Chapter 1121 I really want to marry you

Chapter 1121 I Really Want to Marry You

Su Yifeng jokingly turned to the topic, while beckoning the housekeeper to get a good wine.

Su Nan followed and looked back to see that Su Qi and Ningzhi were still standing there, as if they were talking about something...

separated for half a year, maybe even longer.

These two will definitely not make up their minds so easily.

After Fang Zhi finished eating, he proposed to go back to the hotel to rest.

Since she had known each other for too long, she was not polite and gave Su Qi time to think about it, although it was only for one night.

She had to fly to country D the next day, so she didn't have time to wait too long.

The family did not interfere with Su Qi's decision.

Su Qi and Ning Zhi discussed it, and Ning Zhi insisted on letting Su Qi follow Fang Zhi for secret training.

Her attitude is obvious.

Su Qi couldn't go on like this anymore.

He should have a career he loves.

Su Qi struggled for a long time, and agreed, but Ning Zhi couldn't rest assured.

Before leaving, he instructed Su Nan several times that she must take a good look at Ning Zhi.

Su Nan was almost annoyed to death.

Su Nan and Ning Zhiliao went to take Su Qi on the plane together. He was fully armed and his whereabouts were strictly confidential.

Su Qi reluctantly said goodbye to Ning Zhi.

Ning Zhi was very calm, and after a few words to take care of himself, there was nothing to say.

Su Qi was a little disappointed: "I see, I really want to marry you before I leave."

Ning Zhi was stunned for a moment, then looked up at him: "We are still young, so don't worry."

"I'm afraid you won't wait for me."

He Straight to the point.

Ning Zhi blinked, "Third brother, we haven't been together for a long time or a short time, but it's also longer than half a year. It's over in a blink of an eye. We all look forward to your performance."

Su Qi stretched out his arms to hug her and sighed. He sighed:

"If you have anything, call me, send WeChat, and if I see it, I will definitely reply to you."

Ning Zhi sighed, "Don't worry, isn't there Xiao Wu? She is very capable. !"

Su Qi smiled and touched her head.

"I'm going to talk to Xiao Wu, you wait here."

Ning Zhi nodded, not wanting to follow the past, and sat there waiting for them.

Su Nan looked a little surprised when Su Qi came over.

"Shouldn't you be racing against time to say goodbye to Zhiluo?"

Su Qi's smile froze for a moment, and then he smiled recklessly.

"I don't need to say more, she is stronger than you, if something happens, do you know what to do?"

Su Nan smiled, "Of course I know, she is my best friend, no matter what difficulties she has, I will spare no effort!"

Su Qi lowered his head and smiled, a little pale in his smile.

Su Nan couldn't understand: "Why are you unhappy? Separation makes you so sad? It's not like you can't make calls?"

Su Qi pursed her lips and glanced at Ning Zhi who was sitting there playing with her phone.

The voice was a little muffled.

“I don’t know why, but I always feel that she doesn’t like me as much as before.”

Su Nan frowned: “Why do you have such thoughts? She has always liked you?”

Su Qi smiled and did not continue. Go on.

Su Nan sighed:

“Everyone is not a child anymore, third brother, before your relationship is completely settled, why ask a person to like a moth to a fire?

She has experienced so much, so she will naturally protect herself subconsciously, you have to be considerate .”

Su Qi paused, then suddenly smiled, what Su Nan said made sense.

It was his hard work that made Ning Zhi change his mind.

What does it matter that she loves him less now?

sent him on the plane.

on the way back.

The driver was driving in front, Su Nan sat there and looked at her hesitantly:

“Got it, you don’t want to know, what did my third brother say to me last?”

Ning Zhi glanced at her: “I don’t want to.”

“Why? “

He will definitely tell me that the third brother is too clingy. I’m really afraid that this enthusiasm will suddenly cool down one day, so I want him to calm down and deliberately hang him.”

Su Nan blinked He blinked and smiled.

Su Qi's worry was simply superfluous!

"I'll take you to the crew."

Ning Zhiliao: "I'll go by myself, you can be busy."

"No, I'm just about to go to the crew to have a look."

