Chapter 101 scold her for three days

Chapter 101 After scolding her for three days

, even when Chen Mian knew about it, he felt incredible. It was unbelievable that Mr. Fu dealt with his ex-daughter-in-law so cruelly and despicably.

He started to feel sorry for that woman.

Fu Yechuan didn't make a sound for a long time, and the silence in the office was unbearable.

"Bang!" With a sound, Fu Yechuan kicked away his chair, picked up his jacket and walked out, his face cold and gloomy. The car drove fast to the Fu family's old house, and when he saw the servant, he asked in a deep voice, "Where is the

old man?" Go out, "Mr. Fu, the old man said that he won't let you find him until the matter is settled." Fu Yechuan paused and stared at the servant, "What did you say?" The servant shrank back in fright. Shrinking his neck, his face was pale, and he dared not say it again. Fu Yechuan gritted his teeth and raised his legs and left. In the car, he called the old man on the phone, and it took a long time to pick up the phone. "I knew you would come to me, because that woman has not touched her for such a long time, and you are already merciful enough." "I said, I will resolve this matter." The man's black eyes were cold, the air pressure is terribly low. Mr. Fu chuckled, his tone was old, "Solution? She hates our Fu family so much that you expect her to take the initiative to return my pipe? Impossible!" "Then there's no need to pour dirty water on her, right? What is she going to do in the future?" "Who cares about this? I gave her a chance. She thought she could fly up the branches and become a phoenix if she climbed up to the Su family, so she dared not take me seriously? Hehe, then Just let her taste the power of the Fu family."

Mr. Fu's tone was grim, "You'd better not meddle in your own business. The farther away this woman is, the better. Fortunately, such a woman has divorced her. Otherwise, sooner or later, our Fu family will be embarrassed!

", he decisively hung up the phone.

This woman still wants to marry into a wealthy family?

Oh, absolutely impossible.

He didn't believe it, which rich family could not care about Su Nan's black history?

Even after a long time has passed, Su Nan will never be able to clean up the truth. The truth is mixed with the false, and the facts are the most confusing, right?

After thinking about it, watching the online public opinion ferment more and more fiercely, I took a satisfied nap, and when I woke up, it was already afternoon.

The housekeeper prepared afternoon tea for Mr. Fu. The old man walked down leisurely and asked him, "Is there any news about that woman?" The

time was almost up, she should know the lesson she had taught her, and she should take the initiative to apologize.

Not only did he want the jade pipe, but he also asked her to kneel down and apologize, so that her memory could be improved.

The housekeeper paused, "No news."

Mr. Fu paused and narrowed his eyes, "What? No news?"

"Yes, the people we sent were among the reporters and kept squatting downstairs in her house. , but she didn't go out for a day, and she didn't clarify anything on the Internet. I asked the media platform and she didn't take the initiative to contact anything, as if she didn't care at all..."

Mr. Fu sneered, "Don't care? Don't care if she won't dare to go out? I think she's scared, just wait." When

she reacted, it was time to admit her mistake and apologize.

Mr. Fu smiled proudly until the next day.

"Has anyone been contacted?"

The housekeeper still shook his head, "No, she didn't go out just like yesterday."

Mr. Fu frowned slightly, "What about the Su Group? What's going on with them?"

"The stock price of the Su Group fell a little, and the others didn't respond, but Su's stock price has returned to a stable trend under the response of President Su Jin Su."

"Hmph, Su Jin is a capable person, but unfortunately, after seeing such a woman, Su Yifeng will let her in? Now Su Jin is busy with the company's work. I must have given up on that woman, she has nowhere to go." The

housekeeper dealt with it carefully, and Mr. Fu waited until the third day.

The discussion on the Internet is still in full swing, but there is no movement from Su Nan.

Mr. Fu noticed something was wrong and asked the housekeeper to call Su Nan directly.

Su Nan and Su Qi are studying online shopping at home. Buying and buying is the best way to solve troubles. Spending money will make people feel happy!

