Chapter 106-110

Chapter 106 You take it easy

Chapter 106

Su Jin and Su Nan look in the direction of Su Yifeng together, Mr. Fu is really impatient, just got off the plane, the phone calls!

Su Yifeng sneered, "No need, my house is in a mess now, and I'm not in the mood to go out for a drink."

Mr. Fu: "In the end, it's just because of a woman, there's nothing to be upset about, it just so happens that I have one too. I need your help."

"Chairman Fu, it's better than this. In a few days, it will be the anniversary of our Su Group, and we invite your whole family to attend. Wouldn't it be better if everyone talked about it?"

"After a pause, "Alright, see you then."

Hanging up the phone, Su Yifeng's eyes were cold.

"Fu's family is a bunch of bastards, let's see how I will clean them up!"

Su Jin smiled, "Then I will take advantage of these few days to sort out the company's shares, leave the ones that should go, and leave those that should stay for us. Xiao Si leave a clean place."

Su Yifeng nodded, "Well, that's fine, it will save a lot of trouble in the future."

Su Nan sighed deliberately, "What should I do, my money will soon run out... .."

Su Yifeng paused and suddenly remembered something, "Speaking of which, the president of the bank called me yesterday and said that our youngest spent 800 million yuan in the afternoon, not investments and stocks, I'm afraid it is abnormal funds. Change, what is he going to do?"

Su Jin couldn't help laughing, "Dad, that money is from Xiao Sihua."

Su Yifeng said, "Then I'm relieved."

If Su Qi knew about this scene, Afraid of going crazy again!

After Su Nan returned, she received an unfamiliar call. At first, she was afraid that it was a harassing call, but it kept ringing, so she tried to pick it up.

“Su Nan?”

It was Lu Qi’s voice.

She raised her eyebrows, “Young Master Lu, what’s the matter?”

When Lu Qi looked for her, it was probably nothing good.

After less than two seconds of silence, Lu Qi pursed his lips, “Su Nan, I didn’t take advantage of this opportunity to get in trouble, you can’t push me out to block your gun...”

Su Nan sneered, it turned out that he was scared too?

“Young Master Lu, you forgot how you offended me that night?”

Lu Qi’s voice was flustered, but he didn’t want to lose face.

“Misunderstanding, I have deeply reflected on myself, you can let me go this time...”
This

is the first time I heard Lu Qi being so afraid. It seems that the after-effects of the nude photo are quite big.

“Then let me think about it, don’t call me, I don’t want to hear your voice...”

After that, she was about to hang up the phone, Lu Qi said quickly, “Hello. , wait, someone is looking for you!”

Su Nan was stunned for a moment, and then heard a familiar and cold voice.

“Su Nan, it’s me.”

Fu Yechuan.

Hearing this voice, Su Nan’s eyebrows moved slightly, and he laughed lightly, “Why, President Fu also wants to warn me once ?

“

Bureau, isn’t it just to make me look good?” He asked

knowingly!

“Su Nan, take it easy, give him the things, I’ll take care of the rest, and I’ll take care of everything online.”

Su Nan forced a smile, her eyes were a little wet.

The other party is silent.

“Fu Yechuan, one of you sings a red face and the other sings a white face, do you think I’m a fool?” Su Nan couldn’t help but sneer.

“Your Fu family poured the dirtiest water in the world on me, insulted me with the most obscene words, turned black and white, and wanted me to kneel and beg for mercy, and turned my head to make me feel grateful to you? Don’t you feel disgusted? ?”

The atmosphere in the air was cold and oppressive.

Lu Qi’s voice came over the phone: “Su Nan, this is not what Old Fu did.”

“So what? Isn’t he named Fu? Is he innocent? Does it have nothing to do with him, Fu Yechuan?”

...

Chapter 107 If I Don’t Like You

Chapter 107 If you don’t like you,

Su Nan tried his best to suppress her excitement. She took a deep breath and forcibly held back the sourness in her eyes.

Showing weakness with tears is really worthless!

In three days, she spent three days to kill all the warmth of the past three years, and finally gradually understood that she should never have expectations for a person who doesn’t love you.

Does what Fu Yechuan do matter?

