Chapter 1151 Low-key show off wealth

The first thousand one hundred and fifty-one chapters show off his wealth in a low-key manner, and

Shang Qian actually left alone?

Su Nan immediately took out his mobile phone, but there was a note under it:

“Your good night’s dream is to wish me a smooth journey, good night baby!”

Su Nan was stunned for a while, and suddenly there were all kinds of sweet and sour in his heart. All taste.

She picked up her phone, opened WeChat, and Shang Qian’s name jumped out. It was a message he sent at 5:00 in the morning:

“I got off the plane safely, good morning.”

Su Nan’s mouth curled up.

She immediately replied:

“Good morning, Mr. Shang!”

...

Shang Qian ran back and forth, but Su Nan was very happy, she was happy all day, and did not go to the company to pick her out. The carefully selected gifts were moved to the car, ready to be given to Qin Yu and Ning Zhi.

It’s really not a loss to be her best friend!

Ning Zhi was in the crew, Su Nan thought about it, and directly took those ugly big-name bags and clothes into the car.

I really don’t understand, why is Shang Qian’s aesthetics good and bad?

crew.

Ningzhi watched those big-name bags being piled up randomly, as if dealing with cheap items, and his heart suddenly became tense.

I can't wait to buy a big house to supply them!

"What are you doing? Are you showing off your wealth?"

Su Nan rolled her eyes at her:

"What are you kidding? The whole world knows that I am so rich, so I need to show off my wealth?" It

's just smearing her character!

Su Nan pointed to the one on the co-pilot: "That's for you, didn't I hear you mention this one before?"

Ning Zhi glanced at her and looked at her in shock.

Su Nan didn't have time to say more, and pointed to the back:

"I can't fit these in my cloakroom, thinking that you might use it in filming here, I'll just leave it to you, do whatever you want..."

Ning Zhi : "Your cloakroom is so big that it

can't fit in it?" Obviously she didn't want to see it in it.

Don't even want to watch.

Su Nan smiled, "Please help me solve it..."

Ning Zhi was speechless, smiled, and called the props team directly.

It was the first time that the props group saw so many brands piled up in a messy car.

Ning Zhiliu said from the side:

"Please take these back and use them as props. I remember that there are several scenes in the play where the heroine attends with a brand-name bag?

Basically, the bags here are all It can be used, so take it back."

The teacher who arrived at the crew shook his head in shock and looked at Ning Zhi:

"Mr. Ning, where did you get this A product from, how can it look more real than real? Can you give me the contact information of the seller, and we will choose him when we need it later!"

Ning Zhi was taken aback for a moment.

Su Nan came out of the back of the car with a smile and shook his head.

“You have to buy these from the European counters, because they are real.” The props teacher was stunned when he saw Su Nan.

“Su...Miss Su!”

Su Nan smiled and nodded.

“These are all brought by Su Nan. Do you think it is necessary for Su Nan to buy fakes? The big brands with six or seven figures, you still think they are A goods?”

Ning Zhi looked at him speechlessly.

The teacher of the props group touched his head embarrassedly.

“I’m really sorry, the main reason is that the real thing has never been used in the play, and no one used the real thing as a prop, so...”

Su Nan: “It’s okay, move in quickly.” The

props teacher hurriedly said. Nodding, carefully carrying a bunch of valuable things, just like holding a mountain of gold and silver.

Chapter 1152: Women can’t get used to it

Chapter 1152 Women can’t get used

to the Fu Group.

In Fu Yechuan’s office, the air pressure was extremely low.

During this period of time, Fu Yechuan’s emotions had begun to return to the state before the divorce. The coldness was exuding a strong chill from the inside out.

The entire company is working carefully from top to bottom.

Even Chen Mian inevitably hit the muzzle several times.

Fu Yechuan sat there, the light and shadow were dim, and the whole person was shrouded in a strong chill.

Opposite, is Lu Qi, who is in high spirits.

The expressions of the two people are simply the same.

Wu Tutu reluctantly fed the fish in Fu Yechuan's office. He had already killed two of the hundreds of thousands of fish. Fortunately, Fu Yechuan didn't find it...

