The first thousand one hundred and eighty first chapters help people

Chapter 1181 The person who helped

Su Nan watched the person leave and breathed a sigh of relief.

I feel really happy.

She picked up her phone and called Cheng Yi.

“The person I’m looking for is good, and it’s quite reliable. I gave him the money, and I also found him a job, do I need to do anything else?”

Cheng Yi hesitated, “Then don’t need it... ..”

Su Nan frowned, “Cheng Er, where did you find the person?” The

matter was urgent, she just had an idea and sent it to the group, Cheng Yi recommended someone to come over.

Because it was recommended by Cheng Yi, she didn’t have any doubts at all and used it directly.

It didn’t disappoint her either.

Things are done clean and beautiful.

If it weren’t for the fear of being seen in the future, she would have wanted to stay by her side and use it herself.

Cheng Yi hesitated for a while, then made up his mind to speak:

“It was the person Fu Yechuan was looking for, I was in the bar at the time, and when I heard you talk about this, I muttered, but he just happened to hear it, so he let me I’ll give this person to you.”

Su Nan paused, his heart moved slightly.

I don’t know what it feels like, but there are some different complex emotions in indifference.

Sour and unpleasant.

Cheng Yi knew that it was impossible for them. The relationship between Su Nan and Shang Qian was getting better and better, and there was no intention of separation at all.

But he also let Fu Yechuan intervene in this matter, no matter what, it was his fault.

“You can scold me if you want. Weren’t you in a hurry at the time? I didn’t think too much about it. If he dares to make trouble, I’ll be the first to let him go...”

Su Nan was silent, as if he was stunned. A boulder pressed against it.

I don’t want to owe anyone’s favor.

But why can’t you escape?

“Okay, hang up.”

Su Nan was not in the mood to continue listening to him and hung up the phone.

Thinking about what the young man just said was “Cheng Er Shao”, Fu Yechuan probably told him not to expose him, right?

That being the case, she just pretended not to know?

But on second thought, she really knew.

Confused, she found Fu Yechuan’s WeChat page.

Input: “Thank you for your people.”

Fu Yechuan replied in seconds: “You’re welcome, I can help you.” The gentleman is decent.

Not only did it help, it helped a lot!

Su Nan breathed a sigh of relief.

Yu Lou knocked on the door and came in, interrupting her thoughts:

“Mr. Su, we’ve already left, what are we going to do next?”

Su Nan immediately recovered and concentrated on the next thing.

“If I remember correctly, the day after tomorrow will be the Huaying Awards ceremony?”

Yu Lou nodded, "Yes, the TV series starring Sun Haoyang was also nominated for Best Actor, but there was another one nominated with him. An actor with outstanding acting skills, his drama data is very beautiful.

Therefore, everyone in the industry thinks that Sun Haoyang may be running with him this time..."

Although Sun Haoyang's drama data is also remarkable, his acting skills are also notable. widely recognized.

But compared with that senior actor, it is still slightly inferior.

Su Nan paused, frowning slightly.

Yu Lou hurriedly said: "If Sun Haoyang can win the best actor this time, he will indeed be out of the limelight, but the reputation of the actor with acting skills has always been good, in fact, the competition between the two is comparable

. If so, you can say hello to the organizer..."

It's nothing more than a good thing.

Su Nan frowned, raised his eyelids, and looked at Yu Lou:

"Don't go, this matter will become complicated once we intervene, it doesn't matter if we don't get it, anyway, you have to have the attitude of running with you, and you can't take it lightly. Flip it over."

...

Chapter 1182 You are the most beautiful

Chapter 1182 You are the most beautiful

Su Nan paused:

"Say hello to the major media platforms, Sun Haoyang's draft must be developed in terms of sincerity, low-keyness, and humility..."

It's okay to brush up on good feelings first.

Yu Lou nodded.

Viola's incident has been black and white. Once this incident comes out, don't think about being in this circle in the future.

No one dares to take risks and cooperate with them on the cover.

Who dares?

The kind that will be exposed...

For several days, the editor-in-chief Zhang Xiaojuan did not dare to show up.

Later, I don't know who called the police. The police came forward and arrested Zhang Xiaojuan and the photographer.