The important thing is, isn’t he waiting for Su Nan to kneel and beg for mercy?

In the attitude of a benefactor, after she falls to the bottom of the cliff, she will be rewarded with a bite to eat and survive?

Ah.

Hehe...

After she doesn't love this person, she sees it very clearly and brightly, so the balance of interests is just based on "what is Su Nan".

Even if there are such young masters as Su Jin and Cheng Yi around her, even if she has some unexpected behavior and personality, even if she stands in the position of the vice president of the Su Group, it is enough for people to notice her.

But so what?

In the eyes of the Fu family, she was still the weak and bullying girl who had no background, no money and no power, trying to marry into a wealthy family.

Therefore, they have no scruples and use their power to force her to have no way out, trying to make her life dark and completely unsuccessful!

Fu Yechuan's heart sank fiercely, every word and every word that Su Nan said pierced his heart like a thorn.

Hard to breathe!

Su Nan received every word of scolding, which word is not wrong?

He was clear.

He has been trying to reverse the situation these days, but Mr. Fu used all his contacts and resources to keep this matter fermenting and expanding its influence. However, a serious accident happened to the group's cooperative merchants in country F, and he had to deal with it in person. .

Up to now, except for Su Nan's compromise, there is no way to do both.

Let Su Nan hand over the things, let the old man calm down and divert his attention. He can take the opportunity to regain control of the media, clarify the facts for Su Nan again, and minimize the loss.

"Su Nan, let's talk about the rest later, the most important thing is to solve the current matter." Fu Yechuan spoke again, seemingly with forbearance.

Su Nan sneered, "Don't worry, I'm used to being scolded, it doesn't matter in the future. Fu Yechuan, you have to remember, the thing that Su Nan regrets most in my life is that I am blind and like you, hehe... .But it's only been three years, so I thought it was a nightmare!

Tell Chairman Fu for me that I will find a good home for the Cuiyu pipe."

After she finished speaking, she hung up the phone abruptly, her eyes already wide open. Vague.

I remember when she first got divorced, one of the answers she wanted to know the most was whether there was a moment when Fu Yechuan was moved by her, but she couldn't ask, and she couldn't say it out. If she asked, she would admit defeat.

Because Fu Yechuan has always been negative to her wife.

She's not so cheap yet.

But now, the answer is no longer important, the question itself is very ridiculous, simply ridiculous!

Those three years were a nightmare in itself!

Lu Qi looked at the phone that was hung up, Fu Yechuan's face was already dark and ugly, his face was tense, Lu Qi sneered.

"This woman doesn't know what's wrong, old Fu, don't worry about it, just wait for the heat to pass."

He had never seen any woman who dared to slap Fu Yechuan's blood on her head, but he hadn't responded.

Su Nan, you are really capable!

"By the way, for the anniversary of the Su Group, I received an invitation letter. I heard that I have invited major media from home and abroad to hold a grand dinner. Maybe I plan to take this opportunity to explain Su Nan's story. Don't worry about it."

Fu Yechuan's eyes were indifferent, his face was as cold as frost, and his voice was cold: "I'm not worried, it's fine if she doesn't appreciate it."

Fu Yechuan didn't know what Su Nan was thinking, it was clear that the situation was extremely tense. , but she did not take the path of survival, could it be that she thought that the Su Group would really take her in?

Or will Su Jin really marry her?

In this situation, whoever gets offended with her will be a big trouble.

Stupid woman!

...

Chapter 108 Rich baby

Chapter 108

Su Jin personally sent an invitation to the anniversary of the wealthy baby Su Group, but basically all the famous celebrities in the country were invited.

And the most amazing thing is that this anniversary celebration rejected all brand sponsorships, and all the venues, drinks, and meals were invited to the top international experts to do it, which shows how much attention is paid to this anniversary celebration.

It has been a few days, and Su Nan's scolding on the Internet is not as intense as before, but I can still hear the voices of some marketing accounts one after another. Instead, everyone is looking for the mysterious "rich baby" on the Internet. The rich woman became the most important thing.

The shot is 800 million, and the live broadcast to buy luxury goods, regardless of the price, swept across Europe, and the "rich baby" was hotly debated for a while.