He pricked up his ears and listened, Lu Qi The sound of laughter is almost harsh.

"Old Fu, you have to grit your teeth and be ruthless, women can't get used to it. Look, isn't Leng Lin still coming back to me honestly?"

Fu Yechuan sat there with his eyes cold. Eyelids, indifferent.

If he hadn't had to run over to share the joy of his victory, Fu Yechuan would not have been in the mood to see him.

Really annoying!

Last time he drank too much and did such a thing in a hurry. Su Nan explored his despicable thoughts, and so far there has been no movement.

The more silent.

The more he panicked.

I asked Chen Mian to contact Yu Lou several times, trying to get her out to meet in the name of talking about official affairs, but they were all pushed.

How could he not notice Su Nan's attitude.

He could feel that she was getting further and further away from him.

It's all because of this damn Lu Qi, for the damn bad idea!

I really don't want to see him!

Seeing Fu Yechuan's silence, Wu Tutu summoned the courage to interject:

"Mr. Lu, I heard that it's because Miss Leng is pregnant?"

Lu Qi was stunned and smiled:

"The news is quite well-informed, it was the old Fu who said it. Right? He just doesn't say it, and he's jealous!"

Fu Yechuan looked down at the document speechlessly.

Hope he voluntarily fuck off.

Lu Qi talked with gusto:

“In the end, it’s time for me to make amends. She made so much trouble at the remarriage wedding, and she still comes back to me now?”

Wu Tutu: “How did Miss Leng figure it out? , is it because of the child?”

Lu Qi took a sip of coffee and smiled:

“Isn’t she just blaming me for not helping her father’s company? I started the company for her again, even if it loses money, I will Willingly. It’s a

pity that the father-in-law is gone. The company can’t be left unmanaged, so she can only go there in person.

In this way, she will naturally not stay in that law firm. She

can only go back to the Leng family to be the eldest lady, and the Leng family her own. My grandmother has always liked me, and she will naturally not listen when she puts pressure on her...”

Wu Tutu was puzzled: “But aren’t she still dating Fu Ershao?”

“Heh... ....It’s just a joke, I’ve said it long ago, they can’t go far, Fu Yanni is in the entertainment circle, and there is no less lace news than me, compared with the two, my grandmother naturally prefers me who is a prodigal son!”

Wu Tutu nodded knowingly.

What a genius!

“So, to persuade you, President Fu, to make him cruel. With his ability, it’s not easy to control a woman?”

Lu Qi glanced at Fu Yechuan.

Wu Tutu muttered:

“Miss Su is not an ordinary woman. Behind her is the entire Su family. Even you can’t afford to offend her. How could anyone dare to risk it? I’m

afraid the retribution will come faster!”

...

Chapter 1153 is not sincere

Chapter 1153 did not come from  
hearing Wu Tutu's words sincerely.

Lu Qi paused and smiled.

He put down the coffee cup in his hand heavily.

“Don't you think that Fu Yechuan's methods will leave evidence directly?

When the raw rice is cooked, that Shang Qian will naturally have to get out of the way.  
Who doesn't respond?

It depends on whether the old Fu will soften his heart!”

Fu Yechuan said. His eyebrows twitched, his face unwittingly ugly.

Wu Tutu glanced at his face and lowered his voice:

“Miss Su is not the kind of person who is submissive, otherwise she would not have divorced in the first place, Miss Leng has a good temper, and her family background is not as good as that of the Lu family, of course she has many concerns.

Even if I promise to be with you now, it's not necessarily out of sincerity...” The  
voice fell.

There was a strange silence in the air.

Wu Tutu poured a basin of cold water, and Lu Qi's face became not very good-looking.

Of course he knew why Leng Lin agreed to come back to him.

It's definitely not because of love...

because he propped up Leng's father's career again, because Leng Lin's grandmother  
was ill and couldn't do without his help...

Leng Lin was pregnant, but it was just an announcement to the outside world. Just an  
introduction.

According to her character, her determination will not be changed by a child.

It's just the right time and place, there is no reason why he can't be fulfilled!

However, when Wu Tutu suddenly lifted the layer of window paper, Lu Qi still thought it sounded too unpleasant.

Not from sincerity?

