Chapter 1111 Send her away

Chapter 1111 Send her away

After Su Nan finished a few words, the atmosphere on the field had completely cooled down.

She didn't want to make the scene so embarrassing.

But since Yunyun tore her face, there is no need to maintain her basic face.

Yunyun lived up to Zhao Huaisheng's painstaking efforts, and that was her own problem.

Su Nan smiled and glanced at Zhao Huaisheng apologetically.

"Uncle Zhao, I'm afraid I won't be able to eat this meal, but I've accepted your wishes. The brothers and sisters of the Zhao family took good care of me before, and I won't forget them."

She said and stood up.

Zhao Huaisheng sighed, his face was decadent, and he also stood up.

"Su Nan, thank you."

Thank you for her generosity.

Her last words were undoubtedly to reassure the Zhao family's children.

The matter of Yunyun will not involve the Zhao family.

This is already the best result.

Su Nan never looked at Yun Yun who was sitting there with a pale face, and left here with Qin Yu.

What a joy!

Qin Yu followed him out, holding back a smile:

“You really didn’t save face at all, and you almost told the world about her scandal. You didn’t see what Uncle Zhao’s face looked like?”

Su Nan ticked. Lips, “Uncle Zhao is kind, but unfortunately others don’t appreciate it.”

“She brought it up on her own. She really treats herself like a scallion. If it weren’t for Uncle Zhao, she wouldn’t have the ability to eat at the same table with us in her life.”

Su Nan looked up indifferently, the sky was getting dark.

“Go home, I’m so tired...”

Qin Yu nodded immediately, she was so tired too!

Inside the box.

Su Nan and Qin Yu left.

The rest remained silent.

Zhao Huaisheng’s face was ashen and ugly.

It wasn’t just Su Nan who bluntly spoke out about Yunyun’s despicable past.

Rather, the past is real.

On weekdays, Yun Yun, who was in front of him, was well-behaved and obedient.

But he had to believe that these were all her illusions.

The real Yunyun was the kind of woman Su Nan said.

How could he have such a daughter?

“Dad...”

Yun Yun choked, as if she knew she had done something wrong, but she was extremely aggrieved.

Aside, Zhao Huaisheng’s eldest daughter gave her an impatient look.

“If you offend someone, Dad can’t do anything about it. He has lost his face for half a lifetime. Are you satisfied?”

“Big sister, how can you say that? Su Nan doesn’t give any face when he speaks...”

Yunyun defended.

Zhao Huaisheng's eldest daughter chuckled lightly:

"Su Nan is already very good for her to be able to come. When have you ever met Su Nan and you have to be humble?"

I thought it was not easy for you to make a living since you were a child. You should know what to say on what occasion.

But your eldest lady has a bigger temper than mine?"

Yun Yun's face froze.

The other eldest son couldn't help but speak:

"Dad, send people away. We can't leave such a time bomb in our family. You can see that, although Su Nan doesn't say anything, his attitude is very rusty.

If it happens again, our Zhao family has this point. The family can't keep everything, have you forgotten how Su Nan bankrupted a Gemini Group?"

That incident was the same as the earthquake in the mall.

It is also enough to be vigilant to everyone.

In less than a month, a group collapsed and declared bankruptcy, and Xu Guanghui of the Twin Group almost committed suicide by jumping off the building.

This is her method.

Yunyun panicked for a moment, "Brother, how could you do this?"

Chapter 1112 Take the money and leave

Zhao Huaisheng's son doesn't even want to maintain a basic relationship.

Originally, in a family like theirs, the fewer children the better.

The relationship between him and his sister is quite good, and he has found a balance in the distribution of Zhao Huaisheng's interests.

He sits in the company, his sister holds the shares, and the movable and immovable properties are divided equally.

If you add another Yunyun, wouldn't it hurt their interests?

They did not welcome Yunyun's arrival.

There is neither emotion nor merit, there is a lot of black material, and it is obviously for money.

If the Zhao family is a poor family, can this Yunyun still recognize it?

Yunyun panicked.

Zhao Huaisheng's son clearly doesn't want to play a brother and sister relationship.

