The first thousand and forty-one chapters of his extra support

Chapter 1041 He particularly supported

Su Nan after going through such an embarrassing and embarrassing situation last night, tossing and turning until the middle of the night before falling asleep.

But she is also a CEO no matter what, and won't be fascinated by a kiss and won't be able to go out.

He agreed to go with Shang Qian to send little Mike to school, and postponed the morning meeting.

She had set an alarm clock for a long time, and went out refreshed when the time came.

When the two came to the front, Su Nan smiled at Shang Qian, and then knelt down to greet Little Mike.

"Good morning, our new classmate?"

Little Mike felt uncomfortable when he thought of the scene last night.

But thinking about Daddy's warning just now, no matter how bitter his heart was, he also pulled out a slant at the corner of his mouth, smiling officially and very perfunctorily.

"Pretty sister, good morning..."

He was still a little embarrassed. Pretty sister had promised to wait for him to grow up, so why did she suddenly fall in love with his father?

He is a little bit complaining that the pretty sister doesn't count!

Understanding his low interest, Su Nan didn't expect it to be so low.

Laughing is worse than crying.

Su Nan touched his head, "I'll be at school in a while, if you don't like it, just tell me!"

Little Mike's eyes lit up and nodded.

This is the happy look.

Su Nan took his other hand and led him into the car.

Little Mike sat in the car with a sullen expression, and lowered his head listlessly.

Su Nan enjoyed the breakfast brought to her by Shang Qian.

After a while, Shang Qian handed over a bottle of milk, "Eat slowly and be careful of choking."

Su Nan smiled and took it.

The eyes of the two people met, and there seemed to be sparks colliding.

Su Nan hurriedly avoided, Shang Qian was really seducing her unscrupulously recently!

Don't think she can't see it!

to school.

Su Nan looked at this private aristocratic international school, very beautiful and magnificent.

This school is extremely low-key in Xicheng, but everyone in the circle wants to put their children here, and the comprehensive evaluation of school admission is also very strict.

There is no choice between teachers and various environments.

Of course, tuition is also outrageously expensive.

It is no surprise that Shang Qian chose this school.

At the beginning, several teachers met with Shang Qian alone, and came out after a few words.

Anyone who doesn't know the name of the general manager of the business does not need to inquire about it.

Next is little Mike, for pre-enrollment communication.

Before Shang Qian let him in, he whispered,

"Behave well, if you are not satisfied, we will go back to M country and continue to school."

One sentence instantly dispelled Mike's desire to perfunctory.

Really know son Moruofu!

Little Mike was very sad and walked in with heavy steps.

Shang Qian sat beside Su Nan with ease and pleasure.

“Let’s go in a while, little Mike’s clothes will be packed by the maid and brought over.”

Su Nan wondered, “How are you so sure that he will like it here?”

Shang Qian smiled, “He likes it, he loves it. study.”

What about a liar?

Su Nan twitched the corners of his mouth speechlessly.

I feel sorry for little Mike 10,000 times!

“Last night, little Mike saw us... Well, he won’t be upset, right?”

Although little Mike liked her very much, Su Nan worried that he would suddenly not be able to accept her from her sister to Daddy’s girlfriend. .

Shang Qian raised his eyebrows and said in a determined tone,

“Don’t worry, he supports us extraordinarily!”

Su Nan was speechless for a while.

Ok!

In the end, sure enough, little Mike agreed to stay.

It doesn’t look very happy, but it’s very determined!

...

The first thousand and forty-two chapters of her pornographic photos

Chapter 1042 of her

pornographic photos Shang Qian sent Su Nan back to the Su Group.

Su Nan is catching up with the postponed meeting.

Juli Group’s project has reached the final stage and has made a major breakthrough.

Shang Qian also started a series of procedures for going to Europe to participate in the exhibition.

Tang Kai, who Su Nan placed in Juli Group, was transferred back and temporarily placed in the position of assistant to the financial department.

Yu Lou came in with the documents, "Mr. Su, Mr. Zhang Licheng, and Mr. Zhang passed on the latest project progress, and everything went well.

However, the leukemia daughter who Zhicheng Company bought the murderer, just passed away yesterday."

Su Nan was silent for a few seconds.

She sighed.

"Forget it, this matter is completely over."

Yu Lou nodded.