Ning Zhiluo smiled, "Okay, then Let's go, I'm still the producer of this drama, there are artists from Huaying Entertainment, you must want to see it."

Su Nan raised an eyebrow, that's great.

It is estimated that it is Sun Haoyang, who has been in the limelight recently.

It's just that I can add some popularity to him in the past.

When the two arrived on the set, Ning Zhi ran directly to the director and watched the latest progress.

Su Nan wandered around alone and went to the lounge.

"Thank you teachers, teachers have worked hard..." The

voice sounded familiar, but it was definitely not Sun Haoyang's voice.

She pondered that she had pushed the door and went in, and the person immediately saw her, her voice raised unconsciously.

"Miss Su..."

It's Yu Fei.

"Miss Su, did you come to visit the class on purpose?"

Yu Fei, this little fresh meat, is really getting more and more mature.

He was originally from singing and dancing, but after acting for a period of time, he seems to have grown a lot.

Su Nan had a good impression of him at first.

It's just that when she heard that he once succumbed to a big boss, she couldn't connect with the youthful boy in her mind.

She didn't advance or retreat, she just smiled lightly and nodded.

"You are also in this drama?"

Yu Fei nodded, "There are not many scenes, because the director has worked together before, so come here to help."

Su Nan raised his eyebrows and nodded.

He has always been so delicate, yet it makes people feel naive and innocent.

Su Nan smiled, and was about to turn around to leave when she heard Yu Fei stop her:

"Miss Su..."

He paused, pursed his lips, and hesitated.

Su Nan looked at him: "What's the matter? Say something straight."

Yu Fei breathed a sigh of relief, as if he had gathered up his courage:

"Miss Su, did I...have done something to make you unhappy?"

Su Nan frowned in surprise, "Why do you say that?" "

Although we don't see each other very often, I can feel that the attitude towards me in the circle is very subtle, although it still seems so polite, but... .. It's not as good as it used to be.

I heard from people in the circle that the spokesperson of the Su Group has chosen Sun Haoyang, and he will take over all my resources, right?"

Yu Fei said carefully, looking up at her.

His eyes were pure and innocent, as clean as transparent glass.

He asked very directly, without beating around the bush, he directly asked what he wanted to ask.

Because he knew that if he was beating around the bush and doing business with these people, he would not be an opponent.

Su Nan lowered his eyes, then smiled and raised his eyes:

"Nothing, Sun Haoyang is the spokesperson of the group, of course he will pay more attention.

But it will not affect your development, as long as you work hard, film and sing It will definitely work.”

...

Chapter 1123 Eavesdropping

Chapter 1123 Overhearing

Su Nan Although he no longer had the enthusiasm and appreciation he had before, he did not deliberately limit his resources.

Du Yan has clearly defined his development regulations, and will not give up his cash cow because of his dark history.

So, will not take away his resources.

There was a trace of confusion on Yu Fei's immature face:

“However, the company has now put all its energy on Sun Haoyang, my agent has been changed, no one cares about me, many of my activities It's all been temporarily cancelled...”

Su Nan frowned, his face changed slightly.

“How come?”

She had never heard of this one?

But looking at Yu Fei's anxious look, it really doesn't look like he's lying.

She took a deep breath, took out her phone, and called Du Yan.

After a few voices, Du Yan picked it up.

“Miss Su, what advice do you have?”

Su Nan glanced at Yu Fei, looked away lightly, and then put the phone on the loudspeaker.

“What are you doing?”

“What else can you do? Of course, it is to accompany Sun Haoyang to discuss the next cooperation. The early stage of the drama he filmed was very good, and he had expected it to be a big hit. Of course, he had to seize the opportunity. Opportunity...”

“What’s going on in Yu Fei’s place?”

Su Nan looked at Yu Fei’s unpleasant expression and changed the subject directly.

Du Yan asked, “What’s going on?”

Yu Fei was a little nervous, but he stopped talking.

Su Nan: “I heard that he has been less active recently. You also changed his agent?”

Du Yan gave a low laugh, “Have you heard of this? He came from a singing and dancing draft, and now the general environment is catching this kind of young draft entertainment, isn’t he transforming?”