This matter was spread on the Internet, and there was a burst of praise on the Internet.

They all praised the police uncle for killing the people!

Next, is the warm-up of the Huaying Awards party.

After this Viola accident, the highest nominee was Sun Haoyang.

His fan team is also very playable and has a strong rallying power.

Those little fresh meats in the same period, even Yu Fei, was only nominated for the Best Newcomer Award in the process of honing his acting skills.

But Sun Haoyang went straight to the Best Actor nomination, which shows that his acting skills have been deeply recognized by the industry.

The meaning is different.

The most important thing is that in this Viola accident, Sun Haoyang was not willing to be unspoken. His own signal was positive and positive, and he stood out among many artists.

This is also one of the evaluation criteria of the Huaying Award. It is difficult to guarantee that the judges will not be partial to Sun Haoyang because of this matter.

This is also the reason why Su Nan does not let Yu Lou operate in private.

Once you spend money to buy it, the original will of course become far-fetched.

On the contrary, it will make the referees unwilling.

Rather than go with the flow.

Anyway, you will never lose.

This event is important, and Su Nan will not be absent.

She was wearing a slim and beautiful high-style dress, her whole body was charming and bright, and her temperament was cold and cold with a fatal gentleness.

She sat in the car, waiting to be admitted.

Originally, she could enter the infield directly, but Sun Haoyang was arranged to walk the red carpet alone, and she wanted to see it.

Shang Qian on the side was dressed upright and extravagant, which matched her skirt perfectly.

If you don't look carefully, few people can discover the careful machine in this style.

He turned his head to look at Su Nan, and Su Nan turned his head to look out the window.

Immediately, something tasted.

"Don't worry, it'll be his turn in a while..."

Su Nan couldn't help complaining: "The people in front are really ink, what can I do if I stay for a few more seconds?"

"After all, it's rare to make an appearance. I want to take more shots."

Su Nan pouted, but he was very considerate.

Shang Qian hooked his lips silently, "But I don't think they are as good as you."

Su Nan's eyelids jumped, and he was finally attracted to her attention.

Shang Qian's voice is like a gurgling water, flowing gently into people's hearts.

"You are the most beautiful."

Su Nan's heart trembled slightly, and his ears subconsciously turned red.

She smiled and accepted this compliment from the heart very generously.

"You're right."

She didn't look away and continued to read.

Shang Qian: "... The

driver drove a new commercial car, so no one knew who the owner of the car was.

Su Nan was still counting how many more before it was Sun Haoyang's turn.

A few people slowly dawdled to the outside of the car, surrounding a neatly dressed person in the middle.

“What’s the matter, the organizer actually made Sun Haoyang the finale? He had invited Yu Fei a long time ago!”

...

The first thousand one hundred and eighty-three chapters grab the order

Chapter 1183

Another staff member echoed the order:

“That is, people are really snobbish now, Yu Fei, it doesn’t matter, then you can go in with Sun Haoyang, I see who they are. Dare to stop you?”

Su Nan was attracted by the voices outside.

She turned her head back and saw Yu Fei surrounded by staff.

She was still dressed so immaturely, but her smile was a bit far-fetched, and her face was not too good-looking.

Yu Fei sighed and smiled, “It’s okay, it doesn’t matter how many times you play, Sun Haoyang is very popular and the audience will definitely like it.”

Wen Yan said.

Several staff members were indignant:

“I like him? If it wasn’t for the company’s intentional whitewashing recently, would he have a chance to turn around? Stop dreaming!”

“That’s right, there’s something wrong with the company, it seems that there is a high-level executive who can I want to praise him. I heard that this time Viola had an accident, and it was this high-level executive who wanted to protect Sun Haoyang. I don’t know who is the god?”

“What’s wrong with our Yu Fei? His data is very good, fashion film and television resources. You got it softly and made so much money for the company, but now you are being neglected like this?”

“That’s right, Yu Fei, you will play in the order of the finale in a while. You and Sun Haoyang belong to the same company, and he doesn’t either. Dare to make things too ugly.”

...

Su Nan’s eyes glide with a hint of coldness.

It was a coincidence that they were chatting while waiting, and Su Nan just happened to hear them.

