Chapter 1001 Dessert is a nightmare

Chapter 1001 Dessert is a nightmare

Knock on the door, open the door.

Su Nan lowered his head and looked at him with a smile:

“Hi!”

Little Mike happily hugged her in cute pajamas:

“Beautiful sister, I said you will definitely come back to see me today, Daddy still doesn’t believe it, He asked me to go to bed earlier, but fortunately I didn’t listen!”

Su Nan smiled, touched his head, and held up the cake in his hand.

“Have some dessert, a little…”

Little Mike nodded excitedly.

Shang Qian came out wearing the same pajamas as Little Mike’s, wiping his wet hair, and his skin was red with steam.

The collarbone is clean and neat, the water droplets extend down, and it is gentle and sexy, which is really rare.

Much like the kiss he had in the morning.

Su Nan quickly stopped his thoughts and looked at him with a smile : “Would you like to eat his dessert?”

Shang Qian was stunned, and the joy on his face could not be concealed:

“Why are you back at this time?”

“Of course, the beautiful sister wants too much . Me!”

Little Mike said with wide eyes.

Su Nan smiled and pinched his face, “Yes, I miss you so much.”

Shang Qian looked at her with a dark look and smiled, as if those words were meant for him.

Little Mike excitedly opened the cake box, cut half for Su Nan, and kept half for himself.

Su Nan sat opposite, looking at the cake in front of her with anticipation. She had never been so excited to sign a contract worth tens of millions.

Shang Qian looked at these two people and twitched the corners of his mouth in a funny way.

Just a piece of cake, so serious?

However, it doesn't look right.

“What about mine?”

He looked at little Mike.

Why not have him?

Little Mike said: “Daddy, you forgot what you said, only lazy people without self-control can be greedy for the sugar brought by desserts to satisfy the taste. Don't you hate sweets the most?”

Shang Qian He stood there with a livid face, staring at him with suppressed anger.

No, I can't help it, it seems like I beat him!

Su Nan tilted his head to look at Shang Qian dully, how could this be the same as scolding him?

She was very dissatisfied.

Although what he said is very reasonable, it is too impersonal!

What's up with something sweet?

Shang Qian retracted his gaze, frowned, and pursed his lips:

“I didn't say it, I never said it!”

Between lying in front of his son and saving the woman he loves.

He chose the latter without hesitation!

Su Nan lowered her eyes, her eyes flashed slightly, and handed over a piece of her own:

“Then eat it, and I will believe you if you eat it!”

Shang Qian’s eyes were dark and deep, and when he looked at her firmly, he seemed to be carrying A little aggrieved.

But Su Nan didn’t eat this set.

Little Mike had already eaten happily, and was happily observing Shang Qian’s actions!

Brows are jumping proudly!

“It’s delicious...”

Shang Qian’s outstretched hand began to tremble.

What’s the difference between something so sweet and greasy?

Not high blood pressure, diabetes?

But a picture suddenly flashed in his mind, a noble woman hysterically stuffed a cake into a little boy’s mouth...

He closed his eyes and looked solemn.

Without hesitation, he forked a piece and shoved it into his mouth.

The rich orange flavor blooms in the taste buds, fragrant and fragrant, fresh and slightly sweet.

It’s not the kind of sweet and dead man you imagined!

It tasted pretty good.

Shang Qian smiled and looked at Su Nan: “It’s delicious!”

Su Nan smiled. Seeing how painful he was just now, he thought he was going to be sent to the execution ground!

But men are incapable of accepting desserts, and she doesn’t worry too much...

...

Chapter 1002 Psychological Shadow

## Chapter 1002 Psychological Shadow

She picked up a new fork and took a bite:

“This one is low-fat and low-sugar, specially limited supply, it is very suitable for supper.”

Shang Qian smiled, although not so bad, but he has a psychological shadow and will not take a second bite.

Su Nan didn't force it either, and soon finished eating with little Mike.

Little Mike consciously went back to sleep.

Shang Qian sent her out, and Su Nan said goodbye and left.

Suddenly, she forgot that she had left her phone, and turned to get it.

But as soon as he entered, he saw Shang Qian vomiting while clutching his chest...

Su Nan's face changed, and he immediately thought of the dessert just now.

