Chapter 1101 scare you to death

Chapter 1101

The screams that scared you to death were intertwined with muffled movements, scolding and painful voices. I wondered if Shang Yi was scolding him or begging for mercy?

Qin Yu watched the excitement for a while, but also felt bored.

“Shang Yi doesn’t even know everyone, why is he so arrogant?”

At least in their circle, every rich second generation will practice two tricks.

Picking up girls and self-defense, both are correct.

Su Nan smiled, “Shang Yi has been followed by bodyguards since he was a child, and he doesn’t need any skills at all.”

Qin Yu sneered: “So now I only have to be beaten.”

Su Nan restrained his smile and looked at Shang Yi sitting in the seat. Shang Qian on the body.

His usual gentleness can no longer be seen, like a beast that has been dormant for a long time, subduing its prey.

His eyes were scarlet and cold, without the slightest emotion.

Such Shang Qian is unfamiliar.

More distressing.

They are all from the merchants, but the pampered Shang Yi has no skills at all, but he is so well protected.

It looks carefully cultivated.

But what about Shang Qian?

His moves are skillful and powerful, and it is hard to say that he is not a skill that he has learned from practice.

Thinking of this, Su Nan lost all sense of appreciation.

The chest always feels congested.

After a while, Shang Yi lost the strength to resist.

He slumped to the ground like a puddle of mud.

He didn't even respond.

His face was blue and purple, and he was beaten in a colorful way.

Shang Qian waved his fist mechanically.

Su Nan finally couldn't help walking forward.

"Enough..."

Her words made Shang Qian's actions stop.

He looked up, the stern darkness had not yet had time to fade.

Su Nan took his hand and rubbed his fist, which was also broken, with pantothenic acid in his heart.

"It's almost there, if we're happy, we have to go back earlier."

Shang Qian paused for a few seconds.

Only from Shang Yi's body.

"Scared you?"

His voice was low, with a slight trembling, he looked at her carefully and asked.

Su Nan smiled and shook his hand.

"Does your hand hurt? Go back and get some medicine?"

She was just afraid that Shang Qian would hurt herself desperately.

Shang Qian smiled, the coldness on his face gradually faded, and a warm smile surfaced.

Qin Yu clicked on the side, the person who should be hurt is Shang Qian?

She took a pitiful glance at Shang Yi on the ground, half her life was gone, and no one cared about it, pitiful and ridiculous!

She waved and let them go by themselves.

“I still have the second half, I won’t go back with you, let’s go!”

Su Nan nodded with a smile and looked at Shang Qian, “Let’s go?”

Shang Qian nodded.

The exit was in the direction of turning back, and when passing by Shang Yi, Shang Qian stopped.

He lowered his eyes and looked at Shang Yi like he was looking at a piece of garbage.

“If I can lock you up once, I can lock you up a second time. You have to remember how you got here in those days.”

His voice was low, and when Shang Yi heard it, it was a little creepy.

He pretended not to move, but his mind was filled with the pictures of those days.

When I woke up, I was in a dilapidated old factory building, which was in disrepair, dark, damp, and eerie.

He thought that Shang Qian would find someone to watch him, so he didn’t try to escape.

Waiting for Shang Qian to come to negotiate with him.

But for a few days, no one came.

He was hungry and could only eat bread and instant noodles that had long expired and moldy.

But on the seventh day.

When someone found him, he would never forget the complicated and shocked eyes of Fu Yechuan and Shang Qun standing in front of him...

...

Chapter 1102 Intimacy

Chapter 1102: Intimacy “Shang Qian didn’t let anyone

watch. Although the door is locked, the door can be opened from the second floor. Is it so difficult to jump down to ask for help?"

.

Obviously he has many chances to escape, but he doesn't.

He stubbornly ate moldy bread here, waiting for someone to rescue him.

hilarious.

Shang Qian didn't give him any energy at all, but he thought that Shang Qian was deliberately locked up here to kill him.

He planned Shang Qian's death countless times and hated him extremely.

The results of it?

It's because he doesn't go, it's not because he can't go.

This incident is simply a great shame in his life!

Because of this, Shang Qun did not allow him to retaliate against Shang Qian.

Shang Qian did not regard him as an opponent at all.

...

Back to the apartment, Su Nan planned to watch him enter the door, but Shang Qian insisted on watching her enter.

