Chapter 1021, you are satisfied

Chapter 1021 Bao You Satisfied

Shang Yi's expression changed slightly, and he narrowed his eyes.

"Why does Miss Su care so much about his son?"

Su Nan looked down at him with arrogant eyes:

"I'm happy, I like it, can I find it?"

Shang Yi's eyes tightened, looking at her indifferent expression, he suddenly smiled, relax.

Intriguing.

The eldest lady is just temperamental, but this magnanimity seems to have little to do with Shang Qian.

That damn kid has always been likable, and Su Nan was afraid that he might be tricked by him.

Shang Yi chuckled, Su Nan was tricked by a child?

It can be seen that she is not that smart!

Shang Yi spread out his hands and smiled, his bathrobe exposed a larger area, as if he was deliberately seducing her.

"I'm talking too much. If you need help, I can help you find someone."

Su Nan pursed her lips, not wanting to take another look at the greasy man:

"No need, since it's not speculative, then I'll leave... "

Wait, Miss Su, am I here where you can come and leave when you want?"

Shang Yi's voice was cold.

"What do you mean?"

Shang Yi: "I have a better proposal for greater interests."

Su Nan raised an eyebrow.

Shang Yi suddenly stood up, looking at Su Nan wantonly up and down, with a tempting tone:

"Do you want a business? As long as the two of us get married, the entire business is yours. In the future, you will also be in country M. To be able to be domineering and domineering!"

Su Nan frowned and looked at him.

He wasn't really joking.

Shang Yi curled his lips proudly, "I am the heir of the merchant, all the merchants are mine, and behind me is nearly half of the capital circle of country M, all of this will be yours."

Su Nan blinked and pursed his lips.

"Isn't Shang always misunderstood? I don't mean that to you?"

"I know, since it is a marriage, we should have the same conditions. After marriage, we each have our own ways.

In fact, countless women are thinking about the hostess of the business. Position, but since I saw Miss Su for the first time, I felt that this position belongs to you!"

Shang Yi looked at him in an almost seductive tone, the lingering lingering in his eyes was a man's scrutiny of a woman.

Su Nan was disgusted!

It's like stepping on a pile of shit!

"Mr. Shang, our family has no idea of marriage at the moment, you can find someone else..."

She turned around and left.

Shang Yi suddenly grabbed her wrist.

As soon as you meet.

His thumb groped lightly on the inside of her wrist, and he was pleasantly surprised by the delicate touch.

Su Nan's face was cold, and he looked at him with warning eyes, and he was already rude.

“Shang Yi...”

Shang Yi's lips curled into a sinister arc.

“Miss Su, really don't think about me? You can try me, it will definitely satisfy you...”

He implied clearly.

The words of marriage just now were half-truths, but when they touched her hand, it was delicate and soft.

His heart was like being hooked by a thin thread, and he couldn't help but want to taste her.

But Su Nan was already disgusted, and his face was terribly ugly.

She immediately shook off his hand, took out a tissue and wiped the place he touched.

Shang Yi's eyes turned cold, this was tantamount to hitting him in the face and despising him?

Su Nan glanced at him coldly:

“Shang Yi, I warned you, this is not the M country, you are an ass!”

Shang Yi froze, with his status, who would dare to ignore it like this?

He still doesn't believe it, can't he make this young lady with a chaotic private life to be obedient?

...

businessman is also in his head, dissatisfied with being so ridiculed and scorned by a woman.

He gritted his teeth and sneered:

“Really? Then I’ll let you know...”

He suddenly reached out and touched Su Nan’s face, but before he touched it, Su Nan opened it with one hand.

Her eyes were suddenly cold, and she suddenly raised her hand to slap him...

But Shang Yi also has a bit of skill in his hands, and this little action has long been seen through.

He moved away from her hand and controlled her left shoulder.

Su Nan turned back slightly, and he fluttered.

Shang Yi’s eyes narrowed, and his whole body rushed towards her, trying to control her against the wall so that she could catch her hands and feet.

But Su Nan’s movements were much faster than he imagined. The moment he rushed over, Su Nan flashed sideways.