"Dad, the facts are right in front of you, don't push the whole family into the fire pit for one person.

Because she offended the Su family, the attitude of everyone in the mall has begun to be cold to us, and my sister and I are about to be squeezed out to death. !"

Zhao Huaisheng's eldest daughter nodded.

"That's right, Dad, I still hope you think about it.

Otherwise, you can send her to study abroad, it's better than being a thorn in other people's eyes here."

"No, I can't go abroad, big brother, sister, what do you do? Can you treat me like this? I have followed your request and didn't join the company, and you still want me to leave Country Z?"

Yunyun said eagerly, if she left here, she would probably have nothing to do with the Zhao family.

The status and status that was so easy to obtain disappeared.

Zhao Huaisheng has been silent, his face is ugly and his head is lowered.

Hearing their quarrel, a look of irritability flashed across his eyes.

"Enough—"

He took a deep breath and stood up.

He walked out slowly, crutching the cane beside him.

Not a word was said.

Yun Yun's heart suddenly panicked for a moment.

That kind of panic, can't say it.

There is a very bad feeling.

the next day.

Yunyun stayed in the house outside for one night, and planned to go back to Zhao's house to apologize to Zhao Huaisheng.

She thought about it, she was too rash last night.

If he honestly apologized to Su Nan, he might not be so stiff.

She was in the Zhao family and had no sense of existence.

If she loses Zhao Huaisheng's love, what will she do in the future?

But when she walked to the door of Zhao's house, the housekeeper stopped her.

"Miss Yun, you can't go in."

Yun Yun had not received such a cold reception before, and her face sank immediately:

"What do you mean? I want to go in and see my father, get out of the way!" The

housekeeper stood there calmly, not giving in an inch.

"There is no father here. The chairman has already ordered you not to go in."

Yun Yun's face was extremely panic and she was at a loss.

She couldn't help raising her voice:

"This is my house! I want to go in!" The

housekeeper pursed his lips and said in a light voice:

"Miss Yun, the chairman said that the debt left by blood relationship has already caused two troubles for the family during this time. clear.

In order to protect the entire family, he would rather not have his own selfishness, and would rather not recognize his daughter who was left behind.

It's a check for a million, and if you agree to go abroad, take the money and leave. If you do

n't want to go abroad, then you can make money and live alone..."

Yunyun's mouth trembled, her eyes full of disbelief.

She thought that family love was her strongest backing.

Some people feel bad for being the master.

But Zhao Huaisheng, she doesn't want her anymore?

She has worked hard from an orphan to the present, and has become an orphan in less than half a year after becoming a daughter of a daughter?

, Yunyun's eyes gradually faded and panicked, wanting to rush in and apologize to Zhao Huaisheng in person.

But was stopped by the butler tightly.

"Miss Yun, don't bother, just think that the Zhao family is sorry for you!"

Yun Yun choked up with her, almost hysterical:

"Why? You lost me when you were young, and when you grow up, you will lose me too. Is it?"

She looked at the luxurious villa in the distance, and the tears couldn't stop flowing.

"I'm going to ask my father in person, why did he do this to me? He owes me, won't he pay it back?" The

housekeeper sighed, "Miss Yun, the Zhao family has more than one child. That's good. In the circle, both character and ability are very popular.

But you are back, and your reputation... has already affected the Zhao family."

Yunyun's body stiffened, her lips trembling . write.

"Involvement? They have been held up so high since childhood. I don't know how hard I have lived?

The things I do are just for self-protection. What is implicated?"

Yunyun wiped the tears from her face and said in her tone. Dignified, she stood up straight:

"I want to see my father, otherwise, I won't leave here."

She had already made up her mind that she couldn't leave like this.

The pie from the sky had hit her on the head, and she hadn't recovered from the shock.

Are they going to take back all this good luck?

She got half a foot into the circle.

See the difference between people with backgrounds and people without backgrounds?

In the past, she tried her best to climb up, and she had to laugh and make others happy, and look at people's faces everywhere.

But since she became a member of the Zhao family, it turns out that those people have started to look at her face?

To go back to the past life.

How could she be reconciled?