The two were entangled for a long time, but they did not enter the door.

Finally, they looked at each other and smiled, and Shang Qian pushed her in.

"Go back and rest early."

Su Nan smiled, "Then I'll watch you go?"

Shang Qian: "..."

He smiled, reached out and took her hand, "Would you like to follow me? Are you ready to go up and rest?"

Su Nan pulled her hand back, "Go up by yourself!"

Shang Qian smiled helplessly, lowered his head and rubbed her palm, he suddenly took her into his arms.

Su Nan wrapped his hands around his waist, feeling the heat of his body, and suddenly felt a lot more at ease.

When he fought just now, she was not worried.

But now, she felt sad.

How can the past be wiped clean so easily?

She felt so bad for him, so sad.

After a while, he gradually let go of his hand.

His eyes were dark and his voice was hoarse:

“Go in?”

Su Nan nodded, and felt that his body had changed.

Breathe out slowly.

She doesn't reject more intimate relationships.

Just... a little uncomfortable.

Dark night.

With some coolness.

Shang Qun came to apologize with gifts and Shang Yi, but Su Yifeng politely declined.

Several times in a row, the business group was closed.

He also understood Su Yifeng's attitude.

Shang Yi was annoyed, where did their businessmen suffer from such scorn?

Su Yifeng really looks down on people!

“Isn't he just Su Nan? Su Yifeng made things so stiff, doesn't he have any intention of cooperating with us?”

Shang Qun glanced at him and said in a light tone:

“After coming to Z country for so long, only the Su family has not. You should see their attitude when asking people to make an appointment with us.”

Shang Yi gritted his teeth, “It’s so arrogant, even Fu Yechuan has to give us face, why is the Su family?”

Shang Qun: “Fu always There is a purpose, the Su family is not interested, so if I look at the matter between you and Su Nan, I should give up!”

“No, why can Shang Qian do it, but I can’t?”

Shang Yi refused, his possessiveness in his bones was a problem, and he had to get Su Nan!

Shang Qun frowned:

“Shang Qian didn’t say anything, normal contacts are fine, but the marriage may not go smoothly.

No matter how much money Shang Qian makes, it

’s useless. The Su Group will not want someone without any background. “

Right now, marriage is all about connections, resources and long-term interests.

Money is useless.

Nouveau riche abound, but the marriage of wealthy families is never more money than anyone else.

The complexity of the family background, the wide range of human resources and the involvement of the interests of all parties are the keys to the consolidation of marriage.

But what about Shang Qian?

...

Chapter 1103 robbed his woman

Chapter 1103:

Shang Qian, the woman who robbed him, is rich and talented.

But he left the business and lost those advantages.

Want to marry Su Nan?

Impossible.

The business group is a person who has come here and can see it better than anyone else.

Shang Yi softened his face, but he couldn't swallow the breath in his heart.

"Then we should seize the opportunity, but Su Nan doesn't have a good impression of me. We can't let Shang Qian get too far!"

"The gate of Su's house can't get in. What's the use of being in a hurry?"

Shang Qun was a little irritable . .

Shang Yi was quite clever at first, but in recent years, it has become a bit unreasonable to be alone.

Shang Yi's face changed.

Looking at Shang Qun with complicated eyes:

"Brother, you don't think Shang Qun is your son. He can be a helper to the business as well as marrying Su Nan, right?"

His "big brother" really gritted his teeth.

Shang Qun's expression changed slightly, and he looked at him with dark eyes.

"What do you want to say?"

There was a bit of anger in his eyes.

Is he not biased enough?

What Shang Yi has done recently has really disappointed him!

He opposes Shang Qian everywhere, but is shameful everywhere.

Shang Yi glared at him, his eyes sharp and forbearance:

"Shang Qian is also a businessman. He is your own son. He also raised your own grandson Mike. Don't you want to recognize it?"

Shang Qun said nothing. , looked at him silently.

Shang Yi was even more angry, thinking that it was in his heart.

“Shang Qian is also very impressive when he does things outside. Do you regret handing over the merchant to me?”

Shang Qun raised his eyes suddenly, “Shang Yi, pay attention to your identity!”

He warned him.

Every time Shang Yi got into trouble, it was he who came forward to settle it.

Merchants are used to it.

But he couldn't accept it. What if Shang Qun gave up on him?