The general environment is not suitable for him now, of course he has to. After being silent for a period of time, I transformed into a powerful faction.

But rashly changing the style and personality will cause the audience to feel uncomfortable and accept their incompetence. Let’s settle for a while, play soy sauce in a few movies and TV series, and exercise.”

Su Nan breathed a sigh of relief and watched it. Glancing at Yu Fei opposite, he stood there in shock.

“Then why did you change the agent for him?”

Du Yan: “His agent has limited contacts, so he will only find some cheap cooperation and advertisements for him, and he has offended many people behind his back. Since he wants to transform, then You have to turn around completely, why are you holding back?”

But...why are you asking this?

Or, Yu Fei went to complain to you?”

Hearing that Du Yan’s tone gradually became wrong, Yu Fei’s face became pale. Also a little ugly.

Su Nan calmly said two rounds of words, then hung up the phone.

She looked at Yu Fei, “Do you know now?”

“I misunderstood President Du.”

Su Nan: “If you have anything in the future, you can ask him directly. Du Yan is a good person, so don’t hold back.”

Yu Fei nodded: "I see, thank you Miss Su."

Su Nan nodded and turned to leave.

The reason why she was so sure was that she knew that Du Yan would not give up this cash cow, so asking him to listen to Du Yan's answer directly would be even more deafening.

But Yu Fei's brain is really stupid.

She used to think highly of his cleverness.

Leave the dressing room.

She was about to join Ning Zhiliao, but when she passed a lounge, the door was half-closed.

She glanced at Ning Zhiliu's skirt.

She smiled and pushed the door in, but the people inside didn't notice her.

"I just saw that Ning Zhi came to the crew. I didn't expect that she would have the face to show her face?"

Su Nan's body froze suddenly.

...

The first thousand one hundred and twenty-four chapters are in full swing

The 1124th chapter is in full swing

The people inside didn't notice the outsiders coming in at all.

The discussion is still in full swing.

"Yeah, if my nude photos were spread all over the sky, I wouldn't be ashamed to stay in the circle. Although I was working behind the scenes, I would be embarrassed to go out to meet people so soon..."

"I didn't say it all online before. Now, are those photos of P? Maybe it's not her photos..."

"That's to fool others, do you really believe it? Anyone in the circle doesn't know that those photos are her own, the previous one There were even people at the party who admired it!

Someone left the negatives in time, and I have to say, this Ningzhi's figure is really good, those men can't stop looking at it..."

"That is, who doesn't know who? , I would be lucky if I knew it, I caught up with the Su family, and I was fascinated by the actor Su, otherwise I would have been drowned by the spittle stars..."

"That's right, I heard that she was still in this drama. Producer, if I had known she was a producer, I wouldn't have come, lest I get into a show!"

...

Su Nan's face was already ugly, and the things that had passed long ago were unexpectedly taken down again. People took it out and mentioned it repeatedly.

How strong and terrifying Ningzhi's reaction was at the beginning, now I have lingering fears when I think about it.

Unexpectedly, these people look at this matter behind their backs, it turns out to be so disgusting!

But she glanced at it, and among the people discussing, did not find Ning Zhiliao's figure.

But when she was outside just now, she clearly saw Ning Zhiliao's clothes...

Could it be that she saw it wrong?

No matter what, they cannot be allowed to continue talking.

Su Nan glanced at it, and there was a brand-new bottle of perfume on the cabinet beside him.

She recognizes this brand, it's a limited edition, and it's not easy to buy.

Immediately, she then waved, and with a "smack-", the perfume fell to the ground and immediately broke into pieces.

The strong perfume smell spreads out immediately.

This voice interrupted the heated discussion inside.

A woman pulled away from the gossip and stood up in a bad tone: "

Anyone who doesn't have eyes shattered my perfume, do you know how expensive it is? Can you afford it?"

There, Su Nan, whose face was indifferent and noble.

In an instant, she froze violently.

Her friend also followed and saw Su Nan.

“Su...Miss Su? Why are you here?”

Su Nan glanced at her, the female lead was the first, and she said it most cheerfully.