But before she passed, Shang Qian found her, looked at the phone in her hand, and immediately understood.

He smiled, then picked up the tissue and wiped it, with abnormal red blood in his eyes:

“Scared you?”

Su Nan pursed his lips, his chest seemed to be hit by a fist, and he felt sore and uncomfortable. .

“I'm sorry, I didn't know you really couldn't eat dessert.”

She even let him eat it on purpose just now.

Blame her!

Shang Qian was stunned, smiled, and was about to walk over to explain, when he suddenly became obsessed with cleanliness.

“Wait a minute, I'll go wash my face.”

He took ten seconds to wash off, and came out without wiping his face.

Looking at the guilty Su Nan, Shang Qian's smile subsided.

“It has nothing to do with you.”

Su Nan lowered her head, her eyes were a little red.

She obviously didn't believe it, how could it be okay?

“I'm not allergic, and I can eat sweet ones, but...I'm a little shadowy about cakes.”

He said in a low tone, but said it in a relaxed tone.

Su Nan looked up in surprise.

Shang Qian's eyes were dark and his voice was warm and gentle, like water flowing silently in the dark night:

“My mother has a mental illness, and when I was young, she would stuff her cakes into my mouth every time, so I just remembered what happened in the past, and it just caused a normal psychological rejection.”

Su Nan was stunned for a while, then froze slightly.

Why didn't she think that was the reason?

Shang Yi said that Shang Qian killed his mother, is there a reason for this?

Su Nan didn't want to know this at all, but looking at Shang Qian, he couldn't help but want to know more.

Just how tired he is, will he always give others a clear and warm feeling.

But the closer you get to him, the more you discover that there is a mysterious power in him, gentle and silent, covering up some secrets.

Su Nan's complex expression fell into Shang Qian's eyes, and she felt a little guilty for letting her see the scene just now.

He also hated how he couldn't bear it for longer?

The man's fists clenched tightly, but in the end they were unable to loosen them.

He looked pale and smiled:

“Scared? Things in my house are not very good, so I haven't told you much, and I won't talk about it in the future...”

One was held in the palm of his hand by his family. The little princess, in her heart, her family is the creator of her complete world, right?

How can you understand someone like yourself who has climbed out of a broken wall?

Thinking about all the complexities of the business, he has a headache.

I am afraid that Su Nan will be farther away from him if he finds out.

But the next second, Su Nan suddenly rushed over, hugged his waist, and patted his shoulder.

His tone was lighter:

“Shang Qian, you should tell me in advance, so that I can avoid reminding you of sad things.”

Shang Qian trembled suddenly.

There was a touch of complexity and gloom in his eyes, as if the copper and iron walls he had reinforced for a long time were easily broken.

She knew that he had a bad relationship with his mother, so instead of questioning him, she comforted him instead?

...

Chapter 1003: Sleepover

The first thousand and three chapters of staying at Shang Qian suddenly felt.

For the first time, someone did not stand against him and accused him of being unreasonable.

This feeling, the head in my heart was tightened by a thin thread, and suddenly collapsed.

That kind of understanding is too easy, he didn't expect it.

The woman in his arms is soft and warm, walking into his world with light.

He relaxed all over, but his eyes turned sour.

The surging emotions were suppressed forcibly, and he hugged Su Nan.

Just a moment.

He loosens up.

“It’s alright, I didn’t have any reaction until you left, but when you left, this feeling became stronger, or...you don’t leave?”

Su Nan froze slightly, hearing what he meant, Are you going to let her stay?

Kiss in the morning and stay overnight?

Is there anything faster than their relationship?

If she hadn’t seen the scene just now with her own eyes, she would really think he made it up!

She pushed him away suddenly, expressionless:

“Mr. Shang, you should have a good rest, I guess it’s because of your bad stomach that you have this reaction.”

She glared at him, then turned and left.

The emotions that were clearly very sad just now, but he can become relaxed anytime, anywhere.

A hippie smile diverted her gaze.

When they got downstairs, Su Nan realized that maybe Shang Qian didn’t want her to be sad, so he deliberately let her go.

Because no one makes fun of their own mother.

Su Nan scolded secretly, and went to take a bath with a heavy heart.

...

am.

Su Group.

The video of the circle of friends was circulated vigorously, and many people in the circle began to reject the Zhao family.