The housekeeper stood there and watched her for a few seconds, but had no choice but to turn around and call Zhao Huaisheng to report the situation.

In less than two minutes, the butler came back.

Yunyun's eyes lit up.

Looking at the four bodyguards behind the housekeeper, his eyes instantly darkened.

She seemed to have no way out.

The housekeeper stood there with an inhuman expression on his face:

“The chairman said that he will not see you again, if you refuse to leave, then ask the bodyguard to take you on the plane, Miss Yun, you must always remember, here is the Zhao’s family, and your surname is Yun.” The

housekeeper’s words were like a basin of cold water poured on her head, and her heart was chilled.

Zhao Huaisheng wanted to cut off their relationship completely.

For his son and daughter, Yun Yun, the troublemaker, seemed insignificant.

Taking the overall situation as the top priority, he can still clearly distinguish between the two.

Yunyun did not expect that after she came back, she wanted to change her surname to Zhao many times, but Zhao Huaisheng refused.

Zhao Huaisheng insisted on choosing an auspicious day for her, and then officially issued a statement.

But in the end, she even refused her integration with her surname not Zhao!

Yunyun stood there, the regret in her heart was about to overflow.

If I had known, I shouldn’t have said those words to Su Nan last night.

Should not contradict Zhao Huaisheng.

But what does she do now?

The second married man of Xinhai Group has already made it clear that he doesn’t want her, and Xu Anji of Xinpu Group is also avoiding her like a snake.

The housekeeper respectfully handed over the check:

“Miss Yun, do you want to take this one million check out of the country?”

Yun Yun’s eyelashes trembled.

going abroad?

Now, she can only go abroad.

Only one million.

It’s only a million...

Chapter 1114 Compensation for

Yunyun's nausea is not enough, but it is also clear that before, having something is better than having nothing at all.

She bit her lower lip, hesitated for five seconds, took the check, turned around and left.

The housekeeper watched her walk away, narrowed her eyes, and went back to report to Zhao Huaisheng:

"Miss Yun has already taken the money and left."

Zhao Huaisheng paused, with an indescribable disappointment on his face.

If she chooses to stay and work hard, he will secretly help.

It's a pity that this daughter, who came back halfway, has too shallow eyelids and can only see money.

"Forget it, send someone to watch her get on the plane, it's safe, and you don't need to worry about the rest."

"Yes."

He spent a night trying to figure out this method.

In order to save the entire Zhao family, he could only give up this daughter.

Although very guilty, Yun Yun's performance during this period did not move him too much.

Friendship also needs to be cultivated.

Compared with a son and a daughter, he has participated in all their growth and progress, and he knows that it is too difficult to cultivate a family relationship with Yunyun, who is full of heart.

never mind.

Once you are old, it is important to keep what you can keep.

...

Su Group.

Su Nan received a call from Qin Yu, and it was a little strange.

“Don’t President Qin need to go to work at this time?”

According to Qin Yu’s mother’s character, if she was so lazy, she would most likely be scolded.

Qin Yu smiled and couldn’t help but say:

“I have some gossip to share with you, do you know that the Zhao family doesn’t want Yunyun anymore, she is on the plane leaving Z country today.”

Su Nan was taken aback.

“Huh?”

She couldn’t believe it.

Qin Yu: “My friend saw it with his own eyes, there’s nothing wrong with it. I heard that the two siblings of the Zhao family put pressure on Uncle Zhao. Uncle Zhao hesitated for a night and then agreed.

You see, this woman thought that I’ve already been reborn, even if it is a wealthy family, people don’t necessarily want a defective product, right?”

Su Nan paused, frowning slightly.

She doesn’t feel sorry for Yunyun.

I just feel that Zhao Huaisheng’s psychology may not be so good.

“Forget it, let’s go. She is notorious for staying here anyway. Who doesn’t know her details?”

Su Nan said lightly, her tone cold and indifferent.

“Don’t spread the word about this, so that the Zhao family doesn’t look good.”

“I know that the Zhao family’s brothers and sisters are okay, and I won’t fall into the trap.” Qin Yu said simply.

Su Nan smiled and watched Yu Lou knock on the door to come in. She said a few words and hung up the phone.