The owner of the perfume is the No. 2 female, the No. 2 female in Wannian. She has been the No. 2 female in many dramas. Because of her looks, she has no chance with the female lead.

“Miss Su...”

It was obvious that they were all panicked.

“Just now, didn't you hear anything?”

Female No. 1 asked her tentatively.

Su Nan hooked her lips coldly, “I didn't hear that I would break this thing?”

Do you think she is a fool?

It was whimsical.

The girl's face was pale.

Of course she knew that what they were talking about just now was not only Su Yingdi's girlfriend, but also Su Nan's good best friend.

She was talking ill of her best friend, and she happened to be heard by Su Nan. What a lot of luck!

“Miss Su, it's all a misunderstanding. We just sit and chat in our spare time during filming...”

The female artist who didn't know how many lines to the side remedied.

Su Nan suppressed the fire of anger in his heart.

Before Su Qi left, let her take care of Ning Zhi.

As a result, when she turned her head, someone made trouble under her nose, and even humiliated Ning Zhi with such ugly words.

If she uncovered it gently, she would be too impersonal!

...

The first thousand one hundred and twenty-five chapters

The first thousand one hundred and twenty-five chapters smashed the money and smashed the fire

“Chat? Or throwing dirty water on people? With

such a high salary, you still despise the producer. You are really the first one, since you like the arranger so much. , I’m wronging you here...”

Su Nan won’t give them another chance, no matter how hard it is to find temporary rescuers, even if they lose money, she won’t continue to use them.

Just as she was about to let them go, Ning Zhi smiled and stood in front of her as she watched the familiar skirts come out of the clothes rack at the back.

“Xiao Wu, forget it...”

As soon as everyone saw Ning Zhi who suddenly appeared, his face suddenly became complicated and ugly.

Why is she here?

The clothes rack is tall and heavy, and the space at the back is used for changing clothes.

If someone is hiding there, it’s really not easy to find.

Su Nan’s face turned pale. Compared with the group of women making her angry, she was more afraid of what Ning Zhi heard just now.

But she was not mistaken, Ning Zhi was really here.

She heard everything.

Even more than she heard.

How could she endure such unpleasant words?

Su Nan took a breath, closed his eyes again, and took a deep breath.

“I can’t forget it. The most important thing in this circle is actresses. I will let them get out of the way. From now on, no one will talk nonsense!”

Su Nan said, everyone’s faces turned pale. one slice.

Especially the female No. 1 and No. 2 female, who can get to their current status, pay more and heavier prices than male actors.

It’s hard to get a place in this circle. If they are suddenly blocked, they will lose everything, and the capital behind them will try their best to get the money back from them because of their fault.

The female number one stepped forward anxiously, trying to touch Su Nan, but she was thrown away.

“Miss Su, I was wrong, please do your best, don’t block me!”

“Yeah, Miss Su, Miss Ning, we know it’s wrong, don’t block us...”

... Su Nan made up

his mind, if they don’t teach them a lesson, this matter will be talked about by others sooner or later.

Fed up!

Seeing that Su Nan’s face was cold, they turned to seek Ningzhi.

Ning Zhi looked at Su Nan helplessly:

“Xiao Wu, forget it, it’s not worth making a big deal out of it.”

Su Nan’s face was extremely cold, “It’s not worth it, what else is worth it?”

“The crew The progress of the film is already very slow, if you change people temporarily, you will lose money, and various TV stations are nervous about filming, if you can’t finish it on time, the show will be over.”

Ning Zhi said solemnly.

Su Nan: “It’s simple, I’ll take the lost money, and I’ll find a relationship with you when the show is released. Even if this show throws money at it, it will blow fire for you!”

After she finished speaking, she glanced coldly at the People, remembering their appearance one by one.

Turn around and leave.

Everyone frantically turned around.

After a while, Ning Zhilao caught up.

“Xiao Wu, I’m not very angry, why are you reacting so much?”

Su Nan looked ahead without changing his face:

“I promised the third brother that I wouldn’t let anyone bully you, not even to say a few words.”

Ning Zhi was silent for a moment and walked beside her.

