Chapter 1201 bombed the school

Chapter 1201 blew up the school

Su Nan pursed his lips and looked at Yu Lou:

“How come you came so fast?”

She remembered the text message she sent five minutes ago.

Yu Lou: “I was shopping nearby, and when I saw your message, I came over quickly...”

Su Nan nodded and waved, biting his head and pretending that nothing happened and that he didn't read anything. arrive.

“Come in.”

She coughed, “Mr. Shang, remember to pick up your dirty clothes!”

Shang Qian nodded, didn't turn around, went out and closed the door.

Yu Lou and Su Nan both breathed a sigh of relief.

Yu Lou raised his eyes, looked at the marks on Su Nan's lips, and silently moved his eyes away.

It seems that the attitude towards Shang Qian is a little more respectful.

“Mr. Su, the project department has made a mistake in the review and needs to be dealt with urgently...”

Su Nan took him to the study.

After half an hour, the problem was finally solved.

Leave the building.

Su Nan tossed and turned in bed, unable to fall asleep, and Shang Qian's face did not appear in front of him all the time.

She wished she could kill him with a pillow.

Early in the morning, it was almost noon when she woke up leisurely.

Seeing that Yu Lou didn't send any important documents, she breathed a sigh of relief, got up in a hurry to wash, and put on a mask.

She handed over the matter at hand to Su Jin in advance, so that she could spare time to follow Ogilvy and Mather to film the cover of "VJ" in country M.

Su Jinming knew that she wanted to be lazy, so she didn't break it, but just told her to be careful.

The day before the shooting, Yu Lou booked a flight ticket for her and Shang Qian.

Before leaving, Shang Qian received an important call, it seemed that little Mike got into trouble at school again...

He hated it so much that he couldn't help but go.

Su Nan smiled, "Since it's little Mike's business, don't go with me. Hurry up and go to school to see what's going on?"

Shang Qian was reluctant to leave her, so he held her hand tightly.

"Then you go first, and I'll go look for you when I'm done."

"It's only two or three days, I'll be back right away, you don't need to look for me."

Shang Qian smiled and said nothing.

When Yu Lou reminded her that it was time to board the plane, Su Nan pulled out his hand and waved, "Goodbye."

Shang Qian nodded, "Goodbye."

Watching her get on the plane, Shang Qian restrained his smile, and the school called again:

"Shang Qian Sir, in order to verify the structure of our laboratory, classmate Mike blew up our laboratory, you can quickly deal with it..."

Shang Qian closed his eyes and gritted his teeth:

"Okay, I'll do it here. Go, let him wait there!"

This son, I'm afraid he didn't owe a debt in his previous life!

...

to M country.

After getting off the plane, the person who picked up the plane said that the time was wrong and was blocked on the road.

Su Nan and Yu Lou stood at the airport and looked at each other.

Fortunately, Sun Haoyang came a day earlier, so he would not delay the shooting.

But Yu Lou stood there, holding the phone contact, trembling.

Even if he is singled out by himself, how can he afford it if Su Nan is singled out?

Moreover, the weather here is still winter, and the snow is so great that it swells in succession, and everything that can be seen is covered with a layer of white.

Before getting off the plane, Su Nan changed into a thin beige coat with a bright and bright temperament. Standing there, it attracted the attention of many people, and some people whistled at her.

Yu Lou tried to block the sight of others as much as possible.

But he could also feel her shivering from the cold.

Su Nan really felt cold.

Now, if only she was wearing a mink!

...

Chapter 1202 on the wrong car

Chapter 1202 Got in the wrong car.

Su Nan felt that she wanted to cook by the stove... After

thinking about it, Yu Lou's phone lit up, and he ran over in surprise.

"Mr. Su, someone has taken the order, let's get in the car..."

Su Nan breathed a sigh of relief, her legs would freeze into popsicles if she didn't get in the car.

The two walked to the pick-up area, and in front of them a luxurious extended Lincoln was parked in front of them, and the rear doors opened.

There was still hot coffee inside.

Su Nan suddenly relaxed all over his body.

Without even thinking about it, she lifted her legs and got into the car.

Yu Lou at the back noticed something was wrong because he saw the color of the car in front of him. The car he called was obviously an ordinary taxi...

