Chapter 1071 mad at him

Chapter 1071 Annoyed him

Su Nan walked over, and someone immediately went over to open the car door.

Shang Qian sat inside and smiled at her.

“Miss Su, are you so beautiful today?”

Su Nan smiled and stroked the hair beside her ear:

“I can hear such compliments, Mr. Shang.”

Shang Qian was stunned, then his smile deepened.

“It’s right to hear the cocoon. After all, he’s telling the truth from the bottom of his heart.”

Su Nan rolled his eyes at him. Shang Qian’s smooth tongue may be born by a man.

Can’t tell him.

The driver hurried into the car with his head down, trying to make himself a transparent person.

Got to the place soon.

Shang Qian got out of the car and opened the door for Su Nan.

Once in.

Many people came to greet each other.

After talking for a while, Su Nan found an excuse to get out, and ran out and sat on the sofa to breathe a sigh of relief.

In less than a minute, a tall figure stood behind her, smiling playfully.

“You just left me like that?”

Shang Qian was funny and angry.

She actually found an interface by herself... gone?

Su Nan paused, she forgot, she thought she was here with her eldest brother and third brother!

She smiled guiltily.

“I’m used to it, and I forgot it for a while.”

Shang Qian smiled helplessly.

not far away.

As soon as Lu Qi came in, he saw this scene and immediately wanted to cover his eyes.

How could Su Nan smile so brightly at other men?

Isn’t this a deliberate attempt not to make Fu Yechuan feel better?

Fu Yechuan followed up and saw this scene as well.

His face instantly turned cold and ugly.

Lu Qi smiled: “Hey, this is blinded by the newness of the moment, don’t take it to heart!”

Fu Yechuan glanced at it with a cold gaze, then turned his head away, and strode to the other side.

Lu Qi breathed a sigh of relief.

The organizer spoke on it:

“Welcome everyone to today’s dinner, in fact, it is for a friend of M country to wash the dust, please welcome everyone, chairman of the business group of M country, business group!”

Su Nan heard this voice and moved over out of sight.

A tall, gentle and elegant, but old-fashioned man walked out slowly, looking as pale as morbidly, but his eyes were full of energy.

As soon as Shang Qian saw that person appear, he squinted his eyes, and the gentle expression on his face darkened for a moment.

Su Nan blinked, no matter how slow he was, he could feel his depression, which came from his nominal father.

It was learned from Shang Yi that Shang Qian pushed his father down the stairs and fell into a disability.

But it doesn't look like it...

The chairman of Shangqun said some scenes above, and then came down to greet everyone.

Such a rich gold lord will definitely attract a crowd of wolves and tigers and leopards.

Shang Qian stayed quietly beside Su Nan, a little silent.

Su Nan paused, "What don't you want to say?"

Shang Qian was stunned, reached out and stroked her hair with a gentle smile:

"There's nothing to say. He will find him himself in a while. You don't have to say or do anything, just watch the show."

Su Nan nodded.

The next second, I heard that old voice approaching:

"Thank you old friend for the reception dinner prepared for me, it's very polite, I haven't been in country Z for the past few years, but I've been thinking about my old friend... .."

"It should be, it should be!"

"Shang Qian, you have come from country Z with this little courtesy, and you have forgotten about it?"

Shang Qian, who was named, stood up in a hurry and turned around calmly. Hook lips.

"Good evening, my...father."

merchants in the sea was provoked by his indifferent attitude and was very angry, but in this case he had to endure it.

The veins on his face twitched slightly.

The old friend smiled and said,

“I didn’t expect that Shang was always your son? I should have thought that from the country M, it must have something to do with you!” The old friend said with a smile.

Shang Qun sneered without a smile.

“Being reincarnated into my house, that’s his luck for three lifetimes !”

Shang Qian’s black eyes sank slightly, and then he quietly hooked his lips:

“I’ve done it for three lifetimes.”

Shang Qun’s face turned pale. Gloomy: “Shang Qian!”

“Hey, old friend, don’t be angry, young people are always young and energetic, if you have any misunderstandings, let’s talk about it. In this way, I won’t disturb you father and son talking...”