Not a single word was dropped.

Shang Qian next to him stretched out his hand and squeezed hers, softly whispering in her ear:

“They’re all employees who make money for you, so there’s nothing to be angry about. Didn’t you hold Yu Fei before too?”

Su Nan’s expression softened slightly.

She glanced at those people again, and turned her head back lightly.

“I

’m sorry.” At first, he was really blinded by the simplicity of this young man.

The young boy is more familiar with the unspoken rules in this circle than she is.

What’s so pitiful?

The driver in front reminded:

“Sun Haoyang is ready to play next game...”

Su Nan paused and immediately recovered his expression.

After a little hesitation, she simply removed Shang Qian’s hand.

“I’ll go with him, you can go by yourself.”

After speaking, without waiting for Shang Qian’s response, she carried her skirt and opened the car door... Shang Qian, who had

n’t reacted yet: “.” The

bright light sprinkled on her body, like a light halo, which complemented her snow-white skin, which was extremely beautiful!

When she got out of the car, the surrounding noises instantly quieted down.

As if they were shocked by her dazzling dazzling.

In particular, it was Yu Fei and his staff on the side of the car.

Yu Fei's face instantly paled, and it was very ugly.

He looked very nervous, his jaw clenched, and there was panic in his eyes.

The staff next to him shoved him:

“Come on, go to the side and wait, we will help you stop the staff in a while, you must steal Sun Haoyang's limelight!”

.....The

world seems to be quiet down.

Yu Fei's body was stiff and he didn't dare to move at all.

At that moment, he saw indifference and alienation in Su Nan's eyes.

It has been more than ten years since I was rolling in this circle.

He has long since learned to watch words.

When Su Nan looked at him at the beginning, the surprise and admiration in his eyes were undisguised, and all the good resources would be tilted towards him.

instead of now...

...

Chapter 1184 Who do you choose

Chapter 1184 Who do you choose?

“Miss Su...”

Everyone didn't expect to discuss such an introverted thing next to Su Nan's car.

Su Nan didn't turn her head, holding her skirt, strode forward.

She has the same imposing manner, and she always has a bright and upward vigor on her body.

She went directly to the waiting area on the red carpet and saw Sun Haoyang who was standing there a little nervous.

Sun Haoyang looked at Su Nan and was a little surprised:

“Miss Su, why are you here?”

Su Nan smiled and walked over to stand beside him:

“To cheer for you, don’t be nervous, there will be more occasions like this in the future. Yes.”

Sun Haoyang smiled gratefully and adjusted his tie.

“Thank you, Miss Su.”

Of course the staff would not stop Su Nan and Sun Haoyang from entering the venue.

After all, both of them are pretty good looking people.

Once it goes up, it will attract a lot of heat.

Luck that others can’t ask for...

But while waiting, a man came running out of breath behind him.

“Miss Su...”

Su Nan turned slightly and looked at Yu Fei standing there, her face a little red because of the violent running.

She blinked, “Is there something?”

The staff on the side said quickly:

“Mr. Yu’s entry order is next to Mr. Sun, you can wait a few meters away.”

He was most afraid of people in this circle playing tricks. Big name, have to change the order.

Sometimes people bite the bullet and walk over, but he can’t do anything, only disrupting the order of the rest of the people.

Yu Fei looked a little embarrassed. He pursed the corners of his lips, looked at Su Nan, and then looked at Sun Haoyang.

Immediately, he withdrew his gaze and looked at Su Nan.

“Miss Su, I have something to tell you.”

Su Nan smiled, with a very light smile.

“Let’s talk later when I have time, this time and occasion are not suitable.”

She was not in the mood to say anything to Yu Fei.

She doesn’t owe him anything.

She didn’t take back the resources in his hand, she was already very good, and it was his own ability whether he could hold it or not.

Yu Fei’s eyes flashed slightly, and his tone was a little lost:

“I wouldn’t do that. The people around me were joking just now. Hao Yang and I are old friends. He can become popular, and I’m happy for him.”

Sun Haoyang stood there inexplicably, not knowing what happened.

Su Nan hooked his lips, not smiling much.