Especially the various circles that Yunyun had always wanted to join before, but now there are no doors.

Some celebrities who I just met before, at this time, everyone's phones were turned off.

After Su Nan came out of the meeting, he saw Uncle Zhao waiting at the door with a cane, as if he was quite old.

Next to it, stood Yun Yun.

Without makeup, she looked quite haggard, the seductive color on her face was gone, and she stood there with red and swollen eyes.

Su Nan paused, walked over, and greeted Zhao Huaisheng.

“Uncle Zhao, why are you here? Don't let anyone inform you?”

Zhao Huaisheng looked at her with an old gaze and smiled kindly.

“Su Nan, I went to your father yesterday, he refused to see me, I guess he wanted me to come to you.”

Su Nan smiled, “I'll put down the documents, you go to my office and wait for me for a minute. “

She looked at Yu Lou, and Yu Lou immediately nodded to make arrangements.

“Mr. Zhao, please...”

Zhao Huaisheng nodded. He looked at Su Nan growing up, and naturally knew that Su Nan was not the kind of philistine and arrogant young lady.

Yu Lou opened the office in front, Zhao Huaisheng walked in, and Yun Yun, who was behind him, was about to follow up when he was stopped by Yu Lou.

“Sorry, Miss Yun, only Mr. Zhao can enter here.”

“My daughter!”

Yun Yun thought Yu Lou didn't know her!

Yu Lou smiled politely, but explained to Zhao Huaisheng:

“If we talk about private matters, President Su will arrange a reception room and a rest area for relatives.

Only business affairs are in the office.

However, as Miss Yun, she did not make an appointment, and she was also in the office. I can't talk about business, please understand!"

Zhao Huaisheng sighed, knowing that this daughter was in trouble, how could Su Nan not be angry at all?

He looked at Yun Yun and waved, "Go outside and wait!"

"Dad..."

Yun Yun bit her lower lip, very aggrieved.

...

Chapter 1004 delete the video

Chapter 1004 Please delete the video,

but there is nothing to struggle here. No matter how unwilling Yunyun is, she can only wait outside.

Watching the surrounding employees come and go, enter the work in an orderly manner, and the working environment is spacious and harmonious. In Su Nan's hands, such a large-scale company is very impressive.

When she was in Xinpu International, she managed to become a supervisor based on her beauty and beauty. She met Xu Anji and hooked him up, and it was estimated that she had gained a firm foothold in Xinpu.

How difficult it was for her...

but she was easily destroyed by Su Nan.

Then she lost her job and no company used her.

When she went to ask Xu Anji, Xu Anji helped her by introducing her to the president of Xinhai Group as his mistress!

Thinking about everything in the past, she doesn't want to go back.

...

Su Nan returned to the office, Yu Lou had already served Mr. Zhao black tea, and Mr. Zhao drank it with satisfaction.

"Uncle, because of a trivial matter, you came here in person. I'm really sorry!"

Su Nan smiled and walked over to sit down.

Zhao Huaisheng smiled and sighed, "It's not a trivial matter, if it wasn't for that video, I would

n't even know how big a hole this lost and found daughter could stab the sky!"

Su Nan smiled, "Actually, the video is It was taken early. If it wasn't for the fact that I met her yesterday, Miss Yun was spreading my rumors, and I didn't plan to send them out.

But you also know that I am in the Su Group now, and any scandal about me is related to the stock market. , so I had to warn her."

Zhao Huaisheng frowned, thinking about Su Nan's words.

No wonder...

When the words of pleading came to his lips, he didn't know how to speak.

Su Nan smiled, "My dad also said that this matter should be treated one by one.

In fact, I have said hello to the following. Since it is a private matter with Miss Yun, the two families will not be involved. The company, let the brothers and sisters of the Zhao family not to worry."

Hearing this, Mr. Zhao was startled, then sighed, and looked at Su Nan with envious eyes:

"Your father's children are all very good, what I envy most is This is not like our family, when something goes wrong, they start to scrambling."

Su Nan smiled, "The brothers and sisters of the Zhao family are also very capable, but Uncle Zhao, you just feel sorry for them." Mr.

Zhao shook his head lightly . laugh.

Silence for a few seconds.

