Chapter 1081 Distressed to death

Chapter 1081 I'm so heartbroken

, “Shang Yi was really careless, thinking that in country Z, there is no need to worry about safety. I often warn him to be wary of others, but he forgot his youthful spirit. .”

Fu Yechuan twitched the corners of his mouth, spit out a smoke ring, looked indifferently ahead of him, immersed in his own world.

I didn't listen to what the business group said at all.

Shang Qun suppressed the impatience in his heart and took a deep breath:

“Mr. Fu, Shang Yi is missing, it must be Shang Qian who did it. Of course, in country Z, we still have to rely on President Fu, can I ask for your help... “

Fu Yechuan turned his head away, his eyes indifferent:

“Help? What's in it for me?”

His voice was hoarse and slow.

With the shrewdness and calculation of a businessman.

The big fat meat from the merchant was delivered to his mouth, and it seemed unreasonable not to take a bite!

Shang Qun paused, not expecting Fu Yechuan to be so direct.

When talking about money directly, Fu Yechuan would definitely not like it.

After thinking for a few seconds, he hesitated and said,

“Shangshi has a subsidiary company in Z, and he can donate half of the shares to President Fu...”

“Huh...”

Fu Yechuan laughed and let the businessman Qun was shocked and quickly changed his words:

“The business circle of Shang’s enterprises is currently planning to connect the global business map. If President Fu is willing, Fu’s Group can become the only Party A in China.”

Fu Yechuan’s eyes were instantly deep . , took a breath, and looked at Lu Qi, who was running from a distance, with a clear voice:

“Deal.”

He has heard rumors about merchants. If this territory is really connected, it can even monopolize a part of the industry with pressing profits.

There is no reason to refuse.

Shang Qun breathed a sigh of relief, “Then...”

Fu Yechuan glanced at him, “Tomorrow I will have someone give you the news.”

Shang Qun immediately breathed a sigh of relief: “Thank you, Mr. Fu.”

Lu Qi was out of breath . He ran over, “Old Fu, why are your mobile phones lying around? I’m looking for it. Fortunately, I found it, get in the car...”

He looked at the business group who was gradually walking away, frowning, “That’s not it. Business director?”

Fu Yechuan said “um” vaguely, then opened the door and got into the car.

After Lu Qi got into the driver’s seat, he realized something was wrong.

“You treat me as a driver?”

I treat you as a brother, but you treat me as a driver?

Fu Yechuan closed his eyes tiredly, “Stop talking nonsense and go home.”

Although the transaction was completed, his mood did not improve.

Lu Qi: “Go to the hospital, your injury looks serious, and it will be better if you take some medicine.”

Fu Yechuan frowned and opened his mouth to refuse, but Lu Qi interrupted him:

“Go to the one where Su Nan often goes. In the hospital, she will know that you are seriously injured, otherwise how could she have a chance to feel distressed?” In

one sentence, he blocked him back.

He closed his mouth, raised his head, and made a dull “um”.

Hey!

He agrees!

Lu Qi smiled and felt that he was really smart!

Along the way, he hummed an unpleasant song, and Fu Yechuan was also trying his best to endure it.

Finally, to the hospital.

His ears were clean.

A very distinguished patient Fu Yechuan was welcomed in the quiet private hospital!

Fu Yechuan’s stern face was bright, but his aura was strong.

The doctors were busy with Miss Su’s friends, and they had to receive Fu Yechuan, so they didn’t dare to fight at all.

They were extremely thoughtful, and they arranged a series of body examinations for Fu Yechuan.

Fu Yechuan can go to their hospital, that’s his trust in them!

Lu Qi sat on the rest chair outside for a massage, and waited for Fu Yechuan by the way...

...

Chapter 1082 thought about giving up

Chapter 1082 thought about giving up.

Fu Yechuan was pushed out by various doctors in a wheelchair. The bruises on his face were smeared with a thick layer of medicine, gauze was wrapped around his forehead, and even his arms were bandaged. ....

Come in well, do you want to go out in a wheelchair?

Lu Qi was startled.

Fu Yechuan, is it too much drama?

Let him do a checkup, he didn't let him check out the terminal illness!

Not open, listening to the little nurse whispered, not far from the discussion:

"It's not just been to the Miss Su is right next to that of her boyfriend??"