“When did he tell you?”

“When he got on the plane, he said a few words to me alone before he left. It was all about you, and let me take care of you. If he knew about it, his reaction would be better. I’m still old!

If you don’t agree with my decision, then I’ll tell the third brother and let him come back and deal with it! “

Ning Zhi’s eyelashes trembled slightly, and after a while, she spoke again with a slightly cold tone.

“Xiao Wu, don’t tell the third brother, he can’t be distracted now.”

“Then see you being bullied? Do you think this is an accident? If this kind of thing happens often in the future, does it have to happen again and again? Can you bear it?”

Su Nan was annoyed.

Ning Zhi suddenly grabbed her arm.

Looking at her solemnly.

“Xiao Wu, I’m serious, I don’t let you do this because I have my own way.”

Su Nan paused, her eyes blank.

“What method do you have?”

From the very beginning, her reaction was surprisingly calm, as if she was being bullied.

Because of this, Su Nan was even more worried.

Don’t say that Su Qi had told her, even if she hadn’t, no one would dare to bully her friends!

Ning Zhi smiled, with an imperceptible coldness on the corner of his mouth.

“I’ve been in the mall for so many years, how could I be bullied by one or two actors? There are many ways to get revenge, each of which is much better than your impulse.

For example, when you were filming, you were disliked by the director . . . For example, your own black material is suddenly exposed, these are the best ways to avoid redemption.

If you just block, their fans will hold injustice for them, and even implicate you, why bother?”

Su Nan’s face softened slightly, but He glanced at her reproachfully.

“Why didn’t you say it earlier? If you said it earlier, I wouldn’t be so impulsive anymore. I really thought you wanted to let them go because you were reluctant to invest in this drama.”

Ning Zhi smiled and said, “You didn’t give me a chance to explain. You were blocked as soon as you came up. Your domineering and decisive method is really in the same line as the third brother!”

Blocking people who are not used to it is the most effective and direct means of capital.

.

How many bosses have used it.

But any big boss who has no confidence has no face to say so!

Ning Zhi has been in this circle for a long time, and naturally knows that the capital team behind these actresses is not that simple. If they are rashly blocked, it will cause the dissatisfaction of those capital parties.

Although the Su Group is not afraid, Ning Zhi can't keep holding the Su Group on its back.

She has her own way to deal with this.

It's slow, but thorough.

Su Nan breathed a sigh of relief, as long as Ning Zhi didn't want to be so foolish enough to bully.

"What's wrong with being domineering and decisive? It just works!"

She smiled and walked forward, her mood suddenly brightened.

Ning Zhi followed and took her arm, "Let's go, I'll take you to dinner!"

"Have a big meal?"

Su Nan smiled, "Since Shang Qian went abroad, no one has invited me to a big meal!"

Ning Zhi rolled her eyes at her, "I think it's beautiful, the crew is on a day trip, and of course the crew's lunch box is not to be missed!" Su

Nan: "..."

I never expected it.

Ning Zhiliao really brought her to eat the lunch box from the crew.

Fortunately, someone came to the scene with a box lunch and delivered it directly to the front.

One chicken leg, two vegetarian dishes, and rice.

What simple ingredients...

Su Nan didn't think there was anything wrong with this meal, but she really had no appetite.

After eating two bites of vegetarian dishes, Yu Lou just came to pick her up.

Seeing this scene, he was at a loss for words.

Yu Lou ordered with his mobile phone and walked over:

“Mr. Su, I have ordered a Michelin restaurant dessert for you...”

Su Nan raised her eyebrows, just as she was craving dessert!

It’s just that there are so many people here, you can’t eat alone, right?

...

Chapter 1127 Do you like it?

Chapter 1127 Do you like it?

Su Nan hesitated for half a second, then looked at Yu Lou and instructed:

“Order a few more copies for everyone and send them to the crew, everyone has a share!”

Everyone cheered happily stand up.

Michelin restaurant dessert, they can eat casually?

Ning Zhiliu sighed aside, what a fool and a lot of money!

Until he left the crew, Su Nan didn’t see those actresses appearing in front of him, thinking he was avoiding them on purpose.