In the next second, Shang Yi staggered a few steps, and before he could stand firm, Su Nan kicked him on the calf behind him, terribly.

His whole body involuntarily threw himself on the vase next to him.

The vase fell to the ground and shattered.

Loud.

Su Nan’s eyes were cold, thinking about throwing him over the shoulder and paralyzing him. At this moment, there was a commotion outside.

She paused slightly. Could it be that the bodyguards outside were coming in?

Shang Yi was in a heart-wrenching pain, and there was a lot of blood in front of him. He was in so much pain that he almost lost the strength to shout for help.

“Miss Su, I really underestimate you, you wait...”

Before he could finish speaking, the door suddenly opened.

Su Nan turned his head and subconsciously took a step towards Shang Yi.

If his bodyguards came in, she would threaten them with Shang Yi’s threats, and she would still be able to get out.

But it wasn't a bodyguard who came in.

It is Shang Qian.

His face was dark and grim, his eyes were scarlet, and his neat and clean shirt was a little messy at this time.

Seeing this scene, his expression instantly sank.

“Did he bully you?”

he asked Su Nan.

Su Nan raised her eyebrows and replied calmly,

“Fortunately, I'm solving it.”

For some reason, when she saw him appear in front of her, her heart was like a stone that finally fell to the ground.

Shang Yi saw that it was Shang Qian who came in, and his expression suddenly became nervous.

“Why are you? Little bastard, who asked you to come?”

He was so embarrassed at this time, and he didn't want to be seen by this little bastard who had been bullied since childhood. He couldn't decide how to laugh at him...

Shang Qian's eyes deepened slightly, his face changed for a moment, and the gloomy aura became more intense.

The room was quiet and cold.

When he was about to walk over, he remembered Su Nan, and he pulled the corners of his mouth, showing a perfunctory smile.

“Go out and wait for me, I'll ask him something, okay?”

Su Nan opened his mouth to say something, looking at his cold and stern look that he had never seen before, a little strange.

But thinking about little Mike, now is not the time for her to worry about these things.

She nodded and walked out.

go out.

When she saw the outside, she was slightly shocked.

The bodyguards who were standing in the corridor outside were blocked by a neat row of people at this time.

Shang Qian brings more people and stronger strength.

No wonder the bodyguards outside didn't move at all when they started working inside, and no one rushed in.

The person standing at the front watched her come out, nodded slightly, with a respectful gesture, "Miss Su."

Su Nan nodded, then stood not far away and waited.

She was confused, and only Shang Qian had the answer.

Suddenly, I heard a half-dead scream from inside—

Su Nan trembled slightly, but it didn't sound like Shang Qian's voice.

That was Shang Yi's scream.

She relaxed suddenly.

Inside the Presidential Suite.

Shang Yi was lying on the ground, Shang Qian was half-squatting above, holding his collar with one hand to hold the position, and the other hand slammed his fist into his face fiercely.

In a few moments, Shang Yi's face was covered in blood, his nose was blue and his face was swollen.

He couldn't even utter a complete sentence, and the blood in his mouth was shocking.

Seeing that he was dying, Shang Qian stopped his hand with cold eyes.

He crouched aside, looking down at him condescendingly.

Eyes darkened.

“Where did you take my son?”

His voice was rough, like a ghost from hell.

The people on earth are as silent as dead.

But Shang Qian knew that he was not dead, and he had a lot to do.

Shang Yi let out a strange laughter from his chest. Although he was already embarrassed to the extreme, he had the goods in his hand!

Shang Qian looked at him quietly and smiled.

Shang Yi opened his eyes strangely, and the smile of watching a good show flashed in his eyes.

“Do you really take that little bastard as your own son? Even if you give him the surname Shang, he will not be able to enter the gate of our business like you!”

He giggled, tears and blood running down his face.

Shang Qian’s eyes flashed through the cold light, holding his collar and warning him:

“No one cares about that place. I compromised once and left with Mike. Everyone is at peace. How dare you go back on your word?”

