open her mouth to agree.

After all, she hadn’t forgotten what the purpose of her coming here today was.

She blinked and immediately changed the subject

,

“By the way, why are you here?” Didn’t go to school?

Fu Yunche’s face narrowed his smile with loss, and he tugged at the corner of his clothes,

“Today is the weekend, and my father asked me to come to the company when I wasn’t at school, and do my homework while studying.”

Ning Yue’s eyes widened in shock,

“Huh? How old are you, don’t you have to rest? Don’t you have to hang out with friends on weekends?”

“It’s okay, I slept here last night, and Daddy slept here, he slept later than me, got up earlier, and he worked harder.”

Fu Yunche was very considerate and made a comforting smile.

At first, in Ning Yue’s opinion, this smile was really a little sad.

Who is the age to give up their weekend break to study at the company?

What to learn?

I’m afraid it’s not just something in school, right?

Even if the Fu family is special and rich, and wants to cultivate Fu Yunche's future, is it really worth sacrificing his entertainment time?

Ning Yue felt a little awkward in her heart, but because she had no position to speak, she could only show a sympathetic smile to comfort him.

Forget it, no matter how you say it, Fu Yunche, as the only son of Fu Yechuan, must be a rich man in the future.

What you don't want to play is the machine? Yes?

Ning Yue smiled and touched Fu Yunche's small curls, and sighed silently in her heart.

Her tactful comfort

chapter 2449—Fu Yunche was suddenly pointed, and his face turned white with fright, and he seemed to be a little nervous.

"Daddy, I haven't had time to see it yet."

Fu Yechuan wrinkled his eyebrows, and his gaze suddenly sank

,"
"You won't sleep until now, will you? I've had two meetings, and you actually slept until now?"

Fu Yunche's face was shy and red, and he pursed his lips nervously,

"Daddy, I'm sorry, I slept too late last night."

"Are you blaming me for giving you too much homework? Keeps you up at night?"

Fu Yechuan coldly planned his words.

There was complete silence in the office.

Some are cold and dignified.

Ning Yue listened with trepidation.

She is distressed about Fu Yunche, growing up in such a depressive environment, Fu Yunche will not become a little pervert like Fu Yechuan, right?

It's unimaginable.

After waiting for a few years, Fu Yunche, who looked like Fu Yechuan, called her "aunt" with a cold face.

It's horrible.

She couldn't help but cough, interrupting this deathly silence.

"Fu Yechuan, children like his grade need enough sleep, you can't let children not sleep and learn from you just because you don't want to sleep?"

This is not a glorious good fault!

He slept late at night, and it's normal to get up late, haven't you ever slept in?

Her tone was a little rushed, completely out of the habit of seeing Fu Yechuan's "abuse" of children.

It's not nosy who wants to take over.

Fu Yunche looked at Aunt Ning Yue in shock and emotion.

My heart is really sad.

He liked Aunt Ning Yue very much.

But Daddy told him that liking would devalue a person's acumen and make him stupid and rude.

So even if he played the Rubik's Cube sent by Aunt Ning Yue for a few more minutes, Fu Yechuan would stop it.

Therefore, he did not dare to say that he liked Aunt Ning Yue.

It's just that the existence of the sense of dependence in the eyes is revealed, and it is not fake.

There was silence for a few seconds.

Fu Yechuan sneered

coldly,

"No, I never sleep in, only people who have no money and no progress and have no hope for life will put on the appearance of a dead pig who is not afraid of boiling water, and let the body dominate the spirit."

As soon as he finished speaking, even Ning Yue was stunned.

Is this still human?

He scolded even her.

Ning Yue didn't want to speak anymore.

The disappearing aura in her heart instantly rekindled, she gritted her teeth, and her face was ugly and she spoke

:

"Yes, you are powerful, you are awesome, then you can live a few more years than us?" Part of the tax revenue you create still feeds people like us, isn't your tiring work to work for us?

Mr. Fu, don't slack, we all rely on diligent people like you to live, get up earlier than chickens, sleep later than dogs, 996 can't satisfy you!

Fu Yechuan's face became gloomy and ugly little by little.

He knew that his struggle was in her eyes, and he could not get any nice words.