The old friend left with a wink.

Shang Qun’s expression finally didn’t have to be tense.

“Shang Qian, did you lock up Shang Yi? Where did you get him?”

he pressed aggressively.

Shang Qian’s eyes were cold, and he couldn’t see the slightest bit of his gentle expression.

“I sent it to the sea to feed the fish.”

“Shang Qian, that’s your uncle. You really don’t talk about family affection at all. How could I raise a white-eyed wolf like you?”

Shang Qun cursed with an ugly face.

Shang Qian looked at him coldly, with a chill in his eyes.

“What kind of family relationship are you talking about? Anyway, in your eyes, I’m a white-eyed wolf who doesn’t recognize my six relatives. If you really talk about family relationships, you won’t get used to it, right?” For a

moment, the atmosphere became cold.

The silent gun smoke solidified the coldness of the air.

Su Nan stood at the back, watching the tension between the father and son. If there was no one, they would definitely fight.

The infighting of the giants is really unimaginable.

She's really glad she wasn't born into that kind of family.

But what she didn't expect was that Shang Qian's father cared more about Shang Yi?

Shang Qun's vicissitudes of life's cold eyes were deep:

"In the end, you just don't want to let go?" The

father began to threaten his son, and his tone became sharp and ugly.

Shang Qian met his gaze, without the slightest timidity.

"Don't let it go, what can you do?"

He just wanted to piss off the business group!

Shang Qun's breathing became heavier in an instant, and his eyes were extremely sharp and dangerous.

I don't know what, the old friend turned back again, with a lot of bigwigs in the circle behind him.

"Hey, this is your business, it's not yours, this is country Z, but in a society governed by the rule of law, personal freedom cannot be violated casually."

Many people echoed behind:

"That's right, you are a family after all, and you can't make trouble. too ugly can be bad."
" "

total business, business is also your uncle, how can you do it? "

.....

Sunan surprised at this scene.

By the time she realized it, it was over.

It turns out that Shang Qun and this old friend dug a hole for Shang Qian, just to make Shang Qian admit that he took Shang Yi?

A secret horror in my heart.

Really cunning and cunning, not to be underestimated.

As soon as they met, Shang Qian lost the reputation he had maintained for so long, and Shang Qun made a chess move.

Su Nan frowned, watching Shang Qian's face gradually change from gentle to gloomy.

Shang Qun shook his brows and saw that his goal had been achieved.

He quickly put on a look:

"Shang Qian, I know that I am a little cruel for not letting you into the business.

But I also want to exercise your strength, we still have to rely on ourselves to support it, you can So resentful?"

Shang Qun sighed, shook his head, and looked very disappointed with Shang Qian:

"When I die, the merchant will naturally have your share, you don't have to be so afraid of your little one. Uncle Shang will also threaten you."

"Mr. Shang, don't be blinded by hatred, country Z can't treat human life as a child's play!"

"That is, after all, it is a father and son, and the grace of raising is greater than God!"

"It should be yours. No one else can take it away, so why is it so ugly?"

When

the people around him saw this, they would naturally put the whole thing into a family fight.

It's just that the real truth is hidden.

The one star that can be exposed is not true.

But the words of Shang Qun's accusation have already placed Shang Qun on the pillar of shame.

The good image that he had accumulated in a short period of time was destroyed.

Su Nan couldn't stand it any longer.

She took a step forward, her voice clear and cold and she smiled.

"If I remember correctly, at the beginning of the cooperation with President Shang, I investigated the source of his property, and none of it was related to the business. Why does Chairman Shang insist that the business is always for the business's property?"

Su Nan said The sudden opening made the people around him stunned for a moment.

Everyone looked at each other.

Shang Qun observed the woman who suddenly spoke, squinting, his eyes were sharp.

"You are... Miss Su of the Su Group?"

Su Nan curled her lips, "Exactly."

She nodded calmly, after all, a big name is not a bad thing.

Shang Qun smiled.

"I've heard that Shang Yi said that Miss Su is a person with both ability and beauty, and it's true when I saw her today."

Su Nan twitched the corners of his mouth, and being praised by people like Shang Yi sounded fake.