In his eyes was a wolf-like bloodthirsty killing intent.

Shang Yi sneered coldly, “Isn’t there anything to do with each other? You are about to overwhelm me with your business. Everyone regrets that you left the business. It seems that my position should be given to you, but are you worthy

?”

He stared at Shang Qian, his eyes flashing with strong jealousy.

“You brought this little bastard here to approach the Su Group and Su Nan. Don’t you want to borrow the hands of the Su Group to return to the business?”

Shang Qian’s eyes tightened coldly, his eyebrows tensed. The anger in between.

“Shut up, do you think I really don’t care? If I don’t care about that position, do you think you can sit there?”

He gnashed his teeth and looked at Shang Yi.

For him, from entering the business, it was the beginning of all misery.

He finally left, how could he still think about going back?

He wished he had nothing to do with there forever!

This businessman is too smart!

Shang was also stabbed by his words.

It seems that everything he has today was given to him by Shang Qian who didn't want it!

But all of this should belong to him!

His eyebrows twitched, and he said fiercely:

“Are you a little bastard worthy of this position?”

You wish that your shameless mentally ill mother was known and smeared the business?”

He sneered and looked at the businessman. Qian, who has always been modest and forbearing, couldn't help but burst into a fire in his heart.

“The Su family all knows about your past, your background, and your Su Nan, who wants to cling to you.

She didn't pay attention to you at all, she just came here just to inquire about you, and I told you all...”

Shang Yi looked at Shang Qian's face changed drastically, and couldn't help laughing. Ignoring the pain

on my body, I continued to add fire: “Don't dream, she would rather give me a hug than give you a chance, do you know why? Because you are just like your mother, sick—“

...

Chapter 1024 What the hell

Chapter

1024 Before he finished what he said, a cold wind swept across Shang Qian's hand and punched him on the right cheek.

He talks so dirty!

Shang Qian's eyes were cold, he stood up, clapped his hands, and was extremely disdainful.

Shang Yi was beaten aside, and now he really has no strength to speak.

Every pore that hurts is uncomfortable and bleeding.

"My woman, it's not your turn to give pointers, Shang Yi, I know exactly what you are.

If my son loses a single hair, I will let you pay for it!"

Shang Qian said fiercely, Then turned around and opened the door.

When I looked up, I saw Su Nan.

He pursed his lips and looked sideways at the bodyguard standing beside him.

"Take the people away."

Before finding little Mike, Shang Yi had a bad day.

The bodyguard nodded, and immediately walked in with the person and came out like a dead pig.

Shang Yi's bodyguards had no advantage, not even a chance to resist, and watched Shang Yi being carried away.

Shang Qian walked in front of Su Nan, paused, his eyes were milder than before.

His voice also softened.

"Go back?"

He looked under her coat, revealing the skirt, knowing that she ran out of the banquet and might not even have time to change her clothes.

Su Nan paused, his voice also clear and cold:

"Shang Qian, you never planned to tell me your secret?"

If the time is ripe, when will it be?

She had an intuition in her heart that if she had the conditions, Shang Qian would not say anything for the rest of her life.

She stood outside and could vaguely hear the movement inside.

But after a long time, she suddenly felt tired.

That feeling of exhaustion from the bottom of my heart emerged spontaneously.

The first time she met Shang Qian, she seemed to be like this.

In front of her, she was gentle and modest, and when she looked at her, there was only one person in her eyes.

But tonight, she saw a different Shang Qian, the deeply hidden side, and he turned her away.

His secret, she seems to never be able to touch.

This feeling made her feel bad.

She looked up at her, her eyes clear and beautiful.

“I’ll do my best to help you find little Mike, but our relationship needs to be calmer.”

She can’t always unilaterally understand behavior that a man can’t understand.

Although she believed in Shang Qian’s character, it did not mean that the relationship was eternal.

In particular, she suffered a loss.

If you can’t get into his heart, then don’t try to get in.

After she finished speaking, she smiled, and in the next second, she turned around and left.

The moment Shang Qian finished listening to her words, his eyes were full of emotions, and he suddenly stretched out his hand and grabbed her arm.

