Chapter 1091 The warm and sunny tease

“No!” Ning Zhiliu immediately denied it.

She murmured in a low voice, “I’m just a little uncomfortable.” She was used to being a strong woman, and she was used to facing those difficulties alone.

Suddenly someone stood in front of you and blocked the wind and rain for you, of course she didn’t adapt.

Su Qi not only solved many problems for her, but also stayed with her all day long.

However, she has no resistance to such a life.

She was immersed in it, unable to extricate herself.

“Then get used to it slowly. My third brother is always clingy. Don’t look at him always being high and cold when he is outside, but you also know that he is a warm and sunny tease.” In

this way, only Only those closest to you can see it.

Ning Zhi hesitated for a few seconds, although the corners of his mouth gradually showed a smile.

With her love at her fingertips, what’s there to worry about?

“You’re right, then slowly get used to it.”

Su Nan smiled and saw that she thought about it, and she was happy too.

“However, Xiao Wu, I really didn’t expect you to be with Shang Qian for so long?”

Ning Zhi looked at her seriously:

“Although he is a nice person, he is not your type in every aspect. I thought you were moved because he saved you, and you will be separated within a month at most, you two...”

Su Nan blinked, her expression unchanged.

smiled.

“I didn’t expect it either, but I always feel comfortable and relaxed with him. It’s like there’s a hand behind you, walking on the Sunshine Avenue. It’s a spacious and bright feeling.”

She didn’t say anything, she kept up with a relationship . Different.

In the last paragraph, she pushed Fu Yechuan away, but Fu Yechuan didn’t even let her touch his clothes.

So, she is very tired.

Ning Zhi smiled silently.

Listening to her say that, that is to identify Shang Qian.

In the future, their attitude towards Shang Qian will also have different changes.

...

Sun Haoyang will rest for a while after filming.

Before his works come out, his reputation will only remain in a state of not continuing to black out.

The last time I confronted Yunyun for Su Nan, I have saved a wave of passers-by fans for him.

But in the follow-up, in preparation for the next endorsement, the marketing did not continue.

After all, it’s just a basic character whitewashing.

And at his age, there is nothing to compete in the batch of small fresh meat.

Yu Fei is already at the peak of the same type of fresh meat, and resource contracts are all outstanding.

Compared with Sun Haoyang, it is much more difficult.

noon.

Sun Haoyang invited Su Nan to have dinner together.

The main thing is to talk about the contract.

A relatively high-end restaurant, the environment is OK.

When Su Nan went, Sun Haoyang had been waiting for a long time.

“I’m so sorry, I had a temporary meeting, did it take a long time?”

Sun Haoyang smiled and stood up and opened the chair for her:

“No, I just arrived.”

Obviously, he was being polite, because Su Nan watched him order The lemonade is all finished.

But not too serious, Su Nan sat down, the environment here is quiet, overlooking half of the city, the traffic is busy, and the angle is very good.

She smiled, “After filming, let’s take a good rest for a few days.”

Sun Haoyang looked very calm, but his clenched fist betrayed his inner tension.

“Miss Su, the next endorsement with the Su Group... When will the filming take place?”

Su Nan lifted his eyelids and looked at him with a small smile:

“After your new drama airs, I will observe your comprehensive data. , If all aspects are beneficial to us, we will talk about the filming at that time.”

...

Chapter

1092 Su Nan, the eldest nephew, told him directly and did not beat around the bush.

After all, with such a big endorsement of the Su Group, they wouldn’t take the risk to support a tainted artist who might implicate them.

They tried their best, but it also depends on Sun Haoyang’s own luck.

Sun Haoyang nodded, as if expected.

Su Nan’s WeChat rang, and when he opened it, it was Shang Qian:

“I ordered lunch for you to send to the company, remember to taste it...”

Su Nan: “...”

She Then send it: “I have a friend out to eat.”

Then she sent a photo of the restaurant over.

Shang Qian: “Male and female?” By the way, he made an angry expression.

Su Nan: “Of course it’s a man.”

Shang Qian made a tearful expression.

Childish man.

Su Nan couldn’t help bending the corners of his lips.

At this moment, I suddenly heard an annoying sound coming from the door.