Su Nan bent down and went in. Before he could sit down, he saw the car inside. with a familiar and unfamiliar person.

Fu Yechuan.

She froze slightly.

Yu Lou remedied at the back: "Mr. Su, the car is in the back, this car is not ours."

However, it was too late.

Su Nan turned back silently and gave him a heavy look.

Yu Lou: "..."

Fu Yechuan said something to the people around him, and the client around him looked at the beautiful woman who suddenly came up in surprise, "This is..."

Fu Yechuan pursed his lips, His face was cold and cold.

When Su Nan took a step back and was about to jump out of the car without hesitation, he suddenly reached out and grabbed her wrist, pulled her into the car, and sat on the seat.

"close the door."

Chen Mian didn't know when it appeared, but after hearing Fu Yechuan's instructions, he hesitated for a second before closing the door.

Su Nan sat there and broke free.

"I'm sorry, I got in the wrong car, open the door..."

Fu Yechuan exchanged a few words in English with the customer beside him, then raised his head to look at her:

“Where are you going, I’ll take you.”

“Thank you, No. “

Su Nan decisively refused.

Even in a foreign country, he didn’t want to have too much contact with this man.

The heating in the luxury car is fully turned on, but it is also terribly quiet.

No one dared to speak, even breathing carefully.

Chen Mian got into the car, and Yu Lou, who was outside the door, was still anxiously patting the door, “Mr. Su, get out of the car...”

Su Nan silently scolded him several times in his heart, this is not long Yu Lou is thinking, is it because she doesn’t want to get out of the car?

She raised her eyes and looked at Fu Yechuan, who was wearing a black coat.

Very unfamiliar.

He hadn’t taken the initiative to contact him for a long time, and she felt a lot more relaxed during this time, thinking that he had already thought about it and gave up.

But the moment she met his gaze, she could see the chill and possessiveness in this man’s eyes.

Shocking.

The car stopped here, and the cars behind started honking impatiently.

But probably worried about the value of this car, no one dared to come forward to urge, just honk the horn to vent their dissatisfaction.

“Where to?”

Fu Yechuan asked again.

His dark eyes stared at her, as if if she didn’t speak, the car would keep parked here, regardless of the cars behind and the anxious Yu Lou outside.

Su Nan looked at him calmly, but still didn’t speak.

This is to force the overlord to bow, to be hard?

The atmosphere in the car shocked the customers next to Fu Yechuan for a while.

Chen Mian couldn't stand it any longer and coughed.

"Miss Su, where are you going, let's escort you there. There is time right now. Let Assistant Yu follow the car behind, and you will be put down when you get there."

...

Chapter 1203 Who speaks first

Chapter 1203 Whoever spoke first

Chen Mian's tone was gentle, with a bit of pleading.

As soon as Fu Yechuan met Su Nan, it was like a different person. How could he not know?

During this period of time, he doubled his work and had no spare time at all. He devoted himself entirely to his work, just so that he would not listen to her news in his spare time.

But who knew that on a business trip in country M, you could meet Miss Su who took the initiative to get on the bus?

Su Nan glanced at Chen Mian and gritted his teeth, thinking that Fu Yechuan must be going crazy.

never mind.

"Go to Washington Tower, thank you."

Well, since he wanted to be a driver so much, that's fine.

She wouldn't be grateful anyway.

It wasn't that she begged him to send her.

It was entirely on Chen Mian's face.

Chen Mian heaved a sigh of relief, looked at the driver and nodded.

The driver immediately started the car.

The warm heating didn't melt the icy ambience inside the car either.

Looking back, Chen Mian delayed the emergency meeting ten minutes later to half an hour later.

If he remembered correctly, the Washington Tower was in the exact opposite direction of where they were going, back and forth, at least half an hour.

However, when Mr. Fu met Miss Su, no matter how important the meeting was, it was not as important as giving her a ride.

Unfortunately, the two are still inseparable.

President Fu didn't specifically inquire, but Chen Mian, as an assistant, could keep an eye on Miss Su's news all the time.

Including her walking the red carpet with Sun Haoyang at the Huaying Awards ceremony and being praised by the hot search, and including her intimate appearance of chatting and laughing with Shang Qian in a low voice under the stage...