“That’s the best, Yu Fei, you have to know a truth. You can only ask for what I give you. If I don’t give it, you can’t reach out and grab it!”

Yu Fei’s face turned pale, and he randomly worked beside Sun Hao Yang and He. Under the gaze of the staff, he nodded obediently.

He knew that Su Nan was dissatisfied with him.

His previous series of actions had already made her dissatisfied, and he should have realized it long ago.

He shouldn’t be careless and took over the cover of Viola. He thought it was okay, even if it was an artist from the same company, there was competition.

Picking up leaks can maintain a good cooperative relationship for the company, and he also needs such a cover to assist his status.

did not expect.....

The fall of Viola is just the beginning.

The staff on the side urged:

“Mr. Sun, Miss Su, it’s alright...”

As soon as he finished speaking, Su Nan’s hand took advantage of the opportunity to grab Sun Haoyang’s arm.

The two are not far behind, and they have a sense of proportion. In front of the camera, their appearance is very resistant.

It can be seen that the order of the finale is very important. Everyone is tired of the aesthetics in front, and even the speed of pressing the shutter is full.

...

Chapter 1185 Sun is always true love

Chapter 1185 Sun is always in true love

, but when Su Nan and Sun Hao Yang appeared, both of them are controversial people, and they are also attracting attention on the Internet.

Soon, these media reporters took pictures as if they had been beaten with blood.

Su Nan kept a decent and graceful smile, and Sun Haoyang was by her side, but he kept a low profile, like a gentleman who didn’t want to steal the camera.

In order to take care of girls, the artist does not steal the camera?

This wave is really refreshing.

Su Nan and Sun Hao and Yang Mingming wanted to move on, but were repeatedly stopped by reporters and the host.

The red carpet of tens of meters took almost ten minutes to walk, which is really an enviable number.

The photos and videos posted on the Internet in real time immediately aroused violent reactions:

“Ah, ah, my two favorite people actually appeared together, I’m going to start playing CP, don’t say anything about Mr. Fu and Mr. Shang, Sun It ‘s always true love!”

“The goddess is so beautiful, although Sun Haoyang is also good, but the momentum is always a bit worse!”

“Yu Fei is out of action, the goddess’ new love is Sun Haoyang!”

“The two tacit partners fit together . Now, long live friendship!”

“The two people who were forced to open business seem to be working overtime, they can’t even laugh when they stand there, it’s too fake hahahaha, but it’s so cute...”

“Goddess this The skirt is a limited edition and high-end, I heard that it can only be bought and cannot be borrowed. A group of female stars has never done a business, so it’s good to have money!”

...

And Yu Fei who appeared later, although The popularity is not small, but the departure of Su Nan and Sun Haoyang has already passed a small climax.

Not so much attention anymore.

Su Nan and Sun Haoyang stood in the background, they looked at each other and breathed a sigh of relief.

The two of them looked calm on the surface just now, but they were actually very nervous.

As soon as he turned around, Su Nan raised his eyes and saw Shang Qian, standing there with deep eyes.

She subconsciously took back the hand next to Sun Haoyang and looked at him with a smile:

“Why are you here?”

Shang Qian’s eyes were low, and his voice was filled with some resentment:

“You don’t go with me, you think I am one People walk like words?”

A man who is not an entertainer walked the red carpet by himself, looking like the person being laughed at.

It was she who forgot that.

Abandoned him and chose Sun Haoyang, no matter what, it was her fault.

Very guilty.

Saying that, he looked at Sun Haoyang next to Su Nan.

Sun Haoyang nodded hurriedly: “Mr. Shang...”

Shang Qian knew exactly why Su Nan favored him.

He clearly knew that it was absolutely impossible for the two of them to happen, but watching the two of them walk through the red carpet, he was still very awkward.

It was very difficult to suppress the jealousy in my heart.

On the surface, it looks warm and elegant, still giving people a feeling of spring breeze.

Su Nan hesitated for a moment, then walked over, took the initiative to take his arm, and shook it a few times.

“If the three of us go together, then you will steal our limelight and make people think that you are bullying others...”

Shang Qian: “...”

So, it was him excuse me?