Mr. Zhao remembered Yun Yun who was rejected from the door. Although it was very difficult to speak, he had to bite the bullet.

"Su Nan, Yunyun is the child I lost 20 years ago. I owe her too much. She has a bad mind outside because I didn't teach her.

I... She apologizes to you and your father, Su Nan, please delete the video, I promise there will be no next time."

Mr. Zhao has reached the age of rejuvenation, and when he said this, he almost put his old face away. trampled on the ground.

But Su Nan can't really step on the elder's face.

Especially, he is still Su Yifeng's old friend.

She knew she couldn't avoid the topic.

After pondering for a moment, he said in a clear voice:

"I know it's not easy for you, but our company has suffered a lot from this incident. Miss Yun bought the executives and signed Sun Haoyang

. If you break the contract, you are bound to stand on the cusp of the storm.

I hope you understand."

Even though his guilt is worthy of sympathy, but thinking about this woman Yunyun, this sympathy is swept away...

...

Chapter 1005 can be refused

Chapter 1005 can refuse

Mr. Zhao to stare at her for a moment.

Finally, he said, "Then how do you think this matter will be resolved?"

Su Nan slightly raised the corners of his lips, as if thinking.

"Well, let Miss Yun pay for the money spent on Sun Haoyang.

Then let Miss Yun record an apology video, starting from how we met, why she was fired by Xinpu International, and then to her design Su's group, say it one by one, and I will remove the other video."

Zhao Huaisheng's expression changed obviously, he didn't expect Su Nan to make such a request.

Seems a little too much.

He sat there without speaking.

Su Nan smiled and said, "If this matter is silently gone, then our Su Group's face will have no place to rest.

Let her say it herself, I won't add fuel to it, and an apology video is more harmful than anything. The evidence is good, right? The

video is posted and it hangs in the Moments for a day, as a response to the dissatisfaction of our Su Group, otherwise I really can't explain it to the people below.

As for Sun Haoyang's expenses, let him wash it Bai doesn't have much money. If she doesn't want to take it, I'd be willing to give it for her.

Everyone needs to save face. You can come here in person, so I can take this step back. Otherwise, even if Miss Yun crosses the threshold, she will not be able to touch my office. Of

course, you can refuse."

After Su Nan finished speaking, he added the last sentence, smiling politely and politely.

She gave multiple choice questions.

Love to choose or not.

Anyway, she didn't mind that the video was casually circulated.

Now that the Internet is so developed, there is no guarantee that any gossip friend in the circle of friends will hang up this video.

The longer it takes, the worse it is for them.

Zhao Huaisheng knew that this was the bottom line. Su Nan's condition was not excessive, and it was beneficial to repairing the relationship between the two.

It's just this way, Yunyun loses all face in the circle...

He stood up hesitantly, "Why don't she write an apology letter?"

Yunyun doesn't show up, at least she will keep her face.

Su Nan smiled lightly, "It's not known who wrote the apology letter on his behalf. If Miss Yun haggles, it won't look good. I don't have to ask her to apologize." All

she wanted was to ask Yunyun recognized herself.

Zhao Huaisheng was stabbed by this sentence, and his face was a little embarrassed.

“Su Nan, I know what you mean, I will tell her, and I hope you keep your word.”

Su Nan raised an eyebrow, “Of course, as long as her apology video hangs for a day, I will take down my video. “

Since the discussion is over, there is no need to continue.

Su Nan asked Yu Lou to send the person to the door, and then took the mobile phone to check the latest headlines on the Internet.

Faster than she imagined.

The video has been forwarded to the front pages of major media.

Everyone knows that what Yun Yun did, it won't take long for someone to reveal her background and everything...

She doesn't agree with such an uncivilized way, but it has to be said that it is really useful.

...

As soon as Zhao Huaisheng walked out of the Su Shi Group, he was careless when going down the stairs and almost fell.

Yunyun stepped forward to support him, not caring about his body, and asked him anxiously,

“Dad, how is it? Is Su Nan willing to delete the video?”

Zhao Huaisheng looked at her like, “Let's go back and talk about it.” On the way home, Yunyun didn't dare to ask any more questions even if she was about to die.

At this time, her former good friends in the workplace had long since disappeared without a trace.

Xu Anji, who can help the most, has already blocked her...