Su Nan lowered his head and took his mobile phone and sent Yu Lou a WeChat message to meet at the Washington Building later.

Yu Lou just replied with a message and breathed a sigh of relief.

He didn't think carefully about this matter. If he hadn't reminded it too late, how could Su Nanyang be in the tiger's mouth?

Who knew that he had actually met Fu Yechuan?

He found Chen Mian's contact information and sent a message:

"Please take care of our Miss Su, but don't let President Fu do anything that we can't afford."

Chen Mian replied speechlessly: "I'm on my way. Go to the Washington Building, pick someone up there!"

He looked in the rearview mirror, but none of the three behind him spoke.

The client is an authentic foreigner, and he has no idea why Fu Yechuan stopped this beautiful girl from leaving.

And this pretty girl doesn't seem to be familiar with him, and she dresses differently from ordinary people.

He suppressed the curiosity in his heart, and once again thanked Fu Yechuan for coming to pick him up in person.

Fu Yechuan nodded, his dark eyes still fixed on Su Nan's face.

Don't hide your emotions.

He was madly unwilling, and forced himself to swallow again.

He used a lot of work to numb himself, and in the middle of the night, he got drunk one bottle at a time.

He tried hard not to listen to her news, but she was still in his mind.

Su Nan, he wanted to strangle her to death.

But he was reluctant.

Chen Mian coughed, breaking the awkward atmosphere.

He quickly picked up the untouched coffee and handed it over.

"Miss Su, it's still hot. You haven't touched it yet. Take a drink to warm up your body."

Su Nan took it unceremoniously, "Thank you Assistant Chen."

She smiled, and Chen Mian was the most caring.

Fu Yechuan's cold eyes swept over Chen Mian, Chen Mian's smile froze, and he silently turned around.

Finally, he couldn't bear it anymore, his tone was cold:

"Why did you come here suddenly, only Yu Lou is following you?"

...

Chapter 1204 is the ex-wife

Chapter 1204 is

the conjecture of ex-wife Fu Yechuan, who didn't hear anyone else's movement just now.

Only Yu Lou should follow.

Otherwise, she wouldn't have gotten into the wrong car.

God willing.

Su Nan took a sip of coffee, swallowed the warm liquid, and the heat immediately reached his limbs, feeling that he was alive.

Since he didn't say anything excessive, the two were still partners, so of course she wouldn't make things too stiff.

She smiled politely and distantly, "The others came early, and Yu Lou and I have something to do until today."

After a pause, she said again, "Thank you, Mr. Fu for sending me."

Fu Yechuan's eyes were deep and the corners of his lips twitched. Crap, don't say anything, don't look in the other direction.

However, Su Nan was relieved.

I felt that Fu Yechuan was weird, as if he had changed into a different person, maybe he had become the original him, he was originally such a person.

very good.

He drove her out of his world.

There was fifteen minutes of silence in the car.

The car was parked downstairs in the Washington Building. Su Nan was about to get out of the car without a word, but was stopped by Fu Yechuan:

"Have dinner together at night?"

Su Nan raised his eyes, "I'm busy with work on a business trip, sorry."

Fu Yechuan didn't continue to speak. After being silent, he felt that the chill around him was a little more intense.

Of course, Chen Mian has the self-consciousness of being an assistant. How can a person of a rank like Miss Su let her open the door in person?

He immediately jumped out of the car, opened the door from one side, and put a hand on it to block it, being thoughtful and attentive in every aspect.

"Miss Su, slow down."

Su Nan smiled, bent down and got out of the car, simply agile.

Even wearing high heels did not affect her sassy and smooth beauty in the slightest.

“Thank you, Assistant Chen, goodbye.”

Chen Mian nodded politely and watched her walk into the building. When she saw Yu Lou who had been waiting there, she closed the car door.

The customer in the car finally couldn't help:

“Mr. Fu, the lady just now was...”

Fu Yechuan's lips were tightly pursed, and his tone was cold: “Ex-wife.” The customer's face changed a bit, regretting it. Can't wait to bite off his tongue.

“Oh, it's really charming...”

He didn't know anything about Fu Yechuan's emotional experience, but looking at the attitude of the two people to get along, he knew that they didn't get along very well.