“What do you mean?”

His voice was trembling and hoarse.

If she doubted him, she wouldn’t come to help, and she wouldn’t call him countless times.

why?

Why did it suddenly become like this?

He just hasn't had time to explain it to her.

Su Nan twitched the corners of his mouth, "It's important to find little Mike first, then you can ask Shang Yi, and I'll ask other people."

Her voice paused slightly, she couldn't bear to look into his eyes again, she turned around and pulled out her hand.

But Shang Qian didn't want her to leave like this at all.

He took a deep breath and calmed himself down, he couldn't let such a gaffe frighten her.

He took her hand tightly and pursed his lips, "Let's go together."

After saying that, he took her and walked in front.

Su Nan frowned, unable to break free at all.

She stared at his back, when did Shang Qian become so domineering and unreasonable?

to leave the hotel.

He opened the rear door in front, shoved her in, and sat in by himself.

Su Nan was so frightened that he quickly moved inside.

She was a little shocked by his change.

"Drive,"

he told the driver.

The car started slowly, and he didn't let go of Su Nan's hand.

For a while.

Everyone's mood calmed down slightly.

Su Nan wanted to withdraw his hand, but Shang Qian still didn't let go.

He looked sideways at her with a complicated face, but there was grievance and impatience in his warm eyes.

"Su Nan, I'll tell you everything you want to know, okay?"

Su Nan paused and pursed his lips, "I don't want to know now."

She already vaguely understood his past in her heart, perhaps Shang Yi was over-editing it. But those signs took root in her heart, and Shang Qian couldn't get rid of these things.

She knows nothing about his past.

This void made her feel insecure.

Shang Qian's face was tense, and he held her hand tightly.

He smiled bitterly:

"Even if you break up, you have to give me a chance to get it back, don't you?"

Besides, what Shang Yi said, it's not true!"

It was the first time he took the initiative to mention what Shang Yi said.

Su Nan pursed her lips. Although she was impulsive just now, she did not feel that she had done too much.

But the most important thing right now is to find little Mike.

Shang Qian couldn't be distracted.

She smiled.

"Yes, then let's talk about it after finding little Mike, I'll give you a chance."

She finished.

Shang Qian smiled.

Looking relieved.

He finally let go of his hand, knowing that she was uncomfortable, and rubbed her.

“Su Nan, don’t let me go so easily. If you want to separate after knowing my past, then I will be reconciled.”

Only the unbearable past made him unable to lift his head.

She hated it, and he didn’t say anything.

But now, he is not reconciled.

Su Nan opened his mouth, but did not continue.

Shang Qian took someone to the newly bought house.

Su Nan got out of the car and was stunned.

She has a shadow over here.

Isn’t this the same house that Shang Qian used to keep crocodiles for little Mike before?

Shang Qian: “Hide Shang Yi here so that no one will notice. If you don’t want to go in, just wait in the car and I’ll ask.”

Su Nan thought about it, she really didn’t want to see Shang Yi, Nodding, he still chose to stay in the car.

Time passed by, and Su Nan fell asleep while waiting in the car.

When it was almost dawn, Shang Qian walked out with a dark face.

Shang Yi knew Shang Qian’s weakness, how could he easily reveal Mike’s whereabouts?

He just wanted to see him in a hurry and see that he was powerless.

So, no matter how many times he was beaten, he knew that Shang Qian couldn’t do anything about him!

As soon as Shang Qian came out, the cold wind blew past, and the emotion on his blood was instantly calmed down.

He picked up the phone and called out:

“After I went to investigate Shang Yi, where have you been since he came to country Z, and who sent his people?” He

hung up the phone and raised his eyes.

Watching the car parked not far away, the driver took shelter in the corner outside.

His eyes flashed, and he walked over with big strides.

Opening the car door, I saw Su Nan sleeping soundly.

The wind from outside the door blew in, causing Su Nan to frown in dissatisfaction. She snorted and slowly opened her eyes.

Seeing Shang Qian’s tired and warm smile, she was stunned for a moment.