"Thank you."

"But Miss Su, maybe you don't know much about the business. It's not himself that Shang Qian can have what he is today.

Whoever is a rich second-generation self-made man, how can he beat the country with his bare hands?"

Shang Qun said in a simple sentence , and pushed back the previous question.

Su Nan didn't look at Shang Qian's face, smiled directly, and said,

“So it’s better to remind Shang Yi, let him not worry about the land that others have built, and keep his own one-acre and three-point land, which is his ability. “

Shang Qun’s complexion changed slightly, and his eyes darkened as he looked at her.

A hand quietly grabbed Su Nan’s hand and squeezed her.

Su Nan turned to look at him.

Shang Qian’s face was gentle and light, with a faint smile.

There was some joy in his eyes.

It was inexplicable.

Shang Qian paused, as if he didn’t care about Shang Qun’s provocation at all.

There was also a hint of laxity in his tone, and his Adam’s apple rolled slightly.

“Yeah, father, I’ve long been out of your inheritance range, so don’t set up an imaginary enemy for yourself.

Shang Yi’s opponent is Mike who is less than ten years old. You should let Shang Yi be careful about him.”

Mike is the rightful heir in the business family tree.

That was the son of Shang Qun’s most beloved youngest son.

Although he grew up with Shang Qian, everyone in the business knew that the child was married to Shang Qian after his mother was almost five months pregnant.

Therefore, Mike is not Shang Qian’s child.

In an instant, the surrounding situation quietly changed again.

Shang Qian doesn’t have the right to inherit the business?

That business group has been complaining here for a long time, what is the trouble?

Shang Qun’s face was slightly shocked, and his face was a lot ugly.

Just as he was about to speak, Shang Qian lowered his head and smiled, and suddenly there was a sudden realization.

“I see. It turned out that Shang Yi was worried that Mike, who was less than ten years old, would take away his shares, so he was kidnapped?”

...

The words of Shang Qian, who is not a proper householder, are like dropping a bomb in the calm water.

kidnapping?

He even talked about personal freedom just now, but now there is a kidnapping?

Are the rich people from country M so unscrupulous?

Everyone was apprehensive.

Shang Qun's face sank: “What nonsense are you talking about?”

“I always pay attention to evidence, I have prepared the evidence a long time ago, and I will announce it when my father comes!”

“Shang Qian...”

Shang Qun's tone increased, with a warning.

Shang Qian paused and chuckled.

He raised the wine glass in his hand.

“This glass of wine is for my father. I'd better wait for my father to calm down. When he doesn't pour dirty water on me, we can sit down and talk about it.”

After that, he raised his head and drank it.

Afterwards, he put down the wine glass and still smiled politely at everyone:

“I'm sorry, I'm sorry.”

After speaking, he looked at Su Nan with a hint of guilt in his eyes.

He whispered:

“I’ll wait for you outside, take a breath by the way?”

Su Nan’s eyes flashed and he nodded.

If he stayed any longer, his demeanor wouldn’t be able to hold back anymore.

As soon as Shang Qian left, the atmosphere of the rest of the people was a little subtle.

It’s really incredible that Shang Qian dropped that last sentence.

Intriguing.

Shang Qun recovered quickly and snorted coldly.

“He ran very fast, which made everyone laugh .”

“Where...” When everyone saw this, they laughed for a while and then dispersed. Su Nan left long ago, and sat in the lounge area to chat with an acquaintance. Suddenly I felt someone approaching from behind. She looked back subconsciously. business group. Shang Qun came over with a smile, looking very kind and harmless. But Su Nan had just experienced his double-edged sword, and would not believe that he would come to her for anything good. “Director Shang, do you have anything to do with me?” Shang Qun smiled and nodded. Seeing this, the people next to Su Nan got up and politely said goodbye and left. “See you next time then.” Su Nan shook hands with others, then watched Shang Qun walk across to sit down. “Miss Su, I heard that Shang Qian, that boy, has been pestering you for a long time?” Shang Qun pondered for a moment, “I don’t know, you are now...” He was testing the relationship between Shang Qian and Su Nan. In Shang Yi’s perception, Shang Qian was only unilaterally pursuing Su Nan. And Su Nan did not agree. But time has passed and no one knows what has changed. Su Nan smiled, very calm. “We’re dating...” For her, going out would cause a lot of trouble. But if it saves a lot of trouble for Shang Qian, she doesn’t mind.