“Oh, isn’t this Miss Su? It’s really fate that we met...”

Su Nan smiled and looked at the voice coldly.

Shang Yi walked over with his hands in his pockets lazily, accompanied by an old acquaintance that he hadn’t seen for a long time – Yun Yun.

Su Nan raised his eyebrows, “President Shang? I haven’t had time to congratulate you, you have regained your freedom!”

Shang Yi’s face turned ugly.

It’s a lifetime shame that he’s locked up.

It makes me sick to think about it.

He looked at her coldly and snorted.

“Thank you very much. My eldest nephew has been pursuing you for so long. I didn’t expect Miss Su to eat with other men here. I wonder how he would feel if he found out?”

Su Nan’s eyes flashed, calmly. smiled.

“It’s my freedom who I eat with.”

Yun Yun, who had been holding back her speech, couldn't help but said,

"Miss Su has a lot of money, she is so rich, maybe she wants to eat with the president of country M.

It's just my opinion, the green hat on Mr. Shang Qian's head can't be taken off..."

She sneered, not complacent.

Suddenly, a glass of cold water splashed on her face.

Her mocking voice also stopped abruptly.

Shang Yi, who was beside him, quickly stepped aside.

Not a drop of water touched him.

Yunyun stood there in shock, her face pale.

Suddenly there was a creepy feeling in his chest.

Su Nan sat there, smiling coldly:

"I haven't taught you a lesson from the last time. It seems that your old man didn't teach you a lesson?"

Yun Yun's lips turned white and she trembled.

Suddenly I remembered how that time passed.

The old man, who was finally lost and found, of course loves this daughter very much.

But after she provoked Su Nan, the old man's attitude towards her was not as good as before.

During this period of time, she stayed at home honestly, learned cooking, and did housework, and only then did she slowly coax back the old man's heart.

I dare not think, if there is a next time, will she be kicked out directly?

It's just this scene, Su Nan, who is bright and aloof, obviously stimulates her, and she will sneer at her words.

Look at yourself, the water droplets are still scratching from the head, and the chest is already wet.

This dress was newly bought, costing hundreds of thousands, but it couldn't compare to the millions of bags that Su Nan had at hand.

There was resentment in her chest, indescribable jealousy was burning, but she looked at Su Nan's aura.

She also knew, what qualifications did she have to fight against her?

Su Nan can make his life in trouble again with the move of a finger.

...

the relationship, Yunyun's eyelashes trembled slightly, and she panicked.

"..."

Su Nan smiled, without giving her a chance to explain, her eyes turned to Shang Yi.

In a frivolous tone: "Or, if you have a new backer, you will have no scruples?"

Yun Yun's face turned pale, and before he could speak, Shang Yi immediately opened his mouth to clear the relationship:

"Oh... misunderstanding, I'm not familiar with this Miss Yun, and I only have a business meeting and dinner." When

Shang Yi cleared the relationship, Yun Yun, the female companion who was following, felt very embarrassed.

Su Nan hooked his lips, and Shang Yi looked at Su Nan with a smile:

"Miss Su, when you get tired of playing with my eldest nephew, come to me at any time, I'd love to go on a date with you."

Su Nan smiled slightly . .

I rolled my eyes in my heart.

"Mr. Shang is joking, you can't be in the queue."

Shang Yi raised his eyebrows, said nothing, and then walked sideways to the position in the corridor.

Yunyun stood there awkwardly and stiffly, not advancing or retreating.

She looked at Sun Haoyang opposite Su Nan, if it weren't for her, would Sun Haoyang have the good luck to climb the Su Group?

But what about her?

How did it become a rat that everyone shouted and beat?

She wanted to open her mouth to show weakness, but she couldn't.

Su Nan turned his face away, didn't even look at her, and looked at Sun Haoyang, who was facing the opposite side calmly: "Let's order food, people who don't like it don't have any appetite, just eat whatever you want."

Sun Haoyang Nodding and beckoning for the waiter.

If the pestle was there, Yunyun would be too blind to see.

Can't she hear that Su Nan is mocking herself?

With an ugly face, she turned around and went to Shang Yi's direction.

Su Nan looked at their backs thoughtfully.