However, apart from the live broadcast record provided by the anchor, everyone still knows nothing about this mysterious person.

However, netizens speculated that since the 800 million products of the anchor have been rounded up, they will always pick up the goods. Follow the pick-up process and pay close attention to the pick-up information, so that you can know the true face of this "rich baby".

Su Nan was so happy to watch the play online, without making any sound or revealing, and let them join in the fun.

She doesn't live in the entertainment industry anyway, so there's no need to expose everything about herself to the sun.

The anniversary of the Su Group is set in the largest banquet hall in the core business area, a semi-open venue that can accommodate 1,000 people. From the upstairs, you can overlook most of the bustling city.

In the opposite directions, except for a sparkling river running through the north and south, there are more than a dozen famous landmark buildings. The huge electronic screens above are usually billed by the second. The Group has replaced it with a uniform copy of the anniversary celebration.

Luxurious understated yet expensive.

The businessmen, celebrities, and media reporters who came here all sighed that the Su Group has done a great job. It was surprising that the anniversary was celebrated so solemnly.

Su Nan arrived early in the lounge of the venue, Su Jin was dealing with it outside, and Su Yifeng had to help her daughter choose clothes and jewelry, which was not enough.

Those luxury brands that are used to seeing big scenes can't help but start to get nervous. The tailor-made dress for Su Nan is a unique high-end customization. The inspiration and design discussed by top international designers for several days are all integrated into it. Among the thirteen dresses, each one is a stunning collection, which is unprecedented in the world.

"Miss Su, which dress do you prefer in the first appearance?" The designer asked with a smile.

Su Nan looked at the thirteen models in front of her, and she couldn't take her eyes off the gorgeous and delicate ones.

Before she could speak, Su Yifeng waved his hand, "Wear whichever is the most expensive!"

Su Nan: "... The

designer said weakly: "Su Dong, these dresses can no longer be measured by money. Now ..."

Su Nan smiled and pointed to the light gray drop-shoulder dress, generous and simple, but noble and elegant, meticulously inlaid with hexagonal diamonds, so beautiful.

"This one." The

designer nodded in agreement, "Miss Su has a good eye, and the first appearance of her appearance should be the most impressive. If it is overwhelmed by the dress, it will be inappropriate.

Although the color of this dress is low-key, but the design is unique, each diamond is carefully selected, and the location of the inlay is also combined with your figure advantages, Miss Neng Su's slender figure and fair skin advantages exude, with these high heels, It 's just perfect!"

The person next to him stepped forward with high heels, just as expensive and exquisite, impeccable.

Su Yifeng nodded again and again, not knowing whether he understood it or not. Anyway, if he praised Su Nan, it was a good word, and I listened well!

“Where’s the jewelry? What about the things I bought from the Italian royal family?”

The people on the side hurried over with both hands, cautiously.

“Su Dong, here, just got off the plane, there is no damage or scratches.”

Su Yifeng glanced, nodded, and looked at his daughter, “Little Si, see if you like it or not, if you don’t like it, let someone change it immediately, and also There are other jewelry, but this one is the most expensive!”

Su Nan smiled helplessly, glanced at it, and knew that the jewelry was probably well preserved in the collection, and the brilliance of the diamonds was dazzling. Fortunately, the design was not A fussy, simple and classic necklace in the shape of the Italian national flower lace, perfectly complements this gown.

“No, it’s pretty, just this one.” As soon as he finished speaking

, Su Jin knocked on the door and came in, “Dad, people from the Fu family are here.”

...

Chapter 109 Deliberately disgusting you

Chapter 109 Deliberately disgusting you

, Su Yifeng sneered, “Just in time, I’m going to meet them.”

Su Nan pulled his sleeve, slightly worried, “Dad, today is our company’s big day. , don’t make ugly things, let people laugh at them, forget about laughing at them, it’s not worth it to hurt us.”

“Don’t worry, Dad has a good idea.”

Su Yifeng tidied up his clothes, raised his legs, and walked out.

It happened that friends Qin Yu and Ning Zhi came in one after another, “Hello Uncle Su.”