“Mr. Su, do you want to attend the signing ceremony this afternoon?”

Su Nan paused, ” Where’s my brother?”

Yu Lou: “He’s going on a date.”

Su Nan sighed.

Then why ask?

If the two don’t participate, the other party should have an opinion.

“Set the time.”

Yu Lou nodded.

Su Nan hesitated for a second: “Don’t we have a resort project in hand?”

Yu Lou nodded: “The partner unit has not been determined yet, we need to bid openly, and the procedures are going through the process...”

Su Nan: “Give it to the Zhao family, I remember their family is also in this line of business, probably not Too bad.”

Yu Lou nodded, he knew the details of the Zhao family, although not bad, but not the best among his peers.

Especially when Zhao Huaisheng stepped back behind the scenes, the eldest young master of the Zhao family had a harder time doing it.

“Okay, I’ll send someone to connect with them.” After

Yu Lou finished speaking, he backed out.

Su Nan took a deep breath. The scene last night was unpleasant. She was given face, and she had to go down the stairs.

In this way, the face of the two families can continue to be maintained.

the project of Renjuli Group is coming to an end, and Shang Qian needs to coordinate a series of formalities to go to Europe. After all, this project was originally proposed by him.

Su Nan took him to the airport in the evening.

It's very convenient to go back and forth, but she actually gave birth to a trace of reluctance.

Shang Qian smiled and held her hand and walked in. At the door, he tightened her coat.

"I'll be back soon."

Su Nan nodded.

"Then you have to think of me every day."

Shang Qian added.

Su Nan: "..."

This crooked man.

She smiled, and Shang Qian stroked the broken hair beside her ear.

"Remember to call me and send a message. If I see it, I will reply immediately."

Su Nan nodded, pushing him to the ticket gate:

"I see, you can go quickly, go early and come back early. Shang Qian smiled helplessly ,

stretched out his hand slightly, and pulled her into his arms.

Su Nan paused, but did not push him away.

She put her hands around his waist slowly, and the two were silent.

It was as if no one else existed in the entire airport.

Shang Qian sighed: "I'm really reluctant to be separated from you for so long."

Su Nan muttered, "Why are you more like a child than little Mike?"

Shang Qian smiled and touched her head:

“Where is Mike ? , don’t take the initiative to take care of him, or he will make an inch and cause trouble for you.”

Su Nan has heard such words countless times, and she is about to grow a cocoon.

Although his voice is nice, but it can’t be repeated all the time, right?

When the airport read his name for the nth time, Shang Qian reluctantly let go of her hand.

Su Nan couldn’t help but waved his hand, waiting for him to enter before letting go.

Fortunately, it was in the VIP channel, otherwise the scene where the two were reluctant to part would definitely make headlines again.

A few minutes later, Shang Qian sent a WeChat message:

“I have boarded the plane, go back quickly.”

Su Nan smiled, put away the phone, and turned to walk out.

As soon as he turned around, he looked at the sullen eyes on the sofa behind a row of massage chairs.

It seemed like they hadn’t seen each other for a long time.

Su Nan didn’t know when it started. She didn’t receive Fu Yechuan’s text messages or flowers from him. His traces gradually disappeared from her world.

It was a bit empty at first, but she seemed to adapt quickly.

Even the people around him rarely mentioned the name Fu Yechuan.

Occasionally mentioned, and do not feel anything wrong.

Su Nan looked at his gaze, restrained his smile, then looked away indifferently, and went out.

But before he could step out, a big hand grabbed his wrist tightly.

Su Nan glanced at him coldly, and with a slight force on his hand, unscrewed his big hand.

“Mr. Fu, what a coincidence?”

An emotionless greeting.

Fu Yechuan's face was tense and ugly, and he looked at her with deep eyes:

"Come to see him?"

His tone was cold.

He clearly saw everything, and his heart seemed to be tightened by a thin thread, and his suffocating breath was painful, but he just couldn't look away.

Like looking for abuse, watching them hold hands, hug, and leave intimately.

Until now, the moment she saw him indifferently look away, she suddenly couldn't hold back any longer.