Zhao family.

The Zhao family's son and daughter are all there.

What they are most afraid of is that they will be involved in the company, and being blacklisted by the Su Group means that they will never end.

Zhao Huaisheng sat there, looking at Yunyun with dark eyes.

"Yunyun..."

Yunyun felt uneasy, her whole body tense:

"Dad, why don't I go over and apologize to Su Nan in person?"

Zhao Huaisheng: "Su Nan said, you have to bear the burden of the Su Group's presence here. All the public relations expenses spent on Sun Haoyang."

Yun Yun breathed a sigh of relief, "No problem."

"And..." He paused and said, "I will let you record a video, and you will leave the country from You know what you've done since you know each other, make it clear, apologize, and then she agrees to take down the video."

Yun Yun's heart tightened, and her face suddenly changed.

"Impossible, she's going too far, why does this matter involve others?"

Several people around were silent.

The eldest son and eldest daughter of the Zhao family looked at each other.

The eldest daughter pursed her lips, "Is it too much? I think Su Nan gave in a lot for the sake of the two families, right?"

The eldest son nodded.

Su Nan's drastic methods are well-known in shopping malls.

If she really went too far, the Zhao family's company would have disappeared long ago.

Yunyun was extremely nervous, "This is obviously a public revenge for private revenge, turning over old accounts, Dad, we can't agree!"

Zhao Huaisheng looked at her silently.

Yun Yun bit her lip and looked up at the big brother she just recognized:

"Big brother, are we just compromising? This is obviously Su Nan embarrassing us and not taking Dad and the Zhao family seriously!"

If the Zhao family could stand behind her and support her, Su Nan might not be so stubborn. of!

The son of the Zhao family smiled when he heard it.

"Yunyun, you probably didn't understand when you just got home. Su Nan really doesn't need to take us seriously, because of you, our company was almost implicated. I advise you to do as she said and resolve the matter as soon as possible. Good."

There was a momentary stagnation in the air.

Yunyun looked at him dully, then looked at the big sister who was standing indifferently.

She didn't like this sister who she recognized at first, but now it's even worse.

Yunyun looked at Zhao Huaisheng, and Zhao Huaisheng's silence also agreed with her son's words.

He just didn't expect that this little daughter, who was lost and found, had so much black material outside?

Yunyun was extremely aggrieved, she looked at the indifferent relatives.

It's nothing like an imaginary family.

"Why don't you all stand by my side?"

Dad, you lost me. You said you would protect me, why didn't you do it?"

Zhao Huaisheng looked up at her with an ugly face.

He is guilty, but he loves the two children he has raised since childhood even more.

Because of one Yunyun, is it going to implicate the other two?

What's more, what this Yunyun did was really disappointing!

He stood up, his face dark.

“Since you are so dissatisfied, just pretend that you didn’t recognize it. You still live the free life you used to, and no one will ever take care of you.”

After Zhao Huaisheng finished speaking, he went upstairs with a cane.

Yunyun stood there in shock, her face full of disbelief.

The few words she casually complained were trying to arouse Zhao Huaisheng’s guilt and make him stand firmly on her side.

Who would have thought...

“Dad...”

There was a trembling in her voice.

Would they rather not have her?

...

. The other two looked at each other, then turned around and left.

Before leaving, he instructed the housekeeper:

“If Miss Yun has not made any movement in ten minutes, please invite her out. Our company will issue a notice to inform friends in the circle that the recognition of relatives some time ago was purely a misunderstanding.

” Yan, for this sudden sister, they even investigated a lot of black material privately.

It’s a scourge to stay, it’s better to let her go!

As soon as Yunyun heard this, her face turned pale with fright, was she really abandoned?

...

Su Group.

Before Su Nan finished his cup of coffee, Yu Lou came over with an iPad.

“Mr. Su, Yunyun’s apology video has been posted, and it was quickly reposted on the Internet, with over 100 million views. By

the way, the topic of Sun Haoyang has been raised, and our new products are also being launched. Ready to go online, I believe that we will be able to turn defeat into victory!”

Three birds with one stone.

Su Nan’s method is absolutely amazing!

She sat there and smiled, her brows and eyes curved, very pure and bright.