“Mr. Fu, let's go back to the hotel for a meeting now?”

Chen Mian got into the car, took out his mobile phone, and began to have people adjust the equipment. If there was no accident, he would arrive at the location in ten minutes.

As a qualified assistant, even the time on the road he has to control clearly.

Fu Yechuan raised his eyes and glanced at him with dark eyes, his eyes were extremely pale:

“You are still very familiar with her?”

Chen Mian's movements froze, and he immediately realized who “she” was referring to.

“I'm not familiar with it, Mr. Fu.”

There are many mistakes, but I still don't say it.

The reason why Su Nan's attitude towards Chen Mian is still mild is mainly because he did not offend her and despised her when she was humble before.

But he couldn't say it directly.

Isn't this poking at Fu Yechuan's wound?

Fu Yechuan didn't speak any further. He glanced at the driver. The driver received his message and immediately started the car and returned.

...

Washington Building.

As soon as Su Nan entered, he washed away the cold brought in from outside.

Much warmer.

Yu Lou was already waiting at the door with his eyes almost straight.

He put the blanket borrowed from the front desk over Su Nan's body, feeling a little humble and guilty:

"Mr. Su, are you alright?"

...

Chapter 1205 Massage Service

Chapter 1205 The massage service

Yu Lou felt guilty and felt that if he hadn't arranged it well, he wouldn't have let Su Nan sit in Fu Yechuan's car.

Su Nan shook his head and walked forward with a cold expression.

The aura is still strong.

"When did you arrive, and you came faster than me?"

Yu Lou: "I asked the driver to take a shortcut and gave me some extra money."

Su Nan snorted and didn't say anything more.

The middle floors of the building are hotels that are not open to the public. Only the elites who work here can reserve private spaces in advance.

Yu Lou took the card and opened the door to her room.

The Presidential Suite is gorgeously furnished and warm like spring.

As soon as she entered, she felt the warm air.

The living room in the middle has a very stylish fireplace, which is burning with firewood.

Su Nan liked this feeling very much. She dropped the bag in her hand and walked over. She sat on the reclining chair next to her and relaxed her whole body.

Yu Lou hurriedly brought her things to her room without stopping for a moment.

When he came out, he checked the schedule.

“Mr. Su, the filming is scheduled for tomorrow morning. Ogilvy and Mather have contacted in advance, and she will arrive at the hotel two hours later.”

Su Nan hummed and said that she knew.

Yu Lou: “Do you need to arrange Ogilvy & Mather to have dinner with the people from “VJ”?”

Su Nan opened his eyes and paused.

“Find me a masseuse, I’ll have a massage after bathing.”

Yu Lou: “.”

Su Nan thought for a while, then said:

“When Ogilvy arrives, I’ll arrange other arrangements, but it’s convenient for sily not to arrange a dinner party. Ogilvy’s temperament will not like it.”

Yu Lou: “Okay, I’ll arrange it now.”

Su Nan waved his hand , squinting and lying back.

In a few minutes, she got up and went to take a hot bath. After soaking in the flower bath for half an hour, she changed into warm clothes and went to lie down by the fireplace.

What a wonderful time to sit and wait to die!

If you don’t have to work, it’s even more beautiful...

Before you can think about it, someone knocks at the door.

Su Nan: “Please come in.” Before

Yu Lou could speak, Ogilvy, who was wearing heavy makeup behind him, pushed him away and walked in, running towards Su Nan.

“Dear, long time no see...”

Ogilvy's rich perfume almost choked Su Nan away.

Su Nan finally broke free from her warm embrace and looked at her in her bikini, completely revealing her attractive figure, without any intention of freezing to death.

She touched her cold arm in shock.

"Isn't it cold?"

Ao Mei's yellow hair still had snowflakes on the ends, she smiled, "Of course it's not cold!"

She was enthusiastic.

Su Nan smiled and hurriedly went to find her own clothes to put on.

"Quickly put it on, if I knew it, I simply chose to shoot in Hawaii..."

Ogilvy is almost a household name in country M, and even has many fans in country Z.

But she has quit since she won six Oscars.

Always on the road to spending money...

She looked at Su Nan's thick clothes with disgust, threw it directly on the sofa, twisted her waist and walked in front of Su Nan:

"Your style is still so conservative, so you don't have

a boyfriend yet. Learn from me, now you must be the same as me, change one every day..."