Seeing this situation, Sun Haoyang wanted to laugh but didn't dare to laugh, so he could only say lightly:

“I'll go say hello to the people over there, Mr. Su, Mr. Shang, I'm sorry...”

Su Nan Nodding, this kind of occasion is naturally a good opportunity to communicate.

Looking at the back of him leaving, Shang Qian finally breathed a sigh of relief.

He casually arranged his clothes and looked down at Su Nan.

Chapter 1186

Shang Qian looked at her with warm eyes, just as he was about to say something, Su Nan grabbed his arm and left.

“Why are there still reporters here?”

She complained in a low voice as she walked briskly with her skirt in hand.

Shang Qian smiled, said nothing, and followed her into the arena.

As soon as she entered, many people came to toast her, and Su Nan would easily become the focus no matter where she was.

Her presence is natural and dazzling.

Not those female stars who deliberately show their status and compete for beauty can be compared.

Everyone toasted a circle of wine, Shang Qian didn't even have a chance to stop the wine, Su Nan directly told others that she didn't drink.

So, she took a glass of juice and toasted everyone.

The time has not yet come, and everyone is chatting inside.

Not paying attention, Du Yan has already arrived.

“Miss Su...”

His status in the entertainment industry can be said to be like that of a boss.

But ever since he realized that he had offended Su Nan, he has been trembling and walking on thin ice.

Last night, Su Qi called. It was half a joke, half a warning, and the meaning was obvious.

If you don't want to stay in Huaying Entertainment, you can go out and start your own business.

It's easy to set up his own business, but his contacts are all from Su Qi. If he leaves, people will see Su Qi's face, and it is impossible to continue to communicate with him.

Then the value of Du Yan's name is greatly reduced.

He is very clear that only if he continues to stay in Huaying Entertainment, he can always sit firmly in the position of the big brother in the circle.

As long as he leaves, there will be no place for him in the whole circle.

After waves of fear came, he had to take the initiative to ask Su Nan to admit his mistake.

Even kneeling down, he recognized it!

Shang Qian knew that Su Nan didn't want to see Du Yan, and just as he was about to stand in front of him, Su Nan sneered and sneered:

"Isn't this President Du? Are you willing to show up now?"

Du Yan's face turned red and white. She laughed:

"Miss Su's talent in public relations is truly unmatched by countless professionals, I admire it!"

This is the truth.

In the eyes of outsiders, all Sun Haoyang's reversal may be a coincidence.

But Du Yan's own mind is clear, and it was all planned by Su Nan.

If she is in the entertainment industry, I am afraid that others will not want to eat this bowl of rice!

Su Nan glanced at him coldly, and her tone was still rude:

"At least stronger than you, Mr. Du won't hold back at the critical moment, I should thank you well."

Public humiliation, although not good-looking, but Du Yan felt that he Can bear.

If this eldest lady doesn't show her temper, she is really afraid.

What's more, what Su Qi said on the phone was very clear.

Regardless of his presence or absence, Su Nan has all his privileges in Huaying Entertainment, even if it is signed and presented to her on the spot, it is only a matter of minutes.

Du Yan accompanies the smiling face:

"Miss Su is right, I really did not think about this matter. At that time, I only considered the relationship to be decent, so I pushed Yu Fei to the top. Who knew that the photographer and Zhang Xiaojuan would be so Immoral.

Fortunately, this matter was exposed early, otherwise Yu Fei would also be involved in it, and the company's reputation would be affected by then, Master Su must kill me!"

He mentioned Su Qi, just wanting Su Nan to look at Su Qi's face and show mercy.

Su Nan saw his careful thinking and curled his lips indifferently.

"Mr. Du's attitude of admitting mistakes is good, but there are also many faults in self-righteousness."

...

The first thousand one hundred and eighty-seven chapters are inseparable from you

The first thousand one hundred and eighty-seven chapters can't be separated from you,

Su Nan, regardless of Du Yan's face, the anger in her heart has not disappeared!

Sun Haoyang almost never turned over, he didn't say anything, and reconciled with Zhang Xiaojuan in private.

This thing is really frustrating.

"I'm not interested in being an unspoken Taoist priest, but I said what Sun Haoyang means to the Su Group.

President Du didn't take it seriously and almost sent Sun Haoyang to a dead end. This time I Remember you.