Su Nan smiled, "Yeah, if there's nothing else, I'll have a meeting in the afternoon, so I won't talk."

She didn't have any meetings, she just didn't want to be alone with him.

Very awkward.

Su Nan said that he was about to leave, but Fu Yechuan's tall and straight body was already in front of him...

Fu Yechuan blocked her way.

He looked down at her, his eyes dark and unclear:

"Su Nan, you haven't told me the answer."

Su Nan looked up at him blankly:

"What answer?"

"Why him, if he can, why can't I?"

heard.

Su Nan was silent for a moment.

She looked at him quietly, the Fu Yechuan in front of her was like two people compared to the Fu Yechuan before the divorce.

His indifference and alienation seemed so far away from her.

But she was very uncomfortable.

Comparing the two attitudes by one person will only make her more impressed by the former Fu Yechuan.

She narrowed her eyes and looked at Fu Yechuan:

“There’s no reason. I’m with him, just because I think we’re a good fit and we’re very happy together.

Fu Yechuan, the past is gone, I don’t want to look back.

” She lowered her eyes, wanting to walk around him.

Fu Yechuan grabbed her arm and said in a cold tone : “Has
it passed? Has all that passed to you?”

He looked at her with broken eyes:

“I have tried my best to make it up, tell me, What more can I do, what more can I do before you forgive me?

I know that you have been struggling in your heart, no matter what I do, but I am already making up for it...”

Su Nan’s eyes turned red involuntarily. It

was not because she was moved. It was because she
thought of Qiao Wanrou.

Getting that blood seems to have exhausted the enthusiasm of her life.

Even if Fu Yechuan tried to please her after the divorce, it would not help.

She pity herself even more.

“Fu Yechuan, you don’t need to do anything, I was wishful thinking before, you don’t need to. make up what.

It’s just that I wish I had a fresh start, and I wish you happiness anyway. She can say such words

calmly, feeling that she has grown up in an instant.

Even if Fu Yechuan and Qiao Wanrou are together again now, she will not hate them more.

Shang Qian pulled her out of a discordant relationship, Give her warmth and love. In the past, she was short-sighted.

Hearing this,

Fu Yechuan’s body shook slightly, stiffening

. She staggered for a while.

She didn’t look back and left directly. In the middle of the night.

Su Nan worked overtime in the company, and she hadn’t worked overtime for a long time.

There is an important project negotiation tomorrow, and she must be fully prepared.

Ten o’clock in the evening.

After finishing work

, she stretched out, looked at Yu Lou, who was working hard on the sofa opposite, and smiled.

“Assistant Yu, pack up and get off work.”

Yu Lou paused and stood up with a smile, “Then I’ll take you back.”

Overtime is a common thing for him.

He usually finishes his work at home, but Su Nan wants to work overtime at the company, so he has to accompany him.

Su Nan picked up her bag, “No need, go home and rest, I’ll go by myself.” As she was talking, the phone she placed on the table suddenly rang.

Su Nan looked at it, a string of unfamiliar numbers.

She frowned.

Subconsciously do not want to accept.

But then I thought about it, did Shang Qian change his phone number?

She hesitated to pick up.

The other party heard a familiar and rude voice, and upon hearing it, it was Lu Qi’s voice.

Lu Qi: “Su Nan, I’m Lu Qi, can you come over? The

old man drank too much, so he had to drive to find you. The drivers are gone, we can’t drive even after drinking, can you come over and persuade a few words...”

Lu Qi’s voice sounded very anxious.

Su Nan’s drowsiness suddenly disappeared.

She stood there with a sullen face and rolled her eyes speechlessly.

Yu Lou heard it clearly there and looked at Su Nan’s face.

Su Nan paused and

took a deep breath: “Give me an address and wait there.”

Lu Qi’s voice increased excitedly: “Okay, I’m...”

Su Nan calmly said “um” Once, he hung up the phone.

Yu Lou thought that he couldn't leave now, and immediately stood up with the key, "Mr. Su, I'll go drive and take Mr. Fu back..."

Su Nan paused and put down the phone.

"No,"

she said, and made another phone call.