Su Nan raised his head in shock.

what did she hear?

Ogilvy smiled proudly.

Su Nan blinked, "No one can surpass you, Ogilvy, you are the best!"

Su Nan directly gave a thumbs up.

Ogilvy snorted, sat on the chair, draped a blanket, and the whole person was casual and sexy.

She sat there, lit a cigarette, took a puff, turned her head and asked her,

“I saw the photo of that little white face, is it the person you

liked ?” Little white face, eight achievements are Sun Haoyang.

“No, it’s an image spokesperson that our company is about to sign.

Because his previous reputation is really not high, so I want to use your world superstar’s name to gain some popularity!”

Ogilvy chuckled, “So it is, Then just rub it, for the sake of his good looks.”

Su Nan smiled, knowing that she would not refuse.

However, she still took out a contract agreement that had been prepared for a long time.

“This is a small island I bought before, have people to clean up, and you do not like on holiday? Back for me to see, how about this island scenery? ‘

Private island, people get in, unless Get her permission.

Ogilvy took it over in surprise and kissed the document in his hand fiercely.

“Twenty years of residency, Su Nan, you are much more generous than those stinky men!” He

almost gave the island to her.

No difference.

Su Nan smiled and sat down calmly.

“Tomorrow shooting, do you want to meet your partner tonight?”

Ogilvy: “Of course, I like to develop relationships in advance!”

Su Nan made a gesture, saying ok, then called Sun Haoyang and went to the top floor meet at the restaurant.

Under Su Nan's persuasion, Ogilvy changed into a dress with more fabrics.

Su Nan really didn't want to make headlines like Ogilvy.

When they got to the restaurant on the top floor, Sun Haoyang was already waiting there, leaning against the window seat.

Outside, heavy snow was flying and pouring down one after another. Sun Haoyang sat in the dim light and looked out the window, with an indescribable feeling of melancholy shrouded in his whole body.

There were no other guests in the entire restaurant. It should have been booked by Yulou a long time ago and booked the restaurant for tonight.

Ogilvy and Su Nan stood at the door in astonishment, looking in the direction of Sun Haoyang.

It seems that he can't bear to disturb his mood to enjoy the snow.

That kind of beauty is easily broken.

However, the waiter next to him noticed the arrival of the two people and walked over to ask:

"Hello, do you have an appointment?"

Su Nan smiled, "Yes, I've been waiting there..."

She touched Touch Ogilvy's arm and walk over.

Sun Haoyang heard footsteps, turned around, stood up, and nodded slightly.

"Miss Su..."

Su Nan nodded and pointed to Ogilvy and Mather behind him, "You should know this one, Ogilvy!"

Sun Haoyang nodded very modestly, "Of course I do, international superstar. "

He held out his hand, and Ogilvy shook his hand.

Sun Haoyang wanted to pull out, but Ogilvy didn't let go.

She raised her eyebrows, "Just know each other? Don't you like it?" A look of embarrassment flashed across Sun Haoyang's face.

"Of course, no one doesn't like it."

"Then what do you like about me?"

Her charming style seems to be in favor of Sun Haoyang.

The behavior is intentional or unintentional in seducing people.

Su Nan sighed helplessly, walked to the side and sat down.

"Ogilvy, don't scare him..."

Ogilvy let go reluctantly, and then couldn't help laughing.

"It's quite innocent..."

Sun Haoyang lowered his head and concealed his expression.

Su Nan rolled her eyes at her, one boyfriend a day, is this an old problem?

...

Chapter 1207 Don't go back

Su Nan coughed:

"Hao Yang, it's a good opportunity for you to cooperate with Ogilvy & Mather this time, you must know that Ogilvy doesn't usually accept magazine covers, I need to study more..."

Sun Haoyang nodded, "Yes, I will."

...

This meal was a good one, but the most uncomfortable thing was probably Sun Haoyang, Ao From time to time, Mei Shi throws a topic of edge ball that he can't catch, which is shocking.

Su Nan could only smooth things over for him and change the subject.

After the meal, Su Nan sent Ogilvy back to the room.

Originally, she planned to live with Ogilvy because she had a lot to say.