Rubbing his eyes, he suddenly woke up.

“Ask it?”

Su Nan unknowingly fell asleep!

Shang Qian smiled, closed the door, went around to the driver’s seat, and opened the door to go in.

“I’ll take you back to rest. Little Mike is fine for now. There will be news soon.”

Su Nan snorted and said nothing. She had to go back to wash and change clothes.

After a while, we arrived at the apartment.

She got on the elevator, entered the door, and went straight to the bathroom to wash in a daze.

She didn’t notice that Shang Qian had been following behind her.

When she was taking a bath inside, she suddenly remembered that Fu Yechuan had been there too.

If Fu Yechuan had something to do with this matter...

Su Nan was stunned for a moment, and planned to ask quickly.

Suddenly I heard the sound of people walking in the living room.

Her face changed.

Shang Qian's voice sounded outside:

"Su Nan, can you hear it?"

Su Nan was stunned, it turned out to be him, he hasn't left yet?

"Hmm."

She responded.

"There are some things that I want to forget, but I can't pretend that nothing happened. Shang Yi came to Z country just to make me suffer forever. He did it."

Shang Qian's voice was extremely slow and mellow, with a hint of hoarseness. .

Suddenly smiled.

"I didn't tell you, because I was afraid that you would be scared. I wanted to wait until you fell in love with me, so that you would have less faith in leaving me."

He directly expressed his selfishness.

Kidnapping her with love is the only thing he can do.

Shang Qian stood outside, leaning against the wall.

He wanted to say it all at this time, because he didn't dare to look at Su Nan's shocked and disgusted eyes.

That feeling is even more uncomfortable than gouging out my heart!

"My mother, when she met my father, was probably deceived.

He lied to her that she would marry her in the future, and deceived her to have a real relationship.

Later, when she had me, he did not divorce, so she went crazy. Now ..."

Su Nan was about to get dressed in a panic, but after listening to Shang Qian's words, he became quiet again unconsciously.

She could feel the sadness in his voice across the door and the wall.

"She was crazy, so she took out my anger, beat me, scolded me, stuffed me in my mouth, made dessert that no one would eat, and locked me in the basement as punishment.

My father finally found his conscience and took me there. Merchants.

But the life of merchants is not easy.

Especially an illegitimate child like me, everyone is shouting and beating wherever he goes. Compared with living with a crazy mother, he has moved from one hell to another

. He is my father's younger brother and is the most favored in the business.

The most ruthless time he bullied me was when he pushed Mike's father, my youngest brother who was not sensible at the time, out of the swimming pool, but he framed me for pushing him. I was beaten to death by my father."

Shang Qian paused, his voice choked.

"I was so angry, I ran to my mother, she was completely crazy, sitting on the window sill upstairs singing, I went to catch her, she thought I was going to push her, screamed and jumped down..."

His voice was hoarse and flat, but there was always a strong sadness in it.

Su Nan frowned slightly, and a storm had already begun in his heart.

How did that gentle and humble Shang Qian grow up like this?

She opened her mouth and wanted to say something, but was interrupted again by Shang Qian.

"That day, everyone knew that I killed my mother.

But because of the scandal, the business was suppressed.

Later, when my father called on the stairs, it was obvious that he did not stand up and fell down, but Shang Yi insisted that it was because I pushed him from behind, so my father... actually believed it?"

Chapter 1027 is worthy of you

Shang Qian smiled, a bit miserable.

Hearing the sound of the door opening, Shang Qian paused, looked up, and saw that Su Nan had come out wearing a bathrobe, her hair still wet.

Su Nan looked at him calmly, and his heart was full of distress.

She hated herself a little, why did she bring it up to want to know these things?

Let him recall the pain of the past, how could she do this?

Step by step, she walked in front of him.

Looking up at him, he reached out and touched his face with guilt in his tone.

“I’m sorry, I shouldn’t force you to say this.”

Knowing the truth would be shocking, but I didn’t expect that all this was based on Shang Qian’s unfortunate first half of his life.