Zhang Licheng's forces won't be around for a long time. The anti-criminal and evil inspection team has begun to investigate Zhang Licheng's affairs, and results will be available soon.

Su Nan has been busy all day.

In the afternoon, I was about to get off work.

Yu Lou suddenly rushed in with the iPad, his face was ugly:

"Mr. Su, something happened!"

Su Nan's expression changed, "What's the matter?"

Panic like this?

Isn't there Su Jin in the big thing?

Yu Lou didn't know how to speak, so he handed over the things in his hand.

"The real name of the outdated model Xiao Ran was exposed, and his former boss Ning Moumou's ... pornographic photos."

Ning Moumou?

Isn't it Ningzhi?

The air was somewhat quiet.

Su Nan took it over in shock. This entertainment news had already made the headlines.

After a period of silence, Xiao Ran, who was driven back from a foreign runway, has become clamorous again. In the entertainment circle, which has been calm recently, there has been a violent storm.

Xiao Ran not only exposed the chat records between him and Ning Zhiliao.

There are also exposed photos of Ning Zhi.

The pictures were posed in various poses and did not appear to have been taken awake.

Although they were all coded, but Ning Zhi saw the letter Q on the tattoo on the ankle, and it came into view clearly.

Only Su Nan and Qin Yu knew about this tattoo, and they accompany it to get the tattoo.

Su Nan suddenly felt a burst of dizziness, his mind went blank, and his whole body trembled unconsciously.

It was terribly cold.

“Isn’t this an unspoken rule? Female boss unspoken rules, male model, didn’t expect it to be so dark?”

“Xiao Ran is the one I have always liked to this day. He is clean and pure, and was insulted by this Miss Ning. , Xiao Ran will definitely take revenge!”

“It’s too much for a man to expose a woman like this!”

“Xiao Ran is a drug addict, his life is black, and there is nothing to clean up!”

“Maybe Xiao Ran’s withdrawal from the circle is a trap designed by these capital bosses. What!

Brother Xiao Ran meant that Ning Fu Po had a crush on someone else and wanted to kick him away. He had already fallen in love with Ning Fu Po at that time and didn’t want to leave, so he was trapped!

” Can’t you give a high-definition, uncoded one?”

...

Most of the comments on the Internet were unsightly, and Su Nan was so angry when she saw it, she couldn't imagine it.

So the stronger ones know that if they see this, will they go crazy?

She picked up the phone with trembling hands and called Ning Zhi.

It was hung up after a beep.

Hit again.

Shut down.

Su Nan was so anxious that he immediately called Du Yan.

It took a long time for Du Yan to answer the phone, his voice bleak and tired.

"You are also doing it for the exposure of photos on the Internet?"

Your third brother almost smashed the company here. I have already contacted the media platform over there. They just want the popularity of these two days. The background has no power, I don't want to press it hard..."

...

Chapter 1043 Kill him

Chapter 1043 Killed him

Su Nan was so angry that he couldn't be rational.

"Is that so fermented? Everyone is scolding Ning Zhi, what did she do wrong?"

She just gave up Xiao Ran, who was greedy and vain, and let him taste the bitter fruit of his own.

Why face all this?

Du Yan sighed:

"I understand, it's just that things have happened now, even if I withdraw, it's too late, the most important thing is to stop the man's mouth, your third brother has already gone to find it, and now I'm worried about whether it will kill people. ..."

Su Nan's expression changed, he immediately hung up the phone and ran out.

“Yu Lou, go to Big Brother if you have anything to do, don’t contact me if you have anything to do.”

Yu Lou: “Okay.”

He knew that Ning Zhi was Su Nan’s best friend, and at this time, Su Nan would never stay out of it.

Su Nan called Su Qi like crazy, but no one answered.

With Su Qi’s temper, he can really beat Xiao Ran to death!

She asked Du Yan:

“Do you know where Xiao Ran is now? Where did my brother go to find him?”

Du Yan: “It seems to be in his hometown, County B.”

Su Nan hung up the phone and stepped on the accelerator immediately. Go as fast as you can.

She was uneasy, worried about Ning Zhi, and worried about Su Qi doing something stupid.

She really wanted to separate out two of herself.

Simply, she called Qin Yu.

“Have you been there yet?”

Qin Yu was also panicked, her tone anxious.

“You finally called, I’m scared to death, I’m on the way!