“Ask Du Yan if he wants to cooperate with Sun Haoyang’s new drama to promote it. After all, he is our spokesperson, so he can’t be stingy.”

Yu Lou nodded, “Yes.”

He took the Ipad and opened the video.

Standing in front of the camera with pure makeup, Yunyun’s eyes were red and her voice was hoarse, and began to apologize: “

Miss Su and I met at a restaurant a month ago...”

of the disgusting things she did.

I probably also understand that if she hides a single star, Su Nan will not let her go.

After all, the initiative is in Su Nan’s hands.

After watching the video, Su Nan was quite satisfied.

Vigorous topics on the Internet boiled over.

“Is this Yunyun sick? Wasn’t the psychiatric hospital out of nowhere?”

“The workplace is dangerous, even the big group has such a plan, and now it tastes backlash? Your father is still your father!”

“To Sun Hao Yang’s inexplicable goodwill is really righteous!”

“Sun Haoyang, you really did it, kicked her away with one kick!”

“I used to be a senior executive of Xin Pu, and I was fired for offending Su Nan, but I still don’t have a long memory?”

We goddess sister more than a good temper, ah, let me early exposure you ..... “

.....

Sunan glanced at the comments, with expected no major discrepancies.

Although Yunyun was scolded, the popularity only went down in a day or two.

What she really wanted to hold up was Sun Haoyang.

Where can there be a better opportunity than this for everyone to recognize a different Sun Haoyang?

The bad deed label on his body should also be changed.

a day later.

Su Nan took down the video in the circle of friends as promised.

You can't find this video in Su Nan's circle of friends, so you should know her attitude.

The news on the Internet has been suppressed intentionally or unintentionally, but Sun Haoyang's name has always been in the forefront.

The Reuters pictures of his filming have been repeatedly exposed, so anxious that his funny appearance of running around the street in a costume suddenly formed a contrast with his usual serious and cold attitude.

At this moment, it became the beginning of his black and white.

Next, he will be completely silent about domestic violence, not saying a word.

After the drama is broadcast, he will be exposed to his past domestic violence intentionally or unintentionally...

It's very smooth.

Unknowingly, more than half a month passed, and it was the beginning of the next month.

Su Jin and Wen Xiang's engagement day is coming.

This is the big happy event that the Su family attaches great importance to. It is located in a villa that Su Yifeng gave to Wen Xiang.

The venue is open and the environment is elegant. Even the surrounding lights are decorated with stars. The effect of 3D and artificial intelligence is like being in a fantasy world...

. Su Nan will also come to help when he is not busy. Every time he sees Wen Xiang and Su Jin setting up the venue, carefully studying the lighting and effects.

Professional people around do not play a role.

Engagement day.

Although it was just an engagement, there were not a lot of guests invited, and almost all the dignitaries in Xicheng came.

However, both Su Jin and Wen Xiang tried their best to keep a low profile, they didn't make any noise in the outside world, and they only knew the people in the circle who wrote on the invitations.

Qin Yu and Shen Liang came over together, and left by themselves after delivering the gift, probably feeling that she couldn't stand it any longer.

Su Nan didn't force it either.

Wen Xiang was wearing a white gauze skirt, which looked a bit like a wedding dress, but she could see the difference. She stood there, standing alone, her skin under the light could be broken, and her beauty was gentle and generous, like a flood of water, which could not be moved. Eye-opening attraction.

Whether it is the scene arrangement or the beauty of the newcomer, it is an amazing existence.

Su Yifeng accepts novel things very quickly, and is especially satisfied with everyone's unique praise for the scene.

The AI's little butler acts as a waiter, and the four wheels below stably shuttle across the field.

When Su Nan was waiting there, many people came to ask, how to sell these little butlers of artificial intelligence?

Su Nan: "..."

Five minutes later.

A car pulls to the door.

Su Nan recognized the car and walked over with a smile.

The robotic butler with artificial intelligence has taken the lead in opening the car door:

"Welcome to the most distinguished guest..."

Little Mike was attracted by the robot before he jumped out of the car.

Then Shang Qian took his clothes in the afternoon and looked at him speechlessly:

"Promising!"

Little Mike returned to his senses and snorted coldly, is he his father?

Su Nan: "Mr. Shang is really busy, why are you here so late?"