But it doesn’t matter.

Anyway, Ning Zhi already has an idea in her heart, and she will do the rest.

...

Su Nan returned to the apartment at night, already feeling a little tired.

She went to take a bath, changed clothes and came out.

I just heard Shang Qian call.

Su Nan paused, then picked up:

“The time difference there should be two o’clock in the morning now, haven’t you rested?”

Shang Qian smiled in a low voice, and his tone was also filled with exhaustion that could not be concealed:

“I just took time out. Come, I haven’t heard your voice for a day, I’m afraid I won’t rest well.”

Su Nan blushed, Shang Qian’s straightforwardness was a bit overwhelming.

She paused, then sat on the sofa, and said slowly:

“Mr. Shang, you have changed, you are not the same as the Shang Qian I knew before!”

Shang Qian’s tone was light and warm, “Then do you like it? It will become like this in front of the person I like, can you adapt?”

Through the phone, she could feel that Shang Qian’s eyes must be looking into the distance gently.

In his heart, he still holds himself.

The feeling of being buried in my heart like this is really strange and indescribable.

Su Nan slowed down and took a deep breath.

“I can adapt.” What

she wanted to say was that this kind of Shang Qian is a little more human than the Shang Qian she knew before.

It feels so good, so warm.

Of course she can adapt.

Shang Qian was silent for a few seconds, and Su Nan’s heart was beating wildly.

“Did everything go well for you there?”

“Well, it went well.”

Shang Qian paused, his tone lighter:

“Su Nan, when this project is completed, I want to move the business of country M to country Z, you What do you think?”

Su Nan’s heart skipped a beat and involuntarily accelerated.

It's not that she doesn't understand what Shang Qian means, but subconsciously, she has already asked,

"Why?"

The development of country M has always been far ahead. In terms of industry, industries such as country M have always been at the top of the pyramid.

Everyone squeezed their heads and wanted to enter Wall Street, but Shang Qian wanted to get out?

"Because the prospects of country Z are very good, because I have discovered a lot of business opportunities..."

Shang Qian paused, his voice suddenly sank, as if coaxing and hoarse:

"Because you are here. "

Su Nan's heart seemed to skip a beat, and the whole person froze slightly.

She pursed her lips, suddenly not knowing what to say.

Shang Qian didn't let the two of them cool off.

He continued to speak in a hoarse voice:

"Can you let me meet your family when I return to China?" It

was only a few days apart, but Shang Qian thought he was very comfortable with being alone.

But he hadn't seen her for a few days, and every cell in his bones was clamoring for her.

Missing is like a wildly growing vine, wrapping around every inch of his skin.

It was as uncomfortable as scratching the heart.

He knew that he was trapped, and he was worried that Su Nan was not trapped.

Every minute and every second of waiting for the answer, he felt nervous, and the blood all over his body seemed to coagulate.

Sweaty palms...

Chapter 1128 Scandal Exposure

Shang Qian stood in the hotel room, looking out into the distance in the dark night.

The night sky in Europe always looks a bit empty and deserted.

But he felt himself sweating all over.

One second, two seconds...five seconds.

The other party finally hesitated and said:

“Okay, if you are mentally prepared, then go and meet.”

For a moment, Shang Qian felt that the whole person was alive again, as if the drowning person was saved.

in the dark.

His deep laughter was particularly clear:

“Then it’s settled. When this project is completed, you can’t go back on it.”

Su Nan smiled unconsciously, “Okay, then see when you finish it.”

She I know that the project of Shang Qian will not be completely on the right track without three years and five years.

Three or five years may be a long time, but she feels that time should be enough.

Gotta show him hope and thank him for thinking about their future.

Shang Qian smiled, “Okay, I will work hard.”

After he finished speaking, he thought for a while: “I heard that you used to hire people to live-stream shopping in major European brand stores in order to buy things?

” Nan’s face did not feel hot.

She didn’t think that before, why was he mentioned that she sounded so stupid?

“So what?”

Su Nan pursed her lips, and now the anchor still privately messaged her, asking if she still needs to do live shopping?