He hooked his lips and sneered.

"As long as the person is with me, the sincerity doesn't matter. Anyway, her heart will come back to me sooner or later." At

this moment, Wu Tutu had nothing to say.

Lu Qi's face is thicker than the city wall, and his methods are more annoying than hooligans!

Too bad he didn't dare to say it.

I hope that Mr. Fu will not be so overwhelmed!

Fortunately, Fu Yechuan's face didn't show any reaction at all.

"Old Fu..."

Lu Qi wanted to continue brainwashing him, but Fu Yechuan turned off the computer impatiently and stood up.

"I still have a wine party, let's go together?"

Lu Qi: "Who are you with?"

"Xinhai..."

"No, that person keeps introducing his daughter to me, and his daughter is still underage. , thank him for being able to say it!"

Lu Qi walked away impatiently.

Fu Yechuan snorted coldly, then took his clothes and walked out.

Only Lu Qi and Wu Tutu were left in the office.

The two looked at each other.

Lu Qi speechless stood up, took his clothes:

“I go, come back to.”

Wu Figure relieved: “Army Headquarters, your walking ah .....

“heard” bar.

Su Nan played for a day and was called by Qin Yu to drink in the evening.

Just as she was about to enter the box, someone came out of nowhere and grabbed her wrist:

“Sister Su Nan, you are here too!”

Su Nan was startled, the voice was familiar, and when she looked back, it was Xin Hai  
The daughter of the group boss, Hai Ye.

She paused and breathed a sigh of relief.

“It’s you?”

She was wearing heavy makeup, and the thick eye makeup was almost unrecognizable.

Wearing exaggerated clothes with large reflective sequins on the clothes, and carrying bags of various shapes, it is also very valuable.

It’s just that she looks exaggerated in this outfit.

Does Su Nan really doubt that children nowadays have no aesthetic ability?

However, in order to maintain the child’s self-esteem, she would not say it.

“What a coincidence, I came to a party with a few friends and saw you?”

Hai Ye saw Su Nan, he was as excited as fans when they saw an idol.

Get carried away.

Su Nan didn't even understand where her enthusiasm came from?

"It's a coincidence. I've made an appointment, so I won't talk to you anymore. See you later."

Just as Su Nan was about to leave, Hai Ye hurriedly stopped him.

"Is that your friend? It's inconvenient to sit together, my friends like you, they all want to see you!"

Su Nan's mouth froze slightly.

Oh no, she didn't want to see a bunch of underage watching her while she was drinking.

Thinking about that scene makes me panic.

Just as she was about to refuse, Hai Ye looked behind her and greeted her friends:

"Hey! I saw Sister Su Nan, so I said we were good friends, and she even invited us to her box to do things.. ...."

Su Nan raised an eyebrow, when did she invite her?

How could she not remember!

Five or six children the same size as her came running over, and they dressed in the same style as Hai Ye!

Sure enough, this is the most popular style for this age group!

Su Nan twitched the corners of his mouth and could only open the door to invite them in.

Everyone was very excited.

Immediately Qin Yu was singing loudly, Ning Zhiliao and Cheng Yi shielded themselves from Qin Yu's singing, and acted as a transparent person.

But suddenly, the music stopped.

They looked up and looked towards the door.

A group of children with dyed red, yellow and blue hair appeared at the door and ran in chatteringly.

They were all stunned.

However, when he saw Su Nan walking in behind him, his face was ashen, he was also stunned.

“Su...Su Nan, are you planning to run an education?”

In their careers, they haven't reached this level of public welfare, right?

Su Nan pursed her lips, smiled, and pointed at Hai Ye, who was beside her:

“This is the daughter of the boss of Xinhai Group, Hai Ye. We have known each other before. These people are her friends.” The

three nodded dully. .

Cheng Yi stood up, “I'll go out and answer the phone first.”

He ran away like he was running away.

He came to “seek pleasure”, not to teach children.

Qin Yu and Ning Zhi looked at him enviously...

Su Nan rolled his eyes at him and said nothing.

“Everyone can sit down, order whatever you want, sisters treat you!”

Qin Yu greeted everyone with a smile.