Shang Qian smiled warmly, his eyes bright and clear in the dim light.

"I'm so sorry, something was delayed."

Little Mike went over and took Su Nan's hand, "Beautiful sister, you are so beautiful, you are so beautiful!"

Su Nan was wearing a light gray custom-made long skirt with a hem Broken diamonds, dazzling, luxurious.

She is charming and noble, bright and eye-catching, with a kind of aloof elegance.

She was helpless, several dresses were very publicized, but she couldn't steal the bride's limelight, so she could only choose a low-key color.

But this low-key color is not low-key at all in the dark.

The light of the diamond is sharp and cold, piercing the dark gem, and it is priceless.

Little Mike's heartfelt praise, as soon as the beautiful sister appeared, he couldn't see any advanced intelligent robot!

Su Nan looked at the little Mike in a small suit, and he really had the style of a noble man:

“Thank you, but you can praise the bride more later, she is even more beautiful!”

Little Mike nodded solemnly.

as if to complete a task.

Shang Qian had already told him that he must be sweet when he arrives here, and it is serious business to praise the bride first!

Without further ado, Su Nan was about to bring them in when he suddenly heard a beating sound behind him.

“Miss Su, being pretty is too much!”

It was Lu Qi’s voice.

Su Nan paused and stroked little Mike’s hair:

“Go ahead, there are fun and delicious food in there!”

Little Mike’s eyes lit up when he heard it.

If only the bride got married every day, it would be heaven!

...

Chapter 1009 poking the heart

Chapter 1009

Although Little Mike is reluctant to bear the beautiful sister, he will see you again in a while. After thinking about it for half a second, he let go of Su Nan’s hand and rushed in!

Shang Qian twitched the corners of his mouth, oh, childish!

Su Nan asked Little Mike to leave because he knew that where Lu Qi was, that person would probably be there too.

really.

She turned around and saw Fu Yechuan standing indifferently beside Lu Qi.

Haven’t seen him for a while, he’s still the same.

It just feels that the momentum around him is even more awe-inspiring and sullen.

Shang Qian stood aside and shook her hand quietly.

The warmth flowed into her heart from her fingertips, and the coldness she saw at first seemed to disappear all of a sudden, she recovered, looked at Shang Qian and smiled.

Then he looked at Lu Qi familiarly:

“Young Master Lu, I thought you were really going to change careers as an actor. You are really prosperous!”

In order to get back his ex-wife Leng Lin, Lu Qi almost stayed in Leng Lin. He became a guest in a variety show, an unknown wage earner.

For a while, he chatted and laughed in the circle...

Lu Qi was sullen and his face froze.

“Miss Su’s habit of poking her heart hasn’t changed?”

He smiled but didn’t.

Su Nan raised his eyebrows, “I’m enjoying it, I don’t want to change it.”

Lu Qi was even more angry!

If he hadn’t been worried about Fu Yechuan coming alone, he wouldn’t have come here to humiliate himself!

But he couldn’t do anything, after all, Su Nan had a video of him running naked!

What a life-time stain!

Fu Yechuan’s black eyes had a hint of coldness, he looked at Shang Qian, and then at Su Nan, his eyes stopped for a few seconds on their hands, and then he casually moved away.

In my heart, it was as if I was being tightened by a thin thread, and I felt some suffocation pain.

He curled his lips, looked up at Shang Qian, his voice was clear and cold, without a trace of warmth:

“Mr. Shang, Juli Group’s project is coming to an end. I’m going to trouble you for things like applying for records and registering exhibitions abroad!”

The project is about to be completed, and the next thing is more difficult.

Shang Qian met his gaze calmly, "It should be."

He was familiar with it.

Fu Yechuan swept over Su Nan's body, his eyes sank for a moment, and then became gentle again.

"It's beautiful..."

"Thank you, welcome Mr. Fu to my brother and sister-in-law's engagement dinner, please come in..."

She was polite and distant.

Fu Yechuan gave her a deep look and walked in with his legs raised.

Lu Qi followed in surprise.

"Old Fu, I thought you were going to do it just now, I thought you couldn't help it..."

Fu Yechuan glanced at him coldly, with a warning, wanting to get rid of him quickly.

Is he so crazy?

Since the last time he beat Shang Qian, Su Nan called and scolded him.