The two gathered on the sofa to shop online. Su Xiaohu stared at the LCD wall and watched "Animal World". Every time he saw the tiger and lion on the grassland jumping, it sighed "wow", and then jumped on Su Qi's body. Come and go, the ability to learn is super!

Su Nan's phone rang and frowned slightly when she saw the number.

"Who is it?"

"Master Fu."

The man behind the whole thing.

Su Qi urged, "The live broadcast has started, hurry up!"

Su Nan hung up the phone without hesitation!

Chapter 102 Only 800 million

Chapter 102 Only 800 million

, Old Man Fu had a cold face, "Has the call been made?" The

housekeeper looked at the hung up call and replied cautiously, "Rejected to answer..."

Old Man Fu: Is this a challenge to his authority?

The woman with obvious anger on her face, who doesn't know whether to live or die, he can take the initiative to call her, but he has already given her face, and now he dares to refuse his call?

"Fight again!" Mr. Fu said stiffly.

He wanted to see how confident Su Nan was?

“Yes.” The housekeeper dialed again, “I was rejected again, maybe there is something wrong...”

Mr. Fu laughed angrily.

Su Nan’s hand speed is not as fast as Su Qi’s, and Mr. Fu’s phone call just made her miss the rush to buy Zumalong perfume live in Europe.

She grabbed Su Qi’s mobile phone angrily, and when she saw that he had snatched it, she was even more angry, Su Qi laughed so much, and finally she just privately chatted with the anchor on the Internet.

“Dear, if you’re in Europe, help me choose a few gifts, the cost is not a problem.”

After a while, the anchor watched the live broadcast, and replied slowly: “Sorry, I don’t accept private work.”

Su Nan After thinking about it, I changed the nickname “Su Dashuai” to “rich baby”.

Treasure!

She replied: “Then I will package all the goods in your live broadcast room, you can just broadcast it to me alone.” The

anchor’s eyes widened, huh, what a big breath?

All merchandise?

He turned his head and asked the staff next to him, “What is our estimated sales today?”

“Is it estimated to be 800 million.”

The anchor smiled, thinking that he would scare this person away.

He replied directly in the chat box: “Eight hundred million, do you have a package?” In less than a second, Su Nan

replied: “Bag, platform payment or transfer?”

The water can be choked to death, he looked at it, this person is not joking?

Of course, such a big business can’t go through the platform, otherwise the commission will be reduced. He is still dubious, but gave an account.

In less than a minute, the anchor received a text message on his mobile phone.

“Your bank card 0000 has received a transfer of 800000000 yuan, and the current balance is 800002000 yuan.” The

anchor jumped up excitedly. This is the peak of his live broadcast history, and it will end before it starts?

He immediately opened the live broadcast page, “Family, today’s live broadcast room event is over, goodbye everyone.”

Audience: “...” The

anchor typed in the chat box: “What else do you need, do you need to buy a gift? I You can go to Europe’s largest luxury live broadcast, and you can buy whatever you like!”

That would be great, Su Nan thought.

“Okay, then let’s connect to the live broadcast.” The

anchor drove away without a word, went to the largest luxury brand mall, opened the live broadcast room, and set it to only allow “rich baby” to speak, and everyone followed inexplicably.

“Dear, the new bags from the Burberry counter have arrived. They are definitely first-hand. The price is expensive. Do you want them?”

Su Nan: “Yes, one of each color, not to mention the price.”

“Hermes bags are A timeless classic, especially this one...”

Su Nan: “Is there a lot of stock?”

“This is the largest counter...”

“This one needs 50...” The

anchor explained weakly: “The proportion of monopoly in Europe accounts for 80% of the world’s total. There are only twelve models here.”

“Then there are as many as you want...”

Although there is no sale, the number of viewers in the live broadcast room has reached a record high, and it is even rising!

...

Su Qi went to play with Su Xiaohu for a while, and when he came back, he saw Su Nan laughing happily with his mobile phone, and he leaned up in surprise, "What are you looking at?"

"Buy some Gifts, wait for the hair to be sent to the employees of the company."

Su Qi nodded and instructed: "Yes, buy it, don't save money."

Su Nan smiled and looked up at him, "No, I only It cost 800 million..."