"Yes, two people appear to be a loving, Her boyfriend was injured a little bit, and Miss Su was so distressed that she almost cried outside..."

"The two are a good match, and her boyfriend is so handsome, I'm really envious!"

. . . . .

Lu Qi's face changed, and it was too late to stop him.

The other parts of Fu Yechuan's face that had not been smeared with the medicine turned green and ugly.

He stood up abruptly, tearing off the bandages on his hands and the gauze on his forehead.

Then strode out.

He didn't even bother to pretend to be pitiful.

What a joke!

The doctor behind him: "..."

Just now they had to ask them to treat him with serious injuries!

Muscles and bones are slightly worn and bandaged!

Bruised head, wrapped in gauze!

...

Lu Qi hurriedly struggled out of the massage chair, and got up to chase after him:

"Old Fu..."

Before leaving, he looked back at the doctor.

The doctor immediately said,

“Fu always has a skin injury. This is an ointment. It works three times a day for three days.”

Lu Qi nodded gratefully and chased out with the ointment.

“Old Fu...”

He didn't dare to let Fu Yechuan drive, he didn't live enough!

He pulled him out of the driver's seat and climbed up on his own.

“It's a long time coming, Shang Qian is still proud, we have a way, why should we be angry?”

Lu Qi started the car steadily and exhaled.

Fu Yechuan, who was sitting at the back, silently looked at the scenery passing by the window.

a long time.

He said, “Have you thought about giving up?”

Lu Qi's voice was hoarse, and his expression was complicated for a while.

He doesn't know how to answer?

“No, old man, I understand your feelings, but... I will be responsible for finding the person I lost.”

His expression was solemn.

Indeed, when he learned that Leng Lin and Fu Yanni were together, his whole world collapsed.

He was unwilling, but powerless.

As if everything you do is wrong.

As if the most aggrieved person in the world is himself.

But think about it, why?

It was him who challenged the bottom line of marriage again and again, and pushed her to a dead end again and again.

The gentle and kind-hearted Leng Lin also grew up under the care of her family, but he watched her family go to a dead end.

The straw that broke the camel's back was that thing.

It is irreparable.

He forgot that their marriage was based on the interests of both parties. Since they couldn't provide for each other and lost the balance of interests, there was no possibility for them to continue to be involved.

Of course, he didn't leave anything in the marriage worth her nostalgia and remembrance.

Wanting to get back is naturally a very difficult thing.

Fu Yechuan closed his eyes, wondering if he was really asleep or if it was fake.

There was a slight tiredness in his eyes.

After Lu Qi answered, the car fell into silence again.

The blue veins on Fu Yechuan's forehead bulged, trying his best to suppress his emotional leakage.

The person he lost seems to... can't be found.

next day.

Su Group.

nine o'clock.

Su Nan returned to the office after the meeting.

Yu came upstairs, hesitating to speak.

Su Nan smiled, "Speak straight."

Yu Lou: "The business director came to Z country, and there was a lot of movement. It seems that in order to find Shang Yi, he used a lot of network resources, and many people came to talk to me. Ask me if I know Shang Yi's whereabouts..."

Su Nan was silent for a few seconds, then smiled.

"It can make all the celebrities in City A mobilize their own network resources. It seems that the business group has a lot of face."

"The Fu Group is also quietly looking for people."

Yu Lou looked at her, thought about it, and said :

"If the Fu family unites with the merchants, we have to guard against it."

Su Nan's eyes sank.

Maybe, maybe just because the enemy of an enemy is a friend?

Although Fu Group has been involved in a wide range of fields in recent years, his key investments are all in the new technology industry chain, making steady progress.

But merchants, although they have huge roots, started out with virtual assets and belonged to people who play money in country M. The bubble economy can be broken with a poke.

Two different paths.

How could Fu Yechuan cooperate with merchants?

With the pen in her hand, she tapped on the table twice, making a crisp sound.

"As soon as the business group comes, it will definitely bring some relationships with the merchants. Go and ask carefully, what role does the business group play in the business?"

I want the most detailed information."

Although she already knew about it in general, she always felt that the truth in front of her was covered in a layer of fog.

Soon enough, she could see clearly.