I heard that Zhi went to the company and was blocked by the media and fans. Everyone was scolding her. It was ugly. I was only angry and scolded them online...”

Su Nan’s tone was cold, “ Don’t worry about the Internet, the most important thing is to know that it’s okay, you go to her to guard. “

“Are you here?” I’m afraid I can’t handle it alone! “

Su Nan: “I have to go to Xiao Ran first, and the third brother has also gone to him. I am afraid that I will die and it will be difficult to clean up.”

Qin Yu panicked for a moment. “

Okay, then let's work together separately, you go, let the third brother calm down, and leave Xiao Ran's bastard's life to me, I'll go and find out." "

Su Nan hummed and hung up the phone. It took

her half an hour to drive, and it took her fifteen minutes to drive.

Xiao Ran's detailed address has been sent to her mobile phone.

Su Nan went upstairs according to the address.

The door was open.

Su Nan went in, the room was messy, as if there was a fight just now. There was the sound of a chair falling to the ground from the inside, and she ran in quickly.

Seeing Xiao Ran being captured by Su Qi and leaning against the window, her face was blue and it was hard to breathe. The chair was kicked down by Xiao Ran to no avail.

He struggled, he was afraid, Su Qi's face was cold and unshakable.

He was going to kill him!

He kept strangling him, or threw him off the windowsill. On the 16th floor, it will definitely fall into a paste.

...

Su Nan's face changed, and he ran over quickly.

"Third brother—"

She pulled Su Qi's hand away, and the blue veins on the back of Su Qi's hand were clear. It was obvious that he was extremely angry at this time.

Xiao Ran breathed a sigh of relief, knelt on the ground and coughed violently, clutching his neck.

Su Qi's brows were cold and gloomy, his eyes were gloomy, and the surging emotions saw Su Nan sink to the bottom of the sea instantly.

"Why are you here? Hurry up!"

Su Nan's eyes were red.

He really wanted to kill Xiao Ran!

She could see it.

Su Nan's eyelashes trembled, and after a pause, her voice was terribly anxious:

"Third brother, don't be stupid, this matter can't be solved like this, he's dead, if you know it, it's really over!"

...

Chapter 1044 for money

Chapter 1044

No one came forward to clarify Ning Zhi for the sake of money.

Xiao Ran's death might be counted on her head.

At that time, those dirty water washes can't be washed clean.

Su Qi's eyebrows moved slightly, his Adam's apple rolled.

He hoarsely said, "If you kill him, let her out first!"

Xiao Ran's body shook violently.

Hearing this, he flinched towards the corner in fright.

Su Nan grabbed his arm and stared at Su Qi's face:

"Don't worry, he will get the retribution, don't get your hands dirty.

I'm here to wait for someone to take him away, go and find out. !"

Hearing the name, Su Qi's eyes flashed a dark color.

Unbearable, distressed.

Su Qi didn't want to leave, he didn't want to let Xiao Ran off like that.

Su Nan grabbed his arm, "Come on, don't let her do stupid things!"

Su Qi trembled and glanced at Su Nan.

White lips.

Rather than letting Xiao Ran die, he wanted Ning Zhi to live a good life.

He took a step back, didn't say anything, Huo Ran turned around and walked away.

Hear the sound of the car starting below.

Su Nan was relieved.

Her eyes were fixed on Xiao Ran's bruised face, the face that was originally sunny, her cheeks were sunken all of a sudden, and the thin ones were all taken off.

She walked over, condescending, her voice cold.

"This ghost looks like you haven't quit drugs?"

Xiao Ran trembled and opened his eyes.

Suddenly he ran up to her and knelt down.

"Miss Su, if you have money, lend me some money. I will definitely pay you back in the future.

I am wrong about Miss Ning. As long as you give me the money, I will immediately clarify the matter!" The

air was silent for a few seconds.

Su Nan's eyes were cold and dead, staring at Xiao Ran.

"It's for money?"

Xiao Ran nodded quickly, "It's just for money. I used to ask her for money, but she gave it to her, which means she has me in her heart.

But recently she didn't give it, and she can't even see her face to face. She clearly has money. , don't even help me... ah—"

Xiao Ran screamed and fell to the side on his knees.

Su Nan kicked over and kicked his heart, terribly.

She was shaking with anger.

"Help you? Are you worthy?"