Su Nan sat on their side, and as soon as he sat down, Qin Yu pinched the soft flesh around his waist.

“What's the matter, when did you become so familiar with the daughter of Xinhai Group?”

Su Nan gave her a helpless look:

“Yunyun, who looked down on me before, almost became her stepmother, the enemy of the enemy is the friend, Do you understand?”

Qin Yu gave a thumbs up, speechless.

Awesome!

Ning Zhiliu handed her a glass of juice, “Forget it, we have to set an example for minors, don't drink alcohol tonight...”

Su Nan nodded.

There was a sudden slump on his side, and Hai Ye was already sitting next to her excitedly.

“Are you regulars here? We’ve never been to this box. It doesn’t seem to be open to the public. Is it exclusive to you?”

Su Nan smiled, “You’re here, does your father know?”

Hai Ye cut a sound. , his face sank immediately.

Great, the change of subject was successful.

“He, his marriage has been ruined, and now I’m starting to make up my mind, why don’t you let that fox come in and take care of him...”

Su Nan twitched the corners of his eyes, “You?”

She looked at , From top to bottom, there is nowhere to see that you can get married!

Haiye and nodded speechlessly:

“Yeah, I wanted me to curry favor with Lu Qi, that playboy, who is still married for a second time, I’m really blind. I will like him...”

Su Nan and Qin Yu were stunned.

“But fortunately, it hasn’t been long before he mentioned that Lu Qi is going to remarry his unlucky ex-wife again! I’ve escaped the catastrophe!”

Hai Ye stretched his waist and smiled quite proudly.

Su Nan: “Your father gave up looking for a stepmother for you?”

Hai Ye: “It’s not good enough to not give up. It’s not good for

our family to be damaged by that vixen, and it’s notorious. Can you get him?

Those women who were posted upside down, he suspected that they were all the way with that fox spirit, so he simply gave up!”

Qin Yu smiled aside, and lightly touched her with the cup.

“Your dad looks restless. There are rich widowers who are divorced and widowed in the circle. These people are like tigers and wolves...”

Ning Zhijiao reminded her: “Don’t teach children bad!”

Not far away Several girls came over and excitedly proposed:

“Let’s play games!”

Everyone looked at her.

“Playing Truth or Dare?” The

three of Su Nan: Wow, so tacky!

Unexpectedly, her proposal was unanimously approved by others, and she was eager to try it.

Obviously, Su Nan’s side is not strong enough and can only listen to others.

The three of them didn’t want to fight alone, so they wanted to use the challenge mode.

Unexpectedly, Hai Ye and the others agreed immediately.

Originally, the three of them were quite nervous, thinking that their skills must be very mature.

The result...

Su Nan and Ningzhi looked at Qin Yu with admiration, winning two games in three games, and winning two games in a row.

Qin Yu didn’t expect them either, thinking they were kings, but a group of bronze...

She couldn’t help laughing and coughed: “You guys are underage, it’s okay to drink, it’s still a big adventure, right?”

Ye and a few friends looked at each other.

Although they lost completely, their self-esteem did not allow them to admit defeat and bow their heads.

“A big adventure is a big adventure, let’s talk...”

Su Nan and Ningzhi glanced at each other.

Qin Yu has quickly entered the state, eager to try.

“Let’s do it, you can just enter a box, don’t say anything after entering, do a rabbit dance, right?”

Hai Ye and the others looked at each other with disgust.

Qin Yu smiled, “If it’s so simple, if you don’t want to do it, then don’t play, and you can’t play it if it’s too much...”

Hai Ye and the others gritted their teeth, “Who said you don’t want to do it? Yes, it’s not too much, we didn’t expect your requirements to be so low!”

Qin Yu looked at them with a smile, “Okay, let’s go in with you as the head...”

Hai Ye took a deep breath After a sigh of relief, he stood up with a fearless posture, and rolled up his sleeves.

“Let’s go, don’t worry, maybe there will be no one inside if you push the door...”

She raised her eyebrows at Qin Yu.

Qin Yu smiled, “No one counts you lucky.”

Hai Ye turned around in disdain and took the people out.

Su Nan and Ning Zhi smiled and stood up.

Qin Yu couldn’t wait to follow, “Let’s go and have a look together.”