Shang Yi sneered, his eyebrows a little ugly.

“Identity? What's my identity? Big brother, I just remind you that the business is handed over to me, you must not regret it, no matter who Shang Qian is, whether it is your own son or not, you must stand by my side!”

Shang Yi shouted hysterically.

Somewhat out of control.

“The merchant is mine, and Su Nan is also mine. What is Shang Qian? Why does he fight with me?”

Shang Qun looked at him with dark eyes.

“Didn't I always stand by your side? What do you have to fight for?”

Do your job well and support the business, instead of staring at Shang Qian all day long!”

Shang Qun After shouting, there was some disappointment in his eyes.

He has always had high hopes for Shang also.

Even if the board of directors asked Shang Qian and Mike to join many times, they were all rejected by him.

He did not want to leave any hidden dangers to Shang Yi.

Is he not biased enough?

Shang Yi's eyes were scarlet, he held back himself, and clenched his fists tightly.

“Okay, I’m not staring at Shang Qian, I want Su Nan, and I want to be the quick son-in-law of the Su family!”

His request was straightforward.

He wants Shang Qian to see that the woman he pursues becomes his own.

The gap between him and Shang Qian is not only in his background, but also in strength.

The woman Shang Qian likes will never get it.

Shang Qun looked at him silently for half a minute, turned around and left without speaking.

Shang Yi’s eyes flashed fiercely, he had to get Su Nan!

He wants to look at Shang Qian, life is better than death!

outside the door.

The two people who were waiting quietly heard all this, and their faces were terribly cold.

The tall and upright man stood there, his whole body exuding a chill, a chilling aura that no strangers should approach.

Fu Yechuan!

...

Chapter 1104 Change of Mind

Chapter 1104 Changed his mind

Chen Mian stood beside him, silent.

When Mr. Fu came, he was in a good mood, and within a minute of being here, a gloomy chill shrouded his whole body.

Merchants are really capable.

The secretary rushed over in a panic.

“I’m sorry, Mr. Fu, for keeping you waiting, please come in...”

Fu Yechuan's expression recovered quickly, his aura was strong, and he followed to the office of Shang Qun.

Shang Qun immediately stood up to greet him:

"Mr. Fu, you are welcome here. I didn't expect something to be delayed. It's really rude."

Fu Yechuan nodded lightly.

"Director Shang, I haven't congratulated Shang Yi for regaining his freedom. He must be very busy, right?" "

Fortunately, Shang Yi is young and vigorous.

Raising his eyes, his tone was cold:

"Is everything ready?"

Shang Qun nodded quickly:

"Yes, the Shang Group intends to put its first property in City A, and construction has already started.

Our agreement with Fu Group It has also been drawn up, Mr. Fu, please take a look."

Although Shang Qun's age and qualifications are there, he has to say that in front of Fu Yechuan, he can't hold any prestige.

Fu Yechuan's domineering aura cannot be ignored.

Even he unknowingly fell behind, looking at his face and acting.

Fu Yechuan looked at the contract placed in front of him and frowned slightly.

He suddenly changed his mind.

The businessman's fat, he doesn't want it anymore.

Suddenly.

He raised his head.

"It's not urgent to sign the contract, let's wait for your company to settle down here. I heard that the land has already been purchased?"

Shang Qun nodded excitedly.

“Yes, everything is going through the process, and it’s going very smoothly. Within half a year, the dust will settle. At that time, I will ask President Fu to come over and give some pointers.”

“Don’t dare.” Fu Yechuan smiled lightly.

He stood up again, “It’s getting late, since the business director is still busy, I won’t bother.” After

speaking, Fu Yechuan tidied up his suit, glanced at the business group, and walked out.

The business group hurried to deliver it.

when coming back.

The business group looked puzzled.

Shang Yi’s face was ugly, “Fu Yechuan is here to sign a contract?”

Shang Qun was silent and shook his head.

“I also thought it was about signing the contract, but he doesn’t seem to be interested in signing the contract, so he’s not sure.”

“Oh, it’s better not to sign. I don’t know how many people in our business are like a bite. He passed this. There is no such store in the village.”

Shang Qun was a little dissatisfied with his frivolous attitude.

“The trouble comes out of your mouth. You know that it is Fu Yechuan’s credit that he can find you. His influence in City A should not be underestimated. You’d better keep your attitude low. In other people’s territory, we must learn to keep a low profile. !”