Next time, don't mention Su Qi to me, even if Su Jin comes, it won't work."

Du Yan paused slightly, although his face was not good-looking, he could only laugh with him honestly.

"Thank you Miss Su for a lot."

Shang Qian smiled and eased the atmosphere.

"Su Nan, don't scare President Du, you didn't say that just now."

Du Yan looked at him subconsciously, Shang Qian glanced at Su Nan and said with a smile:

"President Du, don't think Su Nan is Seriously, she just told me in private before entering the venue, you can't blame you, you are also

thinking of the overall situation of the company. Everyone in the circle has a knife in their hearts, and Su Nan is a layman in the entertainment circle and doesn't understand the rules. , she screwed up the matter on a whim, it's good that you can clean up the mess, but... the way is a little bit out of her liking." After

a few words, Du Yan's face was completely normal.

Shang Qian's tone was playful, but his eyes were very sincere when he spoke.

One has to believe this is true!

After listening to him.

Du Yan breathed a sigh of relief and looked at Su Nan with a smile.

"I know that Miss Su is the most righteous, don't worry, I will take a warning, take care of the company cleanly, and promise to buy a few more yachts this year..."

Su Nan gave him a blank look.

All the rumors that she asked Su Qi to buy a yacht had spread?

snort!

Du Yan smiled brightly, and looked at Shang Qian a little more favorably.

Su Nan put down the cup and glanced at him lightly:

"Mr. Du, I also hope that you can make more money, after all, the company can't do without you."

Her words, like a needle in the sea, made Du Yan's heart immediately put in the stomach.

He can still stay in Huaying Entertainment steadily, even if this matter is turned over.

A staff member at the venue announced the admission.

Su Nan was attracted and took Shang Qian away.

Shang Qian nodded in greeting, but could only helplessly follow Su Nan with a smile.

Su Nan approached him and whispered,

"Why did you say so much just now? Anyway, I can't find someone to replace him for a while."

Shang Qian helplessly chuckled.

“Miss Su has been on top for too long, and she has forgotten the most basic human relationships in the workplace. If you keep him, you have to let him be grateful and read you well.” The

two people’s voices were lowered, and no one around could hear them. what did they say.

In the eyes of outsiders, it will only be two people biting their ears intimately.

The talent of a man and a woman is really eye-catching!

Su Nan pouted, she didn’t care what Du Yan thought at all.

Anyway, what he did, if it was in the Su Group, she would definitely let him pack up and get out.

But in Huaying Entertainment, Du Yan and Su Qi have always had a good relationship, and once he left, there was no one who could replace him in the company.

So, she didn’t plan to move him.

It’s just a matter of swearing for a while.

Anyway, don’t think about being happy.

Shang Qian: “But it doesn’t matter, you can always be like this!”

After he thought about it, he spoke slowly.

...

Chapter 1188 Are you nervous?

Chapter 1188 Are you nervous?

Su Nan turned her head away in surprise. The warm, quiet, and cold fragrance on his body, like a silver needle after snow, penetrated into her heart.

Let her subconsciously shake God.

“Why?”

she asked quickly.

Shang Qian smiled, his voice was clear and pleasant:

“Because the princess should always be high above.”

No need to be low, no need to deal with it.

Even with this irrelevant little temper, Shang Qian felt extremely cute.

His voice was low, and it got into Su Nan’s ear, making her startled slightly.

Ears turned red.

It’s not that she doesn’t understand the ways in the workplace, she also does it bit by bit from the bottom.

It’s just that she grew up in the environment of the Su family, and her character was deliberately arrogant. She couldn’t hide it, and it was impossible to correct it.

For three years by Fu Yechuan’s side, she was suppressed for too long, and she had an unpleasant life.

Once you get divorced, you can let go of yourself.

At this time, when Shang Qian said these words, her heart softened inexplicably.

Shang Qian didn’t notice her change and walked into the arena with her in his arms.

The seats in the front row are for entertainers, and that’s where the most shots are.

Their location is on the second floor, the angle is excellent, and the atmosphere is not as tense as the camera surrounds below.

Su Nan and Shang Qian sat down, just in time to look at the host on the stage and the crowd of actors sitting below.