Ning Zhi was speechless, “Rabbit dance? Do you think this is a kindergarten?”

“Healthy games, of course, in a healthy way!”

Su Nan laughed Smile, it’s innocuous anyway, this big adventure is not risky at all, on the contrary, it is a bit cute.

This is a bar. Even if the box is disturbed, it should not be too much of a concern. It’s really interesting...

Chapter 1156 Who is ashamed

Su Nan followed slowly behind, watching Hai Ye and a few friends choose the most remote box, standing at the door hesitating.

Qin Yu smiled from behind, meaningful.

Su Nan felt inexplicable, as if something was wrong.

Suddenly, I saw Hai Ye and a few people knocked on the door and went in, and then began to dance the rabbit inside...

The moment the door was opened, the sound inside poured out, it turned out that it was not quiet inside. , but the sound insulation is the best.

Then, a man suddenly heard an angry shout:

“Haiye, are you crazy?”

Su Nan and Qin Yu looked at each other, and they could all hear that this voice was not from the group of young people .

The people in the box actually knew Hai Ye...

Then, Hai Ye roared loudly:

“Can you come and I can't?”

“Who are you, what a shame!”

Su Nan walked to the door, Suddenly I heard this voice, it was Hai Ye's father, the boss of Xinhai Group!

Suddenly I heard the sound of the quilt smashing inside, which sounded very tragic and unstoppable.

The people inside retreated tremblingly, like a mouse seeing a cat.

Hai Ye was the last one to run out in a hurry.

It seemed that the angry face was extremely ugly.

Su Nan was still standing there, frowning, "Hai Ye, let me explain it to you?"

"No, we are more magnanimous than him, and it's useless for people with dirty minds to explain!"

Hai Ye snorted coldly, "If you don't talk, you can't play anymore, I'm leaving, you guys continue."

After she finished speaking, she raised her legs and left in anger.

Although the classmates behind her were not enjoying themselves, it was impossible for this situation to continue.

Several people followed and left.

Su Nan and Ning Zhi returned to the box, and Qin Yu walked back leisurely.

"This child Hai Ye is really unlucky. She chose a box with her father!"

"You already knew?" Su Nan asked.

"How could I know? It's just that I know that the box has the best sound insulation, and there must be people in it. I didn't expect that the boss of Xinhai Group would be entertaining..."

Qin Yu smiled casually, "and still I called a few girls to socialize together, otherwise, how could the eldest miss be so angry?"

Who is embarrassing, I can't tell..."

It is common for a group of men to socialize with a few girls to accompany them. matter.

Especially this kind of small and medium-sized enterprises, the atmosphere is the most prosperous.

Su Nan felt very disgusted when she heard it, and lost her interest at the moment.

She rubbed her temples and stood up:

"Okay, it's boring to stay any longer, Cheng Yi is running pretty fast, let's go too?"

Ning Zhi nodded in agreement.

Qin Yu spread her hands, and she had no objection.

Anyway, all the fun to watch is over, of course she has no reason to stay any longer.

Su Nan returned to the apartment.

She took out her mobile phone and saw the WeChat message that Shang Qian sent her:

things in Europe have come to an end, and he will be back on the plane tomorrow morning.

Su Nan hooked his lips unconsciously, and his mood improved obviously.

Smart projects have had a great response in Europe.

Although not immediately available, it was recorded as an exhibition application and has captured all the attention of the smart tech community.

Countless orders have flown in, but Shang Qian means steady and steady.

Looking at the whole world, country Z's intelligent technology leads the world, which was impossible a hundred years ago.

But now it has happened.

...

Chapter 1157 I want to see you most

The first thousand one hundred and fifty-seven chapters most want to see you

, Shang Qian. This journey can be regarded as a successful retirement.

Research and development will not end, but will only keep improving.

But he could breathe a sigh of relief for the time being.

His base is in country M, and there is still a legend about him on Wall Street. He thought he would return to country M after this project was initially decided, but he came directly to country Z.

The stock market on Wall Street has been turbulent in the past two days. It is rumored that Shang Qian is about to go bankrupt. Several of his properties in country M have been auctioned...