It’s not something unsightly.

Shang Qun’s face paused for a moment.

He pondered:

“Miss Su is of noble birth, maybe it’s too simple to look at the problem.”

“I don’t understand what the business director means?”

Su Nan looked at the person in front of him.

Shang Qun: "Although Shang Qian is my son, he is not recognized in the business. He has never entered the genealogy of the business, and he will not receive half a cent in the future."

Shang Qun watched Su seriously . Nan's expression changed.

Su Nan was just confused: "What does it have to do with me?"

So, when I told her this, did you want her to leave him?

Why not throw money at her?

Is she unworthy?

Shang Qun frowned:

"Ms. Su's status is not worthy of Shang Qian. It's not right to be a family, so don't waste your time."

...

Su Nan was stunned for a while, his face sank slightly.

She raised her eyebrows, her smile a little playful.

"Director of business, in general persuasion, you have to smash me with a check, but according to my worth, you have to smash me with gold." After

a few words, you want to break up with her?

Just kidding?

No one dared to force her to break up!

Shang Qun frowned for a moment, and instantly understood.

"Miss Su, I don't have any dissatisfaction with you, I just think..."

He gritted his teeth and his face darkened:

"You may be a better match with Shang Yi!" For

a moment, the surrounding air There was a moment of silence.

Su Nan blinked, thinking he heard it wrong?

“Shangyi?”

That idiot?

The merchants nodded.

“Shang Yi is the rightful heir to our business. He has a strong net worth and is blessed with capital. If the two of us get married, Miss Su’s future will definitely be smooth sailing.”

Su Nan couldn’t help but twist in his heart.

She was a little sour.

I feel sorry for Shang Qian.

Shang also has no such ability, but he can still control the business, and thousands of people support it.

But what about Shang Qian?

Leaving the business with an infamy behind his back, without anyone’s help and trust.

He is still kind and warm to this day.

It is obviously more difficult than anyone else, but he believes in the light more than anyone else.

Now, even getting married and having a girlfriend, will someone be ripped off?

How pitiful!

Shang Qun smiled and waited for Su Nan’s conversation, watching her reaction.

It is said that she is not someone who is in the middle of a relationship, so she must know that Fu Yechuan’s influence in the country will definitely hinder Fu Yechuan in any marriage that is of the right family.

Then her vision can only be placed abroad.

Businessmen, whether they are family backgrounds or powerful wealth, are the best choice for the Su Group.

If Su Nan is really a wise woman, then she will definitely be tempted by her proposal.

Shang Qian is an illegitimate son without a name.

He is also a promising business heir.

She must know which one to choose.

Soon, Su Nan concealed the unhappiness in her eyes, and she raised her head with a light smile.

Look at the business group in front of you.

“Director Shang, it doesn’t matter if you are in the right position. We don’t care about that. It’s just that I really don’t believe in the character of President Shang Yi, so don’t mention this matter again.”

Su Nan smiled, paused, and added:

” But I’m very curious, why does Director Shang trust his younger brother so much?

Shang Qian is your own son, isn’t he?”

This is the first time I see him handing over his power to his younger brother instead of his son.

The complex and coldness flashed across Shang Qun’s face.

His voice sank:

“I only believe what I know. I grew up watching the two of them at about the same age. Of course, I have to consider the future of the business.”

Su Nan raised an eyebrow and nodded.

It seems that he really believes in Shang Yi’s character.

Nothing to say.

Treat cow dung as a baby?

She lowered her eyes and smiled, not wanting to say anything more.

Since he misunderstood, then misunderstood!

Looking at Su Nan’s attitude, Shang Qun only felt pity and regret.

She didn't feel anything about Shang Yi, and without such a good support from the Su family, the road ahead for Shang Yi might be even more difficult.

Su Nan didn't sit for too long, then got up and said goodbye.