She pointed at Xiao Ran, her voice was cold and indifferent:

“Look at your ghostly appearance, Ning Zhi held you up step by step to make you an international player. Superstar, you kill yourself, and you want to pull others into the water?”

She walked over and kicked him in the chest again.

Every pore on his body wanted to kill him.

She realized what Su Qi couldn't help feeling.

Xiao Ran's body trembled and hugged his body.

Painful wheezing.

Su Nan didn't feel the slightest softhearted, and kicked it one by one.

Like kicking a dead dog!

She still remembers the first time, Ning Zhi brought him to him and asked her to take him to the auction to make a place.

At that time, Xiao Ran was on the rise in his career.

He is optimistic and sunny, positive, understands the general situation, and has an infinite future.

But I didn't expect it to be fake!

Thinking about the things he did to Ning Zhiliao, it was really hateful to the point where his teeth itch, and he could not wait to chew him into pieces!

Xiao Ran begged for mercy in pain, it was extremely painful, worthless tears flowed down, and he curled up.

“Miss Su, I was wrong, wrong...”

Su Nan paused, took out his phone, and turned on the video mode.

The tone was cold.

“When did you take those photos?”

Xiao Ran shuddered, his eyes were so swollen that he couldn't open his eyes. Naturally, he didn't notice that Su Nan was recording a video:

“When we were dating, she wouldn’t let me touch her, so I’d give her a shot. I was drugged, but I didn’t touch her, I was afraid she would wake up and turn against me!”

...

Chapter 1045 Blackmail

The first thousand and forty-five chapters coerced

Su Nan to close his eyes.

No wonder, Ningzhi didn’t even know about the photos when they broke up!

This Xiao Ran, with a human face and a beast heart, did not expect to keep his hands before.

“I’m afraid she doesn’t want me, so I just want to keep a handle. I warned her when I asked for money, I have her handle, but she doesn’t listen, she doesn’t believe it... cluck...”

He grinned, not knowing whether he wanted to cry or laugh.

Su Nan gritted his teeth, really holding back his anger, so he didn’t kill him.

“You cheated on the female executive during your relationship because of the foreign T-stage show. In order to please her, you are still learning to attract fans. What face do you have to come back to Ning Zhi to clean up the mess for you?

” Ning Zhi gave him out.

It has been done righteously.

But Xiao Ran was not satisfied, and he had to go further and harass her again and again.

If the harassment fails, they begin to coerce.

Su Nan forced himself to control his emotions, and then rationally called the police.

Since there is no way to instantly restore public opinion on the Internet, we can only rely on the police.

The words of the police have the prestige and effect of a final word on the Internet.

After a while, the police came.

She sent a copy of the video to Du Yan for backup, and then handed it over to the police.

Su Nan went to the police station with him.

Before coming, Su Nan called Su Yifeng to talk about the situation.

Su Yifeng responded, so she didn't need to worry.

She knew that Su Yifeng had connections.

At this time, it is understandable to borrow it for use.

Besides, it's a fact, just for convenience.

In the police station, everyone asked politely, and Su Nan also told everything he knew.

But she didn't mention that Su Qi once wanted to kill him.

The police are very experienced, and they knew at a glance that the person was a fan, and they were polite when they left.

After the confession was recorded, the director sent her out.

"Miss Su, thank you for your cooperation."

Su Nan smiled politely:

"It should be, I hope our police will investigate it early, so that we can give Miss Ning justice, it is best to post the results of the investigation on the Internet to calm the netizens. Doubt." The

director smiled, "It has already involved slander and rumors, and I won't handle it quietly.

But don't send Miss Su's video. Recording a confession in a threatening environment is illegal and invalid."

Su Nan understood his good intentions, she kept the video just to show Ning Zhi.

Besides, it's really not good to beat people into pig heads and send out videos.

After leaving the police station, Su Nan went to Ningzhi's house.

I was really anxious when I stepped on the accelerator all the way.

Many reporters were hiding around, trying to secretly take first-hand information.

So the door of Ning's house was tightly closed.

But Su Nan saw Qin Yu's car nearby and knew that she must be inside.

I called her, and after a while, the maid of the Ning family ran over and opened the door for her.

Eyes are a little red.

"Miss Su is here."

Su Nan nodded, "Is it okay?" The

maid shook her head:

"No, she doesn't eat or drink all day, and keeps herself in the house. Miss Qin and Suying Emperor are here, but she doesn't go out..."