Almost two-thirds of the people in the entertainment industry have come, which shows the grand and formality of this award ceremony.

Sun Haoyang is currently very popular, and his seat is also arranged in the first few rows, sitting next to Yu Fei.

Su Nan took a deep breath and looked down with anticipation.

Shang Qian frowned, poured her a glass of juice, and handed it over:

“What are you nervous about?”

” Su Nan: “Of course I’m nervous, Sun Haoyang has my hard work!

Shang Qian hesitated for a moment, then asked in surprise, “

You didn’t manage?” “

Su Nan: “..”

Of course she didn’t!

Su Nan looked at him blankly, not only frowning:

“You actually think I am such a person? “

Even if she is powerful, she won’t have to take risks and challenge under such fair rules in the world, right?

Although Sun Haoyang is very popular with the actor, but is she not even more shady to find a relationship?

Shang Qian instantly He closed his mouth and choked. After

sorting out his expression, he coughed to hide his expression.

“No, I’m just curious, aren’t you very interested in Sun Haoyang taking the best actor? He is also one of the nominees. Isn’t it safer to have a private event? “

Su Nan pretended to be angry and turned his head away, ignoring him.

Shang Qian, who was clean and smooth, actually suspected that she was operating in private? I

can’t guarantee that others would not think so.

In this way, she did the right thing by not hiring someone to operate

! Qian looked at her without speaking, with a slightly annoyed expression on her face. She felt that she had said the wrong thing, and she was angry. The

surrounding venue environment had already begun to debug the equipment, and the music was deafening.

Shang Qian tugged at her clothes: “Angry? “

Su Nan is in the world of his own contemplation, not paying attention to the people around him.

Shang Qian saw that she didn't speak, and thought she was really angry.

He leaned over gently and approached her, his voice was clear and pitiful:

"I don't think you are a person who does not distinguish between public and private, but you brought me to understand this circle some time ago, and behind each of them there is a Representing their respective interests and capital, Sun Haoyang naturally represents you. If

others can push their own people up, what's the big deal if you push Sun Haoyang?"

...

Chapter 1189 He is the focus

Chapter 1189 He is the focus

Shang Qian's words got into her ears like ants, but she listened to them all at once.

Yes indeed.

She follows the rules, but it doesn't mean that others follow the rules.

Su Nan frowned and looked at her sideways, hesitating to say anything.

Shang Qian: "What's wrong?"

"Why didn't you say it earlier?"

Su Nan muttered, but Shang Qian heard it clearly.

He let out a low laugh, and quickly held back:

"Who knew our Miss Su was so upright?"

Although he didn't know much about the entertainment industry in country Z, he had been in the shopping mall for a long time, and he knew that he had reached a certain level. Position, some things that are unbearable in the eyes of others are actually harmless.

Although he disdains it, if it can benefit the interests of other parties, he will do it.

Therefore, he was surprised that Su Nan did nothing.

But on second thought, yes, if Su Qi was here, the third brother would take care of her.

Su Nan ignored it for a while, and it should have been.

Su Nan's brows were shrouded in sorrow, Shang Qian reached out and squeezed her hand, and said with a smile:

"It's okay, the few minutes you walked with him on the red carpet just now was enough for him to be the focus of the audience today, he has already won. "

Su Nan frowned and smiled.

"That's right, it's like this anyway, so let's go with the flow."

Seeing her mood improve, Shang Qian secretly breathed a sigh of relief.

But he held her hand and never let go.

Seen from the side, the two people are sitting and laughing together, they are really a couple in love.

Su Nan is bright and beautiful, and Shang Qian is gentle and noble. How do you see it?

Everyone secretly sighed, if Fu Yechuan saw this scene, it would be another bloody storm!

Looking at the position above the main seat, even if no one came, no one dared to sit there.

Recently, Mr. Fu's public appearances have become less and less...

The reason is that Miss Su's underground romance is too high-profile.

Although she did not publicly admit it, she never denied it.

It can be seen that Shang Qian really won her heart if he was not sure?

In the guess, Shang Qian didn't know what to say, Su Nan smiled sideways, the smile was bright and warm, which made people slightly startled.