She was always thinking about the people waiting for her outside.

It was dark and cold, Shang Qian should be lonely outside, right?

She was about to walk outside when suddenly a person in front of her just blocked her way.

Chapter 1076

Su Nan raised his eyes in surprise.

Then, calm down.

She pursed her lips coldly:

“Lu Qi, you should know there is a saying, what is it called to be out of the way?”

Lu Qi choked.

Yes, Su Nan speaks so mercilessly.

What can't he say yet?

The photo of herself running naked is still in her hands, and I am afraid it will become a handle for a lifetime.

But think about it, for the sake of my brother.

He could only bite the bullet and stand here.

“Su Nan, I don't mean anything else, I just want to remind you that Shang Qian is not easy, don't be deceived.”

Su Nan gave him a few eyes.

Suddenly smiled.

“It’s an idiot who can’t lie, but I’m willing to be lied to, can I handle it?”

Lu Qi’s face changed several times.

Really looking for abuse!

Just as she was about to leave, she saw a tall and stern figure behind him gradually approaching.

Su Nan restrained his smile.

He spent the whole evening greeting others in a friendly manner.

He endured his deep thoughts and didn’t go to her.

But the corner of his eyes was her figure, and a frown and a smile grabbed all his attention like a hook.

Lu Qi had already seen that his soul was restless, so he came over to tell Su Nan before him.

But what did he hear?

Is she willing to be deceived?

For so many days, he waited for Su Nan to discover Shang Qian’s true face little by little, and then stayed away.

And he, trying to get himself out of these things.

It was because he didn’t want Su Nan to think that he framed him out of jealousy.

But the result?

Fu Yechuan felt that his whole body was like falling into an abyss, as if huge ice was wrapping him.

No trace of temperature.

He stood in front of her, his eyes locked tightly on the expression on her face.

“You still want to be with him now?”

His tone was cold, and only he could hear the sadness in his words.

Lu Qi couldn't bear to stand beside him.

Su Nan calmly met his gaze.

The moment she looked at his dark pupils, her heart trembled unconsciously.

I don't know why, but it hurts a bit.

But she recovered immediately.

He pursed his lips and smiled.

"Yes, I believe him."

Shang Qian, who believed that he came out of the rumor, was more frank and credible.

Suddenly.

The surging emotions in Fu Yechuan's eyes seemed to be uncontrollable, his Adam's apple rolled, and the blue veins bulged...

He thought he wanted to do something, but he didn't.

He looked at her with deep eyes, turned around, and disappeared at the door.

Lu Qi blinked, a little surprised.

He quickly chased out.

Why is there no one in the blink of an eye?

Su Nan stabilized his mind, and then walked out calmly.

But when she went around the translucent corridor, when she turned a corner, the familiar warm, quiet, and cold scent invaded her instantly.

She dragged her whole body back and dragged her behind the landscape wall.

Hidden and dark.

Su Nan looked up at him in shock, his eyes getting colder.

"Fu Yechuan, what are you doing?"

At this time, Fu Yechuan lost the emotions he had just suppressed.

He squeezed her waist tightly with one hand, and the other on her shoulder, so that she had no chance to resist.

Falcon-like eyes stared at her, the love and anger inside were intertwined, and it was more possessive.

“What are you doing? You like people like Shang Qian, why...why don't you give me a chance?”

He almost gritted his back molars and asked.

Su Nan's push and refusal strength did not push him at all.

Her chest hurts a little...

...

Chapter 1077 Fight it, fight it

Chapter 1077 Fight, fight,

Fu Yechuan's words are really humble, even a little pitiful.

If you go back two years, will Su Nan go crazy with joy when she hears this?

But now it sounds a little ridiculous.

She raised her eyes, looked at the man in front of her, and finally determined that she no longer felt anything.

Finally, she said in a cold tone:

“Because, I don't want to regret it. It's worthless to waste two feelings on the same man.”

Fu Yechuan's pupils shrank fiercely, and even his heart twitched. For a moment, it hurts.

The hard and stern face was slightly stagnant, and the expression on his hand flashed.

But the next second, he lowered his head and kissed Su Nan's lips fiercely.