Yu Lou frowned, but nodded anyway.

What Su Nan was trying to prevent was not that the Fu Group cooperated with merchants to make it bigger.

She wants to beware of businessmen muddying the water in this circle.

Many people are looking for the whereabouts of Shang Yi, and even dispatched the police.

But the search results were nothing.

Time passed little by little, as if tormenting the tormented psychology of some people.

Shang Qian worked as usual, went on dates, drove her to and from get off work, and had dinner and watched movies together.

He never revealed anything about Shang Yi.

Su Nan didn't want to ask either.

this day.

Qin Yu went shopping with her, and when the two of them walked around the mall, they could feel that someone was following her.

And, there are more than two people.

Qin Yu hesitated, Su Nan smiled and pretended not to know anything.

She happened to be standing at the door of a beauty salon. Su Nan was tired and pulled her in.

"Have a spa and then go back?"

Qin Yu was surprised, "You still have this mood?"

Su Nan: "Isn't it just for enjoyment?" Qin Yu: It makes sense...

The last time I had a bad experience when Yun Yun said bad things about her, Su Nan was very domineering and let people clear the scene. The people upstairs and downstairs left in less than ten minutes.

The people in the store only serve the two of them.

The light from outside could not penetrate the thick curtains.

The fragrance inside is peaceful and serene, and it makes you feel completely relaxed.

Su Nan was too tired during this time. Su Jin was busy on her honeymoon, and most of the company's affairs were tilted towards her.

No way, before he got married, she had to grit her teeth and carry it.

After all, Su Jin got married this time, and the whole family had to give in.

The masseuse came in with two bottles of essential oils, without any brand marks, but they were quite expensive at first glance.

“Miss Su, Miss Qin, this is a new product from the headquarters. It is only available to our private VVIP. We only have two bottles in our store. Do you want to try it?”

Qin Yu raised her eyelids. If you don't have millions of consumption, I'm afraid no one will recommend it to you.

Su Nan closed his eyes and let out a lazy “um” without even asking the price.

The masseuse knelt down very familiarly and started to prepare.

The technique is very skillful, and it is very comfortable to press.

The whole person feels immersed in a beautiful dream.

There is a drowsy feeling.

At the end, they lay quietly.

Su Nan's cell phone suddenly rang, waking the two of them up.

The masseuse on the side hurriedly took her phone over.

Su Nan saw that it was Yu Lou.

She took it, said a few words, and then hung up.

Qin Yu stretched herself and felt the new product, which was really good.

Su Nan also sat up, "How do you feel now?"

Qin Yu thought for a while: "It feels like being wrapped in money."

Su Nan was stunned, then smiled, "That's true." The

two went to change their clothes, Just as the phone rang again.

This time it was Shang Qian.

Su Nan smiled and picked it up.

The person on the opposite side sighed:

"I was waiting for you downstairs in your company, but Yulou said you skipped work?"

Su Nan stuck out his tongue, "Qin Yu and I just finished the spa and are going to eat, you Do you want to come?"

"Are you welcome?"

Su Nan glanced at Qin Yu, who shrugged and looked indifferent.

She smiled, "She said welcome."

"I'll be there soon."

After the man finished speaking, he hung up the phone.

Qin Yu heard clearly from the side, and immediately shook his head.

"Aren't you too tired and crooked now? Can't bear to part for a meal?"

When he is with his best friend, he should consciously retreat, and he even asks Huan if he is welcome?"

In front of Su Nan, she did not hesitate Politely complain about Shang Qian's soft nature.

Su Nan smiled. She didn't see how he and Fu Yechuan were fighting, which could scare people to death.

"He likes to eat with my friends very much, because it's a good opportunity for him to show."

Qin Yu smiled, snorted lightly, and shook his head.

“This is really in line with the shrewd character of President Shang. If you two separate in the future, will he run to commit suicide?”

Su Nan pursed his lips and raised his eyebrows:

“He’s not that kind of person.”

“No?”

Qin Yu raised her voice, obviously in disbelief.

Shang Qian gives the impression that he is gentle to the extreme, considerate to all aspects, delicate and particular, someone who has to make a good draft even when he is angry.

He will not?