Shang also disapproved and chuckled lightly.

“I think you’re being too cautious. Our merchants in country M often come and go to the White House. It’s a small city A, what’s the big deal?”

Shang Qun glared at him and wanted to say something. Shut up again.

Forget it, telling him this is a waste of words.

Fortunately, he will return to M country in a few days.

“The approval procedures here are a bit troublesome. It has to be inspected and reviewed by many departments, but I have inquired about it. Generally, there will be no problems. We will transfer some of our business here first...” The

business group chattered. He was following his own plan, but Shang Yi didn't listen to it at all...

...

Chapter 1105 Digging a pit and then burying

the Fu Group.

Chen Mian had some doubts. Fu Yechuan originally planned to sign the contract, but why did he temporarily change his mind.

Perhaps it is related to what Shang Yi said.

Even Shang Yi started thinking about Su Nan?

I really don't know how high the sky is!

Fu Yechuan sat on the chair with a cold expression.

“Have the Shang's registration information been sent to the relevant departments?”

Chen Mian nodded.

“Yes, I heard that preparations have already begun, and the permit will be obtained at the fastest half a year. During this period, they should not give up and will do a lot of preliminary work.”

Fu Yechuan sneered coldly.

“Thinking beautifully!”

Chen Mian raised his eyes cautiously and looked at him.

“Mr. Fu, aren't we signing a contract with them?”

Fu Yechuan was expressionless and his tone was cold:

“No, they won't take root here anyway, and I won't let them go smoothly.”

Chen Mian sighed inwardly, and sure enough, it was Shang Yi's words that offended Fu Yechuan.

He didn't even care about the meat that Bai sent to his mouth. Now, Fu Yechuan wanted to make them bleed heavily.

"Then I'll go say hello to the relevant department?"

Fu Yechuan lowered his head and said "um", then pursed his lips and squinted his eyes:

"Don't talk too much, always give people some hope, so that people can dance willingly. Come in."

Best, one hit.

Chen Mian nodded and understood what Fu Yechuan meant. This is to dig a hole and then bury the soil.

...

Su Group.

After Su Nan and Su Jin finished the meeting, they came out together.

Just as she was about to go back to the office, Su Jin stopped her:

"Xiao Wu, come to my place."

Su Nan paused, then followed up.

Su Jin's office style tends to be calm and atmospheric, simple and smooth, modern, and has some Su Yifeng flavor.

He sat in a chair and took out an envelope from a drawer.

"Here."

Su Nan walked over and opened it. It was an invitation letter.

A closer look reveals that the signature is Zhao Huaisheng, the Zhao family.

Yunyun's biological father, Zhao Huaisheng.

She frowned slightly.

Su Jin pursed his lips and said in a clear voice,

“The invitation was sent to me, but the name is for you. Uncle Zhao has a good relationship with his father. It’s beautiful.”

Su Nan frowned, “This is obviously a Hongmen banquet, why should I join in the fun?”

“It is estimated that Zhao Huaisheng wants to take the opportunity to repair the relationship between you and Yunyun, no matter what the result is, I still recommend you to go. Su Jin pondered for a while, “

Otherwise, I’ll let Dad go with you.”

Su Nan frowned, she really didn’t want to waste time on someone like Yunyun.

But Uncle Zhao’s face is also very important.

She sighed, “Forget it, let Qin Yu come with me. With an outsider present, they can restrain themselves.”

Su Jin frowned slightly, but nodded anyway.

“Alright.”

He raised his head and looked at Su Nan, “I heard that the Fu Group has not reached a cooperation with the Shang, do you know?”

Su Nan shook his head and said blankly,

“How could I know? My news is not as well-informed as you are!”

Su Nan Jin paused, “It seems that Yu Lou has become more and more lazy recently.”

Su Nan waved his hand, “I don’t know if it has anything to do with irrelevant news?”

Su Jin froze and looked at her calmly:

“Xiao Wu , the brain is a good thing, you have to carry it with you at all times!”

Su Nan froze and rolled his eyes at him:

“Brother, if you go on, just go with me!”

Su Jin had a meal and immediately shook his head.

“I’m going to watch a movie with your sister-in-law tonight, I don’t have time!”

Su Nan: “...”

Let’s get down to business.