It seemed that he didn't care who she liked at all.

She must be her own, and only her own.

But Su Nan tilted her head subconsciously, and his kisses were dense and suffocating on her side face.

Su Nan used all his strength to resist, but a man's strength is inherently dominant.

Even though she was a little skilled, in front of Fu Yechuan, she was nothing more than a little trouble.

His aura was cold and strong, and the whole person was cold. He forcibly imprisoned her under his body, and wanted her to remember him forever...

Su Nan was angry and anxious. How dare this Fu Yechuan play a hooligan with her here?

She got chills all over her body.

suddenly.

A gust of wind blew by.

Fu Yechuan groaned, his whole body involuntarily tilted to the side and fell.

But he let go in time to let Su Nan stand firm, but he stumbled two steps.

Stand firm.

He raised his head blushing.

When he saw the person standing in front of him, the sharp edge in his eyes was full, and he wished to kill bloodthirsty.

Shang Qian stood there, elegant but cold, with a very ugly face.

Fading away his approachable warmth and modesty, when he was silent, he was angry.

Shang Qian glanced at Fu Yechuan without fear, then took off his suit jacket and put it lightly on Su Nan's body.

He touched Su Nan's face, "Are you okay?" His

voice was restrained and gentle.

Su Nan paused, lowered his eyes, and shook his head: "It's fine."

Shang Qian's eyes were still deep, but his movements were gentle and light.

He turned his head and looked at Fu Yechuan with dark eyes, his face tense and ugly.

Fu Yechuan snorted in disdain.

The scarlet in his eyes was cold and sneering:

"I can't sit still? Su Nan was married to me for three years. Isn't it normal for us to kiss?"

For a

moment.

There seemed to be a chill in the air.

Without the slightest hesitation, Shang Qian strode forward and swiped a punch at Fu Yechuan's face!

He seemed to hold back for a long time, and finally found an opportunity to vent.

Su Nan's heart lifted in an instant.

Although he looked a little more gentle than Fu Yechuan, he should have practiced the strength and speed of his moves.

Every move is ruthless.

As soon as the two men started, they didn't mean to stop, and they beat each other to death like crazy.

You come and go, and your face is full of colors.

Su Nan frowned, but remained silent.

She is ready to go up to replace Shang Qian at any time, and then continue to beat Fu Yechuan to death.

But suddenly someone shouted:

"Come on, hit someone—"

It was Lu Qi who called.

...

Chapter 1078 deserves to be beaten

Lu Qi rushed over, "Stop, stop beating, Shang Qian, I warn you, if something happens to Fu Yechuan, you will be the enemy of the entire Fu Group, Can you afford it?"

Su Nan rolled her eyes away like an arrow, and said sharply:

"If you can't afford to lose, don't fight, and you still want to smash people to death with money? That's what the upstarts do!"

Lu Qi pursed his lips and said nothing. Thinking that Su Nan actually opened his mouth to defend Shang Qian?

Hearing this, Fu Yechuan lost his strength.

Seeing that the situation of the two people fighting is getting more and more dangerous, no one will let go of the other.

Fu Yechuan had never wanted to die since he was a child. After rolling around in the military camp, he was even more fearless.

But how could Shang Qian, who looked as gentle as jade, fight so fiercely?

It's like changing people!

For a time, it was hard to tell the winner!

Gradually, there were still people coming to see the fun.

Su Nan snorted coldly, walked over, and said in a cold voice,

"Stop—"

she shouted.

The two stalemates separated lazily, but none of them conceded defeat.

Fu Yechuan's face was not good-looking, blood was oozing from the corners of his mouth, and he was also punched in the face.

As for Shang Qian, Sven's gentle face was bright, and he was a little bit colder and wilder.

Shang Qian walked towards her, Su Nan looked at him, took his arm, turned around and left.

Her choice was neat and tidy.

Looking at her back, Fu Yechuan's heart suddenly felt empty.

"Su Nan..."

He couldn't help shouting.

Su Nan really stopped.

Turn back slowly.

His dark eyes gleamed again.