Su Nan nodded, “In some aspects of his personality, he is actually...a bit like Fu Yechuan.”

Then she told Qin Yu about the fight between the two during the party that day.

Qin Yu’s mouth widened in shock.

If Su Nan hadn’t said it herself, she wouldn’t have believed it, that the person who took the initiative would be Shang Qian?

The point is that Fu Yechuan didn’t win, and Shang Qian didn’t lose either.

She really underestimated this gentle and jade-like Shang Qian.

But then, Qin Yu frowned.

“I heard Mo Xian mention that Shang Qian’s father is here to deal with him. Will he... lose badly?”

Su Nan paused, “How? Now, he can’t lose.”

Even if he loses, he can afford to lose.

Listening to Su Nan’s words, Qin Yu rolled her eyes at her.

“Do you think he’s a good bag like a normal little white face?”

Su Nan was about to speak when he heard the heavy footsteps approaching outside, followed by laughter:

“What do you want to pack?”

...

Chapter 1085: The Great Secret

Chapter

1085 Su Nan raised his head, Shang Qian had come over, with a warm smile on his face, when he looked at her, he was full of warmth and nostalgia.

Qin Yu twitched the corners of his mouth, didn't expect him to come so coincidentally?

“A private room, President Shang!”

Shang Qian nodded, took out his card, and handed it to the massage manager beside him.

“Yes, in the future, you should call me often for this kind of thing.”

Qin Yu's smile froze.

Su Nan's smile deepened, but he didn't stop him:

“Then you have to work hard, President Shang!”

Shang Qian nodded solemnly, and a trace of joy appeared on Qing Jun's face:

“Don't worry, the bill will be settled in the future. Leave it to me.”

This was what he wanted.

After swiping the card, the store manager took it and returned it to Shang Qian, “A total of 2.47 million has been spent. Dear guest, welcome to come next time.”

Su Nan nodded. After all, he used two bottles of sky-high essential oils, which was unexpected. among.

Qin Yu was slightly taken aback.

It's not that I can't afford it, it's just that the amount is really surprising.

Shang Qian was more calm, as if it wasn't his money, he took it and stuffed it into Su Nan's bag:

“What would you like to eat?”

Su Nan didn't see his little gesture, and lowered his head to reply to Yu Lou's message:

"There 's a new Singapore store downstairs, let's go check it out?"

Qin Yu had no objection, she suddenly felt hungry now.

Shang Qian went over to hold the bag for her, then took her arm and walked forward familiarly, so as not to delay her replying to the message.

The thoughtfulness can be seen in the details.

at the dinner table.

Qin Yu sat inside, Su Nan sat outside, face to face with Shang Qian.

While eating, the two exchanged eye contact from time to time, looked at each other, and then smiled.

Qin Yu, a man who has experienced many battles in the love scene, felt helpless when he saw it.

Are these two fresh graduates?

She sat there with a huge light bulb and was starting to feel restless.

When he went back, Qin Yu waved his hand and quickly left.

It would be too torturous to leave with them all the way.

in the car.

Shang Qian looked out the window, his eyes deep.

"Following a lot of people today?"

Su Nan smiled, "Yeah, a bunch of idiots, do you think I would know the whereabouts of Shang Yi?"

Shang Qian reached out and held her hand:

"Don't worry, my people I'm also protecting you secretly."

Su Nan raised her eyebrows, of course she knew that she was following several people, and she also divided several groups.

But for her, she is not worried.

“When are you going to wait until the showdown?”

Shang Qian’s eyes flashed, and the smile at the corner of his mouth narrowed slightly.

“I just wanted to shut it down for a few days to scare me, but...”

His eyes sank slightly: “I think I know a secret, so I just want to see if the secret is true?”

Su Nan was surprised: “What secret?”

Shang Qian looked at her, pondered for a few seconds, without any concealment, and said:

“I suspect that Shang Yi is not my uncle at all, let alone my father’s younger brother.”

In a word, the shock on Su Nan’s face was beyond description.

“Could it be that the merchants don’t know their own bloodline...”

She couldn’t help being a little shocked. The rich and powerful family valued the purity of bloodline very much.

If there is a problem with Shang Yi’s background, how can he become the darling of the entire business, the rightful heir?