Su Yifeng nodded and looked at them both lovingly, “Xiao Qin, Xiao Zhi, you are all good friends of Xiao Si. , Uncle has prepared a lot of jewelry today, you girls should like it, when you go, pick one you like before leaving...”

Qin Yu and Ning Zhi looked at each other, and both bowed, ” Thank you Uncle Su!”

Su Yifeng left with satisfaction.

Qin Yu and Ning Zhi leaned over and happily circled around her, "Su Nan, you don't need to hide your identity anymore. After today, just wait and see how the clouds and rains are turned outside!"

Su Nan smiled He smiled, with indifference in his eyes, "Identity is second, it's just implicated in the company, I don't feel happy."

Qin Yu stepped forward, "Do you know who we just saw?"

Ning Zhi raised his eyebrows, " You can't guess."

Su Nan frowned, "Who?"

"The Fu family even brought that bitch Qiao Wanrou!" Qin Yu couldn't help but cursed angrily.

"Do you think they think you might be here to disgust you?"

Su Nan curled the corners of his lips, showing a coldness, "It's really disgusting."

Ning Zhi pursed her lips and said, "The people from the Fu family are here to cut off your way of marrying into the Su family. Do you know what news I just got from Cheng Yi?"

Without waiting for the two to speculate, she spoke directly, "Cheng Yi said that Mr. Fu has already managed the media. As long as you show up tonight, the online marketing account will spread the gimmick that you have no hope of remarrying a wealthy family and you are kicked out of the wealthy circle."

Su Nan sneered, Mr. Fu. That's all there is to it, nothing new.

She turned her head to look at Qin Yu, "Did you give that person my invitation letter?"

Qin Yu raised her eyebrows, "Of course, he has a high status and usually doesn't participate in such business banquets, but who asked him to be with my father? As for my classmate, I personally went to ask him, he promised to bring his subordinates to participate, and I saw that he had just come."

Everything is ready, but I owe Dongfeng...

"Who is it?" Ning I was surprised.

Qin Yu took her hand and said mysteriously, "You'll find out in a while

, I'm sure you can piss off the Fu family." Ning knew the helplessness and sighed lightly, "Okay, I'll just wait and watch the show. "

There is still a little time before the opening, Su Nan intends to go to the bathroom before changing clothes, just as he is about to come out to wash his hands, he hears a familiar and mean voice.

“Didn’t you see that bitch Su Nan?” Qu Qing’s voice.

It is not unusual for her to come, after all, it is Mrs. Fu.

“No, is she worthy for such an occasion? Now she is a mouse crossing the street, and it’s too late to hide. How could she show up?” Fu Yingying said sarcastically.

“Also, a woman who can’t get on the stage will never be able to get on the stage in her life, thinking that if she hooks up with the Su family, she will be able to jump through the dragon gate? Oh, the old man said that the reason why the Su family held the anniversary celebration so grandly is to get rid of the relationship with the Su family. Nan’s relationship, take the opportunity to clarify the scandal between her and Su Jin, and soon, she will obediently offer the Cuiyu pipe in her hands...”

Qu Qing washed her hands with undisguised arrogance in her words.

Fu Yingying smiled, “It’s still mother, you are smart, and you specially asked me to bring sister Wanrou to my brother as a female companion. If Su Nan sees it, I am afraid that she will vomit blood in anger, hahahaha...”

” Bang—” The door in the bathroom was pushed open, and Fu Yingying’s laughter stopped abruptly.

Su Nan walked over casually, raised his eyebrows, curled his lips into a smile, and his tone was extremely cold.

“I vomited blood without being angry, so disappointed?”

...

Chapter 110: The Lost Dog

Chapter 110

Fu Yingying and Qu Qing, who were outside the dog of the bereaved, were instantly shocked.

“You...why are you here?” Fu Yingying asked in surprise.

Didn’t Su Nan get kicked out by the Su Group?

Qu Qing was also slightly shocked, but she quickly covered it up and smiled calmly.

“It’s probably because you want to fight to the death, Su Nan, I advise you to take it as soon as you see it. Not every wealthy family can take in garbage, huh, let alone it’s second-hand garbage...”