Su Nan: "Just what you did to me just now. You deserved the beating. Otherwise, the person who hit you would also be me.

"

Fu Yechuan's black eyes were completely plunged into darkness, gradually turning into a treacherous sea, calm but dangerous.

Any gust of wind can make a huge wave...

Shang Qian's back was slightly heavy at first, but after she finished speaking, she suddenly felt relieved.

He didn't even feel the pain when he was beaten.

The onlookers couldn't help but be shocked, what the hell is going on?

Fu Yechuan actually fought with Shang Qian?

But Su Nan left with Shang Qian?

Could it be...

in the car.

The driver is driving ahead.

From time to time, he glanced at the two silent people behind him.

Shang Qian was injured all over, but he didn't seem to be angry at all?

However, Su Nan looked at him with heavy eyes, and then turned away.

“President Shang, where are you going?”

Shang Qian: “Go home.”

Su Nan: “The hospital.” The

two said at the same time.

Su Nan frowned, “Why are you going back now? Of course you’re going to the hospital!”

Shang Qian smiled, tore at the wound, and took a deep breath.

Soon, he gave her a soothing look:

“It’s nothing, just go back and apply some medicine.”

Su Nan frowned, “It’s best to take a CT scan to avoid any internal injury.”

Shang Qian: “Okay. , listen to you.”

He could see that Su Nan’s mood was not right.

I didn’t stand up for my opinion.

The driver immediately turned around and went to the hospital that Su Nan often went to.

At the door, Shang Qian looked at the hospital in front of him, glanced at the driver, and got out of the car without saying anything.

He opened the car door for Su Nan at the back and helped her down in high heels.

“Would you like to change your shoes?”

. In fact, Shang Qian kept a pair of more comfortable shoes for her in the car.

Su Nan immediately refused: “Of course not, how can I match other shoes with my clothes?”

Shang Qian pursed his lips and did not insist.

Girls always have their own perseverance.

Can't object.

As soon as the two walked in, they felt a lot warmer.

Su Nan relaxed, only to realize that he had been wearing Shang Qian's coat all the time.

He was wearing only a thin shirt...

the one who was hurt, but he.

Su Nan suddenly felt a little sad, Shang Qian turned his head to look at her, "What's wrong?"

She reached out and took off her jacket, but Shang Qian quickly stopped:

"Wear it, I just finished exercising, and my whole body is hot."

Su Nan After a pause, he did not continue to take off his jacket.

The nurse on duty greeted her, "Miss Su? May I ask where is the injury?"

This little nurse took care of the injured Su Nan not long ago, and recognized it at a glance.

Su Nan smiled and pointed at Shang Qian:

"Please give him a full body examination." The

little nurse gave Shang Qian a shocked look, never expecting that the injured person was this gentle and elegant man.

"Okay, okay." The

little nurse didn't dare to delay, and immediately found a wheelchair and let Shang Qian sit on it.

Shang Qian: "..."

Under Su Nan's eyes, he finally sat up with all limbs.

There is a kind of lameness, when others think you can't go.

two hours later.

Shang Qian came out surrounded by a large group of doctors.

Su Nan nervously greeted him.

The doctor kept a decent smile:

“Mr. Shang’s physical condition is very healthy, there is no damage to his internal organs, but his muscles and bones are slightly damaged, and his face is bruised. He does not need to take medicine. The medicine is applied three times a day, and it will be fine in three days. .”

Su Nan breathed a sigh of relief.

Fortunately, it was only a skin injury.

The doctors were very patient and sent the people away.

When he arrived at the apartment, Su Nan took him upstairs for the first time, and waved his hand very reluctantly:

“You go in, I’ll go in after I go in.”

Shang Qian stroked his forehead, a black line.

He chuckled in a low voice: “Why do I think you took my script?”

Her words were what he should have said.

Su Nan blinked, “Is there? You are a patient, of course you have to take good care of you, go and rest!”

Shang Qian raised his head helplessly, his voice was low and hoarse:

“Su Nan, no matter what time, I will take care of you. You, don’t worry about me.”

He vaguely felt that Su Nan cared too much for him.

Su Nan tightened his breath, and the silence lasted for a long time.