But Ogilvy refused very solemnly.

“It’s easy to be crooked when two women live together. My personality is not out of the closet.”

Su Nan: “Would a man and a woman not be crooked when they live together?”

Why are foreigners’ brain circuits so abnormal?

However, Ogilvy insisted that Su Nan asked someone to reopen a room for her.

Back in the room, Su Nan received a call from Shang Qian.

“Is little Mike all right? Did he cause trouble?”

Shang Qian chuckled, “I can use it if I don’t cause trouble?”

“It’s normal for a child to be naughty...”

Su Nan looked at the fireplace. The flames, and the snowflakes falling outside, feel very comfortable in comparison.

Shang Qian: “Normal? At least I haven’t seen a child under eight years old blow up the school!”

Su Nan’s eyes widened in shock.

“Blow up the school?”

Little Mike?

There was uncontrollable anger in Shang Qian’s tone.

“He took people to collect chemical materials in the school, and he insisted on doing experiments for his classmates, and by the way, he studied the construction of the wall.

As a result, a hole was blown in the wall of the laboratory, and two rooms collapsed!”

Su Nan was shocked. Can’t tell.

“Then... no one was hurt, right?”

Shang Qian gritted his teeth: “No, he called everyone out, even the principal handed it over, and the whole school surrounded him!”

Su Nan For a moment, I felt like I couldn't imagine that scene.

Little Mike, blowing up the house in full view?

“Then...”

Shang Qian took a deep breath, “I just went to talk about the compensation issue, promised to renovate the laboratory for them, and donate another library, and the principal agreed to let Mike continue to go to school there. “

Su Nan nodded. This school is already expensive. The tuition is 800,000 yuan a year, and parents usually pay for the building facilities.

People don't care about the money to build a building for their children to get a good education.

It's just that little Mike's trouble is a bit big, so he must bleed a lot to calm things down.

This careless child!

“It's good that there is no danger. It's the best way to spend money to solve it. Forget it, compared to the gifts he gave me, this amount of money is nothing...”

After all, according to Little Mike's character, The first shot is a diamond gold collection, which is already very restrained.

Shang Qian couldn't help but smiled, “You see it quite openly.”

“It's fine if nothing happens, it's okay, is he still at school? Did you come back to comfort him?”

Su Nan felt that this outburst would scare Mike.

After all, this is not the academic atmosphere of country M, and this move may be the spirit of seeking truth and pragmatism in country M.

In country Z, it means that his skin is itchy, and he has to be beaten to get better.

Shang Qian laughed angrily.

“Comfort him? He is living in the hotel with the servant and bodyguard, and he will not come back with me...”

...

The first thousand two hundred and eighth chapter business also catches the wind

Chapter 1208 Shang Yi received Feng

Shang Qian speechlessly complaining about his son:

“And he plans to go to school tomorrow, this matter did not affect his mind at all, but made his popularity in the school soar. !”

What kind of aesthetics do the children of today have?

Su Nan smiled and breathed a sigh of relief.

Then she was relieved.

Mike is always naughty, but he should have a lot, otherwise why would he call everyone out in advance?

Su Nan said a few words to change the subject and told him to stop staring at little Mike. Such a carefree growth is not a bad thing.

Shang Qian suddenly remembered something:

“I met a partner today, and I heard that Fu Yechuan also went to Country M, wouldn't you happen to meet him?”

He was extremely vigilant.

Although Su Nan is now biased towards himself, but Fu Yechuan has been eyeing him, he has to be more careful.

Su Nan paused, “I've already met...”

Then she said casually about getting into the wrong car today.

Shang Qian was silent for a few seconds.

He should have gone with him!

It's all to blame for the unsatisfactory little Mike!

“Then what?” he asked.

“No more, then I’ll wait for Ogilvy and Sun Haoyang to eat together, and then come back to call...”

Su Nan blinked.

Shang Qian knew that she would not lie, but he was very puzzled that Fu Yechuan didn’t write any more?

This is not at all like Fu Yechuan’s style and means!

“Maybe he knows he’s out of play, and President Fu is still President Fu...”

Su Nan frowned, not talking about him anymore.

“By the way...”

She was about to say Ogilvy’s attitude towards Sun Haoyang, when she suddenly heard someone knocking at the door.

