Chapter 116 I am such a rich man

Chapter 116 A Rich Man Like Me

At the same time, the photos that have been circulated have made waves on the Internet.

In the Pearl Tower across the river, Su Nan's photo on the electronic screen has already announced her identity in the most direct way.

"Legend? The wealthy daughter hides her identity and marries, and becomes the richest woman after the divorce. It's like making a TV series..."

"The Fu family is really not a good thing. I thought they were easy to bully, so I bought the navy to black her, so for a little girl, do not feel ashamed?" "

it counterattack Sunan really handsome!" "

and Sa a small and Su Nan, love you a million years!" "

I passed more than a dozen intersections, each building The photos are all of Su Nan, those female stars who stole their heads for these advertising spots are really weak, I have witnessed history..."

"Su Nan is a 'rich baby', too direct Come on, where can I find such a cute girl?"

... In the

banquet hall, Su Nanhao's behavior of throwing 800 million yuan not only did not arouse everyone's disgust, but felt that she took care of every employee of the company. Heartwarming.

After everyone was amazed, Su Nan's eyes swept casually in the direction of Mr. Fu, and a hint of mockery crossed her beautiful eyes.

"In addition, Chairman Fu, I bought the Cuiyu pipe from Mrs. Fu at the auction..."

She paused and stared at the sudden change in Mr. Fu's complexion. She, Su Nan slowly continued to speak: "I decided to-"

“Wait-” Old Master Fu couldn’t bear it anymore, stepped forward and interrupted her, Su Nan concealed his identity and deceived them, making their Fu family a laughing stock, These are bearable.

But the jade pipe must never fall into the hands of others!

“Su Nan, you know that the pipe came from my house. Now I’m willing to pay ten times the price to buy it back, and the extra money will be compensated by the Fu family.” To seize the opportunity to gain the right to speak, Su Nan still Too tender.

The original 30 million, turned into 300 million, is simply a pie in the sky.

Although the number is quite large, for Su Nan, what is the difference between humiliating her?

Feeling the tension in the calm atmosphere, everyone’s eyes were fixed on Su Nan.

Her smile was dazzling, and the stars were shining in her eyes, and she spoke in a hurry.

“Chairman Fu, I’m so rich, I don’t need that pocket money... As for the jade pipe, the value can no longer be estimated in money, I decided to donate it to the National Museum for free...”

She smiled sideways and stretched out her hand to invite the people standing there, “This is the curator of the museum, please witness that the jade pipe will find the best destination in the museum, for all those who love history and respect history, in the future they can Sharing the story of the Cuiyu pipe.

I think it is more valuable than Chairman Fu alone, and Chairman Fu will definitely support my decision.”

The man walking by was mature and prudent, dignified, and led the way. The two subordinates walked over slowly, gave a simple thank you, and then took the box containing the jade pipe from Su Nan’s hand, and left with the things in the presence of everyone.

Su Yifeng looked at his daughter with satisfaction and was very pleased. After saying a few words, everyone communicated at will. As for the Fu family, he would not give up so easily...

At this time, the expression on Mr. Fu’s face , was so angry for a while that he couldn’t even speak.

In his own way, Su Nan made him suffer a huge loss and completely shattered Old Master Fu's mind!

If it falls into the hands of other people, no matter how much money you spend, you can return to Fu's house.

But unfortunately, this Su Nan made a surprise move, and under the watchful eyes of the public, he even gave something to the National Museum?

Even if he has the ability to reach the sky, he would not dare to count the things in the museum!

Undoubtedly, this game, he lost completely!

"Let's go!"

Mr. Fu turned around and left, and he didn't care about saving face. He didn't want to stay here for a moment!

"Chairman Fu stay –"

Su Yifeng walked over slowly with Su Nan, smiling very happily!

...

Chapter 117 I'm not so generous

Chapter 117 I'm Not That Generous

Old Master Fu squinted his eyes and snorted coldly, looking at the father and daughter, gnashing his teeth angrily.

"What else is there to do with Su Dong? I've watched all the good dramas I've watched today, which is really unexpected!"