She took out her mobile phone and found the WeChat account of Haiye, the daughter of Xinhai Group, who rejected Yunyun as her stepmother and sent her the video.

She has a good impression.

"Yunyun's engagement with your father has been terminated?"

she asked directly.

Hai Ye replied in seconds: "No, that vixen is stinking on the street, and my dad is still like a baby, and he is fascinated by him."

Su Nan's eyes moved, and she sent her a position:

"Your future My stepmother has a good show, come quickly."

Hai Ye jumped up excitedly and pulled the boss of Xinhai Group out the door.

"It's just a meal, and you're pushing three and four? Is it because you won't eat with me in your life, except for that vixen?"

The boss of Xinhai Group, who was about to refuse, followed his daughter out of the house without a word.

.....

Seeing the food on the table, Su Nan's face visibly showed a smile.

Sun Haoyang was not sure, "Miss Su, is the food okay?"

Su Nan glanced at it. The dishes were simple, but they were very delicate and looked good.

"Yes, let's eat."

Sun Haoyang nodded and started to eat.

After the meal was over, the waiter came up to clean up and served dessert and fruit.

Sun Haoyang didn't even know why Su Nan's time was so precious, why would he waste it here with him.

But if she doesn't leave, it's not easy for him to leave.

Just chatting with each other like this.

In this position, it is easy to see the immediate semi-concealed box.

The waiter ran in twice with a bag...

quickly.

Two flamboyant people entered the door.

Su Nan was completely refreshed.

Xinhai Group's daughter Jin Haiye ran over with an old man.

"Where's the vixen Yunyun?"

she asked while holding a waiter.

The waiter was stunned for a moment and pointed to the semi-hidden box inside...

...

Chapter 1094 stripped naked

The boss of Xinhai Group was surprised, "Aunt Yun is also eating here? Why didn't you tell me earlier?"

Hai Ye snorted coldly, "Let's go, go to dinner with her. Ah..." The

boss of Xinhai Group looked at her with satisfaction:

"You finally think about it, everyone will be a family soon, how nice and harmonious..."

He said while saying As he walked, he was surprised to see Su Nan, but he was dragged away by Hai Ye before he had time to say hello.

They walked sideways and walked to the semi-concealed box in the corridor.

Hai Ye pushed open the half-covered bamboo curtain door, and suddenly two sharp women's voices sounded one after the other.

"Ah—"

"Ah—" The

former is Hai Ye.

The latter is Yun Yun.

The man behind Hai Ye saw the situation inside clearly, his whole body froze, his face flushed with disgust, he pushed his daughter away, and then rushed in.

"Smelly woman, dare to put a cuckold on Lao Tzu?" In

an instant, all kinds of screams, the sound of fighting and rolling over debris appeared in pieces...

Then, Shang Yi was disheveled from the scene. Crawled out from the inside, his face was extremely ugly, he was punched in the side face, and there were several nail marks scratched by the woman on his face.

Needless to say, Yunyun didn't have that courage.

It was Miss Haiye who scratched it.

As soon as Shang Yi came out, he tidied up his clothes, and said "Bah—" to the back.

"It's fucking bad luck."

It was the woman who rushed up on her own, and he called upon women who were more senior than her, not to mention this.

He himself felt aggrieved.

But before eating, he met Su Nan outside. That beautiful and noble woman had a bit of coldness and wildness in her bones, which made him feel itchy, and it was like holding Yunyun to quench his thirst...

As a result... ..

When passing by Su Nan's table, she and Sun Haoyang hadn't left.

The two were happily eating dessert.

Shang Yi looked a little weird, and left without saying hello.

As soon as the people left, Sun Haoyang raised his head.

A smile slowly overflowed on Su Nan's face.

It seemed she guessed right.

These two people are really tricky, even if they didn't have it before, but according to Yunyun's urine, she would not let such a handsome and easy-going Shang Yi go.

She will definitely take any chance.

I know from the fact that she asked the waiter to bring her clothes twice.

If you really want to change, why not go to the locker room or the bathroom?

Instead, change your clothes in a box without a compartment?

When everyone else is stupid?

The screaming and scolding continued inside.

Many waiters are hesitant to go in and see.