"Hey, 110? I'm going to report someone trying to drink and drive..."

Yu Lou: "..."

mourned ten thousand times of silence for President Fu.

Lu Qi hung up the phone and patted Fu Yechuan who was slightly insane.

"My buddies have helped you here, the rest is up to you, you will sit in your car and wait for a while, and you will start the car as soon as she comes, Su Nan will definitely be in a hurry..."

Fu Yechuan sat there with a frown, although he was very excited when he learned that Su Nan was coming.

However, he always felt as if something wasn't right...

But he was dragged out by Lu Qi before he had time to think about the alcohol.

Forced him into the car and sat in the driver's seat.

Lu Qi stood there and looked at him with satisfaction:

"You don't need to thank me, women are soft-hearted. After all, you are much stronger than Shang Qian. If you are a person, choose you. Brother supports you!"

Fu Yechuan: "..."

Twenty minutes later.

Fu Yechuan was sitting in the car, minutes passed by, and he was a little nervous for some reason.

Wait until the lights flash at the intersection.

His expression suddenly relaxed.

Suddenly thinking of the reason Lu Qi gave him, afraid that the smell of wine on his body would dissipate, he picked up a bottle of wine that had been prepared a long time ago, opened the lid, took a few sips, and then inadvertently sprinkled it on his clothes superior.

This is complete preparation.

He just started the car, and he has no intention of leaving.

Until the car on the opposite side came to the front...

I watched three people in police uniforms get off the car...

Fu Yechuan: "...” The

other party He knocked on the car window: "Someone reported that the owner of the car with the license plate number xxxxx was driving under the influence of alcohol, please cooperate with us to measure the alcohol..." The

empty wine bottle was still lying on the side, Fu Yechuan's face was as black as iron, and his tone was cold. :

"Who reported it?"

His voice seemed to be frozen.

The name was clearly in his heart, but he had to hear it with his own ears to be reconciled.

The person who came was not Su Nan, but a policeman.

Who reported it, is it not clear at a glance?

The policeman paused: "Report anonymously."

Fu Yechuan: "Huh..."

Fu Yechuan didn't get out of the car, he made a phone call immediately, sat in the car silently, and turned off the fire.

The few policemen looked at each other in dismay. They didn't have to look at it. They didn't need to measure it. The strong smell of alcohol inside was enough to make people vigilant.

But they saw the car's license plate number.

Very tacit understanding and no compulsion to call people down and take them away.

waited until Chen Mian came over and said a few words to them, and the policemen politely left one after another.

Fu Yechuan sat in the car for a while.

Chen Mian paused, "Mr. Fu, shall I take you back?" For a long time.

Only then did Fu Yechuan speak slowly:

"Chen Mian, she is really cruel..."

Although Chen Mian didn't know who "she" Fu Yechuan was talking about, he could still guess.

In this world, where can a woman like Fu Yechuan be found?

Chen Mian straightened his expression: "Mr. Fu, there are many people with mixed eyes. If someone sees it, it will inevitably cause other things, so let me send you back?"

Fu Yechuan closed his eyes, opened them again, and his eyes were clear.

There is a bit of gloom in the coldness.

He lifted his feet to get out of the car, and Chen Mian hurriedly opened the back door for him...

Su Group.

Su Nan and Yu Lou went downstairs one after the other.

Yu Lou hesitated.

Su Nan could see it and smiled: "If you have something to say, say it."

Yu Lou sighed: "Mr. Su, isn't this not a good thing, if President Fu knows..."

Su Nan sneered He said: "Of course he will know, but it doesn't matter, he knows better, this trick is useless to me, I hope he has some idea."

Yu Lou: "..."

Su Nan, who was so fond of Fu Yechuan back then , has indeed changed.

Su Nan pressed the car key, the car lit up, Su Nan walked over and looked at Yu Lou:

"Go back to rest early, you don't have to take me off."

Yu Lou nodded and watched her car leave before going over to start his car.

When Su Nan returned to the apartment, he received a call from Shang Qian.

His jet lag should be nine in the morning.

"I guessed that you haven't slept yet."

Su Nan smiled, "How did you guess?"