She slowly raised her head and looked at him with clear eyes, a bit sour:

“Shang Qian, I just feel sorry for you.”

Her voice was low, but he could hear it.

His body trembled slightly, and his breath tightened for a moment.

Su Nan's reaction was unexpected:

"They know it's fake, and if you don't justify it, no one will know the truth. You seem to be a born sinner.

But you haven't done anything wrong, Shang Qian, how could they treat you like this?"
In the

end, Her voice was almost inaudible.

But he heard her choked voice.

He suddenly felt that someone was choking his breath, and uncontrollably, he stepped forward and took her into his arms.

Su Nan suddenly hugged him tightly and responded to him.

She really felt sorry for him, for such a clean and gentle person who came out of the mud without any dirt.

very nice!

Chapter 1080 depends on you

Chapter 1080 Relying on you

, Shang Qian's hands are extremely tight, his eyes blurred, and he said quietly:

"It's okay, Su Nan, I'm okay..."

He has been carrying illegitimate children since he was a child. His infamy is trembling, even a businessman is just a more advanced illegitimate child.

No one pitied him, this was the punishment he deserved as an illegitimate child.

When he came into this world, he hated the whole world.

His vain mother, his irresponsible father, and his powerless self.

He envied those cheerful and cheerful peers, their sunshine, cheerfulness, positivity, and upliftment were everything he envied.

But in the business, he had to be silent.

He didn't pretend to be very strenuous, silence and gentleness seemed to be the same.

Just cold-blooded indifference to everything.

Shang Yi's domineering and scheming are blatant, and his hostility to himself is menacing.

When he first made his debut in the Shang Company, he received a tragic blow.

Shang also thought he had trampled him into the mud and stepped on his feet.

Simply, he left the business.

He did everything he could to gain a foothold on Wall Street.

Because his surname is Shang, there is a person with a head and face in the name of the business.

Therefore, after his name was released, Shang Qun would not move him easily.

He has experienced the heaviest darkness, but he has ignored them. He just wants to see light and warmth.

Fortunately, he saw Su Nan.

Su Nan wept for a while, only to realize that his shirt was wet.

She embarrassedly stroked the wet place:

"I won't let you be bullied like this in the future, come in quickly."

Shang Qian's eyebrows moved slightly, lowered his eyes silently, and looked at Su Nan's gentle eyebrows.

He knew very well that he was trapped.

Inextricable.

...

the night was chilling with coldness.

Next to Fu Yechuan's car.

He stood there without a coat, rolled up his sleeves to his forearm, lost one of the diamond cuffs on his shirt sleeve, and hung the other sideways on it.

The muscles of the forearm are smooth and sharp, and the air pressure is very low.

His brows were indifferent and sullen, he was biting a cigarette, and with one hand he touched the lighter from the car, but no matter how much he hit it, no flames came out.

Go down several times.

The irritability between his brows turned cold, and he threw it back into the car.

A click—a sound.

A steady stream of flames was handed over.

Looking along, Shang Qun stood there with a smile and stretched out his other hand.

“President Fu, please...”

Fu Yechuan paused for two seconds, his eyes were wicked and cold.

He bowed his head slightly, the weak flame reflected his facial features sharply and deeply, the corners of his eyes were slightly red, and the bottom of his eyes, which was not easy to detect, was weeping blood.

“Thank you, Chairman Shang.”

Shang Qun smiled and took it back, “Mr. Fu is very polite, Shang Yi has always told me that you are a righteous person, and he has received a lot of care from you here, and I should thank you on your behalf. .”

Fu Yechuan snorted coldly, bit his cigarette, and his voice was hoarse and cold:

“He can’t even save himself, so don’t rush to thank others.” As soon as the words came out

, Shang Qun’s face changed a bit.

Indeed, the disappearance of Shang Yi is humiliating.

Fu Yechuan and him did not have any interest cooperation to consolidate, so naturally they would not go to great lengths to inquire about his whereabouts.

But here, only Fu Yechuan can find Shang Yi from Shang Qian’s hands.

Therefore, no matter how unhappy Shang Qun is, he still smiles lightly on the surface...