Su Jin pondered for a moment: “Shangshi wants to set up its own brand in city A, and it will inevitably take away some customers. You have to be on guard at all times.

In addition, I heard that

Shangyi offended you at a party before?” Su Nan raised his eyebrows, “If it doesn’t count, I will teach you a lesson.”

“Be careful, but don’t be polite.”

Su Nan nodded, and this sentence was a good one.

She waved her hand, “I’m leaving...”

Su Jin nodded, suddenly remembered something, stopped her, and took out a dark blue gift box from the side.

“

Here .” Su Nan was surprised, took it and opened it.

Wow!

What a big ruby bracelet, the color is simply indescribable.

Su Nan was shocked, and a smile immediately appeared on his calm face.

“My best brother, thank you...”

Su Jin: “You’re welcome.”

“But why did you give me a gift?”

Su Nan asked.

Su Jin: “Wen Xiang gave it to you, bought it at a Swiss auction, and said you must like it... Well, I wish you all the best tonight.”

Su Nan blinked, borrowing flowers to offer Buddha?

Anyway, she fell in love with this ruby bracelet at first sight.

“Thank you for my sister-in-law, I can have such gifts often in the future.”

Su Jin gave her a speechless look:

“Go out.”

“Okay!”

Su Nan simply left Su Jin’s office with the gift.

Going back to appreciate this ruby bracelet.

The red is crystal clear and moist, with no flaws.

It’s really addicting.

After getting a beautiful bracelet, Su Nan didn’t feel so bad about the banquet at night.

Gifts really are the cure for a bad mood.

Afterwards, Su Nan sent Qin Yu a WeChat message to ask if she had time.

Qin Yu replied in seconds: “Of course there is time to watch the fun!”

Su Nan: “...”

Since you are going to a banquet, you can’t be too shabby.

Su Nan left the company ahead of schedule to pick up Qin Yu’s clothes.

The latest haute couture has long been delivered to home, but Su Nan enjoys shopping.

Very relaxed and comfortable.

As soon as Qin Yu entered the mall, she happily started shopping.

Su Nan tutted twice, "Isn't there anyone who usually accompanies you to go shopping?"

"Didn't you go shopping with me?"

Qin Yu looked back at her with a smile, and then sighed.

"That person Mo Xian is really boring. He looks bohemian on the surface, but he is serious in his bones. He has no patience for letting him go shopping with me.

And... I'm also worried that we are together . Being pointed at..."

Su Nan paused and looked up at her:

"Your mother has no opinion now?"

"How can it be? At first she wanted to kill me, then she began to lecture me, and then asked Shen Liang to persuade me, but these are useless, I am the one who can't enter the oil and salt. I won't care about that."

Su Nan frowned, "I haven't heard the news about your divorce from the Shen family recently, did you quit in private?"

Qin Yu paused and looked back at her.

"I didn't retire, my mother said, unless I wait for her to die, or I don't want to take the initiative to retire."

Su Nan: "Then what are you going to do?"

" But the Shen family is not certain, I don't believe that Shen Liang is not in a hurry?"

Su Nan raised his eyebrows, thinking about the Shen Liang in his mind, it seemed... he wouldn't be in a hurry either.

"Forget it, you still have a good talk, there's no need to be so stalemate, doesn't Mo Xian say nothing at all?"

Qin Yu smiled, "He supports breaking off the marriage and wants to marry me, but I blocked it back.

Apart from clearing up the fact that he cheated on him, our marriage is not good for me. What's the benefit?

I won't be so stupid, everyone is just playing, they are together when they are comfortable, and they are separated when they are uncomfortable, so why are there so many entanglements?"

Seeing Qin Yu's expression, Su Nan was no longer so happy. Take a deep breath.

Forget it, she made up her mind, and no one else could listen to what she said.

She took her hand, "Forget it, don't think about it, what are you looking at today, you're welcome, I'll pay for it!"

Qin Yu blinked, "Seriously?"

"Of course, have you ever seen a stingy rich woman? You can choose whatever you want!"

Su Nan patted her chest and assured that it wasn't that she couldn't afford it, as long as she was happy!

Qin Yu pulled her excitedly, "Then I'm welcome!"

After she finished speaking, she rushed into a famous boutique...

Su Nan smiled and went in with her to choose. It didn't take long for the latest The jewelry of the paragraph was placed in front of him.

Qin Yu watched with admiration, and Su Nan also felt good.