Su Nan took a few steps and ran go in.

Qin Yu sat on the sofa with red eyes, scolded those netizens angrily, and even made herself cry.

Su Qi came back from Xiao Ran and sat here all the time.

silent.

The atmosphere has cooled down.

As soon as Su Nan entered, Qin Yu stood up.

"I know there is no one in the room..."

Su Nan took a deep breath and sent Ning Zhi a copy of the video in his hand.

Then handed it to Su Qi.

Su Qi watched it silently, his face even more gloomy and ugly.

“I have already handed him over to the police. The situation on the Internet is no use no matter how clever the public relations are. We can only rely on the police to investigate and clarify. At this time, we should not speak up.”

Su Nan pursed his lips.

Speaking out at this time will only increase the burden on Ning Zhi.

doesn't work.

There was silence in the living room.

suddenly.

The maid outside shouted,

“Ah—Mr. Ning jumped off the building!”

Suddenly.

Su Qi rushed out like a gust of wind.

Su Nan and Qin Yu then ran out.

Ning Zhi, who hadn't seen her for a day, had no grain of rice in it, she just lay on the ground, blood flowing from her head.

This picture made people's heart hurt suddenly.

Qin Yu was already crying.

Su Qi hugged her in the past, cautiously, her face pale.

There was deathly pain in his eyes.

“Understood...”

Countless flashes flickered not far away.

Everyone obviously.

But no one cares.

Su Nan's heart was suddenly empty, and he walked over, distressed to death.

"Quick... get to the hospital!"

She was so busy that she was shaking when she made a phone call.

She asked the maid to find the private hospital's phone number from her cell phone so they could be ready at any time.

to the hospital.

Ning Zhi was sent to the emergency room.

Su Qi's eyes were flushed, and the scarlet red blood in his eyes was a bit terrifying.

He tried to follow, but was stopped.

A heavy punch hit the wall, and Su Qi's fist was bleeding.

Qin Yu fell to the ground and burst into tears, "I'd rather know this, what's the big deal, what's the big deal..."

Why did you choose to leave them in such a decisive way?

Did she just admit defeat?

The Ning Zhi who went upstream in countless predicaments, the Ning Zhi who never gave up, and the one who was scolded by netizens gave up.

Her justification attracted more scolding, as if her existence was the darkness in the circle.

She lives, she breathes, she is at fault.

Damn her!

A man dressed as a doctor walked in front of him and probed the probe:

"Is Miss Ning inside? Is she still alive?"

Su Nan was alert and realized that this was definitely not a doctor.

Su Qi's eyes widened, she walked over, and picked him up:

"Do you want her to live or die?"

The man took off his mask in surprise, "You are the actor Su? Why are you here? What are you and Miss Ning? relationship?"

Su Qi narrowed his eyes, and a strong chill swept over his body instantly.

Su Nan quickly ran over to stop him.

"Are you a reporter?"

she asked coldly.

The man nodded guiltily.

"It's not just me, there are reporters outside. Don't you plan to answer these questions? Does not answering mean default?"

He asked Su Nan, but glanced at Su Qi's body.

Su Nan gritted his teeth, "Okay, I'll answer, let's go, I'll go out and answer all of your questions!"

She walked over and tore off the man's doctor's coat.

Then he took his clothes and left.

The man followed reluctantly. He actually wanted to get first-hand information.

This happened and there were more security guards around the emergency room.

The entire hospital has been banned from entering and leaving, and the security is heavily guarded.

As soon as Su Nan went out, countless flashes began to flicker.

She has been through this scene countless times.

But this time, she really wasn't so calm!

...

One thousand and forty-seven chapters arrogant woman

Chapter 1047 Arrogant Woman

"Miss Su, you and Miss Ning are good friends, what do you want to say for her?"

“May I ask if the unspoken rules of female executives and male subordinates are the norm in this circle? “Did

Miss Ning jump off the building in shame? Is her life in danger now?”

“Why didn’t you come out to explain it for so long?”

“Xiao Ran accused Miss Ning of deliberately tricking him. Is it true?”

“Miss Ning Is the pornographic photo of ‘s real?”

...

Su Nan took a deep breath, her face was cold, her voice was cold, and she said:

“Everyone, it is unfortunate that such a thing happened today, but I feel that in the hospital, you At least you should give the patient a chance to breathe.

