Divorce Has Never Felt This Good Chapter 307

Chapter 307 Fell In Love With The Wrong Man

Babette went to Crowbar Technologies to visit Rory. The last time she visited, she informed Rory about Raina's depressive state. He refused to come see Raina, but he gave Babette some money so she could find a knowledgeable psychologist for Raina.

Babette had more to tell Rory this time. She figured Rory would not refuse to see Raina when he heard Raina committed suicide for him.

She stopped in the bathroom before she went to see Rory. This was where Babette heard some gossip about Becky.

"Did you know Rory's ex-wife, Becky? She's pregnant now! The baby isn't Rory's! She's such a bitch! She got back together with him not long ago, but it seems she's dating two men at the same time."

"You've got to be kidding! If the tabloids hear about this, it will be so interesting!"

"Becky is pregnant for sure. Who knows if the baby is Devin's? She won't tell the truth about it!"

"Wait! That's so wrong! Devin spent the night at Becky's apartment not long ago. The baby must be his. I think Becky loves Rory and she divorced him only to save herself from embarrassment. If the baby was Rory's, Becky would tell everyone about it. The Casper family would demand a marriage between them!"

"You are so right! It's just so unbelievable how rich people are! Becky can't even tell whose baby she's carrying!"

The two women walked away from the bathroom. After they had gone, Babette walked out of the cubicle.

Babette decided not to see Rory after hearing the gossip from the two women.

What a delicious earful she had received about Becky being pregnant!

This might be just the chance her and Raina needed, she thought.

Babette left Crowbar Technologies in a hurry.

Babette couldn't wait to tell Raina what she heard so they could find a way to keep Becky from remarrying into the Casper family. She walked out of the Crowbar Technologies building on cloud nine, never noticing how the two women she had been listening to were staring at her.

Unknown to Babette, it had all been a trap set by Elmore.

In the villa of the Casper family

Carl hung up the phone and looked at Elmore, who was feeding fish not too far away. He walked over to the man. "Mr. Casper?"

"Yes?" Elmore said without looking away from the aquarium.

"Babette heard the gossip we laid out for her. It's possible she and Raina will do something very soon."

Elmore laughed out loud. "Great! We only have to wait for them to make their move now!"

He believed Becky would have to marry Rory again after the rumor was spread.

Carl was worried and looked at Elmore. "If Rory finds out what we did..."

"Then I guess you'd better not let him know," Elmore said, smirking and squinting at the fish.

"Yes sir."

Carl could only look at Elmore.

Elmore was still as evil as before.

Carl thought Becky was to blame. She had fallen in love with the wrong man.

She wanted to shake off the Casper family. The latter would not let that happen.