Su Nan finally let out a bad breath.

This is much easier than going directly to Yun Yun's father to complain.

"Have you eaten yet? Shall we go?"

Of course Sun Haoyang had no opinion.

The account was settled, and Su Nan said goodbye to him as soon as he went out.

Each home.

Of course she was in a good mood.

As soon as I got in the car, I shared with Shang Qian what happened just now.

Inside the box.

Yunyun was slapped a few times, and her hair was torn. Her clothes were shaky, but she was torn to shreds in the fight.

Completely incapable of seeing people.

The bosses of Xinhai Group almost blushed with anger.

“Bitch, I’m not good enough for you? You eat what’s in the bowl and look at what’s in the pot, and you actually put a cuckold on me?”

Hai Ye stood at the door watching the excitement, sneering in his heart.

I can finally get rid of this woman completely.

Looking back, she has to thank Miss Su Nan!

Yunyun lay on the ground, twitching and trembling all over.

“I... I was forced, it was that person who came to me and I didn’t want to!”

The boss of Xinhai Group slapped him.

“Fuck, do you think I’m blind? You clearly climbed on him just now, bitch, I’m really blind, you were rejected by the circle, and when you were spit on by everyone, I still wanted to marry you.

The result?

That's how you repaid me?" Yunyun

was dizzy after being beaten.

She was crying pitifully and embarrassedly.

"I have all my heart for you, this time it was my fault, please forgive me, it was the man who seduced me, I just made a mistake that all women in the world make!"

The boss of Xinhai Group's face turned pale .

"Forgive? I caught such a big green hat and still want to forgive you? I'm really blind. I've seen such a broken shoe as you. I'll tell you, break off the marriage, and break off the marriage immediately. I

'll be bad for eight lifetimes!"

The foot pushed the woman wrapped around his leg away.

His face was terribly dark.

"Break out of marriage? You want to break up with me?"

Yun Yun screamed and started to do it. She didn't care that her clothes were disheveled, she raised her head grimly, and there were tears in her eyes.

"How can you break off your marriage with me? I also pushed several young talents who are right for you!

Do you think I'm still your mistress? My biological father is Zhao Huaisheng, and he has a good face here!

We are not married in wishful thinking, Our marriage is a marriage!

Want to break off the marriage? You dream!"

If this second married man doesn't want her anymore, then Yunyun's reputation in the circle will be ruined in the future.

She had always thought that she had been his mistress, and this man was easy to handle.

Although there is a stepdaughter who is not pleasing to the eye, everything is easy to solve.

Marriage, as long as she gets married, Xinhai Group will be hers.

Zhao Huaisheng refused to let her go to work in his own company because his brothers and sisters at home were protecting her.

But she couldn't sit still, and could only focus her attention on this second-married man.

The CEO of Xinhai Group had an ugly expression on his face.

"Marriage? You are giving yourself too much face? If Zhao Huaisheng hadn't bumped into our adultery, would he have recognized you as a daughter?"

You should thank me well, what kind of shit marriage?"

Who doesn't know that you are my mistress, just you In such a circle, if there is an innocent family background, who would want you?" The

two scolded each other with disgust and tore the last fig leaf.

"If you said that you would break off the marriage? You don't even care about the Zhao family's face?"

She didn't believe that this second-married man didn't care about Zhao Huaisheng's face at all.

"Heh, face? You stepped on my face, and I have to take care of your family's face?"

I tell you, your heart is higher than the sky, if you were born in a family like Su Nan, I would lick your stinky feet every day. All are willing, but you... don't think about it!"

For a lowly bitch, he can make her come to the top, that is to look down on her.

But since she betrayed him, he wouldn't endure one more second!

The boss of Xinhai Group sneered, turned around and left, with the vase at the door by his hand.

He couldn't get angry, picked it up, and threw it back fiercely...

The vase was not thrown on Yunyun, but was thrown on the ground next to her, and the splashed debris severely scratched her face – she was

gone.

It was finally quiet.

Hai Ye stood at the door with her lips hooked, looking at her mockingly.

“You deserve it, who makes you so unbearable to be lonely?”

Yunyun froze all over, covering her face and looking at her fiercely:

“Go away, you don’t have the right to speak here!”