You should see how she jumped off the building one step before us, but you still only care about those scandals.

Xiao Ran is an addict, there is no doubt that his words should be believed or not, there are facts Speak.”

“Miss Su means, will Miss Ning release any evidence?”

a reporter asked.

Su Nan looked at him with cold eyes.

“We’ve already called the police, and we’ll get to the bottom of it when the police come out with the results.”

“That is to say, Xiao Ran accused Miss Ning of being a fake?

So, are Miss Ning’s pornographic photos real?” The

reporters were more concerned about this!

Now many people on the Internet are convinced that the photo has no trace of PS.

If they use an excuse to say that ps is synthesized, they are slapping their faces.

Su Nan looked at the reporter who asked the question with a condensed expression:

“Do you hope it’s true or false?”

Whether it's true or false, before the truth comes to light, spy on a girl's privacy and slander her for being morally corrupt.

Wasn't it enough for her to break down?

The reporter froze for a while.

"Everyone, I hope that until the police investigate clearly, you can maintain the most basic professional ethics and don't arbitrarily lead the topic online.

When my friend wakes up, I don't want to see worse remarks to bully her.

If you feel free If we arrange topics, the lawyer team of my Su Group will be waiting for you at any time." After

speaking.

She glanced coldly at all the reporters and cameras, then turned around without hesitation and went in.

The last sentence is a clear threat.

Compared with Ning Zhiliao, even if someone said she was arrogant, she didn't care.

Who gave her crazy capital?

Those reporters didn't dare to ask any more questions.

She seemed to answer, and it seemed like she didn't answer anything.

But they vaguely understood what she meant:

Ning Zhi is her friend, and no one can bully her!

Soon, she found bodyguards and dispersed the reporters at the door.

The emergency room door finally opened.

The doctor came out and sighed.

"The patient had hypoglycemia, and the blood pressure was unstable during the treatment. When he fell from a high place, his head hit a stone. Fortunately, the falling distance was not high and did not touch the cranial nerves."

Everyone looked at him nervously.

“Is she okay?”

Su Nan asked him, tightening her body.

The doctor nodded, “It takes a night of observation. If she can wake up, it means that there is nothing wrong. Now go to the intensive care unit.” As

he was talking, the person behind pushed Ning Zhi out.

There was no trace of blood on her pale face, and she closed her eyes quietly, as if a gust of wind could blow her away in this world.

Su Nan felt terrible in her heart, she wanted to cry but couldn't cry.

Her Ning knows, why is it so miserable, from childhood to adulthood!

...

Chapter 1048 Apologize to her

Chapter 1048 apologized

and thanked her, and Su Nan and Qin Yu followed.

Intensive care units can be accompanied by one person.

Of course Su Qi changed his clothes and went in without hesitation.

The police are very efficient.

Only one night, in the early morning of the next day, the latest investigation was released.

In the situation, the time line was used to explain very carefully that Xiao Ran and Ning Zhi had started dating, and Xiao Ran drugged her and took pictures of her secretly.

Then Xiao Ran cheated and attracted fans, and Ning Zhi proposed to break up.

Xiao Ran had no money, so he decided to borrow money.

Knowing that Xiao Ran used money to attract fans, Ning Zhi refused to borrow it again.

After Xiao Ran repeatedly failed to ask for money, he came up with the idea of sending photos, so he fabricated a lie and uploaded the photos.

Purpose: to ask for money!

The police are very official between the lines, without the slightest emotional bias.

As soon as it was posted on the Internet, it set off a huge wave again.

Originally, everyone had already started to beat Ning to know this woman.

But who knew that an investigation turned out to be all fake?

“What are you doing? The most unfortunate one is Ning Zhi? People have been plotted to fall in love. They have to get money when they cheat and break up. Rich people have to keep their eyes open when looking for a man!”

“Xiao Ran, this dog man, he is really Damn it!”

“How did Xiao Ran manage to be such a scumbag?”

“You keyboard warriors who scold Ning Zhi are all pretending to be dead now?”

“Ning Zhi is too soft-hearted . Now, after breaking up, you still want to give him money relief, and if I let him, he will starve to death!”

“I just saw that Ning Zhi jumped off the building. Are you satisfied? You have a share in killing someone’s family!”

“Xiao Ran is too stupid, the reversal is amazing, trust the police uncle, and apologize to Ning Zhi!”