Even Shang Qian, who was an illegitimate son, was never truly recognized by the family.

Shang Qian pursed his lips, his eyes froze, looking at the light and shadow passing by outside, a trace of gloom flashed between his eyebrows.

Chapter 1086 Complicated Relationship

“I accidentally turned to previous photos in the past two days.

Shang Yi’s mother was thirty years younger than her grandfather. She married her grandfather and died shortly after giving birth. I should I haven’t seen it before, and I don’t have an impression.”

Su Nan asked: "Do you suspect that the Shang Yi born to Shang Yi's mother is not your grandfather's child?"

Shang Qian nodded, and a shallow shadow fell on his eyebrows. .

"My mother..." He paused and continued:

"I left a lot of photos before her death. I seem to have seen photos of my father when he was young in her photos, with pictures of him and others in it. Group photo.

Shang Yi's mother seems to be among them." As soon as

Shang Qian finished speaking, Su Nan formed a shocking guess in his heart.

Her face changed slightly.

"You mean that your father may be related to Shang Yi's mother, your nominal grandmother?"

For a long time.

Shang Qian nodded.

His face was dignified and not good-looking.

Although he had never met Shang Yi's mother, the woman's photo was always displayed in the store.

At that time, Shang Qian didn't pay much attention to the appearance of this woman, nor did he connect with the woman in the photos collected by his mother.

Just flipping through the old photos just now, he looked at the strange woman, and suddenly a shocking thought came to him.

And it seems, there are traces to follow.

Su Nan secretly took a deep breath.

What kind of shit script is this?

In terms of time, Shang Yi's mother was a few years younger than Shang Qian's father.

She is more than enough to marry a business group, but why would she marry an old man 30 years older than her?

If Shang Yi is the biological son of Shang Qun, then this news does not seem to be surprising.

Su Nan thought about it, and couldn't help but express his thoughts:

“No wonder Shang Qun is so interested in Shang Yi, if it is his own son, and the son of himself and his first love, then it all makes sense. ”

Shang Qun's preference and unconditional trust in Shang Yi may be based on the fact that he knows that Shang Yi is his son.

Therefore, Shang Qun's indifferent attitude towards Shang Qun may have the answer.

How can an illegitimate child who is not what he wants get the same treatment as the son of his first love?

However, she did not say anything about the subsequent speculation.

Shang Qian had already guessed it himself.

Shang Qun was always on guard against him.

But for Shang Yi, he is enthusiastic, joyful and patient.

A big brother, no matter how much he loves his younger brother, shouldn't he surpass his own son?

Unless that person is his own son.

Su Nan looked at him with burning eyes, “Shang Qian, what are your plans?” There was silence for a few seconds.

Shang Qian said slowly: “There is no evidence, everything is speculation, I will investigate it clearly, and it will not be too late to make arrangements.”

He must be 100% sure.

Su Nan raised his eyebrows, it was indeed his style.

“But even if it's true, it's just a scandal, and there shouldn't be any loss to the merchant, right?”

Although the merchant's inheritance rights belong to Shang Yi, but the power is in the hands of the merchant group. I don't quite understand, what is the result you want? What is it?”

There is a general goal, so she can know what Shang Qian wants to do next.

Shang Qian looked up at her, and the corners of his lips curved slightly.

“You care about me so much?”

Su Nan glanced at him and muttered, “If you don’t want to talk about it…”

...

Chapter 1087 He is in a bad mood

Chapter 1087 He was in a bad mood. Shang Qian

was amused, and immediately told her his thoughts:

“I have no purpose, but they can’t drive Mike out. Mike should have, he must have.”

The younger brother who gave him warmth in his life can really give up everything.

Now, he protects his brother’s son and everything he has.

Shang Qian’s eyes sank and looked out the window:

“It doesn’t matter what they do to me, but I want Mike to be justified.”

Su Nan frowned, paused, and a stone fell to the ground.

It’s she who thinks too much.

How could Shang Qian, who never cared about things outside his body, be carried away by hatred?

After Su Nan spoke for a while, Shang Qian received a call.

He held his head with a headache, hung up the phone and came back, “Little Mike got into trouble at school again!” He

almost gritted his teeth.

When I fell in love just now, I was sincere.

When I hate it now, my teeth are itchy.

