chapter 2484 — I'll Teach You How to Chase Me

Fu Yechuan was a little distressed.

Was his words heavy and scared her?

He lowered his head, the whole person was buried in her neck socket, just for more than ten seconds, she did not dare to move, and he also hoped that time would stand still like this.

But it can't.

He slowly and methodically disembarked from her, straightening his messy clothes.

He glanced at her, pursed his lips, his angular face was a little unkind, and his voice was low and slightly cold

"I don't want to threaten you with anything, I don't put the bar and that little white face in my eyes, you can open the best yourself, if not, I can help you."

There was a bit of coldness and hint in his words.

How could she not understand his warning?

"Scumbag!"

She sat up hard and pounded the bed hard, venting her dissatisfaction.

"What's the difference between you and a bandit?"

Fu Yechuan smiled, his gaze a little cold

"The difference is that the robber will do it directly, and I'm asking your opinion."

Ning Yue was so angry that she was incoherent

,

"You're crazy, you won't like me anymore, I really don't like you at all, not at all!"

Fu Yechuan's gaze cooled down, and usually when she scolded him, he would not stir his mouth.

The main thing is that I can't say anything about her.

But now, he sounded harsh.

So he simply interrupted her

in a deep tone,

"It's best without feelings, I don't need others to like it, but I can teach you how to chase me!"

His expression was indifferent and cold, without the slightest temperature.

He turned and walked out, leaving a message

,

"I'll give you time to figure it out, but I don't want to wait too long."

Seeing that he was about to go out, Ning Yue narrowed her eyes, and couldn't help but say something extremely inopportune

"The cotton swab that disinfected you just now has expired, go to the hospital yourself to check if there are bacterial infectious diseases!" Stinky man!

Fu Yechuan paused at his feet, and suddenly his angry face began to turn white again.

He gritted his teeth, endured not looking back to her to settle the score, and went straight downstairs.

Stay one more second, and he is afraid that he will not be able to control himself.

He didn't want to progress so quickly, but he was surprised to see her change her clothes, and the sneaky thoughts in his heart could no longer linger.

A cigarette could not calm him, but it ticked out his long-suppressed heat.

So he simply solved it tonight, whether it was soft or hard, and let her know that she couldn't escape the palm of his hand.

Fu Yechuan went downstairs, his clothes slightly messy.

I just didn't have the heart to tidy it up.

And Xiao Shen, who had been paying attention to the situation upstairs, walked over with Fu Yunche with sharp eyes, and said

politely,

"President Fu, have you finished talking about things?"

He swept his gaze, and his face suddenly changed slightly.

The band-aid on Fu Yechuan's neck was too obvious, and one band-aid obviously couldn't stick to all the wounds.

That scratch, like a woman's nails, ambiguous, messy, out of control...

Xiao Shen's mind was very messy.

He looked at Fu Yechuan and pursed his lips, feeling a little apprehensive in his heart.

Wouldn't it, Ning Yue really slept Fu Yechuan?

He has already made up many small plots in his head.

Fu Yunche next to him was not so reserved, but instead looked at the wound on his neck and asked

,

"Daddy, what's wrong with your neck?"

Fu Yechuan's face did not change, and he pursed his lips and spoke

,

"It's nothing, Aunt Ning Yue has no weight in her hand, and she accidentally scratched it."

Fu Yunche nodded

stunnedly,

“Her newly made nails are very beautiful, and the wings of the big butterfly are still shining!”

Fu Yechuan glanced at his son speechlessly.

What a broken taste!

It’s time to find a teacher for an aesthetic class!

“Let’s go, it’s not early.”

Fu Yunche nodded obediently, turned around and waved to Xiao Shen

,

“Goodbye uncle.”

“Goodbye.”

Xiao Shen maintained his expression and calmly sent them out.

It’s just that people go.

His face changed uncontrollably.

He threw down so many customers in the bar and ran straight up the stairs.

Standing in the doorway, knocked.

Long.

Only when there was a sound of “coming in” came from inside did he push the door in.

Ning Yue stood on the balcony, her back was delicate and delicate, and she didn’t look very happy.

Xiao Shen pursed his lips: “When President Fu left just now, he looked very happy?”

Ning Yue snorted

coldly,

“I used to really look up to him, and I thought he was just a man who was conceited and bravado, but he actually threatened me today!”

Fu Yechuan left.

She eased up herself.

There is actually nothing to be afraid of after that period of fear of the past.

Heavenly reason is clear, if he dares to do something, she will immediately call the police to arrest people!

She forgot that the two times she entered the game was Fu Yechuan’s person to fish.

Xiao Shen pursed his lips, “Threaten you what?”

“He asked me to give up my junior brother and be with him, I’m really crazy, how can he compare to my junior brother!”

Ning Yue couldn’t help but complain, angry.

It was mainly Fu Yechuan’s arrogant attitude that made her feel very angry!

Xiao Shen’s eyes widened in shock, and he eased up for a long time before slowly swallowing this shock

“President Fu actually likes you and takes advantage of you