"Before you left, you mentioned to me the new project of the Su Group, and you are so serious about it, how can you relax? "

Su Nan paused, but he didn't expect that what she said casually would also be taken into his heart by him.

She paused, "Is it going well on your side?"

Shang Qian: "Not bad, products are king. In this industry, we are No. 1, and others will naturally not look down on it."

Su Nan smiled, Right.

These technologies are second to none in the world, and they are beyond the reach of foreign countries. Of course, they will not take them lightly.

Soon, twenty years, thirty years, the world will be changed by them!

The two talked for a while, and Shang Qian said good night after seeing that she was too tired to open her eyes after being excited.

But no one hung up the phone for a long time, and there was a shallow breathing sound from the opposite side, and Shang Qian hooked his lips.

It was already asleep.

After a while, he hung up the phone.

Su Yifeng called everyone back to be lively.

Su Jin took Wen Xiang back, Su Qi and Ning Zhi also went back, and Su Nan went back alone.

Su Ming couldn't get out of the laboratory, but Chen Momo was happy to come over to join in the fun.

Everyone laughed and talked and prepared lunch together.

Su Yifeng was very happy to catch a few fish and let them prepare well.

Su Nan stuck his head out of the kitchen suspiciously, feeling that something was wrong:

"Dad, are there any other guests coming today?"

Su Yifeng raised his eyebrows and pointed at her:

"You're smart, only today will the teacher return to China. I just invited her to my house as a guest!"

Su Nan, who was walking sideways, was stunned for a moment, and his eyes lit up instantly.

"Mr. Fang is back?"

Su Qi jumped out excitedly: "Mr. Fang is back?"

Fang Zhi is a world-class famous artist. He has often toured abroad in recent years, and his status is very high. Than.

She exists like a god.

She is also the teacher of Su Nan's mother, in her sixties this year.

After Su Nan's mother died, Fang Zhi came to visit a few children from time to time and had a deep relationship with them.

Especially for Su Qi, she discovered Su Qi and brought him into the entertainment industry.

It was also because of Fang Zhi's protection that Su Qi was very cared for when he first came out.

In the days when everyone had to nod and bow to see the senior's face, Su Qi walked sideways as soon as he made his debut.

It was only later that they gradually grew up and spent more time in school before they rushed into the world performing arts circle and disappeared.

After all, it's been seven years.

Ning Zhi frowned, "Is that the teacher Fang Zhi we all know?"

Su Nan nodded immediately and looked at her with a smile:

"Didn't you like her very much before? It's her, she's coming soon!"

Su Jin and Wen Xiang looked at each other, smiled, and continued to do their own thing.

Su Qi couldn't wait to jump up, he dropped the things in his hand and went to get the car keys:

"Where is she, I'll pick her up!"

Su Yifeng said white to him: "Come back, it's already on the way, I'll be there soon, don't be blind Be positive!"

Su Qi couldn't contain his excitement, even if he was scolded by Su Yifeng, he still felt relieved.

Different from Su Yifeng, Fang Zhi likes Su Qi the most and thinks he is very talented in performing arts.

So I gave him high hopes and just wanted to bring him to the art palace, but Su Qi plunged into the entertainment circle.

Only twenty minutes.

Hearing the lively voice of the housekeeper in the yard, Su Nan and the others knew that Teacher Fang Zhi was here.

Su Qi actively ran to the front to meet him, but neither Su Nan nor Su Jin robbed him.

Fang Zhi is over half a hundred years old, still elegant and noble, decent and gentle, and at first glance, he is full of extravagance, and his aura remains the same as before.

Su Qi hugged her at once: "Mr. Fang, my dear Mr. Fang, I miss you!"

Su Yifeng twitched the corners of his mouth, everyone really wanted to pretend they didn't know him.

Fang Zhi's face sank, and he pushed him away with a frown:

"Who are you, I don't know."

Su Qi: "..."

After Fang Zhi and Su Yifeng exchanged greetings, he asked the assistant behind him to take the gift. come over.

She looked at Su Nan with a smile, "Xiao Wu is getting more and more beautiful..."