Shang Qian’s eyes were slightly red, and his eyes were full of scarlet red blood.

He raised his hand and took Su Nan into his arms.

Tight, listening to his heartbeat, Su Nan felt extremely distressed.

Her tears couldn’t stop flowing, and she sobbed slightly.

“Shang Qian, how did you look so good?”

It’s too easy for an illegitimate child to go bad in that crazy environment. There must be no shortage of people around who want him to go to hell.

But he did not fall, did not rely on the power of merchants.

He blazed a tough road for himself, allowing him and Mike to have a decent life.

How could he be so good?

Shang Qian’s hand moved slightly harder, and he buried it in her shoulder, because the heaviness on her shoulders suddenly disappeared.

Yeah, how did he get to where he is today?

He forgot.

He said silently:

“Perhaps, so that I can stand here today and be a person who is worthy of you.”

Su Nan’s existence made him feel that his previous forbearance and struggle were meaningful.

She is so bright, she can never see the filth of the world, and she is always high above.

He gradually longed to be close to her.

unswervingly to death.

Su Nan choked out, patted his head, and comforted him:

“Then you will always stay by my side, it will always be so good.”

She was distressed to death, even if Shang Qian told her now that his tenderness was just pretending , she understands his suffering.

and forgive him.

Shang Qian smiled, his eyes seemed to clear the clouds and see the fog, and it was as warm as spring.

He touched her hair, and it came out wet before it was wiped clean.

He let go of her gently, joy in his eyes.

“I’ll wipe your hair for you.”

Su Nan nodded, Shang Qian went in and took a dry towel and let her sit on the sofa, standing behind her.

He moved very gently, even pulling a single hair.

“Su Nan, you won’t mention the breakup in the future, will you?”

There was caution in his voice.

Su Nan’s heart trembled, and he raised a smile.

“Not for the time being, but in the future, it depends on your performance.”

Shang Qian gently rubbed her hair gently, before speaking for a while, with a low voice:

“Okay, I will perform well.”

Su Nan smiled She smiled and blinked, she was so lucky to have met such a person.

After more than ten minutes, Shang Qian tirelessly wiped her hair over and over again, and applied essential oil to her hair by the way.

Although the action is unfamiliar, but fortunately the process is not wrong.

Su Nan opened his mouth, or sighed, pursed his lips and said:

“Shang Qian, if you are sad, it is not a good thing to hide in your heart, you can tell me that I will never despise you, because you did nothing wrong.. ...”

...

words very much.

Shang Qian’s hands froze slightly.

Seen from above, her jet-black hair is white and tender against her neck, and she can leave traces on it with her fingers gently, making people unable to resist destroying her, but reluctant to bear it.

When she spoke, she spoke softly, like a spring breeze blowing her face, flowing into his heart like a clear spring.

No one ever told him that you were not wrong.

The servant clearly saw that it was the mother who jumped off by herself, but she still heard the rumor that he was pushing.

In this way, it can satisfy the curiosity of some people.

It was obvious that his father accidentally stepped on the empty stairs and fell down, but he believed Shang Yi’s words and felt that Shang Qian must have reached out behind him.

So, he became a heinous person.

It seems that his existence is a mistake, not worthy of forgiveness.

But he never did anything wrong...

Su Nan's words, he suddenly felt that his past was not bad.

The hand holding the towel paused, threw the towel aside, and leaned over to hug her from behind.

Gently, he sighed.

"Su Nan, I really... really like you."

Su Nan curled the corners of his lips, turned around and hugged him back.

"Well, I know."

She knew that he liked her very much.

When his emotions calmed down, Su Nan felt hungry, went to the kitchen to get two breads and handed him one.

"You haven't eaten since last night."

Shang Qian smiled, took it, took hers, and threw it aside.

"I'm going to cook."

Su Nan was taken aback, seeing that he had rolled up his sleeves and walked into the kitchen.

She sat on the chair across from the kitchen and watched. Men's cooking is inherently beautiful and attractive.

I'm so jealous!

Shang Qian looked up at her and smiled, "Is there anything else you want to know?"