Obviously, this scene was sung for the Fu family to hear.

No wonder she was fearless when she complained in Su Nan's office. Now it seems that she was deliberately trying to make fun of this old man!

Su Yifeng glanced at Fu Yechuan, he still did not show the slightest emotion, he stood there calmly and calmly at such a young age

. Chu, hurt Su Nan so many times, he has a grudge in his heart.

Otherwise, it is actually acceptable for such a person to be a son-in-law!

"I can't understand Chairman Fu's anger. When a daughter of mine married into your Fu family, she became a disgraced servant. After the divorce, she became a street rat that everyone yelled at. Should Chairman Fu also give it to us? An explanation?"

Su Yifeng's voice contained a hint of coldness.

Old Master Fu was taken aback, Qu Qing and Fu Yingying were also taken aback, is Su Yifeng going to bring Su Nan to settle accounts?

Fu Yechuan's eyebrows were deep, and he frowned slightly, looking at Su Nan next to Su Yifeng.

She stared at the deep sapphire cuffs on Su Yifeng's arms, and boredly pinched her old father's suit, as if she was extremely reluctant to come to see them, and she didn't even want to look at them at all.

From the beginning, he was extremely shocked!

Just hiding the shock in the bottom of my heart, after the divorce, all Su Nan's inconceivables have an answer, it becomes logical, and everything becomes a matter of course.

It's just that this stormy sea is too unexpected!

Mr. Fu coughed and his face became ugly.

"Su Nan concealed her identity, how could we know that she is your daughter?"

Su Yifeng sneered and rebuked with rage, "Is it possible that she was treated badly with you, do you still blame us? Back then

she liked Fu Yechuan and wanted to marry him. Actually, I didn't agree, but she would marry if she didn't pay attention. Now, I'm also angry that I haven't been in touch for three years, as long as she is happy, who would have thought, your Fu family doesn't treat her as a person..."

Qu Qing said in a panic, "She eats at Fu's family. We live well and live well, where are we being treated badly?"

We are not thin to her, so it's fine if we don't know how to be grateful. We conceal our identities and deceive us, can't we be angry?"

Su Yifeng's face froze, and just as he was about to speak, Su Nan tugged Pulling his clothes, his voice slowly sneered, disdainful and sarcastic.

“The fault of the whole world has nothing to do with your Fu family, I deserve it, I deserve to look down on people’s faces, I deserve to use my blood to try to exchange the sincerity of others, I deserve to be blind for the past three years.

I am not very generous. Man, after that, I can only retaliate bit by bit...”

Su Nan hooked her lips, making no secret of her disgust, thought she would lift it lightly?

Think she can forget those humiliations?

Don’t let her find a chance, otherwise, she will definitely fall into trouble!

Qu Qing’s face froze, and Mr. Fu glared at her angrily, disliking her talkativeness, and Qu Qing shrank her neck in fright, not daring to speak any more.

Qiao Wanrou, who was standing aside and didn’t dare to say a word, suddenly came out, her voice soft and weak.

“Su Nan, I know you hate me. I used so much blood from you. It has nothing to do with the rest of the Fu family. If you have anything, just come at me. If I had known that you were the daughter of the Su Group, I think Ye Chuan would never treat you like this, now that the boat is done, I hope you can forgive us.”

Although she is not willing to know Su Nan’s true identity, the self-righteous superiority of those who looked at her in the past is simply a huge gap compared to her current status!

She hates Su Nan’s good life, why can she get those things that others can’t get at her fingertips?

Fu Yechuan must be hers!

Su Nan gave her a sideways glance, but she would really add drama to herself, she sneered coldly.

“It’s not all trash can come here, is there a place for you to talk?”

...

Chapter 118 ask her out

Chapter 118 Ask her out

Qiao Wanrou’s expression froze, she didn’t expect Su Nan to be so direct.

She raised her head and looked at Fu Yechuan sadly, but his eyes did not fall on her.

From the beginning, his eyes have been fixed on Su Nan.