Su Qi's face stiffened: "...800 million?"

...

Chapter 103: Do You Admit Your Mistake?

Chapter 103 Do you admit your mistake?

Su Qi carefully looked at the phone in Su Nan's hand, um, yes, it really belongs to him!

In order to make it easier for Su Nan to remember the password, the people of the Su family used Su Nan's birthday, so she had no qualms about paying.

Su Qi twitched the corners of his mouth, suddenly missing that little sister who bought a yacht to save money!

Although the number of 800 million was not big for him, it suddenly disappeared, and he felt empty in his heart.

Covering her chest to comfort herself, forget it, my sister, how much money should be spent.

What's more, it's only 800 million!

She is happy.

Su Xiaohu got acquainted with him and rubbed on his lap. Could he be cute to him? He shifted his attention and took Su Xiaohu to another place to play.

Throughout the afternoon, in addition to Su Nan's black material, the online public opinion quickly climbed the number one trending search, as well as "rich baby", which instantly occupied major hot spots.

"It's the first time I saw that rich people don't ask about the price when they buy things..."

“As expected, rich people use money as their name...”

“This woman No matter how old I am, I want to marry her, no, I can marry her!”

“Rich baby, who is this mysterious baby?”

.....

Su Nan is happy after she has arranged the address Putting down Su Qi's mobile phone, he found his own and saw seven missed calls.

One from Fu Yechuan, four from Old Master Fu, and from Qin Yu and Cheng Yi.

Just as he was about to call Qin Yu back, the phone rang again. Is it Mr. Fu again?

A sneer appeared on the corner of Su Nan's lips. Are you in such a hurry?

Although he forced himself to nowhere and made the whole world scold her, the jade pipe in her hand was the biggest bargaining chip. What was she afraid of?

Su Nan paused and picked up the phone casually.

“Hello?” The

housekeeper looked at Mr. Fu excitedly, as if he was relieved, “Chairman, she took it!”

Su Nan laughed when he heard this, and Mr. Fu glared at the housekeeper, calmly. took the call.

“Su Nan, do you know what's

wrong? “

Su Nan frowned slightly and asked knowingly, “Do you know what's wrong? Chairman Fu, I don't understand, what's wrong with me?”

Mr. Fu snorted coldly, full of momentum, “How have you been these past few days? I heard you You didn't even go to the company, did the Su family kick you out? I said long ago, it's good to see you. The threshold of the rich and powerful family is not as low as you think, and not everyone is as stupid as Fu Yechuan. Fooled.” Su Nan raised his lips and smiled calmly, “Thank you Chairman Fu for your concern, the past few days have actually been pretty good, and I have

always dreamed of living such a life of eating and dying.”

Money is money, and what could be more fun than that?

“Oh, your mouth is still tough?” Mr. Fu didn’t believe that she would be unscathed?

“Is there anything else Chairman Fu has to do? I’ll hang up if I’m okay.” She didn’t want to waste her time on people who didn’t deserve it.

Want to see her joke?

That was such a disappointment to him!

Whether it was Fu Yechuan or Mr. Fu, they were the same raccoon dog, so she wouldn’t let them see a joke.

Mr. Fu was cold for a few seconds, and his voice fell, “Su Nan, no matter what you do, you can’t clean up your past, unless you say something nice for you in the name of our Fu family, do you understand?”

He has already hinted to this point, Su Nan will not fail to understand that she has no way out.

Su Nan raised his eyebrows and sneered, “Slap a slap and then give a sweet date? Chairman Fu must have thought too beautiful?”

“Oh, you have no choice.” Mr. Fu was confident and straightforward.

“As long as you return the Cuiyu pipe to me, I will let the online marketing account stop crusades against you, and I will also let you work as a small manager in a small company under the Fu Group to give you food.”

...

Chapter 104 This hypocrite

Chapter 104 This hypocrite

has ruined Su Nan’s reputation, making her unable to get along in the Su Group, and finally willing to surrender to a small company under the Fu Group?

Su Nan didn’t know, where did Mr. Fu get the face to say this?