He has recovered, and with Su Nan's support, he can face the unbearable past.

Su Nan paused and asked directly,

"Do you have a good relationship with Mike's biological father?"

Shang Qian's smile subsided slightly and nodded.

"He is the best person from the entire business to me. He is naive and simple, just like you. He will never look at people with tinted glasses."

He naturally blurted out the compliments.

Let Su Nan feel a little embarrassed.

Is she so good?

"It's a pity that he died early, otherwise I would really like to introduce you to each other."

She also wanted to see him, and wanted to see what the only person who brought Shang Qian's warmth was like?

Sadly no chance.

"Shang Yi has been arrogant and unreasonable since he was a child, but his mind is deep and indifferent.

When my father was in the company, he was secretly preparing for the company. He entered the company in the name of an internship. He secretly wooed high-level executives and slowly approached the power center of the business.

At that time, my father took me for an internship in the company. I found out that he was secretly colluding with others to transfer benefits, and warned him. Playing a game with someone else got me into it."

Shang Qian's voice was low and slightly cold.

"Later, it happened that my father fell down the stairs, but after I investigated, the stairs were covered with a layer of oil, I suspect it was Shang Yi."

Su Nan's eyes widened in shock.

I can't believe that Shang Yi is so familiar with doing such a thing?

"Doesn't anyone believe it?"

Su Nan couldn't help asking.

...

Chapter 1029 Never Modifies

Shang Qian looked at her and smiled, "Do you think anyone would believe me?"

Compared with the beloved Shang Yi, everyone is more willing to believe that it was Shang Qian who did it. of!

Su Nan choked, and Shang Ye was really hating his teeth.

"Since that incident, I was kicked out of the company. My father began to be wary of me, restricting my activities everywhere, and handing over the power of the company and everything in the family to his younger brother Shang Yi. It

happened that Mike's When my father had an accident, he entrusted Mike and his wife to me.

At that time, I overheard that Shang Yi was afraid that there would be one more person to split the family property with him. When he wanted to kill Mike and his younger siblings, I took them over as quickly as possible. Get married quickly."

When he said this, he looked up at Su Nan.

After all, the last marriage brought him a lot of opinions and put him in the spit of countless people.

He's used to it.

But he couldn't let Su Nan get used to it.

Seeing that she didn't seem to mind, he was relieved.

"When the merchants knew about this, they didn't want this scandal to shame them. After they agreed to let Mike's surname be a merchant, they let me take them away.

Later, on the day Mike's mum died, Mike met him. You..."

It was Su Nan who saved Mike.

also saved him.

Everything is doomed.

Su Nan's heart trembled slightly, she seemed to have come into contact with them at a turning point of fate at a very delicate moment.

Otherwise, five years later, this year, she won't be able to get Shang Qian's contract and won't know him...

However, she has a question in her heart.

"Why do you have to let Mike's surname be Shang? Since he left there, it doesn't matter what his surname is, right?"

Shang Qian twitched the corners of his mouth and gave her a helpless look.

The eldest lady is indeed the eldest lady, and it is still too simple to see things.

"Mike's surname is Shang, so he will remind all of them that he is not a child who can be killed casually, but to make them jealous. Only in this way will no one dare to attack Mike casually."

Su Nan suddenly realized, nodded.

She hadn't thought of this?

"Besides, Mike is the only child of my brother. My brother is the child of my father and his wife. There is nothing shameful. Unlike me, he can't bear to change his surname."

There was a hint of coldness in Shang Qian's eyes.

Even if you keep the business, you must let Mike be the business!

A businessman is not only a businessman but also a child, and little Mike should have the right to inherit the businessman.

He didn't fight because he was disdainful.

rather than being afraid.

Su Nan nodded, watching him neatly take out the tomatoes from the refrigerator and cut them, and then took out the eggs.

Her attraction was immediately noticed.

"When did I have these things in my refrigerator?"

She walked over to open it, and the ingredients in the refrigerator were full of fresh ingredients.

When did she get ready?

Shang Qian smiled and knocked her head:

“The refrigerator is so empty, what if I’m too hungry to order takeout?”