“Tell Ning Zhi ! Apologize!” “Apologize to Ningzhi

!” The violent reversal of public opinion made everyone heave a sigh of relief. Soon, a prosperous title of #和宁zhiliao# hit the headlines. No one below broke the formation. All of them were: “Apologize to Ningzhi!” Those who had scolded her began to repent here. Soon, Xiao Ran’s account on the Internet was blocked, and the pictures he posted were also prohibited from viewing. This series of operations was probably requested by Du Yan who took advantage of the situation to find people on the media platform. With the blessing of the police, media platforms will not fall on deaf ears. Su Nan and Qin Yu didn’t sleep here and waited all night. After Qin Yu saw the comments on the Internet, she cried even more. Throwing herself into Su Nan’s arms, she burst into tears. Su Nan also breathed a sigh of relief. Patted her shoulder. “It’s alright.” As long as Ning Zhi woke up, nothing would happen. The hardest time is over. Su Nan took out his mobile phone and watched several people asking about Ning Zhi’s situation. Cheng Yiguang made dozens of phone calls. He kept asking Su Nan, which hospital Ningzhi was in?

Su Nan only saw it and replied to him.

Qin Yu choked her voice:

“Su Nan, I always feel that Ning Zhi is the most powerful among us. You rely on the family, I rely on my mother, but she relies on herself.

She just didn’t understand it for a while!”

Su Nan nodded.

Indeed.

Ning Zhiliao is the strongest and most rational person.

She can always fight for her goals.

When the three of them didn’t take Ning Zhi to play with, she became withdrawn from the backwardness of her family.

Later, Su Nan remembered clearly.

Some people in the school looked down on Su Nan’s good looks and good grades, so naturally many people were jealous.

While Su Nan was away, someone in the class was talking ill of her, and they wanted to win over other students to say it together.

They found Ning Zhi...

“You don’t like Su Nan, do you? Look at her arrogant look, wearing a famous brand and riding a famous car all day, for fear that she doesn’t know that her family is a nouveau riche, is it amazing?

Ning Zhi, are you right?” Ning

Zhi raised his eyes, stood up, and said indifferently.

“Can you guys stop being so naked with jealousy?”

At that time, Su Nan was at the door.

From then on, Su Nan likes to call Ning Zhi in everything she does. She got out of her loneliness and became just like them.

As for the classmate who spoke ill of her, Su Nan arrogantly asked the teacher to transfer her away.

Memories seem to be very close.

Su Nan thought she would always be so strong.

Close your eyes.

Tears flowed down.

The sky is slightly bright.

The sun pierced through the window and fell in front of him.

The smell of disinfectant makes people dizzy.

through glass.

Seeing that Su Qi hadn't slept all night, he just sat beside him and gently pulled Ning Zhiliao's hand, like a sculpture.

Not even the posture has changed.

Qin Yu rubbed his eyes.

"The third brother likes Zhi so much?"

She paused, "I should be very happy to know, she has always liked the third brother!"

Su Nan blinked, "So you know?"

"Who doesn't know? The whole school knows that they dated, and that they liked him very much, but then they broke up suddenly, and there is no contact after that."

Su Nan frowned, maybe he was the only one who didn't know about it at the time!

"The third brother regrets it, but I know that I may not like the third brother!"

"Who said that?" Qin Yu denied, "Of course she likes the third brother, and she asked her for a drink two days ago. She drank too much and said 'Su Qi, how can I not like you'? Isn't that just like?"

Su Nan paused.

Then why did Su Qi chase after her for so long, and she didn't show any intention of reconciliation?

The doctor went to the ward.

After looking at Ning Zhi's situation, he pushed the person out.

Su Nan was nervous, "What's wrong?"

"Miss Su, don't worry, it's just a change to a normal ward. The patient's indicators have become very normal. She is in a light sleep state and will wake up within two hours. ."

Su Nan breathed a sigh of relief, and a boulder in his chest suddenly disappeared.

She is fine!

Qin Yu followed excitedly, "Then can we follow up with the ward?"

"Yes, but don't make too much noise."

"Don't make any noise, let her sleep well!"

Su Qi stayed up all night, in a state of Very bad, the eyes are full of red blood, and the whole person looks haggard.

When he came out, he shook his head and followed.

Su Nan pursed her lips, "Third brother, do you want to squint for a while?"