Shang Qian smiled, "It's not very good, I just want to say that if you need anything, I'll be happy to help."

She didn't expect that Shang Qian would be willing to run errands for her in major shopping malls?

I really can't imagine that scene.

But since he likes to run errands, give him a chance?

Su Nan thought for a while and coughed.

"I'll send you what I need, don't buy me the wrong one!"

Although major brands regularly send their products, except for the dresses and cosmetics tailored for her.

The other Su Nan were too lazy to choose, and most of them were given away by her.

She prefers the feeling of shopping.

Shang Qian smiled dotingly:

"Okay, absolutely not!"

Su Nan was not sleepy, but looking at the time, it was about to dawn in Shang Qian's place.

He hadn't slept all day and night, and he certainly couldn't make it.

Thinking of this, she hurriedly said a few words and ended the topic.

She lay on the bed thinking about Shang Qian's words, and her heart was warm.

I thought it was another day of insomnia.

As a result, I fell asleep unknowingly...the

next morning early in the morning.

Su Nan woke up and checked the email on his phone, gave Yu Lou a few replies, and then quit.

After washing up, she turned on her phone and looked at the headlines that popped up on her phone.

“XX actress was exposed as a big name in the crew!”

Su Nan squinted, wasn't the woman in the photo the same girl who took the lead in saying Ning Zhi had seen in the crew yesterday?

Click in to have a look.

Just watched someone sneak a short video.

Female No. 1 was in a bad mood, and she slammed the box lunch that the assistant handed over to the ground.

“You just give me this? Is this for people to eat?” The assistant did not dare to speak.

Female No. 1 took an inch and pointed at the mess on the ground:

“You have to eat it, you must eat it all, and if you don't eat it, you don't want to leave!”

The short video of less than ten seconds, less than two sentences, suddenly rushed to the heat on the search list.

Immediately following the second ranking in the hot search, it is the name of the drama that Ningzhi invested in.

It was less than an hour after the video was released, and they didn't have time for public relations to react. Online public opinion was rapidly fermenting, just like the momentum swept by a storm.

Unstoppable!

“Is the actor amazing? Where does this woman get the sense of superiority?”

“That lunch box has Meat and vegetarian food is not eaten by human beings? Don't we usually eat food that is eaten by superstars like them? Hehe...”

“Let the assistant girl eat it up? Have a face, Xu Yan got out of the entertainment industry, and the current trend is to be ruined by this kind of person!”

No surprise, all the Internet is spitting on what Xu Yan's No. 1 did, which is simply unbelievable Point out.

A reporter called the crew to ask if it was true.

The crew said: The matter is under investigation.

Such a response will only make netizens even more angry.

Everyone went to this Xu Yan's comment area and cursed, and without exception, they all sympathized with the little assistant.

The public relations of Xu Yan's company finally responded and replied: Mr.

Xu was unwell at the time and accidentally knocked over the lunch box. Since he was busy preparing the script, he asked his assistant to clean up. The video on the Internet is untrue, please don't believe it.

This PR didn't have much effect, but netizens were too rational and were waiting for things to reverse.

After all, dubbing does happen.

It's just that less than half an hour after the public relations statement came out, a reporter interviewed the little assistant who was working in the crew.

“Is it true that Xu Yan is playing a big name?” The

little assistant’s eyes were still red, but he smiled aggrievedly, “It’s okay, we are all used to it.”

Getting used to...

These three words are simply a blow With a heavy hammer, Xu Yan was completely beaten into the list of big names.

“Did she let you eat those foods?” the

little assistant choked and said,

“I’ve eaten all of it, please don’t interview me again, if my mother sees it, she’ll be sad...”

.

Needless to say, the interviews that followed were like a slap in the face of Xu Yan and her agency.

That statement of righteousness now seemed more like a joke of stubborn resistance.

The interview took less than half an hour.

The brokerage company deleted the statement.

The crew also immediately stated that the female lead had been replaced due to some relationship.

Xu Yan’s name has been on the hot search, and she can’t even withdraw it.

Immediately afterwards, after Xu Yan’s hot search for playing a big name, more black materials were found by netizens.