Silence makes no sense.

She lowered her head secretly and clenched her fingers.

Mr. Fu never looked down on her, never raised his eyelids, let alone helped her.

At this time, Father Fu looked ugly and asked Su Yifeng.

“Director Su, even if there is something wrong with what the Fu family did, it’s already here and the marriage is divorced. There’s no need to make a fuss about it, right?”

Su Yifeng really tried his best to hold back his anger. How did your daughter endure these three years?

He immediately greeted the two waiters who were not far away and pointed at Qiao Wanrou.

“Please ask this young lady out first.”

Qiao Wanrou’s face turned pale, and she raised her head in panic.

Su Yifeng’s tone was not good, “My daughter doesn’t want to see trash, so she can only follow her.”

“Yechuan...” Qiao Wanrou couldn’t help but ask for help.

Fu Yechuan frowned, glanced at her, and reminded in a cold tone, “The driver has been waiting for you outside, let him take you back.”

Su Nan’s eyebrows moved, but he did not expect that Fu Yechuan would send Qiao Wanrou away so simply, he would be willing to ?

Ha ha, the heart of a man, the needle at the bottom of the sea, is even harder to guess!

Qu Qing and Fu Yingying, who were brought by Qiao Wanrou on their own initiative, were a little flustered when they saw this.

He hid behind the frowning Old Master Fu without saying a word.

Su Yifeng’s expression changed quickly, and the familiar one put on a cold and polite smile.

“Chairman Fu, you can leave aside the grievances Su Nan suffered in your family, but I think you are the most qualified to come forward and clarify the recent rumors on the Internet, isn’t it?”

Although Su Nan’s identity is clear, it is enough. Clean up the stains for her.

But asking Fu to come forward and make a statement is to make the Fu family admit their mistakes.

Mr. Fu snorted coldly, “Is this necessary?”

“If I don’t even have this sincerity, then I can only cut off all cooperation with your Fu family. For stocks, funds, and investment projects, you can make peace with it. With the same amount of money as the Su family, you don’t have to bear the loss after cutting off cooperation.”

Su Yifeng said coldly.

Mr. Fu’s face turned cold, and it was hard to look instantly.

The Fu Group is not short of money, but the Su Group is not short of money. If the Su Group withdraws the capital rashly, these holes will not be easily blocked by the Fu Corporation. bear all losses.

“I’ll consider it.”

Mr. Fu gritted his teeth, turned around and left.

Su Nan smiled, “Chairman Fu, remember to visit the museum often in the future...”

It’s a deadly sentence...

Mr. Fu’s body was stunned, and he almost fell over and was left by the side. Fu Yingying, who was holding her back, trembled with anger, and left without looking back.

Su Yifeng chuckled and looked at Su Nan helplessly: “Naughty!”

Su Nan bent the corner of his lips, pulled Su Yifeng and turned to leave, but he didn’t expect Fu Yechuan to leave.

“Don’t Mr. Fu go with you?”

Fu Yechuan was silent and surprised, and slowly read her name, which was meaningful: “Su Nan.”

Su Nan raised his eyebrows, and Fu Yechuan looked at Su Yifeng, "Su Dong, you can follow her. Do you want to talk alone?"

He just realized that the reason why Su Yifeng didn't want to call him "Uncle" was because he didn't want to get involved in any personal relationship.

Su Dong looked at his daughter, Su Nan showed no expression, but a sneer appeared on the corner of his mouth.

"Yes," she said.

Su Yifeng knew very well that she would not be hurt again, otherwise she would not be so decisive.

"I'll take you to see the uncles and uncles of other groups in a while, don't delay for too long."

After speaking, he took a deep look at Fu Yechuan, then raised his legs and left.

"Mr. Fu, what are you talking about?"

She took down a glass of red wine from the tray held by the passing waiter. The scarlet color was warm and strong, and it swayed gently in her hand.

Fu Yechuan's eyes fell on Su Nan's face, and his voice was low and magnetic.

"Why hide your identity and marry me?"