It was impossible for him to leave now.

Su Qi shook her head and stroked her hair.

"I'll leave when she wakes up."

Su Qi's tone was firm.

Then he eased his smile and looked at her:

"You still have a way. This result was handled well."

Su Nan nodded, "You're just too anxious, too angry, too worried to know."

Concern is chaos.

Su Qi smiled and left without saying anything.

Less than two hours.

Ning knew and woke up.

She opened her eyes and looked at the ceiling.

His right hand was wrapped in a large warm hand, very familiar and comfortable.

The movement of her head sideways was noticeable, and her hands tightened.

“Are you awake?”

Su Qi’s voice was hoarse and low.

Be careful.

Ning Zhi blinked, looking at Su Qi’s embarrassed appearance, where is the glamorous appearance of Su Yingdi?

“What’s wrong with me?”

...

Chapter 1050 You can see that

Ning Zhi’s lips are a little dry.

Su Nan came over with the lipstick and carefully applied it to her.

prevent cracking.

Qin Yu was in charge of crying excitedly on the side.

“You finally woke up and scared me to death!”

Ning Zhi looked at them blankly, and finally looked at Su Nan:

“So, what’s wrong with me?”

Su Nan’s eyes were slightly red.

“You don’t remember? You jumped off the building, how could you jump off the building? We will help you solve anything, why are you doing this?”

Ning Zhi narrowed his pupils in shock.

“How could I jump off the building?”

She touched her head and touched the gauze.

It was immediately clear that they were not lying.

“I...I really didn't dance!”

Qin Yu's crying stopped abruptly.

Ning Zhi frowned blankly and recalled:

“I was just sitting by the window blowing the air. Later, I was too hungry and felt a little low blood sugar, so I wanted someone to bring some food in.

Then... I don't remember. .”

Her voice was getting lower and lower.

The others present understood.

She was really unlucky.

As a result, he fell downstairs.

Thankfully...no life threatening.

Otherwise, it is really the first injustice in the world.

The sourness in Su Nan's eyes instantly disappeared without a trace.

Qin Yu stopped choking and stood up immediately.

“I'll order some food for you.”

Su Nan sat down, “I'm hungry too, order more.”

Qin Yu walked to the door and remembered, “Come with me!”

She glared at Su Nan without a doubt.

Is this Su Nan lacking roots?

Su Nan was inexplicable, looked at Su Qi and Ning Zhi, and suddenly understood.

“Okay, let’s go together.” The

two left in tandem, not forgetting to close the door.

Su Qi’s eyes fixed on the pale Ning Zhi.

Whether it’s true or not, he doesn’t want to leave him alone anymore.

He’d been thinking about it all night, and he wanted to tell her.

“Third brother…”

Ning Zhi wanted to withdraw his hand, but didn’t.

She cried out helplessly.

Su Qi paused and changed his posture, but didn’t let go.

Ning Zhi looked at him, and his eyes calmed down.

“Have you seen it all?”

Those photos were all over the place, I’m afraid no one doesn’t know about it, right?

She is a joke!

Obviously very wronged, but there is nowhere to say.

She became the object that everyone could laugh at.

The spine was so straight that it suddenly stopped.

She couldn’t accept it. She hid in the study and thought about the bits and pieces of her life.

Sitting on the window sill, the cold wind blew, making her mind clearer.

Some people say that when you are most on the verge of death, you will be told whether it is worth living.

So, she sat on it.

When she wanted to come down, there was no chance…

but she wanted to live!

Su Qi reached out and wanted to touch her head.

But remembering her head injury, she stopped in mid-air.

He retracted his hand, laying his whole face on the back of her hand, his tears wet her skin.

She shrank slightly as if burned.

My heart felt as if it had been burnt by fire, and it was sore with pain.

You see, he is so sad!

Ningzhi's tears flowed uncontrollably.

I was able to control it at first, but then I couldn't hold it anymore and cried.

She obviously didn't do anything. She walked with difficulty in this muddy circle, keeping her last cleanliness, and she was also called dirty and mean.

She was single-minded about getting the company right and giving her a foothold.

She was blind and saw the wrong person, but she stopped the loss in time, but she was not cruel.

She gave him money once, and let Xiao Ran's shit taste the sweetness, thinking that there could be a next time and a next time... In

the end, she destroyed herself!