Su Nan couldn’t help but smiled and pushed him out: “Come on, I have to work overtime for a while.”

... I

thought that everything was under control, but Shang Qun, no, Fu Yechuan's ability It is unimaginably powerful.

Only the third day.

Shang Yi was taken away.

Fu Yechuan's people.

When Shang Qian knew about this, there was not much surprise and regret on his face.

As if everything was expected.

"It's faster than I thought."

Su Nan chuckled, "It's been three days, according to Fu Yechuan's character, it's worth questioning his own ability."

"That's because President Fu didn't really look for it, otherwise... no Three days."

Shang Qian said from the heart.

Su Nan pouted, "Shang Yi will definitely not let you go when he comes out, you should be careful!"

Shang Qian raised his eyes and looked at her with a smile:

"It scared me to death, can I hide from you?"

Su Nan She really hesitated for a moment: "My bodyguard, Chang Li, can lend it to you."

During her most dangerous period, Chang Li never left her body for protection, and she clearly knew Chang Li's ability.

Shang Qian couldn't help laughing and crying, couldn't she hear that she was selling miserably?

"Let's leave it to you, otherwise I'll be even more worried!"

Su Nan smiled and didn't force it, she knew that Shang Qian would definitely have his preparations.

...

evening.

Su Yifeng called and asked her to go back to eat.

Su Nan readily agreed and went home with Su Jin after get off work.

With a free driver, Su Nan would definitely not drive by himself.

Su Jin dealt with two difficult things in the car, and also held a conference call to make good use of the time when he went back.

when getting off.

It was only when Su Nan found a chance to talk to him that he was speechless:

“Brother, didn’t sister-in-law come back with you?”

After they got engaged, they moved out.

Su Yifeng also agreed, encouraging the two of them in the world and never mixing.

However, Su Jin would go back to live with Wen Xiang for a day every week, making Su Yifeng as happy as a spinning top.

Su Jin frowned for a moment, “She went on a business trip abroad for two days, she will be back in the evening, I will pick her up again.”

Su Nan breathed a sigh of relief.

“That’s good, don’t quarrel, or she won’t want you, and you’ll be alone again.”

After speaking, she simply turned around and walked in.

Su Jin: Are you polite?

The uncle, the housekeeper, was busy with the servants, and was very happy to see them come back.

“Miss, Miss Ning has just arrived and is talking inside...”

Su Nan’s eyes lit up.

Su Nan happily ran in.

The housekeeper watched Su Jin come in and sighed:

“It’s been a long time since the house was so lively.”

Su Jin smiled, “You worked hard.” The

housekeeper has taken care of them at Su’s house for decades. Just like your own family.

He smiled and waved him in.

I am still in the kitchen watching people busy.

Su Xiaohu leaned on Su Yifeng’s knee obediently, wagging his tail and listening to them.

Su Yifeng touched his tiger fur for a while, and felt that Su Qi wanted to beat someone but held back.

Su Qi: “My dear father, who is the person who loves you the most in this world?

It’s me, your favorite San’erzhe!”

Ning Zhi turned his face away helplessly, wishing he didn’t exist.

Su Nan paused and rolled his eyes immediately.

I really want to slap him!

“My dear father, who is the most maddening person in this world?

Is that him? Your favorite San’er Zhe!”

As soon as the voice fell, the people around couldn’t help but burst into laughter.

Ning Zhizhi even laughed outright.

Su Qi turned his head and stared at her with a dark face:

“Su Xiaowu, how dare you talk to your brother like that?”

Su Nan snorted coldly and walked directly to Su Yifeng and sat down:

“How dare you talk to your girlfriend’s best friend like that? ?”

Rebel Army.

Complete victory!

Su Qi was stunned for a few seconds, unable to speak.

Su Yifeng was overjoyed and patted her hand.

Yan Yan persuaded her sincerely:

“Don’t bully your third brother, he is embarrassed in front of Zhi.”

Ning Zhi lowered his head and blushed slightly for a moment.

But in the end, she often went in and out of Su’s house. She knew the atmosphere of the house very well, and she didn’t feel uncomfortable.

“Uncle Su, Xiao Wu has already let the third brother...”

Su Nan smiled and snorted lightly.