Chapter One Hundred and Nineteen The Movie King Who Spends Money to Buy

Chapter 119

Su Nan, the actor who paid for it, took a meal in his hand, his eyebrows moved slightly, he raised his eyelids casually, and the corners of his lips twitched slightly.

"Why does Mr. Fu want to know this?"

Now that you know the answer, it doesn't make any sense anymore, does it?

"Answer me."

His tone was deep, his eyes were as deep as the sea, bottomless.

Su Nan lowered his eyelids and gently curled his lips.

“Because my family doesn’t like you very much, but I like it blindly.”

Therefore, she betrayed the whole world, gave up her identity, and ran to Fu Yechuan.

Unfortunately, he didn’t catch it, and she fell in pain.

“Fortunately, I’m not blind anymore.” She smiled lightly, with a very cold smile, “Mr. Fu, we’re done talking? Go back and discuss with the old man how to apologize.”

She took a sip of red wine, looked away, stepped on He lifted his legs in high heels and walked away without saying a word.

Su Jin handled the guests with ease.

Su Yifeng smiled, suddenly remembered something, and stepped forward, “Where’s Little San? Why didn’t he attend such an important occasion today?”

As one of Su Nan’s rumored boyfriends, Su Qi is also on the list.

Su Jin coughed, “He said that he will steal everyone’s limelight when he comes, so he will stay at home...sleep.”

Su Yifeng snorted coldly, “He has a fart in the limelight, that actor doesn’t spend money Did you buy it?”

Su Nan and Su Jin: “...?”

Su Qi, who was enjoying the movie starring him at home, sneezed suddenly... The banquet is about to end , Qin Yu and Ning Zhiliao took Su Nan and sneaked away.

“Hearing” the bar.

“Old Fu, ask us out, why did you come, the brothers are all waiting for you...”

As soon as Fu Yechuan arrived, Lu Qi rushed up.

From the huge sum of money that Su’s family spent, and the advertising space in the entire city’s building to announce Su Nan’s identity, to the live photos circulating on the Internet.

Now no one is unaware of the earth-shattering things that happened at the banquet.

Su Nan is the daughter of the Su Group. God, thinking about his attitude towards Su Nan in the past three years, he suddenly felt a shuddering indifference.

Fu Yechuan took the untouched wine glass on the table and drank the whisky inside.

Seeing this, everyone was silent.

They still feel incredible.

I thought it was a bronze, but it turned out to be a king. Whoever encounters such a reversal will not be able to accept it!

Lu Qi sighed, "That woman, Su Nan, hid too deeply. She stood at the top of the food chain all of a sudden, wouldn't she ask us to settle the bill?"

Fu Yechuan, who had been silent for a while, snorted lightly, with a look of wanton indifference in his eyes.

"No, she will only settle accounts with me."

He was the only one who treated her badly from beginning to end.

Some people around asked, "Is Su Nan the illegitimate daughter of Su Yifeng?"

Otherwise, why haven't you heard of her existence in the Su family before?

Fu Yechuan obviously didn't believe it. If it was an illegitimate daughter, would Su Yifeng dare to declare her identity so blatantly?

Obviously, the Su family hid any information about this daughter in order to protect her.

Lu Qi spoke directly.

"You didn't watch it online?"

As soon as Su Nan's identity was exposed, the Su Group announced her experience. At the age of thirteen, she was admitted to an Ivy League University, received a full scholarship to study abroad, and graduated with a doctorate in just four years.

Afterwards, he went to the top commercial company in Europe for an internship, and had close contacts with the royal family of the Y country.

Until she married Lao Fu, she could be said to be a legend among legends.

It's no wonder that even Su Jin is willing to be her a green leaf, and if the Su Group is handed over to her, I am afraid it will never be worse than it is now. "

Everyone fell silent after hearing this. What do they usually think of this woman? They

thought that she had gone to great lengths to marry Fu Yechuan for the sake of money.
In

the end, no one expected that any of them would be as good as Su Nan. It's Gao Pan!