But today, suddenly there is no movement.

The news seems to have been deliberately suppressed.

Disappeared inexplicably.

Su Nan had an important meeting temporarily and was unable to pick up the plane, so he had called Shang Qian in advance.

End of the meeting.

I looked at the time, it was just right, just got off the plane at this time.

But it was too late for her to go.

Seeing her tangled appearance, Yu Lou walked over with a smile:

“Mr. Su, the Internet is very lively now, do you want to take a look?”

Su Nan frowned, “What else is lively and beautiful on the Internet now?”

Yu Lou picked it up. He raised his eyebrows, “Of course it’s the person you want to see the most!”

He usually wouldn’t dare to tell her that.

But as soon as Yu Lou said that, Su Nan felt something was wrong.

“Find it for me!”

She sat aside, grinding the coffee beans herself.

Yu Lou immediately called up the live broadcast page on her computer.

“Mr. Shang, your trip to Europe this time has shown the world the development potential of country Z’s technology sector, but I would like to ask, do you represent country M or country Z? Now friends online are very curious about this.. ....”

“Mr. Shang, is your business plan to completely move to Country Z? Excuse me, why is this?”

“What is the opportunity for you to come to Country Z for development?”

“The trap of Wall Street in Country M , is it true? Can you be more specific?”

Su

Nan heard the voice, and his movements froze slightly.

She did not expect that she could hear reporters asking Shang Qian questions?

Looking back, the live footage was very stable.

The picture of Shang Qian taken is very clear. He was walking there wearing a plaid suit, pushing the huge suitcase beside him himself, smiling warmly and elegantly.

In this way, in one picture, there are two different styles.

Doesn't seem to mind the reporter's aggressive questions at all.

But the reporter did not let him off.

Su Nan frowned, his face full of shock.

Yu Lou coughed and explained:

"The forward-looking outlook of this project is favored by the whole world, especially in country Z. Everyone is watching, and every move of the General Manager of Commerce will naturally attract attention.

I heard that the above departments also intend to win over, so I decided to The default is to let reporters go over there to explore the words, if something goes wrong, it is estimated that the pace of this project's development in China will have to be suspended, and it may die in the middle..."

Yu Lou paused and looked at Su Nan:

"It's about Overall honor, I can only hope that Mr. Shang can realize this."

Su Nan lowered his eyes slightly to hide the worry in his eyes.

She was careless.

His fingers groped for the rim of the cup, and his face couldn't help being a little dignified.

She should have reminded Shang Qian long ago that such an excellent result is bound to attract attention.

However, the project developed in country Z became the fruit of country M, and he would be scolded to death for every step he took in country Z in the future.

But...

isn't Shang Qian not aware of this?

The reporters in the computer are still aggressively asking questions.

Every step of Shang Qian was extremely difficult, and there seemed to be some helplessness in his smile.

He can only stretch out his hand, give a light meal, and cough twice...

Shang Qian lowered his head, looked at his watch, and the bodyguards outside had probably arrived at the door.

He smiled warmly.

"Everyone, the honor brought by this project belongs to everyone in the R&D staff, not me.

This is the progress of all mankind, not my personal cornucopia.

I grew up in country M, but I am Chinese, my son is also specially sent to Z country to study and receive education, I believe everyone will be proud of our breakthrough..."

Shang Qian smiled without a trace of blemish, without a trace of impatience. .

As soon as these words came out, although he didn't make it clear which way he was biased, he could already see his love for country Z from the lines.

The reporters also breathed a sigh of relief, and even the momentum surrounding him was not so tense.

At this moment, Shang Qian's bodyguards had already rushed over and quickly opened a passage to keep the reporters out.

Shang Qian took the opportunity to leave quickly.

The live broadcast ends here.

Su Nan's eyes were calm, but he was deeply relieved.

After Shang Qian got into the car, within two minutes, Su Nan's phone rang.

At first glance, it is the name of Shang Qian.

Yu Lou paused, "I haven't seen President Shang so clingy yet?"

After going through the airport incident just now, shouldn't he go back and discuss with the company team about a unified attitude towards the outside world?

Are you still in the mood to call Su Nan?