“Dad, my third brother will kick his nose and face.”

Su Qi glared at her, “You wait for me!”

Su Yifeng snorted coldly, “How dare you threaten your sister?” The position changed so quickly !

Su Jin came in after making a call, his eyes swept over Su Yifeng and Su Nan, and he coughed:

“Xiao Wu, I just got the news, do you want to take a look?”

Su Nan raised his head and looked at Su Jin’s There was something wrong with his face.

Just as she was about to get up, Su Yifeng glanced at Su Jin dissatisfiedly.

“She just sat down and her butt is still hot. Is there anything I can’t tell you? Is it a matter of confidentiality?”

Su Jin pursed his lips, and there was a hint of hesitation on his cold face.

“No.” After

thinking about it, he stared at Su Nan and said,

“Didn’t you ask someone to check the business again?”

Su Nan’s expression froze and nodded.

“I just got the news that Shang Yi and Shang Qun are actually father and son.” As soon as

the voice fell, the living room was quiet.

Only the voices of the servants walking and talking in the kitchen could be heard.

Su Qi pulled Ning Zhi’s arm in shock, but Ning Zhi couldn’t pull it back when she was speechless.

Su Yifeng’s expression changed slightly.

Su Nan is the calmest here.

“Already confirmed?”

Su Jin nodded.

“I heard that someone took their hair for a paternity test, and the result is like this. I guess the person who went for the test was Shang Qian.”

Su Qi snorted, “This Shang Qian is really smart, he How can you think of this?”

Su Yifeng rolled his eyes at him, and Su Qi shut up shyly.

Su Nan was stunned and nodded, “He did it, that’s right.”

After all, he was the only one who mentioned this guess before.

I just didn't expect that the people of the Su family also happened to know this secret.

His heart was heavy as if a boulder had been pressed against it.

She wasn't too happy.

Just thought it was ridiculous.

A wealthy family like a businessman, on the surface, has a close political and business relationship and is bright and beautiful, but in fact it is so dirty.

No wonder Shang Qun cares so much about Shang Yi's disappearance!

Su Qi: "Brother turned into a son? Isn't this relationship too messy, his father won't jump out of the coffin and beat people?"

Ning Zhi quietly tugged at Su Qi's clothes:

"This is not the point, so As a result, there is a reason for the merchants to reject Shang Qian so much."

Shang Yi was afraid that one more person would compete with him for the family property.

Shang also knew this fact for a long time.

Su Qi nodded and touted seriously:

"I see, you are still smart!"

Everyone: "..."

Are you all fools?

Su Yifeng remained silent for a while.

Su Nan looked at his face and lowered his eyes slightly.

She probably knew what he was thinking.

Worried that Shang Qian's affairs will affect her?

She couldn't say no with certainty, but she stayed out of it as much as possible.

Ning Zhiliu stood up and took Su Qi's hand:

"Third brother, aren't you going to take me to find the autographed photos of the big guys in your collection?"

Su Qi suddenly stood up, his eyes lit up:

"Yes, the Century Collector's Edition, I will give it to you when you marry me. You."

Ning Zhi smiled and said, "I don't want it, I'll take a look."

Su Qi took her upstairs in frustration...

Su Jin sat opposite Su Nan, his voice was cold:

"The merchants deal with Shang Qian, we can't stand in line, understand?"

Su Nan looked at him. Although he was very complicated, he still nodded.

Once the Su family stands in line, it is equivalent to clearly fighting with the merchants in the arena.

No matter whether you win or lose, how many people will take the opportunity to make some small moves, and it is bound to be very ugly in this circle.

The Su Group will not get any benefits.

For the Su Group, Shang Qian can only be regarded as a partner.

It is impossible to measure the pros and cons.

Su Nan just felt more distressed for him. He fought alone for so many years, but he was still alone in the end.

Su Yifeng's voice was cold and vicissitudes, "After all, I saved Xiao Wu, so it shouldn't be too much." He was

silent.

Su Nan's eyes were slightly sour, Su Yifeng raised his hand and touched Su Nan's head.

How could he not understand what his daughter was thinking.

To be on the sidelines means to see death without help.

Friendship is there, even if it's not that deep.

In order to benefit, they have to make the best choice.