It turns out that she has not been playing big cards for a day or two.

There are dozens of assistants who have worked with her, but none of them can survive three months.

Some former assistants came out anonymously and complained about Xu Yan’s actions.

In the middle of the night, I asked the female assistant to go to her house to give her a massage, and she didn’t let me make any noise.

When filming, let the assistant give her the correct lines, and slap the wrong word.

When I was resting at the airport, I asked my assistant to knelt down and pinched her feet...

All kinds of behaviors were like adding a barrel of oil to the burning flames.

Xu Yan's behavior is simply indignant, and she can't wait to let life eat her.

"Is it great to be an actor? She even has people pinching your feet?"

"She really doesn't treat people like people, so you still think she's superior?"

"This woman doesn't look good, how did she become popular? "

The first thousand one hundred and thirty chapters do things seriously

The 1130th chapter is serious about things

"Check the capital behind her, is there someone who is used to her?"

"Go and apologize to those assistants, and then get out of the entertainment circle, the money for acting is so easy to make? "

It's so difficult for an ordinary worker? I feel sorry for that assistant sister 10,000 times!"

.....

Netizens scolded her very happily, just for one purpose, let her apologize and get out of the entertainment circle!

Xu Yan came out to apologize in tears, and sent a small apology essay, trying to save the situation.

Netizens didn't buy it.

The result was in the afternoon.

Someone who claimed to be the crew posted a few photos of Su Nan dressed in a low-key manner and eating a boxed lunch seriously when the crew visited the class!

She really ate the food in her mouth, and chatted and laughed with the people next to her.

The photo went viral as soon as it was posted.

“Xu Yan come out and have a look, this is the star!”

“Su Nan’s worth is a thousand times yours, and her quality is also a thousand times yours!”

“Su Nan is so likable, why is my goddess so beautiful? “

I really want to be the dish in Su Nan’s mouth!”

“You can’t eat food that Su Nan can eat? How noble does Xu Yan think she is?”

“Miss Su going to act? We have ten thousand support. “

It turns out that fairies can also eat vegetables? Fairies remember to eat chicken drumsticks...”

...

Su Group.

Su Nan never dreamed that he could eat melon on his own head.

She originally watched netizens scolding Xu Yan, and she was very happy.

I can’t wait to scold myself!

But looking at it, why did my photo rush to the hot search?

Su Nan paused, and Ning Zhi’s call came.

She squinted her eyes and told her intuitively that the phone call Ning Zhiliu made must be related to the photos on the Internet.

She picks up.

Ning Zhiliao: “Xiao Wu, saw your photo?”

“You didn’t do it, right?”

Su Nan asked bluntly.

Because Ning Zhi had to keep her in the crew for dinner.

So she couldn’t help but think so.

Ning Zhi was silent for a few seconds, then smiled.

“What are you thinking? I did, but the reaction wasn’t so quick.

The people present took a photo occasionally and sent it to me, and I instructed someone to post it on the Internet, killing that bitch Xu Yan!”

Su Nan relaxed She smiled, it was not planned by her, but also posted on the Internet.

But it doesn’t matter, as long as she can help her, she is very happy to be used.

“Okay, I also have a share of the credit here, you remember to thank me!”

Ning Zhi: “No problem!”

Su Nan: “But what happened to Xu Yan’s video?”

Ning Zhi: ” It was the little assistant who asked someone to do it. The little assistant didn’t like her for a long time, and tried to kill her.

She took a video to find me and asked me to help, saying that it was also good for the show, of course I was glad Agreed.

Otherwise, how can you occupy the hot spot for a whole day?”

Adding to the flames, she was serious.

It turned out to be like this, Su Nan pursed her lips, “That’s what she deserves, and it’s her own death to be able to have today.”

Ning Zhi: “Yes, it’s just God helping me!”

“What about the rest of the people? What do you do? You can’t let go of the remaining women so easily!”

Su Nan reminded her not to let anything slip through the net.

Ningzhi said lightly:

“Don’t worry, I hold grudges very much, and I won’t miss the next one!”

Su Nan raised her lower lip and smiled with satisfaction.

That’s it.