She thought it was Yu Lou to deliver something, so she went over to open the door while making a phone call.

As soon as she opened the door, her voice stopped and her tone became cold.

“It’s you?”

She looked at the person outside the door indifferently.

Shang Qian seemed to feel something was wrong on the phone, and his voice sank instantly, even a little nervous:

“Su Nan, who is it?”

Su Nan didn’t speak, a man took the mobile phone in her hand, and the voice There was a smile, but a bit gloomy:

“It’s me, Shang Yi.”

After speaking, he returned the phone to Su Nan again.

She looked at her with a smile, without any concern that the other party knew his identity.

On his turf, he can do whatever he wants.

Su Nan held the phone, the corners of his mouth tilted slightly, but his eyes were already a little wary.

“Mr. Shang, what are you doing?”

If I knew it was him, I shouldn't have opened the door.

However, according to the merchant's influence in country M, when she got off the plane, I am afraid that Shang Yi would have mastered her whereabouts.

She was too careless.

Shang Yi smiled sullenly and looked at Su Nan, leaning against the door frame, leisurely and casual:

“Miss Su, how can we say that we are old friends, why didn't you tell me when you came to M country, I'll take care of you. what?”

As soon as he approached, Su Nan smelled alcohol on him, which should have come after drinking.

Su Nan suppressed the nausea in his heart.

She raised her head perfunctorily, “Then there's no need, I'm here on a business trip, not to catch up with friends.”

Shang Yi chuckled lightly:

“On a business trip? That's fine, if you don't have any other time, have a drink with me. There is always time, right?”

Right now, I have found a few friends, and they all want to meet the legendary Miss Su... Let's see who is fascinated by the bastard Shang Qian. “

When talking about the name “Shang Qian”, Shang Yi's eyes clearly showed a strong anger.

business, Su Nan knew from the beginning.

What kind of identity is he, and he is also a legitimate heir in the business. Although his identity is a bit secretive, he is much more upright and bright than Shang Qian.

Ever since I was a child, everyone has been holding the moon, and I grew up with a golden spoon. Do you want anything?

But after a trip to country Z, the woman Su Nan looked down on didn't look down on him, but she fell in love with Shang Qian.

The illegitimate son of Shang Qian, who has never seen the light in his life, dares to imprison him and play with him. He hates it so much that he wants to kill him from the bottom of his heart!

Back in country M, he teamed up with several friends to convince Shang Qian, thinking that he had locked up his assets and swallowed his net worth.

But in a blink of an eye, Shang Qian actually set a trap for them.

Although it is nothing to the business, many shareholders of the business are still insiders. This matter has caused great dissatisfaction and distrust of the business.

Can't even see this commercial trap?

A few friends suffered heavy losses, and two of them declared bankruptcy directly. They went to Shang Yi to clean up the mess. Shang Yi could only endure the pain and take out his own money to save the emergency.

During that time, Shang Yi was worrying about money almost every minute and every second!

Incomparable suffering and embarrassment!

Hearing that Su Nan came, his dark thoughts could no longer be suppressed.

After having a drink with a friend, I came over to take advantage of the wine.

Su Nan stood there and looked at him coldly.

There was an undisguised disgust in his eyes, such a look completely hurt Shang Yi's self-esteem.

He stood up straight, intending to push the door and go in, when the wine came up, he didn't care about anything.

"Perhaps, Miss Su wants me to pick up the air for you alone? In your room, too?"

He didn't mind anyway.

This woman, he has long wanted to taste what it is.

But before anyone could walk in, Su Nan blocked the door he kicked open.

She was dressed casually, with an air of laziness.

But at this time, there was no casual air in her body.

There was even a bit of coldness in his eyes.

"It's inconvenient, get out!"

She knew that he was here to make trouble, and she wasn't in the mood to be polite to him at all.

This is not necessary.

Shang Yi suddenly widened his eyes, and the corners of his mouth twitched slightly.

"You told me to get out? Su Nan, you know, Shang Qian is not here, this is my place!"

Su Nan still had a mobile phone in his hand, and Shang Qian could hear it clearly on the phone.

Across the phone, his blood is flowing backwards, he wants to kill!