Su Nan narrowed her eyes with a smile and stretched out her hands: "Thank you, Teacher Fang!"

Fang Zhi nodded and put the The prepared jade bracelet was handed over, the condition is warm and the value is not cheap.

Then came Su Jin and Wen Xiang, as well as Silent.

It's best to look at Ning Zhi and smile, "You know?"

"Yes, I didn't expect Teacher Fang to know me?"

Fang Zhi smiled, "Of course I know the fiancée of the skin monkey.

" He handed over a bunch of agarwood bracelets, which are extremely precious.

Su Qi stood in the back aggrievedly, looking at her babaly:

“Teacher, what about mine?”

Fang Zhi rolled his eyes at him, then turned his head to joke with Su Yifeng:

“Your big star is getting more and more skinless and shameless!”

Su Yifeng sneered, “Isn’t it?”

He greeted him . Went in with Fang Zhi, and everyone followed behind.

Fang Zhi’s assistant handed the last box to Su Qi...

Chapter 1120 There is not much chance

, Su Qi was shocked, and walked over instantly with his eyes glowing.

“I knew that Mr. Fang likes me the most, and the best gift is the last one!”

Su Nan said to him.

Su Qi happily opened it in front of everyone.

Looking at what was inside, his face froze slightly.

Confused, and bewildered.

It’s a script.

Fang Zhi pursed his lips, “I’m not going to beat around the bush anymore. You must have gotten along like a duck in the entertainment industry in the past few years. I

don’t know if the actor Su can still be seen on the stage. There is a new drama being rehearsed right now, and he is missing a niche student. If you want to go, I can open a back door for you, but whether you can get the role depends on you.

Of course, if you don’t like it, then When I didn’t say it.” As

soon as he finished speaking, Su Qi immediately raised his head, “I want to go, I dream of going.”

He knew how hard Fang Zhi was on him, but he was too young when he first debuted Can’t get out of the entertainment industry.

Right now, he has looked down on Vanity Fair in the entertainment industry, and sooner or later an actor will be on the verge of being out of breath.

He thought a lot about this, starting a company and being behind the scenes.

But that's not what he really wanted.

When he first debuted, he was born for the stage.

Now, the real art palace finally gave him a chance, and he wanted to seize it in his dreams.

Fang Zhi's script, he didn't even need to read it, he knew it was right.

Few actors in China can get such a theater performance, which is more than a hundred times more valuable than the title of actor.

Su Yifeng snorted aside:

"He spends all day doing nothing in the circle. Money is easy to come by. He has long forgotten how to act. I think Teacher Fang should find someone else, or let me introduce you..."

"Dad, dear dad, just give your favorite son a chance to start over, I will definitely act well!"

Su Qi was so anxious that he could not wait to jump up in place.

Su Yifeng was pissed to death!

Su Nan smiled, "Dad, don't scare him, my third brother is a born actor, so he should eat this meal!"

Everyone: "..."

Su Qi went over to hug her: "Dear Sister, this is my sister!"

Su Nan whispered: "If you go abroad, remember to buy me a gift!"

Su Qi: "..."

Fang Zhi paused, "Don't be too happy Early, this script is currently in the confidential stage, you have no experience in the theater stage, if you want to come, you have to secretly train for half a year, and you have to stay abroad for this half year, you have to think about it."

Su Qi paused, his face Slightly stiff.

He looked at Ning Zhi subconsciously.

Ning Zhi's face was calm, and he smiled at him.

There was no objection.

But Su Qi still felt inappropriate, although the theater was the place he had dreamed of going, but as soon as he left, he was bound to be separated from Ning Zhiliu.

How long have they been together?

He was reluctant.

Fang Zhi sighed: "You'd better think about it, because there is absolutely no situation where you give up halfway. If you don't make up your mind, don't agree."

After speaking, she stood up and looked at Su Yifeng: "It took so long to catch up. Airplane, I'm hungry..."

Su Yifeng smiled, "Let's go, everything is ready for you, I caught a few fresh fish!"

Fang Zhi's tone was cold: "Mr. Su, I hope you can remember that I am allergic to seafood."

"Oh, My daughter likes to eat..."