With the explanations of Chen Mian and Wu Tutu, he was enlightened.

Rude people will be tough.

He is civilized!

He wants to repay the people with the way of the people!

When other guests came to the door, Su Nan quickly let go of his hand, and after a few words of greetings in the past, he turned around and went back.

Seeing that Shang Qian was still standing there waiting for her, it was a bit cold in that position.

But he didn't seem to feel anything, and stood looking at her like a sculpture.

Gentle and deep.

Su Nan felt guilty about his actions just now, wondering if it would hurt him invisibly.

She walked over slowly, "Why don't you go in?"

Shang Qian smiled and looked at her jokingly:

"I'm afraid that you will become someone else's female companion in order to avoid suspicion, of course you have to watch it carefully!"

Chapter 1010 Getting Married in Order

Su Nan saw that he was not angry, and he was relieved, "I promised you, of course I won't change my mind temporarily."

She secretly looked around, there was no one, and then stretched out her hand to hold it. Shang Qian's hand:

"Besides, who is more suitable than you here?"

Su Nan's face turned red as soon as the words came out.

Fortunately, the lights were dim so no one could see clearly.

Shang Qian hooked the corners of his lips, and his eyebrows became more gentle.

He could feel Su Nan's changes in him, little by little, from unfamiliar to familiar, from familiar to kind.

She seemed to be getting closer and closer to his world.

This feeling is very subtle, I don't know if it is good or bad?

Su Yifeng watched Su Nan and Shang Qian come in arm in arm, and the expression on his face was also very exciting.

In the eyes of others, they are just business partners in the mall.

But in fact, Su Yifeng was very clear about their affairs.

He didn't stop, and he didn't agree.

I want this relationship to turn yellow automatically.

But recently, why haven't there been signs of yellowing?

The old friend on the side came over to say hello, followed his line of sight, and smiled meaningfully:

“It’s not a good girl to stay, you can see that Su Nan and President Shang are really talented and good-looking, they are a good match, you Su family next The wedding is to drink Su Nan’s wedding wine, right?”

Su Yifeng’s heart sank to the bottom.

“I have three sons, and it’s Xiao Wu’s turn at the end, don’t be in a hurry!”

Old friend: “Old antique!”

Who is still getting married in order?

If Shang Qian’s family background was simpler and he didn’t bring his son, even if the family was ordinary, he would gladly agree.

After all, it is rare to single him out.

It’s a pity...

Su Yifeng sighed and was about to turn around and leave. He didn’t want to take a second look when he heard a cold voice calling him:

“Su Dong...”

Su Yifeng turned back, it turned out to be Fu Yechuan.

He frowned slightly, “Mr. Fu, you are welcome to have a wedding drink, and have fun. You’re welcome.”

This kind of scene naturally requires Fu Yechuan, and it’s not unusual.

After all, Mr. Fu has lost his power now, and this kind of business banquet will no longer be handed to him alone.

Fu Yechuan’s dark eyes were dark, his emotions were suppressed, he took a step forward:

“Su Dong, I have something to tell you.”

Su Yifeng pondered for a few seconds and looked at him.

Besides business entertainment, Fu Yechuan knew exactly what he had in mind when he came here.

It's just that Su Nan is in a sweet relationship with Shang Qian, so he doesn't have time to pay attention to him.

Su Yifeng felt that Fu Yechuan had an idea about him.

However, he was also curious about what Fu Yechuan could say?

"Okay, let's go inside."

Su Yifeng suggested.

Fu Yechuan nodded.

When Lu Qi caught up, Fu Yechuan had disappeared.

in the lounge.

Su Yifeng looked at the person in front of him in shock, Shang Yi?

I don't know when he came in, and how did he come in?

His name was not on the guest list.

Shang Yi nodded politely, "Congratulations to Director Su, the Su family's such a big event, I really wanted to join in the fun, so I asked a friend to bring me in."

He explained lightly that he came here by himself. reason.

No matter how unhappy Su Yifeng is, he will not tear his face at this time.

He smiled, "Welcome to President Shang, it's just a mere engagement, it's not a big joy, and there are not many people invited, please forgive me."

A few people sat down, Su Yifeng looked at Shang Yi and Fu Yechuan, and speculated about their purpose. ....