"Xiao Wu, which of these do you think looks good and goes well with the dress tonight?"

Su Nan paused, "The dresses are all at home, I have to take them back and look at them, why don't you buy them all? You can match them later!"

Qin Yu was taken aback, "Are you serious?"

Su Nan nodded naturally.

"Really, I'll give it to you, just treat it as your appearance fee tonight!"

Qin Yu hugged her and kissed her fiercely:

"Su Nan, you have to be my friend forever!"

Su Nan reluctantly pushed her away, looking very disgusted.

The counter lady didn't even have a chance to introduce it, so she just wrapped it up excitedly.

Su Nan took out a black card, and the lady at the counter gave it back to her after she swiped it.

"Miss Su, you spent a total of 24 million, and this is your card."

Qin Yu glanced casually and frowned, "Why did you change your third brother's card?"

Su Nan was taken aback.

Take out the card and look at it.

"It's not like the third brother's..."

She took out her wallet and flipped through the card inside.

The third brother's card is in.

Big brother's card is in.

Su Yifeng's card is also at

the bottom of the second brother's card.

Whose is this card?

Su Nan looked a little unfamiliar, as if he had never seen it before.

Could it be that the third brother secretly plugged the card?

The idea was quickly dispelled.

He's been busy with Ning Zhi recently, and he probably doesn't have such a high level of consciousness.

The two women looked at each other.

Qin Yu sighed, "Why don't I have such anguish?"

Su Nan couldn't help laughing, looking at the lady in the counter next to him:

"Can you check for me, who is the owner of this card?"

“Of course, Miss Su.”

Although this is against the rules, the request of the guests, no matter how non-compliant, is legitimate and reasonable.

After a while, the counter lady came over with the card and said with a smile:

“Miss Su, I can only find out the owner’s surname of this card, Shang. I wonder if it will help you?”

Su Nan was cold for a moment, then raised his head in shock.

Shang Qian?

Her first instinct was him.

Because it is impossible to have a second person with the surname Shang, quietly give her a black card!

Qin Yu has already said it: “Shang Qian’s card?”

Su Nan looked at her, a little dazed.

“You don’t know?”

Qin Yu asked her.

Su Nan shook his head.

“I really don’t know.” She didn’t know

when this card came to her.

Qin Yu smiled meaningfully:

“It’s not too late to know now, it seems that the business manager has already started to make money for you, the young man is very enlightened...”

Su Nan took the card in a complicated mood and put it in his wallet.

All the flowers were spent, wouldn't it be hypocritical to give him the money back?

"You two walk slowly..."

Qin Yu and Su Nan left here one after the other.

The counter lady politely sent the person away.

I can't help but sigh with envy behind: "The starting point of others is our ending point. The card in Miss Su's bag can make me live a few more lives, I am so envious!"

"Who said it wasn't..."

...

Leaving the mall, Su Nan called Shang Qian.

After a few beeps, the other party quickly picked up.

"Baby Su Nan..."

Su Nan: "..."

Qin Yu, who was caught by this name, said, "Ahahahaha... President Shang, your nickname is a bit too much. It's gone!" The

phone was silent for half a second.

Shang Qian didn't speak.

Except for the echo of Qin Yu's laughter, no one spoke.

He didn't expect that there were other people present.

Su Nan was so embarrassed that he could not wait to find a seam to get in.

Shang Qian has been really floating recently, and the address for her has completely changed from normal to abnormal!

It's fine for her to listen to herself, if someone else hears it...

hey!

half a minute.

Su Nan couldn't help coughing.

“Shang Qian?”

“Well.”

Shang Qian responded immediately.

Just waiting for her to speak.

Su Nan rolled her eyes at Qin Yu next to him: “Did you put the card in my bag?” Before

Shang Qian responded, she explained:

“I went shopping with Qin Yu, and when I swiped the card, I found that the card was strange, the counter lady The owner’s surname is Shang, is that you?”

Shang Qian smiled in a low voice: “Yes, you can buy it, don’t worry, there is no limit.”

Su Nan: “I didn’t mean that, why did you give me the card?”

” Of course, it’s pocket money for you, and I can give you some of my property, so I can feel safe.”

Qin Yu couldn’t hold back, and laughed loudly.

“Why is Mr. Shang talking so sour? Is the sense of security created by money? But Mr. Shang, Su Nan gave me a lot of things, don’t feel bad!”