Seeing this, Lu Qi stepped forward and patted Fu Yechuan on the shoulder, "But old Fu, how did she marry you in the first place? She really likes you, why? "

...

Chapter 120 He is trash

Chapter 120 He is trash

"I don't know."

He said coldly, avoiding Lu Qi's outstretched hand.

This is also Fu Yechuan's dead end. He only remembered that Qiao Wanrou had a car accident and lost too much blood.

And the RH negative blood stored in the blood bank in City A is far from enough.

It was Su Nan who walked up to him and said that she could donate blood, but the condition was to marry him.

The situation was urgent, and he agreed without thinking.

Everything that happened after that happened so naturally.

He doesn't like her and has no feelings for her, but he still respects all her rights as Mrs. Fu and her marriage.

There was a sudden commotion outside the box, which was very lively.

Lu Qi joined in the fun and went out to have a look, then turned around immediately, "Damn it, that woman Su Nan is here!"

The music outside was so loud that it was about to burst the eardrums, and everyone was enjoying themselves with the music below.

Su Nan stood in the middle position, with long legs and slender waist, with a charming and charming smile, jumping with the drum beat, and immediately became the focus of the audience.

That woman is indeed indescribably beautiful, and every frown and smile is alluring.

Su Nan's smile was warm and bright, and the people around her formed a circle and danced with a good-looking man.

The pose is seductive, dangerous and fatally attractive.

Until the end of the music, everyone screamed and praised!

Lu Qi was also infected by her dance, and couldn't help but scream and wave.

Following the familiar voice, Su Nan glanced at Lu Qi.

and Fu Yechuan next to him.

Her smile converged at a speed visible to the naked eye, and she turned and left, as if she had seen garbage.

Fu Yechuan's whole body is now in the dark light and shadow, the three-dimensional facial features are shadowy, and the complexion is dark.

He never knew her dance was so good, her smile was so attractive.

In three years, she has never been so happy.

How brave he was when he came to him, and how decisive he was when he left.

Thinking of this, he felt a pain in his chest, as if a boulder was pressing down, heavy and depressed.

He couldn't help thinking that because he and Qiao Wanrou were too close, Su Nan misunderstood that the two of them were related in some way.

A feeling of irritability in my heart suddenly lingered.

Re-examine his relationship with Qiao Wanrou.

Perhaps in some respects, he cares too much!

When Lu Qi saw Su Nan's disgusting gaze, his stiff face seemed to collapse under the colorful lights. He put away his shaking arm and looked at Fu Yechuan

, "Old Fu, does she really not want to settle the bill with us? Is it too late to apologize now?" "You are so promising, why are you afraid of a woman, and apologize? Don't be ashamed!" Lu Qi muttered aggrievedly, "It's not you who were photographed nude!" Fu Yechuan ignored him and drank the glass in one gulp. of whiskey, took the clothes and turned away. "You just came, where are you going..." Lu Qi shouted from behind. Inside Box 9. Su Nan picked up his bag, "Enough is crazy, you guys continue, I'm leaving!"

Ning Zhiliao and Qin Yu waved at her, and the two of them had the attitude of never going home.

Just as Su Nan was about to go out, she saw Lu Qi standing at the end of the corridor. Lu Qi's ill-fated face even smiled at her?

Are you waiting for her?

Disappointing, why is this young master Lu going crazy?

“Go away.”

She wasn't in the mood to talk to him.

Lu Qi bit his head and went in, “I'll get out, but I'll finish my sentence first.”

Su Nan snorted coldly.

“What do you want to say?”

Lu Qi looked at Su Nan, cold and sloppy, and hesitantly spoke.

“Su Nan, I apologize to you for what happened before.”

Although it seems very spineless, it's better than naked photos flying all over the sky...

Su Nan squinted at him, and gently curled his lips, “Oh.”

Lu Qi was stunned, looked up at her, “You forgive me?”

“No.”

Su Nan said casually.

“How did you bully me in the first place, and you want to expose it if you're sorry, do you still want to be shameless?”

Young Master Lu's face is really thick enough!”