He suppressed the panic in his heart, and while he went to get a spare mobile phone to call someone, he comforted Su Nan's emotions.

Whether she hears it or not.

"Su Nan, don't be afraid, don't provoke him, he can do anything..."

Everyone heard these words clearly.

Su Nan was expressionless, but Shang Yi smiled.

Laugh unbridled.

"It seems that this bastard knows me the best. When he arrives at my site, he still wants to pretend to be a young lady with me?"

Su Nan, wake up..."

Su Nan looked at him coldly. :

“Shang Yi, I can go away now and pretend that nothing happened, but if I want to go away in a while, I can’t go out.”

Shang Yijiu raised his head and suddenly laughed.

“I came here to pick up the wind for you. How could I leave without doing anything?”

Since Shang Qian likes to listen to the phone so much, don’t hang up, just let him listen and listen to the good things we’ve done!”

Chapter 1210 The two choice

merchants also said, and he kicked the door hard again.

This time, Su Nan did not deliberately block it.

The door was kicked open.

The furnishings inside are unobstructed.

He walked in directly, stabbed like a master.

Hearing the news, Shang Qian seemed to realize something, so he snorted angrily:

“Shang Yi, you dare—”

Su Nan picked up the phone and said in a very light tone:

“It’s nothing, don’t worry, I’ll fix it, I’m not too sure. Know the laws of country M, don’t call the police.”

It is the most tedious thing to report to the police in country M, maybe people are still afraid of Shang Yi’s identity and put the crime on her.

Don’t call the police to avoid too much trouble.

After Su Nan finished speaking, he hung up the phone directly.

She closed the door gently with her backhand.

His eyes were cold, his expression was calm, and there was no panic at all.

Shang Yi has casually loosened his neckline and unbuttoned the first two buttons.

Exposing the muscular lines he thinks are handsome, but in Su Nan's eyes, it is extremely greasy and disgusting.

Su Nan turned her head away, went to the wine cabinet to pour wine, her tone was casual, and seemed to be casually asking: "Boss Shang is here, does anyone know?"

I only brought an assistant, not even a bodyguard.

Otherwise, how could she let her into the room so easily?

Although there is nothing challenging, he likes sensible women.

He smiled and looked up and down Su Nan's graceful figure rudely.

It seems that you can see the infinite spring through the clothes.

"Of course, my friends and I didn't come until halfway through drinking. I originally wanted to take you there, but since you are so interested, you can go tomorrow."

Su Nan smiled, took a glass of wine and handed it to him. Shang Yi, a full cup, Shang Yi frowned slightly.

"It's fine if you don't dare to drink it."

This excitement made Shang Yi angry.

Without saying a word, he raised his head and poured in.

The red blood in his eyes was deeper, and his face was red with drunkenness.

Su Nan narrowed his eyes.

"Your friends know where I live? They won't bother us, right?"

Shang Yi smiled wildly: "Of course they don't know, how could I let them come and ruin our good things?"

Su Nan was wearing a white dress. Knitted skirt, the latest style of Grandma Xiang's house, the whole person is lazy and a little cold.

Hearing this, she suddenly smiled.

A meaningful smile.

Shang Yi looked at her greedily, and the more he looked, the more interesting it became.

Such a good woman was wasted following Shang Qian. Whether it is family affairs, appearance or ability, only she can be worthy of it.

Thinking about it, he was really itchy, and he couldn't bear it any longer. When he stood up, he would go over to hug her and do business with her.

But Su Nan suddenly turned sideways to hide, moving very fast.

Shang Yi's eyes were slightly cold, thinking she was ignorant, and her face darkened:

"Su Nan, I'll give you two choices, you take off...or I take off?"

Su Nan raised her eyebrows: "You take off."

Shang He also simply took off his shirt, revealing his thin upper body, proudly showing off his good figure:

"Are you satisfied with what you see?"

Ugh –

Su Nan's eyes were very disgusting: "Any man I've seen is a hundred times better than your body."

This is obviously looked down upon.

Shang Yi's face sank completely.

He took a step forward, "I can't do anything if you're not satisfied. You won't be able to run today anyway."

Su Nan hooked the corner of his lips. When his hand was about to touch her, his face suddenly sank. Twisted Shang Yi's arm.