Su Nan blinked, “Let Yu Lou deliver...”

Anyway, Su Nan The Yu Lou that Jin left to him is omnipotent!

Shang Qian restrained his smile, “Assistant Yu is also a human being, with a family and a wife. If you let others run errands during the break, he will blame you, the boss, for not understanding him.”

Su Nan paused . , then she hadn’t thought of that.

And she never asked him to run errands when it was too late. What she did was not too much, right?

Chapter 1030 What he knows

Chapter

1030 Su Nan, who he knew, pouted, but nodded in agreement.

“You’re right.”

Shang Qian lowered his head and fired: “I came here a few times and saw that your refrigerator was empty, so I bought something and stuffed it in. You really didn’t move at all, why don’t you know?”

Su Nan Guiltily touched his nose.

“I’m also too busy to come back to cook.”

And she prefers to eat outside when she has time.

It’s just too surprising that the ingredients here were bought by Shang Qian?

How had she never noticed it before?

Less than ten minutes.

Shang Qian came out with two bowls of tomato braised noodles.

Attractive colour and fragrant aroma.

For a while, Su Nan was really hungry.

I really didn't expect that Shang Qian, who saw that his ten fingers were not touching the spring water, would still cook such an authentic Chinese food?

Shang Qian handed it over, "Eat, take a good rest after eating."

Su Nan nodded, "Aren't you going to rest?"

He also didn't sleep all night.

Shang Qian looked at her with flickering eyes:

"Are you inviting me to rest with you?"

Su Nan hurriedly lowered his head to eat.

In the mouth, the taste is rich, and the saltiness is moderate.

Really good!

Listening to Shang Qian smiled.

"After a while, there will be news about Mike. I will pick him up in person."

It sounded like Shang Qian was confident.

Su Nan frowned.

"Do you know where he is?"

Shang Qian shook his head, his eyes darkened.

"But I'll know."

That idiot, Shang Yi, didn't use his brains for serious purposes.

If he didn't say anything, it didn't mean he couldn't do anything.

Su Nan nodded and breathed a sigh of relief, hoping that little Mike would be found soon.

That kid must be terrified!

Shang Qian finished eating and was waiting for her. Su Nan also finished eating a few mouthfuls. Shang Qian took the empty bowl and brought it into the kitchen.

Su Nan is a little embarrassed, do people have to wash the dishes when they cook?

“Let me clean it up there?”

Shang Qian glanced at her, “You?” I do

n’t really doubt her, she might use the dishwasher for two empty bowls!

Su Nan nodded.

But Shang Qian was silent for a minute and then wiped it clean.

Then wash your hands and come out.

“Forget it, I have to perform well, you should give me a chance!”

Shang Qian comforted her.

Su Nan: “...”

Shang Qian left with his clothes, Su Nan rubbed his eyes and wanted to go in to sleep, but the phone suddenly rang.

She picked it up and saw that it was Fu Yechuan.

After thinking about it, he picked it up:

“Su Nan?”

Su Nan pursed his lips, “Mr. Fu, please tell me something.”

Fu Yechuan’s low and hoarse voice came over:

“Do you know everything about Shang Qian?”

He wondered if she would be sad for Shang Qian.

Su Nan sneered:

“Mr. Fu wants to repeat Shang Yi’s words to me?”

Had she not heard Shang Qian’s explanation, would she really have left Shang Qian because of Shang Yi’s words?

Will not.

She said that the reason for breaking up was not because he was a bad person in Shang Yi's mouth.

It's because she can't touch his world.

Now, she touches it, accepts it, and shares it.

Fu Yechuan felt the coolness in Su Nan's words on the other side.

He paused.

"No, I'm just sorry for introducing Shang Yi to Chairman Su."

Su Nan frowned, not sure what Fu Yechuan wanted to do.

He said in a cold tone: "Shang Yi asked me to rent a place in my name before. I heard that Shang Qian is gone, you can go there and have a look."

Su Nan was silent for a few seconds, and seemed a little unbelievable . .