Hai Ye chuckled lightly, “I never exclude my dad from finding a stepmother for me, but the stepmother is a vixen like you, that’s not good.

Picking a woman from the garbage heap is too cheap!”

Grandma often told her that her father would remarry sooner or later.

She was already mentally prepared.

But she couldn’t accept that the stepmother was too different from the image of her mother in her impression.

It’s a nightmare!

After Hai Ye finished speaking, he turned around and left.

The waiter stood cautiously outside with a coat.

Hai Ye looked at it and said with a smile: “You don’t need to give her clothes, a woman like her who takes off her clothes anytime, anywhere, has an exhibitionism.

She will pay for the broken things, and if she can’t afford it, she will go to Zhao Huaisheng’s house to ask for the account, after all ...now the daughter of the Zhao family!”

After speaking, she walked away leisurely.

Before leaving, send a WeChat message to Su Nan on your mobile phone.

“Wonderful, thank you!”

Thank her for helping to solve a big trouble.

Su Nan saw it, smiled, but did not reply.

...

bar.

A few friends invited Su Nan over to relax.

Shang Qian couldn't accompany her at night, so she came without a word.

This box is big enough.

The people who came were all the famous ladies in the circle, young and full of youth.

There are also several young masters from aristocratic families, and it is rare to gather such completeness.

Qin Yu was also among them.

Su Nan walked over, Qin Yu took a seat for her, she had already drunk half a glass of wine, and there was a faint hint of drunkenness in her eyes.

The music was deafening.

Qin Yu greeted her and told her the gossip she heard just now:

"That Yun Yun, who was just recognized and returned home, heard that she was divorced in the afternoon and the president of Xinhai Group, I don't know what happened, in short The trouble between the two is very ugly!"

Su Nan's eyes rolled.

Unexpectedly, the CEO of Xinhai Group is quite fast.

But this matter, it is estimated that no one can bear it.

"Really?"

She pretended to know nothing.

Qin Yu put her arm around her: "Anyway, no one in the circle said she was good, so she flew up to the branch and thought she'd become a phoenix? It's just a little bastard like Yang Mei licking her!"

Su Nan raised her eyebrows. I don't care.

Just looking up, he suddenly looked at a disgusting man sitting among the young masters on the opposite side.

Business also.

"Why is he here?"

Su Nan asked Qin Yu beside him.

Qin Yu squinted and looked at it, "I don't know who came with him. After all, the businessman has a head and face. Although he has no background here, he has a deep background, and there are naturally a lot of people who want to curry favor."

Su Nan nodded, okay, then When you don't know it.

But unfortunately, that person had to come to block her.

Shang Yi came over with a glass of wine, thinking he was very handsome.

"Miss Su, the day things that make you laughed, what a mess is not a woman I have all comers."

Sunan smiled, lifted looked up, "It's okay with me, you do not care."

She absolutely does not Don't want to listen to him, okay?

Shang Yi smiled and raised his feet to sit next to her.

But Qin Yu leaned in and didn't give him the chance at all.

"Mr. Shang, we are whispering, it is not appropriate for you to be here."

Shang Yi paused, his eyebrows sank a little.

"Okay, then I won't bother."

Shang Yi took a deep look at Su Nan, turned and left.

Qin Yu snorted, "What's going on during the day?"

...

The first thousand and ninety-seven chapters burst with self-confidence

Chapter 1097

Su Nan hooked her lips with self-confidence, turned around and said the matter in Qin Yu's ear.

Qin Yu was so excited that she couldn't help but want to laugh.

"Such a wonderful scene, you should call me!" I

didn't expect that the male protagonist who was still talking about was Shang Yi!

This circle is really small.

It's just that the boss of Xinhai Group can only be hard on Zhao Huaisheng, he has no ability to oppose Shang Yi.

Maybe because of the punch that hit him, he had to come to the door with a gift to plead guilty.

Shang Yi, who was not far away, looked at Su Nan who was joking with others, and his heart seemed to be hooked.

It's no wonder that Shang Qian's obscene pursuit of this woman.

He didn't take this woman seriously at first, but she was just beautiful.

But gradually, he discovered that as long as she was there, it seemed that she would always be the focus.