Hehe, this woman who has no eyes to see!

He took a deep breath and swallowed his immense anger.

Can't be angry!

Turn your head to look at them.

He narrowed his eyes stiffly and sneered

'
"So, Miss Ning, are you still not dead set on being Fu Yunche's stepmother?"

He playfully tapped his fingers on the tabletop, as if deliberately pulling the topic in this direction.

If she was really dead, how could she still protect Fu Yunche?

Isn't it just that he wants to brush a wave of good feelings for Fu Yunche in front of him?

Wouldn't it be rubbish if he couldn't see this little trick?

When Ning Yue heard this, she couldn't wait to jump up on the spot to clarify.

"Are you crazy, how can you say this in front of a child?"

She wanted to cover Fu Yunche's ears, but Fu Yunche's rare resistance actually took a step back.

His eyes looked at Ning Yue intently and seriously, with a bit of complicated emotions.

Ning Yue's face crossed a trace of panic and confusion, and finally turned into incompetent rage, glaring at Fu Yechuan

"Fart, who is rare for you, I was just talking about it last time, you still take it seriously?"

Also, why did you let Chen Mian go to me?

You lost something, you called the police, but I have a clear conscience, want to pour dirty water on my body and frame me?

Speaking of this, Ning Yue angrily picked up the clothes that had been thrown away by herself from the ground and threw them at Fu Yechuan fiercely.

Fu Yechuan hid, and his clothes fell on the ground next to him.

He didn't even look at it, just had a little chuckle between his eyebrows, and seemed to be in a good mood

"Oh, talking about playing? It's been so long, and you still have my clothes, why, do you want to take it as a souvenir?"

His clothes were not thrown away.

That seems to explain something.

This reason made his mood inexplicably better.

Ning Yue was really mad.

She pointed at him unceremoniously, almost gritting her teeth

“What the hell makes you so confident? It’s just a piece of torn clothes, I just forgot its existence, what is a memorial?”

Commemorate what? Remembering his dirty can’t bear to look straight at it? I didn’t even wash because I thought it was a waste of dry cleaning!

She felt like she was back in the game.

Fu Yechuan only raised his eyebrows
lightly,

“Who knows if you have any proclivities, you have coveted me for so long, and it makes sense to collect my peripherals.”

It’s like a thunderbolt on a sunny day.

For the first time, Ning Yue felt that the torn shirt had also become a hot potato.

It was better to let him take it away directly.

She was so angry that she trembled and couldn’t speak.

For his cheekiness, bow down!

She took several deep breaths to ease her emotions.

At last.

She stretched out her hand to interrupt him, looking at him expressionlessly, with a bit of indifference and ridicule
in her eyes

“Okay, if you have to think so, I can’t help it, now on this matter, you said you lost a card in your shirt, I ask you, what card, how much is it worth?”

She looked at him coldly, not wanting to say a word.

That’s the ultimate purpose of her coming here.

She kind of understood, and asking more about other things would be thought by this conceited man that she was interesting to him.

I really can’t wash it by jumping into the Yellow River.

Just don’t jump well!

Fu Yechuan looked at her silently and did not speak.

The atmosphere once again froze.

The card inside his shirt was just an excuse he made up casually.

He was afraid that things would become bigger, and deliberately did not say that it was a bank card.

Otherwise, it will not end well to the police.

It's just that he doesn't understand, this woman said she liked him before, why haven't I seen her come to him during this time?

Is this a desire to get away with it?

So he waited patiently for a few days at first.

As a result, for several days passed, and there was no news.

What a woman who has no perseverance!

chapter 2450—Women who give up halfway are the most hateful.

Fu Yechuan just wanted to see what tricks she had next, so he asked Chen Mian to get the dress back.

If she doesn't throw it, it means that she is not dead.

The result was exactly what he expected.

Hehe, duplicitous woman!

Fu Yechuan pursed his lips and thought for a long time.

Only indifferently opened

his

mouth "It's a membership card, I'm just asking, if it's not in the clothes, forget it, I don't know where I lost it, I'll let people get another one."

After he finished speaking, Ning Yue was stunned for a moment, and then even more angry.