Su Nan raised his eyebrows, glanced at him, Yu Lou turned around embarrassedly, and left Su Nan's office consciously.

The phone rang again.

She picked up the phone in a hurry.

"Hello? Su Nan, do you know where I am? I'm going to give you a surprise right now, so don't be too shocked..."

Shang Qian's voice was soft and gentle, and he couldn't tell the slightest bit of irritability.

Su Nan smiled, "Okay, I'm in the company, the bigger the surprise, the better."

Shang Qian: "... She

's really an unrestrained girl...

Su Nan hung up the phone, Within twenty minutes, Yu Lou knocked on the door and came in.

Needless to say, looking at his expression, he knew that it was definitely not the company's business, and he smiled a little too deliberately.

"Mr. Su, do you see someone?"

Su Nan raised her eyebrows, looked at him, and wrapped her arms around her hands:

"Assistant Yu, I've been a little bit tidy recently, how dare you watch me? Do you want to send you back to my brother? Let him take care of you?"

Yu Lou paused, no no no, he didn't want to go back!

"Mr. Su, I was wrong..." The

attitude of admitting mistakes was very positive.

Then he opened the door and let the people behind him come in.

Then he closed the door kindly.

Sure enough, it was Shang Qian, who had just returned to China.

Su Nan smiled, his eyes narrowed slightly, just like the clothes in the live broadcast, he must have come straight here.

However, the person on TV and the person in reality feel completely different.

The Shang Qian in front of him is more real, warm and warm.

When she looked at him, the ups and downs in her heart came up all of a sudden, and the five flavors were mixed.

The worry just now, and the thoughts that can be suppressed, it turns out that I like someone, and I really worry about it.

Shang Qian stood there, stretched out his hand, and opened his arms.

He looked at her with a smile: "It's really not a surprise at all..."

Su Nan sniffed, put down the cup, walked over, and hugged him gently.

The warm, quiet and cold fragrance lingers on the tip of the nose instantly, familiar and refreshing.

Shang Qian hugged her waist tightly, sighed, and reached out to stroke her hair.

"Finally, I don't have to go to another place. I've worked so hard..."

, Su Nan, for a moment. Although it is very hard, is there anyone who has said the hard work?

She raised her lower lip silently, "Then take a good rest for a few days? Give yourself a vacation?"

Shang Qian smiled warmly, his arms did not mean to loosen at all.

“I’m afraid not, there is still a tough battle to fight.”

Su Nan looked at him puzzled.

Shang Qian’s eyes flashed a hint of ruthlessness that was not easy to detect.

“The loss of the business is too great, and the position of the CEO of Shangyi may not be preserved!”

Su Nan secretly widened his eyes. How could such a big news be hidden?

“It’s you?”

Shang Qian smiled, “It was he himself who wanted to short the stocks in my hand in order to frame me. In other people’s eyes, it was me cutting other people’s leeks for the sake of running away, but the money went to him. Under his name.”

“Then he tasted the sweetness and bet on the entire business?”

Su Nan asked.

Shang Qian glanced at her admiringly, she is really a smart girl, she can tell!

“It’s not all, it’s just inevitable.”

Su Nan thought about it, and yes, after all, the business has a deep foundation in the M country, and it is impossible to go bankrupt because of a few stocks.

No matter how stupid Shangyi is, there are always people in the company who can hold on, and it is impossible to put all the eggs in the same basket.

However, if this situation continues, the era of merchants will soon come to an end.

After Shang Qian finished speaking, it took a while for Su Nan to realize that the two of them had been hugging from the beginning, and they still haven’t let go.

Although there was no third person in the office, she still felt a little embarrassed.

Immediately, he pushed her away casually and walked to the sofa.

“Would you like to go back and have a rest, you should be tired from the plane.”

“I’m not tired when I see you.”

Shang Qian smiled, but looked at her suspiciously:

“Why weren’t you surprised just now?”

He got off the plane and rushed over without any delay.

The eyes of the two collided, and Su Nan couldn’t help but smile.

Then he walked to the desk, turned the computer in the opposite direction, and clicked it on.

The live broadcast will be played again immediately.

Shang Qian’s every move at the airport is well known to the whole country!