She sneered, “Chairman Fu, I can’t afford your Fu family’s meal, so I’d better keep it for the dogs.”

“Su Nan, don’t eat a toast and eat a fine drink!” Mr. Fu threatened, why is this woman like this? Don’t know each other?

The smile on Su Nan’s face faded: “Chairman Fu, don’t regret it.”

She was very interested and looked at the regretful look of Mr. Fu, beating his chest and feet.

Since he did things so absolutely, there was no need for her to show any more sympathy.

After hanging up, Su Nan calmly called Su Jin.

“Big brother, what’s your father’s plane coming back?”

Su Jin smiled, “I miss him? It’s for tomorrow, don’t worry, I’ll let someone pick you up tomorrow and go back to the old house.”

“No, I’ll pick you up at the airport in person tomorrow.”

Don’t you think she can’t be seen?

She has to stand in front of people and be upright!

Su Jin hesitated in his voice, “But, I’m afraid it will cause a riot…” I’m worried that Su Nan will be hurt again!

“Don’t worry, just find a few bodyguards and arrange a few more cars.”

“Since you have decided, then do it and I will arrange it. By the way, how is A Qi doing with you?”

He was also worried about Su Qi couldn’t take good care of her.

Su Nan smiled and complained unceremoniously, “The third brother, this hypocrite, made a mess of my house, and said that I didn’t clean it up, and the food was very unpalatable…”

Su Qi, who came out with Su Xiaohu in his arms, accused me of grievance and anger: “You spent 800 million yuan on me in one afternoon, and you called me a hypocrite? Su Nan, I have to clean up you today!”

Su Qi jumped up and down He got on the sofa and came over to Su Nan. Su Nan quickly turned over, took the phone and said quickly, “Don’t talk about eldest brother, I’m going to run.”

Su Jin smiled, and his nervous mood suddenly relaxed. Looking at the darkened screen, he breathed a sigh of relief. It turned out that this little sister was stronger and braver than he imagined!

In order to pick up Su Yifeng, Su Nan also put on light makeup and found a black dress inlaid with pearls.

In order to divert the attention of the reporters downstairs, Su Qi walked out generously with his sunglasses on, attracting everyone's attention at once.

Countless reporters swarmed over, "Su Qi, why are you here? Is this your apartment?"

"Su Qi, is the rumor about you and Su Nan true? Are you living together?"

"Are you really dating?"

The news of Su Qi and Su Nan living together in secret is even more explosive than Su Nan's black material, so everyone persevered and asked.

And Su Nan left the other exit with a cap and a mask, and got into the car sent by Su Jin.

It was Yu Lou who came to pick her up.

In the car, she took off her coat and put on makeup in the mood.

"Vice President Su, we can be relieved to see that you are all right."

Su Nan smiled, feeling a little moved. Although we had not worked together for a long time, the mutual trust made them feel kind to each other.

"Assistant Yu, I bought some gifts. I plan to distribute them to everyone during the anniversary. The things are in the warehouse of the merchant. I'll give you the address when I come back. You can arrange it and see how to distribute it."

"Okay, Vice President Su." Yu Lou thought it was just a small gift, but he didn't expect it to be a gift worth 800 million...

At the airport, Su Nan got out of the car and went straight to Waiting for the exit of the VIP channel, Yulou went to arrange security for a while.

"Little Four."

Hearing a familiar voice, Su Nan turned around and saw that Su Yifeng was waving at her with a white baseball cap, wearing beige casual clothes, and he looked much younger.

Su Nan's brows moved slightly, and immediately ran towards him, Su Yifeng hugged her and turned around a few times, laughing loudly: "I've lost weight, my dear, so thin... .."

She could only helplessly smile, and said in a coquettish manner: "My third brother keeps saying that I am fat, how am I losing weight..."

"Don't listen to his nonsense." Su Yifeng looked at his precious daughter, The more I look at it, the more satisfied I become, but when I think of the bad things that happened recently, I'm also very angry.

"The Fu family is a bastard..."

...