"You framed me for a membership card? Washing hair or feet?

A worthless card you are so fanfare, if you lose it, can you die if you go directly to replace it?

Can I still enjoy it with your broken card?

Or is your card actually accessible to unseen places?

So you don't even dare to call the police?

She questioned in a very aggressive tone.

If she didn't rush, she felt really sorry for herself running over.

She's busy too, okay?

Fu Yechuan's face became gloomy little by little.

He stared at her with awe-inspiring eyes, his face was unkind, and he could see that he was trying his best to hide his anger.

But his forbearance, Ning Yue was not grateful.

Instead, it was exchanged for a sneer:

“Okay, few people like you are clean, I have nothing to say to you.”

You can see clearly, I sent you all the clothes, and you didn't have anything left with me, right? Ning

Yue raised her chin proudly, and after saying that, she turned around and wanted to leave.

Fu Yechuan's chest rose and fell, unable to say a complete sentence.

It was Fu Yunche's reaction after realizing it and chased him out.

“Auntie, aren't you going to eat with me?”

Ning Yue paused.

After going out, I found that many pairs of eyes around me were staring at this place.

It made her a little uncomfortable for a while.

Sound insulation in the office should be good, right?

She didn't say anything wrong, did she?

She thought so and took a deep breath.

“Sorry, little young master, you also saw it, I have a very good time with your father, I can't eat with you now...”

Fu Yunche lowered his eyes in disappointment.

He reluctantly loosened Ning Yue's clothes, with a bit of self-blame

“I know, it's all because of me, daddy is looking for an excuse to quarrel with you, in fact, I know, you don't like him at all.”

Ning Yue's gaze flashed, her eyebrows looked down at him softly, and she smiled,

“You think so?”

Her originally embarrassed mood suddenly brightened.

Look, even a small child can see it.

Fu Yunche nodded

obediently,

“Because someone told me that no one wants to be a stepmother for others, especially my father, he has a very bad temper, even I can't stand it, and others can't stand it.”

Auntie, although I like you very much, I don't want to see you like me, scolded every day. There was nothing false in what he said.

Ning Yue's heart was a soft mess.

I really think, how can Fu Yechuan He De have such a good son?

Ning Yue couldn't help but reach out and touch his little curls.

Sighed.

Chen Mian came out of the office next to him, just hung up the phone, looked at the time, walked over and said,

"Miss Ning, since you are here, why don't you eat and leave?"

Ning Yue's face froze

,

"There's no need for this, right?"

Chen Mian smiled and glanced at Fu Yunche

,

"Don't go anywhere else, the company's canteen has cooked a meal, Young Master Fu will have to do his homework for a while, and he doesn't have time to go out to eat, it's better to go upstairs and make do with it, right?"

Ning Yue hesitated, "But..."

"Don't worry, President Fu will have a video conference in five minutes, and he won't be together."

"Okay, I'll eat!"

Anyway, it's all here, don't eat for nothing.

Chen Mian nodded and looked at Fu Yunche

"Young Master Fu, are you going with Miss Ning?" If I'm done in a while, I'll go up and help?

Fu Yunche nodded happily and took out the access card from his pocket.

"I know, don't worry?"

"Okay."

Chen Mian smiled and touched his head.

Ning Yue happily went to the elevator hand in hand with Fu Yunche.

She didn't know until she went in.

It turned out that this Fu Group's last elevator needed to swipe a card to enter.

And not everyone has access to the floors.

The canteen they go to is also open only to employees.

If Fu Yunche didn't have that pass card, she wouldn't even be able to eat a meal?

Waited until the cafeteria.

Ning Yue secretly gasped.

Wow, luxury!

If she had such a restaurant, she would definitely not spend a penny to eat out.

It's a gourmet street.

They are distributed according to Lu cuisine, Cantonese cuisine, Fujian cuisine... There are also a variety of small snacks with local specialties.

The whole layout is distributed according to the shape of a disk, and the pattern is very uniform.

It is also divided into foreign tastes, Japanese food, Southeast Asian food, and various fast food...

In a semi-open layout on the east side, a semi-sheltered position like a small box is divided, and a shield is made with modern screens