But he didn’t even know...

Shang Qian was shocked for a moment, and then helplessly rubbed his brows.

“It turns out...I don’t even know.”

Su Nan looked at him with a funny look: “The answer is good, it fools the master of learning, but this answer will not be satisfactory, I suggest you discuss the countermeasures with the company. It’s best to have a unified voice and attitude.”

Shang Qian stood there and looked at her deeply:

“What do you think?”

Su Nan frowned, has something to do with her?

Shang Qian’s eyes were dark and dark:

“I don’t have such a profound international concept of righteousness. It’s true that I grew up in country M, but I also survived by myself.

As for country Z, the general environment is like this, it seems that we can’t confuse people.

Su Nan, will you take me to see your family?

If possible, I would like to move my career to country Z so that I don’t have to deviate from the direction.”

Shang Qian looked at her as if bewitched.

All decisions are in her own hands.

She said that if he stayed, he would shift the focus of his life to her, the place closest to her.

He never thought of letting her leave home with him.

Because he will take the initiative to walk towards her.

There was silence for a while.

Su Nan pursed her lips, "Okay, anytime."

Chapter 1160 Hand in hand

Su Nan finished speaking, as if he had put down his burden, he felt a lot easier.

Anyway, they can be very happy together.

You can't talk about a lifetime of love.

Even if it's marriage...

Su Nan feels that although he used to reject marriage, if the object is Shang Qian, it doesn't seem to be so bad.

Looking at her hesitation just now, Shang Qian was indeed nervous.

But hearing her answer, it was as if the sun had pierced through the thick clouds and shone on him alone.

It turns out that the feelings of being recognized, favored, liked, and going both ways are bright and pure.

It is the feeling of this moment that will never be forgotten.

Su Nan smiled, picked up the phone, and looked at him hesitantly:

"Go now? I'll call my dad to catch some good fish..."

Shang Qian was stunned, his face obvious Get nervous.

It doesn't have to be so fast...

"The time is a bit rushed, I haven't had time to prepare..."

Su Nan immediately smiled, "Okay, I'm not kidding you, since I promised before. You, you will not regret it temporarily.

When you have finished dealing with the business, it will not be too late."

It turned out to be just a joke.

Shang Qian glanced at her helplessly.

Just now I really thought she was going to call home.

It's not that he is timid, it's just that the three sons of the Su family, all of whom are dragons and phoenixes, protect Su Nan like a calf.

If it wasn't for the preparation, he would have nothing to say if they picked a problem.

Su Nan picked up the bag next to him, "I'm hungry, let's go eat?"

Shang Qian nodded: "Okay, listen to you." When the two left, they naturally held hands and went out.

This scene was naturally captured by everyone in the company.

OMG!

President Su and Shang Qian held hands, this shocking secret is the biggest gossip of the year!

This is a hundred times more shocking than the news in the entertainment industry!

One by one, they watched the two people leave and began to chat with each other.

The news reached Yu Lou here.

Someone ran over to ask:

"Yu Zhu, did you read it right outside? The person standing next to Mr. Su is Mr. Shang? Is it really Mr. Shang?"

Yu Lou was very speechless.

As Su Nan's personal assistant, he almost mastered all her secrets.

However, he couldn't say a word...

"Really? I didn't pay attention just now..."

"I didn't pay attention, the two of them went out hand in hand, are they together? "

Are they dating?"

"Is Mr. Su serious this time? What about Mr. Fu? I think Mr. Fu is so pitiful. After chasing his crematorium, I'm afraid he won't come back... "

Really, I'm so excited, the two are a good match, the moment when Mr. Su smiled at Mr. Shang, it was really sweet!" Yu Lou frowned,

coughed

, and interrupted their excited gossip.

"You are so interested in things other than work, why don't you just be a reporter for a gossip magazine?"

Everyone: "..."

In less than a minute, everyone dispersed cleanly.

Assistant Yu is usually very popular, but there is one characteristic, that is, his mouth is tight.

They don't want to get any private information about Su Nan and Su Jin from Yu Lou.

It is estimated that this is the reason why he can stay in this position for so long.

Su Nan didn't know that his natural actions had already caused an uproar in the company!