The kind you can't take your eyes off of.

There seemed to be a fatal attraction to her.

No wonder Fu Yechuan and Shang Qian were able to fight each other.

Everyone wants to have a woman like this.

The second generation ancestor next to Shang Yi looked at him, drank too much, and said with a smile,

"Mr. Shang also has a good impression of Miss Su?"

Shang Yi raised his eyebrows and made a sound.

Another person continued:

"It's all normal, we don't dare to say it if we're interested, it's not worthy, but you're different, the family background of President Shang and the Su family are well matched.

Looking at it this way, Miss Su is still married for the second time. Marrying you is also a high level, in my opinion, if the two of you are together, it will be a perfect match..."

Another person echoed:

"That's right, Shang Qian is incomparable to you. What qualifications does he have to get Su Nan's heart?"

I think only you are the real match. You are many times stronger than Shang Qian!"

Although they are usually afraid of Shang Qian.

But Shang also disappeared. When the business group came, the gossip of the businessmen was vaguely revealed.

Others don't know, the aristocratic families in this circle like to inquire about other people's details and see what people eat.

They are very clear.

The merchants are also the legitimate heirs of the merchants, and it is self-evident who they curry favor with.

Hearing their praise, Shang Yi's face showed a look of disdain and pride.

What is Shang Qian?

What do you compare to him?

Regardless of family background or appearance and figure, how can Shang Qian, an illegitimate child, be worthy of Su Nan?

Only you can be worthy of a woman like her.

Not to mention, when she gets married, the entire Su family will become his possession, and then looking at the world, I am afraid that no one will dare to be right with him!

Thinking of this, Shang Yi ignited a fire in his heart, as if Su Nan was destined to belong to him.

He took a hard sip of wine, and the fiery taste made his blood boil and he became unconscious.

Su Nan was listening to a celebrity talking about which company was listed recently, and was seriously analyzing the prospects of the industry.

Suddenly there was darkness.

A figure stood in front of him, blocking the light.

Su Nan looked up expressionlessly and saw Shang Yi's eyes with a malicious smile.

He was holding two glasses of wine and handed one over.

"Miss Su, we've known each other for so long, and we haven't had a drink together yet. I respect you with this cup?"

He grinned, thinking he had a perfect smile.

Su Nan looked at the cup of dark red wine, her eyes narrowed slightly.

Her tone was calm, and she politely declined with a smile:

"I got my mind, but I don't drink."

...

Chapter 1098 Experience it yourself

Chapter 1098 I feel it myself

Su Nan's refusal made the negotiation dissatisfied.

No woman has dared to be so disrespectful!

In this way, Shang Yi still had to achieve his goal in his heart.

His smile became colder:

"Miss Su, so disrespectful? After all, we are acquaintances, what's wrong with a glass of wine?"

His words made the surrounding discussions gradually disappear.

Everyone watched this scene quietly.

Su Nan sat there, cold and self-controlled, with no expression on Mingyan's face.

It's just that she looked at Shang Yi's eyes, as if with coldness that went deep into her bones.

Her indifference made Shang Yi feel ashamed of herself.

The two sides were deadlocked.

No one gave anyone steps.

Shang Yi gradually restrained his smile, and said in a playful voice:

"Miss Su still thinks that I am not as good as Shang Qian, and an illegitimate child can make Miss Su take care of, but my businessman's face is not as good as an illegitimate child?"

Shang Yi The pertinence is already obvious.

Su Nan's eyes instantly turned cold.

She fixedly looked at Shang Yi, inadvertently hooked her lips into a smile, and said in a cold tone:

"Bastard? The illegitimate child that President Shang keeps talking about, is it only Shang Qian?"

Shang Yi was slightly taken aback.

Su Nan's smile gradually deepened:

"In your business, he is not the only illegitimate child. I thought you, Mr. Shang... should understand it very well."

Shang Yi's face changed a bit, and the smile on the corner of his mouth disappeared. 's clean.

"Miss Su, what does this mean?"

Su Nan stood up lazily, raising her chin slightly, arrogant and cold.

"What do you mean? Experience it yourself."

Once the secret is broken, it is no longer a secret.