“Don't worry, as long as he is in country Z for one day, we can still keep Shang Qian's life, but we can't help anything else.”

Su Jin nodded coldly and looked up at Su Nan.

Su Nan twitched the corners of his mouth, “He's prepared, we don't have to worry about it, Shang Qian will not necessarily lose.”

Although it seems that the strength is disparate, no one understands the weakness of merchants better than Shang Qian.

Su Yifeng pursed his lips, and there was a hint of coldness in his eyes:

“In recent days, there have been strangers coming and going around the villa. It is probably related to the business.”

Su Nan and Su Jin were suddenly shocked.

Su Jin's aura was calm, but his tone was a little nervous, and he immediately took out his mobile phone:

“I'll let someone deal with it.”

“Forget it, I've already asked Chang Li to deal with it. It's just a lesson, you don't have to worry.”

...

Chapter 1090 Break up first

Chapter 1090 Break up first,

Su Yifeng waved his hand, everything is under his control.

Su Nan tilted his head on Su Yifeng's shoulder, his voice choked:

“I'm worried about my father...” The

merchant's people wanted to find Shang Yi going crazy, but they ran around Su's house to look for it?

It disturbed Su Yifeng's clean life.

Su Nan was careless.

Su Yifeng smiled lightly, "Dad, I haven't seen anything before, so I won't take it to heart, but what I am most worried about is that the business of the business will involve you.

You are sure, and you have to continue to associate with Shang Qian. ?"

That's why he called Su Nan back.

"I think you can stay away from getting too close for the time being, so as not to be misunderstood by others. During this period of time, you should move home and live, and people outside will have scruples."

When there is danger, the first thing that comes to mind, of course, is To protect your daughter.

Putting it under your own wings is the most reassuring.

Su Nan didn't speak, Su Yifeng said hesitantly:

"Dad is not against you, you should break up first, wait for Shang Qian to finish the matter, then..."

Su Nan took a deep breath and interrupted him "

Dad, I know what you mean, but it's too late."

"What do you mean?"

"Last time I attended a dinner party, Shang Qun probably knew that I was dating Shang Qian and asked me to give up Shang Qian and choose Shang Yi. , but I rejected it.

There are not many people who know that we are dating, if I announce the breakup now, the whole world will know that we are dating..."

At that time, it was really difficult to ride a tiger.

Also, it will lose its grace.

Su Yifeng was silent.

Su Jin sneered, "Shang Yi? Shang Qun really dares to think, is he worthy?"

Su Nan raised his eyebrows, "Of course not!"

After a few more words, Su Nan completely diverted the topic of coming back to live.

Su Yifeng didn't mention it either.

After dinner.

Everyone laughed and started playing cards.

Ning Zhiliao and Su Nan made an appointment for a massage in the afternoon, and they left alone after eating.

in the car.

Su Nan was driving a car with a song playing.

Ning Zhiliu replied to the message from the side, with a smile on the corner of his mouth.

She couldn't help but tut twice, "My third brother?"

"Well."

Su Nan: "Seeing that your relationship is going well, are you going to get married soon?"

Ning Zhi turned off the phone and looked helplessly. She:

"Why are you like the third brother, you always bring up the matter of marriage?"

Su Nan couldn't help laughing and rolled his eyes.

"My third brother doesn't feel safe, he needs a guarantee!

Besides, the best way for you to get to where you are today is to enter the palace of marriage!"

Ning Zhiluo chuckled:

"I think it's still early, I just got together, the love period has not yet passed, and getting married is too hasty.

Besides, there are a lot of things in my company, and I have to take care of the family after getting married. Where can I find time?"

Su Nan Blinking his eyes, he raised his voice:

"Are you going to prostitute for nothing?"

Ning Zhiliu's face changed several times, and stared at her very embarrassedly:

"Su Xiaowu!"

Su Nan stuck out his tongue: "It was originally, you are too irresponsible!"

Ning Zhiliu blushed red , the voice is lowered.

Some happy distress:

"I didn't find out before that the third brother is too clingy when he is in love, even more clingy than the current puppy!

All my personal space has been forcibly invaded by him, except for all day long. The work is him..."

Su Nan listened to her wistful tone and paused.

"Then are you unhappy?"