Shang Qian’s voice was warm:

“How could it be? As long as it’s her I won’t feel sorry for it, Miss Qin can use it with peace of mind!”

Qin Yu looked at Su Nan, “You will spend more money in the future, so that the general manager can feel at ease!”

Su Nan pinched her lightly, “Yes What’s the matter with you?”

In front of Qin Yu, she was really embarrassed.

After saying a few words, he hung up.

The two returned to Su Nan’s apartment.

There are all kinds of haute couture dresses from major brands in the cloakroom.

As soon as Qin Yu came in, she forgot about the black card just now, and concentrated on looking at her clothes.

Su Nan casually found a light blue satin waist-pinching dress. Her skin was better than snow and could be broken by blowing bullets. Putting on this dress was like the indestructible ice and snow on the mountain, unattainable and glamorous. The feeling instantly makes people retreat.

The style of the dress is simple and not complicated, not solemn but very decent.

In such an occasion, this effect with a sense of distance is really suitable.

Qin Yu chose a black short skirt, which was flamboyant and dark, noble and hot, which complemented her excellent figure.

Su Nan nodded, and then matched her with a black diamond necklace from the jewelry she just bought.

The effect is really amazing.

It is impossible for two people to drive by themselves, so let the driver come and pick them up.

In the evening, we arrived at the agreed place.

Once in the box.

Zhao Huaisheng's son and daughter were all there, watching Su Nan warmly come over to hug and say hello.

Su Nan knew them from the beginning, but now they are nowhere to be seen, and they greet each other one by one.

I was just surprised that in the corner, Yunyun was also...

...

Chapter 1109 Banquet

Chapter 1109

In the corner of the banquet.

Yunyun's face seemed to be very wronged, she tried her best to suppress her grievance, and her eyes were still red.

Seeing this, Su Nan smiled and didn't say anything, so naturally he wouldn't take the initiative to say hello to her.

Their relationship has not reached this level yet.

Zhao Huaisheng looked at Su Nan very enthusiastically.

"Su Nan, you and Qin Yu haven't been here for a long time, haven't you?"

Qin Yu and Su Nan grew up together when they were young. Naturally, like Su Nan, they often go to and from these acquaintances' sites.

She smiled innocently.

"Uncle Zhao, if you want to see us, you have to make an appointment in advance. Our business is busy..."

She said hypocritically, but Zhao Huaisheng couldn't help but smile.

"You young people are very busy and rarely get together. No, I specially sent an invitation letter to invite you to come here..."

Zhao Huaisheng's eldest son greeted them warmly:

"Miss Su, Miss Qin, I don't know if it suits the taste, if it doesn't suit the taste, let's change the dish."

Su Nan smiled, "Very good, you're welcome."

The atmosphere here is very harmonious, but Yunyun's place is regarded as one of the best. The presence of a low pressure.

It doesn't fit the atmosphere here.

With that said, the box was quiet for a moment.

Suddenly I heard Yun Yun sobbing, which was especially harsh.

Zhao Huaisheng's eldest daughter glanced at her speechlessly, wanting to scold her but worried that today's occasion was not suitable.

The eldest son glanced at Zhao Huaisheng and silently shut his mouth.

The existence of Yunyun is not a good thing for the Zhao family.

But for Zhao Huaisheng, it may reduce some guilt in his heart.

Paused for a few seconds.

Zhao Huaisheng was embarrassed, and he couldn't help it. He picked up the wine glass in front of him and looked at Su Nan:

“Su Nan, there is something that Uncle Zhao has always kept in mind. The daughter I just recognized, Yunyun, has been missing. Being able to live by my side, she worked hard outside and learned some bad habits, which had a bad impact on you and the Su Group.

Here, I apologize to you for Yunyun.”

Su Nan fell silent. For a few seconds, I was extremely reluctant to forgive the woman magnanimously.

But it is also clear that a person with such a status as Zhao Huaisheng can put his own status so low, and it is already a lot of face for himself.

Not letting him go down the stairs will only make the relationship between the two families unsightly.

Yunyun, on the other hand, sat on the side, silent, a little absent-minded.

Su Nan was quiet for a while, then smiled:

“Uncle Zhao worked so hard to find his daughter, which is actually something to be happy about. Now that the matter has passed, we will not bring it up again and again

. For example!”