Before everyone could react, they listened to the host on the stage below and began to recite the host speech, and finally turned their attention to the following occasion.

"For this awards party, we specially invited the top 20 most popular online artists to present a different stage effect for everyone. Please enjoy..."

Su Nan raised her eyebrows and immediately lowered her head to look.

In between, the lights in the entire field suddenly dimmed.

All sounds are silent.

After three seconds.

Suddenly, around the shape of the stage, from the beginning, two rows of white smoke lights light up lightly.

At the moment of lighting, along with the flickering of the lights, a person also appeared on the stage, walking almost as the lights turned on, as if in the vast universe, in the darkness, only the people on the stage could be seen. .

It's Yu Fei.

As a representative of the popularity of newcomers, his external image has always been positive and positive, and because of his humble attitude, he is liked by many seniors and audience fans.

With him as the opening model, he suddenly ignited the enthusiasm of the audience.

He was wearing the latest fashion suits, walking at the forefront, with a sense of sunshine and clarity in his youthful radiance.

As he approached, he seemed to glance up and saw Su Nan...

...

Chapter 1190 Oh Abs

Because of Yu Fei's youthful qualities, many youth dramas like to find him.

When they got to the middle, the lights behind them came on and off one after another, and the second and third people appeared one after another.

Immediately afterwards, the appearance of many people caused huge cheers in the arena.

These people are all male entertainers, and they should be separated from men and women on stage.

As expected of the top 20 in popularity, it may have been voted by fans.

Indeed, several people on stage are acquaintances in the circle and on the hot search, and they have one thing in common: handsome!

Su Nan was secretly surprised when he saw it, but there were so many big bosses in the shopping mall around, it was really hard to lose his temper, so he kept watching calmly, his eyes flickering, and the corners of his mouth were slightly hooked.

Shang Qian was always paying attention to Su Nan beside him, watching her stare down without blinking, and he felt a little uncomfortable.

The people below are swept away, how do they all look the same?

Is it necessary to look so fascinated?

The corners of his lips pursed into a straight line, he closed his eyes, he felt a little hot, his fingers loosened the collar of his shirt, and his whole person showed a sense of abstinence.

Su Nan didn't notice anything wrong with Shang Qian.

She put one hand on the railing in front of her, her eyes twinkling and expecting.

Among them, there are several familiar male artists, and the model walking in is really pleasing to the eye and looks great.

Especially they are not only to show their clothes, but also their fashion taste, hats, sunglasses and silk scarves, all of them have different styles, and there is no aesthetic fatigue at all.

More than a dozen people walked past one after another, and the lights went out after the last person had finished walking.

The whole place fell silent again.

But the next second, the last person came out.

The light came on again in an instant, probably a few degrees brighter than before, the dazzling light hit him, and Sun Haoyang came out wearing a casual outfit.

The most eye-catching thing is that the buttons on the front of his clothes are loosely buttoned, almost revealing most of his chest, his eight-pack abs are looming, and the handsomeness of the whole person is fully revealed, much more casual than the dozen or so people just now. .

But just as he walked over, the voice in the arena instantly increased an octave.

The female stars in the venue unabashedly admired his unique charm, and the male artists also laughed without saying a word, mixed with joy and sorrow.

It is not only female artists who will compete on such occasions, but also the involution of male artists is obvious, but their dress choices are not many, and most of them appear in decent and dignified suits.

So they can only rely on their looks and fans to get out of the circle.

The appearance of the first dozen people has almost established the popularity in the circle. The appearance of the last Sun Haoyang is the finale, the strength, and the focus of all.

Sun Haoyang's acting skills are remarkable and well received.

Although his own controversy is very big, but a little bit of whitewashing recently, he seems to have a kind of modest introvertedness, which is different from Shang Qian's gentleness.

The modesty in Sun Haoyang's bones seems to be a low-key tenacity, which is resistance and unwillingness.

When Su Nan saw Sun Haoyang, his eyes lit up, and then he followed the people below to applaud.

It was as if she saw a cornucopia, and the people she built with her own hands, to this day, are more like some kind of recognition.

So when she applauded, she really didn't save any effort, and even screamed along with the people below –

the big guys around: "..."