It's just a self-righteous secret of Shang Yi, I don't know how long it can be kept?

At least, Shang Qian's mother is a legitimate mistress.

But what about Shang Yi's mother?

Don't even care about ethics.

Who is more disgusting and shameful, doesn't Shang Yi know that?

Su Nan turned sideways and was about to leave. She had to go out to take a breath.

Otherwise, he will be smoked to death by the smell of alcohol on this man.

Before leaving, he glanced at the red wine glass that Shang Yi was only holding in his hand, his eyes flashed, and he sneered.

I really thought he did something small when he was pouring wine there, no one noticed?

She just sees through and doesn't say anything.

Dare to hit her head, she didn't mind warning him.

In the whole city A, no one dared to oppose her.

Just as soon as he walked to the door, someone started talking.

"What do you mean by illegitimate children? Could it be that there are other illegitimate children of the merchant?"

"There must be a lot of insiders in such a big family. Who knows which child was brought back from outside!"

"That's true, maybe even ethics I don't care anymore..."

"

Su Nan—"

Shang Yi shouted in a cold tone, walked over, and stared at her sullenly.

"Make it clear, what did you mean just now?"

He panicked in his heart, but forced himself to remain calm.

That secret, no one knows.

The entire merchant group thought that only he himself knew about it, and even the merchants would only understand it later.

No one will know!

So, what did Su Nan mean?

With so many people and so many eyes, who is Su Nan referring to in the business?

Su Nan paused and glanced at him coldly.

She curled her lips, a hint of coolness in her smile.

“Forget it if you don’t understand it, don’t tell it if you see it through, lest everyone’s face look bad, Mr. Shang, what do you think?”

such a shocking secret, should not be said hastily on this occasion.

It should be more useful.

Seeing that the situation was not right, the friends on the side hurried forward to smooth things out.

“Shang always drank too much, it must have been too much. I think it’s better to take a rest?”

“That’s right, Su Nan, do you want to go to the bathroom? Would you like to accompany you?”

“Shang, don’t get angry, maybe Su Nan is just talking, there is no other meaning, she doesn’t drink, we drink...”

...

Someone who didn’t know how to mention the matter of Su Nan not drinking for face.

Shang Yi’s face was troubled.

He handed over the glass in his hand fiercely, “Okay, Miss Su, then drink this glass of wine, I don’t care what you said just now...” As

soon as she gave her the steps, she would have to below.

Su Nan chuckled softly.

He looked at him coldly.

She folded her hands and smiled, extremely cold.

The room fell silent.

Re-maintain the atmosphere.

Qin Yu drank too much, just took a nap in a daze, and was woken up by Shang Yi's words.

Impatiently, she pulled away from the crowd and walked over.

"Su Nan, when did your temper become so good? People are threatening you, but you are still indifferent?"

Qin Yu's words caused the expressions of the people around him to change slightly.

Su Nan has not been in this celebrity circle for a long time. She only exists on the business ranking list, and is an existence that is difficult for all celebrities to match.

They almost forgot that the original Su Nan didn't have the patience to entangle here.

Not to give anyone face.

Su Nan gave her a sideways glance, "You have to pay attention to rituals first, then soldiers."

Qin Yu snorted coldly, "Is it finished?" Su Nan raised her eyebrows, "It's finished."

Good foreboding.

He suddenly remembered the scene when Su Nan splashed water on Yunyun's face during the day.

He because that's just a status difference between women.

You wouldn't be treated like that bitch Yunyun, would you?

But the next second, the hand holding the red wine glass was suddenly empty, and the red liquid was splashed on his face.

The people around immediately retreated, hiding three feet away.

Shang Yi stood there in shock, stiff all over, looking at the woman in front of him in disbelief through the dripping liquid.

Su Nan is cold, arrogant, and extremely elegant, and there is always a layer of indifferent contempt in her eyes, which makes people unhappy.

At this time, Shang Yi has completely ignored the degree of beauty.

Extremely angry.

“Su Nan...”

Su Nan spoke calmly and said lightly: “Mr. Shang, I have to remind you that I will give you all the face, and you are nothing.”

Humiliating, cruel humiliation.

Shang Yi blushed and stared at her with scarlet eyes.