Chapter 105 No talk

Chapter 105

Su Yifeng scolded him all the way, but he felt that it was not enough. As soon as the two of them went out, they watched Su Jin strutting over.

"Why are you here?" Su Yifeng tutted lightly.

"I'm really worried, I'll come to pick you up."

Su Jin reached out and took the luggage in Su Yifeng's hand and looked at Su Nan, "Be prepared, the reporter has already discovered your whereabouts, and a lot of people gathered at the airport gate. What..."

Su Nan snorted coldly, "Who is afraid of who is the grandson!"

Su Yifeng touched Su Nan's hair, snorted with satisfaction, and was extremely protective, "Yes, you are behind me. Let's go." Let's

see who dares to step forward to find fault without knowing how?

Su Jin was still worried about an accident, so he kept Su Nan by his side, took her hand and walked out. As soon as he went out, countless flashes flooded in. Su Nan subconsciously turned his head away. In the eyes of the reporter, he just snuggled up to Su Jin. 's arms.

The headline in the last second was: Su Nan and Su Qi are suspected of living together.

The headline in the next second is: Su Nan and Su Jin may meet their parents.

"Su Nan, are you dating Mr. Su? What is the relationship between you and the actor Su?"

Su Jin covered her eyes, not letting the flashlight affect her, put his arms around her shoulders, and walked out firmly.

“Su Nan, will you marry into the Su family?”

“How do you feel when you marry a wealthy family?”

“Su Nan, are you proud of so many men surrounding you?”

“Su Nan, Cheng Yi and Cheng Er Shao too ? Is it one of your spare tires?”

. . .

how ugly the countless questions are, as if the unfounded black material is a sure-fire fact.

“Chairman Su, tell me what

you think about Su Nan’s black history...” Everyone naturally did not let Su Yifeng, the head of the Su family, as if his attitude could decide Su Nan’s life and death.

When Su Yifeng heard those words, his face turned black with anger, and he walked forward without saying a word, and did not intend to express any opinion.

And Su Jin didn’t make a sound. The bodyguards around separated the reporters. Su Nan wore a black dress and walked calmly and calmly on high heels, without any explanation.

Facts will prove everything.

Suddenly, a mineral water bottle was thrown diagonally across and smashed into the back of Su Nan’s head. She shuddered with fright. Su Jin turned his head coldly and looked in that direction.

“Yu Lou, find someone and call the police!”

“Yes.”

The vigilance of the bodyguards increased instantly. The people on both sides formed an iron wall on both sides. There was no chance for anyone to throw objects, and the three quickly got into the car. , merged into traffic.

There are also six front and rear cars of the same model. Everyone was prepared to follow them, but they were soon lost.

After getting in the car, Su Nan breathed a sigh of relief.

Su Jin rubbed her forehead and looked at her worriedly, "Does it hurt?" Su Nan shook her head, "It's gone for a long time." She was just frightened.

Su Yifeng took out the red wine from the small refrigerator, poured a half glass, raised his head and drank it.

"Fu really go too far, well, now dare to force my daughter, do not blame me You're welcome!"

Su Jin faint Enliaoyisheng, "which is to give them some color to see, but not urgent."

"Do not Angry, Dad, they don't deserve it."

Su Nan smiled, and her heart became sour. Originally, they didn't have to accompany her to face these embarrassing situations, but she was too stupid to admit the wrong person.

Ask yourself for trouble.

Su Yifeng touched her hair distressedly and sighed, "You can think about it, it's not too late to look back."

Su Nan nodded, her eyes moist.

As soon as they left, the scene at the airport immediately became a topic of heated discussion among netizens.

"Su Dong's face looks like he won't recognize Su Nan as his daughter-in-law, the dream of a wealthy family is shattered!"

"How could Su Jin look at such a vain and vain woman, is he blind?"

"The means are high, really I should learn from Su Nan..." The phone

rang suddenly.

Su Yifeng looked at the phone and picked it up with a cold face.

"Chairman Fu, what's the matter?"

“Director Su, after seeing the news on the Internet, you have returned to China, so I should give you a chance to catch the wind. Why don’t we have a drink together in the evening?”