Zhao Huaisheng breathed a sigh of relief, and quickly looked at Yunyun:

“Yunyun, Su Nan doesn't care about you anymore, why don't you thank Su Nan soon?”

Yunyun paused, showing resistance and sipped. pursed lips.

Before he could speak, Qin Yu smiled aside:

“No, it should be an apology first, and then a thank you.

It seems that Miss Yun has not apologized properly for the scandalous things she did, and Su Nan doesn't care, it's because of Uncle Zhao. For your face, if it were someone else, he would have died a thousand times ten thousand times.”

Although Qin Yu's words were abrupt and rude, everyone was clear in their hearts, and there was no exaggeration at all.

Yunyun looked at Zhao Huaisheng with an unpleasant expression.

Hesitant to speak.

From beginning to end, she did not express her position, did not make a sound, and pointed at Zhao Huaisheng for everything...

...

The first thousand one hundred and ten chapters broke the jar

Chapter 1110 Breaking the jar, breaking the jar

, Zhao Huaisheng looked at Yunyun with a solemn gaze.

“You should apologize. If you did something wrong, you should bear it yourself.” There was silence for a few seconds.

Su Nan looked at the wine wave on the table lightly, shaking the light above his head, the reflected light was extremely bright and beautiful.

Everyone’s eyes were fixed on Yun Yun, and she was extremely uncomfortable looking at her.

In the past, she was exquisite in all aspects, and she naturally knew that the best way now is to apologize and say a few nice and beautiful words, and this matter is over.

Although it is very shameless, it is more important to stay in this circle than face.

Now, she’s been struggling.

Since the people in the circle knew that she had offended Su Nan, they no longer wanted to associate with her.

She didn’t want to go out to work for others, and her company didn’t want her to go to work.

The position where you can’t go up or down is the hardest.

But at this moment, she suddenly didn’t want to apologize. The second married man broke off the marriage with her, and went to the house to make a big fuss, which made her face disgrace.

She has no way back.

Why?

She has already been punished, so she has to look down at Su Nan's face?

The atmosphere was awkwardly silent.

Zhao Huaisheng's face sank a little.

What a great opportunity, she didn't take advantage of the steps to go down, and she was still hesitating?

Zhao Huaisheng's son and daughter sat beside him silently watching the excitement.

Su Nan gently hooked her lips, and said in a clear voice:

"Forget it, since you don't want to apologize, then don't force it.

Anyway, Miss Yun's apology is of no use to me.

I can let her go, all because of Uncle Zhao's face, but if there is another time, no one's face will be good. She pulled the corners of

her lips, and what she said was straightforward and neat.

Yun Yun raised her eyes and looked at her with red eyes:

"Miss Su is a winner in life, she can squeeze me to death with a single hand, do you still care about me?" Apologize? She said

suddenly, making the already awkward atmosphere cold for no reason.

"I did something wrong, but I have tasted the consequences, and these consequences did not fall on me because of your generosity."

If so, what else is there to distinguish?

Just apologize to me. After thanking, Miss Su can forget everything and let me go to work in Xinpu Group again? "The

most embarrassing thing in her heart is that she was kicked out of Xinpu Group by Fu Yechuan.

She was able to sit as an executive in Xinpu Group, and how much effort and time she put in, this is what she is most proud of.

Yunyun knew in her heart that as long as Zhao Huaisheng had a son and a daughter, they would never let herself into the company. Before she joined

in, she knew that the battle for the interests of the wealthy was not allowed.

Therefore, she hated it very much. The beginning of her and Su Nan's acquaintance.

Because of Su Nan, she left Xinpu Group.

She finished speaking.

Zhao Huaisheng gave her a complicated look, his face was very ugly.

Su Nan raised his head and glanced at her with a neither salty nor light expression. A glance. A

slight smile.

"Indeed, even if you apologize and thank you, I will not intercede for you and Fu Yechuan and let you return to Xinpu Group.

Because you really don't have the face and ability.

Fu Yechuan is a person who cherishes talents. He can give up you so decisively, which shows that there is no more valuable shining point in you.

And Miss Yun, the first time you met me, you hooked up with my boyfriend, and then went on to be his mistress.

Your despicable character has been deeply rooted in people's hearts and will not change my impression of you because of anyone, so don't waste your efforts. "