Su Nan took a step forward and spoke in two voices:

“Shang Yi, don’t take yourself too seriously, no one can look down on a liar who has framed others since he was a child.”

After speaking, she gave him a dark look, took a step back, opened the door, and walked out.

Qin Yu sneered from behind.

“Mr. Shang, it’s too late to go home now, everyone will treat you as drunk and won’t laugh at you.”

Qin Yu’s words seemed to be a fire, and Shang Yi couldn’t control his anger, so he chased after a few steps. go out.

Isn’t she a woman?

Isn’t it just the money at home?

When she married him, she would have to serve him humbly, let her go east and she would not dare to go west...

Chapter 1100 If you want to fight, you can fight

, but now, Shang Yi just wants to get his face back!

Su Nan heard the sound, and just turned around, she felt a huge force pulling her back and pushing her against the wall.

Although it didn't hurt, Su Nan's back bones still shook.

His face was slightly pale.

The smell of alcohol that Shang Yi exhaled made people feel nauseated and nauseated.

"Su Nan, how dare you do this to me? If you don't apologize to me today, don't even think about leaving here!"

Su Nan's face became extremely cold, and there was a chill in his eyes.

Threatening her?

"Shang Yi, let go of Su Nan!"

Qin Yu shouted from behind.

The next second, Su Nan grabbed one of his arms and folded it back. Hearing the sound of the bones being dislocated, she slammed into his lower body.

Shang Yi was kicked against the opposite wall, his face was pale and he was dripping with cold sweat.

Between the electric and the flint, the situation of the two people was exchanged.

Su Nan chuckled: "I thought it was so powerful, but daring is nothing?"

As soon as she made a move, she knew that Shang Yi was not very good at it.

At this moment, the door to the bread compartment suddenly opened.

Seeing the person who came out, Su Nan was slightly taken aback.

"Shang Qian?"

Why is he here?

Isn't he having dinner with his partner?

Are they eating here?

When Shang Qian saw Su Nan, he walked over nervously, "Are you okay?"

Su Nan shook his head.

What a coincidence!

Shang Qian looked at the opposite side, and at that moment, his face instantly became gloomy.

"Shang Yi?"

As soon as the two met, they felt the strong smell of gunpowder smoke.

At that moment of coldness, Su Nan was closest to him and felt the strongest.

Shang Yi didn't eat good fruit in Shang Qian's hands, and he already held a grudge.

He never found a chance to get revenge.

Shang Qun asked him not to make trouble in country Z, and it was difficult to clean up, so he kept holding back.

Seeing Shang Qun, Shang Yi endured the pain and stood up against the wall with a pale face.

A look of unwillingness to admit defeat.

tit for tat.

"Just now, was he the one who moved you?"

Shang Qian's tone was low and cold.

Su Nan paused and seemed to understand what Shang Qian wanted to do.

He wants to fight!

After thinking for a while, she nodded, "Yes, it's him."

Shang Qian's throat moved, his face tightened with coldness, and he let go of his hand.

"You go and wait, I'll take you back in a while."

Su Nan nodded.

Anyway, she knew that Shang Qian and Shang Yi made a move, and Shang Qian would never suffer.

If he wants to fight, he will fight!

Su Nan walked to the side leisurely, Qin Yu stood there and quietly approached:

“Don’t stop?”

“What’s there to stop? There’s nothing that can’t be solved by a fight!”

Su Nan said calmly, He looked casually in their direction.

If there is, it means that the fight is not happy enough.

Qin Yu: “That’s really a good show to watch, why is Shang Qian here, do you know?”

Su Nan shook her head, she didn’t know, if she knew, just come together.

The two were talking, but they didn’t notice that the people there had already started fighting.

Shang Qian punched and punched, terribly.

And Shang is not to be outdone.

This is a completely different reaction from being insulted by Su Nan just now.

Being insulted by Su Nan, he can bear it and restrain it.

But in the face of Shang Qian, he really hated him to the bottom of his bones, and could not wait to eat him one bite at a time.

He didn’t have any skills or moves. Facing Shang Qian’s fist, he could only hold him tightly, taking the opportunity to find a breakthrough and sneak attack...