Fu Yingying was also confident, “It’s just that. , are you here to make trouble? It’s a pity no one can help you, the Su family doesn’t want you anymore, Su Nan, your backer is gone...”

Su Nan lowered his head and smiled, his lazy eyes swept lightly They glanced at each other and walked out without saying a word.

Fu Yingying was blocking the door. When she passed by Fu Yingying, Fu Yingying had no intention of giving her way politely.

Su Nan directly bumped into it, Fu Yingying leaned against the wall, and was about to start cursing in pain, but suddenly she saw Su Nan’s cold, dark eyes squinting at her, and she was so scared that she didn’t say a word. .

It wasn’t until Su Nan’s back gradually moved away that she rubbed her shoulder that hurt from the bump and grinned, “They’ve all become a lost dog, why are you crazy? Make her look good sooner or later!”

In the center of the banquet hall, Su Yifeng and Su Jin’s father and son behaved calmly and chatted with people calmly, especially Su Yifeng, although he retired to the second line, but he has been exercising all year round, he can’t see that he is already in his fifties. Su Jin stood together as if they were two brothers.

“Director Su...”

“Chairman Fu, it’s a great honor.” Su Yifeng shook hands with him and greeted him coldly.

Fu Yechuan bowed slightly, “Uncle Su.”

“Don’t dare, just call me Su Dong.” Su Yifeng laughed twice without giving face.

Hearing this, Fu Yechuan was stunned for a moment, and then returned to normal. Although there were too many contacts in the shopping mall, private contacts were another matter. Su Yifeng obviously did not talk about private contacts, and his sudden indifference made Fu Yechuan suspicious.

Mr. Fu didn’t notice this, he was chatting with Su Yifeng completely, but Su Jin bent his mouth, looked at Qiao Wanrou standing beside Fu Yechuan, and lifted the cup:

“No wonder the Fu family is chasing and beating up his ex-wife . , it seems that good things are coming to President Fu, I don't know which daughter is this young lady? To make President Fu so determined?”

No matter how stupid Fu Yechuan was, he could hear the sarcasm in Su Jin's words, frown slightly, his face a little bit Shen Leng, he doesn't like others interfering in his private affairs, not to mention that the scandal between Su Jin and Su Nan has never been broken.

Is he holding an injustice for Su Nan?

Fu Yechuan's eyes were cold, and Qiao Wanrou couldn't wait to introduce herself, “I grew up abroad, and my eldest uncle is the chairman of Feiqing Company.”

Su Jin nodded politely, “I see.” “President

Su Do you know my eldest uncle?” Qiao Wanrou's eyes lit up.

Su Jin smiled coldly, with a condescending scrutiny, his voice was warm and polite, “I don't know, I haven't heard of it.”

Qiao Wanrou's smile froze, a little embarrassed and embarrassed. Although Su Jin didn't say what he said later, she could feel the contempt in his words.

But no matter what, she is much stronger than Su Nan who has nothing. Qiao Wanrou thinks so, she doesn't care about Su Jin's attitude towards her at all.

“But the two are really a good match.” Su Jin added a sentence, Qiao Wanrou lowered her head and smiled shyly, but Fu Yechuan's face suddenly turned cold.

“Mr. Su, are you curious about my private affairs?” His eyebrows darkened.

Su Jin smiled calmly and pursed her lips, “Maybe.”

She wanted to say something else, but Fu Yingying ran over with her skirt from not far away, “Sister Wanrou...”

Fu Yechuan's face was gloomy and cold “No rules, what are you talking about?”

Fu Yingying was so frightened that she immediately stood up straight, stepped forward cautiously, and whispered a few words in front of Qiao Wanrou. Holding hands and running.

Fu Yechuan squinted his eyes, a little dissatisfied in his expression.

Su Jin didn't care, Su Yifeng looked at him and smiled, "Miss Fu is really lively, it must be very lively at home..."

Old Master Fu smiled, "I'm used to being unruly, It's so naughty, it makes Su Dong laugh."

Su Yifeng sighed regretfully, "It's a pity that our son works all day and is busier than me, so I can hardly see him."

"Daughter is considerate, Su It would be nice if we had a daughter, maybe we can still be a family of children..."
